Innocent Youth Admits Breakin

**But Plea Is Exposed
As State Police Gain
Confessions of Trio**

Grand Haven, Oct. 15 (Special)—Although Robert Weinrick, 18, of Conklin had pleaded guilty and been placed on probation, confessions of three other youths have revealed that he had no part in a breakin at the George Blackley tavern in Conklin Sept. 24, state police disclosed here.

State police said they had obtained confessions from James Everhard Goldsborough, 18, of Muskegon, Wayne Hosmer, 21, of Ravenna, and George Raap, 19, of Hamtramck, following Weinrick's confession to the sheriff's department.

Weinrick, they said, had first been questioned and released because "he was not the man they wanted," and was arrested later by the sheriff's department. On his plea of guilty in circuit court Sept. 28, Weinrick was placed on probation for three years and ordered to pay costs and surrender his driver's license for a year.

After Goldsborough was apprehended by state police Friday, Oct. 2, he confessed when told Weinrick had pleaded guilty to the crime, police said, quoting him as saying that "rather than see an innocent man suffer, I'll talk." Goldsborough, police said, then implicated Hosmer and Raap and also reviewed a series of crimes which included the theft of an auto in Muskegon the night of Sept. 30.

He admitted the three took oil, groceries and money in a Ravenna breakin. About \$42 was obtained in one place, police said he revealed.

The stolen car was recovered Saturday, Oct. 3, near Coopersville and some of the oil and groceries were found in a woods. Weinrick, state police said, told them he was innocent even though he had signed the confession for the sheriff's department. The reason for Weinrick's confession was not clearly established.

Goldsborough, Hosmer and Raap were arraigned here before Justice George V. Hoffer on charges of entering and breaking. They waived examination and were bound over to Ottawa circuit court for arraignment Friday.

In default of bonds of \$1,000 each, they are being held in the county jail. Hosmer told the court he is on a five-year probation from Washtenaw circuit court on a charge of felonious assault and said he could have gained a complete release from the probation within one year if he had paid a fine and costs of \$50. State police arrested him on this charge last April 2.

Goldsborough was arraigned in Muskegon county last week on two counts of breaking and entering and larceny of an automobile. He was placed under \$500 bond on these two charges.

Hosmer and Raap, who had been sought by state police, were taken into custody Saturday night after they had received a call from Hosmer's mother telling them the youths wanted to surrender and confess a series of crimes. Hosmer and Raap told state police they did not know Weinrick and that Weinrick had absolutely nothing to do with the Blackley case.

Proceeds from all donations of scrap will be given to the U. S. O. but the farmer has the privilege of selling his scrap if he so desires," Mr. Van Dam said.

Two Suits Filed In Local Crash

Grand Haven, Oct. 15 (Special)—Two suits, arising from an automobile accident which occurred last June 24, 1942, in Holland, have been filed in Ottawa circuit court against Henry Kröll, route 3, Holland.

One suit was filed by Reka Kaminga and the other by Francis R. Binger, both of Grand Rapids. Mrs. Kaminga asks \$15,000 damages for permanent injuries and Binger seeks \$1,500 judgment to cover damage to his car and expenses in connection with injuries to his wife.

Binger was the driver of the car and Mrs. Kaminga was a passenger when it collided with Kröll's car at Ninth St. and Lincoln Ave. Binger was driving north on Lincoln Ave. and Kröll was going east on Ninth St. It is alleged that after Kröll's car struck the Binger car, it skidded 70 feet over the curbing, struck and broke a pole in two, turned around and came to rest facing the opposite direction.

Clear Wreckage At Vriesland and Place New Track

**Find Broken Bolster
Causes Derailment
Of P.M. Freight Cars**

With traffic having been restored on the main line of the Pere Marquette railway at Vriesland, 10 miles east of Holland, where eight freight cars of an eastbound freight train and four tank cars on a siding were derailed about 7:30 a.m. Wednesday, all trains were maintaining regular schedules today.

Frank D. Miller, Holland agent for the railroad company, reported that the main line was cleared of the wrecked cars and new tracks laid by 5:15 p.m. Wednesday. Until then all freight trains were held up and passenger trains were rerouted through Muskegon, causing them to run considerably behind schedule.

He reported that it had been determined that a broken bolster on one of the freight cars had caused the derailment, inflicting an estimated \$8,500 damage to railroad equipment and between \$15,000 and \$18,000 loss to contents of the loaded cars.

Two crews cleared away the wreckage along the main line. A Grand Rapids crew returned to its yards last night while a New Buffalo crew remained overnight at the Waverly yards here and returned to the scene this morning to pick up the cars and other wreckage. The New Buffalo crew did not arrive on the scene until about 1:45 p.m. Wednesday. It is expected this crew will remain overnight tonight at Waverly before returning to New Buffalo.

The railroad company was able to salvage a large part of the California grapes which were in derailed refrigerator cars, each containing between 300 and 350 crates. Broken crates which could not be salvaged were given away to persons on the scene of the accident.

Three of the derailed freight cars were loaded with bulk wheat, each car containing from 40 to 44 tons, Mr. Miller reported. The wheat is reported by him to have been sold on the scene.

Throughout Wednesday, an estimated number of cars containing several thousand persons visited the wreck scene. Sheriff's deputies remained on duty from 8:30 a.m. to 8:30 p.m. to supervise the flow of traffic on M-21 at Vriesland station.

One deputy reported the heavy traffic reminded him of the Tulip Time festival traffic for at one time during the afternoon cars drove by the scene of the wreck bumper to bumper. No automobile accidents were reported.

FBI agents from Grand Rapids are said to have visited the scene of the derailment Wednesday afternoon to make an investigation.

Four-Mill Tax as Voted by Board Is Slight Reduction

**Budget Thus Far Is
In Excess of County's
Anticipated Income**

Grand Haven, Oct. 15 (Special)—The Ottawa county board of supervisors voted Wednesday afternoon to spread a tax of four mills for county expenditures on motion of Henry Slaughter, chairman of the finance and budget committee.

Last year the county tax levy was 4.1 mills. Mr. Slaughter advised the board that the county valuation is \$46,401,332, that the four mills would net \$185,605.33 and that the fees the county could anticipate would total \$27,000, making a total of \$212,605.33.

The budget as it now stands totals approximately \$221,875 or \$9,270 in excess of the county's anticipated income.

As today marks the opening of the small game hunting season, the supervisors voted to disburse with their forenoon session today to permit some of them to go hunting. The board was to convene at 1:30 p.m.

A resolution was adopted by the board in which all future sessions of the board, effective tomorrow, will convene at 1:30 p.m. instead of 10 a.m. and that "the number of days of any one session shall not exceed the number of days of any session of the board of supervisors of like period of previous years."

The action was taken to conserve time and labor as part of the war effort.

The resolution was presented by Charles H. Lowing of Georgetown township and Mayor Henry Geerlings of Holland moved its adoption. By this action, the matter of electing a member of the county road commission, school examiner and members of the county canvassing board, originally scheduled for Friday at 10 a.m., has been delayed until Friday afternoon.

At the Wednesday afternoon session of the board, Mrs. Walcott, representing the Marine fair, asked for an appropriation of \$300 for the coming year. Mrs. Walcott explained that the fair board is not definitely sure whether a fair will be held next year but in case one is held the fair board desires to be prepared. The matter was referred to the finance and budget committee.

John H. Ter Avest, of Polkton township, gave an oral report of the meeting in Lansing Aug. 17 of the state board of equalization. Those who attended from the local board were Mr. Ter Avest, Peter H. Van Ark of Holland, Maynard Mohr of Zeeland township, who attended in place of Edward Soule of Grand Haven, unable to attend, and Henry Slaughter of Tallmadge township.

Mayor Henry Geerlings reported here that he had advised Charles Vos, assistant public works superintendent, to continue the blowing of the "mocking bird" whistle between 10 p.m. and 6 a.m. to summon firemen to fire alarms.

The mayor said the action was taken at the request of the Holland fire department in order that firemen could hear the signal and respond to any fires. At Wednesday night's council meeting, aldermen adopted a resolution of Ald. Bertal H. Slagh to curtail the blowing of the whistle between 10 p.m. and 6 a.m.

Mayor Geerlings reported having conferred with Slagh who will submit a resolution at council's next meeting, rescinding this previous action.

Body of John Dyke Is Found in Kitchen; His Companion Escapes

Trapped in the burning kitchen of a home at 152 Fairbanks Ave., John Dyke, 76, a retired farmer and nearly blind, was burned to death at 3:30 a.m. Tuesday in a fire which seriously damaged the residence.

Burned beyond recognition, Mr. Dyke's body was found lying in a corner of the kitchen, partly buried under a chimney and other debris. Holland firemen aided Coroner Gilbert Vande Water and his assistant in removing the charred body.

For the past two years, Mr. Dyke had been making his home with John Deshong, 66, in the Fairbanks Ave. residence.

Mr. Deshong also was trapped in the burning home. He was able to crawl to safety on his hands and knees through the kitchen, but suffered severe head burns and was taken to Holland hospital by local police for medical treatment. He was released about 9 a.m.

Mr. Deshong told the coroner that as he crawled through the kitchen he looked for Mr. Dyke but could not see him due to the smoke and intense heat. He said he was awakened by a noise and when he opened the kitchen door, found the kitchen enveloped in flames.

The two men retired about 10 p.m. Monday, the coroner was advised. Coroner Vande Water returned a verdict of accidental death due to burns.

After Mr. Deshong reached the outside of the home, he shouted for help. Hearing his cries, Carroll Norlin, 151 Fairbanks Ave., and Jack Ver Heij, 159 Fairbanks Ave., quickly dressed and, informed that a man was inside the home, broke a kitchen window only to have the intense heat and dense smoke force them back. They told the coroner they heard Mr. Dyke pounding on the wall or floor.

Meanwhile, a fire alarm had been turned in and firemen responded. They centered their attentions to extinguishing the fire in the kitchen in the hope of rescuing the trapped man.

Cause of the fire was not definitely determined but Fire Chief Andrew Klomparsens voiced an opinion that Mr. Dyke apparently got up to build a fire in the heating stove in the kitchen and that an explosion of kerosene or oil might have started the fire. While no can was found in the ruins of the kitchen, the fire chief said it is possible the kerosene could have been in a bottle since several were found in the kitchen. Mr. Deshong was unable to advance any reason for the cause of the fire. When firemen arrived, the fire had gained considerable headway and had spread to an upper story and broken through the roof.

Chief Klomparsens estimated the home had been damaged approximately \$500. Mr. Deshong was questioned by the coroner at the hospital about 5:30 a.m.

Prior to making his home with Mr. Deshong, Mr. Dyke lived for 14 years with Mr. and Mrs. Jacob Dykstra, 350 East Sixth St.

At the request of Coroner Vande Water, Battle Creek police located Mr. Dyke's daughter, Mrs. Martha Coles, who then called the coroner by long distance telephone to learn of her father's death. She was expected to arrive here this afternoon.

Other survivors are one sister, Mrs. Mary M. Lievens of Holland; and two brothers, James Dyke of Coopersville and Reinert Dyke of West Olive.

Aged Zeeland Resident
Dies Following Illness

Street Widening Plans Approved By School Board

Other Questions Are Settled at Monthly Session of Trustees

The board of education at its monthly meeting Monday night authorized its buildings and grounds committee to complete arrangements with common council's street committee for the widening of 16th St. on the north side from River Ave. west to a point about midway in the block.

A. E. Van Lente, committee chairman, reported the council committee has asked for permission to carry out the project. He said it is proposed to widen the street to the sidewalk line by about six feet, install new curbing, remove one tree and re-lay the present two-foot sidewalk to the north of the present sidewalk. The improvement project is to continue westward to a point directly opposite the southeast corner of the school tennis court.

Trustee John Olert contended that the traffic "bottleneck" along the south side of Junior high school could be eliminated at no expenditure of money by establishing parallel parking instead of the angle parking now in effect. He said he was informed by Police Commissioner William Meengs that parallel parking would provide less parking space for four and one-half cars.

Motion to grant the committee power to act in the matter was made by Trustee Albert Van Zoeren and seconded by Olert.

The board also approved the installation of two gates at the rear of the Junior high school building to prevent pedestrians and bicycle riders cutting through there over the week-end. Supt. E. E. Fell reported the "young public" has established a habit of cutting through at the rear of the school to reach 16th St. and that between \$50 and \$60 worth of glass has been broken. He proposed erection of a gate to the west of the Junior high school building and another gate between the building and the garage. Motion to approve this was made by Trustee Van Lente and supported by Trustee A. E. Lampen.

The board discussed the matter of renting the former Maggie Schaffenaar home which the board purchased sometime ago as the site for the new vocational training school building but which has been abandoned for the duration.

Two bills, one for \$2,350 in payment for a recently purchased school bus and the other for \$60.89 for payment of a tire and wheel bought from Bill's Tire shop as a spare for both school buses, were approved for payment. The school bus bill originally was \$2,400 but the company allowed a credit memorandum of \$50 to repair some defects in the equipment. Fell reported.

He also presented the visual education schedule which has been arranged in the schools for the current year. This consists of the showing of motion pictures to the students of the various grades.

He reported an extensive campaign is being arranged to interest women in receiving training at the vocational training school.

He advised the board that approximately 900 quarts of tomato juice and cut tomatoes had been canned by students at the high school at a cost of approximately 5.4 cents per quart.

Claims totaling \$26,045.21 were approved for payment.

Illness Fatal to Resident of G.H.

Grand Haven, Oct. 15 (Special)

Nelson Conant, 68, died about 2:30 p.m. on Oct. 8 in Municipal hospital where he had been confined for the past three weeks. He had been in ill health for some time. Mr. Conant, the eldest son of the late Mr. and Mrs. Reuben Hess Conant of Robinson township, was born in Robinson township Aug. 17, 1874, where he resided with his parents on a farm until he was 30 years of age, when the family moved to Grand Haven. A few years later he married Lady D. Shields, formerly of Petoskey, and resided in Grand Haven until the death of his wife 14 years ago. Since then he has made his home in a number of different cities and came back to Grand Haven six years ago. For many years he was custodian of Grand Haven post office and retired some years ago.

Mr. Conant is survived by two sisters and one brother, Mrs. Uarda Kimball Mosher of Grand Haven, Mrs. Lulu Chapel of St. Clair Shores, Michigan, and George Conant of Grand Haven.

Sigler Speaks to Local Rotarians

Contending that it is the duty of every American to become interested in the nation's affairs, Kim Sigler, Hastings attorney and former Rotary past district governor, urged Holland Rotarians, in an address delivered Thursday Oct. 8 in the Warm Friend tavern, to get out the vote in the Nov. 3 election.

He spoke on "Indifferent America," asserting that Americans should become aware of the country's status since "we are now fighting on 33 fronts."

Mr. Sigler presented figures from a government pamphlet as to the amount of money which has been appropriated to carry on the war and said the approximate per capita cost is \$1,100. He quoted history and statesmen to show the difference between the politicians and statesmen.

The speaker was introduced by Charles H. McBride as an outstanding attorney and also as the former lightweight champion boxer of the University of Michigan.

Bernard Kool, Holland high school mayor, who has been chosen as Junior Rotarian for the month, was a guest of the club. Appointment of a Junior Rotarian is an innovation of the club whose plan is to name some high school boy each month for this honor and to have him attend meetings in order that he may become acquainted with Rotary and its work.

President Dick Miles reported on Saturday's outing at Camp Keewano for crippled children. Peter Van Domelen, Jr., chairman of the club's crippled children's committee, stated that full credit for the success of the outing should go to the Holland Horizon club, an organization of the Camp Fire Girls, which made all arrangements.

WRONG ABOUT HOLLAND

Local police received word Monday about 10:30 p.m. of a holdup at Three Oaks in which between \$75 and \$100 were obtained. They also were informed that a possible suspect, about 48, smooth shaven, weighing 150 pounds, stopped at a restaurant in Buchanan and said he worked for the Economy Window Screen Co. at Holland. The call to local police was to determine if there was such a firm in Holland. There is none.

26 Thousand Set As Quota of Local Community Chest

Ten Charity and Five War Relief Agencies Will Share in Funds

The Holland Community Chest board of directors at a meeting Tuesday afternoon adopted a quota of \$26,000 for its 1942 campaign for Community Chest activities and war relief. It was announced today by President Peter Van Domelen, Jr.

This amount includes funds needed by 10 charity and character-building chest agencies and five war relief appeals.

C. Neal Steketee, chairman for the 1942 drive, said the dates for the campaign will be announced later this week. He also is working on the memberships of the various committees and will announce them later.

The Community chest portion of the quota is \$16,000, the same amount as last year's campaign. Amounts to be received by the various agencies in compliance with the budgets approved by the directors follow: Civic health committee, \$725; City Rescue mission, \$2,400; Camp Fire Girls, \$1,700; Boy Scouts, \$3,600; Michigan Children's Aid society, \$450; Kiwanis club underprivileged children's fund, \$400; Salvation Army, \$3,900; Rotary club crippled children's fund, \$800; Exchange club Goodfellows foundation, \$1,000; Lions club blind and sight conservation fund, \$300; contingent fund, \$725.

The portion allocated to the war relief agencies, selected from the many war appeals from those recommended by the national budget committee under the chairmanship of Gerard Swope, follow: United Service Organization (USO), \$4,500; United China relief, \$1,200; Dutch Queen Wilhelmina fund, \$1,800; Russian War relief, \$1,200; British war relief, \$1,000; unallocated, \$300.

All organizations with a national war appeal appeared before this national committee, presenting their activities and financial needs.

Adjour Politics

Certainly, petty, partisan politics—politics for the sake of personal or party advantage—should be adjourned until our enemies have been defeated.

But, in wartime, it is more important than ever that, if we are to come out of the war with a constitutional government, with the freedom and the liberty of the citizen still existing, still available, we have a two-party system of government, where the minority party is accurately and justly critical of the actions of the majority party.

If we do not have that kind of government, then we will have a dictatorship. A dictatorship of the world is the thing against which we are fighting. We need none here. Hence, it behooves every citizen of this country to go to the polls and to make sure that, on Election Day, representatives are sent to Congress who will see to it that sound, practical methods prevail in connection with the fighting of the war and that, while the war is being fought, there is power—the Administration—do not here establish a dictatorship.

It is conceded that, up to this time, this Administration has been bewildered; its war efforts confused. There has been a multiplicity of contradictory orders, rules and regulations. The business of many a small businessman has been ruined. Taxation, the source of the sinews of war, dried up. The crops of many a farm have gone unharvested. Many a dairy herd has been sold because of lack of farm labor. During the coming planting and growing season, many thousands of acres of land will remain uncultivated.

There has been waste and extravagance unbelievable in the Government's war efforts. We have today in the Army more men than can be adequately trained, equipped and transported. Bigness, instead of efficiency, seems to have been the watchword. Favoritism and special privileges to certain groups at the expense of the farm and small town population have all too often prevailed.

As your Congressman, I have opposed the granting of special privileges. I have opposed waste and extravagance, advocated equal opportunity, demanded economy and efficiency. I have opposed the fallacious New Deal policies and have insisted that common sense, sound methods be followed. Because of my opposition to the New Deal philosophy they, the Communists and certain pressure groups, have been, and are, out to defeat me.

There are plenty of "yes-men," plenty of rubber stamps, in Washington. You have too many of that kind. I have never been—I never will be one. If re-elected, ever, I will be one. My teacher, common sense, my guide, my sole purpose, a desire to serve you, to defeat our enemies, to support, in every possible way the men who have been sent to the war; a determination that, when the victory has been won, our men shall without delay return to their homes and their loved ones.

CLARE E. HOFFMAN,
Republican Candidate for Congress
Election—November 3
—Pol. Adv.

Before the appeals were finally recommended, they were taken up with the war relief control board which was appointed by President Roosevelt.

From these various nationally approved war relief groups seeking public funds, a local war chest agency committee appointed by the Community Chest board early this summer, has been reviewing these war appeals for the coming campaign. This local committee consisted of Alfred C. Joldersma, chairman, Dr. William Westrate, Ben Steffens, John De Wilde, Peter Paulus, A. W. Tahaney, Rev. D. H. Walters and George Damsen, secretary. This war chest agency committee recommended the various quotas for these agencies to the board of directors.

Approximately one-half of the funds to be solicited for the local war relief agency will be spent in the United States by the U.S.O. The remainder will be used for relief for China, Netherlands, Russia and British and war victims.

By a united campaign for Community chest and war relief, the board has eliminated the possibility of other war relief solicitations during the year.

Members of the Holland Community chest board are Mr. Van Domelen, president, Mr. Steketee, vice-president; Mr. Damsen, secretary; Cornie Kragt, treasurer; Joseph H. Geerds, Dick Miles, Phillips Brooks, Harry Wieskamp and Albert E. Lampen.

Yadnom Club Hears Talk About Canada

Miss Anna Boot gave an interesting talk on "Canada, Our Unknown Neighbor," at the meeting of the Yadnom club held Monday night in the home of Miss Nellie La Dick on East 15th St. With the aid of a large map she explained the geographical condition of Canada with the Appalachian mountains on the east and the Rockies on the west.

Miss Boot discussed the maritime provinces, New Brunswick, Nova Scotia and Prince Edward Island with their apple, fishing and fox farming. She compared the products of the chief cities, Quebec with its butter, maple sugar and cotton manufacturing; Montreal as a wheat center and Toronto with its wool manufacturing.

She pictured the changing occupations of the prairie states, Manitoba, Alberta and Saskatchewan, first the cattle which were later pushed into the foothills, then wheat of a fine quality, still the chief crop, with oats, barley and flax. But near the river irrigation is now making possible more diversified farming, she explained. Along the Pacific, fruit farming vies with fishing for salmon and halibut.

Miss Boot made her audience realize that Canada is a country of great and varied resources as yet largely undeveloped.

Next meeting of the club on Oct. 26 will be held in the home of Miss Lida Rogers.

COMMON COUNCIL

Holland, Mich., Oct. 7, 1942
The Common Council met in regular session and was called to order by the Mayor.

Present: Mayor Geerlings, Aldermen Arenshorst, Van Hartesveldt, Steffens, Bontekoe, Slaght, De Pree, Mooi, Streu, Damsen, Schiepers, Raymond, Emick, and the Clerk.

Devotion led by Mayor Geerlings.

Minutes read and approved.

Petitions and Accounts

The regular order of business was suspended and the Clerk presented a resolution from the State Highway Department for the approval by the City covering plans and specifications for the paving and improving of North River Ave. from 4th St. to Madison Place. This resolution provides that the City of Holland stand the expense of all castings for drainage structures. It further provides that the City of Holland must take care of any underground work required for sewer and water that may be needed in order that the pavement is not disturbed after once it is put in. This paving covers 4 blocks that were omitted from the contract several years ago when the new bridge was constructed together with the approaches to the bridge.

Adopted all voting aye.

addition to their present plant located at the corner of Maple Avenues and 10th Street.

Mr. Henry Ketel, manager of the Holland Hitch Co., appeared before the Council and explained that the Government is continually demanding an added output. Mr. Ketel stated that they were handicapped in stepping up their production due to lack of space. It was stated that many hundreds of pounds of steel castings are now lying outside and they are so crowded for room that it is difficult to produce in the quantity demanded by the War Production Board.

Mr. Ketel further stated that their proposition now is to build an addition along Maple Ave. in the rear of the present grocery store and extending approximately 120 ft. toward 9th Street. He further stated that they would be agreeable to constructing any type of building the City might demand. They propose to build a modern structure of brick with concrete floor and basement.

In this connection, a communication was also presented from the 6th Service Command, Internal Security District No. 1, at Detroit, Michigan, signed by C. J. McCabe, Major Ordnance Department.

This communication from Mr. McCabe called attention to the overcrowded condition of the Holland Hitch Co. plant and urged that the City Council take every assistance within their power so that this condition may be overcome and the output stepped up.

It was moved by Alderman Arenshorst, seconded by Slaght, that this matter be referred to the Appeal Board in order to give the property owners time to be heard inasmuch as there had been so many objections presented previously.

Other Aldermen, however, felt that due to the urgency of the matter, some action should be taken at once so that the Holland Hitch Co. might know just what they can do.

Alderman Raymond asked the City Attorney for an expression relative to how much authority the War Production Board would have in ordering the City to grant such a petition if they felt it was necessary.

Mr. Lokker stated that he was not familiar with the War Dept. rulings. However, he did feel that there was sufficient elasticity and latitude in our Zoning Ordinance so as to permit the Appeal Board to grant the request if in their opinion that was the proper action to take. Mr. Lokker called attention to the fact that for many years this particular location has been more or less an unsightly place. He recalled that from his earliest memories, there had been a brewery on this location and later these buildings were partly torn down and a commercial store built on the corner. He stated that ever since then this particular location has been used more or less for industrial and commercial purposes and it was his opinion that if a proper structure were built to eliminate some of the unsightly conditions that now exist, it would be an improvement in the neighborhood rather than a detriment. He further stated that in these times a great deal of consideration should be given to the war effort and cited the fact that just recently the Board of Supervisors of Ottawa County has appropriated \$10,000.00 towards the Airport in order to aid the war effort.

In reply to a question, Mr. Ketel stated that they have been promised by contractors that by putting on a double crew, they could build their addition in 40 days, and it is their intention if permitted to build, that all loading be done inside the building which will eliminate much of the noise that now comes from unloading castings in the open, and many times this occurs very late at night.

Alderman Van Hartesveldt asked Mr. Ketel if they have exhausted every effort to find other quarters, and was told that they have.

Mr. Ketel suggested that a committee from the Council might be appointed to meet with the Appeal Board so that this matter could be given consideration without further delay.

After some further discussion, Alderman Arenshorst withdrew his original motion and Alderman De Pree moved that this matter be referred to the Civic Improvement Committee together with the Appeal Board with power to act.

Alderman Arenshorst supported Mr. De Pree's motion.

Adopted unanimously.

DANGER ON WHEELS

Recent events have been de-
monstrating that the automobile
driver is in far less danger from
being killed in a wreck of his
car than from being murdered
by a passenger. Picking up hitch-
hikers is becoming one of the
most dangerous acts of generos-
ity anyone can engage in.

The two social workers in Wis-
consin who, out of the kindness
of their hearts, picked up a de-
serter from the army (but of
course they did not know that he
was a deserter) were shot in the
back by him. The ink was not
dry on the story of that atrocity
when another kind-hearted auto-
mat in Illinois was bumped off
by a passenger who appeared
perfectly harmless and innocent.
At about the same time still an-
other driver, this time in Mis-
souri, was killed in cold blood
by the passenger he had picked
up. More recently a Detroit man
picked up a farmer's boy of 14
because he was sorry for him.
The boy got hold of the driver's
gun and murdered him with the
cold-blooded brutality that might
be the envy of Nazi experts.

And the record goes on and
on. The stories of the murder of
autoists by people they have
picked up out of kindness are
getting to be almost monotonous.
The drivers always take a chance;
each hiker looks perfectly inno-
cent, and the poor fellow looks
so tired.

Lately the menace has been in-
creased by reason of the fact
that many men in uniform are
trudging the highways. What
driver is there who does not have
the impulse to give a lift to men
of that type? And in most cases
rightly so. Only the great excep-
tion is to be feared. But how
were the two girls in Wisconsin
to know that they were picking
up a rapist and killer when they
gave a lift to a man in uniform?
This menace on wheels puts
the average driver in a tight
place. He would like nothing bet-
ter than to help a pedestrian,
and now that transportation is
becoming more difficult because
of the rubber situation, he feels
increasingly mean in passing a
pedestrian with a cold stare. But
many drivers dare not do any-
thing else. And who can blame
them? Picking up strangers on
the highway has become one of
the most dangerous pastimes that
anyone can indulge in.

THE CHURCH INVITES YOU

Woodrow Wilson said, "By the
blessing of God I ascribe to Bi-
ble study the help and strength
which I have had from God to
pass in peace through deeper
trials, in various ways, than I
have ever had before. And, after
having now above fourteen years
tried this way, I can most fully,
in the fear of God, commend it."
Every one needs an anchor
sinner or later and it is the word
of God that furnishes that anchor.
Why not accept this invitation
to go to church next Sunday?

Growth in Christ
2 Peter 1:1-8; Luke 2:40, 52

By Henry Geerlings

The subject before us today is
one that claims our personal
attention. It is true that each
of us grows somewhat in propor-
tion to his interest in others. At
the same time he must devote a
considerable portion of the
strength he has to the cultivation
of the strength of his own life. The
place of a theme such as the one
confronting us today will be ac-
knowledged by all of us. There can
be no corporate growth in Christ
which does not begin in a personal
relationship with Him. The in-
dividual must always be giving a
portion of his time to means and
methods whereby he himself grows
into the image of Christ.

The acquisition of knowledge
constitutes one of the most im-
portant activities of our genera-
tion. This process begins in in-
fancy and never ends. It must be
admitted that this pursuit has
been limited all too largely to the
secular realm. Jesus does not
hesitate to include in his vocabu-
lary words of the greatest im-
portance in a lower realm. The
knowledge he is thinking of here is
that which pertains to religion.
It can therefore be said to per-
tain to two worlds. The institu-
tions that have grown up under
the memory of many of us would
indicate the supreme importance
we attach to mental development.
The same words, however, can
be employed in the field of re-
ligion. Growth does not pertain
alone to the physical or the in-
tellectual. It is equally important
in the field of religion about which
we are speaking. Christianity has
always commanded the loyalty of
a large number of individuals of
vast powers of mind and heart.

There is need of deeper con-
victions. There is room for
growth here and it is not neces-
sary that we point out specific
cases. Of course a person can be-
come bigoted and that result
seems destined to destroy his in-
fluence. At the other extreme is
the feeling that it does not make
much difference what one believes.
That sort of religion is much like
a swamp. It is useful in our day
to be persuaded of certain re-
ligious truths and values. The
apostle seemed proud of the fact
that he knew whom he had be-
lieved, and as a result cherished
his own life the persuasions
to which he had been led. One of
the pathetic pictures of our day
is that of many individuals who seem
to be able to drift from one foun-
dation to another, indicating all
the way that it does not make
much difference what they re-
ject and what they accept.

Our religion ought to be a grow-
ing religion. Peter evidently be-
lieved in an expanding and en-
larging religion. He found it
necessary to indicate proper
growth by the process of addition.
It is very apparent that he was
opposed to a faith that was sta-
tionary. His disciples were to
achieve a certain objective. They
were urged to proceed to a stand-
ard higher and more inclusive.
He, as well as Paul, was afraid
that his readers would be satisfied
with a standstill profession. We
are not surprised that Paul urged
the necessity of reaching higher
ground, and of showing both by
behavior and faith that they were
familiar with the thought of add-
ing each day something new to
what they had already attained.
It was Peter's feeling that for the
believer to be satisfied with what
he had already accomplished was
to become unfruitful.

One of the best ways of attain-
ing growth in the Christian life
is for us to set some goal toward
which was still alive. And let it
not be some easy goal either. Nor
should we overlook the fact that
the place at which we should
strive to improve our lives is the
one we have neglected in the
past because it offered peculiar
difficulty. Most of us are per-
fectly willing to cherish some
weakness and to excuse ourselves
on the ground that we have done
pretty well in certain other re-
spects. Nothing could be better
discipline for us than the thorough
examination of our lives to find
where in particular we have come
short. At that point we should
begin to build. There are tempta-
tions to which I yield and there
are temptations to which you
yield. It is here that we should
seek to strengthen our faith and
our conduct. That is what growth
means. It takes real courage to
face our weakness and to resolve
by God's grace that we will over-
come it.

In our Christian growth we will
be inspired to imitate the Master
in our life and conduct. It is not
sufficient for an individual merely
to give assent to the facts of the
life of Christ. A life of service
is necessary to the right under-
standing of Jesus, and the proper
development and growth of the
Christian disciple.

Seek Women for Work Training

In an attempt to interest more women in taking training at the Holland vocational school for later employment in war production factories, the Holland Chamber of Commerce is obtaining 5,000 pamphlets from the state board of control for vocational education for general distribution in Holland.

The booklets describe the various subjects which are taught at the training school and urges women who wish to enroll for this training to apply to Edward Donivan, school director at the junior high school gymnasium.

The Chamber of Commerce points out that these instructions are free and feels that those desiring employment in war production plants should enroll at the school for necessary instructions. Upon completion of the course, the man or woman student will not be asked to go out-side of Holland for employment. This is not a requirement of the school although numerous persons on their own initiative have obtained employment in out-of-city factories.

Dr. R. J. Danhof Addresses Group

Speaking on the topic "The Victory that Overcometh," Dr. R. J. Danhof showed the similarity between conditions in the time of the apostle John and conditions today, and traced the rise of secularism from the Renaissance and the French Revolution to the Communism of Germany, Russia and America before members of the Holland League of the American Federation of Reformed Young Women's societies in 14th Street Christian Reformed church Thursday evening.

He said that John saw victory in spite of the dark conditions of his time and that he saw victory through faith in Jesus Christ. "Christians must build new home defense against secularism and modern evils by laying hold on this faith and bearing the cross laid upon them," he told them.

Plans which had been made for a national convention to be held in Grand Rapids this week, were cancelled due to war conditions. In place of the convention, meetings similar to this one were held in various centers throughout the nation.

Large Audience Pleased With John Tyers Recital

John Tyers, young American baritone, completely captivated the large audience which attended the opening event in the Co-operative Concert association series Friday night in Hope Memorial chapel. Charming, debonair, completely at ease, this personable young singer gave a brilliant performance of a well chosen program, responding generously with encores to the enthusiastic applause of his hearers.

Mr. Tyers has an exceptionally beautiful voice which he uses with distinction, and dramatic ability of a high order. His diction is especially good, and it was a rare pleasure to hear his English version of the aria, "Now Your Days of Philandering are over," from the "Marriage of Figaro."

Included in his program were many charming songs and two other arias, one the "Largo al factotum," from "The Barber of Seville," which, he announced, "every baritone sings," but none, it is believed, with more verve and charm than John Tyers.

Especially enjoyable were "Au Pays," by Mary Anne Holmes, Franz Schubert's "Impatience," and "The Bagpipe Man," by McKinney. "The Blind Ploughman" by Robert Clarke and the spiritual "Sweet Little Jesus Boy," were sung with reverent feeling. In contrast, the artist displayed a nice talent for the dramatic in the clever "Betsy's Boy," by Jacques Wolfe.

Encores included "In an Arbor Green" by Morlock, "The Little Irish Girl," Lord, "Alcázar," "Sylvia," "Ole Man River," and a new and charming song by Mrs. Jessie Wise, "The Lord Has Given Me a Song."

Max Walmer, as accompanist and pianist, ably supported the artist, and offered a group of solos which were very well received. He played "La Maja" by Grandados and a concert paraphrase from "Die Fledermaus," by Strauss. For an encore he played "The Little Shepherd" by Debussy.

While in this part of the state, Mr. Tyers was the guest of Gordon Van Ry of Grand Rapids, former Hope college student. Mr. Van Ry and Tyers lived in the same residence while studying in New York city.

HARRY F. KELLY BROUGHT BUSINESS EFFICIENCY INTO THE DEPARTMENT OF STATE

When Harry F. Kelly first took office as Secretary of State, January 1, 1939, the department was obsolete in its methods, dilatory in its service, hog-tied with red tape! Before his first term was over, Harry F. Kelly had streamlined the entire department, upped its efficiency month after month, and brought its economy to a high point.

Today, the department, doing an annual business in excess of \$80,000,000, is a model of ably directed operation. Its 9 divisions and 170 odd branches function with the precision of a fine watch. It operates 24 hours a day, 365 days a year, in its Registration and Title Division to benefit the police and public alike.

To Harry F. Kelly, and to him alone, goes the entire credit for this amazing transformation! You can depend on his achieving the same high degree of efficiency, in all state departments, when he is elected Governor of Michigan on November 3rd.

BE BRIEF—

AND HELP SPEED WAR CALLS!

It's a fact that by keeping your own telephone conversations short you can help the war effort. Central office equipment can handle only so many calls at a time. Some of them may be important war messages, and war calls must go through. By cutting down the length of your calls you help free the equipment for handling war calls speedily and efficiently.

Because the telephone is vital to all war activity, many local offices and long distance lines are crowded with calls. In normal times we would install enough new equipment to handle the added load. But we can't, now, because of material

shortages. So it boils down to this: Every one of us has a duty to help keep the lines clear for war.

HOW YOU CAN HELP

1. Keep all your telephone calls as brief as you can.
2. Make only the most essential Long Distance calls.
3. On a Long Distance call, give the number of the telephone you are calling, if possible.

And please don't call information for a number when it's listed in the directory. Help save the wires for war!

Hope and Calvin Agree to Renew Basketball Sched

Contracts Signed at 'Peace Pipe' Luncheon, Restoring Harmony

Hope and Calvin college representatives "patched up" past differences at a "peace pipe" luncheon Wednesday noon in the Warm Friend tavern and agreed to resume basketball relations between the two schools. It was revealed today.

The schedule, as agreed upon, provides for the playing of a basketball game in Holland Jan. 8, 1943, and another game at Calvin Feb. 23, 1943. The representatives also agreed to arrange a net schedule for the 1943-44 season.

It was reported that an amiable feeling prevailed between the school representatives during the luncheon at which the contracts were signed.

Hope and Calvin colleges have not played basketball for the past six years. Recently Calvin Coach Al Muijskens wrote to Hope Coach Milton L. (Bud) Hinga, requesting the two schools arrange a two-game schedule for the coming season. Hinga turned the letter over to the athletic board here for consideration but a few days later a "challenge" from the Calvin basketball team and student body appeared in the Grand Rapids Herald. The letter was not received with too much enthusiasm by Hope college authorities who displayed interest in reviving athletic relations but did not want to stir up an overly-intense rivalry between the two schools.

The Hope athletic board at its meeting Monday night considered the proposed scheduling of two games with Calvin with a result that Prof. E. Paul McLean, faculty representative was instructed to write a letter to Calvin college, inviting Coach Muijskens and the college faculty representative to a luncheon in Holland.

Calvin accepted and Coach Muijskens and Dr. Drost, Calvin faculty representative, met Wednesday noon in the tavern with Prof. McLean and Coach Hinga.

Luck Is Reported as Hunting Season Opens

Although weather conditions were not so ideal, the 1942 small game season opened in lower Michigan at 8 a.m. today and early reports indicated that a large number of local hunters braved the rain to search for pheasants.

A number of hunters shot their quota of two pheasants within a short time after the season opened.

William Woldring, 189 East Fifth St., went hunting just beyond his back yard and shot two pheasants within 10 minutes.

Cy Vander Luyster shot two pheasants by 8:30 a.m. near his home in the vicinity of the Holland Country club.

In order that its employees could participate in the opening of the hunting season, the Holland plant of Chris-Craft Corp. closed today and will resume operations Friday morning.

James Woldring of Zeeland, using a dog owned by his brother, Police Officer Ralph Woldring, said the dog first pointed a bird in a ditch and then jumped into the ditch to catch the bird.

State police, local police and the county sheriff's department established blockades on highways in the county to check cars to see whether hunters had violated hunting laws.

Missionary Union Has Anniversary Meeting

In a widely varied program that stressed the need of increased devotion to the solving of today's problems, the Women's Missionary union of the Christian Reformed Church in America celebrated its tenth anniversary in the conference held in Hope church Wednesday. Speakers told the story of China's crisis, India's need, Kentucky's reorganization, and the new war emergency work.

Mrs. Harold B. Brinig, appearing for the women's boards of missions, threw out a challenge to the women of the conference to make what appears a supreme tragedy into a great opportunity. It is time, she said, for the church no longer to be on the defensive, but on a great Christian offensive.

The speaker presented vivid pictures of the underprivileged groups in the migrants, who will be increased in number to eight million at the close of the war; the Indians, who are being sent from the reservations; the new emergencies in powder plants employing 9,000 girls to be housed and fed in a community of 1,500 people; the trailer camps near war industries; and the bomber plants with barracks for living quarters.

Mrs. Brinig felt that there has been "too little caring, sharing, and daring in our relations to these groups." She pleaded for more salvage of human waste by increasing the spiritual, economic, and health conditions among those who have need of an adventure in creative living.

Dr. John Wesseling, who had spent five months in Kentucky among the mountaineers, paid a tribute to the native worth of the hill people, and gave a resume of Christian work in Annville especially, adding reasons why the midwestern section of the Reformed church should be interested in these people.

The surprise appearance of Dr. Mary Bruins Allison, formerly of Arabia, whom the conference had supported on the field for eight years, was appreciated by the women. Anecdotes of her work among the needy of the mountains featured the talk of Miss Kathryn Kuitert, community and social worker from Gray Hawk, Ky. Miss Esther De Weerd of Chittitor, India, presented personal experiences in her mission field.

The tenth anniversary celebration, with Mrs. George E. Koller presiding, opened the afternoon's program. Miss Hanna G. Hoekje presented a circlet of ten pearls, which she had found in the events of the first decade. The past presidents, Miss Nellie Zwemer, Mrs. Wynand Wichers, Mrs. Charles Stoppels, with Mrs. E. E. Heeren and Mrs. Kollen, gave brief messages. Congratulatory letters and telegrams were read by the chairman.

Devotional periods were led by Mrs. Edwin Koeppel of China and Mrs. John Van Peursem of Zeeland, while the offertory prayers were given by Mrs. R. Van Lente of Central park and Mrs. H. D. Terkerst of Trinity church, and the closing prayers by Mrs. H. Van Dyke and the Rev. Marion de Velder. Miss Ruth Ann Poppen sang "The Holy City," and Miss Helen Thompson offered a prayer solo. Mrs. W. Curtis Snow presided at the organ.

The offering for the day amounted to \$230, half of which was sent to each of the women's boards. The conference fees reached \$33 and the amount reported as gifts throughout the year was a grand total of \$8,234.60 which had been contributed to the various boards.

The new officers elected included Miss Laura Boyd of Hope church, president; Mrs. John R. Mulder of Trinity church, vice-president; Mrs. B. Poest of Zeeland, secretary; Mrs. Bernard Bosman of North Holland, assistant secretary; Mrs. Peter Naber of Elzenzer, treasurer; Mrs. John Shoemaker of Forest Grove, assistant treasurer.

The conference president voiced her appreciation of the hospitality of Hope church and announced the next place of meeting as North Holland, the second Wednesday in October, 1943.

MOUNTAINS OF SCRAP WILL SAVE THOUSANDS OF LIVES!

Stockpiles like this are needed all over the country so that our Government can plan our armament program—and our mills and plants can deliver the fighting tools!

Get in on the drive now on. Get the unused metal out of your cellar, your attic, your garage, your place of business. Without this scrap the Nation's steel mills must shut down, for all new steel is 50 per cent scrap, and the mills have not enough for even 30 days more.

And one more thing. Help to stop the story --- spread by innocents and ill-wishers alike --- that there is lots of scrap already on hand. They point to junk yards, auto graveyards, and salvage depots that have not been cleaned out, as proof that there is no shortage. Kill This Talk Before It Kills Our Boys!

**WHOSE BOY
WILL DIE BECAUSE
YOU FAILED?**

In spite of the terrible lack of scrap, here is why you may still find full junk yards and scrap depots --- and why they must be kept that way!

1. All scrap must be sorted, stripped, and broken up by scrap dealers before it can be used. Their yards are full because they are BUSY—preparing your scrap for the mills as fast as they possibly can!
2. Auto graveyards strip autos, keep the usable parts and junk the rest—turning out 450,000 tons of scrap in a typical month. Each must scrap within 60 days as many cars as he buys—that is the law!
3. Scrap collections sometimes have to stay around because the dealers can't handle them all immediately. Even if they could, the mills could not store it all. The local salvage depot is a stockpile—where your scrap is available for instant use as soon as it's needed. And it WILL be needed!

Remember of these places become empty, the mills shut down --- and we lose the war!

So get out your scrap and help your neighbors with theirs. It's the greatest single contribution you can make right now to win the war!
