Chief Lievense Is Given A Clean Record

POLICE BOARD EXONERATES
CHIEF BY A UNANIMOUS
VOTE

For the past month stories have been rife relative to an upheaval in the police department. Charges were made against Chief Peter Lievense unsubstantiated and no doubt enlarged upon through street talk. A committee of two, consisting of Commissioners Ed Brouwer and John Luidens, assisted by other members of the board, sifted these several allegations, all written down in typewritten sheets, and the charges were taken up one by one by the entire board, and the chief was exonerated in every one of them.

One allegation had to do with money matters in the department and in this contention it was found that the system was to blame rather than any individual, although no loss of funds was found or reported. The system was an old one handed down from chief to chief and this is to be changed to a better and more accurate system.

At a special meeting held to night following several regular meetings when this matter came up, the police board deliberated from 5 to 7 o'clock this evening and the allegations were gone over very carefully and when the meeting was adjourned Chief Lievense was given a "clean bill," every commissioner exonerating him from any charges. These are Henry Geerts, John Luidens, Henry Ketel, Cornelius Huizenga and Ed Brouwer.

The council committee, consisting of Mayor Bosch, Albert Kleis, Fritz Jonkman and Henry Prins, also took a part in these deliberations.

Chief Lievense, instead of being ousted was given greater power. The men under him are to look to him for orders and he is held responsible for the results. All this time it has been debated in the department, who was head of the men, the commissioners or the chief.

Too often the authority was divided, but now it is in the hands of the chief and the responsibility also lies with him, which is as it should be.

Chief Lievense, during his short time in office, has made a wonderful record and his bravery during the local bank holdup when he was shot down and miraculously escaped death was a news story that went from coast to coast. As the Holland City News stated in its last issue, it was well to withhold judgment until the police commission had fully sifted the charges. This has been done justly and closes the matter—undoubtedly to the satisfaction of a large number of our citizens.

EXPECT 50 PER CENT PAY-OFF IN CASH AT HOLLAND CITY STATE BANK

News flashes in the state press this week reported the prospective reopening of three Michigan banks, one of them being the Holland City State bank, the local bank coming under an incorporated trust financed by the RFC, according to the dispatch. Under such a plan the depositors will receive 50 per cent of their deposits in cash immediately impounded before the moratorium was declared last February.

The bank officials have been working diligently to conform with this plan, one of the features being the enlargement and strengthening of the capital structure which has also been fully complied with.

The officials of the local bank are anxiously awaiting official confirmation from Washington verifying the news stories given in the state press relative to the reopening. There is every reason to believe that these will be forthcoming since the bank officials have strictly followed the stipulations of the government and the state banking department have exacted from them.

OTTAWA COUNTY TITLE GAME NOV. 10

The Coopersville High school football team now is pointing toward the game at Hudsonville on November 10 when the class C championship of Ottawa county will be at stake. The Coopersville school is looking for one more game to fill its schedule of eight games. It would like to play at Coopersville on November 17. Communicate with Coach Ray Van Raalte, Coopersville.

Coach Bud Hinga's Hope college grid team will face the Detroit college eleven next Saturday afternoon at Detroit. Last season Hope defeated Detroit City here, 22 to 0, and Coach Joe Gembs is after Hope's scalp. Detroit City lost to Central State Teachers, 26 to 13, and to Kalamazoo college, which battled Hope to a scoreless tie, by a margin of 12 points. Hope will close its schedule here November 11 against Hillsdale college.

Miss Dorothy Mae Kleis and Miss Irene Kleis spent the weekend in Chicago as the guests of Mr. and Mrs. H. P. Hanna. They also attended the Century of Progress exposition.

The League for Service union of the classis of the Reformed church of Holland and vicinity will hold its annual fall rally Friday evening in First Reformed church. A program in charge of the Student Volunteers of Hope college will be followed by a recreational hour led by Miss Jeannette Hoffman.

"HITCH HIKER" SHOWS APPRECIATION BY STEALING TRUCK HE RIDES IN

(Grand Haven Tribune)

Stealing cars is such a common occurrence that it hardly warrants a news story but when a man steals an automobile "chariot," used for transporting automobiles, it takes on the news value of the man biting the dog. This morning R. J. Williams, driver for the Detroit Cartage Co., lost his "chariot."

He picked up a strange man at Portland when driving from Detroit here and arrived in the city at 5:30 a. m. He left the truck after it was unloaded to examine some cars in the warehouse and when he came out the truck was gone.

An attendant at the Behm garage reported that he had seen a truck with a skid dragging going south on US-31 about 6 a. m. Later one of the skids was picked up. The loss of the truck was put on the air when reported to local officers but no trace of it has been found.

The driver believes the man he picked up drove off with the truck and his helper, F. T. Stephens, Detroit, is of the same opinion. The stranger said he wanted to go to Zeeland, when they neared this city he changed his mind and continued to ride until the truck stopped at the Robbins' warehouse.

EDITORIAL THAT BEE LINE

Our Hamilton correspondent writes in his notices this week the following comment, which speaks volumes:

"The many Hamilton folks who go to Holland on business have been stirred with righteous indignation during the last few days. The road, M-40, has been in a terrible condition. In spite of the continual and expensive work of graders and scrapers the road is like the old-fashioned washboard."

It has always seemed strange to the editor of the News why this most important highway has never been taken care of. Outside of the road to Saugatuck there is more travel than on any other one road. Hamilton is a large village and there are several other populated centers on or near that highway. It is a Michigan trunk line with the terminal in Holland.

M-40 is destined to go through the most important cities in southern Michigan to the Indiana line. It passes through the heart of the Paw Paw resort district. The most unusual part is that the southern end has long since been laid in concrete but this most important stretch from Holland to Allegan via Hamilton, serving wonderful farming country, has been out of the picture.

It would seem that if Holland, Hamilton and Allegan folks would make a concerted effort to have a concrete road laid, something would come of it. It has been a conundrum to fathom why the Allegan county road authorities have not seriously taken this road into consideration a long time ago.

Your editor is still on a committee together with Austin Harrington, William Connelly and John Arendshorst of which the late G. J. Diekmans was chairman, called for the purpose to establish M-40 from Holland to Angola, Indiana. That was ten years ago. A great deal of this road was built in concrete but the Allegan-Holland stretch unfortunately did not materialize.

It would be well for those localities materially benefited by this road to make a concerted effort to have a concrete highway laid on the "Bee Line."

NANCY, ELEPHANT OF GETZ ZOO, DOESN'T RELISH TRUCK RIDE

Nancy had the permission of the governors of three states to go for a ride today, but her "nursemaids" feared she would put up an awful squawk and refuse to budge.

Nancy is the four and one-half ton elephant from the George F. Getz zoo which is being transferred animal by animal to the new Chicago zoological garden and since babyhood days Nancy has shown a marked aversion to trucks, her form of transportation for the day.

Even now when trucks pass the zoo, Nancy lifts high her trunk and gives vent to noises that might be taken for the Bronx cheer. After studying various ways and means of getting Nancy to go aboard a truck, Andy Petersen finally hit upon an idea and hoped it would be successful. They have fixed up a trailer to resemble a leafy grove. Once Nancy is comfortably established they said they would back up a truck and begin their trip in the hope that Nancy wouldn't realize she had been tricked. This plan went through today, and Nancy at this moment, is on the way to Chicago over US-31.

The Rotary club was addressed today (Thursday), by Dr. Arthur J. Brock, prominent authority on sugar beet culture and education secretary of the Farmers' and Manufacturers' Beet Sugar association. Dr. Brock has spent more than 25 years in the study of sugar beet culture and the beet sugar industry here and abroad.

Holland Man Re-elected For The Tenth Time

SPEAKER AT ANNUAL MEETING OF FARM BUREAU SUPPORTS ROOSEVELT'S FARM PROGRAM

The Ottawa county farm bureau held its annual meeting yesterday at the Presbyterian church here at Grand Haven and despite the rain there were about 100 present, coming from all parts of the county.

M. L. Noon, president of the Michigan state farm bureau was the main speaker who addressed the group in the afternoon yesterday on the many questions so important to farmers today. Other business was taken up, including proposed resolutions on various state and national matters.

Officers for the ensuing year were elected yesterday. Henry Luidens, Holland, was re-elected president for the tenth consecutive time; Hiram A. Andre, Jenison, was re-elected vice president; Gertrude Potgeter, Allendale; Harold Keppel, Zeeland, and Alex Klooster, Jamestown, were elected to the board of directors. The secretary and treasurer are appointed by the officers later. Clarence Ulberg, Hudsonville, is the present secretary.

Colon C. Lillie of Coopersville was among the speakers who addressed the meeting informally yesterday morning. He called attention to the action of President Roosevelt to relieve the farmers during the depression. "What the farmer is interested in is commodity prices. That means what you and I get for the stuff we grow," he stated. He believes that the national policy to help the farmers should be supported.

Dinner was served by the ladies of the Presbyterian church at noon and the afternoon meeting followed.

OLD AGE PENSION CENSUS ENUMERATORS APPOINTED

The list of township and city enumerators for the census to be taken in the county for the old age pension bureau was announced today by William Wilds, Ottawa county clerk. The school of instruction will be announced pending the arrival of the work sheets which are to be sent from Lansing. The list includes in South Ottawa county, William Poest, Holland township; Lucy DeBoer, Jamestown; Frank Brandens, Olive; William Appledorn, Park; Frank Slater, Polkton; Henry Van Eyck, Port Sheldon; Nick Hunderman, Zeeland; Bert Huizenga, Abe L. Cappel, Mrs. Abbie Ming, Peter Brusse, former Mayor E. P. Stephan, Archie Vander Wall, Holland, and Jake Elenbaas, Zeeland City.

The enumerators are paid two cents per person in the cities and three cents in the township. They must pay their own traveling expenses. Registration of all those between the ages of 21 and 70 will be taken by the enumerators and the work will begin as soon as the supplies arrive.

BOYS PLAY WITH RIFLE; ONE GETS SHOT

(Zeeland Record) While playing with a .22 caliber rifle at his home on West McKinley street Saturday, Gordon Tencknick, a 12-year-old boy, accidentally shot his playmate, Howard Buckler, in the left leg just above the ankle, the bullet lodging in the heel.

Medical aid was summoned and the slug was removed by surgery. He is now nursing a sore member while recovering.

DRENTHE HAS \$4,000 FIRE

Fire of unknown origin on Saturday night destroyed the barn and contents on the farm of Frank Broekhuis, one mile east and one mile south of Drenthe, causing a loss estimated to exceed \$4,000.

The blaze was discovered by a trio of young men, Adrian Edward Cook, passing by shortly before midnight, after the family had retired, and no idea has been formed of its origin. When discovered the flames had spread to the extent that it was impossible to rescue any of the live stock or machinery.

Besides the large barn, there were also destroyed by the fire four young work horses, ten milk cows, seven head of young cattle, eleven hogs, ten tons of hay, twenty-five loads of straw, a quantity of corn stalks, and all farm machinery.

The wind was fortunately blowing in a direction away from the other buildings, which saved the dwelling, the granary containing a large quantity of grain, and the hen house, limiting the loss to half the possibilities.

The loss, which exceeds \$4,000, was covered by \$2,800 in insurance in the Farmers' Mutual Fire Insurance company, which was paid at once and rebuilding of the barn will be started without delay.

MERCHANTS' MEETING TO BE HELD MONDAY NIGHT

A meeting of the Holland Merchants' association will be held on Monday evening at 7:30 o'clock in the city hall. A discussion will be held of the new regulations of NRA in regard to retail store hours. William M. Connelly, managing director of the Chamber of Commerce, will talk on the factory conditions in Holland.

News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

FIFTY YEARS AGO TODAY

A daughter was born to Mr. and Mrs. Simon Spritama, the local shoe dealer, last Monday.

The first market day of this fall was held at Grafschap last Wednesday and as usual the event proved a curse, instead of a business blessing to that little burg. Drinking, fighting and quarrels between tradesmen and farmers were plenty. Will our people never give up this "old time" custom for something more substantial—a local fair, for instance? Note: These market days were held at intervals at Holland and Zeeland, Drenthe and Grafschap and as a rule the "town blood" clashed with the farmer—the city "bully" as a rule preparing days ahead for these market days. Holland had several of these and your editor remembers them well, all having long since been "pushing up daisies." Sometimes the Zeeland and Holland rowdies would mix it up and then there were plenty of broken heads and black eyes. One marshal in each town could not begin to cope with the whiskey filled "plug uglies." Holland had 14 saloons and Zeeland 2 at that time and there was a half-way house near where the fish ponds are now located.

A young hunter of this city went out hunting alone for two hours and brought home ten fine ducks shot at Point Superior. Note: No duck limit then. Point Superior is now Merrigold Lodge.

Ex-Mayor Isaac Cappon and ex-Mayor John Van Landeghe have been drawn from Holland as jurors to serve in circuit court at Grand Haven. From Holland township: Roelof Evers and Dick Van Loo.

TWENTY-FIVE YEARS AGO TODAY

Born-To Attorney and Mrs. Gerrit W. Kooyers—a son.

Word has been received in this city of the marriage of Mrs. Nellie Whelan and Mr. William Wehler at Miami, Florida, on Thursday, Oct. 29. Mr. Wehler conducted the Macatawa Park grocery for some time and Mrs. Wehler is the daughter of Mrs. M. A. Ryder of Hotel Macatawa and sister of Charles and George Ryder of the local resorts. Note: The Wehlers are still living in Florida and for many years conducted a hotel there. Mrs. W. A. Ryder, the mother, and Charles Ryder, the brother, have long since passed away.

Marriage licenses: Henry Hovings, 25, and Ruth Raak, 21; Dick Nibelink, 42, Minnie Morrison, 34; all of Holland.

"The Servant in the House" was the great stage play at Powers theater, Grand Rapids. We remember it well.

COLD WEATHER BRINGS WELFARE UP.

The welfare expenditure in the last two weeks was a few dollars less than \$4,000, the amount being \$3,995.70. As usual groceries took the list with \$1,859.36. That winter is just around the corner is evident from a \$708.32 coal bill. The milk of human kindness comes next with \$540.35. Rents have also climbed to \$425. Shoes come in for \$36.26, and medical aid \$79.50. A funeral cost \$35, etc., etc.

The work relief payroll October 26 called for \$1,408.73; November 1, \$1,512.30, or a total of \$2,921.03. That, of course, helps the situation.

Mrs. A. N. Larsen, who lives on a farm on M-39, four miles east of Saugatuck, who grows thousands of iris, has donated 300 choice iris bulbs to the Columbine Garden club, to be planted in the village park.

ber that it was the talk of that city and Holland and many took the interurban to attend this outstanding production. The News at that time devoted a column, first page, to the play, so it must have been good.

Otto J. Doesburg, one time publisher of the "Holland City News" as well as "De Hope," died at Chicago and was buried in Holland.

FIFTEEN YEARS AGO TODAY

Mr. and Mrs. Henry Strabbing have received word from France that their son, William, was missing in action since Sept. 1. He was drafted last fall and has been in active service ever since last spring. He was wounded a month ago in the knee.

To prevent any further spreading of the "Spanish flu" in Holland Dr. Godfrey, health officer, has ordered all stores closed at 6 o'clock except drug stores and these are ordered not to sell such articles as are sold in other stores until after the ban is lifted. Saturday is also included in this closing order.

Martin J. Brown, 100 West 9th St., died of "Spanish flu."

The first gold star in Drenthe arose when Nicholas Daming died of Spanish influenza at Camp Custer. He had been drafted two months ago. Clarence Weed, son of Mrs. J. H. Weed of Holland, also died at Camp Custer of "flu." Mrs. Benj. Harris of Holland is a sister.

The News gives an item of a prominent man now dead and gone who paid \$10.00 to the Red Cross fund as a penalty imposed by Justice Thomas M. Robinson for failure to remove his hat when the Ladies' Military band played "The Star Spangled Banner," here on the Liberty Loan drive. The man who's name was given in the article had his hat knocked off by an officer. He proceeded to replace it when another by-stander knocked it off for the second time. The man said he did not mean to be unpatriotic, had bought Liberty Loan bonds but "did not know the tune of 'Star Spangled Banner.'" Note: These were war times.

Mayor Nichodemus Bosch requests that merchants of Holland sell nothing to customers on approval and states further that purchasers must co-operate and not demand it. This request was made so that no goods enter homes where "Spanish flu" is prevalent and by returning them thus spread the disease now raging in Holland and all over Michigan. Note: No one can realize how general this epidemic was. Nearly every home was affected and deaths by the score were reported. In one home on West 9th St. there were two deaths in as many weeks.

After the mayor's message had been read it was unanimously approved by the aldermen that this change of charter be left to the vote of the people. The council was advised that the board of public works has authorized Greeley & Hansen, a Chicago firm, to make application for a federal loan of \$64,000 for local projects, including construction of an elevated tank, improvements at the Nineteenth street pumping station and extension of the water mains.

Several additional projects for sewage and sewage disposal improvements, which need council approval, were referred to the ways and means committee and will be acted on by the city fathers when the committee is ready to report. These proposed projects, estimated to cost \$62,700, will be refunded either by a general obligation bond, which would necessitate a referendum, or by a sewage revenue bond, to be spread on the general taxes of the city, requiring no referendum.

Another communication from the public works board, requesting the price of property on College avenue desired for the construction of a warehouse, was referred to the public buildings committee. City Clerk Oscar Peterson informed the council that the application for a \$200,000 home remodeling loan had been returned by the public works advisory board with the suggestion that the fund be sought from the RFC. It is unlikely that this will be done.

Two building permits were issued, one for H. L. Kuipers, 247 West Twentieth street, for a \$75 garage, and Chester Van Tongeren, 22 Cherry, for a \$80 reconstruction in the kitchen of his home. The council voted to sell the large horse barns on the east side of the property formerly occupied by the Holland Fair association at auction on Monday, November 13, at 1:30 o'clock.

Alderman Albert P. Kleis will act as auctioneer and Alderman Fritz Jonkman will be clerk, it was reported.

John Arendshorst was given a vote of thanks for making settlement for the art hall at the fairgrounds which he purchased at a previous auction.

Alderman Peter Huyser presented the matter of slot machines before the meeting. City Attorney Clarence A. Lokker stated that there was a definite state law prohibiting slot machines, which was of more force than a city ordinance. He stated that slot machines had been barred from the city and county several years ago when he was prosecutor but of late

School Board Election May Be Held Earlier

MAYOR ASKS THAT CHARTER
BE AMENDED TO HOLD
ALL ELECTIONS
TOGETHER

The common council meeting was not only a "love feast" but was also of short duration, taking up a little over a half hour. Alderman Huyser opened the deliberations with prayer and then routine business was taken up which the mayor handled with quickness and dispatch.

One very important matter came up that may change our whole system of holding school elections. These were held separately at one polling place in the city hall during the month of July, the polls being open from 2 o'clock until 8 o'clock.

According to the mayor's message and the advocacy of the Property Owners' League, so-called, the plan is to hold the election with the regular city election. At that time the polls can be open at all wards without extra expense and a larger number will participate it is claimed.

The mayor's message which follows is self-explanatory:

TO THE HONORABLE,
The Common Council of the
City of Holland.

It has been brought to my attention by the Property Owners' league of our city that inasmuch as our school board elections are held at a different time than our regular city elections, that there is a great deal of added unnecessary cost to the city of Holland. Furthermore, there is a great detriment in having this election in July as the vote is always small in comparison to our regular city elections.

Our school board is an extremely important body of our city government, and in the election of its members should secure the largest number of the voting populace. This is only possible by holding this election at the same time we hold our regular city elections.

The Property Owners' league has requested me to propose to you gentlemen such an amendment to our city charter, and I am heartily in accord with them. If three-fifths of the members elect of the council propose an amendment to the city charter, then such proposed amendment shall be submitted to the electors of the city, in accordance with law at the next primary, regular, or special election, which shall occur not less than thirty days after the proposal of such amendment.

I, therefore, recommend that this council by a three-fifths vote propose an amendment to the city charter, to provide for the election of members of the school board to be held at the regular spring elections.

Respectfully submitted,
NICODEMUS BOSCH, Mayor.

After the mayor's message had been read it was unanimously approved by the aldermen that this change of charter be left to the vote of the people.

had been springing up in various localities.

Alderman Huyser was named chairman of a committee to interview Prosecutor John Dethmers on this matter.

FLOAT FROM HOLLAND TO GO TO MUSKOGON

Holland's mayor and city fathers with the Holland newspapermen receiving a special invitation, are going to Muskegon Saturday to attend "Western Michigan's greatest celebration." At that time the deep waterway demonstration and opening of the new \$1,250,000 port terminal at Muskegon will take place. A gigantic parade with countless bands and floats will be staged at 7 p. m. Saturday night, and the Willard G. Leenhouts post of Holland is constructing a wonderful float under the supervision of Ben Lievense, former commander, "Heinie" Prins, and other members of the post. "Bubb" Drew is the general chairman.

Holland city officials received an invitation from the Muskegon city commission to attend in a body and all it will cost them is the gasoline to go down—Muskegon will provide the rest. The city of Holland is put to no expense. If there is any, Mayor Bosch says it must be borne by the officials themselves.

At last night's council meeting it was the unanimous decision to go and the mayor will be spokesman for the city of Holland.

Buy Holland Sugar Rotary Club Resolves

SENDS RESOLUTION TO ALL
MICHIGAN ROTARY CLUBS

The following report of the Rotary club meeting at the Tavern is self-explanatory:

Holland, Mich., Nov. 2, 1933. The Holland Rotary club is anxious to be helpful in local industrial recovery.

We are also deeply interested in general business revival.

The beet sugar industry in Michigan is doing a good job at staging a comeback.

The people of Michigan can be helpful to this industry by purchasing sugar made in Michigan.

The enclosed copy of resolutions was unanimously adopted at the meeting of our club today.

Will you please present this subject to your club when next you meet and give it all the newspaper publicity possible? Our club will appreciate your co-operation, believing that the beet sugar industry of Michigan is entitled to it.

Rotarily.

Holland, Mich., Nov. 2, 1933.

WHEREAS, Holland and this entire community has witnessed during the past few months a resurrection of our beet sugar industry, and

WHEREAS, the beet sugar industry throughout the state of Michigan is experiencing a splendid revival, providing new courage and hope to thousands of sugar beet growers and workmen, and

WHEREAS, the City of Holland has officially solicited the support and co-operation of the Holland Rotary club in a promotional effort to interest the people of this community and the entire State of Michigan in this great industry, suggesting that our people can best prove their interest and support by purchasing and using Michigan-made sugar, now

THEREFORE, BE IT RESOLVED, that the Holland Rotary club, recognizing that in the recovery program of the nation the revival of the beet sugar industry in Michigan is outstanding and is of tremendous value to all of Michigan as well as to our own community, makes this appeal to the people of this community and the entire State of Michigan to buy sugar made in Michigan and be it further

RESOLVED, that a copy of this resolution be sent to our local newspapers and to every Rotary club in the State of Michigan.

VARIOUS PEOPLE PREDICT FINISH OF HOLLAND GAME

(Grand Haven Tribune)

According to the majority of the students and the football team, Holland has a very slim chance of winning when they play Grand Haven on November 11.

If the following quotations of some of the faculty come true, and the football players live up to their predictions Grand Haven will walk off the field victorious.

Following are a few of the predictions—

Quoting Mr. Cohrs:

"Grand Haven is out to win—rain or shine."

Mr. Thoma states:

"I have no doubts as to who will be ahead at the finish."

Jake's Prophecy

When the leaves turn red and gold in the fall, and before the rains beat them to earth, nature prophets usually come out of the woods to foretell the kind of winter ahead. Most of them ostensibly subscribe to the sentimental fallacy that Mother Nature always takes care of her children. Jake Chippeaway, up Suttons Bay, for instance, says the season will be "green" this year because the squirrels haven't stored as many nuts as usual, the deer's hoofs are dull and poorly fitted to paw through snow, muskrats are building low houses which would be damaged by ordinarily heavy ice, and the moss is light, affording trees little protection.

Maybe this is what Jake really believes, or, on the other hand, it may be that he predicts an open winter so his wife won't make him cut up any more wood. If the latter is the case both Jake and Winnie-mama can be comforted to know the meteorological records of the United States Weather Bureau at Washington show 1933 as the fourth year of a six-year "warm" cycle, during which winters are milder than average. That is, they are milder than average unless an exception occurs, in which case Jake will wish he had cut that wood, after all.

MUNICIPAL GARDENERS

ASKED TO EMPTY PLOTS

Peter Kammeraad, Grand Haven city manager, is notifying the municipal gardeners who have winter vegetables on the islands, acquired last spring for municipal gardens, to get the vegetables out and stored in their homes this week. There is a quantity of cabbage, rutabagas and other vegetables still in the ground.

The Grand Haven city council discussed the releasing of the property for the coming year as the municipal gardens have been among the most successful welfare measures tried in this city. There were 18,000 cans of vegetables preserved at the municipal kitchens, a quantity of which is stored in the storeroom at the city hall for distribution this winter.

ANN CARVER'S PROFESSION

Body Of Man Who Disappeared Found on Beach

WAS WASHED ON SHORE OF LAKE FOUR MILES SOUTH OF PIER

The body of Ralph Vander Lee, aged 61, who disappeared from his home at Grand Haven on October 21, was found on the shore of Lake Michigan about four miles south of the pier Sunday morning by Miss Rolina Voss, who was walking on the beach with her dog. She notified the officers who took charge of the body. Coroner Govert Van Zantwick pronounced death due to accident.

The body has evidently been in the water for some time and apparently had been thrown upon the beach Saturday during the heavy storm which caused a big sea on the lake. The coast guard crew assisted the Grand Haven officers in carrying the body over the hills to the road and it was brought to the Van Zantwick funeral home.

Findings of the body has allayed the anxiety which the family has endured since the father left his home on a Saturday night saying he was going for a short walk. The officers dragged the river for several days and the Boy Scouts made a very thorough search on Friday, October 27, both north and south on the lake shore. The theory seems to be that the deceased was attacked with a dizzy spell to which he was subject and fell into the lake or river, as he was last seen going out Harbor avenue about 7:15 the night he disappeared.

He was born in Opynen, The Netherlands, March 7, 1872. He had lived here 27 years, having worked at the Grand Haven bakery for 17 years and for 8 years at Braak's bakery, Spring Lake. He was a member of the First Christian Reformed church and was well known here and in Spring Lake. Funeral was held Tuesday afternoon.

HOLLAND TEACHERS ATTEND CONVENTION

About 100 teachers from Holland attended the annual convention of the fourth district of the Michigan Education association which was held in Grand Rapids Friday and Saturday of last week. Superintendent E. E. Fell was elected delegate to the Michigan Education association representative assembly. Mrs. George E. Kollen, Mrs. E. E. Fell and Rev. T. W. Davidson also attended the meetings of the convention.

TOASTED AT AND AFTER THE PARTY

Mr. and Mrs. N. J. Jonker were agreeably surprised when on October 19 they celebrated their fortieth wedding anniversary. They were doubly surprised when the men's class of Trinity church also commemorated the twentieth anniversary covering the period of time that Mr. Jonker had been president of this men's class. The double celebration was attended by more than 150 members of the class and intimate friends. A banquet was staged in the church parlors and the table embellishments and decorations were in keeping with the occasion.

Mr. Frank Essenburg, vice president of the class, was chairman on arrangements and Mr. Dick Sketee acted as toast master. Mr. Albert Hoeksema, one of the speakers, used as his subject "Home, What It Is and What It Should Be." Rev. John Van Peursem of Zeeland, first pastor of Trinity, spoke on Mr. Jonker's twenty years of faithful service in the church.

Mr. David Damstra, superintendent of the Sunday school, made some appropriate remarks fitting on this particular occasion. Rev. Henry Ter Keurst also dwelt at some length on church work and that the record of Mr. Jonker was indicative of this spirit generally felt that made a denomination such as Trinity is assume such proportions.

Rev. Clarence Dame of Muskegon, second pastor of Trinity church, sent a letter of regret, stating that another meeting at which he was to speak had been arranged for previous to this one. The talks were interspersed with music. "Silver Threads Among the Gold" was pleasingly rendered by Mrs. Henry D. Ter Keurst and Mr. John K. Van Lente.

Towards the close of this festive occasion Mr. Albert Hoeksema presented Mr. and Mrs. Jonker with a fine electric toaster—so it is apparent that the guests of honor were toasted at and after the banquet. Mr. Jonker in behalf of his "better half" and himself thanked the large gathering for their fine recognition of his services and the gift indicative of their esteem.

The men's class were accompanied by their wives and the entire banquet was provided by them with the women of the church making the arrangements.

Word has been received here of the birth of a son to Rev. and Mrs. Theodore Trittenback of Schenectady, New York. Mrs. Trittenback before her marriage was Miss Marion Klaasen of this city.

When the Heinz organ begins to play over the radio before Miss Josephine Gibson's home economics talks each Monday, Wednesday and Friday morning, the huge instrument goes into operation. It is one of the largest pipe organs in the country and an expert spends all his time taking care of its mechanical parts. Two thousand, eight hundred magnets were used in its construction, and if one misses it's just too bad. Two hundred miles of wire connect the various parts, and the organ weighs ten tons. The organ is in Heinz employees' auditorium and 70,000 or 80,000 people go there each year to see and hear it. Miss Gibson's hostess counsel talks are heard locally over WENR, Chicago, at 11:15 a. m., central standard time, and WJR, Detroit, at 9 a. m. (central standard time).

"INJUN" SUMMER IS HERE, SAY PROPHETS

(Grand Haven Tribune)
Indian summer, that variable season which has been made famous in song, poem and cartoon, is believed to be affording this delightful warm weather period. The hazy atmosphere caused by the sun and many fires of burning leaves is a certain sign, say the old weather prophets, and the high temperatures usually come after a period of heavy frost and storms such as hit this section last week.

Some of the men employed at the government job this morning were stripped to the waist, as they were wheeling gravel and cement to the forms at the federal pier. The sun beating down with no wind felt like summer heat, they declared.

WITTY PROGRAM PRESENTED AT CENTURY CLUB

Miss Martha Sherwood was hostess to the members of the Century club Monday evening. Approximately 100 members were present.

"Story Night," a unique humor program, was observed with C. J. Dregman in charge, who began the evening's entertainment with three witty stories of his own. Rev. Paul E. Hinkamp continued with fifteen minutes of cleverly told autobiography.

Dr. M. J. Cook then read a description of a Century club picnic in which he played upon the names of club members. C. Vander Meulen told of a funny reminiscence about the happenings of his father's parish. George Pelgrim related three favorite jokes and then read a ghost story by Mark Twain.

Mrs. C. Vander Meulen was in charge of the music which consisted of several solos sung by Mr. J. E. Telling who was accompanied by Mrs. Harold J. Karsten.

At the close of the meeting refreshments were served by Mr. and Mrs. Henry Geerlings, Mr. and Mrs. E. Paul McLean and Mrs. H. W. Wing.

The next meeting will be held at the home of Mrs. George E. Kollen. Dr. John Vander Vries of Chicago will give the program.

HOLLAND HIGH LOSES

Muskegon Heights High school defeated Holland High's eleven, 15 to 0, on Riverview field here Saturday afternoon. The Heights scored early in the first period when Sukup made a touchdown after the ball had been carried to within a few feet of Holland's goal. Novak kicked for the extra point. Both teams fought desperately throughout the second period without scoring. Holland at one time worked the ball to the Heights 10-yard line but lost it on an incomplete pass on fourth down. Muskegon Heights scored two points on a safety in the third period after smashing repeatedly through Holland's line. The final score was made by the Heights in the fourth period on a smash through the line. Novak failed to kick goal.

The Heights made 11 first downs against Holland's 4. Continued line smashes featured its strongest offensive.

C. THOMAS REOPENS FOOD STORE HERE

C. Thomas, who more than five years ago conducted food stores in Holland, is back again in this city under the name of the C. Thomas Stores. The Boot & Kramer building, occupied by the Boston restaurant for the past 15 years, has been remodeled throughout and the new store will open for business this week, Saturday morning. The store will be under the management of John Baron who was with the Thomas stores in Holland when they were here before. The old Koffie Kietz headquarters has undergone a great transformation and the front shows something new in colorful design, a sort of tile being used in variegated colors, the Kawner Aluminate Construction company furnishing the material for this new front. The lighting arrangement is also up to the minute, and the entry way is of tile construction. New shelving, cooling devices for perishable articles and vegetables are conveniently arranged.

Contractor Abel Postma has been busy for the past three weeks putting in the new front and remodeling the interior. At least ten men have been busy on the job, augmenting our use of employed labor.

The new store will be open Saturday morning of this week at 82 West Eighth street.

The nurses of Holland hospital enjoyed a Halloween party at the cottage of Miss Rena Boven.

Between seven and eight million people visited Michigan's state parks during the 1933 season, it was estimated today by P. J. Hoffmaster, superintendent of state parks. This estimate is beyond the attendance that had been anticipated early in the season and represents a drop of between one and two million under the 1932 season's figure. In 1932, the state parks reported more than nine and a half million visitors.

Nicholas Sprietsma, city treasurer, stated that Holland received its first share of the beer license money last week, Thursday. Ninety-five per cent of the total received in license monies goes back to the city, and Holland got a check for \$1,182.75. The money has been placed in the general fund.

Personal Items

Mrs. Dene De Ridder and Frank Lighthart were united in marriage Saturday afternoon by Rev. John Lanting. They will make their home on East Nineteenth street.

Miss Amanda Vanden Berg of East Saugatuck was honored at a surprise kitchen shower Tuesday evening given by her sisters, Mrs. Bert Bouman, Mrs. A. Van Lopik and Mrs. Gerrit Vanden Berg at the home of Mrs. Bouman on East Fifteenth street. Decorations and refreshments were in keeping with Halloween. Buncu was played, the prize being awarded to Mrs. Fred Vanden Belt. Twenty guests were present besides the hostesses. Miss Vanden Berg will become the bride of Fred Vander Ploeg, also of East Saugatuck, this month.

The home of Mr. and Mrs. Peter Hof, 144 East Seventeenth street, was the scene of a pretty wedding Tuesday afternoon when their daughter, Miss Henrietta Hof, became the bride of James Lugers, son of Mr. and Mrs. Albert Lugers of Holland route 1. Rev. Henry Van Dyke, pastor of Fourth Reformed church, performed the double ring ceremony at 4 o'clock beneath an arch bedecked with autumn leaves. The bride looked charming in a beautiful gown of wine-colored chiffon velvet and carried a bouquet of yellow and white roses and snapdragons. She was attended by Miss Joan Lugers, sister of the bridegroom, who was attired in black chiffon trimmed with lace and carried pink and white roses and sweet peas. The bridegroom was attended by Rudolph Hof, brother of the bride. The bride's mother wore brown triple-sheer crepe trimmed with white and the bridegroom's mother was attired in black triple sheer crepe trimmed with lace. Immediately following the ceremony a wedding supper was served to the immediate families. The newlyweds left for Chicago where they will attend the world's fair. They will be at home to their friends at 416 Warden street, Grand Rapids, after November 15. Mrs. Lugers was formerly employed in the offices of the Holland Furnace company. Mr. Lugers is employed at the De Vries & Lugers Meat Shoppe in Grand Rapids.

REVIEW OF LITERARY CLUB GIVEN TUESDAY

A review of the development of the Woman's Literary club was presented Tuesday afternoon at a meeting of the organization.

The portrayal of social life among the pioneer women, entitled "Prelude to the Present," was composed and arranged by Mrs. W. J. Olive and Mrs. William Westveer. Following this an accurate, half-humorous sketch of feminine life in 1868 was presented in Dutch costume and language by Mrs. William Westveer, Mrs. Rena Boven, Mrs. Fred Beeuwkes, Mrs. W. C. Kools, Mrs. Arthur Visscher and Mrs. Charles Dykema.

The second episode pictures a meeting of the Bay View reading circle at the home of Mrs. F. Browning. The following, who wore dresses and hats of the "gay nineties," participated: Mrs. M. L. Hinga, Mrs. Kenneth De Pree, Mrs. F. E. De Weese, Mrs. James Klompars, Miss Sadie Grace Masseling, Mrs. Ramson W. Everett, Mrs. Peter Van Dornen, Miss Myrtle Karr and Miss Betty Smith.

After Mrs. Olive had pointed out the characteristics of the club today, Mrs. Jay H. Den Herder, who, by gazing into a crystal, prophesied the future of various club members.

Following the business session tea was served by Mrs. C. H. McBride and her committee in the tea room.

A public meeting will be held in Bethel church tonight, Friday, at 7:30 o'clock, when Rev. H. V. E. Stegeman, missionary to Japan, will show motion pictures and give a lecture. He will tell of the work and conditions in the mission field. A male quartet of Maple Avenue Christian Reformed church will sing. An offering will be received for missions.

Miss Margaret Harsevoort of North Blenden, who will soon become the bride of John E. Holstede of Rusk, was surprised last week by friends who gathered at the home of her parents, Mr. and Mrs. Ed Harsevoort. Games were played and refreshments were served. Thirty-eight guests were present.

Nancy, the 4-ton elephant owned by George F. Getz, was moved from Lakewood zoo to Chicago on Wednesday, completing the transportation of animals from the Lakewood zoo to their new home. A special trailer built in Chicago was used to transport the pachyderm, according to A. M. Petersen, manager of the Lakewood farm.

SAID FELLOW BOARD MEMBER COULD CRAWL UNDER SNAKE: FINED

George Beach, member of the school board of district No. 4, Crookery township, was fined costs of \$10.90 after a trial before Justice Paul Behm, Grand Haven, yesterday for disorderly conduct at a school meeting held October 9. A discussion arose over free textbooks. Complaints were made that some pupils were getting free books who could well afford to pay for them. Mr. Beach took issue with some of the members and referred to one member "as being so low he could crawl under a snake." He was ordered from the meeting but refused to go and the other members signed a complaint for his arrest. Justice Behm gave him this week to pay the fine. Louis Slaughter, Coopersville, appeared for the defendant and John R. Dethmers appeared for the other side. The defendant waived a trial by jury.

A PURITAN FEAST FOR THANKSGIVING DAY

As we plan our annual Thanksgiving Day feast and go forth with our market baskets to make the necessary purchases we feel deeply grateful to our Pilgrim Fathers, those sturdy pioneers to whom we are indebted for establishing the custom of setting aside one day each year to give thanks. No matter what we plan for the festive occasion, Thanksgiving Day would be incomplete without the good things our forefathers enjoyed. The beauty of this feast today, however, is that we can prepare it with one-tenth the effort required for the first Thanksgiving Day dinners in New England over 300 years ago. With the exception of the bird and the vegetables almost everything needed can be had ready for use. The soup, relishes, fruit jellies, real Early American style Mince-meat and Fuddings—all so necessary to a true Thanksgiving dinner will be on the pantry supply shelf several days in advance. How thankful we should be for perfectly prepared foods that save so much labor. Here is the menu for Thanksgiving dinner. Of course, no one would change from any of the traditional items the least bit.

Thanksgiving Dinner

Chilled Tomato Juice* or Gumbo Creole Soup*
Buttered Wafers sprinkled with Fresh India Relish*
Spanish Queen Olives* Crisp Celery
Roast Turkey with Savory Dressing Currant Jelly*
Baked Sweet Potatoes Mashed Potatoes
Creamed Brussels Sprouts or Onions
Preserved Sweet Cherries*
Grapefruit Salad with French Dressing or Molded Fruit Salad
Mince-meat Pie or Fig Pudding*
Homemade Salted Nuts
Coffee

(* Indicates the foods which are to be had prepared and ready for use.

Savory Dressing—Crumb one loaf of slightly stale bread. Season with salt and pepper to suit the taste. Add ½ cupful melted butter, ½ teaspoonful cinnamon, if desired, 1 tablespoonful Worcestershire Sauce and 1 tablespoonful onion juice. Mix thoroughly and press firmly into the bowl.

Grapefruit Salad—Peel three grapefruit, cutting away white skin. Remove pulp, keeping each section whole. Arrange like the petals of a daisy on leaves of crisp Romaine or lettuce. Put a teaspoonful of grated American cheese in the center to carry out the idea of the flower. Serve with French Dressing.

Mince-meat Pie—Line a pie plate with pastry rolled to ¼ inch thickness. Fill with Pure Mince-meat, using a 1-pound can or jar of Mince-meat for an average size pie. Moisten edge of crust with a few drops of water and cover with a top crust. Press edges firmly together and bake in a moderately hot oven until crust is brown and the Mince-meat boiling. A few drops of cream brushed over the top of the pie will help to make it brown nicely.

WILD ASS OUTRUNS AUTO FOR 20 MILES

Wild asses are marvels of speed and endurance according to Roy Chapman Andrews, of the American Museum of Natural History, who has frequently hunted and photographed them in the interior of Asia where they still roam in large herds. He tells of one full grown animal which he pursued for more than 20 miles in a motor car before it would acknowledge itself beaten, and which reached a top speed of 40 miles an hour during the chase. Its average speed for most of the distance was approximately 30 miles an hour.

MUSKEGON'S TAX RATE \$2.83 UNDER FIGURE FOR 1932

Muskegon city taxpayers will in December be billed at the lowest level rate since 1921, a figure of \$30.39 for 1933, or \$2.83 less than last year, it was announced today by Burt F. Hatch, city assessor. The new rate will be \$6.04 less than in 1931, where the first marked cut in taxes was made.

In addition, the city taxpayer will have advantage of a lowered valuation, assessments having been sliced an average of 11.85 per cent. The city had an assessed valuation of \$51,195,000 in 1921 and a tax rate of \$29.62 per thousand. The new valuation is \$47,330,000.

In Muskegon Heights, when taxpayers settle next month for county, state and school taxes, there will be a marked reduction. Winter taxes in the Heights this year will total \$289,788.16 compared with \$404,260.91 a year ago. For operating Heights schools the winter tax will total \$91,502.44 and for school debt service, \$103,084.20, or a total of \$194,586.64 as against \$278,950 last year.

What the New License Plate Will Look Like

LICENSE PLATE COLOR CHANGES FOR 34 STATES; MICHIGAN BLACK AND CANARY YELLOW

The fortieth anniversary of the automobile will be observed in 1934, with a new splash of color for license plates. Thirty-four states will change their color combinations, using 26 different motifs, according to a survey made by the American Automobile association. Fourteen states and the District of Columbia will retain their 1933 color schemes, reversing them as to background and lettering. The same number retained their 1932 color motifs in 1933.

There has been a departure from the "blues" which predominated the color schemes during the depression era, the A.A.A. survey reveals, and the trend is toward more staid combinations. First rank will go to the white on black combination to be used in six states, namely, Florida, Minnesota, Mississippi, Missouri, Rhode Island and Virginia.

Special Markings. Second will go to the black on yellow motif to be used in Idaho, Michigan, Oklahoma, West Virginia and the District of Columbia. Black on orange, yellow on black and white on blue will each be used in four states. Beyond these more standard colors will be a wide variety of hues such as old gold on blue in Delaware, yellow on blue in Iowa, black on aluminum in Utah, green on white in Washington, and white on wine in Wyoming.

Some of the state license tags will be distinctive by reason of special marking. Maryland plates will carry the word "Tercentenary" in observance of the three-hundredth anniversary of the founding of the state. Louisiana tags have the familiar pelican. Montana plates carry an outline of the state, and Kentucky plates will carry the name of the home county of the car.

Alaska will use plates with white letters and numerals on a green background; the Canal Zone will use white on blue; Hawaii, white on blue; the Philippines, white on apple green, and Porto Rico, yellow on black.

New Hues Listed. Following are the 1934 color combinations for passenger cars in all states, as reported by state officials.

Alabama, black on orange. Arizona, black on copper. Arkansas, black on white. California, black on orange. Colorado, yellow on black. Connecticut, white on blue. Delaware, old gold on colonial blue. District of Columbia, black on yellow.

Florida, white on black. Georgia, orange on blue. Idaho, black on yellow. Illinois, yellow on black. Indiana, white on midnight blue. Iowa, yellow on dark blue. Kansas, black on white. Kentucky, black on white. Louisiana, white on blue. Maine, black on orange. Maryland, orange on black. Massachusetts, white on dark red. Michigan, black on canary yellow.

Minnesota, white on black. Mississippi, white on black. Missouri, white on black. Montana, orange on black. Nebraska, white on green. Nevada, green on white. New Hampshire, white on green. New Jersey, green on black. New Mexico, gold on red. New York, yellow on black. North Carolina, gold on black. North Dakota, dark blue on deep orange. Ohio, white on maroon. Oklahoma, black on yellow. Oregon, black on gray. Pennsylvania, blue on gold. Rhode Island, white on black. South Carolina, yellow on black. South Dakota, orange on black. Tennessee, white on royal blue. Texas, black on orange. Utah, black on aluminum. Vermont, blue on white. Virginia, white on black. Washington, green on white. West Virginia, black on yellow. Wisconsin, black on pale blue. Wyoming, white on wine.

WAIT UNTIL BIRDS ROW, THEN GET TWO AT ONCE

Merrill Richardson, a bird hunter of Northern Michigan, found a sure way of bagging his limit of two cock pheasants in one day. Richardson started out the opening day and his first shot brought down two cocks that were busily concerned in fighting one another. The birds paid no attention to the hunter even though he approached within 25 feet before shooting.

SILK WORMS GROW AT A RAPID RATE

Some astonishing statistics on the rate of growth of a young silk worm were published by Clarence M. Weed, principal of the State Normal School at Lowell, Mass., after a series of experiments with these insects. When a silk worm is 10 days old, he discovered, it weighs one-half a gram, or 10 times its original weight of 1-20 of a gram. At the age of 20 days it weighs 3 grams, or 60 times its original weight. In another 30 days it will have put on 28 additional grams of weight, bringing it to 620 times its original weight. By the time it is 40 days old it will be 1,800 times as heavy as when it was hatched, and at the age of 56 days, when the worm has reached its full development, it will weigh 207 grams or 4,140 times its original weight.

In the course of this 56 days the silk worm will have consumed not less than 120 oak leaves weighing 1/2 of a pound.

Holland Woman Elected President of Ottawa Star

(Grand Haven Tribune)

The 31st annual meeting of the Ottawa County Order of Eastern Star association was held yesterday in the city at the Masonic temple with 135 present, representing chapters from the several parts of the county. The meeting was honored by the presence of two grand officers, Mrs. Selma Brown, worthy Grand Matron of Highland Park, and Mrs. Cassie Howe, Grand Rapids, Assistant Grand Conductress.

The officers were elected for the coming year at the business meeting held in the afternoon: Mrs. Nell Stanaway, president, Holland; Emerson Leddick, Holland, first vice president; Mrs. Iva Hanson, Marne, second vice president; Mrs. Julia Dick, Holland, secretary; Miss Lucille Hamilton, Coopersville, treasurer; Mrs. Elsie Davis, Grand Haven, organist; Mrs. Alma Harbeck, Marshall; Mrs. Abbey Meeng, Holland, chaplain.

The Star of Bethlehem chapter of Holland put on the memorial work at the afternoon meeting, and the following program was given: Mrs. Gail Olger sang two solos, "Because of You" and "Last Night I Dreamed of You"; Mrs. Lee Arnold played two piano solos, two Chopin waltzes; Mrs. C. S. Morrison presented "The Sweet Family."

Dinner was served by the local organization and in the evening there was initiatory work. The meeting was one of the most successful held in some time, the presence of the grand officers doing much to stimulate interest.

The meeting next year will be held at Holland sponsored by the Star of Bethlehem chapter.

Mrs. Fanny Ryder is the worthy matron and Harry P. Kirk is the worthy patron of the local order. They, together with a large committee and others in the order, were hosts to the visitors and expressions of appreciation were voiced from leaders of the visiting chapters.

HOLLAND LEGION LAYS

ARMISTICE DAY PLANS

Willard G. Leenhouts, post, American Legion, is sponsoring plans for its Armistice day banquet Nov. 11 in Masonic temple, to which all ex-service men and their wives will be invited. A pot-luck luncheon will be served.

Plans also are being sponsored for staging George Kelly's comedy, "The Showoff," at Holland High school Nov. 22, 23 and 24 by the Attic Players.

CONFUSING REGULATIONS WILL BE MORE CONFUSING

OH, FOR THE DAYS WHEN A MAN COULD FISH WHEN AND WHERE HE PLEASED FOR ANY KIND OF FISH!

By Albert Stoll, Jr.
Detroit News

Confusion during the last few years over the State's division of inland lakes and streams into four classes, opening the fishing season in each class on a different date, undoubtedly will be intensified in 1934. A meeting is to be held shortly in Lansing of all employees of the Fisheries Division to determine further classifications. If present plans are carried out the licensed fishermen will have difficulty next year determining where and when he may fish.

There was a time when a man could fish when and where he pleased for any kind of fish. There were no restrictions. First came creel and length limits. They were followed by open and closed seasons. Closed seasons were extended. Soon the open fishing seasons were curtailed.

Then followed discrimination between species, which meant longer seasons on some and shorter on others. The next step was the classification of various waters with reduced creel limits.

The latter is the law under which we are now operating. We have pike lakes which are open from May 1 to April 30 on some fish, from May 1 to Dec. 30 on others, and from May 1 to Labor Day on trout. We have also "all other lakes," known as bass lakes, which are open to fishing from June 25 to April 30, Dec. 31 and Labor Day, again depending on species. The same procedure followed with rivers and streams and we are operating under two classifications today, each with different seasons and a kind of fish that may be taken. These are trout and non-trout waters.

The new plan, if adopted, calls for additional restrictions. It is planned to divide our inland waters into a dozen or more

different classes. These include trout and non-trout rivers and streams; trout streams open to fishing all year; trout streams closed to fishing all year and held as nursery streams; trout streams open to spearing; trout streams open to dip-netting for suckers, carp and other rough fish from March 1 to May 15; streams open to smelt-dipping only in spring; lakes open to pike and walleye fishing only; lakes open to bass, blue-gills and all other species of game and food fishes; lakes open to trout fishing; lakes open to the use of set-over nets; lakes open to spearing; streams open and closed to minnow netting; lakes open to spearing and rivers open to clamming.

Undoubtedly there will be other suggestions when the boys meet, and if they are all adopted Michigan will fall heir to the largest conglomeration of confusing fishing regulations ever visited on any state.

The tendency to zone and classify our hunting grounds and fishing waters has been one of the pet projects of our present conservation department set-up. Hardly a monthly meeting passes without some prohibition being enacted in this direction. Instead of more fish and game the licensed sportsman finds each year brings him less and a shorter period over which to follow these field sports. This is accepted by many as an indication that the hundreds of thousands of dollars poured into fish culture and game breeding and protection every year is not getting results and that our conservation officials find they must turn to restrictive laws and regulations to keep the sports of fishing and hunting alive in Michigan.

HOLLAND DISCOVERS NRA MEANS REOPENING OF THE BANKS, FACTORIES BOOMING, WELFARE LOAD FADING

Grand Rapids Press—Under the caption "What the NRA is Doing for Holland," W. M. Connelly issued a circular letter from Chamber of Commerce headquarters as follows:

For three years Holland has been groveling in the slough of economic despair, financial stagnation, industrial paralysis and blighted agricultural markets, coupled with a welfare load of staggering proportion, and our three banks with closed doors. Today its banks are opening, factory whistles blowing again, markets improving and the welfare load fading. A recent survey of 204 of our commercial and industrial establishments showed that 70 per cent have made an average increase of wages of 21 per cent and added 245 employees as a direct result of the president's code.

Furniture Factories—Last week one manufacturer returned from the east with a smile and a \$40,000 order in his pocket. Another plant is running full force again, because the NRA forced gyp plants in another part of the country to pay a living wage, which makes it possible for our legitimate manufacturers to operate. A huge piano factory, idle for three years, now is being revamped for the manufacture of fine furniture. Machinists, plumbers, masons, carpenters and painters are plying their trades to make way for 200 furniture workers soon to be employed. A bed-room furniture plant that long has been idle, is having its rust scraped from the boilers and knives sharpened for a modernistic line of boudoir equipment.

Our great furnace manufacturing plants are being tuned up for the some building revival that is getting under way.

Sweet and sour pickles and sugar beets are staging a contest in this city. The huge pickle plant is finishing a big receiving season as the sugar mill opens its doors to a steady stream of sugar beets. Four thousand acres of land were employed this season to supply this mill and 200 men are heading the sound of the whistle again to produce beet sugar.

Holland has its application in for three NRA public work loans to build new schools, rehabilitate buildings throughout the city and reclaim its marsh lands for a "Little Netherlands."

THREE BOUGHT BREAKFAST

Allegan Gazette—This story was told the writer by the late Siebe Baker. He arrived in Allegan from his landing in Boston in company with two other Netherlands. These people are notoriously thrifty and they are not so dumb as they used to be considered. These three went to the old Allegan house (at South Side bridge) and inquired cost of breakfast. They were told it was twenty-five cents. One of them undertook to get wholesale rates and succeeded in getting a reduction of one cent each. Then the man who did the negotiating kept the three cents. Thrift, did we say? It was at least that.

TWO HURT IN AUTOMOBILE TRUCK COLLISION HERE

Arthur DeWitt, 31, of Grand Haven, and E. Rich, 29, Spring Lake, were slightly cut and bruised in an automobile accident on US-31 near the Pontaluna road at midnight Friday night. The DeWitt car was pulling out of a gas station and ran in front of the truck, driven by Clyde Keeler, 23, Shelby, according to the state police officers who investigated. The truck and the automobile were badly damaged. Keeler escaped injury. Troopers O'Rourke and Coykendall went to the scene of the accident.

Allegan Supervisors Put Over Some Interesting Projects

The Allegan county board of supervisors at a recent meeting voted that no patient should be admitted to Pincetree nor any other T.B. sanatorium unless application is signed by the supervisor in whose township or precinct the case originated.

The board voted to dispense with the usual practice of taking dinner at the county farm on the annual visit, at least for the present year. This seems to have been in vogue in most counties in the state.

They authorized the county agricultural agent to collect the refund of the processing tax on flour delivered the county for use of indigents, and specified that the plan for distribution of flour, which is to be worked out, is to have the approval of the welfare board, the agricultural committee of the board of supervisors, and the poor commission.

The board of supervisors voted the following tentative tariffa road program for the coming year: Cass township on the Pullman road five miles; Lee on the same road, one and five-tenths miles; New Richmond north to town line, two and five-tenths miles; East Saugatuck west and east to railroad, one and five-tenths miles; Hamilton west one and six-tenths miles; Salem south of Burnips, two miles; Green lake south, one and four-tenths miles; Wayland west to Hilliards, four miles; and Osego southwest, two miles, a total of twenty-one and five-tenths miles.

It was voted to allow the welfare board twelve dollars per month with which to rent an office.

The prosecuting attorney of Allegan county was instructed to file suit against the bondsmen on the bond running to Allegan county from the First National bank, suit to be started in the January term of court, unless settlement be made satisfactory to the prosecuting attorney and the finance committee of the board.

It was voted to have the mimeograph and typewriter in the county agricultural agent's office, the health unit, to pay half the cost of the mimeograph machine repairs.

Two congregate rugs are to be purchased for the Allegan county sheriff's office and the steam pump on the boiler at the jail are to be changed. When funds and help from the jail are available the plaster is to be repaired in the prosecutor's office and the same is to be redecorated as well as the ladies' waiting room, the supervisors' and committee rooms.

The cost of redecorating the court house basement was found to be \$173, which was spent for paint, oil, brushes, etc. The board commended the janitor for his cooperation in this work.

HOLLAND MAN NAMED ON IMPORTANT COMMITTEE

Charles Kirchen, president of the West Michigan Furniture Co. of Holland, and Paul A. Johnson, president of the Grand Haven Brass Co., have been added to the directorate of the Industrial Recovery Loan Co. of Grand Rapids.

The death of Marion K. Stillson, wife of E. Lewis Stillson, occurred at her home in Chicago on Oct. 23. Mrs. Stillson is survived by her husband, her father, G. J. A. Pesch, three sisters, Mrs. Gertrude Fletcher, Mrs. J. Barton Skinner and Charlotte of Chicago and a brother, Longene, of Milwaukee. Mrs. Stillson was born in Holland and attended Hope College.

Despite its size the banana tree is more properly called an herb than a tree. It has no wooden stem, it is explained, the trunk being formed of leaf stalks clustered together.

Tornado Is Most Frequent Disaster; Causes Heavy Loss of Lives

What type of disaster occurs most frequently in the United States?

This question is answered from the relief annals of the American Red Cross, which show over a period of years that the tornado, or cyclone as it is called in some sections, is the most frequent and claims a heavy toll of life. It swoops almost without warning, and in the terrific whirlpool of its fierce winds it destroys all in its path.

The Red Cross gave relief in 44 tornadoes in eighteen states last year. The tornadoes killed 326 persons, injured 2,755 and the Red Cross gave aid to 21,738 who were homeless, injured or otherwise victims of the storms.

Prepared to Save Lives

One of the most valuable services given to the American public by the Red Cross is through its Life Saving and First Aid courses. Virtually all of the life guards at beaches and pools in the nation are Red Cross life savers. Nearly every industry in America supports the First Aid work of the Red Cross because it annually saves lives of thousands of injured persons. These courses are taught by Red Cross experts in both lines. Last year 66,354 certificates were issued to persons completing the First Aid course and 78,795 certificates for completing Life Saving instruction.

Toll of the Earthquake

When a severe earthquake killed 95 persons; injured 4,911 and destroyed several thousand homes in Southern California last March, the Red Cross was first upon the ground with emergency relief. It required more than three months for the Red Cross to restore the needy to a self-sustaining basis. The organization expended a relief fund of \$411,000.

War Veterans' Problems

Not since the period of the World War has the Red Cross faced a greater problem in handling the claims of World War and other veterans. Due to the changes in the regulations covering veterans' claims, chapters all over the nation have been crowded with veteran applicants for relief and for service in preparing appeals. During last year Red Cross home service workers in 3,268 chapters dealt with the problems of 411,124 ex-service men or their families. The chapters also aided 7,346 men still in the regular army, navy and marine corps.

Safeguarding Public Health

The Red Cross reports that 693 nurses are employed by 428 of its chapters in public health nursing. During the past year Red Cross nurses made 1,234,000 nursing visits, other than to schools, and also inspected 633,000 children in schools. Nursing at the bedside of the sick, unemployed, or other needy is a major part of their work. The Public Health Nursing Service of the Red Cross also directs the teaching of classes in Home Hygiene and Care of the Sick. This course was taught to 53,000 persons during last year.

An Army of Children

The membership in the Junior Red Cross last year was 6,629,866 boys and girls in schools, private, public and parochial. They enjoyed volunteer work in hospitals and for orphans, the aged and crippled, and also aided their schoolfellows by providing attention for their eyes, purchasing their glasses, and giving many other types of service to them. The Juniors aid their school work by carrying on correspondence and the exchange of portfolios with school children in other nations.

The Red Cross enrolled 3,701,866 members in its roll call a year ago. Join in the 1933 roll call—Armistice Day to Thanksgiving Day.

LARGE SHIPMENT OF PULP ON WAY TO THIS PORT

The largest shipment of wood pulp-board ever to be received in this port is expected next week when the steamer "Lawrence" arrives with 13,800 bales for the Vyn company. The ship left Montreal on Oct. 24 and with fair weather is

expected to be here Wednesday or Thursday of next week. She will unload the 13,800 bales at this port.

The ship "Hennessid" which was expected in this morning with wood pulp-board is being held in at South Haven for weather. She will have a load for the local company of 1,800 bales.

Start Work On Grading Shore Road

BELIEVE 600 WELFARE WORKERS WILL BE USED THROUGHOUT WINTER MONTHS

In the past week 25 men from the welfare lists of Holland were put to work on the Lake Shore road leading from the Gets farm to Grand Haven as a part of the work relief plan adopted by the board of supervisors at their recent session and following a joint meeting of the good roads committee of the board, the Ottawa county emergency relief commission, the Ottawa county road commission, which met in Holland recently. All agreed to the project. This number will be increased to 100 men by the end of the week, it is hoped.

On Monday 25 men from the north section are to be placed at work on the Grand Haven end of the road, which will connect that city at the south limits and this number will be increased to 100 men within a week. The plan is to work the men on shifts until about 600 are receiving work relief money.

The workers are to be secured through Miss Veneklaasen, of Holland, in charge of the relief lists of the emergency relief commission, and only those on the welfare lists are to be recruited.

Rights of way have been offered necessary to make small changes in the location of the 12 miles which the Lake Shore road inclosed. Property owners are delighted with the prospects of an improved highway in that section which will open thousands of resort acres and add to the assessment rolls of the county.

The work this winter will be confined to grading and drainage and will supply work relief for the major part of the winter months. The road lies along the base of the sand dunes, the most beautiful in this part of the country. When the road is completed it will provide a scenic drive of exceeding beauty. The road follows along the route of the old lake shore road, one of the oldest in this county, but which has never received other than township improvement.

The Bee Line road in the southern part of the county, is also one of the road projects authorized for work relief and will be improved for the benefit of workers in that section of the county. The workers are recruited from all parts of the county and work will be executed as long as the funds are available. The road commission supplying the overhead expense. Labor costs come from state weight tax.

The state welfare commission is advocating the use of the state weight and gas tax to welfare purposes. In this county \$105,000 per year must be paid out of this tax for debt service and the road commission has stated that they are willing to spend all funds over the debt and maintenance cost for work relief. The board of supervisors at the recent meeting voted to support this stand. The state is behind in payments from this fund and the continuance of the work relief will depend upon the cooperation of the workers and the funds which are turned over to the road commission by the state according to the Kulp bill.

Ottawa county is one of the few in the state that has been lending support to the welfare relief plans for the past two years. This has been an expensive proposition in most cases but the commission believes that the employment throughout the county should be relieved by employing as many welfare workers as possible.

The lake shore project was chosen as one that would provide a maximum amount of labor, which, due to the protection of the hills, can be carried on through the winter months. It is one that has never received any improvement and will largely increase property values along the lake shore. It will relieve traffic on US-91 and is the longest stretch of county road that needs improvement.

Clay roads cannot be worked upon during the winter and Carl Bowen stated today that work in other parts of the county where the soil is heavy will be started in the spring of the year.

KALAMAZOO AND HOPE PLAY SCORELESS TIE

Although outplayed most of the game, the Kalamazoo College eleven held Coach Bud Hinga's Hope College gridgers to a scoreless tie in an M.I.A.A. tilt at Kalamazoo Friday. It was the second successive scoreless tie for Hope in the Michigan league play, the Holland boys having sparred to a similar conclusion at Albion last week.

The Kalamazoo team was considerably outclassed in the first half of Friday's battle. Hope achieving eight first downs to none for the locals in the first two periods. The visitors at one time brought the ball to the Kalamazoo 3-yard line, but a penalty moved it back five yards and the Hopites failed to put it over the goal in four tries at the line.

Kalamazoo showed up much better in the second half, balancing their opponents rather successfully, each side making three first downs. The locals got into scoring positions twice late in the game, but each time resorted to the placekicker route, which proved unsuccessful. Ted Thomas did the punting.

FENNVILLE TO HAVE PHOTO STUDIO

Fennville is to have a photograph gallery. George West, a former resident and an experienced photographer, is preparing to open a studio in the McClements building on Main street, and expects to be ready the first of next week. All work will be by artificial light, Mr. West says, so that pictures may be made either day or night.

Old Fire Bell Still Dear To Many A Heart

HUNG FORTY-EIGHT YEARS
AGO A TARNISHED BELL
TELLS STORY OF LONG
AGO

(Zeeland Record)

The wrecking of the old city hall at Zeeland has again revealed an incident of long ago of which not many remain to witness the truth, but of which one of the central figures is still among us.

That was the installation and dedication of the old (then new) fire bell forty-eight years ago.

The bell, which is still as serviceable and beautiful of tone as it was the day of its installation, though tarnished and dull of appearance, was hung in the belfry of the old fire engine house then located on the east side of South Church street at a spot about where Cherry street intersects it. The fire house was occupied by a pail and ladder wagon for many years and later was substituted by an upright steam fire pumper and hose cart.

The system then was to pump water from the city wells at Main and Church and Main and Elm streets, before the installation of our present water main system.

The old bell may be seen in the rear of the old city hall. It bears the inscription of November 10, 1885, and the name of the village council, Daniel Baert, president; John H. De Pree, John D. Everhard and William Westhoek, trustees, and Berend Kamps, clerk. The inscription is probably the handwriting of some local person, but it was very neatly executed with hammer and punch, which will stand as a memorial as long as the bell survives.

Of those who participated in the dedication of the bell only Mr. Ben Kamps remains today, and of his fellow compatriots of that day there are only a few remaining. Fire-fighting facilities have changed a great deal since that day and the bell that called the alarm has long ago been silenced by the more powerful whistle and horn, but the old bell still holds a warm spot in many hearts.

Among those from Holland who recently attended the Century of Progress exposition in Chicago were Miss Jeanette Schuitman and Herman Blok; Mr. and Mrs. Albert H. Brinkman; Mr. and Mrs. Richard Schadelee and Mr. Klingenberg; John Brinkman.

Tours the Country at Age of Ninety

VETERAN OF CIVIL WAR
VISITS NINE SONS

Joos Ver Planke, Civil War veteran and former resident of Holland, despite his age of four score years and ten, is not hampered in getting to all parts of the country to visit his sons and other relatives. Ver Planke has nine living sons, following the professions of doctor, architect, merchant and farmer. Six of the nine sons live in Indiana, one in California, one lives in Spring Lake and another in Charlotte. Since the death of his wife 10 years ago, Ver Planke has been traveling from the home of one son to another.

When a boy of 5 years old, Ver Planke came to Holland. He took an active part in city affairs, and for four years served as village marshal. After being elected in 1877 as county sheriff on the Democratic ticket, he moved to Spring Lake. He served two years as sheriff, then moved to a farm in Crocker Township and did not return to Spring Lake until 20 years later.

Ade Vander Hill, Gerald Tinholt and Russell Fredricks are employed in Hamilton.

PROPOSED LATERAL SEWER
Fairbanks Avenue between Eleventh and Fourth Streets.
Holland, Mich., Oct. 21, 1933.
CITY CLERK'S OFFICE

Notice is hereby given that the Common Council of the City of Holland at a session held Wednesday, October 18, 1933, adopted the following resolutions:

RESOLVED, that a lateral sewer be constructed in Fairbanks avenue, between Eleventh and Fourth streets, that said lateral sewer be laid at the depth and grade and of the dimensions prescribed in the diagram, plan and profile and in the manner required by the specifications for same provisionally adopted by the Common Council of the City of Holland, October 18, 1933, and now on file in the office of the Clerk, that the cost and expense of constructing such lateral sewer be paid partly from the General Sewer Fund of said City, and partly by special assessment upon the lands, lots and premises of private property owners abutting upon said part of Fairbanks avenue, and being adjacent to said lateral sewer, and such other lands, lots and premises as hereinafter required and specified, assessed according to the estimated benefits thereto determined as follows:

Total estimated cost of lateral sewer, \$6,236.89.

Amount to be raised by special assessment on private property according to estimated benefits received, \$2,575.10.

Amount to be paid from the General Sewer Fund, \$3,661.79.

That the lands, lots and premises upon which said special assessment shall be levied shall include all the private lands, lots and premises lying within the special assessment district designated by a red line in the diagram and plat of said district by the Common Council in connection with the construction of the sewer, all of which private lands, lots and premises are hereby designated and declared to constitute a special sewer district for the purpose of special assessment, to defray that part of the cost and expense of constructing a lateral sewer in said part of Fairbanks avenue in the manner hereinbefore determined by the Common Council, said district to be known and designated "Fairbanks avenue Special Sewer Assessment District."

RESOLVED, further, that the City Clerk be instructed to give notice of the proposed construction of said lateral sewer and of the special assessment to be made to defray part of the expense of constructing such sewer, according to diagram, plan and estimate on file in the office of the City Clerk, and of the district to be assessed therefor, by publication in the Holland City News for three weeks, and that Wednesday, November 15, 1933, at 7:30 p. m. be and is hereby determined as the time when the Common Council and the Board of Public Works will meet at the Council rooms to consider any suggestions or objections that may be made to the construction of said sewer, to said assessment district, and to said diagram, plan, plat and estimates.

OSCAR PETERSON,
City Clerk.

Expires Jan. 20, 1934.

SUNDAY DINNER SUGGESTIONS

By ANN PAGE

SWEET potatoes and yams rival white potatoes in popularity at this season and little wonder, for they are of excellent quality and low in price. Apples also are attractive in quality and price and how good they are eaten raw or cooked. You will want plenty of them for Halloween. It is possible to enjoy a great variety of green vegetables though several of them belong to the same family including fine and cheap cabbage, cauliflower, broccoli and Brussels sprouts. Spinach is also cheap and of excellent quality. Lettuce is not quite so plentiful as it was a week ago. Celery is at its best and mushrooms are attractive in quality and price.

A fine white cereal, popular with many people is being offered at an attractive price this week.

Here are the menus from the Quaker Maid Kitchen.

Low Cost Dinner
