## The Standard Bearers of the Republican Party

Men who stand for America First Last and all the Time

### VOTERS MAY MAKE BLUNDERS IF THEY ARE NOT CAREFUL

QUITE EASY TO MAKE MISTAKE IF THEY DO NOT WATCH OUT

Some May Not Spot the School Amendment; Says Nothing About Parochial Schools

The general election ballot this time is interesting in view of the fact that seven political parties have places upon it. In the first column under the vignette of Abraham Lincoln will be the Republican ticket. In the second column under the picture of Woodrow Wilson is the Democratic ticket. The Socialists have the third column the Prohibitionists the Fourth, the Socialist Labor party the fifth, the Farmer Labor party the sixth and the Single Tax party the seventh column.

Republican and Democratic parties are the only ones having full tickets in the field. The Socialists failed to fill the state ticket and leave blank many of the county offices. The Prohibitionists have no congressional legislative or county tickets and the Socialist Labor Party has only two presidential electors out of the 15 to which the state is entitled. It also fails to fill congressional, legislative or county ticket. The Farmer Labor party has no county ticket and no congressional candidate and the Single Tax party has only ten electors, no state congressional, senatorial or county ticket except a candidate for sheriff.

Many persons who have not yet read the so-called parochial school amendment are going to be greatly puzzled as to which one it is when they pick up their election ballot. The language of the amendment says nothing whatever about parochial schools. It reads very simply that all children shall be required to attend the public schools. Nothing contained in the wording of the amendment appears to affect the parochial or private schools.

It is quite important that voters should understand which amendment is the parochial school amendment and also how to express their wishes on it for it is safe to say that in these fog end days of the campaign this issue in Michigan to many far surpassed in interest the League of Nations or anything else. In voting "yes" on the amendment you vote that children must not attend parochial or private schools. In voting "No" on the amendment you vote in favor of leaving things as they stand now.

There are four other amendments on the same ballots with the school amendment which is the fifth and it is the last amendment on the ballot to be voted for.

The marriage of Anna Alofs and Arend Wm. Brouwer took place at the home of her mother, 20 W. 4th street Thursday, October 14, 1920. Rev. B. J. Einkink officiated. The couple will make their home at Crisp.

### ELKS ARE TO PUT ON A BIG CONTEST

WILL ALSO GIVE THANKSGIVING BALL TO BE GIVEN ON THE EVENING OF NOV. 29

The Mayor Has Made Arrangements To Receive Election Returns At The Lodge Rooms

The Elks is fast acquiring a leading position in Lodgedom in the city of Holland.

A great many new features are going to be sprung upon the public as part of the winter's program.

A Thanksgiving day ball, to be one of the most elaborate events of this kind ever staged in Holland, will take place on the eve of Thanksgiving day. All details for this ball have not been completed, but the committee is working on these and the facts will be made public later.

The following comprise the Special Committee that will be in charge of the Thanksgiving Elks Ball: J. A. Kelley, chairman; C. H. McBride, O. P. Nystrom, John H. Boone, O. T. Kramer, Joseph Borgman, J. C. Brier, Henry Winter, W. A. Diekema, J. A. Vander Veen.

On election day the B. P. O. E. will hold open house and Mayor Stephan has made arrangements for wire connections so that the returns at night may be available for the members.

Between telegrams, J. C. Brier and members of the house committee will dispense coffee, sandwiches and doughnuts, cider and cigars.

Charles E. Drew and committee are working up some snappy stuff to fill up the dull moments on election night, if there are any such.

A big membership drive will be one of the features of the winter's program, and the losers will have to banquet the winners.

Two teams have been selected, one is headed by J. P. O. de Mauriac and the other by Ed Stephan.

The committee backing Mr. de Mauriac, are the following members of the lodge: N. Hofteen, J. H. Boone, J. E. Kjektniveld, A. Sief, Jr., Ben Mulder, J. Wm. Van Anrooy, Herman Vanden Brink, M. Vander Bie, C. Tiesenga, A. Jessick, F. B. Welch, R. C. Jackson, B. R. Keefer, Dr. A. Leenhouts, O. P. Nystrom, W. C. Vanden Berg, James De Pree, W. G. Stephan, H. J. Plaggenmars, C. E. Drew, H. R. Those who are backing up Chairman Ed Stephan are the following:

### ATTORNEY RIPS THE EVIDENCE UP THE BACK

ISAAC STEIN OF CHICAGO SUES GEORGE HEIDEMA

A very interesting little suit was tried at the city Hall before Justice Van Schelven, when Isaac Stein of Chicago, brought claims against Geo. Heidema, local business man for \$190.75.

The suit in itself is not so interesting, were it not for the sidelights. Heidema claimed that the clothing sent was of shoddy variety, and for that reason he refused to pay for them. Mr. Heidema was supported in his contentions by Attorney Fred T. Miles. The attorney for Stein was Thos. N. Robinson of this city, who in his argument before the jury demonstrated that the goods were not shoddy and in order to substantiate this contention he took one of the coats from the pile of goods in evidence and began a tug of war between his "strong right arm" and his equally strong left arm. With might and main he struggled until perspiration was visible, and sure enough, the evidence was ripped up the back, but it is said that any garment that would withstand the pulling and hauling of such Sampson strength, was not a garment to let loose at the seams easily, at least the jury thought so.

But the funniest part of the entire settlement was the fact that the jury gave Mr. Stein full judgment for the consignment of goods with the exception of the garment which Attorney Robinson had torn in twain. This the jury deducted from the bill and allowed the rest, a sum total of \$174.35.

The jury consisted of Isaac Kouw, Peter Lievense, John Olert, John Damstra, John Dykema and Bert Slagh.

Theodore Lockhart has returned from Kalamazoo, where he visited his son, Byron Lockhart, who was seriously hurt in an auto wreck in West Casco. Mr. Lockhart reports that his son is very much improved.

### SEWAGE COMMITTEE TO START WORK ON THURSDAY NIGHT

FIRST MEETING WILL BE HELD IN THE MAYOR'S OFFICE

Council, B. P. W. and the Board of Health Are All to Be Represented

The sewage disposal committee provided for by the common council at the last regular meeting of the council is not going to let any grass grow under its feet. The committee is going to get busy immediately and is going tackle the problem with out delay.

Chairman Peter Damstra of the committee has announced that the first meeting will be held this evening in the Mayor's office in the city hall. The other members appointed by Mayor Stephan to serve on the committee are Aldermen F. Brieve of the Second ward, James De Young and Walter Lane, representing the board of public works, Dr. W. C. Kools, representing the Board of Health. Mayor Stephan will be a member of the committee ex-officio.

While the sewage problem is one that cannot be solved in a moment and may take two or three years to dispose of finally, it is necessary to get started immediately because of the fact that the tests include experiments in both cold weather and hot weather. If the committee did not get busy now, it might be too late to begin the tests for this winter thus losing the time until the winter of 1921.

The committee has been authorized by the council to engage a sanitary engineer to draw up preliminary plans and make the necessary experiments. One of the reasons for the meeting Thursday night will be to talk over the different candidates for this important work.

The general public does not yet appreciate importance of the work the sewage committee is tackling and a campaign of education will be necessary to bring the matter to the attention of all the people. The committee will give all the necessary information to the public from time to time. Some consider the sewage problem a bigger matter even than the gas question. It is something that must be solved and the committee will seek to engage the intelligent interest of the public in the work.

### \$114,622 FIRE LOSS IN GRAND HAVEN FOR YEAR

Grand Haven's fire loss during the last year exceeded \$100,000, according to City Chief Pipple's report.

The total loss for this year was \$114,622.13, of which \$41,411.83 was on buildings and \$63,210.70 on contents. The property at risk was valued at \$63,552. The department responded to 56 calls.

Don't forget the Parochial school amendment meeting tonight at Carnegie Hall at 8 o'clock.

## AGED ZEELAND RESIDENT PASSES AWAY

Cornelius Huizenga, aged 78 years well known Zeeland resident died at his home, Wednesday afternoon. He came to this country about 15 years ago and located at Byron Center, where he lived for nearly nine years, after which time he moved to Zeeland, his home town until his death.

The funeral services will be held on Monday afternoon at 1:30 o'clock at the First Chr. Reformed church in Zeeland and interment was made in the Zeeland cemetery.

He is survived by his widow, four sons, two daughters and twenty-seven grand children; also two great-grand children.

## AMATEUR ROBBERS ENTER TWO PLACES

Robbers broke into the office of the Vanden Berg Brothers, just outside of the city limits in the East End. The company however lost nothing of any value, so far as could be learned. Even a quantity of stamps had remained untouched, apparently because the would-be thieves in their hurry overlooked them.

Damage was gained by smashing a window pane and then undoing the catch that held the window. A desk in the office had been broken open but nothing of value was taken and the papers in the desk were not thrown out.

The blacksmith shop of Mr. Pilon on East Eighth street was also broken into and about \$5 worth of tools taken. It is believed that the robbers did this job first with a view of using the tools to break into the Vanden Berg office. A hammer belonging to Mr. Pilon was found across the road. It is believed that the job was done by amateurs.

## WIFE OF JANITOR OF JUNIOR HIGH SCHOOL DIES

Mrs. Jacob Slik passed away on Thursday at the age of 59 years, after a lingering illness of cancer at the home, 113 W. 10th St.

She was born in Haren, Province of Groningen, the Netherlands, December 14, 1860, and came to America in 1907. Besides the husband, one daughter Grace at home and one son Engelbertus in the Netherlands survive.

Mr. Slik has been janitor of the Van Raalte school for the past five years, and at the present time is janitor of the Junior High school.

The funeral will be held Monday at one o'clock at the home and at 1:30 in the Christian Reformed church, corner Maple Avenue and 10th street, of which church she was a member. Rev. H. Keegstra will officiate.

## TO RE-ORGANIZE DUTCH SOCIETY AT HOPE

The Uffits club, a "Dutch" society of Hope College, whose activities have been suspended since the scholastic year of 1918-1919, will soon be in full swing again. After Prof. Albert Raap, under whose supervision the work was carried on, left the institution as instructor in Dutch, a lack of leadership and interest was apparent, and the club was temporarily disbanded. Last year when the instruction in Dutch was again introduced in the college curriculum, the time was so far spent that the possibilities of re-organizing were negligible. This year however, the Dutch students are anxious to re-organize again, and plans have been formulated so that they can meet for their first time Monday night. The club hopes to be able to contribute to the annual commencement exercises at the end of the school year, as in former years. It is open to all the college men.

The boys will be aided through the able leadership of Rev. Henry Heesters one of the first organizers of the society.

## AUTHOR'S WIFE GIVEN ALLOWANCE BY CHICAGO COURT

Mrs. Helen Jenkins Masters has been granted temporary maintenance of \$150 a month from Edgar Lee Masters, author of "Spoon River Anthology," by Judge J. P. McGarry at Chicago. Mrs. Masters was allowed \$200 for solicitors' fees. The author did not contest the order.

Mr. and Mrs. Masters were married in 1898 and separated last March. He is now living at the Stratford hotel. Mrs. Masters resides with the children at 4856 Kenwood avenue in Chicago.

In her bill Mrs. Masters alleges her husband has an income of \$12,000 a year. Mr. Masters is considered by some critics the greatest poet America has produced.

The Masters have a summer home on Spring Lake and both the author and his wife have acquaintances in this county. Ottawa county has figured more than once in his poetry.

The Bulletin of Vital Statistics, covering the month of August, was published Friday, reports that there were 86 births in Ottawa county during that month and 48 deaths; 81 in Allegan county and 20 deaths; 21 births in Holland and 5 deaths; nine births in Grand Haven and seven deaths; seven births in Allegan city and no deaths.

## LIFE SAVERS SAY WATER IS FINE FOR SWIMMING

A member of the Coast Guard crew at Macatawa called up the Holland City News to say that the water at Macatawa is fine for bathing purposes. Two members of the crew went in swimming Thursday afternoon, and they declared that the water was as fine as it usually is in the summer time. They got all kinds of fun out of the dip into the lake, and as a result they are anxious to pass on the news so that others may enjoy the unique experience of taking a swim in old Lake Michigan in the latter part of October at summer temperature.

The life savers declared that if a person taking a swim in the lake now will merely close his eyes he can fool himself into believing he is resorting at a winter resort in Florida or southern California and taking a dip in the ocean in winter time.

## TO HOLD SUNDAY SCHOOL CONVENTION HERE

The twenty-fourth annual Sunday School convention of the Christian Reformed church of Michigan was held in the North-St. church of Zeeland and was presided over by the pastor Rev. H. E. Oostendorp.

The 170 registered delegates who took part in it outnumbered by 50 the largest convention ever held by this association.

The committee nominated to prepare the program for the 25th annual convention to be held in Holland in the summer of 1921 are Rev. H. Oostendorp of Zeeland, Rev. Jas. Ghysels, Rev. Zwijs and Messrs. G. Wanrooy and H. R. Brink, all of Holland.

## FORMER HOLLAND MAN INJURED IN KALAMAZOO

Word has been received here that Mr. Byron Lockhart, 60 years of age, of West Cooska, formerly of Holland, was hurt in an automobile accident in Kalamazoo Sunday. Mr. Lockhart stepped off the street car and was hit by an auto. The driver stopped his machine, carried Lockhart to the curb and then left. A woman nearby saw Lockhart lying there unconscious and with the aid of other assistants, had him taken to Bronson Methodist hospital. Mr. Lockhart will recover, is the word that came from the hospital Friday.

## SUNDAY SCHOOL CONVENTION TO BE HELD AT ZEELAND

All plans are completed for the Thirty-third annual convention of the Ottawa County Sunday School association, which will be held at Zeeland, Friday, October 29. It is expected that practically every Sunday School in the county will be represented by delegates. Holland Sunday schools are all making preparations to send many representatives. The convention is interdenominational. The meeting will be held in the First Reformed church.

The entire day will be taken up by the convention program. The morning session will be presided over by John J. Bolt of Grand Haven and in the afternoon A. Lahuis of Zeeland will preside. In the evening at 7:15 there will be a song service by the chorus choir in charge of John Vandersluijs. Devotionals at the three sessions will be in charge of Rev. G. Vander Linden, Forest Grove; Rev. H. A. Vruwink, Grand Haven and Rev. H. Harmeling of Zeeland.

Some of the foremost speakers in work have been secured for the convention. The Ottawa association is one of the strongest in the state. The following officers are in charge of the organization at the present time; President, Henry Geerlings, Holland; Vice-President, John J. Bolt, Grand Haven; Vice President, F. W. Porter, Conklin; Secretary-Treasurer, J. C. Lehman, Grand Haven.

The addresses on the program are: morning—"Training for Christian Citizenship," H. W. Smith; "Ancient and Modern Methods in Kingdom Building," Rev. G. B. Fleming; "Feed My Lambs," Rev. H. Goodrich, Albion; "The Supreme Need of Jesus Christ," Rev. O. G. Dale.

John H. Toren left Friday for Lake Worth, Fla., to spend the winter there.

## HOLLAND BABY WELL SUPPLIED WITH GREAT GRANDPARENTS

Perhaps there is not another baby in the state of Michigan so well supplied with great grandparents as a little child in this city. At least so far as is known there is no one else in Holland and probably few in the state that have as many. This baby is Lois Mae Knooihuizen, the little daughter of Mr. and Mrs. Ray Knooihuizen, East 14th street. Little Lois May has five great-grandparents.

They are Mr. and Mrs. L. Beeuwkes grandparents of Mr. Knooihuizen, Mr. and Mrs. A. P. Van Vulpen and Mrs. H. Brinkman, the grandparents of Mrs. Knooihuizen. The little girl is in fact better supplied with great grandparents than with grandparents of whom she has only two, half the full quota. These are Alderman and Mrs. A. H. Brinkman, Little Lois Mae Knooihuizen was born December 22, 1919, and she has not yet quite learned to distinguish between all her great grandparents. Mrs. Knooihuizen was formerly Miss Jean Brinkman.

## THE POOR "TIN LIZZIE" IS SOME "BEAST OF BURDEN"

It is generally conceded that a "Tin Lizzie" can be loaded down to such an extent that it will go as long as her wheels are not obstructed.

Thursday one appeared upon 8th street with a load just a little larger than we have ever observed before up to this time, and the owner of the "Lizzie" was apparently a nomad, for his load showed that it contained nearly everything required if one was to travel from place to place.

Of course a representative of this paper could not see beneath the load, but those articles which were in sight can give some idea as to what this iron horse had to pull and were it not that the poor thing was inanimate instead of animate. Chief Van Ry would have arrested the driver long ago for cruelty to animals.

Here we have a partial list of the articles in a one-seated Ford: carpets, ironing board, stove-pipes, a stove, a baby cab, a doll cab, some furniture, cooking utensils, linoleum, bed spring, bolsters and mattresses, quilts and pillows, mops and brooms, a pail, a tub and a washboard. This is about all we saw, but wait—here are a few we overlooked: a dog was lying in the empty seat, a bird cage was attached to the steering gear, and lo and behold, on the running board was a Nanny Goat, penned up in a small cage, which would enable the traveler to secure his goat's milk every morning.

But wouldn't that load on poor old "Lizzie" get your goat?

## LOCAL ROADS GET SHARE OF APPROPRIATION

The Board of Supervisors, in making the usual road appropriation, calling for the expenditure of about \$100,000, stipulated the various purposes for which the money will be used.

The exact appropriation for next year calls for an outlay of \$99,156.72. The amount is apportioned as follows; Alpena Beach road, \$15,000; Bridge street road, \$6,000; Beaverdam \$2,500; Byron Center, \$2,500; Crockery, \$3,500; Eastmanville, \$2,000; Ferrybury Bridge, to apply on county's share of bridge being constructed by state, \$15,000; Gravel Plant, \$6,500; Waverly, to reduce overdraft, to build approaches to Gidley bridge and surface mile south in Holland township, \$18,000; West Michigan Pike county share of contracts let by state for work in Olive township on new road \$24,000. Miscellaneous fund for contingencies \$4,156.72.

## TO TAKE APPLICATIONS FOR VICTORY MEDALS

With a view to being of service to all men who were in the army during the World War and who are now entitled to the Victory Medal being issued them by the National government, the Grand Rapids Recruiting office is arranging to send an army field clerk to Holland on Tuesday, October 26, to assist all such men in the preparation of their applications for the Victory Medal.

The field clerk will be provided with blanks and has such knowledge and experience as will enable him to determine and enter on the application blank the data which is required by the War department before the medal can be issued. There is no red tape about this matter. All the former soldier has to do is to present his discharge certificate, officers their discharge or discharge order, and sign his name on the application blank. The department is not authorized to accept applications for ex-Navy or Marine men.

## DOESN'T YOUR HOME DESERVE IT? COZINESS.

We all know folks who go through life Unharmed by doubt and fear. Their lives are safely guided by The buoys of Hope and Cheer.

And what is more, we know that they Deserve to have their fun: The world is better since they lived. And their good homes began.

New, human Sunshine gains her strength In cordial, storm-proof nests: The added joy that warm folks have. Is shared by all their guests.

Why children laugh the louder, when, In wrath, King Winter roars! In cozy homes, nobody thinks Of weather out-of-doors.

Right where we live should be our port Of Peace and Happiness: A home can have a heart of Smiles With Coziness its dress.

C. D. K.

Yes, surely your home and family do deserve it. It is NOT an extra expense. It's an extra saving, — year after year. With a Holland Furnace your home can be the true, the complete expression of Coziness.

## TO GET ELECTION RETURNS IN THE CITY HALL.

The people of Holland will have a chance to hear the election returns next Monday evening in the city hall. There will be no partisanship about the gathering. The meeting will be for the benefit of members of all political parties, and the returns will be read to the public as they come in from all sources. The meeting will be in the court room, and the public is cordially invited to be present.

The court room will have the service of the Western Union telegraph and also long distance telephone service of both the Citizens' and the Bell telephones. In this way the non-partisan headquarters will receive all the reports from all sources.

Time was when democrats and republicans would not join hands for a service to the public of this kind. But that time is past, and these days the two political factions in the city work together. This was shown when the two parties held political meetings in the Knickerbocker a week or two ago. One party fixed up the theater with flags and other decorations and the other party installed the furniture and cleaned the hall. The republicans used the Democratic furniture for their meeting, and the Democrats used the flags of the republicans for their gathering.

There will probably be some other places in the city where returns will be received, although no announcements have as yet been made. But the court room in the city hall will be the chief place of interest and it is safe to say that it will be jammed to the doors with voters eager to learn quickly how the election has turned out.

## HOLLAND HEAD-QUARTERS FOR HATCHERY MEN

Harold L. Watson, inventor and manufacturer of the "Mammoth Incubator" and W. C. Titcomb of the Chicago district of that concern, are in Holland for some time in the interests of their incubator. They are making their headquarters here for the present because Holland and Zeeland have become one of the most important centers for the day-old chick industry in Michigan. From here the incubator men are getting in touch with chick farm men all over the state.

Mr. Watson invented the "Mammoth incubator" in 1910. His devices for automatic turning, for automatic regulation of temperature and moisture, have revolutionized the chick hatching industry, he declares. Much of this work formerly had to be done by hand, required much time and work, and was not very satisfactory. All this is being done by automatic devices now, reducing the work, increasing the hatching percentage from 40 per cent to practically a perfect record, according to the statements of the president of the concern.

In 1918 patents were granted for all of these devices, and since then suits have been instituted by the company against a number of other incubator manufacturers who are said to have used these devices.

## POLITICAL ISSUES FORM THE THEME OF W. L. C. MEETING

Mrs. Huntley Russell was the chief speaker at the meeting of the Woman's Literary club Tuesday afternoon. Mrs. Russell, who is chairman of the legislative committee of State Federation, spoke on "Presentday Legislation." Ready wit and charming humor, together with the solid information imparted, made her address entertaining as well as instructive. She discussed in considerable detail the five amendments to be voted on and also described other political issues of the campaign. Incidentally she declared in favor of state censorship of motion pictures.

Att. Raymond Visscher, armed with a supply of instruction ballots, gave the members careful instruction on how to proceed when they enter the voting booths next Tuesday. The ballot is a laudable one this year, offering opportunities to the unwary voter for making mistakes, and besides the regular ballot there is a long sheet of amendments. Mr. Visscher explained the presidential ballot to the new voters who will cast their votes for president for the first time this year.

Miss Helene Van Raalte beautifully sang "I hid my love," and as an encore she gave "A Little Song." Tea was served.

Dr. L. N. Tuttle is at Mayo Bros. Hospital at Rochester, Minn., attending a clinic.

## ZEELAND SPEED FIEND COMES TO GRIEF

Nicholas Dykstra, of Zeeland, better known as the "Flying Dutchman," has broken his leg in California in a motorcycle accident, according to a report that has come from Los Angeles. Dykstra had what amounted to a mental obsession for speed on his motorcycle, and he was arrested five times in a comparatively short interval for speeding. He appeared before Holland justices again and again, and once he was arrested for speeding about an hour after he had left the court room where he had paid a fine.

The fifth time Justice Den Herder took his motorcycle away from him, putting the machine in jail instead of the rider. But that did not stop Dykstra. He immediately secured his brother's machine and resumed speeding. About two months ago he and his brother went to California on their motorcycle, and now the news comes that he has broken his leg. Dykstra has stopped breaking the speed laws of California for the time being at least.

## WILL ATTACK SCHOOL AMENDMENT

The guns of the anti-school amendment people are to be trained on that amendment at a mass meeting to be held Thursday evening in Carnegie Hall, at 8 o'clock. The mass meeting has been called by the Ottawa County organization for Preservation of Religious Liberty, and it promises to be the biggest meeting of the entire campaign. That the building will be jammed to the doors with interested listeners is a foregone conclusion.

Dr. J. E. Kuizenga of the Western Theological Seminary, Hon. S. B. Horton of Chicago, former congressman, and Rev. R. B. Kuiper of Calvin College, Grand Rapids, will be the speakers. There will be special music by the Central Avenue orchestra, by quartets, and community singing will be led by Dr. A. C. Van Raalte Gilmore. The public is cordially invited.

## TAKES PROMINENT FIFTY-THREE MEMBERS JOIN THE HOLLAND 'Y'

The Holland Y. M. C. A. held its first meeting Monday evening in the city hall with an attendance of seventy-five men and boys.

Dick Boter presided and gave a very inspiring talk. He then called on the most important speaker of the evening in the person of Ray Druker, Y. M. C. A. secretary of the Boys' Dept. in the Grand Rapids Y. He gave an interesting talk, dwelling on four important features of the Y. M. C. A., namely, physical, mental, spiritual and social. Mr. Druker dwelt mostly on the spiritual side of the question.

He stated that the only way to keep a boy in the Y. M. C. A. is to give him something to do and keep him busy. Have a program for every hour of the day for him.

The next man to speak was Wm. Vander Ven. He briefly outlined the plan and method.

The next speaker was C. E. Drew, the new coach-secretary. He gave the audience a thorough understanding as to what he intended to do the coming winter. All of Mr. Drew's points were heartily supported by all, especially by Oscar Peterson of the Shoe Co. and by Pat Nordhof of the Chemicals. 53 of those present signed up for the Y. M. C. A. membership. Anyone wishing to join can do so by seeing Mr. Fris or Ray Knooihuizen.

## WAS NINETY YEARS OLD ON MONDAY

Mrs. Derk Klein, making her home with her daughter at 67 West 16th street, Monday celebrated her 90th birthday anniversary. In spite of her advanced age Mrs. Klein is still in very good health and is exceedingly active.

She was born on October 25, 1830, in the Netherlands, and was 27 years old when she came to this country. She has lived in Holland for 63 years and when she came to this city there were only three stores in Holland. Her husband died when the couple had been married 41 years. She was the mother of ten children, of whom two are living, Mr. Dries Klein and Mrs. H. Schaftener. She has six great grandchildren.

## COMMITTEES THINK IT PAYS TO ADVERTISE

The October and December Divisions of the Woman's Literary Club believe that it pays to advertise. At the meeting of the club Tuesday afternoon the committee in charge made their reports of the rummage sale held in the club rooms last week. The report showed that the sum of \$552 was cleared from the sale over and above expenses. "Had it not been for the local press," said the committee, "we feel assured we never could have given this splendid report. We appreciate the services they have rendered us."

## FIRST WINDUP MEETING HELD ON MONDAY NIGHT

The final windup campaign of Ottawa county by the county republican committee began Monday evening with a meeting held at the school house at Borculo which was addressed by Judge Edward P. Kirby of Grand Haven and Miss Nellie De Graff and Maurice Visscher, members of the "Hope College for Harding" Club.

Miss De Graff was the first speaker and chose as her topic: "Why I shall vote for Harding." Mr. Visscher, the second speaker, presented a Republican appeal from the point of view of the agriculturist.

Judge Kirby opened his address with an explanation of the proposed state parochial school amendment, complimented the Republicans of Michigan in their choice of Groesbeck as their candidate for governor, and made a plea for a return to Republican rule. J. D. Stafford conducted the singing, and B. A. Mulder explained the ballot.

Meetings of this nature will continue throughout the week. This evening one will be held at Clinton. Wednesday's meeting will be at Alendale, Thursday's at Vriesland, Friday's at Hudsonville and Saturday's at Jamestown. Judge Kirby is to be a speaker at each of these meetings and there is a possibility that Cong. Carl E. Mapes may appear at one or two of them.

The "Hope for Harding" club is to have a part in each of these meetings. A college man and co-ed will appear on the program. The Uke club, which is in charge of Miss Swanie De Young, is to play for two of these meetings, and musical numbers for the other meetings will be furnished by the college club.

Mrs. G. J. Diekema and son John were at Ann Arbor taking in the foot ball game Saturday.

## NO DOUBT ABOUT OTTAWA COUNTY IN ELECTION

With the election exactly a week off, there is absolutely no interest in the event so far as the county offices go. If it were not for the presidential campaign and for the state ticket, it is likely that many people would not know an election was about to be held in Ottawa. So far as this county goes, the election is settled already with the republicans far in the lead. No prediction is safer than to say that every candidate on the republican ticket will have easy sledding next Tuesday. This is so much the case that most people, even most well informed people, do not know who is running on the other tickets for several of the offices.

Ottawa county is normally so heavily Republican that it is practically impossible for a democrat to break into the closed circle. Even in an off year election a democrat has practically no chance, and in a presidential year, when the party lines are tightened considerably, the chance for a democrat to get into office in Ottawa County is so slim as to be negligible.

An idea can be gained of how the candidates feel about it from the work they are doing. No candidate either democrat or republican, is wasting any effort putting his claims before the people through the newspapers and through other means of publicity. The former know that it would be a waste of time and money, and the latter know that it is not necessary. In the primaries in August when a real fight was on, every candidate used printer's ink freely, but now they are resting on their oars, confident that the voters of the county will do the expected.

There is also no question that Ottawa will go for Harding. This county is also counted for Carl E. Mapes for congress by a large majority. On the governorship fight, Groesbeck is confidently expected to carry Ottawa, although he will probably run behind the national ticket here. His opponent, W. N. Ferris, has a large number of friends here who, while normally republicans, are expected to vote for him.

Mrs. H. Was gave a birthday party Saturday afternoon from two to five in honor of Marie who is seven years old. Little Marie was the recipient of nice presents. Games were played after which dainty refreshments were served. There were 16 children present.

Mr. and Mrs. John Pessink are visiting with relatives and friends in Kalamazoo for a week. Farmers in the vicinity of Hamilton are busy hauling the large potato crops to shipping points. From 75 cents to \$1 a bushel is now being realized.

The M. G. R. C. girls held a masquerade party at the home of Miss Elizabeth Ver Schure, East 5th-st. Some fifteen girls participated, some were girls and others were make-believe boys. The costumes were of all varieties, some bordering on the fringes of hard times. There were some old ladies in the party, that is, judging from the disguise, but beneath the fuss and feather, a pretty young maiden might be disclosed. Anyway the party was thoroughly anti-stag and a regular evening of fun with all the delicacies that go with it was enjoyed by those present.

Mr. Vandersluijs will have charge of the chorus at the convention there. He is much in demand for work of this kind in Sunday School conventions throughout the state. The success of his work at the state Sunday School Convention in Holland a few years ago gave him a statewide reputation as a chorus leader, and he has been asked to assume work of this kind in several places this fall.

Mrs. Robert Evans gave a piano solo and little Barbara and Emily Hope Evans won the applause of all present by their songs. Mrs. E. # GRAND HAVEN MAN BUYS LOCAL BOAT LINE

Announcement was made Tuesday of the sale of the Graham & Morton Transportation company to Nathaniel Robbins, prominent Grand Haven business man.

Mr. Robbins has purchased 51 per cent of the company's stock, held by Mrs. J. H. Graham, widow of one of the founders of the Graham & Morton line. Mr. Robbins also acquires some of the stock held by J. S. Morton of Benton Harbor, general manager and his son, William M. Morton, who has been associated with his father in the management of the line for several years.

It was stated that J. S. Morton would continue to manage the line, but this is untrue. Nat. Robbins will personally take charge of the

management, was the statement of his son in this city.

The Graham & Morton line, which operates a fleet of three big steel vessels, including the City of Grand Rapids, the City of Benton Harbor and the City of St. Joseph, between Benton Harbor, Holland and Chicago was founded in 1875 and rapidly grew into one of the most important passenger and freight lines on the Great Lakes. The company's docks in Benton Harbor are equal to the best in Cleveland and Buffalo.

The Graham & Morton Transportation company has been under the receivership of the Michigan Trust Co. for some time, according to C. T. Hamilton, vice-president of the Trust Co. Mr. Robbins has been negotiating for the purchase of the line several months.

Nathaniel Robbins, Jr., of Holland, son of the purchaser, was called up at the DeFree Chemical Co. and

stated that the deal is a fact and while he could not give out any details he stated that the steamers of course would continue to enter this port.

The Graham & Morton Co. started business in Holland some twenty years ago. Before that steamers from Saugatuck made spasmodic trips between Holland and Chicago, which was very unsatisfactory. The boats at that time were the A. B. Taylor, Saugatuck, McVea and Kalamazoo. Later the Bradshaw was built for this port by Hugh Bradshaw now living on the Park Road. Steamship business was very much in chaos in those early days and the service was not as reliable as the citizens wished. Consequently a local company was formed in which nearly every business man of that time could boast of having had some stock.

The steamer City of Holland was built at Saugatuck and when this tub

as it afterwards proved to be was launched, one half of Holland went to the ship building village in every conceivable conveyance and two Holland bands were present, namely the Holland Martial Band and the Holland Cornet band, furnishing the music for the day. A list of speakers told about the great future for Holland as a commercial center and the auspicious prospects of a new boat line. The Holland was built in time for the World's fair traffic to Chicago in 1893 and at that time W. R. Owen an experienced boat man was manager.

Later the Soo City was purchased a ship that Holland was exceedingly proud of. The Soo City foundered in the Atlantic while in coastwise trade.

Among the men interested in the old Holland Boat line were W. H. Beach, P. H. McBride, Isaac Cappon, George Van Duren, J. C. Post, Heber Walsh, C. J. De Roo, L. Mulder, G. P. Hummer, Isaac Marillje, Arend Visscher, James Huntley, H. Boone, G. J. Diekema, C. Blom, sr., Dr. H. Kremer, H. D. Post, C. Blom, Sr. and a score of others.

About twenty years ago the Graham & Morton Co. bought out the local company and the line has been under efficient management ever since.

The beautiful Puritan was built for this line and later the City of Grand Rapids was built. The City of Benton Harbor and City of Milwaukee were also two ships that plied between Holland and Chicago. The Puritan was commandeered by the government during the recent war.

It can be said that not a passenger was ever lost in any of the ships that sailed out of this port, since the inception and realization of boat line in this city. Some near catastrophes took place; one was when Steamer Kalamazoo was rammed in mid-lake in a dense fog. This happened some twenty-five years ago. The passengers and crew were taken off just in time, as a few minutes afterward, the boat went down.

Later the steamer Argo was beached off the north pier during a high sea, late in the fall and the passengers were taken from this ship by the Holland Coast Guards by means of the breeches buoy after a line had been shot from the shore to the craft.

One captain was killed during that time, namely Capt. Crawford, who was pinched between the steamer Soo and the Chicago docks and consequently was crushed to death.

More recent history of boats that entered Holland harbor was the sinking of the steamer Holland. This boat it will be remembered went down when the big side wheeler hit the Muskegon pier when it entered during a heavy sea, causing a terrible loss of life. This is a hurried resume and sets forth Holland history of the boat lines entering this city after the days of the "wind jammers."

## THE MAMMOTH THAT DOES ALL THE WORK YOU NEVER TOUCH THE EGGS

BE MIGHTY certain you're buying the finest mammoth incubator available.

Your choice is going to mean the difference between a profitable season and a losing one. It's going to determine whether running your business will be a pleasure or a never-ending source of trouble and worry. You don't want to experiment—you want an incubator that has been proved successful by the experiences of others.

Naturally, you'll want a machine that will hatch every hatchable egg with the least amount of attention. You'll want a machine that isn't over-expensive—that keeps your operating cost as low as possible.

## In other words you'll want a WISHBONE MAMMOTH INCUBATOR

THE 1921 WISHBONE is a wonderful improvement over any former models. Each tray now has seventeen rollers and holds sixteen rows of eggs. Each tray now holds two hundred eggs.

THE NEW HEATER makes a perfect balance of temperature between the top and bottom decks. The TOP DECK of the WISHBONE hatches just as well as the BOTTOM DECK.

The WISHBONE requires no troublesome nursery clothes which are a fright to wash.

THE MOISTURE PAN is large and catches all the dirt. When you empty the pan you have cleaned your machine and are ready to put in the next tray of eggs. THE WISHBONE MOISTURE PAN pulls straight out of the compartment without tipping or spilling.

THE WISHBONE INCUBATOR is made under the famous basic patents Nos. 1,259,726 and 1,283,402, which made the mammoth incubator possible. These, among other things, cover devices for Automatic Selective Egg Turning, and Automatic Individual Compartment Regulation of Moisture, Fresh Air and Heat. Thousands of dollars have been expended in experimental work, and in perfecting and patenting these devices.

THE WISHBONE INCUBATOR is licensed under these patents, which I own; and it is the only machine licensed under either of these patents. Any other machines made with these devices are infringing, and all users as well as all manufacturers of such machines are liable to prosecution.

## THE WISHBONE PATENTS

Be Mighty Careful About That  
Mammoth You're Going to Buy

I now have three patent infringement suits pending in the U. S. courts against infringers, based on machines using automatic turning devices.

### OFFERED TO SELL

#### LIVE BABY AT THE RUMMAGE SALE

A rummage sale at which a real live baby was offered for sale was the unique event that happened in Holland. And what is more, bids have been made for the baby although the sale was not completed when the rummage sale closed.

It happened this way. The latter part of last week a committee of the Woman's Literary Club held a rummage sale in the club rooms. An elderly lady, who did not give her name, came to the sale with a baby boy about seven or eight months old. The child's father had abandoned the mother, she said, and the mother was ready and anxious to give the baby away.

It was so unusual to have a baby offered along with old shoes, hats, coats, and household articles, that for a long time the people at the sale were incredulous. But they were convinced at last that the offer was made in good faith and that the baby was to be had for the taking.

No one was ready on the spur of the moment to assume such a responsibility and the elderly lady went away with the baby, leaving no name or address. Nor did she give the names or address of the baby's mother.

Since that little episode at the rummage sale more than one family seems to have been talking it over. And today requests came for the name and address of the mother. More than one local family is ready at least to look at the baby with a view of taking it and rearing it.

So the next thing is to find the mother or the elderly lady who brot the baby to the W. L. C. rooms. It is hoped that one or the other will read this story and get into touch with the proper persons in regard to the transaction. Mrs. G. J. VanDuren, 66 E. 12th street, has consented to be the go-between. If the mother of the child or the elderly lady will get into touch with her, either by calling or by telephoning, (Citizens 1094), the child may be given a good home.

## CON DE PREE AND PARTY HAVE RETURNED FROM THE NORTH

Con De Pree, Jack De Pree and Peter and Jake Lieveuse have returned from a hunting and fishing trip about two hundred miles north. The four Holland men left in a Reo Speed Wagon with a complete camping outfit and were away for nearly two weeks.

While hunting was poor, fish of all kind were plentiful, and Con remembered his friends with some fine messes of fish.

Some of the country that the speed wagon passed through looked so desolate and forlorn that Con has named this territory, "The Land of Nowhere."

The men in the party state that you could drive a whole day without seeing a soul and taking this particular phase of it, he might have christened it "No-Man's Land."

Anyway the Holland men have had a bang-up vacation, many miles from business cares, and far removed from a telephone.

Mr. and Mrs. George Pelgrim were Grand Rapids visitors Tuesday.

Then put a CROSS (X) in the CIRCLE ( ) under Lincoln's Head.

If you want to vote for two clean candidates for the presidency on the Republican ticket, namely, Harding and Coolidge;

If you want to vote for Carl Mays for Congress;

If you want to vote for Judge Jas. Danhof, Fred T. Miles, Delbert Fortney, John Den Herder, Orrie J. Sluiter, Peter J. Rycenga, Henry Siernsma and other officials on the county ticket who you know personally;

Then put a CROSS (X) in the CIRCLE ( ) under Lincoln's Head.

This is all that need be done; you have then cast your vote for the principles for which you stand, the national, congressional, state and county officials whom you know and trust and have helped to down those policies that are un-American.

Don't let England dictate to us with its six votes to our one which would be the result, if the proposed League of Nations were adopted.

Do you want the constitution of the United States upon which this nation was founded and has been building since, the day that our 13 colonies headed by President George Washington struck off the English fetters, destroyed?

Do you want foreign dictation to supplant the fundamental principles of Washington, Lincoln, Garfield, McKinley and Roosevelt?

If you do not.

Then put a CROSS (X) in the CIRCLE ( ) under Lincoln's Head.

THAT'S ALL!

It's the first ticket on the ballot.

WILL GIVE AWAY 500 INSTRUCTION BALLOTS

NEWS PRINTERY WANTS TO HELP POST THE VOTERS BEFORE ELECTION

The Holland City News Printery this year printed the ballots for Ottawa county, and in addition to the official ballots, each of which was numbered in accordance with law, a quantity of unofficial instruction ballots were struck off. These are not numbered and cannot be used for voting purposes. They are for the purpose of posting up in the polling places and for distribution. As many of these may be printed as may be desired. They are identical with the official ballot, printed from the same type, with the word "Official" omitted, and the numbers omitted. Otherwise they are the same.

The News still has about 500 or 600 of these ballots on hand and they will be given away to anyone who desires one so that he or she can study it before going to the polls. There are amendment ballots as well as regular national ticket ballots. They can be secured by calling at the News office.

WHY CAN'T HOLLAND GET DECENT DEPOT?

IMPROVEMENTS EVERYWHERE ON PERE MARQUETTE EXCEPT AT HOLLAND

Is Best Railroad Center For Its Size; One Million Dollars in Business Yearly

Since the C. & W. M. became the P. M. thirty years ago, Holland has been trying to get a new depot and other highly necessary improvements in this city. We need not describe the depot to our readers; this has been done so often before that it is a waste of energy.

Suffice it to say that there is nothing quite like it on the entire system. Even Zeeland, where trains stop only semi-occasionally, there is a better depot than Holland can boast of.

Holland nearly landed a depot six years ago when one hundred of our citizens gathered at Lakewood farm at the invitation of Mr. Getz and together with other guests, several heads of the road were also present.

A new \$40,000.00 depot was practically assured but nothing came of it after the banquet was over.

What again brings the thing to mind is a circular of "information of the press" so called and sent out by the heads of the road. In this circular a long list of improvements appears but not a crumb from the Pere Marquette table of plenty does the city of Holland get.

This has been going on now for thirty years, and Holland, although having spent millions with the railroad, must house its passengers from here and our tourists from abroad in a shell that might do well enough as an excellent garage.

Tourists receive an unfavorable impression as soon as they strike Holland and after having taken a peep at the depot and its surroundings. We aim to be reasonable in our complaints. We understand full well that during the war and during the congested period afterward, it was no time to bring these matters up, but now when the plum scattering begins, Holland should have been the first to receive recognition and at least the most necessary improvement should have been included in the Pere Marquette schedule.

The circular gives you some idea of what other cities are getting and in which Holland again fails to share. Here is the P. M. Schedule.

"The Pere Marquette Railway has entered upon its after-the-war reconstruction program with enthusiasm and already considerable work has been done, some is nearing completion, and three of the principal points of particular importance to operation, have been materially strengthened. They are New Buffalo, Saginaw and Plymouth. The new work represents an outlay of \$5,782,000. The chief items are as follows: new rails, 275 miles \$2,285,000; New Buffalo Yards, \$750,000; passenger locomotives, 12, \$735,000; Coaches and Baggage cars, 24, \$650,000; Saginaw Improvements, \$600,000; Plymouth Improvements, \$325,000; Toledo-Ludington division ballasting, \$152,000; Thornapple bridge Detroit division, \$135,000; Grand Rapids storehouse, \$125,000; Station at Belding, \$25,000."

THE EDITOR OF THE DETROIT NEWS HAS TAKE OFF ON HOLLAND

MADE CITY A VISIT AND TELLS OF THE SIGHTS

Two weeks ago a representative of the Detroit News stepped off in Holland to take a look around and incidentally to write a little heart story about this city and his impressions of it.

Judging from the following clipping taken from the Detroit News this scribe is some impressionist.

The story follows:

Holland, Mich., Oct. 7.—Where else in the world but in this quaint, delectable town of Holland, could one be lulled to sleep by the familiar clang of street cars, and aroused by the trumpeting of roosters and the clack of horses' hoofs on the pave? Where else would a bell boy reply to a simple compliment, "Thank you kindly sir. If you want anything, just ring"? Where could one see parked before a motion picture house, six automobiles and four motorcycles and (by accurate count) 67 old-fashioned, leg-power bicycles? All these things have happened, the confessedly it still remains to prove them possible.

Never shall we forget how we rose before the sun in Holland and walking to combat the cold, saw a thousand windows blazing fire across the lake, the steam of factory whistles swelling rose-pink in the dawn and the flocks of bicycle men swooping like sparrows down the street, but puffing sternly all at their corn-cob pipes.

Well, we have been looking carefully everywhere for wooden shoes, but, as we haven't seen any as yet, We guess the Dutch have decided to come up to date like the rest of us and wear paper ones.

Thus let us be when we are old, not rich, nor famous, nor powerful, but a sturdy street sweeper in Holland, with a little broom and cart of our own, and a clean blue shirt and a face like a beneyolent puckered plum.

With a population of 11,000 or no, Holland supports 17 churches—a church, in the local definition, being led by Miss Cogdell. A health talk a place to be used for hymn singing, was given by Miss Alma Koertge city nurse; and Miss Ross of the

beautiful and expensive park, so that one may stand on the steps of the postoffice and look into the grove, maple shaded, and dimly lit by the asters, as if they were floor lamps maybe. Or he can sit on a park bench, where the sprinklers are raining a frosty spray and gaze at the new, clean facade, and the shadows of a lamppost, cast in the likeness of a cartoonist's old maid, going to vote for equal rights.

Even though in the main, Holland's peculiar characteristics are of a rather inobvious sort, there is clearly something different in the store sign "Van Zwanenberg and Michmershuizen", to be pronounced with a long drawn "Oh."

ANOTHER CALL MADE FOR RUMMAGE SALE BABY

Still another family in Holland wants a chance to buy the "Rummage Sale Baby." Mrs. G. J. Van Duren, who has consented to be the go-between in the transaction, received a call Wednesday morning from a desirable Holland family for information about the child. There are other families on Mrs. Van Duren's list who made calls for the baby earlier in the week.

As yet the name of the mother of the child or of the lady who took the baby to the rummage sale in the W. L. C. rooms have not been ascertained. But as soon as they are learned the various families that wish to adopt the baby will be notified.

DISCUSS ARTICLE X AT P-T MEETING

An interesting meeting of the P-T club of the Washington School was held Tuesday evening. In spite of the bad weather, the turn-out was not rich, nor famous, nor powerful, but a sturdy street sweeper in Holland, with a little broom and cart of our own, and a clean blue shirt and a face like a beneyolent puckered plum.

Supt. E. E. Fell introduced the teachers of the school to the parents, giving brief sketches of their careers before they came to Holland and placing the parents in touch with the teachers. Community singing was led by Miss Cogdell. A health talk was given by Miss Alma Koertge city nurse; and Miss Ross of the

Ernest Brooks discussed Article X of the League of Nations from the Democratic point of view, and C. H. McBride discussed the same subject from the Republican standpoint. Miss Ethelyn Metz gave two readings, after which refreshments were served.

VETERAN EDUCATOR SUBMITS TO AN OPERATION

Advices from New Brunswick, N. J., state that Dr. John W. Beardslee Sr., submitted to an operation on last Saturday morning at the Middlesex Hospital at New Brunswick. The patient is recovering nicely.

The report from New Jersey did not state what the character of the operation was. Dr. Beardslee about a year or so ago was operated on for eye trouble, from which he recovered. It is not known whether the present operation was for a recurrence of this trouble.

CELEBRATE THIRTIETH WEDDING ANNIVERSARY
