Kalamazoo Wins From Holland in Uneven Contest

Big Jim Marks Leads Attack of Celery Boys For 36 to 6 Victory

Holland high school suffered its fifth straight defeat and its third loss in the Southwestern conference when it dropped a 36-6 football game to Kalamazoo Friday night.

Big Jim Marks, likely choice for all-state fullback, bore the brunt of the Kalamazoo attack and smashed forward for consistent gains as the Celery boys chalked up a 28-point lead in the first half. The Dutchmen just couldn't stop the big boy as he accounted for the first touchdowns on straight line plays, 12 plays after the kickoff. In all he scored three touchdowns and kicked four extra points.

Holland battled on more even terms with the Kazoo boys in the second half and at some points of the half even outplayed them. With numerous Kalamazoo reserves in the game, Holland scored its only touchdown in the fourth quarter on a sustained 65-yard running attack with Kuipers doing the greatest share of the running. Kalamazoo counted its other eight points on a safety in the third quarter and a touchdown on a 30-yard jaunt by Marks in the fourth.

It was not until the final quarter that the Dutch were able to cross the midfield stripe.

The Kazoo boys were just too big for Holland. They outmanned the Dutch at every turn and Jim Marks rambled into the Dutch defense time after time for considerable gains, requiring three men to down him on the majority of plays.

Holland completed seven passes and had three intercepted as it took to the air for most of its offensive threat. Coach Malcolm Mackay used four sophomores during the game, each of whom showed up well.

Saugatuck Scout Charter Renewed

Saugatuck, Nov. 4 (Special). In an enthusiastic meeting of community leaders on October 26 the application for renewal of charter for the Boy Scout troop of Saugatuck was completed and plans made for an active scouting program for the coming year. The troop is sponsored by a citizens committee, the members of which are chairman, Ray Rasmussen, committee men, Harry Newnam, George C. Wright, Russell Force, L. S. Brittain and Frank Wicks.

The committee selected the Rev. J. Ethan Allen, rector of All Saints Episcopal Church, to serve as scoutmaster and it is expected that one or more assistant scoutmaster will be secured in order that a more intensive program of scout training may be provided. Rev. Allen has had considerable experience in scouting.

Owing to the press of business and legislative duties it was necessary that Frederick T. Miles, Jr., who has been scoutmaster for the past two years, give up his service.

Scout Executive Donald E. Kyger attended the meeting and presented the new plan of organization of the troop committee whereby each member has a definite responsibility. The committee assignments are as follows: chairman, Ray Rasmussen; parent contact, Harry Newnam; camping and activities, Russell Force; and George C. Wright; advancement, L. S. Brittain; finance, Frank Wicks.

In accordance with a request from the national headquarters in the interest of economy, the number of the Saugatuck troop has been changed from 129 to 29.

With the active support of the troop committee and the leadership of Rev. Allen it is expected that troop 29 will provide the best possible program of scout training for the boys of Saugatuck. Every boy of scout age (12 years and upwards) is invited to join the troop. A special round up program for parents and scouts is being planned for the next year.

Special Booklet Salutes Army Trainees at Hope

An attractive booklet, "We're in the Army Now," produced especially for the A.S.T.P. boys at Hope college, was off the press today. The booklet contains greetings from President Wynand Wichers, a welcome from Capt. Homer L. Morgan, commanding officer, and "Welkom, Vrienden" from Mayor Henry Geerlings. Attractive engravings of Hope college scenes and buildings, and an illustrated sketch of Holland's fame as a resort town and as the home of the famous Tulip Time festival, are other features.

Designed and produced by Marvin L. Lindeman, the publication gives a composite and interesting picture of Holland and Hope college, which the servicemen will find useful as a source of information and a practical and satisfying gift for their parents.

Posthumous Award of Silver Star For Fuller Is Given to Father

The Silver Star, symbol of gallantry, was awarded posthumously to Staff Sgt. Steve E. Fuller of Grand Rapids, son of D. J. Fuller of Holland, who was killed in action Dec. 12 near Sanaandana Point, New Guinea. The father who has been making his home with his daughter and son-in-law, Mr. and Mrs. Peter Kievit, 270 East Ninth St., went to Detroit to attend special ceremonies at River Rouge park Saturday to receive the award.

When news of Fuller's death, which was said to have occurred Dec. 5, was received in Holland last Jan. 29, the Red Cross did considerable rechecking on request of the victim's father who doubted the truth of the statement since another Holland soldier, Sgt. Arthur Horning, in a letter dated Dec. 16 from that area, had written that he had seen Fuller two days after the former's birthday anniversary which was Dec. 5.

Fuller's death, however, was verified in a communication from the Red Cross Feb. 8, although no details were given. Around that time, Fuller's widow, who has since remarried, received a letter from a Capt. Carter of the 126th infantry who wrote that Sgt. Fuller was killed Dec. 12 and was buried Dec. 16. The captain said Fuller was leading a company of men over the mountains and walked into a machine gun nest. Fuller entered active service with the Grand Rapids national guard unit in October, 1940.

Other local service men who have been awarded the Silver Star include Lieut. (sgt) Mayo Hadden of the naval reserve for his part in French Morocco in the North African invasion last November, and Staff Sgt. Jarvis Kapanga of route 3 who was cited for "gallantry in action" in Tunisia Dec. 2, 1942. Kapanga rescued a wounded gunner from a burning tank.

Novel Costumes Are Featured at Halloween Party

Hitler-Yankee Pair, Girl as Big Red Tulip Take Grand Prizes

Novel costumes portraying everything from pussies and flowers to weird outfits that would incite horror in the brave were displayed in the sixth annual Halloween parade Monday night sponsored by the Junior Chamber of Commerce, followed by more than two hours of entertainment at Riverview park.

More than 3,000 children and adults crowded into the large grandstand and the field in front and several hundred were on the bleachers on the south end of the field.

First prize in the girl's contest, a \$25 war bond, was awarded to Joan Houtman of Washington who represented a huge red tulip with the following words inscribed on the cardboard pot: "The Tulips Will Bloom at the Axis Doom." First honors for the boys were won by Paul Bekker of East Junior high school and Paul Hooker of Junior high school representing Hitler and the Yankee Bekker as Hitler goosestepped smartly throughout the parade prodded by Hooker with a gun. Stamp value of the bond will be split between the two.

Besides the ordinary costumes such as clowns, ghosts and hard-tube outfits, the more novel included such "brain-storms" as a chimney sweep, deep sea diver, a Wierd Wampy Wampus, jack-in-the-box, Rosie the Riveter, leopard man, poker lover which was a man wearing a barrel and a camouflaged commando. Youngsters utilized everything from long underwear to mother's kitchen utensils. A patriotic motif was carried out in many costumes.

First prize consisting of a \$25 war bond in the contest for jack-o-lanterns which were on display at De Vries and Dornbos all week was awarded to Joseph Den Bleyker of East Junior high school. His entry showed Hitler and Uncle Sam as fishermen with the "spoils" of Italy—Uncle Sam with the Italian fleet and Hitler with Mussolini.

Lincoln school won the amateur contest with its presentation which depicted children showing kindness on Halloween instead of playing pranks. This award was a handsome "gold" plate appropriately inscribed, which will serve as a permanent trophy of the school.

It was estimated that more than 200 children appeared in costume. These children were provided with noise makers in the parade line-up.

Other winners in the costume contest in which duplicate prizes were given for boys and girls included the following: Second prize, \$15 in war stamps, Donald Weller of Lincoln school, and Dorothy and Maxine McCall of junior high school who appeared as an old couple; third, \$12.50 in stamps, Kenneth Hoffman of East Junior high school and Betty Cook of Junior high school; fourth, \$10 in stamps, Charles Zvermer of junior high school, and Myra and Norma Wiersma of Froebel appearing as a tiny couple; fifth, \$7.50 in stamps, Vern Veldier of East Junior high school and Arlin Beekman of junior high school.

Sixth prize, \$5 in stamps, Junior Holms of Lincoln and Helen Van Dyke of St. Francis school; seventh, \$4 in stamps, Walter Vuurens of junior high school and Betty and Bonnie Wiersma and Thelma Ter Haar, all of Van Raalte, who appeared in a baby buggy team; eighth, \$3 in stamps, George Howlett of Lincoln school and Shirley Lyon of junior high school; ninth, Chuck Van Duren of junior high school and Betty Conant of Froebel; tenth, \$1 in stamps, Norman Van Langen of Van Raalte and Donna Kehrwecker of Washington.

Several others wearing costumes were awarded 50 cents in war stamps as consolation prizes.

Other prizes in the pack-o-lantern contest include the following: Second, \$10 in stamps, Donna Kehrwecker of Washington; third, \$7.50 in stamps, Nancy Kleves of Federal school; fourth, \$5 in stamps, Arlene Vander Heuvel of junior high school; fifth, \$4 in stamps, Leonee June Westerhof of Washington; sixth, \$3 in stamps, Warren Jay Prins of Longfellow; seventh, \$2 in stamps, Robert Dykstra of Froebel.

Harry Beekman and Marvin Verhoef served as co-chairmen for the party which was financed largely through gifts received through the chain-of-dimes a few weeks ago. The total provided prizes and took care of some of the expense. The balance was provided for in a special allotment in the Jaycees budget.

Judges for the amateur contest were Mrs. Edward Donivan and Mrs. Nina B. Daugherty. Costume judges were Ray N. Smith, Earl Vanden Bosch and James H. Klomparsen and Jack-o-lantern judges were Earnest Wadsworth and C. C. Wood.

Violinist Is Heard With School Music Groups

Nearly 800 persons heard an outstanding concert in Holland high school auditorium Tuesday night in which two local school music groups demonstrated once more their capabilities for superior musicianship. Soloist of the evening was the eminent violinist, Hugo Kolberg, concert master of the Metropolitan Opera symphony orchestra, who was enthusiastically received by the local audience.

Highlight of the program was the superb performance of the first movement of the Mendelssohn Concerto in E Minor for violin and orchestra in which Mr. Kolberg exhibited a strong broad tone and flawless technique, and the high school orchestra under the direction of Eugene F. Heeter, reached heights of tonal perfection and a mastery of the difficult score beyond all expectation in a student group.

Miss Trixie Moore's fine capella choir was heard in three interesting numbers, "To Thee We Sing," by Tkach, "This Is My Country," by Jacobs, and "Waltzing Matilda," by Cowan. They also joined with the orchestra in a climactic closing selection of a patriotic nature, "America, My Wonderful Land," by Percy.

Mr. Kolberg, whose informality pleased especially the younger members of the audience, told about his valuable instrument which was made in 1704, as he presented his group of solo numbers. These included "Improvisation," by Bloch; "Scherzando," by Marsick; a "Satirical Dance," by Shostakovich which was characterized by the clever employment of harmonies and dissonant chords, and the lovely Mozart "Rondo," in which there was ample opportunity to demonstrate the beauty of his tone and technique. He was ably supported by Hilda Freund at the piano.

Encores were "Danse Espagnole," Chaminade-Kreisler; "Czar-daz," Hubay; "Meditation," from "Thais," Massenet; and "Humoresque," by Tor Arulin.

Orchestra selections were "Praeludium," by Jarnfelt, "Perpetual Motion," by Bohm-Isaac, and "Jazz Pizzicato," the latter played by the girls in the orchestra.

Zeeland Hunter Is First in Draw For Allegan Hunt

Four Townships Open In December; Woman Leads Robin Hoods

Lansing, Nov. 4.—Names of 800 lucky hunters who will be permitted to hunt antlerless deer in four Allegan townships Dec. 1 to 10 were determined yesterday at a lottery held by the state conservation commission.

The names of the 800 hunters were determined by drawing from 1,460 applicants. The first name drawn was that of Gerrit Wyngarden, Zeeland.

The antlerless season is the only one of its kind in the state and was inaugurated in Allegan county in 1941. Last year, 79 deer were taken. Deer other than the antlerless type may not be shot during the special season, conservation men emphasized.

The townships open for the special season are Heath, Manlius, Monterey and Valley, comprising approximately 32,000 acres.

Lansing, Nov. 4.—Modern robin hoods participating in the special bow and arrow deer hunting season in Allegan county have had to doff their caps to a woman who was first to bag a buck.

The lucky woman archer was Mrs. Eureka Shoemaker, Detroit, whose arrow brought down a 68-pound spikehorn Tuesday, according to reports received by the state conservation department.

The second deer bagged went to Ralph Cuzelman, Detroit, who got a 131-pound, eight-point buck.

Conservation authorities reported that from 10 to 15 per cent more archers are hunting this year than last. The special Allegan season opened Monday and continues until Nov. 15.

SHOULD CONGRESS
GO HOME?

Congressman Clare Hoffman of
Allegan makes the flat-footed
charge that the administration
wants congress to go home until
after the holidays. It is only fair
to recall the fact that the Al-
legan man is somewhat given to
making sensational charges and
that hence such a statement is
subject to some discount.

But he asserts that the admin-
istration wants a free hand in
government manipulations for a
while, and that it is irked by con-
gressional disclosures of adminis-
tration bungling. If Hoffman is
to be taken at face value, the recent
disclosures of members of the
senate who went to see the war
for themselves have gotten under
the administration skin. Also, the
insistence of members of congress,
among them not a few of the
Democrats, on economy in govern-
ment instead of the wildness of
spending that is rising in a cres-
cendo of fiscal recklessness, is
highly distasteful to the adminis-
tration. Hence, according to Hoff-
man, the demand that congress go
home.

Even if we take all this with a
large allowance of salt, the fact
still remains that this would seem
to be a poor time for congress to
go home. The American people
who pay the congressional salaries
and who are supposed to be rep-
resented in Washington by those
same congressmen, are not going
home. The very statesmen who
are talking of leaving Washington
on vacation are shouting early
and late that it is the business
of the American people to stay on
the job.

We back here at home are be-
lieving that it is not the part of
sound patriotism to think of rest-
ing now. Put in more and more
hours, work harder and harder,
produce more and more—that is
the message dinned into our ears.
And it is a good message. But it
is just as good advice for the men
in Washington. If we average peo-
ple are needed at our machines,
our stores, on our farms, our
representatives at the national
capital are needed behind their
desks and in their offices.

When the American people are
fighting for the very life of the
nation, they have a right to ex-
pect that the men they have sent
to Washington shall do their share
of the fighting. It is perfectly
true that a political campaign is
coming up but it is also true that
there is a war on. We average
citizens are not supposed to be
looking out too much for our own
personal interests, we have a
right to expect that at such a
time congressmen and senators
shall put the work of the nation
first.

This is no time for congress to
lie down on the job. What are
they being paid for, after all?

THE CHURCH INVITES YOU

The General Assembly of the
Presbyterian Church, U. S. A. de-
clares. We believe that both
Church and State exist under the
authority of God. The State has
rights of its own, and is respon-
sible to God and not to the Church.
The Church has duties to perform
and is responsible to God, and not
to the State.

We believe the Church is a di-
vine institution, a fellowship com-
mitted to the Christian way of
life, rightfully demanding of the
State freedom of worship, free-
dom to proclaim the truth of the
Gospel and to teach old and young
the Commandments of Christ,
holding that God alone is Lord of
the conscience.

To maintain the church each
one has the responsibility in shar-
ing its obligations. Why not ac-
cept the invitation and go to
church next Sunday?

Sunday School
Lesson

November 7, 1943
The Sacrament of Human Life
Exodus 20:12, Matthew 5:21-26
38-45

By Henry Geertlings

The subject we study today
ought to be one of the most im-
portant, and for that reason one
of the most interesting. We have
had for some time. Of course it
presents to us one of the many
aspects of the temperance ques-
tion, for it goes without saying
that if we regard life as the gift
of God and altogether the most
precious treasure we possess, then
we will do nothing that will im-
pair the body or undermine its
faculties and powers. Since it is
the gift of God and is presented
as the crown and summit of His
creation we ought to hold it for-
ever sacred and use it always for
the highest ends.

The fact must not be overlook-
ed that when Christ came into the
world He did not take upon him-
self the nature of any other part
of His creation, but He took upon
Himself the nature of man, for
that was most like God. All the
descriptive powers of the author
of the first book in the Bible are
employed to give us a heightened
sense of the dignity of the human
personality. By virtue of that
fact alone we should be disposed
to think of the life God gave us
as invested with a peculiar sacred-
ness.

The body must be cared for,
protected, preserved, prevented
from the ways of evil, held back
from all kinds of intemperance,
both because it is better for the
body and because the body is the
home of the life that God puts into
it as a sacred trust. God made
the body and the life. He owns
the body and the life, both as their
maker and as their redeemer. He
uses the body and the life, but
with good results only when we
to whom both body and life are
entrusted hold them as sacred
and treat them accordingly.

The many sciences explored and
promoted by mankind have done
much to lengthen life and to im-
prove living conditions. How-
ever, man has not yet produced
life itself. It is a gift from God.
To remind ourselves of this is not
to minimize the great accomplish-
ments in medicine, sanitation and
public welfare. When we realize
that our work begins after God
has placed life into the world, we
are impressed with the fact that
it is a trusteeship. We are ac-
countable to God and our fellow-
men for the use we make of this
precious possession. No one lives
to himself and no one dies to
himself.

The proper use of the body in-
volves an understanding of its
nature. Our bodies are highly
organized machines. They pos-
sess a sensitiveness above and be-
yond that of any machine made
by man. In modern days we
have heard a great deal about men
and machines. The greatest
machine is man himself. All other
machines have been invented, de-
signed, and produced by man. The
intricacies of the human body are
the marvel of all. Since the body
is a machine, sensitive to all
things in its environment, it be-
hooves us to study and under-
stand the greatest gift of all.

It is important to remind our-
selves that the human organism
is a combination of mind and
body. Students of the mind call
it a psycho-physical organism.
They remind us that there is no
mental action without physical
response, and that there is no
physical occurrence without some
mental effect. The facts remind
us of the importance of the mind
and soul in relation to the body.
As a man thinketh in his heart,
so he is. An old Roman motto
called for a sound mind in a sound
body. This leads us to the conclu-
sion that to glorify God in our
body we must be possessed with a
clear mind.

We were made by God with this
fact established. The question
about the wisdom of temperance
is affirmatively answered. We
have no right to live otherwise
than as God has made us, the
handwork of God.

The record is that our excel-
lence is measured by the image
and likeness of God, not as to
bodily form, but in the highest
sense of what we became when
God breathed into us the breath
of life. For reasons best under-
stood by the far-seeing God we
came to be of two sexes and were
assured of God's blessing as we
took charge of the earth and its
creatures. The earth was to be
populated by people. The rule of
creation was to be the supremacy
of the human race. God's particu-
larized provision for every crea-
ture's wants, and God's being
satisfied that all he had made was
fulfilling the peace He intended
and functioning as He planned,
exalt all the more the worth of
man and the sacredness of his life.

Holland
In 1913

By a unanimous vote of the con-
vention and by acclamation, Fred
Kamferbeek was last night chosen
as the Democratic nominee for
mayor, began a story in the Wed-
nesday, April 2, issue of the Hol-
land Daily Sentinel published in
1913. Following is the Democratic
ticket named: Mayor, Mr. Kam-
ferbeek; clerk, blank; city treas-
urer, H. H. Habermann; super-
visor, first district, H. Van Tong-
eren; second district, H. Van Ry,
aldermen, first ward, John Dyk-
ema, second, L. Vanden Berg,
third, M. Van Putten; fourth, John
C. Fisher; fifth, Peter Damstra;
constables, first ward, Peter Smith,
second, Simon De Groot; third,
Peter Steketee; fourth, Oliver De-
to, fifth, William Dalman.

Unless the people who live in
the fifth ward pay some special at-
tention this spring there will
doubtless be a number who will
find themselves disfranchised next
Monday. The council since the last
regular registration and election
has divided the ward into two
precincts and this means that
every man in that ward has to be
re-registered before he can vote.

The Rev. Johannes Groen, of
Eastern Avenue Christian Reform-
ed church of Grand Rapids, pastor
of the largest Holland church in
the country and one of the most
influential Holland ministers in
the state, last night openly came
out in favor of women's suffrage.
The result of Rev. Groen's stand is
that today four of the prominent min-
isters in the Christian Reformed
churches of Grand Rapids are not
opposed to giving the right of vote
to women. Heretofore they were
unanimous against the movement.

Last evening the Citizen's party
of Zeeland held a caucus in the

senraad; city treasurer, Milan Huy-
ser; Justice of the peace, J. N.
Clark; constables, William Heftje,
Joan Huyser, Johannes Eienbaas
and William Wensel.

The peach growers of Ottawa
and Allegan counties in fact all
through western Michigan will
lose thousands of dollars by the
heavy frost of the past week,
began an article in the Feb. 17
issue of the Ottawa County Times
published in 1899 by M. G. Mant-
ing. There was every prospect of
a splendid crop until the cold
snap came and destroyed it. Not
only are there no prospects for a
crop for this year, but a full
crop for many a year to come
cannot be expected, since many of
the trees have been killed, con-
tinued the article. It is a repiti-
tion of Feb. 9, 1875 when 24
degrees below zero was reported
and every tree killed, just at the
beginning of the peach industry
in this section.

SUNDAY DINNER
Suggestions

LUCKILY, just as the season ar-
rives when meats become more
important, the supply increases.
This does not mean, of course, that
there is any great quantity in mar-
ket but several varieties are some-
what plentiful.

There is still a reasonably good
amount of lamb this week, accord-
ing to the Food Service for
Homemakers, a good supply of fowl
and chickens and some veal. Pork
and beef are short but there is
quite a bit of bacon and sausage and
lots of frankfurters.

Florida oranges are on the fruit
stands but in limited supply and
grapefruit is also coming in. The
supply of apples is only fair.

Turnips are the best budget item
among vegetables this week and
there are still quantities of pota-
toes. There are plenty of green
beans, cabbage, celery and para-
nips, but vegetables from the East-
ern seaboard have been affected by
the rains.

Made up of attractively priced
items, the following menus offer
suggestions for Sunday dinner:

- No. 1
Cream of Carrot and Potato Soup
Barbecued Frankfurters
Mashed Turnips
Cornbread
Cranberry and Apple Sherbet
Hot Tea
- No. 2

Souvenirs of India Sent
To Wife in This Country

Mrs. Almore J. De Witt of Cor-
nelia, Ga., wife of a former Hol-
land resident, recently received a
box from her husband who is with
the U. S. armed forces in India.
The package contained a number
of interesting hand-made Indian
articles as well as several exqui-
site and extraordinary pieces of
jewelry.

There was an unusual, stunning,
spun-silver necklace with butter-
fly brooch to match, a silver
charm bracelet made of Indian
money, an ivory bracelet (hand-
carved), a tiny elephant carved
from solid ivory, several other odd
bracelets, one of which is made
of very small, gold colored mir-
rors of several different shapes, a
silver bracelet for his seven-
month-old daughter, whom he has
never seen, a crudely finished
friendship ring made of silver, a
string of tiny seashell beads, glass
beads, and several strings of the
native sandalwood beads.

Of special interest is the pean-
ut turban, consisting of five
yards of bright, red striped ma-
terial, fringed on either end. This
is homespun and is over a yard
wide. With this are three equally
bright handkerchiefs of queer
hand-made silk material, having
a border on only one end.

A picture pillow cover showing
the famous Taj Mahal, a mausole-
um built by the Emperor Shah
Jehan in 1628-1658 and dedicated
to his favorite wife, Mumtaz Ma-
hal, is an eye-catching piece of
handwork. The picture is worked
with a silver-like thread on back-
ground of black velvet.

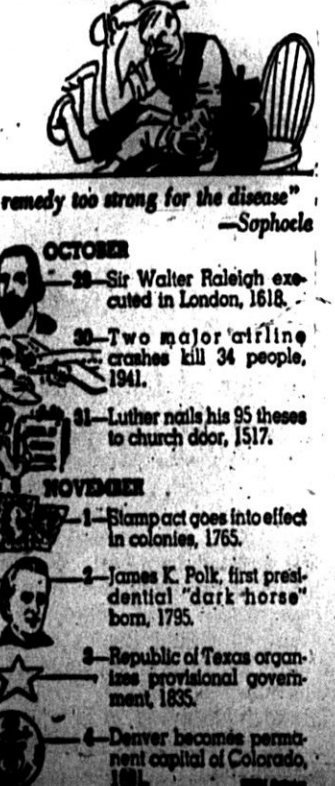

Accompanying these articles
were two books, "Introduction
to India" and "Wonderful India,"
the latter a book of pictures show-
ing the wonders of that rich land.
It is also written in three differ-
ent languages.

This package was on its way to
America three months and four
days and the only damaged con-
tents was a tusk broken from the
little elephant and one of the mir-
ror bracelets broken.

Ottawa War Fund Volunteer Army Is Now Mobilized

Name Committee for Each Township; Drive To Be Ended on Nov. 15

Despite their many duties in other home defense enterprises, patriotic men and women of Ottawa county have volunteered their services as campaign fund solicitors for the war fund. They have been mobilized into a powerful civilian army to take the drive for the war front to every house in the county before Nov. 15.

With a united Ottawa county braced for whatever may happen to its men in the service, it should not be necessary for war fund workers to be super-salesmen, war fund officials said. The person should say to himself, "This war fund is my fund. I've got to give and give generously. I am going to make it easier for these busy, civic-minded neighbors of mine who have volunteered this year for the first county house-to-house campaign."

Residents are urged to have their contributions ready when the solicitors call. The campaign is directed by local persons, not by expensive professional pressure group campaigners.

Patriotic Duty to Conserve Cars

Bern Deters and Martin Diekema, mechanics whose garage is located at 36 West 16th St., urge the wartime conversion of every automobile now on the road, and feel it is the patriotic duty of every truck and car owner to make sure their vehicles are properly conditioned at all times.

Monthly inspections and check-ups on tires, engine and all moving parts is essential and will avoid serious troubles later for which it will be impossible to get the necessary parts for repair, say the local mechanics.

With production of cars and trucks at "zero" and with more and more war workers depending on cars to get them to their jobs it is especially important that motor vehicles be kept on the road. To make sure of continued efficient and economical operation for the duration Deters and Diekema recommend regular maintenance checkups on a monthly basis.

Both Mr. Deters and Mr. Diekema are well-known in Holland. They have been with the Venhuizen Auto Co., which specializes in Studebaker, Packard, De Soto and Plymouth cars for more than 18 years.

Cars Damaged in Freak Accident

Two cars were damaged and two others escaped damage shortly after noon Sunday in one of the most peculiar accidents ever recorded here.

Floyd Coster, 16, route 1, was driving north on River Ave., and as he reached the south approach of the Grand Haven bridge, the car started sliding sideways on the road with the front end facing west.

Three cars were approaching from the south, all in the farthest west lane. The first car was driven by George Vander Hill, route 4, the second by Richard L. Schlect, 740 Columbia Ave., and the third by John Owen, 11 North River Ave.

Coster's car which was completely out of control struck the middle car driven by Schlect in the left center, threw that car over the sidewalk, knocking down a state sign, and into a tree which prevented the Schlect car from going over the steep embankment.

After the collision, the Coster car made a complete spin around in the road and again headed north. After a tire blew out and other damages sustained, it stopped at the intersection of the Beechwood road on the far west side of the road.

No one was injured.

Hope Abandons Plans for Cage Team This Year

All Schools in MIAA Except Alma Due to Take Similar Action

According to Milton L. Hinga, head football and basketball coach at Hope college, the college is abandoning plans for a 1943-44 basketball team because the army has taken over the facilities necessary for practice and there is a serious shortage of players.

Hope college is the first MIAA college to make such a decision on basketball, although all the colleges in the association took similar action on football, with the exception of Alma, which played a limited schedule.

Hinga expressed the opinion that every college in the MIAA would probably drop basketball for the season with the possible exception of Alma, which has naval students at the college. Naval trainees are allowed to participate in inter-collegiate sports.

It will be the first time in many years that Hope college has not put a basketball team on the local hardwood, but local fans are left with pleasant memories of last year's great team, which undoubtedly ranked high on the list of college basketball teams and probably was the best team of sophomores any college or university could have assembled last season.

The members of the team, which went undefeated in the MIAA, are all in the armed forces. Everett Kleinjans, "Gaby" Van Dis, Art Slager, Harvey Buter and "Hoots" Rowan are in the army; Donald Mulder and Paul Van Dorp are in the army air corps; Merle Vanden Berg, Russ De Vette and Dick Higgs are in the marines; and George Dalman is in the naval air corps.

Those boys in the opinion of Hinga composed the best basketball team since he has coached at Hope and probably were the best in the school's history. The team won 16 games and lost only two, while averaging 57½ points per game.

Early Holiday Mailing Urged

Postmaster Harry Kramer today urged local residents to prepare to mail Christmas gifts and cards during November instead of December in keeping with a request from the postmaster general who stated there can be no assurance in view of the unavoidable handicaps of war that gifts and cards mailed in the weeks immediately preceding Christmas will be delivered in time. Such matter must not impede the movement of war materials and personnel and military mail, the postmaster general wrote.

Transportation facilities are heavily burdened, according to the postmaster general's message, and the number of railway cars and airplanes available for handling Christmas mail is far below that of former years. More than 30,000 postal employees have gone into the armed forces and they have been largely replaced with less experienced personnel. In the past 200,000 temporary employees assisted with the holiday mails, but this year postmasters will have to rely largely upon women and high school boys and girls who cannot work long hours or at the high speed of experienced personnel.

Last year, at the urging of postal officials, the public did start its mailings earlier than usual, but the early volume was small and there was a deluge of later mailings.

Persons cooperating by mailing parcels early are asked to mark the packages, "Do not open until Christmas."

School Auditorium Is Filled for 'Cinderella'

Holland high school auditorium was filled to capacity Thursday afternoon as children of the city crowded into the building to see a superior performance of the classic fairy tale "Cinderella," produced by a charming company of Clare Tree Major players. The entertainment was sponsored by the Junior Welfare league, which has for several years assumed as one of its annual projects the bringing to the city of a play suitable for children.

Pretty Peggy Barton in the role of heroine captivated the hearts of the youngsters. Barbara Leonard, Ellen Deming, Edson Myers and Alex Raymond as Cinderella's wicked step-relatives, the fairy godmother in the person of Lois McBride and Gene Gaddol, the prince, all were superb in their roles. Supporting members of the cast: Ted Gross, Montgomery Dods, Al Robinson, Ted Myers and Mae Lord, all contributed to the success of the staging of the 17th century tale.

Miss Virginia Kooker of the league was local chairman for the production.

Fourteen Thousand Are Registered Here

Joe Moran and Peter Voltman, co-chairman in charge of the distribution of ration book 4 in Holland last week, today reported that a total of 14,310 books had been distributed through the five elementary schools.

The total broken down includes Longfellow, 2,917; Lincoln, 2,443; Van Raalte, 3,108; Froebel, 2,424; and Washington, 3,418.

The leaders acknowledged the help given by junior and senior high school teachers after school hours and to the parents and PTA helpers who assisted. Mr. Voltman arranged the services of the high school teachers.

Mr. Moran pointed out that this registration was by far the simplest to date. He said Thursday was a big day and Friday quite light. A few persons came about five minutes before closing time and one five minutes late. Washington school registered about 2,000 Thursday.

One Seriously Injured in Train-Auto Crash Here

One 16-year-old boy was seriously injured and two others of the same age received minor injuries in a car-train collision Sunday as 8:45 p.m. on Douglas Ave., more commonly called the new Chris-Craft short-cut north of Holland.

Kenneth Faber, 81 West Ninth St., is confined in Holland hospital with a fractured right arm, fractured right leg, possible brain concussion and multiple lacerations and contusions. The end of the right thumb was almost severed and the end of the ring finger was amputated. Lacerations were confined mainly to the right hand and arm and above the right ear and eye.

Carl Wennersten, route 4, driver, received only bruises and was released after being examined. George Boneburg, also of route 4, who was sitting next to the driver was treated for a 1½ inch laceration above the right eye, a two-inch V-laceration of the nose and a laceration on the right knee. He was released after treatment.

The accident occurred when Wennersten, driving west on the black-top road failed to see the switch train in the heavy fog in time to avoid a collision. He swerved but hit the train at the south side of the road. The entire

hood jammed under the box car. Sheriff's officers said it was the worst wrecked car here since the 35-mile law went into effect. It was demolished "up to the rear seat."

Boneburg and Wennersten said they were traveling not over 30 or 35 miles. They also claimed there were no warning lights on the side of the train. One of the members of the train crew said he saw the car coming and blew the whistle.

Wennersten said he got out of the car and helped out Boneburg who was conscious but unable to get out himself. By that time the train crew arrived and noting the condition of Faber left him until the ambulance crew arrived. The men encountered difficulties in removing Faber from the wreckage.

The side track where the accident occurred leads to the Armour Leather Co. The train crew consisted of Roy Wolters, engineer; Eugene Wiersma, fireman; Clarence Batema, conductor, and Gene Batema and George Mertziński, switchmen. All are of Holland except the latter whose home is in Grand Rapids.

Officers took Mrs. Faber to the hospital and notified the Wennersten family. The Boneburgs were out visiting and were informed later that night.

Salesmanship Methods Surveyed for Rotarians

George E. Mansfield of the Everett Piano Co. of South Haven entertained the Holland Rotary club members at their noon meeting Thursday in the Warm Friend tavern with an enlightening talk on methods of salesmanship. Drawing from the experiences of 40 years' selling in all parts of the United States, Mr. Mansfield said sales and salesmanship depend largely upon personality and ability to make one's self liked by strangers at sight. He stated that the interest of most people is in the development of personality and amiability.

Mr. Mansfield gave a brief survey of the history of selling from the time of the ancient Egyptians, through the wanderings of the Hebrew peoples under Moses, to Columbus and his important sale to the Spanish of his idea on the shape of the world, and on up to present time. He spoke of the Bible as being a great history of men and their attempts to sell ideas.

Mr. Mansfield showed, again by the generous use of anecdotes, that each one of today's professional men needs to be a salesman to be at all successful, and stressed several times the strength of impressions in the business and professional world. He demonstrated that ideas are results of impressions placed in the mind through the sensory organs, the most important of which is the eye.

Applying these principles to the world of business, he defined salesmanship and gave several sets of rules for procedure in the delicate process of making a prospect want a product without his knowing that he is being persuaded. In closing,

he emphasized again the axiom, "To sell goods, one must first sell himself" and made note of the great importance of fairness, honesty and friendship in modern economic life.

The speaker was presented to the club by President Duncan Weaver, who presided.

Wilbur Brandt of Hope college gave a brief talk on behalf of the local Community and War chest drive.

Local Practical Jokers Outsmarted by Officers

A practical joke which backfired on the perpetrators a few days ago was revealed today by sheriff's officers. In reply to a telephone message that a dead man was lying along the road in the route 4 vicinity, officers relayed the call to an officer who happened to be in that locality and he arrived at the scene so promptly "just like a bird from heaven" that the joke was not quite ready.

The deputy recognized the "body" as a dummy when he was 50 feet away and didn't bother with much of an investigation. Later the deputy's car pulled up at a lunch room and noticed the same dummy lying under a car parked there.

Instructing a fellow officer to divert the attention of the group there to another direction, the deputy managed to remove the dummy from under the car and place it in the rear seat. He also tore it open and the leaves which formed the "stuffing" scattered over the entire car.

Nothing further has been heard.

Empty Your Piggy Banks To Ease Penny Shortage

Washington, Nov. 4 (Special)—The strange and secret pleasure of robbing your piggy bank is now a thing of the past. Instead, it's become the latest thing in patriotism.

A national "Empty the Piggy Bank" campaign destined to help relieve a serious shortage of pennies will begin next week by Selma Taylor Ross, director of the mint.

"I am counting on two school children, the college students, the Boy Scouts, the Girl Scouts, the 4-H clubs, and similar organizations to get enough hoarded pennies into circulation to meet the unprecedented wartime and Christmas demands," she said.

Although the mint is breaking all records in turning out pennies, more than 3,000,000,000 in three years, there are simply not enough in circulation and a critical shortage looms, she said.

How much does it cost to bomb Berlin ?

SUPPOSE, in the dusk of an English evening, 1,000 huge bombers soar over the Channel and head for Berlin.

By the time those planes return to England, their motors will have consumed 2,400,000 gallons of gasoline!

The cost . . . of the gasoline **ALONE** . . . will be more than \$380,000.

To pay for the gasoline used on **ONE** such raid, 96,000 Americans would have to invest at least 10 percent of their next pay check in War Bonds!

You get a big kick out of reading about those 1,000-plane raids. You know that such raids, if repeated often enough, will soften up the Axis. But . . .

What are **YOU** doing to help *pay the cost* of those raids? (In addition to the gasoline they use, it costs Uncle Sam **TWO HUNDRED MILLION DOLLARS** to build 1,000 4-motored bombers . . . plus the cost of training the 10,000 men who make up their crews!)

Modern war is expensive business . . . its cost runs into fantastic figures. 30,000,000 American wage earners are now putting an average of 10 percent of each pay check into War Bonds every pay day . . . but still *it isn't enough!*

Our air raids on the Axis are increasing in frequency and intensity. When land operations really get going, the cost will be staggering.

More and more Americans must join the Pay-Roll Savings Plan . . . more than those already in the Pay-Roll Savings Plan must begin to jack up their War Bond purchases . . . must start to invest *more* than 10 percent!

Remember . . . War Bonds are the finest investment in the world today. You get back \$4 for every \$3 you invest. And . . . the more War Bonds you buy now, the quicker the Axis will be licked . . . and the less the war will cost in the long run.

Think it over. And every time you're tempted to put a nickel in something you don't absolutely need—put it in War Bonds instead!

KEEP ON BACKING THE ATTACK!
