Committee Named To Discuss Cost Of Pipeline Job

Cost Is Biggest Item
Facing Representatives
Of Various Groups

A group of 30 representing governmental units voted to boil it self down to 12—one from each unit—for further study of costs and feasibility of a water pipeline from Lake Michigan near Holland to East Grand Rapids.

Action was taken at the second meeting on the subject—initiated by Wyoming Township officials—at a meeting in Zeeland City Hall Tuesday evening.

The 12-man committee, representing cities, a village and townships along the route, will meet Nov. 24 at Zeeland City Hall to study the matter further and try to come up with an estimated cost, which everyone feels is the big question.

Each committee member was instructed to bring along results of water surveys in their respective areas so far and estimates of the number of people that must be served. A neutral consultant also will be invited to the meeting.

After the committee determines estimated costs, each member will report back to his respective board or commission and find out if it is feasible to go further.

Randall C. Bosch, vice president of the Holland Board of Public Works, which is in the process of a survey to determine whether this city should go to Lake Michigan, Lake Macatawa or use wells for more water, said, "We've been working on this thing for years and now are in the testing stage. It will take a thorough study by this group and the BPW from both the control angle and cost to Holland water users. We must find what is the best result of the two angles. It's a mutual problem, but we must find what is the best for each community."

The proposed Kent and Ottawa County Metropolitan Water Board would own the transmission facilities only, and give water to each unit on a meter basis.

Wyoming Township Supervisor Louis Vos presided at Tuesday's meeting and solicited opinions from representatives of each group.

Named to the 12-man committee and units they represent were: James H. Klompars, president of Holland BPW, Holland; Walter Vander Haar, Holland Township; Elmer Hartgerink, Zeeland City; Maynard Mohr, Zeeland Township; Harvey Tinslot, Park Township; Harold Peuler, Hudsonville; Gene Adriense, Grandville; Paul Spelman, Wyoming Township; Jake Van Houten, Paris Township; F. C. Warren, East Grand Rapids; and Tom Maynard, Walker Township.

Total Represents \$36,536 Decrease From This Year

Salary Adjustments
Follow Recommendation
Of Study by Service

GRAND HAVEN (Special) — The Ottawa County Board of Supervisors at its closing session Tuesday adopted a 1954 budget of \$541,629, a decrease of \$36,536.49 from this year's budget of \$578,165.49. The old budget, however, included an \$85,860 item for voting machines for the county.

Some salary adjustments were made in keeping with the recommendations of the Michigan Personnel Service of Ann Arbor which conducted a study for county officers. These, however, did not affect county officers whose salaries cannot be changed during the term of office. Most increases ran from a few dollars up to \$200 a year. Largest increase was in the classification of custodian in which one was raised from \$3,000 to \$3,384 and another from \$3,000 to \$3,216.

The general breakdown of the budget following, listing 1954 totals and then 1953 totals:

Appropriations, \$5,000 and \$3,500; addressograph, \$1,325, no change; Board of Supervisors, \$12,525 and \$12,225; Circuit Court, \$5,750, no change; Circuit Court Commissioners, \$50, no change; coroners, \$1,500 and \$1,200; county agricultural agent and home demonstration, \$6,810 and \$4,835; county clerk, \$3,716 and \$3,216; county treasurer, \$4,337.20 and \$3,987.20.

Court house and grounds, \$12,315 and \$11,815; drain commissioner, \$3,100 and \$2,000 (new budget contains new revolving drain fund of \$1,000); election, \$7,650 and \$3,650; justice court, \$7,250, no change; hospitalization, \$625 and \$475; county agent and juvenile court, \$935 and \$885; miscellaneous, \$19,400 and \$20,600.

Probate court, \$3,661 and \$8,311; friend of the court and probation officers, \$3,691 and \$2,551; prosecuting attorney, \$1,581 and \$1,375; photostat, \$4,500, no change; register of deeds, \$4,909 and \$4,306; road commissioners, \$2,400, no change; sheriff, \$26,350 and \$22,700; county board of education, \$30,882 and \$26,490 (new budget includes new mentally retarded children's program for \$23,000).

Health unit, \$87,148 and \$93,905 (new appropriation includes a \$10,000 reduction from unexpended funds from last year); salaries, \$134,421 and \$129,695; County drain at large, \$2,657.80 and \$3,099.29; social welfare, \$37,000 and \$33,500; tax allocation, \$640 and \$515; county roads and county parks, \$82,000 and \$58,000; Camp Potawatomi, \$1,500, no change; Workman's compensation fund, \$500, none last year; total budget, \$541,629 and \$578,165.49.

In the final discussion, Supervisor Henry Slaughter of Tallmadge township protested a \$500 item for uniforms for the sheriff's department, and cast the only dissenting vote for that appropriation.

Later he protested the \$75,000 allocation for county roads and his substitute motion to cut the appropriation to \$35,000 lost 26 to 4. The original motion for \$75,000 carried 28 to 2. Previously, the road commission had requested \$133,000.

James E. Townsend of Holland explained county bond investments which have a present value of \$140,000 instead of \$103,600 originally invested.

The board also allowed up to \$3,000 for special patrol work in county traffic under the sheriff's budget. This will aid such problems as having a part-time patrol officer in the Beechwood area.

Zeeland's Chix Gird for Fremont

ZEELAND (Special) — "Desire to win is going to be the deciding factor in this game," said Zeeland High School grid mentor Jerry Groters today in discussing Friday night's home encounter with Fremont.

"There's not much to choose between in the quality of the teams, so spirit is going to make the difference," he added.

Balanced against Chix Ron Weatherbee and John Vanden Bosch, two of the better halfbacks in the area, will be 196-pound Fullback Don Hendrie. Hendrie has been the main cog all season in the Packer offense.

Fremont Coach John Forten operates both a "T" formation and the single wing attack. The squad comes out in the "T" with balanced line frequently shifting into the wing with an unbalanced forward wall.

Others slated to start for Fremont are Roger Schuitema and Benny Ford at ends, Bob Walters and James Gardner at tackles, Don Brinkman and Scott Holmes at guards and Hugh Johnson at center.

With Hendrie in the backfield will be Louis Holmes at quarterback, and Don Carow and "Win" Miller at the halfback slots.

Zeeland, meanwhile, called off Tuesday's scheduled scrimmage with Grand Rapids Lee because of rain. Wednesday's practice made up in both intensity and duration for the missed scrimmage.

No injuries were recorded in the Sparta contest, and the squad appears eager to go. Game time is 8 p.m. at Zeeland Athletic field.

Township Officials Hear Hospital Needs Explained

Community-Wide
Participation Sought
At Initial Meeting

Holland Hospital and City Council representatives met with Holland, Park and Fillmore township officials Wednesday night at the Warm Friend Tavern to discuss community-wide participation in financing a hospital addition.

Township officials present, speaking as individuals, heartily endorsed the general idea, and decided to call a joint meeting of their respective boards to sound out official opinion. Holland township clerk Walter Vander Haar was named to arrange time and place for the meeting and said, "I will do so at the earliest possible moment."

Mayor Harry Harrington briefly traced the history of the hospital and emphasized the urgent need for more beds and cited the fact that right now beds have to be crowded into the halls most of the time. He asked those present, "What would we do in event of a catastrophe, such as the Flint tornado or some big explosion?"

He said the Hospital Board and building committee has spent long hours on the problem and the city has employed a well known firm of hospital consultants to survey present and future needs.

"We must grow together and share our mutual problem," he said.

Dr. Otto van der Velde, staff physician, outlined physical needs. He said, "We need beds. There aren't nearly enough to serve people of the community and there are usually five or six beds in the hallways. That's a poor place to get well. It's certainly not comfortable if you're sick."

"Right now we need 35 more beds and we are told that by 1955 we will need 50 more," he said. "If we started an addition today we couldn't complete it by 1955. More beds mean extension of all services."

Other needs he cited were: at least 15 more bassinets, one more delivery room, maternity department on one floor, x-ray waiting room, another operating room, good recovery room, enlarged kitchen and better methods of serving so food

Ottawa Board Rejects Plan for Psychiatric Aide

Nearly All Supervisors
Comment on Program;
Final Vote 24 to 6

GRAND HAVEN (Special) — By a vote of 24 to 6, the Ottawa County Board of Supervisors Monday rejected a program to employ a psychiatric social worker for the county to work in conjunction with Muskegon County.

The measure which was introduced last week for the third year brought forth comments from virtually every member of the county board.

Richard L. Cook, member of the Health committee, said the Child Guidance Clinic for Western Michigan in Muskegon was organized about eight years ago and said Ottawa County has access to all its facilities which are shared by Muskegon, Ottawa and Newaygo Counties. He said 2.1 per cent of the patients come from Ottawa County, 70 per cent from Muskegon County and about 4 per cent from Newaygo for which Ottawa contributes \$3,875, Muskegon \$12,000, and Newaygo \$200.

Cook pointed out that Ottawa contributed about a quarter of the total amount of the administrative cost and the state pays the entire cost of three psychiatric social workers. He pointed to problems of transportation and that some Ottawa children are not getting proper treatment because their parents cannot take the time to go back and forth to Muskegon. When the question was first brought up in 1950 it was estimated costs to the county would be \$12,000, but now it is estimated at \$7,000 which includes \$5,000 for salary.

John H. Ter Avest of Coopersville said several PTA's were promoting the program, but that most parents did not have a clear picture of what the program is.

Henry Vermeer of Jamestown said his wife, a school teacher, has dealt with some problem children and he felt the program would be worth \$8,000 even if it would help only one child.

Henry Slaughter of Tallmadge Township felt the board was venturing into something it can't back up. "If these children need help why don't they make application to go to Muskegon?" he asked.

James E. Townsend of Holland, who moved that the board appropriate not more than \$8,000 for the program, said the cost is little enough in terms of prison costs and mental institutions. He said the county is appropriating \$75,000 for roads and while he is in sympathy with the road program he thought the county also should be concerned about the people who travel those roads. He wanted the county to try the program one year and if it didn't work out it could be abandoned.

Jacob Ponstein said the Muskegon clinic served 133 children from Ottawa County for the 24 years starting January, 1950. He said 16 were unable to continue because of transportation and other reasons and there are 15 or 16 on the waiting list.

William L. Kennedy of Allendale mentioned that several trips to the Muskegon clinic seemed to do no good for one problem child in a school there, but that the entire problem was solved when the teacher was changed.

Questioned by William Koop of Holland, the Health committee reaffirmed the statement that salaries of psychiatric social workers in Muskegon are paid by the state. The Muskegon Board of Supervisors appropriated \$3,500 for this office at its present session, an increase of \$1,000 over last year.

Albert Stegenga of Olive Township asked if ministers and other professional people in this county could not provide whatever guidance is necessary.

Ter Avest felt the county should study the program another six months.

TRAIN CONDUCTOR NICK AKERSHOEK (right) checks the train tickets of Jesus Jimenez (left) as Holland hospital nurse Mrs. Joe Stevens, speaking alternately in Spanish and English explains to both the travel arrangements. Jimenez, who was one of 21 injured in an accident Sept. 7, south of Holland, was the last to be discharged from the hospital. After several weeks of negotiations with U.S. Labor Department representatives and the Mexican government, final details were cleared early last week. Miss Jo Peerbolt accompanied Jimenez and Mrs. Stevens in the ambulance to the train station. (Sentinel photo)

Last Injured Mexican Leaves Holland Hospital

"Thank you to everyone. I will miss Holland Hospital. God bless you all."

With these final words spoken in Spanish, Jesus Jimenez, 36, of Mexico, left Holland Monday for Cairo, Ill. He was the last of 21 workers injured in a Labor Day week-end accident south of Holland, to be discharged from the hospital.

Jimenez, encased in a plaster cast from his head to his waist, was pronounced fit to travel. He is recovering from a broken back. He was placed aboard a Chicago bound train at 8:30 a.m. Monday.

In Chicago he was to be greeted by Traveler's Aid representatives who were to help him change stations, see to his meals, and care for him during a six-hour layover between trains.

In Chicago, Jimenez was to be put aboard a compartment in the "Panama Limited", for Cairo, Ill. In Cairo, representatives of the Trailback plantation, in Essex, Mo., his final destination, were to meet him with a doctor and further transportation to the plantation.

Behind all the travel arrangements were weeks of work with the U. S. Department of Labor and the Mexican government. The necessary details were further complicated by the fact that Jimenez could not speak English.

Hospital Director Fred Burd said U. S. Labor Department officials first had to check that all arrangements of the Jimenez's

contract as to care and facilities were completed. And all these details had to be then cleared through the Mexican consul in Detroit.

Conductor's aboard the Chicago bound train from Holland and the one to Cairo, Ill. had to be notified that the injured man could not speak English and might need assistance in his journey.

To double check everything, Jimenez was carrying a letter marked, "To Whom It May Concern," explaining the situation just in case things went amiss en route to Cairo.

During his stay at Holland Hospital, Jimenez proved to be an excellent patient despite his inability to speak English. A Spanish speaking nurse, Mrs. Joe Stevens, was generally on hand to iron out any difficulties and Mrs. John Kemper, who spent many years in Mexico with her missionary husband was also available to help.

Spanish speaking Mrs. Kemper explained all the details of the train trip to Jimenez before his departure. Hospital nurses said Jimenez seemed to appreciate all that was being done for him and they all, agreed he was easy to care for.

The story ended Tuesday with the arrival of a post card from Traveler's Aid Society in Chicago, saying Jimenez had arrived, was cared for, and put aboard the "Panama Limited" for Cairo, Ill.

\$750, and the board also voted \$1,500 to the Muskegon Guidance Clinic instead of the \$500 previously earmarked.

In other business, the board approved a resolution from the soil conservation committee favoring the present departmental organization of soil conservation districts and the maintenance of regional, state and local soil conservation personnel to carry forward sound soil conservation programs. Copies will be sent to the secretary of agriculture, U.S. Rep. Gerald R. Ford, and U. S. Senators Homer Ferguson and Charles Potter. Last week Roy Lowing, chairman of the committee, gave an oral report on soil conservation activities for 1953.

Farm-to-Prosper Report Blanks Given to Agents

Report blanks in the 1953 West Michigan Farm-to-Prosper Contest now are in hands of county agricultural agents and will be distributed shortly to the 103 competing organizations. They are to be returned to county agents by Dec. 1.

The forms, it is explained are more for the purpose of serving as a guide in making out a complete report on activities since last Dec. 1 than as a complete report blank in themselves.

A complete narrative report is urged together with any pictures, newspaper clipping, programs, and so on.

The blanks list five categories of activities—what an organization has done for itself; what it has done for its community as a whole; what it has done in the interests of youth; the interest it has taken in county affairs; and the interest it has taken in state, national, and world affairs.

Enthusiasm is high among the organizations who are not so much interested in winning a prize as they are in doing something for their communities.

Reports are judged at the county level by committees in each of the five counties in which the contest is carried on—Muskegon, Ottawa, Oceana, Newaygo and Mason.

Report placing first in each county is sent to the Michigan Extension Service office, East Lansing, where the Sweepstakes winner is decided.

As has become traditional, winners will be announced and awards bestowed at a big Round-Up in auditorium. This year's Round-Up has been set for 1 p.m. Tuesday, Dec. 29, when Governor Williams will hand out the Certificates of Award and cash to the top five organizations in each county and sweepstakes awards.

Cash prizes again are \$50, \$30, \$20, \$15, and \$10 in each county, with the \$100 Sweepstakes. Business organizations provide the money in their respective counties. Every organization turning in a report will receive a Certificate of Participation, with a seal showing number of years the organization has completed.

Enrollments have increased every year, to reach the record high of 103 this year.

All members of competing organizations and friends are eligible to attend the Round-up, which is free. The same is true of members of business organizations contributing the prize money.

FLOYD STEVENS (left), Michigan boxing commissioner, was in Holland Tuesday to see many old friends and conduct some business. Stevens explained the new point system that will be adopted for all National Boxing Association member states. Here he confers with John J. Good, about the new scoring system. Stevens is most enthusiastic about the boxing picture in Michigan, especially the weekly Motor City fights. (Sentinel photo)

Grandstanding...

Michigan Boxing Commissioner Floyd Stevens from Grand Rapids dropped in on friends in the Holland area Tuesday on a combined pleasure-business trip and it was hard to keep him off his favorite subject—boxing.

Stevens, who really warms up when he talks about boxing in Michigan, cited the rapid strides being taken in the state during the past two years and paints a rosy picture for the future.

He also explained how the mumble-jumble of scoring bouts in different states is being untangled and a uniform system substituted.

It started last September in Milwaukee at the National Boxing Association convention, at which commissions from most of the states and several foreign countries were represented.

There were 13 different sets of scoring rules in effect throughout the country and the commissioners felt a definite need for standardization, especially with television focusing nation-wide attention on bouts.

Questions were sent to each state asking for preferences and the field was narrowed down to two—the "split 10" system as used in Michigan, Illinois and Missouri, and the "must 10" system. Under the first, a fighter gets 6-4, 7-3, 8-2, etc. and under the "must 10" system, which won out by two votes, the boxer who wins the round must get 10 points and his opponent gets from 10 down to zero.

"The new system might be more

cumbersome, but it is fairer for a boxer because of the greater range of points," Stevens said. "New York state isn't a member of the NBA, but I believe they too will adopt the new system."

"Boxing interest is high, especially in Michigan," he added. "An example is the recent Davey-Andrews fight in Saginaw which drew every fight gate at Madison Square Garden during the past year, with one exception—Vejar and Martinez."

The boxing commission in Michigan has authority over all boxing and wrestling in the state, including licensing of doctors, referees, inspectors, spread of ticket prices, time, talent and has authority to levy fines up to \$5,000, and if necessary suspend a fighter for life.

In addition to Stevens, who was appointed to the post five years ago by Gov. G. Mennen Williams, there are four other commission members who act in an advisory capacity.

Stevens is most enthusiastic about the Thursday night Motor City Fights and points out that this is one of the few states that has a fight on TV every week. "We will soon celebrate our 100th consecutive fight on that show," he said.

As for Davey: "I don't see why there should be such a cry over him, after all he lost only two fights and may not have taken Andrews seriously enough," Stevens said.

Police believe Lawrence's car skidded on wet leaves. The impact blew out nearly every window in the car and ripped off both doors on the driver's side. Pieces of the door were found stuck in the car nearby. 125 feet from the car. The full size station wagon appears short as it was partially wrapped around the tree. Two doors normally fit into the open space between the tree and the rear fender. (Sentinel photo)

Spectacular Plays Feature Scoring In Lopsided Game

A Holland team near full strength for the first time in the last three games came up with a potent combination that rocked winless St. Joseph High School 34-7 in a game played before a sparse crowd at Dickinson Stadium in St. Joe Friday night.

It was the sixth straight setback this season for Coach Walter Gephart's crew and moved Holland up to the .500 mark for the season so far with three wins and the same number of defeats.

Holland scored or set up most of its five TDs on spectacular plays—the kind that thrill any football crowd. Three times the Dutch struck pay dirt, through the air and twice on the ground, once on a brilliant 49-yard run by Fullback Irwin Ter Haar. When the Dutch were bogged down on the ground they took to the air, as evidenced by eight out of 12 completions.

It was evident from the start of Friday's game—with a blowing rain during most of the first quarter—that Holland was out to win this one. The Dutch were blocking viciously, especially downfield, and tackling was hard in most cases, as is evident from the many St. Joe injuries.

Friday was more or less End Ron Israel's night as the lanky end, who hadn't caught a pass so far this year, pulled down three for touchdowns and turned in an impressive game in the blocking and tackling department.

The first local score came with 33 seconds to go in the initial quarter. With fourth down and eight to go on the St. Joe 12, Fullback Ter Haar let go a bulls-eye that Israel caught high in the air in the center of the end zone. It was a honey of a catch and climaxed a 67-yard Dutch march. Quarterback Bob Van Dyke added the point and it was 7-0.

Early in the second quarter Halfback Ron Van Dyke passed to Bob Van Dyke, who caught the ball on the St. Joe 28 and ran all the way to a touchdown, but the ball was called back and Holland was penalized 15 yards for holding.

The next local score came with two minutes left in the second quarter. Ter Haar took the ball on a cross-back over left tackle, broke into the open and sprinted 49 yards to a touchdown. It was a beautiful run. Bob Van Dyke kicked the point and it was 14-0 in Holland's favor at halftime.

Pin-sized Halfback Bill Sandahl added another Holland score late in the third quarter when he squirted through left guard from two yards out to climax an 81-yard drive. Van Dyke's kick was no good and it was 20-0.

Early in the fourth quarter, St. Joe End Bob Ellis dropped back in his own end zone to punt. It was 4th down and 46 to go for a first down. The center was high and before he would get anything resembling a punt away he was snowed under by Holland linemen in his end zone for a safety. That made it 22-0.

Coach Dale Shearer had his subs in late in the game and Quarterback Del Grissen tried a pitchout that St. Joe Halfback Larry Dutenhaven intercepted and ran 22 yards to score. Nate Duncan rammed through for the point and it was 22-7.

With bullet-like speed, Holland scored two more touchdowns before the final whistle sounded.

After the St. Joe kickoff was returned to the Holland 29 by Dick Den Uyl, Halfback Gerald Brower picked up 10 yards around right end. On the next play Grissen heaved to Israel who caught it all alone on the St. Joe 40 and ran from there to the end zone unmolested. The extra point try was no good and it was 28-7. There were 43 seconds to go in the game.

Holland kicked off and on the second play from scrimmage, Brower intercepted a St. Joe aerial and returned to the Bear 25. On the next play Grissen again found Israel all alone down the middle and connected for the last score with 11 seconds to go in the game. Grissen's try for point failed and the gun sounded after the kickoff.

Holland played sharp football Friday night. The entire first string backfield of Ter Haar, the Van Dykes and Sandahl was good. Dick Yskes, Blaine Timmer and

Friend on Ground Witnesses Event; Companion Injured

A pilot was killed and his companion seriously injured when their rented Cessna plane crashed into a cornfield about 4:30 p.m. Saturday about six miles south of Holland.

Ralph P. Fuchs, 33, of 4338 Albany Ave., Chicago, was killed instantly in the crash, his death due to a skull fracture and lung puncture. His companion, Emil Kupisch, 31, Bensenville, Ill., was in fair condition Monday in Holland hospital. His injuries consisted of a fractured right leg, face lacerations and possible abdominal injuries. Hospital authorities said he showed slight improvement today.

The crash occurred in a cornfield on the George Den Uyl farm on Tucker road about a mile northwest of US-31. Witnessing the crash was Solomon D. Jacob with whom the two Illinois men had planned to go hunting. They had called Jacob the previous evening from Chicago and asked about hunting licenses in Michigan.

Jacob said he heard a plane overhead Saturday afternoon and went out to see if it carried his Illinois visitors. The plane circled low and then crashed while dipping the left wing. Officers learned later that Fuchs was attempting to signal Jacob to pick up the pair at Park Township airport. Guns and shells were in the plane.

The plane fortunately did not catch fire, and officers on the scene were particularly about cigarettes. The left wing, left wheel and left side of the fuselage were considerably damaged. The plane did not flip over.

It was the second plane wreck for the Illinois firm which rented the planes in two weeks, officers learned. Two weeks ago the firm rented a plane to another pair to go hunting in Minnesota. The plane crashed and both hunters were killed.

Investigating the crash were Troopers William Ogden and Walter Bilanow of the South Haven state police post, Fillmore Deputy Henry Bouwman and Coroner William Ten Brink of Hamilton.

The crash was not responsible for a power failure in the locality of the crash which blacked out the area for several hours. The plane cleared electrical wires by at least 20 feet, witnesses said.

Chicago Man Pays Fine On Hunting License Count

GRAND HAVEN (Special) — Robert Hayward, 45, of Chicago, was arraigned before Justice Frederick J. Workman Wednesday

afternoon, charged with unlawfully procuring a small game hunting license by making a false statement as to his residence and address. He paid \$10 fine and \$8 costs for the offense which allegedly occurred in Holland Township Wednesday morning.

Hayward had been picked up Wednesday morning by state police after they were notified that he was in possession of a quantity of firearms, including a loaded revolver, in his car trunk.

It is reported his wife and children were staying at a Holland motel. He borrowed a car to go hunting while his was being fixed at a garage. The garageman, George Spinner, discovered the firearms and notified state police.

Two Persons Injured In Three-Car Mishap

Two persons received minor injuries and three cars were damaged in a collision in the intersection of 11th St. and Maple Ave. at 3:40 p.m. Friday.

Involved were cars driven by Lawrence May, 43, of 232 Maple Ave., heading south on Maple Ave., and Anton Seif, 73, of 29 West 14th St., driving west on 11th St. The Seif car collided with one operated by Calvin Tariff, 20, of 818 North Shore, heading east on 11th St.

At Home After Honeymoon

Mr. and Mrs. Kenneth Lee Behrendt (Vander Woude photo)

After a wedding trip to Niagara Falls, Mr. and Mrs. Kenneth Lee Behrendt are now at home at route 4, Holland. In about three weeks, they will move into their new home at 430 Lake Shore Dr.

They were married Oct. 9 in the Church of the Open Door, Grand Rapids, in double ring rites performed by the Rev. Joseph Hyink. The bride is the former Florence Ann Hoekstra, daughter of Mr. and Mrs. Theo. Hoekstra of Grand Rapids. The groom is the son of Mr. and Mrs. Edward C. Behrendt of route 4, Holland.

Palms, white mums and candelabra decorated the church for the rites. The Rev. Robert Lignell, soloist, sang "I Love You Truly" and "The Lord's Prayer." Organist was Wendell Leathhead.

For her wedding, the bride chose a gown of chintilly lace over taffeta, featuring a fitted bodice with stand up collar and long sleeves and a full ballerina-length skirt. Her fingertip veil, edged with lace, fell from a beaded train.

Attending the bride were Miss Dorothy Bolom as maid of honor, and her sisters, Mrs. Kathryn Kamp, Mrs. Carl Wennersten and Miss Ruth Hoekstra as brides-

maids. They wore strapless ballerina gowns of net with velvet boleros. The honor attendant's gown was lavender, with purple bolero, and the bridesmaids, champagne with rust bolero, pink with rose bolero and pale blue with royal blue bolero, respectively. They carried contrasting bouquets of tinted carnations.

Assisting the groom as best man was Robert Baker. Ushers were Robert De Weerd, Roger Prins and George Hoekstra. Mr. and Mrs. Ted Hoekstra, brother and sister-in-law of the bride, were master and mistress of ceremonies.

A reception for 200 guests was held in the church parlors. Assisting were Mr. and Mrs. Vern Johnson, Miss Ruth Vandenberg and Ronald Lumley, in charge of the gift room, Delores and Harriet Steigenga, who served punch, and Shirley Slager and Shirley McKee, who poured coffee.

The couple left on their honeymoon immediately after the reception. The bride's going away outfit was a blue suit with matching accessories and a white rose corsage.

Mr. Behrendt, a graduate of Holland High School, is employed as a mason.

ZEELAND (Special) — More than 200 student council members from high schools in 14 western Michigan counties gathered in Zeeland High school Thursday for the eighth semi-annual convention of the Student Council Association of Region IV.

A general assembly in the morning opened with a greeting to delegates by Donna Vander Laan, president of Zeeland High School senior class.

A report on the national convention in Oregon this past summer was presented by Blaine Timmer and Marilyn Lam, both of the Holland High School government.

Keynote speaker was Bruce Van Voort, Holland Community Ambassador, who evaluated the student's role in making the Europe of the future better than Europe today.

Don't Let Children Play in Leaves at Curb

Police Chief Jacob Van Hoff today asked the co-operation of parents in instructing their young children not to play in piles of leaves at the curbs, and likewise urged drivers to use extreme caution at curbs.

"All youngsters like to play in leaves, and somehow a pile at a curb is always more attractive than any other location. If they must play in leaves, perhaps it's a good idea to let them play in a big pile in the yard before raking the leaves to the curb," the chief said.

City Manager H. C. McClintock emphasized again today that burning of leaves or other rubbish within the city limits is prohibited by ordinance unless permission of the fire department is obtained.

Volleyes

That big flurry at the beginning of the week when Godfrey dismissed Julius LaRosa and Archie Bleyer was of special interest to Marvin Lindeman who operates an advertising agency here. Marvin handles the advertising for Cadence Records, and the net effect of the fracas will probably be a boost in sales for LaRosa's records.

Did you read the editorial on Indian Summer the other day with some mention of not knowing the origin of the expression?

Mrs. Joe Hagelkamp of Hamilton came through with an answer in a story she clipped from a newspaper back in 1927. It quotes H. H. Hutchins, a pioneer of Fennville whose forebears were pioneers in the New England states.

Hutchins said early settlers lived in close communities during the summer for mutual protection against Indian raids. In the daytime the men went to their farms to work, always taking their guns along, and at night came back to the village, or stockade. In winter the Indians didn't trouble them so they moved out onto their holdings.

Sometimes the weather got cold and several inches of snow would fall and the settlers thought winter had set in, so they moved out. A little later the temperature rose, the snow melted and there would be two or three weeks of beautiful weather which gave the Indians an opportunity to commit their depredations before winter finally set in. This warm spell after the cold one was called Indian summer.

Hutchins added that the term Indian Summer was used only in such specific circumstances and did not occur every year.

Remember what lovely weather it was last Sunday? Bob Horner and friends were sailing home on Lake Macatawa. Just off Waukegan, a power boat overtook them, and a voice asked, "Is this Frankfort Harbor?"

Who says preachers don't have a sense of humor.

On a bulletin board in Western Theological Seminary is a cartoon that really hits the mark of a preacher's pet peeve—those people who don't go to church Sunday morning.

The cartoon showed a pajama clad sleepy-eyed individual groping blindly at his front porch for the morning paper. His surprise is considerable when his hand encounters the outstretched hand of the local preacher. In the preacher's other hand is—you guessed it — The Sunday Times Pictorial.

Supervisors Okay New Classification System for County

GRAND HAVEN (Special) — The Board of Supervisors Friday adopted a classification system and salary schedule for county employees, drawn up by the Municipal Personnel Service of Ann Arbor which conducted an extensive study at the court house.

The firm also was retained for another year at a cost not to exceed \$275 to assist in further evaluating the plan. Under the system, every job is classified and a minimum and maximum salary schedule is recommended. Individual salaries of county employees will be given further consideration when the budget is discussed next week.

The board approved a \$75,000 appropriation for county road improvements for the 1954 budget. This figure is considerably short of the \$133,000 requested by the Good Roads committee. Supervisor John Hassold of Chester township told supervisors he would not approve any appropriations until he is assured that a mile-stretch of county road in Chester Township is included in the improvements.

A \$300 claim for construction work done by Bakale and Kossuth Construction Co. of Grand Haven was referred to the Road Commission. The firm had been hired by a private party to improve what was believed to be a private road. Later it was determined it was a county road, and the firm sought to collect from the county. The motion to refer the matter to the Road Commission was made by Mayor Harry Harrington of Holland who felt the supervisors should not enter into negotiations.

There was no further mention of hiring a psychiatric social worker for the county at Friday's session which was an extremely busy one.

The board approved budget appropriations of \$500 for the West Michigan Tourist and Resort Association, \$300 for apary inspection and \$200 for the Salvation Army Evangeline Home. A health committee recommendation to appropriate \$500 for the Hackley Adult Mental Clinic in Muskegon was referred to the ways and means committee.

Supervisor Roy Lowing of Georgetown gave an oral report on soil conservation district work during the past year.

The board adjourned until 1:30 p.m. Monday.

OF COURSE, A DEMOCRAT

Ever since the appointment of
Mayor Burke, Cleveland Democrat,
to the U.S. senate seat of the
late Senator Taft, columnists have
been underscoring the political in-
justice of the move. Taft was the
senate's "Mr. Republican"; the
people of Ohio had shown by an
overwhelming vote that they want-
ed to be represented in the senate
by a Republican.

They got a Democrat.

But what could anyone ex-
pect? Frank Lausche, the governor
of Ohio, is a Democrat. It is un-
thinkable that he would name a
Republican. If the tables had been
turned, if a Democratic senator
had died and if there had been a
Republican in the governor's
office, he would inevitably have
appointed a Republican, regardless
of the assumed wishes of the
people.

If Governor Lausche had named
a Republican, the appointment
would have been nothing short of
astounding. Two or three years
ago the case was similar in Michi-
gan. Senator Arthur M. Vandenberg
was at that time an even more
prominent Republican than was
Taft at the time of his death.

The people of Michigan had indi-
cated, repeatedly at the polls that
they wanted to be represented by
a Republican. That made not the
slightest difference to Governor
Williams, a Democrat. He appoint-
ed a Democrat, and it wasn't until
the people had a chance to vote on
the office that the Democratic
senator was kicked out.

There is no reason for criticism
of either Governor Lausche or
Governor Williams. If the people
of Michigan, or the people of Ohio,
or the people of any other state
object to being represented in the
senate by a member of the party
they do not support, they must
keep the appointive power out of
the hands of the governor, whether
he is a Democrat or a Republi-
can. Nothing short of that is go-
ing to prevent such a political in-
justice as the recent one in Ohio
or as the less recent one in Michi-
gan.

There was little harm in the sys-
tem at a time when states were
for the most part either solidly
Republican or solidly Democratic.
But now that politics are often
scrambled, the injustice of appoint-
ing a Democrat to replace the late
"Mr. Republican" is obvious. The
people can prevent that by insist-
ing on a special election when a
senator dies or on leaving the
office vacant until the next regu-
lar election.

God's Plan for the Home

Ephesians 5:22; Deuteronomy

6:4-9; Ephesians 6:1-4

By Henry Geerlings

This lesson brings together

Old and New Testament Scrip-
tures which point the way to

something that has become rare

in modern life—a successful hap-
py home. If all schools were closed

tomorrow and all text-books de-
stroyed and if all institutions of

church and state were dissolved,
we would have in these Scrip-
tures the basic instruction for re-
building society. And if it were
built on these Scriptures it would
be sound.

Of the three institutions that

make civilization, the home, the
church and the school, the home

is the oldest. It is one out of
which the others have grown and
in which actually they had their
beginning, for in the New Testa-
ment we read of the church which
is in thy house, and in the Old
Testament one member of the
family, usually the father was the
priest leading his group in the
worship of God, before there was
ever a tabernacle or synagogue.

And as for the school, education
itself began in the home, and
some of its better basic features
should still be provided for in the
home.

Whatever else may be said of

the home, its origin is divine. It
is divine because those who form
the home were created by God in
His own image and brought to-
gether as husband and wife in the
sacred relationship of the home.
This is the starting point in our
understanding of this insti-
tution. Until we perceive that it
is sacred, both in its origin and
in its mission in the world, we can
hardly give to the home the con-
sideration that it deserves in the
complex relations of society.

Its basic mission was set forth

in the very beginning. Man was to
preside over the beautiful world
God had created. Woman was to
be his helpmate, and the two then
should bring forth children in or-
der that the human race should
be preserved and continued. To
provide the maximum joy, care
and protection for this relation-
ship, God ordained that the mar-
riage bond should be permanent.
Whatever allowance was made for
the weaknesses of man in the
early days of the human race,
Jesus made it clear that in the
sight of God there is no such
thing as temporary marriage
vows. The institution of marriage
is of God and is therefore holy.
The observance of it constitutes
the primal law of conduct be-
tween man and woman.

The responsibility of the home

as a social unit is manifold, but
fundamentally it is reduced to the
two-fold purpose of teaching the
children in the home the eternal
truths of God and training them
to observe these truths. The basis
of the religion of the Hebrews
was their concept of the unity of
God. Upon this one central truth
all else rested, and out of it grew
the second most basic one, the
worship of the Lord. This de-
manded the full concentration of
every mental, spiritual, and phys-
ical faculty. Surrounded by pagan
nations whose religions were poly-
theistic and naturally led to gross
idolatry, it was necessary that the
Hebrews have the laws and com-
mandments of the true God burn-
ed into their hearts and lives.
Only in this way could their faith
remain pure and unpoluted.

They were therefore command-
ed to teach diligently the com-
mandments of God to their chil-
dren and to talk of them when
they lay down and when they rose
up. In other words, in every
phase of their daily living they
were to seize upon every oppor-
tunity to teach the little ones to
know and understand the laws of
God and to recognize His supre-
macy in their lives.

The home is the hearth where
the earliest fires of faith are to
be kindled, and the value of such
religious training in the life of a
growing child and adult is brought
out by the apostle Paul in writing
to Timothy. He paid lofty tribute
to the mother and grandmother
who had done such a noble work
of imparting to the young boy his
early understanding of religious
truth. What was true then is true
today, and only as the child is
taught early in life the elemen-
tary matters of religious faith is
he truly taught effectively. As the
wise man of old said, "Train up
the child in the way he should go,
and when he is old he will not
depart from it."

Crash Victim Recalled
Here as Careful Pilot

Jacob Lievense, manager of the
Park Township Airport, recalled
Tuesday that Ralph P. Fuchs, the
33-year-old Chicago pilot who was
killed when his rented plane crash-
ed near Holland late Saturday af-
ternoon, was a frequent visitor
here.

The last time he was in Holland
was May 5 when he piloted a cub
plane from the same Desplains,
Ill., farm from which he rented the
plane last Saturday. Lievense said
Fuchs was known as a careful
pilot.

On that occasion the motor didn't
sound good when Fuchs was ready
for the takeoff and he had his
friend, Solomon D. Jacob, drive
him to Chicago. Then two me-
chanics from the Desplains firm
were dispatched here and worked
all night on the plane before they
flew it home. Fuchs' friend, Jacob,
witnessed the fatal crash Satur-
day.

Erni Kupisch, M, who survived
the crash, continued to improve
Tuesday in Holland Hospital.

Walker and Mrs. Bill Topp served
the treat.

The Sunny Blue Birds of Long-
fellow School met at the home of
their leader, Mrs. Rene Willis on
Oct. 19. Ann Van Eenennaam was
chairman of this meeting. The
girls finished decorating leaves on
paper plates.

The Ten Little Blue Birds met
at the home of Mrs. Van Alburg.
At their meeting the Blue Birds
wrote notes to take home about
the Hobo Hike. They learned
songs and games to play for the
other Blue Birds on the hike.

The Flying Blue Birds met at
the home of Mrs. Stevens on Oct.
19. They discussed things they are
to bring to a potluck supper.
They practiced the song they ar-
rive in a position to pay as the bills
arrive," the Senator said.

"All our efforts still leave a
deficit of 9.3 billions, and this is
complicated by our proximity to
the legal debt limit" he said. The
present debt is approaching 274
billion while the legal ceiling is
275 billion.

"But Eisenhower's attempt to
get the ceiling raised was voted
down, and as a result he was forced
to issue a plea to government
agencies to cut expenditures and
the treasury to collect all avail-
able taxes."

"Our present objective is much
greater than merely balancing the
budget. What we are aiming for
is a long-term prosperity based on
peace and not war. It is only a
false prosperity which depends on
the blood of our people in con-
flict."

The Senator was quick to add,
however, that this does not over-
look preparedness. "Our cuts in
the Air Force budget were in line
with our general policy of
economy without reduction in our
defense," he added. "Not one plane
will be grounded because of the
cuts."

Turning his attention to the
Korean war, Ferguson was earnest
when he said, "I'm fearful that
we may have some disappoint-

ments about the Korean negotia-
tions."

"The Communists are using the
negotiations as propaganda ma-
terial, the same as the 264 peace
parley meetings in Austria which
have not decided a single thing."

The role of President Symgma
Rhee was also discussed.

"I'm sure that we can't bring
back all of our troops, no matter
what negotiations we make. If
we show the least weakness, the
Communists wouldn't hesitate to
push us into the sea."

On the domestic scene, Senator
Ferguson displayed alarm at the
Communist menace. "Communism
is a world-wide conspiracy, and
every advocate of Communism is
an agent of a foreign power, ob-
viously the USSR."

"Our Congress must continue to
investigate, and our courts to pro-
secute, those persons working for
our government who would advo-
cate the overthrow of our nation."

In discussing the proposed
Bricker amendment, which would
limit the treaty making powers
of the President and Senate, Fer-
guson said he would always be
wary of allowing any person, or
small group of persons, to change
such a document as our constitu-
tion.

Ferguson closed with a chal-
lenge to Americans to remember
the sage comment of Benjamin
Franklin, who said following the
constitutional convention, "You
have a republic, if you can keep
it."

"It's up to you as individuals,"
said the Senator, "to protect and
keep that republic and that re-
public's constitution."

Following the dinner Ferguson
returned to Grand Rapids where
he prepared for a trip along the
lake shore today before flying to
Sandusky later this afternoon.

Sen. Ferguson Outlines
GOP Budget Problems

United States Senator Homer
Ferguson presented a compre-
hensive report on efforts of the Ei-
senhower administration to meet
the nation's budget problems at
the opening meeting of the Hope
Church Men's Club Tuesday night.

Some 200 members heard the
Senator, newly named to head the
Republican Senate Policy Com-
mittee, outline difficulties in "con-
trolling the purse strings handed
down from another administra-
tion."

"We inherited a tremendous
amount of allocated defense
spending, some 80 billions of dol-
lars worth, in which we were only
in a position to pay as the bills
arrived," the Senator said.

Library Adventures

By Arnold Mulder

Slowly but surely, prefaces for
books are becoming obsolete. Dur-
ing the eighteenth and nineteenth
centuries prefaces were almost
the rule; even novels and collec-
tions of plays often had a preface.
Today the book with a preface is
the exception.

Anthologies and other textbooks
are still addicted to the preface.
Since this is the time of year when
school books are bidding for the
attention of millions of college
students, school pupils, teachers
and professors, a discussion of
prefaces would seem to be timely.

Even in the school books the
preface is losing its hold. I came
across a new anthology of litera-
ture that began in this fashion:

"Prefaces, notoriously, go un-
read. A wholesome conviction pre-
vails among readers that a book
should fend for itself without the
need of proxy or attorney. We
sympathize with this conviction
and hope that our book can plead
its own cause."

But having said that, the au-
thors use up about 2,000 words by
way of preface. And every one
of those words is wasted. The
book could stand on its own feet;
its preface adds nothing to its
value.

The statement that "prefaces,
notoriously, go unread" is notori-
ously a true statement. Teachers
do not read them, or at least they
are glad enough to skip over the
personal palaver of the text-
book's author. Authors themselves
are beginning to omit the prefaces.

When I was a child we young-
sters were in the habit of intoning
an acrostic formed on the word
P-R-E-F-A-C-E. Where the rhyme
came from I don't know; my im-
pression is that it was as uni-
versal as the preface itself. It ran
like this:

"Peter Raleigh Eating Fish,
Alice Catching Eels; Eels Catch-
ing Alligators, Fether Eating Raw
Potatoes."

A meaningless jingle, but every
child knew the rhyme and could

spout it as glibly as it could that
other jingle. "Thirty days has
September." As I see it now, the
acrostic was almost an uncon-
scious satire on the preface itself.

Nine times out of 10 a preface
means hardly more than the
rhyme made up of the letters the
ingle contains, reading forward
and backward.

About a year ago, in this
column, I quoted bits from a sa-
tire on prefaces by a Texas pro-
fessor and author under the title,
"An Honest Preface." The Texan
had himself yielded from time to
time to the preface disease. His
satire made sport of the preten-
sions of authors who attempt to
prove through the device of the
preface that they are pretty im-
portant fellows and that their
books are much more important
than they actually are.

Mr. and Mrs. Adrian Buys told about their recent trip to Canada and the west coast to members of BW chapter, PEO, and their guests Monday night at a dinner meeting in Hope Church parish hall. Mrs. Buys gave her report as official delegate of five Michigan chapters to the Supreme convention of PEO in Vancouver, B.C., Oct. 3, 4 and 5.

There was a record attendance of 2,200 women representing 115,000 members of PEO in 3,200 chapters and included delegates from every state in the U.S. and every province of Canada. Mrs. Buys said. The sisterhood, which is 84 years old, will hold its next Supreme convention in Indianapolis in 1959.

With several hundred other couples, Mr. and Mrs. Buys traveled by special train from Chicago to Lake Louise, and Vancouver, took boat trips to Victoria and Seattle and made a post-convention tour through California, into Mexico, returning by way of Grand Canyon and Cotey college in Nevada, Mo. The junior college has 222 students and is operated by the PEO organization. Through its educational loan fund more than 1,000 girls have been assisted by PEO in securing a college education. The Buyses were entertained by Dr. Blanche Dow, president, and students.

Mr. and Mrs. Buys spoke of their visit with Mr. and Mrs. Bernard DeFree, former Holland residents, while on the west coast. Mrs. George Pelgrim, president, welcomed husbands of members who were guests, also Mr. and Mrs. W. F. Cavanaugh of Milwaukee, Wis., who spoke briefly. Mrs. George Damsen, chaplain, gave the invocation. Arrangements for the dinner were made by Mrs. William Schrier and Miss Maxine Boone.

West Ottawa Unit Protests Proposal In Note to Benson

A strong protest against the proposed reorganization of the Soil Conservation Service of the Department of Agriculture has been sent to Secretary Ezra Taft Benson by directors of the West Ottawa Soil Conservation District.

The protest letter, in answer to Benson's two-week "grace" period to solicit reactions, was sent Monday by Clarence Reenders, chairman of the district.

"We have had long experience with Soil Conservation Service," the protest letter said. "Our district was organized in 1938 and is the oldest district east of the Mississippi and north of the Ohio River. The substantial and steady growth in the number of farmers working together in our district and applying soil conservation on the land could result only from the excellent cooperation of a sound SCS organization such as we now have. In this county alone there are 2,000 farmer cooperators in our district."

The protest also pointed out that "to our knowledge no members of district governing boards were consulted regarding need for reorganization."

Benson's proposal would abolish seven regional offices of the department's soil conservation service at Upper Darby, Pa.; Spartanburg, S.C.; Milwaukee; Lincoln, Neb.; Fort Worth, Tex.; Albuquerque, N.M., and Portland, Ore. State offices of the Soil Conservation Service would be "strengthened," Benson told a news conference when he announced his long-awaited reorganization plan Oct. 13.

The West Olive district disputes this point in its letter by saying: "As directors of a Soil Conservation district we believe very much in the principal of government at the local level. We also believe that in the SCD we have a perfect example of this kind of government. We are convinced that this combination of local government with an agency as highly regarded and as completely organized as the SCS is the perfect method of solving our nation's vital soil and water problems."

The West Ottawa district directors are Reenders, William Sinderman, treasurer; Edward Dinkel, Albert Stegenga and Henry-Ver Meer.

"THIS kind of scrap we can do without! Drive Carefully." is the message being conveyed to all drivers. Three large 10 by 25 foot billboards are being erected by the Louis Padnos Iron and Metal Co. Two signs appear on US-31, one four miles south and the other four miles north. Another is to be erected on M-31 between Holland and Zeeland.

Highway Markers Emphasize Safety

Concern for the problem of highway safety in the Holland area was brought before the public this week by the Louis Padnos Iron and Metal Co. The firm is erecting three large billboards showing a picture of a wrecked automobile and the message: "This kind of scrap we can do without! Drive Carefully." Two of these large billboards measuring 10 by 25 feet have already been placed, one four miles south on US-31 and the other four miles north on US-31. The other sign will be put up on M-21 between Holland and Zeeland.

Seymour Padnos, speaking for the local scrap — merchandising firm, stated that the company has become gravely concerned about the high and serious accident rate in the Holland area, as well as in the nation as a whole.

"The question is not so much whether something needs to be done, as what to do and how to do it," said Padnos. "With a dozen and a half trucks and truck trailers on the road constantly, we have very good reason to be safety conscious. And the safety record of our drivers is very good. Our insurance is carried by a first line company and accepted at premium rates which show the high quality of our rating for road safety. Safe driving is a small price to pay for a good safety record," he said.

"We tied in the theme of safety with the product we merchandise — scrap," Padnos said. "Surely no one likes to think of his car smashed up as shown in the picture, and it is a fact that we would be very happy indeed to do without scrap caused by an accident that endangered the life of anyone. We have received many comments that show that everyone is concerned about safety and appreciates any small effort to do something about it."

Board Discusses Driver Program In Public Schools

The school safety program with emphasis on driver's training provided the discussion for the monthly informal meeting of the Board of Education Monday night in Junior High School Cafeteria. The board is continuing the informal meetings for the third year dealing with school curriculum.

Albert F. Drost, who teaches agriculture and driver's training in the high school, outlined his course of study but said the program does not allow sufficient time for the desired amount of behind-the-wheel driving in the training car.

Police Officer Don Oosterbaan, who represents the Holland police department on the school safety program, explained how the police department co-operates in the total safety program. He also is in charge of adult driver's training and uses the school car for his program.

W. A. Butler of the Holland Sentinel outlined what newspapers are doing in the total program of safety. As a member of the state safety study commission, a part of the Little Hoover Commission, he said, main emphasis has been to reduce auto accidents, promote driver's training and provide a more efficient operator's licensing program with proper safeguards. He held that education, not legislation, is the answer to today's safety needs and urged co-operation on local, county and state levels.

Herbert Marsilje, chairman of the Holland Insurance Association, explained some of the problems facing insurance companies today. Other insurance representatives present were Donald J. Crawford, Neal Wiersma, Robert Wolbrink. All expressed their willingness to co-operate with school safety programs.

Mrs. Kenneth De Pree, member of the board, presided at the meeting. Others participating were Principals J. J. Riemersma and Bernice Bishop; A. G. Sall who represented the Chamber of Commerce safety committee, and John Brink of Hamilton, who represented the parents.

Fire Department Okay Needed to Burn Leaves

Burning of leaves or other rubbish within the city limits of Holland is prohibited by ordinance unless permission of the fire department is obtained. City Manager Harold C. McClintock said Friday.

The ordinance specifically forbids the burning of leaves on pavement or in gutters. McClintock pointed out the heat from fires tends to buckle the asphalt.

He said the city is working practically around the clock with trucks picking up leaves from gutters. The men work a full eight-hour day and then continue again from 6 p.m. to midnight.

If residents still desire to burn leaves on their own property the fire department must first be contacted.

Arrange that special business appointment at The Bier Kelder. Air-conditioned with only nationally advertised beverages. Open for your convenience from noon until midnight.

Evening School Shows Over 200 Enrollment Here

The Holland Community Evening School has enrolled over 200 adults in a variety of classes designed for advancement in business, trades, arts and crafts. Many people who have never availed themselves of this training opportunity have enrolled for the first time, and countless numbers are enjoying their second, third and fourth evening school session.

Classes began Monday, Oct. 19 and will continue through the second week in December. All classes meet once each week and class sessions are two or three hours in length. Every attempt is made to make these classes informal and instruction is based upon student needs. With small classes, beginner and advanced student alike can profit from these courses.

The largest class enrolled is the Home Landscaping class which is co-sponsored by the Holland Tulip Garden Club. Because of extremely large enrollments, many people were turned away. The Adult Education office advises, however, that those interested in such a course should contact the office and if sufficient interest is shown, a similar class will be planned for a future term.

Sewing and Ceramics classes also have peak enrollments and are restricted from further enrollment. These courses, always popular because of their productive nature, will likely be carried on through next term also.

There is still room in certain art courses and craft courses. Drawing and Painting, Metalcraft, Basketweaving, and Water Color Painting classes can accommodate several more people. Enrollment in these groups may be done during the next week. For complete information on these classes, contact the Adult Education Office, 6-6676.

More people can be accommodated in the business training classes, Typing, Advanced Typing, and Office Practice and Machines. Interested people may enroll for these classes also by calling the Adult Education Office.

Driver Training Classes will meet in room 102 of Holland High School Tuesday evening, Oct. 27. Albert Drost and Donald Oosterbaan will be instructors for this class. The course includes one group session and four private lessons behind the wheel of the dual-control training car. The first meeting will be used to show driving films, explain rules of the road, demonstrate driving problems and will allow the making of appointments for private lessons.

Director of Adult Education, George Lumden, advises that next week will be the final week of enrollment for the fall term.

Rotarians Hear Ambassador Talk

"Europe Today" was the subject of Bruce Van Voorst's talk at Holland Rotary Thursday noon at the Warm Friend Tavern. Van Voorst, who was Holland's Community Ambassador to Europe this year, showed color slides which told the story of his travels. Landing at Rotterdam the speaker traveled through Germany to Austria where he made his home with a Lutheran pastor and his family in a small village outside Klagenfurt. Trips included visits to many important European cities including Salzburg, Vienna, Venice and Paris.

Following presentation of the slides the Community Ambassador concluded with his observations of the Europeans in general. Their economic lot is extremely limited and most are not content with it. For this reason they are easy prey for any ideology which will guarantee a better living. Van Voorst observed that while the European is kindly disposed toward the United States, he questions whether the U.S. is mature enough to hold a position of world leadership. Europeans have learned and practice the old maxim "Don't build your fences so high that they cannot be straddled."

Attending Rotary this month as Junior Rotarian is Ed Van Eenennaam, a freshman in Holland High School.

President Harold Ramsey presented the past secretary's pin to Leon Moody, now of Kansas who is visiting in Holland. Special recognition was extended Donald Vink for his recent citation by the University of Michigan for outstanding achievement in the field of engineering, and to Dick Miles who celebrated 20 years of membership and perfect attendance in Holland Rotary.

Sparta Climches Ken-New-Wa Title With Decisive Win

SPARTA (Special) — A classy Sparta High School grid team displayed the finesse that has given it six straight wins in Ken-New-Wa league play as they clinched the league crown and handed Zeeland High School's Chix a 20-7 loss Friday night.

Sparta scored first early in the opening stanza and rolled right on to a 20-0 halftime lead. It was happy revenge for Coach Norm Harris' eleven who almost broke a long Zeeland win streak last year, only to be edged 6-0.

Zeeland's only marker came in the third period after John Ter Haar blocked a Spartan punt with the ball being recovered on the Zeeland 45 yard line.

Ace Halfback Ron Weatherbee picked up 11 yards and a first down before a pass by Halfback John Vanden Bosch and the running of Fullback Vern Meusen brought the ball to the Sparta 14.

From here Vanden Bosch plunged to the five and Quarterback Eugene De Jonge climaxed the drive by carrying over the goal. Van Dam kicked the point and Zeeland scoring ground to a halt. A couple of times in the final period Zeeland threatened to get started, but each one fizzled out.

Zeeland's touchdown was only the fourth scored against Sparta in six league games.

Sparta's first TD came early in the first quarter on a sustained drive of 82 yards, all on the ground. A blocked Zeeland punt recovered by Sparta on the Chix 18 yard line set up another score minutes later. Lundquist scored standing up on the next play.

A pass from Tom Barber to Duane Bradford covering 45 yards gave Sparta its final score shortly before the end of the first half.

It was a tough game to lose for the Chix, as they had a chance to remain in the league crown fight if they could have won. But grit and determination weren't enough against the smooth operating Spartans.

Zeeland hosts Fremont next Friday in a conference game at Zeeland Athletic field.

Literary Club Group Hears Senator's Wife

The Woman's Literary Club had a full day Tuesday with three speakers appearing at afternoon events.

Mrs. Homer Ferguson, wife of Michigan's senior senator, spoke of women's place in the government at a dessert meeting of the Public Affairs group in charge of Mrs. A. C. Yost and Mrs. Robert Horner. Later at the regular meeting, members heard reports from Bruce Van Voorst, Holland's Community Ambassador to Austria last summer, and Mary Ellen Bowman, Holland High School student who attended Wolverine Girls' State at Ann Arbor last June.

Approaching government functions from the woman's angle, Mrs. Ferguson first defined politics as the art of science of government and then said if the world were destroyed, it would be the mothers who would attempt to rebuild it giving it some sort of civilization.

An avid student of the constitution, the senator's wife explained some of "those certain inalienable rights" of the document, and the risk of losing the precious freedom the constitution provides. She quoted Benjamin Franklin's immortal words, "We have given you a republic if you can keep it."

As an illustration she mentioned an incident three years ago in Egypt in which the then prime minister asked her why America was going socialist. "We are an old and backward country, but yours is young and progressive. You have blazed a new path of freedom in the world, based on the dignity of the human being. You have created a prosperity which is the envy of the whole world, but you have lost your way and we are bewildered," the man said.

As for the problems in government, Mrs. Ferguson said the size alone is a distinct danger and the first step to solving any problem is to recognize it. She spoke of the work of the new Hoover Commission which aims an over-all look at the functions of the 2,300 departments in Washington, 64 of which are required by law to report in person to the President.

"If each head spent an hour a week with the President, it would be a 64-hour week," she said.

Mrs. Ferguson agreed that women's place is in the home, but questioned the definition of home. Some years ago, Ruth Bryan Owen on a lecture tour defined home as the center of the radius an auto could travel in 24 hours. "In this jet age, the distance is greater than that," Mrs. Ferguson said.

During the question period, Mrs. Ferguson told the women not to be discouraged over government and U.N. functions, even though the complexities are hard to understand. She posed a question of her own attitudes on war and prosperity, and called upon the women to keep faith in the pioneering spirit of America in its program to produce. "New doors can open if only we keep our minds from recessions based on wartime prosperity. Neither is a depression necessary. Any woman, particularly a mother, does not want war. Let's keep our thinking straight."

At the regular club meeting at which Mrs. Bruce G. Van Leeuwen, president, presided, Miss Bowman gave an interesting review of her experiences at Girls' State at which she was elected a member of the Supreme Court, following an exciting campaign.

The Community Ambassador, who has made several appearances before local groups, showed slides he had photographed while in Europe, and gave some impressions, particularly as they relate to home life abroad. He spoke of home budget restrictions, the problems of cooking a meal for six on one hot plate, the scars of war, the displaced person program, and the fight waged by communism today. He also gave the optimistic side with parts of the Netherlands and West Germany thriving with new business, and the new hydro-electric project in Austria financed by Marshall aid funds.

"The one overwhelming conviction any 'ambassador' has after visiting Europe is the necessity for peace. We must all work together for peace. Above all, young men don't want to spend another four or five years shooting guns at each other."

Man Seriously Injured in Crash Near Tunnel Park

Charles Lawrence, 31, of route 4, Holland, was seriously injured at almost 1:25 Monday afternoon when the 1949 model station wagon he was driving went out of control and crashed into a tree roadside on the divided road just south of Tunnel Park.

Lawrence was taken to Holland Hospital where his injuries were determined to be a fractured left leg, lacerations on the face, lacerations on the left arm, possible chest injuries. His condition is "fair."

Lawrence was headed south when he apparently skidded on the wet leaves, went off the right shoulder of the road, came back onto the road, skidded another 150 feet, missed one tree by inches and collided broadside with another tree seven feet off the road.

The front door jam of the station wagon was picked up by the impact and found stuck in the ground 125 feet from point of impact. The station wagon was judged a total loss and pieces were scattered over a wide area.

Jay Van Faassen, who works for a local beverage company, was on the scene minutes after the crash. He found Lawrence about seven feet from the station wagon lying on the ground. He did what he could and called an ambulance, then the police.

Deputy Nelson Lucas who investigated estimated time of the accident and said it was fortunate Van Faassen happened along the little-traveled road.

Mr. and Mrs. Frederick John Nells

Frederick John Nells of Holland and his bride, the former Kathryn Murphy of Mt. Morris will be at home at 269 College Ave., Holland, after a wedding trip through the Smoky Mountains.

They were married last Saturday, Oct. 24, in St. Mary Church of Mt. Morris. There were 250 guests at the 10 a.m. ceremony.

The groom is the son of Mr. and Mrs. Harry F. Nells, Lakeside Blvd., Holland, and the bride is the daughter of Mrs. James Murphy of Mt. Morris and the late Mr. Murphy.

A jeweled cap of lace and satin held her fingertip veil and she carried white orchids with a prayer book. Her brother, James E. Murphy, Jr., gave her in marriage.

Mrs. James E. Murphy, Jr., attended the bride as matron of honor and Miss Joanne Gadola, as honor maid. They were identical gowns fashioned with fitted bodices of amethyst velvet and mauve net skirts, topped with velvet jackets. They carried bouquets of white carnations edged with purple.

Bridesmaids, Miss Kathleen Murphy of Grand Rapids, Miss Margaret Mary Murphy of Lansing and Miss Margaret George wore gowns with Rico green velvet bodices and pale green net skirts. They carried red carnations.

Prof. Metta J. Ross of the Hope College history department and Dr. D. Ivan Dykstra, head of the department of philosophy, are attending the fourth National Study Conferences on the Churches and World Order. The conference of outstanding leaders from church and governments, with 400 delegates, is being held at Cleveland Hotel in Cleveland, Ohio.

Prof. Ross and Dr. Dykstra were named as delegates by General Synod, Reformed Church in America.

Sponsored by the department of International Justice and Good Will, this conference is the fourth since the beginning of World War II and its purpose is to study certain major foreign policy issues facing the U.S. today, and to review the position and strategy of the churches on these issues in the light of the Christian faith.

Pre-conference area workshops, sponsored by state and local councils of churches, were held to prepare for the Cleveland conference. Local delegates attended one at Ann Arbor.

Five study commissions have been working on background documents on the topics: "The Christian Faith and International Responsibility," "The U.S. and the U.N.," "The U.S. and Foreign Economic Policy," "The U.S. and the Underdeveloped Areas" and "Collective Security."

Mrs. Eleanor Roosevelt is among the outstanding speakers for the event.

Keller Tool Co. Strike Is Ended

GRAND HAVEN (Special) — The 10-week Keller Tool Co. strike was ended Tuesday, company officials started calling employees back to work. A new two-year contract was signed at 2 p.m. Monday, following a 3½-hour meeting between representatives of employees and management Saturday afternoon in the American Legion Home.

The five-point contract provides an increase of 8 to 12 cents per hour for various jobs averaging 9½ cents per hour. Membership in the union will not be required for a Keller shop employee to keep his job. A checkoff provision is included, however, for union members who want the company to deduct their union dues.

A new section provides that any questions of interpretation of the contract or misunderstandings regarding procedures will be submitted to arbitration. Findings of the arbitrator will be binding on both the company and union who will both share equally in the cost of arbitration.

Those who worked for the company one to five years will receive one week's vacation with pay; from five to 15 years, two weeks with pay; more than 15 years, three weeks with pay. Vacation pay is determined as 2 per cent, 4 per cent or 6 per cent, respectively of the employee's year's wages.

Th 236 employees walked out Aug. 17 over a contract dispute.

Optimists See Oil Frontier Film

"American Frontier" new documentary motion picture portraying dramatic events that led to the discovery of a vast oil field in the Williston Basin underlying the Dakotas and Minnesota, was shown to local Optimists at their regular meeting Monday noon at the Eten House.

The film, presented by R. A. Christian, public relations representative, was produced under sponsorship of the American Petroleum Institute and the Oil Industry Information Commission. It shows the drilling of the Williston Basin's "discovery well" during the winter of 1951, and, for the first time in film history the hardships, discouragements and eventual success of a venture that was pushed to completion despite blizzards and sub-zero temperatures.

Christian, affiliated with the Grand Rapids office of Standard Oil Co., said that when oil was discovered in 1889 only 20 barrels of crude were produced in a day and the only use was for kerosene, oil and in medicines. Today there are over 4,000,000 producing wells producing 7,000,000 barrels of crude per day and more than 2,200 products are now made from the crude.

Christian was introduced by Bernard Donnelly, program chairman. Ralph Maass, president, conducted the business meeting and Don Lindemann was welcomed as a new member.

Holland Will Be Near Top Strength For Battle Creek Game Friday Night

Coach Dale Shearer will be fielding perhaps his strongest team of the season against Battle Creek when Holland High invades the Cereal City for a football game Friday night.

With the exception of big Tackle Laverne Hoeksema, the injury plague seems to have subsided for a few days in the local camp and with the return of Halfback Paul Mack, Shearer will have about his strongest possible eleven against the Bearcats.

Holland is itching for a win this time. The locals are standing with a season's record of three wins and the same number of defeats so far this season. On top of that the regulars have shown a lot of zip in practice sessions this week.

Mack was working out with the team again Wednesday and said his ankle, that was fractured before the opening game against Creston back in early September, felt good, but maybe a little weak at times. Shearer added that Mack has looked good this week, much better than he expected after his long layoff.

Despite the rain, the team practiced Tuesday. Wednesday the varsity worked out on defense against reserves running Battle Creek plays.

Today the session will be limited to warm-up drills, running plays and generally light work.

The team will leave Holland via chartered bus at 5 p.m. Friday afternoon. Game time at Battle Creek is 7:45. Student tickets are available in Holland at Superior Sports Store, and adult tickets may be obtained at the gate Friday night.

Center Blaine Timmer, had his ribs x-rayed and it was determined they were bruised, but not broken. He will start, but will be taped up. Hoeksema, who reinjured his knee in the St. Joe game last Friday, is listed as a doubtful starter.

Athletic Director Joe Moran said a bus will not be chartered for students because it figured to be too expensive at \$2.50 to \$3 per student.

However, the senior high band will make the trip.

Scheduled Jury Cases Postponed by Court

GRAND HAVEN (Special) — The jury case of Earl D. Cranmer, 18, of 140 Coolidge Ave., Holland, on a charge of breaking and entering in the nighttime, scheduled for Oct. 30, has been postponed.

The jury case of Mrs. Esther Thomas, 41, Grand Rapids, on a drunk driving charge set for Nov. 5, has been adjourned until some future date, at the request of counsel for Mrs. Thomas. It is reported she drove a friend to Missouri and while there submitted to surgery and will be unable to appear for trial on the scheduled date.

This is an appeal from a justice court conviction. She was convicted by a justice court jury Aug. 11, 1953, at which time Justice Frederick J. Workman sentenced her to pay \$100 fine, \$11.90 costs and serve

five days in jail. She immediately furnished \$100 bond for an appeal to the higher court. She also is awaiting trial in the Kent county circuit court on a negligent homicide charge as the result of a fatal accident last year.

Recently, Mrs. Audrey M. Kazma of Grand Rapids was awarded a superior court judgment of \$12,807 against Mrs. Thomas for injuries she and her children received in the collision that resulted in the death of Mrs. Kazma's husband.

In a separate action, Mrs. Kazma has filed a \$100,000 suit against Mrs. Thomas for the death of her husband.

Christian High School Has First School Mixer

Holland Christian High School held its first school mixer Friday evening in North Shore Community Hall. The event was sponsored by the Student Council.

Opening part of the meeting was held in the basement recreation room where several games were played. After games students and faculty went upstairs to the auditorium. A program was presented by the 16 home rooms. Each home room was responsible for a five-minute original skit.

Following the program students were served refreshments in the recreation room.

A 30-minute film concluded the program. Dick Lenters was master of ceremonies. Dave Vander Ploeg, president of Student Council, adjourned the meeting.

Bible Film Highlights Double Ring Club Meet

The Double Ring Club of Beechwood Reformed Church held its first fall meeting in the basement of the church Monday night.

Highlight of the evening was a film entitled "Bible on the Table." Jacob Westerhoff, Jr., introduced the film and John Keuning gave an interesting talk. These men are representatives of the American Home Bible League. Their work is to distribute Bibles in the Bible-less homes, both here and abroad.

A social hour followed and refreshments were served by the Mesdames Marvin Overway, Harvey Becksvort and John Kammeraad.

Grandstanding...

Almost 200 musicians in colorful uniforms were lined up in neat rows for pre-game ceremonies at St. Joseph's Dickinson Stadium Friday night. They represented the Holland High School band, Holland Junior High band and the St. Joe band.

Holland's band was decked out in the new uniforms, the Junior High band wore the old uniforms and the St. Joe band wore uniforms similar to Holland's old ones. The assembled bands played the Star Spangled Banner and two other selections.

Holland's senior band, numbering about 100, and Junior High band, numbering about 95, practiced the routine under the lights at Riverview Park Thursday night. They traveled to St. Joe in five chartered buses.

During the halftime maneuvers, Holland put on a "Recalling Fond Memories" show in formations and music. The little mouse in the "Hickory-Didkey-Doek" routine was Patty Bouwman, sister of Sunny Bouwman, one of the majorettes. Patty was celebrating her eighth birthday as a "mouse."

Although it rained just before the game, the band didn't get wet and skies cleared before halftime. The Junior High band was under direction of Granville Outler.

Second-string End Dick Plagenhoet missed the bus to Friday's game. He showed up at the gym at 4:45 p.m. The bus had left at 4:30. So Dick had to hitch a ride to St. Joe. Then he forgot his shoes so Athletic Director Joe Moran had to ask St. Joe for a pair.

And Fullback Irwin Ter Haar forgot his helmet and shoulder pads. However, they were able to complete his uniform from spare stock the team carries along.

One of the wierd plays of the game came in the third quarter. Bob Van Dyke broke into the open from the Holland 42 and appeared

headed for a sure TD. His blockers were forming and he was way ahead of the St. Joe defenders. All of a sudden he was tripped by a block on the St. Joe 40 by none other than his own end, Carl Fehring.

Co-Captain Paul Mack, who has been out all season with a fractured ankle suffered before the opener against Creston, was in uniform and on the bench to cheer his mates on Friday night. Paul might be ready for limited action next week against Battle Creek.

Malcolm MacKay, former assistant principal and basketball coach at Holland High and presently principal of St. Joe, was greeting his many Holland friends in the press box. By the way, the St. Joe press box is one of the better high school layouts in Southwestern Michigan.

Both coaches were substituting so freely in the waning minutes that time after time the teams would run plays with 10 men on the field and a couple of times it was 12. Coach Dale Shearer just about emptied his bench and had to keep telling the eager subs to be sure and count the number of men they had when they got in there.

Unleash Combined Running, Passing Attack to Win

BELOIT, Wis. (Special) — A scrappy Hope College eleven handed the Beloit Buccaneers their first home loss in four seasons Saturday afternoon with a thumping 32-13 victory.

Beloit took the field eager for their 25th win in 30 starts, and in the opening minutes of play it looked like they would be successful.

Hope College was stopped dead on three plays after receiving the kickoff, and was forced to punt. Frank Talarico's kick carried deep into Buc territory but Beloit soon started to march back.

Two plays netted them a first down on their own 36 before an option lateral play broke Buc Halfback Joe Cibula loose on a 54 yard sprint to the Hope 10 yard marker.

Hope college changed their defensive alignment, and was able to stop Beloit for three downs before Quarterback Jack Roberts passed to end Cibula for the score.

Receiving the kickoff Hope started to roll as Halfback John Adams broke away from the entire Buc defense and went 45 yards before he was run out of bounds on the Beloit five yard stripe.

Fullback Dave Kuylers plunged to the one, and an off tackle smash was thrown for a loss before an Adams pass was intercepted in the end zone and carried out, ending the threat.

But the persistent Dutch were not to be denied the score, and after holding Beloit on downs Talarico gathered in a punt on his own 48 and sprinted all the way for Hope's first TD. The kick was good and they lead 7-6.

Both teams battled all out but were unable to move until late in the second period when Coach Al Vanderbush sent in substitute Quarterback John Holmlund to throw passes.

The first one dropped incomplete, but on the next play Holmlund stepped around the hard charging Buc defense, starting to run, looked up and saw Talarico behind the defense, and lobbed a perfect pitch good for 54 yards and another score. The kick was no good and the half ended with the Dutch leading 13-6.

Beloit was still very much in the ball game as the second half opened and displaying vicious blocking and running, they returned the kickoff to the midfield stripe.

On the next play they fumbled, and Hope took over on its own 48 yard line.

Then came the crucial play of the game. During halftime some offensive blocking assignments were changed by the Dutch coaching staff, and here Quarterback Harry Voss elected to try it out.

Hope came out in its usual "T" formation and trapped the Beloit tackle right out of the picture. Halfback Talarico crashed right through the opening, cut to the left, and went 68 yards without ever being touched.

The try for extra points was blocked, but after that the Bucs were a different ball club. "They just didn't seem to know what hit them," Coach Vanderbush commented after the game. "This was the deciding play," he added.

Beloit, up until then one of the smoothest ball teams in Midwest small colleges, was bothered with fumbles, mix-ups plays, and pass interceptions.

Hope scored again before the end of the third quarter, this time as Adams pranced around his own left end for 29 yards on the same play that broke Carroll College's back a few weeks ago.

In the final stanza Hope emptied the bench as practically everyone played at least half a quarter. The reserves continued to play the Beloit first string on an even basis.

A Hope drive sparked by the passing of Holmlund picked up a first down on the Buc 10, and two plays later Talarico plunged off tackle from six yards out for the score.

Beloit's final tally came in the last eight minutes of play on a long pass play from Roberts to Newton covering almost 23 yards.

It was a tough loss to take for the Buccaneers who had been romping over some of the better squads in the area, and it was a tremendous win for the locals who now have five wins against one loss.

Attention in the Hope camp is now turning to "the" contest of the year—Albion this Saturday afternoon at the Briton's field. At stake will be the MIAA grid crown, and along with it vital points toward the All-Sports trophy.

GRAND HAVEN (Special) — The Rev. J. A. Mulder, pastor of Christian Reformed Church at Moline, Mich., has declined the call from First Christian Reformed Church of Grand Haven. Rev. Grandstanding...

There was no restraining the enthusiasm of the Hope College football team after Saturday's trouncing of Beloit, but it didn't take them long to start thinking about next Saturday's Albion game.

Albion also had a busy afternoon Saturday, dropping a hapless De Pauw University team by a 19-0 margin.

The game will be played at Alumni Field in Albion, and already large numbers of Holland fans are making arrangements to see the game. On campus plans are underway for chartering a bus or two, under the sponsorship of the student council.

Hope Coach Al Vanderbush was unusually full of praise for his boys. "It was a team victory," he said, "and the margin of difference was the desire on the part of our boys to win."

"Actually, the quality of material on both teams is practically identical, but Hope had that extra something that comes from really wanting to play winning ball," he said.

Few grid players in the history of Hope College have shown up as consistently as Captain Jim Van Hoeven. "Grin" is a tough defensive player, and in the last few games has rounded out into an effective pass catcher.

Van Hoeven was named to the MIAA squad as a guard his sophomore year, and a tackle as a junior. His outstanding performance as a player and leader for the Dutch make him a strong contender for similar honors this season at the end position.

Sub Quarterback John Holmlund brought some smiles to the faces of the coaching staff as he threw one touchdown pass and had another called back.

Late in the third period he was really rushed as he faded back to pass. Running back about 15 yards, he turned and ran almost up to the line of scrimmage before pitching to Talarico who was standing waiting for it. In the fourth period he connected to Van Hoeven for 30 yards and a score but it was called back by a penalty.

Amazing thing is that before the opening of this season he had never played football in his life. He's an excellent baseball pitcher, and just carried over the same style to the gridiron.

Dave Kuylers of Zeeland and Dick De Vries of Kalamazoo handled the fullback chores in the absence of regular Dave Kemper. Kemper had a bad arm through practice last week and only saw action for about one quarter. But the two freshmen played good ball and gained some valuable experience.

One of the keys to the Dutch victory was the effective pass defense they came up with. Beloit Quarterback Jack Roberts had completed six for six against Carroll last week, and could have made things rough for the Hope squad. He completed three of 13 tries, two of them for TD's. But the first one was partially caused by confusion, and the second was made against Hope's reserves.

The 32 points Hope scored against Beloit are more than five other teams together have been able to do all season. Going into the game Beloit had limited opponents to 24 points, while amassing 100 themselves.

Last season they allowed only 18 points in winning eight straight games while garnering 200 points.

Holland Hospital has initiated a new service for patients. Now upon arrival, a new patient receives a folder containing writing materials and envelopes, some leaflets explaining the recovery room service, x-ray service, a booklet on services, but above all an opinion questionnaire which patients are asked to fill out when they return home and mail in a self-addressed stamped envelope, also included in the leaflet.

Hospital Director Fred Burd said response has been good, and the suggestions made by patients are valuable, particularly since most of the suggestions are the "little things" which can mean so much to a patient but so easily overlooked in a big program which aims for efficiency.

"We certainly appreciate the returns we've had," he said. "The patients have no idea how much we welcome all suggestions."

The Sentinel photographer parked his camera in a corner for an hour while he ate dinner at a polo meeting and when he went to retrieve same, he found a friendly little mouse nibbling at the box.

He looked up to find a whole table full of women watching his reaction. They had been watching the little rodent for the best part of an hour. And nobody screamed!

Have you checked the expiration date of your operator's license yet? In the last column we mentioned that Verne Hohl was getting 364 days of grace and wondering if anybody could match that.

One match. Mrs. Earl Vanden Bosch called to say her license expires Sept. 25, 1954. Her birthday anniversary is on Sept. 24.

Only this time it was more than justifiable.
