PERFECTION
SMOKELESS
OIL HEATER

A "warm" breakfast—the kind that sends you out ready braced for a good day's work—should be eaten in a warm room.

You lose half the good of the meal if you are shivering in discomfort while you eat it.

A Perfection Smokeless Oil Heater makes breakfast a cosy meal for the whole family.

No smoke or smell with a Perfection. Easily cleaned. Easily portable. An ornament in any room; a luxury in the bedroom; a necessity in the attic, the sewing-room or the bathroom.

STANDARD OIL COMPANY
(An Indiana Corporation)

From Carl E. Mapes, Republican Candidate for Congress

An Open Letter to Hon. Edwin F. Sweet

Democratic Candidate for Congress

Dear Sir:

Isn't it true that at the special session of Congress in 1911 you voted for free trade with Canada in the wheat, beans, oats, rye, hay, hogs, cattle, barley, butter, eggs, cheese and other farm products of Ionia County?

Isn't it true that you voted to put land in Ionia County worth \$100.00 per acre, in free competition with the free homestead lands of the great Canadian Northwest?

Isn't it true that the protection enjoyed by the bituminous coal barons of Ohio and Pennsylvania under the Payne-Aldrich law was 45c per long ton, which was 40 to 50 per cent. of its value at the mines? Isn't it true that you vot-

ed to increase this protection twelve per cent. above the liberal rates of the Payne-Aldrich bill? Isn't it true that more than one half of the cement made in the United States was made in mill controlled by the U. S. Steel Trust? Isn't it true that the Payne-Aldrich rate on cement was eight cents per hundred pounds, or 30.4 cents per barrel? Isn't it true that you voted to increase this liberal protection to eleven cents per hundred pounds, or 41.8 cents per barrel, an increase of 37 1-2 per cent?

If elected to Congress again will you again vote to increase protection for the coal and cement barons of Ohio and Pennsylvania and free trade in the farm products of Ionia County?

REMOVING THE DOG'S TAIL ONE INCH AT A TIME SO AS NOT TO HURT THE DOG.

"We do not ignore the fact that the business of a country like ours is exceedingly sensitive; but we shall not on that account act with timidity as if we did not know our minds. . . . There should be an immediate revision and it should be downward, unhesitatingly and steadily downward."—Woodrow Wilson.

LEST YOU FORGET

When you go in the booth on election day and open your ballot, you will behold in the upper left-hand corner the face of the martyred Lincoln. Think for an instant of the prosperity and happiness that have always attended a Republican administration, and of the disaster and misery that have attended Democratic rule. Think of the shops busy with the hum of industry; of the contents of the pay envelope, which are more than ever before within your memory; of the ready market for the products of the farm at fair prices; and of the general air of happiness and plenty that reaches to every part of our country. Think of the woe, the misery the unhappiness the despair that characterized this great nation in Cleveland's time. Think of what a change might mean. Think that your ballot might be responsible for this change, and then do the safest thing. Put a cross in the circle under Lincoln's picture and stop there for then you will vote straight and run no chances of losing your ballot.

SHOWS IMPOSSIBILITY OF ROOSEVELT VICTORY

Hon. Geo. W. McBride of Grand Haven has sent the following communication showing the impossibility of a Roosevelt victory. The arguments are decidedly convincing:—

The writer requests the use of your columns to answer the oft repeated assurance made by the members of the Progressive party so called—that Theodore Roosevelt will be elected president this fall. In answer to the claim the writer denies the possibility even of such a thing. It is a physical impossibility for Roosevelt to be elected or that he will carry even a single state. President Taft received a majority over W. J. Bryan in the election of 1908 of one million two hundred votes. In this election if the republicans lose to the democrats two votes that were cast for Taft out of each ten then the republicans lose the election; but in order to elect Roosevelt he must have eight votes that were cast for Taft out of every ten cast for Taft, an utter impossibility. Let us take some of the states and examine their vote. Indiana went republican by ten thousand majority; if the republicans lose one vote out of every thirty cast for Taft the state joins the democratic party; but in order to carry Indiana for Roosevelt he must take twenty-nine of the votes out of the number cast for Taft and carry them over to the experimental party. Does any sane man believe Roosevelt or any other man who is fighting the republican party can do that. Again we carried Maryland by a thousand majority for Taft; if we lose one vote out of one hundred cast for Taft in Maryland we lose the state to the democrats; but Roosevelt must receive ninety-nine out of every hundred votes cast for Taft in order to carry the state of Maryland. Again republicans carried the Show Me state Missouri by a thousand votes. If

SMITH AS A FIGHTER

The following editorial was taken from the Detroit Saturday night paper that has hated Senator Smith most cordially in the past. If his enemies can speak kindly of him his friends certainly should. His later years seem to develop a greater courage and a more admirable fighting spirit in Hon. William Alden Smith. From El Paso, during his investigation of Mexico, he announced in September that he would not remain neutral in this campaign as between the republican and bull-moose parties and receive as the price of his neutrality the support of some of the bull-moose candidates for the house and senate who were willing to vote for him for re-election to the senate. Now he is on the stump for the regular republican ticket, reaffirming at the cross-roads and in the automobile factories of Detroit and elsewhere his allegiance to the protective tariff as it is and his faith in President Taft as an administrator. He said at Alto the other night:

I say to you the United States has been better in the last 16 years than ever before, and I say to you that it never was better handled than under President Taft. That is something like business. Whether we agree with Senator Smith or not is another question. For our own part we would shed no tears if this top-heavy republican state should go democratic and send a man of Alfred Lucking's recognized ability to the United States senate. The point here is that Senator Smith is showing himself capable of an aggressive leadership in a bitter campaign for the cause he espouses. And Michigan will rejoice for his tact and his serviceability to his constituents in the past.

NO MORE BODIES FOR THE PICKLING VAT

The Holland City News in an editorial denounced the practice of consigning bodies of inmates who died at the poor farm to the pickling vat of some medical college. This has been done away with, as the following proceedings of the board of supervisors show:

The board of supervisors this morning took heed of the protest which has been made against the custom of sending to the state medical schools, the bodies of the county charges, who die in the home, and who are not claimed by friends. After considering the protest, the board decided that hereafter the bodies of the friendless ones should be buried in the cemetery at the county infirmary at Eastmanville. The inmates who die at the farm may be claimed by relatives or friends and their bodies taken away for burial. Heretofore all unclaimed bodies were shipped to the vats of the anatomical laboratories of the state medical schools.

HAS MADE MORE LAKE TRIPS THAN ANY LIVING MAN

Thomas McCabe, of this city one of the most popular of the Graham & Morton Transportation company's employees, holds the unique distinction of having sailed in and out of Holland harbor more than any other living man. He has sailed on the boats of the Holland-Chicago line for 23 years and has made the trip through the harbor on an average at least once a day during the navigation season of all these years.

He started his career as a fresh water sailor on Lake Huron. Lake Superior and Georgian bay in 1889, sailing on the steamer Telegram. Two years later he came to Holland and since has held the position of purser on the old wooden steamer City of Holland, the ill-fated Soo City, the City of Chicago, City of Milwaukee, Holland and Puritan, and was promoted as purser of the new steamer City of Grand Rapids when she was delivered to the Graham & Morton company in June of this year.

Mr. McCabe is the man who meets the public, and his friends are legion. He is a diplomat and past a grand master in the art of handling the public.

GETS \$90 FROM FARMERS

Two farm houses were entered Monday near Grand Haven and the thief got away with a considerable sum of money.

Deputy Sheriff Salisbury believes the guilty person is a fellow who had been taken in at the county jail Thursday night and given food and a bed as the description tallies nicely.

The first house entered was that of a farmer named Rockfelder, in Grand Haven township. The thief there secured \$50. The next was that of Andrew Bransfeldt, in Robins township. The fellow took \$40 of Bransfeldt's money with him.

The man who was in the jail Thursday night secured the rig and services of Will Rialta to take him to Malone Crossing, on the Intrurban where he took a car for Muskegon.

PAY RAISED 25 CENTS PER DAY

The men on the pavement job struck this morning this week and it was about the shortest strike on record. Carpenter came along seeing them idle said, "Come on here and get to work." The answer was, "Not for \$2." "Well what do you want?" he asked, and they said, "\$2.25." "All right," he said, "we can't stop this job for twenty-five cents."—Allegan Gazette.

MADE \$12,000 ON \$30,000

Charlotte city lately completed 4,200 feet of concrete paving on residence streets. The original assessment was \$30,000, that being as estimate of the cost; but the city paving committee did the work instead of a contractor and returned \$12,000 to the property-holders concerned.

WANTED 100 MEN IN ALLEGAN

Allegan and vicinity can use 100 common laborers. As the merchants say, "we invite you to come." There are apples to be picked, potatoes to be dug, corn to cut, clover seed to lay, hay to bale, pavement to lay—almost any kind of work one likes, and it all at good pay. Strong boys are earning \$2 per day and some get more. It is almost impossible to hire a man for a few hours or a half day at work about the home or office. Why, the laziest men in the community are proud to say truthfully that they have more work than they can do or that they "won't be able to come until next week or later." Allegan can easily furnish work for one hundred men.

Benjamin Brink, son of Mr. and Mrs. John Brink living on West 19th, street had the misfortune of having two toes smashed while on his way home he crossed the street as a wagon was going by. The lad stumbled and fell in such a way that the rear wagon wheels passed over his toes. He bravely picked himself up and hobbled to a doctors office for repairs.

A stock company has been formed by a number of prominent young men of Zeeland for the purpose of conducting a cafe in the Van Bree building. Up-to-date fixtures have been purchased and the work of installing them soon will be completed. Miss Martha Kestline will have charge of the cafe.

The Zeeland Public schools will be closed Thursday and Friday to allow the teachers to attend the sessions of the sixtieth annual meeting of the Michigan State Teacher's association that is to be held in Grand Rapids.

Mr. and Mrs. Wood of Gallup, New Mexico are spending a few days with Mrs. C. P. Roest, 90 East 23rd street. Mrs. Wood was formerly Miss Bertha Roest of this city.

Jacob Lokers formerly of Borculo has rented the hotel store of Zeeland and will open a bargain store in about a week. Mr. Lokers formerly conducted a grocery in Borculo.

Another example of bumper crops of Michigan is shown in the report of Peter Dykhuizen a farmer near Zeeland. Mr. Dykhuizen reports that he raised 223 bushels of potatoes on one acre of ground.

The Ladies' Good Will society met at the home of Mrs. O. Van Bree Friday afternoon.

The afternoon services at the First Reformed church of this city was conducted Sunday by the Dr. M. Kolyn of Holland.

J. Dystra of Borculo was in the city on business Friday.

B. Boerman of Oakland was in the city on business Friday.

A quiet wedding took place at the parsonage of the First Reformed church of Zeeland when Dick Elenbaas and Miss Alice Kuipers were married. The ceremony was performed by the Rev. P. P. Cheff, pastor of the church. The groom is a son of Mr. and Mrs. D. Elenbaas of North Fairview road and the bride is the daughter of Mr. and Mrs. G. Kuipers residing three miles north of the city on the Borculo road. The marriage was private; the couple will live in Zeeland.

Mrs. J. F. Hietje died Friday at her home on Main street in Zeeland at the age of nearly 67 years. The deceased was born in the province of South Holland, the Netherlands and came to this country with her parents in 1847. Her husband died eleven years ago and she has made her home in Zeeland for over fifty years. She is survived by seven sons, Martin, Gerrit, John and William of Zeeland and Fred of Holland, Jacob and Leis of Grand Haven, and three daughters, Mrs. Chris Van Koeving, Mrs. Wm. WOODROW WILSON SPEECH DELIVERED IN NEW YORK TO BE HEARD HERE.

Democratic Nominees Will Give His Final Message to American People Before Election.

Saturday evening Woodrow Wilson will deliver a speech in Madison Square Gardens, New York, that will be heard in Holland. This statement may seem a little strong but it is the truth nevertheless. Mr. Wilson will on that evening deliver his final message to the American people before election day. All over the United States the Wilson clubs will be in session while the speech is in progress and it will be repeated from thousands of platforms all over the country. The Holland Wilson club is one of those who will "hear" the speech. In order to give the people of Holland a chance to hear this final message to the American people before Holland Wilson club has decided to hold its weekly smoker on Saturday evening instead of Friday evening, the usual time. The smoker will be held at Democratic headquarters in the Cook building.

Saturday will be "Wilson Day" in Holland as well as all over the United States. All loyal democrats will show their colors on that day and put Wilson pictures in their windows and places of business.

At this Wilson Club smoker Al-drich Blake and Frank Cummings of Grand Rapids will be the speakers. Mr. Blake has been in Holland before and he is popular with the workmen. He was at one time editor of the "Observer," a labor weekly in Grand Rapids and he has always been deeply interested in labor movements. Mr. Cummings also is known for his rapid-fire oratory and these speakers are expected to draw well at this final democratic smoker of the campaign.

The democratic party in Holland is exceptionally well organized just now and they are making every effort to get out the full registration and next Monday concerted efforts will be made to get every voter to come to the polls.

On Monday evening the democrats will end the campaign with a street parade and open air meeting. A band will entertain the people and later the crowd will gather at the P. M. depot to hear Mr. Sweet who will arrive on the "Sweet Special" in the evening.

WAS GOING TO FIX LIGHTS; ESCAPES UNHURT.

Yesterday the Physic class of the High school met as usual for their evening recitation, and it was shown that a lot of excitement may happen to a physic class in one short evening. A candy pull was the first thing on the program right after class. This was followed by other refreshments, and the evening was made merry despite the unfortunate accident that happened to Prof. Gilbert. There was something wrong with the lights and Mr. Gilbert volunteered to fix them. He went into the attic to fix the wires and in a few minutes fell through the ceiling. But not way through. He luckily caught on a rafter and drew himself back to safety.

Around all day with an aching back. Can't rest at night; Enough to make any one "give out."

Doan's Kidney Pills are helping thousands. They are for kidney backache; Here is Holland proof of their merit:

Mrs. Margaret Van Houten, 287 W. Thirteenth St., Holland, Mich., says: "The cure Doan's Kidney Pills made for me six years ago has been permanent. I can speak just as highly in their praise now as I did at that time. For several years I was afflicted with kidney complaint, the pains in the small of my back and in my shoulders being almost unendurable and it was all I could do to stoop or lift. Whenever I caught cold, it settled on my kidneys, making my complaint crotchets from my kidneys were unnatural. Doan's Kidney Pills, obtained from Doesburg's Drug store, convinced me of their merit by restoring me to good health in a short time."

WM. O. VAN EYCK

For

PROSECUTING ATTORNEY

In the present shakeup of politics there are a few lively county fights, and one of them is that for Prosecuting Attorney. The grand jury investigations left sore spots all over the county, and the prosecuting attorney especially is being criticised. The race for prosecutor on the Wilson ticket against Mr. Osterhouse is being made by Wm. O. Van Eyck of Holland, who is well known in the county as a democrat who has been elected to office several times. He has a wide acquaintance especially in the southern and eastern parts of Ottawa County, and is well known in Grand Haven and vicinity.

Mr. Van Eyck was born in Holland township in 1870, graduated from Hope College in 1893, from the Law School at Ann Arbor in 1896, and was admitted as a lawyer the same year in the State Supreme Court. In 1897 he was elected city clerk of Holland city, and was re-elected in 1899, 1901, 1903, 1905 and '907. In 1909 he retired voluntarily from the clerk's office, and served two years as alderman. The office of city clerk of Holland carried with it the burden of acting as secretary of the Water Works and Electric Light plant, a very responsible position in a business way, involving much practical experience with people. Besides holding public office he kept up the law, and has since 1909 actively engaged in the law business, and is at present a member of the firm of Miles & Van Eyck at Holland.

Mr. Van Eyck is also connected with some of the manufacturing and business concerns of Holland, and is a director of one of the banks. He has also written many articles on matters of public concern in the local papers and has as a consequence been involved in many local controversies when public officers, instead of assuming the right or the wrong position on a question, assume six or seven positions at the same time. Often defeated for office, he has never run behind his ticket, and intends this Fall to run ahead of his ticket not only but to be elected.

He has for several years warred against the Holland Gas Co., and last winter got in the lime-light as a witness before the grand jury on the gas question.

In weighing Mr. Van Eyck's qualifications for the office of prosecuting attorney, his long experience in public office, and the confidence reposed in him by the citizens of Holland for fourteen years should be considered, for a strong local backing by people that know him argues well for a candidate. His knowledge of the tax laws acquired by experience would be a valuable asset. The prosecuting attorney is the attorney for the county government as well as prosecutor, and tax and drain and highway law is almost as important as criminal law. There is no reason why Mr. Van Eyck would not, if elected, give the county good service as prosecutor, give a clean, active, efficient, and give a clean, active, efficient, and economical administration.

At any rate in view of the present cleavage of political parties, and of the active campaign conducted by the candidate for prosecutor, the fight is very interesting and may furnish some surprises.

AN OPEN LETTER

To the Voters:—

Two years ago, when a candidate for the Republican nomination to the office of Prosecuting Attorney, I made a personal canvass and saw hundreds of the voters not only in the cities but throughout the county. My time was then my own and I could use it as I saw fit. This fall I can make no canvass—cannot in person call upon the voters—without neglecting the work of my office that the people of the county are paying me to do and to do promptly. I am, therefore, obliged to call your attention, through the newspapers, the fact that I have been nominated this year by the Republican voters of the county for a second term as Prosecuting attorney, and to ask you for your votes upon election day. During the past two years I have done my work economically, promptly and successfully. If I have made mistakes so did every man who ever held the office and so will every man who holds it in the future, for "to err is human." But there is no doubt, as all my friends will tell you and as even my Democratic opponent and many of my political enemies will admit, but that on the whole, I have done my work FAIRLY, IMPARTIALLY, HONESTLY, SUCCESSFULLY and WELL. My experience as a lawyer before my first election to the office; my experience in the office during the past nearly two years; and my hard and conscientious work as your public prosecutor and as the legal advisor of the other county officers and the various county boards; entitle me to the usual courtesy of a second term. And I ask you, the voters in every part and in every walk of life to place a cross before my name when you receive your ballot at the polls Nov. 5th. I will appreciate it; I believe I deserve it; and you, I am sure, will never have occasion to regret it.

Yours respectfully,

Louis H. Osterhouse.

OTTAWA COUNTY ABSTRACT AND TITLE COMPANY LAUNCHED HERE.

Monday morning the Ottawa County Abstract and Title Company was opened for business for the first time. The concern is in the office of C. H. McBride and from now on Holland will have an abstract office as well as Grand Haven. Following are the officers of the new concern:

President—C. H. McBride.
Vice-President—G. W. Mooyers.
Treasurer—Otto Kramer.
Secretary and Manager—Miss Martha Prakken.

The new abstract office has been installed by W. J. Weeks of the state of Washington who has been engaged on this work since early in February. It was a mammoth task which was not finally completed till today. The work was begun in Grand Haven and from February till about three weeks ago Mr. Weeks had an army of stenographers working at it over there. During the past three weeks the work has been continued in Holland and during that time from ten to seventeen stenographers have been employed most of the time. Mr. Weeks will remain in Holland for another month to get the company on a good working basis and to get everything into shape.

The new concern is different from many of the other abstract and title companies that are in operation in many of the counties in the state. This has all the latest ideas of that business. It is on the card index system and two large cases of cards weighing many tons, are used for the system. Moreover all the cards are typewritten and not a word of script is used in the business.

The new concern starts out under the best of auspices and doubtless it will soon earn the recognition it deserves in this part of the county not only, but in northern Ottawa as well.

HOPE COLLEGE

A special meeting of the Hope College Athletic association was held at the gymnasium Friday afternoon to consider matters in regard to football. G. Stegeman tendered his resignation as football manager but this was not accepted.

Matters in regard to further schedule were discussed and there is a general movement for more enthusiasm along all lines in athletics.

Games are scheduled with Kalamazoo Normal, Nov. 2 and Holland High Nov. 23. Union High of Grand Rapids will probably be down in a couple of weeks and one or two more games will probably be booked also.

The members of the Fraternal society of Hope college enjoyed a rousing good time Friday at the initiation of their new members.

The entire program was in the hands of the Freshmen and the following numbers were given: reading, L. Johnson; quartette, E. Hoeven, C. Hospers, G. Steininger, Harris Meyer; Literary essay—T. Ellerdink; cornet solo—Carl Hospers; stump speech, Geo. Steininger; budget, J. Gebhard; talk—A. Van Westenburg.

After the business meeting the initiation committee took charge and put the new members through the rites and ordeal of the society. The social committee next served a sumptuous feed. Those initiated were T. Ellerdink, H. Hospers, C. Hospers, G. Steininger, Harris Meyer, George Peilgrim, E. Hoeven, John Gebhard, A. Van Westenburg, L. Johnson.

The Sorosis society of Hope College held its initiation Friday after which they enjoyed a spread at Van's Cafe. The following were initiated: A. Koly, M. Ossewaarde, N. Smallegan, E. De Vries, J. Mulder, C. Yntema, C. Van Raalte, M. Haberman, E. Dykstra, H. Neerken, F. Bosch.

The "A" class of Hope College set the ball a rolling for the preparatory department Thursday when they enjoyed a class party at the Ladies Literary Club rooms. The following program was rendered:

Humorous Reading.....F. Dalman
Vocal Solo.....Art Winter
Budget.....Henriëtha Bolks
Piano Solo.....Jack Moore

After the program games were played and more music enjoyed, while the social committee furnished splendid refreshments. The party was chaperoned by Miss Katherine Moore.

Simon Etterbeek Pays High for Fish He Thought Were Herring.

Paying 50 cents for sixteen fish, seeing them confiscated by the game warden and then being assessed a heavy fine and costs was the unfortunate experience of Simon Etterbeek of the Wolverine Tea company.

Etterbeek bought the fish in Grand Haven from a stranger who told him they were herring. When he boarded the train for Holland Deputy Game Warden Dornbos spotted the basket and when he examined the fish he found eleven proved to be undersized trout.

Dornbos took the fish and arrested Etterbeek for violation of the game

laws. When arraigned before Justice Robinson he pleaded guilty and paid \$10 fine and \$3.75 costs. Etterbeek says he was duped and never will buy fish again.

BOARD OF TRADE OF THAT PLACE BUSY MAKING ARRANGEMENTS

During the recent Eastern trip of the President of the North Side Board of Trade, it was learned that owing to the poor apple crop recent years in the Northern New Jersey District, that one of the large apple brandy distilleries of Bordertown, N. J., would probably suspend operations.

The North Side Board of Trade are negotiating with the owners of this industry, with a view of bringing it to Holland.

The Distillers have intimated, that if the people of the North Side will furnish them a site and the required buildings, that they would willingly operate the distillery.

The President of the Board of Trade, C. Syloester Collins when interviewed refused to make any statement, relative to their plans. He would neither confirm nor deny the rumor.

It is understood that the Metcalf & Horning Property is the tract that the Board has in view, as the site for the new industry. Although the Shafer Property is also, being considered, on account of the great depth of water, at this point. Docks could be erected more readily at the Shafer Property, than at either of the other sites.

If the new industry is located in Holland, it will probably secure its supply of apples from this district, and from the Saugatuck district.

The Board of Trade are now having estimates made of the cost of erecting the buildings, and have retained the following experts: James Price, architect, C. S. Collins, mechanical engineer, Walter Flood, chemical engineer, J. Hildebrandt, practical distiller and J. Utley, expert tester. These public spirited men will prepare the plans, and take estimates of the buildings and equipments, without charging for their time.

As soon as the Board definitely ascertains the cost of these structures, they will immediately proceed to raise the necessary money.

In addition to the members of the Board of Trade, who have individually made generous subscriptions, the following Holland men have subscribed:

John A. Kelly \$100.00 B. P. Donnelly \$100.00 Nicholas Whelan \$100.00 Joe Brown \$100.00 Vincent Nash \$100.00.

There is no doubt whatever, that the North Side will receive this new industry, provided the necessary money is donated.

John A. Kelly has been appointed to committee of one to solicit and secure subscriptions. With a man of Mr. Kelly's activity and resourcefulness in charge of this important branch of the work, success is assured.

This afternoon the secretary of the Board, J. Wallingford Flood, made arrangements for a meeting to be held at the office of the Holland Gelatine Works at three o'clock tomorrow afternoon. All residents of the North Side are invited to attend this meeting and an invitation is extended to the president and secretary of the Holland Board of Trade.

B. P. DONNELLY MAKES GLAD HEARTS OF MAPLE STREET SCHOOL CHILDREN.

Holland Authorities Trying to Do More Along Playground Line.

B. P. Donnelly has presented a toboggan slide for use in the Maple St. school playground. The school authorities have gratefully accepted the toboggan and will make good use of it for the pupils of that school. A toboggan is always popular on a children's playground and this one is no exception to the rule.

The Holland school authorities are trying to do more along the playground line than has been done so far in the history of Holland's schools. Until quite recently the children were for the most part left to amuse themselves out of school hours and during recesses. But the organized play movement that has been adopted in many cities in the United States has been adopted in Holland as far as it was found practicable during the past year. It is now a well established principle that the pupils should be developed through their play instincts as much as possible, and in many other cities the play of the pupils has been put to good use and has been carefully guided into channels in which it will do the most in their development.

Of course, the equipment of the local playgrounds is still very inadequate but things like the toboggan donated by Mr. Donnelly will help out and as time goes on additional equipment will doubtless be secured.

SNAPPY FOOT BALL GAME IS PLAYED ON CAMPUS

YESTERDAY.

The second High school football team defeated the "C" class of Hope college in a fast game on the College campus Friday afternoon. The game was fast and snappy all the way through and it looked as if it would be a tie game until Marshal Irving of the High school captured a fumble and made the only touchdown of the game in the last three minutes play. The game ended with Second High 6 "C" class 0. The Hope team claim some of their best men were out of the game and say they will get revenge on the High school team next Friday when they will play the second game of the series on the Hope campus. Hub Cook starred for the high school while Copper, Staplecamp and Boone played the game for Hope.

Coupon and Certified Issue in \$20 \$100 and \$500 Out January 1.

On issue of postal savings bonds will be put out January 1, 1913, in denominations of \$20, \$100, and 150, and 2 per cent per annum, payable semi-annually.

The bonds are put out in two forms. One is the coupon bond, from which coupons may be detached to collect each issue of interest and which any holder may cash on sight. These are superior for the person who wishes to leave his money tied up but a short time, for he can sell the bond to anyone at any time. The other form, known as the certified bond, must always be presented by the owner for payment or by his assignee. These are best for one who wishes to hold the bond the entire 20 years till it expires, as no one can cash them except the purchaser.

All wishing to purchase postal savings bonds must apply on or before December 2. The bonds expire in 20 years, at which time the principle and interest are to be paid in gold.

THE STRAW VOTE

The fact that the meetings of the spellbinders of the different parties are smaller in some places than they were in recent presidential campaigns may be attributed to other causes than to indifference. The people are busier than they were in 1904 or 1908. Crops are larger than they were then. Relative to population the mills are turning more products than they were in those years, the people are buying more than they did then, and the general trade outlook is brighter. Here are some reasons why spellbinders here and there are saying, "the people refuse to talk or think about politics."

It is altogether probable that what may be called the silent vote will be GALLY TWO—Holland City News—larger this year than in any recent national canvass. The people are better educated in politics now than they were eight years ago, or even four years ago. New issues are at the front, and these have been discussed with a good deal of fullness in the past six months. Some of the propositions which are put forward by the parties which the Republicans are fighting are more radical than were presented in any previous campaign since the civil war, unless an exception be made of that of 1896. The danger of substituting mob rule for the orderly procedure which has been dominant along to this time constitutes a peril which is too large to permit anything like apathy among the voters. It seems certain that a majority of the 7,000,000 men who have been casting Republican ballots in recent presidential campaigns are interested enough in this peril to vote against it on election day, despite the boasts of some of the leaders among the small faction of Republican bolters. When this issue comes seriously before them on election day the number of men here before Republican who will refuse to cling to their party will probably be found to be very small.

Straw votes, in such a campaign as this, are worse than worthless. The straw votes catch the men who do the talking and posting solely, and they do not represent the views or learnings of even these with anything like correctness. The failure of the straw poll in 1904 and 1908 ought to have taught the newspapers which are conducting them in 1912 the folly of such exhibitions. The journals which are conducting these fake plebiscites are preparing a humiliation for themselves after November 5, like those which awaited them after the closing of the polls in the two latest presidential elections. The questions before the people are too serious to be gauged by such trifling as that which is represented by the freak polls which some of the newspapers and leaders are carrying on. It is reasonably safe to assume that when the votes are counted two weeks hence the Republican flag will be still there.

A very good program was held Monday in the High school under the auspices of the High school Literary club. The recitations and music were very good and in a humorous dialogue Rex Sirrine and Carl Smith showed that they possessed many of the rare talents that go to make a good actor. The program was as follows: declamation—"Reinzi to the Romans," J. Fris; dialogue (Humorous) R. Sirrine and Carl Smith; piano duet, Marian De Pree and Helen Klomparsens; recitation—"Give Thanks for What," Rose Sooter.

Pictorial Republican
COUNTY TICKET

In the order they appear on the Ballot

For Judge of Probate—EDWARD P. KIRBY

Who has made the best Probate Judge this county has ever had. He has no active candidate against him.

For Sheriff—HANS DYKHUIS

The primary results show what the voters of Ottawa County think of him, and as Sheriff the peoples confidence will not be misplaced.

For Clerk—JACOB GLERUM

The city of Grand Haven wished to retain him as their City Clerk but Ottawa county saw fit to elect him County Clerk and he is now serving his first term. He has certainly made good.

For Treasurer—HUBERT PELGRIM

When he was Supervisor, the board used to say that Pelgrim makes out the finest tax roll of any man on the board. The board of auditors consisting of Democrats and Republicans say likewise of his county treasurer's books. This is certainly a flattering recommendation. Mr. Pelgrim is serving his first term.

For Register of Deeds—JOHN F. VAN ANROOY

There are few men in Holland who does not want to see John go back for his second term. As Register John is a credit to his friends.

For Prosecuting Attorney—LOUIS H. OSTERHOUS

Louis H. Osterhous, Prosecuting Attorney finds that his first term in that office has been the most strenuous in the history of the office. Throughout the length and breadth of this county the most criticised position is that of prosecutor. If he does his duty he is bound to make enemies. Osterhous has made enemies but he has done his duty.

FOR STATE SENATOR

Dr. Edward Hofma, candidate on the republican nomination of state senator from the Ottawa-Muskegon district is a native of Ottawa county. Dr. Hofma was born on a farm in Vriesland, Ottawa county, April 12, 1859, and his early life was spent on the old farm. His parents were Holland people who encouraged him all possible in his determination to secure an education. Dr. Hofma attended the district school and later entered Hope College at Holland. Completing the course at the samller college he entered the University of Michigan graduating from the department of medicine and surgery in 1884. Since his graduation he has been engaged in the practice of medicine in Grand Haven, Spring Lake and vicinity. With the completion of his medical course at Ann Arbor the doctor has not ceased his scholastic work, however, and has taken post graduate work in London, Berlin and Vienna. During the last two winters the doctor has been taking a course in law at John B. Stetson University in Florida.

Neither has Dr. Hofma neglected information along other valuable lines. He is deeply interested and extremely well informed in the natural sciences especially well posted in forestry, horticulture and kindred subjects. As a student of science the doctor went as a member of the Wellman Polar Expedition of 1893 and 1899, holding the position as biologist and surgeon of the expedition.

In 1886 Dr. Hofma was married to Miss Elizabeth Phium a daughter of one of the old and well known Holland families of Ottawa county.

Dr. Hofma has long been prominent in Grand Haven affairs having served for five years as a member of the board of education, being still one of the valued members of that important body. When the Peoples Saving Bank was organized the directors of that institution reflected the confidence of the community by electing him president of the bank. The doctor has held this office and successfully executed the duties of the position since the organization of the institution.

It was at the earnest solicitation of his friends that Dr. Hofma entered the campaign for the state senator ship when it came Ottawa's turn to name the man. That he is well lequipped and well fitted in every way is not denied, and friends from both counties have rallied to his standard Vienna. During the last two winters now that he is in the race.

LOTS OF WORK

The past two years in the Prosecuting Attorney's office have been years of unusual work, in some respects, and there has been an unusual amount of ordinary work. In the conduct of all of it Prosecuting Attorney Osterhous has fairly and impartially exercised his judgment as a public official, and he has done his work promptly and well and economically. It is true that he has been criticised and that he has made enemies. But every man in public life who does his work conscientiously and fearlessly and endeavors at all times to be only fair and impartial is bound to make enemies and to his acts and his reasons therefor. It is only the man who so conducts himself as to cater to public opinion and prejudice, and who "plays politics" all the time, who can hope to escape public criticism and the making of political enemies. For the first man suggested criticism later turns to approval, and his enemies later become his friends. With the second man this is reversed, for later on people came to know him as a "politician" rather than as a fair, impartial and straightforward public servant and realize that, for the time being, they were blinded. During his first term as Prosecuting Attorney Louis H. Osterhous, now Republican candidate for re-election, has not catered to public opinion nor "played to the grandstands." He has simply, and honestly, worked hard and faithfully and conscientiously to do his duty fully, fairly and impartially, by all the people of Ottawa County. In return he asks that the voters of all parties mark their cross before his name when they vote on November 5th. He deserves re-election in spite of any criticism that has been made of any of his official acts, and in spite of the political enemies that he has made. If you who read this doubt any part of it, ask his Democratic opponent for the office. He knows, and will acknowledge, that it is true.

THE MAN FOR THE PLACE

There is at least one candidate for office before the people of Michigan today upon whom the voters can unite regardless of political lines, and that is Patrick H. Kelley, who seeks to fill the newly created office of congressman-at-large.

The congressman who represents but one district need know little of the state that lies outside his district, but the congressman elected to represent the entire state must be familiar with every portion of it. Mr. Kelley is the only candidate for the office who is qualified to fill the place. Neither of his opponents even claim to be familiar with the state as a whole. It is no discredit to them that they are not, for few men are. Fewer still have had an opportunity of learning Michigan as well as Mr. Kelley has learned it. The generally admitted fact that he has the widest acquaintance of any man in the state is one proof that he is in touch with every part of Michigan. His rule as president of the senate for four years proved him to be one of the best authorities on methods of legislative procedure and the processes of government that the state has ever known.

These two facts are undeniable evidence of his fitness for the office which he seeks.

But there is another element to be considered this year and the man who goes from this state to represent it as congressman at large must meet it. There is a new spirit abroad a spirit of progressivism. Any man who is not in sympathy with it is worse than useless in congress, even though he be fitted in every other way to serve his constituents. It is the final test and we believe that Mr. Kelley meets it as completely as he does the others.

For four years he helped enact progressive legislation in the senate of the state legislature. That is not an unsupported statement, it is a fact. The records prove it to be a fact. It will hardly be questioned, however, for the state has not yet forgotten the years in which Mr. Kelley as presiding officer of the senate waged his fight with the "boxers" and was compelled to break with his final vote tie after tie on every progressive measure that was brought to a question. Upon his shoulders fell the responsibility of saying whether such acts as the one creating the state railroad commission the primary law and the two cent fare should go on the statute books.

He could have defeated with his single vote every one of these measures but in each case he voted for them, against the Boxers and with the people.

He will not face a harder trail in congress than he faced in the senate of his own state. He recognized the necessity for advanced legislation then and fought for it. That is sufficient reason to believe he will fight for it now.

He is qualified because he knows Michigan; he will go fully prepared because he is a student of our methods of government; he will be able to make his work count because he is awake to the spirit of the times. He is the logical candidate for the place.

UNMERITED CRITICISM OF PUBLIC OFFICERS.

Some great statesman once said that "In public life one has his joys, Likewise his troubles too;

He is criticized for what he does and for what he doesn't do."

And so it has been with Prosecuting Attorney Osterhous during his first term. But he has never given thought to public opinion or censure in the conduct of his work; never given thought to personal gain or political expediency. He has never asked himself before acting "What will the people think of this" or "Will I make political enemies by doing this;" but only, and always, "What is my duty as a public officer." And, regardless of public opinion or the effect of his act politically upon him self, he has fearlessly and promptly performed his duty as he saw it. Some day the political enemies he has made by so doing will admit the truth of this. If you who read this doubt it now ask his Democratic opponent for the office. He knows, and will acknowledge, that it is true. Mr. Osterhous deserves re-election this fall and no voter, in any party, will make a mistake if he votes for him. You will find the name of Louis H. Osterhous, on the Republican ticket, when you vote Nov. 5th. Mark a cross in front of it.—Advertising.

Eight Reasons Why You Should Vote for

Amos S. Musselman

The Candidate with a BUSINESS platform

Because he has been a real progressive for more than eighteen years.

Universal application of business methods is what Michigan most needs.

Square dealing with every individual, class and interest will be his policy.

It is time Michigan's governmental affairs were divorced from politics.

No one will do more to further the movement for good roads.

Efficiency and merit alone will govern him in his choice of appointees.

Surely you recognize the need of an experienced general manager in the governors' office.

Sooner or later Michigan must be conducted as a great corporation. WHY NOT NOW?

LEGISLATIVE CANDIDATES

William Alden Smith, as every citizen knows is the man who was instrumental in getting Holland a good harbor, and our citizens appreciate it. In order to send him back to the Senate he must have the assistance of Dr. Ed. Hofma, and Charles McBride aside from the fact that both are good men, McBride who is now serving his first term and Dr. Hofma who was nominated by a majority of 1500 at the primaries. This town owes it to Mr. Smith who was the choice of the Republican primaries by 150,000 votes.

Rain-Proof, Wind-Tight

There's genuine satisfaction in living under a roof of Reynolds Asphalt Shingles. In the first place it costs but moderately to buy and lay them. Secondly, they make a very fine-looking roof. And thirdly, once laid, they're on "for keeps."

Reynolds Flexible Asphalt Slate Shingles

are rain-proof and wind-tight. The storms and frosts of a score of years will have little appreciable effect on them, because they are granite-surfaced and sufficiently elastic to resist thawing and freezing. These are the shingles for economical builders to buy. Have had a ten-year test—no painting or repairs are ever necessary. Reynolds Asphalt Shingles are fire resisting and do not color rain water. 8x12 1/2 inches and lay 4 inches to the weather. Beware of imitations. We also make high grade granite surfaced roofing in rolls.

Heasley-Scott

The wedding of Miss Viola E. Heasley and Dr. James O. Scott of Holland took place at Wednesday evening of last week at the home of the bride in Salem, a number of friends and relatives from a distance being present. Three tables were spread for the bridal dinner which followed immediately after the ceremony which was performed by Rev. A. M. Bostwick. The bridesmaid was Miss Mae Paterson, cousin of the bride of Donn. Mich., and Dr. Louven Heasley of Standish Mich., was best man. The wedding march was played by Miss Flossie Laen. The bridal party stood under an arch of evergreens during the ceremony. The bride was gown in white and carried bridal roses, the brides maid wearing white with pink roses. Many presents were received by Mr. and Mrs. Scott. Their future home will be in Holland.

SUPERVISORS END THEIR BUSINESS FRIDAY NOON

Much Business Transacted; Trouble About Bills; Tax Apportionment Made.

The board of supervisors closed the October session Friday adjourning until the second Monday in January, after clearing up a large amount of business at the last meeting. One of the important features of yesterday's meeting was the report of the auditing committee on the criminal claims. This report was submitted several days ago to the board, but because of the fact that so many of the bills of the deputy sheriffs of the county were so badly slashed, and because the officers put up such serious protest the entire report was referred back for reconsideration.

The committee spent part of Wednesday going over the protests with the officers each deputy having a private session with the auditors. The deputies were pretty well worked up over the affair and there was not a great deal of time lost in the interviews with the committee. The result of the interviews was satisfactory to the deputies however as the auditors decided to recommend the payment of claims as presented. The revised report went to the board yesterday and was adopted.

Sheriff Andre's claim for \$750 for money expended by him in the defense of himself in the grand jury cases brought against him, was presented to the board Thursday and the matter laid on the table.

At the present session the board has taken action as regards the new county road commission which hereafter must be elected by the people at a general election. The board has decided that the commission in the future shall consist of three commissioners to be chosen at the general

election in April one to serve two years, one to serve four years, and one to serve six years. The salary of the commissioners was fixed at \$300 per year beginning May 1st, 1913. The present compensation of the road commissioners is three dollars per day and expenses. In addition to this action, the board recommended the engaging of a competent road builder to take full charge of the road work in the entire county.

Frank B. Salisbury Thursday afternoon presented a bill for \$1,250 to the board of supervisors with request that it be allowed by the board. The officer stated that this was the amount which he was obliged to expend in defending himself in the grand jury cases in which he was not convicted. Because of the fact that the charge resulted from the fact that he was doing official duty he believed the board should remunerate him for the expense incurred in defending himself the same as it allowed the claim for Clare E. Hoffman for the same purpose. The claim was turned down 18 to 5.

Before adjournment was taken Friday the table of taxes and apportionment was adopted by the board. The table shows that a total of \$505,060.85 must be raised by Ottawa county this year, of which Grand Haven's share is \$75,457.52, apportioned to the various funds as follows:

State tax, \$8,554.05; county, \$4843.78; poor, \$310.81; township and city tax, \$42,475; school tax, \$17,523; interest on county road tax, \$1656.80; rejected taxes, \$94.08.

CALIFORNIA CONGRESSMAN TO APPEAR IN HOLLAND SATURDAY NIGHT

Final Week Not As Exciting As At First Had Been Anticipated

Saturday evening the Republican club of this city will hold another big rally in Holland which may perhaps be the final meeting of that party during the campaign. The meeting will be at the Knickerbocker theater and Duncan McKinley of California will be the speaker. Mr. McKinley is a congressman who has gained considerable of a reputation and in addition to being prominent in republican ranks he is classed as a forceful speaker.

All the parties are making arrangements for the night of election to receive the returns. The democrats will receive the returns over two telephones in democratic headquarters in the Cook building; the progressives will doubtless receive them in Progressive headquarters. Where the republicans will be located has not yet been decided upon.

The final week of the campaign will not be as busy a one as had been anticipated. As far as is known now only the republicans will have a big speaker here. The progressives had their big rally when Mr. Saddle was here. The Progressivesch. Waymull here and they will not have another big meeting. Although the democrats will have another meeting before election and perhaps two it doubtful whether a speaker of national reputation will come here. The socialists expect to have a meeting before the campaign ends and the suffragists will hold their big meeting Thursday evening in the city hall.

It is not definitely decided as yet whether the night before election will be marked by political meetings. The sentiment seems to prevail that by this time the voter has pretty well made up his mind how he will vote and that meetings will do little good. The voters are not saying very much about it but anyone who has watched the situation knows pretty well about how Holland will vote on election day.

RETURNED TO WORK TUESDAY MORNING

Tuesday 17 men employed to shovel beets at the Sugar factory walked out of the plant and refused to work until their wages were raised. They are paid by the ton for shoveling the beets and the different kinds of cars they unload beets from are taken into consideration in the amount paid for the ton; as more is paid for a ton of beets shoveled from a box car than from a flat car because they are harder to shovel. The Sugar Co., looked into the matter and a raise of one-half cent on the ton was given them. Yesterday all of the men returned to work at this increased wage except two.

COLLEGE LECTURE COURSE

THIS YEAR IS VERY HIGH CLASS.

The tickets for the Hope College lecture course are selling fast, and judging from present indications, the first class seats will be sold in a few days. The demand is very heavy and the eight students who have charge of the selling of the seats have their hands full taking care of the patrons who want tickets. The student ticket sellers will be in the field for about ten days more and tickets can also be secured at Hardie's.

This year's lecture course is to be the most ambitious one yet tried out at Hope. The course was secured at the expense of several hundred dollars more than any previous course and the numbers are all of the very highest class. The Ben Greet Players, for instance, command a very high price and very few cities the size of Holland ever get an opportunity to see this company.

The first number of the course will be given November 21 and all the seats will be reserved before that time.

WOMAN SUFFRAGE ADDRESS IN CITY HALL THURSDAY EVENING

The Rev. Russel H. Brady of Grand Rapids Will Make an Address; Men Who Oppose Equal Suffrage Invited.

This evening the biggest Woman Suffrage meeting of the campaign in Holland is to be held in the court room in the city hall. On that evening the Rev. Russel H. Brady of Grand Rapids will deliver an address in the interest of equal suffrage and the voters of Holland are cordially invited by the local suffrage association to come and hear Mr. Brady speak. The ministers of Grand Rapids as well as the ministers of Holland are deeply interested in the cause. There are several local pastors who are ardent supporters of equal suffrage and this is expected to help the cause considerably since in Holland, a minister's judgment carries a great deal of weight.

Mr. Brady is a young man and a brilliant speaker. His address will be fully as entertaining as any campaign speech and the local suffrage workers promise that the voters who attend the meeting will hear an address that will be distinctly worth hearing. The voter who opposes woman suffrage is especially invited to be present at this meeting this evening. That is the man the suffragists are trying to reach.

L. H. SOLOSTH DIED YESTERDAY AT AGE OF FIFTY-EIGHT

L. H. Solosth, aged 58, died Sunday morning at his home in Grand Rapids after a lingering illness. The deceased was a former Holland man having been manager of the Ornamental Stamping Works here about six years ago. He also owned at one time the ornamental stamping works of Grand Rapids. The funeral was held on Wednesday afternoon at the home. He is survived by eight children; Mrs. F. S. Ambrose, of Boston, Mrs. J. Karreman of Holland, and the Misses Martha and Alma Solosth, Carl Solosth of San Diego, Cal., Lendrieth and Lars of Grand Rapids and Robert of Phoenix, Ariz.

LOCAL CHAPTER OF D. A. R. TO SHOW VIEWS OF HISTORICAL SPOTS IN 13 COLONIES

An evening entertainment especially designed to interest and instruct students of American history in the public schools, is to be given in the High school auditorium, Friday evening, November 8th, by Elizabeth Schuyler Hamilton chapter, Daughters of the American Revolution. The program, which will be equally enjoyable to school children and adults will be purely historical and will include a series of living pictures of famous colonial women, stereopticon pictures of historical spots in the 13 colonies, music, and a fancy colonial drill will be given in costume, by eight children.

The chapter finds it necessary to increase its contribution this year toward the debt remaining on Continental Memorial hall, the \$500,000 marble palace that the Daughters of the American Revolution have built in Washington, D. C. as a memorial to the men who gave their lives for American independence. To do this they are asking a small admission fee of ten cents for children and fifteen cents for adults.

An Experienced Lawyer for Prosecuting Attorney

In the various county papers has appeared the political advertisement of the Democratic candidate for Prosecuting Attorney, William O. Van Eyck, of Holland, and therein Mr. Van Eyck sets forth, as his qualifications for the office, that he was admitted to practice in 1896, served as City Clerk of Holland from 1897 to 1909, and as alderman of the city from 1909 to 1911, and that since 1909 he has practiced law; while in addition has several banking and manufacturing interests. In other words, admitted to the bar in 1896, Mr. Van Eyck never practiced his profession until three years ago, after a lapse of thirteen years during which he was engaged in other work. Experience in legal work and in the preparation and trial of cases in the courts is absolutely necessary to success as a prosecuting attorney, and this experience Mr. Van Eyck lacks, as his own political advertisement shows. Louis H. Osterhaus, now prosecuting attorney and candidate on the Republican ticket for a second term, has had more than ten years experience as lawyer and student; for more than six years has been actively engaged in the practice of law; has had much experience in the preparation and trial of all kinds of cases; has served two years as City attorney for Grand Haven; has had two years experience as Prosecuting attorney; and during the past two years his administration of the office he again seeks has been both SUCCESSFUL and ECONOMICAL. He deserves re-election and the voters of all parties will make no mistake if they vote for him on November 5.—Advertising.

CITY CLERK HAS CURIOUS COMMUNICATION THAT WAS SENT TO THE COUNCIL.

Mr. Beens Says He Does Not Want Fence Left Out of "Holland City Beautiful."

City Clerk Overweg has in his possession a curious communication that was sent to the common council at a recent meeting, but which the aldermen did not take seriously. It has come to light again and is being preserved by the clerk even though the aldermen did not take it seriously. It is, of course, about the famous base ball fence and grandstand, and reads as follows:

October, 16, 1912

To the Mayor and Common Council of the city of Holland:—

Gentlemen—The undersigned begs to call your attention to the fact that the Dearborn Publishing company, of this city is about to publish a booklet about "Holland City Beautiful". It will be embellished with many photographs, showing in an artistic and attractive way the beauties and advantages of this city as a business, resort and residence locality. In order that this may be complete in every detail, we beg that the council notify the said Dearborn Publishing Co., not to omit from this booklet our beautiful grandstand and artistic enclosure surrounding our public playgrounds on 19th street.

Kindly instruct the city clerk to notify this company and have this matter attended to before going to press as we fear this booklet will be a failure if we omit this beauty spot from its pages.

ROLAND A. BEENS,
79 E. 19th Street.

J. A. SIMON OF BENTON HARBOR LOOKING UP THE FIELD HERE.

It is possible that Holland may again have a real theater this winter J. A. Simon of Benton Harbor was in the city yesterday looking over the field and learning what prospects there are for a successful theater in Holland. Mr. Simon is a veteran in the business. For 23 years he has been manager of the Bell Theater in Benton Harbor and he has been very successful there. He came to Holland to take a look at the Knickerbocker and it is possible that a deal may be made. He was very much pleased with the building and declared that it was one of the finest to be found anywhere in cities of Holland's size.

If the proper terms can be agreed upon it is possible that Mr. Simon may put on shows here for a period of two or three weeks. This will however be merely in the nature of an experiment and if it works out well the chances are very much in favor of getting shows here throughout the season.

Mr. Simon has a number of friends in Holland who have known him for many years and they speak very highly of his ability as a theater manager. He is connected with the Klaw & Erlanger circuit and Holland would be placed on that circuit in case the plans that are now being formed do not miscarry.

SOCIAL PROGRESS CLUB TAKES INITIAL STEP TOWARD THIS END.

The Youthful Offender in This City Not Adequately Provided For.

Holland may get a juvenile court as a result of the activities of the Social Progress club. A committee has been appointed by that club and the members of this committee will get busy immediately and take steps toward this end. At the meeting of the club Monday at the home of Supt. and Mrs. E. E. Fell the subject was thoroughly discussed and the appointment of the committee was the initial step. The members of the committee are Supt. Fell, Attorneys F. T. Miles, and Thos. N. Robinson. The establishment of such a court here will require action from the Michigan legislature and the representatives who will be chosen in Ottawa County next Tuesday as well as the senator from this district will be seen about the matter and their aid will be sought in the project.

The action came as a result of a discussion that followed the reading of a paper on "The Administration of the Criminal Law" by Att. Fred T. Miles. Mr. Miles said among other things that one of the reforms that was needed more than anything else in Holland was somebody who could take care of the juvenile offenders and could be held responsible. He declared the present system was a bungling and roundabout one. When a juvenile offender is brought before a local justice nothing can be done until Judge Kirby in Grand Haven is notified. The next step is the notification of County Agent Roosenraad who lives in Zeeland. The Zeeland man then has to make a trip to Holland and make an investigation. There is so much red tape about it and often so much delay that the juvenile offender has become the despair of the Holland justices and of the Holland police department. Even after a case has been looked up by the county agent there is no one in Holland who can look after the offender. There is no one to whom the boy or girl is required to report. Usually they are allowed to go after a lecture has been administered and often they fall back into their old habits and continue their old evil associations with no one on the ground to take notice of them.

Mr. Miles did not criticize the officers who are now in charge of the work in the county but he declared that from the nature of the case it

was impossible for a man living in another city. It is necessary that a man live on the ground to look after them. The work among the youthful offenders is the most hopeful in all dealings with criminals and in Holland it is the most inadequately provided for.

Mr. Miles' paper was a strong one. He traced the causes of the increase in crime in the United States and suggested a number of reforms. Nearly all the members of the club were present and the discussion was a lively one. The next meeting of the club will be held at the home of Dr. and Mrs. Frank Patterson and the paper that evening will be on "Hereditity", the paper to be read by Dr. Patterson.

SCHOOLS TO CLOSE TWO DAYS THIS WEEK

The public schools of Holland will be closed throughout the city today and Friday to allow those teachers who so desire to attend the sessions of the sixtieth annual meeting of the Michigan State Teachers' association that is to be held in Grand Rapids on October 31 and November 1.

The general sessions of the association and the concerts are to be held in the Coliseum on Commerce avenue and in the Fountain street Baptist church. All of the programs of the general sessions will be given twice and some of the section will also meet twice. This arrangement is made that everyone may attend all of the programs of the general sessions and several section programs.

Speakers of interest and wide repute will be present and will address the meetings on various phases of school work. Included among these are Charles A. Prosser, secretary of the society for the Promotion of Industrial Education of New York City; F. T. Fairchild state superintendent of public instruction, Topeka, Kansas, and president of the National Educational association; F. C. Blair, state superintendent of public instruction, Springfield, Ill.; S. D. Fess, president of Antioch College, Antioch Ohio; Henry C. King, president of Oberlin College, Oberlin, Ohio; A. J. Winnie, inspector of schools for the deaf, Wisconsin; Harold Haven, of Brown University High school, University of Chicago, who will give an illustrated lecture on the "Basic Principles of Design;" Lotus D. Coffman, professor of education, University of Illinois; John M. Tyler, Amherst College, Mass.; S. A. Courtis,

Detroit; LeRoy H. Harvey, Western Normal School, Kalamazoo; Carl Byoir, President of Child Welfare association, New York City, who will talk on "The Montessori Method in America;" Filibert Roth, professor of forestry University of Michigan Ann Arbor; L. L. Wright, state superintendent of public instruction, and many others.

FREIGHT CRASHES INTO REAR END OF PASSENGER TRAIN NEAR CADILLAC.

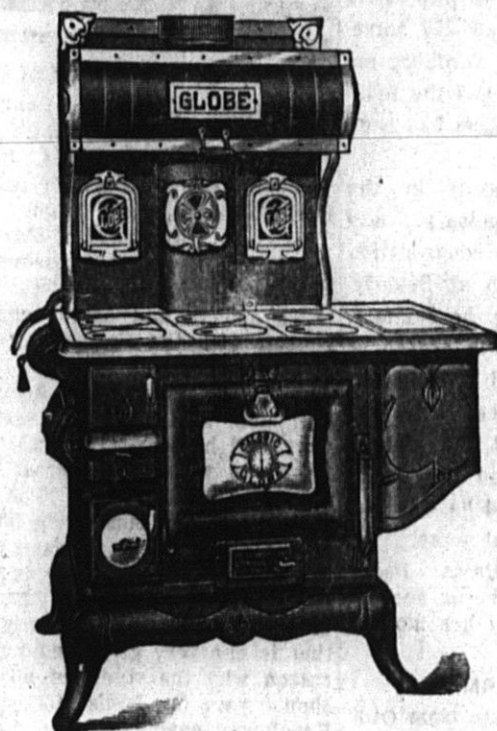

Cadillac, Oct. 29.—P. T. McCarthy of Holland, J. F. Bookey of Jennings, E. J. McClintock of Pontiac and Verne McDonald of Boyne City were slightly injured Monday when local freight No. 57 ran into the rear of passenger train No. 5 which was standing in front of the Tustin depot. Both trains were northbound. A Pullman sleeper was badly damaged. None of the freight crew was injured.

ENFORCED HONESTY PROFITABLE.

Michigan apple dealers are predicting that the Sulzer measure, recently signed by President Taft will have a good effect on the fruit trade of this state. The bill was introduced by Representative William Sulzer of New York and provides that apples for interstate shipment must now be packed and labeled honestly. The Pacific states and New York have observed the system to be enforced by the Sulzer measure, and have found it a valuable asset in almost monopolizing the market of the country.

The Traverse City Record Eagle, published in the northern apple producing district predicts that the Sulzer act will not only revolutionize the apple trade of Michigan, but also put Michigan in the front rank in the apple trade. The Record-Eagle says:

"Michigan growers have clung to the idea that anything that looks like an apple is good enough for the center of the barrel if there is a good row or so on top to lead the purchaser to believe that he is getting what he pays for. For this reason the Michigan apple has been kept out of high apple society, but when the Sulzer bill goes into effect it will come into its own, because the grower or packer cannot afford to run against the law for the sake of a chance of paltry gain through dishonest methods. It has often been said that it is impossible to make men honest

by law, but it is evident that such a result will be gained through the operation of this bill. Not only does the law provide a penalty when it goes into effect, but a ruling by the department of justice makes it partially effective this year, by bringing under the food and drug act all who mislabel apples and sell inferior grades under the representation that they are a first class article. By living up to the provisions of the new measure Michigan will gain such prestige that it will be

known the world over as the leading apple producing state.

FIVE ACRES OF APPLES TO YIELD 1,000 BARRELS

Twenty barrels of choice Baldwin apples were picked from one tree in the orchard of E. A. Hull at Gibson. Another tree yielded seventeen barrels of the same variety and a third yielded fifteen barrels of Fall Pippins. Mr. Hull owns an orchard of about five acres and expects to get nearly 1,000 barrels of apples. The apples are of all varieties and of with out blemish this being due chiefly to systematic spraying.

The apple crop in this vicinity is unusually large as compared with other years. Orchardists are giving more attention to spraying their trees and this accounts for a much better condition of the fruit and yields the owner much larger returns.

The common council has taken preliminary steps for the spraying of all fruit trees and vines within the city. Many trees have been damaged by the scale.

CLARK A FARMER

I am the only candidate from Ottawa county for four years and have islature, engaged in farming. The three candidates for the "House" from the First district, being from the city of Holland, and my opponent being Mayor of the city of Zeeland. I would therefore be the only one of the list of candidates from the county, eligible to membership in the Farmers Club in the Legislature. It is through the Farmers Club of which I am a member, that the tax payers of the Rural Districts are able to obtain legislation favorable to themselves, or in other words, to protect their interests.

Have lived upon the farm in Robinson township, practically all my life, received my education in the District School there, in the Muskegon High school, and in the old West Michigan Business College, always paying my own expenses in procuring it, by teaching school winters, and at spare times during the summer months, working on the river, and so forth. Filling trusted positions while thus engaged, such as foreman of lumber companies, buying and scaling logs for them for many years.

Served as County Treasurer of Ottawa county for four years and has the confidence of those who know and have dealt with me.

Supported each and all of the so called "Progressive measures" introduced in the Legislature while there such as "Preferential Presidential Primary Bill," helped to draft the State wide Primary bill called the Oppenborn Clark Bill, supported the Laborers Compensation Act and the Initiative Referendum and Recall Bills. Has always had the unanimous support of the electors of Robinson township, where he has been known all his life.

MUST CONSULT PROSECUTOR

At Grand Haven, the County seat of Ottawa County, the Sheriff, County Clerk, Registrar of Deeds, Judge of Probate, County Treasurer and Drain Commissioners, have their offices. There, also, the Board of Supervisors the County Road Commissioner, and the County Auditors meet. All of these officers and boards constantly consult with the Prosecuting Attorney and have much work for him to do. If the Prosecuting Attorney is not, also, at the County seat, their work will be seriously hampered and interfered with, to the great injury of the whole county. The Prosecuting Attorney must keep his office at the County seat if his work and the work of all the other county officers and boards is to be done promptly and satisfactorily. And that is one very great and important reason why the voters of all parties should vote for Louis H. Osterhaus, Republican candidate for Prosecuting Attorney, on November 5th. His office is, and will be, in the Court House, at Grand Haven. The Democratic candidate lives in Holland and, if, by chance, he should be elected, he will maintain his office there, away from all the other county officers branches of the county government and to the people at large. The people of Holland and vicinity do not want this to happen. Vote, then, the Republican candidate and to keep the Prosecutor's office where it should be. Ask any county officer, or any member of any county board, if all of the above is true, and if the work of Prosecutor Osterhaus has always been done promptly and well, and if they need him in the Court House for two years more, and they will answer "Yes."

SEES BRIGHTNESS AHEAD

George McBride of Grand Haven who has been campaigning through Missouri was recently interviewed by the political writers of state papers and this is what he had to say:

"The chairman of the Bull Moose state central committee of Oklahoma and the chairman of the Bull Moose state central committee of New Mexico in response to a question from me if they expected to elect Roosevelt this fall, both said: 'No, we have no idea we can elect him, and neither does anybody else who is at all conversant with the conditions. But we can at least prevent the Republican party from being elected this fall, and four years from now we may be able to do something better.' The situation all over the nation is improving for Republicans. In Missouri the Bull Moose sentiment seems to have pretty nearly flattened out and it is the same all through the great middle west."

Extending the Gas Mains

The men who have been attacking the Gas Company for the sake of helping their own political plans have told the people that we are refusing to make extensions. They say that we are violating the terms of our franchise in this respect.

No part of this is true. All such statements are willful misrepresentations. They are made for the purpose of deceiving the Public and injuring our Company. What our franchise ordinance says in regard to extensions of our mains is this:

"Whenever an applicant shall agree to take and continue to use and pay for fuel or illuminating gas for a period of at least twelve (12) months, said grantee and his assign shall within ninety (90) days after such application extend a main and furnish such applicant gas, Provided that said grantee and his assigns can obtain a consumer of gas for every two hundred (200) feet such main is extended. Provided, however, that no main shall be extended in the months of November, December, January and February of each year."

This is the exact wording of Section 20 of our ordinance. We are willing to do and are doing everything that it required of us. We have not refused to extend a main for any customer who has made application, with a promise to use gas for one year, and who could be served by making an extension of not more than 200 feet for each customer.

More than this, we have made a canvass

of the city and have found that if application had been made for every possible extension that could be called for under our ordinance we would not have to lay any more than two thousand feet of new mains. There are not more than fifteen or twenty persons in the whole city who are not served with gas and who could rightfully ask us to extend our mains for the purpose of serving them. They have not made application and agreed to use Gas as provided by the franchise.

Of course there are citizens in all parts of Holland who would like to have gas service, many of them who could not be served except by an extension longer the ordinance requires who have made applications to us. They are disappointed because they cannot have gas. So are we. We would like to accommodate them for our customers, but under present conditions we cannot.

If we were earning a reasonable profit from our business, or even interest on our invested capital we would want all the business we could get. We would want to build extensions to all parts of the city whether the ordinance required us to do so or not. This would help to build up the outside parts of the city and in time our business would be benefited.

As it is, we are losing money on the business we have. The more business we get, the greater will be our losses. It would be foolish to borrow new capital for improvement or extension of our property. Therefore we cannot make an active hustle for new business, and do not feel justified in planning any extensions except those which we have to make in compliance with our franchise.

Mayor Nicodemus Bosch today re-
ceived a personal letter from Gov.
Chase S. Osborn in behalf of the can-
didacy of Carl Mapes, republican
candidate for congressman from the Fifth
District. The governor warmly com-
mends Mr. Mapes for the work he did
in the Michigan state senate. The
letter follows:

State of Michigan
**EXECUTIVE OFFICE
Lansing.**

October 23, 1912

My dear Sir:—

Senator Carl E. Mapes, of Grand
Rapids is a candidate for congress in
your district, as you know.

I do not often take an interest in
contests in a district other than my
own, but I feel it a real duty to say
a word to you most earnestly in be-

half of Senator Mapes. In the fights
for the people in the interest of good
government, which you and I believe
is popular government, during the
two sessions of the legislature, Sen-
ator Mapes took a leading and im-
portant part. Much that was accom-
plished could not have been done
without the brave and capable ser-
vice he rendered.

He was under pressure all of the
time and frequently had to fight at
top strength. In every instance he
acquitted himself with high credit
and proved that he possessed persis-
tent courage, fine poise, a clear and
well-trained mind and ability of a
high order along lines of legislative
work. He is constructive and best of
all he is in deep sympathy with the
proposition that our country is for
all the people and not to be used and
abused by a predatory few. In Con-
gress he will bring credit to Michigan
and will serve with rare faithfulness
Yours very truly

(Signed) CHASE S. OSBORN
