Four drunken men tried to run things aboard an electric car bound from Grand Rapids to this city last Friday evening. Conductor Hammond was in charge and they attacked him. But he was equal to the occasion and assisted by a couple of passengers succeeded in getting the best of the four disturbers, but not before several blackened eyes decked those who took part in the fray.

Dr. W. P. Scott has opened a dental office in the Walsh block over Sluyter & Cooper's store. Dr. Scott is well known in this city. It was his home until he went to Chicago to practice his profession some years ago. Now that he has returned to his old home and his friends he will undoubtedly get a large share of the business. He was very successful in Chicago but ill health and a desire to be near his parents here caused him to return.

Palmer Tuttle the 19-year-old son of a wealthy Grand Rapids man, appropriated \$75 of his aunt's money without so much as saying by your leave and showing the roll to one of his young friends persuaded him to come to Holland to assist him in painting the town a deep crimson. His anxious father notified the Grand Rapids chief of police, who sent word to Marshal Kamferbeek to look out for the erring boys. The marshal did so and discovered that they had come here and hired a rig of P. F. Boone's livery for a drive in the country. Thinking that the young men might be imbued with the desire to retain possession of the rig Mr. Boone and the marshal drove in the country to look for the boys. They found them not, as the boys returned to the livery barn, where they were arrested by Deputy Marshal Peter Bos and kept in custody until Mr. Tuttle arrived here and took them home. Palmer was arraigned in police court in Grand Rapids on the charge of stealing \$75 from his aunt, Mrs. Malvina Cline, who is visiting in the Tuttle home. He was very repentant, pleaded guilty and was bound over to the superior court where he was taken, and again pleaded guilty and was remanded for sentence. Young Tuttle according to his own story, led a very fast career after he procured his swag Sunday. When asked why he returned to his home Sunday night he said he felt guilty, and every man he met in Holland he was afraid was a detective looking for him.

Mayor Hoyt is a very patriotic citizen and he will have nothing to do with anything that tends to give Grand Haven the small end of things. The mayor was in Holland yesterday and he stood on the platform of the Pere Marquette R'y waiting to take the evening train for home. He watched a train come in and unload its passengers, and he watched it back out of the station and down the track again. He stood for a half hour on the platform wondering how late the Grand Haven train was, when one of the station men came out and walked up to him. "Thought you were going to Grand Haven on that train Charles?" he said. Mr. Hoyt saw his blunder in a second, but he recovered quickly. "I was," he said "but I made up my mind I'd not ride on a train that started for Grand Haven back end first." With that the mayor turned on his heel, came home by the interurban route.—G. H. Tribune.

Several farmers in the vicinity of Union City who from the monstrous growth of clover had expected at least an average yield of seed, were disappointed after the hulling process last week to find in some fields less than a bushel per acre. They discovered too, something the oldest resident hasn't often seen—that the long rain had caused the seed to sprout in the clover head, some of it showed two leaves. The corn has also begun sprouting and is molding badly in the shock.

A north Missouri newspaper man was missing for several days after the Fourth and the following, which appeared in the first edition of his paper following his celebration was looked upon as a clue to his whereabouts by some: "He spent a dime for powder and a quarter for a gun. He spent an hour loading it, the time was spent for fun. He spent much time in 'saying things' long ere the noise had fled. His coin's now spent for salves and ointments; he spends his time in bed."

Passenger train No. 7, due here from the south at 9:55 in the evening had a narrow escape last Friday night from a serious wreck on the East Saugatuck hill. The train collided with a detached freight car that had been left on the main line between East Saugatuck and New Richmond. ### Lake and Marine.

The Carley float, a new form of life saving raft, was tested last week in the lower New York harbor. It is understood that it has already been put in some of the battleships of the navy and of the army transports. It consists of a copper tube with many air-tight compartments. The tube is covered with 3 in. of compressed cord and wound with canvas. Attached to this cylinder is a rope netting 3 ft. deep, from which is suspended by rings which travel on lashings, a wood slatted bottom. The float is made in such a manner that no matter on which side it may fall on the water, the bottom falls through and is in its proper relation to the buoyant cylinder. Those who get on the float stow themselves inside this elliptical device, the wood-slatted bottom sinking about three feet by their weight. The cylinder which floats on the water is about their waists. They are not in danger of being swept off and keep afloat until picked up. The test proved altogether successful. It kept an even keel and was rowed about easily.

Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run-down people. Try them. Millie Hennius, the Indian woman, of Vancouver, who recently received the medal of the Royal Humane Society, was going with her husband, her three small children and a woman friend, in a boat to the north arm of Burrard Inlet. The boat was overturned in a storm. The husband, weighted by a cartridge belt and heavy rubber boots, sank, and was followed by the woman. Mrs. Hennius took her 4-year-old child in her teeth, and ordering each of the others to cling to one of her shoulders, swam, keeping the heads of all three above the icy water for an hour, until rescue came.

### Mustaches in Alaska.

Mustaches are not worn by men exposed to the severity of an Alaskan winter. They wear full beards to protect the throat and face, but keep the upper lip clean shaven. ## Weak and Tired.

"Do you suppose your Vinol would do me any good?" said a woman customer the other day. "I just drag round. My work seems an awful burden." "I think Vinol will help you," said our clerk. "Our folks at home use it. We have such faith in it that we will pay the money back if it doesn't help you."

She took a bottle of Vinol home and has since bought another bottle.

Vinol was sold last year on the same guarantee. How many "refunds" were there, do you think? Less than two per cent.

In other words, Vinol did successful work in ninety-eight cases out of 100.

For two great classes, those who can't seem to gain strength, and those who are tired at nothing, we say: "Try Vinol on our guarantee."

## A CALL TO GIVE THANKS.

President Roosevelt Issues the Customary National Thanksgiving Day Proclamation.

APPOINTS NOVEMBER 27 AS THE DAY.

Characterizes Year Just Closed as One of Peace and Overflowing Plenty—Declares We Can Praise God Not by Words Only But by Deeds as Well.

Washington, Oct. 29.—President Roosevelt Wednesday issued his proclamation designating Thursday, November 27, as a day of thanksgiving. The proclamation is as follows:

"According to the yearly custom of our people, it falls upon the president at this season to appoint a day of festival and thanksgiving to God.

"Over a century and a quarter has passed since this country took its place among the nations of the earth, and during that time we have had on the whole more to be thankful for than has fallen to the lot of any other people. Generation after generation has grown to manhood and passed away. Each has had to bear its peculiar burdens, each to face its special crisis, and each has known years of grim trial, when the country was menaced by malice domestic or for-

## SUSPECT UNDER ARREST.

Officers at Pella, Ia., Hold Man Who May Be One of Robbers of Bank at Prairie City.

Des Moines, Ia., Oct. 29.—One suspect was arrested at Pella Tuesday night in connection with the Prairie City bank robbery and is being held to await identification.

As Night Watchman Erskine and Dentist Gibford watched the men for three hours during the robbery, it is believed identification will be possible although the men were masked. It has developed that there were five of the bandits, two of whom engaged in dynamiting the safe, and that it required eight shots before the safe was finally opened. The loss has been definitely placed at \$4,500.

Blood hounds followed the trail of the robbers Tuesday as far as Fairmount, six miles southeast of Prairie City, and there stopped. This is construed as showing that the men there took the Rock Island train and went southeast. No definite clue was obtained, however, and it is feared that the robbers have made good their escape.

elgn levy, when the hand of the Lord was heavy upon it in drought or flood or pestilence, when in bodily distress and anguish of soul it paid the penalty of folly and a forward heart. Nevertheless, decade by decade, we have struggled onward and upward; we now abundantly enjoy material well-being, and under the favor of the Most High we are striving earnestly to achieve moral and spiritual uplifting. The year that has just closed has been one of peace and of overflowing plenty. Rarely has any people enjoyed greater prosperity than we are now enjoying. For this we render heartfelt and solemn thanks to the Giver of good; and we seek to praise Him not by words only but by deeds, by the way in which we do our duty to ourselves and to our fellow men.

"Now, therefore, I, Theodore Roosevelt, president of the United States, do hereby designate as a day of general thanksgiving Thursday, the twenty-seventh of the coming November, and do recommend that throughout the land the people cease from their ordinary occupations, and in their several homes and places of worship render thanks unto Almighty God for the manifold blessings of the past year.

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

# REPUBLICAN RALLY!

Lyceum Opera House,  
Saturday Eve. Nov. 1st

Congressman William  
Alden Smith

Will Deliver An Address  
On The Political Issues  
Of the Day.

Congressman William Alden Smith  
will deliver a rousing address at the  
Lyceum opera house next Saturday  
evening and no voter should fail to  
hear the brilliant orator from the  
fifth.

The appearance of Mr. Smith al-  
ways means a crowded house and a  
cordial welcome will be given him.

The West Michigan band will fur-  
nish music. Before the meeting a  
grand display of fireworks will be given  
on Eighth street and in front of  
the opera house.

Can You Afford to Lose Your  
Vote?

This week the Grand Rapids Herald  
is publishing some very pointed and  
excellent editorials on the necessity  
of going to the polls on election day  
and voting the republican ticket. The  
editorials are so good and strike the  
mark so true that the News thinks  
that no better use can be made of  
space than to reproduce some of the  
arguments. The only thing regrettable  
is that all of them cannot be  
printed. Excerpts from a few of them  
follow:

"Have the farmers any kick coming  
on the condition of the times in 1902?  
If they have they are not saying  
much about it.

It wasn't that way in 1896.  
In 1896, it may be recalled, it was  
pretty hard picking on the farm. The  
wife wasn't having many new dresses  
in those days. The children went  
bare foot until late in the fall to save  
shoe leather. The old implements,  
the old barn, the old house—old  
things generally had to serve another  
season. The farmer didn't have money  
to buy new.

Is there poverty on the farm this  
year?

Is it necessary now for the farmer  
to pinch every cent and pinch it hard?

Just ask him and then ask the farm-  
er's children. And then take a look at  
the farm with the improvements and  
new equipments put on since '96. And  
then go into the farmer's house and  
see the new furniture, the new car-  
pets, the newspapers and magazines  
and other evidences of comfort.

It is very different on the farm, isn't  
it?

And what makes the difference?  
The farmer is prosperous.  
What makes the farmer prosperous?  
Kind Providence and bountiful  
crops have been important factors,  
but bountiful crops without a market  
give a surplus of vain regrets instead  
of a surplus of cash.

In 1896 the farmer had crops but no  
market and he was hard up. In 1902  
he has crops and a good market and  
he has money in the bank. In 1896 he  
threw his products to the birds. In  
1902 he can throw money to the birds  
—if he wants to.

The difference is in the market. In  
1896 the farmer was not the only one  
who was hard up. Everybody was in  
the same boat. The city man suffered  
with his country cousin. Factories  
were shut down. Industry was at a  
standstill. Business was dead. Dol-  
lars were as big as cart wheels. The  
farmer couldn't sell his crops because  
nobody had the money to buy.

In the election of 1896 the Republi-  
cans won and as soon as possible Re-  
publican policies were inaugurated.  
The farmer was given protection  
against Canada and Europe. Industry  
was given protection against foreign  
competition. Mills were started. In-  
dustry revived. Capital became ac-  
tive. Trade began moving in the old  
channels. The people, with honestly  
earned money, in their pockets,  
bought more freely of what the farm-  
er had to sell. They ate more and  
were able to pay more. Republican  
policies brought prosperity to the  
farmer. They furnished him with a  
market for his crops.

Has the farmer any desire to return  
to the conditions which existed in  
1896?

If he wishes present conditions to  
continue he should vote on election  
day for a continuation of Republican  
policies in state, nation and locally.  
This should not be a matter of mere  
sentiment with him either. It is a  
business matter, just as would be the  
taking out of an insurance policy. It  
is a duty as well—a duty to self and  
family and country. What higher  
duty can there be than to help main-  
tain what has been demonstrated to  
be wise and good in our government?  
If the farmer thinks it a hardship to  
go to the polls let him remember how  
much greater a hardship it was in 1896  
to hunt for a market.

This is no year for apathy on the  
farm. It is a year for earnest work  
and straight voting. In no other way  
can the good things we now enjoy be  
retained."

"You have a job?

Yes; and nearly everybody has work  
these days—that is if they want it. In  
fact, a job is about one of the easiest  
things to find that anybody could  
want.

And wages are pretty good, too.  
Was it that way in 1896?

Republican success this fall means  
a continuation of good times. It  
means that the jobs will keep on hunt-  
ing the man instead of the man doing  
the hunting as he had to do in '96.

Can any man afford to lose his vote  
next week Tuesday? Can any man's  
wife or children permit him to neglect  
his duty as a citizen on election day?"

"How was business in 1896?

It wasn't very good, was it?  
Business conditions are very differ-  
ent now than in 1896. They are so dif-  
ferent, in fact, it is difficult to make  
any comparison.

What happened in 1896?  
One thing that happened was the  
election of President McKinley.  
Things were started going on good  
old republican lines and prosperity  
came."

## Mayor Hoyt a Candidate For Game and Fish Warden.

Charles K. Hoyt, mayor of Grand  
Haven, was in the city the first of  
the week and received many letters  
indorsing his candidacy for the ap-  
pointment of state game and fish  
warden, a position at the present  
time held by Grant M. Morse of Port-  
land, Ionia county.

There is no mistaking the fact that  
Gov. Bliss could not choose a better  
man than Mayor Hoyt and it is the  
earnest hope of the republicans of  
this section that he be appointed.  
Mayor Hoyt's previous training equips  
him well for the performance of the  
duties of the position. He has been  
clerk of this county for the last six  
years and during his continuance in  
office he has gained the good will of  
all by his conscientious performance  
of his official duties. He was elected  
mayor of Grand Haven last spring  
and since the day he was installed in  
office he has been instrumental in se-  
curing the enactment of several  
measures that have conducted greatly  
to the good of that city. He is a stal-  
wart republican, has done a great  
deal for the party and should Gov.  
Bliss appoint him his friends here  
would be greatly pleased.

The state game and fish warden re-  
ceives a salary of \$2000 per year.

## Hon. D. B. K. Van Raalte Brands False Report.

"Mr. E. P. Kirby, chairman re-  
publican county committee:  
Dear Sir: It has come to my no-  
tice that certain statements have  
been made to the effect that I and  
other republicans, are opposed to  
the candidacy of Mr. Nicholas J.  
Whelan, the republican candidate  
for the legislature.

This statement I desire to  
brand as absolutely false, as I am  
supporting Mr. Whelan's candi-  
dacy with all my influence, and be-  
lieve he will and ought to be elect-  
ed. We, as republicans, should  
remember that we have a United  
States senator to elect this winter,  
and a republican senator can only  
be elected by Republican represen-  
tatives.

Yours truly,  
D. B. K. Van Raalte

## Increase Congressman Wil- liam Alden Smith's Majority.

A practically unanimous vote is  
what should greet Congressman Wil-  
liam Alden Smith in this county next  
Tuesday.

It is so difficult to tell why a vote  
should be cast against him that the  
opposition has given up the idea of  
fighting him in despair. So abundant  
are the reasons for supporting him  
that an enumeration of them ap-  
proaches the impossible. Grand Hav-  
en could tell of a public building ap-  
propriation, Holland could tell of a  
\$73,000 harbor appropriation, in fact  
every part of the county could tell of  
the good effects of the work of the  
representative from the fifth. But he  
has not confined his attention to this  
county alone, nor to Kent and Ionia

counties alone, nor to the fifth dis-  
trict or the state of Michigan alone.  
His work has been national in scope  
and today no man in the house of  
representatives occupies a higher  
place than he as a faithful and able  
public servant. His judgement is  
sought on all public questions of  
moment and his advice is heeded  
by the leaders of the party. He is the  
foremost orator of the house and his  
skill in debate brings strength to  
whatever cause he may espouse.

Congressman Smith has on more  
than one occasion been honored by  
handsome majorities by Ottawa but  
the signs of the times point to a  
heavier vote in his favor than ever  
before. Voters of Ottawa it is worth  
time and trouble to support a man  
like William Alden Smith and you  
should go to the polls on election day  
whether it rains or snows.

## The Board of Supervisors.

The board met at 7 o'clock last Fri-  
day evening and the report of the  
equalization committee was taken up  
and adopted as reported with the ex-  
ception of the Jamestown equaliza-

from the Jamestown rolls by the com-  
mittee was replaced by the board. The

## Trolley Car Kills one and Injures Two.

One of the interurban cars bound  
from Grand Rapids to this city  
about 9:30 o'clock last night ran  
into a buggy containing three men.

One of the men was killed,  
another had his leg broken, the  
other was slightly injured and the  
buggy was demolished. The men,  
Ed Brandsen, Charles Diepenhorst  
and C. Van Den Bos, were going  
from Holland to their home in  
Noordeloos when the accident oc-  
curred. They were trying to drive  
across the track on Boone's cross-  
ing, 2 miles from this city, when  
the car struck the buggy, throwing  
them to the ground. Mr. Brand-  
sen's neck was broken and an ugly  
gash was cut in his head. Mr.  
Van den Bos had one of the small  
bones in his leg broken and was in-  
jured internally and Mr. Diepen-  
horst escaped with a few bruises.

The remains of Mr. Brandsen  
were brought to this city and after  
being viewed by a jury sworn in by  
Coroner Mastenbroek were taken to  
Dykstra's undertaking establish-  
ment. The coroner's jury, consist-  
ing of Henry Kiekentveld, Henry  
Winter, Roy Corbett, Gerrit Van  
Haaften, Jacob Haan and Arthur  
Van Duren will meet for the taking  
of testimony next Monday.

Mr. Brandsen was a veteran of  
the Spanish-American war. He was  
popular with his acquaintances and a  
large number of friends. His age  
was 26 years. Mr. Van den  
Bos is a half brother of Nicholas  
Hofstein of this city.

The members of Castle Lodge, 153, K. of P., held a reception last evening in the new lodge hall in the Visscher block.

The rooms were beautifully decorated and filled with a bevy of charmingly gowned women presented a handsome appearance. "Roney's Boys" at Winants chapel next Monday evening.

Hon. G. J. Diekema delivered an address in the Holland language at a Republican rally held in Muskegon last night.

Of "Roney's Boys" it is hardly possible to say too much. The admirable training, perfect method and rare control of juvenile voices reveal the hand of a master. In nothing else was it so clearly proven as in the concerted work that Manager Henry B. Roney is past master of his art.—Tacoma News.

The proposed electric line to connect Benton Harbor, Kalamazoo and South Haven and which at a later date will be extended to Holland has every appearance of an early completion. Dr. W. A. Baker who, three years ago built the Paw Paw Lake railway, is securing the right of way for his road over an old right. Capitalists E. N. Allen and John A. Fulton both of Chicago, have informed Dr. Baker that as soon as two-thirds of the right of way has been secured they would begin throwing dirt, and the road would be built without a day's delay. The entire road comprises fifty seven miles.

Dr. Adolph Lorenz, the celebrated Viennese surgeon who came to this country to give medical treatment to the little daughter of J. Ogden Armour for the princely sum of \$100,000, may be the means of bringing joy to the home of Mr. and Mrs. Charles Dutton of this city whose 9-year-old daughter has suffered from lameness caused by an affection of the hip bone. Mrs. Dutton took the little girl to Chicago last week and on Friday the eminent surgeon performed an operation. It is believed that it was successful and that ere long the child will be able to walk without a sign of lameness.

A pioneer society will soon be organized in Ottawa county. No county in the western part of the state has so much state and historical interest within its borders. Many of the relics preserved in the pioneer Perry family for years will be taken in charge by the society, which will also attempt to secure possession of and explore the two unopened mounds, made centuries ago by the mound builders, in Crockery township, six miles from Grand Haven. Two of these mounds were opened and explored in the 70s, and most of the contents were preserved in the Smithsonian institution. At the time the relics taken from the mounds at Spoonville, this county, were considered the most valuable of the kind ever discovered.

Rev. A. Kelzer will preach his farewell sermon at the Graafschap Christian Reformed church next Sunday and will move with his family to this city next Tuesday. He will be installed as pastor of the Ninth street Christian Reformed church on Thursday, the 6th of November, his brother, Rev. J. Kelzer having charge of the installation exercises. Rev. H. Van Hoogen and Rev. Drukker will also take part. Rev. Kelzer will preach his first sermon Sunday morning, Nov. 9. Rev. Hookstra of East Saugatuck has received a call from the Graafschap church. If he accepts this call it will be the third time he has succeeded Rev. Kelzer, the other places being Muskegon and East Saugatuck.

The Rev. John Van Ess sailed for the Arabian Mission on steamship Columbia, of the Anchor line, on Oct. 18. A large party of missionaries of the U. P. Church sailed on the same steamer for the mission of that Church in Egypt. Mr. Van Ess will stop over a few days in Egypt, making himself familiar with their methods of work, etc. Miss Elizabeth G. De Pree, daughter of the Rev. Peter De Pree, D. D., of Grand Rapids, under appointment of the Arabian Mission, expects to sail on the steamship Celtic, of the White Star line on Oct. 31, leaving Liverpool by the Anchor line steamer Olympia, Nov. 22. Mr. Van Ess will join this steamer at Port Said and they will proceed to Bombay and the field together.

Of "Roney's Boys" the St. Paul Pioneer Press says: "It was a novel and artistic entertainment. The boys have remarkable voices and sing in harmony. People are enthusiastic and women rave over 'Roney's Boys' who sing like seraphs. They have sung their way into the hearts of St. Paul."

## Probate Order.

STATE OF MICHIGAN, COUNTY OF OTTAWA.

At a session of the Probate Court for the County of Ottawa, holden at the Probate Office, in the City of Grand Haven, in said county, on Wednesday, the 20th day of October in the year one thousand nine hundred and two.

Present, EDWARD F. KIRBY, Judge of Probate.

In the matter of the estate of Ludwig Holzen, deceased.

On reading and filing the petition duly verified of Peter Heigen, son and heir at law of said deceased, praying for the determination of the heirs at law of said Ludwig Holzen, deceased, and who are entitled to the lands of said deceased as in said petition described.

Thereupon it is Ordered, That Monday the Twenty-fourth day of November next, at 10 o'clock in the forenoon, be assigned for the hearing of said petition, and that the heirs at law of said deceased, and all other persons interested in said estate are required to appear at a session of said Court then to be holden at the Probate Office in the City of Grand Haven, in said county, and show cause, if any there be, why the prayer of the petitioner should not be granted: And it is further ordered, That said petitioner give notice to the persons interested in said estate, of the pendency of said petition, and the hearing thereof by causing a copy of this order to be published in THE HOLLAND CITY NEWS, a newspaper printed and circulated in said county of Ottawa for three successive weeks previous to said day of hearing.

(A true copy, Attest.)

EDWARD F. KIRBY, Judge of Probate.

FANNY DICKINSON, Probate Clerk.

The report extensively spread among their friends that Jacob Jappinga and Robert McElwain, two well known young men of this city, had taken a quiet trip to Grand Haven for the purpose of getting married to two of Holland's popular young ladies has no foundation whatever. The news of the double wedding was started as the result of a joke. Nevertheless Messrs. Jappinga and McElwain are busy buying cigars.

Politics is very quiet this year, but not so with the furniture business of Jas. A. Brouwer, always watching the markets very closely. Mr. Brouwer has again taken advantage of an opportunity to buy a large stock of furniture at one half price. One of our large factories had a lot of odd dressers, sideboards and bedsteads which had accumulated in the past and wishing to dispose of them to make room for other goods, sold the whole lot to Mr. Brouwer at a great sacrifice. In today's adv. he is quoting some prices on these goods which ought to interest anybody who is in need of anything in this line.

A sudden stop has been put to the commission of petty burglaries in this city. The authorities secured evidence implicating Peter Van den Berg, Allen Howard, John Vos, Leendert De Witt and Adrian Wanrooy, boys ranging in age from 12 to 17 years, in depredations made in Swift's store, the Globe restaurant and the shooting gallery as reported the last couple weeks. The boys were brought before Justice Van Duren and made complete confessions acknowledging participation, in some instances in all the burglaries and in other instances in one or two. De Witt and Wanrooy, the older members of the crowd, were bound over to the circuit court for trial. The others were turned over to County Agent Whipple who conducted a hearing yesterday. He recommended that the boys be sent to the industrial school at Lansing but allowed them to return home pending the trial of Wanrooy and De Witt.

## SIX ROBBERS LOOT BANK

Steal All the Cash in the Vault of the Institution at Gardner, Illinois.

### THEY ESCAPE ON TRAIN FOR CHICAGO.

Exercise Fiendish Ingenuity in Blinding Town Marshal—Place Him at Top of Stairs with Noose About Neck So That If He Struggled He Would Fall and Hang Himself.

Gardner, Ill., Oct. 29.—Six men blew open the vault of the Exchange National bank here early on Wednesday morning and took several thousand dollars. They seized Town Marshal Edmondson at the engine house, tied him up with ropes, took him to the bank, and set him in a chair. The marshal is the only policeman, and everybody else in the town was asleep. The vault was blown open with dynamite and the inside of the bank wrecked. The robbers are supposed to have secured between \$3,000 and \$4,000, though the amount is not known. After leaving the bank, they took the marshal to the schoolhouse and tied him to a chair and put a rope around his neck. The chair was placed at the head of a stairway, so that if he struggled to release himself he would fall downstairs and hang himself. The robbers took a train which left at 4:40 for Chicago.

### Robbed of Big Sum.

Milwaukee, Oct. 29.—An Evening Wisconsin special from Appleton, Wis., says: Martin Cornelius, a wealthy saloonkeeper of this city, was held up and robbed of \$9,000 late at night, by two men, who, after threatening him, made good their escape.

Cornelius was in Oaklough Tuesday when he intended purchasing some real estate, and this accounts for his having such a large sum of money on his person at the time of the robbery. He left the latter city about six o'clock and arrived at Appleton shortly before nine o'clock, when the robbery occurred.

### Private Bank in East Robbed.

Rochester, N. Y., Oct. 29.—The vault of the private bank of Charles K. Knapp, at Sodus, was broken into with dynamite by burglars early in the day and a sum believed to be \$3,000 was secured. The owner of the bank refuses to say how much was stolen. Not only the vault but also the bank building was wrecked by the force of the explosion.

### STUDENTS STAND TOGETHER.

Held Mass Meeting and Agree to Receive No Communication from Faculty Except as a Body.

Lansing, Mich., Oct. 29.—The striking Michigan agricultural college students held another mass meeting Wednesday morning and decided that in case any paper appears from the faculty for students to sign, it shall not be signed until it has been brought up and passed on in mass meeting of the students. This only widens the breach between the students and faculty. A Halloween resolution was also adopted, by the provisions of which every student binds himself to stay in the room that night and not to cut any capers. There are no signs of yielding on either side as yet.

### MESSSENGER FROM KING.

Bearer of Important Communication to President or British Embassy Reaches This Country.

New York, Oct. 29.—Oliver A. Borthwick, a special messenger from King Edward VII., bearing documents of importance sent either to President Roosevelt or to the British embassy at Washington, has arrived here.

To the customs officials he was obliged to disclose his identity. He stated only that his mission was one of great importance and produced a parchment which, in language avowing of the past, proclaimed him the king's messenger or courier, and stated that he must not be detained when in the land of a friendly power.

### Seeks to End Strike.

Cincinnati, Oct. 29.—Edward Flaherty, national secretary of the International Coremakers' union, has arrived to arrange a conference with the officers of the Coremakers' union in Cincinnati, Covington and Newport, with a view to ending the strike inaugurated two weeks ago. It is expected the conference will end the strike and allow the 5,000 foundrymen thrown out of work to return to their employment.

### St. Louis Election Frauds.

St. Louis, Oct. 29.—Under the direction by Circuit Attorney Folk, alleged false registration and contemplated election frauds were taken up Wednesday by the October grand jury and will be investigated. Mr. Folk says that if the investigation reveals that a false registration has been practiced indictments will be issued.

### Paris Musicians Strike.

Paris, Oct. 29.—The musicians of the Paris theaters at a meeting Wednesday voted unanimously in favor of a general strike beginning Thursday at noon. Twelve hundred musicians were represented at the meeting.

### Bryan Ends Colorado Tour.

Denver, Col., Oct. 29.—William J. Bryan Wednesday completed his Colorado trip on which he had delivered more than 20 speeches and left for his home Wednesday afternoon.

## RIOTS IN PORTO RICO.

Registration Day Marked by Serious Disturbances Throughout the Island.

San Juan, Porto Rico, Oct. 29.—Incomplete returns from various parts of the island regarding the last registration day Tuesday confirm the reports that riots and shooting occurred in many towns and violence was used everywhere. The rumor that the federals were shut out at San Lorenzo, where a mob attacked the police, with the result that two of the rioters were killed and 15 men, among whom were three policemen, were desperately wounded, is also confirmed. It is added that the mob entered the town carrying a corpse at the head of the procession.

The police attempted to disperse the participants in a fight at Patillas, a federal town, which was invaded by a large mob of republicans from Guayama, which forcibly took possession of the booths, shut out the federals and registered the whole of the Guayama non-residents party. In the shooting and rioting which ensued, four men were badly wounded, including Corporal Cepero, of the insular police.

At Ponce many shots were fired, but there were no casualties.

### FAVORS ANDREWS.

Decision Whereby Detroit Banker Hopes to Furnish Surety and Gain His Liberty.

Lansing, Mich., Oct. 29.—The supreme court Wednesday decided in the matter of the bail of Frank C. Andrews, of Detroit, the convicted former vice president of the defunct City savings bank, that the sureties on his \$100,000 bail bond must be able to qualify in the aggregate to the amount of \$200,000, but that each one need not qualify in the sum of \$100,000. They also held that Judge Murphy can accept any reasonable number of sureties on the bond. Judge Murphy Tuesday decided that each of Andrews' bondsmen must qualify in the sum of \$100,000 and Andrews' attorney took the case to the supreme court Wednesday. When Andrews was granted bail by the supreme court two weeks ago, he was given 15 days in which to produce his bondsmen. Owing to this latest ruling in regard to their qualifications the court Wednesday extended this time 15 days.

### Gen. Uribe-Urbe Surrenders.

Panama, Oct. 29.—The revolutionary general, Uribe-Urbe, with ten cannon, 2,500 rifles and 300,000 rounds of ammunition, has surrendered to Gen. Marjares at Rio Frio, near Santa Marta. The revolutionary forces under Gen. Uribe-Urbe, which were defeated October 14 at La Cienega, retreated to Rio Frio and took up positions there. Gen. Marjares, with 2,000 men, proceeded against the rebels from La Cienega and engaged the enemy two days ago. The government general succeeded in surrounding the rebels and forcing them to surrender. Gen. Castillo was with Gen. Uribe-Urbe.

### Big Cave-In in Mining District.

Joplin, Mo., Oct. 29.—The Stewart mill and other valuable mining property, including seven shafts in the Eleventh Hour tract at Prosperity, near here, taking in over two acres of ground caved in Wednesday to a depth of over 100 feet. The cave-in is perhaps the largest that ever occurred in the Missouri-Kansas district. Fifty miners escaped uninjured, having been warned of the approaching danger by the cracking of the ground.

### Saved from Pauper's Grave.

Baltimore, Md., Oct. 29.—The body of Arthur Spencer, the noted convict who committed suicide in the Maryland penitentiary on Thursday last, was buried Wednesday in the Western cemetery, the expenses having been paid from a fund raised by his fellow convicts. In this way the body was saved from the potter's field.

### Tommaseo Salvini Robbed.

New York, Oct. 29.—Tommaseo Salvini, the tragedian, who is living in retirement at Florence, has been the victim of burglars, according to the American's Rome correspondent. Various valuable objects of art, including wreaths, medals and other gifts, gathered during Salvini's stage career, were stolen.

### Fights for Husband's Estate.

Grand Rapids, Oct. 27.—Within an hour after the death of Alderman Charles H. Phillips his wife petitioned the probate court to be appointed special administratrix of his estate. She claims that during his illness he was taken to his mother's home and she was refused admission to see him, and that his mother and sister influenced him to transfer to them his life insurance policies and other property, leaving her destitute.

### Suspect Is Shot.

Saginaw, Oct. 27.—Patrolman Herman Schmidt shot and probably fatally wounded a stranger suspected of being implicated in breaking the safe of the Pere Marquette coal mine. The officer accosted three suspicious characters in a lumber yard near the Cass hotel and fired when he saw one of the suspects draw a revolver. The other two escaped. The injured man was shot in the left breast.

### An Alleged Shortage.

Monroe, Oct. 27.—City Treasurer Sebastian W. Lauer is alleged to be short in his accounts about \$18,000. When the announcement was made the affair greatly agitated those business men who are on Lauer's bond. However, as soon as it became known that there was no criminal intent and that the shortage would be made good, the excitement subsided.

## DOWN IN THE COAL MINES

The Miners Are Once More Digging Black Diamonds from the Bowels of the Earth.

### THEY ENCOUNTER MANY DIFFICULTIES.

Water, Gas and Other Conditions Make the Work Dangerous—Output of Coal Is Increasing Every Day—Gov. Stone Orders the State Troops Withdrawn.

Wilkesbarre, Pa., Oct. 24.—Mining was resumed in the anthracite regions yesterday after an idleness of 23½ weeks. The resumption was not as general as had been expected, however, owing to the unexpected difficulties that were encountered in the shape of water, accumulated gas and the dangerous condition of the roofs and shafts of many of the collieries.

### More at Work.

Wilkesbarre, Pa., Oct. 25.—There were 22 more mines in operation in the anthracite region yesterday than on Thursday and the output will be close to 100,000 tons. This is as near as can be estimated. From reports received the total output Thursday did not exceed 75,000 tons. When in full operation the mines employ in every capacity about 145,000 men and boys. Of this number it is estimated that 82,000 were at work yesterday.

### Orders Troops Withdrawn.

Harrisburg, Pa., Oct. 25.—General orders for the withdrawal of the troops in the anthracite coal regions were issued by Gov. Stone to Maj. Gen. Miller Friday. The orders do not state the time and manner of withdrawing the troops, but it is expected that the state authorities will bring all of them home, with the possible exception of two or three regiments, before election day.

### New Coal in Market.

New York, Oct. 27.—The first of the freshly mined coal reached New York Saturday and was sold to the public at \$6.50 a ton. It came over the Ontario and Western and consisted of two trainloads, with a total of 1,700 tons.

### More Mines Resume.

Wilkesbarre, Pa., Oct. 28.—More coal was mined and more men were employed in mining Monday than any day since the mines in the anthracite region resumed work. The only districts that lag behind in the output are Lehigh and Mahanoy. The individual operators and their employees in those districts are still at loggerheads. In the Wyoming and Lackawanna regions all the collieries are in operation with the exception of a few which are still under water.

### Only Thirteen Idle.

Scranton, Pa., Oct. 28.—Of the 108 collieries operated by the five big companies having headquarters here, only 13 are still idle. The individual operators are rapidly getting into line, and before many more days all of them except a very few will be in operation.

### Make Good Progress.

Wilkesbarre, Pa., Oct. 29.—With 80 per cent. of the total number of their workers back at the collieries and more than 90 per cent. of the mines open, the larger coal companies are making greater progress than they expected five days ago, when work was resumed. The output yesterday was the largest since the strike ended, and in a week or ten days the normal quantity of coal will be mined. About 85,000 men are working.

### A Good Showing.

Scranton, Pa., Oct. 29.—Official figures from the five big companies having their main offices in Scranton show that 90 per cent. of their collieries are in operation, and that their output is now more than three-quarters of what it is normally.

### SEEKING NEW HOMES.

Many Thousands of Colonists Are Making Heavy Traffic on the Railroads.

Chicago, Oct. 28.—Between 40,000 and 50,000 colonists have gone into the far western, northwestern and southwestern states during the months of September and October. The movement of homeseekers and settlers has never before been so great in the history of western railroads. During the present week the railroads will carry fully 20,000 colonists out of Chicago, St. Paul, St. Louis and other large cities in the middle west. The Santa Fe alone will carry at least 3,000 persons during the week, orders having been given for 75 cars thus far. The movement promises to swamp many of the roads which are short of equipment, and there is a great hustle for cars.

### Ice Houses Burned.

Kenosha, Wis., Oct. 29.—A message from Loon Lake, Ill., a small village just over the state line, says that the large ice houses owned by Each brothers and Rabe, situated on the lakes, were destroyed by fire, entailing a loss of \$30,000. This loss includes eight cars loaded with coal which were on a side track on the Wisconsin Central railroad near the houses.

### Lowers the Record.

Memphis, Tenn., Oct. 28.—The special match race for \$12,000 a side between the pacers Prince Aleri and Sir Albert, one heat, at half a mile, resulted in an easy victory for the former at the Memphis Driving Park Monday afternoon, in the remarkable time of 57½. This establishes a new world's record for this distance in a race, beating the former time by 2½ seconds.

## Showing The Way

THIS PUBLIC STATEMENT OF A HOLLAND CITIZEN WILL BE APPRECIATED.

Many a reader of this in Holland has gone through the self-same experience in part, and will be glad to be shown the way to get rid of the constant aches and pains of a bad back. Profit by a Holland citizen's experience.

Mr. John Lockhart, of 28th street, near Central avenue, says: "I had a constant aching in my loins and kidneys so that at times I could hardly keep around. I could not rest comfortably in any position and after a restless night I arose as tired as when I went to bed. The kidney secretions became irregular, frequent and unnatural. I used different remedies but did not receive any benefit. Seeing Doan's Kidney Pills advertised I procured a box at J. O. Doesburg's drug store and tried them. They did me so much good that I got one box and then another. They cured me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no substitute.

(1) That the Common Council of the City of Holland create and establish a municipal plant for the purpose of manufacturing, distributing and selling gas and other gas house products to the inhabitants of the city for light, heat or motive power purposes in the City of Holland.

(2) That the sum of money necessary to be raised for the construction of said gas works, including the necessary piping and connections, is hereby determined at \$50,000.

(3) That it is hereby further determined and proposed that said amount of \$50,000 be raised by loan and that for the purpose of said loan, bonds of the City of Holland be issued in the sum of \$50,000 in manner as follows, to-wit: Fifty bonds in the sum of \$1,000 each with interest coupons attached thereto, said bonds to be designated as "Series 'A' Gas Works Bonds" and to be numbered 1-2-3-4-5-6-7-8-9-10-11-12-13-14-15-16-17-18-19-20-21-22-23-24-25-26-27-28-29-30-31-32-33-34-35-36-37-38-39-40-41-42-43-44-45-46-47-48-49-50 respectively and to be made payable February 1st, A. D. 1933 and to draw interest at a rate not to exceed four per cent, per annum, payable annually; both principal and interest to be paid at the office of the City Treasurer in the City of Holland. The interest to be paid out of the interest and sinking fund and the principal to be paid out of the gas fund; said bonds to be signed by the Mayor and City Clerk and to be negotiated at such times and in such manner as the Common Council may direct but at a price not less than the par value thereof and that upon the negotiation of said bonds, the money received therefor be placed to the credit of the gas fund.

And whereas the amount of money needed for the purpose hereinbefore set forth is greater than can be raised by the Common Council without the vote of the electors of the city upon the proposition to raise said amount;

Therefore it is further resolved:  
(1) That the proposition to raise said amount of \$50,000 by loan and to issue bonds of the City of Holland therefore as hereinbefore determined and set forth, for the purpose hereinbefore determined and set forth and payable at the time and in the manner hereinbefore determined, be submitted to a vote of the electors of the city at the next general election to be held on the First Tuesday (the Fourth day) of November, A. D. 1902.

(2) That the substance of the question thus submitted be printed upon a separate ballot and be set forth substantially in form and words as follows:

"Shall the City of Holland raise by loan the sum of \$50,000 for the purpose of creating and establishing a municipal plant for the purpose of manufacturing, distributing and selling gas and other gas house products to the inhabitants of the city for light, heat and motive power purposes in the city of Holland; and shall the bonds of the city in the sum of \$50,000 be issued therefore, fifty bonds in the sum of \$1,000 each, payable February 1st, A. D. 1933, at the City of Holland with interest thereon at a rate not to exceed four per cent per annum payable annually in said city?"

Yes.  
No.  
Now, therefore, notice is hereby given, that in pursuance of said resolutions the aforesaid proposition of raising the sum of Fifty thousand (\$50,000) Dollars by loan and of issuing the bonds of the city therefor, in the manner and for the purpose therein set forth, will be submitted to a vote of the electors of the city at the general election to be held in and for said city on the fourth day in November, A. D. 1902, and that at said election each elector voting on said question shall designate his vote on the ballot containing said proposition by a cross mark (x) place in the square [ ] opposite the word "Yes," or in the square [ ] opposite the word "No," as he may elect.

In Witness Whereof, I have hereunto set my hand the day and year first above written.

## FORTY-FOUR YEARS OLD.

President Roosevelt Celebrates His Birthday and Receives Many Congratulations from Friends.

Washington, Oct. 28.—President Roosevelt Monday quietly celebrated the forty-fourth anniversary of his birth. He was down in his office early, going over some matters with Secretary Cortelyou, who had just returned from Canton. Many messages of congratulation were received and numerous remembrances arrived during the morning. Among the latter were many flowers. A committee representing the Hungarian club of New York, of which the president is an honorary member, in accordance with their custom for several years called to congratulate him upon his anniversary. The committee consisted of Marcus Braun, president of the club; Julius Wolf, John Blau and Edward Kohn. Several members of the cabinet also called to extend their congratulations, Secretary Hitchcock being the first to arrive.

## CUBA RETURNS TREATY.

Island Government Is Not Satisfied with the Conditions It Contains.

Havana, Oct. 28.—It is learned from official sources that the proposed treaty between the United States and Cuba was returned to Washington by mail last Saturday. With the treaty was sent a counter proposition from the government of Cuba to that of the United States, the nature of which is not known, but it is understood that President Palma in a letter sent with the treaty says that the acceptance of the propositions made by the United States would be ruinous to Cuba, as it would result in a large reduction of the customs revenue of the island.

## THEIR WORK HAS BEGUN

Strike Arbitration Commission Receives Its Instructions from President Roosevelt.

ELECTS JUDGE GRAY AS CHAIRMAN.

Two Assistants Named to Aid the Recorder, Mr. Carroll D. Wright, in His Work—Meeting Held in Lattin's Office—All Members of Commission Are Present.

Washington, Oct. 25.—The members of the strike arbitration commission, appointed by President Roosevelt, met at the white house shortly after ten o'clock Friday morning and went into conference with the president: E. E. Clark, president of the Order of Railway Conductors, was the first member of the commission to arrive. He reached the white house exactly at ten o'clock. Bishop Spalding, accompanied by Dr. D. J. Stafford, of this city, was the next to put in an appearance. Gen. Wilson, who arrived a moment later, was followed by Thomas H. Watkins and Col. Wright, the recorder of the commission. Then came E. W. Parker, the mining expert. Judge Gray, of the United States circuit court, was the last member to reach the white house.

Instructions to the Commission.  
The president greeted the members of the commission cordially. The interview was brief, lasting scarcely 20 minutes. The work to be done by the commission was informally discussed. The president impressed upon the commission the importance of expedition and informed them that he had decided to appoint two assistants to the recorder to facilitate the work. He then presented to them their instructions, as follows:

"White House, Washington, Oct. 23, 1902.—To the Anthracite Coal Strike Commission.—Gentlemen: At the request both of the operators and of the miners I have appointed you a commission to inquire into, consider and pass upon the questions in controversy in connection with the strike in the anthracite region and the causes out of which the controversy arose. By the action you recommend, which the parties in interest have in advance consented to abide by, you will endeavor to establish the relations between the employers and the wage workers in the anthracite fields on a just and permanent basis, and, as far as possible, to do away with any causes for the recurrence of such difficulties as those which you have been called in to settle. I submit to you herewith the published statement of the operators, following which I named you as the members of the commission, Mr. Wright being named as recorder; also the letter from Mr. Mitchell.

"I appoint Mr. Moseley and Mr. Neil as assistants to the recorder.

"THEODORE ROOSEVELT."

Judge Gray Elected Chairman.  
With the instructions were the statements of the operators. The members of the commission withdrew in a body. When they left the white house they declined to comment upon their interview. They went direct to the office of Commissioner of Labor Wright to organize and prepare for their work. The commission went into executive session at 11 o'clock. Judge Gray was chosen chairman.

Hearings to Be Public.

The commission adjourned at 12:45 o'clock to meet again next Monday at two o'clock. After the adjournment the announcement was made that only two conclusions had been reached. The first of these was to admit the public at all formal meetings of the commission and the second to notify the parties to the controversy to be present at the meeting on Monday for the purpose of arranging a time for hearings which will be convenient for all concerned.

Plan Their Work.

Washington, Oct. 28.—The anthracite coal strike commission held its first conference yesterday with the parties to the controversy in the anthracite regions.

Judge Gray, president of the commission, read the order of the president creating the commission and in a general way outlined the procedure to be followed in the presentation of the issues. He stated that the commission would first receive the statements or demands of the miners, who were to be regarded for the purposes of this case as the prosecutors. The reply of the other side would then be heard, Judge Gray said, in order that the commission might have before it a definite issue.

Will Begin at Scranton.

The commission decided to begin its work next Thursday morning at nine o'clock, the first days of the investigation to be devoted to a physical examination of the mines and the homes of the miners, starting in the vicinity of Scranton. The entire anthracite field will be covered.

The commission rejected an offer from Mr. Baer, speaking for the operators, of a special train for use during their investigation.

Statistics on Illiteracy.

Washington, Oct. 27.—The census report shows 95.6 per cent. of native white children between ten and 14 years were able to read and write, and 99.1 per cent. of native children of foreign born parents.

President's Roosevelt's Taxes.

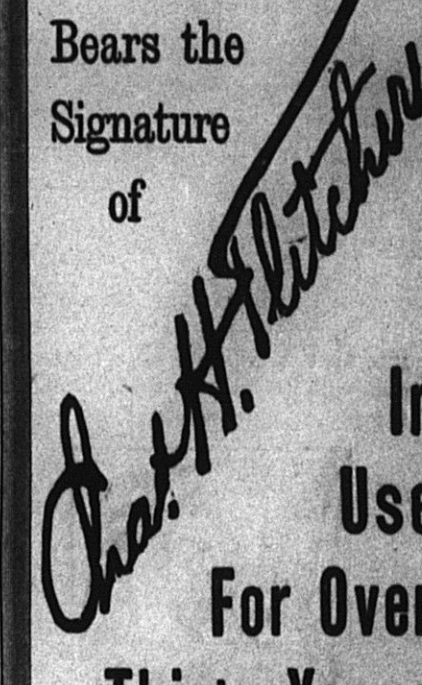

New York, Oct. 23.—Oyster Bay's tax roll, just completed for the year, shows an assessment against President Roosevelt of \$40,000.

## REPUBLICAN RALLY!

Hon. C. Van Loo Will Close The Campaign

WITH A SPEECH IN THE HOLLAND LANGUAGE.

Monday Evening, November 3.

Hon. C. Van Loo will close the campaign in this city by delivering a republican speech in the Holland language at the Lyceum opera house, Monday evening, November 3. Mr. Van Loo is a very eloquent speaker and the opportunity to hear him should not be overlooked by those who desire to listen to a Holland speech.

Popular Republican Candidate For Register of Deeds.

No man in Holland has more friends than John J. Rutgers, candidate for register of deeds on the republican ticket and there is no doubt that these friends will all take an important part on election day in the work of adding to his large majority.

Mr. Rutgers was born in Graafschap just south of the city limits of Holland, Oct. 7, 1865. His parents with the pioneers of Holland immigrated hither from the Netherlands. He was educated in the common schools. After leaving school began clerking in a country store when but fifteen years of age, which occupation he has followed up to the present time. In 1892 he was taken into partnership by Jacob Lokker, under the firm name of the Lokker & Rutgers Co. At present he is a member of the board of directors of the Ottawa County Loan Association. For the past eight years he was a member of the Holland Fire department and at present holds the office of supervisor of the first ward of Holland, for his fifth term; the last four terms being selected without opposition.

In politics he always has been a staunch republican. In his business transactions he has ever exemplified the strong traits of character. Ever courteous and obliging, sparing no personal pains or inconveniences, he has always won the good faith and admiration of his customers. He has always stood for honest, straightforward competition, and business such

as help to build a town. He has ever been ready to contribute gladly to any scheme that would stand for advancement and prosperity of the city. In his every day life he is a modest, amiable man of liberal views and genuine integrity. His honesty is never questioned. In a quiet unassuming way he courageously performs his every day work, firm in the belief that it is ever a personal duty which every man owes to himself to lead an untarnished life. The voters of Ottawa county will make no mistake in voting for John J. Rutgers.

How McKinley Won the Race.

The great victory of McKinley, H. Boone's speedy trotter, at Memphis is thus described by the Commercial Appeal of Memphis:

"A regular old fashioned coup was pulled off as a result of the victory of McKinley in the 2:16 trot. A 'nag from the bush circuit' captured first money, and by so doing enriched Scott Hudson and a select following of Kentuckians and Michiganders to the extent of more than \$8,000. McKinley is owned by H. Boone, sr., of Holland, Mich.

"The event proved one of the biggest betting propositions that has been offered to auction pool buyers this year. Hudson drove McKinley. Beldia, an added starter, with Myron McHenry up, was also thought to be a good thing, and so fast did Andy Welch and others, who had been given the Beldia tip, wager their money on Beldia's chances that Beldia sold favorite in the auction pooling. Dr. Strong also placed good prices.

"Hudson's commissioners meantime placed enough money on McKinley to win the 1st heat until they stood to relieve the layers of more than \$3,000.

"They then turned their attention to the auction pools and purchased every ticket offered on the field at \$3, \$4, \$5, \$6, \$7, \$8, and \$10. They counted their aggregate tickets and found that in the event of a McKinley victory they would cash in more than \$8,000 good.

"The first heat was won by Lady Constantine.

"The second heat resulted in victory for Beldia and McHenry's followers received encouragement. The third heat was won by McKinley and in the triangler run-off which had the heat winners, McKinley, Lady Constantine and Beldia as starters, McKinley won out and Scott Hudson's face was wreathed in smiles for he had beaten McHenry and had succeeded in pulling off one of the cleverest coups of the season.

"McKinley has never competed on the big circuit. He is an awkward looking gelding from an obscure turf family and attracted little attention from any one except Hudson, who saw the possibilities of the horse when handled by expert hands. He has started in thirty races before coming to Memphis and was victorious in all but four. One of his accomplishments was a mile in 2:13½ on a dead track at Springfield, Ill."

### Physicians Organize.

About thirty five physicians of the county met in the supervisors' rooms at the county court house yesterday and completed the organization of the Ottawa County Medical Society. The constitution of the State Medical society was adopted and it was decided to conform to requirements of the State Organization.

The new organization is an outgrowth of the Grand River Valley Medical society which has been organized for about 30 years, but which has been abandoned for the one organized yesterday. The officers who were serving in the old organization were elected to corresponding offices in the new society. Dr. Kremers of Holland was elected president, Dr. C. P. Brown of Spring Lake, first vice president; Dr. Walkley of Grand Haven, second vice president; Dr. Cook, of Holland, secretary. A board of censors was appointed to investigate applications for admission to the society and the assembly listened to a talk by Dr. Whitney of Grand Rapids.

Among those present were Doctors Hofma, Taylor, Cooper and Walkley of this city, Kremers, Mabbs, Godfrey and Cook of Holland, Hultzena of Zeeland, Hughes of Nunica and Brown of Spring Lake.

The society will hold monthly meet-

ings and questions of medical importance will be considered. It is expected that nearly every allopathic physician in the county will join the society.—G. H. Tribune.

Prosecuting Attorney McBride Should Be Re-elected.

One of the most important offices in the county is that of prosecuting attorney. To fill that office well a man should not only be possessed of a good legal education but he must be sound in judgment, unerring in conclusions and fearless in bringing criminals to justice. The record of P. H. McBride, the present incumbent, shows that he possesses these qualifications in the right degree. He is well poised, cool, logical and fearless. Very painstaking in his work he has proceeded cautiously in every case brought before him and as a result the expense account in his department has been kept very low. It would be difficult to find a better man for the place and the people of the county have shown their appreciation of him by electing him for two terms, and present indications point to his election for a third term by an increased majority.

Numbered among the difficult cases brought to him for solution the last four years was the Tibbets case and it was largely due to his work, coupled with the excellent detective work of Sheriff Dykhuis, that conviction was made possible.

Here is a brief review of the cases disposed of by the prosecuting attorney's office for the fiscal year ending June 30, 1901 as shown by the report of the attorney general:

Total prosecutions, 414; convictions, 394; acquittals, 6; nolle proseques, 2, discharged on examination 6. The report for 1902 shows: prosecutions, 376; convictions, 345; acquittals, 14. Of these acquittals 12 were discharged upon payment of costs and upon examination.

The above record speaks for itself and is a glowing tribute to the ability of Prosecutor McBride. A man who has done as well as that should be honored by a re-election by a large majority.

Frank Fox, County Treasurer.

Frank Fox, candidate for treasurer on the Republican ticket is one of the most capable men who has ever held that office, an office that is one of the most important in the gift of the people.

Mr. Fox has given the county an excellent administration of this responsible place—prompt, careful and obliging. His conduct of the office has been of the very best and there is every reason to believe his efficient services will be heartily endorsed by the voters, who will insist on giving him a loyal support. He is deserving of re-election.

To The Electors.

GAS WORKS LOAN.

CITY OF HOLLAND, MICH.

CLERK'S OFFICE, OCT. 15, 1902.

To the Electors of the City of Holland:

You will please take notice that at a meeting of the common council of the city of Holland, held on the 16th day of September, A. D., 1902, the following preamble and resolutions were duly adopted, viz:

Whereas, in the opinion of the Common Council, the City of Holland is in need of gas works for the purpose of supplying the inhabitants thereof with gas and other gas house products for lighting, heating and motive power purposes:

And whereas, there is a strong and generally expressed desire among the people at large for the establishment of gas works in this city:

Therefore it is hereby resolved, (1) That the Common Council of the City of Holland create and establish a municipal plant for the purpose of manufacturing, distributing and selling gas and other gas house products to the inhabitants of the city for light, heat or motive power purposes in the City of Holland.

(2) That the sum of money necessary to be raised for the construction of said gas works, including the necessary piping and connections, is hereby determined at \$50,000.

(3) That it is hereby further determined and proposed that said amount of \$50,000 be raised by loan and that for the purpose of said loan, bonds of the City of Holland be issued in the sum of \$50,000 in manner as follows, to-wit: Fifty bonds in the sum of \$1,000 each with interest coupons attached thereto, said bonds to be designated as "Series 'A' Gas Works Bonds" and to be numbered 1-2-3-4-5-6-7-8-9-10-11-12-13-14-15-16-17-18-19-20-21-22-23-24-25-26-27-28-29-30-31-32-33-34-35-36-37-38-39-40-41-42-43-44-45-46-47-48-49 and 50 respectively and to be made payable February 1st, A. D. 1933 and to draw interest at a rate not to exceed four percent, per annum, payable annually; both principal and interest to be paid at the office of the City Treasurer in the City of Holland.

The interest to be paid out of the interest and sinking fund and the principal to be paid out of the gas fund; said bonds to be signed by the Mayor and City Clerk and to be negotiated at such times and in such manner as the Common Council may direct but at a price not less than the par value thereof and that upon the negotiation of said bonds, the money received therefor be placed to the credit of the gas fund.

And whereas the amount of money needed for the purpose hereinbefore set forth is greater than can be raised by the Common Council without the vote of the electors of the city upon the proposition to raise said amount;

Therefore be it further resolved:

(1) That the proposition to raise said amount of \$50,000 by loan and to issue bonds of the City of Holland therefore as hereinbefore determined and set forth, for the purpose hereinbefore determined and set forth and payable at the time and in the manner hereinbefore determined, be submitted to a vote of the electors of the city at the next general election to be held on the First Tuesday (the Fourth day) of November, A. D. 1902.

(2) That the substance of the question thus submitted be printed upon a separate ballot and be set forth substantially in form and words as follows:

"Shall the City of Holland raise by loan the sum of \$50,000 for the purpose of creating and establishing a municipal plant for the purpose of manufacturing, distributing and selling gas and other gas house products to the inhabitants of the city for light, heat and motive power purposes in the city of Holland; and shall the bonds of the city in the sum of \$50,000 be issued therefore, fifty bonds in the sum of \$1,000 each, payable February 1st, A. D. 1933, at the City of Holland with interest thereon at a rate not to exceed four per cent per annum payable annually in said city?"
