Recommend Reorganization Of Hope Board of Trustees

Recommendations for reorganization of the Hope College Board of Trustees and the establishment of a Board of Advisors were approved during the semi-annual business meeting of the Board of Trustees which ended a two-day session Friday.

The idea of reorganization was instituted by the General Synod of the Reformed Church in America in 1966, whereby the boards of the church and related organizations were to be reconstituted for more effective operation.

According to the proposed plan, the Board of Trustees would be reduced from 55 to 26 members over a course of three years under a criteria to be established by the General Synod.

The new Board structure would include 12 trustees selected by the General Synod from which each Particular Synod must have at least one trustee; 12 members chosen by the College Board of Trustees; the President of the College and the Executive Secretary of the RCA Board of Education.

A majority of the Board of Trustees would be members of the Reformed Church and at least six members must be or-

ained Reformed Church ministers.

The present Board of Trustees structure included the President of the College, the Executive Secretary of the RCA Board of Education, nine members chosen by the General Synod, six members chosen from each of the Particular Synods of Albany, Chicago, Michigan, New Jersey, New York and the Synod of the West and six at-large members chosen by the Board of Trustees.

The new Board of Advisors would include one member from each of the 45 Classes of the Reformed Church.

The Board of Advisors would examine the facilities and program of the College and have discussions with students, faculty and administrators.

The Advisors would then report two ways — from the churches to the College and the College to the churches. The philosophy behind the reorganization of the Board of Trustees and the establishment of a Board of Advisors is to serve the needs of the College in its governmental and church relationships. The Board of Advisors would meet on the College campus at least once every year.

In other action, the Board authorized the administration to pursue a program in the instruction of church music at the College. Board members felt that the establishment of such a program would be of value to future ministers, music majors and, in fact, anyone who in later life will be active in the church. Preliminary plans call for the program to begin in the 1968-69 academic year.

The trustees instructed the chairman of the Board of Trustees, Hugh De Pree; the college president, Dr. Calvin A. VanderWerf; and the college treasurer and vice president for finance, Henry Steffens, to study the adequacy of the present tuition rates. It was suggested that budgetary needs and inflationary conditions be reflected in the decision.

Larry Ter Molen, director of College Development, reported that the goal for income from development for 1967 is \$860,424; John Tyse, director of the alumni fund, reported that the \$300,000 goal of the 1967 alumni fund will be met under the chairmanship of Dr. and Mrs. Fredrick Yonkman of Madison, New Jersey; and Stuart Post, director of church relations, reported that the church goal of \$244,878 will be met.

The establishment of a special gifts advisory committee, a sub-committee of the planning and development committee, was approved. The primary goal of the new subcommittee will be to seek the necessary funds for construction of the proposed Student Cultural Social Center.

Trustee Clarence Becker, chairman of the planning and development committee, was appointed chairman of the new subcommittee with members including President VanderWerf, De Pree, Steffens, Larry Ter Molen, and past board of trustees chairman, Ekdal J. Buys.

Several persons appeared in Holland Municipal Court on varying charges in the last few days.

Clarence Wolf, 19, of 244 College Ave., was sentenced to serve five days on two charges. On a charge of improper registration and no insurance on a motor vehicle, he was sentenced to three days in default of payment of \$17 fine. On a charge of excessive noise, he was sentenced to two days in default of payment of \$10 fine.

Four young men, charged as minors in possession of alcoholic beverages Oct. 7 were given similar fines of \$31.60 and 15-day sentences suspended until they are 21. Charged were Gary W. Vankampen, 18, George Fisher, 18, and Dave B. Gier, 19, all of 140 East 12th St., and Damas C. Thomas, of 51 East 12th St.

Others appearing were Henry Jacobs, of 684 Butternut Dr., improper backing, \$7; Linda B. Lobretto, of 106 East 13th St., speeding, \$15; James Van Putten, of 933 South Shore Dr., assured clear distance, \$10; Phyllis Schutten, of 980 Kenwood Dr., assured clear distance, \$10.

Lucille J. Green, route 5, assured clear distance, \$10; Shirley Bosch, of 208 West 10th St., right of way, \$10; Edith A. M. Kelch, of 197 West 18th St.; Robert Keith Farmer, Grand Rapids, right of way, \$10; Geraldine Vogelzang, of 168 West 32nd St., right of way, \$10; Robert Baker, Fennville, improper overtaking and passing, not guilty at trial.

Volunteers need not have a college degree, as a broad range of skills are needed to fill the overseas programs in agriculture, public health, community development, education and co-operative development.

The Placement Test, which takes about an hour and a half, determines how an applicant can best be utilized overseas. It measures general aptitude and ability to learn a language, not education or present knowledge of a foreign language. The test requires no preparation and is non-competitive — an applicant can neither pass nor fail.

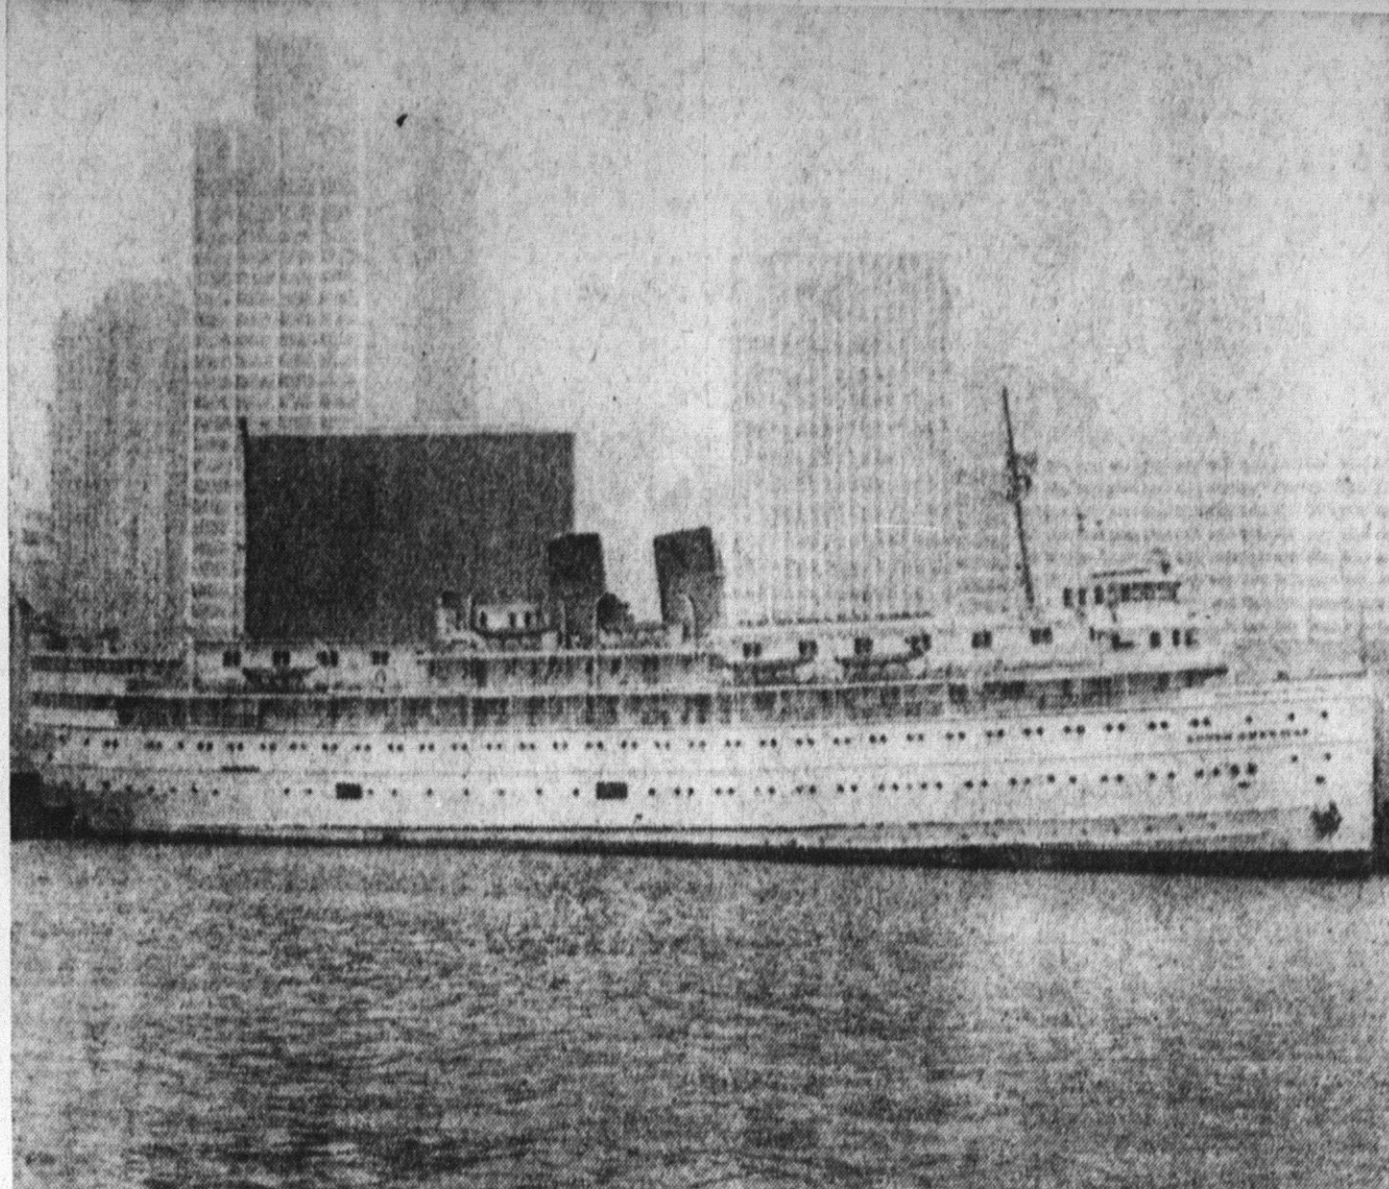

Persons interested in serving in the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before taking the test. Applications may be obtained from local post offices.

School Evacuated By Bomb Threat

Holland police reported an anonymous phone call at 8:43 a.m. claimed a bomb would explode at the Holland Christian Junior High School at 9 a.m. Monday.

The students were evacuated from the school and police searched the building. After the search, which lasted an hour, school was resumed.

Police Chief Leslie Van Beveren, warned pranksters the law states that calls of this nature constitute a felony and are punishable by state prison sentences.

PROUD OLD LADY — After brief ceremonies at the foot of Woodward Ave. in Detroit, the S.S. South American, flagship of the Georgian Bay Line which made Holland her winter home for more than 40 years, cruised through the mist and passed the Detroit skyline for the last time. After

a brief lay-over at Montreal, the 53-year-old ship will be taken to Piney Point, Md., where she will serve as a training ship for merchant seamen. Hundreds of persons who have sailed on the ship in years-past are on the last historic voyage to Montreal. (UPI telephoto)

Board May Act Monday On Enforcement Survey

GRAND HAVEN — A survey and study of the police agencies now serving Ottawa county, submitted by a Chicago firm to the Board of Supervisors last week, will be discussed and action may be taken at next Monday's session of the board. Chairman Herman Windemuller announced Tuesday.

The Public Administration Service of Chicago sent a staff here last summer that spent seven weeks surveying the law enforcement offices and departments in the county and the survey was submitted to board members Oct. 9 for study.

Sheriff Bernard Gysen, who recently reported that he believes the findings in the study to be unworkable, appeared before the board Tuesday to discuss budget requests for 1968. Parts of the survey were mentioned by board members and the chairman requested that any discussions on findings in the report be postponed until next Monday.

The sheriff said there is a great need for a second detective on his staff and the sheriff's committee has asked that \$6,792 be placed in the 1968 budget for such an officer. If the money is approved the sheriff will promote a present deputy.

Attorneys File Briefs In Court

James E. Townsend of Holland and Norman Jabin of Grand Rapids, attorneys for the Board of Education in the teacher litigation in Holland, today filed materials with the Supreme Court in Lansing, following the court's suggestion Oct. 6 that procedures in modifying injunctions be submitted to the court.

It was expected that attorneys of the Michigan Education Association which has been aiding the Holland Education Association in its fight for higher wages would also be filing documents.

The issue in general is whether teachers can be ordered back to work without a master contract.

Holland teachers failed to report to school Sept. 5 and the Board of Education obtained a temporary injunction in Ottawa Circuit Court the following day ordering teachers back to the classroom. The HEA that night obtained a stay from the Michigan Court Appeals which on Sept. 9 upheld the injunction, and schools opened Sept. 11. The following day the Supreme Court agreed to hear the appeal but refused to lift the court injunction.

The Supreme Court heard oral arguments Oct. 6 and gave attorneys leave to submit suggestions on guidelines and modifications.

Meanwhile, Holland teachers are being paid on last year's salary schedule, plus increments. Adjustments will be made later.

Deputies Cite Driver

Fredrick C. Gaut, 45, of Jenison was cited by Ottawa sheriff's deputies for improper turn and failure to yield right of way after the car he operated collided with a car operated by Rondal A. Idema, 29, of Jenison at 6:30 a.m. Wednesday on Main St. and Chicago Dr.

Six More Qualify for 'E' Awards

Six additional employee groups qualified for the "E" Award for Outstanding Citizenship, according to United Fund Campaign Chairman Carl Harrington.

In the industrial division, employees of Parke-Davis & Co. won the award by pledging an average of \$18.16 per employee.

In other areas of the campaign, employees of First National Bank, Malhofer, Moore & De Long, Sears Roebuck & Co., Van Lente-Heyboer Agency, and Ottawa Savings & Loan Association, also qualified for the "E" award.

This brings to 14 the number of groups eligible for the award thus far in the drive. In qualifying for the award the total pledged by each employee group equalled or exceeded 70 per cent of one day's average payroll, exclusive of the firm gift.

The third campaign progress report breakfast will be held Friday at 7:30 a.m. at Hotel Warm Friend. Workers are being urged to complete their assignments by this time, Harrington said.

South American Leaves Detroit On Last Cruise

DETROIT — A proud old lady steamed through the mist and past the Detroit skyline for the last time Monday.

It was the last trip of the last surviving Great Lakes pleasure cruiser, the S.S. South American.

The 53-year-old cruiser didn't even end her days doing the work she was used to.

For this summer, she'd been converted to ply the route between Detroit and Montreal's Expo '67.

Her owners, Georgian Bay Lines, have turned her over to the merchant Navy. After a three-day stopover at Montreal, the South American will plow to Piney Point, Md., where she'll serve as a training ship for merchant seamen.

In her heydays, she carried more than half a million passengers.

Council Has 16-Minute Meeting

At a 16-minute meeting Wednesday night, City Council disposed of a number of matters, mostly routine.

Mayor Nelson Bosman presided and the Rev. John L. Bult of Zeeland gave the invocation.

There were some 45 persons in the audience, most of them Junior High government students of Mrs. Norman Rieck.

Council approved a resolution introduced Oct. 4 setting new rules for Council meetings whereby the agenda will be closed with the afternoon mail the Friday before the Wednesday meeting. Communications and petitions received thereafter will be held over for the next meeting unless of obvious emergency.

Mayor Pro Tem Morris Peerbolt, chairman of region 5 of the Michigan Municipal League, informed Council that the League accepted Councils' invitation to host region 5 next spring, and the meeting will be held Thursday, May 9, 1968, the week before Tulip Time.

Region 5 consists of about 10 western Michigan counties including Ottawa and Kent counties and extending north. Mayor Chris Sonneveld of Grand Rapids is president of the Michigan Municipal League.

Council also accepted the invitation of former Councilman Raymond Holwerda to attend a Nov. 1 dedication program in the new Christian High School. This date conflicts with the regular meeting of City Council but since no hearings are scheduled for that date, Council postponed the regular meeting to Nov. 8.

Council approved a recommendation of the Board of Public Works to add gas burners to boiler No. 4 in the James De Young light plant, explaining that the cost of adding air pollution equipment would be somewhat greater in cost than the gas firing equipment. Since the BPW budget carries only \$100,000 for capital expenditures, Council approved a transfer of funds to make up the difference in the estimated cost of \$124,500. City Manager Herb Holt explained that gas at the quoted rates is competitive with coal in this operation.

Gifts to Holland Hospital were acknowledged, listing stuffed animals from Taylor's of Holland and subscription to Travel Magazine from Charles R. Sligh Jr.

Council approved certifications construction change order to the contract of Elzinga and Volkens involving a number of minor additions and a credit in flooring in areas where carpet is to be used, resulting in a credit of \$1,605.40.

A petition for water and sanitary sewer service in Brooklane Ave. from Eighth St. south to 142 feet north of 12th St. was referred to the city manager for report. Also referred to the city manager was a petition for paving, curb and gutter, and water and sewer service in 34th St. from Washington to Maple Aves.

Council approved certification for the following purchases: Councilman Dyk, Holland Litho, city hall and recreation, \$11.88; Councilman Lamb, Lamb's Inc., park, cemetery and hospital, \$108.16; Councilman Smith, Wade Drug Co., police and health, \$43.19.

Henry C. Muyskens was granted permission to divide his property at 1044 Paw Paw Dr. into three parcels. It was not necessary to refer the request to the Planning Commission since all lots were in excess of 11,000 square feet required in A-O zones.

Panthers Notch 20-6 League Win

WOMING — A mud covered West Ottawa High School football team left Wyoming Rogers with a 20-6 O-K Red Division victory here Friday night.

The win boosts the Panthers to a 4-1 mark for the season, and a 2-1 league mark.

Steve Tucker opened the scoring for the Panthers with a 16-yard run. The extra point attempt failed.

Late in the second quarter Tucker scored again on a nine yard carry to notch the Panthers second score. Jim Visser passed to Rod Ochner for the extra point.

In the third quarter Rogers opened their passing game and utilized it to score its touchdown. Bill Beckwith threw the nine yard scoring pass to Dan Shine. The extra point attempt failed.

West Ottawa iced the game on a scoring pass from Visser to Jerry Klomparsen. The play came on a fourth down and long yardage situation. Mike Veele scored the extra point on a two-yard plunge.

Outstanding performances by the Panther defense limited Rogers to a total of 18 yards gained rushing.

The Panther offense gained 261 yards rushing, with Klomparsen doing an "outstanding" job according to coach Ron Wetherbee.

After the game Wetherbee said, "Kentwood is next." We played a real tough ballclub here tonight, and next week is not going to be any different."

Rain hit Wyoming Friday afternoon, and as a result West Ottawa, for the second time this year, was forced to play on a muddy field. The first time that happened the Panthers were defeated by Hudsonville.

Bumps and bruises were the only injuries West Ottawa had suffered this season. However Tucker suffered a leg injury early in the Rogers contest, and it was not known how long he will be out of the starting lineup.

Dutch Score 12-7 Win Over Sailors

An aggressive Holland High football team staged a third quarter comeback and torpedoes the Mona Shores Sailors 12-7 Friday night in Riverview Park.

Holland's halfbacks, junior Gary Lound and senior Phil Schaap, sparked the Dutch homecoming victory, the first win since the team's opener with Muskegon Heights.

The Sailors scored with 10:50 remaining in the first period on the game's longest run. Jeff Chase scored on a 66-yard run from off-tackle. The point after was successful.

Holland returned later with 6:43 remaining in the quarter on a one-yard quarterback sneak by Chip Ridenour. Holland moved the ball from their own 39 in 12 plays. The kick by Bernie Rosendahl was blocked.

The Dutch scored again with 2:24 left in the third period on a four yard off-tackle play by Lound, who played his finest game of the year. Lound and Schaap provided some of Holland's finest offensive and defensive blocking. The Dutch scored after moving the ball from their own 35 in 19 plays.

The kick by Rosendahl was again blocked by the quick defensive line of the Sailors. Rod Klingenburg recovered a Mona Shores fumble on the Holland 39 giving the Dutch an additional opportunity to score early in the fourth quarter.

The Sailors threatened again in the closing minute of the game as they forced Holland into a punt situation. On a first down on their own 25 the Sailors completed a 25 yard pass from Scott Bacon to Floyd Kinsman.

The Holland defensive secondary defended well as Bacon attempted four straight incomplete passes, each slated for

touchdowns. Holland took over on downs with four seconds remaining.

"We needed this game as a team," coach Dave Kempker said after the game. "Our offensive blocking was better and we held better field position throughout the game. The fine punting of Mark Slenk and centering of Russ Bremer were major factors in our win."

Holland is now 2-1 in the Valley-Coast Conference and 2-2 overall. The Dutch entertain Orchard View Friday night in Riverview Park.

West Ottawa Reserves Win Fifth Game

In its toughest game of the season, West Ottawa High's reserve football team defeated Wyoming Rogers, 12-0 at the West Ottawa field Thursday night.

Undeclared in four games this season, the Panthers clashed with a big defensive unit, who until last week, had not been scored upon.

It wasn't until mid-way through the second quarter that the Panthers scored their first touchdown on Tom Kruthoff's six-yard-run. The extra point attempt failed.

Late in the safe period the Golden Hawks saw their only sustained drive of the evening falter when a Panther pounced on a Rogers fumble.

With the score still 6-0 in the second half, the defensive units of both teams took over the game, however, as the third quarter ended West Ottawa had moved to the Rogers 35-yard line. Four plays later, Kruthoff ran a power play and picked up excellent blocking as he ran 31 yards and notched the final touchdown.

Just six minutes remained in the game when Rogers gambled on a fourth down situation, and Greg Van Wieren batted away an attempted touchdown pass.

After the game coach Doug Waldron said, "Again I have to praise everyone. To win this one, it had to be a team effort."

In reference to the Panthers, Rogers coach Mike Haglian said, "This is the toughest defense that I've ever seen. This club could go all the way."

Ottawa County 4-H News

By Willis S. Boss
Extension 4-H Youth Agent

We are planning to hold a leaders open house for each district. The Hudsonville district meeting is being held Wednesday, Oct. 18 from 4 to 8 p.m. The Coopersville open house will be held on Thursday evening, Oct. 19 from 7 to 9 p.m. in the Coopersville Junior High School.

This being the same night as the skating party for the 10 to 13-year-old 4-H'ers, we look for a good turnout of 4-H leaders to pick up their materials. Mrs. LaDeane Sichterman, council member, will be present for a short time while the 4-H agent visits the skating rink.

The Holland district will be meeting on Thursday evening, Oct. 26 at the Zeeland Christian School. Those coming to this meeting should enter the building on the west end. We will be using the class room immediately on the left. We will be there from 7 to 9 p.m. and have asked Mrs. Harvey Grover and Mrs. Evart Wansen to be present with us to answer questions concerning clothing and knitting. I will be present also to answer any other 4-H questions you might have.

Approximately 1,200 boys and girls from 18 different schools attended the conservation tour held on Thursday, Oct. 12. These students received an interesting insight into the business operations of the onion, celery and potato industries.

The tour was sponsored by the West Ottawa Soil Conservation District, the Ottawa County Cooperative Extension Service, the Ottawa Intermediate Area School District, and the U. S. Soil Conservation Service. All the farmers involved were extremely cooperative and all of the participating agencies and the students who attended the tour felt the event was very successful. Our thanks to all these people for their assistance and cooperation in this adventure.

Many of the students who attended the tour are also enrolled in the 4-H conservation clubs in the schools. Since our last column we have been in contact with the Jenison Public Schools and the Bursley School. Many teachers have shown much interest and are willing to carry the program. They have their materials and the students are actively participating and learning about conservation. By grades they will be studying the following subjects: fourth grade, basic conservation in birds; fifth grade, entomology; sixth grade, recreation appreciation; seventh and eighth grades, wildlife and forestry.

This past week we have conducted two skating parties in the Holland and Hudsonville districts and also a party for the older members in the Coopersville district. We were very pleased with the turn out at all of these events.

The Coopersville district will also be skating Thursday, Oct. 19 at the Ravenna rink with members 10 to 13 years old invited. These 4-H Council sponsored parties are for the benefit of recreation and for members to get acquainted and meet with other members in their district.

We have heard from many clubs that are already under way and are working on their projects for this winter. There is always much interest in the fall of the year when 4-H Club members are getting started for another season. We urge any leaders who need materials to write to the 4-H Office, County Building, Grand Haven, Mich. 49417, and request them. We hope to have a number of materials on hand at the open houses. We will look forward to visiting with you at the open houses or hearing from you by mail in connection with the 4-H Club program.

Physicians are cooperating with the Holland PTA Council in showing a new half-hour color film, "Parent to Child About Sex," purchased by Herick Public Library. This film was shown last month before the Longfellow PTA, followed by a discussion by a panel headed by Dr. Bernard Meeuwse.

The film will be shown Oct. 24 at Lincoln School, Nov. 21 at Jefferson School, Jan. 16 at Lakeview School, Feb. 20 at Holland Heights School, and April 16 at Van Raalte School.

The film, produced by Dr. Fredrick Margolis, a Kalamazoo pediatrician, uses nonprofessional actors, many of them Kalamazoo residents, to communicate human and realistic attitudes toward sexuality. Boys and girls are pictured in frank discussions with their doctors. Children are shown asking questions of their mothers and also talking with each other alone.

At each PTA meeting following the film, a panel answers written questions from the audience. Participating in various panels will be Dr. Meeuwse, Dr. Eugene Scholten, Dr. Donald De Witt, Dr. James Chamness, Dr. Paul Dykema, Thomas Carey and the Rev. William Burd.

Herrick Library also has books in the children's department on the subject. Two new additions are "Being Born" by Frances Bruce Strain and "The Wonderful Story of How You Were Born" by Disonie Matsner Gruenberg.

Aim of the special PTA series is to show how to handle the child's questions and how to build a comfortable parent-child relationship which will be carried over into older age levels to prevent later problems.

Closely related to the need for more effective communications in sex education is the increase in venereal diseases in America, often called "The Unmentionable Disease." The American Medical Association says venereal disease is the nation's most urgent communicable disease problem, infecting 1,100,000 Americans a year, about 3,000 a day or almost two a minute.

The association also points out that the rise in incidence of syphilis among teenagers has doubled the past year.

Sunday School Lesson

God Demands Righteous Relationships (Temperance)
Amos 5: 12-15; Amos 6:1, 4-8.
By C. P. Dame

This lesson is extra fitting for our times. Prosperity is agreeable to most of us but it is often perilous to morals and religion. God knows about our easy living and self-indulgent ways and holds us accountable.

I, God knows our personal and our national sins. "For I know how manifold are your transgressions and how mighty are your sins" so God through Amos told Israel long ago. God knows all about us too. Leadership involves responsibility. Amos charged the leaders with wrongdoing. The judges let the guilty go free because they gave bribes and the poor did not get justice. The leaders who were supposed to stand for justice promoted wrongdoing! Things got so bad that the prudent kept quiet, for they did not want to get involved.

Today we are glad that due to the ruling of the Supreme Court the wrong-doer gets more and more protection and the police find it harder to enforce the law and the other one is that the rich can hire a brilliant lawyer to defend him.

The counsel Amos gave to the leaders, "Seek good and not evil" and to, "Hate the evil and love the good, and establish judgement in the land" is still praiseworthy. And he gave the good reasons for doing this — "and the Lord, the God of hosts shall be with you" and "it may be that the Lord of hosts will be gracious unto the remnant to Joseph" — to the nation.

II. A sense of false security is dangerous. Amos tried to disturb the nation's leaders. "Woe to them that are at ease in Zion and trust in the mountain Samaria, which are named chief of the nations, to whom the house of Israel came." Two groups of leaders are mentioned here—the ruling classes in Jerusalem, "in Zion" and the ruling classes in Samaria, the capital of the northern nation. Those so-called upper classes set the fashions and colored the moods of people. These leaders had a false sense of security.

How about our nation — what do we trust in? And the church? Material resources? Numbers? Representatives from ten Protestant denominations are meeting, planning one large denomination. Some hope this will mean more authority, influence and power. They forget that a spiritual power does not come from numbers.

III. Self-indulgence has sad consequences. "That lie upon beds of ivory, and stretch themselves upon their couches, and eat the lambs of the flock, and the calves out of the midst of the stall" and they provided feasts and entertainment at their feasts and they drank wine in big bowls and they used oils and perfumes to make themselves more attractive for illicit relationships.

Luxurious and extravagant living was popular. What about the status-seekers of today? And those who say that freedom belongs in first place in lives of modern people? And protest against restrictions, rules and laws?

Amos saw the consequences of this wasteful, dizzy mode of life. "Therefore now shall they go captive with the first that go captive" — the leaders who "stretched themselves" out on divans and lived selfishly in a needy world. About twenty five years after Amos preached the northern nation was carried into captivity because of their sinful mode of life. It is time that we as a nation consider whether we are going!

Book Review Proves Fine Substitution for Club

In a switch which produced a most entertaining program, the Woman's Literary Club heard Mrs. Edward Donovan review a book Tuesday afternoon instead of a talk by Lady Cecil Campbell on "Life in a Turkish Harem."

Because of weather conditions in Washington, D.C., Lady Campbell remained there when her flight was cancelled. Mrs. Donovan agreed to give the book review at 10 a.m.

"I've Only Got Two Hands and I'm Busy Wringing Them" by Jane Goodsell was Mrs. Donovan's selection which she described as purely a fun book, one that would not solve life's problems or add anything to one's intelligence, but it would provide some laughs and probably send club members home a bit happier.

Mrs. Donovan described the author as a confused housewife living in a 41-year-old house with a leaky basement in Portland, Ore. Her husband Jim edits a weekly newspaper and they have three daughters, and from there the full house was treated to a series of hilarious adventures on the dilemma of the modern American housewife.

In this bewildering world, Mrs. Goodsell said the housewife today is constantly hounded by "do something, be calm, push your children, don't push your children" and the "something" she decided to do was write a book, not about admitting Red China to the U.N. or about farm surpluses, but about such down-to-earth things as buying peanut butter — creamy or crunchy.

From decisions to be made on the growing choices of supermarket products, the author said a woman can "flip her lid" over the choice of eight decorator colors, and countless varieties of detergents, etc.

And ice cream! "When I was young I had only to choose between chocolate, strawberry or vanilla, but now I face 28 flavors. Bristling with determination, I entered the ice cream store and ordered a quart of vanilla ice cream. The clerk asked, 'plain or French?' regular or low calorie? soft or hard frozen? brick or hand packed? and in a panic I picked up a carton and said 'I want this!' And that's why I came home with a half-gallon of licorice ripple."

Mrs. Donovan also related hilarious accounts of doctor's appointments, picking up husband in downtown traffic, transporting children to dancing or swimming classes and the inevitable car pool with its resultant complications.

"In the old days, a lady could take to her bed with vapors which was a respectable excuse for spending a day in bed. Today, she takes a tranquilizer and the only excuse for bed is surgery, childbirth or a fever over 104!" the book reads.

As for all those labor-saving devices in modern homes, Mrs. Goodsell maintains America has a standard of cleanliness today

unknown in grandmother's day when grandmother could forget about a grease splattered oven because it had no door exposed to the world beyond.

The author particularly regrets having missed her day as an adolescent, a day when children had no choice but to obey their parents, and also regrets her day as an adult in a world now run by juveniles, and a parent asks "where have I failed?" when children make their own rules.

Mrs. J. W. Lang, club president, presided and Mrs. John Kooiker, chairman of the necrology committee, paid tribute to six members who have passed on in the past year. They were Mrs. W. A. Van Syckle, Mrs. J. A. Vander Veen, Mrs. John Telling, Mrs. William Tappan, Mrs. LeRea Wood and Mrs. Edward Kiemel.

Mrs. Walter Martiny and Mrs. William Meengs were door hostesses.

Attention was called to the "Attic Specials" event Friday in the club starting at 9 a.m. to the Armchair Tour of Rome Oct. 31 by Mrs. Wendell Miles and Mrs. William Jesiek, and to a luncheon-bridge Nov. 14 with Mrs. Albert J. Nuttle as chairman.

Science Conference Opens On Hope College Campus

Science educators from across the nation will attend a "Conference on Interdisciplinary Curricula in the Natural Sciences in the Liberal Arts College" to be held at Hope College Friday and Saturday.

The Conference is made possible by a \$375,000 science improvement grant awarded to Hope College last January by the Alfred P. Sloan Foundation.

The grant was awarded so that the College could devise new science programs for the science major, the non-science major, and the prospective high school science teacher.

The interdisciplinary approach to the science offers many advantages to the student. It demonstrates the unity of science to the student much earlier in his career in that it shows him that modern research in science is often conducted at the interface between the sciences.

For example, modern research in water pollution requires the efforts of a team of biologists, chemists, engineers, and geologists. The full power of each of these disciplines together with the effort of sociologist and physiologists must be focused on the problems for solutions.

An interdisciplinary approach also permits the elimination of much of the overlap and repetition that occurs when a top-

Keith Abel Scores Two Touchdowns

An alert Hope College defense literally stole a football victory from Adrian College Saturday afternoon defeating the visiting Bulldogs 19-7 behind a barrage of intercepted passes and fumbles.

The Flying Dutchmen treated more than 4,500 Homecoming fans to their second triumph in five outings by stealing seven Adrian aeriels and recovering two Bulldog fumbles.

The triumph was Hope's first in MIAA competition and puts the Flying Dutchmen in a tie for third place with Adrian at 1-1. Alma and Olivett share the lead with 2-0 marks.

Halfback Keith Abel, a senior from Hudsonville, rambled 154 yards in 35 carries and caught one pass for another four yards enroute to scoring a pair of touchdowns.

All of Hope's touchdowns resulted from Adrian miscues.

Hope defender Ken Feit, recovered a fumble on Adrian's first offensive play of the game giving the Flying Dutchmen possession on the Bulldog 10.

Seven plays later quarterback Gary Frens connected on a four yard pass to Abel for the touchdown.

Hope made the slim 6-0 lead stick until midway through the third period when an intercepted pass by Dick Holman, a senior from Coopersville, set up another Flying Dutchmen touchdown. Abel climaxed a 53-yard drive by plunging the last foot for the score.

The alert Hope defense turned right around and stole another pass on Adrian's second offensive play after the touchdown. This time it was Feit who claimed the interception on the Hope 34.

Thirteen plays later fullback Frank Lundell, a Whitehall senior, plunged the last yard for the score. Holland senior Tom Pelon kicked the extra point to make the score 19-0.

Adrian took advantage of a Hope technique — the interception — for their lone score of the day. Defensive end Dave Livingston intercepted a Clint Schilstra pass with two minutes left in the game and returned it 35 yards for a touchdown.

Holman finished with two intercepted passes while Feit and Bill Leismar, a Traverse City freshman, each stole an aerial and recovered a fumble. Other Hope pass thefts were credited to Howie Davidsmeyer, Jerry Boscher and Groy Kaper.

Frens completed nine of 20 passes in the game for 110 yards while the Adrian quarterback corps of Barry Beck and Eddie Caczko made good on eight of 29 tries.

Leading rusher for losing Adrian was sophomore Pete Yelorda with 83 yards in 22 carries.

New Bridge Slated For Eastmanville

GRAND HAVEN — A resolution was passed by the Ottawa County Board of Supervisors Monday, authorizing the road commission to start work Jan. 1 on a new \$580,000 bridge over Grand River at Eastmanville. Construction will take approximately 10 months, Engineer-Manager Ronald Bakker of the commission told the board.

Bids will be taken soon on the bridge, which will be 550 feet long and will be erected on the site of the present bridge on 68th Ave. The road connects the city of Coopersville on the north and Allendale on the south. There were no objections to the bridge construction project at a hearing before the board at the start of its meeting Tuesday.

The present bridge is 80 years old and was built for "horse and buggy" traffic, Bakker said. The U.S. corps of engineers has ordered that the bridge be built within 10 months, Bakker said. A temporary bridge and landfill causeway will be installed east of the present bridge to carry the traffic.

A hearing was also held on the 1968 temporary budget, which is now being studied by the board. There was no one to voice an objection and the board then went into a committee of the whole to study the budget, department by department.

Supervisor James Brower of Holland township informed the board that the equalization director of the county and the assessing officers met and all units have agreed to assess all properties in 1968 at 50 per cent of cash value.

The buildings and grounds committee reported that the pavement of a large parking lot at the county branch building at Holland is in bad repair and needs sealing. The board voted to approve the work, to be completed this fall, by the Texaco Co. of Holland at a cost of \$935.

The Ottawa County Farm Bureau submitted a petition, asking the board to adopt Eastern Standard Time as the official time for the county in 1968, pending an election on the question next year. The board voted to refer the request to Prosecutor James Bussard.

The board approved a proposed plan of services for abused and neglected children in the county at a meeting last week but upon a request of Gordon Cunningham of Holland the board was asked to reconsider the action. Judge Frederick T. Miles of Probate Court was to appear at today's session of the board to explain the plan.

Most of Monday's meeting was spent in studying the 1968 operating budget for the county and the appropriations for the roads and parks, sought by the road commission.

Supervisor Gerrit Bottema of Spring Lake, chairman of the ways and means committee, reported that the board has been allocated 4.35 mills for the 1968 cost of operating the county, which will bring in \$1,708,543.44 from county taxes. Additional revenue is anticipated from the new income tax in Michigan and from fees and Bottema requested that the proposed budget of \$1,885,545.17 be pared down to \$1,835,000 to "keep within our income."

The road commission was listed for \$100,000 for roads and \$93,000 for county parks. Chairman Herman Windemuller asked that \$3,000 of the parks appropriation be earmarked for the start of the development of a new park, Pigeon Creek park. A \$10,000 request for a building at Hager Hardwood park near Hudsonville was turned down by the board.

Wayne, Ind. and Mrs. Helen Brown of Saugatuck; 10 grandchildren; eight great-grandchildren; one sister, Mrs. Elizabeth Jepson of West Palm Beach, Fla.

Employees Seek Boost In Allegan

ALLEGAN — The Allegan Board of Supervisors anticipates county spending in 1968 will total \$1,853,667.

To balance the budget, county revenue based on 7 mills will be split between operating expenses at 4.6 mills; county medical care facilities sinking fund, 1 mill; bridges, 1 mill; county road fund .04 mill.

The proposed budget will remain open to public scrutiny for the next 10 days. The final hearing on the 24-page document will be held Thursday, Oct. 26, at 10 a.m.

Electing not to wait until the hearing, Allegan-Ottawa Circuit Justice Chester A. Ray appealed to supervisors Friday to correct "salary inequities apparent in the budget."

Self-styled "father confessor" for the people who inhabit the court house, Judge Ray recalled making a similar appeal to supervisors at their October, 1964, budget session.

"Communications between supervisors and county employees has not improved much since then," he noted, added there was "nothing personal" in his criticism.

The new budget calls for a 5 per cent across-the-board increase for county employees, plus hospitalization benefits.

Ray termed the boost "inadequate in the light of the considerable surplus of county funds."

Judge Ray had said the balance in the last annual audit plus excess income showed a July 1, 1967, surplus of \$704,000.

County Finance Committee Chairman Philip Quade of Saugatuck, noted a budget surplus of approximately \$700,000 did exist at midyear, but "we had half a year left to operate, and expenses for such ambitious projects as the county plat mat had to be met all at once and there were other large bills to pay."

The 1968 budget reveals an estimated revenue surplus of \$185,000 will be on hand Jan. 1, 1968.

Anticipated total revenue income is \$310,299.

While agreeing that county salaries were necessarily low in the light of a precarious financial position in the past, Judge Ray reminded supervisors of a "tacit understanding" that inequities would be corrected as soon as funds became available.

"Other counties have recognized the need for similar adjustments meanwhile, and have acted accordingly," Ray said.

Ray said county salaries should keep pace with the cost of living and with wages paid in business and industry.

The present circuit judge in 1958 resigned his post as county prosecutor "rather than be distinguished as the lowest paid prosecutor in southern Michigan."

Ray also brought up what he termed the serious question of some job classifications, urging they be examined and reviewed. He cited in particular the deputy classification which in some cases, he said, involve veteran employees with years of invaluable experience.

Recommending that the salaries committee be authorized to undertake the classification problem no later than July 1 next year, Ray said they also should bring in the resource people needed to advise them.

When questioned by Holland Supervisor John Fonger as to what he considers a fair general increase for county employees, Ray said it would take a 10 per cent across-the-board hike to bring about a true cost-of-living increase.

Susan Borst Is Named Homecoming Queen

Susan Borst, a 21-year-old Hope College coed from Midland Park, N.J., was crowned the 1967 Homecoming queen Thursday night.

Homecoming queens appear to run in the Borst family. Two years ago, Susan's sister, Carol, reigned as the Hope Homecoming royalty.

A Biology major, Susan was picked by popular vote by the student body from an eight-member court. She was crowned during a pep rally by varsity football captains Mark Menning, a senior from Grandville, and Keith Abel, a senior from Jenison.

Other members of the court are Sue Albers, a senior from Saginaw; Mary Rynbrandt, a junior from Byron Center; Mary Browning, a junior from Grand Rapids; Janice De Boer, a sophomore from Wyckoff, N.J.; Cindy Sonneveldt, a sophomore

from Grand Rapids; Nancy Johnson, a freshman from Grand Rapids; and Amy Cort, a freshman from Royal Oak.

The new queen is the daughter of Mr. and Mrs. William H. Borst, 118 Maltbie Lane, Midland Park, N.J.

She was a member of the Homecoming Court as a junior. This year at Hope she is active in the Higher Horizons Program, a project in which Hope students act as big brothers and sisters for Holland area youngsters. She is also a member of the Delta Phi social sorority and a member of the board of trustees of the Student Church.

United Fund Services Described

Jack I. Dykstra, president of the Greater Holland United Fund told some 80 volunteers attending Thursdays women's residential division "kickoff" meeting at Hotel Warm Friend that the inclusion of one additional agency, Kandu Industries which serves the handicapped and the general rise in the "cost of doing business" accounts for the 13 per cent increase in this fall's \$149,312 goal over last year's target.

Mrs. Albert J. Nutile and Mrs. Jay C. Petter, Jr., co-chairmen of the residential division praised section majors and team captains for the excellent job recently completed in recruiting over 500 volunteers in the house-to-house canvass next week, Monday through Thursday.

Eugene Emerson, director, Holland-Zeeland Family YMCA, in discussing the Y's program said approximately 1,000 are being served through participating memberships in varying activities for boys and girls, young adults and family units.

Mrs. Blanche Van Valkenburgh, director, Ottawa County Chapter-American Red Cross, said 17 services are carried out by 2,886 volunteers. Included are services to military families, disaster, public information, nursing services, first aid, water safety and blood program.

Nearly 4,000 pints of blood, through the Red Cross Blood Program, were provided to residents of Ottawa County last year at no cost to the patient.

A hospital lab fee for administering the blood is normally charged and is sometimes misconstrued as a charge for the blood, itself.

The cost of this program annually is \$18,000. At the usual charge of \$25 per pint for blood, residents of Ottawa County, if it were not for the Blood Program, would have expended approximately \$100,000 for this lifesaving necessity, Mrs. Van Valkenburgh pointed out.

Brig. G. Stanley Hook, Commanding Officer, Salvation Army, gave the invocation.

Want Ottawa In Muskegon College Area

MUSKEGON — Overtures are being made to Ottawa county and the southern half of New. aygo county to annex to the Muskegon County Community College District.

This is a recommendation of the State Board for Public Community and Junior Colleges which has been studying districting processes.

Holland educators said the move appears that the state prefers to have Ottawa annex t Muskegon rather than develop its own district which could also care for areas of Allegan county.

A 117-page booklet on Ottawa Area Vocational-Technical Education Needs was issued in March, 1966, after two years of study under Co-Chairmen Ab Martin of Holland and Paul Johnson of Grand Haven, with Gene Roth of Grand Haven and Don Gebraad of Holland as co-directors and Gordon Johnson of Western Michigan University as consultant.

An implementation report calling for establishment of a Community College district encompassing vocational-technical training needs was drafted in September, 1966, and Jennie Kaufman, superintendent of Ottawa Area Intermediate District, applied for Community College status the following November.

Married in Drenthe

Mr. and Mrs. Richard De Korte

Drenthe Christian Reformed Church was the scene of the marriage of Miss Carol Mae Van Haltsma of Kew Gardens, New York, and Richard J. De Korte on Sept. 29 at 8 p.m.

The Rev. S.T. Cammenga officiated with Mrs. John De Weerd at the organ and Joe Dalman as soloist.

White bows lined the pews of the sanctuary which was decorated with bouquets of bronze and gold gladioli and mums, ferns and candelabra. The bride, who was given in marriage by her father, wore a floor-length white gown with long lace sleeves, an empire waist, lace bodice and matching lace back panel. Her veil was held in place by a pearl and crystal crown, and she carried a long stemmed red rose on a white Bible.

Miss Van Haltsma was attended by Mrs. Elaine Steensma as matron of honor and Miss Jennie Timmons as bridesmaid.

Concerts by Marine Band Draw Enthusiastic Crowds

On its fifth visit to Holland, the United States Marine Band played to full houses at two Concerts Thursday in Civic Center, presenting well balanced musical enjoyment to people of all ages.

Sponsored by the Holland Christian Band and Orchestra Parents Association, the concert band clad in dress uniforms of scarlet and blue displayed fine artistry in its concert selections under the direction of Lt. Col. Albert Schoepfer, band conductor since 1955.

But the real crowd favorites were the rousing Sousa marches which the band generously sprinkled through the program as "extras" and the Rodgers-Hammerstein numbers from the musical Carousel, featuring William Jones, baritone soloist and concert moderator. Jones became the first full-time vocalist and concert moderator in 1955.

From the opening National Anthem to snappy marches and concert arrangements with an almost orchestral effect, the band displayed faultless technique and professional pacing which moved smoothly to the final encore of a medley of military songs, ending of course with "The Marine's Hymn."

Baritone Jones has become quite a favorite with Holland audiences. This personable young singer has had wide experience in his musical career, both civilian and military, and his smooth introductions as well as his musical contributions, popular or operatic, set the pace beautifully for a highly entertaining program.

Proceeds from Marine Band appearances in Holland in the past have provided the school music department with a fine supply of basic instruments, band uniforms and special trips and outings.

Supt. Mark Vander Ark gave the invocation.

Addresses by two speakers featured the 34th annual fall conference of the Holland Classical Union in Calvary Reformed Church Thursday. The evening session was preceded by a dinner for more than 200.

The Rev. Arthur Van Eck, director of the division of adult education, spoke on "The Ministry of Christian Education in the Family," emphasizing that every Christian family should be involved in education, worship, fellowship and mission.

The Rev. Calvin Hayes, minister of Juanilla Apache Reformed Church in Dulce, N.M., said the frontier are moving closer to the church and everybody must do missionary work or the church will die. Rev. Hayes represented the Board of North American Missions of the Reformed Church.

A triennial skit introduced the forthcoming Third Triennial Assembly to be held in Philadelphia, Pa., April 22-25, 1968. Local women were urged to plan now to attend the event.

Mrs. Gerald Reimink, classical president, presided and Mrs. Mark Walvoord led devotions. Vocal selections were given by Mrs. Preston Van Zoeren at the organ. Mrs. Thomas Ten Hoeve gave the offertory prayer. The Rev. Howard Maatman gave the benediction.

A classical union workshop will be held Oct. 23 in Calvary Church at 7 p.m.

Wedding seals are believed to date as deep as 1,500 feet in search of foot, the National Geographic says.

Wed in Evening Rites

Mr. and Mrs. Dale R. Resh

The Rev. Adrian Newhouse solemnized the union of Miss Ethel Everts and Dale R. Resh in an evening ceremony on Sept. 22.

The parlor of First Reformed Church in Zeeland was decorated for the occasion with bouquets of white gladioli and yellow mums surrounded by palms and ferns.

Mrs. Henry Pyle played traditional wedding music and was soloist.

Given in marriage by her brother, Bruce Everts, the bride chose a floor-length gown of satin pique with Venice lace trimming the bell sleeves and train. Her shoulder-length veil was held in place with a satin headpiece and she carried a

single white rose. Miss Carol Watson, honor attendant, was attired in a floor-length gown of moss green pique with velvet flowers accenting the train and bodice. She wore a moss green headpiece and carried a single yellow rose.

Peter Miller served as best man while Alan Everts and Dick Resh seated the guests.

A reception was held in the Fellowship Hall of First Reformed Church following the ceremony with 75 guests present.

Following a southeastern wedding trip, the couple is at home at 1207 North Westedge, Kalamazoo.

Holland Man Charged With Assaulting Officer

Ernesto Calanchi, 18, 189½ East Sixth St., waived examination in Holland Municipal court Monday on a charge of assaulting an officer, after he pulled a pistol on an Ottawa sheriff's deputy Sunday night.

Police said that sheriff's deputies received a call to the Calanchi home and upon arrival discovered that the call was in the city, and therefore, radioed city police.

Calanchi's wife, who was outside the apartment, told police that her husband was inside with their five-week-old baby. She asked police to get the baby out of the apartment because her husband had been drinking.

Deputies and police went up to the apartment and knocked on the door and Calanchi opened it and stuck a .22 caliber pistol in Deputy Robert Dykstra's abdomen.

Dykstra, aided by other officers, wrestled Calanchi and disarmed him. Police then learned that the pistol was a blank gun.

Calanchi was released without bond and ordered to appear in Ottawa Circuit court on Oct. 23. He was charged with a high misdemeanor.
