OVER THE TOP! — Henry S. Maentz Jr., campaign director for the 1964 Greater Holland United Fund-Red Cross drive, points triumphantly to the grand total of gifts

victory breakfast for volunteer workers this morning in Hotel Warm Friend. The total, which should reach \$108,460 (leaving off cents) represents 103.8 per cent of the \$104,440 campaign

goal. Some contributions are yet to be reported. Both Maentz and John Fanger, United Fund president, expressed deep gratitude to the president, praised the volunteer workers.

### Campaign Brings In \$108,460

Fifth Year Goal Has Been Exceeded; Top Officials Laud Workers

The Greater Holland United Fund-Red Cross campaign for 1963 has gone over the top for a fifth year.

This news was announced by Campaign Chairman Henry S. Maentz, Jr., at a victory breakfast this morning in Hotel Warm Friend.

With some reports yet to come in, gifts and pledges to date totaled \$108,460.20 or 103.8 per cent of the \$104,440 drive goal.

Campaign Chairman Maentz praised the generosity of local citizens and business firms in the Greater Holland area and expressed thanks to the approximately 1,000 volunteer workers for their untiring efforts in bringing the drive to a successful conclusion.

He also extended thanks to the newspaper and radio stations for the excellent job done in informing the public both of the need for funds and the progress of the drive. Auditing reports by members of the Holland Chapter of Women Accountants for their help also came in for special praise.

No particular division can be singled out for special praise since division quotas were exceeded in all seven of the divisions; an indication that workers in all divisions put forth real effort to put the drive over, Maentz said.

United Fund Board President John W. Fanger said this year's achievements stand as a splendid tribute to the generosity of Holland area people.

### Board Approves Record Budget For Ottawa

GRAND HAVEN — The Ottawa County Board of Supervisors Wednesday afternoon adopted a record 1964 budget of \$1,280,520.70 which is about \$5,000 more than the 1963 budget.

It was the same total proposed by the ways and means committee at the start of the session about two weeks ago. This was the ceiling allowed under the allocation of 3.91 mills approved by the tax allocation board last April. This includes 3.4978 mills to be levied for county operations outside the education office and road commission, and .4122 mills for county roads.

The new budget is \$5,326 more than the 1963 budget, and most of the increase resulted from a 5 per cent increase in salaries announced last week.

The board earmarked \$50,000 for county parks and \$80,000 for county roads, the same figure as in 1963. A total of \$90,000 had been proposed for roads, but on motion of Supervisor Henry G. Slaughter of Tallmadge township, the board voted 23 to 11 to pare the amount by \$10,000 so that the dwindling contingency fund would not be exhausted. Slaughter pointed out additional funds may be needed for mounting child care activity in 1964 and some funds will be needed for furnishings for the new county building to be erected next year.

The board approved an annexation election for Dec. 17 in Grand Haven city and township on the proposed annexation of a small piece of property on Robbins Rd. at U. S. 31 to the city. The area includes 9.2 acres. There will be only two eligible voters in the area proposed for annexation.

Several matters were tabled until the January session. Chairman Clarence Reenders, Grand Haven township, of the good roads committee, reported that his committee has studied the proposed purchase of a 17-acre park in Jamestown township, known as Spring Grove park. The committee believes that the townships should deed the park over to the county, rather than sell it to the county. Further study will be made and Reenders' committee will report in January. About \$8,000 in improvements is needed at the park to bring it up to county standards and the price asked is \$16,000.

Reenders was also requested to make a further study of a proposed "swap" of 80 acres of county property in Spring Lake township, near the Muskegon county line, for 80 acres of land in Olive township, now held by the U. S. government as reforested land under the L. U. program. The Spring Lake area is near the new state park on Lake Michigan.

Pay checks were distributed to the board members at the end of Wednesday's session, for seven meetings during the October term. Members are paid \$10 per diem plus mileage for board meetings and some members received more than \$100 for the term. The total payroll as reported by Deputy Clerk Vivian Nuismer was \$3,141.84. The payroll is steadily growing as there are now 35 members on the board, crowding the capacity of the small board room on the third floor of the 70-year-old building.

HUDSONVILLE — Clarence J. Sikkema, 46-year-old superintendent of Hudsonville public schools, was electrocuted at 5:45 p.m. Friday in the bathtub of his home at 6491 Ardmore in Hudsonville.

Sheriff's officers said death occurred when the extension cord of a radio fell into the tub. Deputy Cobb Vanden Bosch attempted mouth-to-mouth resuscitation. Dr. Peter Van Kaik was called as medical examiner.

Sikkema came to Hudsonville in 1953 from Godwin High School at Grand Rapids where he had taught and also served as guidance counselor and as principal. He served as principal of the high school at Hudsonville for three years before becoming superintendent.

He was active in Hudsonville Congregational Church, serving as a deacon and Sunday school teacher. He was a member of the Hudsonville Lions Club, the Michigan Education Association and the Michigan Association of School Administrators.

He was a graduate of Calvin College in Grand Rapids and received a master's degree from the University of Michigan. During World War II he was an air force officer, serving in the European theatre.

### Pays \$60 Fine For Driving On New Road

Lawrence Kolb, 61, of 20 West Eighth St., pleaded guilty to a disorderly drunk charge in Municipal Court this morning and paid a fine and cost of \$60.

Kolb was arrested by Holland police early this morning shortly after midnight after his car had gotten stuck on some fresh concrete at the US-31 and I-96 interchange and soon after completely burned.

The car got stuck in the fresh concrete just south of the southbound I-96 overpass near Howard Johnson's Restaurant. Police didn't know how the car got in that position, but they believed the car left the road where the US-31 bypass connects with the northbound lane of I-96. The fresh concrete was one of the ramps for the interchange presently under construction.

Kolb apparently tried to move his car off the concrete, police said, and in the effort the car caught fire and completely burned.

Holland firemen were called to the interchange to put the fire out. It was believed that the fire may have started in the motor or by friction of the tires.

The car was removed from the fresh concrete this morning by a road construction machine and lowered onto the hardened concrete of the southbound overpass.

### Fire Destroys House, Barn

A house and barn owned by Ronald Hamlin of route 1, were completely destroyed by fire early this morning. Damage was estimated by the Graafschap fire department at \$15,000.

Two tractors and all household contents were lost in the fire. A horse possibly may have been in the barn when the fire started.

The fire, which started in the barn, was first noticed about 12:30 a.m. today by Mrs. Hamlin. Hamlin, who had been in the barn about 11 p.m. Wednesday, had left for work at midnight. Mrs. Hamlin took her two children out of the house and it soon caught on fire from the barn, which was about 40 feet away.

Mrs. Hamlin and the two children waited until neighbors came to investigate the fire and took the family back to their home about a mile away. There was no telephone in the Hamlin home, and the fire department was called when they returned to the neighbors.

Firemen worked until 4:30 a.m. today, but were unable to save the barn and house. A chicken and brooder coop were saved.

The Hamlin family today were looking for an apartment or temporary quarters. Their farm, which is located on 62nd St., about a mile east of the Old Saugatuck Rd., was insured.

### \$13 Million Bond Issue Gets Okay

Ottawa Would Build Entire System; Delay County Building Plans

GRAND HAVEN — The Ottawa County Board of Supervisors Monday voted 19 to 15 to approve in principle establishment of its own water system which would service eight townships in the county as well as Wyoming City in Kent County. One board member was absent.

This would pledge the county's secondary "full faith and credit" as additional security to primary faith and credit of cities and townships for the necessary \$13,000,000 bond issue.

The board voted first on a motion to postpone action on the big project until January. This was voted down, 19 to 15, with most of the rural members voting no and the city members, other than Mayor Henry Van Noord of Hudsonville and Supervisors William Fenn and Marshall Teunis of Ferrysburg, voting along with the rural members.

Hudsonville and Ferrysburg are both having water problems. An original motion to adopt the resolution was then voted on and the same members grouped up, only in reverse, 19 to 15, with the rural members voting "yes" and the city members voting "no."

Walter Russett, county water utilities director on the staff of the road commission, and Richard Ossewaarde, Allendale, a road commissioner, were present and the director explained the procedure under which Ottawa could provide the complete Lake Michigan water production and transmission facility. The project would include an intake structure in the lake, a treatment plant, pumping stations, transmission lines, storage facilities and related equipment.

The action taken by the board Monday gives the road commission the "go ahead" signal to negotiate with Wyoming, Hudsonville and eight townships along the route, which has been established along New Holland road through the south end of the county. The road commission has also been contacted by Ferrysburg and Fruitport for a similar line in north Ottawa, Russett said.

The resolution is merely a "resolution of intent," he explained, and the commission can now meet with the city council of Wyoming, a city of 60,000 near Grand Rapids, other townships in Ottawa and Hudsonville, a new city located on the route.

"Our next step is to negotiate a contract with these units," he said, "and if this is successful a bonding ordinance will be drawn up. We must then return to the county board for approval." The resolution also states that the necessary contracts must be developed in such a manner as to provide that the county of Ottawa will bear no portion of the cost of the project. The bond issue would be paid off in 20 or 30 years through revenue from the system. The plan is similar to the operation of the water and sewer system at Allendale, location of the new Grand Valley State College.

The board meeting Monday started off with postponement of the approval of final plans for the new \$650,000 county building at Grand Haven until January. Several changes are planned in the floor plans, as presented to the board two weeks ago, and these will be included into the new plans. The members visited the infirmary Monday and will finish its business Wednesday. The water and sanitation commission

### Boy, 12, Injured In Hayride Mishap

Robert Ter Haar, 12-year-old son of Mr. and Mrs. Almon Ter Haar, of 653 136th Ave., was reported in good condition in Holland Hospital Monday where he was admitted Saturday after he fell beneath the wheels of a farm wagon on 124th Ave., just north of Port Sheldon Rd.

Robert received a fractured right shoulder bone and bruises. He was injured while on a hayride with about 35 seniors from West Ottawa High School. Robert's father was driving the tractor when Robert jumped off the wagon and ran to the tractor for a bottle of pop. He stumbled and fell underneath the wheels of the trailer, according to Ottawa County sheriff deputies.

mittee then presented the resolution on the water project, with Supervisors William Kooop of Holland and Richard L. Cook of Grand Haven refusing to sign the resolution. Others on the committee are Chairman Gerrit Bottema, Spring Lake, J. G. Brower of Holland township and John Tigelaar of Jamestown township.

City Atty. Gordon Cunningham urged that the matter be postponed so that many questions can be answered. "We owe it to ourselves," he said, "to find out just how much this is going to cost. What is the interest going to be? Which townships will be able to own their own storage and distribution systems? What effect will there be on each community in the county if the county pledges this credit to this project? How will it effect the bonding power of the cities?"

Bottema said that the county should have gotten into this water project long ago as the source of the water is next to Ottawa. "We are sitting at the crossroad," he said. "We have a golden opportunity." Supervisor Herman Windemulder of Park explained that the resolution would permit the road commission to work with Wyoming.

## Dutch Tie For Second In LMAC Play

Holland High's football team rocked Muskegon, 33-13 Friday night before 3,200 fans in Riverview Park to finish in a second place tie in the LMAC.

It was Holland's final LMAC game and gave the Dutch a 3-1-1 record, tied with Grand Haven. Benton Harbor, 13-12 winner over Holland, is 4-0 and hosts Traverse City next Friday. Holland and Grand Haven tied, 12-12.

Holland, 4-2-1 overall, closes out its season against Ypsilanti

next Friday in Riverview Park. The Big Reds, who stunned the Dutch with a touchdown in the first two minutes, lost their fourth straight LMAC game and sixth contest in seven starts this season.

Muskegon bewildered Holland with its opening game attack. The kickoff was run back to the 44 and on the next play quarterback Jerry Benedict ripped tackle 37 yards to the Dutch seven where Terry Werley scored two plays later on a reverse from the four. Jerry Collins converted.

That touchdown was the first the Big Reds had scored in LMAC action this season. But Holland didn't take long to match it. The Dutch marched 63 yards in 15 plays with Rich Arenas slanting off tackle for the last three. Perry Cornelissen tied the game with 4:17 left in the quarter.

Walt Van Oosterhout carried the ball seven times for 31 yards in the drive. This was a prelude of things to come because the 5'5", 145-pound senior fullback was destined for more duty.

He carried 19 times for 148 yards as the Holland offense was geared to run Van Oosterhout since the Big Reds were keying two men on all-state candidate Jim De Neff.

De Neff responded with powerful blocks and clever fakes to keep Muskegon in check while Van Oosterhout was "go." In previous games, Van Oosterhout has been doing the blocking for De Neff.

Van Oosterhout's longest gain was a 55-yard trap through the middle, Holland's third touchdown with 8:13 left in the half.

Holland's second touchdown came on the second play of the second quarter on a seven-yard pass from Vern Plagenhoef to Darrel Schuurman. The ball was deflected off a Muskegon man into Schuurman's arms. De Neff set up the touchdown with a pass interception on the Muskegon 43 and returned to the seven as the quarter ended.

Muskegon punted on its next series and Van Oosterhout's scamper came on the third scrimmage play. The Dutch had received the ball on their own 35. The touchdown crossed with 8:13 left in the second quarter.

The Big Reds struck back and marched 70 yards in 11 plays, aided by a 15-yard face mask penalty. Don Wernstrom cracked the last 16 with 3:20 left in the half.

Holland, with a 42-yard pass from Plagenhoef to De Neff, moved to the Muskegon 16 but an intercepted pass squelched the threat.

Holland made some defensive adjustments in the second half and Muskegon gained only 38 yards in the last 24 minutes. Besides the strong defense, Holland also had ball control and scored its last two touchdowns in the final minutes of each period.

The Dutch had a seven-play 53-yard drive late in the third quarter climaxed by Plagenhoef's eight-yard sneak with 57 seconds left. Barry Prins, sub halfback - quarterback, ran 34 yards on a sneak in the last 51 seconds for the final touchdown. Cornelissen converted after the final two touchdowns.

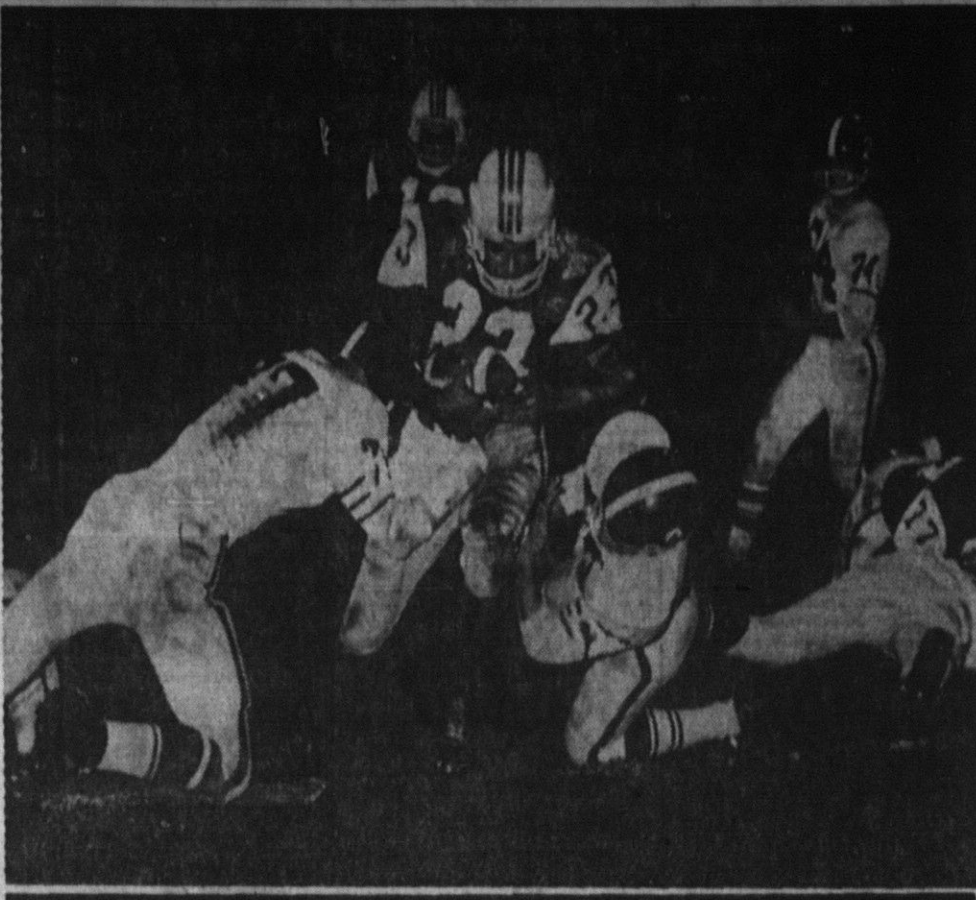

Holland rushed for 149 of its 237 yards in the second half while Muskegon gained 135 yards of its ground yardage in the first half.

Paul Wassenaar, rugged defensive end, led the Holland defenders along with Tim Crace, Rick Coleman and Dan Hill. Coleman filled in for Tom Shashagay in the second half after Shashagay re-injured his back.

Coach Paul Baldwin, echoing the plaudits expressed by all opposing coaches this season, lauded De Neff's all-around play. De Neff leads the LMAC in scoring and has averaged five yards a carry this season. He gained 36 yards in six carries Friday.

Jim De Neff ... power runner deluxe

## De Neff Is Holland's All-State Candidate

Jim De Neff plans to be a dentist or orthodontist and he'll pursue this profession in college but presently his biggest task is drilling through opposing football teams.

He is sure to make a fine dentist if he has the some success that he has had the past two seasons in punching cavities in Holland's foes.

The 6'1", 185-pound senior has been Holland's leading football player this fall and is a cinch to make all-LMAC and is a strong candidate for all-state honors.

"He's the hardest runner in the league and he blocks like a lineman," Coach Jim Jebb said. "He's an excellent long passer and could be a triple threat but we don't use him as a punter."

Each of the coaches facing Holland this year has echoed sentiments about De Neff's ability. One coach, Paul Baldwin of Muskegon, respected De Neff enough to place two men on him last Friday night.

De Neff responded by showing Baldwin, not only his hard-driving running, but also some of his other abilities. He carried the ball seven times for 37 yards but his strength against the Big Reds was blocking and decoy tactics.

Viewing the films of the Muskegon-Holland game, Jebb noted where De Neff blocked one man, hoisting him off the ground and pushing him about three feet back. "He looked like a guard on a trap block," Jebb said.

"Jim is the key to our offense and our running attack is built around him. Whenever we need short yardage we give the ball to him and his power running has picked up the yards for us," Jebb said.

De Neff has gained 486 yards in 91 carries this season for a five yard-plus average. He gained 90 yards in 16 carries against Muskegon Heights including three touchdowns while he rushed 85 yards in 11 carries against Niles, including a 31-yard jaunt, his longest scamper from scrimmage this season. Last year De Neff had a 95-yard run against Niles, his longest prep dash.

He has thrown passes for 133 yards, including 94 against Niles and has caught passes for 107 yards, including 57 against Benton Harbor.

De Neff has also been strong on defense, making many tackles in the secondary and intercepted key passes in the Muskegon and Traverse City games this season. His interception against Muskegon set up a touchdown.

The 16-year-old De Neff, who will celebrate his 17th birthday next Tuesday, Nov. 5, has scored 10 touchdowns this season, including seven in LMAC action.

Jebb, who started at tackle for Michigan State University in the 1954 Rose Bowl game against UCLA, says "De Neff is good enough to play football in the Big Ten."

De Neff is undecided on what college he will attend but is sure to receive many opportunities. He has a B average and is also an outstanding baseball and basketball player.

His wrist action in batting and throwing at shortstop has already caught the accolades of pro baseball scouts.

The son of Mr. and Mrs. William De Neff of 327 West 18th St., De Neff concludes his high school career Friday night against Ypsilanti at 8 p.m. in Riverview Park.

## Constance Zick Wed To Hilary F. Snell

Constance M. Zick, daughter of Mr. and Mrs. Leonard O. Zick of South Shore Dr., became the bride of Hilary F. Snell, son of Mrs. Frank Y. Snell and the late Mr. Snell of Grand Rapids Saturday afternoon in Zion Lutheran Church. The Rev. E. M. Ruhlig performed the ceremony.

Fuji chrysanthemums, palms and ferns decorated the church for the ceremony. Organist for the rites was Robert Lichtenheld with Dale Conklin as soloist.

The bride, given in marriage by her father, chose a full length sheath of silk satin re-embroidered in clusters of pearls and sequins. The bodice was designed with an oval neckline and mid-length sleeves. An Empire cummerbund formed a wide back panel jeweled with a silk fringe over a chapel length train. Tiers of French tulle fell from a band of Alencon lace. She carried a bouquet of white roses and white fuji chrysanthemums.

The maid of honor, Miss Shirley A. Zick, a sister of the bride, wore a dress of topaz velvet with a sabrina neckline blending to a V'd back, demi-length sleeves, a French bowknot at the front waist and a gently flared skirt of Parisian length. She carried a colonial bouquet of fuji chrysanthemums and pompons. A crescent of fall flowers encircled her hair.

The bridesmaids, similarly dressed in sage green velvet, were Mrs. John C. McCrillis of Newport, N.H. and Miss Airielle C. Kuhn of Grosse Pointe. Miss Anna Louise Neidow of Detroit, niece of the bride, was a junior bridesmaid.

Edward M. Heppenstall of Denver, Colo., was best man. The ushers were N. Thomas O'Keefe of Ann Arbor, James R. Oosting of Royal Oak and Charles F. Anderson, Richard H. Houghton and Michael G. Dogson of Grand Rapids.

For her daughter's wedding, Mrs. Zick wore a fawn lace over satin dress and a matching demi-hat with beige accessories. Mrs. Snell was in gold chiffon with a pixie hat of green foliage and beige accessories.

A reception was held at the Holland Furnace Lodge with Mr. and Mrs. Arthur C. Neidow of Detroit and Mr. and Mrs. Thomas Anton of Grosse Pointe, sisters and brothers-in-law of the bride, Mrs. Chester Van Tongeren and Mrs. Ward Hansen assisting.

Following the reception, the newlyweds left on a wedding trip to the Great Smoky Mountains. Upon their return they will make their home in Grand Rapids.

Mrs. Snell, mother of the groom, entertained the wedding party at the Peninsular Club at the rehearsal dinner Friday night.

The bride wore a white broad sheath dress with matching coat and white satin pillow

and carried a bouquet of cymbidium orchids and stephanotis. Her attendant was dressed in a loden green brocade suit with pale green accessories, complemented by a corsage of white carnations and pink sweetheart roses.

## Panthers Lose, 7-6; 3rd Setback

SPARTA — West Ottawa's varsity football team lost a tough defensive battle to Sparta, 7-6, here Friday night.

Sparta found some leaks in the Panthers' tough defense in the first quarter to produce its only real threat of the game. Sparta was deep in West Ottawa's territory near the end of the game but they were running out the clock.

Key plays in this drive were a 15-yard run by quarterback Neil Berg as he couldn't find anyone to pass to, and two long passes from Berg to Doug Fairchild.

The passes which were good for 19 and 25 yards respectively were both nicely executed off a quarterback rollout. This brought the ball down to the six-yard line and after Willis was thrown for a one-yard loss, he came back on the next play to score. Jack Carlson, who is used only as a kicker by Sparta, proved his worth as he kicked the extra point.

West Ottawa moved the ball well on the ground in the first half as they picked up 77 yards but key penalties and their lack of an inadequate passing attack stopped each Panther drive. The Panthers did move down to the Spartans' 33-yard line in the opening kickoff to pose their biggest threat of the first half.

In the third quarter after forcing Sparta to punt, Dave Farabee broke through a large hole at tackle and ran 71 yards for the Panthers' lone tally. Farabee was not touched on the play. This was by far West Ottawa's longest run from scrimmage this year. Dale Cramer's kick was between the uprights but too low.

The Panthers' biggest threat after the touchdown came early in the fourth quarter when they moved from their own 30-yard line with two first downs to Sparta's 46. A dropped pass on third down forced the losers to kick with 5½ minutes remaining in the game and they never had the ball on offense again. Sparta was forced to punt later in the game but the ball was fumbled by the West Ottawa receiver and awarded to Sparta.

After scoring their touchdown, Sparta could not move the ball with any regularity and chose to play the game much as West Ottawa did against Godwin last week after they went ahead. The control ball paid off as Sparta had the ball for 29 plays in the second half and West Ottawa only 13 with two of those plays being punts.

Coach Ron Wetherbee commented that his boys were "pretty flat after being up two consecutive weeks for Godwin and Zeeland." He did feel, however, that some critical mistakes and penalties just proved too much to overcome. Wether-

bee was happy with both Farabee and Dave Vizithum for their offensive and defensive play. Farabee made 93 yards in seven tries and Vizithum 41 yards in nine carries from his quarterback spot. Big 280-pound junior, Bob Rozeboom, received credit for his play at defensive tackle.

The Sparta coach felt that his three captains were most outstanding. Dale Andrus is a full-back and a defensive tackle, Fairchild is a halfback who caught two passes, and Ted Fryear is a defensive linebacker.

West Ottawa saw its season's record evened at 3-1 with a 2-2 record in Grand Valley. The Panthers travel to Muskegon next Friday night to play Mona Shores.

Miss Frances Kay Bielby, daughter of Mr. and Mrs. James W. Bielby of 3438 Butternut Dr., and Lester Allyn Westenbrook, son of Mr. and Mrs. Lawrence Westenbrook of 1369 Lakewood Blvd., were united in marriage on Oct. 4 in a double ring ceremony performed in Rose Park Reformed Church.

The Rev. Charles Vander Beek read the rites as the wedding party assembled before an arrangement of two large bouquets of fuji mums in assorted colors of persimmon, topaz and green, set off by white gladioli. A large brass tree candelabra and two spiral candelabra were banked by palms and ferns and two single candelabras were decorated with the three colors. Pews were decorated with white bows and colored flowers.

Organ music was provided by Ronald Vander Beek who also accompanied the soloist Ronald Van Dyke, who sang "Because" and "The Lord's Prayer."

The bride, given in marriage by her father, wore a floor length princess style gown of satin brocade featuring a moderately scooped neckline and long sleeves edged with tiny pearls. The bouffant skirt was encircled in a chapel train and her elbow-length veil of imported illusion fell from a triple tiered crown of Austrian hand-cut crystals. She carried a cascade bouquet of fuji mums. She wore a pearl necklace and earrings, a gift from the groom.

Miss Lois Bielby was her sister's maid of honor. She wore a floor-length gown of lustrous satin in topaz gold. Her circlet headpiece was crowned with a flower and covered with a net veil.

Mrs. Shirley Effken of Omaha, Neb., and Mrs. Esther Tomczak of Saginaw were her sister's

bridesmaids. They were identically gowned as the maid of honor only in persimmon and willow green shades. They wore identical headpieces. Their bouquets were cascade fuji mums to match the dresses.

Marie Tomczak of Saginaw, the bride's niece, was flower girl. She was attired in a white dress and carried a basket of yellow rose petals. Mark Bielby, nephew of the bride, was ring bearer.

Robert Westenbrook attended his brother as best man and Erwin Westenbrook, brother of the groom, and Dale Bielby, brother of the bride served as ushers.

For the occasion Mrs. Bielby wore a green brocade sheath dress with jacket and yellow sweetheart rose corsage. A gold sweetheart rose corsage complemented the beige and gold sheath dress worn by the groom's mother.

About 125 guests were present at a reception held in the Educational unit of the church. The bride's uncle and aunt, Mr. and Mrs. William Hays, were master and mistress of ceremonies. Mr. and Mrs. James Boeve served punch and Mrs. Dale Bielby, Mrs. Marilyn Westenbrook and Mrs. Jean Westenbrook were at the gift table. Judith Barnes and Bill Overkamp were in charge of the guest book.

For a wedding trip to Washington, D.C., the bride changed to a three piece cranberry red and pink knit suit with black accessories. She wore a white carnation corsage.

The couple now resides at 439½ Columbia Ave. The groom is employed at Fraam Electric and the bride is presently working in the IBM department at G.E.

## Rillema-Veldhoff Vows Spoken

Mr. and Mrs. Donald P. Rillema

The Fellowship Hall of Hamilton Haven Reformed Church was decorated with palms, brass arch candelabra and bouquets of gold chrysanthemums and white pompons for the ceremony which united Miss Necia Ann Veldhoff and Donald P. Rillema in marriage. The Rev. S. C. De Jong performed the double ring ceremony on October 11 at 8 p.m.

Parents of the couple are Mr. and Mrs. John Veldhoff of Hamilton and Mr. and Mrs. Joseph De Young of Hudsonville.

The organist, Mrs. Lawrence Custer, played traditional wedding music as Miss Veldhoff approached the altar escorted by her father. Mrs. Custer also accompanied soloist Dr. H. F. Hommerson.

The bride selected an ivory peau de soie sheath gown with a wide cuff of Venice lace encircling the lower half of the sheath and the bell-shaped sleeves. The gown featured a sabrina neckline and detachable chapel train. Her matching petal headpiece secured the three tiered bouffant bridal illusion veil. The bride carried gardenias and croton leaves on a white satin covered Bible.

Miss Mary Ann Lugten was chosen maid of honor and wore a willow satin peau bell-shaped floor length gown with fitted bodice with cummerbund and an outline of floating back

panel in a deeper willow shade. Her floral headpiece secured a pouff veil. Miss Diane Veldhoff was the bridesmaid and was attired in a dress identical to that of the maid of honor.

Both attendants carried on a gold chrysanthemum accented with wheat and croton leaves.

James Rillema was the best man and groomsman was Allen De Young. Ushers were Lauren Wassink and Wayne Daining. For the occasion the bride's mother chose a bittersweet wool sheath with black accessories and a white fuji mum corsage, while the groom's mother wore a blue print wool dress with black accessories. She also had a white fuji mum corsage.

Mr. and Mrs. Howard Veldhoff were master and mistress of ceremonies at a reception held in the church hall for 90 guests. Other attendants were Mr. and Mrs. Paul Veldhoff at the punch bowl and Nancy Lugten and Leola Jipping in the gift room.

For a wedding trip to the Wisconsin Dells, the bride changed to a black and white wool tweed suit trimmed with black collar and cuffs accented with black leather accessories.

The bride is a graduate of Western Michigan University and is teaching in Wyoming public schools while the groom is a student at Hope College.

They now reside at 147½ East 18th St.

## Zeeland Chamber Hears Talk By Chicago Humorist

ZEELAND — Insecurity is the main reason people are confused today, Edward McPaul, Chicago, educator-lecturer, told more than 200 persons gathered for the annual membership banquet of the Zeeland Chamber of Commerce Thursday night at Van Raalte's.

Speaking on the subject, "How Confused Can You Get?" McPaul proved to be an engaging humorist and had his listeners rocking with laughter at his series of funny stories, only to change pace and ram home some good old-fashioned home truths with devastating force.

Between funny stories, he hit hard at the core of the built-in insecurities of scary black headlines in newspapers, the debatable values of radio and television, the onslaught of modern advertising, the whiners, the naggers, the tactless people, the fear of loneliness, the chip on the shoulder, and psychoses in general.

McPaul was careful to qualify many of the stories. While slapping cigarette ads as to "T-zones" and "thinking man's filter," he nevertheless recognized what advertising means to America's economy, what economy means to democracy, and what democracy means to the world.

He classified loneliness as one of the greatest fears among Americans today, also the fear of growing old which is more rife in America than any other country. He cited astronomical sales of sleeping pills, tranquilizers and aspirin, and said most people are so busy they forget they have to live only a day at a time. "Yesterday is a cancelled check, tomorrow is a promissory note, but today — today we spend," he said.

He pointed to the great interest in adult education all over America and said registration in these courses is phenomenal — an encouraging note since it gives people of all ages a chance to do something — and "do it right now." No longer must older people make their lives a dumping ground for their dreams, he said.

"We often get so confused we forget that the people we work with and those we play with

and live with are pretty wonderful people. And we have a pretty wonderful nation too. Historians a thousand years hence will probably look back and decide we were doing a pretty good job in solving our problems in 1963," he said.

Hannes Meyers served as toastmaster. Chamber President Mel Boonstra introduced guests and presented Kelly Yntema, retiring president, with a plaque in recognition of his contributions to the chamber. Music was provided by a trio consisting of Mrs. C. Schaap, Mrs. H. Karsten and Mrs. J. Wiersma, accompanied by Mrs. J. Witteveen. The Rev. John Hains gave the invocation. Harvey Kalmink was banquet chairman.

Representing the Holland Chamber at the event were John F. Donnelly, chamber president, and Roscoe Giles and William H. Vande Water.

## World Community Day Observance on Nov. 1

Women across the land will be continuing their world-wide effort to deepen channels to peace through their 20th annual observance of World Community Day to be held on Friday, Nov. 1. Sponsored by the Holland Area Council of Church Women, the services will be held at Third Reformed Church.

Twenty years ago, while war still waged on the battle fields, the first assembly of the United Council of Church Women, made plans for a day when church women would focus on the responsibilities of peace.

A personal pledge was taken on the second observance as follows: "I do solemnly promise in the presence of God to work and pray for a durable peace. I do this both for the United States and for the justice and liberty for the people of all nations." Holland has observed World Community Day since 1955.

Mrs. Richard Ouderslys, general chairman, has issued an invitation for all interested persons to attend the day's services, which this year has the theme "Nation Building, A Channel to Peace."

The program will begin at 11 a.m. at Third Reformed Church with the annual business meeting to be conducted by Mrs. James Brooks, president of the Holland Area Council of Church Women.

At 12:30 there will be a sacrificial luncheon served by Calvary, Central Park and Third Churches.

The worship service will begin at 1:30 p.m. with Mrs. Earl A. Grice, ordained minister of the Community Church of Covert, for the past 17 years, as speaker. Her topic will be "Building This Nation, A Channel to Peace." Educated at Arkansas State College, Mrs. Grice is the mother of four children. Her eldest daughter is a graduate of Tuskegee Institute and the other children graduates of Michigan State University and Syracuse University. They moved to Michigan in 1942.

At present she is serving as president of the Women's Christian Fellowship of the Council of Community Churches which is an interracial organization. She is also President of the Van Buren County Ministerial Alliance and member of the Board of Directors of the County Chapter of the American Red Cross and the American Bible Society.

Soloist for the afternoon program will be Mrs. Roger Riet-

berg, accompanied by organist, Miss Mildred Schuppert.

"Channels to Peace" are already being used by church women in providing material aid to needy around the world. Area churches have been sewing layettes and making friendship packets consisting of washcloths, towels, soap, toothbrushes etc.

Also being collected is yard goods, boys t-shirts and shorts and good used clothing. These materials are to be brought to Third Church, the 13th St. entrance on Thursday, Oct. 31 are then collected by the Church World Service and distributed to areas of need.

Another emphasis of the day's observance is the education of women leaders for effective peace action. The offering will be used in part to contribute to this type of education at the new Christian Center for the United Nations in New York. Money will also be used to provide scholarship and training programs in Chile and Brazil.

The committee and churches represented for this year's activities are: Mrs. Richard Ouderslys, general chairman, Mrs. Jerry Veldman, Third Reformed; Mrs. Richard Groenvelt, Beechwood; Mrs. Willis Van Vuren, Bethel; Mrs. Marvin Ten Brink, Central Park; Mrs. James Crozier, Christ Memorial; Mrs. Harry Smith, First Methodist; Mrs. Delbert Diepenhorst, Rose Park; Mrs. Harold Cox, Sixth; Mrs. Norman Japinga, Christ Memorial; Mrs. Walter Kuipers, First; Mrs. Dale Van Eck, Calvary, publicity chairman.

AMERICA'S BIGGEST  
TAX INEQUITY?

At both state and federal  
levels, our government is con-  
cerned with the revision —the  
kind which would create a more  
equitable distribution of the tax  
burden.

In all the thousands of words  
of Congressional debate, one  
finds not a single mention of the  
nation's largest tax loophole —  
tax exempt bonds. It is possible  
for a U.S. citizen to have mil-  
lions of dollars in state and  
municipal bonds and a hundred  
thousand dollars in interest  
without paying any income tax  
whatever.

Some taxes are levied in order  
to regulate a business or indus-  
try as in the case of liquor taxes  
and tariffs. Other taxes are  
levied on the benefit principle  
so that the people who benefit  
from a governmental service  
are asked to pay for the ser-  
vice on the basis of their de-  
gree of benefit. Gasoline taxes  
are levied on such a basis to  
provide money for highway con-  
struction.

By far the most important  
basis for equitable taxes is the  
"ability to pay" principle. It  
is difficult to find fault with the  
philosophy that "ability to pay"  
is a fair criterion of how the  
tax load should be shared. Yet  
our present laws permit thou-  
sands of citizens to escape tax  
liability by investing in tax ex-  
empt bonds. Whenever an at-  
tempt is made to correct this  
injustice, Congress is besieged  
by lobbyists for state and city  
governments who object be-  
cause to exclude tax exemption  
from their bonds would raise  
their financing costs.

One might ask who are the  
people who are part of govern-  
ment affairs from the townships  
right on up to the federal gov-  
ernment . . . and the answer is  
We the People. One may argue  
that such tax exemptions result  
in a serious inequity, but we the  
people in one way or another  
benefit from lower costs  
now facing us is the action  
of the Ottawa County Board  
of Supervisors approving "in  
principle" a plan to establish a  
\$13 million water system to ser-  
vice eight townships in the  
county as well as Wyoming  
city in Kent County. The ques-  
tion here concerns pledging the  
county's secondary "full faith  
and credit" as additional secu-  
rity to primary faith and credit  
of the cities and townships di-  
rectly benefiting from such a  
plan. As taxpayers, we all enter  
the picture one way or an-  
other.

What do our readers think  
about this plan? It will be in-  
teresting to see how the areas  
which would benefit from such  
a program will react to paying  
their share of the \$13 million  
program.

**Electricity Off  
For 50 Minutes**  
Electrical power was off for  
50 minutes Wednesday in part of  
downtown Holland and the east  
side of the city.

The power failure, which  
lasted from 11:35 a.m. to 12:25  
p.m. was caused by an air  
pressure supply failure in a  
boiler.

Areas without electricity dur-  
ing that time included the Fifth  
St. station which services the  
downtown area and part of the  
eastern section; the Hart Cooley  
substation, which included all  
of Holland Heights; the 25th St  
and Lincoln Ave. substation,  
which services Baker's Furni-  
ture, Holland Furnace and the  
Apple Ave. area.

The power failure occurred  
when the air in a boiler failed  
to undergo pressure according to  
Guy Bell, superintendent of  
Board of Public Works. Power  
was resumed after the failure  
was located.

Christian Worship  
I Corinthians 14:6-12, 26-33, 40  
By C. P. Dame

All people worship in some  
way or other. Although Chris-  
tians worship the same God,  
they do not worship Him in the  
same manner. There is much  
variety in worship services.

This lesson gives us an oppor-  
tunity to study the various ways  
Christian people worship God.  
I. Preaching and teaching  
must be understood by those  
who hear. Christians in the first  
century met in homes. The con-  
gregations were small, the  
services informal and friendly.  
Members freely took part. The  
Holy Spirit was active. The Cor-  
inthian Church prized speaking  
in tongues. This phenomenon is  
mentioned in the Book of Acts  
and in I Corinthians 14.

Today there are people in  
various denominations who  
claim to have the gift of  
tongues—it is called "glossol-  
alia." Paul said that the gift  
was only then useful if the per-  
son who had the gift revealed  
some truth unknown before.  
Paul was a practical man.

Paul contrasts the gift of  
tongues with the gift of prophe-  
cy—the latter is superior. The  
word "prophecy" may refer to  
foretelling or fortelling—that  
is preaching. The man  
who speaks in tongues talks to  
God—men do not understand  
what he says and so he be-  
nefits no one. To illustrate his  
point Paul writes of a trumpet.  
When it is used aright it can  
summon men to advance or re-  
treat but making a mere noise  
with it is useless. A preacher  
who has what he wishes to say  
clear in his own mind can con-  
vey it to others.

II. Worship is meant to build  
up people in the faith. The  
words, "seek that ye may ex-  
cel to the edifying of the  
church" are good for preachers  
and hearers to remember. Paul  
believed in building the church.  
How is that done? When Chris-  
tians try to build each other up  
they help to build the church.  
And Christians can build them-  
selves up and thus they  
strengthen the church. All the  
activities of the local congre-  
gation should be directed to the  
great end of building the Chris-  
tian Church throughout the  
world.

III. God wants all things to  
be done "decently and in or-  
der." Paul's words, "that all  
may learn, and all may be  
comforted" are as timely now  
as when they were written.  
There is much to learn about  
ways in which we should apply  
the gospel. The words, "For  
God is not the author of con-  
fusion, but of peace" are still  
worth pondering.

Today there is a wholesome  
emphasis upon reverence in our  
church services. There is the  
danger of putting so much  
stress upon dignity that warmth  
is overlooked. A church service  
that is marked by reverence  
and warmth is usually helpful  
to worshippers and pleases  
God. All our church services  
and the various activities of the  
congregation ought to be car-  
ried on with courtesy, good  
manners and reverence, and  
with the desire to glorify God.

Hearing Screening Program  
Slated Saturday at Civic

All committeemen and per-  
sonnel engaging in the Hearing  
Screening program spon-  
sored by the Holland Lodge,  
Loyal Order of Moose, have  
undergone thorough training  
and are ready for the opening of  
the hearing program set for  
Saturday in the Holland Civic  
Center.

The screening program, de-  
signed to detect hearing defi-  
ciencies in children and adults,  
will run from 10 a.m. to 5 p.m.  
The tests given without charge,  
will determine only that the  
person being tested hears nor-  
mally or has a hearing defect.  
The personnel in charge of the  
program does not make any  
diagnosis, but merely com-  
pares the hearing capabilities  
with a known normal hearing  
level. Each person tested will  
receive a report, showing the  
hearing capabilities in each ear,  
if there is a deficiency that per-  
son is advised to contact his or  
her family physician for future  
examination.

Chairman in charge is Jack  
Shoemaker, assisted by Harlan  
Smith. Parents are especially  
invited to bring their children  
for the hearing test. According  
to hearing specialists, the great-  
er majority of hearing defi-  
ciencies in children can be treat-  
ed and cured during childhood  
without the use of any mechani-  
cal hearing aid appliances.

# Hope Gains Tie For First Place

## Dutch Defeat Albion, 21-6 For 3rd Win

ALBION—Riding on the passing arm of "hurlin' Harlan" Hyink, Hope College's football team moved into a three-way tie for first place in the MIAA here Saturday with a 21-6 win over Albion before 6,000 Homecoming fans at Alumni Field.

The Flying Dutchmen haven't been better this season and they completely controlled the contest keeping the favored Britons off-balance all afternoon.

Hope's running game has been good on occasion this season, and frequently its passing game has been effective. But against the Britons, Coach Russ De Vette had perfected both phases of the offense and had Hyink mixing up the plays in such a way as to baffle the Britons.

Added to this, the Dutchmen displayed defense at its best and it wasn't until Hope put in its subs late in the contest that Albion was able to score.

Hope took the initial kickoff and scored. Bill Keur returned the kickoff to the Hope 40 and the Flying Dutchmen began to march.

With sophomore Hyink varying the calls, freshman fullback Chuck Langeland, senior halfback Chuck Veurink and sophomore halfback Bill Keur, took turns ripping the Albion defense.

They got to the Britons 13 in 11 plays and then with a fourth and four situation, Hyink faked to his backs, dropped back and fired to sophomore Bill Hultgren who was two steps behind the defense. Freshman Steve Wessling converted with 9:11 left in the quarter.

Hope's second touchdown came on a 35-yard aerial from Hyink to junior Joe Kusak, who succeeded in getting behind the defense, caught the ball on the five and raced home. Wessling's kick was blocked with 6:40 left in the half.

The touchdown came on the second play after Albion had punted to the Britons 39. Albion had been forced deep into their own territory when junior Paul Bast tackled Bob Porrit on the two-yard line after Porrit had fumbled a punt.

Harlan Hyink  
... "hurlin' Harlan"

The Britons received a break in the closing seconds of the half when Hope's Cal Poppink was called for pass interference giving Albion a first down on the Hope 13. The next play went to the five as the half ended.

Early in the second half the Britons took the kickoff and drove to the Hope 26. On fourth down, Capt. Ken Quakkelaar dumped Albion quarterback Dave Nielson on the Dutchman 33.

Here Hope started its third touchdown drive. Aided by a 15-yard personal foul penalty to the Albion 30, Hope then tried two running plays, including an 11-yard end run by Veurink to the 12.

Hyink rewarded Veurink with the touchdown pass on the next play. Hyink then passed to Kusak for the two-points with 7:20 left in the third period. The tally was accomplished in seven plays.

On the next series freshman tackle Menno Systma recovered a fumble on the Britons' 33 after a crushing Quakkelaar tackle but Hope failed to score. They were stopped on the 26.

Just prior to Albion's touchdown drive, Langeland had a Hyink pass dribble off his fingertips in the Britons end zone. The losers took over on their own 33 and playing against Hope subs drove 67 yards in nine plays.

Nielson completed five of six passes in the march with J. B. Elzy sweeping end for the last three yards with 3:16 left in the game. The pass for the two points failed.

Hyink completed 10 of 18 passes for 114 yards, including five of eight in the first half for 78 yards. Hope rushed for 169 yards, 94 in the first half. Langeland led Hope with 80 yards in 12 carries while Veurink had 42 in 14 and Keur, 44 in 12. Elzy led Albion with 33 in 17.

Albion passed for 159 yards, 64 in the touchdown march. The Britons rushed for 92 yards, 58 in the second half.

"This was our best game," De Vette said. "We were able to run the ball well enough so Harlan (Hyink) could throw. Because of the threat of Hope's balanced attack, the loose Al-

## Resthaven Guild Hears Talk by L. Ver Schure

Resthaven Guild members were guests of the Ladies Aid Society in the Faith Christian Reformed Church Friday evening. Mrs. Jake Visser and Mrs. Gelmer Boven, guild representatives, greeted the 90 women attending.

Mrs. Glenn Mannes welcomed the guild members and conducted devotions, including a meditation on Resthaven Home.

Mrs. Jake Baker, their teacher, directed and accompanied them. Mrs. Boven was accompanist for group singing.

Leonard Ver Schure of the Holland Police Department addressed the group, speaking on local problems, including disrespect for law prevalent among all ages. He said that sin must be recognized so crime can be controlled. Gangs are common in the Holland area among younger children, he said, and there also is too much apathy on the part of adults to take an interest in problems and law enforcement and to report misdemeanors. He challenged his audience to be good examples in all walks of life.

In an election during the business meeting Mrs. Harry Kalk was elected second vice president, Mrs. Eugene King, assistant secretary, and Mrs. John Kobes assistant treasurer. ## Texas Wins 6th Straight

By United Press International  
It's the arm of a quarterback and the legs of a running back that draw most of the attention in football circles, but deep in the heart of Texas they pay special reverence to the toe of a bench-warmer.

Tony Crosby is a unique type of hero. He doesn't run, pass or play defense, and he's never on the field for more than two minutes in any one game. All he does is kick, and he doesn't even do that the right way.

Right or wrong, Crosby's unorthodox kicking, accomplished without the aid of a shoe on his foot, is one of the big reasons Texas today stands as one of only four major colleges with unblemished records. The other perfect-record teams are Auburn, Princeton and Bowling Green.

The Longhorns, ranked No. 1 in the country, made it six in a row Saturday night when they nipped Rice, 10-6. Crosby was responsible for four points with his 19th straight point-after-conversion and a 22-yard field goal. It was the second week in a row that Crosby's bare toe has provided the winning margin for Texas.

Auburn, idle last weekend, has a 6-0 mark as does Bowling Green, which beat Kent State, 18-3. Princeton trounced Cornell, 51-14, to record its fifth straight triumph.

In addition, the nation's longest winning streak was halted at 15 when Dartmouth was a 17-13 upset victim to Harvard. The biggest form reversal of the weekend, however, came when Stanford rebounded from four straight setbacks to defeat Notre Dame, 24-14.

Entertainment during the judging was provided by Michael Schrier, who sang "Autumn Leaves" and "Moon River," accompanied by Betty Lou Dietrich. Also entertaining were Mel Andringa and Don Kardux who gave a humorous sketch "Waiting with Mel and Don."

## Suspects Held In Wisconsin; Involved Here

An Ottawa County Circuit Court jury on Aug. 17 acquitted a woman of theft in taking \$1,000 in rings from Williams Jewelry and a \$130 camera from Fox Jewelers in Holland on July 17, 1962.

Less than two months later, Mrs. Ruth Dell, also known as Del Vecchio, was arrested in Milwaukee following a \$100,000 jewelry store holdup.

Also arrested was John A. Seybold, 39, who was wounded in the neck during a gun battle with police. An officer was also wounded. Neither were seriously hurt.

Holland police are holding a warrant for Seybold charging he was an accomplice with Mrs. Dell in the Holland thefts.

Mrs. Dell and Seybold are being held on \$75,000 bond on charges of armed robbery and attempted murder. They are presently appealing to the Wisconsin Supreme Court claiming the bail is excessive.

Local detectives said the pair was also charged with the jewelry theft in Grand Rapids on July 17, 1962. The theft there took place two hours after the Holland larceny.

The two were placed on bond in connection with jewelry thefts in Warsaw, Ind., and Plymouth, Ind. The thefts there took place only days before the Holland thefts, detectives said.

Mrs. Dell also faces shoplifting charges in Logansport, Ind.

Witnesses for the prosecution included Detectives Gilbert Tors and Dennis Eide of Holland, Detective Ralph Ackenhuis of the Indiana State Police, Sheriff Jerry Greeley and Deputy Harold King of Marshall County, Ind., and Jerry Eskew and Selmar Chapman of the Logansport, Ind., police department.

The double ring ceremony was solemnized by the Rev. Edward Herrema, the bride's pastor. Pre-ceremony music and the traditional wedding march was played by Miss Mary Beth Goldschmeding.

In a setting of palms, ferns and bouquets of all white stock and gladioli and pompons, offset by pairs of seven branch candelabra, Miss Johnson approached the altar escorted by her father, who gave her in marriage. The bride wore a full length gown of silk organza over layers of silk illusion and taffeta. The imported all-lace bodice was fitted and featured a scalloped Sabrina neckline accented with seed pearl embroidery. The gown featured three-quarter-length sleeves, and the bouffant skirt which had large inserts of imported lace flowerlets, was gathered to a fullness at the waist which extended into a hoop skirt. Her shoulder length veil of silk illusion net fell from a crown of lace, encrusted with seed pearls. Miss Johnson carried a cascade bouquet of stephanotis, ivy and centered with a single red rose.

The matron of honor, Mrs. Kenneth Kragt, sister of the groom, was gowned in a floor-length gown of gold brocade satin featuring a scoop neckline, tapered "V" backline, and straight skirt. Her headpiece was a cabbage rose of self-gold material topped by a matching veil. Her outfit was complemented by elbow-length white gloves. Mrs. Kragt carried a bouquet similar to the bride except with a gold centered rose.

J. Hermann Tuls, brother of the groom, performed the honors of best man. Relatives and friends of the bride and groom were ushered to their pews by Larry Johnson, brother of the bride, and Kenneth D. Kragt, brother-in-law of the groom.

The mother of the bride chose a two-piece jacket-effect beige dress which featured an Alencon lace top with matching silk crepe skirt. Her headpiece was a crown of matching mink tails, and her corsage was a yellow carnations with bronze pompons.

A reception for 100 was held in the fellowship room of the church. Mr. and Mrs. Peter Johnson, uncle and aunt of the bride, served as master and mistress of ceremonies. Miss Bonnie LaMeyer and Keith Mingerink served the guests at the punch bowl, while John Gort and Miss Mary Beldt were in charge of the gift room. Passing the guest book was Miss Jacqueline Johnson, sister of the bride. The Rev. Rodney Westveer, pastor of the groom, opened the buffet lunch with prayer.

Nov. 26 to vote three mills for three years. The school system is in its second year of austerity programs.

The elementary principals' report asked for additional classroom teachers to bring the ratio of pupils to teachers below 30 to 1. It also recommended a central cataloging service for the entire school system, a half-time librarian, two full time clerks, two vocal music teachers, two physical education teachers, two art teachers, and an instrumental teacher. No preference was listed as to what should be done first.

Arthur Seddon, board member, suggested more flexibility in moving children from school to school to effect the desired 28 or 27 to 1 ratio, basing the move on the primary goal of educational quality at minimum expense. James Lamb, another member foresaw difficulties in breaking up family patterns, etc., and President Butler said both had good points and further study would be made.

Mrs. Dorothy Wolbert, MEA president, again pledged cooperation of the teachers and

Woodstra did the same for the custodians, both groups requesting briefing sessions with the administration on the millage question.

Seddon said it has been his experience that many people are demanding to know just how the extra funds would be spent in school. Mrs. Frank Working who attended the board meeting questioned whether 3 mills were sufficient and Lamb replied that 3 mills is not ideal but school leaders had to recognize two previous defeats on lesser amounts. He said it would be difficult to list exact dollars and cents on how the additional millage would be spent, and Harry Frissel pointed to the general policy of benefiting the greater number of pupils rather than the few.

In connection with reports from fire marshals on schools, Supt. Walter W. Scott pointed out that occupancy in the library at E.E. Fell Junior High School is limited to 50 in view of the fact that the room has only one set of double doors. He also said no play productions may be presented in the auditorium of West Junior High School unless sprinklers are installed and fireproof curtains put up. He said the administration had anticipated this and felt any dramatic productions put on by the school would be staged in the new high school. The old auditorium may be used for such public functions as programs, forensics, etc.

The board ordered publication of a financial statement for the year ending June 30, 1963, in the Holland Sentinel, covering data of the school district which now includes East Van Raalte and Maplewood districts. The report listed a July 1, 1962, deficit of \$51,839.56, and a June 30, 1963, balance of \$13,538.54. Full reports will be on file in the superintendent's office and Herrick Public Library.

The board approved a recommendation of the finance committee whereby a child leaving the school system before the end of the first semester will be reimbursed half of his book rental.

All board members were present. Bernard Arendshorst gave the invocation.

## C. Van Der Ven Guest Speaker At Questers

Mrs. Lawrence Green opened her home Wednesday afternoon to the Jane Steketee chapter of the Questers. Mrs. Charles Rich was co-hostess.

Charles Van Der Ven spoke to the group on his collection of pipes. The tobacco pipe became popular in Europe during the 14th and 15th century. At that time the smoke was believed to keep away the black plague.

When Columbus arrived on the continent Indians were smoking by placing tobacco in an earthen mound and inhaling through long pipes.

Various countries had their characteristic pipes; China the opium pipe; India the water pipe and Ireland a clay pipe. The Dutch pipe had a china bowl and often was elaborately decorated. Germany is noted for its carved Briar pipes usually depicting a story. The bowl was often covered with a metal cap for fear a hunter's ash might cause a fire in the Black Forest.

Today as centuries ago the finest pipes are carved from Meerschaum which is found in the Mediterranean region. Mr. Van Der Ven concluded his talk by showing the members his pipe collection and telling them interesting facts about many of them.

The next meeting will be held at the home of Mrs. John King-shoot on Nov. 20.

## State Park May Expand, Judge Rules

GRAND HAVEN — After five years of litigation over enlarging Holland State Park, Circuit Judge Raymond L. Smith today ruled in favor of the Department of Conservation, thus clearing the way for park expansion.

The lengthy suit was brought by the West Michigan Park Association of Ottawa Beach against the Michigan Conservation Department and the Ottawa County Road Commission.

Judge Smith ruled that the complaint filed by the association be dismissed and that a judgment be entered determining that the lease agreement between the conservation department and the road commission become effective.

The suit involves roughly 20 acres lying north and east of the present state park taking in one of the highest sand dunes in the area. The state park is bordered by Lake Michigan and the channel which connects Lake Macatawa with the big lake. Many years ago, the park association had designated all or part of this area for park purposes for residents of Ottawa Beach, but little had been done in development.

Holland State Park which covers some 43 acres has long sought to expand. Since plats had designated certain areas for park purposes, the Ottawa County Road Commission which operates county parks claimed the land and entered into an agreement with the conservation department to expand the state park.

A trial was held last May in Ottawa Circuit Court after the park association sought an injunction to restrain the state from taking over the area. Earlier on Jan. 7 Judge Smith denied a motion to dismiss the case. Throughout the litigation, the attorney general contended that park areas are public parks meant for use by the general public. The association representing property owners in Ottawa beach had contended the area was designated as a private park to be used by adjacent property owners only.

## Food Poisoning Scare Dispelled

Fears of a food poisoning epidemic in Holland were dispelled Sunday following a scare in connection with a catered dinner for Heinz union employers Saturday night in Holland Armory. About 250 were present.

So far as Sam Stephenson of the Holland Department of Environmental Health could determine today, one person (a relative of a local employee) was hospitalized in Douglas Sunday as a suspected food poisoning case. Hurried calls to local radio stations and to a Grand Rapids tv station resulted in considerable concern among the people attending the event.

Nobody was admitted to Holland Hospital. In fact, the hospital received only one call from a person asking what symptoms of food poisoning were. Although there were some reports of people being ill, no cases were documented.

# Hold Local Man On Dope Charge

A 39-year-old Holland man was arraigned Monday for possession of marijuana following a four-day around the clock watch of his activities by law officers from the Holland police and the Ottawa County Sheriff department.

Joe Pena, of 286½ West 14th St., waived examination in Municipal Court Monday. Bond of \$5,000 was not furnished and Pena was being held in the Ottawa County jail until his Circuit Court appearance Nov. 1.

Pena was arrested early Sunday after about a pound of bulk marijuana was found in two of his cars and his apartment. The search was made with a search warrant after the four-day watch of Pena's activities.

Police estimated the value of the marijuana as about \$50. In cigarette form, it would be worth about \$600, each cigarette selling from 50 cents to \$1.50. Pena was both "pushing" and using the narcotic weed, police said.

Law officers began watching Pena last week after Sheriff Bernard Grysen received an anonymous tip that Pena was selling the marijuana. Grysen and Detective John Hemple then contacted Holland Detectives Gilbert Tors and Dennis Ende.

Pena told the officers he obtained the marijuana about three months ago in the South Bend, Ind., area after another local man had shown him where to get it. The marijuana, which grows wild, was brought back to Holland by Pena and dried here.

Law officers are still investigating Pena's past connection with marijuana. FBI authorities were contacted today.

Marijuana is not habit forming, according to police, but under continuous use, it begins to lose its "kick" and the user soon seeks more potent narcotics which are habit forming.

Marijuana is also known as the "killer drug," because, under its influence, users' actions may become violently criminal. About 12 drags from a cigarette containing marijuana is usually enough to put a user under its influence.

The maximum sentence which can be given for a narcotics charge in Circuit Court is two years. Federal authorities may obtain a 20-year sentence for persons transporting the narcotic across state lines.

The authorities worked in complete secrecy during their around-the-clock vigil watch of Pena.

A puzzling incident Saturday night also was made clear today. When Holland police received a call Saturday night that the Crampton Manufacturing Co. warehouse at 338 West 12th St. was being broken into, the area was immediately surrounded by Holland detectives and the officers from the sheriff department.

Normally county law officers do not patrol Holland, but they were in the vicinity with Holland detectives and the group rushed to 14th Street from their watch on Pena to catch four youths pilfering the warehouse for lead.

## Milk Sample Test Laboratory Set

ALLEGAN -- The Allegan County Dairy Herd Improvement Association (DHIA) has established a milk sample testing laboratory in Martin recently, according to Marvin E. Left, Jr., Allegan County Extension Agent, Agriculture.

An open house is being planned in conjunction with the annual DHIA meeting, Dec. 10.

The Allegan County DHIA is an association of dairy farmers interested in improving their herds through a program of measuring individual production of each cow in their herd.

## 'Silent Spring' Pro-Con Aired at Garden Club Meet

Pros and cons of the controversial book "Silent Spring" by Rachel Carson were aired Thursday afternoon at a joint meeting of the Conservation, Horticulture Study Groups and the Legislation committee of the Holland Garden Club in Herrick Public Library.

In her review of the book, Mrs. William G. Winter Jr., said "Miss Carson does not advocate halting all use of chemical pesticides but rather she does advocate the use of the best judgment in selecting the right control methods for use in the right way at the right time. She emphasizes the need for research on the long range toxic effect of continued use of pesticides. It was Miss Carson who, through 'Silent Spring', made individuals and government agencies more aware of the potential dangers in the wide use of pesticides."

The President's Science Advisory Committee report given by Mrs. Jerome Counihan paid tribute to Rachel Carson's "Silent Spring" by saying that until publication people were generally unaware of the toxicity of pesticides. The report generally is critical of both government agencies with the responsibility of pesticides—the Food and Drug Administration

and the Department of Agriculture.

The committee's opinion seems to be that the effectiveness of the chemical was better proved than their safety. However the report states that the use of pesticides must be continued if the quality of the nation's food and health is to be maintained. The recommendations in this report are aimed at improving safety of present practices, research for safer and more specific methods of pest control, legislation to govern the use of chemicals and increase public education.

Mrs. Henry Godshalk presented the positive aspect of the use of pesticides. "Chemical pesticides will always be needed," she said. "They have produced many benefits, but unfortunately at times have been used indiscriminately without regard for harmful side effects."

"If the present controversy serves to alert individuals to respect and use pesticides with caution and, if it stimulates study and research on the part of the federal and the state government, it will have served a very great purpose," Mrs. Harold Thornhill concluded in her summary.

Mrs. J. J. Brower was chairman for the afternoon and introduced the speakers.

Harold C. Cook with "Holiday Arrangement"

## Popular Arranger Guest Lecturer at Garden Club

"Decorating for the Holidays" will be Harold C. Cook's theme for his appearance at a Holland Garden Club guest meeting in the Holland High School auditorium Friday at 1:30 p.m.

Mr. Cook, from Dixon, Ill., endeared himself to Garden Club members from Holland and the state of Michigan when he appeared here in June at the State Garden Club convention on the Hope campus.

His popularity as an arranger and lecturer makes it necessary to sign him up well in advance. He has directed and staged Garden Club of Illinois shows at Navy Pier. He was selected to direct the staging of the Holiday Show at McCormick Place when it opened in the fall of 1960.

During the summer he gives outdoor lectures in the ravine garden of his most unique flower shop in Dixon. He creates the arrangements in lecture-demonstrations so the audience can see the step-by-step procedures.

Mr. Cook, who has lectured to floriculture departments in all the large Midwest universities, has the ability to make his audience feel that they, too, can recreate any of his arrangements.

## Big Group Hears Rep. Griffin

A realistic view toward legislative problems was taken by U. S. Rep. Robert Griffin at a Chamber of Commerce "Breakfast with Bob" Monday in Hotel Warm Friend. About 100 attended.

The question and answer period provided the most interesting part of the breakfast which was patterned after several similar sessions with U. S. Rep. Gerald R. Ford Jr. of Grand Rapids.

Asked whether he thought there was any likelihood of labor unions coming under the anti-trust laws or monopoly powers, Griffin felt such a possibility at present was not realistic, but he felt that labor should be judged in the same light as other segments of the economy.

He was critical of labor's practices in calling strike votes and felt that each employee should have the right to vote in secret ballot his own convictions, instead of calling a Sunday meeting in a small hall, and the final vote calling "for any sons of guns opposed to the strike, stand up!"

"With all the vaunted fights for civil rights, labor should face up to civil rights on strike voting," Griffin said. He qualified the situation by stating by and large labor unions have made a great contribution to the economy and many of them operate on a high plane of integrity.

He also felt union dues should be used for union business, not for politics, figuring each citizen should have a right to support the candidate of his choice, and not have pseudo liberals prate civil rights on one hand while denying employees rights on basic liberties.

As for Bible reading and prayers in the schools, Griffin said a proposed amendment to the constitution was pending, but he doubted whether anything would be done in the current session since World War II, one described by one person as "Never before have so many worked so long to produce so little at such a great cost to the taxpayers."

"If public opinion remains as strong on prayers in schools as it is today, there may well be an amendment," Griffin said. He added he personally finds it disturbing that even a minimal ceremonial observance is interpreted as not legal, pointing to the fact that chaplains paid by the government have for years opened each Congressional meeting with prayer, a practice in progress since Benjamin Franklin suggested it for the first Continental Congress. "It's almost ridiculous now to say the founding fathers wanted to preclude this type of worship."

Griffin also pointed to the difficulties the administration faces in the civil rights bill, a bill which today includes much more than the president and attorney general anticipated. "It was the old game of shifting the monkey to the other guy's back, and it didn't work out this time. But there are all kinds of politics, and we expect the right amendments will be made in time," he said.

Declining to endorse Goldwater at the moment, Griffin said he certainly would support the party nominee and pointed to the fact that Michigan has two men often mentioned for the nation's highest office. "Besides Gov. Romney, the name of your own Cong. Jerry Ford is often mentioned and he possibly could end up in top or second spot. Should Goldwater get the nomination, he might well look to Ford as running mate," he said. "Ford's position in the race

should not be minimized."

Griffin said voting against a tax cut was one of the hardest decisions he ever faced. "Taxes are too high, and we must boost our economy, but cutting taxes without cutting spending is no answer, and we in the house must remind the administration of its oft-repeated promises to cut spending."

He also explained some of the many-sided problems of selling not only wheat to Russia but cotton to Japan, all at prices lower than are paid in this country, only to face questionable competition in return trade. "A temporary gain in gold looks fine on selling wheat to Russia, but it's hard to predict where such trade would end," he said.

Harold Denig, chairman of the Chamber's Congressional Action committee, presided, and Wendell A. Miles, former U. S. attorney, introduced Griffin.

## 2 Hunters Pay Fines

**GRAND HAVEN** — Two hunters paid fines of \$58.40 each in Justice Eva Workman's court Monday for shooting a doe. One also got a five-day sentence.

Jack L. Sloat, 35, route 2, Fife Lake, and Christopher R. Pitz, 49, route 2, West Olive, were arrested by Conservation Officer Harold Bowditch Friday as Sloat's truck was leaving a woods in Saugatuck.

Bowditch found a headless carcass in the truck, but the two men refused to say where it could be found. State police were called and one officer reported with a blood hound which discovered the head in short order. It had been pinned under some low willow branches.

The pair claimed they had bagged the deer with a bow and arrow, but a hole in the head indicated a slug. Bowditch also found a slug in a hip.

The men were officially charged with having a doe in their possession and not having a metal tag attached to it during archery season. Pitz who allegedly shot the doe was sentenced to serve five days in addition to the fine.

## City Vehicle Collides With 2 Stopped Trucks

Three vehicles were involved in an accident Friday on Columbia Ave. between Seventh and Eighth St. when the brakes of a city vehicle driven by Louis H. TenBrink, 51, of route 2, apparently failed to work and the vehicle bounced off one truck into another.

A semi-truck driven by Herbert J. Cattrell, 37, resident at a local hotel, going south, and a truck driven by Robert D. Jarvis, 22, of 378 Central Ave., going north, had both stopped for traffic when TenBrink, going north, collided with the two trucks. Holland police were still investigating the accident.

## Rules Against Supervisors

**GRAND HAVEN** — Circuit Judge Raymond L. Smith Monday ruled against the Ottawa County Board of Supervisors in a case involving annexation petitions.

In his opinion, the judge ruled in favor of Kuth-Bal-Ry, Inc., of Grand Haven, in a suit brought by the supervisors Aug. 6, 1962, in which Prosecutor James W. Bussard sought a declaratory judgment claiming that the petition filed by the firm was not in accordance with state law.

The petition had called for annexing nine acres of land in Grand Haven township to Grand Haven city.

The board has thus far refused to call an election on the question, but the judge's ruling today said "there is no legal disqualification in the petition" and he knows of no grounds to deny the election.

The board had sought the judgment in reference to the proposed annexation of two pieces of isolated property in one petition. The board claimed that the petition failed to properly describe the property and that the petitions were not verified by one or more petitioners. The judge ruled in favor of the company on each point.
