Community Tulip Planting Bee Set For Wednesday

Citizens Will Plant
80,000 Bulbs in Lanes
For Festival in 1947

The Tulip Time committee was completing plans today for a community-wide bulb planting bee in Holland next Wednesday afternoon in which citizens will unite to plant 80,000 bulbs donated by business firms and other donors in a canvass carried on by the Holland Tulip Garden club.

Tulip Time Manager Willard C. Wichers said 300 men and boys and 150 women and girls will be needed to complete the project, which consists of planting bulbs in street lanes in various locations throughout the city.

Present plans call for 30 men to the block, starting work at the four corners and working to the center of the block, and 16 women and girls who will follow the men and plant the bulbs.

Preparation of the lanes and planting of the bulbs will be supervised by the Park department of which Dick Smallenburg is superintendent. Smallenburg plans to have an employee in every block where planting is under way.

Smallenburg and Cornel Brewer have experimented with mechanical devices in digging the lanes, and through courtesy of Curtis Gray have obtained equipment to cut the first furrow. This will be of inestimable aid to the men with the shovels digging the lanes to proper depth.

Jay H. Petter, chairman of the Chamber of Commerce Tulip Time committee, is sending letters to all Chamber members requesting aid in the planting project.

The 65,000 bulbs purchased by the city are being planted now by Park Department employees.

Organizations participating in the project are the Tulip Garden club, Chamber of Commerce, Rotary, Exchange, Kiwanis and Lions clubs, American Legion and VFW.

Miss Lida Rogers has been appointed by School Supt. C. C. Crawford to head the project among Holland high school students and School Mayor Bill Hinga and his council members are co-operating. Robert Van Dis, president of the Hope college student council, is directing the project for college students.

Some lanes which were in top condition for the 1946 festival will not need replanting this fall.

Blocks listed at present for planting are 12th St. from River to Pine; 10th St. from Washington Blvd. to the Kollen park entrance; Washington Ave. from 16th to 18th and from 19th to 20th Sts.; 20th St. from Washington to Michigan Ave.; 24th St. from Michigan to Washington Ave.; 21st St. from Michigan to State St.; and 12th St. from Central to River.

JCC members under direction of Ed Boeve will serve as coordinators for the event.

Any person wishing to volunteer his services for the planting who has not been contacted by organizations is asked to leave his name with the Chamber of Commerce. Assignments will be made later.

Among local firms donating bulbs for the project are Dutch Novelty Shops, Doughnut Corporation of America, Dutch Boy Baking Co., Downtown IGA, Dietrichs Garage, W. E. Dunn Manufacturing Co., Dykstra Funeral Home, De Visser and Son, Dutch Maid Candy Co., De Loof Drug, El's IGA, Economy IGA, Henry Belink, M. Essenburg, Fox of Holland, Inc., Five Star Lumber Co., E and T Bake shop, H. L. Friedlen and Co., French Cloak, Fris Book store, Gambles store, Grossman's, Hart and Cooley Manufacturing Co., Hotel Netherlands, Henry Oosting, Holland Insurance agency and Holland Celery Planter Co.

Large Maple Tree Split When Hit by Lightning

A large maple tree on Washington Blvd. remained upright today but was held together by a heavy chain after it was split by lightning in a short-lived but severe storm Wednesday afternoon.

Lightning struck the large trunk about 20 feet up and stripped bark in large patches. The trunk was split in several places, some going down to the base of the tree.

The tree, which is on the Cappon property at Washington and Ninth, will be removed later by Park Department employees.

Klompens Dancers Return From Trip to New York

Sixteen Klompens dancers and their four chaperons returned to Holland Tuesday afternoon after a visit to New York City where the dancers performed the celebrated Klompens and wedding fantasy dances at a special program in connection with the United Nations assembly.

The dancers also performed at Halloran General hospital during their stay in New York.

Children Banned From Visiting City Hospital

Effective Friday, children under 12 will not be permitted to visit patients in Holland Hospital, Director William W. Colton announced today.

This decision was taken by hospital Board of Directors at a special meeting Tuesday night after attention had been called to state laws on the subject last week by two visiting inspectors, one from the Department of Social Welfare in Lansing, and the other from the state office of Emergency Maternity and Infant Care, a federal program aiding wives and children of servicemen.

Principal reason for the ban is the threat of contagion, according to Colton, who explained that

Holland Hospital is virtually the last in the country to adopt the rule barring children. All large city hospitals have not allowed children as visitors for many years, he said.

Although youthful visitors had always been limited to the children of patients, the practice has resulted in considerable confusion and hard feelings.

Youngsters often were disturbing, running up and down the halls, sitting on mothers' beds, and wandering into other rooms. The question often arose if children were allowed to visit their parents, why not the grandparents.

Any visitor to a hospital may be a source of infection, and children are more frequently sources of communicable diseases than adults, Colton said.

Because of crowded conditions, the situation has become more acute and it has been difficult for receptionists to keep track of visitors.

Hospital authorities always have observed the rule of discouraging visits from persons with colds or respiratory infections.

Supt. of Nurses Rena Boven said the shortage of nurses has been alleviated considerably with the addition of four new graduate nurses to the staff and a fifth will report next Monday.

The four new nurses, already on duty, are Misses Angeline Beyer, Ruth Vander Meulen, Dorothy Bielefeldt and Laverne Huyser, all Butterworth hospital graduates. Miss Alvajan Scholten, a graduate of St. Mary's hospital, Grand Rapids, will report Monday.

Colton also reported an acute shortage of x-ray film and said only emergency x-rays were being taken. He said the shortage is due to increased demand of film by x-ray diagnosticians all over the country and the expanded use of the x-ray in many fields, particularly chest clinics for industrial workers.

He also called attention to parking facilities for visitors at the rear of the hospital with an entrance from 24th St. Part of the curbing has been removed from the rear drive and cinders placed for a drive to the old deserted tennis courts which have been converted to public parking.

First Polio Death Listed for Ottawa

Grand Haven, Oct. 31 (Special)—Ottawa county's first polio fatality this year was recorded Monday with the death of Jurgen Arnold Van Beukering, 21-year-old Army veteran, which occurred at 8:30 a.m. Monday in Blodgett hospital, Grand Rapids.

Van Beukering was taken ill last Thursday. His case was diagnosed as poliomyelitis Sunday and he was removed to Grand Rapids. Paralysis had settled in his legs.

His was the seventh polio case reported this year by the County Health Department.

Van Beukering served in the Army for two years and saw service at Okinawa and Japan. He also experienced the big hurricane en route to Japan.

At the time he was taken ill, he was employed at the Van Pelt Manufacturing Co. in Spring Lake. On Oct. 8, 1944, he married Betty Boerma of Grand Haven.

Surviving are the wife, a 16-month-old daughter, Gayle; his parents, Mr. and Mrs. John Van Beukering; a brother, Kenneth, all of Grand Haven; two sisters, Mrs. Raymond Kieft of Grand Haven and Mrs. M. B. Newman of Chicago, and his aged grandmother, Mrs. Mina Bulthuis of Holland.

Trick-Treat Sport Is Discouraged By Police Chief

Police Chief Jacob Van Hoff today appealed to parents to discourage "trick or treat" practices among children, after several complaints had been received that the Halloween custom was being misused.

The chief said he had no great objection to simple requests of children a day or two before Halloween, but he definitely drew the line at demands for money. He said the sport had taken on almost "racket" proportions with some homes interrupting 12 times on a single evening.

Kiddies will be given an opportunity to celebrate All Hallows' eve at a city-wide party Thursday night in Riverview park, sponsored by the Junior Chamber of Commerce. The party will follow a parade downtown with costumed youngsters lining up on Pine Ave. between Eighth and Ninth St. at 6 p.m. The parade is expected to get under way at 6:30 p.m.

Chief Van Hoff and his men will dispense cider and doughnuts at the ball park to the youngsters. Doughnuts will be provided by the Doughnut Corporation and cider will be provided by the police department.

Mothers were cautioned to dress the children warmly, should the weather be cold Thursday night.

Entries in the jack-o-lantern contest were on display today at the Lokker-Rutgers store, and prizes for both jack-o-lantern and costume contests are on display at the Chamber of Commerce office.

The downtown early Tuesday morning dampened leaves sufficiently to discourage Halloween pranksters from starting fires at curbs at night. This type of Halloween prank has been particularly dangerous, officers pointed out.

Youngsters also were warned about putting candles inside carved pumpkins or cardboard decorations since the slightest breeze is often all that is necessary to tip the candles and start a fire. In any case, candles should never burn unattended.

Firemen responded to one false alarm at 8:57 p.m. Tuesday at 26th St. and Washington Ave.

Rusty Water Okay

There is no cause for alarm in the temporary discoloration of city water today, the Board of Public Works assured suspicious residents. The river-water appearance is owing to rust discolored by the flushing of hydrants throughout the city, and has no effect on the purity of the water.

Teachers' Club Favors Sales Tax Amendment

The Holland Teachers' club, composed of public school teachers, is promoting amendment No. 2 to the state constitution, to be voted Nov. 5.

The amendment provides that 1/2 cent of the sales tax be returned to the schools for school use and that there be in addition a guarantee of the Primary school interest fund which is already in the state constitution, plus enough from the general fund of the state to equal 42.64 per cent of the sales tax receipts of the previous year, the club points out. Theodore H. Carter is president.

Members emphasized that schools of the state, and the schools of Holland, are in dire need of more money to carry out the essential program of the school.

The Citizens' school committee, which has been investigating the needs of the school, voted recently to recommend to the Board of Education a \$1,300,000 building program which the committee feels is needed badly here.

Costs for supplies, repairs and equipment have doubled within the past two years, according to Supt. Carroll C. Crawford.

Due to the incentive of salaries in other vocations, few graduates of high schools are going into the teaching profession, and many experienced teachers are seeking better positions in industry and

business. It is estimated that there are 5,000 persons in school positions in the state who are not qualified teachers and who do not hold certificates.

School administrators say it has been almost impossible to compete with business and industry for school employees, such as custodians, clerks and bus drivers. The Holland schools alone have lost three experienced custodians to other more lucrative positions in business and industry in the last four months.

It is for these reasons that the teachers and the administration of the Holland public schools urge the support of the amendment which will return from \$90,000 to \$100,000 more money to Holland than has been returned in the past.

It is felt that this amount is needed to carry on the essential program of the schools and to keep up standards of schooling.

It is further felt that the return of the sales tax which, after all, is only local money sent to the state, would eliminate some of the necessity for local property tax increases. If voters desire to maintain past standards in the schools, they must decide between returning to the schools sales tax money or increase local property taxes.

The Michigan Education association has stated that no new taxes need be levied for state purposes if the amendment is adopted.

Holland School Needs Outlined At Club Meeting

System Needs Help,
Speaker Declares
Before Women Here

"Our schools need attention—we make show places of our parks, yet we seriously neglect our schools," Mrs. Bruce Van Leuwen emphasized at a meeting of the Public Affairs committee of the Woman's Literary club Tuesday at Hope church.

This need was brought out in her report on findings of the Citizens' committee which was formed last spring to investigate the building needs of the schools. It was found, in addition to the deficiencies of the buildings, many of which are quite old, that the school population is moving south, and hence that Lincoln and Froebel schools have low enrollments, while Longfellow and Van Raalte are rapidly becoming more critically overcrowded.

Most serious crowding was reported in Junior and Senior high schools, and in Senior high school, especially, the need for new equipment to replace that which is now badly outmoded, was found.

In view of the finding, the committee has made recommendations which Mrs. Van Leuwen enumerated. The first, she said, was a new building to take care of the Froebel and Lincoln districts, to replace the 50-year-old buildings which are inadequately equipped. The second was an addition to the high school, containing extra rooms for the music department and cafeteria, and to the badly needed auditorium and gymnasium, each to seat 2,500 people. Thirdly, the committee recommended the renovation of Longfellow and Van Raalte schools.

The cost of this rebuilding, said Mrs. Van Leuwen, has been estimated at \$1,300,000, which should be raised before building commences in order to involve the least cost of financing. The committee has suggested that the public vote increased taxation of 5 mills in school districts. According to this program \$300,000 could be raised in five years, and \$700,000 in ten. It is hoped that when this sum is obtained the state will match it in order to reach the total necessary for completion of the project, Mrs. Van Leuwen said.

All Divisions Surpass Quotas

With a margin of \$2,739.83, Holland's 1946-47 Community Chest campaign went over the top Friday with total collections of \$29,814.83.

This news was announced by Campaign Director Henry S. Maentz at a final report "koffee kletz" Friday afternoon in the Tulip room of the Warm Friend tavern.

With all divisions surpassing quotas, Maentz today paid tribute to all division chairmen and their workers. He particularly complimented the city and rural home canvass divisions, since it was difficult to reach the quotas because of the thorough solicitation made earlier by the manufacturers and employees division and the business and professional division.

"These divisions started their drive early and consequently many contributions formerly credited to the home divisions were made this year through factories, stores and offices."

He also commended John Van Dyke, publicity director; Mrs. J. Vander Werf, clerk at headquarters, and The Sentinel, not only for its cash contributions but for its advertising and news space.

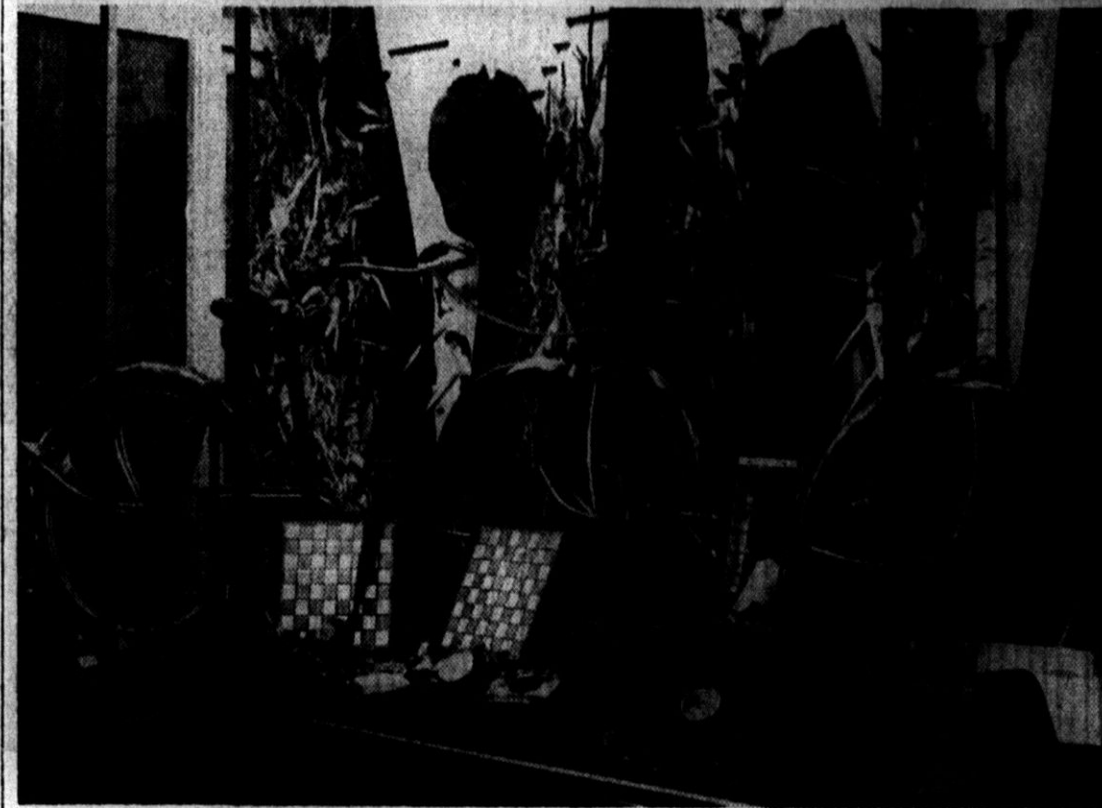

Collections by the various divisions follow:

Manufacturers and Employees, \$14,895.25, or \$995.25 over quota; Business and Professional, \$7,786.60 or \$1,386.60 over quota; National corporations, \$370 or \$20 over quota; Schools and Colleges, \$1,568.64 or \$268.64 over quota; Public Employees, \$535, or \$5 over quota; city home canvass, \$2,795.29 or \$10.29 over quota; rural canvass, \$1,934.05 or \$54.05 over quota.

Three new board members, Clarence Klaasen, Henry S. Maentz and J. W. Moran, were elected at Friday's meeting to succeed Edgar Landwehr, Elwood Johnson and Laverne Dalman. Other nominees were Frank G. Aman, Robert Gordon, Peter Kromann and Mrs. Peter Van Dornen, Jr.

Five Pay Traffic Fines

Five persons paid traffic fines in Municipal Court Tuesday. They were Jackson Bowen, 26, of 441 West 21st St., speeding, \$5; John Schregardus, 20, of 645 Tennis St., speeding, \$10; George William Prins, 20, of 307 West 21st St., speeding, \$5; Nazario Trevino, 18, of 120 East 18th St., no operator's license, \$3, and improper turn, \$5; Henry Prince, Jr., speeding, \$10.

Entries in the jack-o-lantern contest in connection with the ninth annual Halloween party for youngsters are shown above and prizes for both the jack-o-lantern and costume contests are pictured below. The prizes will be awarded at the city-wide party tonight at Riverview park, sponsored by the Junior Chamber of Commerce. (Penna-Sas photos)

County Budget Finally Adopted

Grand Haven, Oct. 31 (Special)—The Board of Supervisors Monday afternoon adopted the 1947 budget of \$267,839.13 which was \$23,080.31 over the 1946 figure. The budget had been submitted last Wednesday.

The budget provides an appropriation of \$1,500 for the Holland Veterans' Counseling Center and \$1,000 for Grand Haven to cover a six-month period. Last year the appropriations were doubled.

Holland city's request for an appropriation of \$10,000 or one-third of their estimated budget for the 1947 Centennial was tabled. The request by the Macatawa Park Cottage Owners' Association for an appropriation to remove accumulated sand on the lakefront was turned down, 20-8. The association had requested \$800 previously.

The substitute motion for \$400 voted upon Monday also lost.

The report of the committee on taxes and apportionment follows: county tax for the three cities, Holland, \$56,756.62; Zeeland, \$8,630.40; and Grand Haven, \$34,863.60.

County tax assessment (real) is \$45,105,000 and personal is \$7,857,268. Total valuation is \$52,957,373, and the total county tax is \$211,429.47, and the total city tax is \$319,822.50. Township taxes total \$13,232.72 of which Holland township's share is \$10,115.13, and Park, \$6,841.80. There is no township tax in Zeeland, Port Sheldon and Tallmadge townships.

The total school tax is \$497,377.33, divided for Holland city, \$155,922.33; Zeeland city, \$28,048.80; and Grand Haven city, \$94,961.89. The total tax amounts to \$1,269,743.82, of which Holland pays \$435,277.95; Zeeland city, \$77,425.92; and Grand Haven city, \$285,473.49.

Sam Rymer, Crockery township farmer, appeared in the interests of school children in his community who have had to travel 3 and 3/4 miles to school because the float bridge over Deere's bayou has been declared unsafe for travel by the road commission. No action was taken since Rymer made no specific request.

Henry Slaughter's suggestion that the board adopt some system of marking fox pellets which are brought to justices for bounties was referred to the conservation department with power to act.

Chairman Maynard Mohr appointed Vernon Ten Cate of Holland, John H. Ter Avest of Coopersville and Mayor Edmond Wilds of Grand Haven as a special committee to study rules and functions of various committees of the board and report at the April session.

Ald. Dalman Declines Comment on Re-Zoning

Ald. L. C. Dalman, chairman of the Committee on Streets of Common Council, declined to comment today on developments at a "committee of the whole" meeting of Common Council Wednesday night to discuss the River Ave. rezoning issue.

Holland High Turns on Power

Holland High school unleashed a blast of offensive power last night to hand the St. Joseph Bears a 28-7 defeat. It was the Dutch halfback, Eddie Leverette who carried the mail for three of the four touchdowns.

Despite heavy injuries before the game, Coach Paul Camburn began their march which resulted in six points before losing the ball. Two passes from Jack Van Dorpe to Fuz Bauman, netted 30 yards. Kuipers went through the line to the 25 from where Eddie Leverette weaved off tackle 25 yards to a touchdown. Bauman converted in his first attempt this year and split the uprights to make his score 7-0.

At the beginning of the second quarter Jack Ward, Bear left end, intercepted a Holland pass and ran to the Dutch 25. From there on it was tough sledding for the Bears as they tried 10 plays which finally brought them into the Holland end zone. It was Chuck Cerecke who made the final plunge from the two yard line for the touchdown. William Zitta, St. Joe captain, kicked the extra point and knotted the score at 7-7.

The half ended with the score still tied but the locals just didn't have enough fan yet. Holland repeated the opening touchdown at the beginning of the second half as Leverette and Don Van Helken

took turns going through the Bear defense. Leverette went around end from the 14 to score Holland's second touchdown. Bauman again with perfect timing converted the extra point to make the score board read, Holland 14, St. Joseph 7.

Holland threatened again in the third frame when they recovered the ball on the St. Joe 28. In five plays they got the ball to the five yard line where a fumble killed the threat. Jim Olney recovered for the Bears and they got it out of trouble.

Just before the end of the third quarter, St. Joseph kicked to Holland and the ball was downed on the Holland 40. Van Oosterhout and Van Helken then brought the ball to the Bears 13. Van Oosterhout, on three plays got to the five-yard line and Van Helken plunged to the one-yard line. Van Oosterhout drove over for the touchdown. Bauman's kick was again good and the Dutch led 21-7.

Shortly afterward, Van Oosterhout intercepted a St. Joe pass and ran to the Holland 43. Leverette stole the show again as he took the ball from the 40-yard line and pranced into the end zone. Bauman again placekicked a perfect one-pointer. The game ended shortly afterward with St. Joe in possession of the ball on the Holland 30.

FUNERAL TODAY

Allegan, Oct. 31—Funeral services for Clarence E. Peak, 70, were to be held this afternoon from Nyberg Funeral home with burial in Lindsey cemetery. Surviving are the wife, Margie, and four children.

Vander Meulen Protests Veterans' Housing Delay

Veterans Counselor Cornelius Vander Meulen today protested the delay in completing 26 temporary housing units for war veterans and their families in a pointed letter to the Federal Public Housing administration in Cleveland.

Vander Meulen said it was understood that the units would be completed two weeks after construction was begun, but after nearly six months the units are still not complete.

"Construction was begun the first of May but there has been delay after delay and not one single unit is as yet ready for occupancy. To anyone competent to judge, the work being done is ridiculous. The workmen are loafing on the job and no one is making a sincere effort to get things done," he wrote.

In his letter to FPHA, Vander Meulen said the 26 families waiting to move into the housing project, known as Pine Court, are living in inadequate quarters today. "Some of them are living in

terribly crowded conditions with relatives, friends and kind-hearted people who have taken pity on them. Some are living in trailers and in summer cottages without heat. In every family there are one or more children. These children are in danger of contracting diseases due to improper living conditions."

Vander Meulen said Holland city applied for 100 units last January and 26 were granted.

"A Michigan winter is coming on and here are 26 men and their families. All the men served their country in the armed forces and in my opinion, the treatment they are receiving now is disgraceful. It certainly is not a tribute to the efficiency of the organization which has undertaken to supply these houses."

"If there is anything we can do to expedite this matter and give these veterans and their families a place to live before the severe winter breaks, please let us know and we'll do our share," Vander Meulen concluded.

All in Readiness For Big Halloween Party Here Tonight

All was in readiness today for the city-wide Halloween celebration for youngsters which starts with a parade at 6:30 p.m. tonight followed by entertainment and treats at 7 p.m. at Riverview park under auspices of the Junior Chamber of Commerce.

Children entering the parade were asked to assemble promptly at 6 p.m. on Pine Ave. between Eighth and Ninth Sts. where numbers for the costume contest will be assigned.

Mothers were cautioned to dress their children warmly for the party since it usually is cooler at the park which is near the river.

The Holland high school band which will head the parade will engage in maneuvers as the first number of entertainment. The program also will feature Ike Commans, comedy juggler; Kadwell and Makita, hand balancing act, and Frank Lemon, unicyclist. Don Lieverse will serve as party chairman.

Prizes will be awarded at the park. A display of fireworks will conclude the program.

Crash on Blocked Road Brings Reckless Charge

Grand Haven, Oct. 31 (Special)—Milton Kamps, 19, Hudsonville, paid \$25 fine and \$3.50 in Justice George V. Hoffer's court Wednesday night on a reckless driving charge, resulting from an accident involving two trucks and a car Oct. 16 on the blocked-off stretch of pavement on M-21 in Georgetown township.

Kamps had received a crushed chest and ribs. His brother, Herman, 34, who received a fractured skull, jaw and hip, was operated upon Wednesday for the skull fracture in a Grand Rapids hospital. Another passenger, Henry Ten Harnsel, 17, received a compound fracture of the right arm and left leg. All three were taken to St. Mary's hospital, Grand Rapids.

Mance Herford, 17, of Grand Rapids, whose car was demolished when he lost control Oct. 6 in Crockery township and went over an embankment, paid \$35 fine and \$3.50 costs on a reckless driving charge before Hoffer.

Ellis J. Weller, 53, Grand Rapids, appeared before Hoffer this morning on a charge of issuing a bad check. He waived examination and his trial in Circuit Court was set Nov. 4 at 10 a.m. Unable to provide \$2,500 bond, he was remanded to the county jail. Weller, who was brought back from Indiana Wednesday by state police, allegedly gave a bad check of \$100 to Bernard Reghel Aug. 3 drawn on a Grand Rapids bank.

Kiwanis Plans Program To Aid Clothing Drive

Completed plans for the city-wide clothing drive for needy people of the Netherlands were announced Monday night by Tony Last, chairman, at the Kiwanis club meeting in the Warm Friend tavern.

The drive will begin Nov. 1 and will continue until through Nov. 15.

All citizens are asked to contribute their used clothing. Children's clothing is particularly needed, Last said. President William Meengs appointed a committee in preparation of a special public benefit program to be given during the drive. Proceeds will be used for the purchase of underclothing. Heading the committee is Herbert Bulthuis.

Sound moving pictures were shown Kiwanians by Jim Frans.

Church Calls Pastor

Central Park Reformed church has issued a call to the Rev. Gerrit Roozeboom of Coopersville. It was decided to extend the call to Rev. Roozeboom at a congregational meeting Tuesday night. Central Park church has been without a pastor since February when the Rev. H. Vermeer left for Roseland, Chicago.

Announcer for College Games Is 16 Years Old

Many sports fans have been surprised to learn that the announcer at Hope college home football games is a 16-year-old youth. Young Randy Vande Water, a junior at Holland High school, started giving play-by-play accounts for Holland High school in 1944 under tutelage of Rex Chapman of the high school faculty. Randy is shown at the microphone while his sidekick, Ronald Bos, also a junior, spots players through binoculars.

"Just keep your eye on the ball all the time!"

That, according to young Randy Vande Water, is the main concern of a sports announcer.

Of course, the 16-year-old commentator who announces all games for the Hope college football team admits the fellow at the mike ought to know a few other things too — such things as a thorough knowledge of the complicated rules of the game, ability to recognize formations, and an alert eye for tricks.

Flanked by two "spotters," and numerous charts and rosters, young Vande Water holds forth in the press box of Riverview park stadium at each college game and pours forth a patter which compares favorably with professionals.

Hope's homecoming game here with Alma this afternoon will be Randy's last college game this season. He also is one of the announcers for Holland high school games.

Randy started announcing two years ago helping Rex Chapman at high school games. Chapman gave the youth many valuable pointers.

There are four things to remember on every play, Randy says. The announcer must know who is car-

rying the ball, who makes the tackle, gain or loss on each play, and location of the ball. In addition, he must recognize the formations, type of plays, and keep an alert eye on the yardage sticks and officials.

Intensely interested in sports, the five-foot-ten youth played on the reserve football team of Holland high last year but was not heavy enough for the varsity, weighing only 135. He will be one of the managers for the basketball team this year. He was a member of the track team last spring.

Randy's interests in sports began at an early age. He was born in Zeeland where his father, William H. Vande Water, taught physical education and other subjects in public schools. The family moved to Holland in 1937.

Randy's hobby is collecting sports pictures and sports programs, especially those of big games. His idea of a holiday is to see some big game.

He's also interested in journalism and has been a sports correspondent for the last three years. He has been in scouting since he was nine years old and now holds a Life rank.

Gay Floats Catch Public Eye in College Parade

Gaily decorated floats in a 7:30 p.m. parade followed by a rousing pep rally around a crackling bonfire and a snake dance through the business district Friday night touched off Hope college homecoming festivities with a revival of pre-war spirit.

Winning float was that decorated by the Sibylline sorority. A large white bell tolled effectively by a girl in football gear carried out the theme "For Whom the Bell Tolls" with Alma's football eleven as the victim.

The Hope college band, in blue and orange uniforms and a vanguard of cheerleaders led the parade. First in the lineup of floats was that of the campus queen, Myra Brouwer, and her court in pastel formal, against a background of streamers and flowers.

The Scotch motif was much in evidence as the Dutch sought to impress bystanders with the idea that Alma's Scots will be vanquished in today's gridiron contest.

A large football with the inscription "We'll Scotch Alma!" rested on the Sorosis float trimmed in brilliant plaid as a girl in Hope's football uniform held underfoot a girl in Scotch plaid.

A gold football on a miniature football field carried two Scotch lassies flanked by two Dutch girls and bore the inscription "Let's Take 'em for a Ride" on the Delphi float. Autumn leaves decorated the bottom of the platform.

Arctian fraternity depicted an Alma football player hanged in effigy inside a large cage with the theme "Alma Gave up Hope."

An appropriate hunting scene with a Hope gridman as the hunter decorated the Knickerbocker float which pointed out that Hope will be "Gunning for Alma."

Emersonians, with a man in Dutch costume carrying a large net, depicted Alma by a live Scottie in his doghouse with the theme "Net result — Scots in the Doghouse."

Fraternity society showed a Dutchman scrubbing the back of a tiny Scot in a large bathtub with effective "Hope Chips" and boasted "We'll Clean the Scots." Clothes hung on an improvised clothesline at one end of the float.

Freshmen, with a class member in a green and white buggy, wheeled by a sturdy Dutchman, said "Talking Alma is like taking candy from a baby."

A large egg beater in a high bowl and a huge bottle of "Old Alma Scots" whiskey carried the theme "We'll Beat the Scots" for the Cosmopolitan entry.

Thesaurians built a large clock decorated with Hope and Alma symbols and said predicted "Time Will Tell" on their float flanked by Scotch lassies.

Concluding the parade was the Dorian float in sorority colors, lavender and gold, and representing a huge Dorian sorority pin.

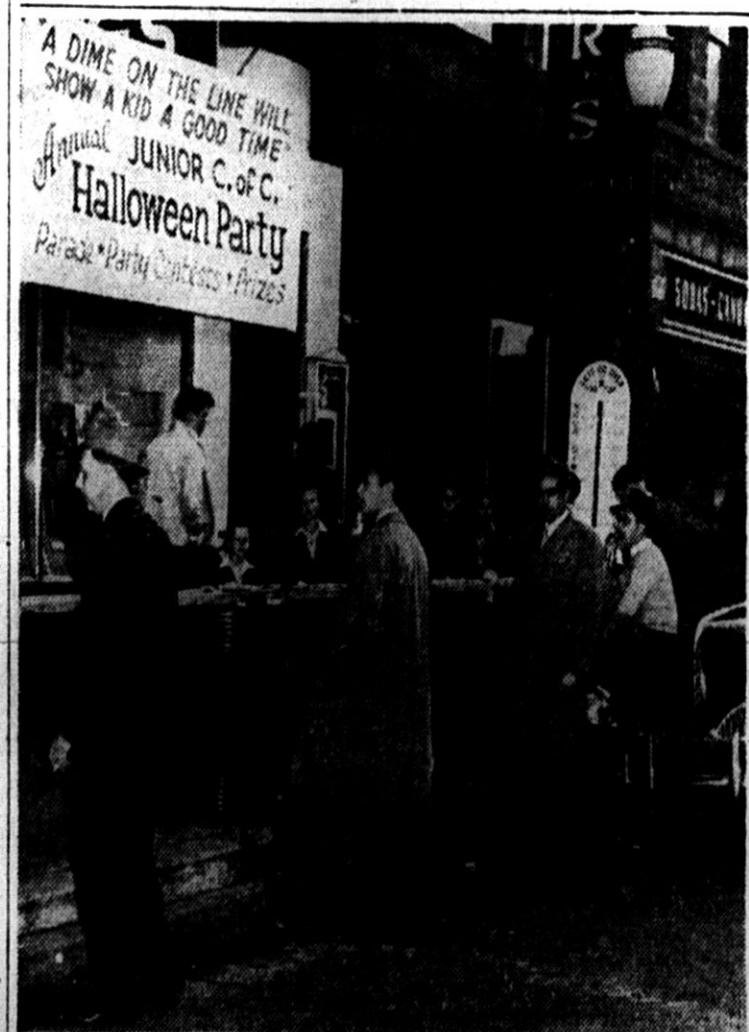

Don Scholten conducted the pep rally on the college athletic field which featured singing of college songs, yells and introduction of players by Coach Al Vanderbush.

Parade judges were Dr. Eugene Osterhaven and Dr. John W. Hollenbach of Hope's faculty.

Various luncheons and breakfast meetings were being held by fraternities and sororities for alumni today.

A walk in the water was the order of the day when yearlings at Hope college lost their pull with sophomores as 1,000 spectators cheered from the banks of Black river. In the upper corner is Prudence Haskin of Holland offering moral support to Don Van

Hoven of Zeeland, who doesn't look too happy at his chores. In the lower view Chris Pindar, Middlebury, N.Y., offers a willing tugger a suck at a lemon, presumably to restore his dried out tissues. The event was a feature of opening festivities at Hope college homecoming.

Frosh Take to River as Sophs Win Annual Pull

Black river was cold, the banks were steep and slippery and the water's edge was covered with scum.

That was the grim prospect faced by Hope college freshmen as they lost the annual pull to the sophomores, Friday afternoon.

It took just 40 minutes for the upperclassmen to convince the frosh that it was time for a bath. After abandoning hope of victory, the frosh plunged into the chilled water in good spirits.

As the pull began the sophs took up nearly 10 feet of rope which they held until the frosh began tugging. It looked like the "greenies" were on the road to victory but the sophs put on the weight and didn't stop until the frosh anchorman shook hands with the soph captain.

This was the second pull for the class of '49 and it has won both meets.

A crowd of 1,000 gathered at the river to witness the event. Some fans said "it's just the right temperature to watch, too hot to pull and too cold to swim."

Coaches for the two teams were Al De Voogd for the victorious sophomores and Con Vander Woude for the frosh. Both coaches have been grooming their boys for several weeks before the event.

As a result of the soph victory, the freshmen will now have to "pot" to sophomores as well as juniors and seniors.

A Big Vote of Confidence for Senator Vandenberg

We believe that the re-election of Senator Vandenberg presents a challenge to the people of Michigan. The Senator has taken the voice of our State into the highest councils of domestic affairs and into the peace deliberations of the world. He has given our State a prominence and an influence in world events that is unequalled in our history. His re-election becomes a matter of State pride.

We are proud of Arthur H. Vandenberg. We are proud that he comes from Michigan. He should be re-elected to the U. S. Senate with an extra big vote of confidence.

And remember this — no matter how heavy his responsibilities around the world, he has never failed you and our home State when Michigan interests have been at stake in Washington.

Let's get out and vote on Nov. 5. Let's "tell the world" that we support our Senior Senator from Michigan.

This message is published in behalf of 100,000 citizens from all 83 Counties of Michigan who placed Senator Vandenberg in nomination in June.

Last of Famed Gideon Founders Passes at 86

'Daddy Nick' Visited Holland Three Times; Rites Set Tuesday

John H. Nicholson, 86, last of the three founders of the Gideons, the organization which places Bibles in hotels, hospitals, penal institutions and schools, died Saturday in Beloit, Wis.

The Gideon founder, known affectionately as "Daddy Nick," visited Holland on three occasions. On these visits which covered several days, he and Mrs. Nicholson were guests of Ren H. Muller, now international president of the Gideons, and Martin Low, active in local Gideon circles.

Mrs. Nicholson died six months ago.

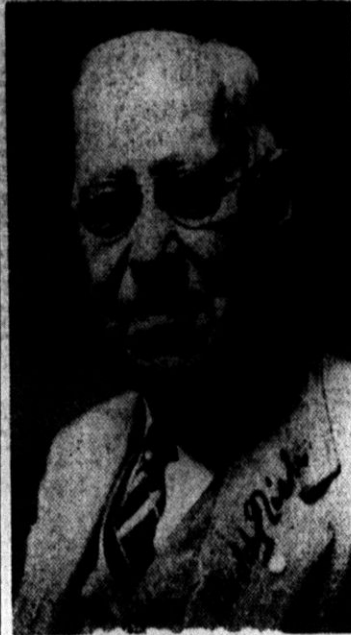

Funeral services will be held Tuesday afternoon in Beloit in charge of the Gideons. Muller will be one of the speakers.

The Gideons grew out of Nicholson's chance inability to get a hotel room alone. On Oct. 23, 1898, Nicholson, a traveling salesman, arrived late at the old Central House in Boscobel, Wis., and was assigned a room in which Samuel N. Hill, another salesman, already was in bed.

Nicholson, who knew Hill slightly, asked if he minded if he remained up for a time to read the Bible.

"I, too, am a Christian," answered Hill. "Let us have our devotions together."

Out of that Bible reading and talk that followed was born the Gideons, an international organization which has seen 2,529,327 Bibles placed in hotels and the like, besides 9,000,000 Testaments

John H. Nicholson

and Psalms placed in the hands of the Armed Forces.

Pupils in the fifth to the eighth grades of U.S. schools have received 700,000 copies of New Testaments, Psalms and Proverbs in a program which has a goal of 30,000,000.

Gideons today form a powerful organization of 12,000 active Christian Business men in the United States and 34 other lands. The Holland camp has about 45 members at present, with Richard Elhart as president. D. J. De Pree of Zeeland is state president and spends much of his time traveling in Gideon interests.

Driver Is Charged

Grand Haven, Oct. 31 (Special)—City police Saturday charged Russell S. Hanson, 30, of New Era, with failure to have his car under control after an accident on U.S. 31 in the city limits in which his car ran into the rear of one driven by Ellis Cooper, 40, of Muskegon Heights, whose car in turn hit the rear of one driven by Bert Carrier, 43, of Spring Lake. The two cars had stopped for a traffic light.

Holland Prepares To Meet Kazooks; Hope to Adrian

Local Teams Pointing For Season Windup With Busy Week-End

With only five games left in the season for the local football elevens, Holland High school will be out to keep up in the Southwest-ern Conference while Hope college puts on their bid for the leadership in the MIAA. Holland plays host to Kalamazoo Central Friday in a high school duel; Hope college travels to Adrian in an attempt to stamp the Bulldogs further into the cellar.

Kalamazoo expect no easy time with the Dutchmen and may rather be cautious in case the Hollanders get another "hot" night and give the Centralists a bad time as they did to St. Joseph last week. The Kazooks were victorious over the St. Joe Bears too, but by a 14-7 score, a less impressive decision than the locals took from them.

The Maroons ran over Jackson last week-end and beat them, 21-13 at Waldo Stadium for their fifth win of the season. Kalamazoo's only defeat of the season was handed them by the Muskegon Heights Tigers 10-121. The Dutchmen were beaten by the Heights, 32-19.

Holland lost one of its outstanding gridirers through an injury last week when Bob Van Voorst fell from a truck. He will be out for the rest of the season which will ruin his otherwise good chance of making the all-conference squad. Coach Paul Camburn will have to look long and hard to replace the 135-pound tackle who led the defensive line thus far through the season. Camburn gave the task of filling Van Voorst's shoes to Spence Van Alsbury in the St. Joe game and he proved himself capable.

Holland's chances of beating the Maroons are good and with even breaks may top the Kazooks. Coach Fred (Dutch) Zuidema's crew boast a fine pass defense and the locals will have to pass with care Friday. Central intercepted four out of five of Jackson's passes last Saturday and grounded the fifth attempt.

Hope college will travel to Adrian Saturday to meet the Bulldogs in an afternoon contest. Adrian has yet to win this season and Hope will be out to make sure their first win doesn't come at their expense. Alma crushed Adrian 25-0 and Albion practically repeated the performance downing the Bulldogs 27-0. Kalamazoo walloped the Albion outfit, 20-0, and Hillsdale piled up a 33-6 score against them. Albion's fifth defeat was handed them by a non-conference foe Findlay of Ohio by a 13-0 score.

The only other game in the MIAA this week is Hillsdale at Alma which will weed out one of these teams from first place in the standings. At the present there is a three-way tie for second place between Hope, Alma and Hillsdale. Kalamazoo is in undisputed first but will probably share the honor with Hope and Hillsdale after this week's play.

Coach Al Vanderbush, who tutored his boys into shape for the Alma contest, is not letting down out of respect to Coach Lyman Abbott and his Bulldogs. Adrian hasn't played ball the way they know how according to Abbott, and they may cut loose before the season ends.

He was a statistical draftsman in the control section of the flying training command at Randolph field.

Miss Sarah Emmick of Holland has been chosen a member of the committee for the "chocolate" which will be given Saturday morning to honor former residents of Spindler Hall for Women, Western Michigan college, Kalamazoo, who will return to the college for homecoming festivities.

Zwiep Asks Help In Clothing Drive

Dick Zwiep, local nurseryman who returned from a visit with relatives in the Netherlands last August, today stressed the necessity of co-operation on the part of all local persons in the clothing drives being staged by the Kiwanis club and the Christian Reformed churches.

Although the Dutch are perhaps making more progress in reconstructing their war-torn land than any other country, the need for clothing, particularly for warm underwear and socks is most acute, Zwiep said.

He received a letter from his father in the Netherlands this week asking for heavy underwear because the weather at present was cold and wet.

Persons who cannot give used clothing for the drive but who wish to co-operate may send woolen yarns, Zwiep said.

"The Dutch people have always been great knitters, and yarns of any kind will be greatly appreciated," he said. "Old sweaters are often taken apart and knitted into other articles."

The Nation Needs A Surgeon

Yes, it may need a flock of them to open up the New Deal-Communist administration, take a look at the little gremlins, point out just who they are and what they are up to; which, if any, can be saved and which ones must be cut out or off.

In my humble judgment, there are plenty of them and some of them are working irreparable havoc. Unless they are cut out, the Republic and with it the prosperity and the happiness of our people are doomed. The world's beacon light pointing the way to liberty and independence will shine no more for oppressed peoples.

We need surgeons to cut off the gangrene of non-production which is working ever toward the heart of our economy.

OPA, CPA and some other Federal agencies, like hardening of the arteries which cut down circulation and, in the end, kills, are hindering and ultimately will lessen ambition, destroy competition, and all incentive to be up and doing.

Communism, harbored and encouraged by the Administration over the last ten years, like cancer, cannot be cured. It, too, must be eradicated from our National Government.

The needed operations may cause some pain, discomfort, perhaps worse, but better that than to remain inert, inactive, and let the Nation die a slow, lingering death.

We can awaken and elect to Congress men with the courage to reduce needless expenditures; cause the discharge of unprofitable idle employees; men who will give life to that dead slogan, "Equal justice under law"; men who will restore opportunity; men who will stand toe to toe, facing the Communists, and slug it out with those who would by force overthrow our Government.

You know where I stand. Give me an overwhelming majority on November 5 and so let the Congressmen of other Districts know that a representative who fights bureaucracy, waste and extravagance, special privilege and favoritism, the granting of blank checks for money and power, will not be repudiated by his constituents when Election Day rolls around.

Sincerely,

CLARE E. HOFFMAN,
Your Representative.

IN THE STREAM OF HISTORY

The recent visit to Holland of
Dr. Lewis Beeson, secretary of the
Michigan Historical commission,
was a reminder that this section
is in the main stream of the
state's history. Dr. Beeson assum-
ed his duties as pilot of the state's
historical activities only a few
months ago. He came here from
Wisconsin to assume the place
vacated by retirement by Dr.
George N. Fuller, a veteran in
Michigan history activities for
more than a generation. Although
Holland is a small city, Dr. Beeson
evidently looks upon it as his-
torically important, or he would
hardly have paid us so early a
visit.

The largest communities are
not always the most important in
terms of history; a village some-
times is richer in history than a
city of a million. The historical
importance of what may be called
the Dutch frontier in Michigan
is hardly open to question. For
almost a full century now the
Hollanders who came here a cen-
tury ago and their descendants
have been making history.

The historical significance of
this section has been reflected
frequently in all sorts of books
and publications by all sorts of
writers. As a single instance, when
Milton F. Quail of Detroit wrote
a book a few years ago about
Lake Michigan he devoted a whole
chapter to this section, under the
title, "Along the Dutch Coast."
Quail gave far more attention
to the people here than he did
to the inhabitants of far bigger
places—for the simple reason that
this area is rich in history.

When Dr. George N. Fuller
former secretary of the state his-
torical commission, wrote a his-
tory of Michigan many years ago
he gave a large amount of space
to the Hollanders, although per-
sonally he had no connection of
any sort with the people here.
Anyone who is curious about the
place occupied in state history by
this section might go to the files
of "Michigan History Magazine,"
a state subsidized quarterly; the
Hollanders and their descendants
have been the subject of a large
number of articles.

Dr. Beeson's recent visit was
of course not made quite at ran-
dom; it was connected with the
forthcoming centennial activities.
The hundredth anniversary of the
arrival of Dutch immigrants in
this area serves as a kind of focus
for historical interest, and it is
the business of an official like Dr.
Beeson to encourage such move-
ments. But the historical signifi-
cance of this section has always
been in evidence and has not
needed a special anniversary to
keep it alive. The Dutch frontier
in Michigan is in the main stream
of the state's history.

Trinity Girls' League
Has Halloween Party

A scavenger hunt was one fea-
ture of a Halloween party held
Monday night by members of the
Trinity Girls' League for Service
in the Boy Scout cabin on the
church property. Following the
hunt, the group of 30 girls gathered
in the cabin, decorated in black
and orange, for games and refresh-
ments.

A large jack-o-lantern was part
of the decorations and guests re-
ceived small witch dolls with con-
ical hats and miniature broom-
sticks as favors. Joyce Mulder's
group won the scavenger hunt and
Eleanor Kolean's group paid con-
sequences as the losers.

Fortune-telling, bobbing for
apples and questions and answers
were among other games played.
The party was arranged by League
officers, Donna Brewer, Connie
Van Zyl, Eleanor Kolean and
Shirley Kolean, assisted by Miss
Fritzi Jonkman, sponsor, Mrs. H.
D. Terkeurst was a guest.

The next meeting will be Nov.
4 when the group will make
scrapbooks for mission children.

Paul Champions Freedom and
Brotherhood
Acts 15:23-29

By Henry Geerlings

The Jews were divided into
three groups. First, there were
those who rejected Christ com-
pletely. They believed Him to be
an impostor and would have no-
thing to do with Him except to
persecute His followers. Secondly,
There were those who accepted
Christ as the Messiah, but believed
at the same time that the laws
of Moses should continue to be
observed. It was their contention
that these laws were essential to
salvation. Thirdly, there were
those who accepted the presence
and message of Christ, holding
that these laws were not neces-
sary to salvation. The continual ob-
servance of the Mosaic ritual was
in their sight a matter of indiffer-
ence. In order to understand the
controversy which arose in the
church at that time it is neces-
sary to keep these groups clearly
in mind.

Paul and Barnabas had not
brought back to Antioch merely
a statistical table of their mission-
ary journey. They knew how many
there were both of Jews and Gen-
tiles who had accepted Christ as
their Savior on the basis of the
appeal the missionaries made. But
we can understand how that there
was something very much deeper
than all of this in the estima-
tion of the men who had been sent
out from Antioch. They had seen
Jews turn away from empty legal-
ism to the liberty Christ bestows.
They had seen Gentiles abandon
their idolatrous worship and made
the commitment of their lives to
Christ. They had witnessed men
of various nationalities and reli-
gions turn away from their sins
and accept Christ as their Savior.

It was these facts as Paul and
Barnabas recited them that pro-
foundly moved the congregation
at Antioch as they listened to the
wonderful story. It goes without
saying that the progress of the
church implies very much more
than numerical increase. Unless
the lives of people are changed,
their minds purified and their
ideals exalted nothing else counts
for much.

Dissensions in the church may
be justified. That a congregation
should be rent asunder over some
trivial and non-essential matter
cannot be in harmony with God's
will. If, however, schism results
from the determination that er-
roneous teaching will not be tol-
erated this must be in harmony
with God's thought for His church.
Anything is to be preferred to
that easy contentment which says
that one doctrine is as good as
another. Whatever obscures the
clarity and completeness of the
Christian message must be resist-
ed. It must not be forgotten, how-
ever, that we are the servants of
Christ and that the weapons we
use are spiritual ones. The spirit
of love and grace must not forsake
us when we are contending against
error.

The way to compose our differ-
ences is to discuss them with those
who hold positions of responsibility
and confidence. History has clearly
proved that one way to get to-
gether is just to get together.
Merely to talk matters over, to
discuss calmly disputed points, to
look into the faces of those from
whom we differ and to maintain
a spirit of calmness in it all is the
right way to smooth out difficul-
ties and to remove misunderstand-
ings. This may show us that there
are no real differences in doctrin-
al interpretation. At the same
time it is worth while saying that
there are no a few that are imagi-
nary. How often we have found
on personal conference that no-
thing separated us except the var-
ied meaning we put into words.
If we could fully understand the
terminology of our opponent the
chances are we would see eye to
eye.

Church councils have great value.
From the time Paul and Bar-
nabas and a few others went to
Jerusalem to meet with the apos-
tles and other religious leaders to
agree on the essentials for admis-
sion to the Christian church on
down to this day church councils
have been very important. They
have given to the church docu-
ments of far-reaching value, which
have settled any number of dis-
putes, and prevented even more
than they settled. The assertion
being made that the great men
who met in council to discuss
great doctrinal problems would
have rendered the church a more
lasting service if they had been
busy in their parishes, performing
deeds of mercy, is both shallow
and untrue. The church can never
be grateful enough for the deliv-
erances of these great leaders
through all these centuries.

Christ alone saves. He is the
Savior of all those who will be-
lieve in Him. Paul had no objec-
tion if others desired to adopt for
their own course of life the ritual
of Moses, but he would not allow
it to be regarded as an essential
to salvation, and just for that reason
he was unwilling to have it im-
posed upon the Gentiles who
turned from idols to serve the liv-
ing God. He resented the insinua-
tion that they had to become Jews
before they could become Chris-
tians. He accepted with all his soul
the postulate that by the deeds of
the law should no flesh be just-
ified. Referring all these matters
to the sphere of nonessentials was
his method of magnifying the all-
sufficiency of Christ as the aton-
ing Savior. His treatise on the
doctrine of justification by faith
alone indicated his unswerving at-
titude on the question as to what
was required and what was not
required for salvation.

Line Play Sparks Hope to Victory Over Alma 24-0

Capacity Crowd Sees Dutchmen Rebound After Kazoo Defeat

Great blocking and stellar running gave Hope college a 24-0 victory over the Alma football team Saturday in a homecoming contest at Riverview park. More than 6,000 fans saw the game in the comfort of a golden Indian summer day.

The Hope outfit clicked and the Alma Scots were well aware of it after five minutes when Hope had chalked up its first touchdown. It was Bob Emery and Gaby Van Dis who smashed Alma's line to a frazzle. Starting their drive from their own 38, where they received the opening kickoff, Hope began their drive with Van Dis gaining 13 yards on one play and

Emery plunging 25 yards on a series of plays. With the ball on the Scots 17, Dick Higgs took the ball from quarterback Nick Yonker and spun to the 5. Emery took it to the 2 and Van Dis plowed through center and scored. Higgs attempted kick was blocked and the score stayed 6-0.

The locals came right back and after kicking off to Alma and forcing them to punt, moved busily ahead to their next six points. Van Dis went from his own 37 to the 50; Higgs took it to the 45; Bill Appledorn to the 42; and from there on it was Van Dis. The 160 pound halfback from Kalamazoo took off from the Alma 42 in a classy change of pace gave a basketball fake to the Scot secondary and then journeyed on his way, taking to the south side of the field and tearing down the sideline pulling away from the Alma safety to score. Higgs conversion was wide and the Dutchmen led 12-0.

Alma stubbornly and soberly gave Hope a scare as they began what looked like a drive which was going to pay dividends. Hope kicked off to them and John Temple took the ball on the 25 and ran it to the 39. Temple again carried the ball for a 12-yard gain to the Hope 41. Bruce Butler then took to the air with two passes, one to Murray Hanna and the other to Chuck Martin which brought the pigskin to rest on the Hope 24. Bucky Walters then tried the center of the line and got to the 19 and another first down for the Scots as the first quarter ended. The Scots were unable to get past the one-foot line as Hope's forward wall held fast under pressure.

Shortly thereafter Max Tullis passed from his own 40 to the Hope 45 where it was intercepted by Ernie Post. Post carried the ball 10 yards and executed a perfect lateral to Higgs who didn't stop going until he hit the Alma 25 yard line. Emery and Bob Koop made five yards and a Statue of Liberty play netted a first down as Koop was downed on the 13. Three line plays brought the ball to the 3 yard line where Emery bucked the forward wall to score. Higgs' attempt was again wide and the half ended with the Hollanders

holding an 18 point lead.

As the second half opened Hope stamped to the Scot 21 where they lost the ball on downs. Alma, after three attempts to gain, attempted to punt but the kick was blocked by Abe Moreland of Hope and the Dutch took over on the Alma 30. On Hope's first down one of the freak plays of the year took place as center Don Ladewig's center pass went up straight in the air and was intercepted by the Alma end who was downed immediately.

After several exchanges of punts the third quarter ended and Alma had the ball first and 10 on their own 43. They failed to make yardage and punted to the Hope 16. Van Dis galloped to the 35 but one of the many Hope penalties brought the ball back to the locals one yard line from where Higgs punted to the 40.

Van Dis snatched a pass from a Scot receiver and was downed on the Hope 32. Three line bucks and a five yard penalty against Alma put the ball on the Hope 48. Emery then brought fans to their feet as he shook off half a dozen tacklers, being stopped once but finally broke into the clear, after running 48 yards he was spilled on the goal line but fell into the end zone for his second touchdown of the day. Higgs tried to pass for the point after touchdown but failed and the Hollanders held a 24 point advantage.

The ball game ended shortly afterward with Hope in possession of the ball on the Alma 24. It was Emery and Van Dis who spelled defeat very clearly in front of the Alma eleven and Coach Steve Sebo. Hope's line turned in a sparkling performance as they turned on many cross-blocks which resulted in long gains. Temple, Butler and Walters did most of the ball-carrying for the Scots and turned in fine games.

Marine Corps Offers Benefits Under GI Bill

A Grand Rapids representative of the United States Marine Corps will be in Holland each Tuesday from 10 a.m. to 3 p.m. at the Marine Corps Recruiting office, located on the second floor of the post-office.

According to recruiting authorities of the Marine Corps, there seems to be confusion in the interpretation of the GI Bill of Rights.

The GI Bill offers, with other benefits, government assistance in furthering the education of certain qualified discharges, and as amended, says that a man discharged under honorable conditions who has served 90 days prior to the termination of the emergency, is eligible to receive these advantages. Public Law 190 which amended the original bill, provides that the emergency will not be terminated before the end of the enlistment of those who enlisted on or before Oct. 5, 1946, in order that they may qualify under the 90 days active service rule.

No such assurance can be given men volunteering for military service after Oct. 5, since the emergency can be terminated by resolution of Congress or by presidential proclamation before the 90 days of active service have been completed. In short, young men of military age who want to take advantage of the GI Bill of Rights must volunteer without delay.

The Marine Corps Recruiting Service is continuing to accept applications for enlistment throughout the state of Michigan. Men accepted for enlistment are transferred to Parris Island, South Carolina for primary training.

A standard railroad rail is 39 feet long.

Norman Ickes, 52 Killed by Auto Near West Olive

Ottawa Prosecutor,
State Police Continue
Probe Into Mishap

Grand Haven, Oct. 31 (Special) — Norman Ickes, 52, route 1, West Olive, was instantly killed near his home at 6:40 p.m. Tuesday when he was struck by a car driven by Arnold F. Wykstra 27, of Zeeland, formerly of Holland. The Ickes home is located on M-50 just west of River road.

In a statement to Prosecuting Attorney Howard W. Fant, Wykstra said he was blinded by lights of a truck and did not see the victim until too late to avoid striking him, although he said he swerved in an attempt to avoid the man.

Ickes received a crushed skull and fractured right leg.

Raymond Lyons, driver of the truck, said Wykstra paused to chat with him after alighting from the car of a neighbor, John Stille, with whom he rode to work. Lyons also said he warned Ickes of the approaching car as Ickes left the truck to cross the pavement at an angle toward the Wykstra car.

Riding with Wykstra were his wife, Irene, their infant child, and the former's cousin, Mildred Renkema.

Ickes' son, George Norman Ickes, 26, of Ferrysburg, died in an unknown manner last Feb. 2 when his body was found on Shelton road during a severe snowstorm.

Coroner Joseph B. Kammeraad of Coopersville is withholding his verdict pending further investigation by Prosecutor Fant and state police.

Surviving are a daughter, Miss Eva Stiffler of Terre Haute, Ind.; four sons, Pvt. Robert Ickes of Selfridge field, and John Frank and James of this vicinity; two sisters, Mrs. Hazel Bleas of Ferrysburg and Mrs. Evelyn Dreese of Grand Haven; and a brother, Wayne of Nunica. Mrs. Ickes, wife of the victim, died in 1927.

Funeral services will be held Friday at 2:30 p.m. from Van Zantwick and Ayres funeral chapel with burial in Nunica cemetery.

Tourist Season Unprecedented

Holland was represented at the annual meeting of the Michigan Tourist and Resort association in Grand Rapids last week when emphasis was made on the unprecedented rise of tourists flocking to Michigan resorts.

Chester Van Tongeren and Peter Van Domelen, Jr., of the Holland Chamber of Commerce were named to the board of directors. Van Domelen replaces C. C. Wood who has been a member of the board more than 15 years. Harold Vander Ploeg of Virginia park also was named a director.

William Palmer, secretary-manager, pointed out few people in the state realize the vast flood of tourists coming into Michigan each year. He said it is the association's obligation to build an appreciation of the tourist trade in each community and make communities realize their responsibility in serving these tourists.

He explained the rapid increase is due to the travel urge induced by extensive advertising and the presence of more money in the country.

Navy Day Flowers Presented by DAR

Flowers from every part of the United States were scattered over the waters of the seven oceans Sunday in memory of the American boys who lost their lives at sea during World War II. These flowers were sent by members of 2,500 chapters of the Daughters of the American Revolution to the Navy department as the patriotic society's part in commemoration of Navy Day.

Mrs. Julius Y. Talmadge, president general of the DAR, stated that the flower memorial services planned by the Navy League is a "beautiful tribute to our gallant young men who followed the flag in the naval service and who made the supreme sacrifice in the line of duty." The DAR was honored to be invited to participate in this Navy Day program, she said.

The flowers of DAR members were sent to the senior navy chaplains at 25 different ports from Portland, Me., to Seattle, Wash. With other floral tributes they were placed aboard navy vessels or planes which proceeded out of sight of land. They were then scattered upon the waters.

During the war, the DAR War Service Gardens committee distributed thousands of packages of seeds to the various hospitals and medical institutions of the armed services throughout the world. Service men and women planted these seeds in gardens near the hospitals, and the gardens flourished even in far off islands of the Pacific and in Japan.

Survey Shows Low Farmer Incomes

Data on operating costs on 999 Michigan farms have been received at the extension office. These 1945 records are compiled at the farm management office, Michigan State college, in co-operation with farmers.

Farming expenses in 1945 were actually greater than farm income for the period 1935-1939. Costs to farmer were \$15.33 per acre for labor; \$6.80 an acre for feed purchased; \$6.08 machinery costs per acre; \$1.14 crop expenses; \$1.91 for improvements; 78 cents for taxes and \$1.63 for other expenses. This brings total costs for each acre worked to \$26.40. Exclusive of the farmers own labor the costs came to 52 per cent of the gross income.

A total of 69 per cent of income came from livestock, 28 per cent from crops and 3 per cent from other sources.

L. R. Arnold, Ottawa agricultural agent, says that because of high costs it is certain that efficient operation is necessary if a profit is to be expected.

During recent years many costs such as repair to buildings, fences, etc. have been neglected due to lack of material. If these were added the farmers profit in 1945 would decrease accordingly.
