Fruitport Minister Dies In Car Crash

Ottawa County Traffic Fatalities Are Boosted To 17 Sp Far This Year

GRAND HAVEN (Special)— Ottawa County had its 17th traffic fatality at 6:45 p.m. when Harry E. Thomas, 75-year-old Fruitport minister for Jehovah's Witnesses, was killed in a two-car crash at Robbins Rd. and 168th Ave. in Grand Haven Township. The crash occurred just outside the city limits of Grand Haven.

According to witnesses Thomas stopped his 1955 car on Robbins Rd. and then proceeded across the intersection where the car was struck broadside by a 1950 model driven by Reginald Foster, 41, route 1, Grand Haven. Foster was headed south on 168th Ave.

Both drivers were thrown from their cars. Thomas received a depressed skull fracture and was dead on arrival at Grand Haven Municipal Hospital. Foster received a fractured left knee and fractured right shoulder. He was taken to Municipal Hospital by ambulance and then transferred to Hackley Hospital in Muskegon. Sheriff Bernard Grysen said Foster would not be charged.

Thomas was born in Carsonville, Mich., and lived in the Fruitport area for 22 years, coming from Muskegon. In 1908 he married Marie Kennedy in Sault Ste. Marie. She died in August, 1958. Before becoming active as a minister for Jehovah's Witnesses, he had worked at Campbell, Wyant and Cannon and for Continental Motors in Muskegon.

Standard Grocer Company Sold to Vassar Concern

After 50 years in the grocery business, the Muller family today announced the sale of Standard Grocer Co. of Holland to the Progressive Grocery Co. of Vassar, Mich.

The business was developed by Ren and John Muller and their sister, Denise Muller. It started in an old flour mill on River Ave. formerly owned by the Walsh-De Roo Co. which operated a grain elevator and grist mill to serve farmers and dairymen in the area. Before five years had passed, the Muller developed a full-fledged wholesale grocery business serving retail grocers in a 25-mile radius of Holland. In 1928, the company joined the Independent Grocers Alliance of Chicago, a national organization designed to help independent grocers meet national chain store competition. These stores are commonly called IGA stores.

With the rapid growth of business, the local firm 12 years ago purchased 7 1/2 acres of land from the Van Raalte estate on East 16th St. bordering the railroad tracks and built a modern one-floor plant with loading docks for huge semis and facilities for rail-road shipments. With the rise of frozen foods and other merchandizing developments, additions have been built and today the plant is a multi-million dollar concern.

Police Go to School

Police Chief Jacob Van Hoff said today that several members of the department will attend a school for completing new accident report forms which will be used next year. The local officers to attend the school have not as yet been selected.

Standard Grocer Company Sold to Vassar Concern

IGA sponsored stores throughout Western Michigan and for the convenience of independent grocers who have no national connections, there are branches on West Eighth St. in Holland and in Grand Rapids and Muskegon.

The contract for the sale of stock was signed today by Douglas Grimes, president of the Progressive Grocery Co. of Vassar and an IGA wholesaler who already owns and operates four houses in Michigan and New York State. Grimes is a son of J. Frank Grimes, organizer and for many years president of National IGA Headquarters of Chicago. He is thoroughly trained in cooperative merchandising and advertising.

With the exception of the Muller family, no change will be made in the present management or working staff, and the same policies will be continued. Miss Muller retired in 1951 but Ren and John Muller have been active in the business up to the present time. The Standard Grocer Co. hit headlines late in 1945 in a labor organization controversy involving picketing at the River Ave. warehouse. Picketing also spread to the Holland Motor Express nearby and when the trucking owner threatened to liquidate the business, the story hit newspapers coast to coast. After months of court litigation, the grocer labor problem was resolved.

Council OKs Water Main Assessments

Canvass Confirms Special Sewer Vote In Holland Oct. 19

With no objections registered at a public hearing, City Council Wednesday night approved water main special assessment rolls for the 1959 water main program involving \$22,979.42. Property owners have until Oct. 31 to make payments. Thereafter, payment will be made in five equal annual installments.

The program lists: Third St., River to Pine Aves., \$377.92; 24th St., Lincoln Ave. east 485 feet, \$1,397.53; 20th St., Diekema to Graafschap Rd., \$3,210.93; Sandy subdivision network, \$13,074.19; 24th St., from 485 feet east to Apple Ave., and in Apple Ave. from 24th to 27th Sts., \$7,333.84.

In other business, Council canvassed the vote of the special election, Monday for a \$2,900,000 bond issue to improve and enlarge the city sewer disposal system. Final result was 1,557 in favor to 1,426 opposed, the same figure announced in Tuesday's Sentinel.

City Manager Herb Holt, Deputy City Attorney Gordon Cunningham and Planning Consultant Bob Boatman were named to represent the city at a public hearing in Lansing this afternoon called by the Michigan Department of Conservation for the purpose of hearing evidence and testimony pertaining to the necessity or desirability to certain oil and gas wells included in Fillmore and Holland Townships.

A request from the Board of Public Works to transfer funds from the capital improvement fund for water main extensions was tabled until next regular meeting.

A request from the Board of Public Works on correcting terms of payment on two contracts for the electric plant expansion was approved by an 8 to 1 vote, with Councilman Henry Steffens dissenting.

A letter from the Liquor Control Commission requesting Council action on a request from May Kooyers and Raymond Warren for a transfer of ownership of a 1989 SDD license from Harold Vande Bunte at 54 East Eighth St., to 408 Columbia Ave. was referred to the city manager for report.

An oath of office of H. H. Holt as a member of the Board of Supervisors of Ottawa County for an indefinite term was filed.

On recommendation of City Attorney James E. Townsend, Council hired the firm of Dickinson, Wright, Davis, McKean and Cudlip of Detroit as bond attorneys on the paving special assessment bonds for the 1959 paving program.

Council okayed low bid entered by Holland Ready Roofing Co. for reroofing Roamer Boat buildings on south US-31 at a cost of \$3,394. As for further improvements at the property which the city purchased for use as a fire station and for street equipment, City Manager Holt said plans have not been completed.

A report from the city auditor revealed that \$4,160,000 in U.S. treasury bills due July 14, 1960, were purchased at a discount price of \$3,999,892.67, said amount coming from the sale of the \$4,000,000 electric revenue bonds.

The city clerk read a communication from the city attorney in regard to the 1959-60 highway maintenance contract, calling attention to two paragraphs which the city attorney suggested be reworded in future contracts of the Michigan State Highway Department. It was pointed out that the wording in these cases could be contrary to city home rule.

The city manager's monthly report included a special report by the city treasurer on 1959 summer tax collections, listing a total of \$1,525,883.98 leaving \$52,470.76 as delinquent. This delinquent amount has been certified to the city assessor for spreading on the December tax roll.

Council approved proposed leases with First National Bank and Mrs. Margaret Maentz pertaining to the offstreet parking project on the south side of Seventh St. between River and Central Aves. These leases allow the city to use 25 feet of the so-called First National Bank parking lot, and the area behind Vau-

GRAND HAVEN (Special)— Ronald Williams, 14-year-old son of Mr. and Mrs. Fred C. Williams, of 1337 Waverly St., Grand Haven, is in critical condition in Blodgett Hospital in Grand Rapids with injuries received when he was struck by a car at 3:35 p.m. Wednesday on Beech Tree St. near the south city limits.

The youth, who received severe head injuries, brain damage and abrasions of the face, was first taken to Municipal Hospital and then transferred to Grand Rapids. Dennis John Kieft, 16, of 225 South Griffin St., Grand Haven, driver of the car, told city police he was returning home from a hunting trip and had turned his head to check on his dog in the rear seat when his car veered off the shoulder and struck the Williams boy who was waiting on his bicycle.

The impact threw the youth onto the hood of the Kieft car and then the injured youth slipped to the pavement and lay just off the paved portion of the road. The bicycle landed on the pavement toward the left side and the car also stopped on the left section of the pavement. City police are continuing the investigation.

Collection of the one cent use tax was stopped in Holland this morning immediately after the Michigan State Supreme Court handed down its decision.

Deputy Revenue Commissioner Clarence Lock informed Ernest Post, president of the Holland Downtown Retail Merchants Association and L.A. Wade, retail consultant for the Holland Chamber of Commerce. The decision came at 10:34 a.m. Lock said merchants should halt collections "immediately."

Sen. Clyde Geerlings (R-Holland), one of the Senate's chief tax specialists, said he had worked on a program which would save the state 50 million dollars but that he would wait until Democrats came up with a tax plan before making his economy proposal.

He said the first step would be "specific means to cope with the situation" and that he hoped it would not be an income tax as had been urged all session by Democrats.

Supervisors Okay County '60 Budget

GRAND HAVEN (Special)— After about a week of study, the Ottawa County Board of Supervisors Wednesday passed its 1960 budget calling for a total operating outlay of \$1,002,238.29, which is just \$101 higher than when proposed budgets were distributed last week.

Added to this figure will be \$169,985 for the improvement fund for a total of \$1,172,223.29.

Under state equalized valuations, 3 3/4 mills will raise \$937,421 and 3 1/4 mill for the improvement fund will raise \$169,985. Anticipated revenue is listed at \$700,000 for a total anticipated revenue of \$1,177,406. This should leave a theoretical balance of \$5,182.71 at the end of the year.

Among the last items to be considered on the budget was the appropriation for county roads and county parks. The Road Commission had sought \$200,000 for road improvements besides \$60,000 for parks, but the board held to the original \$60,000 covering both roads and parks. There was no agitation this year for a county controller. Last year the sum of \$15,000 was allocated for this arrangement, but the board later voted down the committee's recommendation to hire such an administrator.

The board passed a motion made by William Kennedy of Allendale for the chairman to appoint a special committee to investigate possibilities of setting up a committee or Board of Public Works to make recommendations and assist units of government on problems of sewage and water. This study committee may be appointed Friday.

The board also may take action Friday on a resolution prepared by James E. Townsend of Holland authorizing period payments in construction of the new jail to Stephenson Construction Co. of Zeeland, based on certificates of payment by Vander Meiden and Koteles, Grand Haven architects.

The board adjourned to 1 p.m. Friday. After the Friday business session the board will visit the county infirmary at Eastmanville.

Proposal Gains Okay By 131 Votes

\$2,900,000 Program Will Be Started Soon; Bosch Thanks Voters

By a vote of 1,557 to 1,426, Holland city property owners Monday approved a \$2,900,000 bond issue to replace its sewage treatment plant and install additional sewer lines to serve a growing city.

A discrepancy in reports Monday night was corrected Tuesday, reducing the plurality to 131 votes instead of the 201 votes reported just after polls closed. The correction reversed the vote in the third precinct of the sixth ward where the issue lost 21 to 56.

The plurality of 131 votes was thinly spread in 12 of the 16 precincts of the city. Only four precincts voted the issue down, the first ward, the fourth precinct of the fourth ward which includes part of Maplewood area, and the first and third precincts of the sixth ward which includes an area in the vicinity of Trinity Church and the Apple Ave. area.

Randall C. Bosch, president of the Board of Public Works, expressed great satisfaction that the issue had passed. "I'm very glad the people backed City Council and the Board of Public Works in this program and I'm particularly glad the people recognized the real need in spite of large sums of money involved," he said. He also expressed appreciation to the people and organizations helping to promote the program.

"We're not going to waste any time," he said. "Our engineers on this project (Black and Veatch of Kansas City, Mo.) will start immediately drawing plans and specifications and we'll start legal work on the sale of the bonds," he said. The hope was expressed that construction would begin next spring. First bids will probably be on equipment for interceptor lines.

The vote follows:

Holland Romps To 43-33 Victory

Dutch Grab Scoring Free-for-All

Offense is for the fans and 3,000 loved it Friday night as Holland High's football team rolled to a 43-33 win over Grand Rapids Union in a fine climax to the Holland Football Festival at Riverview Park.

It was the most points a Holland team has scored since 1950 when the Dutch dumped St. Joseph, 53-0 and it was the biggest combined score since Holland walloped Zeeland, 86-0 in the same park in 1923 and Lee Kleis scored 46 of the points.

Holland ran up a total of 293 yards rushing and fullback Scott Brouwer and Rich Woltman picked up 282 between them. The two teams ran up a total of 740 yards, with Holland getting 376.

Brouwer, running wider on some new plays put in this past week to give the Dutch an outside threat, carried 26 times for 154 yards for about six per carry while Woltman, executing the reverses to perfection, slammed off the tackles 10 times for 128 yards, including a 57-yard touchdown gallop to give him a 12-plus average. Woltman made 111 of his yards in the second half.

Woltman scored three times, twice in the fourth quarter on the 57-yard dash and a six-yard carry while Brouwer scored once on a seven-yard run with 43 seconds left in the first half after carrying the ball three prior downs from the Union 36, where Bruce Van Dyke had recovered a Red Hawk fumble.

Van Dyke, too, had himself quite a night. He scored Holland's first touchdown on a five yard pass play from Rog Buurma to open the scoring with 4:46 left in the first quarter. Van Dyke picked up his second touchdown on a one-yard dive play with the fourth quarter only seconds old following a nine-play drive after a Union touchdown.

The game started with a flash of speed as Don Goble of Union ran the opening kickoff back from his own 10 to the Holland 36 before Bob Hoezee tackled him. And this set the stage for one of the wildest games ever seen in Holland.

Union failed to score and Holland didn't advance and punted and Bob Francomb, who played a good game as defensive corner man, nabbed a Union fumble on the Red Hawk 11.

After three line plays, Buurma hit Van Dyke with the pass. After Holland's touchdown, Craig Beteridge streaked 66 yards to tie the score on the second scrimmage play and Tom Verhoeks converted to put Union on in front 7-6 at the end of the quarter.

A 94-yard Union drive was climaxed on a 10-yard pass play from Ken Betz to Jim Parrette followed by Verhoeks' conversion to put Union up, 14-6.

But Holland came storming back and seven plays after the kickoff Buurma scored on a quarterback sneak from a yard out. The Dutch had moved from their own 32 but Woltman missed his second straight kick.

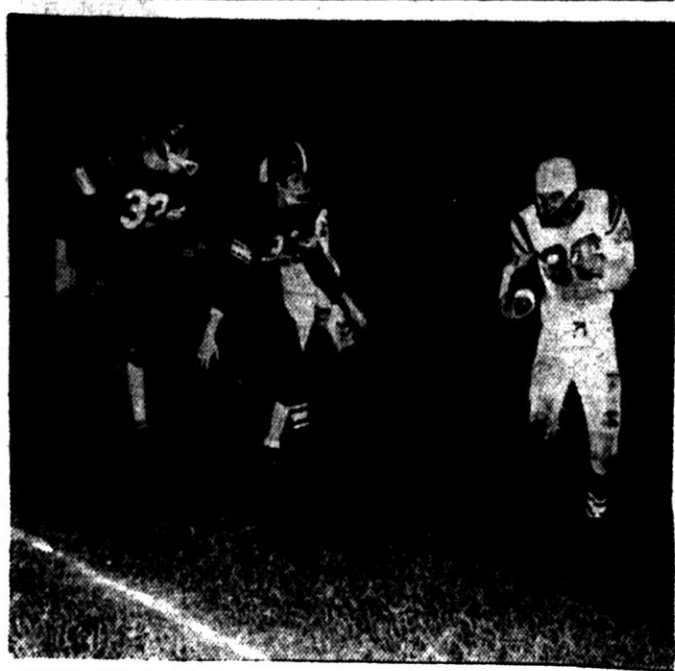

Then Van Dyke recovered the fumble to set up Brouwer's TD to put Holland ahead 18-14 as Woltman failed for the point on an end run. But the lead was shortlived as Union, not expected to pass at all, completed two in a row, the last one for 12 yards with nine seconds left from Goble to Tom Symko, who juggled and then snagged the ball in the end zone as the time ran out. Dennis Adams blocked the kick to give Union a 20-18 lead.

School Bond Issue Okayed

ALLEGAN — Braun, Bosworth a Company of Detroit, representing a syndicate, were the low bidders on Allegan's \$485,000 grade school bond issue.

Bids of five firms were opened at the Board of Education meeting with the bid of the Detroit company declared lowest, offering an interest rate of 4.31036 per cent and a premium of \$203.70.

Although the bonds will draw a considerably higher rate of interest than the high school issue, (which went for 3.02 per cent), Superintendent L. E. White said he and board members were happy with the rate which was lower than the interest being charged on most issues sold since the government bond rate was raised to four and one-half per cent.

White said it would take from sixty to ninety days to get the bonds printed and signed and for the district to receive its money.

Also at the Board meeting, members reviewed plans for the North Ward School addition and the new elementary school which will replace the Dawson elementary school.

The architects indicated that it would be possible to have these two schools ready for use next September if work starts in early spring.

The \$485,000 bond issue is set up to be paid off by 1977, but White indicated that, in all probability, it will be called as early as 1970.

40,000 Hunters Report 'Moderate' Kill

More than 40,000 hunters, easily setting a new opening day hunting record, tramped through the fields of northern Allegan and southern Ottawa counties Tuesday but it appeared that the bird hunters were more plentiful than the birds.

Police and conservation department officers made the estimate on the hunters and reported that the Conservation department's pre-season estimates of a 30 per cent reduction in this year's pheasant crop was holding true. The first day's kill was called "moderate" in the Holland area.

Those from the Kalamazoo area were headed northwest toward Overisel and Zeeland while large numbers of Ottawa County hunters passed through Allegan en route to hunt south of the city.

Although the kill was down, all of the hunters agreed it was a beautiful day for a walk in the fields.

Hope Beats Kazoo For Fifth Straight

Dutch Stop Hornets, 41-6 In MIAA Tilt

Hope College's football team ripped through a surprisingly weak Kalamazoo College team here Saturday to record a decisive 41-6 win for its fifth straight this season before 5,000 alumni and fans at Riverview Park.

It was Hope's third straight MIAA victory and set the stage for Hope's anticipated showdown battle with Hillsdale here on Oct. 31. The Dales won their third straight MIAA game Saturday with a 34-7 trouncing of Albion College. Hope plays at Adrian this Saturday and the Dales host Alma.

Hope's Homecoming trouncing of the Hornets was the worst ever administered by a Hope team in the series which dates back to 1910. The previous most decisive Hope win was accomplished last year, 27-0. Kalamazoo stopped Hope in 1912, 64-5 for the most one-sided game.

The Flying Dutchmen did their scoring in the second and fourth quarters while the Hornets scored their lone touchdown against Hope in three years in the final period.

Hope Coach Russ De Vette used every player on the bench with the exception of Bill Vandenberg, who has an injured ankle. The Dutch used 47 boys in the game and Pete Watt, injured halfback, aided De Vette in the substituting as Gord Brewer was scouting Hillsdale and Ken Weller operated the field phones.

Recovered fumbles set up the first three Hope tallies. Co-Capt. Gene Van Dongen was responsible for snagging the fumbles, getting an assist on the second recovery by Ty Rupp.

Van Dongen grabbed his first fumble on the Hornet 43 late in the first quarter after Jim Smith fumbled on a pitch out as he was tackled by quarterback Paul Mack.

Eight running plays put the ball home with fullback Steve Slag running over guard for the final five yards with the second quarter 35 seconds old. Bill Huibregtse converted.

Van Dongen stole the ball from Ray Comeau on the first scrimmage play after the kickoff and then flipped the ball to Rupp who recovered on the Hornet 19.

After Duane Voskuil had plunged to the 16, Hudsonville freshman Jim Shuck skirted left end for the score with 12:45 left in the second period.

Dutch Seconds Lose Contest

Holland High's reserve football team lost a 25-19 decision to Grand Rapids Union Saturday at the Zeeland Athletic Field.

Union scored on a reverse with six minutes left for the winning touchdown. Holland was leading at the end of the third quarter, 19-18. Holland now has a 1-3 record.

Ed Bricker, who turned in a fine offensive game for the Dutch, scored a 50-yard touchdown in the first quarter and supplied the go-ahead touchdown in the third quarter on a 40-yard dash. Les Cornelissen scored on a three-yard plunge for the other third period score.

Jim Bouwman passed to Cornelissen for the extra point. Union scored twice in the first half on a pass play and a seven-yard plunge to lead 12-6 at halftime.

Coach Tom Carey was disappointed with the Holland defense and planned to work on defense this week. The Dutch play Thursday night at 7 p.m. at St. Joseph at Dickinson Field.

Hope Club Has Dinner

More than 200 members of the Hope College alumni "H" club attended the annual Homecoming Dinner Saturday noon in the Juliana Room of Durfee Hall.

Gene Roth of Grand Haven, club president, presided and Seymour Padnos, secretary, made the secretary's and treasurer's reports. Several greetings were read from former H winners unable to attend.

G. J. Van Zoeren, donor of the new Hope library, was made an honorary member of the H club upon the suggestion of Dr. Otto van der Velde.

Dr. Irwin J. Lubbers spoke briefly about the anticipated drive for funds while Al Vandenberg, athletic director, explained the need for additional athletic facilities, including a new stadium, which is included in the long-range Hope plans.

Coach Russ De Vette explained the personnel on this year's Hope football team and introduced Ken Well, the Hope end coach. The Rev. Jerry Veldman gave the invocation and Curly Wiegink led in singing the Hope song.

HOPE BACK GAINS — Sherwood (Sharky) Vander Woude (23), Hope fullback, is about to be brought down by two Kalamazoo College football players following a gain in Hope's 41-6 win over the Hornets Saturday at Riverview Park. ond period. Huibregtse missed the conversion.

Again Van Dongen boomed his kickoff to the Kalamazoo five-yard line and the ball was returned to the 26 where on the first play Al Altenbernt fumbled and Van Dongen recovered.

Mack then hit end Ron Bronson with a 21-yard aerial to the five. An offside penalty moved Hope to the 10, where Mack executed a rollout back to the five and on the next play handed to Jerry Hendrickson who scooted around end for the score. Huibregtse made the conversion with 10:39 left.

With 57 seconds left in the half, Hendrickson hurdled two or three tacklers in the Kalamazoo secondary and then was off on a 53-yard jaunt. It was his best piece of broken field running this season as he gained speed after shaking the defenders. The double-reverse, was identical to the Hendrickson's 56-yard TD run against Wabash. Huibregtse missed the kick to give Hope a 26-0 halftime margin.

A fourth down 13-yard pass from Smith to end George MacLeod gave Kalamazoo its lone touchdown with 13:08 left in the game. The play ended a nine-play 54-yard drive.

But Hope zoomed back. Chuck Truby recovered an outside kick on the Hope 47. Vander Woude couldn't find light in the middle but Voskuil ran wide on the next play and scampered 35 yards to the Hornet 18. Mack then found Bronson in the end zone with 11:06 remaining. Huibregtse converted.

Jerry Nieuwsma, who like Van Dongen is a Grand Haven native, pounced on Norm Young fumble of a Hope punt on the Hornet 17 midway in the final frame.

After a pass interference to the one followed by an offside back to the five, Howie Glupker, Grand Rapids freshman, passed to Vander Woude for the final touchdown with 6:26 left. Huibregtse converted.

Three Champions Crowned In Zeeland Softball Meet

ZEELAND (Special)—The Hudsonville Merchants "A" team, Wealthy Heights Merchants of Grand Rapids and North Holland IGA won the Class A, B and C Zeeland softball tournament championship Thursday night at the Legion Field.

The Hudsonville club nipped Suburban Motors, 1-0 while Wealthy Heights stopped Hudsonville Merchants "B" team, 3-2 and North Holland IGA won over Prince Bake Shop of Grand Rapids, 7-1.

Duane De Weerd scored the lone Hudsonville run. He hit a grounder to short and on the play the shortstop threw to third base to force Perk Hamming. On the attempt to double De Weerd, the third baseman threw wide to first and De Weerd ran around to third. On the relay to third, the ball went into left field and De Weerd broke for the plate and beat the throw, sliding under the throw.

Hamming had walked to open the fifth and then stole second. Hamming allowed Suburban just one hit, a single by Herb Boersen. The Merchants made three hits off Al Bosch. Each hurler fanned seven. The Class A tourney was double elimination and each team had one loss.

The winning Wealthy Heights run crossed in the sixth inning without the benefit of a hit. A walk, stolen base and two Hudsonville Merchants B team errors set up the score.

Wealthy Heights made four hits off loser Owen Aukema while winner John Vander Mark allowed nine.

Ned Frieriks pounded out two triples and drove in five runs in the North Holland IGA victory. Bob Ebels, winning hurler, allowed just one hit and struck out 15 batters. Bob Dewey was the losing pitcher and gave up nine hits.

The three championship games concluded the tourney which ran more than a month and attracted 70 teams. Ray Schaap was tourney director. Zeeland Jaarda edged Zeeland Bon Ton, 3-2 last month

Fennville Whips Parchment 27-7 for Fifth Straight Win

FENNVILLE (Special)—Rolling up a total of 345 yards, Fennville High's football team walloped Parchment, 27-7 in a Homecoming game here Friday night for Fennville's fifth straight victory and 12th straight over the past two seasons.

Joe Bedes, junior halfback, started the scoring with an 89-yard end run in the first quarter and he was followed in the second quarter by a 33-yard dash up the middle by fullback Capt. Gene Luna. Ray Radloff converted after both touchdowns.

Still in the second quarter, quarterback Ted Strnad threw a 21-yard pass to Dave Turner but Radloff missed the kick to give the Blackhaws a 20-0 halftime lead.

Barry Gooding raced 39 yards in the third quarter for the final Fennville touchdown and Radloff converted. Dave Wajeyla ran 30 yards for Parchment's lone score in the fourth quarter and also ran the extra point.

Coach Tom Miller used his first unit in the first half and his second almost entirely in the second half. He was pleased with the low tackling and blocking done by both groups.

The Blackhaws held Parchment to 65 yards, 50 on the ground including the 30-yard fourth quarter TD run. The Blackhaws had 324 yards rushing and 21 yards passing. The winners made nine first downs and Parchment, two.

Brower-Teusink Vows Exchanged

Mr. and Mrs. Harvey J. Brower (Van Putten photo)
Miss Marianne Teusink and Harvey J. Brower exchanged their wedding vows before the Rev. E. Don Teusink, the bride's brother, in the Central Park Reformed Church Oct. 2.

The couple were united at the double ring ceremony amid decorations of white mums and blue delphiniums in a background of Oregon ferns and candelabra.

The bride's parents are Mr. and Mrs. Elmer Teusink, 1181 West 32nd St. The groom is the son of Mrs. Adrian Brower and the late Mr. Brower, route 3, Zeeland.

The bride was given in marriage by her father. She wore a chantly lace over satin net gown. Her gown's sabbina neckline was embroidered with seed pearls and sequins and the bodice was enhanced by long tapering sleeves. Her voluminous skirt ended in a chapel train. Her elbow-length veil fell from a pearl edged half-hat edged with a delicate flowered pearl trim. A white orchid amid snow drift chrysanthemums cascaded from a white Bible.

The maid of honor, Miss Patricia Sandy, cousin of the bride, and the bridesmaids, Mrs. Rayne Den Lyl, a cousin of the bride, and Mrs. Ted Koiker wore identical ballerina-length turquoise chiffon gowns. The basque bodices had yokes of softly pleated aqua chiffon which eased into a V in the back and flowed into a panel which fell to the gowns' hemline. Each attendant wore an aqua half-hat with circular chin veil.

The flower girls, Diane Teusink and Debbie Teusink, nieces of the bride, wore identical long white gowns with lace bodices and short sleeves. Their circular veils fell from their ruffled headpieces.

The groom's attendants were Charlie Klynstra, best man, and brothers-in-law of the groom, Jack Mc Clendon and Vern South, were ushers.

Mrs. Leon Sandy, the organist, accompanied the bride as she sang "Wither Thou Goest" and Miss Gayle Van Bruggen as she sang "Because" and the "The Lord's Prayer."

The reception was held in the church. The new Mrs. Brower selected a country green suit with brown accessories and pearl earrings, a gift from the groom, to begin her Northern Michigan honeymoon. Her orchid corsage was from her bridal bouquet. When the couple return they will reside at route 3, Zeeland.

The bride is a June graduate of Holland High School and is employed at the Holland Hospital. Her husband, employed at Ferro Cast in Zeeland, attended Zeeland High School.

Future Needs Of School Are Listed

New Projects Include Van Zoeren Library, Academic Building

Announcement of a \$3,000,000 development program for Hope College was made Friday night by President Irwin J. Lubbers before a Homecoming crowd assembled in Dimment Memorial Chapel.

Over half of this sum is already in hand or assured, Dr. Lubbers told the alumni gathering. An estimated \$1,000,000 will come to Hope for building or endowment purposes during the next five years from an educational fund being raised by the Reformed Church in America, with which Hope is affiliated. Dr. Lubbers also referred to the gift of \$250,000 made last July by G. J. Van Zoeren of Holland, a Hope alumnus, as a memorial to his late wife Anna Elizabeth.

A new million-dollar library heads the list of Hope's building projects. The Van Zoeren gift, said Dr. Lubbers, will be applied toward the cost of this construction and, in recognition, the new library will bear the Van Zoeren name.

Next on the building program is a \$600,000 academic building to house the physics department and provide classrooms and faculty offices for other departments as well.

The present library, when vacated, will be converted to quarters for the departments of art and drama, including a small theatre and auditorium made out of the present large reading room. The cost is given as \$200,000.

Other needs, according to the Hope president, are a new athletic field with stadium for home games, \$100,000; miscellaneous building improvement and modernization projects, \$100,000; and additional endowment funds for teachers' salaries, \$1,000,000.

The program for securing the balance of \$1,475,000 needed to complete the \$3,000,000 will start immediately, President Lubbers said. The solicitation will start in the Holland-Zeeland area, with a committee of local citizens and industrialists taking the lead in the community campaign.

During 1960, the fund-raising program will be continued throughout Michigan and in other cities wherever there are concentrations of Hope alumni and friends, he indicated.

"We are presenting our case to the public," concluded President Lubbers, "confident that people everywhere who believe in the special role of the smaller, church-related, liberal arts college will join in making possible Hope's building program. This is essential for the continuance of Hope's future progress. Therefore, we are calling this undertaking our 'Looking Ahead With Hope' program."

GRAND HAVEN (Special) — Dennis Allen, 17, of 212 West 19th St., Holland, pleaded guilty to a charge of disorderly fighting and was ordered to pay fine and costs of \$15.10 when arraigned Friday in Grand Haven Municipal Court. The offense took place between halves at the Holland High-Grand Haven football game Oct. 9.

VAN ZOEREN LIBRARY — Here is an architect's sketch for the new million-dollar library for Hope College which will be erected soon. A gift of \$525,000 from G. J. Van Zoeren, retired chemist and industrialist, will apply on construction costs. It

will be a three-level building constructed mainly of stone and glass. The seating capacity will be 325 and the book capacity 135,000 volumes. Ralph Calder of Detroit is the architect.

LABORATORY AND CLASSROOM BUILDING — This proposed new building is to be erected near the new Van Zoeren Library to house the physics department and provide classroom space and offices for other departments. It will be three stories high and, architecturally, will appear similar to the library.

Estimated cost is \$600,000. A large reflection pool will run from one building to the other. Architect is Ralph Calder of Detroit, architect for the new women's dormitory, Kollen Hall, music building, Durfee Hall and the central heating plant.

GRAVES HALL AUDITORIUM — When Van Zoeren Library is completed, the old Graves Library will be remodeled to house the art and drama departments. The main reading

room will be converted into a little theatre to seat 175. The rooms housing book stacks will be remodeled into an art studio.

LIBRARY INTERIOR — The new Van Zoeren Library for Hope College will look like this on the main floor. Besides book shelves, tables and chairs, the main level will house a receiving room, a technical processing room, librarian's office, a large circulation desk, a sorting and binding room and 20

individual study desks. Upper levels will have a memorial room, lounges, three seminar rooms, a kitchenette and 35 additional individual study desks. The lower level will have a lecture and projection room to seat 100, record listening booths, reserved book shelves and 22 more individual study desks.

Young Calvinist Rally Held at Bethany Church

The 18th annual International Young Calvinist rally of the Holland Young Calvinist League was held at the Bethany Christian Reformed Church Friday evening.

Highlight of the evening was the address by the Rev. James Lott, pastor of Graafschap Christian Reformed Church, who spoke on the

theme "On the Alert." He also closed with prayer.

An organ and piano prelude by Marilyn Schrottenboer and Carol De Mols opened the meeting. Henry Vander Linde conducted the song service and a brass ensemble composed of Dave Boyd, Dick Laugeland, Jack Stegenga, Jerry Vande Vusse, John Dahm and Bob Lubbers and the Bethany quartet composed of Paul Brink, Al Campaan, Cal Hulst and Larry

Kolenbrander, provided special numbers. Opening devotions were conducted by Carol Smit.

The offering will be used for the Young Calvinist Federation building fund.

The pet population of the United States is estimated at 22 million, 500 thousand dogs, 26 million, 500 thousand cats, nine million parakeets and six million canaries.

New Million-Dollar Library Plans Thrill Hope Alumni

Plans and prospects for a new million-dollar library cheered Hope College alumni returning to the campus for the annual Homecoming festivities and game last weekend.

A gift of \$525,000 from Holland native and Hope alumnus G. J. Van Zoeren, retired chemist and industrialist, will go toward the construction costs and spurred hopes that the money for the remaining expenses will be soon secured from other sources. The library will bear the Van Zoeren name.

The Van Zoeren Library will be a three-level building constructed mainly of stone and glass. The stone treatment is unusual in that a modern design will be cut out of each stone and backed with glass. The seating capacity of the building will be 325, the book capacity 135,000 volumes.

Besides book shelves, tables and chairs, the main level will house a receiving room, a technical processing room, librarian's office, a large circulation desk, a sorting and binding room, and 20 individual study desks.

A memorial room with a special collection of books will be a feature of the upper level. There will also be men's and women's lounges, three seminar rooms which can be opened into one large room for the use of larger groups, a staff and faculty lounge, a kitchenette, and 35 additional individual study desks.

The lower level will also house men's and women's lounges, a microfilm room, record listening booths, a typing room, a 100 seat lecture and projection room, a closed stock room, reserved book shelves, and 22 more individual study desks.

"Two unique features will be found in the new library," stated the College Librarian John May who also was consultant for the building. "The building will have a completely flexible interior. There will be no fixed walls. All seating and book shelving can be rearranged to meet changing conditions."

"The other outstanding feature,"

continued May, "is that the building is planned so that an addition to the building can be made with a minimum amount of upheaval."

Planned as an open stack library, there will be no stationary stack area. "Books and readers will be well-mixed," said May. "Students will have direct and easy access to books. We're trying to get away from the idea of a large mass reading room."

Intended to complement the library is the Laboratory and Classroom Building. This proposed building will house the Physics Department and provide classroom space and offices for other departments. It will be three stories high and, architecturally, will appear similar to the library. In addition there will be a large lecture hall off of the first floor level. Estimated cost for construction is \$600,000.

Tying the library and this building together is a large reflection pool running from one building to the other. Since this area will be some distance in length there will be a walking bridge over the middle of the pool.

Architect for both buildings is Ralph Calder of Detroit, who has been the architect for the new women's dormitory presently being erected on the campus, for Kollen Hall, million-dollar men's dormitory completed in 1956, the Music Building also completed that year, Durfee Hall, a women's dormitory built in 1950, and the central heating plant built that same year.

When the new library is completed the old building will be remodeled to house the art and drama departments. What presently is the main reading room of the library will be converted into a little theater with a seating capacity of approximately 175. The part of the building which presently holds the stacks will be remodeled into an art studio.

Other needs of the \$3,000,000 campaign are a new athletic field and stadium, funds for miscellaneous building improvements, and additional endowment for teachers' salaries.

Court Action Is Sought in Justice Fees

GRAND HAVEN (Special) —

Prosecutor James W. Bussard has filed suit in Ottawa Circuit Court seeking court interpretation in the matter of fees charged by justices of the peace inside Ottawa county. The case specifically names Nelson Baldus, justice of the peace of Crookery township, in connection with a speeding ticket which state police gave Riley Frederick Johnson Sept. 30. The justice allegedly assessed \$5 and \$4.30 costs, but no warrant had ever been served, and cost of this service is reflected in the \$4.30 costs.

This procedure has been followed by many justices of the peace in Michigan as well as in Ottawa county.

Bussard is taking the matter to the local court on recommendation of the Michigan Attorney General's office which did not give a clear-cut opinion on justice court fees. The motor vehicle code has several sections which may be in conflict, but it provides only \$2 statutory fees where there is a voluntary appearance and no trial.

New Phone Service Set

Beginning at 2:01 a.m. Sunday, Oct. 18, telephone users in Holland and Macatawa will be able to call Hamilton without a long distance charge.

Andrew G. Sall, Holland manager for Michigan Bell Telephone Co., said the new service will coincide with the introduction of new telephone numbers for customers in Hamilton, an exchange operated by General Telephone Company.

The present four-digit telephone numbers in Hamilton will be changed to numbers consisting of the prefix "SKYline" and five numerals. Holland and Macatawa customers may obtain new Hamilton numbers by dialing "O" operator and asking for Hamilton information.

Sall said the new "extended area" service will eliminate all long distance charges between Hamilton and the two Michigan Bell communities. However, expansion of the local calling area does not affect other charges for telephone service in Holland and Macatawa.

The Holland exchange has 15,500 telephones, including 2,650 in Macatawa. Hamilton has about 950 phones.

Allegan Councilmen Finally Finish Business at 11:30 p.m.

ALLEGAN — It took Allegan City Councilmen until nearly 11:30 p.m. Wednesday night to wade through a jam-packed, 24-item agenda.

Their actions included a decision to send city manager P. H. Beauvais and an attorney, or both, to attend Public Service Commission hearings in Washington, starting Oct. 26, to protest a cut in natural gas allocations to the Michigan Gas Utilities Company by the Michigan-Wisconsin Gas Company.

A reduced allocation to Michigan Gas Utilities, which serves Allegan, would result in higher rates and a possibility of an interruption in the supply of gas to the city's diesel generating plant.

The council also set Tuesday, Oct. 20, as the date for a special meeting to consider the annual departmental audits and study data on water and electrical rates which has been prepared by Beauvais.

Councilmen responded quickly to a letter from the Rev. C. P. Dame, of the First Reformed Church, suggesting that the council, like Boards of Supervisors and other legislative bodies, open each session with prayer. The council voted to ask the local ministerial association to set up a schedule so that a minister would be on hand to open each meeting with a brief prayer.

Beauvais reported to the council that a study into various pension plans available for city employees showed that the cost of private programs appeared to be prohibitive and that participation in the Michigan State retirement fund might not be feasible because of the requirement that participants must pay into the plan for ten years prior to retirement.

Beauvais said the city had nine employees over 55 and that the average age of its 54 employees was 46½ years; thus the state's ten-year requirement would eliminate pension benefits for a large number of city workers.

Beauvais presented blueprints showing the proposed approaches for a new bridge to replace the present single-span on State St. and

was directed by the council to proceed with negotiations to purchase the land needed for the project.

The new bridge has been approved by the State Highway Department and construction is expected to start within the next three years.

It will be built by the state, but the city will be required to purchase any land needed for the approaches from funds allocated for major street improvements. The new design will eliminate the two sharp turns which plague drivers approaching the bridge from either end.

The council voted to postpone action on a new truck for the Parks Department but approved funds for the purchase of tulip bulbs, grass seed and fertilizer.

Mayor Marvin Hayes announced that the parks department recently was presented with a gift of 75 blue spruce by the Armitrout Evergreen Nursery and said that parks superintendent William Lautenslager is using them in landscaping the area surrounding the water tower, opposite the Junior High School.

Zeeland Takes Win Over Lee

ZEELAND (Special) — Zeeland High's football team scored twice in the first quarter and then hung on to record a 12-6 victory over Grand Rapids Lee here Friday night at the Zeeland Athletic Field. It was Zeeland's third win this season against one loss and one tie. Lee is now 2-3.

Early in the first quarter Zeeland took over from Lee on the Chix 31. Staying on the ground the Zeeland team moved the 69 yards in eight plays and Cliff Ter Haar dashed the final four yards. Chuck Ter Haar missed the extra point.

With three minutes left in the first quarter, Zeeland again took over on its own 27 and after two scrimmage plays, Ron Glass exploded around left end and was off for a 73-yard gallop. Chuck Ter Haar again failed to convert.

Zeeland held Lee to a net eight yards in the first quarter and both teams locked strong on defense in the second period as neither team scored and the half ended 12-0.

Lee kicked off to Zeeland to open the third quarter and on the outside kick didn't travel 10 yards and Lee fell on the ball. It took Lee four plays to score with Bob Katsma, Lee halfback, racing the final 28 yards.

In the Zeeland fourth quarter, Lee got to the one-foot line but the Chix held. With two minutes to go in the game, Zeeland fumbled and Lee recovered on their own 35.

The losers tried eight passes and completed five for 45 yards. But on the eighth pass with 15 seconds to go, freshman Jim Elenbaas intercepted the ball and squelched the drive. Zeeland then ran out the clock.

Zeeland's defensive line was at its best with Dave Schaap, Ron Bouwman, Bob Schrotenboer, Curt De Jonge, Paul Nienhuis and Dave Arendsen standing out. Linebacker Bob Elenbaas led the tackles with 11 stops.

Glass led Zeeland with 12 carries for 141 yards while Cliff Ter Haar had 60 yards in 14 tries.

The Zeeland reserves defeated the Lee seconds, 21-0 earlier this week. Zeeland plays at Sparta in a Kenowa League game next Friday night.

\$500,000,000 LOSS

TO THE NATION—INCLUDING YOU—EVERY YEAR

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman — even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.
