PROPERTY OWNERS PROTEST AGAINST OIL STATION

COUNCIL HEEDS THE REMONSTRANCE AND REFUSES A PERMIT

If the property owners in the neighborhood can help it there will be no Standard Oil Service station erected on the northeast corner of 14th street and River avenue. The company, a week or two ago sent a petition to the council for permission to build a station there, having secured an option on the property. At the meeting of the Council Wednesday night a remonstrance came from property owners protesting against the proposal and setting forth the fact that such a station would lower the value of surrounding property. The remonstrance was signed by a large number of property owners.

In view of this remonstrance the committee recommended that the petition of the Standard Oil Co. be denied and this report was approved by the council as a body.

It is understood the property involved belongs to Peter Dornbos, father of the former sheriff, and it is stated that the company is willing to pay in the neighborhood of \$6000 for that corner.

AMERICAN LEGION BACKS HOLLAND HOSPITAL PROJECT

The American Legion has come out for the new hospital and that organization will back the hospital in the election next Tuesday. This action was formally taken Wednesday evening at the regular monthly meeting in the city hall. In spite of the heavy rain, there was a large representation of the membership of the Legion present, and when the question was put up to them they showed themselves ready to back the hospital project wholeheartedly. After the usual opportunity was given for discussion a resolution was put to a vote and was enthusiastically passed by a unanimous vote.

The resolution reads as follows: "Whereas the American Legion, Willard G. Leenhouts Post No. 6, is in favor of all civic improvements for the betterment of the community at large, and

"Whereas after due investigation and consideration, we find that the hospital facilities of the City of Holland are inadequate for the public needs, and

"Whereas civic pride demands that the City of Holland take its place with other cities of its size in rendering more efficient and scientific hospitalization for its sick,

"Therefore, be it resolved that the Willard G. Leenhouts Post No. 6, unanimously endorses and urges the adoption at the next election of the new hospital program.

"Be it further resolved that these resolutions be spread upon the records of the Post and published in the papers of the community.

GET YOUR POPLAR AND WILLOW CUTTINGS AT HARLEM

Come to the sand blow meeting at Harlem Thursday afternoon, Nov. 8 and County Agent Milham has more to say: Here it is:

"Will you please announce thru your columns this week that anyone interested in securing poplar or willow cuttings for sand blow planting should be present at the Harlem sand blow Thursday afternoon, Nov. 9th. I will be present making cuttings and will show anyone who cares to attend how to make cuttings, how to tie them and how to protect them through the winter. The Harlem sand blow should be the source of supply for sufficient cuttings to cover the sand blow area in Ottawa county. Anyone wishing cuttings should be present with pruning shears and twine.

"Yours truly,

"C. P. Milham,

"County Agr'l Agent."

THEY ADD MUCH INTEREST TO THE COUNCIL CHAMBER

The council chamber in the city hall is becoming an art gallery of photographs of past mayors of Holland. The council chamber was recently redecorated, and since the last meeting two weeks ago, a number of framed photographs of ex-mayors have been hung on the walls. More photographs are being framed and before long it is hoped to have photographs of all the former mayors of the city on the walls. All are of uniform size, but the frames vary in workmanship.

THE HOSPITAL AS HEALTH INSURANCE

Dr. Sundwall of the University of Michigan made the statement the other night that a well equipped hospital is the best possible health insurance for a community. It is a pity that this statement was made merely to a handful of people and moreover to people perhaps every one of whom was strongly in favor of a new hospital. The very many who could have profited most by the address were not there.

But if the proposed new hospital is looked upon in that way—as health insurance—it is difficult to see how anyone can be against it if for no other reasons than selfish ones. A man will pay out good money to insure his home or his furniture or his automobile, and he hopes as he does so that that will be money wasted so far as he himself is concerned. He hopes, unless he is a shyster, that his home will never burn, that his furniture will never be destroyed, that his auto will never be wrecked. He pays the insurance premiums for peace of mind and considers it a good investment even though he pays the money all his life without a cent of returns in actual cash.

Any normal person who votes for the hospital and cheerfully pays out good money for it hopes that he or his family will never need to make use of it. But he wants to be certain, if the time should ever come when he or his wife or his child shall lie at death's door and the presence of a hospital can give a chance of life, that the hospital shall be there. He wants assurance, which is another word for insurance.

And a hospital does more. It inevitably becomes a health educational institution. It is the focus point in a community for the development of intelligence about health. In this way it prevents disease because more disease is caused by ignorance than by anything else.

The hospital project requires a three-fifths vote to pass. Any voter who is in favor of it and fails to vote next Tuesday is doing a grave injury to his community.

CITY OFFICIALS FAVOR CONSTITUTIONAL AMENDMENT

There are three amendments to be voted on in Michigan in the next election and if previous history proves anything it proves that such amendments, unless widely discussed are usually voted down. It is pointed out by city officials in Holland and elsewhere that at least one of these amendments should carry, namely the one permitting the legislature to enact laws giving cities the right to condemn more land than is actually needed for public use. If this amendment carries, it will make public improvements cheaper, Mayor Stephan declared today.

The way things are at present a city can condemn just so much property as is needed for the actual improvement. Often it is necessary to condemn part of a lot and it is a well known fact that under such circumstances the owner usually can get from a jury about as much as the whole lot is worth. By making the improvement the city makes the rest of the lot not condemned more valuable so that the owner gets a double price for that also. If the city could in the first place condemn the entire lot it could improve it all and sell the part not needed and thus make that help to pay for the improvement.

STATE TAXES ARE REDUCED IN OTTAWA COUNTY

The state auditor general Oramel B. Fuller has sent to County Clerk Orrie Sluiter, the apportionment of taxes for the state that Ottawa Co. must pay the coming year.

It is evident from these figures that the state tax this year will be 14 per cent less than last year.

Taxes paid last year were \$200,905.61. The taxes to be paid this year will be \$172,444.45, a decrease this year over last of \$28,461.16. The primary school money to be received by Ottawa county for our public school amounts to \$178,400.40.

400 BRAVE THE DRENCHING RAIN TO HEAR LENROOT

CARL MAPES GIVEN WELCOME WHEN HE APPEARS TO SPEAK

Despite the downpour of rain that lasted from 6 o'clock until after 9, last night, an audience of at least four hundred, mostly men, braved the elements and came to the Knickerbocker to hear Senator Lenroot and Congressman Mapes talk upon the political issues of the day. Notwithstanding the cold made so because the entire heating plant had been disconnected, the audience warmed up to the occasion after the speakers were well started.

Senator Lenroot sure made an impression with his listeners if the applause after every climax, was any indication.

Mayor Stephan, who was present asked C. Vander Meulen to preside over the meeting which the Holland orator ably did. Governor Alex Groesbeck who was hastily called to Detroit, delegated Representative George Welch of Grand Rapids, who gave a convincing "thumb nail" sketch of what the state had really accomplished.

Mr. Vander Meulen first introduced Carl E. Mapes who quietly and in a convincing way told of the accomplishments of the republican party during the last 18 months of President Harding's administration, when they were left a heritage of debt because of the war and the reckless expenditures of money to carry on that war.

He stated that already \$3,000,000,000.00 of that debt had been paid and that today a budget system had been inaugurated that would cut down the debt still more annually. Mr. Mapes further went into the tariff question and stated that not alone is the Fordney tariff bill more just than any bill yet drafted by either Republican or Democrat, but that in order to bring about more justice in tariff questions, a tariff commission had been appointed who together with the president, would go over tariff rates if any were found unjust, either to consumer or manufacturer, and while the bill is not perfect because so many interests are involved, this commission can make it so from time to time should occasions arise.

He stated that Holland should congratulate itself on the tariff bill just passed for the reason that it protects not alone labor and the capital that is invested in sugar beet industries here and in Michigan, but also the farmers that raise the beets.

Mr. VanderMeulen then introduced George Welch, state representative of Grand Rapids who pointed out the business administration of Governor Groesbeck, how he had abolished 60 boards that were not functioning and how through the budget system he had saved the state three million dollars in debts and he had heard since he came to Holland that this system had made 14 per cent difference in the state taxes in this county and city alone.

Mr. C. Vander Meulen proceeded to introduce the last speaker on the program, namely Senator Lenroot who was given an ovation when he appeared and the audience was very much impressed with the honest, straightforward appearance of the man from Wisconsin.

He is a convincing speaker and his talk was interspersed with generous applause. Mr. Lenroot spoke along the following line: "I am before you," he said, "primarily to plead for the re-election of Senator Townsend. The Republican party is not ashamed of its record and it is asking the American people for a vote of confidence. We are but human and we have made mistakes, but considering the heritage left us by eight years of Democratic administration, we have done remarkably well."

The speaker sketched some of the accomplishment of the administration, describing the limitation of arms conference as the outstanding work of the Harding government and the "greatest piece of constructive diplomacy in the history of the United States."

"When the present administration took office on March 4, 1921," he said, "there were 5,000,000 men out of employment. Today I find that there is an actual shortage of labor all across the country. When this administration came into office our commerce had been wrecked. That has been restored. Our factories were idle and today every one of them is at work. Our debt in 1921 was \$24,970,000,000. In 18 months that has been reduced more than \$1,000,000,000. The expenses of government have likewise been reduced more than \$1,000,000,000. We have revised the internal revenue laws so that the savings this year has been more than \$800,000,000 and contrary to the charge of the the democrats the greatest saving has been to men whose incomes are less than \$5,000 a year.

"And I want to say a word for the farmer. Unless he is prosperous, nobody is prosperous. Through the financial policy of the last administration the farmer was facing ruin. Today the Republican congress which the Democrats have branded as a do-nothing congress has saved the farmer from that ruin and has loaned him \$300,000,000 to meet his obligations.

FORMER HOLLAND CITIZEN DIES IN DETROIT

WAS THE FIRST MAN TO BRING SKATING RINK TO THIS CITY

Irving arvelink, for years a resident of Holland, but for the past eight years living in Detroit died at his home there.

Austin Harrington, a brother-in-law, had been in Detroit the greater part of a week attending him, and came home last evening as there was a marked improvement in Mr. Garvelink's condition.

A few hours after Mr. Harrington had returned, a wire was received stating that Mr. Garvelink had passed away. Mr. Garvelink was well known in this city, for years was head book-keeper at the Walsh-DeRoo Milling Co. and later occupied a similar position at the Ottawa Furniture Co. Of late years he had been connected with the Federal Screw Co. of Detroit.

Some forty years ago, Mr. Garvelink was the first man to introduce roller skating in Holland. What is now the I. X. L. shops was then built for a roller skating rink.

The entrance to the building at that time was from 8th street and a long board walk through vacant lots where now Van Ark Furniture Co. is located was the avenue built to get to the rink.

Mr. Garvelink was born in Fillmore on May 31, 1860, and leaves a wife and three sons. Frank and Herbert of Cincinnati and Charles of Kenosha, Wis. One daughter Ruth of Detroit. Mrs. Austin Harrington is a sister.

The funeral is to be held from the home of Austin Harrington at 10 o'clock Saturday, Rev. Fleming officiating. Interment will take place at Allegan, his boyhood home.

"May I add that this administration through its limitation of armaments conference has brought about the most important international conference for the peace of the whole world that was ever held in the world. There was no selfish interest to sway this as was the case with treaty of Versailles and among the other things in that treaty which was corrected by the Washington conference was the return of Shantung to the Chinese where it belonged."

Sen. Lenroot attacked the League of Nations. He declared that he had hoped such a thing would be unnecessary but that former President Wilson, former Candidate Cox and Candidate-to-be McAdoo had all declared the League of Nations still a live issue and that he understood the Democratic candidate for U. S. senator took that view of it. Therefore we devoted a considerable time to attacking it.

He declared that in the treaty of Versailles, England and France got the assets and handed to the United States the liabilities of the war. thru Article X. He called attention to the fact that President Wilson had asked the United States to accept a mandate over Armenia and even had urged the sending of an army over there to deal with the Turks. He then told of the propaganda that had been launched in favor of this with the result that he like other members of the congress, had received several hundred letters urging this, and that he had replied that he was opposed to it but favored sending an army of volunteers over; that he had told the writers of the letters if they had a son to volunteer or if they would circulate a petition for such volunteers he would be glad to place those names on file with the war department to call upon when needed, but that he had received not a single name to file.

He said that today another propaganda is afloat urging the cancellation of the foreign debts but that so far as he was concerned just so long as England is able to finance Greece against Turkey and France was able to finance Turkey against Greece he was not in favor of relieving them of their debts to the United States.

He called attention to the fact that Samuel Gompers in a published article declared that the total reduction in wages to labor since the war had amounted to but 5 per cent while the total reduction in prices to farmers had amounted to 50 per cent. He declared that the Democratic and radical leaders—were deliberately lying about the Esch Cummins law and that they know it. He declared the St. Lawrence water way is the greatest project conceived by the mind of man and added: "If you believe in this great project you can't afford to keep Charlie Townsend at home."

He then spoke feelingly of Senator Townsend and especially urged that he be returned to the senate where his ability and experience and saneness are needed.

Marriage License

Hendrik Groenevelde, 27, and Anna Hazejager 24, both of Holland.

Owing to a great many historic articles appearing recently and the mass of hospital and political communications the column of "Fifty Years Ago" was omitted for the last two weeks. It will appear again next week and continue regularly thereafter.

ARE WEDDED AT HOME OF BRIDE

A very pretty home wedding was solemnized Thursday evening at the home of Mr. and Mrs. P. J. Winstrom at 252 West 10th street when their daughter Jennie Marian was united in marriage with Mr. Frank Ten Have of Holland. At 8 o'clock to the strains of the "Bridal Chorus," played by Miss Margaret Wierda, the bride and groom took their places under an improvised portal of lace and ferns. The double ring service was used, little Misses Irene Overbeek and Eleanor Wierda being ring bearers. Miss Nellie Breen was bridesmaid and Mr. Albert Overweg attended the groom. Mr. and Mrs. Albert Winstrom were Master and Mistress of ceremonies. The bride wore a gown of crepe de chine and Spanish lace and wore a bridal veil. Rev. G. B. Fleming performed the ceremony in the presence of a large company of friends and relatives. An elaborate two course luncheon was served with Misses Nella Douma, Margaret Ten Brink, Adeline Vander Hill and Thelma Haas as waitresses. The artistic home decorations were in charge of Sipp Houtman. Many pretty gifts were received by Mr. and Mrs. Ten Have, who will make their home at 321 West 13th St.

Pre-nuptial affairs were the show-ers given by Miss Esther Fairbanks and the Misses Nellie and Janet Breen.

WAS LARGEST S. S. RALLY EVER HELD

It is believed that the first Reformed church Sunday held the largest Sunday School Rally, in point of attendance, that has ever been held in any Reformed church here or elsewhere. The total number attending was 873 and the rally was a success in every way.

The audience was divided into two sections, adults gathering upstairs, where they listened to an eloquent address by Dr. J. E. Kuizenga, and the children gathering in the basement where Mrs. James Weyer addressed them. Dr. Kuizenga spoke on the theme that one gets out of Sunday School work what one puts into it. The basement meeting was largely devoted to missions, and in addition to the address by Mrs. Jas. Weyer there were four miscellaneous numbers by children.

SECOND BOGUS CHECK MAN IS STILL FREE

The capture of the one alleged check forger who has been working at Grand Haven Haven removed but one of the workers in the check field at Grand Haven and left another still at liberty. This man is described as being the Beau Brummel of Western Michigan check forgers and is evidently a professional at the business. Hannon, the West Olive farmer who was captured when an employee of the Grand Haven State bank started the trail only passed one check but three others were passed by T. M. Williams, who drew his checks upon the Grand Rapids National City Bank.

The Williams check was an obvious fake for it was made out on a Grand Rapids National City Bank Counter check and under the "for" blank was filled in "labor." The check was drawn by T. M. Williams in favor of James Rogers and was countersigned in pencil. All writing was the same in spite of the fact that the bogus check worker tried to change his writing in the counter-signature.

The same man who passed the three bogus checks has been reported as working in Greenville and other points out of Grand Rapids. It is evident, declare bank officials that he makes his living by this means. The Grand Rapids bank was immediately gotten in touch with following the discovery of the deception and co-operation was requested of the Grand Haven banks.

Police are working on the case and a description of the man has been secured from merchants whom he fooled with bad checks. The man is said to be young presumably in the twenties and is described as being a "slick" article.

Warnings have been issued to merchants to watch for forged checks in all their dealings. Banking officials and police wonder at the way merchants have accepted the forged paper as all have been poorly done.

Playing in almost total darkness, the Orange and Blue team defeated the Ferris Institute eleven here 2-0. Both teams played true to form, but in view of the late hour resorted to punts and passes, in the hope of scoring a point.

It was Hope's kick-off, but in a few moments Ferris punted the ball, half which, left almost the territory to cover. The locals made several plunges toward the goal, when Jonkman tried a drop kick for the posts. Narrowly missing to score, Hope held the ball near the end of the first quarter, when Damson penetrated the Ferris line about six yards.

In the second quarter, after regaining a lost ball, Hope's sturdy punters put the ball across the grid-ers about 35 yards. Ferris returned punt. In a strategic play, Vander Poel carried the ball into the opponent's territory for 20 yards. A phenomenal drop kick by Jonkman was received by Ferris on the 5 yard line. At the end of the half Ferris fumbled the ball behind its goal line, and was immediately downed by the Hope grid-ers, when the only points of the game were scored.

The game was continued straight thru, Vander Brink making repeated gains through end runs.

Next Saturday the Hope team will meet the Western State Normal School seconds here. The strength of the local team as shown in the Ferris game, assures another big game.

VISIONS OF CRIME STIR POLICE CIRCLES SUNDAY AFTERNOON

For a while late Sunday afternoon the police department and the Sheriff's force had cold chills racing up and down their backbones when the report came in that a mysterious and very suspicious burial had taken place that afternoon in a lonely spot near Waverly. The report was brot in by Harold Brower, who had witnessed the nefarious crime and who had then hotfooted it to town to spread the alarm.

Brower was wandering about near Waverly enjoying the fine autumn air when he saw two men come up with an automobile, take a mysterious looking object out of it and carry it to a concealed spot. Brower was too far away to see what it was, but he made out clearly that the men were digging a grave and were placing the object in it. Having ascertained this he hustled back to the city.

Officer Kremer and Deputy Sheriff Lew Bouwman went with him to the scene of the crime and they found a grave they dug frantically for a few minutes and then found a dead dog.

"Y" SPEAKER COMPLIMENTS HOLLAND YOUTH ON ABILITY TO SPEAK

At the recent Y banquet held at the Woman's Literary Club rooms, Mr. A. E. Roberts of New York, especially complimented a young man of Holland namely Wm. Maat, president of the Holland High Y, on his ability as an extemporaneous speaker. Mr. Roberts said that when he was a boy the ability to speak like that was an unheard of thing, he was glad to say that at the present time there were a thousand other young men like Mr. Maat who thru such organizations as the Hi Y were acquiring both the spirit and ability of leaders.

John P. Homiller, formerly with the C. P. Limbert Co., of Holland, has become associated with Robert W. Irwin Co. Mr. Homiller will be in direct charge of manufacturing in Royal and Phoenix plants at Grand Rapids.

He has had a long and successful career in the production end of the furniture industry and for several years was connected with the Gunn Furniture Co.

DESPITE CRIPPLED TEAM HOLLAND HIGH DEFEATS SOUTH HIGH

Holland High school foot ball team defeated the Grand Rapids South High Saturday at Waterworks Park by a score of six to three.

The Holland team never went into combat with a more crippled team than the one of Saturday. Captain Lordahl has been out of the last two games because of broken ribs sustained early in the season. Jappinga was taken out of the game after the first minute of play being completely knocked out.

Damstra who is a tower of strength for the backfield had his leg operated on last Thursday and he naturally was out of the game, and Van Lente one of the line men had to be substituted to take his position.

Van Raalte, the star in the game, played with but one arm and relative to Mr. Van Raalte the Grand Rapids Herald has the following:

"An example of love for the game and the true 'do or die' spirit was given by Van Raalte, center of the Holland team. Van Raalte suffered an injury to his left hand while running a machine in a local furniture factory last Thursday, and was forced to have his hand and arm bound up. Yet, Saturday he played when only able to use one arm and played well."

Another passer of forged checks has just visited Allegan and departed with a considerable sum of money. Several bogus checks have been reported to the officials, as having been cashed by the alleged forger. The man, a very smooth talking fellow represented himself to several merchants as being in the employ of E. E. Wark Co. of Douglas and said he was working for them, cutting wood on their land west of Allegan. The firm of Weed & Co. has been out of existence for some time, but Weed & Wark own several large tracts of timber land about eight miles west of Allegan.

An effort to increase the salary of the Muskegon county clerk established earlier in the present session at \$3,000 a year will not be granted by the Muskegon board of supervisors although it was pointed out by some that the sheriff's and register of deeds compensation will probably be greater than that of the clerk when the house rent and fees are considered. The board voted against a salary of \$4000 a year for the clerk.

LEADER EDITORIAL PRAISES BOOK OF LOCAL POSTMASTER

In an article in this week's issue of "The Leader" Dr. J. E. Kuizenga gives a review of the recently published book by Postmaster W. O. Van Eyck, "Landmarks of the Reformed Fathers," which is beginning to arouse considerable interest among Holland-Americans here and in other sections. Dr. Kuizenga has high praise for the author, of whom he says:

"We believe that the author has shown himself no mean student of theology and church government. We believe that his grip on what is really Reformed, and on the proper liberty there is allowed within the Reformed church is very strong. We believe that he will help our own people to see the wise middle course our church has always steered between over-emphasis on Predestination and its consequent Antinomianism on the one side, and dangerous liberalism on the other. And we want our own people here in the west, thru the eyes of a western man, to see the splendid history of the old Reformed church in the East, so that we may rejoice more than ever in the wisdom of Van Raalte and the fathers in getting us in this church."

Dr. Kuizenga summarized the book as follows:

"Here is the conclusion to which Mr. Van Eyck comes: 'What has been written in these papers is sufficient to show that the Reformed Dutch Church of 1850 was the historical continuation of the real old Reformed Church of the era of Dort, comparatively unsullied by the waves of European or New England Rationalism, of Faelligh's Antinomian heresies, and of the unbalanced doctrines and extravagances of the Dutch secession of eighty years ago—a Church, from which the secession of the Western Hollanders in 1857 proved to be an illegal, unscriptural and un-Reformed schism, based, not indeed on wrong intentions, but on ignorance of the distinctive features of Reformed churches.'

"Mr. Van Eyck is very careful to state that his book is not an attack on individual Christian Reformed churches, but on the whole unfortunate movement which resulted in organizing them as a separate denomination, thus splitting and crippling the power of church life among the Western Hollanders. He insists that there is no reason left for the separate existence of the denomination, and urges them to return to the bosom of the Reformed church."

George Beam of Grand Haven was taken into custody Thursday afternoon on a charge of contempt of court. Beam was employed at the Eagle-Ottawa Leather Co. and lived near the factory. He was arrested on complaint of his former wife, who charged non-payment of alimony for quite a period of time. Beam is married for a second time.

CONG. MAPES' SISTER-IN-LAW HEARS FROM SISTER IN NEAR EAST

Following the sack of Smyrna by Turkish Nationalist forces, anxiety was felt for many Americans who were known to be located in the danger zone. Reports of the fire and panic contained the name of Miss Minnie B. Mills, in charge of an American institute for the education of young women of the Near East. It was stated in early reports that Miss Mills had escaped, but nothing further was published concerning her.

Miss Mills was formerly a teacher in Grand Haven high school, going to Smyrna in connection with missionary activities more than 20 years ago. She had many friends in Grand Haven during her residence there and considerable anxiety was felt as to her safety. Miss Maude Isherwood also a former high school teacher and a friend of Miss Mills made efforts to get some trace of Miss Mills and consulted Cong. Carl E. Mapes in the matter.

It happens that Congressman Mapes' brother's wife is a sister of Miss Mills, and information concerning the whereabouts of the former teacher was forthcoming through that source. Mr. Mapes' brother lives at Seattle, Washington, and the congressman wrote Miss Isherwood that a cable message had been received stating that Miss Mills was safe. After the Smyrna disaster she managed to reach Athens, where she is now engaged in relief work among the Smyrna refugees.

Letters and messages for Miss Mills will reach her thru U. S. Consul General at Athens Greece. Miss Mills' friends will be greatly relieved to know of her safety.

HAS THE SOUTH FORGOTTEN THE CIVIL WAR?

Since the American Legion band has returned from New Orleans, the question has been repeatedly asked by home folks whether the south still holds a grudge against the north for the tilt of '61.

The Holland band boys feel that the matter has not been forgotten especially down south and that deep in their hearts they still bear us a grudge.

After the first spasm of enthusiasm in New Orleans nothing further was heard from the citizens in general. They did not mix with the Legionaries but kept aloof from everything and looked upon the whole matter as a big show.

There was no feeling of patriotism there and even the decorations on private buildings were few and far between. The city's committee naturally worked hard and the public decorations were wonderful, but the private citizen spoke courteous

ly when spoken too, gave the information desired and then pulled back in his shell.

The enthusiasm on the big day came from the northern visitors and the soldiers. The southerners simply looked on indifferently.

You can tell a southerner a mile away after you have been there a few days and they simply wouldn't mix with a northerner and you could not get them to be enthused over anything.

It was the general opinion of the band boys that they hadn't forgotten the Civil war.

The writer in conversation with one of the more talkative southerners, asked point blank whether civility really existed between the north and the south as far as the south was concerned. He immediately stated that there are no sore spots, how-

ever when he was asked whether Lincoln was right in his policy of emancipating the slaves, he evaded the question and when asked whether the citizens of the south would go back to slavery days and conditions as before the war, since slavery had been abolished in every known civilized country and prevented by civilization to exist in most of the heathen countries, and this fact alone would show that Lincoln and the north was right. To this the man answered that he did not think the south would go back to slavery days if permitted to do so. However he did not argue the question further but changed the subject by telling all about their wonderful New Orleans.

The Holland boys however think that actions speak louder than words and that the "way down south" southerner has not quite forgotten.

STAND BY AMERICA

VOTE NOVEMBER 7 for the re-election of United States Senator Charles E. Townsend, Governor Alex J. Groesbeck and the whole Republican Ticket.

SENATOR TOWNSEND is opposed to the U. S. entering the League of Nations. Were we in the League today the blood of American boys would be staining the sands of Asia Minor in a war that would serve only the selfish interests of Europe.

SENATOR TOWNSEND is the National Leader of the Great St. Lawrence Waterway Project, which will give lake ports direct access to the sea. He is the National Good Roads Leader, sponsor of Welfare Laws Governing Child Labor and Virile Worker for all Real Progressive Legislation.

In voting for Townsend you vote for America's best interests.

GOVERNOR GROESBECK is giving Michigan an efficient, economical, able administration. In the past year he and the State Administrative Board have saved the State \$1,839,617.63 in expenses. The general tax levy for 1922 is \$3,140,489.85 less than that of 1921, and the lowest since 1918. Even greater accomplishments are expected next year.

In voting for Groesbeck you vote for Michigan's best interests.

Ford THE UNIVERSAL CAR

Attention Ford Owners!

Ford parts, like almost everything else worth while, are counterfeited. Imitation parts are manufactured to SELL at the highest possible rate of profit and the grades of steel used are consequently not the same high quality, specially heat-treated alloy steels specified in Ford formulas for the manufacture of GENUINE FORD PARTS.

Don't be misled—Insist upon GENUINE FORD PARTS made by the Ford Motor Company. By so doing you will get from 35 to 100 per cent more wear from them, and you will pay the lowest possible cost—the same everywhere.

ZEELAND FACTORY MAY LOCATE IN ALLEGAN

The Art Furniture company, now doing business in Zeeland, may locate in Allegan soon. A number of Allegan business men went to Zeeland Tuesday to confer with the officers of the company and made an effort to induce them to locate in Allegan.

The building in which the firm is now located in Zeeland has been sold and there are no factories there suitable for their needs. It is rumored that the stucco weny building across the mill race may be their Allegan location should they decide to move there. The company manufactures many small pieces of furniture such as lamps, candle sticks, and quality furniture novelties.

YOUNG COUPLE WEDDED ON FRIDAY AFTERNOON

Murvel Houting and Miss Susanna Jacobson were united in marriage on Friday afternoon at the parsonage of the Trinity Reformed church, Rev. C. P. Dame performing the ceremony.

The happy young couple will take a wedding trip to Chicago and Wisconsin. They will make their home in Holland.

HOLLAND WELL REPRESENTED AT THE TEACHERS' INSTITUTE

Supt. E. E. Fell, of Holland, read a paper Friday forenoon at the Michigan State Teachers' Association-Institute, Fourth District, in Grand Rapids, on the subject, "What the Superintendent Looks for When Appointing Teachers of English". The meeting at which the Holland man spoke was held in the Woman's Literary Club. A ten minute discussion, followed the paper, led by Superintendent W. O. Haisley, of Niles.

Practically all of Holland's teachers were at the convention in Grand Rapids Thursday and Friday. The schools were closed for the two days to give all an opportunity to attend; Holland's teachers are known for their one hundred per cent attendance at such gatherings. Every one of the local teachers is a member of the state association.

There were between 3000 and 4000 teachers from all over the 4th District present at the convention in Grand Rapids, and the Coliseum was packed to the doors at the general meeting where all gathered together at one time. Later the convention was split into smaller groups in various buildings for special work.

The addresses given at the general meetings Thursday were: "What Should the People of a state be told about their schools?" by Albert S. Cook, state superintendent of Maryland; "The State Educational Program" by T. E. Johnson, state superintendent of Michigan; "Democracy and Education" by Dr. L. H. Hough, Central M. E. church of Detroit, formerly president of Northwestern University; "Efficiency of Spirit" by George Locke, librarian, Toronto, Ont. formerly of the University of Chicago.

Special meetings were given over to rural schools, elementary schools, high schools, art, classical education, commercial education, English, grammar schools, history, home economics, manual arts and vocational education, modern language work, and other branches of school work.

Wednesday evening a farewell surprise party was given at the home of Mr. and Mrs. J. Helder, 25 E. 21st street, in honor of Mr. and Mrs. F. Zigterman, who have moved to their new residence on 191 West 19th street. Those present were: Mr. and Mrs. D. Overweg, Mr. and Mrs. J. Wiersma, Mrs. Albert Bowman, Mrs. F. Aartz, Mrs. A. Van Huis, Mrs. C. DeKraaker, Mrs. G. Eding, Mrs. Anthony Bouman.

Talks were given by Professor Wiersma on "Being Disabled and Living on hopes for the future," and by Mrs. C. DeKraaker on "Ghosts." Solos were sung by Mrs. D. Overweg, Mrs. John Wiersma, and Mrs. Albert Bowman, accompanied by Mrs. F. Zigterman. Dainty refreshments were served by Mrs. Helder, assisted by Mrs. Wiersma.

About 40 Hope College alumni gathered at Hotel Browning in Grand Rapids Friday evening for a banquet and get-together meeting. The gathering was in connection with the Michigan State Teachers' Institute of the fourth district, which institute was attended by Hope graduates from all over the state.

A delightful banquet was enjoyed, and after the meal Prof. Egbert Wintter, of the Hope College faculty, presided as toastmaster, introducing the various speakers. The addresses were all in the interest of Hope college. Toasts were given by Rev. N. Boer of Grand Rapids, Rev. Henry Vruwink of Grand Haven, Rev. A. Klerk of Grand Rapids, and President E. D. Dimment of Holland.

Thursday afternoon the seminary students and friends enjoyed a lecture given by Rev. A. De Jong, pastor of the Fifth Reformed church of Grand Rapids. Rev. De Jong spoke on the subject: "How to Keep a Vital Spiritual Life in the Ministry." It was an address of great interest to the students of the seminary, as it was very pertinent to their future work in the ministry.

The seminary has a very interesting lecture course. It includes three lectures by Dr. Harrison of Arabia, and three lectures by Rev. DePree of China. The next lecture will be given by Dr. Oltmans on Thursday, Nov. 2, at 4 o'clock.

The following are the members of the Seminary Lecture Course committee: Dr. E. J. Blekkink, A. Westmaas, F. Irhman and R. Rozeboom.

THINGS WERE DIFFERENT IN THE OLD DAYS

A mere glance over the news and advertising published in The Commercial in 1875 shows the startling difference in normal conditions and the conception of ethics and morality between those days and the present. A few items selected from a single issue are reprinted in another column. It appears that morphine and gum opium were such staple articles of retail trade that druggists advertised their prices on these articles as convincing arguments of the reasonable rates they charged for less used articles—just as grocers now quote prices on well known brands of flour, breakfast food, coffee or syrup. A certain brand of ale was advertised as almost sure prevention of ague and malaria, and as ague and malaria were as prevalent then as sands on the shore of Lake Michigan, it may be surmised that Mr. Wilson disposed of many a glass, quart, keg or barrel, of so tasty a remedy. In those days hotels in the villages and smaller cities asked but 5 cents for a meal or room and depended on the bar for their revenue. Recalling those "wide open days" the wonder grows that the race has managed to survive—Saugstuck Commercial-Record.

Miss Cora Knoll, aged 19 years, died Thursday at her home after an illness with erysipelas which affected her heart. The disease had run its course but her heart was too weak to rally. She was the daughter of Mr. and Mrs. Leonard Knoll, 220 West 14th street. Besides her parents, she is survived by the following brothers and sisters: Percy, Harriet, Evelyn, Leona, Merlin and Eugene. The funeral was held Monday afternoon at 2 o'clock at the home and at 2:30 at the Fourth Reformed church, Rev. Mr. Heemstra officiating.

Miss Dora Schermer, of the Holland City library, attended the 32nd annual convention at Flint of the Michigan Library Association.

The well-known Dunbar Male Quartet and Bell Ringer Co. will appear here on the Y. M. S. A. Lecture Course Friday evening Nov. 3, at Carnegie Gym.

For many years a Dunbar Quartet and Bell Ringer Co. was one of the most popular of Chautauqua and Lyceum organizations. The present company was organized by Ralph Dunbar of the original Bell Ringers, and is most worthy of bearing the Dunbar name. The members of the Dunbar company appear in solos, quartets, and readings and carry 150 hand bells upon which are played some of the best overtures and solo numbers.

The lady democrats of Grand Haven held a political meeting in the city hall Thursday night at which Mrs. W. H. Anderson, Mrs. Emma S. Brayton and Mrs. Louise Beltwood spoke on the various phases of the political situation, treating them in a manner interesting to the women voters. Following the speeches, the women organized into a democratic woman's club and arranged for a temporary state of speeches.

GIRLS WILL BE BOYS AND GIRLS WILL BE GIRLS

Mrs. John Beltman, 43 Columbia avenue, entertained the M. G. R. C. girls Thursday evening at her home at 413 Columbia avenue. The occasion was turned into a Halloween party with all the "boogie man" trappings that such an occasion requires. A masquerade was also a feature, the boy-girls and the girl-girls keeping their identity a secret until they were told to unmask when about a half of the supposed young men proved to be young ladies. No, there were no boys present. The prize was won by Miss Clara Alberta who was dressed in the costume of Revolutionary days.

Those who attended were the Misses Ella Berkompas, Agnes Rhoda, Clara Alberta, Kathryn TeRoller, "Betty" Ver Schure, Ella Schuttinga, Gertrude Beltman, "Brownie" Woodruff, Marguerite Dronkers, Deane Beltman, and Messdames Albert Van Huis, William Vining, and John Beltman.

MAKE QUICK TRIP ACROSS THE CONTINENT

Mr. E. E. Steffens and Mr. J. C. Turney of San Francisco, Cal., were in Holland Friday and these two Californians certainly lost no time in making the trans-continental tour. They drove to Holland from Dayton, Ohio.

On October 6, they left San Francisco in a seven passenger Buick-Six touring car and reached Dayton in 151 hours of driving covering the distance of 2834 miles. They consumed 177 gallons of gasoline which proves that trips these days are not costly.

DIES THURSDAY IN GRAND RAPIDS

Peter Dirkse, aged 70 years, died Thursday at Blodgett hospital, Gr. Rapids, as a result of a complication of diseases from which he had suffered since February. Mr. Dirkse came to America from the Netherlands forty years ago. He lived in Grand Haven for 12 years and in Holland for 28 years. He was a tanner by trade and later a furniture worker. He was a prominent church worker, serving both as elder and deacon, and he was also a charter member of the board of education of the school for Christian instruction.

The deceased is survived by his wife, five sons, three daughters, and one brother. The sons are: Dick of Grand Rapids, D. J. and John of Grand Haven, Peter A. and Cornelius of Holland; the daughters are Mrs. A. Remelts of Grand Rapids, Mrs. A. Reister of Chicago, and Mrs. C. Wolbrink of Holland. The brother's name is Dick Dirkse of Pine Creek.

The funeral was held Saturday afternoon at 1:30 at the home, 143 East 18th, and at two o'clock at the Prospect Park Christian Reformed church, Rev. J. C. Schaap officiating.

HAMILTON MERCHANT TO SPEND WINTER IN FLORIDA

Mr. and Mrs. Albert Kronemeyer, of Central Park, formerly of Hamilton, left Monday for Florida, where they will spend the winter. Mr. Kronemeyer has for many years been conducting a general store at Hamilton, but recently he sold his business and home there and came to Central Park where the family had been spending their summers.

Mr. and Mrs. Kronemeyer and their two children are making the trip to Florida in their automobile.

YOUNG SOUTH CAROLINIAN WINS SAUGATUCK GIRL AS HIS BRIDE

It has been whispered around town for some time that there was a wedding in prospect, and that expectation was realized when relatives and a few friends gathered at the home of Mr. and Mrs. Charles E. Thirty-two years ago last December, on account of a love affair Jacob Feltner left his home on the Allegan county line very suddenly. None of his friends had heard from him until his sister in Hudsonville received a letter from Feltner's nephew in England, which stated that Feltner had died in Australia a few weeks ago, leaving a widow and three children. The letter stated that Feltner went from here to Canada where he fell in with a company going to the Antipodes and joined it. For years he engaged in sheep ranching and when he died left an estate worth upward of over 250,000 pounds, sterling. His property is located in Australia and New Zealand. Many oldtime citizens in Ottawa remember Feltner as "the man with the crooked knee."

Olive green with white letters are the colors of the new 1923 automobile licenses. Allegan county's shipment came Monday, 4800 of them, and they go on sale Dec. 1. The first plate will be No. 234-501. Last year Allegan county sold 4,600 plates.

The last word received from Mrs. Bernard Hakken, nee Elda Van Putten, was from Bombay, India. Up to that time they had traveled 18,000 miles by way of England. They were spending a few days in Bombay shopping and making other preparations for the remainder of their journey to their mission post in Bahrein, Persia.

A few days ago Platinwell smothered Zealand in a football game by a score of 100 to 0. That reminds the writer of a baseball game that was played in Zealand some 35 years ago, which resulted in a score of 101 to 1 in favor of the Holland Black Diamonds. Being one of the Holland team a vivid recollection of the contest was a black eye received from a pugnacious Zeelander after the game who didn't like Holland a little bit.

WHY VOTE FOR CHARLES TOWNSEND?

Even papers in the state who were opposed to Charles E. Townsend for Senator in the primaries are now talking for him, as against ex-Governor Ferris.

One paper states that since "Pat" Kelley is out of the race for congressman, and Joe Fordney has retired, it weakens the republican standing at Washington, and should Ferris, a democrat be elected, it would take away a pillar of strength for Michigan in the senate for the reason that Charles E. Townsend has had 12 years experience and is now on the most important committees, the least of them not being the one that is promoting the deep waterway from the Great Lakes to the Pacific ocean by the way of the St. Lawrence river, a project that is of vital importance to the entire middle west and especially interests Ottawa county.

Mr. Townsend is "the father of the deep waterway." Mr. Ferris has never been in touch with it, would be a new man in Washington, and worse than that, in the minority party. The deep waterway from the Great Lakes to the ocean means that the entire Mississippi basin including Michigan, including Ottawa county, including Holland would not have to depend upon New York harbor as the only outlet and inlet to and from the ocean.

New York naturally doesn't want the deep waterway. The Empire state wants to "hog" it all, notwithstanding the fact that her docks are loaded to overflowing and the railroads from the east going west and likewise from the west going east are congested with freight.

The deepwaterway advocated and fostered for years by Senator Townsend and Congressman Carl Mapes, will relieve this congested condition, will furnish a new outlet to the outside world, for our manufactured goods and our farm products which because of freight congestion, even this year, was so delayed that some factories had to shut down, and fruit rotted upon the trees, and produce of all kinds found no market because the farmers lacked shipping facilities.

With the St. Lawrence river and the Great Lakes connected to the ocean nearly the entire coal supply could be brought here by boat at a nominal freight rate which would supply the entire Great Lake region.

Our furniture, our furnaces, in fact everything we make even here in Holland would find added facilities to reach the foreign markets without being compelled to crowd thru New York harbor before the foreign field could be reached. And not alone that, but the freight congestion to and from New York would also be relieved.

Senator Townsend is a strong figure in Washington, in fact one of the foremost senators and it would be deplorable to lose his valuable services for Michigan at this critical time. Even Mr. Townsend's opponents in the primaries and in the election have not questioned his honesty of purpose and the Holland voters have shown on the primaries that they have a high regard for Senator Townsend, and as Holland is especially interested in the deep waterway which will make Holland harbor an ocean port, its citizens are going to think twice before they cast off a certainty for an uncertain quantity at Washington.

As the Grand Rapids Press says "Ferris is already seventy years old. In the senate he would be for the coming six years a beginner and a nobody; at the end of his term, for Time spares nobody, we should have to get a new senator."

There is one amendment that is going to get a black eye in the state, especially in the city districts. It is amendment number two on the ballot to be voted next Tuesday, authorizing the enactment of an income tax law in the state on certain wage earners and salaried men, and also on all business enterprises. It seems that the bothersome national income tax reports that are to be made out every year should not be augmented by another one just as bad from the state. It seems that the tax might be levied in some other way. National income tax time is the bane of every business man's life.

About 50 poultry fanciers attended the poultry meeting at Grand Haven held in the supervisors room at the court house.

About 15 from Holland attended while chicken fanciers from Zealand and Coopersville were conspicuous by their absence, not a delegate attending.

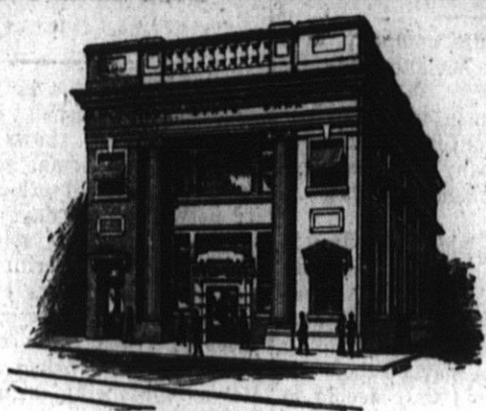

Some forty odd representatives from Grand Haven were present, and the meeting altho small was very educational.

One matter under discussion, but not finally passed upon, was the adopting of a trademark for certain standard produce coming from Ottawa county. The consensus of opinion was that the trade mark should be egg shaped, which would immediately indicate poultry and this egg label, so to speak, would be subdivided in order that other lines might be inserted in the trade mark. For instance besides poultry something to represent the celery growers might be added. Ottawa's grape production also was spoken of.

It may not be known to many that through the efforts of our county farm agents in the past, Ottawa has become the most noted county for seed corn production in the United States, meaning of course that Ottawa produces the best seed corn, and it was argued that this too should be on the label.

Anyway the matter was left to Edward Brouwer and Jack Sprang, both of Holland, whose duty it will be to design a suitable trademark and present their efforts at a meeting to be held later by the four Ottawa county poultry associations.

Mr. Hatch of Detroit, doing a wholesale and retail poultry business gave some interesting information on the sale of poultry.

BANK SAVING AND THE BREAD AND BUTTER PROBLEM

The man who must labor to-day that he may eat to-morrow bears a yoke which binds him to drudgery.

This was once the condition of all men, and all races and all nations and progress was measured by centuries instead of by years.

Gradually, man learned to accumulate a surplus—to fill his storehouses in years of plenty as a precaution against years of famine.

We no longer have famines on a national scale, except in times of war, because society protects itself against the uncertainties of nature.

More and more we are observing what thrift, forehandedness, is doing for civilization. It is enabling man to think of other things than the bread and butter problem. It is enabling us to better develop science, art and literature—because we are having surplus out of which we can better pay men to devote their energies to these things.

The banks are urging us to practice individual thrift—and this is splendid for all—particularly splendid for the workingman. For to solve the bread and butter problem we have to get away from the bread and butter problem. This may sound like a paradox—but it is based on truth and reason, and daily experience.

Is it not true, that the man who must work to-day that he may eat to-morrow cannot afford to take even the time to investigate better opportunity for himself? Is he not chained to his job—no matter how menial it is? But—if he can accumulate enough money to fortify himself and his family against the bread and butter problem for even a month—he becomes partially independent. He can afford to take a chance. He can select his job, because he is not compelled to accept the first thing offered. He gets away from the bread and butter problem.

Again, the man who establishes a Savings Account—and who builds it up to a tidy Nest-Egg—is in a position of still greater security, because he can become his Own Master if conditions warrant it. Freed from the fear of what will happen to himself and family in case he loses his job, he will by reason of this very freedom become a better man and this makes his position more secure.

The encouragements to thrift, to systematic saving are so great to-day that ANY man who does NOT acquire the habit of laying aside a little money every week—can ONLY blame himself in later years if misfortune overtakes him.

If for no other reason, we should save to SAVE OURSELVES.

The coming generation will praise the bankers of OUR generation for their PRESENT DAY propaganda.

MAYOR GIVES THE ARGUMENTS FOR A NEW HOSPITAL

(By MAYOR STEPHAN.)

On Tuesday next week, November 7, is general election, and the question of bonding the city to build a municipal hospital will be decided by the voters on that day.

Is the Hospital question going to carry?

That is a question that is put up to me again and again. If everybody who is in favor of a municipal hospital votes for it, it will almost carry unanimously, because I have to meet the first person yet who says that he is opposed to a municipal hospital. Every thoughtful person realizes the necessity of a good hospital in this city. No one questions that, but I find here and there a person that will say "yes, I am in favor of a city hospital but I'm going to vote against it, because—" and then they give some insignificant reason for their position. One will say, "I'm going to vote against it because I think \$175,000.00 is too much. We can build a hospital for less than \$100,000.00." Another will say "I don't like the present site," and another will say that the outlying district should help pay for this hospital. Another will say that the people in the city should be served in the hospital at a less rate than people outside of the city. And then again there are some that say they are in favor of a hospital but are going to vote against it because they don't like the hospital rules. They want a wide open hospital where anybody can go with any kind of a doctor and get any kind of an operation without the consent or knowledge of any other doctor or authority.

Now it is going to take three fifths of the total vote cast Tuesday to carry the hospital proposition, and unless that many people vote for it, Holland is not going to have a new hospital but will have to get along with what it has.

Personally I am convinced that anybody who realizes the necessity of a hospital in our city cannot vote against the proposition for anyone or all of the above mentioned reasons combined. The present site was not my first choice; neither was it of the majority of the hospital board, but I believe and the board believes that the majority of the people in this city preferred the present location to any other location, and in our anxiety to have the proposition carried, we stated a definite location which we thought and believed was the wish of the majority of people in our city.

I agree with those who state that the outlying district should pay part of the expense of the hospital, but I am also convinced that if the city of Holland waits until Holland township and Zeeland, Park township, Lake township and other townships in Allegan county which are near to Holland vote for a bond issue to help build a hospital in Holland, we will be without a hospital for a great many years to come.

I also agree that people outside of the city should not have the same privileges as people in the city, and have full faith in whoever may be members of the board after the hospital is built, that they will do what is right and fair to the citizens of Holland, same as the Board of Public Works has always done in their affairs. These conditions and propositions will have to be met from time to time and these problems will have to be solved same as the Board of Public Works solve their problems. They did not do it in a day and the problems in connection with the running of a hospital will not be solved in a day. You must have faith in the men who are on the board and believe that they are just as loyal citizens as you are, and that they have the interest of the city at heart as much as you have. If those who are thinking of voting against the hospital proposition on this score will keep this in mind, they will vote for, instead of against it.

I agree with those that say that \$175,000.00 is a lot of money, but I don't agree with them when they say we can build an adequate hospital for \$100,000 or less. The men that have put up this proposition have carefully considered it from every angle. Most of them are good, conservative business men who do not desire to run the city into one dollar more debt than necessary. Several of the members of this board are heavy taxpayers, and fully realize that they will have to pay the lion's share of this hospital bonding proposition, but all of them without a dissenting vote have concluded that Holland cannot build a hospital which will meet with the approval of the people after it is finished for less than \$175,000. Those that say they are going to vote against the hospital proposition because we are asking for \$175,000 evidently have not informed themselves how little difference it makes to them personally whether we build one of \$100,000 or \$175,000. I have had the City Assessor and City Clerk figure out for me how much it would increase our taxes, and I find that under the proposition as it is put up we will have 28 years to pay for this hospital. Taking the principal and interest we will have to pay during these 28 years, it will make a difference of 90c for every thousand dollars they are assessed per year. In other words, if a man is assessed for two thousand dollars on his home, he will pay \$1.80 additional taxes for 28 years, to have the benefit of a first-class, up-to-date hospital in our city. Now, if it isn't worth \$1.80 a year to that man in having a good hospital here in this city, he has a right to vote against it.

One of the paradoxes of the present situation to me is this: That the men who are paying the least taxes are doing the biggest hollering, while those that are heavy taxpayers more than 90% are in favor of the proposition, and yet these very men who are the heavy taxpayers, natu-

ally are men of means, who are not dependent upon a local hospital but can well afford to go to Grand Rapids, Chicago, New York or any place they want to for good hospital service. Those that object to it on account of the rules, wish to inform them that the rules have been changed, and that every doctor in this city who has been here two years has the same privilege as any other doctor, and no set or clique of doctors can control the management of the new hospital. These new rules have been carefully gone over by the board and the doctors of this city have met with almost an unanimous approval. There is always going to be something in connection with the running of a city hospital that is going to be criticized and fault found with—the same as the Board of Public Works has been criticized from the day that Holland undertook to run their own electric light and water plant, but that it was a move in the right direction, no one questions today. I believe that a municipal hospital will be just as satisfactory, and that after it is built we will be just as proud of it as we are of our city hall, parks or light and water plants. It is never going to be a paying proposition like our electric light plant, i. e., we will never be able to say at the end of a year that we have made so many dollars and cents, but the comfort that it is going to give those that are unfortunate and who are in need of a hospital, the lives it will save, as even our present little hospital has fully demonstrated, and ease and relief it will bring to the suffering ones will more than repay us for the few dollars that will be added to our tax roll.

Citizens of Holland, give this serious consideration between now and Tuesday next. Lay aside the minor objections you may have to the proposition as it is put up, view it from a humanitarian, christian standpoint and have it announced to the world on Wednesday next that charity and brotherly love rules in the hearts of the citizens of Holland.

E. P. STEPHAN,
Mayor.

The person in the pink of physical health has no better chance against the infectious diseases such as smallpox and influenza than the person whose physical condition is poor. This rather startling statement was made Tuesday evening by Dr. John Sundwall, director of health and hygiene at the University of Michigan, in an address in the W. L. C. Hall on "The Community and Public Health" under the auspices of the W. L. C. and the Holland Teachers' club. Mrs. C. J. Dregman, president of the W. L. C., presided. The audience was not large but Dr. Sundwall was given close attention.

"The theory used to be," said the speaker "that if one kept in good physical condition he was safe, but this theory does not hold water. It is indeed desirable to keep in good physical condition because it will ward off many ills, but the person in the best physical health who lives in close contact with persons having any of the infectious diseases will inevitably get those diseases also.

In a talk in the W. L. C. hall on Tuesday evening while waiting for Dr. John Sundwall, the speaker of the evening to arrive, Dr. A. Leenhouts made a vigorous defense of the hospital and a plea for the new institution. Dr. Leenhouts denied in the strongest terms that favoritism had been shown to certain doctors in the conduct of the present hospital.

"It must be remembered," he said, "that the present hospital is very small and adequate, and so it is for emergency cases only. It has often happened that a doctor was promised a bed for a medical case and meanwhile a life-and-death emergency case came in to take the bed so that the promise for the medical case had to be cancelled. But that is not showing favoritism. That is a stark necessity. Because of this fact, the doctors who specialize in surgical work necessarily use the hospital most, but that can't be helped when the hospital, because of its smallness can accommodate only surgical cases. That's exactly why we want to build a new hospital where all can be accommodated.

Dr. Leenhouts also called attention to the other objections that are being raised. The difference in fees proposal between city and country, he said, would be taken care of equitably by the board as soon as they found it was good business to make such a distinction. The hospital rules have been changed so that all objections on that score have been met. The objection to the site he said, also is a matter for broad-mindedness and compromise and is not fundamentally important. The objection that the city cannot afford to pay \$175,000 for a new hospital, he said, is also not well founded. The very persons who will have to stand the greatest share of the expense are certain that the city can afford it.

Eight o'clock will be the time, Thursday evening will be the night, and Carnegie Hall will be the place for the address of Dr. Marion L. Burton, president of the University of Michigan. So far as most people can remember, this will be the first time that a president of the University of Michigan comes to Holland to give an address. The late Pres. Angell and President Hutchins were not much in the habit of going about the state giving public addresses, but with the inauguration of President Burton a new policy in this respect was adopted. He is carrying the university to the people, and on Thursday night he will carry it to the citizens of Holland.

Every adult person in the city is cordially invited to attend. The meeting was arranged for by the Holland branch of the alumni association, and its members are very anxious to fill every seat and thus show President Burton that Holland is deeply interested in the state's great institution of learning.

INJURY IN CIVIL WAR CAUSES LOSS OF AN EYE

An injury received in the civil war Tuesday cost Peter Gunst, veteran survivor of many battles, an eye. While a soldier in the Union army Mr. Gunst was hit by a piece of a shell that broke the bone of the orbit of his right eye and cut into the eyeball sufficiently so that it blinded it. But Mr. Gunst recovered from the injury and although he had the use of only one eye ever since he was not seriously inconvenienced.

But recently inflammation developed in the injured eye which threatened the sight of the other eye so that it was decided to operate. The operation was performed Tuesday at Holland hospital by Dr. Leenhouts and the right eye-ball was removed. Mr. Gunst is 82 years old.

The annual week of prayer that is observed at Hope College under the auspices of the college Y. M. C. A. is to begin on Sunday, Nov. 5. Each day an hour for religious services will be set aside at which topics of a religious nature will be considered and discussed. Besides the regular meetings, the student body will be divided into prayer circles of from 12 to 15 members at which personal difficulties, and topics of personal interest are discussed and ironed out.

Last year these meetings became so popular that some groups were continued at intervals until the holidays.

The associations have mapped out a tentative program which is still subject to change. The public is given a cordial welcome to attend the regular meetings, which are to be held in Winants chapel at 11 o'clock each morning, except on Sunday, when President E. D. Dimment will conduct the first of the meeting which is scheduled for 6 o'clock Sunday evening.

The leaders and topics for the week follow:

Monday: Preparation for Prayer—Rev. Fred Van Dyke of Second Reformed church at Hamilton.

Tuesday: "Accomplishment,"—Dick Boter.

Wednesday: "Courage,"—Presidents of Y. W. and Y. M. C. A.

Thursday: "The will-to-be"—Rev. King Beach of the 1st Methodist church, Grand Rapids.

Friday: "The Lively Hope,"—Rev. Minor Stegenga, Grand Rapids.

Approximately one hundred fathers and sons gathered around the tables at a fathers' and sons' banquet given Tuesday night at the Trinity church, under the auspices of the Young Ladies' League for Service Society.

The room was appropriately decorated for Halloween, even the waitresses being dressed accordingly.

Rev. C. P. Dame presided as toastmaster, and Supt. E. E. Fell delivered the principal address of the evening. Mr. Fell in a stirring talk appealed to the men and boys for an hour, and urged the boys to make better pals of their dads, that no son would be easily led astray if he only remained true to his father. He also urged the father to be a chum to his boy.

Rev. Dame then introduced Fred Jonkman, a Hope College student, who in turn toasted the fathers and Mr. N. J. Jonker responded by delivering a toast to the boys. John Ter Beek entertained the audience with two vocal solos; Adam Westmaas of the Western Theological Seminary rendered two violin solos; Russell Damstra, two readings; Basil Mitchell two whistling solos, accompanied by George Kats on the piano. A number by the men's quartet concluded the program.

SHERIFF'S DEPARTMENT MAKES THIRTY ARRESTS IN OCTOBER

The following detailed statement appears in the columns of the Grand Haven Tribune giving an account of the activities in the sheriff's offices. Says the Tribune—

"The monthly report of the sheriff's statement as issued by Sheriff Fortney contains some very interesting material. Thirty arrests were made during the month of October of which those for violation of the liquor law took a leading part. Quite a bit of other interesting data is furnished which convinces one that the enforcing of the law in Ottawa county is quite a job.

"In all thirty arrests were made for various misdemeanors and crimes. Eight of these arrests were made for violation of the liquor law, 3 for simple larceny, 2 for contempt of court, 2 for driving automobile while intoxicated, 2 for drunkenness, one for felonious assault, 2 arrested and held for other officers, 1 for theft of an automobile, 2 assault and battery, one or assault and six held for investigation.

"It will be seen that true to form, arrests for violation of the liquor law lead, followed by arrests for simple larceny.

"Sixteen convicted prisoners were taken to state prisons by the county officers. Twenty-seven investigations were made and thirteen calls were answered at night. In the pursuit of their duties the officers of the sheriff's office drove 1,908 miles by automobiles.

"In the matter of serving meals to the various prisoners which were at one time or another confined in the county jail, 1,024 meals were served at an average cost of seven and one-half cents for each meal.

"Sheriff Fortney and his men recovered \$300 in stolen property and one automobile which was taken in Chicago. During the month, fines imposed came to \$3,000 and money to be turned back through costs collected totaled \$459.73. Money turned over to the county treasurer for serving of papers amounted to \$192.42.

"In submitting his report the sher-

COMPILED BY THE OTTAWA COUNTY REPUBLICAN COMMITTEE

Republican Voters Attention!

At the Republican primaries held September 12th I was chosen by an overwhelming majority of the people to represent you as your candidate for Sheriff of the County.

I have held the position of Sheriff but one term, two years and during that time I have given the people an honest, and efficient administration.

My principal opposition seems to come from the law breakers, automobile thieves, violators of the liquor law, etc., I can offer such opposition no comfort.

If the people of the County will just consider that since I became Sheriff I have gotten back a total of 41 stolen automobiles and other stolen goods to the value of nearly \$60,000.00. Have made 600 arrests, of which approximately 200 were liquor law violators, then they can understand why I have opposition.

During the next two years I expect to continue as in the past except more effectively because of my experience. I intend that it shall be safe for a man to own an automobile in this county, and unsafe for a man to poison his fellow men with moonshine whiskey.

The prohibition law must mean what it says in this county. I stand 4 square for the enforcement of the prohibition law and for full cooperation with the Police Departments and the Prosecuting Attorney in the enforcement of all laws.

If you agree with my principles as above set forth and as evidenced by my work in the past, then I ask your hearty cooperation and endorsement November 7th.

DELBERT FORTNEY, Sheriff

iff stated that some comment had been caused by individuals who circulated a report that he was "wet" in sentiment. The sheriff stated that he stands unreservedly for the enforcement of the prohibition laws and that during his whole term in office it has been his aim to strictly enforce every law which is inscribed on the statute books."

DON'T YOU FEEL THE SAME WAY?

The Holland Furnace Company is enjoying the condition of business to-day. We are pleased that you, like everyone else, are determined now to get at least one hundred cents worth in every dollar you use.

That is the spirit that is leading people, more and more, toward the desirability of heating the home with the dependable Holland System.

It has grown very distasteful to most of us to be told to take what we are offered or nothing. There is hardly a soul who is not happy with the thought that he can again use his head in buying, and get the most in Service.

The lasting economy in buying a Holland Furnace is appreciated more to-day than ever before.

Holland Furnaces are sold either for cash or on the time-payment plan.

The case of Harm, Geert, Jan and Egbert Wolting against Koene, Johannes and Jennie Vanden Bosch, which has held the attention of the court for the past four or five years has finally been decided in favor of the plaintiffs by the Michigan Supreme court in a decision handed down by Judge J. McDonald, acting for the entire bench. The case was brought by the Wolting Bros., thru F. T. Miles, their attorney, to set aside a deed and void two mortgages in 1916 Harm Wolting sold to the defendants parcel of land for \$2500 and agreed to accept \$1000 cash and a mortgage for \$1500 to cover the unpaid balance, and in exchange was to give them a warrant deed. The transaction was completed, but it developed that when Wolting recorded his mortgage that it was a second mortgage instead of a first mortgage.

It seems that the deed and the two mortgages were written on the same date and that the Vanden Bosches had taken a mortgage on the property in order to raise the first cash payment and recorded the paper before Wolting could record his, thereby having it considered as first mortgage. It was brought out in the evidence that all three papers were signed at the same time the money was turned over but that Wolting did not know what he was doing. The court held "that he did not understand and appreciate the effect of the transaction, that the price was inadequate, and the terms were unfair and inequitable, and he did not have sense enough to know it." It is affirmed, with costs to the plaintiff.

BECOMES GRAND-FATHER THREE TIMES IN ONE MONTH

Mr. G. J. Van Wieren, living on 18th street, became a grandfather three times during a single month and in addition to that became a great-grandfather also in the same month. The grandchildren were: a girl born October 4th to Mr. and Mrs. John Ten Brink in Kalamazoo, a boy born to Mr. and Mrs. Herman Geerds in Holland, a boy born to Mr. and Mrs. Leonard Van Wieren in Holland. The great-grandchild was born to Mr. and Mrs. John Van Wieren at Waukazoo.

Mr. Van Wieren is grandfather to 26 grandchildren, and there are now three youngsters to whom he is a great-grandfather.

NEW IDEA IN SALESMANSHIP TO BE TRIED HERE

A certified used car sale, a new idea in automobile salesmanship is to be staged in Holland this week, beginning Wednesday and continuing Thursday and Friday. The sale is being put on by the Peoples Garage and the Holleman-Deweerd Co. at the Peoples Garage. A similar sale recently held in Grand Rapids aroused a great deal of interest and was largely featured in the news columns of the Grand Rapids papers.

Under the new plan every purchaser of a used car receives a certificate which sets forth the actual condition of the car and certifies to the facts thereon stated. The certificate bears a seal, called the "Seal of Satisfaction," and the purpose of the plan is to give the used car buyer an absolute assurance that he is getting a car exactly as represented.

"There is absolutely no reason why any man cannot safely buy a used automobile," said Peter Lieveense, of the Peoples Garage Tuesday. "The value is there in a good car, carefully inspected and thoroughly tested. We pledge the entire resources of our company to insure the satisfaction to our used car customer, and our certificate will, we believe, clear up all uncertainty that has heretofore been associated with the purchase of a used automobile."

CENTURY CLUB TURNS BACK CLOCK OF TIME TWENTY-FIVE YEARS

The Century Club turned back the clock of time 25 years Monday night when it met at the home of Mr. and Mrs. W. H. Beach. It was 25 years ago that the club was organized, growing out of the old Monday Night club, and since the first meeting was held at the Beach home it was highly appropriate that this commemorative meeting should be held there also.

The program was a surprise and it was carried out by those charter members still in the club. These members came to the meeting dressed as nearly as possible in the clothes they wore 25 years ago and with facial adornments closely copying their photographs of that day. Thus G. J. Diekema who was chairman, appeared with Titian sideburns making him look almost like a half-brother to former secretary Redfield of the Wilson cabinet; Dr. J. B. Nykerk had as much hair as a rah rah boy and a mustache with little waded curls at the end, the kind that are still familiar to those who have old photographs of him; C. M. McLean, hair combed back in an old style that is becoming new style again and wearing a Kaiser Bill mustache, was again the well known superintendent of schools.

The gowns of the women were delightfully like the pictures in old numbers of Harpers' Weekly, with sleeves baggy at the top and skirts dusting the floor. The cravats of the men also were the kind that cover the entire shirtfront, and the coats, in the case of most of the them, seemed a little tight. Everything was delightfully oldfashioned.

The program which was arranged by Mrs. Harris Meyer, consisted of the following: reading of the minutes of the first meeting, Mrs. J. C. Post; duet, Mrs. Frances Browning and Mrs. W. H. Wing; reading, Mrs. C. J. Dregman; solo, Mrs. W. H. Wing; quartet, Mrs. Browning, Mrs. Wing, Dr. J. B. Nykerk and Dr. B. J. DeVries, accompanied by Mrs. C. E. Luscomb; reading, Mrs. Browning; solo, Dr. Nykerk; quartet, Mrs. Luscomb, Mrs. Fred Boone, Mr. W. H. Wing and Mr. C. M. McLean accompanied by Dr. B. J. DeVries. This program was composed of songs and readings given 25 years ago. It was highly entertaining and delightful, with an almost unconscious undertone of sadness that saved it from being burlesque and that gave it distinction.

MUSKEGON PAPER PRAISES LOCAL PASTOR

The following clipping in regard to an address by Rev. P. P. Cheff is from the Muskegon Chronicle:

"At the regular meeting of the Quadrangle club, held at the Hotel Occidental yesterday, the members and their guests listened to a splendid address given by the Rev. Paul P. Cheff, pastor of Hope church, Holland, on 'Falling In Love,' and the power of the child in awakening love which he said, liberates faculties and powers dormant, perhaps for a lifetime. The fires of love, said the speaker, touch and lay hold upon the heart and unexpected powers spring into being. Speaking of the change in the attitude of the world toward the child, Dr. Cheff referred to the attention paid to the child and its welfare at the meeting of the Federation of Women's clubs at Flint, as in sharp contrast to the old idea that a child should be seen but never heard."

"According to the old order, the period of childhood was one to be terminated as soon as possible, the speaker said, with the element of love left out. 'When Jesus took the child from the circumference and placed it in the center,' said Dr. Cheff, 'it was a lesson to us that we place the sacred nimbus about the head of every child born. To weakness, helplessness and dependence of childhood is the power that saves mankind. The more you love, the better you are.'"

"Dr. Cheff is a delightful speaker, combining great oratorical power with humor which holds the interest of his hearers throughout his informal address, and makes them wish for more."

How to Buy Fire Insurance

You may need more than fire insurance

Fire insurance makes good nearly all fire losses. There are certain other forms of protection however that many property owners need. These are called, Rent, Riot and Civil Commotion and Use and Occupancy insurance. They supplement the fire policy.

Who reads the new mystery story

"The Green Archer"

By EDGAR WALLACE

In THE CHICAGO DAILY NEWS

Beginning Thursday, November 2

The story—the newspaper serial story—has become the habit, and a very good habit, of the great majority of American newspaper readers. The reason is not far to seek. After the strenuous day the evening story, moving on the wings of imagination, brings with its complete change of thought and interest a benediction of mental rest that makes an almost universal appeal.

In presenting "The Green Archer"—a new story of mystery—The Chicago Daily News introduces a new feature of added interest in story reading—a distribution of \$3,000 in prizes for the best solutions of the story's mystery. Here is a battle of wits that should provoke the best efforts of the reader to rank

as one of the one hundred and sixty victors in the contest.

The Chicago Daily News is pre-eminently a family newspaper, and its long established daily installment of a high-grade serial story is a feature intended specially to commend it to the home circle. To emphasize—and advertise—the fact that The Chicago Daily News is a newspaper particularly intended for women's reading, the condition is made that the three thousand dollars in prizes shall be paid *only for explanations of the story's mystery sent in by women and girls*.

All may read, but only women and girls may enter the contest—and win the three thousand dollars.

Conditions of the Award of \$3,000:

1. To the reader from whom The Daily News receives by mail at its publication offices, 15 North Wells street, Chicago, the most complete and correct solution in all its details of the entire mystery in "The Green Archer", as it shall be disclosed in the final chapter of the story, to be published Wednesday, December 13, in The Daily News, the sum of \$1,000 will be paid. The entire sum of \$3,000 will be awarded in 160 prizes as follows:

For the best solution.....	\$1,000
For the second best solution.....	250
For the third best solution.....	150
For the fourth best solution.....	100
For the next best two solutions (\$75 each).....	150
For the next best four solutions (\$50 each).....	200
For the next best ten solutions (\$25 each).....	250
For the next best forty solutions (\$10 each).....	400
For the next best one hundred solutions (\$5 each).....	500

Making a total of one hundred and sixty prizes... \$3,000

2. "The Green Archer", beginning Thursday, November 2, will continue in a daily installment until Friday, December 1, on which date all but the final chapter will have been published. The interval between Friday, December 1 and Saturday, December 9, inclusive, will be allowed for forwarding the solutions of the mystery.

3. The final installment of the story, disclosing the mystery, will be published in The Daily News Wednesday, December 13.

Walter Camp, who knows all about football and who is authority and picker of All-American elevens, likes Cappon, judging from the following comment:

Cappon is a knight of the gridiron. He was given his first opportunity

We saw Cappon play several times last year, and vividly remember seeing his bald head shooting through a small hole in the line for a long gain."

Asthma is Not A Vagary of Climate

Heal h Talk No. 45

By JOHN DE JONGE, D. C.

Asthma is not a product of climate, nor will a change of climate affect a cure. Change of climate may cause the condition, but the cause is in the spine and "the asthmatic hump" as it is called is a well recognized spinal accompaniment.

The above information was given an asthmatic sufferer who went to the dry climate of South Dakota and found some measure of relief. He says, "the asthmatic attacks did not stop when I came, but I was soon rid of them under chiropractic spinal adjustments." Then he asked whether he could take a chance on returning to his home town, and the chiropractor assured him that he could. If climate caused Asthma, then all residents of the states south of the great lakes would have it.

Suffered for Sixteen Years and Got Well

"After suffering with asthma for sixteen years and not being able to get any permanent help, I was advised to try chiropractic spinal adjustments. I am thankful that I did. I have been feeling like a new man since. Not a spasm have I had since. I can lie down at nights and sleep, something I could not do for several years."—H. L. TOWNSEND AND FARMERS

INTERESTING LETTER FROM THE SENATOR TO ALLEGAN COUNTY FARMERS

Tells a Trowbridge Farmer of His Early Labors on a Poor Farm

Jackson, Mich., Oct. 31, 1922

Mr. Wallace S. Pence, Allegan

My dear Mr. Pence—A mutual friend has informed me of your interest in my candidacy for the Republican nomination in the recent primary and while it is impossible for me to express to all who supported me by their votes, my appreciation of their action, I can assure you none the less of that appreciation.

It was mentioned to me that among some of the Republicans of Trowbridge township were some who felt that they should support another candidate because he happened to be a farmer. While I do not desire to criticize any voter merely because he may not favor me over others, it occurs to me to state that I was born on a farm, and a very poor sort of farm at that, in Jackson county; that I was reared on that farm, and that my years of hard work in the endeavor to help produce from poor land a living for the family under adverse conditions assuredly did all that the most vociferous advocate of farmers' rights could demand to bring to me a very keen realization of the fact that if legislative action can do anything to bring to farmers adequate return for their investment and labor they are entitled to such action. My votes have always been cast to that end whenever opportunity offered. More than that, I do not believe anyone could have done, no matter whether he were himself a farmer or not.

As I trust may be understood, I assume no special merit to myself on account of my farm experience, any more than I do from my experience in the practice of law. However, I do believe, that my early participation in the conduct of the family farm tends to render me inclined to give a very sympathetic hearing to any matter directly affecting farmers and their interests. At the same time I have never considered myself the representative of any particular class nor calling, but have believed that my efforts and my votes should be governed by a careful consideration of the best interests of all the people, on the idea that no one class should be aided by legislation at the expense of the remainder, and that so far as could be attained by legislation prosperity of the entire people should be sought. This was the idea which governed my votes on various phases of the recently enacted tariff act.

Trusting that now that the primary is passed those who believe in the usefulness of the Republican party will join in united action to elect their candidates chosen at a free primary and that you may feel able to lend your efforts and influence to that end, I am, Sincerely yours, CHAS. E. TOWNSEND.

NEWLY WEDS MAKE

TRIP TO EUROPE

Monday night Miss Marie Frances Story Peters, daughter of Mr. and Mrs. Abraham Peters, was wed to Prof. H. W. Jellema, son of Mr. and Mrs. D. W. Jellema, at the home of the bride's parents 181 West 11th street, Dr. H. Meeter of Grand Rapids performed the ceremony with only the parents, brothers and sisters and a few intimate friends, 25 in number, present.

Mr. Jellema is a graduate from Calvin college, and is at present instructor there and has been given a leave of absence for one year. He is also a graduate of U. of M. where he secured his Ph. D.

Mrs. Jellema attended Calvin college for seven years and two of her classmates, Miss Johanna Timmer and Mrs. Van Lunen of Grand Rapids were also present, and attended the bride.

Mr. and Mrs. Jellema will start on a wedding tour of Europe within a few days, and be back sometime next summer.

Upon their return they will make their home in Grand Rapids.

Harry Harrington and family Monday moved into their new bungalow, "Clairview," at 237 Van Raalte ave. The new bungalow overlooks the lake and is one of the finest of recently built homes in Holland.

Dr. and Mrs. W. Preston Scott have returned from a week's auto trip to Chicago, where they were the guests of their niece, Mrs. Marie Lohse, Oak Park, formerly Miss Marie Stafford. The Scotts have vacated their summer home and are now making their homes at the corner of Columbia and Ninth street.

CAPPY SURELY MADE

GOOD SATURDAY

Michigan beat Illinois at Ann Arbor by score of 24 to 0, and relative to the game Mr. Veldman representative of the Sentinel, has the following:

Before a crowd of 43,000 people at Ferry Field Saturday, the University of Michigan football team, with Cappon, Kirk and Goebel as bright lights, completely overwhelmed the Illinois aggregation, trimming them

24-0. Cappon, Holland's own product, playing tackler for the maize and blue easily was the individual star of the contest. Never once, when given the opportunity, to carry the ball did he fail to advance it to ward the enemy goal, and on two occasions he made gains of 14 yards at single smashes thru the line. In the second quarter, Goebel recovered a fumble on the 15 yard strip, on three attempts at the line, Cappy took it over for a touchdown. Time after time he tore huge holes in the Illinois line and on defense he seemed to be under every play.

The Michigan defense worked beautifully their opponents not being able to make first down until late in the third quarter. The most sensational play of the day came in the start of the second half when Kirk caught the kick-off and wen 75 yards for touchdown. Roby, Holland's other representative appeared on the grounds with one leg bandaged up, however, he will be in condition to play against Wisconsin. In Cappon and Roby, Holland has two representatives of which they can be justly proud, Cappon being one of the greatest all-around players ever turned out at Michigan.

The entire national press is giving Franklin Cappon of Holland a lion's share of the credit, claiming that his work brought about the defeat of the Illinois team.

Walter Eckersall of the Chicago Tribune, possibly one of the best football critics of the U. S. has the following to say about Franklin Cappon, even comparing him with Longman and Hammond, the greatest football stars of all time.

"After the first period, Michigan showed pleasing offense. The attack was varied by line plunges, drives off the tackles, and end runs plays were mixed nicely by Quarter Back Uteritz, who is without doubt one of the best field generals in the conference. He is absolutely sure in catching the punts and in this work featured the game."

"Altho all Michigan men played as well as could be expected following the Ohio clash a week go, the game developed a great player in Cappon, who has been a reliable for two years. This player's plunging reminded one of the driving of Frank Longman and Tom Hammond. He also was a strong factor in the interference."

COMING TO HOLLAND THE PROGRESSIVE DOCTORS' SPECIALIST

Treating Diseases Without Surgical Operation

At the Holland Hotel Saturday, November 25th Office Hours: 10 a. m. to 4 p. m. One Day Only; Returning Every Three Months

FREE CONSULTATION

The Progressive Doctors' Specialist is licensed by the state of Michigan; a graduate of one of the best universities; 25 years of practical experience; comes well recommended. Will demonstrate in the principal cities methods of preventing many diseases such as goitre, consumption, etc., and also methods of treating diseases of long standing by means of medicines, diet and hygiene, thus saving many people from a dangerous and expensive surgical operation. This specialist is an expert in diagnosis and will tell you the exact truth about your condition. Only those who have a good chance to regain their health will be treated, so that every one who takes treatment will bring their friends at the next visit.

Some of the diseases treated: Diseases of the stomach, bowels, liver, blood, blood vessels, skin, kidneys, bladder, heart, lung, eye, ear, nose, throat, scalp, enlarged veins, leg ulcers, rheumatism, high blood pressure, tumors, enlarged glands, goitre, piles, nerves, weakness or exhaustion of the nervous system giving rise to loss of mental and bodily vigor, melancholia, discouragement, and worry, undeveloped children, either mental or physical, and all chronic diseases of men, women and children that have baffled the skill of the family physician.

A diagnosis of any disease of long standing, its nature and cause, will be made free and proper medicines will be furnished at a reasonable cost for treatment to those selected as favorable cases.

Children must be accompanied by their parents and married ladies by their husbands.

LOCALS

The Holland High football team travels to Allegan Saturday to meet the team representing that city. Holland's team is badly crippled, but is planning to avenge themselves of the defeat suffered at the hands of Allegan last year, when Allegan sprung a surprise and slipped over a win. A large delegation of rooters will accompany the team.

In a spirited game of football held Tuesday afternoon on the college campus the sophomore squad defeated the first year men 13-0. Both touchdowns came in the first half, the first coming after three minutes of play. Long passes proved the only method by which either team could gain ground. Elenbaas and Essenbagger starred for the Fresh, while Pleume and Ottipaby performed best for the upper classmen.

M. Franzburg, who petitioned the council for the right to build an addition to his store was told by that body Wednesday night to go and get the necessary signatures from surrounding property owners. Failing in that the permit will be withheld. Work on the building had already begun but was halted by this necessity to comply with the building ordinance.

A petition of Wm. D. McMay to conduct a dancing academy at 74 E. 18th street was referred by the common council to the license committee.

This is the last week of the Kadey meetings at the Wesleyan Methodist church. Exceptional interest has characterized these meetings from the first. The building has been crowded on a number of occasions. Sunday will be the closing day. Three services are planned for at the hours of 11, 2:30 and 7:30. The Sunday afternoon subject will be "The Iron and the Clay or Who Put the Mock in Democracy."

NEW \$100,000.00 PLANT TO BE ERECTED IN HOLLAND

In order to be able to meet the growing demand for the products of the Holland Stamping Co., Mr. Thos. Olinger has closed a deal whereby he becomes the owner of all the property between Second and Third streets east of River avenue extending to the marsh. On this site the Federal Stamping Co. will erect a modern factory with about 60,000 square feet of floor space. The total investment is expected to be approximately \$100,000.

It is hoped to have the new building completed in time to be occupied next spring although all the new equipment will not be completed and in full operation before 1924.

The company is now employing about 25 men and girls, but after the new building is occupied this number will gradually be increased to sixty or more the first year. Mr. Olinger is in the East now making arrangements for the purchase of the new equipment.

The present company had its origin in 1912. At that time there was a two story white brick building at the east end of 20th street erected in 1908 and at first known as the Woven Wire Fence Co. It was in this building that Dr. Conkey established the Veterinary Specialty Co. in 1912. This was sold to Mr. Olinger in 1914.

In 1917 the Holland Lighting and Specialty Co. was formed which absorbed the Veterinary Specialty Co., but when the United States entered the war the lighting business was discontinued and for two years the factory operated at full capacity making operating tables for the U. S. Army.

In 1919 the name was changed to the Federal Stamping Co. which then began, with two presses, the manufacturing of furnace accessories. This year the company is operating forty presses, and it is to accommodate the growing demand for the firm's products that the new deal has been made. The company now sells its products from the Atlantic to the Pacific.

MUSKEGON BOY SERIOUSLY INJURED

SON OF THE POSTMASTER DIES; OTHER IS VERY SERIOUSLY INJURED

Bennie Oosterbaan, a star player on the Muskegon high football team, was seriously injured in an automobile accident at Muskegon, and was internally injured and it is feared that the injuries which are internal and accompanied with concussion of the brain may be fatal.

Two years ago a brother Andrew, was killed in a basket ball game.

The two boys are sons of Postmaster Oosterbaan of Muskegon, who has many friends in Holland. The postmaster was reluctant about giving his consent to his second son playing football, fearing that the fate of the first might be meted out to the second son, but he was finally prevailed upon to give his consent for the reason that the young star might play an important part in the possible winning of the State championship.

COUNTY FARM AGENTS START INSTITUTE IN HOLLAND AND ZEELAND

Agents of Four Counties Get Together and Evolve Plan Whereby Speakers are Secured

In conjunction with farm agents of three other counties, C. P. Milham, Ottawa county farm agent, has announced a plan whereby better speakers and better programs of instruction may be secured for the various winter institutes which are held throughout the county during the winter time. Many of these were held last winter with pronounced success and for the coming winter an even better program is planned for. Last week at Muskegon C. P. Milham of this county, Dwight C. Long of Muskegon county, Clair C. Taylor of Fremont and I. I. Pickford

of Hart got together and decided on a concerted plan of action in regard to bringing speakers to this part of the state from the agricultural college.

By combining the farm agents are sure of securing the best men available for the work. This is not possible where each county is sent one man who comes and returns but by making a circuit more counties will be served by one man which means that an expert can be put on the job.

Men are first expected to visit Ottawa county, and then move on to Muskegon, Oceana and Newaygo.

The program of work outlined in the meeting includes four days in each county for horticulture meetings, four for dairy and alfalfa gatherings, three for poultry schools two for potato culture and one for muck farming.

The different institutes are held in the various sections where interest is highest. The chicken gatherings for instance will either be held in Zeeland or Holland where the most interest is manifest in that branch of the school. In Hudsonville, some other meeting will be held as is the case with other communities.

Why Change?

Would any American Workman change places with a Workman in Europe? We are sitting in the golden seat of the World.

Young "Teddy" said in Detroit:

"Two years ago government bonds were selling at 85 cents on the dollar. That's what the Democrats gave us.

"Now government bonds are selling at par. That's what we did," rang the Roosevelt challenge.

"There was general unemployment through the country near the end of the Democratic administration. That's what they did.

"There is practically no unemployment now, after only two years of Republicanism. That's what we did.

"Two years ago the Democrats were trying to induce us to enter a chimerical League of Nations, wherein the United States, if she had entered, would have forfeited part of its national sovereignty. They wanted to make America the tail of the European international kite. You who have read of the trouble around the Dardanelles must be glad we are out of it. But that's what they wanted."
