New Manager Of Tavern Is Legionaire

Managed Hotel for Uncle Sam at
Tours, France

At a recent Board of Directors' meeting of Warm Friend Tavern, Landlord Leland, who has been managing the Tavern for the last three years, filed his resignation and a committee was appointed composed of "Bill" Eaton, chairman, D. B. K. Van Raalte, and Charles Landwehr, whose duty it was to cast about for a new manager who would fit into the situation here.

They believe they have found a capable man in George Dauchy of Chicago who has been secured and will take charge Saturday of this week.

Mr. Dauchy comes highly recommended, was a soldier overseas and managed the Hotel Metropole in Tours, France, as an officer of the army. The government conducted these hotels in order that troops might be accommodated and Mr. Dauchy being a hotel man and a volunteer, was directed to these duties.

For the past five years he has been head of the Medinah Athletic Club of Chicago, one of the leading institutions of that kind in the "big city." For some time he was manager of The Lafayette in Clinton, Iowa, and apparently has had much to do with hotel management.

Mr. Dauchy is a Legionaire and will find a royal welcome in the local post without doubt. He would like to meet local citizens whenever they have a chance to drop in at the Tavern. Just introduce yourself and Mr. Dauchy will come more than half way. He wants Holland to become more closely attached to Warm Friend Tavern and wishes to radiate locally just what the name implies.

Both Mr. and Mrs. Dauchy were taken about the city, were given a glimpse of the show places, public parks, etc., were shown the resorts and the general layout of everything here. They were much taken up with the city and its surroundings and said what everyone else has said: "What a beautiful, clean city."

Mr. Leland, up to this time, has not made any immediate plans for the future. However, during their stay in the city both Mr. and Mrs. Leland have made many friends.

The father will next Friday take the Holland-American steamer for the Netherlands where he will visit his relatives and many friends for three months. OTTAWA TITLE

TILT SET FOR
HOLLAND GRID

Two teams fighting for the county championship, a beautiful trophy and a high place in the southwestern Michigan high school conference, will meet at Holland Saturday afternoon when the eleven from this city and Grand Haven high schools clash in their annual battle.

The game will be played on the new field at Riverside park and the roomy stands will accommodate the largest crowds in the history of the county classic. In the way of records, Holland and Grand Haven have little to show. Both teams have won but a single game in five starts, although Holland has two tie games on the record.

Grand Haven defeated St. Mary's of Muskegon in the opener, while the Hingamean trimmed Muskegon Heights in one of the biggest upsets in state ranks this fall.

According to past records, Holland is two or three touchdowns better than its opponent, yet the locals have scored only three touchdowns this season and will have a tough battle. Holland's power lies in its defensive strength. Grand Haven will send its usual large delegation of fans. Both schools will have bands at the game and it will be the biggest athletic event between the two schools during the year.

Holland will wind up the season Sunday night was tendered and accepted an appeal to the pulpit of the Allegan Episcopal church. He will preach his first sermon as pastor here Nov. 9. Mr. Cone and Rev. E. M. Moore, also of Grand Haven, conducted services here Sunday evening. Following a subsequent reception at the parish house the call was extended by the vestry and Mr. Cone accepted.

Hope college students will have the rare opportunity of seeing and hearing one of the future British statesmen for Dr. J. B. Nykerk has made arrangements whereby young Randolph Churchill, British orator, will be the speaker on the Lyceum program Friday evening.

INSTRUCTION BALLOT ON VOTING MACHINE

In section 3, the Holland City News devotes an entire two pages to a large instruction ballot of the general election as the names will appear on the voting machines, including the party candidates, the amendments to be voted for, etc.

It would be well for voters to refer to this ballot and thus become acquainted with the relative positions on the ballot of the candidates for office and questions that come up for decision next week Tuesday.

VOTE "NO" ON AMENDMENT FOUR

By all means vote "No" on Amendment 4 asking re-apportionment. Detroit's power in the State Legislature is even now strongly felt. It could dominate all legislation even in the matter of taxation if its power were strengthened, should this amendment pass. It's Amendment Four on both the paper ballots and on the voting machines.

Vote "NO."

CRASHING THE GATES AT LAKEWOOD FARM

Two men in an old Chevrolet, the driver, Herman Struhs, living in Grand Rapids, thirty-nine years old, drove the machine into the beautiful gates of Lakewood Farm Saturday evening. To cover up the deed, they pulled off the license plates and left. Employees at the Farm discovered it immediately after the crash and phoned Chief Deputy Sheriff of Holland, Rufus Cramer. He came out and investigated the damage.

On returning to Holland, he encountered two men on U. S. 31 and questioned them. They acted very suspiciously so he took them to the police station. There they confessed the accident and by request of Mr. A. M. Peterson, manager, Herman Struhs was held for reckless driving.

On Monday the driver was fined thirty dollars and thirty days in jail. Herman is now residing at the Grand Haven jail, and he has come to the conclusion that reckless driving is very foolish.

La. re: Friends paid Herman's fine and he is now released.

NOT MANY OUT OF WORK IN ZEELAND

Zeeland Record—After making a quite thorough canvass of this city to ascertain the employment situation here, the Zeeland city officials felt very highly elated when they found that the general conditions were a great deal better than had been expected.

The canvass was made by City Superintendent Gerrit P. Rooks, and Officers Ryngaert and Bosma. They made a house-to-house call and found that very few were out of work. Although a great many were only working part time, there seemed to be generally employment enough to keep the household going without asking aid from outside sources such as city or church support.

The names of the men out of work were listed and will be offered work as soon as anything is found.

Bankruptcy Amendment May Be In Error

HOLLAND MEN POINT OUT
WHERE LAW WOULD LEAVE
ROOM FOR FRAUD

The Holland Voters' League, headed by Rev. Albertus Pieters and Prosecutor Lokker, believe they have discovered an error in a constitutional amendment to be voted on next Tuesday and hold that because of this loophole, fraud might be permitted allowing property owners to take undue advantage of the bankruptcy act.

Mr. Pieters of the voters league has been studying this question thoroughly as has Prosecutor Lokker. Others have also studied the question and the above opinion seems to prevail.

Relative to this question the Grand Rapids Herald says as follows:

Prosecutor Clarence Lokker of Ottawa county has discovered what is believed to be an error in the proposed amendment to the state constitution to be voted on Nov. 4 which would change from \$1500 to \$3,000 the amount of homestead exemption in real estate.

If the amendment is adopted, according to Pros. Lokker's interpretation the purpose of the legislation will be defeated and the act will leave a loophole through which immense fraud could be perpetrated.

Because of this mistake, the amendment will read on the ballots as follows: "...homesteads... shall be exempt from forced sale on execution or any other final process from a court to the amount of not LESS than \$3,000." In the old amendment it read: "...not MORE than \$1,500."

Prosecutor Lokker called Lansing and in the absence of Atty. Gen. Brucker talked to Asst. Atty. Gen. Boyles who, without minute consideration of the matter concurred with Mr. Lokker. Boyles also looked up the official legislative proceedings and discovered that the wording on the ballots is identical to that of the measure as submitted to and passed by the legislature.

Both Mr. Lokker and Mr. Boyles agreed that the intent of the legislators was "not more than \$3,000."

There is nothing to be done about the matter now, Mr. Lokker believed, and should the amendment be adopted, anyone wishing to take advantage of the bankruptcy act could exempt his homestead even to a \$1,000,000 valuation.

Dr. T. W. Davidson, pastor of Hope church, will teach the Men's Sunday School class in Hope church Sunday.

Detroit's Rule Doesn't Look Good To Supervisors

HOLLAND MAN HELPS DRAFT
RESOLUTION CONDEMNING
AMENDMENT

Taxes Are Increased \$47,870.14;
Holland Must Raise
\$642,820.53

The Board of Supervisors has adjourned until January and the Holland folks have all returned home after a busy two weeks at Grand Haven.

Before adjournment tax matters were taken up as final and it is evident from the proceedings that cities and townships of Ottawa county will raise a total of \$1,928,545.41 including state, county, school and road taxes, according to action taken by the board Saturday following the recommendation of the committee on apportionment, which is \$47,870.14 in excess of last year's taxes.

The following is the list of townships and their respective amounts based on the assessed valuation reported at the June session: Alendale, \$28,939.89; Blenheim, \$37,644.85; Chester, \$42,827.86; Crook, \$26,209.61; Georgetown, \$59,897.49; Grand Haven Township, \$27,089.47; Holland Township, \$101,229.32; Jamestown, \$45,470.30; Olive, \$30,133.65; Park, \$104,769.83; Polkton, \$67,469.31; Port Sheldon, \$13,150.12; Robinson, \$18,156.49; Spring Lake, \$82,006.71; Tallmadge, \$29,078.13; Wright, \$53,237.32; Zeeland Township, \$94,787.71; Grand Haven City, \$362,108.65; Holland City, \$642,820.53; Zeeland City, \$61,547.74.

The heavy items in the total taxes are school tax, \$633,155.19; county road tax, \$75,950.17; state tax, \$234,444.79; county tax, \$323,493.78; township tax, \$41,170.55; covert road tax, \$25,245.65; covert roads assessment district, \$42,815.66.

The board unanimously adopted the resolutions presented by the special committee disapproving of the reapportionment amendment to the state constitution to be voted on at the election Nov. 4. A portion of the resolution follows: "The committee believes the present constitution as well as the proposed amendment is unfair, unjust and not in accord with representative government. We therefore recommend the board bring to use such influence as it may have to bring about a fair and just apportionment and believe all sections and divisions of the state, giving no section or division of the state power enough, that they might control legislation. Also that some officer should be given the power to make the apportionment if the legislature fails to do so."

It was moved these resolutions be sent to the state senator and representative from this district. The committee included C. E. Minder, Alfred Joldersma and Roy Lowing.

The Michigan Title and Abstract Co., which has occupied a part of the northeast offices of the first floor in the Court House, will be asked to vacate by Jan. 1 to make room for the county health unit offices, which will be established by that time. This is the only available room in the Court House, it was reported, and the committee on Buildings and Grounds was authorized to take steps to secure the space.

The County Road Commission office will be allowed to continue the present legal advice up until Jan. 1 following a petition from that board. Following that date the county prosecutor will assist in all legal matters connected with the commission.

Mr. Pieters referring to turning all fees of the probate office to the county will be taken up at the January session following an investigation made by the committee on county officers. The salary of the probate office is fixed by law, but there is no special reference to the fees and what shall be done with them.

The Board adjourned to meet in January.

DIKEMA WILL INTRODUCE ENGLISH PEER TONIGHT

There has been a little change as to where the first number of the Lecture Course will be heard tonight, Friday, Randolph Churchill, one of the members of the great family of Churchills, a peer of the English realm, is to appear Friday night to speak on the subject, "Why I Am Not a Socialist."

The first number is to be given at Memorial Hall, instead of Carnegie Hall, in deference to this noted man and because of the friendly relations that exist between the two nations.

Up to this time President Dinkens has insisted that all Lecture Course numbers shall be in Carnegie Hall and the rest of the course will be given there, but in the case of Mr. Churchill he has made an exception.

As to reservations these will be arranged practically the same as in Carnegie Hall. There are plenty of good seats in this large beautiful building so no one will get the worse of it.

Hon. G. J. Diekema, Minister to The Netherlands, is to introduce Mr. Churchill on this occasion.

Thieves raided the cottages of Theodore Kuiper and B. Poest at Idlewood, located on Lake Michigan south of Lakewood Farm. Dishes, silverware and other articles were taken. Owners found the doors open and windows broken.

Dr. and Mrs. Oliver Veneklasen of Chicago and Mrs. A. Vander Werf of Holland called on the doctor's mother, Mrs. Della Veneklasen, on West Main St., Zeeland, Sunday.

News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

FIFTY YEARS AGO TODAY

Since we went to press last week two more bodies have been found off the ill-fated Alpena, viz.: one of the deck hands was picked up south of Holland, 8 miles from shore; and a colored boy of about 16 years, was found near Saugatuck—both had life preservers on marked Alpena. Note:—This is contrary to the general opinion, namely that the body of a boy was the only one ever found as coming from the wreck of this ship.

The little Princess Paulina of the Netherlands was taken to church for her baptism in a carriage drawn by six horses. She was received at the door by the ecclesiastical authorities and carried up the aisle to the young queen mother who, showing much emotion, presented her for baptism herself acting as godmother.

Hard coal is retailing at \$6.25 per ton; apples are 35 cents a bushel; eggs are 19c; butter, 18c; wheat, 94c; beef and pork, 5c; chickens, dressed, 8c; turkeys, 11c; hard maple wood, \$3.50 per cord, dry; \$2.50; green; beech is \$2.50 and \$2.00; hay is \$8.00 per ton.

TWENTY-FIVE YEARS AGO TODAY

The H. J. Heinz Co. received the last load of tomatoes today closing a very satisfactory year in that community. The Heinz folks are a real asset to the farmer creating a market for a diversified product and that being the case the city is materially benefited.

Michigan heads the nation as a university with the largest attendance. It has 4,048 students. The next in line is Harvard with 3,865; Minnesota, 3,759; Columbia, 3,725; Penn., 3,250; Cornell, 3,100; Yale, 3,100; Cornell, 2,982; Illinois, 2,914; Northwestern, 2,741.

Ed, the 4-year old son of Mr. and Mrs. James Doyle, died.

The schooner Kate Lyons was wrecked just north of Holland pier in a raging storm that did much damage at Macatawa Park. The life savers were on hand to save, but strange to say, the schooner beached so high that the crew could step off and made ashore. Murphy of Ottawa Beach was right on hand with hot coffee and some thing to eat.

The Reason the Holland City News Is for Voting Machines

Here in a nut shell is why this paper believes Holland should buy the voting machines:

Because of the accuracy of the counting and the speed that this counting is attained at the closing of the polls—instead of a half day the result is known within the hour. Because a voter, before he pulls the lever has at least a moment to consider his candidates one by one instead of voting them by flocks with one cross.

Because at the end of this year Holland will have to pay a rental of \$1500 on the twelve machines used during the past year. If we buy them this rental will apply on the purchase price. Should Holland not buy the voting machines it loses the \$1500 and if within a few years we again get the notion to invest we must start all over again at the original price.

Because machines are cheaper now than they will be if prosperity returns.

Because—and here is something very important—under the state law a city must have a polling place for every 650 voters. Holland has been violating this law for years in all but one ward, namely the second, where there are less than five hundred voters. Under that law the 1st, 3rd, 4th and 6th wards should have an extra polling place each and the 5th ward should have two extra polling places. This would mean six extra polling places, six extra election boards, six extra buildings either rented or built by the city with three inspectors and two clerks for each precinct. Holland has on the average of three elections a year. The wages for inspectors alone with these six extra precincts would amount to approximately \$900 not taking in consideration rent and a great many other incidental expenses connected with putting a polling place in order for a coming election.

The upkeep on a machine, it is said, is very small because it is used so seldom. Another important factor is the fact that if Holland has voting machines it will not have to add precincts. Holland might be able to get away with the present system of voting until brought up with "around turn" for violating the law, but anyway that is the way the matter stands.

The Holland City News has asked definite information relative to the voting machines from the city officials and the compilation below was given. It would seem from these figures that Holland could afford to borrow the money for a period of years and pay in full for the machines out of the extra money that the extra precincts would demand.

INFORMATION ON VOTING MACHINES
The last year's cost was as follows:
Cash Price, each machine, \$1,050.00
Cash Price for 12 machines, \$12,600.00
Eleven year payment plan which includes interest at 4% is as follows:

Jan. 1, 1920, paid	\$1,536.00
Jan. 1, 1921	1,506.00
Jan. 1, 1922	1,516.20
Jan. 1, 1923	1,526.40
Jan. 1, 1924	1,536.60
Jan. 1, 1925	1,546.80
Jan. 1, 1926	1,557.00
Jan. 1, 1927	1,567.20
Jan. 1, 1928	1,577.40
Jan. 1, 1929	1,587.60
Jan. 1, 1930	1,597.80
Total	\$18,420.00

Balance due on payment plan, \$15,156.00
Total cost, \$16,692.00
Savings per year, \$1,000.00
Total savings per year, \$10,000.00
Total savings per election (6 wards) 60.00
Total \$10,060.00

In National and State elections where the law requires the required work until midnight and late counting up the returns, an additional \$500 has been paid, increasing this expense by 50% or \$15,000 over the whole city. This additional expense would always be eliminated when using voting machines, since there would be no need for overtime in tabulating the vote on the machines.

ADDING NEW ELECTION PRECINCTS
The present election laws allow 650 to vote in one precinct when using paper ballots and 1400 when using two voting machines.

INDIANS WILL BE ABLE TO READ OUR BIBLE

MISSIONARY IS MAKING
TRANSLATION OF "GOOD
BOOK" IN NAVAJO

At a recent meeting of the Women's Missionary Union of the Classis of Holland and Zeeland held at the Fourteenth Street Christian Reformed church in this city, it came to light that Rev. L. P. Brink, missionary among the Indians in the west, was translating the Bible in the language of the Navajo Indians and that he had been at work on this for some time.

At this gathering Mrs. Wm. Stuart of Grand Rapids, formerly Mrs. Gertrude Boer of Holland, presided. She has been the president of this organization since its inception five years ago and her going to Grand Rapids caused her to resign, which resignation the organization reluctantly accepted.

During the afternoon session Rev. Dr. De Pre, missionary to China, spoke on the subject, "The Emancipation of the Women of China." He brought out that Chinese wives were little better than slaves, and were constantly under the domination of the men and had little to say to their movements or their family affairs.

Dr. Margaret Rottschaefer, who left for India twenty-one years ago, gave a resume of her work among the enslaved women of India and the difficult problems that confronted her constantly, speaking especially of the cast system in that country.

Rev. Brink pictured his work among the Indians in spreading God's Word and he believes that bringing over the message can be materially aided by letting them know in their own language.

A new executive board was elected during these sessions and this board was extended an invitation to the home of Mrs. Stuart at Grand Rapids where they were entertained last Tuesday.

The collection taken up was \$232, making the sum total for five years for missionary purposes \$3501.

The following officers were elected: President, Mrs. Robert Poole of Zeeland; first vice-president, Mrs. K. Popen of Overisel; second vice-president, Mrs. J. Bouwma; secretary, Mrs. John Vander Hill; assistant secretary, Mrs. Henry Venhuizen; corresponding secretary, Mrs. John Boer; treasurer, Mrs. Simon De Weerd; assistant treasurer, Mrs. John Greengroed.

ZUTPHEN PASTOR TO SPEAK AT LOCAL CHURCH

Rev. Wm. Van Peursem of the Christian Reformed church at Zutphen is to speak at the Central Avenue Christian Reformed Church at Holland next week Thursday evening at 7:45 o'clock. He comes under the auspices of the Eunice Aid Society. Besides the speaker there will be a musical program and the public is invited. The audience can expect an able discourse from the Zutphen divine.

GRAND RAPIDS EDITOR SPEAKS TO EXCHANGE CLUB

Frank Sparks, editor of the Grand Rapids Herald, was the guest speaker at the Exchange Club luncheon Wednesday noon. Mr. Sparks was introduced by Mr. Charles French of the Holland Evening Sentinel.

After Mr. Sparks had concluded his discourse, which largely had to do with the amendment for reapportionment to be voted on next Tuesday, it is doubtful if there is a listener present who will vote but one way on this proposal, and that is "no."

Mr. Sparks pointed out that should the new apportionment pass that Detroit would just about have the balance of power over the rest of the state and what that would mean to legislation and taxation eventually as far as the balance of the state is concerned can well be imagined.

NEW INDOOR GOLF COURSE RATHER HOLLANDISH

The new golf course that Raven-Kramer & Raven have 'installed in the Wolverine building on River Avenue is rather all-Netherlands. As one enters he is first introduced to the customary Dutch boy and maid fully dressed for the occasion. Of course they are images but every turn one sees a turning windmill, pictures the greens as dikes and the mills would finish the portrait, but understand well, it must be a strong imagination.

Anyway it's a cozy spot in Holland well worth visiting and rather restful with settees and things.

DIKEMA GETS TOWN OF ESTEEM TO GIVE TO OVERSEAS SCOUTS

Forty Boy Scouts in uniform marched to the home of Gerrit J. Diekema, United States minister to The Netherlands, Monday afternoon and presented him with a memorial plaque, which he was asked to deliver to the Boy Scout organization at The Hague upon his return to The Netherlands.

Laverne Scheerhorn, Julius Wagenaar and William Jendrenhorst, Eagle Scouts, represented the group and Minister Diekema expressed his appreciation in selecting him their personal representative.

The plaque is of mahogany and bears a silver plate, depicting a Boy Scout giving a signal and the inscription "Greetings and Goodwill, Boy Scouts of Holland, Michigan, to the Boy Scouts of The Hague, The Netherlands."

EDITORIAL A Community Buying Complex

The News, after carefully considering the plan offered by the Holland Chamber of Commerce and endorsed by the Holland Merchants' Association to induce buying, has nothing but the strongest words of commendation for the proposal. The central idea is that the wheels of industry may be started turning through a concerted buying campaign in which what the buyer spends may be spent by the seller, who thus becomes a buyer from another seller and so until the entire community has been permeated with the beneficial result

NUTS AND NUTTING

The American mind runs to slang. When the word "nut" is used, one thinks of some cranky person, called a "nut" because of eccentric tendencies. However, many of us can recall the time when a nut was a real nut, and the search for this nutritious edible was one of the joys of autumnal life.

It was a jolly experience in those times to prowl through the countryside, gathering an abundant supply of walnuts, beechnuts, butternuts and hickory nuts and others hidden among the dead leaves. The nut crop in abundance was common property then. Today all such products have their value, and it seems a mean act to steal them. The production of nuts has become a flourishing business, and cracking them before the blazing fire on the hearth is still one of the joys of home.

ZEELAND STUDENT IS ONE OF TWO WINNERS IN STATE RADIO TEST

Margaret B. Bennett, soprano, of Ypsilanti, and Stanley De Pree, bass, of Zeeland, are winners of the Michigan state contest in the fourth national radio audition, according to announcement made today by Mrs. Samuel C. Mumford of Grand Rapids.

These state champions are also the first state winners in the mid-west district, consisting of Michigan, Illinois, Indiana, Iowa, Minnesota, Missouri, Nebraska, North Dakota, South Dakota, Wisconsin, Ohio, southern Ohio and Wisconsin. What Made Thought?
The Moon and Radio

You may now talk to your friend in Australia, price \$45 for three minutes.

The telephone company announces approaching reductions in long distance rates generally, which should increase gross and net receipts and profits, stimulating use and encouraging business by bringing all Americans closer together.

This writer talks from an office in New York to a ranch on the edge of the Pacific ocean with absolute ease and clearness, whereas it is necessary to walk into the next room to speak to the assistant transcribing this from the phonograph.

You realize what the earnings of workmen amount to in industry, business and prosperity, when you consider efforts to relieve unemployment.

There are undoubtedly four million men idle, and many more.

Four millions, allowing for each man earning only \$4 a day, three hundred days a year, would amount to \$4,800,000,000 a year.

Even on the "dole" basis of \$5 a week, the annual bill would come to \$10,000,000,000.

No wonder our "best financial minds" want to avoid the dole, which would have to be added to taxation!

Charles M. Schwab says a "recording boom" is approaching.

An ordinary boom, such as we had a year ago, would satisfy the average man. Many predictions of returning prosperity have turned out to be descriptions of mirages. The people are tired of the "dole" and want to get on their feet.

Dr. Irving S. Cutler, dean of the Northwestern University Medical school, developed this theory. Eons of years back, ultra violet rays were much more powerful than they are now, and they "activated" protoplasm into life.

That's now life came. The doctor does not tell us what activated the living protoplasm into thought, emotion, art, imagination.

On the south Pacific island of Nantoun, where scientists were successful in photographing the eclipse, this strange thing happened. As the moon passed between earth and sun, shutting out light, it also shut out whatever it is that enables us to send radio messages. While the eclipse lasted the radio would not work over the Pacific. Scientists could send no radio messages.

That would interest Zoroaster, who taught men of his time to worship the sun.

Kingsford-Smith flew the Atlantic, the Pacific and now, having flown from London to Australia, announces in the city of Brisbane that he makes long distance flights no more.

He obeys the orders of a young woman soon to be his wife.

Zionists, intent on rebuilding the Jewish homeland in Palestine, attack savagely recent utterances and decisions of the British government, which has the Palestine mandate.

Britain proposes to stop, or greatly decrease, Jewish immigration into Palestine.

Jewish organizations accuse the British of putting the welfare of Arabs, who have been in Palestine for 700 years, ahead of Zionist welfare.

The British do not mention it but they have more than 100,000,000 Mohammedans in the empire and, at most, three or four million Jews. They do not want to annoy the Mohammedans by irritating Arabs, who are also Mohammedans.

The brother of the Japanese emperor took his wife to the opera in Germany and obtained a "close-up" of western civilization.

The opera, about colored people was called "The Rise and Fall of the City of Mahogany."

Members of a Fascist mob yelled: "Hail Hitler!" and "Germany, awake!" To make sure that Germany would awake they threw bombs, unpleasantly described in the Associated Press dispatch as "stink bombs."

It is proposed to spend two hundred millions, or so, of public money to help the unemployed. Corporations are urged to tax themselves and contribute.

But you are told there must be no "dole," none of the English system under which government gives the minimum necessary to live, in cash, directly to those who are out of work.

Everybody hopes it will not be necessary to start the dole here. On the other hand, if money were given direct to those that need it to be spent by themselves, that might be better than spending by committees, and avoid the unpleasant feeling of charity.

Give a woman \$15 a week and somehow she will take care of herself and four or five children. No institution can do that.

Moscow reports officially the execution of one man, and the jailing of 74 others, for "grat in food and clothing sales." The man executed and the 74 jailed speculated in food and clothing prices. Russia deals with such enterprises vigorously.

"ABRAHAM LINCOLN" UNRAILED AS GREATEST AMERICAN FILM SPECTACLE

"Abraham Lincoln," now being shown at the Colonial Theatre, Friday and Saturday, October 31-Nov. 1, at popular prices, is pictorial drama at its greatest. Though the picture possesses all of the ingredients of a historical spectacle—big sets, battle scenes and mobs—its greatness is founded on the simplicity of its direction and the sympathetic treatment of its romantic and tragic scenes.

The whole of Lincoln's life is paraded on the screen, from the time of his birth to his assassination at Ford's Theatre in Washington just as he had realized a successful conclusion to the Civil War.

Everybody hopes it will not be necessary to start the dole here. On the other hand, if money were given direct to those that need it to be spent by themselves, that might be better than spending by committees, and avoid the unpleasant feeling of charity.

About three years ago he retired and moved to Holland. A year ago he returned to Hamilton, having bought the C. Lucas home on the west side. TEMPLES OF CLAY

What matchless charms and cunning has this clay. Thru which our souls their depths of grace express!

Behold, how crafty are those hands that play. How keen the sense that does ten thousand sounds confess; And most of all the eye, whose piercing glow Can hate and love, or silently betray.

Discern, host of hues, and to the mind bestow The thoughts of potent prose or deathless lay. It is the clearest window of the soul!

Though tongue can ne'er such gifts of God endear, Or human frame appreciate the whole, Yet, live by Grace, this holy clay reveres, That vital senses may no languor know From lifting cups of flaming liquid woe.

"Current Events" was reported on by Mrs. P. H. Fisher and Ella Roggen played two piano solos.

The C. E. Society of the First church held their annual alumni meeting last Sunday evening. About 100 members and alumni gathered at the church for the occasion. Herman Nyhoff and H. D. Strabbing spoke for the Alumni and Fannie Bultman and Josephine Johnson represented the society. The subject, "Christians and Sunday," was discussed. Miss Bultman briefly told of the history of the Holy Day; Miss Johnson followed, pointing out "Influences of the present day which tend to Sabbath desecration." Mr. Strabbing gave a few principles

which help to observe the day as a Holy Day, while Mr. Nyhoff urged following the customs of Christ.

Lavina Borgman and Gladys Lybbers rendered a violin duet selection. A vocal solo by Josephine Kuite was also enjoyed. It was a splendid meeting and the innovation will no doubt become an annual affair. The meeting was in charge of the president, Janet Kaper.

ABOUT JACK DEMPSEY-GETZ,
AMERICAN LEGION
AND HOLLANDBy Emerson Dickerson
G. R. Herald

Nov. 7 is going to be a red letter day in the sports history of Holland. On that day Jack Dempsey will referee a boxing show there that will be staged by the Willard Leenhouts American Legion post. The proceeds will go into a fund to be used for the purpose of looking after the needs of disabled World War veterans and their families. Dempsey, whose services as a referee command all the way from \$1,500 to \$10,000, is donating his services.

George Getz, Chicago millionaire sportsman and philanthropist, is behind the show and determined to make it the biggest affair of its kind ever staged in western Michigan. Gov. Green, Senator Vandenberg and many other notables will

Jack Dempsey

be at the ringside, not as guests, but paying a high price of admission to help the worthy cause along. Every effort is being made to arrange a program that will be in with the crowd that is bound to attend.

After the show George Getz will act as host and that means a real treat for everyone fortunate enough to be invited to his party. It may be held at his wonderful home, "the Getz farm," which is known from one end of the country to the other because of its wonderful collection of wild animals, many of which were captured by Mr. Getz himself while hunting in Africa. In the neighborhood of 1,500,000 people are said to have visited the wonderful farm during the past season. Its owner generously throwing it open to the public.

Messrs. Getz and Dempsey are showing themselves to be the highest types of good citizens by their generosity in giving their valuable time and money to such a cause. It is doubtful whether Holland has ever entertained as many outsiders at one time as will be drawn there by the show Nov. 7 and it is too bad that it could not have been held during the summer months when seating arrangements could have been made for as many as would likely attend. Still, the arena is a big one and the amount that will be netted by the show will enable the Holland Legion post to do much that otherwise could not be attempted.

ZEELAND

The annual sophomore-freshman banquet of Zeeland High school will be held this fall instead of in spring. The banquet will be held Oct. 31 in the Second Reformed church parlors, where covers will be laid for more than 100.

The annual Arbor day program at Zeeland usually held in the spring will be held Oct. 31 by the local high school. Principal T. Dewey has arranged a program in which all classes will take part.

Mrs. Henry Glas of Ottawa St. submitted to an operation for the removal of her tonsils at the local hospital last Wednesday.

Mr. and Mrs. Ben Kool and three children of Paterson, New Jersey, who have been spending two weeks here with their brother and sister, Mr. and Mrs. Lucas Kool on West Central Ave., Zeeland, are returning to their home by automobile today. They also visited with other relatives in this vicinity while here, also attending the birthday party of Mrs. Lucas Kool.

Monday morning the Zeeland High Glee Club elected the following officers: Alice Kotte, president; June Van Peursem, vice-president; Esther Poest, secretary and editor; Leone Langham, librarian; and Ethelyn Schaap as janitress.

About 200 parents and teachers assembled in the Zeeland high school gym on October 21 for the first P.T.A. meeting of the year. Mr. Kieft, as vice-president, acted as chairman of the meeting. Miss Moeke led the group in singing and prayer was offered by Mr. Poest. The association was delightfully entertained with music by Mr. and Mrs. Corey Lamer and the senior girls' quartette. Rev. R. J. Vandenberg welcomed the new teachers in behalf of the community and Mr. Rogers completed the program with a few announcements and remarks.

Mrs. Lucas Kool was honored at her home on West Central Ave., Zeeland, on Monday of this week when several of her relatives came there to help her celebrate her seventy-third birthday anniversary. Because she is enjoying good health, she also enjoyed the party very much, and she was the recipient of many congratulations as well as some beautiful gifts. Those present to help her celebrate were Mr. P. Kool and Miss Bertha of Holland; Mr. and Mrs. Ben Kool and three children, Martin, Annie and Tilly of Paterson, New Jersey; Mr. and Mrs. Henry Klinger and three children of Borelio; Mr. and Mrs. A. Holland police early today searched the city for dogs which, several residents reported, were keeping whole neighborhoods awake. They found no dogs. But the geese, which earlier in the night, had flown up and down the lighted main streets, were discovered to have made the noise which disturbed the rest of early-retiring householders. A black and tan bound belonging to Frank M. Lievens has been lost since October 15 when Lievens went hunting northwest of Howard City with Dr. C. F. Sulkers and E. C. McCleary. The dog has a white-tipped tail which is very unusual. The person who returns the dog to Mr. Lievens will receive a liberal reward as he is very fond of the dog.

Players at Hollywood are forever getting presents they don't know what to do with from admirers all over the world. These tokens range from portraits drawn by childish hands to expensive carved boxes from the Orient. The oldest gift of all was a sucking pig sent to Bebe Daniels. She returned it. The most common gift, if they can be called that, are proposals of marriage. They come from all over, from children and from grownups who should know better.

Charlie Van Zyl, Goodyear dealer located at 180 River Ave., is displaying at his store a full scale working model of the great airship dock or hanger at Akron, where Goodyear Zeppelin is constructing 2 of the world's largest airships for the U. S. Navy. The model, doors of which open automatically, and through which at the same time comes the nose of a Zeppelin, was won by Mr. Van Zyl and his organization as a prize award for the highest percentage of sales to quota in the Zeppelin Race sales contest staged for Goodyear dealers. "The big airship dock at Akron has doors similar to the ones on the model we won," said Mr. Van Zyl. "The difference being that the doors in the giant dock at Akron weigh 1200 tons to the pair. Ten football games could be played in the ship dock with room to spare for the crowd, or you could set the building down over the capitol at Washington, and only a small part of the dome would show," continued Mr. Van Zyl. "or, you could house six miles of the regular size railway box cars on tracks with twelve-foot centers. Framework of the two ships being built by the Goodyear Zeppelin Corporation for the Navy is three-fourth completed."

Allegan To Have Their Hall After Wait of 10 Years

HOLLAND MAN WAS BUILDER AND LOCAL ATTORNEY IN CHARGE OF FUNDS

Marilla Griswold Memorial Building Will Be Thrown Open to Public Nov. 3; \$125,000 Bequest Made for It Decade Ago.

A new building in Allegan, costing, with the site, approximately \$125,000, is the work of Contractor Frank Dyke of Holland who has the building of many big buildings to his credit including the local High School, Warm Friend Tavern and Hope Memorial Hall. Another man who has played an important part in the erection of the beautiful new memorial structure is former Circuit Judge Oren S. Cross.

In the will of Mrs. Marilla Griswold of Allegan Judge Cross was named as the custodian of the funds mentioned in the bequest.

There was delay upon delay because committees could not agree on the selection of a suitable site or the price of other sites were not in season. Much building cost was entered in. At last the interest on the amount left for the building had climbed until the sum was \$125,000. It took nearly ten years.

Anyway it has worked out that all good things come slowly and this beautiful Allegan community edifice is to be formally opened to the public Monday, Nov. 3. Its completion marks the fulfillment of the dream of the late Mrs. Marilla Griswold through whose generosity the building has been erected.

Ten years ago Mrs. Griswold bequeathed to the city of Allegan \$100,000 for a building which this community might use as a civic, social and recreational center. In the time that has elapsed the fund amount which the building committee considered adequate to provide proper maintenance for the building, the work of erecting it began. Allegan's period of long waiting is about to be climaxed by the actual.

It is doubtful if there is any city of anywhere near the size of Allegan which has a more beautiful or more practical community building than this. Its design is anything but commonplace and the building stands out as the most artistic in the city.

Credit for the designing of the new building goes to a former local resident, C. A. Sirrine, son of Perry Sirrine, who designed it while employed by a firm of Detroit architects. While the plans have been changed somewhat from the original, the building is substantially as it was designed by Sirrine. Allegan residents take a deeper interest in this—their building—because of this fact.

The chief attraction of the building is the auditorium of sufficient size for community gatherings. It has a seating capacity of approximately 750. The interior of the auditorium is very striking. It is constructed of holly tile. One of the most beautiful parts of the auditorium is the beamed ceiling with very attractive stenciling, which adds just the proper amount of color for the room. Seats are cushioned and upholstered in red leatherette. At the end of each row an attractive design with the other decorative designs and coloring of the auditorium. Carpets of an attractive pattern will be laid in the aisles.

One novel feature of the auditorium is that there is no orchestra pit. Provision is made for the orchestra in a clever alcove at the right of the stage.

The stage itself is 27x18 feet and is provided with a complete set of scenery, drops and as complete a lighting equipment as will be found in theaters in cities much larger than Allegan. The outfitting of the stage was furnished by Allegan Community Players. By Allegan rooms are provided in the basement. To the left of the foyer is the lounge. Directly above the lounge is the clubroom. Both these rooms are made beautiful with groups of windows with double French doors, the doors of the lounge opening onto a porch.

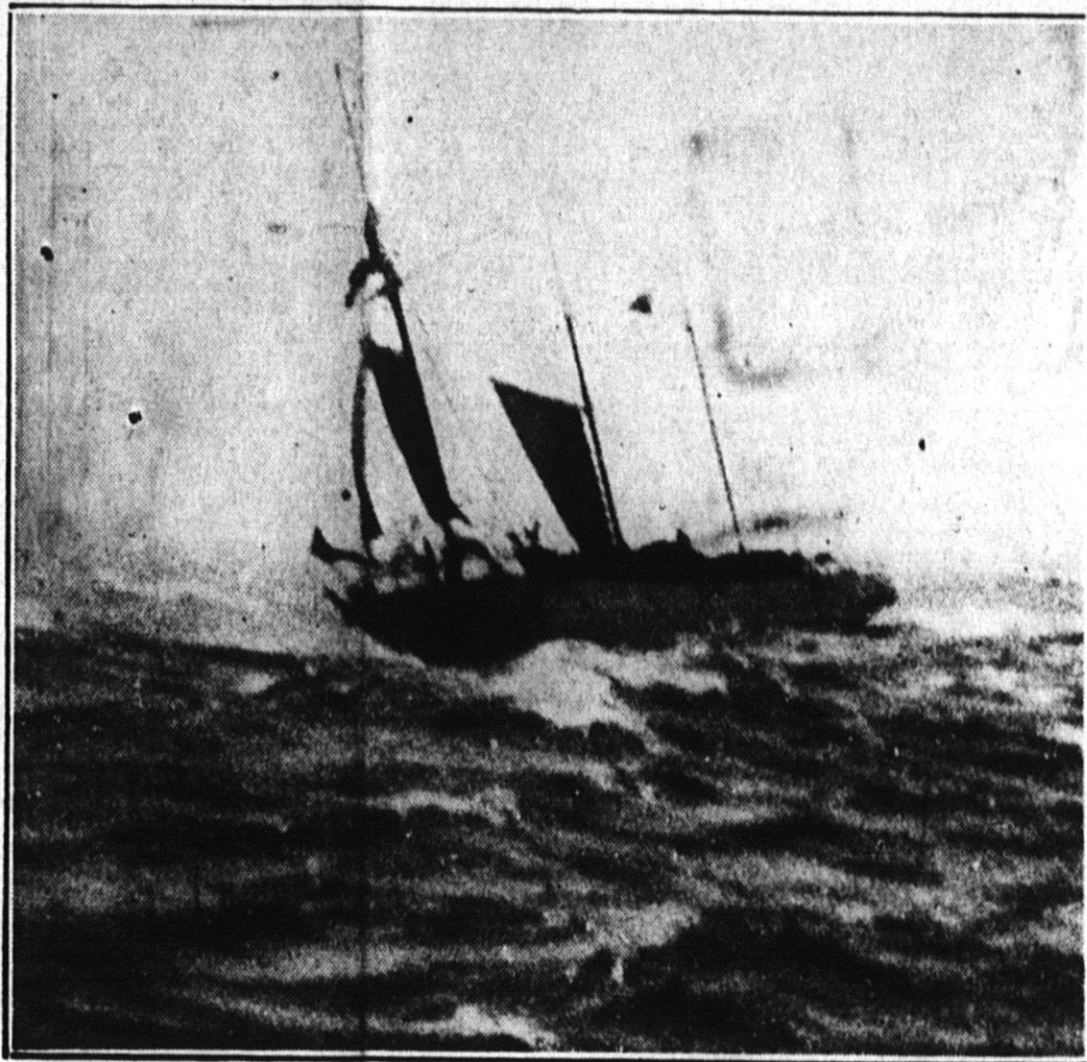

Downstairs is the recreation and ballroom. This room is destined to be very popular because it may be used as a gymnasium, a dance room or as a ballroom. Provision is made for its use as any of these. A completely equipped kitchen and serving pantry have been provided. There are shower baths and dressing rooms.

The building is equipped with almost everything necessary to insure complete satisfaction. It has automatic ventilation, automatic heat control and it is well-lighted throughout. The lighting equipment throughout the building is beautifully effective. The fixtures cling to the English Colonial design and are of antique English bronze finish. There is a fire escape on each side of the building and five lines of fire hose are placed strategically about the building even though it is of fire-proof construction. There are a sufficient number of exits to insure safety at all times.

Provision has been made for almost every convenience and contingency. There are mirrors for the dressing rooms, lights for the music stands which may be turned off without interfering with the other lighting, a drinking fountain in the foyer and locker rooms.

The committee which supervised the erection of the building is composed of Judge Oren S. Cross, chairman; Rev. S. E. Kelley, secretary; W. J. Oliver, Glen Overton and F. I. Chichester, now of Marquette.

Vote no on the biggest amendment on the ballot, the last one on the ticket. That amendment will practically give Detroit control of our state legislature. Investigate and you will want to vote No.

Curtain Falls on Last Big Lake Sailing Vessel

HOLLAND REMEMBERS "OUR SON" AS ONE OF THE MARINE CURIOSITIES ENTERING THIS PORT

Citizens Were Invited to Visit Last "Wind Jammer" When Anchored Here — Many Did

The above vividly portrays the wrecking of the "Our Son," the only "Wind Jammer" left on the Great Lakes. The "Our Son" was wrecked during the recent storm which also destroyed the fruit packet "North Shore" of St. Joe and the barge "Salvor" which went ashore off Muskegon when five lives were lost.

With the wrecking of the sailing vessel the men were more fortunate, for all of the "Our Son's" crew got off safely and were taken into port by rescue crews, but the old schooner was a victim of the gale as seen in this picture and was broken up by the high seas later.

The schooner "Our Son" holds special interest for Holland people because it made frequent trips to this port with stone, gravel and lumber and some three years ago the Holland City News printed a picture of the only sailing vessel left on the Great Lakes, stating that it was tied up at Harrington Dock at the foot of Eighth Street

and visitors were welcome to see this marine curiosity.

The result was many visitors came to see the schooner during the week while it was at anchor here, not a few arrived from abroad.

With the passing of "Our Son" the day of sailing vessels that once dotted the harbors of the Great Lakes are over. Forty-five years ago it was not unusual for 20 or 25 sailing vessels to be anchored in Holland harbor. Today there is not one large schooner left on the lakes.

The wind-propelled ships carried the bulk of Michigan's white pine from the forests to Chicago and other markets of the world in the lumbering days.

"Our Son" was a three-masted schooner, owned by William Scholer of Milwaukee. Last winter the ship was tied up in Muskegon harbor and when navigation opened it was put into service carrying pulp wood from Canada to the paper mills of Muskegon.

"Our Son" was built at Black River, O., in 1875. Her gross tonnage was 720 and her net tonnage 684. She could carry from 575 to 600 cords of pulp wood on each trip.

The old vessel was 182.1 feet long, 35.1 feet of beam and had a 13-foot hold. She had a plain lead and a square stern, a single deck and three masts. The foremast, the highest of the three, stood 130 feet above deck. She carried seven sails, including a rafter.

Capt. Fred Nelson and seven men made up the crew. Nelson, a veteran of the sea, was born aboard ship off the coast of Norway in 1857. He has spent 46 years on the Great Lakes.

It appears that the recent storm spelled finis and rang down the curtain on the last sailing craft—a method of transportation that has played such an important part in the history of nations and in the commerce of the world. There was something romantic about a full rigged ship in fact the old "wind jammer" has been the very foundation, the heart throbs in song and story.

What would a pirate narrative amount to unless the brigands, spectacularly clothed in a square rigged brigantine? Columbus Day again reminded us of the three little sailing ships that brought him and his daring marines over. The story of Columbus would fall rather flat as would the story of the Pilgrims and the Mayflower if it were not for the sailing ship background.

Anyway up to a few days ago the registry of shipping on the Great Lakes bore the names of more than 500 freighters, 75 passenger boats and a schooner. The schooner is stricken from the list. But it is good to know that the "Our Son" passed from the great lakes with gray canvas cracking in the autumn gale, with oaken hull straining to the battering of great seas.

That is a more fitting fate for a proud old boat than to sail into a tranquil harbor and be tied up at a discarded dock to await the slow decay of years.

Of the general county tax, \$41,500 is expended for maintenance of the County Infirmary; \$77,440, redemption and sinking fund; \$56,933.78 Covert road tax; and \$2,000 compensation insurance fund.

The last item is a new expenditure, a fund to enable the county to carry its own compensation insurance. The same rates as the insurance companies will be maintained. Every one employed by the county outside of the elective officers, will be protected by this measure.

William Connelly, Spring Lake chairman of the Ottawa county road commission, stated today that work would start on the new trunk line bridge across the south channel as soon as the state administrative board authorized it, which, he said, would be probably within the next few days. Willett Bros. of Muskegon was given the job at a low bid of \$68,505.58, the cost having been estimated at about \$80,000. The work will continue through the winter, furnishing employment for many local men.

DORNBOS SAFE IS FOUND IN WOODS

The Dornbos safe, stolen from the office of H. J. Dornbos & Bros. of Grand Haven on Tuesday night has been recovered by the state and county officers. It was found near Pottawatomie Bayou in the woods nearby by two boys, who were hunting. They are Lee Cook of Pottawatomie and his brother, Chester Cook, of 743 Park street, Grand Haven.

The safe had been cracked and all but \$2.50 was taken. This escaped the eyes of the robbers as it was found in the back of the safe where it had evidently slipped as the safe was moved about.

Sgt. Raugh of the State Police and Undersheriff Marvin Den Herder, brought the relic back. No finger prints were found nor any clue which would lead to the apprehension of the thieves.

Two Holland Banks Named Depositories

BOARD ACTS ON RECOMMENDATIONS OF FINANCE COMMITTEE IN FRIDAY SESSION

Ottawa County will receive a higher rate of interest on county deposits this year than last, following the action taken by the board of supervisors on the recommendation of the Finance Committee. The following banks were named as county depositories: Peoples State Bank of Holland, depository No. 1, in which all sums and including \$150,000 are deposited at 3 7/8 per cent; Coopersville State Bank, No. 2, in which all sums from \$150,000 to \$300,000, shall be deposited at 3 1/2 per cent, and the First State Bank at Holland in which all sums in excess of \$300,000 shall be deposited at 2 1/2 per cent. The two above named Holland banks were awarded the amount of funds mentioned.

The board, by a narrow margin of one vote, recommended that the County Road Commission dispense with outside legal advice and place all such matters with the prosecuting attorney's office. The vote stood 13 yeas and 12 nays and two absent voters. The chairman, John Van Anrooy, declared the measure carried although some of the members were of the opinion the matter could not be carried without a majority of a total vote. Mr. Van Anrooy ruled that a present majority only was needed.

The annual budget recommended by the Finance committee was accepted. The budget varies but little from last year, although the state tax is slightly lower. The total Ottawa County budget is \$323,493.78; the Ottawa County Road tax, \$75,950; state tax, \$234,943.79.

Last Amendment Let's Detroit "Rule the Roost"

ONE AMENDMENT TO BE VOTED FOR NOV. 4, NEXT WEEK, IS DANGEROUS ONE

State Legislator Fred Wade of Saugatuck Tells Why

Fred Wade of Saugatuck, State Legislator from Allegan county, points out the dangers of the amendment for re-apportionment, the last amendment on the paper ballot to be voted in the rural districts, and also the last on the voting machine in Holland. It appears that if this law passes that Detroit will "rule the roost," as far as the rest of the state is concerned.

Mr. Wade is speaking before the different clubs in Ottawa and Allegan counties and has already appeared in Holland and Grand Haven. In his discourses he points out the danger that the passing of such an amendment would bring about.

"Vote No! at the election next week Tuesday, Nov. 4, on the proposed amendment to the state constitution for re-apportionment," emphatically stated Rep. Fred Wade at a recent club meeting in Holland, "if you would keep the balance of political power in the small cities and rural districts of Michigan. This is one of the critical moments in the history of Michigan and voters must realize that should this measure pass, the city of Detroit will have the power of veto in both the Senate and House and control both houses of the Michigan legislature in matters requiring a two-thirds vote."

The speaker went on to say that Detroit now has 21 members in the House of 100 members and six out of 32 senators. Based on a population basis Detroit would have 39 members in the House and 11 in the senate.

Detroit now has 42 per cent of the total state vote. To carry the amendment which the city is solidly behind only nine per cent of the outside vote is necessary.

Other states have seen the danger of large cities getting control and have limited them to a representation of 20 per cent in the lower house and 6 per cent in the upper. New York, Maryland and Pennsylvania are states having such a law. Illinois has not had a reapportionment in 30 years, due to the fact there is no such restriction which would limit the powers of Chicago.

"There has been no reapportionment in this state for 10 years," the speaker continued. "It is brought about in two ways, by the joint action of both houses or through the initiative act or petition. There were 80,000 signatures to the present petition of which the largest percentage came from the city of Detroit," the speaker declared.

One of the chief dangers in allowing Detroit to control the state, Mr. Wade thinks, is in the matter of banking laws, which requires a two-thirds vote in the legislature. There is a movement to establish chain banking centralized in Detroit. He believes this would in time crowd out the local banker and take away that personal touch with the community and its needs, which is one of the greatest values in building a community and meeting local needs.

He believes a Paul Revere should ride up and down every county in this state acquainting the people with the importance of the measure and warning them to vote "no" if they would retain the sovereignty which is the birthright of every American citizen.

It is ill-advised, he stressed, to place any legislative strength in a city. As most cities are composed of a large majority of foreigners, some who never become citizens, or know the language or background of this country, there is danger of allowing them to get into political power. He cited several instances of such conditions which have arisen in Detroit.

He touched lightly upon the other amendment, the tax on cigarettes, but advised voters to vote "No" on all amendments that there might be no error in defeating this measure which he believes is one of the most dangerous ever to confront the voters of this state.

The Woman's Relief Corps of Holland was hostess to the W.R.C. of Allegan last Wednesday at a one o'clock luncheon and about 30 Allegan women drove to Holland and attended the pleasing affair.

Vote no on the biggest amendment on the ballot, the last one on the ticket. That amendment will practically give Detroit control of our state legislature. Investigate and you will want to vote No.

SIMON PETER, FROM WEAKNESS TO STRENGTH

LESSON TEXT—Mark 8:27-29; Luke 22:31-34; John 18:25-27; 21:15-17.

GOLDEN TEXT—Now when they saw the boldness of Peter and John, and perceived that they were unlearned and ignorant men, they marvelled; and they took knowledge of them, that they had been with Jesus.

PRIMARY TOPIC—A Weak Man Becomes Strong.
JUNIOR TOPIC—A Weak Man Becomes Strong.
INTERMEDIATE AND SENIOR TOPIC—How a Weak Man Became Strong.
YOUNG PEOPLE AND ADULT TOPIC—How Christ Gives Strength.

I. Peter Confessing Christ (Mark 8:27-29).

The time was near at hand when Christ should make the supreme offering of himself for sins on the cross. Knowing the tragic experience through which the disciples would pass because of it, he sought to prepare them for it by leading them into the apprehension of the cardinal doctrines of the Christian faith such as: the integrity of his person, atoning death, resurrection, and second coming.

Peter's confession was provoked by two questions of Jesus.

1. "Whom do men say that I am?" Opinions differed, but all recognized him to be a teacher or a prophet with more than human authority and power.

2. "Whom say ye that I am?" Jesus persistently claimed to be the very Son of God. He would have his disciples to possess a personal and experiential knowledge of himself as to being God manifest in the flesh.

II. Christ Warning Peter (Luke 22:31-34).

1. He told him of Satan's desire concerning him (v. 31). Satan is constantly striving to destroy men.
2. Christ's prayer for Peter (v. 32).
He prayed that Peter's faith fall not, not that he should escape the sifting.

3. Peter's confidence (v. 33). His fall began when he refused to listen to Christ's words about the cross. Believers begin to weaken when they no longer desire to hear about Christ crucified.

4. Denial announced (v. 34). This was to take place three times before the crowing of the cock.

III. Peter Denying His Lord (John 18:25, 27).

1. Before the servant maid (vv. 15-18).

Peter blundered in attempting to follow Jesus at this time (John 13:36). Presumptuous boldness frequently leads into embarrassing positions. Under the taunt of the Jewish maid he openly denied the Lord.

2. Before the servants and officers (v. 25).

Peter was now warning himself at the enemy's fire. When questioned, he denied his relation to the Lord. Separation from everything that is opposed to the Lord is necessary in order to have a clear testimony (II Cor. 6:14-18).

This man had seen Peter with Jesus in Gethsemane (v. 10) when Peter ran off the ear of Malchus. He put the question straight to Peter, "Did I not see thee in the garden with him?" At the utterance of the third denial, the cock crew, reminding Peter of Christ's warning (Mark 14:72).

IV. Peter's Restoration (John 21:15-17).

Peter had thrice denied his Lord. Therefore, before his reinstatement in the Lord's service he must thrice confess his love for Jesus. In this reinstatement and commission of Peter is set forth the motive and nature of the service which has Christ's approval in all times. Love for Christ, not primarily love for the sheep, proves the genuine shepherd.

1. "Feed my lambs." The word "feed" as well as "lambs" signifies that the work here enjoined is that of nurturing babes in Christ.

2. "Feed my sheep." The word here means to feed, guide, correct, and lead the mature classes of Christians. It carries with it not alone responsibility of feeding, but corrective discipline. Failure will inevitably follow if this be attempted without love.

3. "Feed my sheep."

This doubtless relates to the care of aged Christians. The word "feed" returns somewhat to the meaning as in the first instance where he says, "Feed my lambs," so that the minister's responsibility to care for the aged is equivalent to that of the young. Peter was to express devotion to Christ by a martyr's death.

BENTHEIM

In circuit court Friday the case of Transcontinental Trust Co. vs. John and Harry Berens of Bentheim was heard before Judge Fred T. Miles and a jury. May 31, 1929, an automobile collision occurred on the North Dorr road between a truck driven by Harry Berens and owned by his father, John Berens, and an automobile driven by Otto Homerich of Salem. Homerich carried insurance with the Transcontinental company and recovered damages. The insurance firm in turn brought suit against the Berenses to recover the amount paid Homerich. The jury returned a verdict awarding \$315, plus \$21 interest to the insurance company.

GIBSON

The October meeting of the Gibson Parent-Teacher Association was held at the schoolhouse and was attended by fully eighty people. The retiring president, Olof Sundin, introduced the incoming president, Mrs. Geo. Valkema, in a gracious manner and expressed his appreciation of the help he received from officers, committees and members during the past year. Mrs. E. N. Ebesson is the incoming vice-president and Mrs. Geo. McAllister serves as secretary-treasurer.

The committees who so faithfully worked out the two floats which were Gibson's contribution to the Saugatuck Centennial felt repaid by recognition shown by Saugatuck village board awarding the float, "the covered wagon," a prize.

The program was in charge of the retiring committee. Geo. McAllister, chairman, ably assisted by Miss Irene Bauhahn, our teacher. Part of the program was given by the pupils; among the numbers were songs by children of first and second grades, vocal trio by Edith Wilner, Lillian Partman and Lillian Valkema, accompanied by Harry Sundin on guitar; recitations by Darwin Woodall, Margaret Bjork, George Wilner and Beatrice Kanera; group songs by the school; Mr. Herman Cook delighted the audience with several selections on piano accordion and Mrs. John Wolbert gave readings.

Refreshments of coffee and cake were served by the retiring committee, Mrs. E. N. Ebesson, chairman, the young people assisting as usual.

"If Only I Had A Cash Reserve!"

BILLS . . . Bills . . . Bills . . . A sudden emergency . . . calls for cash . . . and no reserve fund available. No wonder the man despairs. The prudent person keeps a cash reserve fund in the Bank to take care of all immediate obligations and unforeseen emergencies.

This Thrifty Person — How Does He Do It?

Q He regulates his life and his method of living according to his income. He will use "horse sense" to begin with by using business methods.

Q For instance, he will start with a checking account so he may always know where his finances stand . . . a check system makes one "cut corners" in order to save. A check system immediately shows when you're "running short." The thought to retrench in some capacity where retrenching is possible, is the first thought.

Q He further knows that paying his debts by checks forestalls paying bills twice . . . a check is his legal receipt. With a budget system started in his personal affairs he finds that through his economic policy of watching the leaks there will be money left and to spare.

Q He then starts a modest savings account separate and distinct from the checking account and places therein the spare dollars that through thrift and through business methods he has created.

Q Start a checking account at this bank and then start a savings account. The two go hand in hand.

REFERENDUM ON PROPOSED LAW TO IMPOSE A SPECIFIC TAX UPON THE SALE, ETC., OF CIGARETTES

An act to impose a specific tax upon the sale, gift, exchange, barter or distribution of cigarettes in this state; to provide for the collection of such tax and the disposition thereof; and to prescribe penalties for the violation of this act.

The People of the State of Michigan enact:

Section 1. Every person, firm, association or corporation, selling or engaging in the business of selling cigarettes in this State, shall pay to the State a specific tax on all cigarettes sold, given away, exchanged or bartered, at the rate of one cent on each ten cigarettes or fractional part thereof. Only one sale of the same article shall be used in computing the amount due.

Section 2. The tax hereby imposed shall be paid and the stamps hereinafter provided for shall be affixed or attached by the person having possession or ownership of such cigarettes to every package of cigarettes before the same is distributed, sold or given away in this State, unless such stamps shall have been affixed or attached thereto by the manufacturer or distributor of such cigarettes.

Section 3. The tax hereby imposed shall be paid by the purchase of stamps from the Secretary of State, of such design and denominations as shall be prescribed by him, unless such stamp is already affixed, each dealer, distributor or manufacturer in this State shall affix to each package of cigarettes the stamp so purchased from the Secretary of State, which stamp shall be in the amount of the tax upon the contents of such package. The stamp so affixed shall be prima facie evidence of payment of the tax imposed by this act. Any person who shall open any package of cigarettes or remove any of the contents thereof without the stamp required by this act having been affixed to said package, or any person who shall open any package of cigarettes or remove any of the contents thereof, unless the stamp shall have been cancelled, mutilated or destroyed, shall be guilty of a misdemeanor, punishable by a fine of not more than ten dollars and costs of prosecution, or by imprisonment in the county jail not more than ten days, or both, in the discretion of the court.

Section 4. It shall be unlawful for any person to sell, offer for sale, display for sale, barter, exchange or give away any cigarettes in this State without there having been first affixed to each individual package of cigarettes the stamp required to be affixed thereto by this act. Any person who shall violate any of the provisions of this section shall be deemed guilty of a misdemeanor, punishable by a fine of not more than one hundred dollars or imprisonment in the county jail not more than ninety days, or both, in the discretion of the court.

Section 5. Any person who shall falsely or fraudulently make, forge, alter or counterfeit any stamp prescribed by the Secretary of State under the provisions of this act or who shall cause or procure to be falsely or fraudulently made, forged, altered or counterfeited any such stamp, or who shall knowingly and wilfully utter, publish, pass or tender as true any false, altered, forged or counterfeited stamp prescribed by the Secretary of State under the provisions of this act, or who shall knowingly possess any such false, altered, forged or counterfeited stamp, or who shall use more than once any stamp provided for and required by this act for the purpose of evading the tax hereby imposed, shall be deemed guilty of a felony and upon conviction thereof shall be imprisoned for a term of not less than one year and not more than ten years.

Section 6. Whenever the Secretary of State or his assistant shall discover any cigarettes subject to tax as provided by this act, and upon which the tax has not been paid as herein required, said Secretary of State or his assistants are hereby authorized and empowered to forthwith seize and take possession of such cigarettes which shall thereupon be deemed to be forfeited to the State, and the Secretary of State may within a reasonable time thereafter by a notice posted upon the premises where such seizure is made, or by publication in some newspaper having circulation in the county wherein such seizure is made, at least five days before the date of sale, sell such forfeited cigarettes, and such sale shall be deemed to be payment to the State of the taxes due and the cost of imprisonment provided herein for violation of this act. Such seizure and sale shall not be deemed to relieve any person from fine and all moneys received or collected under the provisions of this act shall be deposited in the State Treasury and credited to the general fund and shall be available for any purpose for which such general fund is made available by law.

Section 7. It shall be the duty of the Secretary of State to enforce and administer the provisions of this act; to design, procure, furnish and sell the stamps herein provided for, to collect and keep a record of all taxes collected and stamps sold under the provisions hereof; to promulgate such rules and regulations as may be necessary to carry out the provisions of this act, and the said Secretary of State is hereby authorized to employ such assistants as may be necessary to administer the provisions hereof.

Section 8. The Secretary of State or his assistants are hereby authorized and empowered to examine the books, papers, and records of any distributor or dealer in this State for the purpose of determining whether the tax as imposed by this act has been fully paid, and shall have the power to investigate and examine the stock of cigarettes in and upon any premises where such cigarettes are possessed, stored or sold, for the purpose of determining whether the provisions of this act are being obeyed.

Section 9. The provisions of this act are severable and if any part, section or sentence thereof shall be held unconstitutional or invalid, the same shall not affect the validity of any remaining portion of this act.

Section 10. As used in this act:

(a) The word "person" shall be construed to mean and include persons, firms, associations and corporations;

(b) The word "distributor" shall be construed to mean and include every person who engages in the business of receiving or importing cigarettes and making the original sale or gift thereof in this State;

The new \$300,000 administration building which is being erected by the Holland Furnace Co. has been listed as the first structure in Michigan for awards in craftsmanship by the Architects' Club of Chicago, according to a suggestion sponsored by F. E. Davidson, architect and engineer.

One workman in each trade will be selected for the awards in which the determining factors are skill, thoroughness, co-operation, reliability and interest in the day's work, provided the record is meritorious.

Recognition to the craftsman consists of a certificate of superior craftsmanship and a gold button emblematic of unusual skill and approach to perfection in his particular line.

The Machine is so arranged that you cannot turn down more than the proper number of Pointers for each office.
Therefore you need have no fear of spoiling your ballot by turning down too many Pointers, as the Machine will prevent you from turning down more than the proper number.
There is no danger of anyone knowing how you vote, as the movement of the Curtain Lever returns the Pointers to their original position before the Curtain begins to open. So be sure to leave the pointers down.

TWO SUGGESTIONS

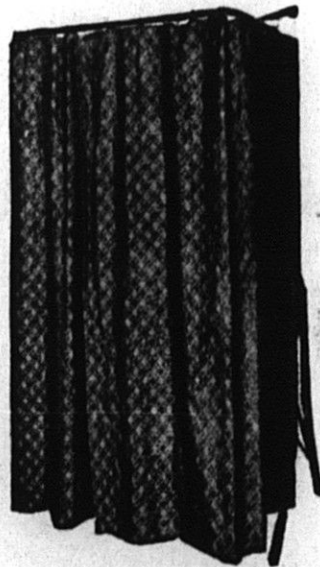

First: Read this sample ballot over carefully and decide which candidates you want to vote for.
Second: Call up the City Clerk's office and find out where a machine is on public exhibition, and call and operate it until you are sure that you can vote on it without trouble or delay. A few minutes so spent now may save time and avoid trouble on Election day, both for yourself and the other voters.

IMPORTANT

All voters who can should vote early in the day and thus avoid all possibility of congestion.

DIRECTIONS FOR VOTING
on the
VOTING MACHINE
at the
GENERAL ELECTION, Nov. 4, 1930

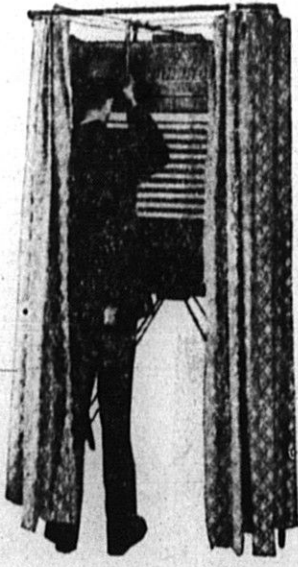

Swing the Handle of the Curtain Lever (overhead) from the left hand side of the machine over to the Right as far as it will go, and leave it there.

(This will close the Curtain around you and unlock the machine for voting).

1st. To vote a straight ticket, pull one of the Large Levers

opposite the name or emblem of your party around to the Right, as far as it will go, and then let it go back. This will turn down all the voting pointers

"Voter About to Close Curtain"

in your party row from this position
to this position

2nd. To Split your Ticket, TURN UP the pointer over the candidate's name you wish to cut out and TURN DOWN the Pointer over any other candidate's name you desire to vote for in the same column, except in a grouped office where you may vote for as many of the candidates as the office title permits.

3rd. To vote on the Questions, Turn down a Pointer over the "YES" or the "NO" of each question you wish to vote on, and leave it down.

4th. Return red handle to left side of machine, which action will turn up the pointers and will register the votes and open the curtain.

A FEW WORDS OF EXPLANATION

As no votes are registered until the Curtain Lever is moved to open the Curtain you can make as many changes in your ballot as you wish while the Curtain Lever is at the Right.
