Join Board Of Cheff Foundation

Four mid-Michigan civic leaders met with the Board of Trustees of the Cheff Foundation here Monday evening for the first time.

Announcement of their appointment to the board was made today by Mrs. Lida L. McCowan, executive director, who said that "the new members, each of whom brings a distinguished record of achievement in their respective fields, strengthens the policy-making board of the Foundation," which is dedicated to bringing therapy through riding to handicapped people.

The four new members are David A. Ethridge, assistant program director and 11-county regional director of the Division of Community and Hospital Services for the Mentally III, Michigan Department of Mental Health, Lansing; Dr. P. C. Kingsley, M.D., head of the College Street Orthopaedics, P. C. clinic, Battle Creek; Dr. Ray B. Loeschner, president of Olivet College; and Dr. Janet A. Wessel, Professor of Health, Physical Education and Recreation, Michigan State University, East Lansing.

Ethridge, well known to professional and governmental leaders throughout the state, coordinates all program elements for the state department "to achieve maximum mental health services with available resources." He obtained his education at the University of Illinois, Western Michigan University, Wayne State University and MSU, where he is now a doctoral candidate, majoring in rehabilitation counseling and guidance.

Dr. Kingsley, a native of Battle Creek, obtained his education at Albion College and the University of Michigan, and served his internship at Hurley Hospital, Flint. He is a former assistant instructor in orthopaedic surgery at the U. of M. Medical Center. He is a former consultant with the U. S. Air Force, in Texas, was chief of orthopaedic service at the 173rd General Hospital, Nancy, France, and was discharged as a lieutenant colonel in 1945.

Dr. Loeschner, who took over the presidency of Olivet College Feb. 1, 1970, was graduated from Grand Rapids Junior College, Albion College and Northwestern University, obtaining his doctorate in Psychology, Guidance and Administration. Prior to coming to Olivet, he was Vice President for Administrative Affairs at Eastern Michigan University. He previously served in administrative and teaching capacities at Lake Forest College, Ill., at Northwestern, Augustana College and Washburn University, Topeka, Kan. He recently received a Distinguished Alumni award from Grand Rapids Junior College.

Dr. Wessel obtained her education at MacMurray and Wellesley colleges and the University of Southern California. She later served on the faculty at U. S. C., and MacMurray as well as the University of Arizona, and the University of Maryland before joining the MSU faculty in 1960. She has served on national, district, and state committees in studies of rehabilitation programs, was a member of the executive committee of the Greater Housing Rehabilitation Board and a consultant with the Bureau of Education for the Handicapped. While on sabbatical leave in 1965, she spent several months studying in Italy and Spain.

The Cheff Foundation Center board, which they have now joined, is headed by P. T. Cheff, retired Holland businessman, who is president. Others on the board include Vice President Charles F. Latimer, Stephen H. Clink, Carl Miller, Jr., Norman Phaneuf, Simon Stael, and Ruard Vanderploeg.

The Cheff Foundation program, centered in its riding academy at Augusta, near Battle Creek, is unique in this country. It is the second such center in the world, the first developed in England about 15 years ago. It is devoted to "teach therapeutic riding to handicapped children, young teenagers and adults." Mrs. McCowan, who serves as its executive director, studied at the English academy and is fully qualified to give instruction in the program dedicated to proving the Center's stated belief that "It is ability, not disability, that counts."

Police Car Chase Results From Zeeland Disturbance

ZEELAND — Police arrested about 14 persons Thursday night following a 4-hour disturbance by an estimated 300 young people that spawned a police pursuit in which the cruiser went out of control, injuring two officers in the car.

Police chief Lawrence Veldheer said the disturbance began after the young people tossed eggs, pumpkins and plastic bags containing cow manure at passing cars along Main Ave. in the business district. Motorists had complained of damage to their cars and Veldheer said two officers were dispatched to observe the crowd.

Veldheer said members of the crowd tossed eggs at the police and began shouting obscenities and some arrests were made after the crowd was told to disperse. No officers were injured, Veldheer said.

Veldheer said members of the crowd followed officers to the police station at the rear of city hall on Elm St. and a rock was tossed through a police station window.

Veldheer said his six-man police department, augmented by 12 reserve officers, two State Police officers and four Ottawa county sheriff's deputies at tempted to break up the crowd.

Main Ave. between Elm and

Church Streets was closed to vehicular traffic as officers moved into the crowd.

It was during this maneuver that a police car attempted to stop a vehicle at Church St. and Main Ave. but the driver eluded the officers and pursuit began.

Special police John Klingenberg, 34, of 109 East Central, was driving with Merrit Zwiers, 36, of 428 Huizenga, a reserve, as passenger.

Veldheer said the pursuit snaked out of Zeeland and into Allegan County between Holland and Zeeland.

Holland officers were alerted and picked up the trail along 141st Ave. as the car sped west across the Blue Star Highway at speeds estimated by officers at 100 mph. The car, with Zeeland police in pursuit, ran a stop sign at 60th St. and almost went out of control at a jog in the road.

The Zeeland cruiser failed to negotiate the jog and slid sideways through a ditch and slammed into a tree on the right side, tearing apart the doors on the passenger side. The cruiser hit a second tree head on and spun around three times before coming to rest.

Klingenberg suffered facial cuts and Zwiers, who was pin-

ned in the wreckage, suffered a broken right arm. His condition was listed as good today in Zeeland Community Hospital.

Later Ottawa county sheriff's deputies spotted the car near 58th St. (Lincoln Ave.) and a Holland patrol car picked up the pursuit south to where the car turned east on 138th Ave. Allegan county sheriff's deputies said they pursued the car along rural roads in Fillmore and Overisel townships before deputies and Douglas police stopped the car in the Bentheim area.

Veldheer said the driver of the car was David A. Van Dussen, 17, of 370 76th Ave., Zeeland. Police said three passengers, including a juvenile boy, were riding in the car.

Van Dussen was said to have had a broken thumb and was wearing a cast.

Van Dussen appeared late Friday in Holland District Court before Judge John Galien and pleaded guilty to careless driving and eluding police officers. He will be sentenced Nov. 5. He was released to the custody of his parents, Mr. and Mrs. Arnold Van Dussen, 320 76th Ave.

John Harvey Freeman, 22, of 175 West 17th St., was arrested by Zeeland Police at 10:10 p.m.

Two-Car Crash Hospitalizes One

ZEELAND — Martha Murray, 18, of Bloomingdale, Mich., injured Sunday at 6:27 p.m. in a two-car crash at Chicago Drive and 84th Ave., Zeeland Township, was in good condition today at Zeeland Community Hospital with cuts and bruises.

Ottawa county sheriff's deputies said the Murray car, westbound on Chicago Drive, struck broadside a car operated southbound on 84th Ave. by Thomas Frenthway, 41, of Hastings.

Frenthway and his daughter, Susan, 5, were treated at the hospital and released. The mishap remained under investigation.

Driver Injured In 1-Car Crash

Kenneth Carroll, 25, of 325 Lincoln Ave., was treated at Holland Hospital for head lacerations suffered in an auto accident near Glenn and was released.

Allegan County sheriff's deputies said the Carroll auto apparently went out of control along the Blue Star Highway at 3:30 a.m. today. A passenger in the car, who was not identified, was not believed injured.

Deputies had no further details about the accident.

Fire Chief Dick Brandt, justifiably proud of the new facility,

said, "This is a fulfillment of eight or nine years of anticipation and planning. We are happy to be in the industrial park area. We hope you don't call us, but if you do, we'll be there."

This message was for the representatives of the industrial park who had been invited to the ceremonies. They had been present last Feb. 18 when ground was broken for the new station.

'Odd Couple' Delights Opening Night Audience

ODD COUPLE — E. Dale Conklin as Oscar grimaces as Hollis Clark Jr., playing Felix, nags him about his lack of consideration for Felix who slaved for him all afternoon over a hot stove. The two play the leads in the Holland Community Theatre group's "The Odd Couple."

(Holland Photography photo)

Thursday's opening performance of Neil Simon's highly entertaining "The Odd Couple" was another delightful success for the Holland Community Theatre group.

In this season's production the team of E. Dale Conklin and Hollis Clark Jr. as Oscar and Felix, the "odd" couple, paced the fast-moving comedy with an amusing interplay of opposing personalities.

The plot concerns man's unalterable patterns of living which do not change with his circumstances. The story begins when Felix, who has just separated from his wife, takes up house-keeping with the already divorced Oscar.

Their intent to run a bachelor pad and rearrange their lives never materializes as they begin to fall into the former patterns of their married lives. The humorous consequences and their eventual "separation" are the ingredients which kept Thursday's audience laughing tears.

Hollis Clark Jr. was amusing and convincing as the whining Felix whose fetish for cleanliness and incongruous affinity for housekeeping and cooking drive his roommate Oscar crazy.

E. Dale Conklin plays the warmhearted slob, Oscar, with enthusiasm and talent. The pair, who last played leads together six years ago in "Fin-

Volunteer efforts by women for Holland Hospital were outlined at a luncheon Friday noon in the Heritage Room of the hospital for Baroness Ada C. van Pallandt van Lynden, wife of the Netherlands ambassador to the United States.

The van Lydens were spending the day in Holland as part of a tour visiting Dutch-American communities in Iowa and Michigan. They are in Grand Rapids today opening a Dutch Heritage Exhibit at Grand Rapids Public Library as well as visiting Calvin College.

Mrs. S. Walter Kuipers, president of the Hospital Auxiliary, introduced guests who explained the various functions of volunteer organizations, both in service and in fund raising.

The hospitality shop in the hospital which dispenses food and gifts is one of the foremost money makers in volunteer effort for the hospital. The work of the Junior Welfare League, mainly in the pediatric department, and the Holland Garden Club in planning the landscaping program also was outlined, along with the work of the Woman's Literary Club in providing hostesses and sewing, and the functions of the student loan fund for nursing. It has become traditional for the hospital board to have a woman member, usually a nurse.

Hostesses for the luncheon were Mrs. Kuipers and Mrs. Nelson Bosman, wife of Holland's mayor.

Mayor Bosman was host for a luncheon for the ambassador at Carousel Mountain where he presented the Dutch envoy with a pair of wooden shoes, plus a pair for his cultural counselor, J. Eduard Schaap.

The ambassador spoke briefly on conditions in The Netherlands today, its industrialization, pollution, economics, etc. After the luncheon the group boarded the Infinity, Hope College marine craft, to return to Kollen Park.

The van Lydens were guests of Hope College Second Century Club at dinner at Marigold Lodge.

Dr. C. Hanson Speaks on Topic Of Blueberries

Nies L.P. Gas Company, East Lakewood Blvd., Holland, acted as host last Thursday evening, to many blueberry growers in this area at a meeting in which Dr. Clarence Hanson of Michigan State University explained the progress being made in blueberry cultivation.

Dr. Hanson has been conducting experiments and studies using a new technique called flame cultivation. This method incorporates the use of flames from burners mounted on the rear of a tractor and properly angled to the base of blueberry bushes. The burners are fired by propane (bottled) gas which proved to be the fuel best suited to this purpose since it can be closely controlled.

One of the advantages derived from this type of cultivation is a better pruning method which produces a heavier bearing bush, and also better shapes the bush for mechanical harvesting.

Another feature is keeping the rows free of weeds by not only destroying the existing weeds, but also by destroying the weed seed which would otherwise be replanted using present methods. Flaming also shows a lot of promise in reducing the amount of chemicals used in maintaining the blueberry fields, which is now a matter of great concern.

Also attending was Richard Machiele of the Ottawa County extension service who was instrumental in arranging for the meeting, and D. R. Smith representing the Phillips Petroleum Company which has been assisting Dr. Hanson in the studies.

Refreshments were served.

NOSE Tips

by Leo Martonosi

For University of Michigan fans Saturday, it was quite a pleasing day as the Wolverines pulled away in the second half of its game with arch-rival Michigan State to down the Spartans, 34-20 at U-M's huge field.

At a press conference following the contest, winning Coach 'Bo' Schembechler said, "it sure was great in beating the Spartans in our top game of the season to date. However, we must look ahead to the other teams on our schedule before we can seriously start thinking of playing Ohio State which could possibly turn out to be the most important game that we play all year."

'Bo' added, "Michigan State has a fine football team and that Eric Allen is one of the best running backs that we have faced all year but our Billy Taylor also played a tremendous game at tailback. Allen was the top ball carrier in rushing yardage with 156 yards while Taylor bulled his way for 149 yards in 29 tries."

Michigan's coach was upset that the Wolverines had a TD called back on an illegal motion penalty just before the half and commented, "it really hurt us to lose the TD and when we missed the field goal from the 16 it could have cost us the game."

With the score tied at 13-13 at the intermission we asked 'Bo' if he made any adjustment at the half and he said, "we didn't make any major changes because we knew that the Spartans were a fired up club but we thought we did a fairly good job of holding them down in the second period."

The Michigan State's locker room was the direct opposite which could be expected from Michigan's dressing room as a disappointed Coach Duffy Daugherty sat on a stool and added, "these guys play as hard as any team that I have ever coached and what more can I ask for. They give 110 per cent all the time and I thought that they did a fantastic job in the first half which was probably one of our best halves all year but Michigan just wore us down in the third quarter physically."

How does Michigan compare with Notre Dame and Ohio State Duffy said, "U-M can't compare with the Irish and the Buckeyes on offense but they have as fine a defense as anyone."

"Of the two top rated teams in the country, Ohio State and

'Bo' Schembechler ... great victory

Notre Dame, which team do you think is stronger, Duffy, we asked. "The Irish are probably the strongest team in the nation on offense as they can score from anywhere on the field but the Buckeyes have probably the better defense."

Duffy didn't care to pick a winner if they met but we got the impression that he thought that Notre Dame was by far the best team in the country but didn't want to say so because Ohio State is a member of the Big Ten with his Spartans.

Duffy continued, "we faced one of the top quarterbacks in the nation today in Don Moorhead of South Haven. I have to rate him with John Theismann of Notre Dame as the two best quarterbacks that we have faced all year."

When we told the former South Haven flash what Duffy said, the quiet talking and pleasant Moorhead commented, "I'm sure glad to be put in the same company with Theismann and I honestly feel that I played the best game of the season today." Moorhead hit on 12 of 19 pass attempts for 156 yards and was really threatening the needle as he directed Michigan to the victory.

Michigan's excellent middle guard Henry Hill of Detroit called MSU's Tom Beard, "one of the best centers that he has ever faced." And Beard who hails from Battle Creek returned the compliment by saying, "Hill is one of the quickest and toughest middle guards in the Big Ten. I have to rate him even with Jim Stillwagon of Ohio State."

Nancy Kay Zwighuizen Wed to Robert Van Dam

Mrs. Robert Garth Van Dam

(Joe Vries photo)

Friday evening Miss Nancy Kay Zwighuizen and Robert Garth Van Dam were united in marriage by the Rev. Adrian Newhouse. The ceremony was performed in the First Reformed Church of Zeeland.

Parents of the couple are Mr. and Mrs. John Zwighuizen of 319 West Main, Zeeland, and Mr. and Mrs. Edward Van Dam of route 2, Hudsonville.

Elmer Lievesse provided the wedding music, and soloist Kenneth Evink sang two selections.

The bride wore an A-line empire gown of white organza over taffeta with a detachable chapel train. The portrait neckline, waist and hem were circled with hand drawn alencon lace and pearls with lace forming a see-through panel down the long traditional sleeves. A headpiece of matching lace and pearls

secured a bouffant veil of silk bridal illusion.

Mrs. Kenneth Weeber, sister of the bride, was matron of honor. She was attired in a floor-length gown of light blue crepe with a navy velvet vest. A velvet bow secured her head-dress of floor-length navy netting.

Miss Rozanne Zwighuizen, bridesmaid, was dressed like the honor attendant.

Edwin and Clark Van Dam, brothers of the groom, were best man and groomsmen. Timothy Van Dam and Peter Zwighuizen seated the guests.

The newlyweds greeted guests at a reception held in the church parlors. Serving as master and mistress of ceremonies were Mr. and Mrs. John Mynaard.

After a wedding trip to the Smoky Mountains the couple will live in Forest Grove.

Finn at Battle Creek Central would like to play pro football but added, "if I don't I want to teach and coach." The 6'6" Beard who weighs in at 270-pounds will surely be drafted high by the pros according to Daugherty.

Moorhead indicated that he also wanted to play pro football and didn't think that his size would be against him. Moorhead stands 6'1" and weighs 185-pounds said, "there are a lot of smaller quarterbacks in the NFL and I think that I'm big enough to take the punishment." Moorhead also wanted me to tell Tom Renner of Hope College hello for him. Renner is director of sports information for Hope.

Michigan's two fine offensive tackles, Dan Dierdorf of Canton, Ohio and Jack Harpring of Cincinnati didn't think that Ohio State would have any edge in playing the Wolves at home this season. Said Harpring, "we have so many boys from the state of Ohio, it will be like a homecoming game for us."

Both players indicated that they wanted to play professional football and didn't care what team they were drafted by. It was an enjoyable day Saturday watching Michigan and Michigan State in action and hailing from Michigan we want the Wolverines to win the Big Ten championship and we would also like to see the Spartans win the five remaining games on their rough schedule.

Time will tell.

Earthly Pollution Problems

We read and listen to the
many problems that the people
make. A quote from U. S. Sen.
James B. Pearson of Kansas
said: "I want to warn that
antipollution is not what we
politicians call a 'warm puppy'
issue, one which if we pass
enough laws, spend enough
money, and have a good heart,
happiness is assured and soon
America will be beautiful again.
Antipollution means that some-
one will be hurt. Profits must
be cut, comforts reduced, taxes
raised, sacrifices endured."

We also have a story from
Stockholm that illustrates the
rationale underlying President
Nixon's call for strict controls
over what is dumped into the
oceans. The people of Sweden
apparently are fearful that the
Baltic Sea may be "dying" as
a result of industrial and other
pollution.

Other countries whose shores
are washed by the Baltic are
afraid because the water of the
Baltic has a very slow regen-
eration period, with the North
Sea flushing it out on a 30-year
cycle. Oil and a variety of
other poisoning substances may
kill off desirable marine life
and make it a cesspool.

The need is for the countries
bordering the Baltic to come to
a meeting of the minds so that
they can have some concerted
action. The Baltic is not the
only part of the world with this
problem. President Nixon was
talking about the Baltic and
other areas in his message to
Congress based on an Environ-
mental Quality Council Report.
He seeks legislation to halt
United States use of the oceans
as dumping grounds. Beyond
that, the intent is to propose in-
ternational agreements.

The Baltic is only one of the
many examples. Many recall
that Thor Hyderdahl encounter-
ed gross pollution in the At-
lantic hundreds of miles from
land. We have many problems
right in our own area. There is
much that can be done. The
people who are making scien-
tific studies of pollution prob-
lems need the help of everyone.

Growing Through Prayer
Luke 11:1-10
By C. P. Dame

The disciples of Jesus were
often surprised and at other
times impressed by His words
and deeds. We are glad the dis-
ciples asked Jesus questions.
Some wish they had asked more
and had all been recorded in the
gospels. One day as Jesus was
praying one disciple asked Him,
"Lord teach us to pray as John
also taught his disciples"—and
the Lord gave them a lesson in
praying.

I. Real praying is an art. The
disciples were impressed by the
way Jesus prayed. The disciple
who asked felt that Jesus could
teach them all about praying.
Jesus prayed much, spent a lot
of time in praying, far more
than most of us do. The Lord
prayed alone. It was a daily
matter with Him. And when
special situations faced Him
He prayed about them. Can
you think of several? Sometimes
Jesus prayed alone all night, at
other times with others.

The prayer life of Jesus re-
vealed His humanity and was a
part of His priestly ministry.
Jesus prayed with intensity. In
Hebrews we are told that the
praying of Jesus was accompa-
nied with "loud cries and tears." Real praying is hard
work. In the life of Jesus prayer
was all-important.

Jewish rabbis taught their dis-
ciples to pray and John the
Baptist did likewise. The pray-
er the Lord taught His disciples
as recorded by Luke is much
like the one in Matthew 6:9-11,
which is a part of the Sermon
on the Mount. Some think this
prayer should be called the Dis-
ciples' Prayer. The one petition
in the prayer Jesus did not use
is in reference to forgiveness of
sin.

The prayer is divided in two
parts. The first petitions refer
to the Father's name, kingdom
and will, and the second part
deals with man's needs—food,
forgiveness, temptation and de-
liverance from evil. In a brief
manner the prayer sets forth
things highly important.

If persistent prayer gets re-
sults. In the Orient hospitality
is important. Jesus told a story
about a man who received an
unexpected guest when his cup-
board was empty. It was mid-
night and he was perplexed. He
went to the house of a friend
and asked him for three loaves
of bread so that he could feed
his friend who had been travel-
ing. The man in the house
asked him not to trouble him
for the whole family was sound
asleep. The man who did the
asking kept on knocking at the
door until the man in the house
finally got up and gave him the
bread. The persistence won
out. The truth Jesus tried to
drive home is evident. If an
unwilling man can offer help to
a man in need, then surely God
who is a loving Father will
heed our prayers.

Jesus added words of en-
couragement after telling the
story. "And I say unto you,
Ask, and it shall be given you,
seek, and ye shall find, knock
and it shall be opened unto
you." Praying is talking to God.
Jesus encourages us to talk with
perseverance and trust. Pray
more and do it with all your
powers.

Courts May Become Self Supporting

GRAND HAVEN—Judge John Galien of the Ottawa district court at Holland appeared before the county Board of Commissioners Tuesday, at the annual budget hearing, and reported that in 1971 the district courts in the county may be self supporting.

Any expenses, such as new furniture for the proposed court offices in the new police complex on Eighth Street in Holland, would be extra, he said.

Board members reported that construction on the new police building probably won't start until after Jan. 1. The county has been asked to remove the court offices from the Holland city hall as the Board of Public Works needs the office space.

The board accomplished little Tuesday as most of the meeting was spent at the hearing of the 1971 budget, now being studied by the board, sitting as a committee. Vice-chairman Franklin Schmidt presided.

Charles Gregory of Eastmanville, a retired conservation officer, was one of the three persons appearing at the hearing, urged that the budget include funds for in-service training for personnel in the county departments, especially in the field of administration. He also said that information is not "getting across" to the people in outlying areas in regard to county business.

Civil Defense Director Glen Timmer was authorized to purchase additional radio equipment, including four monitors, at a cost of \$2,189, with 50 per cent to be reimbursed by the federal government. He was also given permission to purchase a new electric typewriter for

Mrs. Roger Headley, matron of honor, wore a floor-length gown with green velvet empire

bodice and beige crepe skirt with matching train. A matching cabbage rose headdress and a bouquet of yellow and bronze mums completed her attire.

Kenneth Tymes was best man with John Kuyers, Dennis Roelofs, and Larry Schieback, groomsmen, Philip Kuyers, junior groomsman and Stevie Kuyers, ring bearer.

Mr. and Mrs. Lester Gemmen presided at the reception held in the church parlors following the ceremony. Mr. and Mrs. Rodney Mulder poured punch; Mrs. Rich Sal, Miss Lois Berg-horst and Miss Lois Heyboer were in charge of gifts and Mrs. Jerry Kuyers was the bride's personal attendant.

The bride is employed at Electrical Assemblies in Zeeland and the groom at General Electric in Holland.

Vander Borgh Center Dedication Saturday

The Hope College education department will dedicate its Vander Borgh Instructional Media Center Saturday at 10 a.m. on the ground floor of the Van Zoeren library. The public is invited to attend.

The center is a tribute to the memory of Dr. Garrett Vander Borgh who served on Hope's faculty 41 years and was chairman of the education department at the time of his retirement in 1964.

Dr. Vander Borgh, who died in 1968, was for many years a major contributor to the education of Hope students who were to become elementary and secondary school teachers.

"The Instructional Media Center, made possible by the donations of his friends, family and colleagues, will serve as a fitting reminder of his influence in the field of education," said education department chairman Lamont Dirkse.

The Center consists of three

areas, each of which makes available a variety of instructional materials to Hope students and to the Holland teaching community. The reading area contains the college's collection of professional education books, periodicals, curriculum guides, elementary and secondary school textbooks, and reference materials. A number of individual study carrels are also located in this area which is provided with acoustical carpeting and ceiling to insure optimal study conditions.

The graphics area will be used by education students who are preparing demonstrations and developing instructional aids. It, therefore, contains a number of unique features, including display cases, built-in storage cabinets for flat materials, controlled lighting, running water, and ample work space. In this area, all prospective teachers will be instructed in the use of audio-visual aids and equipment techniques.

The listening-viewing area contains five small stations which will enable students and faculty to preview films, filmstrips, or recordings. Equipment in this area will include filmstrip viewers, overhead and opaque projectors, magnetic tape recorders, microprojectors, and tachistoscopic machines as well as slides, films, tapes, and recordings.

Also housed in the listening, viewing area is the education department's portable television camera and video tape monitor which are being used in the evaluation of student teachers.

Suffers Fatal Attack Hunting

SOUTH HAVEN — Raymond W. Hamilton, 63, of route 2, suffered a fatal attack while hunting, Tuesday in a field in Casco Township, Allegan County.

He was hunting with his two brothers, Dale, 58, of Richland and Donald, 53, of Otsego and stopped to rest. The brothers went on without him and when they returned, found him dead of an apparent heart attack.

In addition to his two brothers, he is survived by four sisters, Mrs. William (Violet) Fritz and Mrs. Floyd (Ruth) Bassett, both of Kalamazoo, Mrs. Ruby Shaw of Fort Lauderdale, Fla. and Mrs. Frank (Gladys) Snow of Mendon.

NO QUESTION OF HER LOYALTIES—Justice John R. Dethmers of the Michigan Supreme Court seeks reelection to the court as a nonpartisan candidate, but there was no question of the political allegiance of his hostess, Miss Helen Boyer, when he visited her home in Allegan a few days ago.

Miss Boyer, who retired recently after serving 30 years as administrative assistant to the late Rep. Clare E. Hoffman and his successor, Rep. Edward Hutchinson, shows Dethmers one of her prizes in her collection of more than 400 elephants. Her campaign blouse also has elephants.

Panthers Up Mark to 3-1 In O-K Red

West Ottawa's offensive football machine, with the return of fleet footed Jon Helder returning to the lineup rolled to a 28-15 homecoming victory over Godwin's Wolverines before a capacity crowd Friday night.

The win gives West Ottawa a 3-1 mark in the tough O-K Red Division.

This was a fine victory for coach Ron Wetherbee's Panthers with a good balanced offense and some fine defensive plays on key third down situations. Wetherbee thought the defense was much improved from a week ago holding Godwin to 99 yards rushing. Two key interceptions, one by hard playing Mike Battaglia who intercepted a pass in the fourth quarter when Godwin seemed to be rolling, and another by Denny Oosterbaan in the final quarter.

Godwin took the opening kickoff to the West Ottawa 35 yard line and moved in to score seven plays later to take a 7-0 lead after the PAT was good on a kick. Oosterbaan then found Pat Allen on a fine 22-yard pass play, with Helder running for the two-point conversion making the score 8-7. It was short lived, however, when West Ottawa kicked off and Bartholomew ran the kickoff all the way back for a TD and ran the extra point for a 15-8 lead.

With only 24 seconds to go before the half, Oosterbaan hit Mark Tucker for a 30-yard touchdown pass with rugged Pat Allen running for the two-point conversion. This gave West Ottawa a 16-15 lead at the half, when the splendid Panther band took over for a fine halftime which featured the introduction of the Queen and her court.

West Ottawa came on strong in the second half featuring the strong arm of quarterback Denny Oosterbaan on some nice pass plays to Allen and Helder. Helder then scrambled six yards off tackle to paydirt, but missed the extra point try, giving the Panthers a 22-15 lead at the end of the third quarter. West Ottawa played good control ball in the third quarter with the defense coming up with big plays to hold Godwin to very few yards.

Again the fourth quarter was all West Ottawa with Helder scoring again on a 16-yard run. It was evident that Helder was back in the lineup after being sidelined with a leg injury for the past two weeks however this is not to take away anything from the rest of the fine Panther backs in the likes of Battaglia, Allen, Steve Kruthof and Oosterbaan. The forward wall led by Mike Clark, Hamstra, Bagladi and Berkompas all did a fine job.

Next Friday the Panthers meet Kentwood in a big conference game at Kentwood.

'Book Beat' Interviewer Addresses Literary Club

Anecdotes on authors he has interviewed on educational television programs in Chicago provided an entertaining program by Robert Cromie, Chicago Tribune columnist and author, at a meeting of the Woman's Literary Club Tuesday afternoon.

Speaking on "Book Beat: Colorful Characters I Have Met," Cromie came out strongly against censorship of a kind, although he admits there are more than enough books in poor taste and pornographic materials to produce a most controversial issue.

"If people wouldn't buy such books, there would be no market for them and authors wouldn't write them," he said. "As soon as there is a threat of censorship, sales of the book in question go up. I have had to be very careful not to talk about such books on television because of this effect," he said.

He explained when censorship becomes political, the lengths to which some candidates go are ridiculous, particularly school boards often caught in a bind over books in the school library. He spoke of one such critic who wanted to ban Frank Baum's "The Wonderful Wizard of Oz" because of Communist sympathies.

Cromie has been conducting his television program "Book Beat" for seven years, talking with many authors, some of whom are gay and humorous and others introverted and ill at ease. His associations with Cleveland Amory, Emily Kimbrough, Cornelia Otis Skinner, Henry Morgan and Helen Hayes have been particularly pleasant on the air. His program is carried on some 160 to 180 edu-

cal appointment and served Communion at the North Blendon Reformed Church.

Cottage prayer meetings were held Sunday night following the evening worship service.

The RCYF prayer meeting was held Tuesday morning at 6 a.m. at the Frank De Haan home.

The Gospel Tone Trio will be giving a program in song at the South Blendon Church: Nov. 8, at 8:45 p.m. The program is sponsored by the Bosker-Kardux Circle of the Women's Guild for Christian Service and is open to the public.

Holland's Big Red Jolts Creston for 3rd Victory

GRAND RAPIDS — The Big Red machine died at Baltimore Thursday afternoon. But Holland High's scrappy and fighting Big Red Machine rolled past Grand Rapids Creston Thursday evening at Houseman Field in 40 degree weather, 26-7 for its second straight win of the season and third in five games.

Randy Kuipers, Rick Van Tongeren and Tim Matchinsky were the offensive spark plugs for Coach Dave Kempker's machine while Doug Morse, Holland's all-state middle guard candidate was by far the most outstanding defensive player on the field.

A happy Kempker said after the game, "Morse was just great for us on defense while the whole offensive line did a whale of a job in the second half to open some big holes for Kuipers and Van Tongeren."

Kuipers led both teams in rushing as he picked up 105 yards in 17 carries for a fine 6.1 average and scored two touchdowns. Van Tongeren bulled his way for 58-yards in five carries for a fantastic 11.6 average and also scored one Holland TD.

Both teams had scoring opportunities in the first quarter but defense proved to be the strong point as neither team was able to reach the end zone in a cold night of football for

the fans but not for the players.

Creston took a 7-0 lead in the second quarter as Steve Savara ran six-yards for the touchdown and Rich Peterson booted the extra point.

The Dutch marched deep into Creston territory on the following series but were held on downs at the five.

Holland's Bill Wood called for a fair catch of a Polar Bear punt on Creston's 31-yard stripe but an over aggressive GR player bumped into Wood and was charged with a 15-yard penalty which moved the ball to the 16.

On the next play, Kuipers barreled his way in for a 16-yard TD run behind key blocks by center Ron Wadsworth and guards Dave Yskes and Terry Smith. Holland's attempt to score two points on a pass went astray as the Polar Bears held a slim 7-6 halftime advantage.

An old Statute of Liberty play aided Holland's next march that eventually died on the 36 of Creston as the third quarter ended with Holland still trailing by one point, 7-6.

The final period was all Holland as the Dutch took a short punt over at mid-field and promptly marched down to score the winning touchdown.

Kuipers went 10-yards up the middle behind a block by Bill Walters and Matchinsky followed by hitting Wood on a slant pass that carried to Creston's 11-yard line. Matchinsky called for the same play that scored Holland's first TD as Kuipers was again the man on the spot as he bulled his way 11-yards into the end zone to put the Dutch up by a 12-7 score. The two points attempt failed.

With Morse, big John Knoll, 6'1" 250 and Steve Hibma leading the charge, the fired up Dutch defense were stopping Creston for little or no gain.

After Kuipers galloped 20-yards to set up Van Tongeren's score which saw Holland's powerful upback who wears jersey number 25 take the handoff

from Matchinsky on Creston's 25 and not to be denied ran over, through and around enemy defenders for Holland's third touchdown. Matchinsky hit Kuipers for the conversion with 4:49 left in the contest.

Matchinsky's 20-yard return of a punt set up Holland's final TD with time running out as Holland's quarterback who was enjoying his best night of the season hit Wood on the right sideline and Wood who stands 6'4" and weighs 200-pounds showed his power by carrying a Polar Bear into the end zone on the receiving end of a 17-yard TD pass with 1:25 reading on the scoreboard to close out the scoring at 26-7 in favor of the Dutch.

Wood hauled in five of Matchinsky's seven complete passes for 80 yards. Kempker had nothing but kind words for Wood as he added, "Bill played one of his finest games ever."

The Dutch proved Thursday night that they can handle one of the top teams in the Grand Rapids City League as their victory raised their season mark to 3-2. Creston also is 3-2 for the year.

Holland will entertain Muskegon Heights next Friday at Riverview Park in their homecoming contest.

ZEELAND—Hudsonville was knocking at the door late in the game Friday night in a O-K Division clash with Zeeland but the Chix had enough to hold off the gallant effort of the Eagles as they took a hard fought 16-10 decision.

The victory was especially sweet for Coach Ken Postma's club since it was homecoming and Zeeland's coach added, "Terry Hop, Joe Raterink and Dick Kamps turned in fine performances for us tonight."

Zeeland's win broke a two game losing streak and gives the Chix a 2-2-1 overall mark while Hudsonville is also 2-2-1 for the season. The Chix are 2-2 in the league while the Eagles are 1-2-1.

The game ended Friday with Hudsonville's fine quarterback Randy Vrugink passing 40 yards to Dan Nederveld to put the ball on the five-yard line of the Chix as the gun sounded.

With 3:20 to play in the game, Zeeland's Raterink picked off a Vrugink pass on the five to save the day for the Chix.

Vrugink passed 14 yards to Gary Bosch for Hudsonville's first TD with 7:51 left in the first stanza to give the Eagles a surprising 6-0 lead. Vrugink ran for the conversion to up the count to 8-0.

Raterink cut Hudsonville's lead to two points, 8-6 by scoring on a 10-yard run with 11:07 left in the second period. The big play of the 86-yard drive for Zeeland was on Hop's 36-yard halfback pass to Jeff Flaherty. The run failed as the Eagles held a slim 8-6 lead.

Zeeland's defensive linebacker Bob Johnson broke through to spill Nederveld for a safety to tie the score in the second stanza at 8-8.

Rick Brinks added Zeeland's winning TD on a one-yard sneak with 38 seconds to play in the first half. That made the score 14-8 in favor of the Chix. Flaherty iced the decision by running in the extra points.

With 6:33 to go in the game, Nederveld returned the favor as he tackled Brinks in the end zone for a safety to close out the scoring at 16-10.

The Chix will play at Kenowa Hills next Friday.

The Holland League will have freedom in local affairs as a study area, and will be free to support local issues of their choice, in keeping with the League's non-partisan policy.

Runs for 3 TD's; Picks Up 242 Yards

OLIVET—Hope College stayed in the running for the MIAA football championship here Saturday by drubbing Olivet College, 37-21 behind the record breaking running performance of tailback Greg Voss of Muskegon.

The sensational freshman who was a defensive back in high school scored three touchdowns for the Flying Dutchmen and broke his own Hope record in total yards by picking up 242 yards in 36 carries.

The 5'8" Voss had runs of 10 or more yards on 13 occasions and only lost three total yards against the Comets who were surely keying on Hope's offensive threat.

Co-Captain Bob Haveman of Fremont chipped in with 42 yards in 10 attempts while freshman upback Chuck Brooks ran for 34 yards in nine carries. Cary Cummings led the losers with 75 yards on the ground.

Hope completely dominated the game as they ran 79 plays to only 52 plays for Olivet but only held a slim 17-13 halftime lead against the fired up Comets.

A record breaking punt by Greg Guyon of Olivet which went 78 yards forced Hope into the hole at the outset of the game as Doug Smith's punt only went 21 yards for the Dutchmen and Olivet took over at Hope's 25.

It took Olivet three plays to score the games first TD as quarterback Dave Sabado went over from the one to give the Comets a 6-0 margin.

Mike Hinga kicked a field goal early in the second period to cut Olivet's lead to 6-3 but the losers didn't give up as they marched 69 yards for their second TD which covered 48 yards on a run by Cummings. Hal Hooks kicked the extra point to give the Comets a stunning 13-3 lead.

Hope marched in for its first touchdown as Voss led the charge by picking up 58 yards of the drive which covered 60 yards by rumbling two yards into paydirt. Hinga's first of five extra point attempts was good as the Dutchmen trailed by three points, 13-10 with 8:05 left in the half.

A Groy Kaper pass to Mark Meyer that was good for 21 yards set up Hope's score that put them ahead for good with only 41 seconds left to play in the first half. Voss scored his second TD from the one and Hinga's PAT put Hope up by a 17-13 margin at the intermission.

The first time that Hope had the ball in the second half, Brooks ran 11 yards for the tally to put the game on ice for the Dutchmen.

Smith's interception of an Olivet pass set up Hope's next TD as the Dutchmen pounded away to score on Haveman's one-yard plunge with 2:43 left to play in the third stanza.

Dave Johnson's fifth interception of the season on Olivet's 46 led to Hope's final tally as Voss eventually ran it in from the six in the final quarter.

With a little over four minutes to play in the contest, reserve quarterback Eric Witzke bulldozed his way for a one-yard TD run and Cummings ran the PAT to close out the scoring at 37-21 in favor of the Dutchmen.

The victory was the second in the league for Hope compared to one defeat while Olivet is 0-3 in the loop.

Hope will host Albion, co-leader in the MIAA race Saturday with Adrian with identical 2-0 marks at Riverview Park at 2:15 p.m. in its homecoming contest.

Clearance List For Christmas Baskets Readied

This year the Christmas Clearance Bureau is giving everyone the opportunity to make someone else's Christmas a happier one.

The Bureau is in operation to help those families on welfare receive a Christmas dinner provided by a family or group from the community.

As in the past, the Salvation Army has helped provide baskets. This year even more people can be helped.

The Bureau's function is to clear the names of those on welfare and keep a list of all those in need. Its purpose is to eliminate duplication of names already receiving a dinner.

In order to provide a Christmas dinner, donors are asked to call the Bureau for a certain size family. After the name is given, it's the responsibility of the donor to see that the family receives the dinner. No other person will receive this name. The dinner should be delivered the week of Christmas, not Christmas Eve or Christmas Day.

The Christmas Clearance Bureau is in operation in many communities.

The Bureau will be open from Dec. 1 through Dec. 19. The contact will be given at a later date. Questions will be answered by contacting the Bureau by writing: Christmas Clearance Bureau, P.O. Box 506-A, Holland, Michigan, 49423.

The Bureau is headed by the Salvation Army in cooperation with the Department of Social Services and staffed by the Junior Welfare League. For a further information persons may call Mrs. David Paulson or Mrs. James Von Ins.

Brass Concert Opens Hope College Series

The New York Brass Society opened the 1970-71 Hope College Great Performance Series Friday evening with what was indeed a great performance.

The concert in Dimmen Memorial Chapel featured both modern and classical music rendered entirely on brass instruments. The "Society" is five talented musicians: David Jolley, French hornist; Garrett List, tenor trombonist; David Taylor, bass trombonist; Ronald Romm and Robert Sirinek, trumpets.

All of the musicians have played with major orchestras and have a creditable list of experience, mostly in the New York area. They formed the Society in 1966 and have given recitals throughout the United States.

The group, which has served as the official brass ensemble for the educational area of the Lincoln Center Foundation since 1967, gave several lecture demonstrations to high school and college brass students in the Holland area Friday morning.

The Society began its evening program with a modern suite by William Schmidt. The piece afforded them the opportunity for great range of sounds and virtuosity.

Instruments shining in the spotlights, they continued the performance with pieces by Aichinger, Luzzaschi, Le Jeune, Brahms, and Bach and a special piece for brass instruments by Alvin Eiler.

An enthusiastic audience brought the group back for an encore number, and they finally departed among appreciative applause.

The concert, first of six programs sponsored by the Hope College cultural affairs committee for this academic year, will be followed with the Prague Theatre on the Balustrade. It will be presented Nov. 14 at the Civic Auditorium.

Duo-Harpists Applauded At Community Concert

There was something for everybody in the duo-harp concert Thursday night in Civic Center marking the opening of the 1970-71 season for the Holland Community Concert Association.

Longstreth and Escosa, personal musicians, demonstrated a fine talent - spectacular at times - bringing a new dimension to an old instrument. With proper dignity in white tie and tails, they gave a fine rendition of special arrangements for two harps from selections by Handel, Bach, Haydn and Debussy.

But as John Escosa said later, "If we were to play all the music ever composed for two harps, you would by now be home in bed. Even though the harp is one of the oldest musical instruments known to mankind, compositions for the harp, let alone two harps, are rare indeed. Consequently, our selections are mainly transcriptions of music written for other instruments."

The concert opened on a dramatic note with two harps on a darkened stage gradually taking form in a dull red glow finally turning to lustrous gold.

At the close of the concert, youngsters from 7 to 70 crowded on the stage for a closer look at the two fine instruments. Longstreth's harp was a traditional with gold leaf on an ornately carved post. Escosa's harp was a contemporary instrument, austere by comparison.

At the artists' requests, all persons were seated on the main floor, an excellent aid to the acoustics.

Tentative Okay Given To Budget

ALLEGAN — Allegan county's board of commissioners gave tentative approval to a "hold the line" budget late Thursday afternoon.

As submitted by the board's finance committee chairmanship by Phillip Quade, of Douglas, the 1971 budget will allow continuation of this year's 5.2-mill operating tax levy.

Final approval will follow a public hearing on the budget set for 11 a.m. Tuesday, Oct. 27, in the board room in the county building.

General fund expenditures in the budget were up only \$49,541 over the current year for a total of \$1,974,927.

Quade said the new budget will "stand or fall" on the accuracy of a Jan 1 surplus presently estimated at \$120,000.

The finance committee figured 1971 tax delinquencies at \$115,000 — up \$25,000 over this year's budget — in recognition of the county's high unemployment rate.

Departmental income will more than offset the small increase in general fund requirements, the committee indicated, resulting in a total required income of \$2,473,342 — down \$144,762 from the current year's budget.

In addition to the 5.2 mill operating tax, the county also will levy 1 mill for the bridge replacement fund and a half-mill for county road projects. The combined county levy will raise an estimated \$1,712,584, based on a state equalized valuation of \$255,609,954 — up \$14,522,788 over this year's tax base.

Before adjourning Thursday, the board conducted elections to fill vacancies on six county boards and commissions.

Mrs. George Berry, Allegan, was reelected to a 5-year term on the county library board and Al Workman, Otsego, was named to succeed himself on the county parks and recreation board.

Milton Timmerman, Fillmore; Fred Billett, Hamilton and Gerald Van Noord of Holland, were elected to 3-year-terms on the county planning commission. Donald Hunsaker and Ralph Seese, both of Otsego, were named to 3 year terms on the county board of public works. Willis Riksen, Monterey was elected to a 6-year term on the county road commission to succeed Dale Morris, Valley township, retiring this year as chairman of the commission.

Named to 1-year terms on the election scheduling commission were John Tien, Fillmore; Donald Schipper, Holland; and William Nahikian, Allegan.

Panel Moderates 'Reverberations' At AAUW Meet

Serious "reverberation" was the result of a student panel discussion program of the American Association of University Women Thursday evening.

Dr. Elizabeth Reedy and Dr. Joan Mueller, Professors of English at Hope College acted as the moderators for participating Hope College students Marshall Anstendig, Miss Jane Leismar, Hasea Stevens, Miss Kay Hubbard, Miss Joanne Reese and Peter Orbiton.

Concerns for many problems in society were touched upon as the panel stated their views. However, the communication gap and lack of moral leadership were the foremost issues on the minds of these students.

The increasing inability of so many groups and individuals to understand each other, and the lack of effort to solve problems together seemed to be a mutual concern, as well as political leadership motivated by materialistic values rather than people's needs.

Ambassador Plants Bulbs

Baron Rijnhard Bernhard van Lynden, Netherlands ambassador to the United States, was in Holland Friday, fulfilling a year-long desire to visit Dutch-American communities in the United States.

And in his travels in Iowa and Michigan, he was surprised and pleased to find many reminders of the motherland, particularly the amount of Dutch still spoken in American families of the fourth and fifth generations.

And when a group of Maplewood Christian school children in Dutch costumes, carrying flower baskets and Dutch and American flags, sang the Netherlands Anthem, he was overwhelmed.

This took place at a symbolic planting of tulip bulbs this morning in Centennial Park

with the ambassador joining Park Supt. Jacob De Graaf in planting bulbs in the door of the big windmill planting. Then came klompen dancing by a group of Holland High School.

"The Netherlands has become so industrialized in the last few decades that I find more traces of our fine Dutch traditions in your Dutch American towns than we have at home," he said.

At a press conference earlier in Mayor Nelson Bosman's office in City Hall, he spoke of the fine relations experienced through the years by the Netherlands and the United States, also the fine relationship with NATO and other countries.

He said the Netherlands is not nearly so small as some people would believe. "Thirty countries in the U. N. are smaller than the Netherlands, and 70 to 80 of them have smaller populations. And on the economic front, out of 126 countries, 110 countries produce less in goods than the Netherlands does," he said.

Many people regard the Netherlands as an agricultural country thinking in terms of tulip bulbs and dairy products, but the Netherlands has become highly industrialized in the last 30 years, and the number engaged in farming was decreased from 30 per cent in 1900 to 10 per cent today, even though agricultural production has increased, he said.

The ambassador and Mrs.

van Lynden were accompanied by Jacobus Eduard Schaap, counselor for press and cultural affairs at the Netherlands Embassy in Washington.

Mayor Bosman was host at a luncheon at Carousal Mountain for the ambassador while Mrs. Bosman and Mrs. S. Walter Kuipers, president of the Hospital Auxiliary, arranged a luncheon in honor of Mrs. van Lynden in Holland Hospital.

The men were to take a boat trip this afternoon studying marine biology on Lake Macatawa.

The van Lyndens were guests of Hope College at dinner tonight.
