STUDENTS AGAIN TO WORK FOR CASH AND HONOR

MANY PRIZES ARE TO BE GIVEN THIS YEAR AT HOPE COLLEGE

This year, as usual, a number of college students will be competing for the annual prizes that are to be awarded for efforts in literature, forensics, oratory, and in Biblical study.

The awards are as follows: The George Birkhoff Jr. English Prize, subject "James Russell Lowell, Poet and Critic." This contest is for the Juniors only; also a George Birkhoff Jr. Dutch prize, open to Seniors, subject for this year, "De Synode van Dordrecht."

Mrs. Samuel Sloan Mission prize, subject, "The Values of Medical Missions." This contest is open to all in the college department.

Henry Bosch first and second prizes, based upon an examination in English Grammar and Orthography, open to all members of the C class.

The Dr. J. Ackeman Coles' debating prize, subject and method of debate—not limited in any way, but subject to the general control of the faculty.

Van Zwailuenburg Domestic Missions prize, subject, "Domestic Missions as a national asset," open to all students of the college.

The Coopersville Men's Adult Bible Class prize for the Department of Biblical Literature to be awarded to that student of the Sophomore class who shall write the best essay on a Biblical subject assigned by the professor in charge of the department.

Daniel C. Steketee prize for meritorious work in the department of Biblical Literature, subject, "The Superiorities of Christianity When compared with Other Great Ethic Religions."

In addition to these there are also prizes known as the John Plasma Memorial prize, the Gerrit H. Albers Gold Medal, and the Mary Clay Albers Silver Medal, all of which are subject to faculty award.

The University of Michigan has established fellowships which are awarded annually to the different colleges in the state. The holder of the fellowship is appointed by the faculty of the college and must be a graduate of the college. The income from this fellowship is \$300.

A Vander Wepr prize for higher standing in oral and written English during the four year's course was established in 1920. Also an Adelaide Mission Medal will be an honorary symbol to the one to enter the foreign mission work after graduation.

Some High School Societies Elect Officers

The different societies at the local high school elected officers as follows:

President—Clarissa Poppen; vice-president, Ruth Van Kersen; secretary, Bessie Kraker; treasurer, Dorothy Dekker; serg. at arms, Delia Helder; pianist, Theresa Mool; keeper of Archives, Inez Prince; Patronesses—Miss Whelan, Miss Osborne.

Latin Club—The election which was carried out according to the Roman order resulted as follows. Primus Consul, Raymond Smith; Secundus Consul—Harold Johnson; Scriba Hazel Albers; Quaestor—Edna Cook; Aedilis—Evelyn Hilarides. The meetings are to be held every other Friday in the music room.

The French club did not hold its regular meeting but a special meeting will be called soon for the purpose of electing new members, as the vacancy left by the graduation of the Seniors of '22, is very large.

A MAN WITH A \$10,000 VIOLIN

Roderick White, America's most brilliant young violinist will appear in a violin recital at the Woman's Literary Club Wed. Nov. 1. Mr. White comes to Holland an acknowledged leader among America's violinists. Mr. White is a native of Grand Rapids, a brother of Steward Edward White, the famous writer, and of Gilbert White, the painter.

Mr. White is a most interesting personality. He plays his performance on his \$10,000 Stradivarius instrument. Mr. White is a character typical of highest musical refinement. His musical performance is one of the greatest beauty combined with a brilliant forceful style.

During the world war, Mr. White served as a Lieutenant in the aviation service. Three very promising young American artists, Albert Spaulding, David Hochstein, and Roderick White served our country during the great war. David Hochstein is buried in France, Albert Spaulding and Roderick White have come back to represent young America in the musical world. Tickets at Huizenga.

NEW ORLEANS THE CITY OF PROGRESS, BEAUTY CHARM AND ROMANCE

NEW ORLEANS IS A CITY THAT HAS THRIVED UNDER FOUR FLAGS

It is a City Different From All the Rest With a History That is Quaint and Interesting

Holland has been to New Orleans and no doubt many have returned greatly disappointed, in the city as a city.

When the Holland party entered the Crescent town, named so because a bend in the Mississippi has compelled it to be built in crescent form, they were some what taken back. Like all southern cities the approaches to New Orleans depict unsightliness, unpainted buildings and dilapidation generally speaking, in fact except in what is called modern New Orleans, this run down condition seems to prevail everywhere.

Why this condition should be is a moot question. Some will tell you its the southern hook-worm, others will say it's inborn laziness that climatic conditions bring about. However the "rubber-neck" wagon man will give you a more plausible reason.

He states that the assessor taxes the building, judging it from its looks on the outside. If that unbusiness-like method is followed, we can readily see how square after square (for let me say here, that there are no blocks in New Orleans, but they are all squares) contains without an exception nothing but unpainted and untidied buildings, which do not indicate prosperity and wealth to the city assessor.

Notwithstanding this fact there are a great many interesting things to see in this city of the south, especially when its history is followed. For it must be remembered that the old new city at the gateway of the great valley which is now the direct connecting link with the Panama Canal, has thrived under four flags, and in order to make New Orleans interesting one must know the historic relations of this creole town. One must see the architecture that characterizes the old buildings in New Orleans, the wonderful work and contrast of Spanish, French, Italian, British and later American designers.

The first morning in New Orleans the writer took a stroll on foot through the French quarters. Today there are 11 squares of these quaint old French constructed houses which modern building operations have not yet molested.

The streets are approximately 25 feet wide and the building are of quaint formation with French roofs overhanging Spanish courts and iron balconies like lace work extend out above quaint little shops, where curiosity beckons the stranger to enter.

Through to the rear of the quaint little buildings are court yards, for in the French quarters the guest is not taken to a veranda in front, but to the cozy garden with its high walls, in the rear.

Altho today the garden with all its coziness is missing, one can easily imagine the hospitality that once reigned there. One can also vividly picture how young Mam'selle dropped perfumed notes from the iron gallery above, to her quick tempered swain below who was prevented from entering the street end of the tunnel-like passage-way by a husky slave who barred the way. The picture is all very beautiful, altho the reality is very sad in its decay, like the last tattered leaf of an old son.

In one locality of the French quarters two hospitable old ladies who spoke French, greeted the visitor at the door. They look alike as peas in a pod, with benevolent sweet faces peeping from under little French caps. With one talking a broken English, the other kept nodding and acquiescing to all questions asked. The quaint little court yard in the rear was about the only one kept up in that vicinity, and one could readily picture the paradise that this unique neighborhood must have been in its original beauty, before decay and retrogression set in.

Today the iron balconies answer as a place for the family wash and sloven looking women are "gadding" from balcony to balcony instead of over the back yard fence, and below them is a whirl of traffic trying to squeeze through a street 25 feet wide.

A little further down are the Italian quarters, and the district is called Little Italy. These quarters are also rather quaint altho the smell of garlic and salt fish rather detract from the surroundings.

A few steps toward the water front in the congested wholesale district, the old slave market is located. Altho the place is only marked by a square, one can form some idea how the Simon Legrees of slavery days auctioned off their black men and women in money or in trade and how this black spot was the "hell-hole" of the south, where many agonizing heartaches were experienced by the humble slave. The writer saw the slave block on exhibition in one of the hotels of New Orleans.

Also an historic spot is the home built by the American French for Napoleon which is called the Napoleon house, where a loyal French pirate was to have brought him after stealing the little Corporal from St. Helena where the French government had banished him, but the pirate failed in his mission, as death had reached the Island ahead of him.

The writer next visited the haunted house on Royal street which was also one of the show places, and is

FIRST REPUBLICAN RALLY NOVEMBER 1ST

A REGULAR ROOSEVELT COMING TO TOWN

Holland is going to have a regular old fashioned republican rally with band, torch light 'n everything. On Wednesday evening, November 1st at the Knickerbocker theater.

Senator Irving Lenroot, a second Theodore Roosevelt with progressive ideas and "sledge hammer" is to speak at the theater on that night. Mayor E. P. Stephan will preside at this meeting and will also introduce Congressman Carl E. Mapes, and Alex Groesbeck.

That the hall will be crowded goes without saying. All citizens are invited, the ladies especially receiving an invitation.

Senator Lenroot is an exceptional speaker and comes from a state where real campaigning always goes on, and it will be a great treat to hear him regardless of what your party affiliations may be.

Anyway everyone is welcome.

where Mme. Lalurie entertained, unwittingly, Lafayette on one floor, and tortured her slaves on the next, so that, although her home was afterward burned and stamped on by a savage mob, weird sobs creep through the halls of the building that rose on its site, and chains rattle at midnight it is said.

A peculiar place to visit no doubt, for diversion is the cemetery district. But then New Orleans cemeteries are also different. All the dead are buried above the ground in vaults, some of them most beautifully designed. In the poorest districts oven-like pigeon holes made of concrete care for the bodies that are slid into them. It must be remembered that graves cannot be dug in New Orleans for the reason that the city is five feet below the Mississippi at low tide, and the digging into earth only a few feet brings the excavator to water. The city is protected from inundation by large strong levees forty feet high and made of concrete.

The Catholic's cemeteries are far in the majority for it is stated that eighty per cent of the population of the Crescent city is Catholic.

All lodges also have cemeteries. The Elks, the Eagle, the Masons, and the Odd Fellows are some of the burial places visited. The Jews too have their city of the dead.

New Orleans has many beautiful parks. The most beautiful of these is Audubon Park, containing 180 acres of land donated by John McDonogh, who also donated Jackson Park, a wonderful recreation place in the center of the city surrounded by a high iron fence closed every night with heavy gates.

The writer was privileged to sit under what is called the Suicide tree in one of these parks, a large spreading live oak, under which eleven suicides had been committed by men and women within the last decade.

A visit to the old custom house was also made which is uniquely built, its foundation being compressed cotton which in the early days was very much used in foundation construction in the south.

The old French market is another extraordinary place. The French people do all their buying and selling of food stuffs in a large building covering a square and everything imaginable to eat, is found under this one roof. It is unusually interesting to listen to the bartering in French and to see the gesticulation resorted to in the closing of a sale.

A great man who has made a great name for himself is an old miser by the name of John McDonogh in whose honor a monument has been erected. The story goes that young John loved the beautiful daughter of one of the "blue bloods" of New Orleans. The nobleman frowned upon the courtship for John was a man of modest means and a plebeian and far beneath the nobleman's daughter. The courtship was broken, and John McDonogh became a stern and miserly man. He also became immensely wealthy and the nobleman became dreadfully poor, and was compelled to dispose of his beautiful home and his beautiful gardens to the wealthy John McDonogh. These two pieces of property are now the two largest and most beautiful parks in the city of New Orleans, which the, on the surface crusty old man, gave to his city.

The old miser's benevolences did not end there. His name is in the mouth of every school child in the city of New Orleans, for up to this time the wealth that he has left behind has built 28 beautiful schools for that city and still more schools are to follow. The old gentleman stipulated in his will that all the revenues derived from his immense fortune should be used in the building of schools for the youth, and these stipulations have been religiously followed out.

In these schools above the fourth grade, all boys and girls are separated, the boys going to one school and the girls to another.

Another interesting show-place is the large cotton warehouse covering hundreds of acres and containing four miles of railroad. The wharfs in front of this large warehouse can accommodate five mammoth ocean steamers at one time. It must be remembered that New Orleans is the largest cotton market in the entire world, and that next to New York, New Orleans

EXCELLENT WORK BEING DONE ON NORTH ROAD

A DANGEROUS CROSSING TO BEACHWOOD IS TO BE ELIMINATED

An excellent beginning has been made on the small stretch of road nor the of the Grand Haven bridge that is to connect with the pike to Grand Haven and Muskegon. When this is completed it will complete the last stretch or unfinished road on the West Michigan Pike between Grand Haven and Holland.

Commissioner Harrington is constantly on the job seeing to it that the concrete highway will be complete a short distance beyond the Alpena road by November first, the last day that the state allows roads to be laid owing to frost conditions.

Townsend, Shuttlesworth, and Ballmer of Lansing have the contract to build this last connecting link and they promised Mr. Harrington that the road will be ready for use, connecting up with the Alpena road the forepart of November, and that early in the spring the small stretch remaining will be finished in time for summer travel.

A very valuable improvement and one that does away with a dangerous crossing will also be worked out by Commissioner Harrington.

The corner at the Northside Grocery has always been a dangerous one. The Beachwood road leading to the tannery and to the homes of all the residents there, is extensively traveled. The road however at that point is narrow and the turn is very sharp. Autoists coming from the north and from the west are prevented from having a good view because of the store on the corner.

Mr. Harrington has been conferring with township authorities and between the county and the township this corner will be widened by at least 25 feet. An abutment has been built in the swamp to the south and the necessary culverts have all been laid and filling in will soon begin. When the fill is made a wide cement road will be constructed at that point and instead of a sharp turn, there will be a long curve easy to negotiate and a driver will have about 25 feet more space at that corner which cannot help but lessen the danger of collisions at that point.

By early spring a complete West Michigan Pike will be a fact through and to the north and south of Holland, extending as far south as Chicago and South Bend, and as far north as Petoskey, without touching a poor road.

OVERISEL MERCHANT BURIED WEDNESDAY

The funeral services of Mr. Herman W. Hulsmann of Overisel, who died Sunday, October 22nd, was held Wednesday afternoon in the Reformed church of that place. Mr. Hulsmann was in the grocery and dry goods business for thirty years and was well known in this community. The deceased leaves a host of friends and the large gathering which came to witness the last rites was an eloquent testimony to the general esteem in which he was held.

He is survived by his wife and daughter Gladys, one brother, Mr. John H. Hulsmann of Overisel, and two sisters, Mrs. D. Poelakker of Holland and Mrs. M. Nyhuis of Overisel.

HOLLAND COUPLE CELEBRATE 25TH WEDDING ANNIVERSARY

Mr. and Mrs. Albert Kraai, 30 E. 16th street, celebrated their silver wedding anniversary, Wednesday evening with 60 guests present.

They were married in Holland by the late Rev. H. Van Hoogen, then pastor of the Central avenue church.

Mrs. Kraai was formerly Miss Gertrude Wiegemink, also of Holland.

The happy couple were the recipients of many valuable gifts in silver. Some of the gifts were made by the United States mint.

AUSTIN HARRINGTON BUYS STEAMER ALIBER

Capt. Harrington of the Harrington Coal Co. has purchased what is left of the Steamer Aliber that was beached at Holland Harbor.

The small steamer now lies sunken at the foot of Grizel walk in Black lake, with its bow pretty well stove in.

Mr. Harrington will endeavor to pump her out and tow her to Holland where the old fruit tug will be dismantled and the machinery taken out.

William H. Orr, Mayor E. P. Stephan and Dr. A. Leenhouts who have been to Mayo Bros. Hospital at Rochester, Minn., have returned. It is stated that Mr. Orr's condition has not improved greatly.

An alarm of fire was turned in from box No. 25 which was caused by an overheated stove in the home of E. Beekman, North River avenue. The fire had worked its way in the attic near the chimney. The damage was approximately \$50.

HAMILTON NEWS.

Mr. and Mrs. Klaas Kolvoord moved to Monterey.
Mr. Wm. Oldebeekken who has been quite ill is improving.
Mr. and Mrs. Harry Farnham and Mrs. Bert Borgman and children visited friends in Kalamazoo last week.
Mrs. G. Nyhof is still in Iowa where she is visiting her sons.
Mr. Lewis Peterham has been very sick.
Henry Strabbing has purchased a new Chevrolet car.
Mr. and Mrs. Lucas Vredevel and family visited at the home of Ben Tanis Sunday.
Rev. and Mrs. Nick Boer of Grand Rapids visited at the home of H. Tanis last week. Rev. Boer will make a trip to Palestine this winter.
Mr. Richard Rooseboom who is a student at the Seminary in Holland visited friends here Sunday.
Mr. and Mrs. Albert Kronmeyer will move to Florida soon.

FOREST GROVE.

On Tuesday evening, October 3rd Mrs. Henry H. M. Vande Bunte entertained with a chicken supper in honor of her mother, Mrs. D. Grinwis of Holland, to celebrate the latter's birthday anniversary. Covers were laid for seventeen. It was a family reunion, the guests including Mrs. M. Grinwis and her three sons of Holland; Mr. and Mrs. Bert Grinwis and two children of Zeeland; besides Mrs. D. Grinwis and Mr. and Mrs. Vande Bunte and their six children.

ZEELAND NEWS.

John Poest moved his household effects from Alpine avenue into his new residence on West Main street last week. Alfred Van Duine purchased the residence vacated by Mr. Poest and will move into it in the near future.

The third Chr. Reformed church has decided to hold weekly prayer meetings during the coming winter, the meetings to be held every Wednesday evening at 7:30 o'clock, beginning November first.

One notable lack in Zeeland audiences is their lack of response by way of applause during Home Coming. This was especially notable at the Newsboys' Band Concert. With liberal applause, the boys would undoubtedly have responded with several encores. As it was, the program was very short and some of our people expressed disappointment.—Zeeland Record.

While Clarence Vanden Bosch and Ben Ottink were on their way home from their respective places of employment last Friday evening, they met in a head-on collision, each riding a bicycle, on West Washington street, near Moeke's planing mill. Each young man received a badly bruised face and their bicycles were badly damaged.

Ed. De Pree, who spent the summer here with his parents, and returned to Florida with Mrs. De Pree some weeks ago to spend the winter there, was with an accident that proved to lay him up well toward the holidays. While returning from work at a small town a short distance from their home with a friend, on a motorcycle, they were struck by a Ford truck. Mr. De Pree was thrown from the sidecar in which he was riding and sustained a fracture of one leg a few inches above the ankle.

Mrs. Peter Rookus Sr. who has been visiting Mrs. Jacob Rookus in La Porte, Ind. has returned. Mrs. Jacob Rookus left for Pine Knot, California to join her husband and son who have provided a permanent home there.

Mr. Danilson representing the H. J. Heinz Co., put on a very nice demonstration at the A. La Huis Co. store during the Home Coming days. One very interesting feature was a guessing contest. The person guessing the number of beans in a medium sized can of Heinz baked beans to receive a cash prize of \$2.00. Mrs. T. G. Huizenga was the lucky person guessing the number to be 684 beans. The actual number contained in the can was 683 beans. She guessed the number nearest to the correct one and was therefore awarded the prize. The H. J. Heinz Co.'s products are well represented at the LaHuis store and their guarantee goes with every sale.

John Boone has moved into the residence on East Main street recently vacated by Paul Scholten. Mr. and Mrs. Boone have been making their home with Mrs. Boone's mother, Mrs. Fred Lampen, on East Main St. for some weeks past.

Wm. Tymes, while doing carpenter work on the garage built by Tom Van Eenenaam on North State street, had the misfortune of falling off the scaffold Saturday, receiving several cuts about the head. D. Elenbaas, Sr., who also was on the scaffold, was not injured.

DIVORCE CASE IS SETTLED IN COURT

Proceedings that began violently for the divorce of Fred Van Leeuwen and Eva VanLeeuwen, Holland, ended peacefully in the Allegan Co. court when the attorneys got together and made a property settlement. When cross examined by Attorney Clare E. Hoffman, Mrs. Van Leeuwen became angry she refused to tell how she came in possession of \$2000 she had when she returned to Holland. It was decided that the property be put in the hands of L. R. Brady of Saugatuck, that Mrs. VanLeeuwen should pay to her husband \$1000 within 30 days or the property is to be sold and the proceeds divided equally between the two.

All young couples getting their wedding stationery printed at the Holland City News office, over the Boston restaurant, will be given one year's subscription to the News as a wedding present, besides a souvenir mixing spoon, so handy for newly weds. Mail copy or call at the Holland City News office, over the Boston restaurant.

REJOICES IN THE RE-ELECTION OF AUSTIN HARRINGTON

The Grand Haven Tribune does not agree with the supervisors from Holland and from this end of Ottawa County who voted against the re-election of Austin Harrington as county road commissioner. The Tribune editorially rejoices in Mr. Harrington's reappointment. The editorial follows in part:

"The re-appointment of Capt. A. Harrington to the board of county road commissioners of Ottawa yesterday indicates that at least fourteen of the board of supervisors recognize the services of a member who has given energy and real ability to the cause of good roads during twelve years of service. The contest, Tuesday, which resulted in Capt. Harrington's re-appointment calls to mind those who remember something of the good road efforts, how strenuous were the early days of road building in Ottawa. Austin Harrington was a member of the first Ottawa county road commission which pioneered in the new and rather untried program of building county roads.

"It is remembered that when a little group of energetic men succeeded in converting the voters of Ottawa to the extent of passing a bond issue

for something like \$600,000 for a county road system, most of the roads were impassable for motoring. In fact, it is doubtful if the best road the county boasted in those days would hold up now under the tremendous motor traffic. There were some good gravel roads in some sections of the county, it is true, but the highway work had been done chiefly by townships with no definite marked program. Nothing seemed to have been planned ahead with the idea of creating highways between objectives.

"The road building task nowadays is a much more extensive undertaking than it was 12 or 14 years ago. The financing of the permanent road building program is a job in itself. Cooperation with state and federal efforts in another phase, which has entered into road building. Capt. Harrington has gone through the whole mill from the very beginning, and he is thoroughly familiar with every phase. Naturally those in closest touch with road construction in Ottawa county were glad to hear that Capt. Harrington had been re-appointed. He should continue to be a valuable member of the board.

"The early day road commissioners faced a real task. They were the pioneers. There were no blazed trails ahead of them. Yet the system they mapped out in Ottawa has proved a fine foundation for the present more extensive and more comprehensive plans of a permanent road. The theory is a bit different now, of course. Ottawa is not building roads alone for her own use. She is connecting up with a far greater and better scheme. She is an important part of the great highway system which will traverse the whole state, the whole middle west, the whole nation.

"There may have been times, when certain sections of Ottawa believed they were not getting all of their full share out of the county road expenditures. That attitude, very much out of date and very narrow, in these modern days of progression, is unfortunate. A little patience usually proves the fallacy of such a stand. Each section of Ottawa must play its own part in the building of the road system, just as Ottawa has only its part to play in the building of the highway system of the state and the whole nation. Thus far Ottawa has nothing to be ashamed of in her part of the great road program. Much credit is due efficiency and earnestness which members of the road commission have displayed."

Barend Kamps of Zeeland was elected a member of the Ottawa Co. road commission Friday by the board of supervisors. Mr. Kamps succeeds Rouwe Bekius of Blendon, who presented his resignation to the board of supervisors earlier in the week and asked that his request to be relieved from his duties be acted on.

Certain Ottawa county supervisors after a recent board meeting claimed the meeting was "packed". We presume with dilatory supervisors whose duty it is to be present. Why not try this stunt out on the United States senate, if it works so well!

ZEELANDERS TAKE THE SERIES IN VOLLEY BALL

The county shop volley ball at Zeeland Saturday, staged under the auspices of the Ottawa county Y. M. C. A., proved a mighty interesting event. With three teams entered the contest went fast and furious. The first teams entered were the Challenge Machinery team of Grand Haven, the Holland Shoe Co. of Holland and the Michigan Star Furniture Co. of Zeeland.

In the first series Zeeland defeated Grand Haven two out of three. In the second series Zeeland took two out of the three from Holland. In the third series for second honors, Grand Haven took Holland down in two out of three games.

In the tourney for second teams Holland defeated Zeeland by a score of 4 out of 5 games.

While Holland's record in this tournament was not brilliant, it must be remembered that the Holland Shoes have organized only recently, and have had little practice. Under the circumstances they gave a good account of themselves.

HOLLAND AND ZEELAND TO EXHIBIT AT G. H. SHOW

A well attended and enthusiastic meeting of the Ottawa County Seat Poultry association was held at the supervisor's room in the court house at Grand Haven. A cursory glance at the prospects and at the plans that have been made gives the impression that the Grand Haven show will surpass anything yet staged in the way of a poultry exhibit there. The armory will be the scene of the show, December 13, 14 and 15 are set for the dates and about 1500 fowls are expected to be on exhibit.

Zeeland and Holland, both big poultry centers, are planning on sending the birds to the exhibit. It is expected that they will take prizes as the Holland and Zeeland poultry men are old hands at the show game and know all of the tricks of the exhibition. Grand Haven poultrymen are expected to learn much from this show so that in the future they will be able to pick and exhibit their fowls in a manner which will carry off prizes.

Grand Haven poultry men are getting together in a plan to co-operate with Zeeland and Holland poultrymen in making Ottawa county poultry and products famous throughout the country. Some excellent stock is had in the county and conditions for poultry raising seem to be good. Better stock and all other improved conditions are among the results aimed for by local poultry men.

The December show is the first show given by Grand Haven. Poultry men who are making the exhibit possible look for the day when the Gr. Haven show and in fact all the Ottawa county shows will be of national interest and will bring to this county some of the best known poultry authorities in the land.

Representative Carl E. Mapes was in Holland Tuesday calling on his friends.

Mr. Frank Patrick, Mr. H. Bekker, Mrs. H. Bekker, Miss Rea Bekker and Miss Anna Strembe drove to Chicago and expect to be gone for a week.

There will be staff practice of the Rebekah Lodge in the lodge rooms Friday evening. All are requested to be present.

Tryouts were held for the high school quartet and soloists. Huizenga, Jay Wakeke, Robert Fleming, members of last year's quartet, were again chosen as members of the newly organized one. V. Cook was selected to fill the vacancy left by the retirement of George Luidena who left school last June. The supervisor of music, Miss Cogdal, is training the quartet and they will undoubtedly be heard in the near future. The quartet is an asset to the school and the members last year established a reputation in the city in music circles.

A CONTINUED STORY

Last week we reported two news items for a change. One was the fact that 1,300,000 children now have accounts in Savings banks in the country, the number doubling within one year. The other was an account of \$150 being stolen from a bureau drawer by a burglar at Grand Haven. New developments indicate that two young boys not alone stole the money but also all the Grand Haven man's securities and bonds that he had deposited in said bureau drawer, amounting in all to \$8,000. A smooth burglar would have disposed of them, but the lads did not know their value, and hid them away.

What an agony the poor man might have saved himself, had he taken a deposit box at a well regulated bank, which is intended as a safeguard against theft and fire, thus protecting all bonds and private papers of value. Such a box at the First State Bank costs only three dollars a year.

No one can get at your private papers but yourself and an employee of the bank who holds the master key. Your papers and bonds will be safe from fire and safe from theft. Surely the depositor will feel more safe than when having them locked in a bureau drawer.

We will venture to say that the Grand Haven man who lost \$8,000 in securities quickly placed them in a Grand Haven bank for safe keeping after these were recovered.

Try a Savings Deposit box at our Bank. It gives you that feeling of security.

INTERNATIONAL LEADER WILL GIVE ADDRESS IN HOLLAND

On Thursday evening, October 26, one of the greatest county Y. M. C. A. meetings ever held here will be staged at the W. L. C. rooms when two hundred Y workers from all over Ottawa county will sit down at a luncheon and will have an opportunity to hear an address by one of the greatest Y. M. C. A. workers in the world.

The speaker is A. E. Roberts of New York City, on the international staff of Y secretaries and whose official title is "Senior Secretary of the County Work Department." Secretary Smith unexpectedly had a chance to secure Mr. Roberts because he spoke in Hillsdale Wednesday and would have an open date and the local secretary jumped at the chance.

The calibre of the man is shown by the fact that he was appointed some years ago by President Roosevelt on the Rural Life Commission, and he has more than once spoken at the National Rural Life Conferences. At one time when President Marion L. Burton, of the University of Michigan, was scheduled to speak at a conference and could not appear he appointed Mr. Roberts as a substitute and he more than filled the bill.

Because of lack of room the meeting is limited to 200, and those who wish to attend are advised to secure their tickets from secretary Smith early. There will be delegates from Grand Haven, Zeeland, Coopersville, Spring Lake and other places in Ottawa county and hence the number of tickets available will be small.

OTTAWA HAS ONLY ONE PAIR OF OXEN LEFT

The oxen, appearing in the first day's parade in the recent Zeeland Homecoming celebration, are the only pair left in Ottawa county as far as information goes. The huge animals were a perfect match and weigh over 1900 pounds each. They are owned by David Allen, living near Grand Haven. The animals were brought to Zeeland in one of Scholten's big trucks.

WEDDED AT HOME OF BRIDE'S MOTHER

A pretty wedding service was solemnized Thursday evening when Minnie Vanden Elst was united in marriage to Mr. John Van Huis at the home of the bride's mother, Mrs. Albert Alderink, 88 W. 18th St. The ceremony was performed by Rev. J. C. Schaap, pastor of the Prospect Park church, in the presence of several friends and relatives. Miss Jane Eilander played the wedding march. The bride has been employed in the Holland Furnace Co. office for several years, and the groom at the Bush & Lane Piano Co. Mr. Van Huis also served in the navy during the war.

OTTAWA WILL JOIN IN FIGHT AGAINST T. B.

Ottawa county Thursday joined the ranks of counties which are to fight for the eradication of tuberculosis in cattle. At the session of the board of supervisors the report and recommendation of the public health committee was adopted. An appropriation of \$9,000 is asked from all counties who wish to co-operate with the state and federal fight against cattle tuberculosis.

This co-operation insures tests and elimination of cattle afflicted, and provides for partial remuneration of farmers who lose their cattle. The county committee on public health recommended that half of the desired amount or \$4,500 be appropriated at this time.

The appropriation assures a place for Ottawa on the long waiting list of counties. It is understood that 27 counties have already joined the fight for elimination of tuberculosis, and 20 are now on the waiting list. According to state authorities, Ottawa cannot be reached for a year, at least. The action of the board Thursday however, assures a place for Ottawa in the general program.

The action in Ottawa is timely. Allegan, Muskegon and Kent counties are either in the program or about to enter the fight, and entirely surrounded by these counties Ottawa was in danger of a quarantine on its dairy products and meat.

At Thursday morning's session the board acted upon the annual salary budget. Officers' salaries for the coming year were passed as follows: Sheriff \$3,000; undersheriff \$1,440; turnkey, \$1,440; deputy sheriff and game warden, \$1,440; county clerk, \$1,700; deputy clerk \$1,200; prosecutor \$2,400; county treasurer \$2,700; judge of probate, \$2,900; judge of juvenile court \$400; register of probate, \$1,200; county school commissioner \$2,000; drain commissioner \$1,700; road commissioners, \$900 each and custodian of court house, \$1,320.

A total of \$444,490.80 was approved by the board for the annual expenditures. This is somewhat more than last year's budget amounted to but expenses in government are going up as the factors in county life increase.

Given in classifications the recommended appropriations are as follows: State taxes will amount to \$127,444.43. Concrete mains, drainage structures and covert roads will cost \$144,040.37. The general fund, relief and poor funds amounts to \$124,000.00.

Although this is a very good sized appropriation, still every effort was made to decrease the budget. Public expenses are always a point for discussion and any appropriation, no matter how reasonable always brings in its wake discussion. The financial committee did their best and the funds will be judiciously expended.

LOCAL EDUCATORS TAKE A PART IN CONVENTION

The advance program of the Michigan State Teachers' Association-Institute, Fourth District, has been issued and contains the subjects of addresses to be delivered at the convention and much other information about the meetings. The convention is being held in Grand Rapids October 26 and 27 and most of the local teacher attended.

Superintendent E. E. Fell was chairman at the meeting of the Elementary Division on the afternoon of October 26, and at the morning meeting on October 27 Mr. Fell will read a twenty-minute paper on the subject, "What the Superintendent Looks for When Appointing Teachers of English." Another Holland man who figures in the convention is Principal J. J. Riemersma who is district secretary of the fourth district. The fourth district includes the following counties: Oceana, Newaygo, Muskegon, Kent, Montcalm, Ottawa, Ionia, Allegan, Barry, Van Buren, Kalamazoo, Calhoun, Berrien, Cass, St. Joseph, and Branch.

Capt. Peter Fase returned to Grand Haven with his tug, the Alice, which has been undergoing a rebuilding at a shipyard on Sturgeon Bay. Captain Fase's tug has been on Sturgeon Bay for nearly three months and has been shortened by three feet with an entirely new hull built on. A turtle deck in the bow is also a new feature. The tug has also been repaired and renewed in all its parts and is ready to take its place in the fishing fleet this winter when the season begins on November 10.

A fairly rough crossing was enjoyed by Captain Fase and his crew and although a government tug, the Cumberland, laid over in Ludington the Alice came right on down to Grand Haven. Both boats left Sturgeon Bay at about the same time. The trip was made in 12 hours.

The name of the Fase tug will be changed as soon as an official communication is received which will confirm it. Formerly the Alice, the name will be changed to H. J. Dornbos. Mr. Dornbos, who has had a tug named after him before, is recognized as being one of the leading fishermen of Michigan. The former H. J. Dornbos, now the Unger is doing duty in and around New York city now.

That the S. G. A. is not a meaningless nomenclature upon the college campus has now been thoroughly demonstrated, following practically one year of controversy twist the co-eds and men on the campus.

Last year through some agreeable misunderstanding a new organization assuming the name of the Senior Girls' Association was planned, which organization claimed for itself a number of advantages which no other upon the campus could offer.

Before the organization was disbanded last spring, the Senior girls entertained the girls of the graduating class of 1923, with recommendations that the organization be maintained as a permanent influence among co-eds that are about to graduate. A meeting of the organization is held each month, with a view toward a closer and more intimate association with one another, at which time also topics relative to life work and future activities are discussed. The membership, as the hieroglyphics suggest, is limited to co-ed members of the graduating class. This limited number, it is felt, is sufficiently large to avail themselves of talks that will permit the personal touch. Miss Nita Caldwell is the president of the club.

A Senior Guys Association, an imitation S. G. A., exists in name, lacking only in organization. Suggesting this way that the student body is over-organized, the girls have declared what is tantamount to co-ed independence, and are continuing to enjoy their meetings. The co-eds however have taken one more step when they adopted rules and regulations covering election periods of their literary societies.

Harry Boersma of St. Johns was a Holland visitor Saturday and Sunday.

FRUIT BOAT CRASHES INTO MACATAWA PIER

The fruit boat "John A. Albers" that daily carries loads of fruit from Saugatuck to Holland to be loaded on the Graham & Morton steamer came to grief at Macatawa Thursday morning when it was on its way back to Saugatuck. At the mouth of the harbor the chain controlling the steering gear parted and so the helmsman lost control of the vessel. It smashed into the pier and its bow was crushed in.

The boat was saved from sinking and was pulled up on the beach on the Macatawa side where repairs will be made. The damage is estimated at about \$500.

M. Bohl of the North Side has an apple tree that contains four generations of apples, so to speak, in the same season on the same limb. On Thursday Mr. Bohl discovered a limb of a tree of Wealthy apples that contained a few full-blown blossoms, a cluster of three apples about the size of marbles, another cluster of four apples about the size of walnuts with hulls on, and one full grown apple.

Mr. Bohl has placed the blossom in the show window of the Vagell Drug store.

The alumni of Hope College will hold a banquet at the Browning hotel a week from this coming Friday. Cards will be sent out and tickets can be secured by any alumni who wish to attend. This occasion will be of particular interest to those who are in the teaching profession, in view of the fact that the Teachers' convention is to be held at Grand Rapids at that time. Last year 64 were present, and this year the tables will be spread for a greater number, it is said. Nothing definite as to a program has been decided. Prof. Egbert Winter is in charge of the program.

Recognizing the value of student government at Voorhees dormitory, Hope college, Mrs. W. H. Durfee, dean of women has submitted a self-government plan which appears very strongly to the coeds and an organization was effected. The house committee is a representative body, whose duties are threefold—legislative, executive, judicial. Committee numbers 11 members, of which Miss Mildred Temple is president.

According to the plan the seniors are represented on the committee by four members, Joan Vander Spek, Mildred Temple, Everdene Kuypers and Ruth Pellegrum; three juniors Marie DeKruif, Jeanet Top and Isla Prum; two sophomores, Priscilla Collins and Alice Jongeward; one freshman, Jeannette Veldman, and one preparatory school, Jeannette Smith. Several changes will be made in the existing rules of the dormitory.

Amid beautiful autumn leaves and flowers that decorated the parlors of Hope church, the W. C. T. U. welcomed the teachers of the public schools and other visitors Friday afternoon. Mrs. S. M. Zwemer conducted the devotions of the afternoon. She spoke of wonderful progress being made in some parts of Africa towards prohibition. Miss Cornelia Netting sang "There are Fairies and Lassie Mine," accompanied by Miss Pelgrom. Miss Amy Zwemer gave "Reichmanoff Prelude in C Minor on the piano, while Maxine Duer and Esther Brink sang, accompanied by Marjorie Du Mez. "When Mother Sang to Me." Supt. E. E. Fell gave a few very encouraging remarks and thanked the Union for the beautiful flowers found on the teachers' desks in the various schools on opening day.

"An Unexpected Guest" was given by Mrs. Daugherty. As an encore number she gave "Buying Theater Tickets."

The decorations were in charge of Mrs. George Schuiling, and the refreshments were in charge of Mrs. J. W. Vischer and twenty members. The next meeting will be at the home of Mrs. George E. Kollen.

The Standard Oil Co. of New York today advanced the price of kerosene 1 cent a gallon. The new price is 15 cents.

HOLLAND TEACHERS TELL OF TRAVELS DURING SUMMER

A most delightful and profitable evening was enjoyed by the members of the Holland Teachers' club at the October meeting held in the High school Friday evening. Several of the teachers who had had extensive trips this summer shared the pleasures which they had enjoyed with the members of the club.

Miss Iva Davidson gave a most vivid and entertaining account of a trip through several of our eastern states. She spoke particularly of Harper's Ferry, Washington, and Boston and also gave a brief report on the 1922 meeting of the National Educational Association which she attended in Boston.

Miss Mabel Anthony in a talk on her trip to Alaska made her audience feel the lure of that beautiful country of totem poles and fentery pines

—of magnificent glaciers and glorious sunsets. She emphasized the diversity of the country both in climate and products. She said that it was a country not only of icebergs, but also of flowers and that it contained more than sixty-four million acres of land suitable for agriculture or grazing.

A charming talk on France was given by Miss Marion Van Drezer who spent the summer in Europe. She spoke especially of Paris, of the beauty of its architecture and of the gaiety of its people who seem to make an art even of eating. She also told of the chateau country with its pervading charm of history and legend, of Monte Carlo, and of the Rheims cathedral. This she said was still in a most deplorable condition and that its famous rose window is now in Paris.

Pleasing musical numbers were a piano solo by Mrs. Henrietta Hoffman and two vocal solos, "I Sing Thee Songs of Araby" and "The Banjo Song," by Miss Eva Clark.

Preceding the program, a social hour was enjoyed followed by a brief business session at which the committees for the year were announced as well as plans for the year's work. The president, Miss Rogers, reported a hundred per cent membership of the Holland teaching force in both the Michigan State Teachers' Association and in the National Educational association.

Mr. and Mrs. Gerrit Myskens of Sparta were Holland visitors Saturday and Sunday.

Mrs. G. Avery of Forest Grove and Mrs. Emily Moon of New York who were chums in their girlhood days separated and had not seen each other for a half a century. When Mrs. Moon visited in the Avery home, Mrs. Avery needed a formal introduction before she was able to recognize her friend. Mrs. Avery will celebrate the 80th anniversary next month of her birth.

SPECIAL ELECTION!

HOSPITAL LOAN

Clerk's Office, Holland, Mich.
September 30, 1922

TO THE ELECTORS of the City of Holland:—

You will please take notice that at a meeting of the common council of the city of Holland, held on Wednesday, 20th day of September A. D. 1922, the following resolutions and resolutions were duly adopted, viz:—

Whereas, the present hospital owned and operated by the City of Holland, is wholly inadequate, and

Whereas, the Common Council deems it necessary for the general welfare and health of the inhabitants of the City, that additional hospital facilities be provided:

Therefore, for the purpose of erecting and equipping a municipal hospital suitable for the needs of the City, to be located on the present hospital site, it is hereby resolved:—

First, That the Common Council shall erect and equip a municipal hospital on the present hospital location at an estimated cost to the City of Holland not to exceed One Hundred Seventy-Five Thousand (\$175,000.00) Dollars

B. T. and Geo. Miller petitioned for license to conduct a billiard parlor at 34 W. 8th St. and presented bond as required with the American Surety Co. of N. Y. as surety.

Referred to the Committee on Licenses with power to act.

Dave Blom petitioned for license to conduct a billiard parlor at 171 River Ave. and presented bond as required with P. Brusse and Jacob Kulte as sureties.

Referred to the Committee on Licenses.

Joe White petitioned for permission to install a gasoline pump adjacent to his premises on W. 8th St.

Referred to the Committee on Streets and Crosswalks.

Standard Oil Co. applied for a permit to build a drive-in service station at the north east corner of River Ave. and 17th St. at an estimated cost of \$6,000.

Referred to the Committee on Streets and Crosswalks.

The Holland Ladder & Mfg. Co. applied for a permit to construct a manufacturing and warehouse building, 60x72, on their premises between 18th and 19th Sts. east of Columbia Ave. at an estimated cost of \$2500.

Clerk presented a remonstrance signed by Henry Bekker and others against the construction of the above described building for the reason that same is to be a wooden frame structure, and when filled with ladders of yellow pine would be a fire hazard and dangerous to adjoining property.

On motion of Ald. Laeppe, the application and remonstrance were referred to the Aldermen of the Third Ward.

Chas. Badgerow & Son petitioned for a refund money paid for license to conduct a billiard parlor at 34 W. 8th St. for the unexpired license term.

Filed.

Jas. Overbeck, Constable of the Fifth Ward, having recently moved to the Fourth Ward, tendered his resignation as Constable.

Accepted.

Morris Spyker applied for appointment of constable of the Fifth Ward to fill the vacancy caused by the resignation of Jas. Overbeck.

Appointed.

REPORTS OF STANDING COMMITTEES.

The Committee on Streets & Crosswalks and the City Attorney to whom was referred the matter of moving of the Consumers Power Co. on Fairbanks Ave. reported having taken up the matter with the representatives of the Consumers Power Co. and recommended that the poles be moved 48 inches from the outer edge of the sidewalk.

Adopted.

The said Committee to whom was referred the matter of placing a traffic signal at the intersection of 9th and Gerritsen Sts. reported that the danger at said location would be greatly eliminated by having the street light moved east to the street intersection and recommended that the Board of Public Works be requested to move same.

Adopted.

The said committee reported recommending the placing of four markers at the intersection of First Ave. and 15th St.

Adopted.

SUMMER BIRDS ARE STILL WITH US

There have been all sorts of weather prophets, some predicting early winter others a late fall. The early winter prophecies have been exploded long since as the leaves are still on the trees, which is unusual near November 1.

Another indication that a late fall prevails and cold weather has not reached us is the fact that two lingering robins were seen by the writer early Wednesday morning, and a stray canary bird was also heard chirping in an elm tree. On Tuesday afternoon a flock of lingering geese, came down in the marshes north of the city and several who saw them estimate that there were at least 500 in the flock. How the estimate was made is hard to ascertain, as a flock of geese on land and in marshes are difficult to count; any way it was stated that the number was the largest seen here in many years. After lingering for at least an hour the geese in V shape formation flew leisurely southward.

Thus far this fall what could be called a real cold spell has not prevailed. Tuesday was the nearest to winter when a few flakes came down but shortly the wind shifted backward to the northwest and balmy weather prevailed again.

Now that we are within hailing distance of Thanksgiving it does not seem as if the early winter prophets can lay much claim to accuracy, and for correct weather report the prognosticators at Washington, D. C., are more to be depended upon.

CHINESE LAUNDRY TO OPEN ON SATURDAY

Holland again has a Chinese laundry after being without one for ten or fifteen years. Saturday of this week will be the formal opening day of the new "Sam Lee Hand Laundry," that will do business in the building formerly occupied by the West Michigan steam laundry. The members of the new firm are Charlie Tan, Chin Chow and Chin Bew, all three of them experienced laundry men, who have been in the business in Chicago for many years.

The new laundry will specialize in hand work, and the present machinery in the building will not be used but the proprietors will put in an equipment of their own.

Peter H. De Vries, who graduated from Hope College last June and who is now proprietor of Duke's Cafe, has received word that for the second time he will be represented in a poetry annual, "Poets of the Future," edited each year by Henry S. Schmitt, of Boston. The poems in these volumes are by undergraduates of colleges all over America, and Mr. De Vries' poem was sent in before he graduated. Its title is "To the Unknown Warrior."

The volume containing "To the Unknown Warrior" will be published in 1923. Mr. De Vries is also represented in the 1922 volume.

The Social Progress Club met on Tuesday evening at the home of Dr. and Mrs. R. M. Waltz, Park road, and the evening was given over to informal discussion. Dr. A. Leenhouts, who was to have contributed a paper on the subject, "A Socialized Hospital," was unavoidably absent from the city and hence the open meeting was arranged for.

The subject of the roll call was, "What I would do if I were cashier of the Peoples State bank," and after each member had given very wise advice to Henry Winter about a subject on which they were virginally fresh and innocent, Mr. Winter took the time to give some real information about bankers and their ways and problems.

Dr. Hilton Ira Jones, notable scientist and lecturer, who is to give the next number of the Hope College Lecture course, has been secured to come to Chicago to take the position of head of the new Redpath department of scientific research. Dr. Jones will now give up his entire time to scientific investigation and to lecturing to Redpath Lyceum and Chautauqua audiences.

Unlike many eminent scientists, Dr. Jones possesses the ability to set forth scientific truths in a manner which is thoroughly enjoyed by his entire audience. Boys and girls, as well as adults hang upon his every word, and he holds everyone spell-bound.

It was announced at the Western Theological Seminary Wednesday that on Friday afternoon at 4 o'clock Rev. A. De Young of Grand Rapids will deliver an address at the seminary on the subject, "How Must the Minister Maintain His Own-Spiritual Life?" Rev. De Young is a forceful speaker and he is pastor of the 5th Reformed church of Grand Rapids. The public is cordially invited to attend.

The P. T. Club of the Washington school Tuesday night endorsed the Paulson lecture. This lecture, to be given in Holland by Mrs. Paulson, nationally known as the "Mother Goose Woman," will be given in Holland in November and it will be financed by the several P-T clubs in the city and the Teachers' club.

The program consisted of the following: community singing led by Rev. G. B. Fleming; story of Columbus, Frederick Marquette; Death and Burial of Columbus, Hester Pelgrim; Columbus poem, Margaret Westover; piano solo, Mae Eloise Westover; Story of Roosevelt, Robert Hume; piano duet, Raymond and Russell Smith; address, Mrs. S. M. Zweimer; singing by pupils of Mrs. Fuller's room. The refreshment committee provided specially fine refreshments with hallow'en decorations.

A marriage license was issued in Muskegon Saturday to Isaac Heemstra of Grand Rapids and Jessie Van der Meulen of Conklin.

SCHOOL CHILDREN ARE TAUGHT NOT TO JAYWALK

Jay walking is forbidden in a great many towns; even Grand Rapids discourages the jay-walker and pedestrians must make square corners instead of going diagonally across the street.

Chief Van Ry has been conferring for the past two weeks with school authorities impressing on them the fact that jay walking is dangerous business and Superintendent Fell and Principal Riemersma have been instructing the pupils to make the square corners, take the sidewalks wherever they are, and on paved streets to walk in that direction where sidewalks would naturally be.

The school bulletins posted up have also given these instructions and the pupils generally speaking, have followed them out, and the result has been very gratifying, says Chief Van Ry.

He states that it is much easier to handle traffic and since the students are following this out to the letter, the congestion in street traffic has been much relieved.

A pedestrian must remember that by jay-walking the foot passengers are subjecting themselves to unnecessary dangers. When a pedestrian walks diagonally across the corner he encounters motor travel from four directions and a motorist never knows when a pedestrian goes diagonally across what direction the pedestrian is going to switch to when he reaches the point of intersection, and his presence there is more or less bewildering to the auto driver and especially confusing to the pedestrian who may have automobiles coming from all sides at one time, some turning, some going straight ahead, and he must often find refuge in the center of the street near the dummy policeman, if one is located there.

Jay-walking is a nuisance in other ways. The corners of the corner lots of many private residences are worn down to bed rock, with lawns destroyed for the reason that the short cut is taken instead of the cement walk placed there for that purpose, with the result that the owner must put up an unsightly railing, some barbed wire, or some other obstacles that do not belong there, and in this way partially prevent the jay-walker from trespassing.

The high school pupils are taking very kindly to the new ruling, in the first place respecting the property rights of others, and in the second place knowing that the police and school authorities have nothing more than the pupils' safety in mind when they request that jay-walking at the street intersections or at corner lots be discontinued.

It was announced Tuesday at the W. L. C. meeting that as Dr. Herbert Cross was no longer with the University of Michigan his place on the extension course would be taken by Dr. Sunwell, who will speak next Tuesday evening on "The Community and Health." The hospital benefit play will be postponed till early in December.

The delegates to the State Federation of Women's Clubs, which met recently at Flint, gave their reports. Mrs. Ossewaarde described the "Mushroom City" which has grown from 14,000 to 110,000 and is the third city in size in the state. Four hundred forty-four clubs were represented. The attendance ranged from 800 to 1000.

One speaker took the women to task for not using their right to the franchise. In Detroit alone less than 10,000 women voted in the recent primaries. The speaker advised the women to have candidates address their club meetings and find out point blank what are their views. Work among young people, applied education, home economics, and vocational training were other topics discussed. Among the speakers were Dr. Ida Scudder and Mrs. Thomas Winter, president of the General Federation. She had been a delegate to the disarmament conference and said that the abolition of the opium traffic was due to women. Mrs. Ossewaarde's report ended with a description of the visit to the Lapeer School for the Feeble Minded.

Mrs. G. J. Diekema then told of the addresses of Richard L. Price, dean of the U. of Minnesota, of Dr. Valeria Parker, of Mrs. Clark, assistant editor of Pictorial Review, who spoke on "Woman as an Adventurer." Mrs. Diekema described the State School for the Deaf.

Mrs. Kollen, president of the Central District, gave a general summary of that which had been accomplished by the State Federation and by the Central District. John Lloyd Kollen gave a piano number, Chopin's C Sharp Minor Waltz.

At the close of the meeting Mrs. Dregman read the names of the women who had joined the club since the opening. Mrs. G. Winter reported that the rummage sale had brought in \$193.27.

PERE MARQUETTE PRESIDENT JOINS IN BUCKET BRIGADE

Tuesday the officials of the Pere Marquette including Frank H. Alfred, the president, made an inspection of railroad property around Holland and then the special went north to Grand Haven, Muskegon and White Cloud.

At the latter city President F. H. Alfred and other officials of the Pere Marquette were delayed several hours by the burning of a bridge near Barry on the Muskegon-White Cloud branch of the road. With the trainmen, President Alfred formed a bucket brigade which carried water from a small creek. The head of the system arrived there Tuesday night several hours behind schedule, cheerful but fatigued from his efforts.

Rev. Harry Hoff of Coopersville, has declined the call to Beaverdam and Rev. Martin Flipse, formerly pastor of Third Reformed church, now of Seattle, Wash., has received a call to Lynden, Wash.

BOGUS CHECK PASSER WORKS IN GRAND HAVEN

Grand Haven has a bogus check passer in its midst. As much was learned by the Peoples Savings bank officials where the checks were presented for payment by deluded merchants of that city. These include shoe and dry goods retailers who took the stranger's checks in the amounts of \$9.60 to \$12.50.

Some of the checks were drawn on Grand Haven banks and others on Grand Rapids banks. They were all signed Richard Jacobson or by the name of Williams. The checks were accepted by the merchants until one was taken to the Peoples bank where the fireworks commenced. The check was found to be a bogus one and then three others were brought in which were no good.

Merchants are warned to watch their step in accepting checks and to make a thorough investigation. A description of the man has been secured by the police who are working on the case. The man is said to be about 20 years of age.

He is apparently working a swindle game on quite a scale but his activities are expected to be at a discount now. Check passers are becoming more active than ever lately and only a few days ago a bogus check passer who had a weakness for \$17.50 checks was reported from a southern Michigan city.

DRAWS BULLET FROM BOY'S EYEBALL BY USE OF BIG MAGNET

Brainerd, Minn., Oct. 24—A giant magnet was used today by Dr. Nesmith Nelson to remove a 22 calibre bullet from the eye of young Iden Wade, who was injured while playing with the cartridge. The boy found the cartridge near his home and was pounding it on a rock when it exploded, the bullet lodging in his eyeball.

Dr. Nelson said he expected the boy to recover.

OTTAWA COUNTY BECOMES LEADING POULTRY CENTER

The growth of Ottawa county in a poultry way is being recognized by the leading farm papers of the country. The following is from the Michigan Farmer of last week.

In Ottawa county with Holland and Zeeland as centers there has developed a chick hatchery business, which has already proved of national importance, and it may in due time exceed the famous Petaluma, Calif., district as a poultry center.

In this county there are four associations organized to develop the poultry industry. There are also 46 hatcheries which hatched during the past season approximately eight million eggs. It is said that there are more people in this county who cull than in any other county in the state. Therefore, the average production of its flocks is higher than that in any other section of Michigan.

Undoubtedly when the work of certifying poultry flocks is under way, the largest number of certified flocks will be in Ottawa county. With the development of a business in day-old chicks of known parentage undoubtedly the Ottawa county hatcheries will greatly expand their business, as they will be on a basis which will be vastly superior to that of any other hatcheries in the country. It seems sure that the two million dollar income which this hatchery industry is bringing into the county will be greatly increased within the next few years.

When the Hope college gridders meet the Ferris Institute eleven he a Saturday, Holland football fans will witness one of the hardest fought battles on the local gridiron that has ever been seen here, if football dope counts for anything. Hope college nimbled the Big Rapids gridders to a no count game on the opponents field a few weeks ago, after Ferris had successfully held the Detroit Juniors to a 19-0 score—a team which has not been scored on during the 1921 season. Altho the locals are missing several valuable veterans, Coach Schouten has never developed a fighting combination such as he will put on the field Saturday. With two weeks of practice on their backfield, they will be in excellent condition. Several strong men who were out of the line when the team played the Ferris gridders will face the scrappy Ferris eleven in the first home game that Hope has scheduled here.

The Ferris team has however booked considerable credit for itself, and feels confident they can play the Hopeites to a standstill. The Dutchmen are getting their signals in good shape and are at present lying low in anticipation of Saturday's contest, and in spite of the fact that they are outweighed, stand favorable to taking Ferris by surprise.

South will have another stiff contest on its hands Saturday when it plays Holland High at Holland. The Wooden Shoes showed much ability against Central and Coach Guckert will point his men for the game. Captain Gruver is expected back in the lineup this week.

South, in preparing for Holland, will have to go very carefully according to Guckert on account of the game with Central which follows the next Saturday. The Southites would rather defeat Central and Union than any other team in the state with the possible exception of Muskegon—G. R. Herald.

There will be a triple deck foot ball game in Holland on Saturday afternoon. At 1 o'clock the Holland high school reserves will play the South high school reserves of Grand Rapids. When that game is finished at about two the Holland high school team will be pitted against the South high eleven. Immediately after that game the Hope College eleven will play Ferris Institute.

The officials will be Ohland of Grand Rapids, and Van Zandt and Lambkie of Kalamazoo College.

OFFICERS BREAK OPEN DOOR IN A LIQUOR RAID

A dramatic liquor raid was staged by Prosecuting Attorney Fred T. Miles Friday evening when he instructed officers to break into the home of Mrs. Maggie Arendsma, at 198 East 13th street to search the house for illicit liquor. The order to break in the door came from the prosecuting attorney after the officers had reported to him that Mrs. Arendsma was barring the door and resisting arrest. The officers asked for instructions and the prosecutor told them to do whatever was necessary to get into the house, either to break open the door or get in through the windows or any other way to get in. They decided to use the door as a means of entrance and found it necessary to smash the lock.

The officers were Deputy Sheriff Ed Vander West and Officer Peter Bontekoe. They went to the Arendsma home armed with a search warrant, but Mrs. Arendsma paid no heed to this and defied the officers to enter. When they finally did get into the house they found that Mrs. Arendsma and others in the place at the time had flown through the window.

Mrs. Arendsma was arrested twice before on the charge of selling liquor and was freed by a jury. Mr. Miles believed that she was selling liquor right along, and Thursday afternoon he went after the necessary evidence. He sent two persons to the place to buy liquor and they came back with the goods. Thereupon a search warrant was issued and the dramatic episode at the house followed.

The officers found three gallons of wine and a quantity of beer. A warrant was issued Friday morning by Justice Brusse for the arrest of Mrs. Arendsma. It is believed that the evidence against Mrs. Arendsma is strong enough to secure a conviction at the third trial.

She appeared before Justice Wm. Brusse Friday morning and demanded an examination which was set for next Tuesday morning at 9 o'clock.

Mrs. Maggie Arendsma, who was arrested a few days ago on a liquor law violation charge was given an examination before Justice William Brusse Tuesday forenoon. Attorney J. Den Herder, of the firm of Robinson & Den Herder, appeared for Mrs. Arendsma, while Prosecuting Attorney F. T. Miles appeared for the people. Justice Brusse ruled that there was sufficient evidence for binding Mrs. Arendsma over to circuit court. Her trial will take place at the next term of court.

Mrs. Arendsma's home on East 13th street was broken open a few days ago by officers when she refused to allow them to enter on a search warrant.

PROFIT OF FAIR IS OVER FOUR THOUSAND DOLLARS

The profits of the Holland fair held this fall amount to \$4,194.66. This amount was expended in actual improvements. This fact was brot out at the meeting of the directors of the fair held Monday evening in the office of the secretary John Arendshorst. The complete report for the fair just held has not yet been made out, but the figures that are available now show that the fair was a success in spite of the bad weather which seriously interfered with it.

The assets of the fair association including real estate, buildings, accounts receivable, and cash on hand, amount to \$40,538.33, and the total liabilities, including notes payable and mortgage, amounts to \$13,000. From which it can be gathered that the financial condition of the fair is very good, in fact better than it has been for a long time.

The total receipts for the fair this year amounted to \$17,091.85. Of this amount the gate receipts were \$7,349.25. The grandstand netted \$2,547.70, the concessions \$3,503.75. Other sources from which small sums were secured were art hall rental, bleachers, fair book advertising, state appropriation, and so on.

The total disbursements for the fair this year totaled up to \$17,091.85 including the \$4,194.66 in actual improvement which sum is the net profit of the fair. This money went for tents, electrical work, bleachers, buildings and miscellaneous improvements.

The other disbursements were for premiums, free acts, music, races, salary, interest, labor, printing and advertising, fair book, insurance, and so on.

The association is in good shape for the coming year and plans for the 1923 exhibit will soon be set on foot.

REV. BLEKKINK DOES NOT BELIEVE IN COMMUNITY CHURCH

Rev. E. J. Blekkink, president of the Western Theological Seminary is unalterably opposed to the community church as was evident from a paper read by this divine at a meeting of the Western Social Conference held at Semelink hall.

While he believes in community service, a community church is entirely a different matter.

"A church which does no community service," said Dr. Blekkink, "is not a church of Jesus Christ."

Four arguments were advanced by Dr. Blekkink in his opposition to the community church. These are: That it is reactionary fosters an objectionable denominationalism, is liable to become weak in doctrine, loose in its standards of christian living, and lowers the standard of doctrine and life of all the other churches.

The members of the conference, about 40 in number, consisting of ministers and laymen of the Reformed churches in western Michigan, voiced their approval of the stand taken by the speaker.

Rev. Gerrit De Motts of Grand Rapids read a paper on "Quakerism."

DRUMMER TO GET ACQUAINTED WITH THREE JAILS

J. M. Reeder, a New York drummer who obtained money under false pretenses here three months ago, is likely to spend a good deal of the rest of his life in jail, if he has been playing the same game in other places that he played here. He has just finished serving three months in the Kent county jail; Tuesday he was taken to Grand Haven to spend 60 days in the Ottawa county jail, and when he gets through with his sentence there he will be turned over to the Lima, Ohio, authorities to do time there.

He came to Holland some time in July and stayed at a local hotel. Running out of funds, he claimed that he was a representative of the American Dress Co. of New York. He also claimed to be a Mason and he borrowed money of a local party, giving as security 24 yards of silk from his sample case. When the silk was unraveled it was found to contain eight yards of poplin; but by that time Mr. Reeder had disappeared. Soon after he was arrested in Grand Rapids on a similar charge, and he is wanted in Lima for playing the same game. He appeared before Justice Van Schelven Tuesday morning and was sentenced.

SAUGATUCK LEGISLATOR RETURNS EXTRA MONEY

Representative Fred Wade, of Saugatuck, is one of three state representatives who have returned the extra money that they secured in the recent "salary grab" at Lansing when the House members voted themselves eleven days' pay for four days' work.

When the legislature in special session to pass the coal bill, adjourned, a majority of the members of the house voted to make Friday, Oct. 20 the final adjournment day. This gave the representatives eleven days' pay while they were in actual session but four days.

A minority of the house was against the motion and in speeches upbraided their fellow members for taking more pay than was "legally coming to them." Those members opposing the motion said they wouldn't accept more than four days' pay and would return the difference.

The first of the refunds arrived at Pierce's office Saturday. He expects others to follow within the next few days. Those who have made returns were Fred Wade, Saugatuck; Miles S. Curtis, Battle Creek; and E. B. Manwaring, Ann Arbor, all of whom returned \$35.

The salary of the members of the State legislature is \$5 per day while in special session, with a limit of \$100. In addition the representative gets 10 cents per mile for expenses from their homes to Lansing, but nothing for the return trip.

Lewis Van Slooten, son of Nat Van Slooten, West 16th St., riding a bicycle on corner of River and 12th street about 12:30 Tuesday noon, was injured when he was struck by an automobile driven by Edw. Garvelink, son of G. J. Garvelink. Garvelink was driving west on 12th and another car was going south on River. Garvelink was slowing up for this car and was watching it so that he did not see Van Slooten coming along on his bicycle. He had his car under complete control and stopped immediately. Van Slooten was taken to the hospital.

HOLLAND BAND WAS LUCKY IN ITS ARRIVAL

(Too Late for Last Week)
(By Special Correspondent)

New Orleans, Monday Evening—The American Legion band and the party that left Holland on the special are receiving the thrill of their lives. It seems that the American Legion band was the advance guard of the entire national convention and wherever the Holland boys appeared they were greeted with cheers and were given an ovation.

The climax came however at New Orleans when the Holland band together with the Michigan delegation, were the first to enter the city. National and state officials who had been on the ground for some days, and the citizens in general were simply waiting for something to happen that would touch off the pent-up enthusiasm and when the American Legion band and its followers came marching up Canal street, the main thoroughfare, the enthusiasm was sure spontaneous.

The headquarters for the Michigan delegation is at the Grunewald hotel, the largest hostelry in the southern city. As the band and delegates entered the lobby playing and singing "Michigan My Michigan," bedlam broke loose and cheer after cheer went up for the Holland Legionnaires. The other delegations have not been receiving the same recognition for the reason that bands and delegations came so fast that it soon was an old story.

The Holland special and several other specials are parked on Leisler Field, about 10 minutes street car ride from the heart of the city. It is stated that accommodations at the hotels were all spoken for several days before the convention opened. However, the sleeping quarters on the special do very well and the boys are not complaining.

Monday morning the local band was on duty early. It appears that the Oklahoma delegation failed to bring any band and when one of the wealthy westerners heard about it and had seen the Holland band perform he immediately hired the local organization, trimmed the up with Indian feathers and had the Holland band escort the Oklahomians from the depot to headquarters, a distance of about five blocks. This completed, he handed Leader John Van Vyven a substantial check for services rendered, additional spending money for the band boys.

Monday afternoon the local band was engaged to play at Audubon Park, a beautiful place where aquatic sports were held in the lagoon. The Legion swimming contest was for the national championships.

There will not be much doing from now on but sight-seeing until the parade on Wednesday afternoon. Michigan is the 4th division and there are nine divisions in all. The parade is to start promptly at two o'clock Wednesday and at 4 o'clock the marchers will halt and all music will cease for one minute, tape in memory of our "Glorious Dead."

Mrs. G. J. Van Duren, of the Ottawa County Red Cross, Wednesday made the rounds of the stores putting up Red Cross cards announcing the annual membership drive soon to be held. The drive will begin on Armistice day and continue until Thanksgiving day.

The details for the drive in southern Ottawa have not yet been worked out, but Mrs. Van Duren has started the work to get it underway. She was in Jamestown for this purpose last week and she went to Zeeland Wednesday afternoon. She will visit other sections of Southern Ottawa to get the places organized for the drive.

Healthful Throat is a Winter Joy

Health Talk No. 42

By JOHN DE JONGE, D. C.

People who are subject to throat troubles sometimes called tonsillitis, laryngitis, and just plain sore throat, look forward to winter with dread. The weakness which causes cold to settle in the throat is directly traceable to pressure on nerves at the spine.

Because the throat is so easily reached with gargles and swabs, the first thought in throat troubles is usually of such remedies as this, with the idea that the cause is pinching pressure on spinal nerves emitting from the spine in the lower neck region. The chiropractor readily locates the pinch and by his skill makes the necessary adjustments. There is always the danger in throat ailments of diphtheria developing and prompt and efficient attention is necessary.

Osteopath's Son Gets Chiropractic

The son of Dr. R. D. Grant was taken sick while his father was away from home. An M. D. quarantined the house. Dr. Grant was called home and sent for a chiropractor who was formerly an osteopath, and by chiropractic spinal adjustments the boy became convalescent in three days and on the fourth took an automobile ride.—Case report in the Chiropractic Research Bureau file, Statement No. 1343C.

TO RESTORE JURY SYSTEM IN SCHOOL GOVERNMENT

During the election campaign held at the high school last May, Mayor Egbert Fell, Jr., had as one of the planks in his election platform that the jury system should be restored and he has now fulfilled his promise to the students as the high school council has voted to restore the court system to Holland high.

The student council will act as a jury and a committee composed of one member of the council, Mr. Rummensma, the mayor and the chief of police will judge if the case is serious enough to be brought before the jury. These plans will be incorporated in an amendment to the constitution and will be presented to the student body.

CHURCH PAPER GIVES REPORT OF MISSION MEETING

Rev. Brouwer and his loyal women church workers in Grand Rapids welcomed a host of missionary women to their beautiful church building on last Thursday morning, who had come to attend their annual conference. From a small beginning 24 years ago it has grown to numbers that taxed the seating capacity of a large auditorium.

Immanuel church overflowed at the afternoon and evening sessions.

Dr. A. Oltmans was the morning speaker and dwelt on the needs of the women of Japan. The first of the afternoon speakers was Mrs. J. A. Dykstra, a representative of the Woman's Domestic Board. Mrs. D. J. Scudder gave an encouraging view of the progress of the gospel in four mission fields, especially India.

Missions among the Italians of this country was well represented by Rev. Moncada.

A pleasing feature of the evening session was the hour taken by the Young Ladies' Societies. They marched in 250 strong, singing, carrying banners and filling the first part of the church. Miss Marie Zweemer and Miss Westveer gave a splendid report of their work while Miss Van Dyke gave a glimpse of her work as a nurse in Anville, Ky. Miss Janet Oltmans, who has spoken at all conferences this fall, also brought an earnest message from heathen Japan to Christian America. Mrs. Scudder and Moncada also addressed the young people.

The collections during the day were \$571.11. The societies during the year raised over \$15000. Central church, Grand Rapids, is next year's place of meeting. Mrs. Gilmore, who has shown deep interest in missions and who has been president for over twenty years, was unanimously re-elected.—The Leader.

Miss Susanna Hamelink of Breckenridge, Mich., is the guest of her parents Saturday and Sunday.

FRED MARSH IS FATALLY INJURED IN GRAND HAVEN

Friday morning at 9 o'clock while unloading lumber at the Challenge Refrigerator plant at Grand Haven, Fred Marsh of Holland, lost his balance and fell, striking his head upon some concrete flooring. His skull was badly injured and he was immediately removed to the Elizabeth Hatton Memorial Hospital in serious condition. Dr. S. L. De Witt was called but in spite of the efforts of the doctor and the staff at the hospital, Mr. Marsh died an hour later.

Although a resident of Holland, Mr. Marsh was working at the Challenge Refrigerator plant at Grand Haven. He was said to have been 45 years old. His son, Robert Marsh, who also lives in Grand Haven also is employed at the Challenge Co. Mr. Marsh is married and his wife lives in Holland. She was immediately notified after the accident but failed to arrive in time to see her husband alive.

Both Mr. Marsh and his son had recently pledged themselves to the Salvation Army and were on probation following which they would have been taken in as soldiers.

Mr. Marsh was standing on a lumber wagon helping to put off lumber when he suddenly lost his balance and fell to the ground. He struck his head against the concrete floor causing it to fracture and the blood gushed forth. He was removed to the hospital with all possible dispatch and Dr. DeWitt was summoned.

The doctor and hospital staff worked hard to save the patient's life but apparently he was beyond the power to save and an hour afterward he breathed his last.

HOME AND CHURCH NIGHT IS OBSERVED

The home and church night which was adopted some time ago by the city pastors and school authorities, is being given a trial with indications that it will eventually become an institution in Holland. According to the proposed plan, all school activities are suspended from Wednesday afternoon upon the close of school until Thursday morning, giving the children and older boys and girls one afternoon to attend religious instruction in their respective churches and one evening at home so that parents and their children may become better acquainted. The new departure is being observed by all departments of the public schools.

An appropriation of \$100,000 to be raised by a special one-fourth mill tax on the county's assessed valuation has been passed by the Muskegon board of supervisors for the purpose of erecting a tuberculosis sanatorium. This amount is to be spread over six years, this year's quota being \$19,250.63. The assessed valuation of the county is \$77,000,506.

POSTMASTER'S BOOK NOW ON SALE

The new book by Postmaster Wm. O. Van Eyck, "Landmarks of the Reformed Fathers, or What Dr. Van Raalte's People Believed," announced in the Sentinel a week or two ago, is now on sale. The book is bound in rich blue cloth with title in gold, and contains 350 pages and eight half-tone photographs.

The books contains 21 chapters under the following titles:

The Soul of the Church; Police Rules of God's House; Rebellion in Camp or the Secession of 1822; Dr. Milledoler on the Secession of 1822; General Synod Holding the Balance-rod; Far Hence Unto the Gentiles; Backsight and Foresight; Tidings from Afar; What the Church Knew About Holland; Sons of Thunder; The Reformed Church a Rock; A Beacon Light in the Night of Error; A Photograph of the Church in 1850; The Reformed Church in Advance of the Hollanders of the West.

JOINS STAFF OF CALIFORNIA SANITARIUM

Formal cards have been received by friends of Dr. Edward D. Kremers, announcing that Dr. Kremers has become associated with Dr. Stephen Smith, medical director of the Las Encinas Sanitarium at Pasadena, California. Dr. Kremers will hold the position of assistant medical director of the institution.

Dr. Kremers left Holland a number of years ago to enter the medical service of the United States army. He attained the rank of Major in the U. S. Army and is now retired from the service.

"ROBY" LEG BROKEN IN MICHIGAN OHIO GAME

The brand new stadium that Ohio State University opened for the first game, amid pomp and ceremony and properly dedicated by a crowd of 60,000 Saturday, received its first black mark when our own Michigan humbled the scarlet and gray of the Buckeye school to the tune of 19 to 0.

For three years Yost and his loyal followers have been burning for the revenge they achieved on this, the red letter day, in all the history of the Western conference.

Ohio was whipped to a standstill, damaged as no team coached by Wilce ever had been before and there is a deep, thick pall hanging over every supporter of the Scarlet and Gray. In one blow Wolverines wiped out the fruits of Ohio State's triumphant years; pushed back again the chesty Buckeyes, and while about it, jumped again to a position that will command the esteem of the west.

Through the entire press of the middle-west Cappon and Roby of Holland are given full credit for their part in the great victory altho Kipke has been touted as the hero of the big game. Notwithstanding the fact that the victory is great, Yost well knows that his men have bumped up against a real team as two of the Michigan men are now in the hospital, namely Roby and Vander Voort. The former with a broken leg and the latter with a broken arm and therefore both stars will be out of the game for the rest of the season and this will no doubt weaken Michigan greatly.

The state papers are giving play by play, telling of the way Cappon gained ground for Michigan again and again and at one period of the game, the Holland boy was the only "stone wall" between the Ohio crack players and the Michigan goal.

In a description of this play the Detroit Free Press gives the following: "In hysterics again, Workman tried two more passes with Isabel that were grounded. Steele replaced White, just before a pass, Workman to Pauley, netted 1 yards and put the ball on Michigan's 47-yard line. Another pass was batted down by Steger, but the officials ruled interference by Steger and Ohio was given the ball on Michigan's 24-yard line. Michaels made nine yards thru right tackle and on the next play Michaels made it first down on Michigan's 13-yard line. Michaels got another yard against the line but a pass was knocked down by Cappon. Another pass netted a scant yard Honaker falling prey to three Michigan men who smothered him. With ten yards to go and a fourth down Isabel passed to Workman, who was tackled so hard by Steger that he lost the ball that fell into the hands of Honaker, who had only Cappon between himself and the goal.

"Cappie" saw the danger, dived for the flying Ohio end and in the shadow of the goal pulled him down. Kipke immediately kicked to Ohio's 35-yard line where Kirk downed him for a five yard loss. Workman returned the kick to Michigan's 30-yd. line. Two tries by Steger and Cappon netted five yards and a five-yard penalty for off-side by Ohio made first down for Michigan on her own 41-yard line just as the quarter ended. Score—Michigan 16; Ohio State 0.

The 9th game of the series being played at Post's Billiard Academy resulted in a win for Clifford Avery by four points. Avery and Bredeweg were well matched and played a close game, at all times neither player being able to get very far ahead of his opponent. That the large crowd was well pleased with the game could be told by the continued applause when either player made an exceptionally good shot. Starting tonight there will be games played on Friday, Tuesday, Wednesday and Thursday nights. Game starts at 7:30 p.

HOLLAND HIGH TRIMS MUSKEGON HEIGHTS

(By VELDMAN)
The Holland High eleven turned in a win in its first home game of the season, Muskegon Heights being the victim and taking the short end of a 0-6 battle. The Muskegon team considered a comparatively weak aggregation showed unexpected skill, while Holland played listless ball, being penalized repeatedly and showing only flashes of its real caliber.

Kleis and Cashbough contributed the feature plays of the game, the latter intercepting a pass and racing 85 yards for a touchdown, while Kleis made two pretty open field runs, both netting 35 yard gains, and one resulting in a touchdown. Jappinga opened the game by kicking to Wier, after three tries at the line with little gain, the visitors punted to Hill. After the exchange of punts, Holland ploughed straight up the field for a touchdown, Jappinga going over from the five yard line on a smash. Vanden Brink added a point by going around end for the necessary 5 yards. Holland's kick-off traveled ten yards and Muskegon made first downs twice by calling on Timmick left tackle to carry the ball. Holland recovered a fumble, and Kleis tore off 35 yards. Hill after two attempts went over for the second touchdown. Muskegon received and aided by penalties and a 30 yard gain through a pass to Norton carried the ball to Holland's 4 yard line. Here Holland held and punted out of danger. The half ended 13-0.

Holland received to start the third quarter and after carrying the ball to midfield was forced to punt. Hand immediately punted to Kleis who received on Muskegon's 35 yard line and with splendid interference traveled the entire distance for a touchdown. Van Zanden's attempt at goal was good and Holland's total went to 20. The play for the rest of third quarter was in midfield, neither team being able to gain consistently. Holland worked the ball to the visitors' 30 yard line and tried a long forward pass, which Cashbough intercepted and stepped off 85 yds. for a touch down. Holland tried hard to score in the final minutes of play, Hill made a brilliant run and was injured and forced to the sidelines. Damstra substitute, made two good gains, but the game ended with Holland still thirty yards from the foe's goal posts.

In the preliminary game, the Hope Reserved aided by T. VandenBrink first team quarterback, defeated the High Reserves 13-0. VandenBrink scored both touchdowns in the first half the high school lads playing a tight game the latter half. Lineup and summary of the game:

A county girls' conference will be held in Holland high school on Saturday, Nov. 4, under the auspices of the Blue Triangle club of the local school. Between five and ten girls from each school in the county have been invited. The purpose of the conference is to make a bond of fellowship and friendship better between the girls and to give the idea of the Blue Triangle club with respect to its ideals and purposes. Speakers will talk on "The Girlhood of America and the Girlhood of the World." Dinner will be served in cafeteria style. The program will be featured with a pageant and an automobile ride through the city.

Miss Anne Van Putten left Friday for Ann Arbor where she will be a guest of her sister Mrs. J. M. De Haan.

According to a statement just issued by Edsel B. Ford, President of the Ford Motor Co., Detroit, a general reduction of \$50 a car has been made in the prices of Ford Model T cars and the Ford 1 Ton Truck, effective October 17.

"The revision in prices," said Mr. Ford, "is the result of the increased volume of business which our company has enjoyed during the present year, and also, to the fact that we now own and operate many of our own sources of raw material, which enables us to continue increasing the quality of our product and at the same time keep the price so low that Ford cars are in reach of everybody. "Our production for 1922 is already in excess of a million, which has been an important factor in bringing down costs. Our present daily output is averaging better than 5,000 cars and trucks, which means a complete Ford car or truck every 5 1/2 seconds of each eight-hour working day. It is in anticipation of this continued demand that price adjustments are again being made in order to keep in effect the policy of selling Ford products at the lowest price consistent with quality.

"Quality, as usual," said Mr. Ford, "will continue to be a prime consideration in building of Ford cars. As our business has increased we have constantly increased our equipment and manufacturing facilities, so that this price reduction merely reflects the progressive methods which come as a result of increased volume.

This reduction, which is the sixth since March 1920, brings the price of the Ford touring car from \$575, the price in effect early in 1920, to the present extremely low level of \$298, which is nearly 50% less. Corresponding reductions have been made on all other types.

The new prices by types follow.—Touring, \$298; roadster, \$269; chassis, \$247; Co. pe \$520; Sedan \$595; Coupe, \$385.

DOESN'T YOUR HOME DESERVE IT? COZINESS.

We all know folks who go through life Unharmd by doubt and fear. Their lives are safely guided by The buoys of Hope and Cheer.

And what is more, we know that they Deserve to have their fun; The world is better since they lived, And their good homes begun.

Now, human Sunshine gains her strength In cordial, storm-proof nests; The added joy that warm folks have, Is shared by all their guests.

Why children laugh the louder, when, In wrath, King Winter roars! In cozy homes, nobody thinks Of weather out-of-doors.

Right where we live should be our port Of Peace and Happiness; A home can have a heart of Smiles With Coziness its dress.

ESTABLISH PEONY FARM EAST OF HOLLAND

A peony farm is being established on the farm of the late Ben Van Raalte, located on East 16th street, now owned by Mr. O. C. Reimold.

The peony proposition is being managed for Mr. Reimold by the Weller Nurseries Co. and this fall 20,000 peonies in many of the best and most expensive varieties have been planted.

Mr. Reimold is a lover of flowers and while a proposition of this kind requires a little time to develop, we may assume that under the management of the Weller company, Holland will have one of the largest peony farms in the country. This will no doubt form another wonderful attraction to our city and especially around Decoration day time, when most peonies are in flower. Few people realize what the nursery business will mean to us in the near future as an industry.

It has been only five years since the Weller Nurseries Co., was established and now the company is employing from 25 to 30 people all the year round.

"NO MAN'S LAND" GIVES RISE TO COURT BATTLE

The temperature of the court room at the city hall yesterday was above normal at the trial of John Oudman on the charge of maliciously destroying the property of his neighbor, George Van Landegend.

Mr. Van Landegend and Mr. Oudman are neighbors living at W. 9th. It seems that lying between the lots of the parties there is a disputed strip of land about two feet in width, which caused these two neighbors to forget the biblical advice about living peacefully together and finally dragged them into court.

For some time past a verbal warfare had been going on between the parties with the disputed strip as "no-man's land". Finally Mr. Van Landegend started an "offensive" and built a fence annexing the land to his lot and planted grapevines to complete the occupation.

Mr. Oudman delayed a counter attack until the fruit was nearly ripe and then started a counter offensive. He decided if he couldn't have the land Mr. Van Landegend would not have the grapes and with a long stick knocked down the grapes, thus destroying whatever hopes Mr. Van Landegend may have had of sipping grape juice during the long winter evenings.

Mr. Van Landegend, feeling that the battle was going against him, called on the Reserves, the police force and swore to a complaint charging Mr. Oudman with malicious destruction of property.

The trial took place Monday morning much to the amusement of all except the participants who were very much in earnest. The jury evidently decided that they would leave the parties to fight their own battles and brought in a verdict of not guilty. Pros. F. T. Miller represented the people and Jay Den Herder of Robinson & Den Herder appeared for the defense.

WILL RAISE MONEY FOR IMPROVEMENTS IN CLUB HOUSE

During the business session that preceded the program of the meeting of W. L. C. Tuesday, the president announced that it would be necessary for the committees to raise money to pay for the recent improvements made in the club house. Toward his end a rummage sale will be held in the Club house all day on Saturday, Oct. 21. Thursday and Friday the building will be open for the reception of articles for this sale. Mrs. Wm. Winter, Mrs. W. H. Wing, Mrs. Percy Ray, and Mrs. John Kanters are the leaders of the two committees which have this sale in charge.

The luncheon committee reported a balance of \$41 from proceeds of the luncheon. They were voted permission to spend the money for kitchen utensils. The program was opened with a violin solo, "Schubert's Serenade," played by Miss Lois Keppel, accompanied by her mother. In response to applause another number was given.

Mrs. John Boone gave a report of the most outstanding events and legislation which have recently occupied the attention of the world, such as strikes, fuel bills, Turko-Grecian war, tariff bills, etc. Mrs. Wager repeated her report given last week.

Rev. James M. Martin was next introduced. He spoke on "Modern India." India's mixture of languages, customs and religions was outlined. On the whole the English government of the country has been wise. But since the war a feeling of nationalization has been growing. There are two parties, the Extremists and the Moderates; the latter think the time is not ripe for independence from England. The tactics of Gen. Dyer in the Punjab once the parliamentary act called "The Black Cobra" have increased the discontent. And now many of these dissatisfied ones follow Gandhi who preaches a doctrine of boycott of everything English. The people of India are now of themselves adopting many of the ideas taught by the missionaries but are not giving the credit to Christian inspiration.

At the Reformed church last week the men of the Bible classes of the three churches and their friends met together as had been previously announced. A goodly crowd was present and heard Mr. G. Schuiling of Holland. A splendid feeling exists between these classes and it was decided to meet together once a month during the winter. The next meeting will be held Monday, Nov. 20.—Grandville Star.

Sugar beet harvest is under way in Michigan-Ohio territory and the factories in this territory will not operate this season, it was learned. The Continental Sugar Co. will not open its plant at Fremont, O., the Owosso Sugar Co.'s factory at Lansing will be idle, and the Independent Sugar Co.'s plant at Marine City will not be operated according to recent announcement by the receiver, the Detroit Trust Co. Estimates from the various companies place the reduction in beet tonnage as compared with last year at from 10 to 40%, but the beets are almost uniformly reported as showing a higher sugar content, which will partly offset the smaller yield, and some of the companies report that they anticipate a large sugar turn-out than last season.—Michigan Investor.

While driving at a high rate of speed on the West Michigan Pike, south of Grand Haven, coming toward Holland Sunday afternoon, Mrs. Charlotte MacDonald, wife of Attorney R. MacDonald of Muskegon, lost control of her sedan and in trying to avoid going into a ditch applied the brakes with such force that it sent the car ten feet in the air. Before it stopped it had turned turtle twice according to witnesses. Besides Mrs. MacDonald, her husband and her two sisters, Mrs. Ella Sollers and Miss Francis Veldma, were in the car. They were all taken to the Hatton hospital, but aside from many bruises they were uninjured.

The devastated area on the lake front at Macatawa Park caused by the disastrous fire which razed 30 cottages a few months ago, will become one of the most beautiful residence sections within another year. Three or four cottages are already under construction and others will be erected as soon as the necessary plans are drawn. The new summer homes will be more substantially constructed than the ones destroyed and in some instances the cost will approximate \$15,000 to \$25,000.

Mrs. Vaudie Vanden Berg was honored at the national convention of outdoor advertisers at Richmond, Va., by winning the first prize at a bridge party held at Hotel Jefferson in connection with the convention and attended by the wives and daughters of the society set of aristocratic Richmond as well as by wives of delegates from all parts of the country. Mrs. Vanden Berg made the highest score and was presented with a silver carving set.

She was also entertained by the chief of police of Richmond and his wife and daughter on a tour of the historic places in and about Richmond. The convention is a big event for outdoor advertisers all over America and is being attended by delegates from nearly every state.

Altho the owner of an automobile for some time, John Vandenberg never carried any insurance. This week he took out a policy and a few minutes later Mrs. Vandenberg, while driving the machine collided with another car. The damage was only nominal but Vandenberg was covered, which speaks well for this line of protection.

Another Choral Union is to be organized at Hope College if the required number of voices can be secured. What is still needed is a number of tenors, and Dr. J. B. Nykerk has been looking about for the right kind of material. A Choral Union of girls is assured, but such an organization of men is not quite so certain. If the necessary voices can be secured the girls' organization and the men's organization will be combined and will form a strong chorus.

Under the direction S. Tuller, instructor in violin and leader of a number of orchestras in Grand Rapids the Hope College orchestra is making rapid progress.

Since the orchestra has been reorganized ten new members have been added to the list, making the membership larger than it has been for several years past.

Hundreds of Sunday school workers from all part of the state are expected to be at Lansing for the annual convention of the Michigan State Sunday School association to be held November 1-2-3.

Program arrangements have been made that insure the delegates a busy three days. Addresses, song services and round table discussions are included.

A young Italian going under the name of Joe Rich, rented an auto from the Ford garage of Schuelmeister & Alward, proprietors at Heustonville. The Italian never returned with the car and now the owners are wiring the Chicago police to look for the car. The young man had rented cars of the firm several times before to give rides to some young women and had always returned the cars promptly. That he is traveling under an assumed name is considered certain for when he worked on the section he received his check from the railroad under a distinctly Italian name.

The election of officers Thursday and the routine business closed the 22nd annual conference of the Michigan D. A. R. Resolutions asking that when the lakes of the state are renamed they will be named for pioneers of the county in

which they are located; that the Hon. Martin Burt, inventor of the typewriter and prominent Michigan man be indorsed for the Hall of fame; that a main highway in Michigan be named for Father Gabriel Richard, printer of the first book and newspaper and prominent in the early life of this state, all were introduced by members of the Sophia de Mar-sac Campau chapter, and all were passed by the conference. Resolutions urging better motion pictures and more widespread Americanization work also were passed.

Forty-five Ford dealers of western Michigan, from Kalamazoo north to Ludington, were addressed by L. Pettit, assistant manager of the Detroit branch of the Ford Motor Co., at the Association of Commerce at Grand Rapids Monday. Sales methods and policies only were discussed. Dealers following the meeting stated that no change in policy was planned and scouted the rumor that price reductions are in prospect.

Proposed Amendments to the Constitution

THERE WILL also be submitted at said election three proposed Amendments to the Constitution of Michigan as follows:

A proposed Amendment to the Constitution providing that Article XIII be amended by adding a section to be known as section 5, to read as follows:

SEC. 5 Subject to this Constitution the legislature may authorize municipalities, subject to reasonable limitations, to condemn and to take the fee to more land and property than is needed in the acquiring, opening and widening of parks, boulevards, public places, streets, alleys, or for any public use, and after so much of the land and property has been appropriated for any such needed public purpose, the remainder may be sold or leased with or without such restrictions as may be appropriate to the improvement made. Bonds may be issued to supply the funds to pay in whole or in part for the excess property so appropriated, but such bonds shall be a lien only on the property so acquired and they shall not be included in any limitation of the bonded indebtedness of such municipality.

This proposed amendment, if adopted, will empower the legislature to authorize municipalities to acquire land and property in excess of that needed for parks, boulevards, streets, etc., and issue bonds for the payment of same.

A proposed amendment to section 3 of Article X to read as follows:

SEC. 3. The legislature shall provide by law a uniform rule of taxation, except on property paying specific taxes, and taxes shall be levied on such property as shall be prescribed by law. Provision may be made by law for a tax not to exceed four per centum upon or with respect to the net gains, profits and incomes, from whatever source derived, which tax may be graduated and progressive and which may provide for reasonable exemptions. For the purposes of such tax, property and persons, firms and corporations, upon which such tax may operate may be classified: Provided, That the legislature shall provide by law a uniform rule of taxation for such property as shall be assessed by the State Board of Assessors, and the rate of taxation on such property shall be the rate which the State Board of Assessors shall ascertain and determine is the average rate levied upon other property upon which ad valorem taxes are assessed for state, county, township, school and municipal purposes.

This proposed amendment, if adopted, will authorize the enactment of an income tax law providing for a tax of not to exceed four per centum upon net gains, profits and incomes, and providing for a classification of property and persons upon which such tax may operate.

A proposed amendment to Article VIII, by adding section 30, to read as follows:

SEC. 30. The legislature may provide for the incorporation of ports and port districts, and confer power and authority upon them to engage in work of internal improvement in connection therewith.

This proposed amendment, if adopted, will authorize the legislature to provide for the incorporation of ports and port districts with power to engage in work of internal improvements in connection therewith.

Holland high school has not up to this time had a debating team and the talk around the school now is that something of this sort should be taken up. Nearly every school of importance has its oratorical contests—why not Holland?

Vernon Ten Cate thinks, there is no such thing as a hen-pecked husband. He prefers to be Boone-picked—Maroon and Orange.

They say Holland high has a fine quartet in fact the finest in years in the persons of Huizenga, Wabeke, Fleming and Cook. Miss Cogdal is already beginning to whip the musical organization in line for a repertoire of five songs.

NEW ORLEANS THE CITY OF PROGRESS, BEAUTY CHARM AND ROMANCE

(Continued from Page 1)

has the largest harbor in the entire world.

The bill of fare in New Orleans is never complete without a liberal supply of chicken and this strange city is famous the world over for its creole cuisine.

In speaking of Creoles the strange idea exists that a Creole is part negro. This is absolutely without foundation. It is stated in New Orleans that everything that is "good" is Creole. The highest praise that can be bestowed upon any article for sale along the streets and in the country is to declare that it is "Creole." Hence, in trade one hears continually the application, "Creole chickens," "Creole eggs," "Creole ponies," "Creole vegetables," etc. The term is used to distinguish the commercial produce of New Orleans and of Louisiana as distinguished from that brought in from the North and West.

One hears, too, the term "Creole negroes," but it must be remembered always that this is a fine distinction, meaning the blacks and colored people that are Louisiana bred and born and French speaking, as distinguished from the negroes of other States. "Creole" means "white," though, as already seen, it has been given many shades of signification—shades which have been taken up by ignorant scribblers and gradually accepted by many Northerners as meaning Louisianians of mixed blood. Nothing is more erroneous. The term "Creole," according to such standards as Webster and Worcester, signified "a native of Spanish America or the West Indies, descended from European ancestors." In Louisiana "Creole" has much the same meaning that "Knickerbocker" has in New York. There never was a nobler or more pure-blooded race than the Creoles of Louisiana, who are proud of their descent from the best families of France and Spain, and who apply to themselves the term "Creole" to distinguish the "old families" of the State from the families of emigrants of other nationalities.

All depots have negro waiting rooms, in which the black men are compelled to stay. All public places and restaurants have negro sections, "Negro heaven" in the theaters is an actual fact for the negro can only go into the highest gallery and consequently the name "Negro heaven." The last three seats in a street car are for the negro. The writer nearly got into an altercation with a conductor when he sat down in a seat towards the rear of the car when in comes a big buck negro with his "Liza," followed by a conductor.

Said the conductor to the writer, "get up." The writer questioned his right to make such a request and refused to do so. Said the conductor, "Well you're sitting in the negro section." The conductor was informed that he could have given the information a little more politely as a northern conductor would do, and that a conspicuous sign might give the desired information. The conductor stated that the negro sign had been torn off but would

soon be replaced.

Anyway your humble servant became a strap hanger surrendering his seat to the black couple who meekly took possession.

The Mardi Gras is the great fete mouth in this strange city. Carnival spirit was already rampant, altho this great pageant and fun making period does not begin for two months yet. It is stated that the most beautiful floats in the world are made here, and for weeks, day after day, new creations are seen in parade formation and the city simply lays off the greater part of a month, celebrating day after day, what we consider in the north a great celebration when we have our old fashioned 4th of July, for one day, only the daily parades are on a more gigantic scale and individual floats cost thousands of dollars. It is stated that no sooner is one celebration over then designers are already working on floats for the next year's event.

The Mardi Gras has been a feature in New Orleans for over 100 years, in fact in one of the cemeteries the writer saw the grave which contained the following inscription "Here lies the man who introduced the Mardi Gras, who died in 1822. The name was an unpronounceable French one which is hard to repeat.

The writer might continue this article over several columns more for four days sight seeing brings about unique situations and new things that a northerner has not seen before, but our readers must be content with this review by your humble servant, on New Orleans as he saw it.

We might add, however, that New Orleans was founded by Bienville in 1718, over 200 years ago, and 177 years after De Sota discovered the Mississippi river.

New Orleans has a population of 418,000 and in its industrial zone has a population of 526,000.

AMONG THE THINGS THE BOYS SAW.

A flotilla of seven submarine destroyers, the latest in the U. S. Navy lying at anchor in the harbor. Had terrible voyage in gulf typhoon.

Six air and sea planes constantly flying over New Orleans during the parade on Wednesday. They flew goose fashion "V formation" over the course the 30,000 men were to follow.

All Catholic Churches open day and night for worship and many worshippers going in and out constantly.

The old United States mint now out of commission; as all money is now made in Washington; older citizens will remember the small eagle on many silver coins. This indicated that the coin came from the New Orleans mint.

A sight seeing place worth while is an old Spanish fort about seven miles out, with its crumbled walls and battered cannon. At best it is only a heap of ruined masonry but like in the greater part of the above story one must associate historic events with the tattered remains of by-gone days. New Orleans must be seen always with a mind pictured on the foreground. Without it one cannot possibly appreciate the city, for what he sees is a city in the last stages of decline that is speaking of old New Orleans.

Negroes, negroes, negroes, squares upon squares of them all segregated and the outpouring from the hovels at night seemed to be more than the homes, so-called, could possibly contain. Step fashion is no name for the sizes in one family: a sliding scale seems more correct.

A negro in the south, does not speak to a white man unless spoken to. This was very noticeable: no familiarity by the blacks in New Orleans.

The widest street in New Orleans is Canal Street. It is the only wide street in the entire city and is 186 feet across, and formerly was a canal, and from which its name was derived. Several other branching streets in the heart of the city were also canals and in the olden days New Orleans was a veritable Venice. All these streets are now arched over and have formed a wonderful drainage system for the entire city.

Squatty looking ferry boats built catamaran fashion and with two long stacks, all negro crews except the captains; playing forth and back across the river every fifteen minutes loaded with foot passengers, teams and automobiles.

In the parade—a float from Florida filled with beautiful "peaches" throwing juicy oranges. Three thousand of them were disposed of and what a scramble. Iowa floats throwing corn; nothing but the hens followed.

See a lot of strange sights but Coco Cola signs and Standard Oil Stations "we have always with thee."

Every house, except those in the modern quarters have large French windows in front closed with shutters. The front doors are lock all ways. If admission is desired an old fashioned knocker is available. If the visitor is an acquaintance he or she is allowed to enter. A peep thru the shutter from the inside is enough and the bill collector or book agent is out of luck.

No northern generals are represented in the statuary anywhere in the public park. Those of Robert E. Lee "Stone Wall" Jackson, Jefferson Davis and General Beauregard are very much in evidence. There is a statue of Henry Clay, the great statesman, and Lafayette, the great French General of Revolutionary days, but the "father of his

country" and Father Abraham are conspicuous for their absence at least the boys could find them.

In the French district are hundreds of little curiosity shops such as Dickens pictures in his story. Curious seem to have been shoveled into them and shops are dusty and untidy and goods are not shown to advantage. The shops are so laden with curiosities that it is difficult to find room for your feet.

Squatted on the floor of the lobby of one of the big hotels were men shooting crap; there were at least thirty crap games going at one time, crab games going at one time, stakes ranging from one to one hundred dollars a throw.

Little did the boys know that when they crossed the Tennessee river they were within ten miles of Muscle Shoals where Henry Ford desires to place the most gigantic fertilizer industry in the world if the government will only let him.

In Past Christian Jeff Davis' home was turned into a soldiers home for the boys of the gray. A wag among the Holland Legionnaires told the soldier guide, "Old boy, what I want to see is that sour apple tree." What he got is a withering look.

In Mammoth Cave, Ky. the last sight seeing trip, the Holland aggregation entered the large cavity in the ground with torches lighted and inspected one of the three large galleries. Upon their return their walking speedometer registered a distance of 5 miles underground. In one of the large chambers the Holland and the G'd Rap. delegation joined together in singing a sacred song and as J. Van Vyven puts it, the effect was wonderful, the echo bringing out a tone as if a large pipe organ was near, altho no musical instruments played a part in the singing.

The last city of any importance visited was Louisville, Ky. the present home of several Holland citizens. Judging from the downtown district the Kentucky town is a substantial, thorough, business-like municipality. The electrical displays at night surpass that of other cities of its size anywhere and judging from the number of theaters it must be a pleasure loving city. It is an easy town in which to find your way and citizens are quick to help the stranger along in the right direction.

That's about all. BEN MULDER.

TICKETS ARE GOING

FAST FOR Y SUPPER THURSDAY NIGHT

Many tickets have been sold for the big county Y supper at the W. L. C. hall on Thursday evening of this week. The indications are that a good many persons will come from other parts of the country to attend the meeting and to hear the address of A. E. Roberts, of New York City, international Y. M. C. A. worker and as well known in Y work as Robert E. Speer is in his work. Secretary H. W. Smith Tuesday could not state exactly how many will come from other places in the county, but he expects that there will be quite a delegation from Grand Haven, and he also expects a considerable number from Zeeland, with smaller delegations from Coopersville and Spring Lake.

The tickets available for Holland are going, and all who wish to attend the supper are asked to act now. Secretary Smith attended a meeting of the Beechwood Boosters Club and that organization asked how many tickets they could have. Mr. Smith allowed them ten, and they immediately took them all. The total number of plates cannot exceed 200, and so the ticket sale will be limited. When the pasteboards are gone there will be no further opportunity to attend because there will be no room for more seats.

Mr. Roberts spoke at Hillsdale on Wednesday before coming here. He has been at Hillsdale twice before and made such an impression there that the arrangements were made for a Y dinner of 400 persons. Mr. Smith, who has also heard Mr. Roberts, declares that as a Y speaker he is one of the most effective in the world today, a man with an international point of view.

The supper will begin at 6:30 sharp and it will be served by the ladies of the Methodist church. The Y. M. C. A. Four, a musical organization of trained singers, will furnish the music and there will also be community singing, as well as other features on the program to be announced later.

Tickets may be secured at Huizenga's or at the Peoples State bank.

SMASHED AUTO BRINGS ABOUT ESCAPED CONVICTS' CAPTURE

Ernest DeWitt, aged 24, of Muskegon and Le Roy Smith of Grand Traverse county, who escaped from the Michigan State Reformatory at Ionia, were recaptured at Muskegon after a Buick car which they stole in Grand Rapids and in which they drove to Muskegon, was struck by a Pere Marquette freight train at the Peck street crossing at Muskegon.

The automobile was demolished and the 2 men climbed, apparently unharmed, from the wreckage and

MEYER'S "The Quality Music House"

Members of the train crew gave chase, but lost them in the woods nearby. The officers were notified and Detectives Feeney and Hammond Capt. Garrity and Jack Leland, deputy warden of the reformatory, with two trustees from that institution started out.

It was only a short time later that the two trustees reported they saw two men running between the houses on Michigan avenue in Muskegon, where Mrs. De Witt is employed. The other officers then came up and after a search in the dark the two men were found hiding in the shadow of the building. They put up their hands and submitted to arrest and in three hours were being hurried back to Ionia by the deputy warden.

De Witt and his brother pleaded guilty to larceny and were sentenced to serve from two to five years in the reformatory, by Judge Vander Werp. The two DeWitts and another young man held up a taxi driver on the Grand Haven road late at night and continued with the car. At Holland a shot was fired at an officer who had tried to stop them. The machine became disabled and the three returned to Muskegon on the morning train and were picked up by the Muskegon police on a larceny charge. They then confessed that they were the bandits who had held up the taxi driver.

The DeWitts have been endeavoring to obtain a parole but Judge Vander Werp has refused that they be released. Last Thursday, DeWitt and Smith who is serving from six months to 15 years for larceny, walked away. Deputy Long and the two trustees went to Muskegon. Then came the accident. The freight had

struck the rear of the automobile, which was apparently traveling at a rapid rate of speed. The portion of the car where the two were sitting was not demolished.

The two trustees knew De Witt and Smith. The stolen automobile is owned by Fred Ginser, 912 Scrib-
