3 Car Mishap Injures One

Holland police are investigating a three-car accident in which one local man was slightly injured Wednesday at 11:50 p.m. on Eighth St. just west of Lincoln Ave.

Lee Garcia Ramirez, 17, of 244 Lincoln Ave., one of the drivers, was treated at Holland Hospital for facial lacerations and released. Police said a car driven by Ramirez, going east on Eighth St., collided with a car driven by Carl E. Meyer, 20, of route 2, Holland, which was pulling out from the curb.

Ramirez' car then travelled 75 feet further, police said, and collided with a car driven by Albert Coster, 49, of 284 Fairbanks Ave., also headed east on Eighth St. Police estimated the damage to Ramirez' 1953 model at \$300, the damage to Meyer's 1956 model at \$150, and the damage to Coster's 1950 model at \$200.

Two Cars Collide

Cars driven by Mrs. Catherine Miller, 41, of 406 Lincoln Ave., and George Wright, Jr., 31, of 124 East Ninth St., collided Wednesday at 4:50 p.m. at the corner of 16th St. and Columbia Ave. Police, investigating the accident, estimated the damage to both 1953 models at \$100.

Mr. and Mrs. Bernard De Pree of Seattle, Wash., former residents of Holland, left Monday for their home after spending a week with friends in Holland. They were house guests of Mr. and Mrs. Alvin J. Cook, 58 West 26th St. Mr. De Pree formerly served as mayor of Holland.

Post Office Contract Goes To Local Firm

Word was received Wednesday from Washington, D. C. that General Services Administration has awarded a \$127,890 construction contract to Elzinga and Volkers, Inc., of Holland, Mich., to remodel the Holland post office.

Plans call for adding a work room, altering approaches and driveways and redesigning the lobby. The Elzinga and Volkers bid was the lowest of five submitted.

Postmaster Harry Kramer also received word today on awarding the contract. His letter revealed that Vernon E. Hickey of the regional office at Chicago has been assigned as construction engineer for the local project.

Scouts Attend Halloween Meet

Scouts and Explorers of Troop six and Post 206 of the First Reformed Church held their annual Halloween party at the troop's camp near Port Sheldon Monday evening.

Assembled at the church in Halloween costumes, the Scouts were blindfolded and transported to a lonely spot in the wood about one mile from the camp.

Ghostmaster Fred Vande Vusse led the group on a hike through the "valley of death to a haunted house." Each scout followed a rope through the house with many things happening along the way. The Scouts were then led to the troop's log cabin where they participated in Halloween stunts and games in charge of Den Mothers and several Explorer Scouts. Cider, doughnuts and apples served by the leaders concluded the party.

Scouts attending were Don Brookhouse, Carl Flowerday, Roger Beukema, Don Ver Hey, John Shinabarger, Ted Raak, Fred Kramer, George Haajes, George Aye, and Steve Snider of the Flying Eagle Patrol.

Richard Cook, Tom De Neff, Bob Van Eyck, Billy Boersma, Richard Bousardet, Jim Atman, Abe Veurink, Marshall Kramer and Tom Lower of the Wolverine Patrol.

Explorer scouts present were: Tim Taylor, Dave De Visser, Keith White, Fred Vande Vusse, Jack Alexander, Bob Sinke, Bob Vanden Brink and Jim Handweg.

Leaders attending were: Max Flowerday, Don Gallo, Elmer Northuis, Don Northuis, Lefty Van Lente, and Scout Dad Chester Kramer.

Den 2 presented a Halloween skit and Den 3 showed costumes they had made for Halloween. Following games lunch was served by Mrs. Clyde Fogg, Mrs. Ronald Thomas and Mrs. Anthony Michielson.

Annexation Pot Begins To Boil

Several Meetings
Scheduled to be Held
In Coming Weeks

The simmering annexation pot started to boil this week.

Meetings are being scheduled thick and fast, with the opposition taking a good share of the initiative.

The Harrington meeting, arranged by PTA's of Harrington and Lakeview Schools, attracted a full house for a frank discussion on both sides of the proposed annexation program.

Representing annexation proponents were Clarence Jalving and Peter Boter. Representing the opposition was Harvey Scholten, Spring Lake attorney. Atty. Randall Decker of Zeeland served as moderator.

Jalving outlined the general annexation program as it refers to school problems and Boter's presentation largely concerned legal aspects on taxation, millage, consolidation of school debt, etc.

For the opposition Scholten posed questions on the proposed program, claiming that political annexation and school consolidation should not be tied together. He said another vote on school consolidation would be necessary, and he pointed out that school boundaries need not be the same as city boundaries. He pointed to possibilities that the city might reverse itself on a school vote after gaining political annexation, thus forgetting its obligation on the school debt. He also brought up the matter of disannexing those portions of a school district not included in the annexation program.

A lively question and answer period followed, climaxed by a flurry when Alleene Lowery Fisher accused the Holland school system of having its teachers influence the pupils. The meeting adjourned at 10 p.m.

Mrs. John Kingshott, president of the Harrington PTA, opened the meeting and Henry Lemson, president of Lakeview PTA, introduced the panel.

At Washington School, annexation issues were presented by City Auditor John Fonger and Jack Plewes, local businessman. Plewes traced annexation developments starting with planning in 1950 to the present time. Fonger dealt with tax figures.

Using a typical average city home with a \$3,000 assessment, Fonger projected figures on state equalized valuation. He showed the formula based on 1956 tax rates to be used in figuring taxes if annexation takes place. Taking into consideration the proposed \$6,000 school improvement as well as current bonding programs, Fonger said the tax increase per year in such a case would be \$5.87 more.

He pointed out that Holland is one of the cities that enjoys a double-A rating and a magic name on the bond market. An enlarged Holland would cash in on the rating and get lower interest rates.

A question and answer period followed, and more discussion continued as parents, teachers and guests were served coffee and cookies. Mrs. H. Vander Hill was chairman, assisted by Mrs. J. Crace, Mrs. J. Dinger and Mrs. R. Tummel.

Huge Crowd Turns Out for Opposition Annexation Meeting

An overflow crowd gathered in Beechwood School Wednesday night for a meeting opposing the proposed annexation plan for Greater Holland.

Chairman Cornelius Plakke more or less set the stage with his words, "We have only begun to fight." Yet for an opposition meeting, the control was admirable. There was spontaneous applause to some statements but at no time was there any hint of rabble rousing. It is possible some persons may have been disappointed since the crowd started to thin at 9:30 p.m. The meeting started at 8 p.m. instead of 7:30 and adjourned at 9:50.

Main presentation was given by Harvey Scholten, Grand Haven attorney retained by the opposition group. His main points were similar to those presented the previous evening at Harrington School, mainly, that the Nov. 19 election on annexation does not solve any school problems (this requires a separate consolidation vote later); that there is no assurance Holland city will okay a school consolidation election; the disannexing of sections outside the annexation area presents a problem; that city and school boundaries need not be co-terminus; that Clevelinshaw appraisals have nothing to do with state equalization which determines school tax bases.

Scholten contended that the city should carry on a school reorganization first and then let annexation come naturally. He said the Holland Board of Education by resolution could admit a school district following an election for such annexation in that district. A consolidation of debt would require a vote by both groups. He said such an annexation program involves many problems but felt they were not insurmountable.

As another alternative he said outlying school districts could consolidate and build their own school facilities, and pointed to plans drawn up last spring by a group of township leaders in Holland and Park townships. He said valuations in the various districts make a creditable tax base, explaining that some school districts operate a complete school program on a tax base as small as \$3,000,000 or \$4,000,000. He said this program also involves problems, not necessarily insurmountable.

"I'm not saying school consolidation with Holland is bad, but don't get caught," he said. "If your districts outside the city band together, you are not in a bad position. One thing is necessary, you must unite one way or another. You jump with Holland, or you jump with yourselves!"

He said Holland city is not required by law to take outside students, pointing to the Grand Ledge case which decisively determined this point. The fact that children must attend school is a legislative problem, not a judicial one.

There was considerable discussion on costs of a high school for

the districts, and figures compiled last spring were reviewed. This listed \$1,600,000 for a school, allowing seven mills for operations and eight mills for retiring the debt on a 15-year retiring schedule. The latter millage could be considerably reduced if spread on a 25-30 year period. Some persons present were of the opinion that a few rooms could be added for ninth graders next year, thus allowing time to build a high school by 1959.

The question period also brought discussions on water needs, but Scholten posed the question whether an area as large as the one proposed should be annexed for the benefit of certain sections. Should the boundary go all the way to the lakeshore to solve the Holland Heights water problem?

The water question was representative of some questions which indicated all persons present did not oppose annexation. There was some talk of Holland's becoming a stagnant city if annexation did not go through. One woman asked, "If Holland city can't grow what can we gain by living by a dead city?"

In his introductory talk, Chairman Plakke said the Chamber of Commerce had been beaten on two occasions — first when the townships turned down the original annexation map, and the second when its resolution favoring the "vicious" Virginia plan in the state legislature was turned down. "We'll give them their third defeat on Nov. 19," Plakke said. He called the Sentinel this morning to say he meant to

Round-Up Reports In Mail Soon

Farm-to-Prosper
Details Must be Given
To Agents by Dec. 1

Report blanks will go out soon from county agricultural agents offices to the 100 rural community organizations participating in the 1957 West Michigan Farm-to-Prosper Contest. Reports on activities since last Dec. 1 are to be turned in to the county agents by Dec. 1.

This program for rural community advancement in Western Michigan through stimulus of friendly rivalry in community activities among organizations is carried on in Muskegon, Mason, Newaygo, Oceana and Ottawa counties.

Reports must be in by Dec. 1 so plans can be made for the big Round-Up in December when winners are announced and an afternoon of entertainment and fellowship enjoyed.

The Round-Up has been set for Monday, Dec. 30. It again will be held in Muskegon Senior High School auditorium, beginning at 1 p.m.

Plans are yet to be made for the program, but Governor Williams again will present awards to winning organizations, in keeping with tradition since the project was started in 1940.

All members of competing organizations, their families and any guests they wish to invite are eligible to attend the Round-Up, everything in connection with which is free.

Also eligible to attend, free, are members of business organizations contributing the prize money in each county, and anyone they wish to bring. Prize money of \$125 in each county and an additional \$100 for the Sweepstakes prize winner are contributed by business organizations as a goodwill gesture toward the rural community.

Prizes in each county consist of five cash awards of \$50, \$30, \$20, \$15, and \$10, with a framed Certificate of Award. Every organization turning in a report on its activities received a Certificate of Participation, whether or not it is among the five prize winners. TD in Last 49 Seconds Wins Contest

ST. JOSEPH (Special) — Holland High's football team scored in the final 49 seconds of the game here Friday night and then kicked the extra point to defeat St. Joseph, 20-19 and record its first victory of the season before 2,000 chilled fans at Dickinson Stadium.

Capitalizing on a fourth down 15-yard roughing-the-passer (Paul Elenbaas' penalty with 1:19 remaining) on the St. Joe 22, the ball was advanced to the Bear seven where two plays later sophomore fullback Scott Brower cracked off tackle from the five for the tying touchdown. Ron Kuylers converted and the Dutch had won

Dale De Ridder
... on the ball

a ball game after five previous defeats.

The final touchdown drive started on the Holland 47 with slightly more than three minutes to play. Max Bissey, St. Joe quarter, missed for a first down on a fourth down gamble and Holland took over.

Elenbaas hit Brower for 16 yards and Rich Woltman for 11 while ground plays accounted for the rest of the yardage down to the 22. Elenbaas fumbled on third down but the ball was recovered.

Dale De Ridder, who played his finest game, set up the first Holland touchdown and scored the second, as Holland took an early 13-0 lead but the Bears came back and tied the score at halftime and then went ahead in the third period.

Holland failed to move after the initial kickoff and punted to the St. Joseph 15 where halfback Don Totzke fumbled and De Ridder pounced on the ball. After two line plays, Elenbaas hit end Ron Dorgelo in the end zone for a 13-yard touchdown. Kuylers kick was not good and 7:47 remained in the first quarter.

St. Joseph recovered a Holland fumble on the Dutch 34 later in the first period and moved to the one aided by a 22-yard pass from Bissey to halfback Tom Siewert. Kuylers saved this possible score by recovering a Bear fumble in the Holland end zone for an automatic touchdown.

The Bears took a Holland punt early in the second quarter and failed to gain. Totzke, back to kick, fumbled on his own 37 and De Ridder gobbled up the ball and was off to the end zone. Kuylers added the kick and at 8:42 the Dutch led 13-0.

St. Joe took the kickoff and marched 59 yards in 13 plays, aided by a 15-yard roughing-the-passer penalty and scored its first touchdown with 4:24 remaining in the first half. The TD play was a 12-yard pass play from Bissey to Siewert, who was alone on the five and waltzed in. Dave Dase's kick was good.

St. Joe took over on Holland's 10 and in the third quarter, three species of shrews are

27 after a low pass from center prevented Bob Visschers from punting and in seven plays the Bears were home. Dase tied the score with 31 seconds remaining in the half. Bissey sneaked the 14-yard for the touchdown.

The Bears took the opening second half kickoff and marched 64 yards in 14 plays and scored their third touchdown to take a 19-13 lead with 6:08 left. Larry Klett went around end for the final 12 yards. Dase missed the kick.

Bissey, a 29-pound transfer from Normal, Ill., made the key play of the drive with an eight yard gain on a fourth down and three situations on the Dutch 40.

Holland's passing game was a pleasing feature. The Dutch completed seven for ten in the game and picked up 87 yards, including a touchdown.

The winners made only one first down in the opening half and netted only 11 rushing yards. They hit for 33 yards in the air. In the second half Holland made six first downs, 39 yards rushing and 54 passing. The Bears had 205 rushing and 51 passing.

Larry Alderink, Holland end, received a slight concussion when he tackled after catching a pass in the first half.

Holland now has a 1-5 record and plays at Grand Rapids South next Friday night. St. Joe has a 2-4 mark.

Ballet Ensemble Thrills Large Holland Audience

Members of the Holland Civic Music Association received a rare treat Thursday with the appearance in Civic Center of Nora Kovach and Istvan Rabovsky and their dance ensemble, currently on their second North American tour. Appearing with the world-famous Rabovskys were Dancers Sonia Arova and Job Sanders with Howard Barr and Julian Elbaz at the pianos.

So far as is known, this was the first ballet company to visit Holland, Mich., and although local residents have long had access to ballet entertainment in nearby cities, those unfamiliar with this topflight art were treated to the best in ballet dancing.

In all, Thursday's performance made an exciting dance concert, calling for brilliant technical display—both the muscular and romantic kind. The Moscow-trained dancers who escaped to the free world in 1953 displayed all the techniques of the classical dance and were quite sensational. Miss Kovach by her sheer grace and Rabovsky with his leaps, multiple whirls and turns in mid-air brought spontaneous applause from the well filled auditorium.

Nancy Lou Fisher Wed To Rolland J. Bartels

Marriage vows were exchanged Friday evening at Spring Lake Christian Reformed Church when

One of the first rodeos held in America was that reported in the early 1840s by Captain Mayne Reid, an early western writer. He described a celebration in Santa Fe, New Mexico, after a roundup, in which the cowboys "contested with each other for the best roping and throwing."

Miss Nancy Lou Fisher, daughter of Mr. and Mrs. Everett W. Fisher of Spring Lake became the bride of Rolland J. Bartels, son of Mrs. John Bartels of Holland and the late Mr. Bartels.

The double ring rites were read by Dr. Jacob T. Hoogstra, pastor of Prospect Park Christian Reformed Church of Holland, before an outlay of palms, baskets of deep pink roses and white lily chrysanthemums and candelabra which formed the background. White ribbons adorned the pews.

Attending the bride as maid of honor was her sister, Miss Donna Fisher. Bridesmaids were Miss Carol Fisher, also a sister, and Miss Pauline Fisher, cousin of the bride. Jay Bartels attended his brother as best man and ushers were Delwin Van Dyke of Holland, nephew of the groom, and William Gelderman.

Wedding music was played by Mrs. Guy Buitenvort and soloist was Charles Bolthouse of Ohio who sang, "Because" and "The Lord's Prayer."

For the occasion the bride, who was given in marriage by her father, selected a floor length gown of white bridal satin, fashioned with a scoop neckline and tapered sleeves which came to points at the wrists. The full skirt extended into a short train and the bodice featured a design of seed pearls and rhinestones outlining the neckline. A waist length veil of silk illusion fell from a crown of seed pearls and rhinestones and she carried a colonial bouquet of deep pink roses accented with white satin streamers and rosebuds.

The bride's attendants wore similar gowns of white spider net over pastel tinted taffeta, styled with scoop necklines and cummerbunds. They carried bouquets of mixed flowers to match their dresses, the maid of honor wearing laven-

The gifted Sonia Arova and Job Sanders also were seen to great advantage. A native of Bulgaria, Miss Arova at five began studying at the State Opera House and at nine left for Paris. At the beginning of World War II she was sent to live with an English couple in Brittany and finally escaped to England disguised as a boy. At 15 she began to dance professionally with the International Ballet and other leading companies.

Her husband, Job Sanders, was born in Amsterdam, the Netherlands, and studied ballet both in Europe and at the School of American Ballet in New York. In 1948 while still in his teens, he joined the Ballet Russe de Monte Carlo and in 1954 became a member of the Ballet Theater. A choreographer, he has done many ballets for leading dancers.

The dancers appeared singly, in pairs and on some occasions all four participated. Much of the smooth performance was attributed to the excellent accompaniment on two pianos by Howard Barr and Julian Elbaz. They appeared in one piano number, "Suite Scaramouche" by Darius Milhaud.

der and the others wearing green and coral, respectively.

Flower girls were Susan Scarlett and Nancy Bartels, nieces of the groom. They wore pale blue gowns and carried powderpuff baskets of rose petals.

For her daughter's wedding Mrs. Fisher selected a blue dress. Mrs. Bartels also wore blue. They had deep pink rose and white carnation corsages.

Following a reception at the Spring Lake Country Club the couple left on a honeymoon to Florida. After Nov. 9 they will be at home in Spring Lake.

Supervisors Conduct Study Of '58 Budget

GRAND HAVEN (Special) — The Board of Supervisors continued its study of budget items Thursday afternoon and okayed expenditures for microfilming records of Probate Court. Probate Judge Frederick Miles appeared to give a full explanation of details involved and also had supervisors visit his storage vault where space is at a premium.

Sheriff Jerry Vanderbeek also appeared to answer any questions on needs for the sheriff's department. There was considerable discussion on use on sheriff's cars and where it would be more profitable for the county to operate all the sheriff's cars rather than have the sheriff provide three under a special allotment. Costs will be carefully studied before final decision is made.

Supervisor Henry Slaughter reiterated statements made throughout the long October session that the county will be in the red at the close of the year. James E. Townsend explained that the short situation was caused primarily by a \$50,000 item in available cash which should have been entered as a trust fund item. He said the deficit amounts to about \$4,000 instead of having a surplus of some \$46,000.

There also was some discussion on delinquent taxes, pointing out that the ratio of non-payment is much the same as ever, but that non-payment today amounts to some \$28,000 instead of \$17,000 back in 1950.

Arrest Three For Gas Theft

Three men are scheduled to be arraigned before Allegan County Justice Gordon Van Patten Monday on charges of stealing gasoline from the Brink and Rabbers Trucking Co. at 881 South Lincoln Ave.

The three are Luther A. George, 25, no address, Charles E. Sherrill, 19, of a trailer camp on Coolidge Ave., and Myrtle Phillips, 19, of 88 1/2 East Eighth St. They were arrested by Holland police and Allegan County deputies about 5 a.m. Sunday morning.

The owners of the trucking company said they have been missing 40 to 60 gallons of gas each week-end from their trucks. This week-end they hid in the garage and when they saw the men arrive, called Holland police, who called in the deputies.

Allegan County deputy Andy Vander Vliet said they caught the men in the act of siphoning gas from the trucks.

Under questioning by Holland detectives, George and Phillips admitted breaking into the Holland Meat Co., route 2, about two weeks ago and stealing several hams and a quantity of other meats.

The two also admitted breaking into a garage-gas station between Hudsonville and Grandville recently, stealing cigarettes, cigarette lighters and other small items.

A recent break-in at a garage just north of Benton Harbor was also admitted by the two men, who turned over to detectives a box of valuable tools stolen there.

Detectives said they will turn the information over to the Ottawa and Berrien County Sheriff's departments.

String Makes Dales Coach 'Unpopular'

Frank (Muddy) Waters, the winningest college coach in Michigan, steps inside Riverview Park Saturday and with all the partisan Hope College fans, he will probably be a most unpopular man.

But being an unpopular man is nothing new to the former Michigan State University fullback.

He was also unpopular at Albion a couple of weeks ago as his team ruined the Britons' Homecoming and last week he smashed any thoughts Alma might have had about finishing unbeaten.

Now Waters heads for Holland and a record of 30 straight football victories and 21 straight MIAA wins. Since taking over from Charley Bachman at Hillsdale, Waters has never lost an MIAA game.

Waters has been sharpening the Hillsdale offense this week because he was not satisfied with the offense in the 31-7 defeat of Alma last week.

Although Waters' team stopped Hope, 34-14 last year, he is remembering the 19-13 win in 1955, one of the biggest scares the Dales have had during the string.

Waters' much heralded depth has received somewhat of a blow and a few of the players are limping. Leading scorer in the MIAA,

A PLATFORM FOR MICHIGAN
Senator Edward Hutchinson, of Fennville, does not want to be governor of Michigan. At least he has disclaimed any such intention at this time. But that does not prevent him from having ideas as to what his party's platform should be in the political campaign of 1958.

Hutchinson has suggested two principles in the platform he is looking for:

1. No further increase in taxes.
2. Economy "in all things and a demonstration that the government under Republican leadership could live within its income."

Those are the Fennville lawmaker's own words. It seems certain that the vast majority of Michigan taxpayers would adopt them if they had the chance, and not only Republican taxpayers but members of the opposite party as well. But it seems equally certain that the hard-pressed taxpayers in neither party will get what the Fennville man is asking for.

As to No. 1, "No further increase in taxes," the political sky is full of trial balloons by way of suggestions for new taxes, notable among them a state income tax. At this moment, regardless of which party comes out on top in 1958, nothing seems more certain than that there will be new taxes. As for No. 2, that the leadership shall live within its income, when has that ever happened within the memory of man? Each party is everlastingly making promises before election that if it gets a mandate from the public, it will pinch every penny and guard state funds as it would its own money. But after election such a thing never happens.

The trouble is that living within the state's income involves going against the wishes of large blocks of voters organized into pressure groups. The rank and file members of both parties are without such pressure leverage and so the safest thing for the "leadership" of either party is to become free spenders. The rank and file voters can be depended upon to vote their partisan predilections, and it is good politics to appease the pressure groups.

But lately the common voters have been engaging in a blind revolt, and it seems possible that the Fennville man's platform, or something very much like it, will become a political necessity for both parties. Again we call your attention to the fact that more people make more problems and more problems to solve always seem to call for more hired help. More hired help more taxes.

We therefore must find a way to save more of our tax dollars. The reduction of duplication and tax dollar waste could do wonders. Do we want to try?

The Spirit of Christian Worship
1 Corinthians 11:20-34
by C. P. Dame

(Based on copyrighted outlines produced by the Division of Christian Education, National Council of the Churches of Christ in the U.S.A. and used by permission.)
The early church was not perfect. It had its defects just as the church of today. All the members of the early church were not exemplary. There were disagreements, divisions, and disorders in the church of the New Testament times. Some of the flaws of the Corinthian Church mar modern churches also.

I. The Christian Church in a fellowship. The members of churches need each other. Some church members are absent as much as they possibly can. By their absence they hurt themselves and the church. The congregations in the early days had no church buildings and so they met in the homes of the members. In the church at Corinth love-feasts were held before the celebration of the Lord's Supper. They were like our potluck suppers. These feasts fostered fellowship and fulfilled a need.

However some members spoiled this fellowship by being unbrotherly. Some members did not wait for the others and some ate only with relatives and friends and so they nullified the very purpose of the feasts — instead of promoting fellowship these feasts created cliques. There are churches today which are run by little groups or by a few families and no one gets a chance to find a place of service. This is wrong.

II. Jesus instituted the Lord's Supper. We protestants have but two sacraments — baptism and the Lord's Supper. Both are of divine origin. Paul tells us that he had received of the Lord by divine revelation the facts concerning the Lord's Supper. Paul had not been present at the time the Lord instituted it—the other apostles were. It was instituted on the night the Lord was betrayed. After Jesus had celebrated the Passover he instituted this holy sacrament.

We believe that the bread which Jesus broke and handed to the apostles and which ate represented his broken body which he was about to offer as a sacrifice on the cross. The wine represented the blood of the Lord. The purpose of the sacrament was to remind the disciples of the atoning death of the Saviour, and to direct the minds of the members to his return.

III. Before we celebrate the Lord's Supper self-examination is in order. Some churches have a preparatory service for Communion on the Sunday preceding the celebration of the Lord's Supper or at a mid-week service. The purpose of this service is to help members to prepare themselves spiritually for the Communion Service. The more we prepare ourselves for this holy service the more blessings we shall receive from it.

In the Corinthian Church there were members who did not prepare themselves and they acted as if there was no difference between a common meal and the Lord's Supper. They showed serious disrespect. Evidently some Corinthians became sick because of their irreverent attitude to the table of the Lord. In our times there are church members who are so afraid of eating and drinking damnation to themselves that they stay away from the Lord's table and disobey his command. The word "damnation" which Paul uses in the text means "JUDGMENT" — not final condemnation.

Today too there are members who have no idea of the sacred responsibilities which are connected with church membership. They take their vows lightly. Worship and the celebration of the Lord's Supper are important for they have been instituted by the Lord for the benefit of our immortal souls. Alas, that some people show but little concern regarding their souls!

Chest Drive Lists Many Agencies

The Red Cross, the Michigan Heart Association, USO, National Multiple Sclerosis Society, The Michigan Association for Better Hearing, The United Cerebral Palsy Association — all these and some 30 more organizations working for the health and social welfare of people in Holland and elsewhere benefit from gifts to the Holland Community Chest.

Other Michigan United Fund agencies included in the local Chest drive are Leader Dogs for the Blind, located in Rochester, Mich., The Travelers Aid Society, and the Arthritis and Rheumatism Foundation.

The Michigan Children's Aid Society, providing for the adequate care of children whose parents cannot or will not do so, is another worthy work for Chest support. Part of the work is finding suitable homes for such children. Aid is also given to unmarried mothers.

The American Branch of International Social Service is included. This group in cooperation with local agencies assists families in matters of immigration, adoption of children from other countries, and other problems involving people beyond the boundaries of the country in which they live. The Netherlands Information Service sometimes works in conjunction with this agency.

Through Community Chest, which in Holland includes the Michigan United Fund with all these organizations and many more, you are asked to give once instead of many times. This reduces annoyance to you as well as fund raising costs, not to mention hundreds of hours of valuable volunteer time.

Zeeland Takes Second Loop Win

SPARTA (Special) — Zeeland moved into a three-way tie for second place in the Kenewa League Friday night with a 20-0 victory over Sparta here to spoil the Spartans Homecoming.

The Chix tallied once in the second quarter and twice in the final period. Zeeland now has a 2-1 league record to be tied with Comstock Park and Coopersville. Zeeland hit paydirt for the first time with 9:10 remaining in the second quarter. Brian Mohr sneaked over from the two following a drive which started on the Spartan 27 when Wayne Tanis intercepted a pass. Lavern Slaght ran the extra point.

Eddie Vander Laan, diminutive halfback, cracked over from the three with 8:42 left in the game for the second Chix tally. The touchdown climaxed an 88-yard drive. John Bloemendaal attempted to run the extra point but was stopped short.

An eight-yard jump pass from Mohr to end Harv Feenstra with 1:25 to go gave Zeeland its final score. Bloemendaal ran the extra point. The drive had started on the Chix 48.

Although the Chix offense was slow to get going, especially in the first quarter, Zeeland ended with 247 yards rushing.

Again the Chix defense was superb and allowed the Spartans only 41 yards and six in passing. Sparta penetrated into Zeeland territory only once in the game and that was in the second quarter when they moved to the 27 yard line with 35 seconds to go in the half and fumbled. Zeeland recovered.

The loss was the fourth straight in league play for Sparta and the sixth this season. Zeeland has an overall mark of 4-2.

Dutch Seconds Tie St. Joe

ST. JOSEPH (Special) — Scoring two touchdowns in the fourth quarter, Holland High's reserve team tied St. Joseph here Friday, 19-19 at Dickinson Stadium.

Ron Maat cracked over from the four and then plunged for the extra point to tie the score in the fourth quarter. He ran 20 yards to set up the tally.

Maat had given Holland a 6-0 first quarter lead after taking a 40-yard pass from Bruce Van Dyke. But the Bears came back and scored their first touchdown on an 18-yard end run by Al De Vries and this was followed by a six-yard reverse by Cliff Cobb. Spriggs Te Roller caught a 40-yard pass in the fourth quarter and then kicked the extra point for the final Bear scoring.

Holland's second touchdown was scored by Steve Egger as he fell on a blocked punt in the end zone after it was blocked by Don Kievit. Holland had one other scoring chance. Maat caught a pass and was alone in the clear but tripped over his own man.

The Dutch have now lost five and tied one while the tie was the first for the Bears after four wins and one loss.

Ask Injunction In School Case

A dissident group of residents of the McClair School District is taking steps toward seeking an injunction in Allegan Circuit Court against their school board which is preparing to file a petition for consolidation of the district with the Hamilton schools.

The group announced their plan at the meeting in McClair school Monday night, and have retained attorney Gordon Cunningham of Holland to file the injunction petition.

Allegan County Prosecutor Chester Ray explained that signers of the original petition for Hamilton consolidation could not withdraw their signatures, and that the petition must be filed with the state superintendent of public instruction.

The group seeking the injunction hold that when the original petition was circulated, the signers were unaware of the facts of the case.

Those favoring consolidation with the Saugatuck schools contend that they are closer and thus pupil transportation will be easier and safer.

Couple Burned In Home Fire

A Holland couple sustained first and second degree burns and their three small children were singed by a fire which gutted their cottage home at 2667 Lake Shore Dr. Monday night and caused an estimated \$10,000 damage.

Mrs. Carol Bouwer, 22, of route 4, Holland, was admitted to Holland Hospital with first and second degree burns of the face and lacerations of the right foot. Her husband, John, 26, was treated for first and second degree burns of the face and right hand and discharged.

The children, Larry, 4, Randall, 3, and Brian, 2, all had their hair singed and Larry received blisters on his right ear and hand.

The family, all sleeping upstairs, had retired for the night when, about 11 p.m. Mrs. Bouwer smelled smoke. When she opened the stairs door into the kitchen, the room was discovered to be a mass of flame, and the family was forced to escape through a second floor window onto a porch roof. From there they jumped to the ground. Mrs. Bouwer cut her foot going through the window.

Bouwer drove to a neighbor's home to summon firemen from Park Township No. 1 and 2 stations. Firemen fought the fire and remained on the scene till 2 a.m. Park Township Fire Chief Herman Windemuller said he believes the fire was caused by an overheated furnace, due to failure of the automatic control to function properly. Only the shell of the home remains, Windemuller said.

An electronic surveying instrument has a range from 500 feet to 35 miles and can be used effectively day or night.

Dutch Lose 7-6, Line Play Sparkles

Hope College's football team handed Hillsdale College its biggest scare of the season in dropping a 7-6 decision before 4,000 Homecoming fans Saturday at Riverview Park.

"We were mighty lucky to win," Coach Frank (Muddy) Waters said following the game. "This was by far our toughest game this season and Hope definitely has the strongest line we've seen." Waters said.

It was the 31st straight victory for the Dales and the 22nd in MIAA play. The victory assured Hillsdale of a tie for its fourth straight MIAA championship. They have a 4-0 league record while Hope is 2-2 and 4-2 overall.

The game as predicted, turned out to be a battle of defensive lines. Veteran Hope followers reported the line play was some of the best ever seen here.

Three times in the second half, Hope stopped the Dales inside the nine yard line while Hillsdale prevented the Dutch from penetrating past the Hope 44 yard line in the second half.

Walt Poe, 5' 9" junior, sneaked behind the Hope defense with 1:50 to go in the first quarter and

Mike Blough scores Hope touchdown

grabbed a 36-yard pass from quarterback Doug Maison on the Hope 17 and outraced the defense for the lone Dales score. The play started on the Hillsdale 47.

Wayne O'Shaughnessy converted and the Dales held a 7-0 first quarter lead.

Hope scored in the final 12 seconds of the first half. Mike Blough, Caledonia freshman, caught a 13-yard Jack Faber pass in the end zone. Bill Huijbregtse's attempt for extra point was about a foot wide of the goal post.

Huijbregtse, for the third straight game, intercepted a pass to set up a touchdown. He snagged a Maison aerial on the Hope 35 and returned to the Dutch 47. Faber then uncorked a long pass to Mert Vanderlind who caught the ball on the Dales 20 and was forced out on the 13. Faber then fired to 6' 2" Blough and the ball slid out of his hands. But on the next play, Faber connected.

The Dutch passing game picked up 104 yards in the first half but in the final two quarters they failed to hit on a pass, trying four and having one intercepted.

Maison, a lanky 6' 3" senior quarterback, came into the game with a 70 per cent passing mark. He hit on nine for 19 against the Dutch and had good protection. But on one of them he turned the tables and was on the receiving end of a 29-yard pass which carried to the Dutch 24 and set up one of the three attempts in the second half. Two Maison passes to end Jim (Jellybean) Reynolds put the ball on the Hope nine where halfback Don Eugenio fumbled and Hope took over.

Early in the fourth quarter Maison intercepted a Vanderlind pass on the Dales 40 and returned to the 49 to start the second drive. Two passes, one of 12 yards to halfback Tom Boyd and one of 23 yards to Poe, plus a couple runs put the Dales on the Hope 11 with a first down. Four line cracks penetrated the ball to the three where Hope took over.

The third thwarted drive ended on the Hope one yard line in the closing two minutes. After Hope punted, the Dales drove from their own 48 to the Hope 22 in six plays. Here a personal foul was charged against the Dutch moving the ball to the six and giving the Dales a first down. Four more cracks at the line were made and the weary Dutch line-men withstood and took over with the ball on their own one.

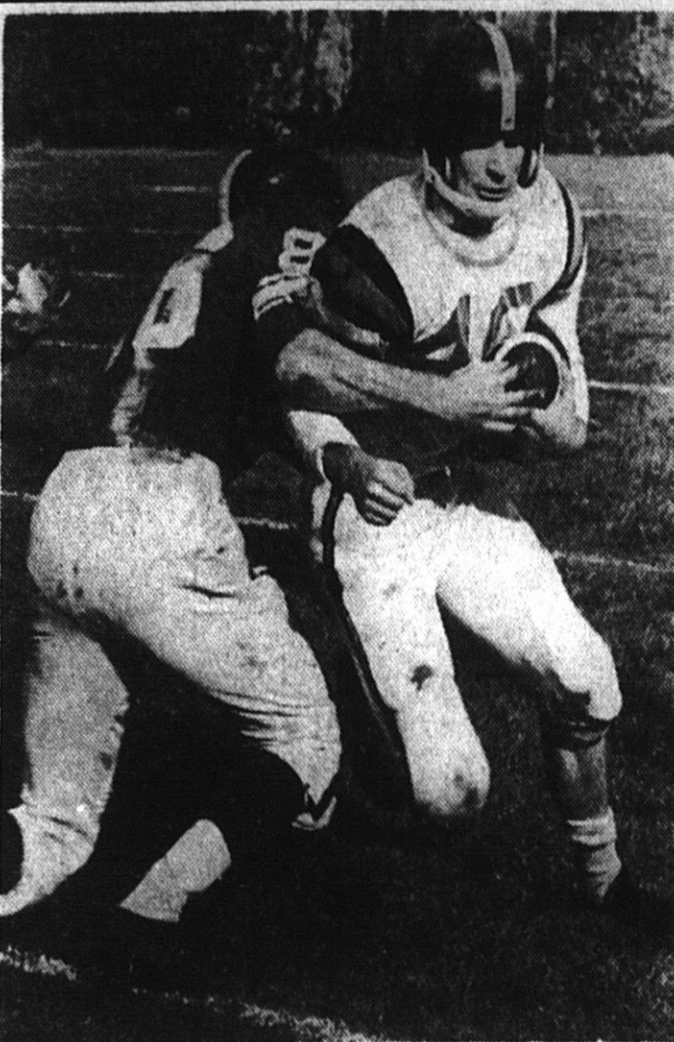

Ken Faber, Don Paarlberg, Larry Ter Molen and George Pwelen were strongest on the Hope line against the Dales attack while sub Don Lautenbach did a good job of breaking up some of the single wing plays going around end along with Paul Wiegertink.

Reynolds, John Deer, Dave Trippett and Ron Cockayne were the Hillsdale line standouts with Reynolds' end play outstanding. Ed St. Clair, 230-pound tackle, re-injured his knee in the game and probably will be lost for the season.

Jerry Hendrickson led Hope rushers with 44 yards in ten carries while Duane Voskuil had 23 in three. Vanderlind, rushed on his passing attempts ended with a negative 27 yards. Poe led the Dales with 30 yards in 13 tries.

Hope plays at Olivet College in MIAA competition Saturday afternoon. The Comets lost 24-0 to Alma Saturday.

Giving on this formula will make everybody happy and if you are in a low income bracket and give on a fair share basis, there need be no embarrassment on limited gifts," he said.

More than 400 women will participate in next week's canvass. If more convenient to turn in their reports at the downtown office instead of reporting to their captains, they may do so. The office is open during noon hour for the convenience of all Chest volunteers.

Annexation Poll Takers Get Answers

Main Concern Centers On Voice Outsiders Have on New Decisions

Many interesting sidelights resulted from the two-week fact-finding poll conducted by a Hope College political science class, results of which were published in last Thursday's Sentinel.

Generally, the people inside the city favored annexation and those outside were opposed. The farther away from the city, the greater the opposition was, the students learned.

Dr. J. Dyke Van Putten said one item of most concern to those living outside the city was what voice they would have in changes in their areas if annexation were to take place. Specifically, many were insistent that no "ground rules" should be changed until after an election in which they would have some voice in choosing representation.

This concern also spread to ward boundaries, representation on City council and the like. In general it was suggested that City Council should pass a resolution outlining procedures in case of annexation.

The survey also revealed that many persons living in the townships outside the annexed area had no idea they could vote on annexation.

There also was a pronounced belief that only property owners would be able to vote. Actually, all qualified voters may vote.

There was a surprising number of persons who hadn't heard anything about annexation.

In all, the pollsters shared many new experiences. One was bitten by a dog, another had his fingers caught when a man slammed the door in his face. One was even invited to dinner.

Dr. Van Putten designed the poll on scientific lines similar to procedures used by the National Opinion Poll with which he was once affiliated. Actually, the students asked only one question, "Are you in favor of or opposed to the political annexation plan which will be submitted to the people Nov. 19?" The other information and experiences were incidental.

Eighth Graders Open Season Here Tuesday

Holland's eighth grade football team, drilling hard for more than a month, will attempt to put into practice what they have been learning when they open the season here Tuesday against Benton Harbor at Riverview Park at 4 p.m.

The group is coached by Don Oosterbaan and has sharpened its offense and defense against the reserves of the freshmen team.

Oosterbaan has been pleased with the progress the boys have been making in the practices and scrimmages. The tackling and blocking has been crisp, he said.

He has decided to start Buzz Becker at center with Adrian Merryman and Ben Rowan at the guards with Bob Eakley and Derk Van Raalte at tackles. Dan Koop

and Dan Ten Cate will play the ends.

Ron Conklin is the quarterback with Jim Bouwman and Rodolfo Ruis the halfbacks and Jack Dozeman, fullback.

Other players who have looked good and may be in the starting lineup include Tom Bouwman at quarterback, Bill Arendshorst and Duane Wiersma, halfbacks.

Chris Swartz has been running hard at fullback and Karl Ekstrand is fast at halfback. Howard Rozendal and Tom Van Howe are end replacements with Harold Lund and Leon Van Dyke a couple of guard substitutes.

Richard Dunn, Jack Van der Broek, Ed Millard and Dan Campau are other backfield replacements along with Roger Smith, an end.

Usually each Friday throughout the season, the eighth graders have been scrimmaging the seventh graders. They have been able to win by a couple touchdowns each time.

The eighth graders will join with the seventh and ninth graders in another night of football at Riverview Park later in the season. The idea was started last year and proved especially popular as more than 300 parents attended.

Oosterbaan has been pleased with the enthusiasm the youngsters have shown in practice. He has been somewhat curtailed in his drills by several cases of flu, which on some days cut the team almost in half.

Chest Aids Clinic for Children

The Muskegon Area Child Guidance Clinic, an agency of the Holland Community Chest, is one of 17 similar clinics in the state of Michigan established for the diagnosis and treatment of emotionally disturbed children up to the age of 18 years.

Much work is being done these days in preventive medicine. A less well known and understood type of work is being carried on in preventive treatment in the field of mental health. As is the case in physical disease, this treatment is especially effective when it is given early.

It is the duty of the clinic to help analyze children behavior and personality problems referred to it by parents directly, physicians, schools, courts, and other agencies working with children. Children brought to the clinic may show a variety of disturbances.

Sometimes these children are defiant, hostile, uncontrollable, or run away from home or are truant from school. There are still others whose symptoms are that of physical illness but the physician can find no physical basis for the condition and believes that nervousness or personality disturbance is the basis for their physical symptoms.

When such symptoms are not corrected, they may develop into more serious mental or emotional conditions resulting in the child's growing up to spend time in a mental hospital or even prison. Less extreme results may be the making of unhappy marriages or unsatisfactory work relations. Emotionally disturbed people find it difficult to adjust to other people. They often prove to be poor citizens.

The treatment at the child guidance clinics consists of regular interviews with a trained worker over a period of several months. Both the child and at least one of his parents receive help from a specialist in this particular field. The parents are given training which enables them to understand better the emotional needs of the child and helps them to lead him back to well adjusted, happy living.

When the Muskegon Area Child Guidance Clinic was first opened in the summer of 1942, the professional staff consisted of a psychiatrist, a psychiatric social worker and a psychologist. At the present time the staff includes two psychologists, five psychiatric social workers and a consulting psychiatrist.

In the first eight months of the current year, the clinic has given service to 131 Ottawa county cases, or 912 interviews in all. This comprises about 25 per cent of the total work of the clinic, which means that although seven counties are served by this clinic, Ottawa County has received one fourth of the benefit.

Interviews are held in the local offices of the clinic at 363 Van Raalte Ave. three days of each week, two people of the staff being there each Thursday. The psychologist who works in the Holland office is Maynard Van Lente, present director of the clinic in Muskegon. Psychiatric social workers are Arthur B. Kratkiewicz and Mrs. Charles VanDuren who works exclusively in Ottawa County.

The Child Guidance Clinic receives 50 per cent of its financial support from the state Department of Mental Health. The remainder is shared among the participating counties. The Holland Community Chest has earmarked \$3,737 for the work of the clinic this year.

The following local people are members of the Board of Directors of the Muskegon Area Child Guidance Clinic: Russell H. Welch, V. L. Boersma, M. D. Mayo Hadden, Dr. O. Vander Velde and L. A. Wade.

Russian Problems, Taxes Occupy Club Meetings

An insight into the work of the freedom fighters inside Russia was given by Constantine Boldyreff, a Russian secret underground leader, at the regular meeting of the Woman's Literary Club Tuesday afternoon.

The speaker, at present professor psychological warfare at Georgetown University at Washington, D. C., said America is not aware of the many freedom loving "friends" inside Russia — people who should be receiving encouragement from America instead of criticism.

He also said Sputnik is receiving far more attention here than what it deserves, and that more attention should be given to the big revolution currently generating in the hearts of the people — a revolution which could come into being much like those in Argentina, Poland and Hungary. While revolutions take different forms, yet the things that lead to revolutions are quite similar.

Prof. Boldyreff quoted Lenin as saying revolutions break out when people are dissatisfied with conditions in the government and demand changes.

It is not easy for Anti-Community fighters to work in Russia since they mistrust western governments which habitually call for liberation of all Russian countries except Russia itself, Boldyreff said. This attitude on the part of the western countries is only natural in view of the aggressive Soviet policies which have antagonized the entire world.

He said current complications in the Russian top circles stem from Stalin's death with its resulting collective leadership. The newer appointees are not all of the old guard, and some like Zhukov have been immensely popular with the Russian people.

Boldyreff looks mainly to the writers and to the youth to carry on this great revolution for freedom. He said Soviet leaders cannot evolve a free program, and the western world must not be misled on peaceful coexistence.

He said America passed up a great opportunity when it did not provide for proper representation at the Youth Conference in Moscow. "Instead of sending over intelligent Russian-speaking Americans who could have given great encouragement to the freedom lovers there, this country sent over 160 foreign travelers. This must not happen again," he said.

The Russian people need you as much as you need them, but it must be on a friendly basis, not as charity. Your aid and understanding must be as allies to allies. The revolutionary fighters are your salvation . . . they risk their lives for their love of freedom, and a revolution for freedom within Russia is the best thing for a free world," he said.

Mrs. Clarence Becker, club president, presided.

Trends in the state tax picture were outlined by State Sen. Edward Hutchinson of Fennville at a meeting of the public affairs group of the Woman's Literary Club Tuesday afternoon.

The senator explained that Michigan operates on a billion-dollar budget, but that its people contribute 7 billion dollars to help support the 70-billion-dollar national budget. On top of this are many millions raised on local levels for city, township, county and school functions.

Hutchinson said such taxation takes a big bite out of the free economy and the big question is how much further taxation can increase before the system evolves into a socialist economy. He said state government costs have doubled in 18 years whereas the population has increased 18 per cent in that period. He contended that the latter figures combined do not justify doubling of costs.

He pointed to the need for reappraisals in education and the 70,000 new pupils each year. On the basis of \$190 per pupil in state aid, the state will pay at least 14 million dollars more for the school system. He said in view of the fact that the government does not "produce" anything all revenues must come from the people.

Roughly, one-third of the revenue comes from state sales and use taxes; one fourth from business receipts tax, corporations tax and utilities; one-fifth from gasoline and weight taxes; one-tenth from cigarettes and liquor, and the remaining one-eighth from other sources.

Expenditures roughly give two-fifths to education, one-fifth to highways, 6 per cent to mental health, five per cent to welfare, 10 per cent to unemployment compensation, and 20 per cent for all state government.

The tax burden in Michigan for its 7½ million inhabitants amounts to \$103.52 per capita compared with \$64.80 in Indiana, \$71.11 in Ohio and \$64.32 in Pennsylvania. Hutchinson said, whereas the income increase in Michigan the past year amounted to only one per cent, compared with two per cent in Ohio, three per cent in Illinois and 1.8 per cent in Indiana, with a national average of 3.6 per cent.

Sen. Hutchinson commented on statements that business is being driven out of Michigan. He said it is true some firms have established large plants elsewhere but whether this is a true picture for the entire state will depend on the outcome of a study currently carried on by a committee headed by Sen. Clyde Geerlings of Holland. He said there is a chronic unemployment problem in Michigan and a CIO paper last week said 260,000 were unemployed in the state. He said Michigan business must expand if it is to provide the necessary jobs for the labor surplus.

Mary Emma Young, a member of the club, served as moderator for the question and answer period. Mrs. Arthur C. Yost, public affairs chairman, introduced the speaker. Mrs. Roy Wymore was in charge of the coffee hour. The coffee table was attractively decorated in a Halloween motif.

GAMES ARE POPULAR — Outside activities include games for youngsters at Prestatie Huis (Achievement House), a private school for mentally handicapped children. Hope college students majoring in social studies devote their time to looking after the children. Prestatie Huis is one of several agencies in Holland's Community Chest. Steven Van Grouw is the new director, succeeding Mary Rhoades who is taking graduate study at Wayne University this year.

Prestatie Huis Included In Local Community Chest

One of the newer agencies in the budget for Holland's Community Chest is Prestatie Huis, a private school for mentally handicapped children located at 88 West 13th St. It was organized in January, 1956, by a group of interested persons from Hope College and the community at large.

With the exception of the director, the school is staffed entirely by volunteer workers, college students who desire experience in this field. Each works with no more than four children at one time.

Individualized instruction is imperative because of the wide range of differences between pupils. Children range in age from 5 to 15, but mentally they range from 2½ to 6½. Every effort is made to train the children to use what ability they have to the fullest capacity.

To improve hand coordination such activities as weaving, finger painting, a limited amount of writing, and coloring are taught. Other parts of the program encourage social adjustment to the other children, emotional control and physical development. Some activities are carried on in the indoor fenced-in playground. Here simple group games are taught and individual skills for improving physical coordination.

Prestatie Huis is in session every afternoon Monday through Friday during the college school year. Children are brought to school in a car driven by a student and those outside the city are brought in by their parents.

Steven Van Grouw is the present director of the school, replacing Mary Rhoades who is spending the year at Wayne University doing graduate work in special education.

Van Grouw reports that before the beginning of the fall term, calls were made to homes of all children. Parents reported definite improvement in their children and the children had enjoyed their experience at Prestatie Huis to the extent that they were eager to go back.

On the first day of school a "game" was played which disclosed they had remembered each other's names. When Van Grouw decided as a time saving feature to eliminate some preliminary routine, he was reminded by a little student that the day began with the Lord's Prayer and the salute to the flag. He was impressed with the socializing value of the work when after only a short time to gether one little boy pointed to another and said, "Look, he's Tony. He's my pal!"

Work of the school is financed entirely by gifts of interested individuals and organizations and the allotment from the Community Chest which amounts to \$1,900. Total budget this year will be \$3,330.90.

The board of directors includes Edwin Raphael, president; Donald Crawford, vice president; Clarence Jalving, treasurer; Mrs. Richard Wilson, secretary; Victor Van Oosterhout, George Lievens, Edward Donivan, Dr. O. Vander Velde, Dr. V. Boersma, Mrs. Paul Jones and John Ver Beek.

Supervisors Reject New Manager

GRAND HAVEN (Special) — The Board of Supervisors Friday afternoon turned down a proposal to appropriate \$15,000 in the new budget for a county administrator, although the feeling was not so much one of opposition to the proposed program as one of having no money at this time.

James E. Townsend of Holland along with Mayor Robert Visscher led a strong fight for a new efficient program which they contended would save the county large sums in centralized purchasing, but the feeling of the board was geared to a tight budget. John Hassold of Chester township and Clarence Reenders of Grand Haven township felt that if there is any money left, it should be given to the roads "even if it's only a drop in the bucket."

Friday's session was mainly devoted to committee-of-the-whole discussion of budget items, and work was pretty well completed on the budget. The taxes and apportionment committee met Monday and Tuesday to complete its work which is considerably more complicated this year because of various school consolidations.

The board approved a \$15,000 appropriation for the road commission to develop and improve county parks with the understanding that the road commission will establish a separate county park department. The program involves a new park in Georgetown township in connection with the offer of a gift of land, a county park in Robinson township on Grand River near the Bass River gravel pits. The program also calls for expanding and improving Tunnel Park near Holland and North Shore Beach at Grand Haven.

Maplewood PTA Discusses Annexation

G. Ray Sturgis, Allegan county superintendent of schools, addressed the Maplewood School PTA Monday night on "Facts of Annexation."

The meeting was in the form of a potluck supper with about 45 present, but before the end of the evening the crowd swelled to 80 to 100.

Sturgis advocated that Maplewood join the Hamilton area in establishing a new 16-room million-dollar high school in Hamilton for about 500 students to serve that section of Allegan county. He also said Maplewood was being bled for school transportation to the Holland system which he estimated at \$99 per pupil per year. On the blackboard he listed tax figures on city, township and county needs, county building millage and school millage.

Then challenges came from the audience, mainly Henry Kleinhessel, Mrs. Jack Van Deusen, Merle De Feyter, Henry Vander Plow and Donald Johnson. This discussion revealed that Maplewood pays only \$44 per student on transportation, not the exorbitant \$99, and that Sturgis' program gave no consideration for urban needs.

Kleinhessel summed up the situation citing definite facts and figures, proving that school costs would be much the same whether the district joined Holland city or Hamilton, but the city would offer the additional services of police and fire protection, water and a generally more efficient program of meeting future needs. He also said the Holland school program is geared to 25 years in the future whereas the Hamilton program meets only present needs and does not provide for a needed elementary school in Maplewood area.
