## The Government Advises You To SAVE. Why?

Because the government knows that unless this great nation of free people conserves its wealth, it will not be able to successfully prosecute the war. It is therefore wise and patriotic to save. We cannot all go to the trenches, but we can all save. Let's save for our government's sake and our own sake as well.

Bank your savings, for they are not safe unless you do.

## Why Should I Buy A Piano?

*You Ask Yourself.*

"I have my home, my books and magazines, and my car. As if there can be real happiness without music anywhere.

Think of the perpetual enjoyment and consequent happiness that a piano brings.

Picture the long winter evenings, crowded, yes reverberating with melodies. That is happiness.

Music excites one's heroic imaginative instincts.

Music lulls the tired brain to repose.

Music breathes a spell of peace, eternal restfulness upon the home blessed by its presence.

We want to put a piano in your home, if you can play, if your wife plays, if your children are going to play.

And for those who cannot play, we have the player piano, that remarkable instrument which anyone can play with the life-like genius of the artist himself.

Your Liberty Bond may be taken in exchange or easy terms will be granted.

## BOY OF 12 BECOMES HOUSE ROBBER

**TAKES SIXTY DOLLARS IN JEWELRY \$2.40 IN SMALL CHANGE**

Count Agent Cornelius Roosenraad of Zeeland Will Take Charge of the Young Boy.

A case that has been puzzling the police ever since October 22 has just been solved. It was a case of robbery from the home of H. Bitterink on College Avenue and 17th street.

Nearly two weeks ago \$60 in jewelry and \$2.40 in money were found stolen from the place. The man and lady of the house are both working and the key was left in the mail box. Apparently the thief knew of this fact and entered the easiest way.

The police for over a week have been watching and corraling suspects but in every case of identity with the robbery was without foundation. At last suspicion pointed to a young lad of 12 years old, whose name we will not divulge owing to his tender years, who was giving jewelry presents to his chums.

Jewelry had been collected from six different boys who claim it was given to them. The little fellow in question was faced with the deed and admitted his guilt.

County Agent Roosenraad will look after the case to see how best the little fellow can be dealt with for his own interests.

The money taken had all been spent, but the jewelry has all been returned.

## TELLS OF CAREER OF HOLLAND MAN

**DETROIT MAGAZINE PRINTS ARTICLE ABOUT THE LATE C. VER SCHURE**

The Michigan Investor, a weekly financial magazine published at Detroit, contains a cut of the late C. Ver Schure and a story about his career. Says the Investor:

The city of Holland and the whole state have lost a distinguished figure by the death of C. Ver Schure, vice-president of the Holland City State Bank, which took place Oct. 22. Mr. Ver Schure was a banker of recognized abilities and enjoyed the confidence of the people with whom he was associated as an official of a strong financial institution and the respect of the members of the banking fraternity of the state. He was especially prominent in the financial affairs of western Michigan.

## MUST PAY MONEY TO BE IN HOLLAND PORT HURON PIKE

**IS WORTH THE PRICE, HOWEVER, AND CITIZENS SHOULD CLUB TOGETHER TO MEET SMALL CHARGE.**

Holland is now the terminal of the Central Michigan Pike leading from Holland to Port Huron. But Holland must help pay for the markers showing that such a Pike exists.

A letter to Austin Harrington explains what is expected of us. The letter follows:

Dear Sir:—  
The marking of the Central Michigan Pike from Holland to Port Huron, "Lake to Lake Route" will commence next Monday morning. It is the plan to paint poles east along the route and then go back over the route finishing the job. What we want now is a lot of publicity in all papers along the route and this can be accomplished by getting touch with some live one in all the towns thru which the route will pass, asking them to "boom" it. The next and most important thing is to have your county's money ready when the job is completed in your county. Your amount is \$76.60. Be sure and have it raised by the middle of November at the latest.

W. A. Seegmiller, Secretary.

## HOLLAND BOY TO FLY OVER GERMAN LINES

**WILLIS DIEKEMA, IS SENT TO FRANCE TO ENTER ACTIVE SERVICE THERE**

Has Made Rapid Progress In This Line of Work and Will Be Used Against the Germans.

Holland in a very short time will have a representative in the Flying Squad in France. Willis Diekema, son of G. J. Diekema, left today for Europe to enter active service as a flyer over the German lines. This information was contained in a telegram received by Mr. Diekema last night.

The Holland boy has made rapid progress in flying. He is now a First Lieutenant and is to be promoted again soon. For some time past he has been in the Long Island flying camp, where he gave instructions not only to his own squad but to the squad that was ahead of him when he began work. Because of the fact that he seemed to take naturally to flying and had made such rapid progress he was scheduled by his superior officers to remain in this country for a while as an instructor; but events in France have framed themselves in such a way that a great many flyers are imperatively needed there, and young Diekema was chosen to be one of them. He is now a full-fledged flyer and before very long he can be expected to sail over the enemy's lines at the front.

Almost at the same time that he received the telegram from his son Willis Mr. Diekema received another telegram from his son John at Ann Arbor stating that he had broken his ankle in football practice. John Diekema was a candidate for Yost's team this fall but the accident will make that impossible. Last year he was a member of the Freshman team.

In the case of Mr. Diekema the adage that "it never rains but it pours" has come true. He has been ill for a month, a few days ago his automobile figured in a smash-up and last night the two telegrams from his sons gave him still more things to think about.

## COME ACROSS AGAIN SAYS UNCLE SAM

**GOVERNMENT ASKS CONTRIBUTIONS FROM ALL PLEASURE SAILORS**

Dealers in Pianos and Automobiles Are Also Hit; Must Pay War Tax Before November 2

The following telegram has been received by the authorities here stating that motor boats and pleasure sailing craft must pay their war tax before November 2 or stand the chance of being prosecuted, according to a statement issued through the newspapers issued by Internal Revenue Collector Doyle of Grand Rapids. Holland boat owners who have not already paid their tax money had better do so before Friday, if they wish to get under the wire. There are many pleasure boats around Holland and Saugatuck and the tax from the boats will amount to considerable.

In order that local boat owners may have an understanding of the law, the following quotation from the tax law is made:—

"Sec. 603. That on the day after this act takes effect, and thereafter on July first in each year, and also at the time of the original purchase of a new boat by a user, if on any other date than July first, there shall be levied, assessed, collected, and paid upon the use of yachts, pleasure boats, power boats and sailing boats of over five net tons, and motor boats with fixed engines, not used exclusively for trade or national defense or not built according to plans and specifications approved by the navy department, an excise tax to be based on each yacht or boat, at rates as follows: Yachts, pleasure boats with fixed engines and sailing boats, of over five net tons, length not over 50 feet, 50 cents for each foot, length over 50 feet and not over 100 feet, \$1 for each foot; length over 100 feet, \$2 for each foot; motor boats of not over five net tons with fixed engines, \$5.

"In determining the length of such yachts, pleasure boats, power boats, motor boats with fixed engines and sailing craft, measurements of over all length shall govern.

In the case of a tax imposed at the time of the original purchase of a new boat on any other date than July first, the amount to be paid shall be the same number of twelfths of the amount of the tax as the number of calendar month of sale, remaining prior to the follow July.

Dealers who sell the following articles in wholesale lots are required to file duplicate lists with the collector: automobiles, piano players, graphophones, jewelry, sporting goods, perfumes, extracts, hair dyes, pills, tablets, powders, syrups, chewing gum and cameras.

## LAKE WASHES UP "FLOATER" AT SAUGATUCK

**BODY OF UNKNOWN MAN IS FOUND ON THE BEACH THIS MORNING**

**Mystery Surrounds Death and Considered Impossible to Identify Lake's Victim**

Mystery surrounds the circumstances under which death by drowning came to a man whose body was found afloat on the bathing beach near Douglas this morning. The body had been in the water so long and was in such bad condition that it was impossible to make any identification, and it is more than likely that no positive identification will be made. The face was practically gone and the victim of the lake was unrecognizable.

The body was found early this morning on the Douglas side of the river. It was taken in charge by Dr. Pear of Saugatuck, justice of the peace there, and he immediately got into touch with Coroner Pear Fouch of Allegan. The Allegan county official held an inquest but it is not believed that the mystery will be solved.

The only way in which a clue may be found as to the man's identity may come from some relative who may be in search of him, and to this end the Allegan authorities are depending on the publicity which will be given the case for results. The "floater" is a full grown man but because of the state of the body it is somewhat difficult to decide his approximate age.

J. S. Dykstra was called to Saugatuck to take charge of the remains, and if the man is not identified within a reasonable time he will be buried in the potter's field.

## KNICKERBOCKER TO BE RE-OPENED FRANK A. OGDEN WHO STAGED EAGLE PLAY WILL HAVE CHARGE.

The old Knickerbocker Theater that has been dark for three years will again be thrown open to theater-goers. Frank A. Ogden, the man who successfully staged the Eagle play "Eloper" has leased the house and will stage road shows. Good stock companies and vaudeville shows will be on the boards at the Knickerbocker after November 15.

The theater will be refitted and redecorated and patrons will soon be able to satisfy their desire to see a regular stage show as of old.

Mr. Ogden has not yet formulated all of his plans and a more detailed program of his intentions will be published before the re-opening of the play house which is contemplated on November 15.

Former Holland Man Receives Recognition from Local Company

A. H. Landwehr presented Mr. Brochu with a substantial check for his persistent work in the recent collection contest inaugurated by the home office here at Holland which included all branches of the company.

Prizes of this nature presented by the company are usually of a good denomination. Mr. Brochu left last night for Decatur.

## LOSE TWO CHILDREN IN SINGLE WEEK

**DEATH LAST NIGHT TAKES SECOND CHILD FROM TERPSTRA HOME**

Mr. and Mrs. Gerrit Terpstra, 290 East 14th street, lost two children within a week, the death of the second occurring last night, less than a week since the burial of the first which took place last Friday. The child that died last week was a two months' old infant. Last night death took another child, their two and a half year old son Marvin who had been ill for some time.

The funeral will be held Saturday afternoon at 2 o'clock from the home, the Rev. E. J. Tuuk officiating. By these two deaths the family of children is split in half two of the four remaining.

It is now fourteen days since an arrest has been made by our local police force. Chief Van Ry attributes the high cost of whiskey to part of the falling off. Red eye now costs 15c a drink and 85c a pint so most of the regulars must now be satisfied with beer and small glasses at that.

James Hillebrands of 298 Van Realte Avenue has been taken to Butterworth Hospital, Grand Rapids. The parents wish to thank the friends and neighbors for the many things they have done for him.

Sunday, November 4, will be "Go-to-Sunday School Sunday," throughout Canada and the United States. It is expected that a million people will attend Sunday school in Michigan November 4. Many Sunday Schools are preparing special programs for the day.

George E. Kollen is away on a business trip to Columbus, Ohio and Chicago.

## LAKEWOOD FARM WRITTEN UP BY THE MAGAZINE

CHICAGO PUBLICATION TELLS ABOUT GEORGE GETZ'S COUNTRY PLACE

"The South Shore Country Club Magazine" published in Chicago contains an article, in the October number, describing the Lakewood Farm. The article, under the title, "George F. Getz's Lakewood Farm," is from the pen of Edwin L. Poor. Holland comes in for some advertising by the frequent mention of the fact that the Lakewood Farm is located near Holland. The article is illustrated by seven cuts of the buildings and of the menageries that are maintained there. Mr. Poor gives a great deal of interesting information about the farm, most of it more or less known locally. Among other facts it is stated that over 100,000 chicks are hatched there in a season and that 18,000 can be incubated at one time. Says Mr. Poor:

"When a man of large affairs has a hobby, it may be either a great trial or a great comfort to his friends. If it is an art or horses or rare books or antique furniture, the chances are even that the enjoyment of the hobby may be confined to its immediate possessor—but if it is a farm, there is a ten to one likelihood that the hobby will be a delight not alone to its owner but to his associates as well.

"In this latter class is undoubtedly placed the Lakewood Farm of Mr. Geo. F. Getz, who entertains his guests so continuously during all the summer months at this splendid estate near Holland, Michigan.

"Few places in the United States are known so far and wide as Lakewood Farm. Nearly everyone in Southern and Central Michigan has visited it, the whole state has heard of it, Chicago has sent hundreds to enjoy it, and here and there throughout the country, in far away cities, there are men and women who never cease to tell of the delightful memories they have of this really remarkable farm."

### ALD PETER PRINS ADDED TO THE LIST

When Alderman Peter Prins of the first ward learned Friday a. m. that 17 Holland citizens Thurs. night pledged themselves to "go good" for \$100,000 worth of Liberty bonds, he immediately asked for the privilege of being the eighteenth of that number. Mr. Prins has subscribed for Liberty Bonds before during the present campaign but he wanted to do more and he will do his utmost to sell the \$100,000 pledged Thursday night if they are not sold he will stand his share.

### REV. DRUKKER MAY GO TO ZEELAND

Rev. D. R. Drukker of Kalamazoo to whom a call was extended by the 3rd Reformed church of Zeeland, was here in person Thursday evening to acknowledge the call. He called on several of the members of that church and met with the delegates from the church's organized societies. Everyone extended the glad hand to him with the feeling of mingled joy and hope, anticipating his acceptance. The Record is looking forward to that happy day.—Zeeland Record.

### IN ZEELAND PUPIL'S SCHOOL RECORD AVAILABLE AFTER HE LEAVES SCHOOL

A duplicate system of recording the standing of the High school students is being put to good advantage in the Zeeland school this year. By this system permanent records of the grades made by each student are kept for future reference. The system is called "The National School Record System" and reports kept by the superintendent are termed Office Records. They contain the student's name, a list of the subjects he takes and the standing received in each one.

### All Germans but One In West Olive Buy Liberty Bonds

When Frank Wall of the Brownwall Engine Co. and John Boone, the race horse man, were assigned the German district as their territory in the German district Liberty Bonds they looked dubiously at one another. But did they make good?

Did the Germans make good? You bet they did and besides, the Germans, could teach a few of our Holland people a lesson in patriotism. Frank and Johnny were on the job all day, going right into the school house and soliciting from the school marm, and German farmers, alike. They enlisted the services of Albert Jeske a German member of the school board in West Olive and these three men went to every German in the neighborhood asking them for funds with which to lick the Kaiser. The way they came across was simply fine. Every German took a bond except one who pleaded poverty. After the campaign had been completed the three found that \$950 in bonds had been sold to the Germans alone, many of them being natives from the "Fatherland."

This was not all. A chicken dinner and a chicken supper were served the solicitors at two different homes and in which the buyers of these \$950 in bonds from Uncle Sam, participated. They wished the solicitors further luck in their quest and said that if the President needed more money to do the job, they would see how much further they might aid the land of their adoption.

### NUNICA HAS A BETSY BOSS BUT HER NAME IS BROWN

Some of the merchants of Nunica kindly donated the material for a fine new flag for the village flag pole and Mrs. Ed Brown made the flag which is very much appreciated by the people of that place.—Correspondent.

## ONE BOY GETS \$10,500 FOR THE LIBERTY LOAN

BOY SCOUT CARL COOK OF ZEELAND DOES GREAT WORK FOR HIS COUNTRY

The Zeeland Boy Scouts Organization gained a very enviable record in securing subscriptions for the Second Liberty Loan at Zeeland last week.

The troop, consisting of twenty-five Scouts worked so diligently during the special Liberty Loan campaign conducted by the Boy Scouts of America October 20-25 that they secured a total subscription of \$20,250. The scouts were given a day off last Tuesday and by night they had secured a large share of this amount. One scout alone, Carl Cook, secured \$10,500 worth of bonds while Gordon Van Eenennaam and Kenneth DePree were two of three scouts who secured amounts in excess of \$1,000. The following nine members merited war service emblems by selling bonds to ten or more different families during the Boy Scout of America campaign. Gordon Van Eenennaam, Stanley Ceff, Julius Van Eenennaam, Lynn De Pree, Amos Te Paske, Christian Roosenraad, Frank Boonstra, Kenneth De Pree and Carl Cook.

The Boy Scouts have been very fortunate in securing the rooms above John Schoemaker's store for Boy Scout headquarters. Here the members of the organization, some 25 in number, hold regular meetings every Monday, Wednesday and Saturday evenings. The rooms are being gayly decorated with pennants and flags of the United States and the Allies troop flags, also pictures and many other adornments of patriotic nature. In these rooms the Scouts spend many a happy and interesting hour, pursuing books and magazines or going through their drills under the direction of Scoutmaster Fuehrer.

### H. WYKHUIZEN UNDERGOES A SERIOUS OPERATION

Although Holland's Hospital is not yet in shape to receive patients properly, nevertheless two have found their way into the building and are being cared for by Miss Marie Barendse who will be in charge from now on. John Heneveld who sustained a broken leg in an auto accident recently was the first patient and is still at the institution.

H. Wykhuizen, the aged jewelry man, was the second charge after he had been successfully operated on by Drs. Winter, Boot and Kool. The old gentleman is doing nicely considering his age.

The operating room at the new Holland hospital is not yet in shape and will not be for a few weeks and it will still be some time before the hospital will be in such shape that an opening can be announced.

### TWO MORE LOCAL FACTORIES SUBSCRIBE

In addition to the Liberty Loan subscriptions announced in Thursday's Sentinel from Holland manufacturing plants secured Thursday, the following have been obtained Thursday.

Holland Shoe Co. \$5,000  
Bush & Lane Piano Co. \$7,000  
The subscription of the Bush & Lane company is in addition to \$8,000 which was taken out by the employees of the concern. The eighty thousand dollars credited to the Holland Furnace Co., is not credited to Holland completely, \$30,000 of it being credited to the Grand Rapids branch of the company, leaving \$50,000 for the Holland fund.

### HELP ALONG UNCLE SAM

Elma Mae Drinkwater, the 11-year-old daughter of Ald. and Mrs. Arthur Drinkwater, has the kind of patriotism that does not quickly cool. She was very enthusiastic about the first Liberty loan, investing \$100 in it of her own savings, paying cash for the bond. Now in the second loan she invested \$50, again out of her own savings and paying cash. And she hopes to be ready for Uncle Sam again when he comes around for the third loan.

### HOLLAND MAN PROMOTED IN THE U. S. ARMY

## YOUNG COLLEGE GIRL TAKES HER OWN LIFE

MIND TEMPORARILY DERANGED SHE WANDERS TO BLACK RIVER AND ENDS IT ALL

Gloom overspreads Hope College today and a hushed atmosphere pervades the campus. It followed the solution of the mysterious disappearance of one of its young lady students who left the dormitory early Thursday morning and had not been seen again until her body was taken from Black River Sunday morning.

Miss Myrtle Flikkema, daughter of Rev. and Mrs. Garret Flikkema of Palmyra, New York, a girl eighteen years of age, who with her brother, George Flikkema had become a student of Hope College last September, had been missing since Thursday morning. She pleasantly told her roommate at about 6:45 that she was going to take a short walk before breakfast. That was the last seen of her.

When her continued absence after the second recitation period on the same day was discovered it was reported and every effort to locate her by President Vennema and faculty was at once put forth, both here and in Grand Rapids whither strong clues led.

Saturday afternoon one of the several scouting parties found her clothes neatly piled under a tree near the north bank of the river about a quarter of a mile east of the Grand Haven bridge near which point on Sunday morning her body was found in the water.

What led to the dragging of the river was the discovery of the unfortunate girl's clothing by Prof. A. H. Heusinkveld and his brother who were with one of the several groups of student searching parties, sent out by Prof. Dimment, who, himself, was also heading a group.

The Holland Police force were soon busy organizing a dragging party and these volunteers dragged the river in that vicinity all afternoon, bravely weathering the raw, bitter wind until dusk, but they were unsuccessful in their work.

Thinking that Miss Flikkema might have wandered away and became lost, the students were sent out on foot in every direction on Saturday morning, some going as far as Saugatuck and others into the wilds north of Ottawa Beach and Waukazoo. At dusk these returned disappointed. They were told of the discovery made and it was ascertained then that many of the faithful ones had traveled at least twenty-five miles thru woods and underbrush during that day, in quest of the unfortunate girl.

Sunday morning Black river was literally covered with boats filled with dragging parties and at 10:30 John Van Tatenhove and Lewis Van Schelven were successful in pulling up the body that had lodged in a deep hole not more than one hundred feet from the spot where the poor girl's clothing were found.

Her father arrived upon the scene Saturday afternoon. It was learned that Miss Myrtle was first in her studies in the class of 1917 in the Palmyra High school and was the winner of a \$100 scholarship, for four years. Ever since her graduation she has been unusually nervous and morbid at times, which condition became worse since her leaving home to go to college. Her strange disappearance and tragic end are attributed to a nervous collapse.

That her mind was temporarily deranged seems evident from a letter found in her room, torn in half and carelessly cast aside. The missive refers ramblingly to war conditions, the high cost of everything and the misery that these conditions bring, with the final reference that life is not what it should be. The young girl was of a quiet disposition and did not mix much in the follies indulged in by the other girls at the dormitory.

The funeral was held in Holland on Tuesday afternoon and interment took place in Pilgrim's Home cemetery. Coroner Dr. D. G. Cook considered that an inquest was not necessary.

### Class Society Show That It Is Very Patriotic

The Knickerbocker society of Hope College has again proved to be the most patriotic organization on the campus. Last spring when war was declared her members were first to volunteer for active service in the army, and every one of those at present has been promoted and is making good in the army. Then when the campaign for Red Cross funds was on this society on the campus was the only one that donated the fund which in other years was appropriated for their annual banquet to this organization.

Friday night with not a dissenting vote it was decided to invest in Liberty bonds and this society is the only one on the campus that can boast of having this form of security. The spirit of patriotism and loyalty surely must be admired when it is considered that College men do not have ready money on hand for investments.

### LOCAL PASTOR THE SPEAKER

The Young Peoples' Alliance of the Classis of Zeeland held their annual fall meeting Thursday evening in the Second Christian Reformed church in that city. The church was crowded to the doors and the meeting proved to be one of the best ever held. Rev. H. Hoeksema of Holland delivered an inspiring address as a part of the evening's program. A social hour for the members of the Alliance followed the program.

## CALLS REPORT ON PRICE OF FLOUR A FALSE ONE.

F. C. WHITE VIGOROUSLY DENIES HOLLAND BELLS AT FIGURE GIVEN BY PRESCOTT

Declaring that Holland had been done a grave injustice by Michigan Food Administrator Prescott when he stated through the state press that Holland was the highest point in the state in the retail price of flour, F. C. White Monday protested vigorously against Prescott's figures, calling them not only unfair but absolutely misleading and untrue.

"The price as stated of \$3.72 per one-fourth barrel," said Mr. White, "is false. The retail price of our flour per one-fourth barrel is \$3.30. There are one or two outside flours selling as high as \$3.40 to \$3.50, but even taking this extreme, it is still 22 cents below the price given by the Prescott report for Holland."

Mr. White further declared that the retail price of flour in Holland is just as low, if not slightly lower, than the price in Grand Rapids and other nearby cities. He quoted market reports clipped from the Grand Rapids Press giving flour at \$13.20 to \$13.60 per barrel, while flour in Holland is \$13.20.

Mr. White declares that the low water mark of flour prices quoted in the Prescott report, namely \$2.40, is an impossible price. A good deal of feeling was aroused in Holland when the report came out that in some places flour was only \$2.40, while here it was \$3.72. Not only is it not \$3.72 in Holland, according to Mr. White, but the price of \$2.40 is an impossibility and hence it is unfair for Prescott to use it as a basis of comparison. Nothing but a low grade flour could be manufactured and sold at that price. It cannot be sold at \$9.00 per barrel even in carload lots, and certainly not in one fourth barrel lots. The government, he says, is paying far above that figure.

"The report not only takes Holland's highest figure of \$3.50 and puts 22 cents on top of that for good measure," said Mr. White, "but it takes the lowest figures of some other towns and then goes below the price at which a high grade flour can be sold. The report has given Holland a black eye that it does not deserve. I have made careful investigation and I have yet to find the store in Holland that sells at more than \$3.50, while the fairer figure to quote is \$3.30. And in this figure Holland is well within the average of the state, fully as low even as Grand Rapids."

That the cost of living in Holland is not higher than in the other forty-three cities in Michigan from which prices were listed by the State Dairy and Food department is shown by a detailed comparison of the lists. Flour as shown by F. C. White, president of the Chamber of Commerce Monday, is not actually higher here than in the other cities of the state, and many of the other articles of food are lower.

Fifty-seven articles of food are given in the list, under the following general heads: canned goods, cereal products, dried fruits, sugar and syrup, fats, vegetables, meat and fish. In 52 cases the prices in Holland are quoted as lower than the highest average of the forty-three cities. That leaves (not counting in flour) only four articles in the whole list that are as high in Holland as the highest average in the state. These four articles are pineapples, shredded wheat, cream of wheat and oleomargarine.

There are 34 articles in the list, the prices of which charged in Holland are nearer the lowest average for the whole state than the highest average. There are four articles that are as low in Holland as the lowest average for whole state, and these four are rather important articles of food, at least one of them, namely sugar. This staple article used every day by everybody is quoted at the lowest possible price in the whole state. The other three are chicken, salt cod fish and rice.

## BOARD NAMES OFFICIALS

The Board of Supervisors of Allegan county elected F. C. McClelland superintendent of the poor, A. M. Nutten a member of the board of school examiners, and Clinton B. Baker, janitor of the court house. The board also appropriated \$150 for expenses of the committee having in charge the liberty loan work and \$50 with which to carry on the work of food administration and conservation.

## HOLLAND SHOE CO. OFFICIALS WISH TO EXPRESS APPRECIATION TO EMPLOYEES

The officials of the Holland Shoe Co. asks this paper to express publicly their appreciation of the loyalty shown and the patriotic manner in which the employees of that company responded to the call of our President in behalf of our boys from Holland and elsewhere, sent forth from this nation to uphold the course of democracy in the nation and in the world.

The men subscribed the sum of \$3,200 toward the cause of Liberty in buying that amount of the Liberty Loan. Truly the Holland Shoe Factory force can be listed with the names of the many other local business institutions whose employees have responded so nobly to their country's need.

## AIM IS TO "STARVE THE GARBAGE CAN"

THAT IS WHAT THE FOOD CAMPAIGN IN HOLLAND THIS WEEK MEANS.

The food conservation campaign that is on in Holland this week under the direction of Mrs. Dick Vander Haar is expected to have important results locally as well as in a larger way when it is looked upon as part of a nationwide movement.

The food conservationists of Holland expect to help the local families to "starve the garbage can," as one of them described it graphically. The waste in Holland has been reduced materially during the recent months, but it is fairly certain that it can be still further cut down, if the housewives will go at it systematically and conscientiously. As a result of the campaign much less garbage should be collected in Holland, and nothing should be thrown into it that can in any way be utilized for food.

The Michigan Division of the Woman's committee of the Council of National Defense tells how the city of Dowagiac has reduced the garbage thrown into the cans to such an extent that in a great many cases the city garbage service could be discontinued the housewife burning the few things that she had to throw into the discard.

A great many homes in Holland have been observing the principles of food conservation that the committee of women is now impressing upon them. But even for those the work is not superfluous. The campaign will systematize all the efforts and weld Holland into a unit on this score.

The route being covered by the Elgin Six Scout car is the Lincoln highway from Chicago to San Francisco; the Coast road from that city to Los Angeles; the National Old Trails Road from Los Angeles to Washington, D. C., including a detour to Chicago; from Washington to New York, and thence over the Lincoln Highway to Chicago, the Dixie Highway from Chicago to Mackinaw City, Mich.; thence to Miami, Fla. The distance is approximately 12,000 miles.

## EPWORTH LEAGUE BANQUETS

Annual Celebration Was Given Friday Evening.

The Epworth League of the M. E. Church held their annual banquet in the church parlors Friday evening. The tables were arranged in the form of a cross and were gaily festooned in autumn leaves and covers were laid for about fifty. The ladies of the Home Missionary society served. The following program was enjoyed: Toastmistress, Hazel Fairbanks; Toast, "Little Things," Elsie Gowdy; solo, Mrs. Ralph Walcott; Toast, "Look Up, Lift Up," Clarabelle Wright; Toast, "In the Midst of It," Rev. Walker of St. Paul's church of Grand Rapids; solo, Ruth Mc Clellan; Toast, "A Call to the Color," Rev. Bonnerman.

## Georgetown's Response

Hudsonville, Nov. 1—Winding up their campaign with a burst of speed, the Liberty loan workers here turned over in subscriptions which carried Georgetown township's total to \$41,600 or \$1,000 over its maximum allotment.

## Grand Haven Goes Over

Grand Haven, Nov. 1—Grand Haven's quota in the second Liberty loan was \$334,000, and the amount raised up to Saturday evening was \$385,000. North Ottawa county's amount raised up to Saturday evening was \$580,000.

## WEST MICHIGAN FACTORY MEN PATRIOTIC

The managers of the West Michigan Furniture factory believe that their employees have won the honors for high percentage of the total number employed buying Liberty bonds. There are one or two concerns in Holland all of whose men have bought bonds, but these firms employ comparatively few men. The West Michigan has over 300 employees and more than 82 per cent of these invested in Liberty bonds.

Saturday morning Mr. Ray in more than \$6,000 for the men in one of the banks. It is believed that his record cannot be beat in Holland.

## THEY RETURN TO THE WEST

A farewell party was held Thursday evening at the home of Mr. and Mrs. Milan Huyser in Zeeland in honor of Miss Theresa Mae Top, Abe Bouwens and Martin Bouwens of Adams, Neb. Several relatives and friends gathered at the Huyser home to bid them goodbye before leaving for the West, after spending an extended visit in Zeeland and vicinity. The party left Friday accompanied by Eli Bouwens and Harry Petrolje of Borelio who will spend a few weeks in Nebraska.

## WILL HAVE 85,000 CHICKS NEXT SPRING

HOLLAND POULTRY MAN PUTS IN NEW INCUBATOR WITH 10,400 EGG CAPACITY

This locality has become renowned for its chicken raising. We have our George Getz, our Dr. Heasley, our Belvidere Farm and besides many other chicken farmers of smaller capacity. But among the big ones we may now add Wm. Van Appledorn proprietor of the Holland Hatchery. The proprietor of this thriving business has just installed a Blue Hen Incubator, having a capacity of 10,400 eggs.

The new device which gives birth to young chicks, will be installed in about four weeks and will be one of the largest in western Michigan. Mr. Van Appledorn has been very successful in his chicken raising venture and by next spring he expects to have 85,000 peeps ready for market.

## LESLIE RISTO INJURED IN AUTO ACCIDENT

Leslie Risto who was driving one of the H. J. Heinz Co. autos collided with the car belonging to G. J. Diekema. The Diekema car was parked in front of the home on West Twelfth street and was unoccupied. Another rig and an auto it is said, blocked the way to the north of the Diekema car. Risto tried to brake his car but the pavement was too slippery owing to rain and apparently the brakes did not hold and the Heinz car skidded into the former congressman's auto, doing considerable damage to both cars. Wm. Seidelman, who was driving by picked up Mr. Risto, hurried him to a doctor where it was necessary to take several stitches in places where Risto was cut about the face. The young man will be laid up for some time it is said.

## Mrs. Mary Dutton Dies in Piper, Montana

Mrs. Mary Dutton, for many years resident of Saugatuck, and mother of Will Dutton, at one time publisher of the Saugatuck Commercial Record, died at the home of her son near Piper, Montana. She had been afflicted for the past four years with a cancer of the nose, but it did not give her much trouble until the last year, during which she suffered much. Interment was in the cemetery near Piper.

## ENTERTAINS ENTRE NOUS CLUB

Miss Gertrude Jonker entertained the Entre Nous club with a Halloween party Friday night. Those present were Misses Jane and Kate Altens, Mrs. John Harmon, Evelyn Scheppers, Misses Mary and Bertha Michmershuizen, Grace Koning, Angie Sierma, and Gertrude Jonker.

Each guest was masked and represented either ghost, goblin or witch. The evening was spent in telling ghost stories and playing typical Halloween games, including fortune telling. The rooms were beautifully decorated and an elaborate four course luncheon was served.

## Farmer Thought Banks Were Going to Hang on to Deposits

A Holland attorney tells a new one that quite beats anything that pro-Germans or others have tried to put over in this part of country at least. A farmer living not so many miles from Holland came to town and seeing one of his friends entering a local bank stopped him and asked if he were intending to deposit some money. On learning that such was his friend's intention he earnestly tried to dissuade him from so doing, declaring that if he did so he could kiss his cash good-bye at least until the war was over.

Inquiry as to where he got this preposterous notion brought out the fact that the rumor had been circulated in his community as gospel truth that the banks, the Holland institutions among them, were going to hang on to all the cash that came to them. The rumor stated that on account of the great demands for money that the government was making and on account of the great needs for cash throughout the country, the banks of the United States were quietly keeping the money deposited in them and would not let it go until times changed after the war.

The man from the country told his friend that if he deposited his money he would not be able to draw it out again. And he was perfectly sincere about it. This foolish story had been circulated in his community and he believed it in good faith. He was soon persuaded however that this story was like the tales spread about the Red Cross—probably the result of pro-German imagination, and he went home to spread the news that the banks are doing business in the same old way as they always have been doing.

## OTTAWA NURSE TO SPEAK IN FLINT

Miss Blanch E. Post, Ottawa county nurse, is getting something of a reputation throughout the state as a health worker. Recently she appeared in Lansing and gave an address about the work in this county before the convention of the state Federation of Corrections and Charities. Now she has been invited to give an address before the Genesee County Federation of Women's Clubs on the subject "Needs and Duties of a County Visiting Nurse." The meeting will be held in Flint. Since the schools of the county will be closed on November 1 for State Teachers' Institute, Miss Post will take advantage of the opportunity to go to Flint and fill the speaking engagement.

## DIRECT WAR TAX WILL SOON STRIKE HOME

HOLLAND TRAVELERS TO GRAND RAPIDS MUST PAY 8 CENTS MORE AFTER NOV. 1

Holland will soon find that the Kaiser is on earth and that it takes money to rid the earth of him. The necessities and luxuries alike will come in for a "tip" in behalf of Uncle Sam.

After November 1 Postmaster Van Eyck will deal out stamps for three cents and postal cards for two cents. You will have to pay an extra "tip" to the Citizens and Bell Telephone Companies if you use the long distance line and in turn the government will exact tribute from the "hello" men for every one of such calls made over their lines.

Possibly the most sweeping revision is on the railroads and interurbans. Holland people going to Grand Rapids on the Holland interurban will have to pay eight cents more on a round trip ticket as a war tax, and in order to show its patrons what is going to happen and what revision there will be in the freight and passenger rates, owing to war, the road posted up the following notices in every passenger car:

## NOTICE

Effective Nov. 1, 1917, the Government War Tax will be collected from passengers on all fares of 35 cents and over upon purchasing tickets or on payment of fares on cars.

(This Tax (8 per cent) is as follows:)

On Fares—	From \$0.36 to \$0.43 inclusive.....	\$0.03
	From .44 to .56 inclusive.....	.04
	From .57 to .68 inclusive.....	.05
	From .69 to .81 inclusive.....	.06
	From .82 to .93 inclusive.....	.07
	From .94 to 1.06 inclusive.....	.08
	From 1.07 to 1.18 inclusive.....	.09
	From 1.19 to 1.31 inclusive.....	.10
	On fares above \$1.31, Tax 8 per cent.	

On Chair Car Seats sold for 25c, Tax 3c  
Steamer Berths sold for \$1, Tax 10c  
Steamer Berths sold for \$1.25, Tax 13c  
Steamer Berths sold for \$2.25, Tax 23c  
Steamer Berths sold above \$2.25, Tax Ten Per Cent

On all Milk, Bread and Ice Cream tags from 12c to 35c, Tax 1c each.  
On all freight charges 3 per cent will be added and collected at time of payment. Mich. R'y Company.

The Holland Interurban officials give fuller information as follows:  
Two things the government asks particularly:

1. Three per cent of the amount paid for the transportation of freight.
2. Eight per cent of the amount paid for passenger fares in excess of 35 cents.

We solicit your earnest co-operation by prompt payment on demand of these war taxes to the end that business, both freight and passenger may be expedited. These are taxes that YOU must pay. We are only the collecting agency for the government. We have war taxes ourselves to pay.

To the freight shippers we would say that the war tax on freight must be paid by whoever pays the shipping charges.

In the matter of passenger fares nothing will be gained through storing up paid fares in advance of November 1. The government has protected itself against this by ordering the collection of the tax on such tickets when presented.

On all tickets sold on and after November 1 our agents will collect the proper tax at the time of the sale, where, of course the fare is in excess of 35 cents. Similarly where cash fare is paid on the cars the conductor will at the same time collect the proper amount of war tax.

In closing let us make it clear to you that the war tax rates as given above apply not only to our lines but to all transportation companies, "rail or water or any form of mechanical motor power in competition with carriers by rail or water."

These taxes and others are to help Uncle Sam win the war. Let us do our several parts cheerfully.

Do not argue with the conductor or the agent but pay promptly and keep out of serious trouble with the federal authorities.

## Ottawa Bond Salesman Runs Up Against a Near Traitor

Liberty Loan salesman who worked in Spring Lake Township Saturday bumped into a proposition which they hardly expected to locate in as patriotic a locality as Spring Lake has proven to be in the recent campaign for the loan. A young farmer, not a German by the way, was asked to buy a bond, and he immediately exploded into a tirade against the country which gave him birth, and for which men in khaki are standing ready to give up their lives.

Classing America next to England as the most detestable nation on earth this man uttered words which in any other country would mean death to him. Needless to say the bond salesman came back at him strong. Before they were through with him they had secured a complete report of him. This report will be turned over to the proper authorities, and a complaint made that the man is influencing his neighbors against the United States and the present Liberty Loan.

The Odd Fellows Thursday night joined the Liberty Loan procession by investing in bonds. A motion was made by one of the members to invest \$500 in bonds and the motion was immediately passed without one dissenting vote and without discussion. Friday morning one of the trustees went to the bank and converted that amount of the lodge's funds into United States securities.

## POLICE WILL TAKE BULL BY THE HORNS

HAVE STOOD ALL THE SIDEWALK BICYCLE RIDING THAT THEY ARE GOING TO

The bicycle riders noticed on the sidewalks recently during the rainy season have been many. Owing to the condition of muddy street the police have been lenient with them but the matter has come to such a turn and the riders are getting so reckless that the nuisance must stop. Monday night there were reported four accidents to pedestrians that many being run down by bicyclists, while they were going home at 6 o'clock Monday night. There has scarcely been a day when these reports are not sent in to headquarters. Many are also happening that are not reported.

The police have their blood up and this article will answer as a warning to the offenders of this ordinance, that hereafter the patrolmen have been instructed to make arrests where ever and whenever the bicyclist is seen riding on the sidewalk within the city limits.

The pedestrian must have some right in this matter. The auto is a constant menace and surely they must have some safe place to travel and for that reason the police will make an example of the next lot found riding on the walks.

## FORMER HOPE STUDENT WINS SCHOLARSHIP

Miss Helen Roelofs, a former teacher in the Coopersville schools has gone to Ann Arbor where she has been awarded a scholarship in the University of Michigan.

Miss Roelofs was graduated early from the Central High school of Grand Rapids, and then attended Hope College from which she graduated well equipped to take up advanced studies. She taught one year in Coopersville and then entered the University of Michigan, where she won her honors and obtained a master's degree.

Miss Roelofs is a daughter of Henry Roelofs, lieutenant colonel in the Dutch army at Amsterdam, Netherlands, at which place she began her schooling. She is now specializing in philology in university.

## TELLS ABOUT RUSSIA IN SCHOOL TALK

A large number gathered at Lincoln Avenue school Thursday evening for the first meeting of the P.T. club.

Prof. E. D. Dimment gave a very interesting and instructive address on "Russia, the Land of Rigor, Revolt, and Romance." Miss M. Muller gave a humorous reading, "Her First Call at the Butcher's". An enthusiastic talk on Liberty Loan was given by Mr. H. Winter. The musical numbers consisted of a solo by Miss Ruth McClellan, a duet by the Misses McClellan and Spritsma, and several selections by the orchestra.

A social time was enjoyed while refreshments were served by the social committee.

## IS TAKEN INTO CUSTODY

Report Says Young Holland Soldier Is Charged With Desertion

Taken into custody in Benton Harbor on the charge of desertion Private George Verburg of this city is waiting there to be turned over to the army authorities at Ft. Benjamin, where he was a member of the 28th Infantry, having volunteered last spring. No definite information has reached young Verburg's family here except the fact of his arrest, and it is believed there may be some mistake made that will explain taking the young man into custody. He was returning to camp after a ten day's furlough spent in Holland.

## NO CHANGE IN THEATER PRICES FOR SEATS

NOVEMBER 1 GOVERNMENT WILL CHARGE ONE PENNY TAX ON EVERY 10c SEAT SOLD

The "movies" in Holland will pay the government tax themselves consisting of 1 cent on every 10c ticket sold, at least that is the contention of Mr. Himebaugh proprietor of the Strand and the Royal. The tickets at night will remain 10c for adults and 5c for children. One change in price will be made however. The price on tickets for adults in the afternoon will be raised from 5c to 10c. This will compensate for the government tax only in part, therefore the balance will come out of the pocket of the management.

It is said that picture men from the surrounding cities have been here asking the local theater men to raise the prices of tickets to 15 cents, but this was no go.

The government does not charge a tax on a 5c ticket but it does on a 10c one. Movie men elsewhere were under the impression that if they raised their children's tickets a few cents that this would pay for the adults' tax and thus the theater men could escape the war tax. Uncle Sam has provided against this however. All 5c tickets carry no tax but should the movie manager charge 6c the government takes the extra penny.

## CENTURY CLUB ENTERTAINED AT KNOOIHUIZEN HOME

The Century Club enjoyed a very interesting program Monday night at the home of Dr. and Mrs. A. Knooihuizen. Mrs. George E. Kollen gave artistic interpretations of "Marrying for a Living," (Dorothy Dix) the playlet, "History repeats itself," (C. A. Dawson-Scott) and also a cantillation, "A Wild Rose," words written by Myrtle Koon Cherryman, accompanied by Mrs. G. W. Van Verst, who played McDowell's beautiful composition "To a Wild Rose." The other excellent musical numbers were vocal solos (a) "Mother o' Mine," (Kipling), (b) "Sur Music," (Franz) by Mr. R. A. Page. "Pastorale" (Mozart), Mrs. R. A. Page; Ladies quartette (a) "Snowflakes," (Cowen), (b) "An Indian Serenade," (Berensford), Mrs. J. E. Telling, Mrs. A. A. Visscher, Miss Mabel Anthony and Miss Jeanette Mulder.

Refreshments were served by Mrs. G. W. Van Verst, Mrs. A. Diekema and Miss Myrtle Beach.

## SEASON IS TOO LATE, WILL START EARLIER NEXT YEAR.

A late start and abnormal conditions have compelled the Hope College Athletic Association to discontinue inter-collegiate football for the remainder of the season. The game will be taken up afresh next fall, and with the aid of the men who have gained some experience on the gridiron this year Hope should be able to turn out an eleven that will make a good showing against the other college team of the state. Enthusiasm for the game has by no means died down at the local institution. Several class teams are preparing for inter-class games this week and next.

Morris Verhulst formerly with the J. & H. DeJongh store left Friday for Big Rapids where he will study.

The Adams cottage at Macatawa Park is a total wreck owing to the high water of Lake Michigan and the severe storms that have been raging since Sunday. For some time the Adams cottage had been trembling on the big sandbank which once was considerably distant from the lake. Monday night the storm whipped the waves into new fury and the little sand which had been left under its foundations was swept away. Tuesday morning only a few boards and one or two piles protruding it leaned drunkenly on the spot where it leaned drunkenly Monday afternoon. The concrete walk part of which crumbled beneath the attack of the waves during the summer causing one death, now is almost a complete wreck.

Sugar is scarce in Allegan as it is everywhere just now. Early in the week Grand Rapids retailers began limiting each customer to five pounds at a time, and Wednesday that plan was put into effect in Allegan. One store did not have any granulated sugar at all and the others had a short supply and they claim that the condition is due to the great demand and the fact that the beet sugar refineries have not yet begun their year's work. Some began this week and soon sugar will be plentiful and doubtless cheaper than it is now.—Allegan Gazette.

The material for the study is contained in two page pamphlets. One sheet of the pamphlet shows a beautifully colored picture of a bird and on the opposite side is an outline of the same bird which the pupil fills in with crayons or watercolors. These exercises are given once a month and each year a different set of birds are studied.

Old residents admit that never before has there be an October like the present one.

A pathetic death occurred at Zeeland Sunday, when Mrs. Charles Olsen died at the age of twenty-one years. Brights disease was the cause of her death, suffering for several weeks and finally last Saturday the end came. At least six men from Camp Custer but luckily none from Holland were recorded as deserters from the divisions, but none of them has been caught. That the penalty if caught will be severe may be gleaned from the result of the trial of Otto K. Brennon, a member of the 325th infantry, who was tried recently in Georgia. Brennon was sentenced to a dishonorable discharge and to serve a life sentence, although the death penalty was possible. The sentence was later reduced to ten years at hard labor.

### COMING BACK FOR ONE DAY ONLY

Returning Once a Month

#### DR. IRVING E. SANDERS

Will again visit Holland, Michigan, and will be at Hotel Holland, (Parlor Suite) on the 6th day of November, 1917, for ONE DAY only, Tuesday, Hours 9 a. m. to 8 p. m.

holding a Dispensary Clinic for all his patients having appointments and others who may want to see him. Dr. Sanders is too well known to most people in this locality to need any introduction except to newcomers. Having practiced medicine in most of its branches for more than 45 years in Michigan, he is known from one end of the state to the other as a great Medical expert in the Diagnosis and Treatment of Chronic Diseases of MEN, WOMEN and CHILDREN.

The hundreds of chronic sufferers cured give testimony to the truth of this assertion. Come and see some and talk to others you will meet, and be convinced.

No matter how long you are ailing, or what the nature of your ailments are, how many doctors you have seen, or what has been done for you. Go and see Dr. Sanders. Your visit will cost you nothing, and at last you will meet a man, grown old in the service of humanity, honest, upright, sincere, qualified, well recommended and able. He will examine you thoroughly and scientifically, thus diagnosing your case and tell you just where the trouble is and what to do to get rid of it.

Dr. Sanders treats MEN, WOMEN and CHILDREN afflicted with Chronic Diseases only, that is to say, diseases of long standing. If you are now in the care of your family physician, and he is doing good work do not come and take up his valuable time, as in that case he will not see you. If he can help you, he will tell you so, and give you such treatment, remedies and advice as will restore you to perfect health. If your case is not curable, he will give you such advice as will relieve and may prolong your life.

CONSULTATION and EXAMINATION at this visit is FREE. YOU will be charged only with the actual cost of the treatment required to affect your cure, which at all times will be reasonably moderate. Under no circumstances will he take a case for treatment that cannot be cured.

This is not a scheme to trick you out of your money, not a C. O. D. snare or anything that is not strictly ethical and according to law. Come and be convinced, and find at last that you are not hopelessly doomed to suffer for lack of expert medical skill and knowledge and that you may obtain perfect health for less money than you spend on patent medicine.

NOTE:—If you have pain in the back bring a two-ounce bottle of urine for chemical and microscopical examination and analysis. Minors without parents or guardians not admitted to examination rooms. Calls to private homes \$10.00. Consultation with physicians by appointment only. Remember the date. Hours, 9 a. m. to 8 p. m.

## Letters From the Front

Letters from the Front  
Batt. M. 7th Reg. Exp.  
New York American Exp. Force,  
Sept 27, 1917.

Dear Parents:—  
I received your letter not long ago and will answer it now. I am well and have not met with any hardships on my journey to France.

I was certainly delighted to get your interesting letter but hope that you will not stop with that one. Write me once a week anyway, even though my letters are few and far between.

It is very warm here during the day but the evenings and nights are very cool. There is a fine Y. M. C. A. here and they have services every Sunday, both Prot. and Cath. with a Bible class at 9. I think we will study the

International Sunday School lessons. So altho far distant from you I will at least be with you in the study of the Scriptures on Sunday morning. The Sec. of the Y. has arranged for several entertainments within the next few months and I have promised him to give a few readings. I will have to brush up a little on my line during the coming weeks.

Well I must close now, with love from your son,  
DANIEL VOS.

Dear Ben—  
Well, here we are on a real Texan ranch, the "realist" one in Texas, too. I wish you could visit Indio ranch, with me for a vacation trip. It would have to be a lengthy vacation to allow you to see the whole ranch, the largest in the southern part of the United States. Its boundaries fence in so many square miles of cactus, mesquite and cultivated fields that the exact number of acres is hardly known.

Indio proper has at least 200,000 acres. The Indio Cattle Company is a corporation engaged in raising cattle on more than this main ranch adding another 100,000 acres traveled over by the cowboys. From our camp here I can see part of a 9,000 acre field where cane is grown for the cattle and where cotton and flax have been harvested.

Fourteen concrete silos about 100 ft. high dot the river valley in groups of twos and threes, where the fodder is stored. The manager's home is here surrounded by the homes of the foremen and the commissary, the ranch store; a little removed from them is a long building where Mexican families live in one-room homes, and a quarter of a mile away is a "Spik" village of "dovy" huts, the usual Mexican mud shack. This town's most prominent citizens have as many as two rooms in their homes and don't allow the pigs in their living room. The men are employed on the ranch, but the children never grow into their padre's places, as is the way in many American families, because they are living here today and possibly tomorrow they will be in Mexico with their household goods, or on a ranch farther down the river. They are as carefree as they make 'em. About thirty children are enrolled in the low-white school house built here for them, but one day there are three pupils and the next day thirteen are taught the three R's by a popular young "schoolma'am". But for the age limit, I'm afraid some of the soldiers would try a course in post-graduate work. As it is, they have to take it out in carrying water from the well and supplying the latest magazines "for the school library," you know.

Two patrols along the river, of about six miles, are made daily and one of thirty miles is on the detail once a week. We are allowed to take our horses out of the corral for a ride if we are not on patrol or kitchen police. Those two duties and camp guard at night our only cares out here.

I just had to stop to clutch all my papers and shut my eyes. It was another little whirlwind passing over. You can sometimes see five or six gray dust pillars against the blue sky at once. They make a base of about 20 feet that sucks dust and papers about 200 feet or more into the air.

I've saved some good news for the last. We have gained the consent of the Troop Commander to remain out here another month as the whole detachment made the request. Otherwise this week would have been our last one.

Dinner-time. Our "chow" bell is ringing. Sh! I'll tell you a military secret. It's 3 P. M. We get up so late on the farm that we have only two meals before it's bed-time again.

Oh, I didn't tell you how to find us for that vacation trip. Just follow the Rio Grande for 18 miles from that well known metropolis, Eagle Pass. Sincerely yours,  
CARROLL.

## AFTER LIBERTY LOAN COMES GREAT "Y" DRIVE

Friday night a public meeting will be held in the City Hall conducted under the auspices of the Chamber of Commerce, which every good citizen should attend. Two projects are coming up on that night which need special attention. The one and most important is a drive for funds to be used for a Y. M. C. A. for the soldiers at Camp Custer. Every city in the state is taking up this work, much along the line of the Liberty bond campaign only not in such large proportions. A campaign will be made for money to be used in defraying the expense of a Y. M. C. A. at the Michigan cantonment.

Holland's proportion of this war contribution is \$8,000. But unlike the Liberty Bonds there is no money coming back nor is there going to be any interest. The only returns will be in the satisfaction of work well done in a cause that speaks vitally for the welfare of our young men including more than 100 from Holland.

Uncle Sam feels that the spiritual welfare of our young soldiers are as important and more so than his bodily well-being and the government lays special stress on this fact.

Tuesday Mayor John Vanderluis attended a meeting of the State Committee having these matters in charge and in addition to his name, A. H. Landwehr and Prof. J. B. Nykerk were appointed by that body to take charge and head the Holland campaign, starting the week between November 11 and 19.

Creed cuts no figure in this "Y" drive. All are welcome—no denomination is barred and no sect is given special privileges. It is a common cause in which all are interested. The Baptist, Methodist, Reformed, Adventist, Episcopalian or Catholic—all are joining hands in this matter to make it their burden together and collectively.

Another matter to come up Friday night is the war camp community recreation service conducted by the Play Grounds and Recreation Association of America under the supervision of the War Department.

Every citizen may aid in this urgent cause by helping to provide funds for wholesome environment and a generous measure of hospitality and recreation in the communities adjacent to the camps. This expression of community loyalty will go far to imbue enlisted men with the spirit and the physical vigor that will make for their greatest efficiency on the battle fronts of Europe, and will insure for future generations that national wholesome and cleanliness of which America is justly proud.

Remember that these two very important projects come up Friday evening at 7:30 o'clock in the city hall and every citizens, man or woman is welcome.

## THE DUST-LADEN KNICKERBOCKER LIKE OLD TIMES

EMPTY PLAY HOUSE RESOUNDS WITH MIRTH AND LAUGHTER. EAGLES MUSICAL COMEDY PLAYS TO PACKED HOUSE.

Tuesday night the old Knickerbocker Theater reminded former theatergoers of old times. For three years no foot light has shown upon the faces of any stage celebrities. For three years no soft strains of music were heard in the spacious auditorium. In three years empty seats faced a hollow bleak empty stage, a dust-laden floor showed the foot-prints of the custodian who peeped in annually to see if the place was still there. An atmosphere heavy and murky pervaded the place. But this was until the Holland Aerie of Eagles took hold of the play house and in one night converted it into a place of pleasure, dispelling the gloom, and bringing good cheer to the erstwhile forgotten home of amusements.

The first performance of "The Elopers," a musical comedy played to a packed house with standing room at a premium. The cast was composed solely of Holland talent, under the direction of Frank A. Ogden who came to the city to stage the play, under the auspices of the Holland Aerie of Eagles who will use the available funds with which to help do their "bit" for Uncle Sam.

The play might be called a great frolic. There is no great plot, no murders, no villains, no railroad wrecks, etc., but a lot of "happiness for ever after" and plenty of that.

The synopsis of the play goes something like this: Father and son, mother and daughter become hopelessly entangled in a matrimonial mix-up, in which one tries to deceive the other with the fact that they were married to the other woman, or the other man, as the case may be. All have obvious reasons for the deception. The play is a sort of four cornered love affair in which the mother becomes the daughter of the son and the grand-daughter becomes the great grand-mother of the father and so on down the line, that is if the marriage deception had turned out to be a reality.

But then the deception was discovered in time and the father married the mother and the son the daughter and their happiness reigns supreme—all is over—and so is the show.

Interspersing these melodramatic climaxes, in fact running thruout the entire performance, are comical side lights and musical offerings that give it the musical comedy effect. These are neatly tucked in by Director Ogden and fill out the play.

The songs all have a good swing to them and dancing by the chorus is well timed and gracefully executed. The opening chorus number entitled "Boys and Girls" was very creditably executed, in fact these 12 young ladies were a feature in the play and all thru the performance these maidens put the finishing touches to the offering.

Their cleverest work was shown in the song "Poppy Time" lead by Miss Nell Bremer, when the entire chorus

came out in Jap costume and chrysanthemum head-gear.

Kathryn Heeringa sang, "Through these wonderful glasses" very creditably, while Senulla Kuite leading 24 little girls in a drill winding up with the song, "Take me back to babyland," brought an encore from the audience.

"America" by Wilma Wydgraaf and chorus, was indeed a patriotic offering and she sang the popular song with a sweet expression that was taking.

"Oh, You Wonderful Child" by Margaret Knutson made a hit, Miss Knutson surprising her friends as a singer not alone, but also displayed an easy grace in performing her steps incident to the song.

Joe Damveld, Ward Phillips and Orrie Green were on the program for solo work and barring a little stage fright the boys came thru with flying colors. Horace Dekker received a good hand with his "What Kind of An American Are You?" but then you could see that Horace had seen the foot-lights before and you might surmise you couldn't scare him out.

John Voogd was easily the "Peck's Bad Boy" of the Company and a mighty bad one at that, while Hazel Harris may soon be wearing "Sis Hopkins'" shoes and her pig-tails, too for that matter. She certainly made a hit with her listeners.

Miss Dora Vander Meulen as the "Samantha Hicks" and her sister Nella as "Mrs. Lucille Ketchum" did very clever work as did Laura Munson as "Tootsie Ketchum." Martin Edig as "Jimmie Davis," and Horace Dekker as "E-Z Davis."

The Policeman Ben Nash is still looking for his rule book. Ben had his lines down fine until he lost his book. But then Benjamin was easily a shining light in the show—he wore a star. "Hiram Hicks" in the person of Herman Beekman was a hay-seed right; he was even gold-bricked into a side-show by a speller, named Peter Hovinga. How could Peter do it?

Jack Bontekoe, the "Red Hot Man" was not only a "dog-seller" but a waiter, a minister, a confidence man, a movie artist—in fact his repertoire embraced a list as long as his personal self. Jack positively was a "Jack of all acts".

F. A. Ogden received several encores with his laughing song, entitled "Come Out of the Kitchen Mary Ann."

Miss Anna VanTongerren who marched on to the strains of Mendelssohn, in her wedding trappings, sang sweetly "I'm Going to Bring a Wedding Ring." Donna Kraai in her talking and singing part excelled in the interpretation of "Queen of the Roses."

The Grand Finale by the entire Company completed the program and a successful show. Lacey's orchestra played at intermissions and the appreciative audience demanded several extra numbers.

Mrs. Ogden who presided at the piano has a difficult part to take. She has shown by her skill that she has her part well in hand and her excellent time together with able prompting to forgetful ones made the show go on smoothly to the end.

Frank A. Ogden, the director, has shown considerable tact in putting in shape a bunch of raw recruits in so short a time. The show was not that of by the Eagles until two weeks ago and the personnel of the cast with but few exceptions had never peeped over a foot-light before. All things considered the participants did very well indeed.

Last evening the show was repeated and the players were greeted by a large audience.

## CELEBRATION OF FIRST REFORMED CHURCH SUCCESS

**THE ONLY TWO EX-PASTORS  
STILL LIVING WERE PRESENT.  
HISTORY SHOWS THAT DR. VAN  
RAALTE PREACHED TO  
ITS PEOPLE 20 YEARS**

**Social Hour on Monday Evening Very  
Successful; Was Presided Over  
By Elder B. Steketee; Delib-  
erations of Reminiscent  
Nature.**

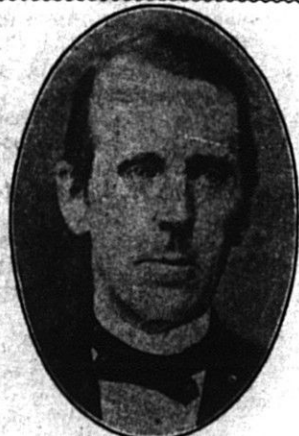

The celebration of the Seventieth Anniversary of the First Reformed church caused large and enthusiastic audiences to fill the pacious auditorium to its utmost capacity, especially at the morning and evening services. The program, not only on Sunday,

Rev. A. C. Van Raalte, D. D.  
1847-67

but also on Monday evening was carried out as planned.

Rev. Jacob Van Houte, of Boyden, Iowa, who succeeded Dr. N. M. Steffens in 1892, and labored for eight years, and Rev. S. Vander Werf, who followed the former, remaining with the church about four years, and the only

Rev. B. Pieters  
1869-'79

ex-pastors still alive, were both present. Dr. Dosker, having supplied the church consecutively for over a year, between the ministries of Rev. VanderWerf and Rev. Veldman, also honored the church by his presence.

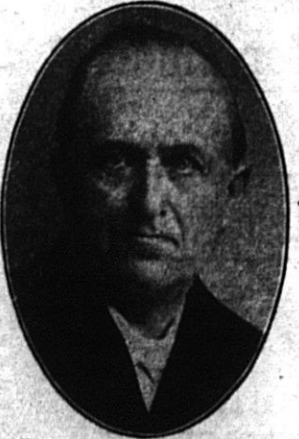

The choir composed of about 25 voices, with Miss Jennie Karetten presiding at the organ, and Miss Anna

Rev. N. M. Steffens, D. D.—1863-'84  
Supplied Pulpit '84-'92

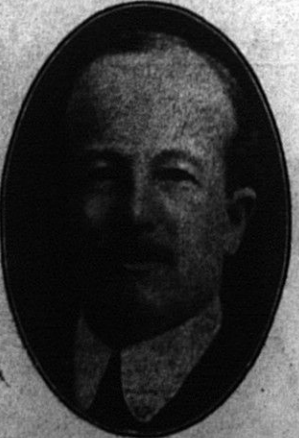

Witvliet, as chorister, furnished soul-inspiring anthems. A solo also was sung by Mr. Wm. Jansma.

The speakers at the morning service were Dr. Henry E. Dosker and Rev. Jacob Van Houte. The pastor presided while Dr. James F. Zwemer read the Scriptures and Rev. Vander Werf offered the prayer. Dr. Dosker spoke on "The Leader and His Work." No living man has such a fund of knowledge and possesses so many historical documents bearing on the migration of

Rev. Jacob Van Houte  
1892-1900

these Western Pilgrims, their persecution in the Netherlands and material

Rev. S. Vander Werf  
1901-'05

and religious struggles in these parts as Dr. Dosker. It was he who wrote a book on Dr. Van Raalte several years ago, and hopes some day to be able to publish a similar work in the English tongue. As only this master word-painter is able to do the great Leader, his times and work were made to stand out in bold outline. In imagination we saw him alongside of Drs. Brummelkamp and Van Velzen, his brothers-in-law, battling for religious freedom in the Netherlands. And then he was made to pass before us as the indomitable Leader of a little band of

Rev. H. J. Veldman  
1906

God-fearing men and women. It was made plain that but for his dauntless courage, his heartening sermons and wise counsel the whole undertaking to found here, not another little Holland, but a real American settlement, the composed of Hollanders, might have come to naught. It was further shown that Dr. Van Raalte became not only the organizer of the 1st church, preaching to its people for upwards of 20 years with an eloquence and power that have seldom been equalled, but that he also was the main mover in causing the newly organized churches in these parts to unite with the Dutch Reformed church in American—the church that had protested against the

Log Church, '48-'66

persecution of their co-religionists in the Netherlands, itself having remained faithful to the Word and the Reformed standards. Then too, humanly speaking, it is to Dr. Van Raalte that the Reformed church, and especially the West owes Hope College and the Western Theological Seminary. And thus thru this church and these institution of his planting both of them his crown and glory, he speaks long after his "tongue lies silent in the grave."

Rev. Van Houte spoke on "Three Great Outstanding Facts in the Seventy Years' History of the 1st Church."

Reformed church stand firm during the storm of secession. Filled with this loyalty she could by the storm of secession be driven out of her church building on yonder corner, but she could never be driven out of the Reformed Church in America. She could be driven out of her numbers, but never out of her principles; she could be driven out of sweet relation, but never out of the consciousness of having done her duty."

As soon as the large audience had filed out another assembled again completely filling the house of worship. It was the Sunday School holding its Annual rally. Mr. George Schuiling, the

Present Edifice, '86 to Present Time.

Superintendent, presided, while Mr. Louis Schoon, superintendent for more than 20 years had charge of the devotions. Brief addresses were made by the visiting clergymen. Dr. Dosker said he vividly recalled the handful of children that met after the secession in the college chapel and was amazed to see such a large school before him now.

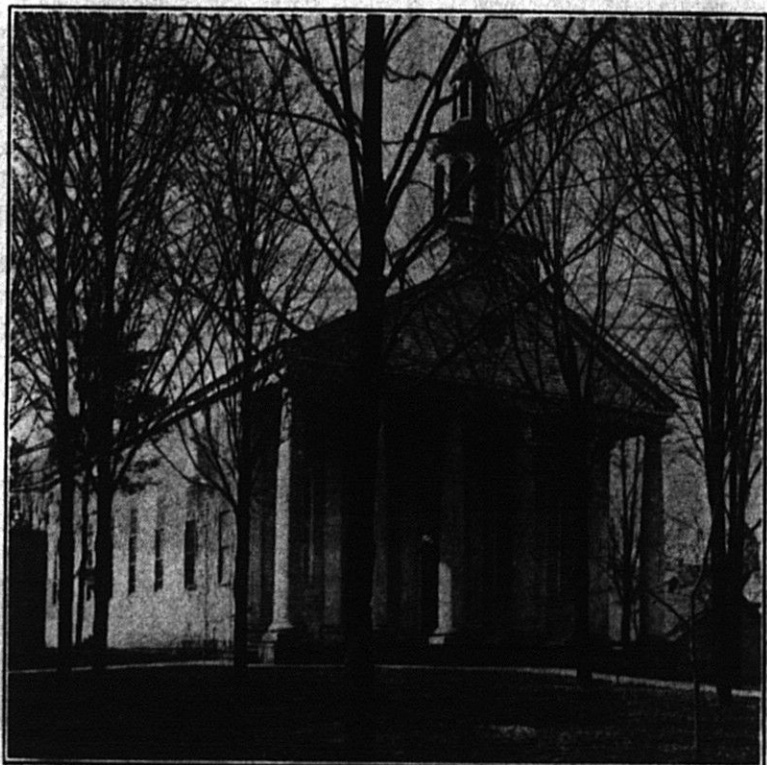

The afternoon service, which was in the Holland language, was in charge of Rev. Vander Werf. Rev. Van Houte again delivered a masterful discourse, taking as his text Psalm 116:12, 13. Prof. Dosker spoke briefly but touchingly on God's wonderful gift to the First church in such men as Van Raalte, Pieters and Steffens.

The Rev. Van Houte presided over the evening meeting. Scriptures were read by Dr. Kolyn and prayer offered

by Dr. Blekkink.

Rev. Vander Werf drew a lively picture of First church and its manifold activities. He oaded his remarks upon the blessing which Jacob pronounced upon Joseph, Gen. 49:22-26. It became clear in the development of his subject that the church celebrating had also become a fruitful bough and that while archers had sorely grieved, and shot at him, yet notwithstanding his bow still abode in strength, the secret of it all being that its location was by a fountain.

The pastor, Rev. Veldman, gave the

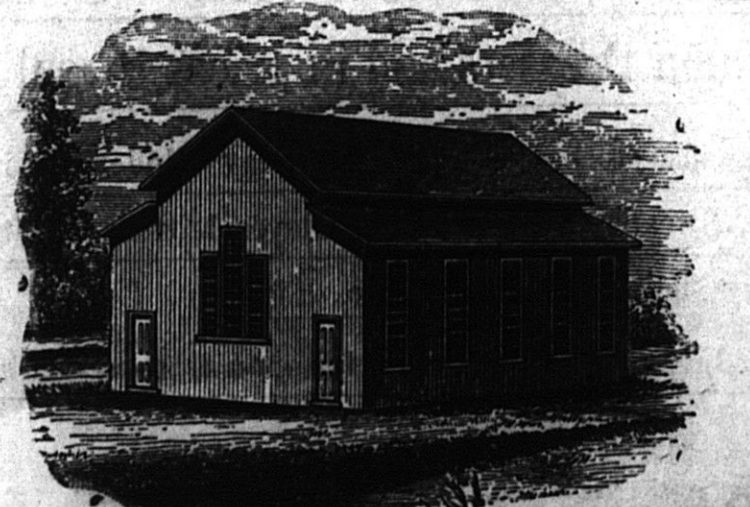

Ninth Street Church, '56-'82

These facts he designated as "The Glory of God, The Glory of the Word, and Glory of the Church." It was evident at once that Rev. Van Houte's bow still abode in its strength. He made it clear to all his hearers that the glory of God had manifested itself in a most remarkable way in the history of the 1st church. But for that glory, as manifested in God's goodness and power, all the plans and labors and struggles of the noble pioneers would have been in vain.

Then too, said the speaker, there is

closing address of the day. He reviewed in brief outline the glory and grandeur of the past called attention to the law operative in nature and grace that instead of the fathers must be the children, yet that these children may not be satisfied with the inheritance left them, but must hear and heed God's clarion call: "Say unto the children of Israel that they go forward." He also showed that such advancement will be of no avail unless the Divine presence accompany the Workers and His favor signally blesses the efforts

College Chapel, '82-'86.

a glory of the Word. To that Word all of the pastors of the First Reformed church had always been loyal, and not only they but also the members of the consistory and the instructors of the youth.

Under the last point, the glory of the church, the following, among other things, was stated: "The First Reformed church stood loyal to the Reformed doctrine. This loyalty made the First

put forth.

Thus closed one of the greatest, one of the most joyous days in the history of the First Reformed church. Despite the rainy weather a large audience assembled once again on Monday evening. Elder B. Steketee had charge of the program. After the prayer by Rev. Van Houte and a selection by the choir Elder J. A. Wiltink spoke on "Our Early Struggles

and How We Met Them." He was followed by former Elder G. T. Huizinga who took up the thread of history at 1882 and traced it up to the present. Both of these veterans had much to tell and left a deep impression. Miss Hilda Stegeman represented the several ladies' organizations, while George Schuiling spoke on "Our Young People, Training and Service." In behalf of the C. E. society, Miss Berdina Vinkemulder presented the new bulletin board, the pastor receiving the same in behalf of the church. Greetings and congratulations of the Reformed churches of the city were brought by the Rev. M. Flipse, while Dr. Vennema represented Hope College and the Seminary.

This interesting program had been carried out refreshments were served downstairs and a pleasant social hour spent. Long will this 70th anniversary linger in the minds of those whose privilege it was to have a part in it either as speakers or listeners.

### AN ELECTRIC BULLETIN BOARD. FOR FIRST REFORMED CHURCH

Together with the celebration of the First Reformed church's Seventieth anniversary an electric bulletin board will be installed on the church lot so that all who pass may read. The board stands about 6 feet high and is so arranged that church notices can be conveniently placed therein. At night a cluster of electric light bulbs give the necessary lights so that the information can be easily gained either night or day. The board is on the northwest corner of the lot and can be convenient ly looked at from the outer walk. The 1st Reformed church is following the churches in larger cities, in this matter and the bulletin will answer as a beacon light of welcome to the stranger within our gates, calling him to church services.

### ALLEGAN COUNTY HOLLANDERS HELP

The Liberty Loan boosters of Heath and Overisel townships met with good success, Liberty day, visiting the six school districts in Overisel township and the three northern districts in Heath. Five automobiles were needed to carry the boosters, the first three cars carrying the Hamilton band which rendered patriotic music, playing three or four tunes in each of the nine district visited and came home a very tired lot of boys. The next car contained the speakers and two lady boosters and the last car contained four men to keep track of the applications. The best of success was met in districts 1, 3 and 5 of Overisel township, with No. 3 he banner district. Altogether the drive resulted in writing more than \$9,000 of applications, with prospects of more to follow.

### CITY CHAIRMAN HAS IMPORTANT PLACE

The big food conservation drive that will begin on Monday morning is under the generalship of Mrs. Dick Vander Haar. Being modest about her share in this important work, Mrs. Vander Haar did not furnish her name to the Sentinel when she gave information about the campaign itself. Mrs. Vander Haar is city chairman and she was appointed by Mrs. W. H. Loutit county chairman, of Grand Haven. It is under her supervision that the ward teams will do their work next week.

It will be the ambition of the city chairman and her aides to enlist every housewife in Holland in the important work of conserving the food supply.

The name of Mrs. Gertrude Burt was omitted Friday from the list of women who made a successful Liberty loan campaign in Beechwood. Mrs. Burt's efforts did much toward the success of the drive there.

### NEW LAW IS OF INTER- EST TO LOCAL MEN

In addition to safeguarding cities against fires and against other dangers of that kind the new housing code passed by the last legislature is believed to be the best single ally which the health workers of the state have secured in recent years. Since it applies to all cities of 10,000 and over it affects Holland among other cities.

The intention of the law is to allow only one building on each lot. It provides that there shall not be less than five feet of space in yards on either side of a house between the house and the lot line, thus providing at least ten feet of space between buildings. It also requires that the rear yard space of each home shall not be less than 15 feet for the first story and five feet for each additional story.

Plenty of light and ventilation is also required. Houses must be constructed so that one-eighth of the floor area of each room must be represented by an equal amount of window area. In every room there must be one window that contains at least 12 square feet. Every window constructed in a house must open on to a yard, court, alley or street, giving ample light and air.

Every room in a house except bath, toilet rooms or kitchen must have at least eighty square feet of floor space, and no room can be constructed less than six feet, six inches high.

The law also requires that each building must have toilets properly built and connected with sewers where there are sewers, and where there are no sewers they must be constructed in accordance with plans and specifications that satisfy the regulations of the building code. In multiple dwellings, that is dwellings occupied by more than one family, there must be one toilet for every two families.

The law also gives the health officer the right to go into any home to inspect conditions of sanitation and if he finds anything that needs attention to improve the sanitation he may order changes made.

## ALLEGAN FEARS DYNAMITER WILL BLOW UP DAM

**SUSPICIOUS LETTER FOUND IN  
ALLEGAN STORE; LEFT BY  
A SMALL BOY**

Allegan county officers have been active of late in an effort to find and identify a boy of about 14 years who is thought to have dropped an exceedingly interesting letter in an Allegan store the week before the county fair. This letter was so interesting that Prosecuting Attorney Fouch immediately called federal officers and an investigation started which has been thorough but as yet nothing has developed. The letter was found in the Allegan store just a moment after the boy had gone out after buying a pound of pulverized sugar. It was written on a torn piece of white paper, in a fair and said:

"Your partner Dick Freeman please send me plans of the Mississippi bridge and the Grandville roit impossible to meet Frank suppose you don't know of anything he has done by which he was cooped everybody sleeps but they wake when it's too late to see it."

Then followed a signature and some marks that none of the officers have been able to decipher or translate. It looks something like German script but Germans are unable to read it. On the back of the sheet is a rough sketch of the Pine creek dam between Allegan and Otsego. The word "south" at the top of the sheet, "north" at the bottom and the letters "W" and "E" on either side. Lines are drawn to represent the power house, and the three spillways are shown by waving lines in circles. Below are the words: "Runs Allegan, Otsego, Plainwell. Meet me at the Sherman house, Allegan (Sept. 27) (be prepared with explosives) (more plans at Camp Custer)." and near the drawing of the powerhouse are the words: "Near Allegan six and three quarter miles out free charge."

The matter seemed to be of sufficient importance to justify rigid examination, so secret service officers came here and watched the Sherman house several days very carefully. Sept. 27 was Thursday of fair week and that day two Federal officers passed the entire day in the hotel and examined the belongings and rooms of every man who entered the place. Other secret service men spent time on the fairground in an effort to recognize known characters. These officers were sent from Chicago, sent from directions given from the federal district attorney in Grand Rapids. They were of the opinion that the letter pertained to a matter of importance and they are still interested. The boy who dropped the letter was not well known and none who saw him are able to remember having ever seen him before or since. With the letter was found a torn piece of paper on which was written: "10c frankforts, 1 pound pul. sugar." The officers learned that he bought the frankforts at the Brand market.

The letter itself does not mean much on the surface but it may be full of code information. It is sufficient to set every property owner thinking and specially those owning water power.

The Consumers Power company at once took precautions at the dam, and doubled their watch and removing the trees and bushes so as to make more readily visible any person who might approach the property. They did not, for all that, regard the matter very seriously, until a few days later, the power dam in Traverse City was blown up.

### LARGE SUM IS NEEDED TO RUN OTTAWA CO.

It will require \$320,178.58 to run the county of Ottawa during he coming year according to the budget submitted by the finance committee to the board of supervisors. This sum includes the state tax which amounts to \$126,637.37. The budget includes the salaries of the county officers, the office maintenance expenses, the provisions for taxes on street improvements about the court house square, the road fund and a number of other provisions for expenses which will arise during the coming year.

The finance committee had the budget ready and it was passed without any opposition.

Included in the budget was an appropriation of \$200 for the West Michigan Development bureau, as Ottawa's contribution to this important organization. John I. Gibson, its secretary, made his appearance before the board during he present session and explained the plans for the coming year. Ottawa's supervisors are pretty well convinced as to the value of membership in the organization and the appropriation was passed without opposition.

The county nurse's fund for the year was placed at \$1800 and the county agricultural agent was allowed \$2200 to include the salary and maintenance of his department. Clerk hire for the county clerk and prosecuting attorney was allowed and the allowance for the salary of the county road commission was also included.

The board authorized the county treasurer to borrow sufficient funds to pay the legal orders against the county, which are now outstanding until funds could be secured from the taxes collected. This will permit of the immediate payment of all orders against the county.

The finance committee submitted a revised estimate of the amount required for he county agricultural agent. The fund was apportioned as follows: Total salary \$900; \$500 traveling expenses; \$400 demonstration expenses; in addition to \$500 for office help.

## FORMER HOLLAND SHER- IF AND WIFE CELEBRATE

**FOUR COUPLES MEET; MARRIED  
MORE THAN A HALF  
CENTURY**

Through a peculiar combination of circumstances four couples who have been married more than fifty years, met last Thursday at the home of Mr. and Mrs. Joost VerPlanke in Spring Lake. Three Grand Haven couples motoring up to Spring Lake stopped at the VerPlanke residence to pay their respects, and without prior arrangements or plans the six persons who had passed their golden wedding years exchanged congratulations. Those present at the odd meeting were Mr. and Mrs. Ver Planke, who have been married 53 years Mr. and Mrs. C. E. Soule, who celebrated their golden wedding in September of this year; Mr. and Mrs. Martin DeGlopper, who passed their fiftieth anniversary last summer and Mr. and Mrs. John Luikens who have been married 50 years.

Joe Ver Planke was formerly a Holland man and was elected as marshal in 1783-74-75 and '76. In 1878-79-80 and '81 he was elected from Holland as the sheriff of Ottawa county.

## Former Macatawa Man Is Ar- rested for Desertion Thursday

Matt Rickgers, assistant light-keeper at Grand Haven was taken to Fort Sheridan Thursday by Deputy Sheriff Lawrence DeWitt, on the charge of being a deserter from the United States service. According to the information received by the officers Rickgers registered at Milwaukee on registration day and received his serial number from the board in his home district. He was called for examination and it is alleged failed to appear.

A few days ago Sheriff Dornbos received notice of the case from the U. S. Department of Justice and Rickger's arrest was asked. The matter was then turned over to Deputy Sheriff DeWitt, who completed it Thursday when he took the man into custody.

Rickgers, who is a married man declares that he is innocent of any intent to commit an offense against the draft law, and that he had never received any information from the registration board. His difficulty brings him no end of trouble, as with his arrest for desertion, his place at the Grand Haven light house becomes vacant.

## BEECHWOOD SCHOOL TEAM SELLS \$2,450

The Beechwood School district just outside of Holland took a proud part in the Liberty loan campaign. At a meeting held Monday night in the Beechwood school a committee was appointed to sell bonds and Friday this committee turned in \$2,450. This does not include the bonds sold to employees of the manufacturing plants located in that district, since those are figured in with other amounts, but this amount was sold purely thru the efforts of the committee among the families living there.

The committee was composed of the following: Mrs. Frank Bertech, Mrs. Gertrude White, Mrs. Cora Books, and Miss Dora Strowejans.

### Letters From the Front

Camp McArthur, 10-21, 17

To the Sentinel:—

Dear Editor:—  
Seeing other letters in the Sentinel I will endeavor to write a short letter. We are having nice weather here in Texas, the days are warm and the nights are cool. It does not rain much here and it is very dry and dusty, which makes it bad for hiking. I saw in the Press that some of the conscripts will be sent down here to fill up the Companies to pull to war strength. Perhaps I will see some of my friends from Holland. We are getting to like this part of the country. The winter will be mild and not much snow but will have much wet weather and quite a bit of rain. We have good things to eat and go to the city of Waco as often as we like and the people treat us good. All of the soldiers are taking liberty bonds and our company is one of the highest on the list.

### Letter from the Front

(The following letter is from Corp. L. W. Baldwin in France to City Engineer Carl Bowen. Mr. Baldwin worked for Mr. Bowen about a year ago. Somewhere in France, 9-22-1917)

Dear Carl—  
This life is everything I thought it would be and then some. When we marched in this place I thought we had wandered on to some new planet. We were the first Americans the natives had ever seen. The buildings must have been put up in the middle ages, everything is made of stone and looks extremely old.

The first thing we did was clean up, every street, alley and courtyard was swept, the whole regiment was set to work and we haven't finished yet.

At present I am living in a cow-stable, but am fortunate enough to have plenty of hay, tho it is full of "seam squirrels," and believe me they are hard to get rid of.

We keep going from 5:30 to 10 but as everything could be worse there is not any use of sobbing, and I am still glad I joined.

Give my best to Edna and the "young engineer". I'll bet he is quite a man by this time.

Sincerely yours,

BALDY.
