**SOLDIERS AND WAR**

An idea of the way in which men of military experience regard war was given at a church service held in connection with the American Legion convention at Boston, in an address by General Everson, chief of the United States Militia Bureau. General Everson denied that soldiers start wars, and he said that no one hates war more than the soldier who has been through it.

His idea would indicate that this military leader had the right idea. There would never be any wars, if the statesmen and diplomats of the various countries could discuss their problems in a spirit of mutual tolerance and adjustment. It is the same as it is in labor controversies. If the employers and employees of an industry have friction, but if each side has a disposition to make compromises and concessions, they are likely to avoid any strike. Labor difficulties are created by capitalists and wage-earners who will make no concessions.

It is just the same with international quarrels. They are created when the statesmen of the various countries refuse to make concessions to each other. They show an uncompromising spirit that makes trouble anywhere it is manifested. Husbands and wives, parents and children, employers and employees, have to see each other's point of view, if they are going to work together harmoniously and avoid trouble.

When the statesmen of any nation take the position that they will consider the interest and rights of that nation alone, and will not give any consideration to the interests and rights of other nations, then they pursue a course that leads straight for trouble. It may not lead directly into war, but it creates those antagonisms in which the war-making spirit grows, so that a war may be finally provoked by some relatively unimportant incident.

**A HEALTH UNIT**

The idea of a public health unit for Ottawa County has met with so much favor among thinking and respected citizens that the supervisors should not let it die in the hands of the public health committee. The plans of such people as Mrs. G. J. Diekema, William Hutton, and many distinguished health leaders can hardly be ignored. Both public and private agencies are willing to assist the county in establishing the unit; obviously, they would not do this if they doubted for a moment the wisdom of spending money on the project. Public health is too important to be made the object of politics and dickering.

On the other hand, every board of supervisors is acting with caution this year. The budget must be in keeping with the citizen's pocketbook, and the financial bag will hold only so much game. Still, it must be remembered that while wealth has decreased in one sense it has not in another. That is to say, the cessation of activities has had an effect upon newly created wealth, but has in no way decreased actual wealth. The supervisors can set some of this idle money in motion. When they curb the road funds, decrease this, pare off that, they are saving the rich taxpayer but little and the poor taxpayer practically nothing—the latter could not meet the situation, probably, no matter what the taxes were. And incidentally, the poor taxpayer is often benefited when government machinery is set in motion by the starting of projects.

Therefore, it would seem that the supervisors would do well if they would spend every cent they can—and especially where the health of the country's citizens is concerned.—Grand Haven Tribune.

**HAMILTON**

Mr. John J. Van Dyke, age 69, died early Sunday morning at his home in Hamilton after a lingering illness. He retired from active farming about two years ago. Van Dyke, who was born in the Netherlands, came to this country when he was 20 years old. The deceased is survived by his wife and the following children: Mrs. R. Haakma, Hamilton; J. Van Dyke, Holland; Mrs. R. Riemersma, Zeeland; R. Van Dyke, Hamilton; Miss Johanna Van Dyke, Hamilton; Ted Van Dyke, Holland; Jake Van Dyke, Holland; and George Van Dyke, Hamilton. On brother, George, lives in Grand Rapids, as do two sisters, Mrs. S. Van Dyke and Mrs. R. Van Dewoud. Funeral services were held Wednesday afternoon at 1:30 o'clock in the home and at 2 o'clock from the Hamilton Reformed church. Rev. J. A. Roggen and Rev. L. Van Laar officiated. Interment took place in Holland cemetery.

**Mr. Rockefeller Builds The Bull Is Honest Are We Turning Cheese? A Troubled World.**

On January 1 John D. Rockefeller, Jr., will begin construction of his great civic center in the heart of New York.

A good business man, he probably wants some income from the property, for which he has been paying ground rent to Columbia College at the rate of \$3,000,000 a year.

The younger Mr. Rockefeller devoting time and energy to building, to admirably useful restoration of ancient, priceless buildings, and to construction of a great center in New York, reminds you of the Medici family, of whom the founder strongly resembled John D. Rockefeller, Sr.

The older Medici made money, organized commerce.

The younger generation spent the money employing Michael Angelo, Raphael and others.

Mr. Sidney Franklin, born in Brooklyn, and perhaps possessing ancestors that lived 3,000 years ago on the Island of Crete, went to Spain, became a bull fighter. Now he goes into vandervell, safer than the bull ring, and says bull fighting is absolutely a "fair, honest, pure" sport, because "no way has been found to bribe the bull." In that respect, bull fighting is unlike prize fighting.

The extremely able Manchester Guardian, Great Britain's most solemn and substantial newspaper, worries about us. The editor thinks our gangsters are of the same breed as Chinese bandits, and "our civilization is failing."

Let us hope that the Manchester Guardian is too gloomy. Our gangsters shoot each other. Chinese bandits don't do that.

"Chinese bandits kidnap women, cut off a finger or an ear, and send it back with a request for cash. Our gangsters have not adopted that method."

Troubles all over the world. In Spain, students burn a picture of the king, and Berenguer, prime minister, closes the University of Barcelona.

Before burning the picture, the students cut out the head, mounted it on a pole and paraded the streets with it.

That is a mild but unpleasantly accurate imitation of French revolutionists. They cut off the head of a public official that advised peasants to eat grass if they had no bread. The mob stuffed the dead youth with grass, put the head on the end of a pole, and paraded with it.

A strike in the Edison factory at Orange, N. J., was necessary, perhaps, if it be a fact that wages were reduced.

But any workman knowing what Edison has done for workers must find it hard to call a strike against him.

Thanks to Edison, millions are at work all over the world at good wages, and millions live in comfort unknown before Edison's work began.

However, he is eighty-three years old, a philosopher, and knows that the one thing not to be expected is gratitude.

Mussolini greets and thanks Americans honoring the name of Virgil, which emphasizes the difference in age between this youthful country and Mussolini's.

The direct descendants of Virgil's race in Rome, Mantua and elsewhere, are celebrating the two thousandth anniversary of his birth.

A powerful race is that of Italy, and Mussolini is as strong in will and execution as any of the Caesars.

If anybody asks "How long will the depression last?" reply "How long does a cold in the head last? It depends on how you has the cold, how much of a cold it is, and what you do after you get it."

This country is rich and powerful enough to throw off this chill of depression, and anyhow it is comforting to know that even a heavy cold does disappear.

Kingsford-Smith sets a new flying record, flying from London to Alhabad, India, in five and a half days.

Airplanes may crash and dirigibles break in two, but fliers are not discouraged. The history of man has been one of unconquerable effort. That's why he rules the earth, and all earth's inhabitants except the microbes.

Bears "That destroy public confidence" by selling short in Wall Street, have been told to firm language to "stay off" and have lain off. The stock exchange wants no quarrel with the Department of Justice, no investigation of sacred Wall Street accounts.

The old statement that bears and short selling are necessary to make business good and active seems borne out by the dullness of the market and the falling prices.

Dinosaur eggs found originally in Tibet have been discovered in America. The "hen" dinosaur that laid them was about eighty long. Standing up she could look over tall trees.

These strange animals of all sizes once covered and apparently dominated the earth. Some carnivorous, lived on the others, peaceful vegetarians.

MISS MILLER LEAVES

Miss Mabel Miller, who has been superintendent of the Holland hospital for the past 12 years, has left this city and is now visiting her brother in Hastings. She is no longer connected with the city hospital. Miss Miller was connected with Butterworth hospital at Grand Rapids. M. McLean, head of the Holland hospital board, stated that her work has been uniformly satisfactory.

Miss Rena Boyen, assistant superintendent, will have supervision of the institution until a successor has been chosen by the hospital board.

**NOT ALL THE CARP ARE CAUGHT IN BLACK LAKE**

The Department of Conservation and those working under the direction of its officers or under contract with the state, removed 56,859 noxious fish from Michigan waters during the past season, showing that not all Michigan carp are caught in Black Lake.

A report issued by the Fish Division of the Department today shows 56,859 of the various noxious species removed from inland waters. This number is more than twice the record for 1929 when 26,636 were removed.

More than half of the noxious fish removed were carp. The report shows 34,981 of this species removed during the past year as compared with 11,341 in the 1929 season. Other noxious species included in the report are dogfish, garfish, etc.

Noxious fish are removed from Michigan Waters under three systems. Contracts with individuals who use seines and trammel nets. Departmental employees who use gill nets and seines. Sponsoring under the supervision of conservation officers.

**An Open Letter and Appeal to the "Big Hearts" of This Community**

Holland, Mich., Oct. 20, 1930

For several months past you have been hearing about a COMMUNITY CHEST for Holland. COMMUNITY CHEST means simply one central place into which is gathered all funds necessary for the support of whatever charities and other organizations dependent upon public giving which the community feels are worthy of support or which the community feels it is able to support. To provide such a fund or CHEST, a campaign of publicity, setting forth the needs of the various agencies, and solicitation is put on once each year in which the whole community is asked to take a part either through active committee work or through hearty co-operation with the active workers.

HOLLAND NEEDS A COMMUNITY CHEST and it has been decided that this is a good year to inaugurate the movement because charitable needs are greater than usual. For this first year of our COMMUNITY CHEST campaign the Committee having the matter in charge has listed the following as the most worthy of our support:

1. The American Red Cross.
2. City Mission (Miss Churchford's organization)
3. Boy Scouts—Sea Scouts
4. Civic Health League
5. Camp Fire Girls
6. Contingent Fund (City Mission Christmas Baskets)
7. Administration Fund

1. The American Red Cross is an organization ever ready in case of pestilence or disaster to lend first-aid. Its support is dependent upon memberships and other contributions. Each year in the past a nationwide membership campaign has been put on and this community has for many years been a part of that campaign. Our quota to this cause for 1931 is \$14,000.

2. City Mission: Miss Nellie Churchford. The splendid work of Miss Churchford and her organization requires no comment. Her need for 1931 is \$4,000.

3. Boy Scouts—Sea Scouts. These organizations have found a permanent place in our national life and in the building up of character and good citizenship stand on a par with the school, the home and the church. Their need for 1931 is \$5,726.73.

4. Civic Health Committee. This organization is sponsored by the Woman's Literary Club. It has done and is doing a most worthwhile service in our community, especially in the Chest and Baby Clinics and to help foster the various health activities in our community. The budget for 1931 is \$1,750.

5. Camp Fire Girls. The Camp Fire Girls are attempting to fill the same organized need for girls as the Boy Scout movement is doing for boys in character building, health promotion and good citizenship. The Camp Fire Girls' budget for 1931 is \$1,000.

6. Contingent Fund. (City Mission Christmas baskets). This fund needs no comment, \$2,000.

7. Administration Fund. The distribution of all moneys collected by the CHEST is to be made by a committee of three men consisting of the Cashiers of our three Banks, and the clerical work in connection with the collection of subscriptions is to be handled by the Chamber of Commerce. It is estimated that the printing of necessary blanks, envelopes, postage and clerical hire will cost approximately, the first year, \$1,000.

The total budget, therefore, for 1931, amounts to \$16,876.73. Subscribers to the CHEST are privileged, of course, to designate how they wish their gifts proportioned. Subscriptions received without instructions as to distribution will be pro-rated among the several agencies. In case of over-subscriptions to any one cause the excess amounts will be carried over until next year.

To raise this CHEST fund a committee of seventy-five (75) busy men and women is being organized, all pledging themselves unselfishly and enthusiastically to lay aside their regular duties on Wednesday and Thursday, October 22nd and 23rd, and in these two days get the job done and out of the way.

These people will work in committees of two and you can do your share by being ready for them when they come.

Holland has never failed to care for her charities and the organizations which mean so much in the uplift effort of our community. Holland will not fail now!

Won't you please take your part in this worthwhile campaign by giving prayerful thought to it in advance of a Committee's call upon you on October 22nd or 23rd? If you should not be called upon, or if you are to be away on these two days, and you wish to make a subscription, please telephone to or call at any of the Banks or the Chamber of Commerce office and your subscriptions will be taken.

Remember, it is during times like the present when giving counts for the most and every citizen of the community is invited to give. Remember, too, that there will be no other campaigns for funds endorsed by the Community Chest Committee until another year rolls around.

COME ON—friends and neighbors—we all know the necessity of the job—let's get it out of the way as quickly as possible.

Sincerely,  
COMMUNITY CHEST COMMITTEE  
A. Leenhouts, Chairman  
Wm. C. Vandenberg, Campaign Chairman

**LOWER MICHIGAN RICH IN MINK**

It is estimated that the take of mink must have been near 30,000 for the year and the 1928-1929 mink crop must have brought something like a quarter of a million dollars to the trappers.

As roughly indicated by the post office addresses of the trappers, less than two per cent of the mink pelts came from the upper peninsula; about 23 per cent came from the lower peninsula north of Townline 16.

**COUNTY CLERK WILDS HAS DEER HUNTING LICENCES**

As the 1930 deer hunting season is approaching the Conservation Department is mailing out hunting licenses to the various county clerks and other license agents through the state. County Clerk Wm. Wilds of Ottawa already has his license blanks.

Anticipating a larger demand than ever, the Department this year is issuing 85,000 resident licenses, 15,000 in excess of the number issued in 1929 when agents ran short and in several instances were forced to give unused non-resident licenses to resident hunters.

The resident deer license button this year is red with a black background and border. The non-resident license is purple.

Mrs. R. De Vries accompanied by her daughter, Mrs. J. Jonker, and Mrs. Maurice Schepers of Holland visited relatives at Town Line last Wednesday.

**DIMMENT AND WICHERS HONORED BY HOPE ALUMNI**

Retiring president of Hope college, E. D. Dimment, and president-elect Wynand Wichers were signally honored Friday night with a dinner given under the auspices of the alumni of Hope college together with many friends. Nearly two hundred gathered at the church parlors where the ladies of the church were in charge of the refreshments.

Cornelis Vander Meulen, president of the Holland alumni, presided and Prof. Paul Hinkamp of Hope College was toastmaster of the evening. The men who spoke included Mr. Vander Meulen, Mr. Hinkamp, Mr. C. M. McLean, Dr. T. J. Blekkink, Wm. Rottschaefer, Dr. S. C. Nettinga, president of the Western Theological Seminary, George Pelgrim, and others.

All expressed appreciation of the wonderful work done by the retiring president, enumerating many of the outstanding features including the building of the new chapel. To Mr. Wichers they accorded their fullest co-operation. Both men were visibly affected by the splendid tributes paid them and made short responses.

George Pelgrim, for the alumni of the Holland club, presented Dr. Dimment with a green leather chair as token of respect and friendship.

The Holland Chamber of Commerce is sponsoring plans for two big projects, one for civic beauty and the other of genuine interest to the farming community of western Michigan.

Secretary Charles A. Gross has been advised that Paul B. Krone, special landscape artist of Michigan State college, will be in Holland Oct. 27 to give some valuable suggestions covering the planting of bulbs in the beautification of gardens as a setting for the annual tulip time festival. It is planned to organize a garden club with the initiative taken by the Woman's Literary club with the co-operation of florists and gardeners. This project, it is believed, will enhance the popularity of Holland's May festival to a greater attraction than the first event celebrated this year.

The program for the farmers institute is rounding into form and promises to be the biggest event of its kind ever held in Holland. The institute will be headed by County Agent C. P. Milham and projected by the Chamber of Commerce, Michigan State college and the Holland Merchants association. Speakers booked are: A. R. Anthony, head of the dairy department; J. A. Hannah, poultry department, and Dunn Hootman, horticulture department, of United States Chamber of Commerce, Chicago, and Representative Fred F. McEachron of Hudsonville. The institute will be held in Holland Armory, Dec. 10, with three sessions. Free dinner and luncheon will be served. Henry A. Geerds has been elected general chairman.—G. R. Press.

**KILLING DEER OUT OF SEASON MEANS TROUBLE FOR THE "DEERSLAYER"**

A deer killed out of season meant a lot of trouble for five Montmorency County men. Two have appeared before the Circuit Court after having been convicted in justice court of making use of an automobile to hunt and kill a deer, one has paid a fine of \$50 and \$11.55 costs for the same offense and two have been fined for possession of venison. William Favel and Fred Harris, convicted in justice court of killing a deer out of season were sentenced to pay fines of \$50 each and serve 30 days in the county jail. Charles Allen, convicted of killing a deer out of season paid a fine with costs aggregating \$61.55.

**Olivet Meets Hope Football Men Saturday**

"Homecoming," a golden word in football vocabulary. With signs and promises of homecoming on all sides, the Hope college football team is preparing for the greatest of all games of the season, that with Olivet Saturday. Preparations will bring one of the strongest groups of gridders in their history.

This season a new era begins in athletics at Olivet. Last spring Joe Truskowski, a brilliant athlete from the University of Michigan, was signed as head coach in football. "Truck," as the Wolverine captain was called, has made a group of star-gazers into a football team of strength.

Olivet has a team that boasts of several veterans of last season. That statement in itself should set the enthusiasm at a high pitch, as the southerners eked out a victory over us last fall by the narrow margin of 8-7.

A comparison of previous scores is what sport writers term as "dope." The "dope" on the Hope-Olivet game is confusing. Albion defeated Olivet 25-0 last week, while the Methodists found it hard to trim us 15-6. However, Alma defeated Olivet 21-6 and won by a 13-6 margin over Olivet.

In the two conference games this fall, Hope has shown power that exceeded that of any eleven under the orange and blue in the memory of the writer. The offense was strong as shown by the fact that a touchdown was scored on Albion and Alma, the two best teams in the circuit. The defensive play has not been up to standard, but the boys have had numerous injuries that continue to change the lineup.

Coach Jack Schouten is sending the fellows through tough drills this week, both physically and mentally, and the homecoming crowd will be proud when they see the eleven that gave the two conference favorites tough battles.

The lineup for the game will not be known until Saturday. Here's an estimate that may be accurate: Ends, G. Wiegink and Meengs; tackles, Wyngarden and Zwemer; guards, Norlin and Painter; center, Brunson; quarterback, Dalman; halfbacks, Fox and Slighter; fullback, Tyse. Others that may start or will get into the game are Beaver, Juist, Leenhouts, Frisema, Foling, Van Hattuma and Oosting.

**An Indian Cavalry Riding School**

I JOINED my new regiment, a crack Indian cavalry unit, at Rawal Pindi in the Punjab. I still have unpleasant memories of my first morning in the riding school.

A good looking chestnut Indian horse had been allotted to me, which my Indian scribe, or groom, led into the yard of my bungalow. Not having done any serious riding for years, I was dismayed to see the animal had neither saddle nor stirrup and only a single rein. Mounting as best I could, my grave faced trooper led the way to the riding school. This consisted of a large tract of sparsely covered grass land, one section of which resembled a steeplechase race track, with thirty or more jumps of every size and description set in a huge oval.

Away to the right a squadron of my new regiment was executing a drill movement at the gallop. The sight of those turban-headed, khaki-clad figures, and the dull gleam of their lances, gave me a thrill of anticipation. Towering in the background lay the mighty Himalaya mountains, purple tinted in the early morning light. We approached two mounted British officers, one of whom was my colonel. I felt strangely insignificant as I saluted.

Without comment, the colonel, pointing to a mud wall jump about thirty yards away, suggested that I drop my rein, fold my arms, grip with my knees and demonstrate my riding and jumping abilities. I can frankly say that this was one of the worst moments of my life, but worse was soon to follow. My ears and neck must have been the color of beet, for I was conscious of the poor figure I cut, as striving desperately to keep my balance, and gripping frantically with my knees. I made for the wall. I do not know to this day whether I or my horse reached the other side first. Suffice it to say that we landed separately, and I dragged my head out of the dust to find my steed a dozen yards ahead of me. His neck craned round in my direction and a plying look in his eye which seemed to say "we all expected that."

At my second attempt, we rose for the jump. I learned the undoubted use of a horse's neck in an emergency. I must have been a pitiful sight for a cavalry officer, with my arms tightly clasped around my animal's neck and my legs dangling aimlessly in midair. The colonel and his adjutant had remained to watch my lamentable exhibition of horsemanship and appeared to enjoy my mortification. It may be that my horse was touched by the affectionate nature of my equine for at the third attempt he surmounted the obstacle with the aid of my company.

GRIFITH FINDS VOICE POWERFUL FACTOR IN ACHIEVING RESULTS FOR "LINCOLN"

Screen's Master Craftsman and Enthusiastic Champion of the Talking Picture Claims Latest Screen Spectacle Greatly Aided by Use of Sound

Talking pictures have their boosters and knockers among the millions of motion picture fans throughout the country. But a purely professional point of view, the speaking single impetus to the screen since the nickelodeon gave way to the modern picture palace costing millions of dollars.

One of the greatest boosters of talking pictures is D. W. Griffith, the pioneer United Artists producer-director, who is responsible for most of the screen reforms of today and whose "Abraham Lincoln" is scheduled to open at the Colonial theater next Wednesday, October 29. History records that he made the first attempt to commercially popularize screen dialogue when he employed the Kellom process nine years ago in vocalizing "Dressed Street."

"If talking pictures accomplish nothing more than recreating for us in sight and sound the world's greatest historical moments," says Griffith, "they will have done more for education and the preservation of culture than any other invention since the birth of type."

"Dialogue makes 'Abraham Lincoln' a more human and sympathetic document than a thousand reels of silent film could have made it. Some will point to 'The Birth of a Nation' and say that it was human despite its lack of sound. Pride of creation forces me to agree with this contention, but only in part. How can I say that it would not have been greater if we could have heard Lillian Gish and Henry Walthall speaking their lines?"

Recently Herm Brower celebrated his eightieth birthday. The following poem was composed by one of the relatives for the occasion:

For many years of toil and strife,  
With poverty and sickness rife,  
Long laboring amid storms and trees,  
You've slipped away by degrees,  
Off to the land of the living,  
You've reached the goal of eighty years.  
If simply sought for earthly bliss,  
Then surely it has been amiss,  
For all of earth's possessions here,  
You're not repaid for all the care;  
For all life's worries and ails,  
It has not brought much joy to you.

But something more has been your share  
Thru all the seasons, foul and fair,  
For children came your love to claim,  
As they grew their children came,  
And so for generations there,  
You've trundled each upon your knee.

And each and all their share they took  
And none of them you ever took  
And neighbors, friends and other kin  
As they grew their children came,  
For, after all is said and done,  
The more we live, the more is won.

This is the rule of Holy Writ,  
There is not one it does not fit,  
For love and sympathy, and kindness, too,  
These are the things that make us true,  
And all the things in life worth while  
By these are blessed full many a mile.

And now on this most festive night  
We come to share in our right  
By getting and by giving, too,  
This small memento it is for you.

Our sisters long have gone away  
But they cannot be here today,  
But each is remembered here  
By oldest son by them held dear:  
Old brothers all in number four,  
Have come in here by your back door,  
Perhaps 'twas a surprise attack  
But he's not scared, we shall not back,  
We've brought some stinking old us  
At least tonight let's all be glad  
For many were the times we've had.

Now you have done your share of toil,  
Let others plow and till the soil,  
And rest at times while others mow,  
And rake and feed and reap and sow,  
Put on these slippers and ease your feet,  
When you sit down your friends to meet  
And when to church or store you walk  
Just use this staff and let them talk.

BABIES' SHOES

A baby does not need shoes until walking time. Shoes put on before then, generally for appearance, do more harm than good. The first walking shoes should have flexible but firm soles, unpunished, preferably slightly buffed, and broad enough to be a steady platform under each foot. Very soft soles curl and make more difficult the baby's task of learning balance. Stiff soles and hard soles are also to be avoided. The toes of the uppers should be full or puff, not flat and cramping to the toes.

MAKE HUNTING GROUNDS ACCESSIBLE TO AUTOS

A public parking place for cars and landing ground for boats, giving direct and permanent access to the state owned marsh in Wildfowl Bay will be provided through action taken by the Conservation Commission at its September meeting.

The Commission has authorized the Game Division to proceed with the purchase and development of land on which an option has been secured. This land lies along a public highway and extends from the road to the meander line of the Bay. A little clearing and grading will provide parking space on high ground for 50 or more cars and by cutting a small channel from the water into the shore lands, a good landing place for boats will be provided.

It has been necessary in the past for duck hunters to trespass on private land in order to reach the marsh.

THOSE COLLEGE PROFESSORS

The professional pastime of asking foolish questions has captured the imagination of the Oriental mind. Professor Tomio Motose, a Japanese scholar, graduated from Oxford university, finds as the result of a unique questionnaire that Americans are a profane people.

He found this out by stopping 806 people on the streets of different American cities and suddenly asking them why they did not walk straight. He reports: 156 said nothing but looked frightened or puzzled. 220 just smiled and walked away hurriedly. 87 argued they were walking straight.

25 waved their hands and otherwise indicated he must be nuts. Which probably proves that the 87 really could not walk straight under the loads they were carrying and that the 25 were pretty good guessers.

Local Divine In Life Prepares For Death

FUNERAL OF REV. LUMKES OCCURRED YESTERDAY FROM FOURTH REFORMED CHURCH

Rev. John M. Lumkes, age 67 years, died at his home in Holland at 26 West Nineteenth street after a lingering illness caused by cancer. The funeral was held at 1:30 from the home and at 2 o'clock from the Fourth Reformed church, Rev. H. Van Dyke and Rev. Wm. Wolvius officiating. Rev. P. Van Gelder, speaking in Dutch, and Dr. S. Vander Werf, speaking in English, conducted the final rites at the grave in Rest Lawn cemetery. Rev. Lumkes was declared pastor emeritus in 1929 at a session of classic held at Holland, Nebraska, illness being the cause of his retirement. He immediately went to Mayo Brothers hospital at Rochester, Minn., for observation and the medical authorities there pronounced his case as malignant cancer. Knowing that the disease was incurable, Mr. Lumkes decided to spend the remainder of his days in Holland, Michigan, moving to Central Park in the fall of 1929. He later moved to the city and up to the time of his death made his home at 26 West Nineteenth street. Dr. Lumkes was a patient sufferer but he felt, however, that with God's sustenance he could go through untold suffering. Dr. Lumkes was ordained in the ministry on May 1930. He was married to Mrs. Ida Kite of Grand Haven and the couple left immediately for their field of labor, which was the Sixth Reformed Church at Grand Rapids.

Rev. Lumkes, while in Holland, delivered 450 sermons, married 20 couples, and baptized 70 children. However this was only in Holland, for it is rather interesting to note that he baptized 900 children, that he occupied the pulpits of 163 different churches, that he preached the sermons at 200 church funerals not including a large number of private funerals. Rather a strange coincidence is found in the fact that Mr. Lumkes delivered 5206 sermons during his ministerial career and that of this number his last sermon was delivered at the Fourth Reformed church of Holland on March 9, 1930, and his many friends and former parishioners crowded about him after the sermon stating that he was as full of power and vigor as 20 years before. But a few hours later he was taken by influenza which aggravated a cancer affliction from which he was already suffering and thus it proved to be his last sermon.

Mr. Lumkes was a forceful preacher and wherever he spoke he was well received and many came to hear him. Mr. Lumkes had made arrangements for his funeral before he died. Pallbearers were selected from six friends in a former pastorate at Alsos, Wis. He selected Rev. H. Van Dyke and Rev. William Wolvius to officiate at the church and Rev. J. F. Heemstra of Hudsonville at the home.

Mr. Lumkes was born in The Netherlands and came to America in 1888. A few months later Rev. P. A. J. Bouma, pastor of the Reformed church at Clifton, N. J., a classmate in the schools in The Netherlands, came to America, and they enrolled in Western Theological seminary, receiving their diplomas in 1890. Mr. Bouma still is in active service.

Mr. Lumkes is survived by his wife and three children, Dr. William Lumkes, Chicago; Mrs. Ruth De Velder, also of Chicago, and Mrs. Theresa Frances Hansen of Sheldon, Iowa. Three brothers and one sister living in the Netherlands also survive.

Following the reception a short program was enjoyed under the supervision of Mrs. L. N. Tyner, President of the Past Matrons' club. After community singing, Mrs. Snow and Miss Sarah Lacey played three beautiful piano duets; Mr. Arthur Van Duren read telegrams and letters of greetings from other chapters in the state, and Mrs. Tyner read a group of E. Guest's poems.

Mr. Vander Ploeg on behalf of the chapter presented Mrs. Stanaway with a lovely overnight bag and to Mrs. Royal, Grand Adah, he presented a basket of "Mums." Mrs. Buss, Matron of Holland Chapter, brought greetings from Chapter 429 and presented Mrs. Stanaway with a basket of beautiful "mums," to which both Grand Officers responded graciously.

Refreshments were served on fourth floor. Guests were present from Fennville, Grand Haven, Spring Lake, Coopersville, Shelby, and Chicago, and Holland Chapter 429.

Harvard scout at Columbus, O., last week saw little, two long passes for touchdowns. Michigan kept the remainder of its plays under cover. Kipke is hoping that Illinois can be beaten the same way. Only one other future Michigan opponent will be scouted this week. Jack Blott will watch Chicago in its intercollegiate tussle with Mississippi.—G. R. Press.

TINY SHIP IS FOUND NEAR PENTWATER

The little ship set to sea by Carl E. Anderson of the Ottawa Manufacturing Co. of Spring Lake on Sept. 26, 1930, has been found by B. J. Arelket of Mears, Mich., and today Mr. Anderson received a notice telling of its find.

The little steel ship was picked up about four or five miles south of Pentwater on the shore of Lake Michigan. The boat was in excellent condition with the exception of a broken mast. ZEELAND WILL INAUGURATE UNEMPLOYMENT SURVEY TO PLAN FOR WINTER

During the coming week, or possibly two, Zeeland city will inaugurate a community survey to determine the employment situation here and to study relief methods for the coming winter in case it is found such relief is necessary. There is a great deal of talk about unemployment and some of it is founded upon a false basis. It should not only determine the unemployment situation, but it should ascertain whether these unemployed are likely to become destitute because of it. There is little doubt but that employment can be provided by united effort of every one that possibly can lend a hand. No definite plans have been announced but we hope to give more details on this in our next issue.

GRAND RAPIDS FUSSING  
WITH THE TIME AGAIN

The issue of all-year or a longer  
period of daylight saving time will  
be submitted to the electors of  
Grand Rapids next spring.

A straw vote will be taken at the  
March primary to determine  
whether a majority desires the  
eastern time schedule throughout  
the year. If this fails, according to  
present plans, the commission will  
submit at the April election the  
question of whether daylight time  
should be extended from the last  
Saturday in September until the  
last Saturday in November. At  
present the eastern time is used  
from the second week in April  
through the last full week in Sep-  
tember.

Petitions bearing hundreds of  
signatures have been filed with the  
commissioners for a change in the  
schedule.

Mystery Car  
May Be Clue To  
Store Robbery

Sheriff's Officers Hunting Informa-  
tion on Car Without Lights  
at Allendale

Sheriff Steketee's men are still  
seeking clues in the Wolbrink store  
robbery in Allendale which was  
pulled off about a week ago. The  
lot included a great number of  
articles usually carried in a general  
store, among which were suits of  
clothes, overcoats, shoes and other  
articles of clothing. There were  
evidences that the overcoats, shoes  
and clothing was selected to fit the  
needs of the robbers themselves,  
and it is likely the burglars took  
time to fit themselves.

The total amount of the loot will  
run to around 300, it is estimated,  
and it is likely that much of it will  
be disposed of to "fences," as it  
could hardly be turned into money  
any other way.

Several residents of Allendale,  
whose homes are in the vicinity of  
the store have reported seeing a  
mysterious car in the village at  
about 2 o'clock Wednesday. The  
car, which was a Ford, was without  
lights of any sort and kept cruising  
about the village for some time.  
No one was able to spot the license  
number, however. One young woman  
who was unable to sleep that  
night saw the car from her window,  
but was not able to give the  
officers information which might  
lead to identifying it.

There is very little doubt but  
the mysterious Ford was the robbers'  
car and that the loot was carted  
away from the store in it.

SHERIFF SUCCEEDS IN  
GETTING BOYS' NAMES

Three 17-year-old boys who gave  
their names as Ray Johnson and  
Frank Winslow of Waterbury,  
Conn., and Robert Jackson of War-  
ren, Ohio, were picked up a few  
days ago by the Holland police for  
stealing three bicycles in Zealand.  
They were given 30 days in the Ot-  
tawa county jail and Sheriff Steketee  
has succeeded in getting the  
right names out of the boys.

The lad who gave his name as  
Johnson was found to be Bruce  
Tozer of Flint, Mich. Winslow's  
real name is Leslie Hart and is  
from Grand Rapids. Jackson con-  
fessed to be Winston Bench also of  
Flint. Sheriff Steketee is getting  
in touch with the boys' parents  
and authorities in Flint and Grand  
Rapids and if the boys are not  
wanted at the Industrial School in  
Lansing and if they are not ac-  
cused of any more crimes they will  
be returned to their parents at the  
expiration of their 30 day sentence.

The Students' Guide, a manual  
which appears annually to serve as  
a book of information concerning  
the residence of students both  
while in the city of Holland and  
when at home, will be out in a few  
days. Copies will be handed gratis  
to all students as well as faculty  
members. The book this year is  
compiled and edited by Paul Brou-  
wer and Coert Rylaarsdam.

Miss Masselink  
Elected By S.G.A.  
As Its President

The Senior Girls' Association,  
more popularly called the S.G.A.,  
is a thing of the present. At a  
tea given last Thursday afternoon  
at Voorhees Hall, the female con-  
tingent of the Senior class formally  
organized. Lady Grace Masselink  
was chosen as President and the  
other officers of the Secretary-  
Treasurer, will be taken by Esther  
Mulder.

In accordance with what has  
become an unusual custom, the first  
meeting was called by Mrs. Durfee  
and she proved to be an excellent  
hostess. She told of the rules of the  
S.G.A. and then in an informal  
manner went on to discuss the pro-  
fessions, teaching and otherwise,  
which the Senior girls could enter  
next year. She cited several exam-  
ples of Hope College girls who had  
made successes in the different  
lines and told many interesting ex-  
periences they had had.

The first S.G.A. was held in 1922,  
even before Mrs. Durfee hinted the  
formation of the H.K.K. Its meet-  
ings are held once every month and  
are entirely of the social nature  
and usually include a dinner pre-  
pared by a committee of the girls.  
The next meeting will be held at  
the home of Mr. and Mrs. Charles  
McLeans. It is assured that the  
Senior dignity will be upheld now  
that the H.K.K. and S.G.A. are  
active organizations.

of J. H. Bone, died Saturday at

MARRIAGE OF FORMER  
HOLLAND GIRL  
IS ANNOUNCED

Mrs. Edna Reeve Mulder of Chi-  
cago announces the marriage of her  
youngest daughter Miss Eolyn Do-  
lores to Mr. Henry Maldaner of  
Chicago. The marriage took place at  
St. Paul's church, with the Rev.  
Charles Hull officiating. Mr. Theod-  
ore Maldaner, a brother, was  
groomsman and Miss Helene Mul-  
der acted as maid of honor. After  
the marriage a dinner was served  
to several guests present at Rogers  
Park Hotel and the happy couple  
left on a short wedding trip to  
Milwaukee. Miss Mulder is a Hol-  
land girl, is a graduate nurse from  
Blodgett hospital, Grand Rapids,  
but for a number of years has been  
occupied as a trained nurse in Chi-  
cago and to a great extent has been  
doing welfare work in that city  
and her services have been in great  
demand. She is a grandchild of Mrs.  
L. Mulder of Holland and a much  
beloved niece of your editor, Mr.  
Maldaner is an expert accountant  
in one of the large brokerage offices  
in Chicago.

Several residents of Allendale,  
whose homes are in the vicinity of  
the store have reported seeing a  
mysterious car in the village at  
about 2 o'clock Wednesday. The  
car, which was a Ford, was without  
lights of any sort and kept cruising  
about the village for some time.  
No one was able to spot the license  
number, however. One young woman  
who was unable to sleep that  
night saw the car from her window,

The value of the fruit handled on  
the Benton Harbor market during  
the week from September 8 to Sep-  
tember 12 was the largest of the  
present season and the number of  
packages offered for sale also broke  
former records for this year. There  
were 445,349 packages of fruit and  
vegetables sold at a price estimated  
at 466,612. The increase in the re-  
turn was due largely to the large  
number of grapes that were mar-  
keted, with the large number of  
apples, and a few peaches which  
were brought in from the north to  
be sold on Michigan's biggest mar-  
ket.

Big Parade To  
Be Staged Fri.  
Evening At 7:30

MANY HOPE ALUMNI ARE EX-  
PECTED TO RETURN TO  
ALMA MATER

The final plans for the third an-  
nual homecoming have been com-  
pleted. The big parade at seven-  
thirty Friday, the 24th, opens the  
activities. There will be a great dis-  
play of originality and color. The  
men's fraternities and the various  
organizations will display a great  
amount of individuality in design  
and treatment of color in the de-  
coration of their houses and floats.  
To the best float a prize will be  
given. The parade will assemble  
on Twelfth street, near College  
avenue, and after parading through  
the main streets of town will wend  
its way to Carnegie Gymnasium,  
where a huge mass meeting will  
take place. There has been devised  
an entirely new mode of leading  
the mass cheering and singing.  
Even glee club members will for-  
get themselves. Following a short  
program which will be a riot of  
fun and laughter, the student body  
will gather around a bonfire, col-  
lected by Frosh. More cheering and  
pen talks will be given by the fire-  
side to prepare for Saturday's  
game.

At two-thirty the Hope team  
meets Olivet. Everyone will be  
there with canes, colors and pen-  
nants. After the game the alumni,  
student body and guests are in-  
vited to a coffee "klutch," to be  
held at Voorhees Hall. Informality  
in dress is the order of the  
"klutch."

Sunday afternoon at four o'clock  
a special vespers service will be  
rendered by Professor Snow, as-  
sisted by organ students and the  
chapel choir. The choir of seventy-  
two voices will offer a number.

Willard G. Leenhouts post, Amer-  
ican Legion, is sponsoring a mem-  
bership drive with the goal set at  
300. The roster now lists about 200.  
Preparations soon will be made for  
the annual Armistice day banquet  
Nov. 11. Chief interest centers in  
the boxing show to be staged Nov.  
7 in the Armory with Jack Demp-  
sey as referee.

A truckload of bluegill fry was  
received in Allegan Friday and  
planted in Littlejohn, Pike and  
Sheffer lakes under the direction  
of President Harter of the Allegan  
Rod and Gun club.

At a republican banquet given  
Friday evening at the Fountain Su-  
permarket, Dickema was toastmaster  
of the evening. Those on the speak-  
ers committee from Holland were  
Charles McBride, Tom Robinson,  
Earnest Brooks, Al Joldersma,  
"Heinie" Geerds and Ben Mulder.

Senator Van den Berg, Cong. Carl  
Mapes, Wilbur Brucker, candidate  
for Governor, were among the  
principal speakers. More than 600  
attended.

A school of instruction for elec-  
tion inspectors was held at the  
courthouse in Grand Haven Friday  
afternoon. Some 35 inspectors from  
all over the county attended. Wm.  
Wilds was the instructor.

Rev. Stanley Schipper, pastor of  
First Reformed church of Alhena,  
has accepted a call to New Era Re-  
formed church. Mr. Schipper will  
preach his farewell sermon Sunday  
evening, Oct. 26.

Lecture Course  
Reservations  
This Saturday

PEER OF ENGLAND, FIRST TO  
BE HEARD ON SUBJECT, "WHY  
I AM NOT A SOCIALIST"

Dr. Nykerk, dean of Hope col-  
lege, always has some surprises  
up his sleeve, when it comes to the  
Hope lecture course and this year  
is no exception.

The offerings for 1930, it ap-  
pears, have rather a foreign aspect  
and that is well for a change. For  
instance, one of the real treats in  
the course will be the Kremlin Art  
Quintette from Russia. All music  
lovers know that the Russians are  
wonderful musicians. Although its  
people were oppressed for years  
under the terrible rule of Czars,  
followed by unspeakable hardships  
of war and revolution, its great  
composers seem to find expression  
in music only — and such music!  
Through it all a strain of sadness  
flows, indicating that the years of  
oppression have left their mark  
on these people as expressed in  
the plaintive sadness that seems to  
run through it all. "The Volga  
Boatman" has become so popular-  
ized that the production is today  
quite common but whether in Rus-  
sian or in American transcription,  
the plaint of hopelessness and help-  
lessness and sadness is vividly ex-  
pressed in this folk song and much  
of their music is largely that way.

However, the Kremlin folks are  
not the first to appear on the  
course. On Friday, October 31,  
Randolph Churchill, a peer of the  
English realm, will be in Holland  
to open the course at Carnegie  
Hall. He is the youngest son of the  
prominent Churchill family, whose  
father, Rt. Honorable Winston  
Spencer Churchill, P.C., C.H., holds  
a unique position among the  
statesmen of England. Author and  
painter in his spare moments, he  
has held almost every first rank ad-  
ministrative post in many British  
cabinets during the past twenty-five  
years. Chancellor of the Exchequer,  
Secretary for War and Air, Home  
Secretary, Colonial Secretary, and  
First Lord of the Admiralty.

Now to America comes the sec-

ond Randolph Churchill. He has  
charm, youth and eloquence, and  
possesses the gift of oratory in  
which his father and grandfather  
shone. Not yet twenty-one, there  
have been those who have said,  
"What can he know of British and  
world politics?" The answer is sim-  
ple. He is steeped in them, they are  
his life and mission. His life has  
been spent in the atmosphere of  
the British Houses of Parliament,  
listening to the important debates,  
or in constant companionship with  
his father. And, by the way, his  
grandfather was the famous Lord  
Randolph Churchill and he comes  
from a long line of brilliant an-  
cestors, who have made not only  
English history, but world history  
as well.

Then we are to have Roy E.  
Bendall, one of the headliners in  
Redpath's galaxy of prominent lec-  
turers. Mr. Bendall is featuring this  
season his notable new lecture,  
"The Humanness of Lincoln." Mr.  
Bendall also presents a miscellane-  
ous program of impersonations  
and readings. In this popular pro-  
gram he features his impersona-  
tion of Abraham Lincoln.

Everyone likes a mystery play  
and a real mystery is bundled up  
in another offering by the Hope  
Lecture Bureau in "The Perfect  
Alibi." It is said to be one of the  
most thrilling of crime plots in  
which Scotland Yard, London, fig-  
ures quite prominently. No one will  
know, unless he has the Sherlock  
Holmes' power of deduction, just  
how "The Perfect Alibi" will wind  
up.

But what's the use of telling  
more? The course this year is not  
only diversified but unusually high  
class and the mystery story will  
be fully explained after you have  
purchased a course ticket. Have  
them reserved next Saturday at  
noon at Meyer's Music House, and  
present the paste-boards at Car-  
negie Hall on the dates of the re-  
spective offerings.

Come, folks, let's get back of  
Prof. Nykerk's wonderful course.  
The price is very reasonable this  
year. The man who has made this  
course possible for thirty years or  
more, pocketing the losses himself  
when the courses were not support-  
ed and using the money for college  
purposes when the course was not  
in the red — that man deserves  
your support.

Lecture course tickets are now  
on sale and remember reservations  
start at noon Saturday at Meyer's  
Music House.

Milo Sorensen, age 20, of Grand  
Haven, is in custody of the police  
on a charge of carrying concealed  
weapons. When searched, officers  
relieved him of a revolver, gas  
mask, blackjack, a glass cutter and  
other paraphernalia.

The Ottawa County Rural Let-  
ters Carriers association and the  
women's auxiliary will hold their  
meetings Oct. 25 at the home of  
L. Reynolds, carrier No. 4, in Coop-  
ersville. A business session and a  
potluck supper are listed.

**SIXTH REFORMED C. E. SOCIETY TO ELECT NEW OFFICERS**

The Christian Endeavor Society of Sixth Reformed church will hold

a social tonight, Friday, at 7:45 o'clock in the church parlors. A well arranged program will be given. Annual election of officers will also be held. All members are urged to be present.

**MICHIGAN BELL TELEPHONE CO.**

**"We'll be glad to have him, Bob"**

When your husband brings home a friend for dinner, can he telephone so you may be prepared? Or does he take you by surprise when you have only enough chops for the family.

There are many occasions when the telephone is an invaluable convenience: for last-minute shopping—for making

social arrangements—for talking with friends in town or other cities—for making appointments.

A telephone is a safeguard, too. When emergencies arise, you can call the doctor, firemen or police without delay. You can have a telephone in your home for only a few cents a day.

**Some Friendly Advice!**

Q Perhaps you, like many others, often long to meet a friend who could give you some real sound advice on financial matters. Many persons know how to make money but they seem to find difficulty in retaining it. You have seen them right here in Holland.

Q Not a few have placed their hard cash earnings in unfortunate investments. At "first flash" they look fine enough but the results are not so alluring. These folks have neither the time, the experience nor the facilities to investigate or properly safeguard the ventures they go into.

Q If you have any financial problems that seem perplexing we are always ready to advise you and keep you informed. Our officials are especially fitted because of their intimate contact with business conditions and their knowledge of securities to advise you in these matters.

Q Incidentally we might mention that there is nothing as safe as a savings account which has an earning power of 4 percent compounded semi-annually. A savings account is no "frozen asset", but is always available when needed. In these days of flimsy securities one should rather be "safe than sorry" and place his surplus earnings where it is always safe and always available.

## ZEELAND

The quarterly report issued by the two Zeeland banks and the Jamestown bank show the past year better financially than the same period in 1929. The yearly report for 1930 shows a deposit of \$4,317,667 while 1929 report \$4,281,033, an increase of \$36,634. The savings deposits show a gain over 1929, when deposits were \$2,526,655. In 1930 they reached \$2,591,675, an increase of \$65,019. Zeeland State bank, which is celebrating its thirtieth anniversary as a state institution, has increased its deposits in that time 567 per cent.

An agricultural club with 40 members, has been organized in the Zeeland High school under the leadership of Otto Pino, agriculture and zoology instructor in the Zeeland schools. The purpose is to aid the farmers of this vicinity. A survey of both the city and rural sections will be made in order to discover the needs of farmers. Officers of the club are: President, Edward Caball; vice-president, Lloyd Meengs; secretary, Oswald Schaap; treasurer, Gerard Bouma; editor, Gilbert Plasman.

Under leaden skies the East Grand Rapids football eleven edged out a 7 to 0 victory over the fighting gridders of Zeeland high school at Ramona park Saturday.

The only score of the game came early in the third quarter when Hanink, the fast tackle, broke through the Zeeland forward wall and blocked DeVries' attempted punt, the ball striking him in the chest and bounding back toward the Zeeland goal line, where Denham, one of the East Hankens, picked up the leather and galloped the remaining 30 yards to plant the ball under the Zeeland goal posts. He was ably assisted with perfect interference by three other Eastmen who blocked off several would-be tacklers while he continued his jaunt to the goal line uninterrupted.

Both teams played a good defensive game. The ball was in Zeeland territory most of the time. East advancing the ball to midfield only to lose it, whereupon Zeeland kicked the ball back and seemed content to play on the defensive and wait for a break. Zeeland had a chance to score a touchdown late in the last quarter when Boer kicked to the 4-yard line.

DeVries, the Zeeland fullback, played a good game and was the main offensive threat. Goosen, a sub center, played a good defensive game. C. Osborn, Chase and Carpenter were the leading East ball-toters. Hanink, Denham and McMahon played a nice game on the line.

## Lesson for October 26

### SPIRITUAL WEAPONS IN A WORLD WAR

(World Temperance Lesson)

LESSON TEXT—Galatians 5:18-26. GOLDEN TEXT—And every man that striveth for the mastery of the temperance in all things. Now they do it to obtain a corruptible crown; but we an incorruptible.

PRIMARY TOPIC—Learning Self-Control. JUNIOR TOPIC—The Law in One Word. INTERMEDIATE AND SENIOR TOPIC—The Secret of Self-Control. YOUNG PEOPLE AND ADULT TOPIC—Making Prohibition Effective and Permanent.

The lesson topic is not a happy one. The Scripture text chosen clearly refers to the inner conflict going on in the believer. Having been born of the flesh and of the Spirit (John 3:6), there is an unceasing conflict going on between the two natures (Gal. 5:17). The insinuating springing out of the carnal nature cannot be put down by the Law of Moses. Victory can only be accomplished through the energy of the indwelling Holy Spirit.

The committee has further designated it "a temperance lesson." It has a real bearing on temperance in that it shows the only way to destroy the infernal liquor business; namely, to lead individuals to a personal knowledge and experience of Jesus Christ.

Having in Galatians 3 and 4 shown the believer is free from the law as a means of justification, Paul makes practical application of this doctrine as follows:

1. Christian Freedom (vs. 13-15). "It is not an occasion to the flesh" (v. 13).

Liberty is not license. The notion that when one is free from the law he is free from constraint, is wickedly erroneous. License of the flesh means not merely the indulgence of the flesh in actual material sins, but in the expression of a self-centered life (v. 15).

2. By love serving one another (v. 13).

Freedom from the Mosaic law means slavery to the law of love. Love thus becomes the fulfillment of the law—"Love thy neighbor as thyself" (v. 14).

3. Walking in the Spirit (vs. 16-18).

Walking in the Spirit results in: 1. Loving service to others. 2. Victory over the flesh (vs. 16, 17).

The "flesh" is meant the corrupt nature of man expressing itself in the realm of sense and self.

11. The Works of the Flesh (vs. 19-21).

By works of the flesh is meant the operation of the carnal nature. The one who chooses to live according to the impulses and desires of his natural heart will be practicing the following sins:

1. Sensuality (v. 19).

The sins enumerated here, practiced in the sphere of the body, are:

(1) Fornication. Fornication includes all sexual sins in married and unmarried life.

(2) Uncleaness. This includes all sensual sins, open or secret, in thought or deed.

(3) Lawlessness. This means the wanton, reckless indulgence in the shameful practices of the flesh.

2. Irreligion (v. 20).

These acts take place in the realm of the spirit and are:

(1) Idolatry.

(2) Witchcraft or sorcery. This means all dealing with the occult, such as magical arts and spiritism.

3. Sins of temper (vs. 20, 21).

These take place in the sphere of the mind and are:

(1) Hatred. (2) Variance, which means strife and contention. (3) Emulations; jealousy. (4) Wrath; bursts of passions. (5) Seditions; factions in the state. (6) Heresies; factions in the church. (7) Envyings. (8) Murders.

4. Sins of excess (v. 21).

(1) Drunkenness. This means indulgence in intoxicating liquors.

(2) Revelings; acts of dissipation under the influence of intoxicants.

IV. The Fruit of the Spirit (vs. 22-24).

This indicates action in the realm of life. The product of the Holy Spirit indwelling the believer.

1. Love to God and man.

2. Joy; glad-heartedness because of what God has done.

3. Peace with God and fellow-man.

4. Long suffering; taking insult and injury without murmuring.

5. Gentleness; kindness to others.

6. Goodness; doing good to others.

7. Faith; believing God and committing all to him.

8. Meekness; submission to God.

9. Temperance; self-control in all things.

## MEET GRAND HAVEN AT HOLLAND IN NOVEMBER

Wins Over Muskegon Heights by 6 to 0 Score

An inspired Holland high eleven fought its way to a glorious triumph over the Muskegon Heights Tigers on snow-swept Phillips field at the Heights Saturday afternoon, achieving victory by a 6 to 0 margin in one of the most stunning upsets of the season. And it was a well-earned and deserving victory for "Bud" Hinga's proteges. Early in the second quarter they made the most of their only scoring opportunity and thenceforth set up a defense that held the Heights team in check until the end of the struggle.

The Grand Haven Tribune already sees a strong opposing team in Holland when they meet the "County Seater" at Holland in November.

Here is their dope: "One of the most surprising upsets in high school gridiron circles occurred Saturday when Holland High, Grand Haven's next oppo-

nent, defeated Okie Johnson's Muskegon Heights team at the Heights by a score of 6 to 0. The Muskegon bunch was doped to win easily and thus go into a tie with Benton Harbor and the Muskegon Reds for top honors in the South West Michigan Athletic Conference.

"The boys from Holland were not to be denied. Although they did not make as much yardage as the Heights team, when their goal was threatened they held for downs and then punted out of danger. Four times Regezi & Co. got the ball inside the Holland five-yard line and were turned back by a stonewall Holland defense.

"Holland recovered a fumble in the second quarter and after an exchange of punts Holland took the ball on the Heights 40-yard stripe. Beekman, Holland's flashy half-back, carried the ball around his left end to the Heights' 16-yard line. Van Zanden made first down on the four-yard line and after two attempts by Te Roller and Beekman to put the ball over, Van Zanden called on himself again and went over for a touchdown. An end ran failed for the extra point. After that the Muskegon Heights' boys took the ball deep into Holland territory, only to be held for downs.

"Grand Haven will meet Holland at Holland on November the first and it looks like the local Blue and Gold outfit is in for its usual drubbing. Holland has a versatile attack and in Johnnie Good, Coach "Bud" Hinga has one of the best tackle in the state and should count in for mention when the credit mellon is passed around at the end of the season.

## HARBECK, MANUFACTURER AND POLITICIAN OF GRAND HAVEN PASSES

Capt. Herman R. Harbeck, president of the Challenge Machine company until forced by ill health to retire from active work a few months ago, and prominent in business, financial and fraternal circles in western Michigan, died at his home at Grand Haven at the age of 72 years.

Mr. Harbeck was a native of Grand Haven and passed his entire life there. He became a powerful figure in local and state political affairs, serving several terms as mayor of Grand Haven. He was a national delegate of the Republican party to the convention which first nominated Theodore Roosevelt for president. Born in Grand Haven Nov. 28, 1857, Mr. Harbeck received an elementary education in district schools and later taught in the rural schools in this vicinity.

His first business venture was as an employee of the Cutler & Savidge Lumber company of Spring Lake. His advance in this capacity was

rapid and he soon became secretary of the firm, which position he held when the company was dissolved in 1898. Funeral services were held from the residence Sunday afternoon under Masonic auspices with interment in Lake Forest cemetery.

## ENDEAVOR TO ENTER POLICE CHIEF'S HOME

Burglars became unusually brave a few nights ago when they attacked the home of the chief of police of Zeeland, damaging the side door in an effort to gain entrance.

Their bravery was probably due to the knowledge of the absence of Chief Ryenga as well as the rest of the family, but they evidently were scared away before they were successful in their efforts.

There was no special reason why the prowlers should attack the police chief's home of all homes, except that they hoped to gain special information or possibly a weapon. The home was not entered nor was anything missing. Only the door had been damaged.

## HOPE MEMORIAL CHAPEL MAY BE RENAMED TO HONOR THE RETIRING PRESIDENT

There has been some talk of late about changing the name of Hope Memorial Chapel to the Edward D. Dimment Memorial Chapel. There could be no more fitting memorial to a man who has served Hope college untiringly for twelve years as president and who himself directed the building of the chapel. The majestic \$400,000 chapel which stands on Hope's campus speaks of one of the greatest accomplishments of our retiring president. For five years Dr. Dimment planned and worked for a new chapel all of the time trying to secure enough funds to erect the building. Now that the debt on the chapel has been cleared he feels that the task he has set out to do has been completed.

But the building of the new chapel was only one of the many things he did for his alma mater. In his twelve years as president he strengthened the college scholastic standing until Hope's courses now meet with all college requirements. The large increase in the number of students attending Hope college is also attributed to his faithful direction.

Because of his love for the institution he served, Dr. Dimment through returns from his salary and personal gifts has given the college over \$100,000.

To the student body he is the ideal college president. He has a keen understanding of youth and a good sense of humor. His fluent speech and large knowledge of affairs of the world have made him a capable leader at all college meetings and chapel services.

The members of the faculty know him as an extremely energetic man, well informed in all affairs and one who has worked long and hard for the interest of Hope college.

Dr. Dimment was born at Chicago, Illinois, in 1876. He received his Bachelor of Arts degree at Hope in 1896 and then attended the University of Chicago and later the Western Theological Seminary. In 1919 he received a Doctor of Literature degree.

In 1898 he began as professor in Greek and economics at Hope college and still is in charge of the economics department. In 1918 he was elected president of the institution.

In the business world he has held high executive positions such as the vice presidency of the First State Bank, presidency of the Thompson Furniture Company and directorships in several other corporations.

Not only do the friends of Hope

college and the students past and present consider Dr. Dimment a man of unusual ability, but he has his place in the annals of "Who's Who in America" along with the other great men of our country.
