Board Okays Salary Boost Tentatively

GRAND HAVEN — Salary increases for 1964 of 5 per cent "across the board" for Ottawa county employees, outside the road commission and the education office, were tentatively approved by the Board of Supervisors Wednesday, after an appeal by Sheriff Bernard Gysen for a 10 per cent raise for 30 employees on his staff.

The officers committee had proposed 2.5 per cent increases for county workers at a board meeting last week but after the sheriff made an appeal before the entire board the officers committee, composed of Mayor Nelson Bosman, Holland, Mrs. Miller Sherwood, Grand Haven, and Alvin De Haan, Holland, reviewed the salaries at several meetings this week.

Rather than give only the sheriff's employees additional increases, the committee called in all department heads and decided to make adjustments in all offices. The 5 per cent increases will result in a total salary budget of \$345,003, which would be \$12,586 more than the 1963 total for salaries and \$4,202 more than the original schedule as presented last week.

Several exceptions were made by the committee in raising the wages. Supt. Marvin Swartz of the county youth home will be paid \$4,000 in 1964 compared with \$3,500 this year as the county is unable to hire an assistant. Undersheriff William Wiebenga's salary was increased \$444 per year for 1964 to \$6,180 as he was hired last year at \$6,000. There was not enough money in the budget to pay him the \$6,000 in 1963, Bosman said.

The total of the tentative budget, as proposed last week by the ways and means committee, will remain at \$1,280,520.70. The board has lopped \$10,000 off the budget for child care in the county for 1964 and other deductions have been made.

The board adjourned Wednesday until Monday, to give the tax allocation committee time to submit its annual report, and on Monday or Tuesday the total budget will be adopted. Board members will be guest of the county infirmary at Eastmanville after the Monday meeting and will make a tour of inspection.

Salaries of the employees, approved tentatively Wednesday, are as follows, with the present salaries in parentheses: Social welfare director (\$5,880) \$6,180; clerk (\$4,517) \$4,728; caseworker (\$4,728) \$4,944; caseworker (\$4,728) \$4,936; typist (\$3,720) \$3,912.

Health officer (\$12,144) \$12,400; dentist (\$7,512) \$7,656; chief sanitarian (\$6,960) \$7,296; sanitarian (\$6,024) \$6,336; supervising nurse (\$6,180) \$6,492; eight nurses at \$6,024, \$5,316 and \$4,836; circuit court reporter (\$4,006) \$4,200; probate register (\$5,316) \$5,736; deputy register (\$4,296) \$4,512; deputy clerk (\$5,316) \$5,736; clerks at \$4,104, \$3,636 and \$3,300; deputy treasurer (\$5,316) \$5,736; clerks at \$4,404, \$4,104, \$3,636; and \$3,552; drain commissioner clerk (\$3,912) \$4,104; deputy register of deeds (\$5,064) \$5,448; clerks at \$4,104, \$3,468, \$3,132.

Sheriff's department, 3 sergeants at \$5,592, \$5,880, and \$5,448; detective, \$5,592; radio man, \$5,064; deputies at \$5,316, \$5,184, \$4,620, \$4,404, \$4,944, \$5,184, \$4,836, \$4,620, \$4,728, and \$4,404.

Custodians at \$4,728, \$3,552 and \$2,496; friend of the court \$6,804; stenographer, \$4,296; clerk, \$3,552; juvenile court stenographer \$4,296; probation officer, \$4,728; county extension office - 3 clerks at \$4,404, \$3,552 and \$2,976.

The improvement committee will meet Friday at 1:30 p.m. to hear suggestions on the tentative plans for the new \$600,000 county building, to be erected in 1964 on Washington St. in front of the present courthouse.

Ferrysburg Girl Struck by Train

GRAND HAVEN — A 22-month-old Ferrysburg girl was seriously injured when struck by a Chesapeake and Ohio train shortly before 5 p.m. Friday.

Susan Vrablic of 317 Fifth St., is in poor condition this morning at Hackley Hospital in Muskegon with severe head injuries and scalp lacerations.

The child was playing on the railroad track at the rear of her home with three other children. When the train approached her playmates ran away, but Susan remained on the track.

The train's engineer, Russell Morsden of Muskegon applied the emergency brakes and a fireman jumped off the train in an unsuccessful attempt to pull Susan from the train's path. Sheriff's officers are investigating.

New Allegan Budget Set At \$912,754

ALLEGAN — Allegan county moved \$18,335 closer to a "million dollar budget" for fiscal 1964 Tuesday when the board of supervisors approved a budget establishing total county requirements at \$912,754.78.

Most of the increases over the current year's \$894,419 budget was in salary hikes and additional personnel.

The finance committee's proposal was approved with only one amendment which restored a \$1,500 item for an extra, part-time deputy sheriff, cut by the committee.

The board adjourned until Nov. 12 after approving the new budget. Adjournment marked the end of a five-day session, extended considerably by disagreement over a new salary schedule for county employees.

Before adjournment, supervisors voted 31-4, to give Prosecuting Attorney E. L. Andrews an emergency appropriation of \$1,000 for legal assistance and extra clerk hire to help clean up a back-log of justice court cases and other matters. The new budget includes \$2,000 additional for his department.

The board also went on record as opposing proposed state legislation aimed at establishing qualifications for tax assessors and providing for county tax equalization departments.

Albert Wright, Otsego township, appeared before the board to ask the supervisors to intervene in negotiations between the county drain commissioner and the state highway department. Wright and several other property owners in the Alama-Otsego intercounty drainage district have asked the state to clean out the drain, which they said has filled up with silt as a result of the construction in 1961 of the US-131 expressway.

RECOGNIZE YOUR BICYCLE? — Holland patrolman Robert Ryzanca looks over some of the 34 bicycles impounded by Holland police Wednesday to instill traffic safety and regulations in bicyclists. Bicyclists, who may someday be automobile drivers, are subject now to many of the same traffic regulations as drivers: stopping for stop signs and traffic signals, riding on the right side of the road and

riding with a light at night. In addition, bicyclists may not ride double or on the sidewalks in the downtown and Washington Square area. Violators of these bicycle regulations will be issued a ticket and their bicycle impounded for five to ten days, police warned. Repetitious violators will be referred to Probate Court.

New Tax Bills Explained For Women Republicans

New tax bills before the legislature were discussed by State Sen. Clyde Geerlings and Rep. Riemer Van Till of Holland at a morning coffee meeting of the South Ottawa Woman's Republican Club Monday in Grace Episcopal Church. About 40 were present.

Sen. Geerlings said two-thirds of Michigan's tax problems are at the local level. One tax is levied on real estate and another on personal property — machinery and goods on the shelf. These personal property taxes run high in some areas. As of 1966 under the new constitution they can only be taxed 50 per cent.

He explained Gov. George Romney's tax program listing a state wide income tax, taking food and drugs off sales tax, and earmarking funds for various divisions of Michigan services. Geerlings said when funds are earmarked, the need and income fluctuate and confusion upon confusion results.

Geerlings favors local level taxes because currently the school aid formula gives wealthy districts more help than poorer ones. He said Ohio has 2½ million more people than Michigan, but Ohio's state aid to schools is \$75,000,000 less than in Michigan.

Rep. Van Till said tax reform is always difficult due to needs in different areas and wishes of the constituents.

Mrs. Marvin Ver Plank of Zeeland presided. A letter of

thanks was read from Mrs. Romney for the club's contribution of \$100 for her tv broadcast.

Mrs. Bruce M. Raymond presented the slate of nominations for new officers, all of whom were elected. They are Mrs. Fred MacDonald, president; Mrs. James Bradbury, vice president; Mrs. Roscoe DeVries, secretary, and Mrs. Albert Janssen of Zeeland, treasurer. New board members are Mrs. Ver Plank, of Zeeland, Mrs. Elmer Wissink and Mrs. J.J. Brower of Holland.

TULIP BULBS — The first plantings of tulip bulbs for the 1964 Tulip Time began this week by the Holland park department. The 50 varieties of 125,750 bulbs imported from the Netherlands Monday will be used to restock about one-third of the tulip lanes and mass plantings in city parks and other special plantings. Holland was lucky to get its order of tulips fulfilled from the Netherlands, according to Jacob DeGraaf, park superintendent, because of the shortage in that country from frostbite. Many tulip orders elsewhere were not fully met. Here, DeGraaf (right) inspects some of the tulip lanes lining 12th St. between Washington and Van Raalte Aves.

Jury Returns Guilty Verdict In Auto Death

GRAND HAVEN — A jury of 11 men and one woman deliberated an hour Wednesday afternoon before returning a verdict of guilty of negligent homicide in the two-day trial of Guadalupe Calvo, 29, Holland, in Ottawa Circuit Court.

Calvo was charged in the death of 13-year-old Gary Mansfield, son of Mr. and Mrs. Richard Mansfield, of 1116 West 32nd St., which occurred May 9 in a Grand Rapids hospital following an accident in which Calvo's car hit Mansfield's bicycle May 6 on 32nd St. not far from the Mansfield home.

Calvo had been charged with manslaughter with negligent homicide an included charge. After testimony and attorneys' arguments, Judge Raymond L. Smith instructed the jury to return one of three verdicts, guilty of manslaughter or negligent homicide, or not guilty.

James E. Townsend of Holland, counsel for the defendant, asked for a poll of the jurors, which showed all jurors had voted yes.

Calvo's bond of \$500 was continued and he will return for sentence Nov. 8 at 10 a.m.

The 13-year-old Mansfield boy had been born with a congenital heart defect and had undergone extensive surgery which had proved successful.

This was the first trial of the October term of Circuit Court. Another trial is scheduled Monday.

Hope Coach Won't Agree With Fraser

Russ De Vette, Hope College football coach, today took exception to the statement made by Albion College football coach Morley Fraser concerning Hillsdale returning to the MIAA.

Fraser, speaking Tuesday in Hillsdale to the Michigan Chapter of Football Writers, said he missed Hillsdale in the MIAA and it was his hope that in the near future the Dales would again seek membership.

"He wasn't speaking for me, De Vette said and the Hope coach felt that Fraser was not speaking for the MIAA when he made the statement.

Hillsdale withdrew from the league Dec. 15, 1960 after a difference in recruiting tactics. The Dales, coached by Frank (Muddy) Waters have played an independent schedule for the past three years.

Admittance to the MIAA is up to the jurisdiction of the league presidents. Dr. Louis W. Norris, Albion College president, is also president of the MIAA president's group this year.

H. J. Dornbos Will Resume Processing

GRAND HAVEN (UPI)—With a clean bill of health from both state and federal inspectors, H. J. Dornbos & Bros. Fisheries will resume processing of smoked chub fish on Monday.

Plant manager Dave Price said Wednesday, "We are in the process of notifying our consumers that we will have fish ready for them at the start of next week. We also are sending out a new price list."

Dornbos voluntarily shut down plant operations Oct. 7 when two Tennessee persons died after eating smoked fish with the Dornbos label. Laboratory tests by the federal Food and Drug Administration (FDA) disclosed they died from the deadly poison botulism E.

A total of seven deaths were reported among 14 persons stricken after eating the Dornbos-processed fish.

Both the FDA and the food and standards division of the State Agriculture Department told Dornbos late last week he could resume smoking and distribution of his fish. Tests revealed that none of his products distributed in Michigan were tainted.

A Kalamazoo couple died from botulism E after eating smoked whitefish but the product was not from the Dornbos plant.

Burning Ban Still in Effect

Holland firemen were called out to three leaf fires Wednesday, the first they have had since the 19 leaf fires Oct. 14-17. Holland police and Ottawa County sheriff deputies also reported checking several leaf fires.

Local residents are reminded that the "no burning" ban is still in effect in Ottawa County because of the dry weather. The city of Holland has standing ordinances which also prohibit fires in the street and limits fires on private property.

Police chased three youths Wednesday night, who were believed to have started a leaf fire at 13th St. and Columbia Ave. The students escaped into a college building.

Firemen checked leaf fires at 9:45 p.m. at 11th St., between Columbia and Lincoln Ave.; at 10 p.m. at 13th and Columbia Ave.; and on the Hope College Campus.

Law officers also investigated several leaf fires on North Shore Dr., West Olive and South Shore Dr.

Hope Registers 2nd MIAA Win

Dutch Score 16-12 Victory Over Adrian

Displaying a balanced offense and an alert defense, Hope College's football team scored its second MIAA victory here Saturday with a 16-12 win over Adrian before 4,000 Homecoming fans in Riverview Park.

It was Hope's first Homecoming victory in four seasons and it pushed Hope to a 2-1 MIAA mark and 2-4 overall.

The Flying Dutchmen struck with a field goal and a touchdown in the first quarter and then scored what proved to be the deciding touchdown in the third quarter.

The Bulldogs, now 2-2 in the MIAA and 3-2 overall, scored twice in the fourth period. Five pass interceptions led Hope's defensive game as the Flying Dutchmen contained the vaunted Adrian aerial game.

Both teams attempted 24 passes but Hope was able to complete 11, including one set up for a touchdown, while the Bulldogs caught only five. Adrian was able to intercept three Hope passes, with one of the interceptions setting up a touchdown.

With 5:39 left in the first quarter, South Haven freshman Steve Wessling kicked a 16-yard field goal. A fumbled fourth down pass from center on the next Adrian series gave Hope the football on the Bulldogs 13.

Chuck Veurink hurdled right tackle for the final two yards after picking up 11 yards on the previous run. Wessling converted.

Bill Keur scored Hope's other touchdown on a two-yard off tackle smash with 6:27 left in the third quarter. A 17-yard Harlan Hyink to Veurink pass put the ball on the Adrian two. A pass for two points failed.

Adrian scored its first touchdown with 13:7 left in the game on a one-yard sneak by quarterback Phil Kench. Jim Dumont had intercepted a pass on his own 35 and returned to the Bulldogs and the Bulldogs scored eight plays later. Kench was stopped on his run for the two points.

Kench threw an 18-yard pass to Dick Goodrich with 2:24 left for the final score. The touchdown climaxed an 86-yard drive. Kench's run for the two points failed.

Cal Poppink helped Hope set up its second touchdown as he picked off a pass on his own 20 and returned to the Hope 35. The touchdown came 13 plays later.

Rog Kroodsma intercepted an Adrian pass late in the game on the Hope 35 and Rog Abel picked one off in the second quarter on the Adrian 30 and returned to the 14 but the Flying Dutchmen failed to score.

Kroodsma and Fred Van Tatenhove made key tackles in stopping Adrian's attempts for the two-point extra points.

Hope punched out 169 yards rushing, including 93 yards in the first half. The winners made 145 yards passing, 108 in the first half. Adrian rushed for 234 of its 276 yards.

The Flying Dutchmen play at Albion next Saturday at 2:30 p.m.

Chamber Sets Annual Meet

GRAND HAVEN — The annual meeting of the Tri-Cities Chamber of Commerce will be held Nov. 7 at the Spring Lake country club, according to Secretary - Manager Claude Ver Duin.

The program this year will be similar to last year's "home talent" show, and members of the chamber will take part. Dr. Edgar Garrison of Spring Lake is chairman of the show.

Ver Duin announced that there will also be a serious side to the program. Members will vote on a number of amendments to the organization's by-laws. The chamber is still operating under the by-laws that were approved in 1947 and the proposed changes provide for a more orderly transition from one group of officers to another at the end of the fiscal year.

This will be accomplished by moving the election of new directors and officers ahead a month, so that they can assume their positions on Sept. 1. Under the present arrangement, the new officers, elected early in September, do not take office until the annual meeting.

Retiring President H.T. Parker will review the activities of the chamber during the past year and will present certificates of service to retiring board members. The new president, John Miller, Spring Lake, will welcome the new board members and announce his committee chairmen for 1964.

He buys his own Sentinels and is held responsible for their collections, and like other newspaperboys, he learns early that providing good service coincides with business interests. Saturday has been set aside as National Newspaper Day for newspaper employers to acknowledge its indebtedness to its carriers. Helping Bill is his brother Jimmy, 2. (Sentinel photo)

Mrs. Kalkman Attends Leprosy Board Meeting

Mrs. Seth Kalkman of 2563 Lakeshore Ave. has returned from Washington, D.C. where she attended the annual board meeting of American Leprosy Missions, Inc. last Wednesday, Thursday and Friday Mrs. Kalkman was elected to the Board of Directors for a three-year term and was officially presented to the board at its opening session by Dr. Oliver Hasselblad, president of the Corporation.

American Leprosy Missions, Inc. is an interdenominational, protestant organization created

Mrs. Seth Kalkman

to aid leprosy sufferers around the world. At present it aids 450 leprosy hospitals, clinics, dispensaries and mobile units which reach over 100,000 persons in 33 countries. Its sister organization is the British Missions to Lepers with headquarters in London.

High light of the dinner meeting of the board on Thursday was an address by Dr. Paul Brand of the Vellore Christian Medical College in India. His wife, Dr. Margaret Brand, was also present and addressed the group. Dr. Brand is well known around the world for his development of surgical technique which has restored the use of the disabled hands and feet of leprosy victims and for his reparative surgery on collapsed noses and paralyzed eyelids. Dr. Margaret Brand is a skilled ophthalmologist and works particularly in the eye clinic at Karigiri.

Another feature of the dinner was the presentation of a 50th anniversary plaque to Wilbur Chapman of Kansas who instituted the first "Pete the Pig" for leprosy some 50 years ago. The now famous pig has become the symbol of the raising of funds for the work of ALM. The presentation was made by Dr. Robert Cochran of London, England, the ALM Technical Medical Advisor.

Mrs. Kalkman is a member of the Wesleyan Methodist Church and is director of Music there and a teacher of a College Sunday School Class. She is active in civic affairs and is a past president of the Federation of Women's Societies, founded by Christine Van Raalte Gilmore in 1919, which has contributed to the support of leprosy missions for many years.

Owners Complain Of Trespassers

A teenage hunter pulled a pocket knife and wanted to fight Monday when Laverne Hop asked him to leave some property near 124th Ave. and Blair St., where he was harvesting corn. The property was posted with "no hunting" signs.

The youth, who said he was 16, warned Hop not to report his hunting license number to law officers. He and three other hunters then left. The incident was reported to the Ottawa County sheriff department and the Conservation Department.

This was one of many complaints received Monday by the sheriff department and Holland police by local residents of hunters trespassing on property or shooting near buildings.

Hunters were again reminded today to seek permission of land owners to hunt on their property and to stay 300 feet away from houses or buildings. "No hunting" and "no trespassing" signs also should be heeded, police said.

New Dump Hours 7 a.m. to 7 p.m.

Starting next Monday, the city dump at the foot of College Ave. will close at 7 p.m. instead of 8 p.m., City Engineer Laverne Serne said today. This change is made because of shorter days. The dump will operate from 7 a.m. to 7 p.m. six days a week.

Serne also said the leaf pickup is continuing with employees working two shifts a day. The weekend rains have moistened the leaves resulting in some difficulties in operations of the loader. Employees also are using the front loader.

The rain locally had some effect in allaying the fire threat, but Serne pointed out leaf burning is not permitted under city ordinance, particularly not in city curbs where fire damages both blacktop and cement.

The leaf pickup is for leaves only, not for brush or garden clippings.

Employe and company pledges totaling \$2,658.55, were reported at the first progress report of the industrial division in the current Zeeland United Fund-Red Cross campaign for \$18,952. The amount reported represents 25.5 per cent of the industrial division quota of \$10,400. Bruce De Pree, industrial division chairman, said.

Robert S. De Bruyn, general drive chairman, said that a review of the amounts reported indicated that special emphasis is being placed on pledging at place of employment with the setting up of payroll deduction plans for pledge payments. With this year's drive goal representing an increase of 40 per cent over last year's requirements, due to the inclusion of the Red Cross and the family service of the Michigan Children's Aid Society, we are most pleased that a special effort is being made in all of the divisions to reach the campaign goal, De Bruyn said.

The tempo of the current Zeeland United Fund-Red Cross campaign was further increased at a "kickoff" meeting at the commercial - retail division held Monday morning at Bosch's Restaurant. May Reassign West Ottawa Students

The West Ottawa Board of Education Monday night authorized Supt. Lloyd Van Raalte to assign children in the West Ottawa district to schools irrespective of their general areas to alleviate crowded conditions in some district schools.

Van Raalte explained that some grade schools no longer can accommodate certain grade levels and until new elementary schools are built, crowded conditions must be eased by re-assigning students to other schools within the district. Since bus routes cannot easily be rescheduled, students involved in the transfer will have to get to the closest bus service area for transportation to and from school.

"BY ALL MEANS HAVE A LOOK"

Senators Lane of Flint and Thayer of Ann Arbor have decided it's time to have a look at the compulsory driver education program in Michigan. The state pays \$25 per pupil toward the program and ought to be interested in knowing whether it's getting any value for its money.

The action of the two senators was prompted by a study made by the American Automobile Association which raised some questions concerning the validity of the program.

This is not the first time that the program has been questioned. This column, some months ago, called attention to a study made by Dr. Edward A. Teeney, formerly of Oberlin College. Dr. Teeney spent a year studying the program in various states. Here are some of his findings.

In 1960 the states of Arizona, Delaware, Florida, Iowa, Kansas, Michigan, North Carolina and Utah were granted achievement awards for having 60 per cent or more of the potential students enrolled in approved education courses. Of these states only Kansas saw a decrease in the number of traffic deaths. Arizona and Delaware killed their usual quota. Florida, Indiana, and North Carolina showed an increase of 10 per cent, 6 per cent, and 13 per cent respectively.

Michigan was a special case. It received a special award as the only state having 100 per cent of its students enrolled. Michigan had also led the nation in the number enrolled in 1958 and 1959. Yet among the big populous states, those which killed over a thousand a year, Michigan won first place as a killer, with the death rate rising to 15 per cent. Dr. Teeney found himself hard pressed to find any justification for the program.

We wonder if Dr. Teeney has had driver instruction? There are many people who have been driving for years and they have never had a refresher.

We think that driver training has been a fine part of the education for young people. There should be much tightening up of the laws all along the line.

Application for a license is one place where there could be some improvement. With more and more automobiles being produced there are bound to be more and more people who are driving. Many checks could be made on the vehicles on the roads. Many of them no doubt could be improved for safety.

Sunday School Lesson

Christian Love
I Corinthians 12:31; 13
By C.P. Dame

All the chapters of the Bible are not equally important. Most Bible readers think that I Corinthians 13 is one of the finest and greatest chapters of the Bible. It is excellent because it deals with a wonderful subject — love.

I. Love is unsurpassed. Paul the theologian wrote the chapter on love. It is a masterpiece. Love is needed much today. Paul wrote to the Corinthian Church which was troubled by quarrels, much bickering and pride about Christian love — this the church needed much. The church liked oratorical preaching — eloquence, and the gift of tongues.

At present some Christians claim to have the gift of tongues. Paul says that eloquence without love is useless. The gift of prophecy, that is foretelling and fortelling, desirable as it may be is worthless too unless love is present. To know much is praiseworthy but knowledge without love is of no use.

Faith is highly desirable a priceless possession but if there is no love in the heart it is of no use. By making comparisons Paul points out how precious love is. It is not uncommon for some Christians at times to strive for noble objectives but to lose love in doing this.

II. Love enriches. Paul cites fifteen characteristics of love. He tells us what love does and what it does not do. A reading of the chapter shows us that when love dwells in a person's heart he is bound to be superior. If a person places in one column what love does and in another column what love does not do he will see clearly how the presence of love will make a difference in one's life.

It is very evident from the things that happen in our world today that Christian love is needed urgently. All manner of groups and races and nationalities are at odds with each other, due to the absence of Christian love. Where this kind of love is present relationships improve.

III. Love is eternal. Tongues cease and knowledge passes away. There is a time for a growing child to put away some things and act in a manly fashion. Love gives the assurance that a time will come when we shall understand the things that puzzle us now.

Although faith and hope also will last forever love is the greatest of the three Christian graces — all will endure but love is supreme. Since this is so, how essential it is for Christians to put love first in their lives! Great is the need for Christian love in our homes, churches, communities, nation and the world at large!

St. Joseph Hands Dutch Second Loss

ST. JOSEPH—Holland High's football team scored touchdowns the first three times they had the football Friday night and then were "outdesired" in the second half and lost a 28-19 decision to St. Joseph.

A crowd of 3,300 Homecoming fans in Dickinson Stadium saw the Bears, down 19-7 at half time, come back in the second half with three touchdowns and completely dominate the game to record the upset win.

"They outdesired us," Coach Jim Jebb said. "We didn't operate as a unit and these kids thought they had this game in the bag since Monday."

The first three touchdowns came easily but complacency set in in the second half and the Dutch didn't display the drive that had taken them to three wins in five previous games this season.

It was the final game between the two longtime rivals and Coach Dick Higgs, whose season is complete if he beats Holland, had his team ready.

But it appeared that it was to no avail as Holland ran over the Bears in the first period with two touchdowns and added a third with 33 seconds left in the half.

After St. Joseph punted on its first series of downs, the Dutch took over on the Bears 43. In eight running plays they scored with Jim De Neff driving the final 11 yards. Perry Cornelissen converted with 7:06 left.

The second touchdown followed the same pattern. The Bears had the ball one series and punted. Holland got the ball on its own 31. It took seven smashes at the line, the longest a 13-yarder by De Neff, and a 13-yard Vern Plagenhoef to Tom Pelon pass, to give Holland its tally. Plagenhoef sneaked the last two yards as the period ended. Cornelissen's kick was short.

St. Joseph controlled the football for the next 10 minutes driving 61 yards in 19 plays. Quarterback Larry Evanoff sneaked the final yard and Paul Davis converted his first of four extra points with 2:35 left in the half.

All the touchdowns did make irk Holland and they came right back and scored again. This one a 22-yard pass from Plagenhoef to De Neff, who skirted the sidelines to score with 33 seconds left in the half. Cornelissen's kick failed. Two other passes, one for 22 yards, had set up the score.

Then came the second half. Terry Palleschi, who celebrated his birthday with two touchdowns, scored his first on a 67-yard run off tackle with 8:07 left in the third period.

On the first play after the kickoff Holland fumbled and the Bears recovered but the Dutch dug in and held on their own four. Holland failed to move and punted and St. Joseph began its third drive, a 12-play 52-yard march which fullback Rod Jones ended on a five-yard end run with the fourth period 48 seconds off.

The teams exchanged breaks in the next few minutes with Palleschi intercepting a Holland pass on the Dutch 40 while Tom Shashagay recovered a St. Joseph fumble on the Dutch 39.

Holland then drove to the Bears' 37 but failed to make a first down with 3:13 left. The Bears also failed to move and punted with 1:17 remaining. Two plays later Palleschi intercepted a pass and ran 25 yards to score with the clock showing 37 seconds left.

It was Holland's second loss against three wins and a tie. The Bears are now 2-2-2.

The Dutch completed four straight passes in the first half for 61 yards but threw five more in the second and had two intercepted. Holland rushed 153 yards, 107 in the first half. The Bears rushed for 214 yards, 145 in the second half.

Holland hosts Muskegon next Friday night in Riverview Park. The Big Reds scored their first win of the season Friday with a 12-6 defeat of Muskegon Catholic.

Dutch Runners Finish Second In LMAC Meet

MUSKEGON — P. J. Nienhuis, Holland High senior, won the LMAC individual honors in the conference cross country meet here Thursday as Holland finished second to Muskegon Heights over the two-mile course at the Muskegon Country Club.

Nienhuis ran the two miles in 10:16 to smash the course record and he also set an LMAC mark, breaking the old mark by 17 seconds. The previous LMAC record was 10:33 over the Muskegon Country Club course set in 1959 by Dave Merwin of Grand Haven.

The previous course record was 10:18 and the first eight runners, including Holland's Mike Millard, who finished seventh, broke the existing course record. Nienhuis and Millard ran barefoot.

The Dutch finished with 69 points in the meet, their highest finish since Holland won the LMAC crown in 1960. Muskegon Heights scored only 26 points in winning its third LMAC crown.

The 26 points, good enough to win most dual meets, was the second lowest total compiled in the five-year history of the league meet.

Muskegon won the first event in 1959 with 23 points. Muskegon Heights won in 1962 with 34 points.

Muskegon Heights finished thirteenth in second, third, fourth, fifth and 12th. Sophomore Jim Autman of Muskegon Heights was second followed by teammate Wayne Leadman.

Holland's other pointmakers in the meet were Larry Pate, 16th; Bob Brolin, 18th, and Steve Millard, 27th. All are sophomores.

The Dutch nosed out Muskegon by one point for second place. The Big Reds had 70 points. Grand Haven was fourth with 95 followed by Benton Harbor, 121 and Traverse City, 124.

Benton Harbor's first runner was Bowman, who finished sixth, while Tom Fegley of Grand Haven was eighth and Jim Oberling of Traverse City was ninth.

Nienhuis was the first Holland runner to win the league individual honors. His time was 18.5 seconds faster than 1962 winner senior Bill Brigedahl of Muskegon Heights who covered the Muskegon course in 10:34.5.

Always run at the Muskegon Country Club, the other winning times were Paul Steusel of Traverse City in 1960 (10:34) and Ron Bowman of Benton Harbor, now a Hope College freshman, in 1961 (10:37).

Holland concludes its dual meet season Tuesday against Muskegon at the Hope College course.

West Ottawa Compiles 2-2 League Mark

West Ottawa's varsity football team played inspired ball before a Homecoming crowd of about 2,000 persons and beat Grand Rapids Godwin at West Ottawa's field, 3-0, Friday night.

The Panthers put together three of their four first downs, their only two completed passes, and their only threat of the game to move the ball down to the five-yard line in the third quarter. The ball was directly in front of the goal post when Dale Cramer, senior, kicked the ball long and high right through the middle, with 4:12 left in the third quarter.

Key plays in this drive were a nine-yard quarterback keeper by Dave Vizithum, a 15-yard penalty against Godwin, an 18-yard pass from Vizithum to Steve Piersma who made a great effort on the catch, a 16-yard pass to Paul Busscher, and an 11-yard run right up the center by Jim Corwin which took the ball to the five-yard line. After three running plays the ball was still on the five.

After the field goal the Panthers were content to play possession football as much as possible and were able to contain Godwin. Godwin's biggest threat was in the second quarter when they had a third down and one situation on the Panther's 20. Piersma broke through on a fine defensive play and dumped the Wolverines' D. Story for a seven-yard loss. The losers tried to pass on the next play but the ball was centered over the tailback's head. Godwin put pressure on the Panthers' defense later in the game but crucial tackles by Len Bakker and Corwin one time, and Corwin a third time all on fourth down plays kept Godwin outside of West Ottawa's 25-yard line.

This is certainly one of West Ottawa's biggest wins in their short history. The Panthers had gone ten conference games in the Grand Valley without a victory but now have won two conference games in a row as they beat Zeeland last week. The Panthers now are assured of at least a third place finish.

Coaches Ron Wetherbee and Doug Waldron were very proud of their defensive team. Wetherbee singled out especially big Bob Rozeboom, 280-pound junior tackle, for his work on the defensive line. Much credit was also given to Corwin and Dave Underwood at the corners as they were largely responsible for stopping Godwin's end runs and also were of great help on pass defense. The Panthers received a blow in the third quarter when Piersma was ejected from the game by an official but Wetherbee felt that Sonny Hamilton did a great job of filling in as a center linebacker. Vizithum played a good game on both offense and defense. Special recognition was given to Corwin for his punting. Each time he punted he was rushed very hard and just was able to get the kick away, yet he averaged 30 yards on every kick and this kept Godwin out of reach all the time.

Coach Wayne Clark of Godwin felt that he had some defensive standouts. He singled out J. Cordtz for his work as a center linebacker, Benchick who played well at defensive end, and Hommenga for his work at defensive tackle. Sheler and Kalkofen were the running threats for the losers as Sheler ran 11 times for 52 yards and Kalkofen 11 times for 43 yards. The Panthers' best runners were Vizithum with 50 yards in nine tries and Corwin with 34 yards in nine tries.

West Ottawa now has a record of 3-2-1 for the season and ended 2-2 in league play. The Panthers have won three games although they've only scored two touchdowns and those were both in the same game. Godwin has a record of 2-3-1 overall and 1-2-1 in the league. West Ottawa travels to Sparta next Friday night for a non-league encounter.

'The Pajama Game' Opens To Enthusiastic Audience

"The Pajama Game," this year's musical put on by the Holland Community Theatre, opened Friday night in Holland High School to a small but enthusiastic audience which cheered the huge cast of local thespians.

While there were a few rough spots in the opening, there was nothing that a full house wouldn't cure, and attendance at succeeding productions is expected to improve since Holland is seldom a first-night town.

Action moved easily on the large stage for the dramatic sequences, musical numbers and dancing, reflecting the talents of James Webster as director, Larrie Clark as musical director and Marilyn Perry as choreographer. Barbara Lampen served ably as pianist.

Local Hunters Host Group From South

Four North Carolina residents, including two members of the wildlife division, are hunting in Michigan this week as guests of a Holland group of sportsmen.

The four men and three hunting dogs made the 660 mile trip to Holland by plane Sunday.

N. G. Crews, wildlife patrolman; A. D. Pridgen, wildlife protector; Hunter Crews and Henry Williams spent the first few days hunting in the Ottawa-Allegan area before moving farther north.

A Holland group have hunted dove and quail in Warren County, North Carolina for the past 15 years. During that time they became friends with the North Carolina men and decided to show them the excellent pheasant hunting in Michigan.

Arrangements were soon made and before the season opened here Monday a twin-engine Aero Commander owned by Herman Windolph and piloted by Tony Renner was airborne.

Less than eight hours later the plane landed at Holland airport after completing the 1,320 mile roundtrip.

On hand at the airport to greet the men were the Holland hunters and Michigan Conservation officer Harold Bowditch.

Hosting the North Carolina hunters are Dr. Herk DeVries, Dr. James Cook, Harold Tanis, Pete Elzinga, Joe Knoll, Herman Windolph, and Henry Morse.

Little Theatre Will Present 'Madwoman'

The Hope College Little Theatre will open its 1963-64 season with a theatricalized satire and fantasy entitled "La Folle de Chaillot" by Jean Giraudoux. This drama will be presented Oct. 31 and Nov. 1 and 2 at 8:30 p.m. in Hope Little Theatre.

Known to American theatre-goers as "The Madwoman of Chaillot," the play gave the name of Giraudoux a renown in America that it had never had with previous American productions of plays by the same playwright.

The fantasy centers around a mad countess who resolves to rid the world of promoters, rapacious financiers and others destroyers of happiness. Enticing them into famed sewers of Paris with the promise of petroleum under the pavements, the countess saves humanity from its predatory exploiters and inaugurates a new reign of love and romance.

David P. Karsten, director of theatre at Hope College, is serving as director, assisted by Cindy Segedin as director's assistant and stage manager.

Jennifer McGilvray is cast as countess Aurelia, the madwoman of Chaillot, Billie Chain is playing the Madwoman of Passy, Dorothy Snyder the Madwoman of St. Sulpice and Julie Blough the Madwoman of La-Concorde.

Berlioz's Roman Carnival overture. A medley of Gershwin tunes including "Fascinatin' Rhythm," "S Wonderful," and "Liza" highlighted different sections of the band and also demonstrated the wonderful orchestral blend of the Marine Band in several numbers.

One of the most interesting works on the program was John Morrissey's "Concerto Grosso," a relatively short number in three movements Morrissey's work calls for a concertino of two cornets and trombone to play as soloist with the band accompanying. The band's three soloists ensembled well and performed with precision. The quick interplay between the band and the concertino in the third movement allegro was particularly well done.

William Jones, baritone, gave a delightful performance of the humorous "Catalogue Aria" from Mozart's opera "Don Giovanni." Jones sang the folksong, "Jonah and the Whale," and Vincent Youmans' "Without a Song" as encores.

The band gave very rhythmic performances of the exciting "Capriccio Espagnol" by Rimsky-Korsakov and Liszt's "Fourteenth Hungarian Rhapsody," a number ordinarily reserved for piano.

Other numbers on the program were Strauss' famous Blue Danube Waltz, Wagner's "Prelude to Act I" of Lohengrin, and a contemporary band composition. Interspersed throughout the afternoon and evening concerts were the stirring Sousa marches, "Stars and Stripes Forever" and "Semper Fidelis," the Marines Hymn and several other marches.

Volleyballs

Have you been enjoying the lovely October weather?

And have you taken your color tour this year?

Time's a-wasting, and you don't have to go far from home to see beautiful colors. They're all around us . . . and rapidly dropping to earth.

Lilacs were blooming last week at the Fred Van Domelen home near Hamilton. The frost hit them last Saturday morning, but the buds are still there.

Robert Davis, who gave the Kiwanis travelogue at Civic Center Wednesday, had a surprise feature in a brief preview film on the statue of Floyd Starr, founder of Starr Commonwealth near Albion. This full-length statue of Starr was done by local Sculptor Leo Jungblut who also did the bust of Ray Herrick for Herrick Public Library of Holland. Davis had taken the pictures and hastily spliced the film together Wednesday afternoon in order to show it before the Holland audience that night.

There are several references to Holland in a new book, "The Toyfair," by Neal Faasen, a former Holland resident. His parents, Mr. and Mrs. James Van Faasen, moved from Holland to Grand Rapids when Neal was a baby. The book is a story of a 13-year-old mixed-up boy who is rebellious against grown-ups. It is sadly humorous and sometime poetically striking.

The Knickerbocker Theatre Faasen writes about in the book was built in Holland by his grandfather, Tim Slagh, who was tragically killed 52 years ago in the process of building it.

The author, 26 years old, has several relatives in Holland including Mrs. Mildred Wallace and Mrs. Neal Tiesenga, his aunts. Neal and his family dropped the "Van" in their name many years ago. The book was released last Sept. 30.

When Neal wrote the novel, he sent the only copy (he made no carbon) by mail to Simon and Schuster Publishing Co. The book was accepted.

The author insists his book is an account of what he calls the boredom, brutality, hypocrisy and stupidity that exist in Grand Rapids. His publishers regard it as more of a criticism of adult attitudes, a sensitive work about a young boy in search of his father, and the locale could be any smaller city.

Willard C. Wichers of the Netherlands Information Service, has received a letter from Reginald F. Sharkey of Petoskey seeking information on a Franklin Devereaux, who has been dead 80 years.

Devereaux died Sept. 5, 1883, fighting a bear on the shore of a little lake now named after him, located near Mullet lake in Cheboygan County. He lies buried at the spot where he died. The DAR erected a marker on his grave some years ago. Devereaux was a Civil War veteran of the 25th Michigan Volunteer Infantry, Co. I.

So far, Sharkey has traced Devereaux's life from the time he joined the service up to his discharge, and the next 20 years until his death in 1883.

"I was wondering if there might be kith or kindred located in the Holland area who have a knowledge of the Devereaux family, old records, or possibly a picture of him, or any information that could clue me in on his early life," Sharkey wrote.

Any person having such information may get in touch with the writer who lives at 1215 Hill St., Petoskey, or through the Netherlands Information Service in City Hall.

Traffic was rolling along on River Ave. going both ways between 16th and 17th Sts.

A woman driver headed south spied a kitten in the middle of the road. She slowed and stopped. A northbound driver also saw the kitten. He slowed down and stopped too.

The kitten just ignored the cars.

A pedestrian on River Ave. saw the predicament and acted. She went to the edge of the road and called, "Kitty, kitty, kitty." The kitten responded and walked toward the woman.

Traffic resumed.

It hardly seems possible . . . The Newcomers Club was organized almost 15 years ago in Holland.

A celebration is planned Nov. 20 at the American Legion.

AAUW Program Features Music

A delightful treat was given members of the American Association of University Women Thursday night when Miss Janina Holleman presented a fascinating talk on Renaissance Music in the Music Building on the Hope College Campus.

Miss Holleman first traced the sources of European music: folk music, Greek music, Hebrew music and that from the Moslem world which came to us via the Crusades. She brought out the facts that all music was sung in unison and that a staff and rhythmic signs did not develop until the end of the 10th century. Another comment she made was that although the organ was a well-developed instrument in the 12th century, the composers of the time did not know how to write for it.

Miss Holleman then told of the developments of the 15th and 16th centuries leading up to the Renaissance in music or the Renaissance period. She showed an interesting collection of pictures of places where Renaissance music was heard, the people who played and heard it and instruments which were used.

Some of the innovations of this period were four part harmony, use of chords, and rhythmic freedom. The Netherlands (composers from the Netherlands, Belgium, and Flanders), were the main composers and their style was supreme. In the 16th century a cappella singing was perfected and reached a peak which has never been surpassed.

The Renaissance music of the churches as well as the secular music was explained and illustrated with records, piano, written music and the harpsichord.

Refreshments following the program were served by Mrs. Arthur Seddon and her committee.

Less Tension at U.N., Dutch Diplomat States

Current functions of the economic committee of the U.N. were described briefly by Dr. I. N. Th. Diepenhorst, member of the Netherlands delegation to the United Nations, who was in Holland over the weekend sharing in the annual Hope College homecoming.

Dr. Diepenhorst, one of 15 to 20 in the delegation, said U.N. membership currently is 111 countries, and each country has a representative on all major committees, making 111 members for every committee.

Despite such a large, seemingly unwieldy group, the Dutch diplomat said it is surprising how much is accomplished, expressing the belief that this is the most important General Assembly in the last 10 years. "For the first time in many years, there is less tension and more cooperation and understanding. There is little or no talk of expelling any nations, although apartheid is still a touchy issue for South Africa."

"Emergence of the independent African nations is one of the most interesting and generally satisfying developments in the U.N. today. The Asia-African bloc has 56 votes, but this is of no great concern since most major issues require a two-thirds vote. Besides, the new countries treasure their independence and do not vote as a bloc. As for Communist countries, they have nine votes," Dr. Diepenhorst said.

Large or small, each country has one vote, be it the United States, Russia or some small new country in Africa. Dr. Diepenhorst, who is attending his second General Assembly as a Dutch delegate, said Russia had argued for a vote for each province when the U.N. was organized but did not insist when on the same basis the United States would be entitled to 48 votes at that time.

He added that this policy marks the real problem for Red China, inasmuch as China already is represented in the U.N. by Nationalist China.

In the work of the economic committee, Dr. Diepenhorst said the accomplishments are truly amazing, although there is a tendency of the larger countries to emphasize how much has been done and for the

smaller countries to argue how much more could be done. He said most work of the committee points toward the big U.N. Conference on Trade and Development set March, 1964, in Geneva, Switzerland.

"Most Americans tend to regard the cost of operating United Nations as excessively high, yet the operating cost per year is less than the New York City appropriation for its parks," Dr. Diepenhorst said. The United States share in this expense amounts to one cup of coffee per person per year, he added.

His daughter, Marijke, eldest of five children, who attended Hope College a year a few years ago, currently is in training for the Youth Volunteer Program for the Netherlands, a counterpart of the U.S. Peace Corps. She started training Oct. 1 with a group of medical and social workers and will leave Dec. 15 by boat for northeast Brazil. Dr. Diepenhorst hopes to be home for an early Christmas to see his daughter before she departs.

"Look up my old room in Durfee Hall," she told her father when she learned he was visiting Holland, Mich. He was a guest of Mr. and Mrs. Willard C. Wichers of the Netherlands Information Service.

After her year at Hope College, Marijke received a degree in social work in Amsterdam and worked in a German Refugee camp in West Germany before applying in the Peace Corps.

The Diepenhorsts have opened their home in Epe, Nederland, for several years to young people in the Experiment in International Living, called the Community Ambassador program in this country. They have had young people from America, Mexico, Switzerland, Kenya and Uganda, among them Sharon Wylie of Kalamazoo.

Wichers and Dr. Diepenhorst were in Detroit Monday for the unveiling of an historical marker at Greenfield Village marking Henry Ford's efforts in establishing the village and Henry Ford Museum. Earlier this year, the Michigan Historical Commission placed a marker at his birthplace on the 100th anniversary of his birth.
