Warm fall days when crowds of children are likely to be playing outdoors in piles of leaves is a major cause of concern for Holland policemen.

Parents are asked to keep their children from playing in leaves piled along curbs for pickup. Drivers are asked to remember that leaf piles may be hiding a child who forgot the dangers involved in such play.

United Fund At 1/3 Mark In Zeeland

ZEELAND — The first report meeting of Zeeland's United Fund drive this week revealed that \$3,932 of a record goal of \$13,300 was raised.

The report of the industrial division was particularly encouraging, incomplete returns of three firms indicating that total contributions will exceed \$2,330. This division has a quota of \$5,200 or about 40 per cent of the total quota.

Campaign Chairman Bruce De Pree said, "Incomplete reports of the United Fund drive at Bennett Lumber Co., Mead-Johnson and Miles Chemical Co. definitely show that some of our industries are interested in providing adequate funds to meet the needs of the 41 health, welfare and character building agencies in our drive. Willingness of the firms to make available payroll deductions for employees has resulted in a marked increase in employee gifts."

He added that Bennett Lumber Co. and Miles Chemical Co. have had a payroll deduction plan in operation for several years. Firm and employee gifts from the lumber firm will exceed \$500 and from Miles Chemical \$700. Both totals are greater than last year.

Mead-Johnson offered a payroll deduction plan for the first time this year, and with some gifts still coming in, the combined firm and employee contribution already exceeds \$1,330. This gift alone represents more than 10 per cent of the total quota.

In the retail division, Co-chairmen H. C. Wybenga and Harry Visser report a total of \$1,077, or about 43 per cent of the division quota of \$2,500. More than 122 businesses in the area are solicited by 14 workers. They are Wayne Wildschut, Del Huisingh, Joe Dalmann, Marvin Vanden Bosch, Glen Wyngarden, Alvin Lanning, Al Johnson, Leonard Vanden Bosch, Elmer Ensing, Dennis Vanden Heuvel, Warren De Vries, Fred Veldhuis and Audred Petroelje.

A total of \$225 was reported for the outside gifts division which has a quota of \$500. No official returns were received from the professional division headed by Mrs. D. C. Bloemendaal, but solicitors are completing their assignments. The division quota is \$1,700.

The house-to-house canvass will start Monday with 110 volunteers calling at all homes in the area to reach a \$3,400 quota.

Council Meets for One Hour

City Council processed a fair amount of business at a regular session which lasted exactly one hour Wednesday night.

Three public hearings were held. One on reviewing paving special assessment rolls on paving Third St. from River to Pine Aves. with assessments placed at \$10,752.77 was approved with no objections registered.

Only one letter objected to proposed construction of a sanitary sewer in 20th St. from Ottawa Ave. to Graafschap Rd. No objections were registered for a sewer in 21st St. from Ottawa to Plasmans Aves. The former project carried an assessment figure of \$14,304.75 and the latter \$9,791.50. Both carried unanimously.

Following a report by City Manager Herb Holt, Council scheduled a public hearing Nov. 15 on a sanitary sewer project in 18th St. from Diekema to Plasmans Aves.

Reporting for a special committee to study needs for larger dump facilities, Councilman John Beltman said it was determined that present facilities would be good for another 8 to 9 years and there was no need to acquire further property at the present time. The committee was discharged.

An application from Shell Oil Co. to erect a new gas station on the southeast corner of Ninth St. and College Ave. was referred to the city manager for study and report. Such reports are drafted after the city manager confers with police and fire chiefs on safety, with the building inspector on zoning, and the city engineer on streets and curb cuts. Since the property involved is zoned commercial, there will be no formal public hearing as such, but interested persons likely will attend the next meeting of Council when action probably will be taken.

Also referred to the city manager for study was an application from William Hoek for a permit to make a two-way addition to a garage building at 881 Lincoln Ave. and install pumps.

Council approved an application from Ten Have Pump Service for a permit to install an underground storage gas tank at a station at 316 River Ave.

Council accepted an invitation of Allegen county to attend the dedication of the new county building there Nov. 11 and appointed City Auditor John Fonger, one of the city's representatives on the Allegen board, as official representative. A parade is scheduled at 1:15 p.m. and the dedication at 2 p.m.

After a long discussion, Council voted 5-4 to table bids on 60 heavy manhole rings and covers for the street department. The city manager had recommended the \$1,935 bid of East Jordan Iron Works, Inc., as the best bid for the city, but Councilman Henry Steffens moved that the low bid of Neenah Foundry Co. of Wisconsin of \$1,740 be approved. Motion to table took precedence.

The discussion covered weight of the two products, a superior anti-flip ring of one, a better bearing surface lessening noise, quicker replacement, and time limits in anticipated delivery. Because of machine treatment, there was a question whether specifications should be upgraded but Steffens pointed out later that upgrading specifications might only mean that more expensive items are purchased and Council should remember it is spending taxpayers' money.

There also was considerable discussion on bids for vitrified clay sewer pipe including y's and stoppers, and Council approved low bid of \$5,361.23 submitted by the American Vitified Products Co. Councilman Morris Peerbolt questioned the change in specifications from previous years and City Engineer Laverne Serve explained new joining materials which are replacing the old fashioned mortar, available under a variety of trade names.

Council granted permission to the Auxiliary of Eagles to solicit funds for Muscular Dystrophy Nov. 17 and 18.

Councilman Donald D. Oosterbaan questioned whether Harrison Ave. has been vacated in the vicinity of the new high school site, and City Manager Herb Holt said a public hearing for closing the block between 24th and 25th Sts. is scheduled Nov. 15. He said all buildings are south of this site and that the other section of Harrison Ave. had been vacated 18 months ago. The reason the one block was not vacated was because the Board of Education did not own all property abutting both sides at that time.

A city manager's report submitted copies of the post audit report for the fiscal year ending June 30 as prepared by Seidman and Seidman, plus a list of recommendations and suggestions developed during the course of the audit. The city manager was instructed to prepare a report on the 13 items suggested by the first meeting in December.

Council approved a city manager report of sidewalk costs of the 1961 sidewalk program based

Holland police today sought the culprits who let air out of some 40 automobile tires Sunday night while the auto owners were attending church services.

A tire repairman attending Trinity Church eased the burden of many of the distressed auto owners by getting his truck, equipped with a compressor, and pumping up the flat tires.

Also approved was a city manager's recommendation on transferring a club license with dance-entertainment permit for the Fraternal Order of Eagles which has moved from 76 East Eighth St. to 112 East Seventh St.

A damage claim from Mrs. Herick Goedhart for damage to a tire on her car when the car hit a hole in the pavement was referred to the liability carrier and city attorney.

Mayor Nelson Bauman presided at the hour-long meeting. All Councilmen were present. Norman Pierson, missionary from the Immanuel Church, gave the invocation.

Poultry Day Speakers Are Named

Spokesmen for free enterprise and government regulations will square off against each other in a special business session of the fifth annual Michigan Poultry Days Festival at Holland Civic Center, Nov. 8 and 9.

Their subject will be the marketing of eggs and poultry. O.S. Green, an independent hatcheryman, and L. E. Juers of the U.S. Department of Agriculture will lay their opinions on the line for the benefit of poultrymen attending the afternoon sessions on Thursday, Nov. 9.

Regulations that would involve the words "quotas" or "controls" are taboo as far as current agricultural discussions are concerned. Ideas on what can be done by or for the Poultry industry that will help to stabilize this important segment of our economy will be discussed.

Green, long a champion of independence for the poultryman, operates a hatchery in Spartanburg, S.C. He is a director and past president of the American Poultry and Hatchery Federation.

Juers is staff advisor in agricultural economics to the USDA in Washington, D.C. A graduate of the University of Minnesota, he has also served as economist and director of the dairy section for the Wisconsin Council of Agriculture.

On Wednesday afternoon poultrymen will hear a discussion of another problem affecting the industry—record production of turkeys. One of the nation's foremost producers of turkey, Ray Thompson of Ellsworth, Ia., will speak on "What Can Be Done About Turkeys Under the Provisions of the Agricultural Act of 1961."

Thompson is a vice president of the National Turkey Federation and past president of the Iowa Turkey Federation.

with a fumble on the opening kickoff and the Dutch continued to make mistakes throughout the game. The Big Reds capitalized on the errors and turned them into touchdowns.

Two tallies crossed in the opening quarter. Rick Erickson took a lateral from Bill Keur on the Dutch 29 with 7:14 left in the first quarter and scored. The play was worked following a double reverse. Tom McShannock converted. Muskegon got the ball on a punt to the Dutch 42.

But Holland looked like they were going to make a game of it after Muskegon got off a poor punt. The Dutch took the ball on the Big Red 43 and after a rushing first down to the 26, quarterback Vern Plagenhoef struck end Larry Mannes.

Mannes grabbed the ball, hurried Keur and raced the final 15 yards. Buzz Becker missed the extra point with 2:03 left in the quarter. Two plays after the kickoff, Erickson caught Keur on a 67-yard pass play and Muskegon had the go-ahead touchdown. McShannock missed the kick to give the winners a 13-6 quarter lead.

Jim Lindgren recovered Plagenhoef's fumble on the Holland 38 and 11 ground plays put Muskegon home. Bill Brooks plunged the final yard with 2:34 left in the half. McShannock converted to make the score 20-6 at half. Holland had a minus two yards rushing in the second quarter.

The Big Reds scored three times in the third quarter. Brooks smashed 17 yards up the middle with 6:50 left to climax a 57-yard 10-play drive. McShannock converted.

Keur then intercepted two Holland passes thrown by halfback Tom Depuydt. The first aerial he grabbed on the Dutch 35 and returned to the six.

Keur smashed four yards off tackle two plays later with 4:22 left and Depuydt blocked McShannock's kick. With 1:08 left in the third quarter, Keur picked off another Depuydt aerial and raced 25 yards to score. McShannock converted.

Holland had the ball only four plays and gained only two yards for 11 minutes of the third period. But in the final minute, against the Big Red subs, Les Cornelissen picked up 35 yards in two runs and Plagenhoef hit Tom Essenburg with an 18-yard aerial.

The spurt kept going in the fourth quarter and aided by a 15-yard penalty against Muskegon, Holland moved to the 20 where Cornelissen ripped the tackle for 11 to the nine. Four plays later Essenburg went off tackle one yard to score with 9:22 left in the game. Becker's kick was blocked. Muskegon moved to the Holland 13 on one fourth period series and intercepted a pass in the closing seconds to push to the Dutch four as the game ended.

Zeeland Wallops Fremont, 39-13

ZEELAND — After being tied 13-13 at half, Zeeland High's football team opened up in the second half with four touchdowns and crushed Fremont, 39-13 here Friday night before 1,500 fans at the Zeeland Athletic Field.

The win was Zeeland's fifth win in six starts this season and fourth straight. The game was a non-league tussle for the first time in several years. Zeeland now belongs to the Grand Valley and Fremont is in the Seaway Conference.

Zeeland displayed a fine passing game and quarterback Rich Miyamoto completed nine of 15 aeri-als including four touchdown passes. After Fremont had opened the scoring with 29 seconds left in the first quarter on Gary Frens' one-yard plunge and John Dykman had converted, the Chix came back in the second period to tally.

Miyamoto buried an 18-yard pass to end and Capt. Tom Posma for the score. Rog Kroodsmma missed the extra point try. The next time Zeeland got the ball, John Van Kley ripped around end, reversed his field and scooted 16 yards for the go-ahead touchdown. Kroodsmma converted.

Fremont tied the score just before the half ended as Frens plunged four yards and Dykman missed the kick. The touchdown was set up on two long passes.

The second half belonged to Zeeland. With 6:12 left, Miyamoto passed five yards to Posma and Kroodsmma converted. Kroodsmma caught a short Miyamoto jump pass to open the fourth quarter and raced 30 yards to score. He missed the conversion and Zeeland led 26-13 with five seconds gone in the fourth period.

Miyamoto found Posma in the end zone later in the quarter on a 22-yarder. Posma ran to the opposite side of the field and Miyamoto fired on the roll out pass with 8:18 left. Kroodsmma converted.

Jim Elenbaas, Zeeland's leading ground gainer, scored on a 56-yard double reverse with 1:43 left in the game. Kroodsmma missed the conversion. In the first quarter, Elenbaas had scored on a similar play but the tally was nullified on a Chix clipping penalty.

Elenbaas gained 157 yards in 12 carries and the Chix had a total of 457 yards, the biggest total of the season. This included 325 yards rushing.

Posma's pass catching and Miyamoto's passing were two other offensive highlights while Kroodsmma, Paul Meyers and John Lutke stood out on defense.

West Ottawa Seconds Win Over Hamilton

The West Ottawa reserve football team rolled to a 26-13 victory over the Hamilton squad at Riverview Park Thursday afternoon.

The Panthers, playing without the services of eight sophomores that were pulled up to the varsity this week, looked good. Lynn Baker, freshman halfback, set up the first touchdown with a 32-yard run around end to the enemy 15-yard line and scored two plays later on a 12 yard run. Dave Farabee ran for the extra point so the Panthers held an early first quarter lead of 7-0.

Hamilton also entered the scoring in the first quarter when Howard Elferdink circled the end for 15 yards. Elferdink missed on the run for extra point and the first quarter ended 7-6.

Dave Farabee set up the next Panther touchdown with a 30-yard run and scored two plays later with a 27-yard reverse. Farabee failed to run for the point so the score remained 13-6.

The Panthers tallied again just before the half on a nine yard pass play from quarterback Dave Vizithum to end Arvin Visser. Farabee added the point so the halftime score was 20-6.

Hamilton controlled the ball during the third quarter but neither team was able to score. Early in the fourth quarter Farabee ran around end for a 48 yard touchdown and Bakker's kick attempt was low.

Hamilton completed the scoring in the fourth quarter when Jerry Vander Belt scored from the one yard line and Joe Johnson successfully ran for the extra point.

The Panther coaches were pleased with the play of the squad. The backfield of Farabee, Bakker, and Mike Hilbink was singled out for its fine play.

Hamilton, whose team is also playing football for the first time this year, has a fine defensive player in McDonald as he made tackles all over the field. There backfield was big and made many yards on straight dive plays.

West Ottawa is now 3-4 for the season and Hamilton is 3-3. West Ottawa completes its season next week at Saugatuck.

Seventh Grade Teams Play

Two seventh grade teams battled in a pre-game football exhibition Friday night in Riverview Park and the whites defeated the reds, 20-0.

Members of the white team included Chuck De Jonge, Bill Venhuizen, Dick Hengst, Paul Hille-gonds, Bill Nuismer, Tom Thornhill, Bob Evink, Daryl Bruijschot, Don Vohlen, John Freeman, Loren Howard, Al Millard, Gary De Weerd, Bob Pointer, Steve Wasse-naar, Marc Kammerling and Dennis Johnson.

On the red team were Jim Spoores, Dennis Wenzel, Rod Kleis, Mike Vander Schel, Gary Kieris, Jim Fortney, Ron Van Beek, Steve Cooper, Tom Bonnette, Dave Over-way, Bruce Van Dam, Ron Turner, Scott Williamson, Jack Brink and Pete Ekster.

Hudsonville Wins, 34-0

HUDSONVILLE — Hudsonville's football team whipped Grand Rapids Kentwood, 34-0 here Friday night for its third OK League win of the season against two losses and a tie.

Keith Abel opened the Hudsonville scoring on a one-yard plunge in the first period and also added the extra point. A 5-yard pass play from Bob Nyenhuis to Don McClew in the second quarter accounted for the second touchdown. Nyenhuis passed to McClew for the extra point.

McClew scored his second touchdown in the period on an eight-yard run and Nyenhuis passed to McClew for the extra point to give Hudsonville a 21-0 halftime lead.

The Eagles scored twice in the third quarter. Bruce Elenbaas ran 41 yards and the extra point was missed. McClew romped 45 yards with the final touchdown. Carl DeCator converted after the last touchdown.

Hudsonville rushed for 312 yards and 134 yards in the air for 446 yards while the losers had 141 yards with 84 on the ground and 57 yards in the air.

The winners made 11 first downs and Kentwood had 10. Hudsonville completed eight of 16 passes and the losers, 12 of 16. Hudsonville hosts Kelloggsville in an OK League game next Friday night. The Eagles have an overall mark of 2-2.

Panthers Take Second Win of Season

BLOOMINGDALE — The West Ottawa varsity football team completely overpowered Gobles 27-0 here Thursday night to spoil Gobles' homecoming.

The Panthers first string line held Gobles to five yards rushing the first half and the second defensive unit held them to only 17 yards rushing in the second half.

The losers ran the ball 13 times in the first half and gained yardage only three times. The second unit of the Panthers did have trouble containing the enemy passing attack as they completed seven passes for 115 yards in the second half.

The Tigers came near the Panther goal line only one time when they clicked on a 43 yard pass play that carried the ball all the way to the eight-yard line before Larry Schaftenaar grabbed him. They could not move the ball any farther however.

The Panthers opened the scoring midway in the first quarter when George Donze returned a punt 69 yards for the score. Donze started running to the right but found the going tough so he completely reversed his field and ran unmolested for the score. John Hudzik's kick was wide so the score stood 6-0.

The Panthers marched 70 yards in the second quarter before Schaftenaar scored from the three yard line. Featured in this drive were runs of 17, 15, 13 with Marty Vande Water, G. Donze, and Bill De Graaf carrying. De Graaf also hit Marinus Donze with a 15-yard pass. Hudzik's kick was good so the score was 13-0.

Just before halftime, De Graaf completed a 67-yard pass play to G. Donze. Donze was 10 yards beyond his nearest secondary. This same combination missed on a similar play in the first quarter when De Graaf threw the ball 40 yards in the air right into Donze's hands but the ball dropped on the goal line. Dale Cramer kicked the extra point and the halftime score was 20-0.

The first unit started the second half and wasted no time in moving 60 yards to paydirt. The big play was a pass of 21 yards from De Graaf to M. Donze. Schaftenaar went two yards for the score and Cramer added the kick to complete the scoring early in the third quarter.

Coaches Ron Wetherbee and Pete Ron substituted freely the rest of the game with no seniors playing except on kicking situations.

Class D Gobles was no match for the Panthers this year. Last year the Panthers were defeated 24-13, but the Panthers have improved steadily while Gobles was hit hard by graduation.

Wetherbee felt that all of the players did a good job but singled out G. Donze and Vande Water for their offensive efforts while first group and sophomore Marty Sosa and Bruce Johns with the second group. Junior Dave Piet, was commended for his defensive work.

After the first quarter Gobles took to the air and tried 28 passes. They completed 10 but should have had a lot more but the ends could not hold onto the ball in the cold weather. The winners tried 17 passes but were able to complete only five.

West Ottawa will entertain Fennville next Saturday at Riverview Park and will be trying to avenge the loss suffered last year at the hands of the Blackhaws and improve their 2-5 record.

Supervisors Okay Deputy For Allegan

ALLEGAN—Just before winding up their long October session late Friday, Allegan supervisors approved by a 3-1 vote a plan for bolstering the county sheriff's department by adding another full-time deputy at \$4,200 a year.

The plan carried when it was put to a vote for the fourth time during the session. The successful motion, offered by Holland Supervisor John Fonger, called for paying the extra deputy out of the 1962 budget's special account for the payment of special "per diem" officers.

The problem of paying for three new police radios, delivered to the county and already installed in deputies' cars without authorization of the board, was left until the January session. No official action was taken on the matter although an extensive investigation into the matter by the board indicated that responsibility for the so-called "unauthorized purchase" did not rest entirely with the sheriff's department. Most board members agreed it was the result of a series of misunderstandings.

The board's decision to employ an additional deputy followed another appearance by Deputy Robert Gooding who termed the department "seriously undermanned" and testimony to the same effect by Undersheriff Jack Frost and Deputy Stanley Saunders.

On the final day of the session the board also:

Unanimously approved a resolution opposing extension of aid to dependent children benefits to the families of unemployed persons.

Discussed the possibility of a special election on the question of levying a one-mill tax for one year to provide funds for cutting and removal of elm trees killed by Dutch Elm disease.

Growth in Christian Concern
Matthew 25:31-46
C. P. Dame

We are living in a world that calls for much concern. So many people in these days are greatly concerned about themselves but not too much concerned about people who are in need. The Christian whose life shows increasing concern for the needy is a growing Christian.

I. The Bible teaches about a coming Judgment Day. It connects this tremendous event with the coming of the Lord Jesus. Some preachers stress the return of Jesus in almost every sermon while others ignore this event. Every preacher should proclaim the whole counsel of God.

When Jesus came for the first time to this earth he came to save but when he comes again he will come to judge. His first coming was marked by poverty and humility, when he comes again he will "come in his glory and all the holy angels with him" and then he will "sit upon the throne of his glory." Kings sit on thrones. He who died on a cross as a criminal will then occupy a throne.

While on earth Jesus was sentenced by a Jewish and by a Gentile court. On the day of judgment he will give sentence "for before him shall be gathered all nations." Millions of people today live as if they will never stand before the judgment throne.

II. On the judgment day there will be many surprised people. Only Matthew records the Parable of the Judgment. It is hard to rightly divide people because there are so many factors to consider. On the Judgment Day, the Lord will separate one from another "as a shepherd divideth his sheep from the goats." In Palestine the sheep were usually white and the goats black.

So great is the knowledge of the Lord that he can divide people into two distinct groups. To the one group the Lord will say, "Come ye blessed of my Father, inherit the kingdom prepared for you from the foundation of the world." In this parable nothing is said about creeds, dogma, beliefs but only about deeds. The people standing on the right of the Lord had ministered to the needy brethren of the Lord. When these people showed surprise, Jesus said to them, "Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me."

Jesus identified himself with all his needy brethren. Those who had clothed the naked, called on the sick and on prisoners, served, prompted by a love for the Lord. The works they did expressed their faith and love.

The Lord spoke harsh words to those standing on his left. And why? Because they had done nothing. They had missed every opportunity to minister to the needy because they had no love in their hearts either for the neglected or for the Lord. Observe that the Lord spoke severely to those whose record spoke of indifference to the needy. Nothing is said about any heinous sins these people committed. Do note the words, "Inasmuch as ye did it not to one of the least of these, ye did it not to me." The sin of omission is considered lightly by millions.

III. The two groups will be finally separated. The one group mentioned in the lesson is composed of the righteous and they are called "blessed" and the other group is addressed as "ye cursed." The righteous are invited to the Father's kingdom but the others were told to depart "into the eternal fire prepared for the devil and his angels." Both groups failed to realize the importance of their actions.

Although the Bible speaks plainly about two destinies—heaven and hell—many people scoff at the idea and live for themselves, careless of the love of God shown in Jesus Christ our Lord.

HOLIDAY IDEAS—Mrs. Thaddeus Taft is shown here with some of the many examples of holiday decorations she has created and will demonstrate at the American Legion Clubhouse Monday at 7:30 p.m. Decorating the home for Christmas will be a repeat lecture by Mrs. Taft after a popular appearance several years ago for the American Legion Auxiliary, sponsors of the program which is open to the public. Three new

phases of holiday decoration will be discussed—holiday pictures, balls and ornaments in orbit. Clouds of angels easily made from felt will be hung from above and may be given to parting guests. A number of tables pointing out the natural beauty of Michigan using dry and live materials, tin, wire and styrofoam will be illustrated. Short-cut tips for non-professionals will also be shown.

Asks Parents Curb Use of Air Rifles

Holland Police Chief Jacob Van Hoff today issued a strong warning to parents of children with air rifles not to allow youngsters to shoot within the city limits.

Van Hoff's warning followed a report Saturday that a large three-pane window in a local home had had a hole shot through it by a youngster with an air rifle.

There have been other reports of windows having been damaged by children with air rifles during the last several weeks, Van Hoff said. The Chief reminded residents that, according to city ordinance, it is unlawful to shoot air rifles within the city.

Van Hoff emphasized that parents are held responsible for damages, up to \$300, caused by their children's acts of destruction.

Zeeland Community Hospital Administrator Robert Loetz, was guest speaker at the Tuesday meeting of the Rotary Club. Mr. Loetz spoke on "Know Your Hospital," and pointed out reasons for increased hospital costs in recent years which have drawn public complaints from many sources.

While other industries have been able to utilize automation, hospital work must be performed by people rather than machines, he emphasized. Increased wages in recent years, plus the fact that the services of hospital personnel are needed 24 hours per day and 7 days per week are big factors in hospital care costs, he indicated.

Red Cross Speaker Lauds Role of the Volunteer

Speaking on "The Changing Red Cross," Mrs. Paul G. Goebel of Grand Rapids, a volunteer field consultant for the American Red Cross, told local volunteers Thursday night that the concept of Red Cross today is not confined to a community or county, but extends far beyond those limits.

"You volunteers in Ottawa County go down to Fort Custer, you attend state conferences and you participate in a blood program that reaches all over the country," she said. "In fact, there are no borders which the Red Cross cannot cross, and the program is a true concept of brotherhood."

Mrs. Goebel's appearance in Phelps Hall on Hope College campus was on the occasion of the annual meeting of the Ottawa County chapter of the American Red Cross. About 90 attended.

Mrs. Goebel spoke feelingly of her visit to the international offices of the Red Cross in Geneva, Switzerland, and of her visit to the archives where files contain 25,000,000 cards of lost people in the world spanning a period of three wars.

She spoke of the records of millions of missing Jewish persons and of the 176,000 South Koreans who disappeared over the border in the Korean conflict. "The realization of so much misery in the world is overwhelming, but it's wonderful to know somebody is doing something about it," she said. She said Americans have a human touch in their Red Cross relations not shared by all 84 countries in the international organization. "Who but an American would send a cable through Geneva headquarters informing a prisoner of war that he is the father of a nine-pound red-haired baby back home," international workers told Mrs. Goebel.

She spoke of many other services on the international level and pointed to expanded Red Cross programs in undeveloped countries in the world. She emphasized that except for a few professionals, all Red Cross workers are volunteers and leaders on the administrative level must be on the constant alert for leadership and using all

skills available in a growing program of service.

During the business meeting 11 directors for three-year terms were elected. They are Mrs. William Meier, Mrs. James Ledinski, and Edward Buschouse of Grand Haven, Fred Burd, Wilbur Cobb, Robert Leslie, Hans Suzenaar and Alvin Brouwer of Holland, John Bosch of Zeeland, Mrs. Julia Hentschel of Crocker Township and Webber Haan of Georgetown Township. The slate was presented by Louis Van Slooten, chairman of the nominating committee.

Officers elected by the board after the annual meeting adjourned are Arthur Read, chairman; Robert Leslie, first vice chairman; Mrs. Ledinski, second vice chairman; Alvin Brouwer, treasurer; Phillip Begley, secretary.

Chairman Read announced an anonymous gift of \$500 to be used for a recognition dinner for volunteers within the next year. The donor in making the unexpected gift Thursday afternoon had said this gesture was "for the little people who do the big things."

Chairman Read also paid tribute to Joe Bolte, long-time first aid chairman and instructor who is recovering from serious surgery. A suitable resolution is being drafted.

Mrs. Blanche Van Valkenburgh, executive secretary, displayed two handsome plaques which will contain names of 5, 10 and 15-year volunteers of the Ottawa chapter. Heading the list of volunteers are Mrs. N. J. Danhof of Zeeland, 40 years, and Mrs. William Hatton of Grand Haven, 23 years.

Also announced were the appointments of Mrs. George Frego as chairman of volunteers and Mrs. William Broker as vice chairman. Mrs. Van Valkenburgh had previously served as chairman. Recognition also was given three staff aides, Mrs. Broker, Mrs. Martha Low and Mrs. Jeanette Cranmer.

A 29-page annual report on functions of the fiscal year ending last June 30 was made available to all persons attending the annual meeting.

HOLLAND MOTOR EXPRESS, Inc.

Report Little Maliciousness By Pranksters

Holland police and Ottawa County deputies worked at full speed Tuesday night coping with Halloween pranksters, but both departments reported "little maliciousness."

Several fire hydrants were opened by pranksters in several areas of the city. Police reported that nine hydrants had been opened in the Central Park area, causing water pressure west of Lugers Rd. to drop to almost zero.

Holland firemen responded to two false alarms turned in simultaneously at 8:45 p.m. from boxes at 14th St. and Harrison Ave. and 15th St. and Cleveland Ave.

Several windows were broken out at Holland Cotton Products Co. at 455 Columbia Ave., and air was let out of tires on several automobiles in a Ninth St. parking lot, but most activity was limited to normal Halloween pranks, Police Chief Jacob Van Hoff said.

Police rounded up three chickens which had been turned loose in downtown Holland, and swept up a box of nails which pranksters had scattered in the street at 24th St. and Elmdale Ct.

Two women, caught taking pumpkins from porches, may be charged, Van Hoff said.

Police nabbed a rural Holland youth in the process of raising a burning flare pot up the flag pole at Holland Christian High School.

Tires had been thrown in streets at several locations, police said, and one tire was burned at Windmill Park.

The Sheriff's Department was busy throughout the area removing obstacles from roads. Officers reported that as many as 25 corn shocks had been set in roads throughout the area.

The only report of malicious destruction Tuesday night occurred at 96th Ave. and Fillmore St., where several mailboxes had been damaged when hit by pumpkins thrown from cars, deputies said.

A farm wagon was removed from 112th Ave. near Quincy St., deputies said, and an outhouse had been moved into the street near Hudsonville.

State police from the South Haven post nabbed seven youths, including three 17-year-olds and four juveniles, after the group had moved an outhouse onto M-40 in Hamilton and set it afire.

The three 17-year-olds and one 16-year-old juvenile were held in the Allegan County jail for investigation of possible arson charges. Three other juveniles were released to custody of their parents.

Troopers said the Hamilton Fire Department was called to put out four fires in streets, but they said Halloween activity this year was "not too bad."

Nab Illinois Pair in Car Full of Loot

GRAND HAVEN —State police are holding two Illinois subjects who had in their possession men's clothing valued at approximately \$3,000.

Ray John Lafitte, 40, Winthrop Harbor, Ill., and Robert Wayne Middletown, 24, Zion, Ill., were stopped for speeding on M-40 in Olive Township at 8:20 p.m. Saturday.

State police said Lafitte admitted he makes a practice of pilfering business places during the week and then disposes of the loot to fences in Chicago on weekends. Lafitte and his companion admitted pilfering stores in Kalamazoo, Grand Rapids, Muskegon and Muskegon Heights, taking a variety of expensive clothing, the list covering seven pages. The Muskegon Heights police department has placed a "hold" on the pair, currently held in the Ottawa County jail.

Police said Lafitte admitted he has been a professional shoplifter for 16 years. In recent weeks he and his companion had been in the Midwest including Michigan, Ohio, Indiana, Illinois, Iowa, Missouri and Wisconsin.

The two were riding in a 1962 Cadillac convertible for which they had no credentials. State police are investigating possible car theft as well as shoplifting.

Troopers said Middletown also had drugs in his possession. Charge of possession of stolen property, violation of the state drug law and unlawfully driving away an automobile are pending against the pair.

Take Jewelry In Breakin

A weekend breakin in which some 240 friendship rings, four cartons of cigarettes and a box of candy bars were taken from the Dutch Market at US-31 and James St. was reported to Ottawa County deputies Monday.

Detective John Hemple said the theft, believed to have occurred Saturday night, was discovered at 8:30 a.m. Monday and reported to the Sheriff's Department by Fred Nellis, part owner of the Dutch Market.

Most of the rings taken were valued between 70 cents and \$1. Hemple said. Some 18 of the rings were valued at \$2.25, and four were valued at \$3.

Hemple said the thief or thieves apparently entered the store through a window in a greenhouse located behind the market.

He told Hemple he noticed that the rings were missing Sunday afternoon but that he thought an employee at the store had packed them away. He learned Monday that the rings had not been put away, Hemple said.

We had many telephone calls last spring when yellow rocket showed up in fields. The time will soon be here—after the first hard frost—to treat hay fields for control of this weed, as it can only be controlled in the fall. On established alfalfa, and the current year's seeding of red clover, use a material called MCPA at 1/2 pound to the acre. Our demonstrations have shown this material gives 100 per cent control of yellow rocket.

A new bulletin entitled "Economics of Dry-Land Dairying" by C. R. Hoglund, is available for distribution. Many of our farmers are turning to dryland feeding of dairy cattle. This bulletin analyzes systems that have been established in Michigan and I'm sure if you are interested in this phase of feeding dairy cattle, you will be interested in this bulletin.

Start Raking Those Leaves

You may start raking those leaves to the curb any time now. City trucks already have begun picking up leaves at the curb and will continue to do so, according to City Engineer Laverne Serne.

He cautioned persons to rake leaves only to the curb—not flower beds, brush or branches. Wherever possible, leaves are picked up by the leaf loader which is a vacuum machine. Anything other than leaves usually results in damage.

The leaf loader is used whenever the leaves are dry. When leaves are wet they are picked up by front-end loaders and dump trucks. All leaves are used for mulch for the park department, hence extraneous matter is not welcome.

While local citizens have been reveling in the golden weather of an extended autumn, street department personnel look askance at the blaze of color. If those leaves don't leave the trees soon, they're likely to get mixed up with a good snowfall in which case the only thing the street department can do is plow snow and leaves back onto curbs.

Meanwhile, the department is all set for the winter season. Sidewalk plows are ready, underbody blades have been attached, the V-plow equipment is ready, and so are the salt and calcium chloride. Sand spreaders are attached later.

County Building Dedication Slated Nov. 11 at Allegan

ALLEGAN—Those attending the November 11 dedication ceremonies at Allegan county's new million dollar county building can expect some lively recollections of what happened in the old court house.

Scheduled to give the dedicatory address is Congressman Clare E. Hoffman, best known as the Fourth District's representative in congress, since 1933. But it was beneath the towers and "gingerbread" decorations of the old court house that the 87-year-old Hoffman first won a state-wide reputation, both as a fiery prosecuting attorney and as an equally able defense lawyer.

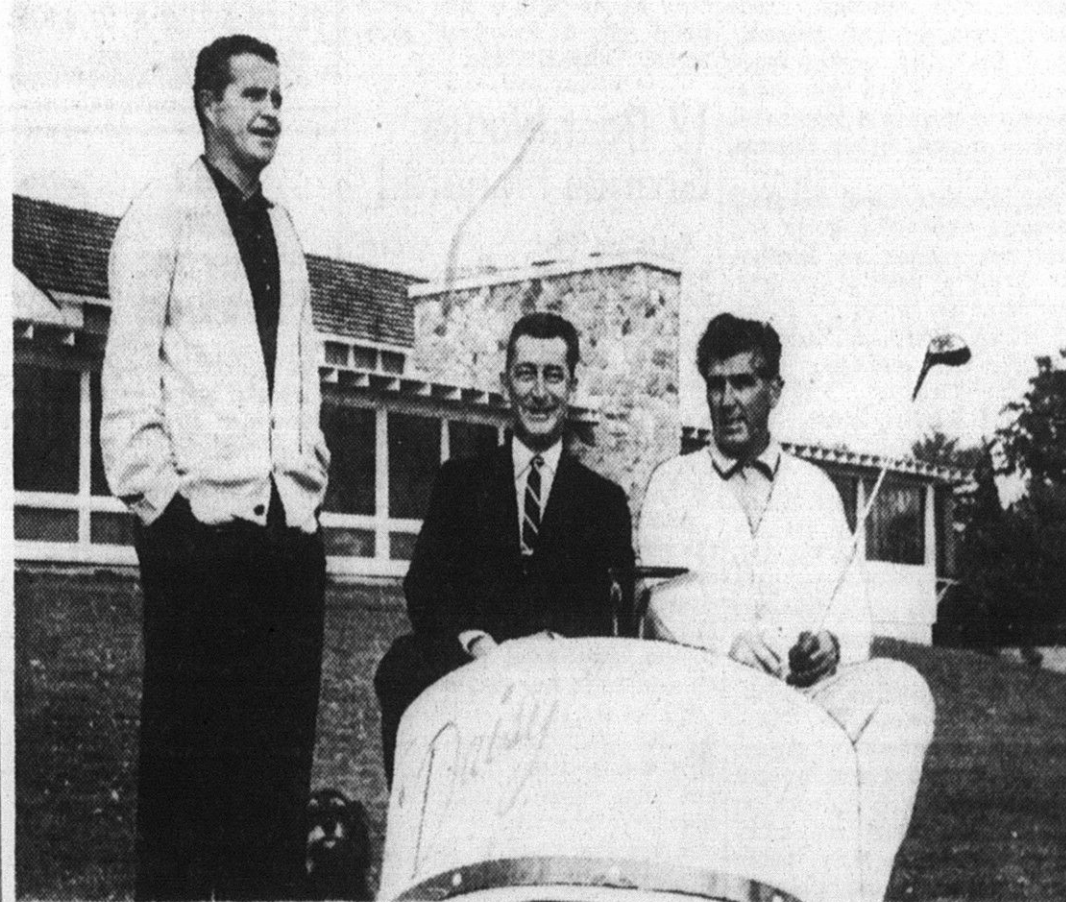

Governor John B. Swainson will lead the list of other notables scheduled to attend the ceremonies.

The tentative program calls for a parade at 1:15 with high school bands from Allegan, Fennville, Martin, Otsego, Plainwell and Saugatuck in the line of march. Clem Rewa, chairman of the board of supervisors, will preside at dedicatory ceremonies which will start at 2 p.m. The program will include an invocation, flag

raising ceremonies in which a flag flown over the nation's capital will be unfurled over the new building, the national anthem by the Allegan high school band and America The Beautiful by the Plainwell high school band.

Governor Swainson will bring greetings from the state, followed by the laying of the cornerstone and the dedicatory address by Rep. Hoffman. The ceremony will close with the playing of The Stars and Stripes Forever by the Otsego high school band, followed by the benediction.

Members of the dedication committee, under the chairmanship of Clem Rewa, of Dorris, include Mrs. Esther Warner Heitinger, as co-chairman, Greg Nulty, of Otsego, Francis G. Brower, of Hopkins, Bernard Miller of Monterey Jacob Van Polen, of Salem, and John H. Scholten, of Laketon township. Sub-committee chairmen include William A. Sexton, Oscar Zimmerman, Ervin L. Andrews, Walter E. Runkel, Miss Mary Bullis, Bernard Miller, Howard C. Strand and Joe Armstrong.

Feeley Named Hamilton Lake Aide

SAUGATUCK — Charles F. Feeley, former assistant pro at Gull Lake Country Club and associated with the Knickerbocker Country Club in Tenafly, N. J., for 10 years, has been named assistant pro at Hamilton Lake Golf and Country Club.

Feeley's appointment was announced today by Bill Hamilton, owner and club professional. Hamilton said Feeley will take over golf duties April 15 when the club reopens. The course is located one mile north of Saugatuck.

During the winter months Feeley will manage the club and arrange for spring and summer events, book tournaments, set up women's and junior golf events and run the pro shop.

A 1959 Michigan State University graduate, Feeley is married to the former Laurie Ann Hohl of Holland. Plans call for the Hamiltons to leave Saugatuck Thursday for California, stopping in Texas en route.

Hamilton will play in the Beaumont, Texas Open. The Hamiltons will live in Palm Desert, Calif., this winter. Hamilton will be on the winter professional golf tour.

Nine new tees are being built on the course and an additional nine holes will be put in in the spring of 1962. Course architects have studied the present course and the new area slated for additional holes and are presently planning where the new holes will be located.

With the addition of the new

holes, the Hamilton Lake course will be an 18-hole course. The nine new alternate tees will give golfers 18 playable tees while the new nine holes are being constructed.

A total of \$20,000 for new watered fairways has kept the course green throughout the summer and fall and a new practice range was constructed this fall. All of the bridges over the creek have been rebuilt to accommodate electric carts.

A new club policy next year will be to remain open until Jan. 1, 1963. Hamilton, who completed the club this summer, plans the same dining room service and completely stocked pro shop featuring golf clubs and imported golf togs for men and women.

C. N. Hinkamp Current Affairs Group Dies at Age 77 Discusses 3 Subjects

PORTSMOUTH, Va. — Capt. Clarence Nelson Hinkamp, 77, U.S. Navy (Ret.) died Thursday at the U. S. Naval Hospital here. He is a brother of the Rev. Paul E. Hinkamp of Holland, Mich.

Capt. Hinkamp was graduated from the U. S. Naval Academy, Annapolis, Md., in 1907 and participated in the famous U. S. Navy World Cruise in 1909 on board the battleship Kentucky. For five years he was in the submarine service having command successively of the Octopus, Stingray and Sturgeon.

During World War I he had command of a flotilla of eight mine sweepers off the coast of France. Later he served on other ships and finished by commanding the battleship Texas for two years when, because of age, he was assigned to land duty until he retired.

Surviving are his wife, Frances, and one son, Capt. Pieter Hinkamp with the U. S. Navy.

Keeping up with what's going on in the community is the aim of the Current Affairs group of the Woman's Literary Club.

For its first meeting Tuesday the group heard reports on three subjects: "Project Windmill," a plan to develop the river front east of River Ave. bridge; the Holland-Zeeland YMCA, and mental health needs. The group meeting which is open to all members of the club attracted more than 50 members.

Mrs. A. Bondy Gronberg outlined plans for the park development, explaining it was the dream of Carter Brown of Castle Park to have tulips planted, a Dutch mill preferably in working condition, canals and possibly a place for klompen dancers to perform.

"It will be a hard job and there will be many discouraging factors, but it can be done," Mrs. Gronberg said. "If we keep this dream alive, do what we can when the time arrives, and think positively, this can become a reality."

She quoted Park Supt. Jacob De Graaf who said at an earlier meeting of "Project Windmill" boosters that nearly all of Holland's parks originally were wastelands and although riverfront development would be difficult, it was not impossible. Chairman Brown is hopeful that volunteer labor would cut costs.

Mrs. Gronberg said such park development would serve as a stimulus to local persons whose interest in Tulip Time often lags after a number of active years. "Tulip Time needs a shot in the arm. A new park could be a source of pride to the entire community as well as a year-round tourist attraction," she said.

Mrs. Harold Boles explained proposed programs of the Holland-Zeeland YMCA which has as its director Richard Hofferbert who has been in YMCA work since graduating from college in 1950.

Mrs. Boles outlined plans for future activities which tentatively listed Hi-Y clubs for boys and girls, bridge classes, square dances, a men's handball league, swimming

programs, and the like.

Mrs. Boles emphasized that the aim of the program is family activity. She said the YMCA already has sponsored some projects, particularly a Halloween party Oct. 13 in Zeeland following the Zeeland-West Ottawa game. About 150 attended. Welfare Center Asks Donations Of Used Clothing

The Seventh-day Adventist Welfare Centers of Michigan have just completed a clothing drive, according to Elder Hollis A. Morel, pastor of the Holland Seventh-day Adventist Church and Mrs. Howard Dorgelo, Dorcas Welfare director.

A large shipment of clothing to Texas for victims of Hurricane Carla has emptied the church's central warehouse at Grand Ledge and depleted stockpiles elsewhere in the state and additional clothing is needed to replenish the depots. A shipment will also be made to the church's eastern clothing warehouse in New York City for dispatch to refugee camps in Europe and other troubled world areas.

Last year 468,559 garments of clothing were distributed by the Dorcas Welfare Centers of the state. Much of this went to needy families in Michigan and a large shipment of clothing was also made to Chilean earthquake victims.

The local Seventh-day Adventist Welfare Center has been active in helping some 85 families this past year. Clothing and other aid is distributed free without any obligation regardless of church affiliation.

Persons wishing to share clothing with a needy family are asked to place it in the deposit box provided in front of the center. The center is open Wednesdays from 1 to 4:30 p.m. and the public as well as needy families are invited to visit at that time. The center is located at 950 Lincoln Ave.
