UNITED FUND DRIVE GOES OVER TOP

OVER THE TOP—United Fund Campaign Chairman Leonard O. Zick points to the \$99,155 figure which put the 1961 campaign over the top in Holland today. The total represents 102 per cent of the \$97,227 quota, climaxing about two weeks

of intensive solicitation by more than 1,000 volunteers. Zick is surrounded by division chairmen and section majors at today's Dutch Treat victory breakfast in Hotel Warm Friend. (Sentinel photo)

Rep. Ford Opposes Soft Approach to Communism

U. S. Rep. Gerald R. Ford, Jr., R., 5th district, Michigan, has no sympathy with coexistence as promoted by Khrushchev, it was made clear at a "Breakfast With Jerry" gathering in Hotel Warm Friend Wednesday, sponsored by the Congressional Action Committee of the Holland Chamber of Commerce.

About 155 persons crowded into the Tulip Room for the breakfast which replaces the former "cracker barrel" sessions on the political front. Harold Demig, committee chairman, presided.

Ford, who spoke mainly on U.S. foreign relations and accomplishments of the 87th Congress, referred again and again to Communist problems, particularly as they relate to the Berlin situation, which he regards along with the Cuban fiasco as two highly humiliating blows to U. S. prestige.

"The Aug. 12 barricades at the Berlin border were a violation of our rights, and we lost face because we acquiesced. I feel only a firm aggressive policy is the answer. Certainly, that worked when we put out the Sixth Fleet in the crisis of Quemoy and Matsu," he said.

Ford said both Eisenhower and Kennedy have repeatedly said the U. S. has the power to retaliate in any situation, even if the U.S. is hit first, but that uncertainty and indecision shown by leaders advocating the soft approach fail to establish credibility.

On congressional matters, he said the 87th session was long on quantity, short on quality and rough on the taxpayer. He said the worst job was done on fiscal matters, adopting a \$95 billion budget plus some backdoor spending placing it at \$106 billion, or \$13 billion more than the previous year. "It is my feeling that we've only begun to spend," he said.

He said federal aid to education will be a major issue again in 1962 along with care to the aged (of socialized medicine) which Democratic leaders hope to put under Social Security. He said anybody opposed to these two issues should write Michigan's two senators who favor both issues. He said leaders advocating the Social Security approach say it will cost an additional 1/2 per cent, while opponents feel it will cost at least 1 per cent.

The question period introduced many subjects.

Ford was high in praise of the work of the Strategic Air Command and felt that retaliatory power was great enough to meet any problems. As for the 50-megaton bomb which Russia exploded a few days ago, Ford felt that the U. S. multi-megaton bombs of lesser power were more desirable.

Answering a question on Drew Pearson's appearance in Holland a few days ago in which the columnist advocated a soft approach, Ford disagreed rather heatedly.

"Mr. Khrushchev is playing a clever political game. He really is no different from Mr. Stalin, only more clever," Ford said.

On the Cuban fiasco, Ford said the U. S. lost a unique opportunity last spring, and pointed to the successful coup in Guatemala a few years ago. "If you commit your prestige, you also must commit your power, and I would be prepared to commit our power if necessary," he said.

On fallout shelters, Ford said he was considering one for his Washington home but had made

no decision, mainly because he felt prices were too high. He felt a fallout shelter was the only answer in case a person has escaped burns in a prime target area, but he was against fallout shelters if they would give Khrushchev the idea that the U. S. people were afraid.

On calling reserves, Ford said no reserve or National Guard companies have been called in Michigan as such, but said individual reservists were being called. No deferments have been granted except a few cases in which there were more than four dependents or illness.

On CIA matters, he felt Russian intelligence was no better than the United States' but said "we make it easy for them." He pointed to many fabulous accomplishments of CIA, particularly the value of the U-2 flights before the controversial flights were called off. He said the CIA is accomplishing the same thing through other means at present.

Kienstra, 18, of 308 West 21st St., struck a city light pole at 30th St. and Washington Ave. at 5:20 p.m. Wednesday after Kienstra swerved to avoid hitting a second car which had pulled in front of him, according to Holland police. Lewis Wierda of 737 Plasmans Ave., driver of the second car, which was not directly involved in the accident, was cited by police for failure to yield the right of way to through traffic.

Supervisors Give Okay To Budget

GRAND HAVEN—At its closing meeting of a two-week session, the Ottawa County Board of Supervisors Friday adopted a 1962 budget calling for \$1,222,780.49, which is the exact figure which 4.15 mills on a county equalized valuation of \$294,645,911 will produce.

This year's total is a record budget for Ottawa County. It is an increase of \$96,542.70 over last year's budget of \$1,126,237.57. The Ottawa county portion of Holland city pays 26 per cent of the total. The original budget had totaled \$1,355,321.96 and to pare down the budget to meet available millage, the board Friday lopped off \$115,000 from a proposed \$200,000 item for county roads, leaving the 1962 appropriation at \$65,000.

This cut very nearly reduced the budget to the available funds, and to round out the final \$2,280.53 which constituted the difference, the board added this figure to the contingency fund, setting it at \$62,228.53 instead of the original \$60,000.

Legion Course Pleases New Pro

Phil Weichman, golf pro at the American Legion Memorial Park Golf Club, was pleased with the condition and layout of the course during a recent visit.

Weichman, former assistant pro at Grand Rapids Blythefield Country Club, said the course was much improved since he was here last, six years ago.

The addition of the \$30,000 fairway watering system, soon to be installed, will add a lot to the course, Weichman said.

The 35-year-old pro, who will actively take over in the spring to

replace George Slikkers, who retired after 11 years, said he plans an expanded junior program and group lessons for women.

He also hopes to bring one of the weekly Western Michigan amateur tournaments to the local course.

Weichman attended Wake Forest College where he was No. 2 man on the golf team. The No. 1 man was now world famous professional Arnold Palmer.

The youthful pro is a winner of many top tournaments including the Michigan pro-amateur and the

CRASH SCENE — Shattered fragments of glass and twisted steel mark the scene of the crash Wednesday night on 38th St., near 142nd Ave., in Allegan County, that claimed the life of 16-year-old Sandra Ann Gusler of rural Zeeland. Allegan deputy Roy Ashley inspects the wreckage of the small foreign car in which the Gusler girl was killed. Helen

Danhof, 16, also of rural Zeeland, driver of the death car, and Sidney Kuizema, 18, of route 1, Hamilton, driver of the second car, were injured in the crash. Kuizema's car (left rear) is shown on its top after it rolled over in the grinding collision which occurred in a rainstorm as both drivers were driving without lights. (Sentinel photo)

Zeeland Girl, 16, Killed In Crash; Two Injured

ZEELAND—A game of automotive hide-and-seek claimed the life of a 16-year-old rural Zeeland girl Wednesday night and injured two other teenagers.

Sandra Ann Gusler, daughter of Mr. and Mrs. Vernard Gusler of route 3, Zeeland, was killed when the car in which she was riding collided head-on with a car driven by her boyfriend at 10:45 p.m. on 38th St., near 142nd Ave., in Allegan County southeast of Zeeland.

Injured in the crash were 18-year-old Sidney Kuizema of route 1, Hamilton, driver of one of the cars involved, and Helen Danhof, 16, also of rural Zeeland driver of the car in which the Gusler girl had been riding.

Officials at Zeeland Hospital today listed Miss Danhof in fairly good condition with a fractured right leg, lacerations of both legs and severe facial lacerations.

Kuizema was reported in good condition at the hospital after being admitted for observation.

The Gusler girl was pronounced dead at the scene of the crash by medical examiner Dr. Peter Brachman of Allegan. The girl suffered a skull fracture, fractures of both legs and internal injuries.

Kuizema told Allegan County deputy Roy Ashley that both he and Miss Danhof were driving without headlights when the crash occurred during a shower.

According to Ashley, Kuizema had been chasing the girls' car north on 38th St. without headlights. The girls turned around and started south on 38th St. with their headlights turned off, Ashley said, and crashed head-on into Kuizema's car.

The girls earlier had attended a catechism class at the Drenthe Christian Reformed Church.

The Kuizema vehicle overturned after the impact. The Danhof girl was thrown from her car into a ditch as the small foreign car was spun around by the impact of the crash.

Gusler, who is a salesman for an implement company, was not home at the time of the accident. He was located in Williamston, Mich., and informed of his daughter's death.

Miss Gusler was born in Van Wert, Ohio, and had moved to Zeeland with her family nine years ago. She was a junior at Zeeland High School.

Surviving besides the parents are one brother, PFC Kenneth P. Gusler, with the U.S. Army in France; two sisters, Connie K. and Peggy Ellen, both at home, and grandparents, Mrs. Oscar Kiehl of Van Wert, Ohio, and Mr. and Mrs. Guy Covey of Haviland, Ohio.

Funeral arrangements are pending word from the girl's brother in France. The body is at the Yntema Funeral Home where relatives and friends may meet the family tonight and Friday from 7 to 9 p.m.

Driver Unhurt in Crash

ZEELAND — Douglas J. Folkert, 17, of route 3, Holland, escaped injury when the car he was driving left the road and struck a tree off 96th Ave. one-quarter mile south of M-21, at 1:15 a.m. today. Ottawa County deputies said Folkert lost control of the auto after it skidded on wet pavement.

Larrie Clark, head of the vocal music department at Holland High School, will take 28 students to Grand Rapids today to tour-radio and television studios, music store and have supper before attending a performance of "The Music Man." This is a Career Day activity for the music students.

DEATH VEHICLE—The tremendous force of the collision which killed Sandra Ann Gusler of rural Zeeland is evident in this view of the small car in which she was a passenger. The impact of the crash drove the front end of the tiny vehicle back into the front seat of the car. The driver of the car, 16-year-old Helen Danhof, was thrown free from the wreckage. Dairymen End 8-Day Hearing Annexation Is Proposed

State milk producers, handlers and dealers completed eight days of testimony at 12:30 p.m. today in the final session of a public hearing held at the Holland Civic Center.

The hearing, conducted by the United States Department of Agriculture Agricultural Marketing Service and Agricultural Stabilization and Conservation Service, was held for the purpose of hearing testimony concerning proposed amendments to the Agricultural Marketing Agreement Act of 1937.

Testimony today was concerned mainly with technical proposals and pricing. The majority of testimony during the hearing, however, has dealt with the proposed consolidation of the Upstate Michigan, Southern Michigan and Muskegon marketing areas into one large order including most of the state.

Testimony was also heard on proposals to limit the number of transactions large producer-handlers may make.

Today's session concluded the hearing which was conducted four days in Lansing, two in Traverse City and two in Holland.

Hearing Examiner Jack W. Bain of the Department of Agriculture set Dec. 21 as the deadline for any interested dairymen to file briefs. Arguments are to be based on facts contained in the hearing record.

The Department of Agriculture will issue a decision on the proposed amendments later. No change in the state order will become effective until the milk producers themselves pass the amendments by a two-thirds vote.

Ticketed After Mishap

ZEELAND—Ottawa County deputies charged John W. Schamper, 16, of route 1, Zeeland, with disobeying a stop sign following a two-car accident at 4 p.m. Wednesday at the intersection of Chicago Dr. and West Main Ave. Deputies said Schamper's car collided with a car driven by John F. Palmer, 35, of 102 East 14th St., Holland.

Annexation Is Proposed

ZEELAND — A sample survey among residents of Zeeland Township immediately east of Zeeland indicates some interest in annexing to the city.

The survey was taken after City Council adopted resolutions cutting off fire protection and doubling water and sewage treatment rates. Under the city proposal which was rejected by the township board, the township would pay annually an amount equal to 2 mills of the assessed valuation for all fire protection, including hydrant rental, less \$1,400 allowed for the area of the township served by the Drenthe fire Department.

The previous fire protection fee was a flat \$1,000 plus \$360 for hydrant rental. The new fee would be approximately \$5,019.

Many residents contacted by a representative of the Zeeland Record who canvassed the area between Sanford St. and Fairview Rd. favored annexation, some stating it should have been accomplished 8 or 10 years ago.

Late Funds Are Still To Come In

Exceed \$97,227 Goal; Campaign Chairman Lauds Holland Citizens

A total of \$99,155 in gifts and pledges reported at the Dutch Treat Victory Breakfast today put Greater Holland's United Fund-Red Cross drive 'over the top' for 102 per cent of the goal of \$97,227.

Division chairmen, section majors and their volunteer workers cheered as the results were tabulated at the report meeting in Hotel Warm Friend.

Leonard O. Zick, campaign chairman, praised the generosity of the citizens of the Greater Holland area for making it possible to announce the over-subscription of the goal. He said the citizens of the area have demonstrated for the third successive year their approval of 'giving the united way.'

Zick expressed appreciation for the tireless work of nearly 1,000 volunteer workers who for the past several weeks have been calling on their neighbors and friends in behalf of the 43 health and welfare agencies included in this single campaign. He also extended thanks to the Holland Evening Sentinel, WHTC and WJBL for the excellent job done in informing the public as to the need for their wholehearted support.

Zick said, "Many other groups and individuals aided in one way or another and to these, we wish to say a 'sincere thanks.'"

Reports by divisions today were: commercial, Henry S. Maentz, Jr., \$11,636; retail, William Gargano, \$4,714; construction, Charles H. Fauquier, \$1,494; professional, William P. DeLong, \$3,184; public civic, Walter W. Scott, \$7,418; residential, Mrs. Joseph W. Lang and Mrs. William H. Venhuizen, \$7,903; industrial, William F. Beebe, \$62,806.

Workers at this morning's meeting stated that reports in several areas of the campaign have not been completed. Zick, in urging that all work be completed as quickly as possible, announced that a final meeting of campaign workers will be held jointly with the executive committee of the Greater Holland United Fund at 4 p.m. Thursday, Nov. 2 in the Tulip Room at Hotel Warm Friend.

Donald G. Cochran, president of the Greater Holland United Fund, pointed out that the goal of \$97,227 represented the minimum needs of the agencies for 1962. Amounts received over the goal figure will be kept in reserve for emergencies and unanticipated needs. Disbursements of funds require approval of the U.F. executive committee, with subsequent ratification by the Board of Directors or the executive committee, Cochran said.

Zeeland Man Is Committed To Hospital

GRAND HAVEN — After hearing testimony by three psychiatrists Wednesday, Circuit Judge Raymond L. Smith declared confessed arsonist Marvin J. Schaafsma, 22, of 312½ East Central Ave., Zeeland, a criminal sexual psychopathic person and committed him to Ionia.

Since the Ionia hospital has been full for some time, it is expected Schaafsma will remain for a time in Ottawa jail. One person committed to Ionia last June is still in the local jail.

Schaafsma admitted starting a fire last July at the Howard Miller Clock Co. as well as other fires. He was specifically charged with setting fire to the Si Disselkoe home at 58 West Washington Ave. in Zeeland last April.

Veo Miller, 37, Chicago, who pleaded guilty Oct. 2 to charges of armed robbery and unlawfully driving away an automobile, was sentenced to serve 7½ to 15 years on the first count and 4 to 5 years on the second in Southern Michigan Prison at Jackson. Both sentences will run concurrently.

Miller allegedly threatened Urvan Thomas Smith, 69, West Olive, with a loaded gun last Sept. 27, robbed him of \$5 and appropriated his car to go to Chicago, presumably for narcotics for a drug habit. He tied Smith to the bed, and Smith injured his legs when he fell to the floor after freeing himself. Miller was picked up in the vicinity of South Haven.

Clyde Tuggle, 30, of 9 West Main Ave., Zeeland, who pleaded guilty Sept. 15 to driving while his license was revoked, third offense, was put on probation for 18 months and ordered to pay fine and costs of \$175. He also was sentenced to serve five days, which already has been served. Tuggle's license was suspended in 1937 and revoked in 1938. The latest offense occurred Sept. 19 in Zeeland.

STORED FOR WINTER — Mitena, 12-meter sloop purchased by six Grand Rapids sailors, is shown here about to be placed inside the Jesiek Brothers Shipyard on Lake Macatawa. The 73-foot long sailboat was pulled out of the

water last Friday. She had been moored at Jesiek since the owners piloted the boat from Rochester, N.Y. last month. Mitena will become a familiar sight next summer on Lake Macatawa and Lake Michigan. (Sentinel photo)

12-Meter Sloop to Be Familiar Sight

Mitena, a 12-meter sloop similar to 1938 America's Cup contestants Columbia and Sceptre, has been purchased by a group of Grand Rapids sailors and will be a familiar sight on Lake Macatawa and Lake Michigan next summer.

The sailboat was pulled out of the water last Friday and is being stored at the Jesiek Brothers Shipyard. The owners plan to base the 73-foot sloop at Jesiek on Lake Macatawa.

Mitena will be used for racing next summer and because of her speed, the boat is sure to set all kinds of records. William Lowry, Jr., formerly of Holland and now of Grand Rapids, James Alexander, Charles (Doc) Withey, Lewis H. Withey III, Paul Brown and Russ Swaney bought the boat.

Columbia defeated Sceptre in the 1938 race off Newport, R. I. Columbia, the American yacht, was

11 minutes and 42 seconds ahead of Sceptre. The British entry was two miles back.

The America's Cup races are staged during daylight while the big races on the Great Lakes, like the Chicago-Mackinac, are day-night jaunts and this means a bigger crew.

A crew of 12 to 13, including J. C. Petter of Holland, is planned for the races while the America's Cup crews are limited to 11 persons. The owners and others sailed the boat from Rochester, N. Y. to Holland last month. They covered the more than 1,000 miles in eight days.

While the boat was moored at Jesiek, she attracted several spectators. Mitena has a 12-foot beam and nine-foot draft. From waterline to truck, her single mast stretches 96 feet into the air.

The 26-year-old Mitena was formerly owned by Yale University

and was based in Rochester, N. Y. She was designed and built by the late Nathaniel Herreshoff.

Withey reported Mitena, 10th in a line of 18 such sailing craft, is a little longer than Columbia. In right winds, her high expanse of canvas can drive her at speeds up to nearly 15 miles an hour.

Mitena will be the "scotch boat" in Great Lakes sailing races. The larger and faster boats are handicapped by adding to set time in hours and minutes to their actual time for the run.

This boat will be the fastest sailing craft now on the Great Lakes and it will carry the latest handicap. Mitena is expected to fly the Macatawa Bay Yacht Club colors but none of the owners are club members. However, relatives of a few of the new owners are MBYC members. Ken Scripsma, MBYC manager said.

Ticketed After Mishap

Pearson Sees Peaceful Settlement in Berlin

Drew Pearson, nationally syndicated columnist and prophet of "things to come," predicted Friday night that there will be a peaceful settlement of the Berlin crisis.

Speaking before a community-wide audience of 1,000 at Dimment Memorial Chapel at Hope College, Pearson qualified his prediction, saying the settlement will take one of two possible forms.

One form would be a "narrow" settlement, which would permit the crisis atmosphere to die out, but leave East and West still haggling and jockeying for psychological advantage, as before the current dispute.

The other, and more desirable alternative, Pearson said, would be a "broad" settlement which would open the way to new East-West relations. "The United States and Russia could be, together, the greatest forces for peace in the world," Pearson said. Red China poses the biggest threat to such a settlement.

Pearson, on a speaking tour of the U. S., following a trip to Russia in August, in which he personally interviewed Premier Nikita Khrushchev at length, described the Russian leader as a basically peaceful man, utterly convinced of the eventual emergence of Communism over Capitalism, without the tragedy of a third world war.

But he emphasized also that Khrushchev is subject to political and military pressures from within his own country and the Communist bloc. The Soviet leader is under constant pressure from his own military leaders to assume a more inflexible stance, based upon the nation's growing capacity to wage war, Pearson said.

In addition, Khrushchev must constantly maintain his own leadership in the Communist world over the openly more aggressive brand of Communism of Red China's Mao Tse-Tung, the columnist said.

Pearson summarized the present state of East-West relations in these terms: Neither side wants war, but both will fight if forced. And, like Khrushchev, President Kennedy is also subjected to pressures at home which aggravate the situation. The result, said Pearson, is that "the drift toward war is greater now than at any time since Pearl Harbor."

Chief among the domestic forces besetting the American president, Pearson said, are the "significant rising force" of sentiment such as that represented by the John Birch Society, and the additional factions in this country who feel that a war with Russia is unavoidable.

Pearson said he found Khrushchev personally friendly, open and hospitable. During the course of his stay in Russia, Pearson spent two days as Khrushchev's guest at a Black Sea resort. He claims to be probably the only American to go swimming with the Red leader.

He said his visit with Khrushchev was marked by the absence of any guards or close police surveillance. He found his host had an "amazing knowledge of American politicians and newspaper men."

Pearson said he was impressed with Khrushchev's ability to deal with problems of agriculture in his country, and declared it was obvious that "Khrushchev knows farming."

The Russian premier expressed his admiration of both President Kennedy and former President Eisenhower. Pearson quoted Khrushchev as referring to Kennedy as a man "whom you can admire, even if you disagree with him."

But Khrushchev also indicated a dislike for former Vice President Richard Nixon. Turning from his visit to Khrushchev, Pearson referred to the recent abortive invasion of Cuban exiles in the Bay of Pigs as a "fiasco" caused by "bad advice and poor judgement" on the part of U. S. leaders.

Pearson also referred to the U-2 incident during the Eisenhower administration as "one of the tragic errors of U. S. history" inasmuch as a president assumed personal responsibility for an act of his country.

The Hope College student council sponsored the appearance of the columnist in Holland. He arrived in Holland late Friday afternoon, flying here from Rochester, New York. He left Holland this morning for another speaking engagement in Saginaw today.

'Project Windmill' Gets Township Aid

The Holland Township board will cooperate in a current program known as "Project Windmill," which has as its aim the beautification of the river front east of River Ave. bridge.

At a meeting of the board Thursday night attended by Mayor Nelson Bosman, Henry S. Maentz and Carter Brown, the board arranged to have the area north of the river open for fill, but not as a dump. This area which was closed to dumping a few years ago when the township developed other dumping facilities will be open for sand, broken cement, tree stumps and logs. Arrangements to dump such articles may be made with either the township, the city or the Ottawa County Road Commission, each of which will have a key to the locked gate.

"Project Windmill" has received its first order of materials for the program which hopes to have a windmill constructed on the river site along with canals and other development. The offer came in a letter from T. Keppel's Sons which offered some materials when development reaches that point.

TALK WITH PEARSON — Drew Pearson, noted columnist and news analyst, talks with a group of Hope College students as he looks over a copy of the weekly college paper, The Anchor, prior to speaking on "Two Days With Khrushchev" Friday evening in Dimment Memorial Chapel. Around Mr. Pearson from

made to increase educational opportunities.

Capote's 'Harp' Thrills College First Nighters

An appreciative audience filled the Little Theater on Hope College campus Thursday night for the opening of Truman Capote's "The Grass Harp."

"The Grass Harp," first of five plays selected this season by Director David P. Karsten, was a happy choice for an opener. Its essence, half fanciful and half realistic, produced a theatrical atmosphere providing a wide range of expression for college thespians.

Dealing with human truths and a probe into one's inner self, "Harp" is not a ponderous play. Rather, it deals in light subtleties which prove all the more effective.

An excellent and imaginative setting of a tree house, large enough for four or five adults (and a goldfish), plus a conventional old-type home setting, aided by effective lighting, added to the fantasy.

Particularly effective was Nancy Rees who emerged as a natural born comedienne in her role of the colored maid.

Carol Miller, cast in the central role of a kind, sweet woman who possessed the recipe for a dropsy cure, filled her assignment admirably, in direct contrast to a domineering sister played effectively by Mary Jane Veurink. Robert Jaehning as a misunderstood 15-year-old and Larry Haverkamp as a friendly judge rounded out the central cast, both giving convincing performances.

A succession of character roles, sharply etched in the Capote manner, highlighted various scenes. These characters, ranging from a pious minister and his sharp-tongued wife to an itinerant cosmetician complete with you-all accent, appeared first as caricatures but became highly credible as the play unfolded.

Others in the large cast were Don Kardux as the conspiring chemist, Tom Oosting as the rev-

erend, Barbara Turinsky as his wife, Dave Stegink as the barber, Virginia Mortensen as the baker's wife, Karl Jicha as Big Eddie Stover, Rod Zegers as the vindictive sheriff, Marcia Mayskens as the choir mistress, Carol Kuypers as the young girl friend, and Jeanne Ferb as Miss Baby Love, the traveling beauty operator.

Other plays selected by Palette and Masque for presentation during the school year are an adaptation of "Medea," Ibsen's "An Enemy of the People" and Pete Schaffer's "Five Finger Exercise." A fifth play is yet to be selected.

She said they have grasped the democratic idea, and will not let it go.

She introduced her colleagues, Gilbert Ogonji and Alfeyo Muri, Hope College students whose home is Kenya, Africa, and William R. Mr. Ogonji is interested in medicine and Mr. Muri is studying economics. These two young men are among 700 students from Kenya who are now in the United States. It was interesting to the guild members that they chose to come to Hope College because of the recommendation of a Hope graduate in New Jersey.

Successful Workshop Held On Mental Health Needs

The Holland Branch of the American Association of University Women conducted a highly successful workshop on mental health needs in the community Thursday night at the Woman's Literary Club.

Approximately 120 people, including panelists, resource personnel, AAUW members and guests, were present for stimulating evening.

Mrs. Robert Sessions, president, welcomed all guests and introduced the presidents and service chairman of the Holland women's clubs. Mrs. William Hillegonds, chairman and moderator for the evening, introduced the members of the panels.

The "needs" panel was made up of Mrs. Charles Van Duren, branch supervisor of the Holland Child Guidance Clinic; Bernard Hendrickson, supervisor of the Ottawa County Bureau of Social Aid; Gene Scholten, school psychologist of the Holland Public Schools; Art Olson, agent of the Ottawa County Juvenile Court; Judge Raymond Smith, Ottawa County Circuit Court; and Dr. William Rottschaeffer, M.D.

These people told how the organization which they represent serve the needs of the community at present, and Dr. Rottschaeffer told what local physicians are able to do.

It was evident from their brief and concise remarks that there is a great need for some type of adult counseling service on the local level.

Mrs. Hillegonds introduced the "solutions" panel, composed of Miss Phyllis Cornell, executive director of the Holland branch of Michigan Children's Aid; Miss Virginia Woodman, executive secretary of the Grand Rapids Family Service Association of America and Mrs. Van Duren.

Miss Cornell explained the three-fold service of the Michigan Children's Aid in Holland—service to childless couples, service to unwed parents and their families, and pre-adoptive boarding program. She said in three of the 13 branches of this organization there is now a fourth service, family counseling, and it is a possibility that such a service could be added to the local branch.

Miss Woodman emphasized the point that the problem of a person in a family concerns the family as a whole. She said the largest percentage of problems handled by her agency are marriage problems, second difficulties between parents and children, particularly adolescent children, and third, many varied problems. Mrs. Van Duren agreed with Miss Woodman about family problems and explained the work of the two state-run multi-purpose clinics now operating in Muskegon and Grand Rapids. She said that in these two clinics last year 71 per cent of the patients were helped by the

are run by teams of a psychiatrist and a medical person. She also said small local multi-purpose clinics will be the future goal, rather than large centers or hospitals at distant points.

Mrs. Hillegonds introduced resource personnel. These people led group discussions with the participating audience who were seated around them in small groups. Questions were referred to the panelists. Following the short discussion period, questions were read and Mrs. Hillegonds called on panel members and resource personnel for answers. Resource people answering questions were Don Cochran, president of the United Fund; John Donnelly, of the Greater Holland Community Fund; the Rev. Herbert Brink of Sixteenth Street Christian Reformed Church; Dr. Lars Granberg, director of the Psychology Department at Hope College; and Senator Clyde Geerlings.

Dr. Granberg said the Hope College staff in psychotherapy is used to the fullest, but they were planning to expand their department. Senator Geerlings, on being asked if the community could expect any state aid on a mental health clinic said the state is operating at a 54 per cent deficit.

Miss Woodman said the Grand Rapids Family Service Association is supported almost entirely by the United Fund, and since it is the Kent County United Fund, their services are for Kent County residents.

An outgrowth of the program, offered as a service to the community by the AAUW, will be a group of interested citizens who will investigate and study the problem, according to Mrs. Hillegonds.

Given in marriage by her father, the bride wore a full length formal gown of tulle taffeta featuring appliques of peau d'ange lace and seed pearls on the flatterer bateau neckline, a basque bodice and appliques of the lace and seed pearls cascading down the front of the princess line panel of the bouffant skirt which ended in a chapel length train. UNITED FUND

In many parts of the country, the
United Fund is holding campaigns.
In some places, solicitation already
has been completed and drives
have gone over the top. Other
places are working on tag ends
to put the drive over.

Holland is in the latter position
but leaders confidently hope
to go over the top at a final re-
port meeting scheduled at a Dutch
Treat breakfast at 7:30 a.m. Thurs-
day in Hotel Warm-Friend. At a
report meeting last Friday, a total
of \$72,283.62 had been pledged or
74.3 per cent of the \$97,227 goal.

United Fund drives usually coin-
cide with the autumn season and
the turning of the colors. Most
communities are speeding up their
campaigns so that solicitation does
not drag on week after week. If
any of our readers have any ideas
how local campaign functions can
be improved, we are sure United
Fund leaders would like to hear
about them.

If you haven't made your contri-
bution yet, do so at once. Let's get
the job done by Thursday.

WHAT REWARDS
FOR RESEARCH?

An old American ideal is that
the discoverer and risk taker
should be rewarded.

Every now and then, however,
somebody wants to restrict the re-
ward. The latest is a proposal be-
fore Congress regarding patents
on new drugs. Instead of allow-
ing the discoverer the usual pro-
tection for seventeen years under
the law, he would be required to
license any competitor after only
three years.

Proponents argue this would cut
drug prices. But might not the
effect be the opposite? With only
a short period of exclusive rights
and millions in research costs to
recover, might not this make
prices higher than they otherwise
would be during the three years?
Are drug prices such a problem
that legislation is necessary? "The
prices of individual drugs, whether
patented or not, usually have de-
clined after introduction," writes
Tom Mahoney in "The Merchants
of Life," a book on the industry
published by Harper & Brothers.
The price on insulin, which has
saved the lives of a million diabet-
ics, has been cut more than a
dozen times by the principal
maker, as manufacturing became
more efficient.

Medical research "would for the
most part be valueless" without
the drug manufacturers, wrote J.
D. Ratcliff, science writer, in
"Lives and Dollars." "These peo-
ple put new discoveries on drug-
store shelves," he says. "Instead
of making vaccine by the cubic
centimeter, they make it by the
barrel; instead of saving the lives
of mice, they save the lives of
men. By and large, these manu-
facturers are doing an excellent
job. They are subsidizing univer-
sity research and carrying on
large programs of their own. All
this work is aimed at providing
us with better, cheaper drugs and
biologicals to cure our sicknesses."

The Church and Christian Growth
I Corinthians 12:12-27
By C. P. Dame

The Christian who pays but
little attention to the Church does
not grow at all. No person can
be a strong Christian in isolation.
The sincere Christian who wants
to grow shares in the life and
activities of the church.

1. The church is compared to
a human body. The church is a
living organism. It is not a col-
lection of people accidentally thrown
together. A person becomes a
member of the church through the
ministry of the Holy Spirit.

"For by one Spirit are we all
baptized into one body." The hu-
man body has many members
with varying functions. This is
also true of the church. The mem-
bers of the body are useful be-
cause they are apart of the body.
When a member is separated from
the body its usefulness is gone.
The Christian who separated him-
self from the church becomes a
failure. An active involvement
in the church results in growth.
The members of our body differ
much from each other—the eyes
and the feet do not resemble
each other in the least, yet they
are a part of the human body.
The church is composed of a
variety of members. Take the
church in Corinth as an example.
Some members of the church had
been pagans, others came from
Judaism, all were inexperienced
Christians. The early church was
a radical organization. It took in
people from very diverse stations
in life and from different races
and cultures and taught them to
forget these differences and think
upon their unity in Christ. No
wonder there were tensions, mis-
understandings and frictions in
the church!

II. Members in the church have
different functions. This is also
true of the human body. The eye
can't function for the ear. The
body functions when every mem-
ber cooperates. In the church
there are all manner of duties to
do. The congregation is composed
of members with different gifts
and abilities. When every member
functions according to his qualifi-
cations great things are bound to
happen.

In the human body some mem-
bers are more important than oth-
ers—the ear is not as valuable
as the eye but both belong to the
body. In every congregation there
are the gifted and the less gift-
ed members but all have a place
and function in the life of the
congregation. Some times the
members who are little known or
noticed—the peaceful, the praying,
the quiet, contribute more to the
life of the congregation than the
prominent members. We readily
misjudge people. Whether a mem-
ber has much to contribute to the
life of the church or little, God
expects him to use what he has
in the best possible manner with
humility. We are called upon to
make the most of all what we
have received.

III. Christians need each other
and the church. The members of
the body care for each other. If
the eye is about to be hit the
hand automatically lifts itself up
to protect the eye and if the knee
gets bruised the hands begin
to rub it. Church members
belong to one great family and
they ought to show concern for
each other, pray for all, fellow-
ship with as many as possible,
rejoice with those that rejoice
and weep with those that weep
and remember the troubled, sick,
and call on the lonely. Church
members can enrich and impover-
ish each other. The church can
offer much to all its members—
add to their knowledge, provide
them with fellowship, give them
opportunities for worship and
service at which they can grow
and give glory to God.

Dutch Reserves Win 5th Game; Panthers Lose

ST. JOSEPH — Holland High's Little Dutch football team scored with 19 seconds remaining in the game to defeat the St. Joseph reserves, 33-33 in a football "track meet" Thursday night at Dickinson Stadium.

Trailing 33-32 with two minutes to go, Gary Hopkins of Holland booted an onside kick that traveled to the St. Joseph 40 where the ball was fumbled and guard Tom Shashagay recovered.

The fired up Little Dutch pounded the line with a series of power plays that put the ball on the Bears four-yard line with 19 seconds left. Junior Ruiz scooted around end for the winning touchdown and Hopkins added the extra point.

It was Holland's 17th straight victory over the past three years and the fifth in a row this season. Tom Carey and Carl Selover are coaching the Little Dutch.

The "track meet" started in the first quarter as each team scored twice. Holland received the opening kickoff and drove to the Bears 40 where they fumbled and St. Joseph recovered.

Three plays later the Bears had scored on a 50-yard run. St. Joseph kicked off and Richard Arenas, the most improved back on the Holland club, returned the kickoff 90 yards for the tying touchdown. Tom Peilon missed the extra point.

Ruiz scored his first touchdown and also Holland's go-ahead tally later in the first period on a 30-yard drive play. Peilon converted but the Bears matched the touchdown and extra point and the quarter concluded, 13-13.

Arenas put Holland into the lead early in the second period as he raced 85 yards around end. Barry Prins ran the extra point. St. Joseph came back and tied the game, 20-20. The half ended with Holland on the Bears one-yard line.

St. Joseph opened the second half and drove to the Dutch 20. Three plays later the Bears were in the lead, 27-20. But Arenas again got the call and he responded with a 35-yard dash around end to put Holland within a point, 27-26. Peilon missed the kick to end the third period.

The Bears scored with four minutes left in the fourth period to take a 33-26 lead. St. Joseph kicked off and Holland put on a sustained drive. A 35-yard pass play from halfback Jim De Neff to Ruiz put the ball deep in St. Joseph territory and De Neff knifed off tackle for the touchdown. Peilon missed the kick and Holland trailed, 33-32.

"It was like a track meet until the last three minutes," Carey said, "but then the Little Dutch played tough football." "The line needs improvement before we play Muskegon," Carey added. The Little Dutch host Muskegon Friday at 4 p.m. in Riverview Park.

With 2:30 left in the game, the contest was delayed about 15 minutes, when two St. Joseph players were injured. One of the injured players was hospitalized.

Carey complimented Arenas, a sub halfback who has been improving the last couple weeks, on his running. Arenas scored three times. He also singled out reserves John Prins, defensive halfback and guard Leo Murray for their strong defensive play.

Darrell Schuurman led Holland with 11 tackles while Dan Hill and Hopkins had seven each.

GRAND RAPIDS — The Grand Valley schools continued their domination over the West Ottawa reserve football team Thursday as the Panthers lost 20-6 to Godwin.

The Panthers have scored a vast majority of their points in the fourth quarter this year as they just can't get started in the first half.

Godwin jumped to a first quarter lead of 7-0 on a 20-yard reverse by Kalkoven and an extra point run by Cardenas.

Godwin upped their lead in the second quarter when Cardenas scored on a one yard plunge and also ran the extra point.

Godwin completed their scoring in the second quarter on a 12-yard reverse by Kalkoven.

The Panthers dominated play most of the second half and scored early in the fourth quarter on a 63-yard statue of liberty play with Dave Vitzthum handing the ball to Dave Farabee who ran the distance.

The Panthers threatened again later in the quarter when Vitzthum hit Lynn Bakker with a 37-yard pass to the enemy 24-yard line, but time ran out before the Panthers could score.

Coaches Vern Ingalsbee and Bob Bonnette are at a loss to explain the team's poor first half showing in each game, but hope this is only a temporary situation.

The Panther team now has a record of 2-4 and will entertain Hamilton next Thursday afternoon at Riverview Park.

Bears Score 18-0 Decision Over Dutch

ST. JOSEPH—Scoring a touchdown the first time they had the ball and then completely dominating play in the second half to score twice more, St. Joseph's football team rolled to an 18-0 win over Holland here Friday night before 2,500 Homecoming fans in Dickinson Stadium.

It was the sixth straight victory for the Bears this season and their 11th straight since losing to Holland, 25-20 last season. The loss was Holland's fifth in a row after winning the opener.

The game also was the worst defeat a St. Joseph team has ever handed a Holland team. The previous spread was 14 points in 1956 and it marked the first time a Bill Hinga-coached Holland team has lost to a Dick Higgs-coached St. Joseph team.

Another mark was also made in the contest. It was the first time in 31 games that Holland has been shutout. The last blanking was against Muskegon Catholic in 1958.

St. Joseph took the opening kickoff on their own 25-yard line and drove 75 yards in 20 plays. Ron Clark, a transfer student from Cedar Springs and a quarterback until this week when he switched to halfback, ran the final yard to score. Dave Achterberg missed the conversion.

The touchdown came with 5:22 left in the first quarter and was aided by a Holland offense. The Bears had thrown an incomplete fourth down pass but the Dutch were penalized and the Bears got another chance. In two plays they were home.

Bill Fette, junior end and playing his first game without his twin brother Tom, who is in the St. Joseph Hospital with torn ligaments, played well enough for two men and his reception of a 16-yard pass from quarterback Steve Piehl set up the first tally. Fette caught the ball on the Holland 12. Earlier in the drive, Fette had grabbed a 13-yarder to push the Bears into Holland territory.

Fette scored St. Joseph's second touchdown on a grab in the endzone to climax a 66-yard, 17-play drive. Fette jumped above three Dutch defenders to catch the ball, a 10-yard pass from Piehl with 1:39 left in the third quarter. Achterberg missed the kick. St. Joseph completed four passes and Fette caught all of them.

Fette stole the ball from halfback Les Cornelissen in the fourth period on the Dutch 34 but the Bears failed to score on this series. Larry Jones intercepted a Holland pass with about minute left on the Dutch 30 and returned to the 18.

Pass interference put the ball on the nine and Jones cracked the tackle for the remaining yards with 44 seconds left. Achterberg missed the kick.

Holland, using a leather ball while the Bears used a rubber ball, penetrated to the Bears 27 in the first half but an illegal procedure penalty bogged the drive. The Dutch had the ball only 13 plays in the second half and made only 16 yards rushing in the final two periods. Eight of the plays were passes.

Holland recovered fumbles twice early in the third quarter but failed to get scoring drives in motion. Duane Wiersma recovered Phiel's fumble on the Dutch 42 while Art Gonzales fell on Ron Clark's fumble of a punt return on the Bears 34.

The Dutch tried 18 passes and completed three. Sophomore quarterback Vern Plagenhoef did most of the throwing and his aerials were high, wide and well over the intended receivers.

Larry Mannes, who caught a 31-yard aerial in the first half, to help Holland's lone drive, again was a stand out both ways. Junior Tom Alfieri also turned in a strong game as a defensive lineman along with Buzz Becker, Ron Conklin and Capt. Bill Arendshorst. Tom Depuydt shined as a corner linebacker.

"We couldn't get going," Hinga said. "If we had scored we would have been inspired but we couldn't move the ball."

Holland returns to LMCA action in Riverview Park next Friday against Muskegon. The Big Reds lost to Muskegon Catholic Friday.

PANTHERS SURROUNDED — Larry Schaftenaar (11), West Ottawa halfback, is cornered by three Godwin tacklers Friday night in a football game in Riverview Park. Godwin players identified are John Harmsen (27) and Gordon Wheeler

Panthers Lose, 24-7 In League Tilt

The West Ottawa Panther football team let down and fell apart in the third quarter and absorbed a 24-7 defeat in a Grand Valley encounter played at Riverview Park Friday night.

Early in the third quarter the Panthers recovered a fumble on the Godwin 40-yard line. With Larry Schaftenaar and Marty Vandewater reeling off three to four yards at a time, the Panthers picked up two first downs and had the ball on the 12-yard line.

On the next play there was a mixup in the backfield and when the Panther halfback was tackled, the ball squirted from his grasp and bounded to the 15-yard line where Gordon Wheeler picked it up and ran 85 yards unmolested for the enemy touchdown.

This play was the turning point of the game. If the Panthers could have scored from the 12-yard line, they would have been at least tied and would have been fired up. As it was, they were 12 points behind and amazed to the point that they had complete letdown.

After receiving the next kickoff, West Ottawa's line could not contain the spirited Godwin crew and a crashing lineman clocked George Donze's punt and the winners fell on the ball on the losers.

13 yard line. After Bob Faught carried the ball on three plays down to the five yard line, the speedy halfback Jim Harrison ran for the touchdown off tackle. John Harmsen's kick was no good.

After the kick-off the Panthers could not move the ball again and were forced to punt. The Grand Rapids club moved straight down the field for the touchdown. The big play was a 29 yard burst by Bob Vandewege that carried him down to the nine-yard line, and later he scored as he ran five yards around end. Wheeler's run failed to make the extra point, so the Panthers trailed 24-0 early in the fourth quarter.

The Northsiders "opened up" their attack in the fourth quarter and moved 70 yards straight down the field for the score. George Donze, Bruce Johns, and Dave Piet did legwork as Donze gained 23 yards, Piet 13 yards, and Johns eight yards in this drive. The touchdown play was a 21 yard pass from quarterback Bill De Graaf to end Marinus Donze. John Hudzik's kick was good to complete the scoring.

The first half was fairly even although Godwin spent most of the time in Panther territory. The Panther line held all of their threats except one. John Bazaire, halfback, found a big hole on an option play and ran 37 yards for the touchdown. Harmsen's kick was blocked by Steve Piersma and Larry Schaftenaar.

The Godwin defensive line was not as heavy as some lines West Ottawa has faced this year, but

they were fast and hit hard. Bill De Graaf had little time to pass and G. Donze didn't get much time to punt. Their line was bolstered by Mike Fitzgerald, 190-pound tackle, who is a tough person to keep out of the backfield.

Both teams tackled and blocked low and hard, but the game was cleanly played and the officials did not call any 15-yard penalties.

Although Godwin made good yardage consistently on straight dives into the line, it was the "big plays" that again spelled defeat for the Panthers.

Coaches Ron Wetherbee and Pete Roan were disappointed at the team's letdown in the third quarter. Tackle Craig Nykamp was commended for his pursuit as he made tackles all over the field.

The Panthers were unable to win a Grand Valley game in their first year of competition as they ended with a 0-4 record. Godwin now has a Grand Valley record of 2-1, with the loss being given by Zeeland.

Rotarians Plan Projects to Help Foreign Students
Carl Cook, president of the Holland Rotary Club, announced today that the International Service Committee is actively engaged in three local projects at this time.

Chairman Charles Cooper is promoting the sale of Hope-Adrian football tickets by Rotary members with the money raised to be used in sponsoring a South American student to Holland for a college education at Hope College. This will be an addition to the regular Rotary Fellowship plan under which many Michigan as well as local students study in foreign colleges, and will be aimed at bettering international relations with South American neighbors.
