CAN ASK RURAL MAIL CARRIERS TO HELP ON HOLIDAYS.

Postmaster General Burleson has just issued an order stating that "postmasters may, if conditions justify, require rural carriers to report for duty one hour earlier on holidays on which service is not rendered on rural routes to assist in delivering mail to patrons of rural routes who call for it. Postmasters shall not call upon rural carriers to perform duty on Sunday, except when their services are urgently necessary for the purpose above set forth."

ALLEGAN COUNTY AGAIN TURNS DOWN LIQUOR PETITIONS

Notwithstanding the fact that a large petition was brought in to the Board of Supervisors of Allegan county asking that the liquor question be again submitted this spring the request was turned down.

The Board claims they not only found the petitions about eighty names short of the required number, but the same error was contained in them that threw them out last year. The affidavits for several townships, made on a certain date, swear that the petitions had been posted ten days when that time had not elapsed. Such affidavits are not illegal but could not be made in truth. No man can swear that petitions have been up ten days until after ten days have elapsed. These affidavits, made three or four days after the posting of the names stated that the names had then been up ten days. There was nothing for the supervisors to do but to note the irregularity and throw out the petitions. Consequently Allegan will remain apparently dry for a few years more.

Jud Kolyn Loses Coffee Pot

The latest tragedy of the sea came to light yesterday when a member of the U. S. life saving station at Grand Haven beach patrolled a brand new coffee pot on the shore near Highland park. The pot was the property of Jud Kolyn, well-known young attorney who fixed up a nice little beach party the other night and lost the coffee pot in an attempt to get water for the concoction of his favorite brew.

SPRING LAKE PIONEER FOUND DEAD IN BOAT Klaas Pruim Stricken By Attack of Heart Disease While Fishing On Grand River

Tuesday
The lifeless body of Klaas Pruim one of the oldest and one of the well known residents of Spring Lake, was found in his boat on Grand River near the old Sisson mill site late Tuesday afternoon. There was no evidence of foul play or violence on the body, and there is no doubt in the minds of his friends that Mr. Pruim came to his death through an attack upon his heart to which trouble he was subject for some time.

"BEAT HOLLAND" IS SLOGAN GRAND HAVEN TRIBUNE

"Beat Holland" is the slogan which is stirring the hearts of the high school pupils every day with the approach of the Holland-Grand Haven foot ball game Saturday. A huge sign on the blackboard in the assembly room greets the students and inspires them to "Beat Holland" and the interest is at top notch.

Mass meeting will be held in the high school room Thursday and Friday afternoons and the pupils will have mastered several new songs for the game. A big booster parade will be held Friday evening and the game promises to be the best attended foot ball game played in Grand Haven in many a day.

The new high school athletic field will be rolled down Thursday or Friday in preparation for the contest and it is expected that the grounds will be in good shape for the contest.

MRS. VAN DUREN DOING A NOBLE WORK

Rural Schools, Can Get Prizes
Mrs. George J. Van Duren is doing a noble work. Ottawa county has been apportioned to her as the field where Xmas stamps will be sold, the proceeds to go to the Michigan Association for the Prevention of and Relief of Tuberculosis.

That this society is doing a noble work cannot be denied and that Mrs. Van Duren is the right person to handle the project here, goes without saying. The stickers that will be put upon the market can be placed on Christmas packages or letters, etc.

Not alone can the individual help the cause of tuberculosis prevention, but the pupils in the Rural schools of Ottawa county will be given prizes, in competitive contests, in which the first twelve country schools who turn in the most stickers will receive a beautiful MEADOW SPRING drinking fountain, to be placed in a convenient location in their school yard. The fountain is of a late design and sanitary in every particular.

Not alone will the rural schools have a chance to take part in the great work, but our city schools can also aid materially.

The Holland school by doing a certain amount of work in selling tuberculosis stamps will be able to receive instruction and lectures from a visiting nurse. The nurse will be sent by the state association free for one month. Her time will be devoted to instructing the school pupils how to live and to guard against dreaded disease. She will also go into homes in this city, where cases of consumption exist, giving helpful advice and teach the families how to live and treat the patient; also instructing them how to prevent the spreading of tuberculosis.

What better cause than this can our school children work for. They are ensuring themselves in their efforts, from the most dreaded disease known to the medical profession. This paper will aid this work with all its might.

IS LIKE ACTUAL DRAIN CASE

The hearing in circuit court in Grand Haven yesterday afternoon in regard to the Bass Creek drain case involving a drain that runs through four Ottawa county townships, has called to mind in many local readers of Arnold Mulder's novel, "The Dominie of Harlem" how firmly that book is based on actual conditions in this part of the state. It will be remembered by all who have read the book that much of the plot turns on the feud that arose over the digging of a drain. It was this feud that first started the split in the Harlem congregation which first brought the progressive young minister to grief.

The court controversy over the actual Ottawa County drain shows that that incident in the book was not a mere fabrication but that actual conditions are such that a community feud could easily be aroused such as is described in the novel. In this case the matter was taken into court for settlement, but it is easily conceivable that a case of this kind might have had angles to it such as are described in "The Dominie of Harlem", making it result in a neighborhood war.

Anyone who knows the rural Holland at all knows that intense passion can be stirred up among them about a line fence or a drain. There seems to be something about these two public farm utilities which farmers must own in common which make them specially full of possibilities for trouble; so much so that a public utility scrap in the city, like Holland's gas fight, has nothing much on it. The drain part of the plot of the is certainly evidence of a close knowledge of actual facts.

JOHN DUIVEN SENT TO DETROIT FOR 90 DAYS

John Duiven, formerly of Muskegon, and for the past five weeks employed at the Lambert Furniture factory, was arrested Monday by United States Marshal Whelan on the charge of having sent obscene post cards through the mails. Duiven was arrested on a bench warrant issued by the United States court. He was taken to Grand Rapids this afternoon by Marshal Whelan to appear in the United States court in that city.

John Duiven was sent to Detroit for 90 days and was severely scored by Judge Sessions who stated that he was disgusted, with a man of Duiven's age who would stoop to such low methods. Duiven sent obscene cards to his wife in Muskegon with whom he had a quarrel.

G. J. Diekema went to Grand Rapids this morning.

BOARD IS PROBING ON OWN HOOK

Grand Haven.—The Ottawa County Board of Supervisors are in an inquiring frame of mind at this session, as is indicated by the way in which they have stirred up official circles in the county. The first bomb burst, when Prosecuting Attorney Osterhaus sent a communication to the board stating that sheriff's officers failed to report the results of all investigations to the prosecutor, and to get that official's sanction before going ahead with such investigations.

The mild sensation caused by this action and the passage of an even stronger resolution by the board, had died down a little, when the discussion concerning the cutting of some of the sheriff's bills arose. The claim was made by certain members of the board, that the meals for the officers who were on duty during the Berlin fair were furnished free, while in the sheriff's bills for the fair service, the charges were made for meals.

This discussion was closed by the decision of the board to refer all bills for the attendance of the officers at the Berlin fair, back to the sheriff for correction.

The discussion over the presence of the officers at the Berlin fair led up to the discussion of affairs at Berlin during fair week, and the complaints as to the sale of liquor and the general disorder and rough house during that time.

All culminated in another mild sensation, when Supervisor Hatch of Tallmadge moved that the sheriff and prosecuting attorney be asked to appear and give their statements as to the alleged violations and disturbances at Berlin during fair week.

WILLIAM C. SHEPPARD OF GRAND RAPIDS TO MAKE ADDRESS HERE

Will Deliver Talk In City Hall Evening of October 29

Mr. William C. Sheppard for twenty-five years secretary and attorney of the Mutual Home and Savings Association of Grand Rapids has agreed to come to Holland on Wednesday evening Oct. 29th, to speak on "The Benefits of Loan Associations." The meeting will be held in the Court room of the City Hall and will be free to the public.

Very few people really understand what a loan association is, some seem to think it is only a place to borrow, but do not realize that they can deposit their savings and draw a good rate of interest.

Loan associations are absolutely safe, as they are under state inspection, and compelled to file reports the same as banks.

It is through the efforts of our local loan association, namely The Ottawa County Building and Loan Association, that Mr. Sheppard has agreed to give this talk and the services of a man with many years of experience in this line, to explain to the people of Holland everything pertaining to this kind of organizations.

It is expected that the meeting will be very interesting, especially to the working people of Holland.

REPORTS SHOWS IT WAS MOST SUCCESSFUL YEAR IN ASSOCIATION'S HISTORY

Many Permanent Improvements Have Been Made; Still Money In The Treasury

All but a few minor bills have been paid by the fair association in connection with the recent fair, and the treasurer's report shows that this year a profit of \$1,710.91 was made. This is perhaps the best showing of the South Ottawa and West Allegan Fair association since it was organized twenty-nine years ago. Out of this \$1,710.91 profit several permanent improvements were paid for. The sum of \$1253.14 was paid for the new barn that was built. The first installment of \$250.00 was paid for the new Getz building. In 1912 there was a short age, after all expenses had been paid, of \$103.50 and this debt was cleaned off the slate. And now there is a balance on hand of \$104.20 a neat nest egg with which to begin the plans for next year's fair.

Following is a complete statement of the receipts and disbursements of the association in connection with the fair this year:

Receipts

Gate Receipts:
7171 Adults Tickets 35c \$2,509.85

New Horse Barn 1,253.14
Payment on Getz Bldg 250.00
Balance Cash on Hand 104.27

Total \$5,432.41

In order to make some of the items of expenditure more clear to the public a few explanations are made. The advertising bill of \$177.80 is for bills, banners, cards, circulars, and labor connected with the distribution of the advertising matter all over the Ottawa County and part of Allegan county.

The bill for hay and feed, \$124.63, is explained by the fact that the association must furnish all food and bedding for the horses, cattle chickens and hogs exhibited at the fair.

The labor bill of \$287.68 is for repairing all the old buildings and fences, cleaning the grounds, breaking down old barns, cleaning buildings, and for watchmen and special policemen. This bill is exceptionally large this year because many permanent improvements have been made.

The note of \$103.50 was the amount the association fell short last year.

The interest of \$129.78 is on a mortgage of 2163.60 held by the First State Bank.

All the other items are sufficiently self explanatory so that no further comment is necessary. Anyone who ever who would like to verify all the items can do so by calling on the treasurer of the association, Ben Brouwer, who will gladly show bills and cancelled checks for all the amounts.

One fact worth remembering is that the directors do their work without pay. This makes the expense much less than it would other wise be.

Resolutions

Whereas we recognize the fact that Holland fair this year was for the first time in many years a signal success largely because of the efforts and liberality of Mr. George Getz, of the Lakewood Farm, who at his own expense made an exhibit at the fair—that was second to none of the exhibits at any of the fairs of the state;

Whereas Mr. Getz spent much time and money in making this exhibit the event of the fair, so much so that it will long be remembered by all who visited the fair, and since we feel that the fair would have missed much of its attraction if this exhibit had not been there;

Whereas especially we feel gratified at the spirit in which all this was done by Mr. Getz, namely in a spirit of patriotic interest in the South Ottawa and West Allegan Fair association and for the purpose of developing an intelligent interest in agriculture in this community.

Therefore, Be it resolved that the Board of Directors of the South Ottawa and West Allegan Fair association extend a hearty vote of thanks to Mr. Getz, by which to express, though all too inadequately, our appreciation and the appreciation of the thousands of people in this part of the state who take a personal interest in the success of the fair.

Be it Further Resolved, that a copy of these resolutions be spread upon the minutes of the association, a copy sent to Mr. Getz a copy sent to the newspapers of this city.

HOLD TWO OFFICES

Township Board Members Can Now Serve as School Officers

Township boards no longer have the right to remove school officers that power resting entirely in the hands of the superintendent of public instruction. As this change takes away the principal reason for the incompatibility of members of the township board and school boards Attorney General Grant Fellows rules that one person can hold offices on both boards. Thus the township clerk, supervisor and justice of peace can now also serve on the school boards. The offices of township treasurer and school district treasurer are still held to be incompatible, however. A township treasurer may serve as director, moderator or trustee of a school district, but not as its treasurer.

Frank Flint has filed a petition in bankruptcy with liabilities, \$4,000 and assets less than half that amount. This action was voluntary as he turned over some \$500 in cash. He tells us that his business was in good enough shape so that he could have continued for some time longer, but he could see the end would come sooner or later for he could not get in his collections.

It is a matter of satisfaction that all the fields newly sown with wheat are presenting a fine, healthy appearance. The extremely dry early autumn made sowing at the usual time impossible, but the very favorable weather since has placed the crop in excellent condition. Nowhere is there evidence of damage by the fly.

JAMESTOWN

Cement sidewalks in Jamestown that was what we needed and we are very grateful to our highway commissioner H. Vande Bunte, who was given authority last summer as the result of a petition to the town board, to spend \$100 which amount is the limit he may take out of the district road repair fund annually if he sees fit wherewith to lay and construct cement walks. The property owners abutting the sidewalk pay half and the other half of the expense comes out of the district road repair fund. A free-will subscription list was also started last summer which amounted to nearly \$100. This money is used to help some in front of church property, which is exempt from taxation. There were a few who refused to help the good thing alone and it is now understood that they will walk in the middle of the road, especially during the muddy seasons. The next important improvement we need is some efficient method of fire fighting. A chemical fire extinguisher has been suggested. Well, we hope none will be needed until we are equipped. The Dutchman says: "All goede dingen komen langzaam."

NOORDELOOS

Good Teeth—Good Health is the motto that Colgate & Co., is actively trying to instill into the children of our public schools. Through their kindness and generosity each child in our schools is again supplied with a small tube of Colgate's Ribbon Dental-Cream. To the scholar writing the best essay on "Teeth and their care" a large tube was awarded. In the Grammar Department Reka Van Wesep won the prize. The serious handicap of bad teeth in playing as well as in study will thus be greatly lessened by the practical help which Colgate & Co., is offering to the public schools.

Our schools are keenly alive to the means of obtaining knowledge outside of the schoolroom. This fact was clearly shown recently when Miss Jaarda took her pupils for a day of study to Lakewood Farm. Mr. Getz, the proprietor of the farm, showed his spirit of kindly co-operation and his big heartedness by sending his large auto truck to transport the children to and from his farm. Many lessons in geography nature study and agriculture were illustrated and thus made plain. The real treat for the visitors came off during the afternoon hours. Mr. Getz' costly shops were thrown wide open and monkeys, bears, guinea pigs, foxes, etc., afforded no end of amusement. A ride on the camel's back made oriental scenes seem real. Expense and labor were not saved by Mr. Getz and his employees to make the little ones happy and all returned home reporting that the best man excepting their paps, was Mr. Getz.

Novel Method of Revenge.

Jilted by her fiance, a young Paris dressmaker avenged herself on the young man recently by painting his face and hands with black varnish while he was asleep.

OLIVE TOWNSHIP

(For the Holland City News)

One of the most picturesque weddings ever solemnized in this community occurred at the home of Mr. and Mrs. F. Headley when their daughter Gertrude Estella was united in marriage to Mr. George Loveland on the evening of October 15.

The drawing room was beautifully decorated with autumn leaves and branches while white bridal wreath draped its feathery clusters over the windows and doorways. Vases filled with asters, dahlias, and other autumn flowers were strewn around the room contributing to the general effect. The bridal arch of white tulle and smilax was lavishly interspersed with gaily colored leaves and berries. Banks of ferns and gorgeous maple branches formed an effective background.

Promptly at 8:30 the strains of Loneshrin's wedding march announced the approach of the wedding party. Miss Laura Lamo carrying asters and strewing autumn leaves made a very charming flower girl. The bride was gowned in embroidered silk voile caught up with loops of lavender. She wore a bridal veil, and wreath of sweet elysium, and carried pink and white carnations. The bridesmaid, Miss Clara Van Vee of Grand Rapids, wore white organdy and also carried carnations. The groom was attended by Mr. Frank Headley. Reverend Luten also of Grand Rapids officiated.

After the ceremony an informal reception was held to enable the numerous friends of the young couple to offer their congratulations and good wishes. Mr. and Mrs. Loveland received many beautiful presents. Mrs. York of Chicago preided at the piano and furnished music during the evening. A solo was rendered by Mrs. B. Welton of Holland, and Miss Bessie Fellows entertained the company with several readings.

Dainty refreshments were served, the girl friends of the bride acting as waitresses. The autumn coloring was carried out in the dining room decorations which was trimmed with maple branches and vases of sweet elysium.

After a bridal trip to New York City the young couple will make their home at Racine, Wisconsin. Both of the young people are well known in this city and their numerous friends and acquaintances join in wishing them happiness.

DR. F. BROUWER SAYS SELLING MEAT OF DISEASED COWS IS OUTRAGEOUS

Declares That If Not Well Enough to Live—Meat Is Not Good Enough To Eat

Dr. F. Brouwer writes the following communication in regard to the selling of cows that has been condemned by the state because of tuberculosis and wish the News to public same in order to give it a wide circulation:

Editor of the News:— Infected cattle not good enough to live, but good enough for citizens of Holland to eat! Did you ever hear of such a proposition. It was stated in your paper recently that the cattle on the Van Kampen farm were infected bad enough so that the milk from these animals was dangerous to use. Now just stop and think. Milk infectious but meat good enough to eat. I would like to tell you right now, that cattle shot full of tuberculosis on Monday night, the thirteenth of October, a rise in temperature on the fourteenth, the next day, of probably 102 or 105 degrees, in what condition would these cattle be early the fifteenth—or even the next day? In the condition they were in when they were killed to be put on the market for us to eat. In my opinion they should by all means have waited a week or more and gotten the systems of those animals cleaned out and then at that, there is not a person in Holland that would eat condemned meat if they knew it. They also tell you that part of the meat was destroyed. I personally saw the beef after the inspector had gone and was all through with it and it had been hung up ready to be taken away. And not one pound of the meat had been destroyed. It was all there, all but the internal organs and liver. They had that all cut up so that it had to be destroyed. Now if this meat was good and first class, why does the owner sell this meat way below cost? This meat was to be sold right here in town, but whether it was, I don't know, and it is none of my business.

Dr. F. Brouwer.

BORCULO

The marriage of Ralph Steigenga, son of Mr. and Mrs. Jacob Steigenga of Borculo and Winnie Dye, daughter of Mr. and Mrs. John Dye took place yesterday afternoon at the home of the bride's parents in North Blendon. A large reception was given last evening. The young couple will occupy the old Steigenga home—stead three miles northeast of Borculo.

How Bad Backs Have Been Made Strong—Kidney Pills Corrected

All over Holland you hear it. Doan's Kidney Pills are keeping up the good work. Holland people are telling about it—telling of bad backs made sound again. You can believe the testimony of your own townspeople. They tell it for the benefit of you who are suffering. If your back aches, if you feel lame, sore and miserable, if the kidneys act too frequently, or passage are painful, scanty and off color, use Doan's Kidney Pills, the remedy that has helped so many of your friends and neighbors. Follow this Holland citizen's advice and give Doan's a chance to do the same for you.

Thomas Boven, 151 W. Fourteenth St., Holland, Mich., says: "I suffered from backache and had trouble from irregular passage of the kidney secretions. Doan's Kidney Pills cured me. During the past few years I have enjoyed complete freedom from kidney trouble. I cheerfully verify my former endorsement of this remedy."

If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Boven had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo N. Y.—Adv.

ROAD COMMISSIONERS MAKE REPORT TO THE SUPERVISORS

Give Account of the Money Spent And of Work Done On the Various Roads

The report of the Ottawa County Road commission was the principal business considered Monday afternoon at the meeting of the board of supervisors. The report gave the total amount received by the commission up to date as \$132,22.45 and the total disbursement of the good roads fund up to October 1, 1913 as \$130,268.32. This left a balance Oct. 1, 1913 of \$2,454.13.

The commissioners gave a detailed report of the work on the roads of Ottawa county up to the present time, showing just what has been done on the Ottawa county roads project. The list of the condition of the work on the various roads is as follows:

Leonard Street road, Tallmadge township—one mile completed except rolling.

Is Entitled To Our Trade

"I believe the home merchants are entitled to our trade when the prices are as reasonable. I think it is a wrong principle to send away for the goods that can be bought as well at home," said a farmer to the editor the other day. It sounds good to hear men argue the justice of this matter. The local business man and the farmer's interests are mutual: neither one can succeed in the full sense without the other. The merchant must sell at honest margins of profit and when he does this he is entitled to the trade of his community.

GRAND RAPIDS HERALD TELLS ABOUT WORK OF H. UDEN MASMAN.

The Grand Rapids Herald this morning printed a cut of H. Uden Masman at his editorial desk in De Grondwet office. The story that accompanied the cut follows:

"Holland, Mich., Oct. 17.—Henry Uden Masman, the 73 years of age, is probably the most active newspaper man in the county. He is daily seen at his desk in the office of 'De Grondwet,' which is the largest Dutch Weekly in the United States and has circulated in 39 states of the Union for over 50 years. He translates and writes all the reading matter that goes into this paper and it all has to be set by hand. He is as strong and healthy as when a boy. Mr. Masman was born April 21, 1840 at Kampen, Province of Overisel, in the Netherlands. He has studied many of the foreign languages and reads them very fluently. He is a graduate of the University of Groningen, Netherlands and is very highly educated. Languages, histories and philosophy have always been and still are, his favorite studies.

"In 1882, Mr. Masman came to America through the influence of prominent men of Chicago, who induced him to start a Dutch paper

which he did. He called the paper the 'Netherlander' and published it for about 12 years, after which he became editor of another Dutch paper in Chicago, called the 'Toekomst' which position he held until eight years ago, when he became editor of 'De Grondwet' which publication he is still serving very ably.

The schedule of the Graham & Morton line has been changed, the summer season being considered over and the fall schedule now in force. This will mean that the steamers of the line will make their trips to Chicago by way of St. Joseph, instead of by a direct route. The boats will leave Holland from now on at 8:15 in the evening instead of at 9:30, as has been the custom during the summer months.

As the stormy season approaches passenger traffic on the lake is falling off. There is however still a very brisk freight traffic. The boats will continue to run as long as the weather permits, which may be till the latter part of November, depending on whether the winter is an early one or not.

FATHER AND SON ARE ACCUSED OF MAKING STATEMENT THAT WAS NOT TRUE

Warrants were issued by Prosecutor Phelps Saturday for the arrests of J. A. J. Van Zoren and his son, Albert Van Zoren, Grand Rapids, on the charge of swearing falsely to a statement in order to secure credit. The complaint is made by W. B. Holden of the Grand Rapids Dry Goods company, who the particular offense is alleged to have been committed against A. Krolik & Co., an outside concern. It is alleged that the Van Zorens' made a statement to the effect that they were something like \$1600 to the good, while as a matter of fact they were insolvent to the extent of almost \$2,600. The respondents were engaged in the conduct of a dry goods business on Plainfield avenue, N. E., when they became involved in financial troubles. Proceedings were brought in the bankruptcy court and subsequently warrants were issued against them charging them with a violation of the federal law by sending the alleged false statement thru the mails. Judge Sessions dismissed the case against the respondents on the grounds that the court did not have jurisdiction.

The Van Zorens are well known in this city the father having served three terms in the Michigan legislature.

MOTORS ARE BEING INSTALLED THROUGH FACTORY NO 3 OF WEST MICH. FURNITURE FACTORY

Is Innovation That May Cause Them To Be Installed Throughout Entire Factory

Taking advantage of the No. 3 factory of the West Michigan Furniture factory being closed down while a new smoke stack is being put in place, the management is at work installing electric motors for each machine in the No. 3 factory, thus doing away with steam power in this building. It also does away with belts and shafts, giving more room to the workers and it also makes the factory cleaner and quieter. The motors are operated from the plant's main power station on Seventh St., where a new 125 K. W. generator has been installed. This generator will furnish lighting for the plant and power for the machinery.

The running of machinery is an innovation in the furniture industry, very few factories as yet having tried it out. The motors do not make nearly as much dirt, dust and noise, as the belts and steam engines. This makes it much more pleasant for the workers and less dangerous. If the plan works out as expected motors will probably be installed for every machine in the factory sometime in the future.

The work is now completed and the factory will start up again tomorrow.

ELEVEN OF KNIGHTS OF PYRAMIDS WANT TO PLAY HOPE

Want to Give Local Collegians a Chance to Play Practice Game Against Beef.

Here is something that will make the followers of foot ball in Holland sit up and take notice. The Knights of the Pyramids have organized a football team and they have come out with a challenge to the Hope College team to play a game on Saturday afternoon, November 1.

The team has not played before and they are not making any blow about what they are going to do or can do. They modestly offer themselves to the Hope college eleven so that the latter can practice against beef, for of that the new team has a superabundance. The average weight of the team is 186 pounds and one of the players tips the scales at 240.

Every one of the new eleven has played before in various teams throughout the country. Though they have not yet developed a strong machine, the individual parts are in mighty good shape and they know most of the kinks in the game. Captain J. B. Carlson is a veteran and Coach George Melin and Trainer Mitchell are all old hands at the game.

Following is the lineup of the new team: Peters, re., 184 pounds; Boer, rt., 180 lbs.; Green, rg., 175 lbs.; W. Halley, c., 230 lbs.; Krolik, lg., 175; Souter, lf., 180; B. Bontekoe, le., 210; Carlson, qb., 190; J. Wierda, rh., 183; Vereke, lh., 172; Korose, fb., 175; Geo. Melin, coach; substitutes, (trainer) Mitchell, J. Bontekoe, 185; H. Steffens, 190; Schillea 185; Costello, 240; Enstrom, 200.

Saugatuck Now Well Connected By Holland Interurban

After nearly six months' work the Holland Interurban company has now practically completed the new cut-off from the main line at Jenison Park to the Saugatuck line and will soon be ready to make the change which will put Saugatuck on the main line instead of a branch.

Working men have already started in moving the rail from the old line to the new and that it will not take more than two weeks to make the entire change.

During that time the Interurban company will only run the Saugatuck cars as far as Knolls and buses will take passengers across to the main line.

As soon as this line is completed the Grand Rapids cars will give the Saugatuck people service.

This means more to Saugatuck than a casual observer might think, for there is a vast difference between being on the main line and being on a branch. The through car service to Grand Rapids will be a great thing to the traveling public and the new cars which have recently been purchased by the company will be available for patrons from this end of the line.

Jennie Gruppen Becomes Bride Of Benjamin Schout

MEN BROUGHT BEFORE JUSTICE ROBINSON.

All Pledged Guilty to Hunting in Ottawa County Without Licenses

State Game and Fish Warden F. B. Salisbury of Grand Haven, Deputy Sheriff Delbert Fordney and Deputy Sheriff Guy Noordhouse brought three men and two boys all of Grand Rapids, before Justice Robinson this morning and lodged complaints against them of hunting outside of their own county without a license.

[They were all arrested in Ottawa county in the vicinity of Jenison, Sunday and brought to Holland on Tuesday for trial. In all the cases when the men were first hailed by the officers when they were doing the shooting, the men told the officers not knowing who they were how many birds they were getting and bragged of their success as hunters.

When arraigned before Justice Robinson they all pleaded guilty to the charge.

Richard Van Leenever, paid the costs amounting to \$8.95 and was released.

Frank Dubendorck and William Shay, are charged with not having given a straight story to the officers and being too sassy about it. They caused the officers a great deal of trouble in making the arrests and were both fined \$10 and costs, of \$9.75 respectively. They paid and were released.

Two boys, about 17 years old, who gave their names as Irving Clark and Lawrence Polardyke, were sentenced to pay the costs, but sentence was suspended as the boys are sons of poor parents and it would be a great drain on their income to pay \$9 for court fees. One boy broke down, saying that he would have to take the jail sentence of 15 days as he could not raise the money. The justice gave the boys a strong lecture and they left with promises to be good in the future and never try to 'act smart' again.

THE REV. W. J. VAN KERSEN GIVES FINE ADDRESS ON "AS THE TWIG IS BENT."

Parents-Teachers' Club of Van Raalte Avenue School Holds An Inspiring Meeting.

The meeting of the Van Raalte Avenue Parents-Teachers' club which was held Friday evening was a decided success. Nearly 100 people gathered in the class room and all seemed to enjoy the program and the social hour which followed.

The president, Miss Minnie Smith being out of the city, Miss Fern Merck presided. The usual order of business was followed by two musical numbers—a cycle of songs by 16 5th grade boys and girls and a piano duet by the Misses Hermine Ithman and Jennie Karsten.

The speaker of the evening, the Rev. W. J. VanKersen was then introduced. His subject was "As the Twig is Bent" and the speaker handled it well. His splendid delivery and well chosen words held the attention of his hearers during his 30 minute address. He likened the little child tender and pliable, to the twig and told of the wonderful possibilities for fruitfulness in its life. In part he said that as the growing child is tender and unacquainted with the meaning of life much depended upon the training received during this flexible period for if not bent in the right direction the life will be a curse. Children do not naturally bend in the right direction. There is some Adam in all of them. Their thoughts need to be directed that they may be pure, their affections need to be directed that they may be centered on the good and their wills need direction that they may do what is noble and true and the aim of all this is that they may have good characters.

The first responsibility lies with the parents. They are responsible for the moral and religious training of the children. Later the teacher assumes part of the responsibility. The highest aim of education should be the discipline of the mind and heart, strengthening the powers and faculties of mind in all things that are good and desirable.

In closing the speaker urged the parents and teachers to hold right ideals before the children that they may acquire habits of diligence and cultivate a taste for the good, the high and the noble and he admonished them to proceed with a recognition of the nature of the child.

Mr. VanKersen's address was well received and a discussion of the subject followed. Supt. Fell led the discussion and he admonished the parents not only to direct their children but to follow them. When they become interested in a certain line the parents should lend them their aid and interest. He gave some very pleasing incidents which aptly illustrated the thought.

During the "get acquainted" social hour which followed, the social committee served coffee and doughnuts.

CASE FOR STRAATMAN'S CHILDREN.

The applicant was given a verdict of the full amount which can be awarded under the Workingman's Act by the committee of arbitration, in the case of John Van Til, as guardian of the minor children of John Straatman vs. Dyke & Oosting, contractor, and the Prudential Casualty Co., of Indianapolis. The case was tried Friday in the city hall.

The case lasted all day and many points of interest in regard to the Compensation were thrashed out. Twelve witnesses were called to the stand, but no one testified to seeing the fall. The Insurance Co., claimed Straatman had an epileptic fit when he fell, but this could not be proved. The attorneys for the applicant contended that he did not have a fit and also contended that it made no difference whether he had or not. He would be entitled to compensation just the same, they claimed.

The committee granted Mr. Van Til as guardian of Anna Straatman, \$6.49 per week for a period of 300 weeks, which with hospital, doctor's and nurses' bills, which were allowed by the committee, amounted to approximately \$2,000.

The committee was composed of A. Reaves of the State Industrial Board, Chris Nibbelink, chosen by the Casualty Co. and Luke Lugers, chosen by the applicant.

Attorneys Visscher & Robinson represented the applicant. Att. A. Van Duren and Mr. Youngs of the Insurance Co., handled the case for the defendant.

This is the first case of this kind ever tried in Holland and it is also the first time a case involving so large amount of money has been tried here.

The case aroused state wide interest among the Insurance companies, contractors and attorneys.

HOLLAND WOMAN NOW HEADS WOMEN'S MISSIONARY UNION

The fifteenth annual conference of the Women's Missionary Union of the Classis, Holland, Grand river and Michigan, of the Reformed church, was held Thursday in the Third Reformed church in Grand Rapids. An enormous crowd attended the conference including delegates from Michigan and missionaries from all parts of the world and prominent representatives from the mission boards of the denomination in New York city. At the morning session greetings were heard from the missionaries of the foreign and domestic fields.

At the afternoon session, Mrs. Walter C. Roe spoke of the work carried on among the Indians of Oklahoma. She especially emphasized that the government was doing a great wrong in forcing the Indians to move from one place to the other so that it was impossible for them to have a permanent dwelling place. Miss Oliva H. Lawrence, secretary of the foreign mission board of the Reformed Church of America at New York city, spoke on the mission work which was carried on by the denomination all over the world. Miss Nellie Zwemer, formerly of Holland, Mich., and now at Amoy, China related many incidents of the work carried on among the Chinese.

Anthony Walvoord, an educational worker from Japan, spoke on "The Need and Opportunity of Japan."

The conference closed last night when a public meeting was held in the church. Rev. J. Kruidenier who is working under the Presbyterian board at Cairo, Egypt, but who at the same time is prominently connected with the Reformed church, spoke on the work carried on in Northern Africa. Mr. Kruidenier was formerly a resident of Holland. A stereopticon lecture was given by Mrs. John S. Allen secretary of the home mission board of the Reformed church of America of New York city on the mission work carried on in America.

The officers elected for the ensuing year were: President, Mrs. C. Van Raalte Gilmore, of Holland; first vice president, Mrs. Albert Van den Berg, of Grand Rapids; second vice president, Mrs. Henry E. Lange, of Muskegon; third vice president, Mrs. Martin Filipe of Holland; secretary, Jennie Kremers, of Holland; and treasurer Mrs. B. Cooper of Kalamazoo.

It was decided to hold the next annual meeting in the First Reformed church of Grand Haven.

Among the missionaries and workers who attended the conference were; Mrs. Walter Roe of Colony Okla.; Dr. J. Kruidenier, of Cairo, Egypt; Miss Oliva Lawrence of New York city; Mrs. A. Oltmans of Japan; Mrs. John S. Allen of New York City; Miss Nellie Zwemer of Amoy, China; Mrs. A. De Pree of China; Mrs. J. Van Westen Berg, Home missionary of the Reformed church in Michigan, and Rev. W. J. Van Kersen, the Western District secretary of the denomination.

Avoid Sedative Cough Medicines

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codeine morphine, heroin, and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the suture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. The first meeting of the Parents-Teachers Club of the Columbia Ave. school was held Thursday afternoon. The special purpose of the gathering was to give the parents and the new teachers an opportunity to become acquainted. A short but very fine program was rendered in which Miss Baines and Miss Mouma took part, the balance of the program being Victrola music.

Carl Peterson of Spring Lake township raised 52 bushels of monster potatoes on his Ferrysburg farm this season, which are attracting the attention of all of the dealers to whom he has shown samples. Some of the potatoes in the bushel he brought to town weigh a pound and a quarter, and many of them run over a pound. The seed potatoes from which they were raised were imported from Ottawa, Canada by Mr. Peterson. A squash raised by the same grower weighed 28 pounds.

Mrs. Frank Beekhuis, aged 80, died Tuesday at her home in Olive township. She is survived by a husband, one daughter, Mrs. Barnes of this city and one son. The case against Mrs. Elizabeth Gilmore, charged with using indecent and profane language, was dismissed Tuesday when it came up for trial in the city hall. The case did not come up for trial at all, the authorities being satisfied that there was no evidence against the woman. Att. F. T. Miles appeared for Mrs. Gilmore while Prosecuting Attorney Louis H. Osterhaus was in the city to handle the case for the people.

He furnished bonds and was released pending trial.

Henry Van Doesburg was arrested Tuesday charged with being intoxicated. He was lodged in the city jail. When arraigned this morning before Justice Sooy he pleaded guilty to the charge and was sentenced to pay a fine of \$10 and costs or spend 20 days in the county jail. Sentence was suspended with the understanding that he leave the city within 24 hours and stay away from here for six months. He promised to leave, saying that he was going to his brother in Ohio.

HOPE LOSES, 25-0

Kazoo Collegians Plow Through Line Early For Touchdowns

Holland, Mich., Oct. 18.—Lack of practice was responsible for Hope college falling before Kalamazoo here Saturday by a score of 25 to 0. Three times during the first quarter Kalamazoo ploughed through the local boys' weak defense for touch downs, but after they awakened sufficiently to strengthen the line the opponents could score only by luck. Kalamazoo's fourth and last touchdown came when one of their men fell on a blocked punt behind Hope's line.

After the brace taken in the second quarter, Hope forced Kalamazoo to its 10-yard line several times, but was unable to get the ball across. Walker of Kalamazoo and Vinker of Hope were the best ground-gainers. Kalamazoo's line proved much stronger on offense, but for speed and general ability Hope's ends out did their rivals. The officials were Bennett, Kalamazoo, referee; Coach Mather of Kalamazoo, umpire.

For the privilege of removing these fish from the two lakes and selling them to canneries he paid the state \$2,600 last year, bidding against William O'Connell of Spring Lake and several others who were after the contract.

C. K. Hoyt and Frank Salisbury of the state game department arrived to see the beginning of the work and watch out for violations.

THE REV. A. J. RUS ACCEPTS A CALL EXTENDED BY PROSPECT PARK CONGREGATION

The consistory of the Prospect Park Christian Reformed church this morning received notice that the Rev. A. J. Rus pastor of the Christian Reformed church of Byron Centre, Mich., has accepted the call extended to him by the local congregation. The Prospect Park church has been remarkably successful in securing a pastor since the vacancy. The Rev. Mr. Kuiper left the church only a very short time ago, and the congregation immediately issued a call to the Byron Center pastor. The announcement of the success of this call was announced to the congregation Sunday.

CENTENNIAL PARK SQUIRRELS ESCAPE

Six of the squirrels held in the wire cages in Centennial park have made their escape and five of them are still in the open, only one having been recaptured. Since the escape of the little animals the park commissioner has found that the squirrels do not seem disposed to leave the city, but are willing to stay around here. For that reason no further attempts will be made to recapture them, although it would be comparatively easy, in view of the fact that the squirrels have become quite thoroughly domesticated and are no longer much afraid of people.

Two of them have taken advantage of their liberty to build a nest in an elm tree next to Nibbelink's barn and there they are making preparations for the winter by storing their little home with nuts. Others of the quintet now in the open have found other places to stay and none of them seems suffering.

Park Commissioner Kooyers said today that if the squirrels will stay about town it is much better to have them at liberty than in a cage. The plan was anyway to let them go after a time. Mr. Kooyers however, asks that the people let the little animals alone. They are not to be molested in any way and are not to be chased or captured. Anyone who captures them is liable to get into trouble with the park authorities and neither are they to be molested in any way.

Persons who wish to feed them are at perfect liberty to do so, however, since the squirrels are perfectly unafraid, as they are in Ann Arbor and other places where every man, woman and child protects them from harm in every possible way.

Minutes Mean Dollars IN TREATING ANIMALS

Doubtless you know the danger of delayed treatment of colic and other diseases. You also realize that wrongly applied remedies are often worse than no treatment at all. In other words, not to diagnose disease accurately may prove fatal. Every owner should be able to recognize an ailment and give prompt treatment at the first symptoms. Prompt action is the great secret of treating horses.

Minutes mean dollars. Of course proper treatment is always necessary. That is just how Humphreys' 100 page Veterinary Manual will prove so valuable to you. It is by V. Humphreys, M.D., V.S., and teaches how to diagnose and give proper treatment. This book will save you hundreds of dollars and costs you nothing. It will be sent absolutely free on request to any farmer in order to introduce Humphreys' Veterinary Remedies. Remember, it is absolutely free. You do not have to order any remedies to secure the book. Address, Humphreys' Homeopathic Medicine Company, 124 William Street, New York City. This is a splendid opportunity to obtain a veterinary treatise that you should have in your library. As a reference work you will find it invaluable. To have it in the time of need will be worth many dollars, whereas it will cost you but a post card by writing for it now.

FIRST NUMBER OF LECTURE COURSE A SUCCESS

The opening number of the Hope College Lecture course in Carnegie hall Monday night was one of the most successful in the history of the course. Mme. Scotney, the star member of the company, was all that she was advertised as being and she far surpassed expectations. Mme. Scotney proved to be one of the ablest singers who ever appeared in Holland, and each time she appeared she succeeded in surprising the audience with the matchless power of a rich voice exceedingly well cultivated, so that after the final number had been given, the impression was left of much reserve power that had not been brought into play. Her personality too, was charming, and she won her audience immediately. Throughout the concert, she was compelled to respond to encores again and again. At one time the audience called her back five times, which is no small triumph, because audiences in Holland are not easily carried away. Mme. Scotney's selection of songs was wide, but she was equally well at home in Verdi's "La Traviata" and in "Comin' Thro' the Ry" and "The Last Rose of Summer."

Howard White, the Basso, also scored a triumph with the audience last night. He was called back almost as often as Mme. Scotney and he had his audience from the first to the last, so that they loudly applauded for more after his final appearance.

Karl Barleben gave a number of very fine violin selections and he also was compelled to respond to encores every time he appeared. Frank Waller, the accompanist and pianist, did not appear alone in a number, but his work was very high class, and Mme. Scotney beautifully showed her appreciation of it when she gracefully included him in receiving the applause after one of her songs.

ENTERTAIN D. A. R. AT BEACH HOUSE

The first meeting of the Elizabeth Schuyler Hamilton Chapter, D. A. R. was held at the home of Miss Myrtle Beach Thursday afternoon. Notwithstanding the rain many daughters came out and enjoyed a very pleasant afternoon.

Mrs. P. Burkholder's resignation as Regent of the Chapter was read and accepted with deepest regrets. Mrs. F. C. Hall was the unanimous choice of the Daughters to fill the unexpired term as regent left vacant by Mrs. Burkholder and family moving from Holland.

The new year books were distributed and fine programs are planned for the coming year. The board of directors are working to promote closer fellowship and greater co-operation in the chapter and hope that the daughters will make an effort to attend every meeting.

Mrs. F. C. Hall was the delegate to the 13th annual conference of the D. A. R. which was held Oct. 8 and 9 at Port Huron, Mich. Mrs. Hall's report was full of interest from the first to the last. She stated that when the first ship sails thru the Panama canal, this ship will bear a flag of peace given by the Daughters of the Revolution, each chapter in the United States contributing to the piece flag.

Mrs. Hall spoke of a very impressive ceremony recently held in Washington, when the 13 original states each presented a root of ivy, one for each of the 13 columns of the portico of Continental Memorial Hall. The ivy from Michigan was presented by Mrs. Elizabeth Rathbun.

Mrs. Hall was honored by being appointed by the board of election, as first teller for election of state officers.

A special feature of the afternoon was two vocal solos by Mrs. John Teiling. Following the program delicious refreshments were served by the hostess.

The Adelpic Y. M. C. A. of the Western Seminary met Tuesday at the home of Dr. and Mrs. E. J. Blekkink. Devotions were in charge of J. Bovenkerk of the Junior class. Raymond Meengs of the Middle class read a paper on "The Problem of the Fourth Gospel."

Coats That Will Turn the Edge of Winter's Chill, and Yet That Are Stylish . . .

YOU know it is easy to make a coat that is warm, but it is not so easy to make a coat that is warm and have it stylish as well. You've seen many a friend of yours bundled up in a coat that looked cozy and warm, but did not by any means look stylish.

The manufacturers of our coats have solved the problem of tailoring heavy looking materials, so that they retain the slim, slender silhouette that this season's fashions so earnestly demands, and the wide range of materials in various weights gives you such a large assortment to select from, that you will have no trouble to find just the coat you want.

All we want you to do is to visit this department—try on some garments and the mirror will tell the story of whether they fit or not, and your own good judgment of values will tell you that our cloaks are the garments for you to buy, especially when you know that they are guaranteed for two full season's wear.

The invitations to the entertainment were in the form of maple leaves, and this effect was conspicuous in all the arrangements. Gorgeous—hued leaves were used effectively about the rooms; the mantel, banked with branches in variegated colors, scarlet sage added a brilliant note, the score cards were hand painted maple leaves, and in the refreshments, maple ice and sandwiches shaped like maple leaves, carried out this feature. Neal Ball, Holland's crack pitcher, pitched into the greatest game of his life last Monday evening when he and Miss Maud Clark, of this city, were united in marriage. Mrs. Ball is one of Holland's popular young ladies. She is the daughter of Mr. and Mrs. Geo. E. Clark, her father being manager of the Wolverine Boat Works. ANOTHER DROP FOR SUGAR

In further demonstration of the effect of beet sugar on the American market, we note within the last few days that the New York net cash price has now declined to \$4.07 per 100 pounds and that the decline since the beet product came into the field, September 29, has been 55 cents per 100 pounds, a little more than half a cent a pound.

It has been suggested that this reduction might be due to other causes than competition, that the lessened demand toward the end of the fruit canning season might account for it. Some other factors will dispose of this point.

Recent quotations on raw sugar in New York were \$3.48, leaving a margin for the cane refiners in the selling price of only 59 cents per 100 pounds. Before the beet sugar last month appeared the margin was \$1.01 per 100 pounds. In other words, the cane refiners were forced to meet the domestic competition by giving up part of their profits. Furthermore, most of the sugar now on the market was made from raws in hand 60 days ago or more, when they cost a considerably higher figure than at this time. If anybody thinks that the sugar trust is meeting competition by this means he has a faith in the generosity of that concern that is too firm to be shaken by logic.

Before beet sugar was known in this country the refiners' margin used to be \$1.25. Nowadays it is \$1 except when the beet product is forcing it down, when it is cut to 59 cents. The question for consideration is whether this margin will be maintained voluntarily at the 59-cent level of this week after the tariff has destroyed the beet industry, or whether the cane refiners will resume their larger profits of the days when they had no competition.

HOLLAND PLANS TO JOIN THE BUERAU

City's Business Men Want to Be Boosted Like the Rest of the Towns.

An attempt is being made by the business men of this city to have Ottawa county boomed by the Western Michigan Development bureau.

They have decided to send a communication to the Ottawa county board of supervisors, recommending that the board contribute \$200 to the bureau to help carry on the advertising campaign and other legitimate work the development bureau is organized to do.

Ottawa county has been on the fence in regards to membership in this bureau for several years and it is thought the action of the Holland business men will do much toward having the county join.

WATER SUPPLY IS PROBLEM

Holland Fears Pipes Will Have to Be Laid to Lake Michigan

The water question in this city has taken on a serious aspect. All efforts made by the board of public works to locate a suitable well to furnish water to this city have proven fruitless.

All the country between Holland and Macatawa park has been explored without any satisfactory results and now plans are being made to sink wells under the hills, along Lake Michigan's shore.

If satisfactory results are not gained from this source it is feared that Holland will either have to pipe to Lake Michigan for the city water or put in a system of double mains as the present supply is very limited.

MINERS ARE BEING ARRESTED

Grand Haven Tribune—The saloon ordinance, regarding the sale of liquor to minors is being enforced as strictly as possible. A local young man who had not reached his majority was arrested last week under the provision which forbids a minor entering a saloon and asking for liquor. A complaint was made against the young man who is alleged to have entered two different saloons in the city and asked for liquor. He appeared in justice court and paid a fine of \$5 and costs. It is announced by the local officers that other arrests will be made immediately following information as to like violations of the ordinance.

DOES NOT MEAN TO BE RADICAL

Prosecutor Osterhaus Says He Only Wants Cases Reported To Him

Prosecuting Attorney Louis Osterhaus has sent a letter to the sheriff and his men which rather mitigates the objectionable language of the resolution drawn up and passed by board of supervisors last week, following a hearing of the prosecutor's report.

In his letter the prosecutor states that he does not necessarily mean that they shall consult him in matters requiring urgent attention, but that they report to him following the apprehension of the criminal and tell him the circumstances surrounding the case.

After the humiliation of the previous resolution, the sheriff was undecided as to whether to take it as a proclamation of the good will of the prosecuting attorney or other wise. He was seriously considering beginning a slander suit on account of insinuations he alleges the prosecutor made with regard to money left with Holland attorneys by the Chicago Tribune.

The Chicago publication left \$50 with the legal firm in Holland to pay the sheriff's expenses in rounding up Detectives Carlin and Flannigan of District Attorney Hoyne's staff for their abduction of Charles Schartenberg, a photographer in the employ of the Tribune.

The sheriff was unaware of the deposit and entered a bill for his expenses to the supervisors. Osterhaus knew the money had been left there by the Tribune, and according to a friendly letter to the sheriff the latter had pocketed the \$50.

However both Mr. Osterhaus and the sheriff have practically kissed and made up. The prosecutor writing a friendly letter to the sheriff in which he explains in detail his contentions in writing and from all reports Mr. Dykhuis has come half way and the two offices are now working harmoniously.

WIND UP OF HOLLAND BANKRUPT

In the matter of the Dearborn Corporation, bankrupt, of Holland, the report of Daniel Tencate, trustee, of sale of the assets of said estate to the Holland Printing Co., for \$1,525.00 was considered. The trustee reported a new bid for such assets of \$2,275.00 from W. R. Cardy, of Chicago, and the trustee was directed and authorized to consummate such sale to W. R. Cardy; the sale to the Holland Printing Co., being not confined.

A voluntary petition was filed Charley F. M. Larsen, of Holland, and in the absence of Judge Sessions the order of adjudication was made by Referee Wicks. An order was also made by the referee calling the first meeting of creditors to be held at his office on Oct. 24, for the purpose of electing a trustee, if desired, proving claims, examining the bankrupt, etc. The only asset scheduled by the bankrupt is certain accounts receivable of the face value of \$49.95.

SEE WILD GEESE AND HEAR THEM HONK

Officers on the ferry Grand Haven report sighting several big flocks of wild geese, flying south, recently. While leaving this port Wednesday morning, several flocks of wild geese passed the steamer going south. Officers of the steamer declare that they never saw so many geese in a flock and so many flocks of the wild birds. Some of the geese flew high and many of them were just skimming the water. Their honking could be heard at a great distance.—Grand Haven Tribune.

TENDENCY AT MACATAWA

PARK IS TO COME EARLIER AND STAY LATER

"The fame of the Black lake resorts is based upon their popularity as summer resorts, and many think that except during the summer season these places are deserted," said Charles A. Floyd of the Holland interurban yesterday morning. "The fact of the matter is, however, that in recent years the people have been going to these resorts earlier in the season each year and staying later until they have become almost year around places.

April and May are two of the most charming months of the early season for the resorts, with budding vegetation and the spring flowers, and people are now moving into their cottages either to stay or for week ends, long before the snow is off the ground. In the fall, gorgeous with autumn colors, September, October and well in November are beautiful months and many cottage owners prefer them to the crowded midsummer.

At Macatawa park a water tank double the capacity of the old is being built and all the water mains are being put under ground to permit of their winter use. The grocery store is still open, and the ice man and the milk man make their daily rounds now as they did in the summer. The electric current is still on and the interurban cars make their regular trips. Many of the cottages are made for year around use. They are plastered and have furnaces and fire places and the owners can be comfortable no matter what the weather may be.

Cottage owners often prefer to live in the city in the winter, but even when the snow is deepest it is not unusual for cottages to be occupied for the week-end and interurban parties are popular with the young people. The lake shore is cooler in summer and warmer in winter than at inland points. This is helping to make the resort seasons almost continuous instead of merely a few months in the summer."

HUNDRED AND SEVENTY-FIVE DOLLARS NEEDED FOR THE KAISER MONUMENT

The persons who have interested themselves in collecting a fund with which to purchase a monument to mark the grave of Clifford Kaiser, estimated that a hundred and seventy-five dollars will be needed for this purpose. It is believed that a substantial monument can be obtained for this amount on which can be inscribed the fact that Kaiser gave his life to save another from drowning.

So far the response has been rather discouraging. During the first few days after the tragedy \$49 was collected in the three banks. But very soon people lost interest and since then nothing has been added to the fund, so that the amount is still only \$49. This amount is entirely too small for any kind of a monument, and unless more is added, the plans for showing appreciation of Mr. Kaiser's act will fall through. Donations can be handed in at any one of the banks.
