HENRY TOP 11 YEARS WITH NAVY WRITES POETRY

TELLS IN VERSE A MOST GROW-
SOME STORY OF THE HUN'S
CRIMES

He Says We Can Blot Out The Print
of the German
Hand

Henry Top of Holland who has for the past eleven years been in the U. S. Navy and has seen about everything there is to see on this earth, while on the high seas has gone into the writing of poetry. He lays claim to a poem that is a classic nothing more vividly portrays the terrible scourge that the Hun visits upon innocent victims and non-combatants than this poem. The letter and poem by Mr. Top follows:

Navy Yard, Portsmouth, N. H.
Sept. 29, 1918

My dear editor:—

Enclosed you will find a poem composed by myself, which if published in your valuable paper, may lend to aid our 4th Liberty Loan drive.

It is my conception from experience on destroyers and transports and visions of sights as they are "Over There,"—it is truly the "Trade Mark" of the Hun and he leaves it wherever he sets foot.

It is my sincere wish to return to dear old Holland if only for a few weeks to meet my old friends once more, after nearly 11 years of naval service and globe trotting. I am lonely for my home city.

Wishing all the best health and prosperity and the continuation of your successful paper, I beg to remain,
Yours very truly

Henry Top, U. S. N.

The Hun—His Mark!

The Hun his mark—I saw it first

In an open boat at sea

Where a woman crouched in the frozen shrouds,

With a whimpering child on her knee,
And strong men bent to their task at the oars

Their hearts were full of hate
For a man lay dead at the woman's feet
A man who had been her mate,
And the whimpering child that claved at her breast;

(Dear God—how can such things be done)
With the bleeding stumps of its tiny arms
Blown off by a German gun.

I saw it next on a woman's throat
As she lay on her pillaged bed
A fair-haired, blue-eyed, winsome lass
Oh how can the thing be said?
Her pure young soul was safe with God
But her body had been through hell
The crime committed in that blood-soaked room

Is too grave for my pen to tell,
But this I know and I make it plain,
So that each may understand;
The bloody mark on her fair white throat
Was the print of a German hand.

I saw it last on a dead man's face
A man who had stayed behind
Safe as he thought, from the "War God's"
toll

Secure from the "Red Mills" grind,
But he sickened and died on his own thresh-
hold,

From a germ in the poisoned air,
And I shuddered with horror as I looked in
his face;

For the mark of the Hun was there.
So for God's sake hurry, We haven't the
time

To quibble or ask Why? or doubt,
Just loan us the price of another shell
And, with God's help we'll blot it out.

WOMAN'S INTUITION

SAVES THE STORE

CASH BOX

SQUEAKING HATS IN BOX PRE-
VENT STORE ROB-
BERY

Two straw hats squeaked and a burglar was frustrated in the store of Dickinson & Son at Fennville. Two men entered the store at noon and while Mrs. Dickinson was showing one of them some underwear the other man jumped into a six-foot box holding straw hats unbeknown to the sales lady.

Her suspicions were aroused when only one man left the store, but a search failed to locate him. When Mr. Dickinson relieved his wife at meal time she told him of her suspicions and Dickinson instituted a fruitless search. When he went to the rear of the store to get a match he heard the squeak of the straw hats and hurried across the street to a hardware store to summon a man with a gun, but when they reached the place the man had made a hasty retreat through the back door. Two hats in the box were smashed by the burglar's feet.

Work on the West Michigan Pike across Laketown is being pushed as rapidly as possible. The time for the completion of this link in the highway is, we understand, February 1, 1919.

ALL IS SET FOR THE BIG DOL- LAR DAY THURSDAY

MERCHANTS TRYING TO OUTDO
ONE ANOTHER IN BARGAIN
GIVING

Will Pay You to Read Every Adv. In
This Paper for the Many
Bargains

Everything is set for Thursday's big dollar day. All Holland needs is the weather because the merchants have taken care of the rest.

There are only a few merchants in the city who are not participating in dollar day. The vast majority have exceptional bargains to offer holiday shoppers.

To note the truth of this statement all you need to do is to peruse the ads in this paper very carefully, compare the list of prices given with those you have been paying and the most skeptical buyer will be convinced that this is going to be a really and truly bargain day.

Before plans were made to hold this second annual bargain day the merchants decided that it would not be a day of money making for them, but rather a day of money making for the purchaser.

Thursday, dollars in Holland are going to be as big as before the war when it comes to buying with them, and mark you, if you miss this second annual dollar day you're going to be the most disappointed person that ever happened when you see your neighbor coming home with values that you might have been in on had you come to town to shop.

Every line in the city is represented, clothing, shoes, music, groceries, five and ten, meat, furniture etc.

Take your choice shop at any, or all of them, and you will not be disappointed, and by all means read the ads, and do a little figuring on your own hook.

INSURANCE POLICY RUNS OUT THREE DAYS BEFORE FIRE

The building occupied by Gerrit Sprietsma at Hamilton before it burned to the ground was owned by F. J. Le Roy of Holland, R. F. D. No. 8 and the loss may be a total one as far as he is concerned.

The insurance policy had lapsed for three days, it is said, when the fire occurred. There seems to be some dispute as to the renewal of the policy. Most agencies renew a policy on property from year to year unless notified to the contrary, but it seems from the talk that altho this policy was that to have been renewed it was found after the fire that the policy had lapsed and no renewal had been made.

Mr. Le Roy stated this morning that the buildings are worth \$5,000 and that the policy for insurance was \$1500, the loss is now a total one to him he says.

MONGOLIAN PHEAS- ANTS TURNED LOOSE NEAR HOLLAND

ALLEGAN COUNTY DEPUTY LIB-
ERATES 45 BIRDS IN THE
COUNTY

Deputy Game Warden Mack Short has paced a number of Mongolian pheasants in Allegan county. He has recently liberated 15 birds in the woods on the A. T. Stark farm, 15 in the woods near Swan creek and 15 near New Richmond, about 8 miles south of Holland. The birds are very prolific, and if the hunters will leave them alone and not shoot them the pheasants will soon be very plentiful. The birds can be hunted within from three to four years. The state is placing about 5,000 pheasants in different sections of the state. They are very nice birds and there is no reason why Michigan cannot have thousands of them as well as other states. The expense of raising and liberating the birds all comes from the money paid by the hunters of the state for hunting licenses and the hunters themselves should take pride in aiding them to become plentiful before shooting them.

SAFETY PIN IN A CHILD'S STOMACH

ALLEGAN GAZETTE THROWS IT INTO JACKIE BAND

NO SUCH ACTION WAS NOTIC-
ABLE WHILE BAND WAS
IN HOLLAND

An unpleasant feature of the visit of the Jackie band was their unwillingness to play for the opening of the Red Cross carnival Tuesday morning—at least, the unwillingness of their manager. A crowd had assembled to hear them, including the public school which had been excused for the time but no manager could be found to send up the band. A call at their car by Mr. Glenn Overton resulted in the information that he was not there. Mr. Overton's persistence, however, revealed the fact that he was in the car but purposely out of sight. His surly reply was that playing that morning was "not on the schedule." Mr. Overton reminded him of several things which were not on the schedule, including the fish dinner given them instead of restaurant meal tickets and the dance provided for the boys after the meeting Monday night. He also remarked that things were not going so much on schedule these days as on patriotic and generous feeling. The band boys were quite willing to meet the request and the manager was presently shamed into agreement with them.—Allegan Gazette.

Holland cannot speak in the same way of the Jackies. They played whenever and whatever was asked of them and in Zeeland even participated in a funeral service which was not on the program.

How is this and what school can beat the record—\$1,614 of Liberty bonds and war stamps are owned by the pupils, 50 in number of the fourth, fifth and sixth grades of the Saugatuck school.—Saugatuck Correspondent.

SUPERVISORS OPEN SESSION ON MONDAY

ANNUAL FALL SESSION OF THE
COUNTY SOLONS OPENED MON-
DAY AFTERNOON

Find Much Work Ahead of Them;
Many Bills Are To Be Allowed
By the Board

The regular fall session of the board of supervisors opened yesterday afternoon at 2 o'clock at the court house. The first session was rather of a preliminary nature including the roll call and the assignment of committee work to a great extent. A great deal of the business of the session is done by the committees to whom regular and special matters are turned over for preliminary consideration. The greater part of the days in the early portion of the session is given to committee work.

The auditing committee met yesterday for its final session before the opening of the board session. All the claims which had not previously been considered were passed upon at the final session and sent to the board for final passage at the present session. The fact that the county pays bills only about twice a year makes the expenditure for the payment of accounts pretty high at each session.

The October session usually continues about two weeks and the last few days of the meeting are usually pretty busy ones for the supervisors. Committees report every day and it is often necessary to hold two sessions a day in order that the work may be finished up in time. At this session it is expected that action will be taken on the proposition of retaining the services of a county farm agent and bureau. The value of the bureau has been so thoroughly proved within the last year that there may not be any adverse step taken. At least such action on the part of the board can hardly be conceived.

It is likely that the annual trip to the Ottawa county infirmary at Eastmanville will be taken this year as usual, when an inspection of the county's property there will be given the once over, and the usual good dinner served by the managers of the county farm.

At least one trouble for the board of supervisors has ended and that is the difficulty over the criminal bills which frequently bobbed up very frequently under the old fee system followed at the county jail. The sheriff now receives a stated salary from the county, under agreement with the supervisors, and the difficulty over the fees seems to have become a thing of the past much to the benefit of the general public.

PASTOR'S WIFE IS BADLY BURNED BY GAS FROM STOVE

MRS. HENRY SCHIPPER OF
GRAND HAVEN BURNED
BY EXPLOSION

Mrs. Henry Schipper, wife of the pastor of the First Reformed church was rather severely burned about the face, arms and chest Saturday morning, when escaping gas in a range oven became ignited and burst out into her face. (Mrs. Schipper was engaged in baking when in some manner the gas began escaping from her range.

When she opened the oven the flame burst out into her face without any warning. Her eyes brows were singed and her arms and hands and her chest were rather badly burned. Fortunately her eyes escaped injury, and it is believed that her recovery will be speedy, altho her injuries are most painful.

Billie Seidelman is among the boys that left Tuesday afternoon for the motor school at Ann Arbor. He enlisted over a year ago with the first boys to leave Holland, but only got as far as Detroit because of a slight defect in the examination.

Mrs. B. De Haas of West Olive motored to Fremont where she spent a few days with her son Gerrit.

Miss Susan De Haas has left for Grand Rapids after spending a week with relatives in West Olive.

Mrs. Chas. L. Cole of this city spent the week end visiting with relatives and friends in West Olive.

The brothers of Ben Lievense have received a letter stating that the battery man has arrived safely in Russia.

Dr. A. Leenhouts having left Holland to enter the government service Dr. R. H. Nichols has leased the Leenhouts' offices in the Peters Block and will occupy them in the near future.

Dr. R. H. Nichols is confined to his home with illness.

TO PURCHASE NO ARTICLE MADE IN GERMANY

The regular monthly meeting of the Elizabeth Schuyler Hamilton Chapter, Daughters of the American Revolution was held Thursday afternoon at the home of Miss Florence Cotton. A very stirring solo was sung by Miss Myrtle Beach.

Mrs. William J. Garrod, the regent, gave a very interesting report of the state convention. This showed how much the D. A. R. is doing to help win the war. For one thing the state treasurer had handled \$26,000 during the year. This included funds for the French orphans, and the rebuilding of Tillolaz, but besides this the chapters send most of their money to the national treasurer.

At the convention resolutions were passed, to the stand back of the president until victory so decisive that the allies could dictate peace terms is attained, to do nothing to lighten sentences of men found guilty of profiteering, to repeat no story which if true would help Germany and to pledge all Daughters to purchase no article of German manufacture.

Of special interest were the reports of Mrs. Bathrick and Mrs. Strong, Battle Creek ladies, who are giving their whole time to war work in connection with Camp Custer. Mrs. Strong has charge of groups of women who three days a week do mending for the soldiers. Mrs. Bathrick has charge of the knitted articles and other supplies for the base hospital. Col. Toms asks her for special articles and usually she delivers them herself to the boys who are so grateful. In pneumonia cases many patients are taken out of doors and for those the hel-

pets, sweaters and scarfs are very useful. Many of these articles were sent by the local chapter. The Victrola records and the jellies contributed by Holland people were also used in the hospital and greatly appreciated.

The Kalamazoo chapter reported that they were conducting a hostess house where the soldiers can read, rest or listen to music while in Kalamazoo. Mrs. Garrod's report was listened to with closest attention and several questions were asked.

Mrs. Charles McLean, chairman of the program committee, announced that many meetings would be spent in some kind of sewing for the soldiers. After a social hour the meeting adjourned.

SMITH DIES IN FRANCE

Word has been received at Saugattuck that Frank Smith, select in the July draft, who was sent to France in September, is dead of pneumonia. The family is well known here.

LANE HOUSE TO BE THROWN OPEN FOR RED CROSS

The beautiful home of Mr. and Mrs. Walter Lane has always been a haven of hospitality to the social set of this city. It is not less so when it comes to a cause requiring benevolence. Two hundred invitations have been sent out indicating that on Friday evening, Oct. 25 the home will be graciously thrown open to a Red Cross Benefit, when a program and bazaar will be given.

Ladies of Holland will be in charge of different booths on this occasion and it is said are keeping under cover some rare surprises that will be sprung for the evening in question. Surely the Lane home on State-st. will be a mecca for patriotic enthusiasts on the evening of October 25.

VACANT NORTH SIDE FACTORY UP FOR SALE

The Holland Gelatine plant which has been vacant for a number of years is being offered for sale by the agent acting for the owners of this concern. The building is a splendid one for some other manufacturing concern and it is suitable for a large number of different kind of companies. But it has been standing idle for a number of years in spite of the fact that all plants are crowded at present with war work and every foot of space is being utilized in going plants.

Saturday an agent of the Herman W. Braun Co. of New York City, was in Holland to make arrangements for the sale of the plant if a purchaser can be found. The factory was built at a cost of \$150,000 and in view of the fact that everything has gone up it is probably worth all of that even now. Mr. Braun is authorized by his company to offer it for sale at \$75,000 on terms with a considerable discount in case it should be a cash transaction.

There are five acres of ground connected with the plant, with a lake frontage of 412 feet. The plant has its own electric light and power plant and has its own pumping station. These facilities are not being furnished by the city of Holland to the North Side section and hence they were installed by this factory for its own use.

It is believed that the plant would make a good place in which to start some war industry.

Andrew De Weerd, truck driver, in France but a few months, has been cited for bravery. The DeWeerd family lived in Holland.

SHOE COMPANY EMPLOYEES HELP RED CROSS

The employees of the Holland Shoe Company Saturday sent a check for \$61.03 to the local chapter of the Red Cross to be used in the purchasing of supplies by the Ottawa Chapter. The money is the result of a collection for the Red Cross held in the factory. The Red Cross needs money badly with which to carry on its work and it is hoped that other factories in Holland will follow the example of the Holland Shoe company employees.

How badly supplies are needed was shown by a telegram Mrs. Van Duren received Saturday morning from Detroit asking for 25 quilts to be sent immediately. The influenza epidemic has caused an acute shortage in quilts to keep the patients warm.

At Christmas there will be a Red Cross roll call, but that is for the national organization. The local chapter needs money constantly for yarn and material with which to fill the quotas assigned, and the gift from the Shoe company employees is very much appreciated.

NORTH HOLLAND BOY DIES AT CAMP

Henry D. Pelgrim of North Holland son of Mr. and Mrs. J. A. Bosman of that place and nephew of Henry Pelgrim, Sr., and Hubert Pelgrim, died of pneumonia at Camp Custer. His family in North Holland received the official notification Friday. Young Pelgrim left Holland with the contingent of drafted men in July and he has been training at Camp Custer since then. He was 23 years old. Young Pelgrim was a cousin of Pvt. Vander Velde of Zeeland, who also died of Spanish Influenza.

The monthly suffrage meeting will be postponed from October 14 to October 28.

LECTURER THRU STONE ENDOWMENT

Dr. Henry E. Dosker professor of church history in the Presbyterian seminary at Louisville, Ky., has been elected by the faculty of Princeton as Stone lecturer for the year 1918-19. The Stone foundation is an endowment from the income of which the expense of this annual course of lectures is met.

Among the prominent Holland theologians Princeton has thus honored are Dr. Abraham Kuyper and Dr. Herman Bavinck, both of the Free University of Amsterdam.

The Stone lectures are delivered each year during the month of March and are afterward published by the university.

MARINE SLEEPS IN BOX CARS

Sergt. William Loftus of the U. S. marines wrote home to his parents, Mr. and Mrs. P. H. Loftus, that he slept just as well traveling through France in box cars as he'd in bed at home.

REV. TRAP IN TRAINING AT FORT TAYLOR, KY.

Rev. Leonard Trap, former pastor of the Third Christian Reformed church of Zeeland, and during the past year camp pastor at Camp Custer, is now attending a training school for chaplains at Fort Taylor, Ky. He will spend about six weeks in training there before being assigned to an army unit as chaplain.

Mrs. Trap and the children are making their home at 1006 Eastern avenue for the duration of the war.

Private Chester Vander Velde of Zeeland died Friday at Camp Custer of pneumonia. He is survived by parents, three sisters and two brothers. The funeral took place at Zeeland.

MANY RUSTY ON THE ETIQUETTE OF PATRIOTISM

Friday morning when the War Trophy Train was in Holland and when 6,000 people were gathered about the flat cars to see the relics from the battle fields, one of the attendants on the cars was compelled to pass along the train telling people to take their hats off when the leader of the community singing began "My Country 'Tis of Thee."

And the same thing is true of many of the people of the city on other occasions according to some of those who have been observing the etiquette of patriotism among the people of this city. Taking the incident of Friday morning as a text one observer expressed his sentiments quite forcibly Friday declaring that one thing a great many people in this city have not yet learned and that is to show proper respect for the flag, and for the national hymns. The "Hats Off" order at the War Trophy train should not have been necessary, he declared.

A PIANO AT A NOMINAL PRICE

We have just learned that Lyon & Healy, the great music house of Chicago, are disposing of a warehouse full of pianos and organs. Some of these instruments are being sold at even lower prices than were usual before the war. We advise any of our readers interested to write to Lyon & Healy for a list of these bargains. Among them are pianos by such well-known makers as Steinway, Weber, Steck, Lyon & Healy, Fischer, Krakauer, Washburn, and a host of others. Among these pianos are rebuilt instruments and also new instruments of special styles. We think it likely that responsible readers can arrange for monthly payments if they do not wish to pay all cash. The opportunity is such a good one that it would be well to write for a list today.

FORM KOLLEN CADET CORPS AT HOPE COLLEGE

The "Kollen Cadet Corps" is the name of a new military organization formed in the preparatory department of Hope College. The corps was named for the late Dr. G. J. Kollen.

It is a corps of preparatory school boys and boys in the college department who cannot be admitted to the S. A. T. C. because of the fact that they are under eighteen. Thursday the first drill was held on the college campus and about 20 boys responded to the roll call. It is expected that by Monday the number will be about fifty.

Membership in the organization is entirely voluntary and the fact that so many are joining is an indication of the spirit of patriotism in the preparatory department at Hope College. The boys have been clamoring for training of this kind and President Dimment began work on it as soon as the preliminary work for the S. A. T. C. had been cleared away.

The boys in the corps will be given ten hours of fundamental military drill a week. The work is given so that if later these boys are called to camp they will be considerably advanced in military training and will not have to start at the bottom. This gives them a great advantage over an ordinary private. The boys are to furnish their own uniforms and their own equipment, since the corps is not established under the auspices of the government but entirely under the auspices of the college.

Prof. Egmont Miencke will be the military instructor. He has had two and a half years of military training at the university of Oklahoma and is well equipped for the new position.

Former Judge of Probate Edward P. Kirby has returned from a business trip to Lincoln, Neb.

ZEELAND BOYS DO THEIR SHARE IN WAR ZONE

Private Bernard Schipper of Zeeland, with the 85th or Custer division writes from the Arctic region that he has arrived at their destination somewhere in Siberia safely and is feeling well. One letter was written enroute somewhere on the Arctic ocean.

Sergeant John Slagh another Zeeland boy with the 126th writes on September 13 that he was again in a rest camp, having come from the firing line, out of a battle, without a scratch. He also states that that night was the first he had slept under a roof in two months.

Capt. Joe De Pree of Zeeland has been appointed camp surgeon and is stationed at La Mons, France.

HOLLAND BOY DIES OF INFLUENZA IN FRANCE

Another blue star in Holland's service flag has turned to gold. An official telegram from the war department at Washington Friday morning informed the family in Holland of the death in France as a result of the Spanish influenza of Tiemmen Schepel, one of the boys who entered the United States Military service from this city.

Young Schepel was 22 years old. He arrived in France about a month ago and it is likely that he was soon taken down with the disease that took his life, since the official notices from the war department usually arrive some time after the death occurs.

Private Schepel was the son of Harm Schepel, 272 East Ninth street. He was with the infantry in France.

J. A. Vander Veen took the interurban for Grand Rapids Friday morning.

Etiquette.

There is an ancient saying that "One should never speak of a rope to a man whose father was hanged," and there is a great deal implied in those few words. In effect, it means that subjects of conversation should be carefully introduced where persons present are not known to a certain extent; that is, that nothing untoward has happened, publicly, at least, that would make any unusual subject apply too openly to anyone especially.

Essenkay A TIRE FILLER

Positively Prevents Punctures

NOW, please don't say, "Oh, just another one of those tire fillers," and let it go at that. ESSENKAY is a tire filler, but not the kind you probably have in mind. It is nothing like the ones that have been tried and found wanting, but is a wonderful discovery that has at last solved the problem of a real substitute for air.

Cuts Your Tire Cost in Half

ESSENKAY not only positively prevents punctures and "blowouts," (there is no air to puncture or "blowout"), but also doubles life of your casing and saves half your tire cost. First cost of ESSENKAY is your last cost, as it lasts for many years and is transferable from one set of casings to another indefinitely.

What Holland Merchants Are Allowed to Charge You for Your Food

Below is a compilation of prices sent in by Food Commissioner Wm. Brusse of this city with a request to have it published which gives in detail what merchants can charge a customer for the necessities of life. If you are paying more than the prices here quoted the merchant is disobeying the law and is subject to a heavy fine if the matter is reported and proven. The local merchants as a rule are living up to the food regulations, we are told, but it is no more than fair that the customer is kept informed as to what he is compelled to pay.

The figures sent in by Mr. Brusse follow, prepared by U. S. Food Administration. Prices paid by the retailers for the staples named and the retail prices they should not exceed are as follows:

White Flour Patented well known	Retailer Pays	Consumer Pays
1/2-bbl. paper sacks	1.40	1.55
Corn Flour, per bbl.	10.80	1.50
Barley Flour	9.70	6-7c-lb
Granulated Sugar	3.28	9-10c-lb
Brown sugar	7.65	9c-lb
Beans, dried, per lb.	10 1/4	14-15c
Lard, bulk	.31	32-34c
Eggs, dozen	.44	.48
Butter, creamery	.59	.61
Oleomargarine	28-31	33-36
other brands	34 1/2-35 1/2	35-38
Cheese	.31	.34
Standard Ham	30-32	30-32
Standard Bacon	35-39	40-45-50
Bread, 1 lb. loaf	.06 1/2	.10
Bread, 1 1/2 lb. loaf	.12 1/2	14-15
Potatoes, per bu.	1.25-1.40	1.40-1.65

Under the rules the retailer must sell and the consumer must buy either barley flour, corn meal sifted or corn flour in proportion of one pound to each four pounds of wheat flour.

Other substitutes, as per list may be sold upon request of the customer. Victory Mixed flour, may be sold without substitutes but at no greater price than standard wheat flour.

AN INTERESTING P-T MEETING

The Beechwood P-T association held a highly successful meeting Friday evening. Besides excellent songs and readings by home talent a paper by Mrs. Frank Stalker on "Amusements for Young People" and a talk by Prosecutor F. T. Miles on "Perseverance" proved both entertaining and instructive. The hit of the evening was the recitation by Master Woodrow Maris:

"There was a little Hun,
Who had a little gun;
The bullets were all
dum, dum, dum.
He climbed up a tree
To snipe all he could see
And now he's in Kingdom
Come-come-come."

ACCEPTS POSITION WITH COMMITTEE OF INFORMATION

James J. Van Pernis, until five years ago a citizen of Holland, has accepted a position with the government. He will go to New York City where he will have charge of the Holland Bureau of the Committee on Public Information. This committee, because of the importance of the Netherlands among the neutral nations of Europe, has become one of the most important factors in the conduct of the war.

Mr. Van Pernis' parents live on W. Fifteenth street. He came to Holland from the Netherlands eleven years ago. For six years he lived in this city, then went to Chicago to become the editor of a Holland publication, "Onze Toekomst." While here Mr. Van Pernis married a Holland girl, Miss Mae Post.

"OFF AGAIN, ON AGAIN"

It's a case of "off again, on again" like that of the proverbial Flannigan with H. W. Vander Water and his son Gilbert Vander Water in the matter of filling the office of janitor of Hope church. About a year ago Vander Water, father, gave up the position after having filled it for 17 years. He retired because he wanted a rest for his labors, and his son Gilbert, took up the work where his father left off.

But now Gilbert Vander Water has found that his other work is so arduous that he cannot take care of the janitorship and so he in turn has stepped out. But now after a year's rest, the father has again accepted his old place and he will resume where the son left off.

INDIAN STUDENT FROM CALVIN COLLEGE AT THE FRONT

Paul Jones, Navajo Indian and until recently a student at Calvin College, is now in France serving with Co. E. of the 338th infantry. In a letter to Prof. A. J. Books he states that he is near the firing line and is expecting orders daily to enter the trenches.

AUTO SMASH UP ON THE BORCULO ROAD

An accidental collision took place on the town line between Boreculo and Zeeland. The cars of Gerrit De Witte and Harry Vredevel, which was occupied by Dick Vanden Heuvel collided. Neither of the occupants was seriously hurt altho the Vredevel car was badly damaged.

Word has been received here that Martin C. Kammeraad has arrived safely overseas.

CHANGES IN THE REGISTRATION LAW SHOWN

Changes made in the registration laws of Michigan through the passage of a new registration act which has been in effect about one year are of importance of the electors who intend to vote at the fall election but are not now properly registered.

Previously the city and township officials could fix a Saturday just prior to election day as the last day for registration. Under the new law the time has to be fixed considerably in advance of that time. In the city, under the law the final registration day is October 19.

The law also tightens the restrictions regarding registration on election day of persons not previously registered.

The law provided that if any person, whose name is not registered, shall offer and claim the right to vote at any election, and shall under oath, state that he is a resident of such precinct and has resided in the township or ward 30 days next preceding such election and that he possesses the other qualifications of an elector under the constitution; and that owing to the illness or bodily infirmity of himself, or some member of his family or owing to absence from the township or city on public business or his own business, and without intent to avoid or delay his registration, he was unable to make application for registration on the last day provided by law for registering of electors preceding such election then such person may be registered.

Persons desiring to register before the final dates set in the law, may go to the clerk at any time and register.

Persons who already are registered in wards of the city and who have been voting in recent city and state elections and primaries, or in other words, those who are at the present time, registered, need not register again.

Every persons who possesses the constitutional qualifications of an elector or who will on November 5, the day of the general election, possess such qualifications, must register in accordance with the provisions of the new registration law otherwise he will be deprived of his right to vote at the november election.

TRACTION ENGINE ROLLS OVER ON A MAN AND KILLS HIM

Carl Saurer of Ganges was instantly killed when a traction engine which he was working turned turtle and fell on him. The man leaves a widow and five children to mourn their loss.

FAMILY OF SEVEN DOWN WITH THE INFLUENZA

A whole family in Jamestown is down with the Spanish Influenza, according to reports received from that place. Saturday the mother of the family, Mrs. Herman Brummel, died of pneumonia that seems to have been the complicating factor in her case of the widely prevalent disease. Her husband Herman Brummel is seriously ill and the five children of the couple are all down with the disease.

Mrs. Brummel was 35 years old. The arrangements for the funeral have not yet been announced.

FORMER HOLLAND MAN DIES IN CALIFORNIA

Mrs. Josephine Dinkeloo received a telegram Monday morning which stated that her brother John M. Benjamin, formerly of Holland, but now of Los Angeles, California, died. He is the son of the late William Benjamin, a former editor and publisher of "De Hollander." The deceased leaves a widow and three children; also three sisters, Mrs. Dena Hekhuis of Fremont, Mrs. J. G. Van Zwailenburg of Ann Arbor and Mrs. Josephine Dinkeloo of Holland.

Burial will take place at Woodlawn cemetery at Los Angeles, Calif.

The deceased was born in this city 50 years ago and had many old friends in this city. Mr. Benjamin was in Holland six years ago, to renew old acquaintances and stayed for several days. He was formerly connected with his father in the printing business.

TRAIN HITS AUTO; TWO DEATH

Nicholas Hofsteen and Frank Oosting, road builders, narrowly escaped death when their automobile was hit by Pere Marquette passenger train No. 6 at the Waverly crossing, north of Holland.

Oosting saw the train and yelled, "There's the train." Hofsteen turned the machine sharply, but too late to avoid the collision.

The locomotive struck the rear of the machine, which was wrecked, but the men were thrown and escaped uninjured.

Peter Notier of the firm of Notier, Van Ark & Winter, is ill at his home, 76 West Sixteenth street.

Mrs. Raymond Hoek has returned from a visit to Oak Park, Ill.

BOTH CEMENT ROADS NOW OPEN TO THE PUBLIC

The cement road connecting Zeeland with Holland is now open and up to Vander Haar's crossing the motorist will strike an 18 foot cement drive which is a beauty. Grandville is now building a cement road thru the village and when this small stretch is completed the highway to Grand Rapids will be practically perfect.

The cement road from Grand Haven to Agnew is also open and the outlet of this now road is at the Agnew P. M. Railroad station. This cuts the mileage to Grand Haven down at the least a mile and a half. The stretch of cement out of Grand Haven to Agnew is about 8 miles and with fine roads the rest of the way to Holland the time that can be made is exceedingly fast. One Holland motorist claims to have made Grand Haven in 42 minutes and returned to Holland in 37 minutes. Only three years ago the highway to the county seat was practically impassable and was a difficult and an all day job for even a team of horses. Autos were out of the question altogether. The road speaks well for the Ottawa County Road Commission.

INJURED FOOT WHILE HAULING GRAVEL

While hauling gravel for good roads work near Drenthe, Nicholas A. Lanning had the misfortune of injuring his foot severely. The horses stepped ahead while he was unaware of it, and having his foot in front of the wagon wheel the wheel passed over his toes smashing them. The man will be laid up for some time.

OTTAWA ASKED FOR ONE HUNDRED QUILTS

A hurry-up call for blankets, quilts and comforters has been received by the local Red Cross from Mrs. D. D. Ashbaugh of Detroit, state chairman of the women's division of the American Red Cross, the need for a large number of warm covers being very urgent at the training camps. Any one having any quilts or comforters which they are willing to donate to keep the boys warm at the camps, is urged to take them to the Red Cross headquarters in the city hall while those not having any available material to give and wish to give money may do so, as a fund has been started to purchase new ones. The call is as urgent one shown by the fact that it was made by telegraph. Mrs. Van Duren has answered Mrs. Ashbaugh also by wire that Ottawa County will furnish 100 quilts. To make good on this promise the people of Ottawa will have to get into touch with R. C. Headquarters soon.

JACKIE BAND HELPED IN FUNERAL SERVICES AT ZEELAND

When the Jackie Band left Holland for Zeeland for an hour last Tuesday, it so happened that the funeral of Private John Olsen who died in Camp Custer was being held. The band master instructed his men to participate and as the courage wended its way down the main street the Jackies fell in at the head of the procession and played a dirge to the last resting place of the dead hero.

The relatives and many friends of Private Olsen were considerably moved by the thoughtful and timely and appropriate demonstration on the part of the Blue Jackets who were not there for funeral purposes but to boost for the Fourth Liberty Loan.

IS SURPRISED FRIDAY NIGHT BY FRIENDS

A complete surprise was scored Friday evening on Mrs. George Nash when about thirty of her friends called on her to wish her many happy returns of her birthday. The surprise was staged at the home of Mrs. N. Hofsteen, president of the W. B. C. Mrs. Nash's husband was a soldier in the civil war and she has been affiliated with the W. B. C. for many years. The "Star Spangled Banner" was played by Dorothy Hofsteen, the guests marched into the dining room where a pot luck lunch was served. It was a complete surprise to Mrs. Nash and she was presented with a large box of candy by her friends and well-wishers.

STUDENT CLASS TO RESUME MEETINGS

The Students' Bible Class at Trinity church resumed its meetings Sunday forenoon at 9:15. This class

is a unique organization in this city in view of the fact that it is composed wholly of Hope College students. It was organized several years ago and was conducted for many years by Dr. J. W. Beardslee Jr. When he left the city Prof. Dimment took charge.

The class has been unusually successful and is very popular with the students. This is shown each Sunday when the attendance is almost never below 60 and often as high as 75. The class does not meet in the summer time when the students are gone, but it resumed meetings last Sunday.

JUNIOR HIGH PUPILS BUY WAR STAMPS

Junior High school pupils, including the members of the seventh and eighth grades, have made a remarkable record in the purchase of Thrift Stamps and War Savings Stamps. The pupils up to the present are the owners of a total of \$1,978 in stamps. One boy in the Seven-2 class after school and on

Saturdays earned enough money to buy one War Savings Stamp a week. He is now the owner of eleven War Stamps and several Thrift Stamps as well.

On Wednesday evening, Oct. 16, the boys and girls of the Junior High School will hold a contest in four-minute speaking. There will also be community singing. The public is invited.

SURPASSES RECORD OF LAST YEAR

The windup of the old clothes campaign in Ottawa County shows that the people of this county have not lost their interest in the Belgian refugees, but that if anything the interest has increased. When the campaign was launched those in charge did not expect that the response would be nearly as large as last year because of the fact that at time most of the city's attics were stripped of old clothes.

But in spite of this fact, the response this time was even greater than last year. Last year a little over 6,000 pounds of old clothes constituted the total donations. This time, with Grand Haven and Coopersville still to be heard from, the total has reached 4,695 pounds. When those two places have reported it is almost certain to be beyond the 6,000 mark. The total number of pieces contributed was 2,550.

6,000 PEOPLE

SEE THE WAR

EXHIBIT TRAIN

All Holland was at the depot Friday morning, to see the war exhibition train that the government is sending over the country to help in the Fourth Liberty Loan drive. It is estimated that 6,000 people were at the depot Friday morning. One hundred and seventeen trophies, taken from the Germans by the American soldiers were on exhibition.

The German Fokker Plane created a great deal of interest, as the story told indicates that an American Ace shot down the German several thousand feet up and the seat where the German flyer sat shows that the Hun must have been pretty thoroughly ridled as the aluminum seat was simply filled with bullet holes.

There were disabled cannon of all kinds. Aerial bombs, gas shells, floating mines, Howitzers, French Mortars, etc., most of them out of commission.

The exhibition train consisted of three flat cars containing the large war relics and a box car containing the trophies, with the pullman sleeper housing the compliment of 25 men, mostly soldiers and sailors, who have done battle over in France, and many have returned home severely wounded. The train was camouflaged giving it a war aspect.

With the train were two French soldiers, Corporal Jacques Gournay, who went into the army December, 1911, and was wounded in May 1916. He returned to trenches and remained till May 1918 and was then attached to American Army as an interpreter. He landed in the United States September as an interpreter for Loyal Legion Band. He has been decorated with French War Cross and with Green Cord over left shoulder which was bestowed for bravery, the particular bravery being the carrying of two wounded men, one at a time over his shoulder off of "No Mans" land in the face of violent bombardment. He is accompanied by Private Edwin Graufel, who neither speaks or understands English. He was born in Alsace-Lorraine. At the age of 20 Graufel was drafted by Germans into their army. He escaped, went to France where he joined the French Legion and for twenty years has served with the French army in all parts of the Old World. He wears on his breast four medals given for bravery. One given by China, another by Algiers; another by the Sultan of Morocco; and the French War Medal, which is rarely given to a French soldier. He also is entitled to wear the Red Cord on his left shoulder which is only permitted to a regiment when it has been six times cited for unusual bravery. His regiment has been cited eleven times. Both these men came before the Holland public this morning. Jacques especially gave a fine talk speaking in a broad French accent. He said that we have not yet thru licking the Germans and furthermore that the people over here did not realize what kind of fighters the Germans were. He spoke with great praise of the American fighting men, and the accomplishments of the American people at home.

He said the French are proud to fight shoulder to shoulder with their American brothers and he wished to impress upon the minds of the American people the fact that in order to keep on fighting the home people must give and give again, so that the American soldiers could with the aid of their allies finish the job so thoroughly started.

Other speakers were Hon. Dickson C. Williams of Chicago whose talk brought tears to the eyes of his listeners, especially when he referred to the death of Joe Wentzel, whose body was in plain view at the depot, having just arrived from Camp Custer where he died of pneumonia. With trembling fingers he pointed to the casket, and said: "There is the result of the Hun's work, yonder lies Joe Wentzel, formerly of your city. He died at Camp Custer, and I say that he died for his country just as bravely as though he had been shot down on the other side. I ask that you uncover and breathe a silent prayer for the relatives of Mr. Westzel whose body lies yonder soon to be taken to his mourning parents."

Six thousand people uncovered their heads and whispered a prayer in behalf of Joe Wentzel, formerly of Holland, now of Hamilton.

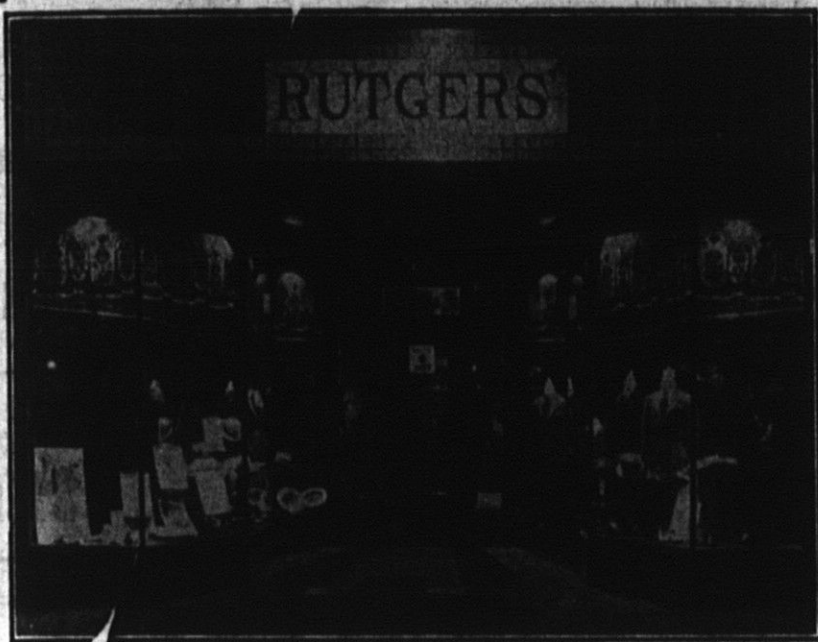

William Forkell was also one of the speakers from the Redpath Chautauqua platform and who is donating one month's service to the country lecturing on the trophies.

Word has been received from Kingfisher, Okla., stating that both the College and the schools have been closed because of the "flu." Miss Marie Dykstra who is dean of the college and instructor in music, and Miss Ethel Dykstra instructor in the high school sent this information to their parents, Mr. and Mrs. John Dykstra of this city.

HAMILTON HAS A \$60,000.00 FIRE SATURDAY NIGHT

At 7 o'clock Saturday night the village of Hamilton was in a high pitch of excitement; in fact, it seemed for a time as if the entire town would be wiped out by fire.

Fire started in the large three story Kolvoord mill on the Rabbit river and in short order the large wood structure with a saw mill and ware house nearby were in flames and because of the high wind blowing were soon in ruins.

The fire soon spread to the hardware store of Gerrit Sprietsma, formerly of Holland, and one of the members of the hardware firm of Van Dyke & Sprietsma on River Avenue.

Most of the contents of the Sprietsma store was saved as was also the contents of the living rooms above where Mr. and Mrs. Sprietsma made their home.

It is said that the mill contained 10,000 bushels of wheat, but by diligent effort on the part of a volunteer brigade, quickly formed, 2,000 bushels were saved.

Hamilton has no fire department and for that reason the buildings were soon at the mercy of the flames. A bucket brigade was formed and did heroic work, but with little effect on the blazing wooden structure.

The Holland fire department was called upon for aid but was late in starting for the reason that the company was fighting a blaze in a coal pile at a local factory and could not leave until this fire was extinguished.

The pumper started out a half hour after the call however and made the run to Hamilton in 25 minutes. When the local department reached Hamilton the pumper was of no avail as it so happened that the bridge is at least 40 feet above the water line and the suction hose could not begin to reach the water in the river. The firemen also looked for a convenient place on the river bank but found that the shore line all along the river front on either side of the stream was as perpendicular as a rock and there was no available spot to place the pumper so it could be worked effectively. The firemen, seven in number, headed by Chief Blom, gave what advice and aid they could and then hurried back to Holland.

The origin of the fire is hard to ascertain. Some claim it was a hot box on one of the machines.

It is said that the loss of property will reach at least \$60,000 partially covered by insurance. The wheat also, will total a loss of at least \$20,000 it is estimated.

UNMARRIED LADIES OBSERVE THEIR "SILVER WEDDING"

In observance of the twenty-fifth anniversary of the joint housekeeping of Misses Lizzie M. Dawson and Lizzie Eager, a number of their maiden friends and themselves went to Gull lake Saturday and remained until Monday in the cottage of Mrs. H. B. Peek of Kalamazoo. These were chiefly members of a club which flourished in Allegan some years ago called the T. U. W. The initials were mystic and many were the unanswered guesses as to their fullness. One ventured by the Gazette man nearly caused his incapitation. They were all unmarried and they readily admitted, or

some of them did that that word answered to the initial U. We do not dare repeat the unlucky guess. They are mostly still the T. U. W. Make your own jokes.—Allegan Gazette.
