## FAIR PRESIDENT IS ARRESTED ON GAMING CHARGE

**Hudsonville Man Waives  
Hearing in Court of  
Justice Smith**

**Prosecutor Parsons Files  
Count After Making  
Investigation**

An extensive investigation into alleged gambling at the Hudsonville fair last Sept. 7, 8, and 9 by Prosecutor Elbert Parsons was climaxed Tuesday afternoon with the arraignment of William Vander Laan, 50, of Hudsonville, president of the Hudsonville Fair association, before Justice of Peace Raymond L. Smith on a charge of allowing gaming devices to operate on premises under his control.

Vander Laan waived examination and was bound over to the November term of Ottawa circuit court which opens Nov. 20. Bond, set at \$500, was furnished.

He appeared voluntarily before Justice Smith after being advised that Prosecutor Parsons had sworn to a complaint which charged that Vander Laan allowed certain games such as ball, ring, bottle, target shooting, weight guessing, striking machine and other games to operate at the fair in Hughes grove at Hudsonville, Sept. 7, 1939, was set as the date of the alleged offense.

In explaining why the charge was filed against Vander Laan, Parsons said he visited the fairgrounds Sept. 7 in company with officers from the sheriff's department "upon information that games which had been prohibited at the Berlin fair were in operation."

He said he found games in operation and he had decided that the fair association was violating the state law as it had been interpreted by himself and Judge Fred T. Miles who previously had denied an injunction to the Berlin fair association to prevent the prosecutor and Sheriff Frank Van Etta from arresting violators of the gambling laws.

Parsons stated that he called Vander Laan and other members of the fair association into his office the following day and explained the laws and informed them that they would have to close the games.

This was ordered by the fair association board, a deputy sheriff informed the prosecutor, but on Saturday night, on the last day of the fair, all games of chance were allowed to operate.

"Vander Laan was so charged because he was principally responsible for the operation of the fair and for allowing the gambling devices to operate. Other members of the fair association board could have been arrested but I learned that several did not favor the allowing of the games of chance to operate," Parsons said.

## CHEST BOARD HERE ELECTS

John De Wilde was elevated to the presidency of the Holland Community chest board Wednesday night when members of the board met for their first session of the 1940 fiscal year which began yesterday.

Mr. De Wilde, vice-president last year, succeeds O. W. Lowry. Chester Van Tongeren was named vice-president. George Damson was elected secretary to succeed Cornelius Vander Meulen and Clarence Jalving was re-elected treasurer.

Three new members of the board, elected by chest members Friday, attended the meeting Wednesday. They are Peter Van Domelen, Jr., Mr. Damson and Harry Wieskamp.

The board accepted the report of the auditing committee and Mr. Van Domelen, chest drive chairman, who reported the \$14,500 goal was passed at noon Wednesday with \$14,938.36 pledged.

Members voted "thanks" to The Holland Evening Sentinel and to Mr. Van Domelen for aid in making the chest drive a success, and to Mr. Lowry, as retiring president, for work during the past year.

Mr. De Wilde, as new president, congratulated the people of Holland for their support of the chest campaign. "This is a town in which anyone would be proud to live," he said. "The cooperation received by workers in the past drive was as much as anyone could ask of a community."

"The only thing that we, as members of the chest board, can do in appreciation is to guarantee a careful and just handling of funds. Records of every penny spent may be inspected by the public."

Mr. De Wilde today personally thanked The Sentinel for publicity for the campaign.

The chest board meets the first Wednesday of every month during the year.

## STOLEN CAR IN COUNTY CRASH

**Criminal Career of Three  
Muskegon Youths Is  
Brought to End**

A prospective criminal career by three Muskegon youths was abruptly ended Wednesday about 5:10 p.m. with the wrecking of a stolen car on US-31 at the reverse curve, just north of West Olive, with a result that two of them are being held by Muskegon police while the third is confined in Holland hospital recovering from injuries and will be surrendered to Muskegon police when released from the hospital.

The three youths are Nelson Pulsifer, 15, Donald Hill, 16, and Donald Brown, 16, Pulsifer and Hill escaped injuries in the accident and were turned over to Muskegon police later Wednesday night.

Brown is suffering with lacerations on the skull and spine injuries, the nature of which have not been determined, the hospital reported. His condition was not regarded as serious.

Deputy Sheriff William Van Etta reported today that Pulsifer was driving the car. They are reported to have been riding at such a fast speed that the driver was unable to make the curve.

Herman G. Postmus, 123 West 20th St., informed the deputy sheriff that the trio had passed his car and when their automobile left the highway it turned over while flying through the air. The vehicle landed on the Pere Marquette tracks and then continued to turn over and over for a distance of approximately 100 feet, finally resting on the pavement again.

Sheriff Frank Van Etta arrived on the scene shortly after the mishap. He found that Brown had been thrown from the automobile and had been "knocked out."

Pulsifer and Hill who escaped injuries sought to escape from the scene by running across the field. With the assistance of George Maierhauser and Nelson Baker, both of West Olive, Sheriff Van Etta captured the two boys.

The sheriff took the two boys to the Grand Haven jail where they confessed stealing the car in Grand Haven Wednesday afternoon. They said they were en route to Indiana and had planned to rob a gasoline filling station somewhere along the route.

Deputy Van Etta said he found in the car two cap pistols which had been made over to look like real revolvers.

Brown was taken to Holland by Postmus and Fred Joyce, 416 East South St., South Bend, Ind. Carl Brown, county highway engineer, arrived on the scene with a county truck and removed the wrecked car from the road.

Deputy Van Etta questioned Brown at Holland hospital later.

Peter Van Domelen, Jr., chairman of the drive congratulated division chairmen on their success in the drive as all but one division in six reported over 100 per cent.

The individual gifts committee reported pledges of \$2,079.51, 80.76 per cent of the goal, but all cards from this division were not turned in Wednesday.

In spite of that fact, officials of the drive named the top three captains of teams in that division whose teams had scored above 100 per cent in the drive. A team captained by George Damson collected 126.3 per cent; Neal Wiesma, 126.1 per cent; and John Van Dyke, 109 per cent. Co-chairmen of the entire division, which included four units of three teams each, were Neal Steketee and Harry Wieskamp.

The entire pledge, broken into divisions and compared with goals is: Special gifts, \$3,493.40, 101 per cent of \$3,450; national corporations, \$1,706.45, 136 per cent of \$1,250; industrial division, \$6,469.25, 103.5 per cent of \$6,250; public employees, \$398.75, 145 per cent of \$275; schools and colleges, \$791.13 per cent of \$700; and individual gifts, \$2,079.51, 80.76 per cent of \$2,575.

The luncheon, the fifth served, was planned and served by the members of the women's committee of the drive. Mrs. Willis Dickema, Mrs. Henry Maentz, Mrs. Lloyd Heasley, and Mrs. Peter Van Domelen, Jr., worked every day. Others who aided in putting on the luncheons were Mrs. Jacob Fris, Mrs. Elwood Johnson, Mrs. A. W. Tahaney, Mrs. John Eaton, Mrs. Ervin Harsen, and Mrs. R. L. Schlecht.

Mr. Fein reported that two large black chow dogs ran amuck in the flock this morning. He said five or six had been killed outright and the others maimed to such an extent that they will die or have to be killed.

He said he heard a noise behind the barn about 6:30 a.m. and investigation revealed the dogs killing the sheep. He obtained his shotgun and killed one of the dogs.

Deputy Van Etta said the injured sheep have been taken to a slaughterhouse to be killed in the hope that the meat may be salvaged and be donated to charitable organizations, including the Salvation army and City Rescue mission.

**Nearly Fifteen Thousand  
Dollars Reported at

Holland's Community Chest campaign passed its goal of \$14,500 with pledges of \$14,938.36, 103.2 per cent of the goal.

The success of the drive was announced following tabulations of final reports at the noon "victory luncheon" in the Woman's Literary club Wednesday.

Peter Van Domelen, Jr., chairman of the drive congratulated division chairmen on their success in the drive as all but one division in six reported over 100 per cent.

## PROPERTY SALE IS INVOLVED BY BOARD PROJECT

**Council Asks Lokker and  
Committee to Act on  
Right-of-Way**

**City Water Rights Also  
Asked on Land Due  
for Oil Tests**

Two questions, involving board of public works problems, were referred to City Attorney Clarence A. Lokker and the board of public works committee Wednesday night by common council.

The first involves a right-of-way over the corner of a piece of property, running east of Central Ave. and between Fourth and Fifth Sts., which the city proposes to sell to John Cooper for use by the Holland Motor Express.

In a communication to council, the works board reported that it has found it necessary to plan the construction of a "tie-line" from the new power plant at Lake Macatawa to the present Fifth St. station. The works board requested a right-of-way for the line across the corner of the property in question.

City Engineer Jacob Zuidema explained that the line would extend eastward on Second St. to Central Ave. southward to a point between Fourth and Fifth Sts. where it would turn eastward and extend across this property to connect with the present power line running west from the Fifth St. station. Zuidema said the works board found it difficult to extend the line to Fifth St. where it would be necessary to make a square turn with the line.

Lokker said that such action might offset the deal with Cooper which council is scheduled to consider at its next meeting Nov. 15 and he suggested that Cooper be contacted.

It was explained that if the right-of-way is granted, it might be necessary to draw up a new description of the property which Cooper proposes to buy. On motion of Ald. Albert P. Kleis, seconded by Ald. Henry Prins, council referred the matter to Lokker and the works board committee with power to act.

The letter also advised that the board is planning the construction of a distribution line in a southerly direction from the new plant along Pine Ave. with a result that it would involve property now owned by the city. A right-of-way for the line across the property is requested since the city recently considered a proposal to sell the property involved to Louis Padnos.

The second problem concerns the question of whether drilling for oil will affect a water supply if either is located on the old "airport" on East 16th St. The works board in communication pointed out that a lease is being considered with the Crown Development Co. for test drillings for oil.

However, the works board, the letter said, has found itself in need of additional water supply and requests permission to make borings on the property.

Lokker said he had conferred with officials of the oil drilling company and had been advised that it offered no objections to a change in the proposed lease whereby the works board would be granted water rights on the property.

The first council motion proposed to refer the matter to the city attorney with instructions to correct the lease and that Mayor Henry Geerlings and City Clerk Oscar Peterson be instructed to sign it.

However, Kleis was of the opinion that if water is found on the property a provision be made in the lease that no oil well be drilled. Lokker said that, if that being the case, there would be no need to sign a lease for that was its general purpose.

Kleis asked if drilling for oil would effect the water. Clerk Peterson replied that the works board had raised the same question.

Ald. Henry Ketel said that good piping of the oil well would provide no hindrance.

## CHARGE DISMISSED IN JUSTICE COURT

Upon request of Prosecutor Elbert Parsons, a charge of felonious assault, pending against Martin DeJonge, 40, route 2, Zeeland, was dismissed in the court of Justice John Gallen following an examination Tuesday.

Lack of evidence was given as the reason for the action. DeJonge's examination had been set for Tuesday, being delayed from a previous date due to the necessity of the prosecutor being in circuit court.

The complaint was sworn to by Albert R. Voss, 350 River Ave., and alleged that DeJonge, in an effort to order Voss from his premises last Aug. 30, pointed a shotgun at Voss. The testimony failed to show that the gun was pointed directly at Voss, although DeJonge admitted taking the gun out of the house and having it in his hands at the time Voss left the premises.

A total of 80 prizes or 40 each for the boys and girls was distributed Tuesday night to the various winners. Ten prizes were awarded to the winners of the jack-o-lantern contest.

They are as follows: First, James Gordon Van Dyke; second, Betty Jean Borr; third, June Reidsma; fourth, Joyce Gosselear; fifth, Caryl Curtis; sixth, Harold Frankens; seventh, Nancy Van Harteveldt; eighth, Earl Van Lente; ninth, Billy Kaiser; 10th, Rodger DeWeerd. All kinds of costumes were represented in the parade. The Holland American Legion and Holland high school bands provided music for the marchers and Police Officers Ernest Bear and Harvey Murray furnished the police escort.

At the park, the program was in charge of Roy E. Young and Leonard (Peenie) Dailey, well-known local entertainers. "Sunny" Kuite was in charge of the fireworks display.

A German band from Zeeland also took part on the program which consisted of clowning on a tandem bicycle, picture taking of the group by Mr. Dailey, sawing a man in two and then sawing off a man's head, and a clown act.

## NEW PLANT TO LOCATE IN CITY, EMPLOY MANY

**Job Peak for Auto, Plane  
Parts Factory Is Due  
in Two Years**

**Half-Million Dollar Firm  
to Start at Once on  
Building Here**

Formation of a half-million dollar organization which will erect a plant in the southwest part of Holland and, within two years, plans to employ 1,000 workers was announced today by the Holland Chamber of Commerce, through Secretary-Manager E. P. Stephan.

The organization to be known as the Holland Precision Parts, has purchased real estate bounded on the north and south by 22nd and 24th Sts., with Ottawa Ave. as the western boundary and a point 242 feet east of Harrison Ave. as the eastern boundary, a total west-east length of about 1,200 feet, the announcement stated.

The area purchased by the organization includes approximately 20 acres which will be used as a site for erection of a large plant to be used in manufacturing auto and aircraft parts. The first unit to be built will have about 65,000 square feet, Mr. Stephan said, and will include a large power plant.

The building will be constructed of brick, steel and glass of modern construction, the same as the Ford Motor Co. has used in the construction of its latest tool building.

The new organization is composed entirely of outside capital and \$500,000 has been appropriated for the establishment of the new plant in Holland.

"This amount will not begin to cover the amount which will be expended by those sponsoring the organization as it will require approximately two years before the proposed construction program is completed," Mr. Stephan said.

"In addition to the first unit, several other buildings will be constructed in the course of two years of the same latest type of modern construction."

Work on the new building will start within the next week or 10 days and when once under way will be completed as quickly as possible to enable production to start within 90 days.

Mr. Stephan stated that he has been advised by the superintendent who was in Holland the past few days that, within three months, 100 persons will be employed at the factory; 200 persons within six months and by the end of a year, 300 persons. Employment will exceed 1,000 persons within two years. These figures were listed as conservative. Seventy-five per cent of the employees will be male and the remaining 25 per cent will be female, he added.

"The organization plans to train hundreds of our young men and women to become mechanics in the intricate parts that they will produce. The production of the products is such that it will require considerable skillful work which will be a part of the company's training of its prospective employees," Mr. Stephan commented.

The factory will be equipped with the latest type of machinery, some of which will arrive within the next 30 days. Arrangements have been made for storage until it can be moved into the new plant.

The organization will include more than 90 executives who will be in charge of the various departments. More than 100 women also will be employed for inspection work.

"It was the Chamber of Commerce's efforts that brought about the location of the factory in Holland as those sponsoring the new firm considered many other cities in Michigan before making a final decision to locate here," Mr. Stephan said. "Only by the active operation of the Chamber of Commerce within the past two months has this been brought about."

Options for the property upon which the factory will be located were taken by John Arendshorst, local real estate man, who, Mr. Stephan said, has been very helpful in negotiating the necessary real estate deal.

Rumors have been prevalent in Holland the past several weeks relative to the establishment of a new industry here but it did not become a certainty until the Chamber of Commerce made its announcement today. Officials of the new firm were in Holland Wednesday and today, signing necessary papers that will enable construction work to get under way at an early date.

Common council at its meeting Wednesday night took initial action towards assisting in bringing about location of the factory on the proposed site by adopting a resolution which would change the district from a "B" residential district to an industrial district under provisions of the zoning ordinance.

The section between Ottawa and Cleveland Aves. already is in an industrial zone.

Other applications for permits follow: Henry J. De Boe, 357 West 18th St., cover home, \$400; Mrs. B. Naberhuis, 214 West 12th St., remodel inside of home and porch into a duplex home and move garage in rear yard, \$1,000.

## CHARGED WITH ROBBERY UNCLE

### Norman Den Uyl Is Being Held in Local Jail for Grand Larceny

Unable to furnish \$500 bond, Norman Den Uyl, 19, of Montello park, has been held in the local jail on a charge of having stolen \$115 on three different occasions from his uncle, Benjamin Speet, 136 West 27th St., a local dairyman.

Den Uyl was arraigned Oct. 26 before Justice of Peace Raymond L. Smith on a charge of grand larceny. He waived examination and was bound over to the Ottawa circuit court under \$500 bond.

Police Chief Ira A. Antles reported that Den Uyl at first took \$10 in silver from a change purse. On a second visit to the home he is alleged to have obtained \$30 from a cupboard in the kitchen. In a third visit to the Speet home, Den Uyl is said to have taken \$85 from Speet's pockets of his trousers, lying across a chair in the bedroom. Mr. Speet was asleep.

After finding the \$85 missing, Speet reported his loss to Holland police. Suspected of having committed the crime, Den Uyl was arrested at his home Monday night.

Questioned by police, Den Uyl, Chief Antles reported, confessed stealing the money. He said he did not know the dates that he stole the money except that the \$85 was taken on the night of Oct. 19. He formerly worked for Speet at his dairy on numerous occasions.

The \$30 which he obtained on two different occasions was spent for gasoline and oil, Chief Antles said Den Uyl informed him. With the \$85, Den Uyl was said to have told police, he went to Grand Rapids where he purchased a 1929 model automobile at a garage for \$43.20.

Police Officers Ernest Bear and James Spruit returned to Holland late Friday from Kalkaska bringing with them an automobile which Norman Den Uyl, 19, of Montello park, is alleged to have purchased in Grand Rapids recently with money allegedly stolen from his uncle, Benjamin Speet, 136 West 27th St., a dairyman.

The officers, according to Police Chief Ira A. Antles, learned that Den Uyl has been an enrollee at the CCC camp there but has been absent "without leave." The car was found hidden in a woods, about two and one-half miles from the camp, as camp regulations prohibit enrollees from having cars in camp.

### VAN WEESEM HEAD OF WELFARE BOARD

James Van Weesem of Grand Haven was elected chairman of the new Ottawa county board of welfare at an organization meeting Tuesday night in Grand Haven. The board was created by a new state welfare law which became effective Wednesday.

### ZEELAND PARTNERS HEAR MILES DECREE

Grand Haven, Nov. 2 (Special)—After hearing evidence in the case of Raymond H. Hertz vs. Clarence M. Klamt, operators of the Zeeland Dry Cleaning Co., Judge Fred T. Miles of Ottawa county circuit court Monday recognized the partnership as intact and ordered them to repay Klamt's brother, Arthur, \$900 they had borrowed to start the business in 1937.

In addition, Judge Miles ruled that Arthur is not a partner as he claims, and that land on which the establishment is constructed, belongs to the partnership, and not to him as it was deeded by Clarence Klamt and his wife after Arthur and Clarence removed Hertz, the legal partner, after an argument last June.

Hertz went into the business, providing the experience, and Clarence Klamt provided the land for the building. Arthur loaned them capital. Hertz objected when he found he was doing most of the work, the court was told. Clarence and his wife operated the business after Hertz was removed.

## BELTLINE ROUTE FOR HOLLAND IS AT TOP OF LIST

But Federal Funds Must First Be Obtained for Project

Early Work to Improve Road to Grandville Still in Doubt

The proposed "beltline" route around the edge of Holland to connect M-21 and US-31 is listed by the state highway department as a "priority" project, according to United Press in Lansing.

However, such top listing of the link for M-21 does not mean that M-21 between Holland and Grandville will be improved immediately, even though a movement to insist upon a new highway has been revived. It was reported to The Sentinel by United Press which questioned the highway office at The Sentinel's request. It was indicated that the highway department still viewed the Holland-Grandville improvement as needed, but improbable soon because of its great cost and lack of finances.

The proposed beltline would include a grade separation. But, it was said, money must be appropriated by congress before even these top-of-the-list proposals can be considered. Highway Commissioner Murray D. Van Wagoner is hopeful that arrangements will be made by congress to enable state departments to obtain loans for projects which would need additional funds.

The proposed beltline route would start on US-31 near the southern limits of Holland, extend northeast across the Pere Marquette railroad tracks in Allegan county and north to M-21 at the eastern limits of Holland. The beltline would be from two and a half to three miles long, the highway department said.

The route and the grade separation at the railroad tracks each would cost about \$125,000, a total of \$250,000, United Press was told.

In other projects in this section, the highway department also is listing the rebuilding and grading of US-16 from Nunica to Coopersville as another "priority" project.

To remedy part of the condition on M-21, Van Wagoner last July 6 submitted to the state administrative board a proposed project which called for six miles of grading, drainage, and 22-foot concrete highway on M-21 northeast of Zeeland, at an estimated cost of \$224,000, and a bridge over Black river, northeast of Zeeland, at an estimated cost of \$50,000. It was not learned what action was taken on these proposals.

Whether motion picture advertisements at the closed Strand theater on Eighth street had any effect on recruiting in Holland likely never be known.

When soldiers set up their "branch" recruiting office in the entrance of the former theater Oct. 26, they were faced by a large sign above their heads: "Babes in Arms."

An army sign below said: "Enlist Now."

But the recruiters apparently were not disturbed.

And Friday they appeared nonchalant when a new sign went up which read:

"Dust Be My Destiny."

The recruiting force, which arrived Oct. 26 and set up headquarters in Holland armory, left Sunday morning for Muskegon as a part of an enlistment campaign in the United States.

## MISSING MONEY IN OTTAWA FOUND IN NEW HIDING PLACE

Almost as mysteriously as it disappeared from the home of Cornelius Patmos, residing one and one-half miles south of Ottawa, \$106 in cash reappeared last Thursday. Deputy Sheriff William Van Etta reported.

Deputy Sheriffs Van Etta and John Boes of Zeeland had spent most of Thursday investigating the disappearance of the money after receiving a report from Mr. Patmos who had discovered the loss Thursday morning.

The money was in two pockets and had been taken from two different hiding places in the home. Mr. Patmos believed his home had been entered during the night. He found several doors open Thursday morning.

The two officers planned to return to the home but at about 11:30 p.m. Thursday, Mr. and Mrs. Patmos drove to Zeeland and Holland to inform Deputies Van Etta and Boes that the money had "mysteriously" reappeared. They said the money had been found intact in the two pockets in two locations, other than the ones where the money had been hidden. Deputy Van Etta was of the opinion that the money had been stolen from the home but that the guilty person or persons "got cold feet" and returned the money.

## HOLLAND AND THE LAST WAR

During the years since the  
World war The Netherlands has  
often been congratulated by other  
nations on having the wisdom to  
stay out of that entanglement.  
Countries like the United States  
that allowed themselves to be  
drawn in saw in the retrospect  
that little Holland had played the  
part of wisdom.

Countries like America cannot  
make the claim that it was easier  
for Holland to stay out than it was  
for us. Close as Queen Wilhelmina's  
country was to the center of  
the fighting, almost superhuman  
self-restraint was required to  
keep out. But the Hollanders had  
common sense enough to exercise  
the required restraint.

How the Dutch suffered from  
the long years of war is described  
by Dr. A. J. Barnouw, of Columbia  
University, who spent the war  
years in The Netherlands: "We  
were not allowed any gas for  
cooking," he writes, "and the  
allowance we did receive was so  
small that the whole family had  
to gather around one lamp, lest  
the meter should register excess  
consumption, a trespass that was  
punishable with a temporary suspension  
of the supply. The family  
meal was cooked on the open  
hearth of the living room, the  
one fire that could be kept going  
on our small ration of fuel. It  
often gave out on very cold days.  
Then we made our own fuel from  
old newspapers. We soaked them  
in salt and water and kneaded  
them into balls that kept a dying  
fire alive.

"A bath was a forbidden self-indulgence,  
unless you had a servant  
who was willing to run back  
and forth between the house and  
the municipal hot-water wagon  
stationed on some neighboring  
square, at which one could buy the  
bath water at a few cents a bucket.  
Army planes of the belligerents  
would lose their way in the night  
and drop bombs upon unsuspecting  
towns along the border. Floating  
mines were washed ashore along the North Sea coast  
threatening damage to breakwaters,  
levees, and piers and endangering  
the lives of Dutch crews. No fewer than 88 Dutch  
ships were sunk during the World  
war, aggregating 237,113 tons and  
involving a heavy loss in human  
lives.

But the Dutch did not allow  
themselves to be provoked into  
entering the fight. Not because  
they were cowards; the Dutch  
have again and again proved that  
they can fight like wildcats. They  
stayed out because they were realists;  
they understood perfectly  
that whatever they might suffer  
as unlucky bystanders was negligible  
compared to what they would  
suffer if they went in; and there  
was nothing tangible to be gained  
by going in.

If the American people had been  
as realistic as that we would have  
been much better off. But it is not  
too late to follow, in 1939, the  
example of the Dutch in 1914-1918.

## THE CHURCH INVITES YOU

Spiritual Quickening  
Many faithful Christians testify  
to the fact that when children  
were taken to church by their  
parents and that in looking back  
to those childhood days they now  
perceive a spiritual awakening,  
an awareness of God, the birth of  
high ideals, which have been rooted  
into their lives unconsciously  
so that the habit of church going  
now is natural. They do not need  
an invitation to go to church;  
rather as they went their way to  
the house of God faithfully Sunday  
after Sunday, rain or shine,  
by their very example they speak  
to those who perchance see them  
on their way, and without the  
utterance of a word they are saying:  
"Why not accept the invitation  
to go to church next Sunday?"

In the early days of the United  
States senators were paid at  
the rate of \$6 a day for attendance  
— and each received pay only  
for those days when he actually  
was in the senate chamber.

## Sunday School Lesson

November 5, 1939

Righteousness in the Kingdom  
Matthew 5: 17-20, 38-45; 6: 1-4

By Henry Geerlings

The quest for righteousness was  
prominent among the Jews. They  
wanted to stand well with God.  
But they conducted the quest  
seeking the favor of God through  
intricate and extensive ceremonial  
observances. Their desire seemed to  
be superficial rather than from the  
heart. But the righteousness that  
meets all divine requirements must  
exceed that of the Pharisees. The  
disciples wanted that greater  
righteousness. Their sincere desire  
would be satisfied.

The Old Testament and the New,  
but especially the New, exalted  
showing mercy as a mark of  
righteousness before God. Mercy  
fulness was not practiced extensively  
by Jewish priest or Roman  
rulers.

Now the teachings of Jesus  
were strangely different from  
what was commonly heard. It  
might appear that he was antagonizing  
the old teachings of the  
law and of the prophets. To disprove  
this he declared that he was the  
fulfiller rather than the destroyer  
of the old teachings. Of course  
it was quite difficult for many  
of his hearers to believe this;  
nevertheless it was true. He went  
so far as to predict that every  
little part of the law must be  
fulfilled. It was part of his plan  
to see that this was done. He upheld  
all the commandments. He expected  
nobody to deliberately be a  
lawbreaker. He condemned any  
teaching that belittled any commandment.  
One who so taught would  
be only the least in the kingdom  
of heaven. And to show how  
highly he regarded the commandments  
he promised exaltation in the kingdom  
to anyone who lived up to the commandments  
and did his teaching in harmony  
with them. However, he expected  
more of his disciples than the  
Pharisees required. Their  
righteousness was based on strictly  
keeping each letter of the law.  
But that was not enough, according  
to Jesus. He demanded that his  
disciples keep the law, thus  
having the righteousness of the  
Pharisees, but he asked them to  
have a greater righteousness.

Much of what he said as to the  
nature and laws of his kingdom  
no doubt seemed to be very radical.  
He may have appeared to be an  
iconoclast. But he was not. He was  
not to be kind who had contempt  
for the past simply because it  
was old. All that was good in the  
past he kept and revered and  
used. He only discarded all that  
had served its day. He had no use  
for the useless. He would not  
carry over into his kingdom anything  
that did not have life in it. But  
all that that had life in it he  
would put more life in. All that  
was sound in principle, but that  
was buried under pile of tradition  
he would resurrect and give it  
place in his religion. He came not  
to destroy, but rather to enlarge  
and enliven and complete. He  
came to help men to apply the old  
truths with richer meanings. He  
came to bring out into the light  
those things that were in darkness  
and to show men that religion  
is a living and inspiring thing  
and not a ball and chain.

Jesus wanted a new treatment  
for enemies. This was because he  
advocated love as the controlling  
motive for life, rather than revenge.  
The old teaching had been on  
the basis of getting even, but  
the new was on the basis of winning  
the enemy by kindness. It was  
not the prerogative of his followers  
to select certain ones for praise  
and others for hatred. Since they  
had come up into the fellowship  
with the Son of God they must  
practice the expressions of  
generous love as God does in sending  
rain on the wicked as well as on  
the righteous. The seasons give  
their blessings to the just and to the  
evil.

Charity, or almsgiving, was expected.  
It was the custom to aid the  
unfortunate. They did not walk  
far without being asked for an  
almos. Jesus never changed that  
custom of helping others in their  
need. He demanded a real purpose  
in charity, something better than  
a quest for praise or newspaper  
publicity or doing as well as others.  
Charity is always subject to the  
seeing eye of God and man.

Jesus could not tolerate pretense  
or deception or the quest of  
self-praise. He promised no reward  
to the man who sought it in return  
for his display of charity. He had  
a word of comfort for the  
slighted left hand. After all it  
served just as well though not  
knowing what the right hand was  
doing. There was to be no self-  
boasting as better than others.  
Peace cannot come while individuals  
or groups persist in trumpet  
sounding to tell their superiority  
as world benefactors.

Jesus cited an old law of vengeance,  
an eye for an eye and a tooth  
for a tooth, and then set it  
aside for a new law of forgiveness.  
He advocated supplanting the evil  
with the good. Pulling weeds is  
good but not enough. There must  
be planting also. He talked about  
the other cheek, the extra coat,  
the second mile. He urged love for  
everybody. He presented to his  
followers the challenging chance  
of living together, harmful to none  
and helpful to all.

Although "peasant costumes" are  
disappearing in all countries,  
wooden clogs will continue to be  
worn by farmers of the Netherlands.

market, largest cash-to-growers  
market in world, distribute 45 per  
cent of their crops through chain

FACES DRIVERMan of Near City Will Be  
Tried as Outcome of  
Car Mishap

George H. Groener, 43, route 4,  
Holland, was arrested at his home  
shortly before noon Saturday by  
Deputy Sheriff William Van Etta  
and William Kruthoff as the alleged  
hit-and-run driver whose car was  
involved in an accident on M-  
21 at the east edge of Holland  
about 10:40 p.m. Friday with an  
automobile driven by William J.  
Gerritsen, 24, 247 West 20th St.

He was taken before Justice  
John Gallen for arraignment on a  
charge of leaving the scene of an  
accident but he was undecided  
whether he wanted to plead guilty  
or not guilty. Justice Gallen entered  
a plea of not guilty and set his  
trial for Friday at 9 a.m.

Groener was released on his own  
recognizance. Officer Van Etta reported  
that Groener's car was damaged  
and the left front hub cap was  
missing.

Officers traced the Groener car  
from its license number and description  
obtained by witnesses. Groener  
admitted to the deputy he was  
involved in the accident.

Gerritsen chased Groener in another  
car after the accident and  
overtaken Groener who was said to  
have refused to give his name or  
address.

Deputy Sheriff Van Etta reported  
that Gerritsen was driving his

SUNDAY DINNER  
SuggestionsBy CORA ANTHONY  
Director of A&P Kitchen

CAULIFLOWER is the outstanding  
reasonable food along with roasting  
chickens and new crop Florida oranges  
and grapefruit.

Eggs and butter prices are sufficiently  
higher to make the difference felt in  
planning meals on a budget. Egg prices  
will probably drop back to reasonable  
levels fairly quickly. The outlook for  
potter is not so hopeful for the consumer,  
more so for the farmer.

Meat prices, higher for fresh pork  
loins, are otherwise about as last week.  
Many green vegetables rich in cold  
preventing food elements are in market  
at low cost including kale, chard, spinach,  
cabbage and broccoli.

Rev. Flowerday Has  
Birthday Surprise

Taking Rev. William G. Flowerday  
completely by surprise, some  
50 members of the official board  
and leaders of special committees  
of the First Methodist church met  
at the parsonage Friday evening  
to celebrate their pastor's forty-fifth  
birthday anniversary. A well  
planned program of games, music  
and contests was enjoyed after  
which William C. Vandenberg, on  
behalf of the officials presented  
Rev. Flowerday with a beautiful  
desk set.

Words of appreciation were expressed  
by the pastor during which  
time he took the opportunity to  
again thank all those who during  
the recent months of his illness,  
fulfilled their official duties in  
such loyal and splendid manner.  
Following the presentation, refreshments  
were served and the program  
closed with a real old fashioned  
hymn sing.

LOCAL RESCUE  
BRINGS HONORG.R. Youth Gets Carnegie  
Medal for Saving Two  
Fabiano Girls

Pittsburgh, Penna., Nov. 2 —  
Harold L. Jennings, 24-year-old  
meter reader of Grand Rapids,  
Mich., who swam 400 feet to rescue  
two girls from a swift Lake  
Michigan undertow at Ottawa  
beach, at Holland, Mich., July 13,  
1938, has been honored by the  
Carnegie hero fund commission  
which awarded 26 bronze medals  
for deeds of valor.

Jennings saved Josephine R. and  
Esther C. Fabiano, 20 and 16, respectively,  
from drowning after they were swept from their footing  
and drifted in a strong undertow  
to water seven feet deep 300  
feet offshore. Waves were surging  
five feet high.

Jennings, a camper at Ottawa  
beach, dived from a boat, then  
swam about 200 feet to the unconscious  
girls, grabbing them by the hair.  
With great difficulty  
Jennings swam toward shore. The  
undertow hindered his progress. He  
called for help and began gasping.  
After swimming 200 feet with the  
girls he reached wadable water  
and was given assistance. The girls  
were revived and Jennings was  
treated for extreme fatigue.

The same lake storm which endangered  
the lives of the two Fabiano  
girls, residents of Holland,  
also resulted in the drowning of  
three persons in Lake Michigan.  
The victims were Herbert J.  
Brouwer, 32, 1242 Alexander St.,  
SE, Grand Rapids, who was drowned  
at Tunnel park; Miss Ruth Riksen,  
19, daughter of Mr. and Mrs. Bert  
Riksen, West 32nd St., and Miss  
Catherine Schutt, 18, daughter  
of Mrs. Lubert Schutt, residing  
one mile west of Beaverdam  
church, who were drowned off  
Tennessee beach.

Without warning on the afternoon  
of July 13, 1938, Lake Michigan  
was whipped suddenly into a  
freakish fury. Approximately 22  
persons who were fishing on the  
breakwaters at the entrance to  
Holland harbor, were endangered.

## SIXTY YEARS AGO

If someone would cause the elevated  
nails along the sidewalks to be  
driven down, he would confer a  
great favor on ladies with long  
skirts and would save many of the  
commandments from being broken.  
Note: Those were the days when  
wooden walks were still prevalent  
in Holland, and when "we kids" wif  
bare feet got them well alivered  
and often stubbed and badly cut  
on these upsticking nails. Bad sidewalks  
were always the talk of the town.  
Those were not the days of short  
skirts and "shorts".

Mr. Arend Visscher, attorney at  
law, is building a handsome residence  
about a mile south of the city.  
Mr. James Huntley, contractor,  
is doing the building, and George  
Sipp, city clerk, who is a surveyor  
and an architect, is surveying the  
property. Note: It is evident again  
how the city has grown. This home  
was located on the same site where  
the present Visscher home is located  
on State street, across from the home  
of former mayor, Earnest Brooks.  
James Huntley conducted a planing  
mill in the building that is now  
the Colonial Theatre on River Ave.  
George Sipp, a patriarchal looking  
man, who walked with a cane, and  
who was never defeated for clerk,  
was not only city clerk, but city  
surveyor and city librarian, getting  
about \$500 a year. He was a Republican,  
and the Democrats used as their  
"campaign thunder" that Sipp was  
more lame just before election and  
more spry after election. That, of course,  
was only campaign talk. Holland had  
no non-partisan elections in those  
days and party candidates Republicans,  
Democrats and Knights of Labor  
party were opposed.

The coast trading schooner Alert,  
owned at Holland, Mich., and engaged  
in trading on the west shore met  
with disaster near Grose point, and  
four men came near finding a grave  
in the waters of the lake. The Alert,  
with Capt. C. Jorgenson her owner,  
Ole Jensen, mate, and three men, left  
the west shore, where they had been  
taking on a load of fish in addition  
to the usual cargo of sundries on  
Wednesday afternoon of last week.  
They were lounging about at their  
ease when the wind suddenly died  
out, and there was a perfect calm.

The fact was not regarded as singular.  
The five men assembled on deck  
about midships, and engaged in a  
general conversation. They had been  
there but a few minutes, when a white  
squall struck the craft. The boom was  
whipped from the port to the starboard  
side like lightning, and in an instant  
the five men were in the water, followed  
by the masts which had been carried  
away close to the deck. The disaster  
is described as one of the most frightful  
sudden things imaginable. The men  
floated about on spars until they  
discovered their yawl, which was  
bottom side up, managed to get to it,  
righted it, bailed her out with a cap,  
and went back to their wrecked ship—  
after which they were picked up and  
towed in by the tug Rebel.

Anten Seif wants everyone to  
fetch "De Keg" back. Note: Peddling  
beer was quite a business in the  
olden days—\$1.00 bought a keg  
and these kegs were generally ordered  
for Saturday, and the old brewery  
wagon was going out midnight,  
after which beer might not be  
delivered.

A 11-year-old son of C. Steketee  
fell from an apple tree and broke  
his right arm Saturday. Jacob Van  
Putten, living on River and 14th  
Streets, completed negotiations  
for the sale of 1000 acres of land  
bordering the Kalamazoo River. Note:  
This timber land was located at New  
Richmond and for several years Mr.  
Van Putten conducted a sawmill  
there. The land even today is heavily  
wooded.

Fannie, the 15-month-old daughter  
of Mr. and Mrs. Wm. Boyd, passed

Early wireless helps to catch

from mid-lake to Chief Kamferbeek  
stating that some valuable feathers  
had been stolen from a passenger.  
Deputies Leonard and Kleis boarded  
the boat when it docked at Ottawa  
Beach. The women who had taken the  
feathers were discovered and returned  
them to another woman passenger  
who owned them and she would not  
prosecute. Note: All Holland and  
Chicago boats were equipped with  
wireless telegraphy in those days.  
The early radio of today soon followed.

While fooling with a loaded revolver  
which he had found in the Pere  
Marquette railroad yards Ralph

President Wilson cannot accept  
the donation of \$100 which the  
City of Holland made some weeks  
ago as the nucleus for a fund to  
build a monument in France for  
Americans fallen here. The chief  
executive has no power to use this  
money to start this movement. Such  
was the letter received by city clerk  
Richard Overman from President Wilson.

Orin Clark, age 11 years, of the second  
ward, was killed on the Grand Haven  
railroad bridge by a Chicago and West  
Michigan train. He was fishing in company  
with other boys, who crawled under the  
bridge when the train came, but the  
little fellow began to run, stumbled,  
and fell in the middle of the track  
just as the engineer saw him. The engine  
and one coach passed over him. The legs  
were completely severed from the body.  
Note: The Grand Haven train formerly  
came in to Holland on a long, curved  
bridge some five hundred feet west of the  
present Grand Haven US-31 bridge instead  
of by way of Waverly. The trains entered  
Holland station east and west instead  
of north and south as now.

When we saw so many men standing  
in front of the post office the other  
evening, we wondered what they would  
think if a crowd of women were to  
arrange themselves as they occupied.  
It is very disagreeable for a lady to  
enter the post office through the crowd  
of idlers about the door, and we hope  
they will take the hint and congregate  
on a back street, where their presence  
will not be an annoyance. Note: Loafing  
in the olden days was really a disgrace.  
These post office crowds would do  
likewise at church entrances and make  
their regular rounds to the depot.  
There was a time when there were  
certain hours for Sunday mail, and the  
parade then had to be checked by means  
of rope guards. The miserable practice  
became so disgusting that a petition  
stopped patrons from getting Sunday  
mail at the post office window. It was  
not infrequent when the marshal of the  
city with a few deputies gathered in  
church mashes. Today mashing is done  
by automobile. Just a few weeks ago  
a young couple were coming by the  
editor's home on Fifteenth St. and a  
large automobile had idled down following  
the pair, wanting to give them a ride.  
When they reached Pine Ave., the motor  
car blocked the way, and the young  
ladies had to go around the car in order  
to get across the street. When they failed  
to entice the young ladies, the car sped  
on. Mashers are still here, only using  
high powered methods. I can assure  
you that police were immediately called.

## NAME ZAAGMAN THIRD MEMBER ON RELIEF UNIT

### State Commissioners OK Recommendation of Supervisors

### New Welfare Board Is Due to Hold Organization Meeting Soon

With the appointment of Gerrit Zaagman of Grand Haven as the third member of the new Ottawa county welfare board, arrangements are being made for the organization meeting of the board at an early date.

Mr. Zaagman's appointment was made by the state welfare commission in Lansing and he will serve as the state's representative on the board. He had been recommended to the state commission by the Ottawa county board of supervisors at its October session.

The new welfare board is created under a new state law which will go into effect Nov. 1. Mr. Zaagman has been serving as commissioner of poor for several years.

Other members of the board are James S. Van Volkenburgh of Zeeland, accountant for the ERA which is being replaced by the new setup, and James Van Weesen of Grand Haven, former alderman and retired business man. These two were named by the supervisors recently.

At its organization meeting, the board will select a chairman and name a county welfare director. The supervisors also have recommended that Mr. Van Volkenburgh be named county director. Other business will be transacted at the organization meeting.

Although the new law became effective Nov. 1, the state welfare commission had adopted a resolution, extending the ERA commission until Dec. 1 as arrangements have not been completed for the new commission to take over the full work of the old commission.

The supervisors have set the director's salary at \$1,800 per year while the salaries of the three members of the board will be \$5 per meeting plus mileage.

Mayor Henry Geerlings has accepted the offer of the board of supervisors to locate the welfare office in the city hall at Holland, where the ERA has been maintaining headquarters.

The new welfare board provides Holland city with no direct representation although the recent annual report of the ERA discloses that the city's relief costs were about one-third of the county load and the city also had about one-third of the relief cases. Of the \$24,965.67 spent in Ottawa county last year by the various units, Holland's share amounted to \$8,082.84. The relief cases totaled 1,323 of the county's 4,299.

A similar situation has arisen in Berrien county in which the supervisors did not give Benton Harbor representation on the new welfare board. At a meeting Oct. 24, the Benton Harbor city commission ordered a protest made to Governor Dickinson and the state welfare commission over the action of the supervisors.

## Wiersma-Geesey Vows Exchanged in Home

The marriage of Miss Lola B. Geesey of Grand Rapids, daughter of Mr. and Mrs. William Geesey of Howard City, to Eugene Wiersma, son of Mr. and Mrs. Martin Wiersma of rural route 4, was solemnized Friday afternoon at 4 o'clock at the Martin Wiersma residence. The Rev. John Van derbeek of Sixth Reformed church read the single ring ceremony.

The couple was attended by Miss Beatrice Geesey of Grand Rapids, sister of the bride, and Leslie Wiersma, brother of the bridegroom. An artistic arrangement of palms and ferns formed the setting for the wedding.

Mr. and Mrs. Marlow Windemuller, sister and brother-in-law of the bridegroom, were master and mistress of ceremonies. Before the ceremony Miss Kay Wiersma, daughter of Mr. and Mrs. Nick Wiersma, played "Bells of St. Mary" as a piano solo. She also played the bridal chorus from the opera Lohengrin as the bridal party assembled. After the ceremony while the couple was receiving congratulations, she played "I Love You Truly," Bond.

### Announce Selection of Trinity League Play

The annual play of the Trinity church League for Service has been selected and practice has begun. The play this year will be a comedy drama by Wilbur Braun called "The Closed Door."

The scene of the play is laid in Long Island and the plot concerns a 14-year-old feud between two of the prominent families of Jamaica. Representing one family are Portia Grey, a vivacious young lawyer who supports her family and cares for her blind sister, Louise. Mary Van Kolken takes the leading part of Portia and Corinne Baker plays Louise. Assuming the responsibilities of their housekeeper as Ida Arnold is Eleanor Dalman.

Forming the opposing family are Cornie Sketete as Roger Winslow whose time is divided between his love for Louise and an interest in aviation, his father, Dr. Warren Winslow, a famous surgeon, is portrayed by Gerald Van Dyke.

Don Den Uyl depicts the part of Guy Graves, an adventurous young man who is saved from prison through the intelligence of Portia, reluctantly falling in love with her.

Leading character parts are assigned to Don Van Ark and Beth Michmerhuizen who play, respectively, Izzy Cohen who is much concerned about "it don't cost nothing" and Mrs. Marion Mudge who believes half of what she hears, one-quarter of what she sees but delights in repeating all of the news to her neighbors.

Also in the supporting cast are Gertrude Meengs as Mrs. Langwell, a wealthy widow, and Harriet Kleinheksel as Celia May who always tells her mama everything. The play provides opportunity for considerable character delineation in all of the parts. It will be presented Thanksgiving night, Nov. 23, and Friday night, Nov. 24, at the Woman's Literary club. Albertha Teusink is president of the League and Mrs. H. D. Terkourst is patroness. Mrs. B. Arendsen directs the play.

The fame of Holland's annual Tulip Time festival is not only due to its tulips and Dutchman but also to its musical features which are fast winning national recognition.

That Eugene F. H. Houtman, general Tulip Time manager, reports.

The pictures were shown for the first time in Ann Arbor before the Michigan Bandmasters association. They were next requested by the Pennsylvania group. At the present time they are in Kansas. The Connecticut Bandmasters association has booked them for the near future.

## HAS REPORT IN STRIKE ACTION

### Hoffman Cites Delay Over Plane Work Because of Detroit Dispute

Washington, D. C., Nov. 2 — (Special)—Cong. Clare E. Hoffman, Allegan, Mich., has to report to house members on information received from Charles Edison, acting secretary of the navy, on action of the navy department in regard to delay of government airplane construction caused by a strike at the Bohn Aluminum Co. at Detroit.

Hoffman requested the information in a resolution before the house, and received the following communication from Edison:

"On Sept. 28, 1939, the U.S. navy resident inspector of naval material at Detroit informed the regional director of the U.A.W. (CIO) at Detroit of the seriousness of the delay in the delivery of the material due on contracts, also the urgent need of the shipment of patterns and requested that he instruct his representatives in charge of the picket line at the corporation plant No. 2 to allow a representative of the inspector of naval material and a truck to pass through the picket line to pick up government-owned patterns and ship them on a government bill-of-lading."

"The regional director of the UAW sent three representatives of Union Local No. 208 to discuss the removal of the patterns with the inspector. The representatives of Union Local No. 208 were given full access to the files of the navy contracts and they were informed that the delay in releasing patterns for delivery were seriously jeopardizing the manufacture of airplane engines at the naval aircraft factory."

"At the end of the discussion, the union representatives stated that as the strike situation stood at present time, their answer was emphatically 'no' and that they would not let patterns or inspected castings be removed. No further action was taken by the navy department to remove the patterns and castings. The navy department kept in touch with the strike situation at the Bohn plants through its field representatives, and through the U.S. department of labor, but took no steps toward the settlement of the strikes."

Hoffman asked Tuesday why the navy had taken no action.

Chief Antles said he had recently visited the home for underprivileged children in Grand Rapids which, started by the police department, had met with considerable success. He invited the board members to accompany him to Grand Rapids at an early date to inspect the home.

## Cleveland Pastor Talks to Local Century Club

The Rev. Oscar T. Olson, pastor of the Epworth-Euclid Methodist church of Cleveland, O., addressing members of the Century club Monday night in a brilliant lecture on the subject, "Looking at Us," told of three vital forces which are guiding mankind today.

Many speak of the present day in terms of disillusionment, a mood of apathy and indifference characterizing many attitudes of mind, Dr. Olson said. "The now" is on the way out, he declared, for students are thinking of the future and the society in which they will live.

Vital forces of the day take one into the sphere of the revolutionary, asking awareness of the scientific spirit with a willingness to face facts; they take one into the sphere of human relations, with awareness of personality, and ability to "know thyself," and lastly they take one into the sphere of motivation, with awareness of the eternal and the forces making character, Dr. Olson stated.

Observing that the dominant note in the world today is cruelty, the speaker asked if all problems would be solved by getting rid of dictators. "Democracy in itself is no panacea for our ills," he said, "Left to itself without vision, it is self-destructive. We have gone as far as we can to establish life on a stable basis by controlling laws from without. The capacity of the individual to control himself from the inside out—that is the heart of our civilization," he declared.

Dr. Olson drew from his wide experience as pastor of a large city church to illustrate his views on the trend of the times. In closing, he asked, "What is our job? It is to understand realistically the facts of the universe: to have an abiding faith in personality; and to discover in the sunshine and shadow the lifting message of the eternal," he said.

The meeting was held in the home of Miss Martha Sherwood on West 13th St. Prof. Bruce Raymond, vice-president of the club, presided and introduced the speaker. Dr. Olson is a brother of Mrs. J. J. Brower, a member of the club.

A delightful program of music was presented by an instrumental trio of Hope college girls, who were secured by Miss Laura Boyd. Miss Caroline Kremers, violinist, Miss Theodora Meulendyke, cellist, and Miss Alma Weeldreyer, pianist, played the Raff "Cavatina," and Anitra's Dance from Peer Gynt suite, Grieg, and Miss Kremers played "Largo" from the opera Xerxes, by Handel.

### Notice to Property Owners! Holland, Michigan, November 2, 1939

It has been proposed to rezone from "B"

## STATE TO TAKE OVER PROPERTY AS NEW OWNER

Land Purchased by State for Delinquent Taxes in May of '38

Redemption Period Ends Friday; Den Herder Cites Rules

Grand Haven, Nov. 2.—Fred H. Den Herder, Ottawa county treasurer, has prepared a booklet for general distribution in the county in which he points out that Friday, Nov. 3, marks the end of the 18-month redemption period after which time the state will become absolute owner of county property which was purchased by the state in May, 1938, for delinquent taxes of 1935 and prior years.

Whether a parcel was bid in by the state or by an individual, any party of interest in the property may redeem it within 18 months by paying to the county treasurer, the amount bid at the sale, together with interest at 1 per cent per month from May 1, 1938, Mr. Den Herder advises.

"If the property, bid in by an individual, is not redeemed in the meantime, at the expiration of the 18 months, the individual buyer may obtain a tax deed from the auditor general's office at Lansing and complete his rights to possession of the property by serving notice upon all parties of interest who are of record. If necessary, a writ of assistance may be obtained through circuit court proceedings to take peaceful possession of the property. However, with six months after the time of the sheriff's filing of the proof of service of this notice, the owner or other party of interest may still redeem the property by paying to the tax purchaser or the county clerk the amount of the sale bid, plus 10 per cent."

After gaining absolute title to the properties on Nov. 3, the state through the state land office board will make arrangements to offer them for sale at an auction to be held in the county treasurer's office beginning Tuesday, Feb. 13, 1940. Bidding must start at an amount equal to 25 per cent of the 1938 assessed valuation.

Mr. Den Herder said the sale will cancel taxes assessed prior to 1940 and the amount of such taxes will bear no relation to the bidding. The properties sold at the February auction sale will be assessed for taxes in 1940.

As against a stranger to the property, the law favors any person who at the time of the 1938 tax sale was a party of interest in the property. It provides that while a stranger, whether person, firm or corporation, may become the successful bidder, he must pay the full amount of the bid with 24 hours. However, a party of interest can regain the property within 30 days thereafter by matching the high bid.

Moreover, a party of interest can pay in a 10-year period with 6 per cent interest per year on unpaid balances. If he himself is the successful bidder, he must apply for this privilege within 24 hours after making his bid. If he matches the high bid, he must apply within the 30-day period.

The state issues a deed when payment is made in full, a land contract where payment is made in installments. Where two or more parties offer to match the high bid, the preference or priority is given to the party who had the largest financial interest in the property.

A section of the auction sale law provides that any municipality (county, city, including Detroit, village, township or school district) may at any time prior to the February sale, file a list of properties with the state land office board to be withheld from the auction sale for a period of one year, from Nov. 3, 1939, until Nov. 3, 1940, and that the board must withhold these properties from the sale, the properties remaining subject to the lien for delinquent taxes, and special assessments of the municipality.

If the municipality does not redeem or pay such taxes, the board is directed to offer these properties for sale at the next succeeding auction sale in February, 1941, free from the taxes and special assessments of the municipality.

The February, 1941, auction sale will cover properties purchased by the state in May, 1939, on taxes delinquent for 1936 to 1939, together with prior years which for any reason had been omitted from the 1938 sale. The redemption period in connection with this sale also is 18 months.

Starting Oct. 1, 1939, a 50-cent expense of sale charge per description was added to the 1937 taxes and to any other years' taxes scheduled to be sold at the May, 1940, tax sale.

## Hein Te Roller Pioneer in Early Local Industry

The start of Holland's furniture industry—approximately 50 years old—is credited to the late Hein Te Roller, who founded the city's first furniture factory on the second floor of the old Phoenix Planing mill which stood on the site of the present post office.

Mr. Te Roller manufactured bed-room furniture on the second floor of the planing mill, which was owned at that time by Reinert Werkman. When the business outgrew the plant, the two men built the brick plant on north River Ave., which later became the Ottawa furniture factory.

Mr. Te Roller succumbed to the "fever" to go west, soon after building the new plant, and he moved with his family to Seattle, Wash. His family still reside in Seattle.

With the exception of six years spent in Alaska, Mr. Te Roller lived in Seattle until his death at 83 years of age in February 1936. He was returning from Sunday night church services in Los Angeles to the home of his daughter at Pasadena when he was killed. He stopped to aid a motorist

whose car had overturned on the highway, and was struck by a passing car as he crossed the road. Mr. Te Roller was a brother of D. J. Te Roller, still residing at 99 East 14th St.

## Club Women Informed on Pan-Americanism

Herself exemplifying the charm of personality which she attributed to the women of the South American republics, Mrs. J. R. Picon of Detroit, wife of a Peruvian gentleman, acted as an ambassador of good will to the members of the Woman's Literary club, gathered in regular session Tuesday afternoon in the club house.

"Since the Pan-American conference fenced us in with Latin Americans," the speaker declared, "we must come to know them and to learn from them the art of living."

Mrs. Picon traced the history of the two Americas, contrasting their explorers and settlers, the types of government established in each continent, and the differences in the development of their civilizations. Both continents were discovered by Christopher Columbus in the 15th century. In North America, the explorers drove out the Indians; in South America, the Incas were exploited by Pizarro and robbed of their wonderful civilization. We of the north had a pioneering spirit that left no tract unoccupied; they of the south found the high range of the Andes a terrific barrier to their development.

Speaking first of Peru, where the lecturer spent many months with her husband's family, she was lavish in appreciation of "the most simple, lovable, sweet people in the world." That this country is the purest Spanish colony still, she proved by references to the wearing of the mantilla and the use of the Spanish speech. Argentina is the most progressive republic, the resolve will to get a trade with "an ambition for empire" and agreement with the United States. Chile approximates a socialistic state, said the speaker.

Brazil, settled by the Portuguese, larger than the United States, and with a culture that is enviable, is a laboratory for the solving of the problem of the races. Mrs. Picon believes. "Negroes have never been looked down upon, as they have been here," she said. "Race assimilation is so rapid that in fifty years there will be no distinction of races." This fact led her to comment that the North American must rethink his race problems, for Negroes took very active part in the Pan-American conference, held in Lima, Peru, December 9-27, 1938.

Speaking of this conference to which she had been "an unofficial delegate," Mrs. Picon traced the efforts made to organize such a union. She paid high tribute to Simon Bolivar, the George Washington of South America, who in 1836 wanted to have a United States of the Americas. To his conference in Panama he invited men from this country. After long deliberation, two men were appointed as delegates, the speaker averred, one of whom died before the date, the other of whom arrived after the conference had closed its doors. Although the Monroe Doctrine was operative for many decades, it took more than 100 years for the United States to regard the South American republics as worthy to be considered in conference. The Pan-American conference in Buenos Aires in 1936 was the second effort at organization, and the conference at Lima, the most effective.

Mrs. George A. Pelgrim, first vice-president, presided. Mrs. Albert Van Zoeren, chairman of the bicycle safety campaign being conducted under auspices of the public affairs committee, presented plans of the committee. Wholehearted support of the club was given the project.

An attractively appointed tea for new members was arranged by Mrs. F. E. De Weese. Mrs. James K. Ward and their committee, following the lecture, Bouquets of chrysanthemums decorated the tea tables.

**FUNERAL SERVICES HELD**—Allegan, Nov. 2.—Funeral services were held Tuesday in Allegan, with burial in Hastings, for Mrs. Louise Kenfield, 81, many years a resident of Hastings, who died at her home in Allegan township Sunday. ## LOCAL ANGLERS GET GOOD PERCH CATCHES

Reports here were that perch fishing in Lake Macatawa is "good." The perch have started their fall run from Lake Michigan into the smaller lake.

Although perch generally start their run about Oct. 15, the run did not start until a few days ago. Local fishermen also are said to be catching a number of speckled bass.

The United Press at Lansing reports the conservation department as saying that Michigan's open lakes and streams are still producing good catches of fish for the late anglers in spite of cold, wet weather.

In Big Manistee river and Manistee lake, Rainbow trout are hitting well, it was reported, and good catches of Cisco, herring and perch have been reported in Grand Traverse bay and off Petoskey and Harbor Springs. Inland waters, particularly in Benzie and Grand Traverse counties, are reported to be yielding large catches of bass.

## C.E. Union Holds Halloween Party

Approximately 100 young people gathered in Northshore Community hall Tuesday evening for a Halloween party sponsored by the Christian Endeavor union of Holland.

The hall was decorated with black and orange crepe paper streamers, pumpkin faces and other things in keeping with Halloween. Large masses of autumn leaves adorned the stage.

Upon arrival the guests were taken in small groups through the "horror" room, pitch black, in which they encountered all kinds of gruesome items on a rope, water sprayed in their faces, ice cubes down their necks, stumbling over bicycle tires and other impediments. Unearthly screams, sounds and electric shocks added to the confusion.

Following the introductory treatment, the group launched into games for which prizes were awarded. In the costume contest, Betty Borr was awarded a prize for appearing in an 1890 bathing suit. For the boys, Durwood Wierdink was given a prize for his ragged threadbare costume.

The committee in charge of the arrangements was composed of Mildred Borr, Paul Holleman, Mr. and Mrs. Robert Klomparsen, James Rowan, Peg Van Kampen, Elizabeth Williamson, Luella Nykerk, Gerrit De Ruiter and Corrie Groenewoud. Chaperones were the Rev. and Mrs. C. A. Stoppels of Bethel church, Mrs. William Van't Hof of Third church and the Rev. and Mrs. Nicholas Gosselink of First church.

## In The Good Old Days

(The following items were taken from the Ottawa County Times, published in Holland nearly a half century ago.)

The democrats of this city met in the city caucus Monday evening to elect 14 delegates to the county convention held at Grand Haven Tuesday, an article in the June 8 issue of the Ottawa County Times published in 1894 by M. G. Manting stated. The caucus was to be held at the office of Isaac Fairbanks but that place was filled to overflowing and a large number were unable to get inside, so it was decided to adjourn to the opera house. The meeting was called to order by chairman James De Young. De Young was then elected chairman for the evening and E. P. Stephan secretary. The following delegates were elected:

1st ward—Peter Vanden Tak, Fritz Jonkman, William Swift, 2nd ward—M. G. Manting, James Kole, J. W. Flieman, 3rd ward—Anthony Stekete, James De Young, C. Blom, Jr., John Dyk, 4th ward—Alle Toppen, E. P. Stephan, George P. Hummer, 5th ward—Frank Johnson.

For one week now the steamer Charles McVea has blockaded the mouth of the river at Saugatuck, so that it is impossible to pass in or out. During the high water the McVea started from Saugatuck and when near the mouth of the river ran her nose into a sand bar and the swift current swung her across the channel. Now that the flood has subsided the steamer lies almost out of water. A number of vessels are corralled at Saugatuck, where they must remain until the efforts to free the McVea result successfully.

Holland high school gridgers this week prepared to resume Southwestern conference football activities.

But one game was played to alter conference standings last week while the Dutch were bowing to Grand Rapids Ottawa Hills on the local field, 6-0. The Heights beat Grand Haven, 26-0.

Holland meets Kalamazoo Central Saturday afternoon at Kalamazoo, battling to stay out of the cellar. Neither team has been able to win in two conference starts.

With the Holland-Kalamazoo game next week, Muskegon Heights sees a chance to draw into a percentage lead over the Big Reds of Muskegon taking on Benton Harbor at the Heights field. Muskegon, for the second week in a row, takes on a non-conference opponent—Grand Rapids Union at Union this week. Grand Haven plays Lansing Eastern at Lansing.

Holland's defeat at the hands of the big Grand Rapids team came in the third period of their game here Saturday when two nicely timed Ottawa passes clicked to give the Grand Rapids eleven the only score of the game.

## LOCALS BID FOR MIAA CROWN IN SATURDAY TILT

Meet Hillsdale Team in First of Two Games for Title

Hope Beats Comet Eleven, Albion Wins from Dales, 6-3

MIAA Standings	W	L	T	Pct.
Albion	4	0	0	1.000
Hope	3	0	1	.875
Hillsdale	3	1	0	.750
Alma	2	2	1	.500
Kalamazoo	1	3	0	.250
Adrian	1	4	0	.200
Olivet	0	4	0	.000

Hope makes its bid for the 1939 MIAA football crown amid homecoming celebrations here next Saturday afternoon, when the Dutch entertain a strong Hillsdale team which failed by a three-point margin to maintain its string of victories begun in 1937.

The Dutch meet Hillsdale in the first of two consecutive games that will decide the title for this year. Both Hope and Hillsdale still have a chance for the crown, for the winner of Saturday's game would be champion providing Hope beats Albion at Albion a week hence.

Albion took undisputed lead in the MIAA race by cutting Hillsdale's victory string at 12 games last Saturday, 6-3. A 50-yard run by Frazier, substitute Albion back, after Hillsdale had a 3-0 lead, gave the Britons victory and a favorite position in the league.

Hope kept in the running by defeating Olivet 27-0 at Olivet before a homecoming crowd.

In the Hillsdale game, Gordon Platt's field goal, one of seven attempted by the two teams in the game, seemed sufficient to win until Frazier fumbled the ball, picked it up and ran wide to the sidelines, 50 yards to the only touchdown.

Hope's victory was but a routine matter as the Dutch pushed over two touchdowns in the first period, one in the third and another at the start of the fourth. Bob Montgomery kicked all but the first extra point, which was blocked.

Holding Olivet to its own territory the entire game, the Dutch had little trouble, but the game did nothing toward building the local squad for the scrap with Hillsdale.

Hope 13 0 7 7-27 Olivet 0 0 0 0-0

## Power Plant Contract Is Approved by PWA

Word has been received here from D. R. Kennicott, director of region No. 2 of the public works administration, that approval has been given the contract, recently awarded by common council upon recommendation of the board of public works to the Johnson-Larsen & Co. of Detroit to furnish power plant piping and auxiliary equipment for the city's new power plant being built on Lake Macatawa as a PWA project.

The amount of the contract was \$123,800. The PWA has allotted \$675,621 to carry on the work of erecting the power plant at an estimated cost of \$1,501,380.

## Safety Drive Is Stressing New Bicycle Regulations

Revisions in State Law Will Be Enforced in Holland

New rules and regulations for bicycle riders as set forth in the revised state traffic law which went into effect Sept. 29, will be brought home to Holland bicycle riders, both school children and adults, in a concentrated safety campaign Wednesday, Thursday and Friday of this week.

Dates were set for the safety drive here as a result of interest on the part of the Woman's Literary club public affairs committee, acting in cooperation with Police Chief Ira A. Antles, the Holland public schools, Christian schools, St. Francis school, and The Holland Evening Sentinel.

Regulations banning the practice of more than one person riding on a bicycle, riding more than two abreast on the streets or highways, the carrying of packages, and requirements for lighting of bicycles at night, are some of the new regulations which are to be rigidly enforced here.

The thousands of children and adults using bicycles as means of transportation in the city, with much careless disregard for the rules of safety, present a need for a definite campaign here, members of the public-affairs group decided at their meeting recently.

Sections of the state traffic law which are to receive special emphasis here, state: "A person propelling a bicycle or motorcycle shall not ride other than upon the permanent and regular seat attached thereto, nor carry any other person upon such bicycle or motorcycle other than upon a firmly attached and regular seat thereon, nor shall any person ride upon a bicycle or motorcycle other than as above authorized."

## Food Is Problem in The Netherlands, Kulangsu

Mrs. Veenschoten Relates Hardships in China; Prices Soar

In a letter to her son Girard who is a student at Hope college, Mrs. H. M. Veenschoten tells of present condition at Kulangsu, Amoy, China, and some of the problems that confront the people there due to war conditions in Europe.

"Kulangsu is just about the same place it was at the beginning of the summer," she said. "Of course, there must be more hardship for food is so expensive and wood is almost an unknown quantity. The international relief commission imports it from Chang Chow but they can't get enough to sell it freely. Kerosene is \$30 a tin or \$6 for one glass tank full."

"Chang Chow is having a rice famine. The last two plantings haven't given a harvest. The last crop looked beautiful but the heads were empty. There really is a lot of hardship. The government is trying to keep the prices down by setting price. The dealers refuse to sell rice. So now the government is confiscating all rice supplies and executing a few of the dealers. It may help matters for awhile but they can't put rice in the bins if there is no rice to be had. You know Chang Chow people do not like to eat sweet potatoes, taro and wheat flour. They have always had rice, and so it is rice they must have. Here on Kulangsu there is plenty of rice but at 3 1/2 catty (about 1 1/2 pounds) for a dollar. Vegetables are anywhere from spinach at 20 cents a catty to \$1.50 per pound for carrots. Butter is \$5.80 per pound, coffee \$6. Ivory soap \$2 a bar and flour \$10 per bag."

"Joan left for Shanghai school last week Friday morning. I was loathe to let her go for conditions are not too good. Until we know exactly what Russia is going to do, our communications are very apt to be disrupted. It is certain that the British are going to try to keep all their lines open but whether it will be safe to use them it remains to be seen. The Dutch boats will probably continue to run but they are fearfully overcrowded and reservations are made for several months ahead."

"The De Press got back about ten days ago. They both look flourishing."

The Veenschotens will have their furlough next year and undoubtedly will spend much of the time in Holland.

Dutch Brown Beans Not on Sale; Sugar Purchases Restricted

(The following letter was recently received from Sarah Williams of Amsterdam, The Netherlands, by The Sentinel. Conditions in Holland because of the present European war are outlined in the letter which bears the date of Sept. 13 but apparently was delayed by the censors in reaching its destination. Mrs. Bosman's American address is 6215 Washington Ave., St. Louis, Mo.)

While the ration cards that have been distributed in Holland are not in use, stores are restricting the sale of sugar to one pound to a customer. Dutch brown beans, a staple winter food, are not to be bought, the supply doubtless being held for the army.

Every store is required to make out duplicate slips for the amount of sugar, tea, coffee, flour, peas, beans and barley, it sells. One copy is kept on record, the other to the customer, to be shown if required. Deep sea fish are no longer on the market and coastal fishing is being intensified.

As a result of these restrictions, people in Holland are living more simply. The usual Dutch birthday celebrations with much company, family dinner and presents are being omitted in our family. While every effort is being made to prevent a rise in the prices of goods, prices must rise as present supplies are exhausted and new supplies must come from abroad.

Mobilization in Holland now seems a reality with my husband in the army and men in uniform frequenting the house. As many men have no friends in the places where they are stationed, civilians have been asked to open their homes to them. Books and magazines are being collected for the army canteens.

The employment of girls and women in office work to replace men called into service has meant an increasing scarcity of domestic help.

Because of the war in Europe, the christening of little Princess Irene, originally planned for the middle of September, has been indefinitely postponed.

There are few passenger trains and train service is irregular. Films dealing with the war have been banned throughout The Netherlands.

Announcements destined for men in service precede the news on Dutch radio programs and not infrequently news of the birth of a son or daughter is given the father in this way.

Mobilization is costing the Dutch government 45,000,000 guilders monthly. Receiving only an infinitesimal part of this expenditure, we are wondering what arrangement will be made with regard to my husband's usual peace-time salary and how we can live on what he makes as a first lieutenant should all his usual salary be stopped by his firm.

Mobilization also has its humorous side, however. I heard of one captain who was home for a day. He changed to civilian clothes and boarded a street car. In The Netherlands, men in uniform ride free and the captain was irritated when the street car conductor requested his fare.

"Pay! Pay! What do you mean? I am in uniform," he shouted, much to the amusement of the other passengers. Then feeling for his insignia, he realized his mistake and paid.

I began finding fleas about the house. Then washing my husband's socks, I discovered the source. Along with other changes, mobilization has brought us the army's fleas.

Huff was driving his car south on River and was attempting a left turn onto Seventh St. and Hohl was traveling north on River Ave., police were informed.
