Municipal Building Plans Endorsed By City Council

Hospital Board, Other Groups Also Favor 'Yes' Vote on Civic Project

Without a dissenting vote, Common Council Wednesday night endorsed the proposed plans for the municipal recreational building on which property owners will vote Nov. 4 whether the city shall bond itself for \$500,000 to finance the project.

The resolution, as read and prepared by City Clerk Clarence Greengood traced the history of the project, dating back to April 2, 1945, when citizens declared themselves in favor of a municipal recreation building with the majority of the votes cast favoring the location at Pine and Eighth St.

Last April 7 voters again indicated their interest in such a project by approving an expenditure of \$5,000 for preliminary plans. Since then, such plans have been drafted by the architect and a special committee appointed by Council, with special consideration for the most urgent recreational needs of the city.

The clerk also read letters from the Optimist club and the Kiwanis club wholeheartedly endorsing the recreation building.

On request of Mayor Harry Harrington who has been aiding the committee in promoting the building, Clerk Greengood explained how the building issue will appear on the voting machine at the Nov. 4 election. He said the election inspector will operate a special lock-out lever for the eligible voters. Property owners will have pink registration slips and voters who are not property owners will have yellow slips. The color of the slips will prompt whatever action is necessary when the voter approaches the machine.

The clerk will also read a letter from Holland hospital board to acquaint council and the public with the board's position as to whether or not the city can afford both the municipal building and the needed addition to Holland hospital.

Attention was called to the previous addition which was the first step in a three-stage program. Now the second step is necessary as present facilities are inadequate and the board as a building committee has been active on plans since last spring.

At present, no decision has been made on hospital plans due to further study needed to determine the size requirements and the most efficient layout of facilities. The board feels certain that cost of the municipal recreation building and the probable cost of the hospital addition will be within the charter limitations on bonded indebtedness for the city.

"Recognizing that hospital and school needs are of primary importance, the hospital board feels that the recreational building is very desirable and the city of Holland is industrious and thrifty enough to be able to afford more than the bare essentials of life. Therefore, this board urges favorable consideration of the municipal recreation building," the letter concluded.

Window Painting New Innovation

An innovation in Halloween originality will be launched by the Junior Chamber of Commerce this year in connection with the annual party for children Friday, Oct. 31, at Riverview park.

Local merchants will devote space on their show windows to "window painting" for children 9 through 15 years. Prizes of the same caliber as those offered for costumes or jack-o'-lanterns will be awarded the winners. The pictures will be judged more on originality and neatness than on artistic ability.

Dale Fris, chairman of the window painting project, said store owners will assign spaces according to the size of picture the applicant is doing. Water colors will be provided. The pictures will be painted on the inside of the glass. Children entering the contest will have two days to do the work, Oct. 27 and 28.

Entry blanks will be distributed in elementary and junior high schools. A sketch of the proposed Halloween picture or scene must accompany each application. Such a window painting contest has been staged successfully in Michigan City, Ind., and the local Jaycees are duplicating the stunt to add further activity to the traditional Halloween observance here.

Supervisors Ask New Legislation For Townships

GRAND HAVEN (Special) — The Board of Supervisors Tuesday adopted a resolution requesting State Rep. George Van Peursem to initiate or support legislation in the next regular or special session of the legislature providing a new system of representation on township boards.

The resolution, drawn up by the rules and legislation committee, asks for the election of two representatives or trustees for townships with a population under 5,000 and four representatives for townships over 5,000.

This arrangement would provide representation in place of township justices on the township board, who were ruled out in a Supreme Court opinion Oct. 6 regarding a case in Dearborn. A copy of the resolution will be presented at the 5th district supervisors' meeting in Zeeland Oct. 22.

Supervisor John Gallen of Holland said he would present a resolution Friday recommending the purchase of the voting machines which were being used on a trial basis this year. A total of 71 machines are in use, eight of which are owned by Grand Haven city and two by Polkton township. The board will decide whether each unit will purchase its own machines or whether the county will purchase them.

A communication from Bakale and Kossuth Construction Co. on road improvements contracted by Mr. and Mrs. Leo Szeferaniec was referred to the prosecuting attorney and the good roads committee to determine whether the county is liable for the \$300 bill. The communication explained that the Szeferaniecs contracted for a one-way road to their residence since they were unable to get the township or county to do the work. Later when the job was partly done, the county road commission was said to have ordered a full width road.

A communication from James Heuvelhorst, chairman of a taxpayers' group which protested county road weight restrictions last spring, was referred to the good roads committee. Heuvelhorst said no action had been taken on relieving the stringent restrictions, although two meetings had been held. A resolution from Grand Haven Elks lodge endorsing the primary system for electing county delegates was filed.

The board cancelled its meeting today so that supervisors could see and hear Sen. Dick Nixon, Republican vice presidential candidate who is visiting Holland and Grand Haven on his whistle-stop tour of Michigan today.

The first formal initiation was staged at the meeting of the Holland Chapter No. 1010, Women of the Moose, Wednesday evening when Mrs. August Von Ins and Mrs. Harold Howard became members.

Entertainment for the evening included tap dancing and acrobatics by children of Mrs. Clyde Johnson.

Plans have been completed for the hard-times party to be held Friday evening at the home of Mrs. Len Rummier, 181 West 22nd St., and for a fun party at the home of Mrs. Joe Victor, 128 Walnut Ave., on Friday, Oct. 24, when members of the Muskegon Women of the Moose will be guests.

Prize winners for the evening were Mrs. Fred Van Slooten and Mrs. Cal Strong. Members of Mooseheart—Committee were in charge of refreshments. On the committee are Mrs. Ann Johnson, Mrs. Everett De Weerd, Mrs. Velma Van Oort and Edna Mae Graboski.

Absentee Ballot Forms Available From Clerk

Request for absentee ballots continue to be received in the city clerk's office with 301 ballots mailed out through today, City Clerk Clarence Greengood said today.

Greengood urged residents to request an absentee ballot if they will be out of the city on election day. Members of the armed forces are also eligible to vote in the Nov. 4 general election, even if they are not registered, he said. Eligible family members may request the ballot or the servicemen may do so themselves.

Greengood reminded residents that voting machines are on display in the city treasurer's office and downtown in the First National and Peoples State banks. He suggests that voters take a look at the machines to familiarize themselves with the ballot. Voters, he said, must cast separate votes for presidential candidates as voting a straight ticket will not include this vote. In the past a great many persons have overlooked this fact, resulting in a lost vote for these candidates.

College Ready For Tug-of-War

The Hope college annual tug-of-war between the freshmen and sophomores will take place in a new setting for the first time in more than 40 years when underclassmen battle in this half-century classic Friday at 4 p.m. across Black River.

Because of high water levels, the college classic has been moved upstream a mile or more and will be held on the American Legion clubhouse grounds below the hill just east of the clubhouse. The pull chairman, Robert Smith, a junior from Parchment, said sophomores so far have won the greatest number of the contests. Up until World War II, however, the freshmen and the sophs were pretty evenly matched and won almost an equal number of times. Since 1946, the sophs have taken every contest.

Pictures of the first pull which was held in 1905 show that the event took place over a creek located on Fairbanks Ave. near 16th St. The first mention of the pull in the Anchor, Hope college bi-weekly, was in 1910 when it took place on the Boone property over Black River a half mile east of Holland. That had served as the tug-of-war site until this year.

Freshman coaches will be three juniors, Norm Gysbers of Wau-pun, Wis., Jack Kalee of Grand Rapids, and Bill Kiskien of Tarrytown N. Y. Sophomore coaches are two seniors, Warren Sinke and Don Teusink, both of Holland.

State Highway Department Okays Local Truck Route

The Michigan State Highway department has approved local plans to make Seventh St. a truck route, City Manager Harold C. McClintock told Common Council at its regular meeting Wednesday night which lasted one hour and 25 minutes.

According to action taken by Council Sept. 3, Seventh St. will be made a truck route from Lincoln to River Aves. and proper signs will be installed. The State Highway department will assist in the installation and also has planned for an overhead sign just north of the intersection at Ninth and River warning truckers to continue an extra block. This work is scheduled to start next Monday.

In other highway business, the city manager presented detailed information on widening and resurfacing US-31 from 13th to 28th Sts. Plans call for the highway from 19th to 28th Sts. to be widened to 40 feet and the entire stretch resurfaced with two inches of bituminous concrete. Total cost of the project was estimated at \$63,250 of which the city's share would be \$15,845 which would be paid from gasoline and weight tax funds available to the city. The project is scheduled to start early in the 1953 season.

Council approved low bid entered by Wolverine Tractor and Equipment Co. of \$2,945.88 for a tractor and snow plow, and also okayed the purchase of 100 G-54 four-way street name assemblies at a cost of \$8.32 each f.o.b. Bellevue, Ky. The city manager was authorized to investigate further prices on new two-inch pipe posts, 76 of which are needed.

Council reappointed Park Supt. Dick Smallenburg to a three-year term on the board of directors of Holland Tulp Time Festival, Inc. He has just completed a term on the board. A notice of a public hearing by the Water Resources commission regarding rules of procedure to be adopted by the commission to be held at Haven Hill lodge in Milford Oct. 28 was referred to the city attorney and city manager with power to act.

A communication from James H. Klompars, president of the Board of Public Works, outlined methods to be used and amounts to be obtained from funds under the control of the Board of Public Works for the purpose of financing the remaining commitments on the James De Young power plant expansion building. Council also approved a contract between the Board of Public Works and the city of Holland with Elzinga and Volkors for \$9,540 to furnish labor, material and equipment to complete the installation of the Outdoor Bus Tie Transformer mat at the James De Young generating station.

Council also approved the purchase of 118 feet of lakefront property adjoining the De Young plant from G. John Koiker of Scott Lagers Co. for \$6,000 with the understanding that BPW funds in that amount will be transferred to the city fund within two years.

Local Marine Wounded In Korean Fighting

Individuals or small groups who would be interested in aiding in the program are asked to call Mrs. Geerlings who schedules all such trips to the hospital.

GRAND HAVEN (Special) — Five persons already have applied and more are expected to before the Ottawa County Board of Supervisors appoints a new county road commissioner to fill the vacancy caused by the death of Albert Hyma. Candidate Urges Everyone to Vote In Coming Election

Charming Wife Gets Plaudits of Crowd; Local Bands Noted

Holland turned out 2,000 strong Wednesday afternoon to hear the whistle-stop back platform speech of Sen. Richard Nixon, vice presidential candidate, who lashed out at the Democratic foreign and domestic policy in his short, 15-minute speech here.

Nixon, appearing on the back platform with his charming blonde wife, Pat, called for the election of Dwight Eisenhower and "the Republican team" to "restore the moral and spiritual standards of America."

Referring several times to the young high school students making up both the Holland high and Christian high school bands who were standing beside the train, the California solon called for a change in administration "so that these boys who are 14 and 15 years old today may have some hope for the future without facing the likelihood of the draft or fighting in some place like Korea."

"What's wrong with the leadership today?" Nixon asked rhetorically. "Well, let's look at the record," he replied, reminding his listeners that Democratic nominee Adlai Stevenson had promised to continue the policies of President Truman and Dean Acheson, secretary of state.

Seven years ago when Truman took office, Nixon stated, the United States "had everything" desired by a great country, and there were only 180 million persons in the world on the Communist side of the fence.

Today, he continued, we have not only lost our military supremacy but now the Communists have 800 million persons in their fold. "The odds have shifted from 9-1 in our favor to 5-3 against us in seven years," Nixon charged. He continued that a policy allowing this "isn't good enough for America." Those that made it, he stated, from Acheson on down, should be "thrown out."

"Do you want four more years of Truman? Do you want four more years of Acheson?" he asked the crowd. "Then vote for Ike." Under Eisenhower's leadership, his running mate said, America can get the allies she needs abroad. Eisenhower will run the government economically, Nixon said, and will keep America strong economically. At this point, he referred to the well-known frugality of the Dutch.

"I know you people and your forefathers don't spend money when you don't have to," Nixon said. "Neither does Ike." "But most important of all," Nixon said, "Eisenhower can restore the moral and spiritual standards of America. America must win the minds and hearts and souls of men. Only then can we have real peace and security."

Nixon pointed out that Eisenhower's only test when he is considering some move for the nation is, "Is it good for America?" "It is this kind of leadership that will save America and retain our freedoms," Nixon charged.

He concluded his talk with a ringing call to "get out the vote." "These freedoms are worth fighting for, and if they are worth fighting for, they are worth voting for," Nixon concluded. He asked the crowd to get out all the votes—Republican, Democratic and independent.

"You are voting for the future of America," Nixon said. "Please go out and do the job!" With the senator and his wife still waving from the platform, the "Nixon special" pulled out of the station, heading for Grand Haven and another whistle stop talk.

State Sen. Clyde Geerlings was the first to make his appearance on the back platform as the train entered the station. He introduced Rep. Gerald Ford, who in turn introduced four state officials—Sen. Homer Ferguson, Auditor John Martin, Fred Alger, candidate for governor, and Rep. Charles Potter, candidate for Senator.

Grand Havenites Greet Nixon at Whistle-Stop

GRAND HAVEN (Special) — A crowd estimated at 800 persons jammed the Grand Haven depot Wednesday afternoon to greet vice presidential candidate Richard M. Nixon on his whistle-stop tour through Michigan.

The Spring Lake school band and the Grand Haven high school pep bands contributed to the occasion with peppy music and many Eisenhower and Nixon banners were in evidence.

School Board Okays Municipal Building Here

Board Reaffirms Action Of a Year Ago in Asking Council to Plan Center

Although primarily concerned with its own expansion problems, the Board of Education Monday night endorsed the municipal recreation building on which Holland property owners will vote Nov. 4 whether to bond the city for \$500,000.

In this action, the board reaffirmed its stand taken about a year ago in joining trustees of Hope college, the Christian schools and the Chamber of Commerce in petitioning Common Council to proceed immediately with plans for such a center. This action was taken after Hope college abandoned plans for a college-community gymnasium on the basis that many would-be contributors would prefer a city-owned auditorium.

In other business, the board granted a release to Hugo Siehr who was unable to fulfill his teaching contract and in his stead approved the appointment of Clifford N. Marcus as high school English teacher. A native of Holland, he is a graduate of Hope college and received a master's degree from the University of Michigan. His teaching experience of nine years includes one as teaching principal of the Christian school at Redlands, Calif., two at Spring Lake, six at Wyoming Park.

The board also approved a contract for Mrs. Isla Schipper as teacher of special education in Junior high school. Mrs. Schipper was graduated from Holland high in 1946 and from Hope college in 1950. She taught one year in North Muskegon and one year in Lansing.

Mrs. Dorothy Hornbaker, wife of the biology instructor at Holland high school, has been hired as secretary to Edward Donivan, administrative assistant to the superintendent.

Supt. Walter Scott also called attention to the study on the improvement of instruction and curriculum and announced that the faculty committee on Education for Work will report to the entire faculty Wednesday at 4 p.m. in the auditorium. Ralph Wenrich has been advising on vocational, industrial arts, commercial, and home economics fields.

The buildings and grounds committee reported progress in the girls' shower rooms and storage facilities; the re-pointing of Junior high and Holland high schools, and hiring the Exterminal Termite Co. to exterminate the termites in the girls' locker rooms at a cost of \$519. The committee also leased a building from Lloyd Steggers for one year as the site for bricklayers' classes.

The committee was given power to act in disposing of the old bell of Froebel school. The new Calvary Reformed church east of Holland had inquired as to its purchase.

Claims for September totaled \$68,925.81 of which \$42,208 was for teachers' salaries.

Local Man Directs 'Ike-Nixon' Group

NEW YORK (Special) — J. Frank Duffy, Jr., 643 Lakewood Blvd., Holland, Mich., today was appointed Michigan chairman of "Youth for Eisenhower-Nixon," according to an announcement by Walter Williams, national chairman of Citizens for Eisenhower-Nixon.

Duffy will be in charge of youth activities in college and civic organizations throughout the state. His task will also encompass getting out Michigan's share of the nine million new voters who will go to the polls this year in the United States.

In his letter to Duffy, Williams said, "While this is arduous work, the rewards are inspiring. You have an opportunity to contribute in incalculable measure to the election of a president and vice president qualified to lead our country in time of great decision. You also have the privilege of working to restore a true two-party system in the United States. 'I welcome you to this crusade and assure you that all the support we have to give is yours—Citizens for Eisenhower-Nixon.'"

Duffy has been active in Young Republican Federation affairs on a county, state and national scale in recent years.

Two Home Games Slated for Local Grid Fans

Two home football games will be on tap for Holland grid fans this week-end.

The Holland high school squad, which suffered its first defeat of the season last week to Grand Rapids Catholic Central, will try to rebound into the winning column against the powerful class A Dowagiac squad. This game will be held Friday night at Riverview park.

Hope college will climax its homecoming celebration this week-end with a game against always tough Albion college. The Briton-Dutch struggle will be held Saturday afternoon at Riverview park.

Coaches Dale Shearer and Ned Stuitts at the Holland high practice field have been noting a lot of enthusiasm and spirit among their charges in spite of last week's loss.

Coach Shearer was well pleased with the way in which his squad came out fighting in the second half at Grand Rapids to pull itself from an unbalanced score and outscore the Cougars in the last half.

"They didn't give up against Catholic," Shearer comments. Apparently some of that enthusiasm is lasting over into this week.

Junior quarterback Bob Van Dyke, who was called into service when regular signal-caller Terry Burns was sidelined Saturday, "worked out well and played a nice game at Grand Rapids," Shearer said. Van Dyke has taken over the No. 1 quarterback

Bob Van Dyke
... to direct offensive ...

chances and has been impressive in drills so far this week.

Two other backfield men turned in good games Saturday after coming off the bench, and both Paul Mack and Ennis Gonzales have been showing up well in drills so far this week. They may see more action against Dowagiac.

With the exception of Burns, who likely will miss the next two games, the rest of the Dutch squad came through without serious injury. Tackle Ward Pippel, injured in the Cadillac game, is back for full-time duty this week. In all, Shearer poured 23 play-

ers into the Catholic game Saturday, which is the largest number used except in the runaway victory over Cadillac. Most of them turned in good games in the second half, Shearer said.

Hope Coach Al Vanderbush was so satisfied with his team's performance in its 33-0 victory over Hillsdale Saturday that he gave his squad Monday off. A chalk talk was the only item of work Monday.

"That was the first day off for the squad since we started practice," Vanderbush said. "It gave the boys a chance to rest their bumps and bruises."

However, the collegians came back Tuesday night with a long, hard session lasting until after 6 p.m. Although no serious injuries were uncovered at Hillsdale, about a half-dozen players missed Tuesday's drill but everyone is expected to be ready to face Albion Saturday.

Scouting reports from Albion's 14-0 victory over Alma last week indicate that the Britons should have won by a larger score. Albion is figured to be a team with three regular backfield men returning from last year.

Joranko, most valuable gridders in the MIAA last season. But transfer Bob Friberg, from Grand Rapids Junior college, has taken over at quarterback and is judged a better passer than Joranko.

Only regular missing is Frank Consequently, the Dutchmen

Nick Yonker, who was backfield coach last year, is in Holland on a two-week furlough from his Army duty at Fort Sill, Okla. So Vanderbush gladly turned the problem of pass defense over to Yonker, who will assist with the coaching duties for the next two weeks.

"Nick worked with our kids last year when we had a pretty good defense," Vanderbush commented. "So I'm putting our pass defense in his care."

Hertel Explains Civic Building

The proposed Holland municipal building was explained in detail before the Holland Optimist club at its regular meeting Monday noon at the Eten house. Arnold W. Hertel, chairman of the recreation building Committee, gave a complete report on the building. He showed the location of the building on the site, pointing out that the main entrance would face the downtown area, thus giving an impressive appearance. He also explained the large parking lot which would accommodate 321 cars.

Hertel described the basement plan and showed how provisions have been made for future enlarging of boys' and girls' rest rooms into dressing rooms if and when a swimming pool is added. The location of the heating system is also advantageous for possible additions.

The main floor includes the spacious lobby with offices and adequate rest rooms for public use during Tulip Time. Hertel added that this portion of the building might also serve as Tulip Time headquarters. The location of locker rooms, officials room, serving kitchen, stage facilities, a reception room and exhibition rooms were shown. Ample storage room for stage properties, supplies, and tables and chairs, is provided. The main auditorium has a standard collegiate basketball floor with bleachers on two sides. The bleachers will be of the type that can easily be pushed back to allow for tables or chairs when programs of other types are presented.

The balcony has seats on three sides and a projection room for films. Hertel emphasized that in this building Holland will get as much as possible for the money spent and that future needs are given consideration in that future expansion can be done at minimum expense.

After Hertel's talk, the club unanimously adopted a resolution endorsing the plan. President Bill Venhuizen presided at the business meeting. Frank Schwarz was a guest.

Collegians Master Earlier Problems In MIAA Victory

HILLSDALE (Special) — Mastering both the offensive and defensive problems that had led to defeats in the first three games of the season, the Hope college football squad completely subdued Hillsdale college here Saturday afternoon to post a 33-0 victory in the opening game of the MIAA season.

Coach Al Vanderbush's crew, out to defend its league co-championship, struck with almost equal effectiveness on both the ground and in the air to ruin an otherwise gay homecoming for the Dales. Hope rolled to 222 yards on the ground and added 111 yards through the air.

The Dutch defensive line, meanwhile, was holding stoutly, giving up only 84 yards on the ground and 65 in the air to the home club. Only serious Dale drive came in the third period and carried over into the final stanza but was stalled when Don Howard intercepted a Hillsdale pass on the Hope seven.

The first quarter belonged to the Dutchmen after the two clubs exchanged punts twice while feeling each other out, much in the manner of two prize fighters. Freshman John Adams returned a Dale punt to midfield and Hope began its first touchdown drive.

After John Hamilton carried for eight yards up the middle, Dave Kemper hit Ben Bauman with a 26-yard pass bringing the ball to the Dale 30. Zeke Piersma ripped off 10 yards, and John Hamilton carried to the 15. Then Adams, who ran well all day, went through the left side for the remaining 15 yards and the first score, shaking off two groups of Dale tacklers along the way. Bob Prins' kick for point was good and Hope led 7-0 after 10 minutes of the game.

After the kickoff, Hillsdale failed to gain and kicked to the Hope 39, from where the Dutchmen carried over again for a touchdown. Key plays of this 61-yard march were two runs by Hamilton, one for 16 yards and another for 21. Adams again scored, this time from the seven with one Dale would-be tackler riding piggy-back into the end zone. Prins again kicked making the count 14-0 with just 45 seconds gone in the second period.

Lineman John Hollander set up the third Dutch tally just three plays later. After the Dales received and netted minus four yards on two plays, Ron Apple-dorn tried a quick kick which Hollander partially blocked on the Hillsdale 30. It took the Dutchmen seven plays to score, with a 21-yard pass from Kemper to Zeke Piersma carrying to the nine from where Hamilton went over on three line smashes. The kick was no good and Hope led 20-0.

That was the scoring in the first half, as both sides failed to keep drives moving. Play was slowed considerably by repeated official conferences between officials on the field concerning penalties. Hope scored its fourth touchdown the next time it got the ball. The Dales picked up minus six yards after the kickoff and punted from their own 23. Piersma playing in safety turned in an outstanding 34-yard punt return, carrying to the Dales 27. Kemper picked up six yards and then Hamilton ripped through the middle for the final 21 yards making the count 26-0 as Ken Bauman's try for the extra point was blocked.

At this point, Hillsdale began its only real threats of the afternoon. Taking over on their own 13, the Dales marched through three first downs to the Hope 44 where Don Prentice intercepted a pass. A moment later, a Kemper aerial was stolen by Ray Jackson on the Dale 25.

Line plays and penalties carried to the Hope 18 just as the fourth quarter started. But Howard snatched a pass by Leroy Dorow on the Hope seven ending the threat.

Then Hope marched again, going 93 yards in just 12 plays for the fifth and final Dutch marker. Frank Talarico and Hamilton alternated in carrying the pigskin, and Kemper passed to Adams for a 28-yard gain as the key plays in the series. Piersma capped the drive with a two-yard plunge over right tackle for the score, and Bauman added the point from placement making the final count 33-0.

With Don York directing the offensive, the Dutch almost scored again in the last part of the quarter. Bob Hoeksema set up the drive by recovering a fumble on the Hope 37, and the Dutch "pony backfield" of York, Talarico, Bob De Young and Hamilton—with the aid of a 15-yard personal foul

Student Ambassador Addresses DAR Group

Guy Vander Jagt, student ambassador, addressed members of the Elizabeth Schuyler Hamilton chapter, Daughters of the American Revolution Thursday afternoon at the home of Mrs. E. J. Bachelier.

Mr. Vander Jagt said that he was especially glad to speak before a group of women whose ancestors had founded this land of opportunity and promise, to which millions had come from Europe, among them in 1911, Harry Vander Jagt, whose son was privileged to be born an American citizen.

On the ship, Waterman, were 500 young people whose job was to learn to know the people of the different countries which is a fine way to break down differences between nations and bring peace to the world.

He emphasized the need for a pioneer spirit, for men with courage, self-reliance and faith in the future of America, for men like the Seabees in the war, with courage to attempt the seemingly impossible and accomplish it.

The young people crossed the ocean with little understanding of

appreciation of the difficulties in the way of a united Europe. They found that there was more than an ocean separating Germany from America. But when his three weeks in Bonn were up he realized that the differences came from human imperfections but that in the big things they were as one. Although the Blue Danube, the Alps, the Rhine and other scenic beauties had delighted him, nothing seemed as fine as the statue of Liberty in New York harbor. In Europe he learned to appreciate America and was proud to be an American.

Mrs. R. F. Keeler, chapter regent, introduced the speaker and presided at the meeting. She urged all members to vote on Nov. 4. Miss Lida Rogers spoke of the importance of correctly handling the voting machines using one lever for president, another for state officers and three for the amendments and one for the recreation building.

The hostess committee included the Mesdames John Rozeboom, A. H. Crawford and Keeler and the Misses Louise Crawford and Ramona Vinson.

Fire Prevention Day Slated Here

Plans are shaping up for a special Fire Prevention Day in Holland to be held Nov. 6.

Between 30 and 40 fire inspectors will be here that day for the program. The Holland Chamber of Commerce is sponsoring the project with the assistance of the Holland Association of Insurance agents.

Civic groups and Fire Chief Andrew Klomparens are co-operating with the Chamber. Purpose of Fire Prevention Day is twofold:

Fire inspectors will conduct an educational program, and make inspections of business houses, public buildings, schools and churches.

Boy Scouts will participate actively in the project by distributing posters and pamphlets. In addition, they will serve as guides for the visiting fire inspectors.

The entire program is a service of the Michigan Fire Prevention association. The organization provides this service to nine Michigan cities a year, and Holland is on the slate for 1952. There is no cost to the cities elected for the program, and the association visits the cities only by invitation.

Chix Add Fourth Victory in Row Without Trouble

HUDSONVILLE (Special) — Zeeland high school showed power to spare here Friday night as the Chix walked all over Hudsonville to score their fourth football victory in a row this season over the hapless Eagles 47-0.

Coach Joe Newell's charges scored in every period, with John Walters and Ron Wetherbee scoring twice each and Al Meyers, John Vanden Bosch and Dave Kuipers once each.

Hudsonville started the game as if it meant business. The Eagles took the opening kickoff and marched all the way to the Chix 25 before being halted. Hudsonville kept its opening attack mostly on the ground, but a pass from Kole to Kunzi carried to the three from where the ball was returned to the Zeeland 25 on a Hudsonville penalty.

After that opening minutes thrust, the Eagles were grounded for the rest of the evening. The Chix took the ball on their own 25 and marched 75 yards straight down the field with Walters going over in the first quarter from the one-yard line for the touchdown. Walters also plunged for the point making the score 7-0. Biggest gain in the drive was a 21-yard run by Wetherbee.

On the first play of the second period after the Eagles received the kickoff, Meyers intercepted a Kole aerial and sprinted 50 yards into the end zone for Zeeland's second score. Wetherbee added the point from placement.

On the ensuing kickoff, Hudsonville failed to gain and Zeeland took over on its own 40-yard stripe. From here the Chix marched 60 yards to pay dirt, with Vanden Bosch passing to Kuipers for the five for the score. Walters' plunge for the point was halted and the Chix led 20-0.

Zeeland lost no time in scoring its fourth marker. Kuipers intercepted another Eagle pass on the Hudsonville 45, and on the first play Vanden Bosch heaved to Wetherbee on the five-yard stripe. The next play was a pass from Vanden Bosch to Wetherbee into the end zone, and Wetherbee added the kick to make the count 27-0 as the half ended.

As the third period opened, the Chix were forced to send up their only punt of the game. A fumble and an intercepted pass exchanged the ball back to the Eagles, who were contained on the Chix 24-yard line. On the first play, Walters took a fake reverse and outran the Eagle secondary to go in to paydirt on the end of a 76-yard scamper. The kick was no good and the Chix led 33-0.

Hudsonville continued to find the going rough, as the third period ended, and Doug Kuipers recovered an Eagle fumble a few moments later on the Zeeland 45. Passes and runs took the ball to the Hudsonville 21. Then Vanden Bosch, back to pass, was trapped. Running diagonally to his right, he leaped high and threw a long one into the end zone where Meyers made a circus catch. But Zeeland was penalized, nullifying the score.

Undaunted, Vanden Bosch passed to Meyers on the next play for 35 yards to the Eagle six-yard stripe. From there Vanden Bosch went over right tackle to score, and he passed to Kuipers for the point, making the count 40-0.

A recovered fumble by Dave Vander Meulen set up the last Chix score in the fourth period. Wetherbee went over from the seventh for the counter, and swept right end for the extra point making the final tally 47-0 for Zeeland.

The Chix showed complete mastery of the situation after the first few minutes of the contest. The passing of Vanden Bosch was something to behold, along with the snatching abilities of his varied receivers. Vander Meulen and Randy Baar stood out in line play for the winners.

Coach Newell substituted freely during the contest, and all 23 men dressed for the game were pressed into service. Newell commented after the game that if Hudsonville had made its first touchdown in the first few minutes of the game, the outcome may have been different.

Next contest for the Chix will be against Wyoming Park next Friday night.

Jesus Demands Sincerity
Matthew 6:1-8, 16-18, 22-24

By Henry Geerlings

The teaching of Jesus was contrary to many of the customs of his day. This made him unpopular with the Pharisees in particular because many of the customs had been advocated by them as essential to religious living. Some of these customs did not have the authority of the Scriptures back of them but were the outgrowth of traditions. To many persons no doubt these were as binding as were the written laws of God, for the people did not know which of these had come from God and which had come from man's teaching.

Naturally, the Pharisees were always thinking of some way to discover that Jesus was teaching and allowing customs that were so far removed from the teachings of the Scriptures that they would be justified in denouncing him as a fraud.

The Pharisees placed a lot of stress on ceremony. They had exalted the traditions to the place of laws as binding as though they had been written in their law books. Bathing the whole body when coming from the market place was a formality so that any defilement from touching anybody not of their own class might be removed. They had a series of ritualistic washings for cups and pots and brass vessels. To the Pharisees these were necessary to pure religion. Jesus did not consider such formalities needful and did not teach them to his disciples.

The ceremonies of the Jews, their washings and rituals had value. They were intended for use in the kindergarten period of their religious development, but when they grew older they could put away the childish ways. But they did not. Not only did they not put them away but they made them the very guiding principles of their religion. They lifted them up into vital significance. By them and the observance of them did their religion stand or fall.

It is a misfortune when a traveler thinks a signboard is the place where he is to stop, when it is something that points out the way to go toward his goal. It is a strange mind that thinks the signs and symbols and ceremonies of his religion are the all-important matter, when love and faith and goodness are the heart and driving power of it.

Jesus took his critics to task for shallowness and hypocrisy. He told them that Isaiah had already painted their picture. He saw them as those religious people who honor God with their lips but keep their hearts far away from him. They have mistaken their own ideas of things for divine precepts. They have confused the pitiful human view of things for the eternal right of things.

Indeed, one of the tragic misfortunes of true religion is that some of its professors lift their own conception of things into the place of unquestionable authority and they say it is by this your souls shall live. They would prevent men who are honestly trying to find their way into the heart of the religion of Jesus from pursuing that noble purpose. They stand in the way of their finding the true liberty of the children of God. Whenever religion becomes a burden and not an inspiration, it is not from God but from man. Whenever religion becomes a form and not a force, it has lost its contact with heaven and it has fallen a victim to man's mechanical tendencies.

And it is another tragic misfortune when tradition is lifted into the importance of a command of God. What comes out of the past is not necessarily good because men used to do it, but it is good only if God has appointed it or given it authority and life. We must hold on to all that has abiding value, but we must be sure that we do not burden men's consciences with something that was never intended to have more than a local and passing value.

And Jesus climaxes his argument with the teaching that it is not what enters a man from the outside that makes him unclean, but what comes from a man that defiles him. All food is clean and one does not become what one eats. That has nothing to do with pure food laws, but we may be ever so sanitary, and yet we may be morally unclean.

Jesus is trying to drive home to the minds of his critics that the religion that is necessary and saving is the religion that purifies a man's heart and inspires his soul to great and clean living. Clean hands are very necessary, but a pure heart must go with them. Pure food is most desirable, but a great soul that knows and loves God is absolutely necessary.

There is no wrong in the care we bestow on externals. The neglect of one's appearance, or of one's religious manners is not to be encouraged. It is the cherishing of the shell while we discard the kernel that is to be deplored. The observance of the forms of religion alone is what called forth the Savior's rebuke. If the heart is not guarded no part of the life is safe. If the mountain is unclean how can we expect the streams to be pure.

Before the appearance, a lengthy conference was held in which the amount of money embezzled was established at \$5,000.

Voting Machines Set Up Downtown

Three voting machines, all set up for the Nov. 4 general election, are available for inspection this week, by Holland area residents in three downtown locations. City Clerk Clarence Grevegeod said today.

The machines are set up in the city treasurer's office, the lobby of the First National Bank and the Peoples State Bank. A competent person will be on hand at each location to answer all questions.

Grevegeod urges all voters to take time and look at the machines, as they are set up slightly different than they were for the primary election. The machines contain various questions to be voted on, presidential slate, state and county candidates and the non-partisan ballot. Grevegeod said voters should cast their votes in that order to insure voting a complete ballot.

Grevegeod asked that residents take time to spend some time next week explaining the machine to prospective voters, contact his office. He explained that he was in need of workers to man the downtown machines after this week.

Big Kindergartens Pose Problem for School Trustees

Board Much Concerned Over Future Enrollments In City Public Schools

The Board of Education is gravely concerned over future overcrowding in city schools, according to a prolonged discussion that stretched into 3 1/2 hours at the monthly meeting Monday night in the administrative office.

The discussion on future needs grew out of Supt. Walter V. Scott's report on kindergarten enrollment which in spite of adding an extra kindergarten class at Washington school still has 73 kindergarten pupils in Lincoln school and 71 at Longfellow school. This number is divided, half in the morning and half in the afternoon. Many educators feel the maximum number a kindergarten teacher can handle must not exceed 20.

To relieve the overload at Washington and Lincoln, several solutions are under consideration. It was suggested that the schools might have three kindergarten sessions a day so that all kindergartners might have advantage of the excellent kindergarten facilities in the two buildings. Temporary quarters such as churches or homes were suggested. Even the former Sam Miller home on East 10th St. was suggested as a possible class room.

It was generally conceded, however, that such solutions were only temporary and would not solve the real problem which an increased birth rate cannot help but present as time goes on.

From the kindergarten problem, the board discussed future school development, with consideration for the proposed addition at Van Raalte school. Plans were under way for the first, section or wing of what would eventually be a new Van Raalte elementary school on the 24th St. site, but City Planner Scott Bagby has recommended such a building at the 30th St. site, and further consideration will have to be given before plans are adopted.

The board is considering another appropriate citizens committee to study the over-all problem of necessary school construction and finance. Further discussion on the problems will follow the next informal meeting of the board Oct. 27 on music and art with Mrs. John K. Winter as chairman.

Plans also call for another meeting with the rural planning committee in the near future. Members of the rural school board also are invited to attend parents conferences in junior and senior high schools. Junior high conferences will be held from Oct. 27 to Nov. 7, and the high school conferences will conclude Oct. 31. School will be dismissed at 2:30 p.m. during the period. Parent-Teacher conferences were held the past week in elementary schools.

All trustees were present. President Jay L. De Koning presided and Trustee James Hallan gave the invocation.

'New Jersey Unfair to Students' rings out from this group of Hope college students as they prepare to sign petitions for their governor back home protesting the failure of legislation in their

home state which would permit them to cast their absentee ballots in the Presidential election. The rally was called by Verlaene Siter, a senior and old enough to vote, after she complained to college authorities about the situation.

Jersey Students Protest Lack of Absentee Vote

Fifty Hope college students from New Jersey are conducting a long-range campaign to have their home state permit absentee voting.

The students have signed petitions which are being forwarded to Gov. Alfred E. Driscoll and the New Jersey legislature protesting state laws which do not provide for absentee ballots other than for servicemen.

It all started when Verlaene Siter, a senior from Berkeley Heights, N. J., who is old enough to vote, "gripped" to Clyde H. Geerlings, faculty member at Hope and also state senator from the 23rd district, Ottawa and Muskegon counties.

"Why don't you do something about it?" Geerlings asked, and then proceeded to work out plans with her under the guidance of Dr. I. J. Lubbers, college president.

Thus, the long-distance campaign to remedy the state's laws so students wouldn't have to trek back home to do their voting began.

Miss Siter called a rally of Jerseyites, all of whom eagerly signed petitions—three copies each—to be forwarded to the governor and to the clerks of the senate and the assembly. The resolutions went out by registered mail Monday.

Only a fraction of the group are old enough to vote, but they're all nearing the mark and are interested enough in the move for better legislation to back up their stand with a barrage of personal letters.

Miss Siter was assisted by a committee consisting of Margaret

Luneburg of Harrington Park; Jack Hascup of East Paterson; Helen Studdiford of Somerville; Dick Reineman of Maywood and Gretchen Yonkman of Madison.

Others signing the resolution were Betty Greeding, Ridgefield Park; Marjorie Pickens, Montvale; Jane Noxen, Tenafly; Marilyn Spackman, Dumont; Lois Kleis, Rutherford; Delores Vall, Somerville; Russell Block, Cliffside Park; Norman Rleck, Union City; Edwin Martin, Midland Park; Margaret Knapp, North Bergen; Patricia Rldner, Newark; Carol Dodds, Bontion; Carl Schroeder, Paterson.

June Fiedler, Union City; William Coventry, Lincoln Park; Robert Nelson, Union City; Geraldine Hobler, Union City; Margery Mac Ewan, Union Beach; Elaine Dependorf, Cresskill; Dave Huff, Boonton; Carol Buseman, Hawthorne; Patricia Moran, Teaneck; Ben Le Fevre, Dumont; Ken Beckberger, Tenafly; Sheila Moran, Teaneck; Thomas Ten Hoeve Jr., Ridgefield.

William Hobler, Union City; Wayne Berens, Paterson; Nick Pool, Union City; Ronald Mac Clary, North Bergen; Carol Boyd, Boonton; George Geyer, Ridgefield; Kenneth Gnade, Ridgefield; Norman Thompson, Neahanic; John Wite, Passaic; Susan Hobbatt, Glenn Rock; Janet Soeter, New Brunswick; Donald Bair, Ridgefield Park; Richard Steiner, North Bergen; Robert Sams, North Bergen; Vivien Demarest, Paterson; Mary Heemstra, Pompton Lakes; Mary Burgraff, Dumont; and Janet Kinne, Clifton.

Servicemen Can Apply For Absentee Ballots

Absentee ballot applications for all eligible members of the armed forces are now available at the City Hall, City Clerk Clarence Grevegeod said Friday.

The armed forces is defined to include all members of the United States Army, Navy, Air Force, Marines, Coast Guard, Merchant Marine and nurses or civilians on armed service duty.

Requests for the ballots may either be made by the armed force personnel themselves or by a relative. The relatives must be either the father, mother, brother, sister, child or spouse of the serviceman, and be a qualified and registered voter of the city or township where the application is made. In cases where the relatives do not meet the qualifications, they may obtain cards by which the servicemen may request an absentee ballot.

For the November election only, the armed force members do not have to be registered, provided they would normally be eligible to vote. Eligibility requirements state that the prospective voter be a U. S. citizen, at least 21 years of age or will be by Nov. 4, a resident of Michigan for six months preceding the election and a resident of the city or township for 30 days before Nov. 4.

Grevegeod urged that all requests be made as soon as possible to allow time for the ballots to reach the servicemen and be returned by election day. Special envelopes are provided which permit the ballots to be mailed and returned by air mail, without cost to the city or the voter.

Wichers Suggests Increased Quota

Netherlands Information Service Director Willard C. Wichers was a visitor in Detroit Tuesday testifying before the President's commission on Immigration and Naturalization.

Wichers was invited to the day-long hearings to give testimony on conditions of over population in the Netherlands. He said the President had set up the commission to make recommendations to change the present immigration laws because the President felt the McCarran Act, passed over his veto, does not do the job.

Wichers said he told the commission that by 1960, population in the Netherlands will increase by one million persons. The present rate of birth over death is 150,000 persons annually, he said.

He also told the group that the Netherlands is the most densely populated country in Western Europe, having 769 persons per square mile compared with only 49 per square mile in the United States.

He suggested that Holland be allowed to fill unfilled quotas of other countries and they be restored the approximately 18,000 quota numbers lost during World War II. The present annual quota is 3,136.

When he appeared in Circuit Court today, he had completed his sentence, less five days for good behavior.

The present state plumbing act No. 222 was passed on 1901 by the legislature and he said that Holland's plumbing code dates back to the Saturday night kitchen bathtub and rain barrel of 1904 days. He emphasized that good plumbing and sanitary conditions are important to the nation's and any community's health.

Dutch Farm Leaders Include Holland In Side Trip During American Tour

Five Dutch farm leaders, part of a group of 55 Europeans touring America to study local agricultural programs, included Holland as a side trip in their itinerary during the week-end.

Nine Dutchmen are included in the party of 55, but only five were able to make the side trip. They were Conrad G. A. Mertens, independent farmer of Limburg, leader; Jan Stijn Biesheuvel, acting secretary of the Netherlands Federation of Agriculture, Voorburg; Josef T. Everts, general secretary of the Farmers and Marketing Gardeners Organization, Arnhem; Hendrikus Vredeling, economic adviser of the General Dutch Landworkers union and the International Landworkers' union at Utrecht; and Felix Cerutti, secretary for Social Affairs, Dutch Federation of Agriculture, Rijswijk.

The five men were guests of the Dick Zwiap and the Gerrit Yonker families while here. The Yonkers came to Holland two years ago from the Netherlands. Zwiap met the agricultural party on board ship last month from a two months' trip in the Netherlands.

The large group arrived in the United States Sept. 16 and will leave Oct. 29, just a week before the national elections. The local visitors were much interested in the American concept of campaigning, the like of which they had never seen at home. Leader Mertens said the group had seen the Democratic candidate, Adlai Stevenson, and were much impressed at the ease with which a candidate for high office moves.

"People could go right up and shake hands with him...there weren't all kinds of police around holding you back," he said. He said the group also was interested in seeing General Eisenhower, but figured that wouldn't be possible. "We'll learn all about the outcome on the boat," he said.

While in Holland, the group took a few sightseeing trips about Hope college campus and other places of interest and also visited Grand Rapids and Calvin college. They left Sunday night for Chicago.

The visitors, here to study agricultural methods in America, were most impressed with the efficient methods of the American farmer. They said Dutch farm methods are becoming considerably more mechanized, but the huge scale on which farming is practiced in America could not possibly be duplicated in the Netherlands because of the small size of farms.

The tour here is taking the

group to Washington, D.C., Ithaca, N.Y., Buffalo, N.Y., Chicago, Ill., Madison, Wis., Minneapolis, Minn., Denver, Colo., and Columbus, Ohio.

Charles R. Harrigan, 53, died Sunday noon at Veterans Administration hospital, Hines, Ill., where he had been a patient for three months. He lived at 254 West Ninth St. and formerly operated the Tulip City Cab Co.

The autopsy revealed, however, that Mrs. Stoffer had suffered a heart attack which caused her to blank out just before the crash, the coroner said. It is reported that she had previously suffered several heart attacks. The body has been removed to Albion where funeral rites will be held. Sunday School Convention Set

Plans are being made for the 64th annual Sunday school convention, sponsored by the Ottawa County Council of Christian Education, to be held in Hudsonville Reformed church Wednesday, Oct. 22, with afternoon sessions at 1:45 p.m. and an evening mass meeting at 7:30 p.m.

The convention theme is "Making Christ Known in Teaching and Living." Speakers are Dr.

Frederick Wezeman, president of Northwestern college, Orange City, Ia., who will deliver the evening address, and the Rev. Harold Englund, pastor of Second Reformed church, Zeeland, who will deliver the devotional messages.

Competent leaders have been selected to conduct educational conferences for all age groups in the afternoon.

Student Reports Provide Literary Club Program

Two students who shared in events last summer which the Woman's Literary club helped finance provided the program for the regular weekly meeting of the club Tuesday afternoon.

Appearing were Miss Connie Tuinsma, senior at Holland high school, who reported on her experiences while attending Wolverine Girls' State at the University of Michigan last June, and Guy Vander Jagt, Hope college senior, who spent the summer in Europe in an "Experiment in International Living" in which 500 students visited 17 foreign countries.

Mr. and Mrs. Jagt, who have been making several public appearances, based his talk mainly on his adventures during the six weeks he spent with a German family at Bonn. It was here that he came forcibly face to face with the general motto of international living, "Expect the Unexpected," for he found the German "brother" he was to live with for six weeks was a charming blond German frau.

Nevertheless, he became the sixth member of the family which lived on the banks of the Rhine, and somehow learned more about America during his European visit than he did about Germany.

"It's the little things we take for granted that loom so important when they aren't available. Never will I take a hot bath, step into an automobile and drive on wide highways, see washing machines and use radios and telephones without feeling a new sense of appreciation. It's that intangible 'something' that we call the American Way of Life," he said.

He said young people everywhere have a dream of not only visiting America but sometime coming here to live. The typical American is loved and respected by the foreigners, but many American visitors have left a bad taste in Europe and there often is considerable resentment, even though the European recognizes America as the No. 1 nation, and

seldom doubts America's preeminence in industry.

Strong in his belief in the brotherhood of man, the student ambassador went abroad hopeful of finding the idealism he sought, only to find that minor irritations and frictions, different cultures, temperaments and character present a far greater problem than an ocean between the two continents.

Yet he found he had to scratch the surface more deeply, realize anew that at best all people are imperfect human beings, and then find the inner kernel of life which was the true "brotherhood of man." This he illustrated movingly in describing the farewell with his German family.

Injecting flashes of humor, Miss Tuinsma gave an interesting review of her experiences at Girls' State where 300 girls of Michigan settled down to see democracy in action, living in separate cities and serving in different political parties.

She explained each of the 15 cities had 20 girls governed by the mayor-council form of city government. Petitions from city council find their way into county governments as resolutions and into the hands of the state representatives and senators who frame the bills.

She described the exciting state conventions which she said were every bit as dramatic as the national conventions — "on a smaller scale, of course." Throughout the entire session, the girls learned with startling emphasis that government is neither easy nor simple, and that it takes plenty of organization and hard work.

Miss Tuinsma listed the speakers of the program and their subjects which ranged from county and city relations to sculpture, poetry and music appreciation.

Mrs. Garret Vander Borgh, president, presided at the meeting. Mrs. J. Donald Jencks asked for volunteers to help explain voting machine operations at the two banks for the Nov. 4 election.

This building in addition to being a thing of civic pride will provide a center for our young people. In closing Klomparsen said, "We must join mutually and cooperatively to vote for this project." A motion that Rotary endorse this project passed unanimously.

Before the introduction of the speaker by Robert Kouw, Dr. Irwin Lubbers reported as chairman of the Rotary Foundation Fellowship committee whose responsibility it is to submit the names of qualified young men and women to the club membership.

Visiting Rotarians included Charles W. Ten Have, Saugatuck, and Harold R. Baker of Niles.

Rotarians Hear Building Plans

At Rotary Thursday noon James H. Klomparsen spoke on "The Municipal Recreation Building Project." Klomparsen indicated that this project has been under study for the last eight years. Sept. 17th of this year Common Council voted to place the decision to construct a municipal recreation building before the people in the Nov. 4 election.

Following his introductory remarks Klomparsen explained the plans—one of site development, another of the first floor plans and the last an architect's sketch of the building. "It is a good plan because it is a mature plan—well thought out. The plan is designed to meet the need."

Klomparsen pointed out, to the satisfaction of Rotarians, the many purposes which the building is designed to serve. The building, which is to be located on the Tannery lot bordered by 8th and 9th Sts. and Pine and Maple Aves. will accommodate 2700 persons at basketball games, around 2500 persons at concerts and plays. The basketball floor will be 50 by 90 feet surrounded by a 5-foot perimeter. Beside providing a adequate locker room facilities for visiting and local teams, the building will include a kitchen and several small game rooms. A total of 321 cars can be accommodated on the same lot to the east of the building site.

This building in addition to being a thing of civic pride will provide a center for our young people. In closing Klomparsen said, "We must join mutually and cooperatively to vote for this project." A motion that Rotary endorse this project passed unanimously.

Before the introduction of the speaker by Robert Kouw, Dr. Irwin Lubbers reported as chairman of the Rotary Foundation Fellowship committee whose responsibility it is to submit the names of qualified young men and women to the club membership.

Baffling Cougar Attack Explodes Dutch Win String

GRAND RAPIDS (Special) — Grand Rapids Catholic Central knocked Holland high school out of the unbeaten ranks here Saturday night before 8,000 fans at dusty South field in a football game that wasn't as close as the final 34-26 score would indicate.

It was simply a matter of the powerful and rough Cougars having too many offensive guns for the Dutch as the Grand Rapids team rolled up 326 yards on the ground to 106 for Holland.

The home team scored on the first play of the second quarter, watched Holland stab back for a score, then went out front 21-6 by halftime, 28-6 at the end of the third quarter and coasted to the final 34-26 count.

Catholic presents a baffling attack led by captain and quarterback Bob Murphy, whose ball handling, faking and play calling rank him among the best in the state. And the Cougars have a big, rough line that can open holes wide enough for any good-sized truck.

However, after a disastrous second quarter, Holland came back and played Catholic's brand of rock 'em, sock 'em football in the third and fourth quarters. And the Dutch detected Catholic's weak pass defense and exploited it to the hilt, especially in the fourth quarter when the locals rang up three TDs.

Early in the first quarter both teams were more or less "feeling their oats" until late in the stanza when Catholic started a sustained drive from its own 28 that carried to the Dutch 13 as the quarter ended. On the first play of the second quarter, Murphy passed to Mel Pospiech for a touchdown to make it 6-0. Little Bob Fox scooted through right tackle for the conversion and it was 7-0.

Holland's Terry Burns returned the kickoff from his own 22 to his 40. A running play lost three yards and a pass fell incomplete. A pass interference penalty put the ball on Catholic's 47. On the next play Burns faded way back and with all the time in the world waited for Carl Visscher to get beyond the Catholic secondary. Burns then lofted a long pass to Visscher who tucked it in on the 18 and ran unopposed to pay dirt. Jack Kempker's attempted conversion boot was wide and the score was 7-6.

Catholic's offense then fell into a "off-right-tackle, off-right-tackle" tempo and when the dust had cleared at halftime it was 21-6. Dick Szarowicz scored the first from seven yards out, and again Fox ran tackle for the point to make it 14-6. The next score came on a 19-yard run by Dick Szarowicz and the point was—you guessed it—a right tackle smash by Szarowicz.

Midway through the third period, Catholic started another march after a pass interception on its own 22. This time the Cougars struck at the left tackle slot with Dick Heynen and Jim Huff alternating went all the way to a TD on nine plays, with Huff going the last 22 yards on an off tackle play. Murphy passed way off to the right to Pospiech for the point and it was 28-6.

As the fourth quarter opened, Holland was on the move. The Dutch were mixing 'em up with passes and wide end sweeps with the quarterback latering it on out. This effective play carried the Dutch all the way from their own 31 to the Catholic 28. Quarterback Bob Van Dyke ran wide and instead of latering kept it on a bootleg and scored standing up. The point try—a pass—fell incomplete. Score: Catholic 28, Holland 12.

End Dave Bos fell on a Catholic fumble a few moments later on the home team's 32. Four plays later, with the ball on Catholic's 28, Visscher faded and shot a neat pass to Van Dyke, who was surrounded by Catholic players. However, Van Dyke neatly jumped up, caught the ball on about the two-yard line and bulled his way into the end zone. Kempker's kick was good and the score was Catholic 28, Holland 19.

Holland struck again like a bolt of lightning after Bos returned the kickoff to Holland's 37. Visscher passed to Van Dyke who was spilled on Catholic's 48. On the next play, Van Dyke threw a long strike that hit Ron Israels on the 13 and "Izzy" eluded the only defender between him and the goal to score. Kempker's kick was good and the game ended a few moments later with the final score 34-26.

For Holland praise must go to Bob Van Dyke who filled in for injured Terry Burns from early in the second quarter on. Although a bit nervous in the second quarter, Van Dyke came out in the second half and played a standout game as he passed and directed the Dutch attack. Other backfield aces were John Fendt, Jack Kempker and Carl Visscher. In the line it was the stellar play of co-captain Jerry Victor, who also played a whole of a game backing up the line on defense.

Catholic's whole team was good, especially Murphy, Fox, Heynen and All-State guard Frank Stanitzek.

Grandstanding...

By Dick Millman
South field in Grand Rapids Saturday night was covered with a layer two to three inches thick of fine dust that penetrated just about everything around—especially the players who were almost black at the end of the game. Many times spectators had to wait for the dust to clear before they could see just what happened.

Holland quarterback Terry Burns limped out of the game early in the second quarter with a sprained ankle and injured knee. X-rays taken Sunday indicate cartilage trouble on the knee and coaches said he will be out of action for one and possibly two weeks. It was the opposite knee from the one that Burns had trouble with last season.

Coach Dale Shearer said after the game, "Catholic didn't look like the same team that played Muskegon Heights when we scouted them."

Shearer also said Saturday was the first time this season Holland faced a seven-man line. This led to Holland's taking to the air so effectively in the second, third and fourth quarters.

"We had our usual bumps and bruises—and plenty of them—after the game," Shearer said.

As to this week's foe Dowagiac, Shearer saw them beat St. Joseph 13-7 Wednesday night and said "they have a big line and some fast backs."

"We'll have to go around or over 'em."

After the Catholic band marched to midfield and formed an "H" in front of the Holland stands at halftime, all the lights on the field went out and a fireworks display was lit between the goal posts that spelled out "Welcome HHS." Then skyrockets started to arch up and spectators were treated to quite a bit of color.

Naturally pleased after his team's stirring victory over Hillsdale Saturday afternoon, Coach Al Vanderbush of Hope commented that "Hillsdale just doesn't have it."

For that reason, and because of the other results in MIAA games, Vanderbush is just as naturally enough worried about the rest of the campaign. The Hope boss was mighty interested in Kalamazoo's 58-0 win over Adrian and Albion's 14-0 blanking of Alma.

Both Hillsdale and Hope were hampered by injuries for the contest, with Dale Capt Tom Welsh on the sidelines on crutches. Vanderbush used his semi-injured regulars only sparingly. Jim Van Hooven, for example, played only in the first quarter. One exception was John Hamilton, who got a workout that would do honor to a dray horse.

Play of the Dutchmen was at least 100 per cent improved over earlier games. The line especially was outstanding, opening up big holes on offense and holding down the Dale ground game on defense. Dave Kempker's passing and execution of the tricky optional split-T plays also showed continued improvement.

On one of these split-T plays tackle Bob Prins found himself as a ball-carrier Kempker, trapped near the line, latered hurriedly to Prins, who picked up 14 yards after receiving the ball. But the officials ruled it a forward pass instead of a lateral, and Hope was penalized 15 yards.

The main Hillsdale drive, to our mind, was aided by a psychological factor. As the Dales were around midfield, and Tom Stalker was injured. Play was interrupted as a big white ambulance rolled across the field to the Dale bench and the injured Stalker was driven off the field. The Dales were fired up for a few moments, but the fire was doused by one of Hope's four pass interceptions a moment later. Linebacker Don Prentice snatched two of those, incidentally.

The resounding defeat ruined Hillsdale's homecoming. A large crowd was on hand, including dozens of Holland folks. Many of them returned to Grand Rapids immediately for the Holland high-school game.

Two of the most harried and hurried were radiomen Bob Greenhoe and Nels Bosman, who got on the air late in Hillsdale then had to rush back to do the high school game. They made it in plenty of time, but without food. Their dinner menu? Peanut.

Cars Collide at Drive

Cars driven by Larry Kindel, 19, of Muskegon, and Mrs. Shirley Grover, 473 West 20th St., collided on North River Ave., at a private drive near the Lakewood Blvd., intersection at 5:45 p.m. Saturday. Damage to the 1950 model Kindel car was estimated at \$150, and to the 1950 model Grover car at \$75. Deputy Nelson Lucas issued a ticket to Kindel for failure to stop before entering a through street.

Two cars collided at the intersection of M-40 and Castle Park Rd., Saturday resulting in minor damage to the vehicles. William E. Russell, 31, Drayton Plains, was driving a 1952 model car when he was struck by Nicholas E. Colligan, 40, Grand Rapids, driving a 1951 model car. Allegan county Deputy Henry Bouwman estimated damage of \$75 to each car. Neither of the men was injured.

New Class Formed At Zeeland School

ZEELAND (Special)—Home Economics III, a new class at Zeeland high school under the instruction of Mrs. Calvin Fleser, is designed to meet the needs of the senior girl as she prepares for her career. It is aimed at improving the appearance and personality of each girl, and to give a general knowledge of homemaking.

The first unit on "Improving Ourselves" was based on criticisms by the class members of each other. After studying hair styling to suit the shape of the face, the girls spent some time at a downtown beauty shop.

A demonstration on "the correct use of cosmetics" was given by Mrs. Andre Walters. The girls are now completing this unit by studying color and design to help in selecting their wardrobes.

The next unit to be studied will be on social life. As a project, the class will write a column for the Peepers, the school newspaper, discussing points of social conduct.

Other units the class will study are on careers, consumer education, food preparation, meal planning, interior decoration, home nursing, and child care. One of the tentative plans for the future is to prepare a tea, at which the girls will entertain their mothers. The purpose of the tea will be to discuss problems which the mothers feel can be cared for in this new class.
