## GVSC Board Holds Talks On Housing

ALLENDALE — Growth in present student enrollment, future projections, and an increasing need for student housing, were discussed by members of the Grand Valley State College Board of Control, meeting on-campus last Friday.

The GVSC Board received a report from the Registrar which stated, total fall term enrollment at the college to be 5,218, including 5,083 Michigan residents, of which 3,370 were from the three county area of Kent, Muskegon, and Ottawa Counties.

GVSC's fall term enrollment is up 25 per cent from its fall, 1971 enrollment of 4,174. "Enrollment projections at the college," Dr. Harold Kolenbrander, dean of academic planning, stated, "indicate a substantial increase in projected numbers of students in the fall of 1973, to 5,800, with an increase of an additional 800 students each fall anticipated through fall, 1977."

Based in earlier on-campus housing projection needs for living units for 350 students by fall, 1973, construction on GVSC's new living unit IV, financed with assistance of a U.S. Dept. of Housing and Urban Development interest subsidy grant, will begin immediately. Grand Valley's Board of Control awarded the \$1,483,326 construction contract for the townhouse-type apartments to be located north of the college's Field House, to J.C. Carlson Construction Co., of Grand Rapids, low bidder. The contract is subject to HUD approval and concurrence.

"Our earlier housing projections," GVSC physical plant manager, Robert Romkema, stated at the meeting, "indicated a need for on-campus housing for 400 more students by the fall of 1974, and our recent enrollment experience reinforces that need." With this in mind, the Board appointed a subcommittee of Board members, L. William Seidman, Paul Johnson, and William Kirkpatrick, to work with college administrators in reviewing a program statement for Apartment Unit II, a self-liquidating project, and to submit application to the U.S. Dept. of Housing and Urban Development for loan or grant assistance.

In Friday's meeting, the GVSC Board of Control also received a report from Vice President for Administration, Arthur C. Hills, that WGVC-TV, Grand Valley's new public broadcasting station is anticipated to begin broadcasting in western Michigan on Dec. 10, 1972.

Within a placement report dealing with 580 spring, 1972 graduates of GVSC, the Board was informed that 229 of those replying to an early summer questionnaire, were employed in business and industry, teaching and government, with a high majority involved in careers within the Kent, Ottawa and Muskegon area.

## Bones Said Those Of Human Male

Bones uncovered during excavations for a new house along Allen Dr. Friday have been identified by an anthropologist at Grand Valley State College as those of a human.

Holland police said Dr. Richard Flanders said the bones were those of a "large person" presumably a male but the age of the person or the bones was not determined.

The bones were taken to Grand Valley State College this morning by Holland police.

Among the bones recovered from the excavation site were those identified as leg bones, thigh bones, ribs, hip bones and part of a skull. One tooth also was recovered.

Police said Dr. Flanders would examine the bones and attempt to establish the age and determine how long the bones were in the ground.

Dr. Flanders told police that from the size of the hip bones and parts of the lower back it would appear the bones were those of a big person.

The bones were found in a three-foot square area of ground about 1 1/2 feet under the surface. No artifacts were found in the gravesite about 150 feet from the shore of Lake Macatawa.

## 1857 Church Split Aired

Similarities of the Christian Reformed Church and the Reformed Church received more emphasis than the denominational differences in two historical papers on the secession of 1857 at a conference Wednesday in Ninth Street Christian Reformed Church, attended by more than 100 from the two denominations.

Purpose of the CRC-RCA conference is "to discover each other in terms of where we are in 1972 and where we think we ought to be with respect to each other."

Dr. John Kromminga, president of Calvin Theological Seminary, and Dr. Elton Bruins, professor Bible at Hope College, presented papers on "What Happened in 1857?" as a basis for a three-day conference arranged by leaders of the two denominations.

Prepared independently, both papers referred to the published minutes of Holland classes in 1857 written by Dr. A. C. Van Raalte and including five pages (printed) of Van Raalte's views on the procedures.

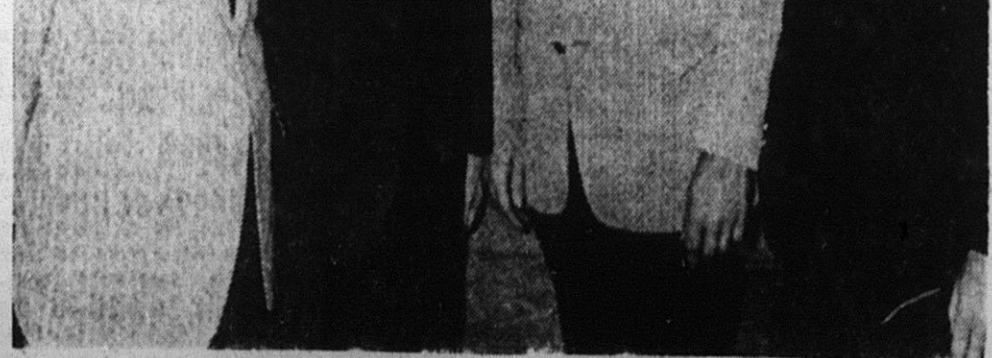

Dr. Kromminga, who lightened his presentation with a fine sense of humor listed four reasons: (1) separatism, (2) misinformation, (3) fear of Americanization and suspicion of the American Church, (4) general disagreements on doctrine compared to Netherlands heritage.

Other information brought forth the 1850 association with the classis of Albany, N. Y., and eastern interests which aided the Holland colony, namely the Pillar Church, Van Vleck Hall of the then Holland Academy, and Holland harbor developments.

The 11 churches involved in the historic April 8, 1857, classis meeting in Zeeland were Zeeland, Kalamazoo, Grand Rapids, Grand Haven, Vriesland, Drenthe, Overisel, Holland (Pillar Church), Polkton (Coopersville), Noordeloos and Graafschap. It was not the first division in Holland but the largest, Noordeloos and Graafschap among those seceding earlier.

Free Masonry was a factor, but not the overriding factor many people believe.

Dr. Kromminga said in the 115 years that have elapsed, the Christian Reformed Church has affiliations with churches all over the world, but not in North America, and likened denominational associations to a divorced couple who keep seeing each other. He said timing in possible reunion is as important as basic principles. "One people, like it or not, we are," he said.

**COMMON GOALS STUDIED**—Early church history was probed at Wednesday's session of leaders of the Christian Reformed Church and the Reformed Church in America. Photographed, left to right, in historic Ninth Street Christian Reformed Church are Dr. John Kromminga, president of

Calvin Theological Seminary; Dr. Elton Bruins, Professor of Bible at Hope College; Dr. Herman Ridder of Grand Rapids, co-chairman of conference, and the Rev. Fred Van Houten, pastor of the host church. Dr. Kromminga and Dr. Bruins presented papers on the 1857 session. (Sentinel photo)

**HAPPY TRAVELERS** — Having recently returned from a tour of New England, Joan and Ralph Cumerford reflect on the pleasures of their trip and anticipate the excitement of another one. (Sentinel photo)

## New England Odyssey Ended

By Michael Anthony

Most of his friends said that he wouldn't do it, but Ralph Cumerford bought himself a trailer and toured the New England states this October.

Cumerford and his wife, Joan, of 689 Van Raalte Ave. and Mr. and Mrs. Jack Van Hoff of 5351 Butternut Dr. were members of a trailer tour and spent two and a half weeks on their odyssey "Down East."

Retired now Cumerford plans to do more traveling with his trailer. He is the former owner of Cumerford's Restaurant at 27 West Eighth St., which he began in 1944.

He has leased the restaurant to Clyde Kehrwecker of 311 West 30th St., who has the option to buy after a year. Cumerford is looking forward to the winter in Florida, next

spring in Holland and after that wherever the trailer might take him.

On their recent trip the Cumerfords traveled as part of an organized trailer group. This modern day wagon train which originated near the Ohio-Pennsylvania border and covered 3,500 miles wandering through the scenic states of the Northeast, was not without modern day conveniences. The routes were planned out, check-in points designated, and trailer camp locations secured in advance.

The group consisted of 105 trailers and about 250 people. The complexion of the travelers was varied with a number of people from the western Michigan area and many from the Midwest. Both young and old made this trek through New England.

Trailer life for these 20th century pioneers is not far from the "life at home. Insulated trailers that can be heated or air conditioned allow the travelers to venture anywhere at any time. Having been a cook, Cumerford did have a few remarks about the kitchen facilities in the home on wheels.

"The kitchen," he said, "is a bit small, but there is ample space." Having a large refrigerator, no problem existed in storing food, however, both Mr. and Mrs. Cumerford felt that the kitchen lacked sufficient space for preparing food. The Cumerfords found the trip relaxing and said that the evenings were enjoyable just sitting around a campfire and singing along with about 100 other people. They were impressed by the church services provided by the tour and enjoyed the open air services they attended.

When asked about the caliber of restaurants in the East, Cumerford thought that they were similar to those in the Holland area in regard to price and quality of food. He added that finding a popular priced restaurant is difficult regardless of where you are.

Not only was the trip relaxing but educational. While in New York the Cumerfords visited the Corning Glass Factory that is located in an area devastated by the June hurricane Agnes. They were amazed by the destruction of the storm, yet even more astounded by the efforts of the people to rebuild their community. The trip was educational in other aspects as the Cumerfords visited many places of historical interest like Plymouth Rock, Cape Cod, Sturbridge, and Fort Ticonderoga.

## Police See Fewer Crashes During Patrol

Holland police, reporting on statistics from Traffic Safety Week Oct. 9-14, said there was a 32 per cent decline in the accident rate in the business district during the week of heavy police contact.

But officers reported a 65 per cent hike over the normal accident rate in the business district the week after the heavy contacts.

Officers made 444 contacts during the safety week, nearly half for improper turns. No tickets were issued except in accidents.

Ken Gebben, heading the police traffic safety unit, said another safety week was planned in the spring. He said he believed the accidents on the one-way streets were caused by motorists not being aware of the proper methods of traveling the streets.

One possible engineering fault in the street system was uncovered during the safety week. Gebben said that was at Eighth St. and Columbia Ave. where a right turn only lane is for use by westbound traffic attempting to turn north on Columbia Ave. He said the State Highway Department would be contacted about installation of overhead signs alerting motorists to the traffic lanes.

Gebben said it was hoped additional patrols could be assigned to the downtown area but for the present more frequent patrols would be attempted.

## Trojans Knock Hamilton Out of O-K Blue Race

MIDDLEVILLE — The Middletown Trojans knocked Hamilton out of the league championship race Friday night by outscoring the visiting Hawkeyes, 32-22 in an O-K Blue Division football contest.

Middletown's victory gives them at least a share of the title with a perfect 6-0 mark while the Hawks of Coach Ron Appledorn are 4-2 in the loop and 4-3 overall.

"They were the best conference club we faced all season," said Appledorn. "Even though we were defeated, I thought our kids played real well at times."

"Those four long touchdown runs by the Trojans broke our back again this week," continued Appledorn.

Middletown galloped for 63, 63, 34 and 48 yard scoring jaunts to break the back of Hamilton.

In defeat, Randy Haverdink continued his outstanding run-

ning for the Hawks, as he rushed for 149 yards and scored two touchdowns on runs of 78 yards in the second period and 15 yards in the fourth stanza.

Bruce Peters scored Hamilton's final TD in the fourth period on a one-yard plunge. Two long pass plays from quarterback Denny Ellens to Al Yoak and Tom Boerigter set up the score.

"We thought that Ellens threw the ball real well and that Bob Dykstra was tough on defense," Appledorn said.

the lead 7-6, and a one point first half lead. The fans were disappointed by the score but were somewhat consoled by the spectacular half-time show put on by the West Ottawa bands.

The last half was all Rockford as the Rams ran 24 plays in the third period to only three there was no scoring in this quarter.

Penalties hurt West Ottawa here and on third and long yardage the Rams were coming up with the big plays. It only took one play in the final period for Rockford as Craig Zark snuck in from the one-yard line and the two point conversion was good giving the visitors a 15-6 lead.

The Panthers were forced to go to the air as time was running out when Mark Hubbard intercepted a pass and went 45 yards down the side line for the final score that pretty much put it out of reach for the Panthers, as the extra point try by Jim Hoekstra was good, giving the Rams a 22-6 lead. West Ottawa won the game statistic wise in every department except the important final score.

Next week the Panthers 2-5 for the season meet Rogers at Wyoming.

## Dutch Win 13-12 Over Grand Haven

Lady Luck was finally on the side of the Holland High Dutch here Friday night, as they recorded their first football win of the season in a thriller 13-12 over Ottawa County rival Grand Haven.

For a moment it looked like the Dutch were going to lose another heartbreaker as quarterback Jim Kalsbeek of the Bucs tried a sneak on the final play of the game from Holland's one-yard line but was stopped short of the goal-line by Joel Maatman and company.

The Grand Haven fans could not believe what happened while Holland's students went wild

and on a smaller scale, resembling Oakland's fans after they defeated Cincinnati for the World Series title.

Holland's win was not only its first of the year but was the first varsity triumph for new Coach Dan Porretta after six consecutive defeats.

"Sweet, sweet, sweet," said Porretta over and over. "The guys were just beautiful and even though we didn't win any games going into Friday, our staff felt we had a fine team and we proved that against the Bucs."

Two of Holland's defensive standouts Maatman and Larry Arizmendez presented Porretta with the game ball after the great win.

Arizmendez even cried, "Where's the 'Wooden Shoes' a couple of times."

Porretta jubilantly shouted back, "don't worry, we'll get them back fellows."

For Holland, it was its first

win over the Bucs since the 1968 season when they won by a 20-18 score and only the second time in the last 10 years.

Fans at Riverview Park witnessed one of the most thrilling games of all-time and regardless of the two teams records, the Dutch and Bucs always seem to put on a startling performance when they battle it out on the gridiron.

The Dutch ground defense couldn't have played much better, as Grand Haven was able to net only 23 yards in 22 attempts.

Through the air, it was a different story, as the Bucs' fine junior quarterback Kalsbeek hit on 14 of 26 passes for 237 yards. Holland did pick off three of them with Darsi Delsi getting two and Tom Barkel one, to kill off the Bucs chances of getting into the end zone.

Holland rushed for 15 yards on the ground, as John Bonnette, Clark Kuipers, Paul Shashaguy and little Dick Wool were running with all their hearts Friday night.

The first period was scoreless but Grand Haven quickly took a 6-0 advantage in the second period on a lucky bounce, as Kalsbeek's pass was deflected by a couple Dutch players into the hands of Jeff Harsh for a touchdown. The fourth and goal situation covered four yards. Linebacker Jack Strabbing stopped Gary Kratt for a loss on the attempted PAT which at the time didn't look too big but turned out to be the difference in the game.

With Wood doing everything but running the scoreboard, the Dutch marched 62 yards to tie the count at 6-6 with 1:11 left in the half and when Mike Windisch kicked the extra point, the Dutch enjoyed a slim 7-6 halftime margin.

Wood hit Ron Israels and Ross Lamb for a couple of nice gains through the air and Shashaguy high stepped into the end zone from the two-yard stripe for Holland's touchdown.

On the following kickoff, it looked for a moment that Israels would get credit for stealing the ball from a Buc runner but the officials blew the play dead.

As it turned out, it didn't make any difference, as Delsi neatly intercepted Kalsbeek's pass to end the first half.

The Dutch entered the fourth quarter still leading 7-6. It was only the second time all season that Holland has led going into the final 12 minutes.

A Grand Haven gack gave Porretta a much deserved early

Christmas present by fumbling Israel's punt on his own seven-yard line with Shashaguy recovering.

On the following play, Wood skirted left end for six points to give Holland a 13-6 lead. Windisch never got a chance to get the extra point kick away, as the snap from center was high.

Grand Haven struck quickly for its second TD, as Kalsbeek marched the Bucs 71 yards in two plays for the tally.

The Buc QB drilled a 13-yard pass to Harsh, and a 58-yard TD toss to the speedy Harsh, who hauled in the pigskin at the Dutch 13 and ran in for the score.

Wood, who seemed to be all over the place, broke up Kalsbeek's extra point pass that would have put the Bucs on top, as veteran Grand Haven Coach Don Constant went for the win instead of the tie with 6:15 left in the game.

With only one minute left in the game and the ball on the 50, the Bucs were fighting to go in for the deciding touchdown, as they moved down to the Holland one with only seven seconds left and no time outs left. The Dutch defensive line which was brilliant, stopped Kalsbeek on the sneak to run out the clock.

Holland will travel to St. Joseph next Friday.

## Panthers Go Down To Fifth Loss

The Rockford Rams continued their football hex over West Ottawa Friday night by downing the Panthers, 22-6 on a wet and rain soaked field.

By the time the game was over on this dismal Oct. evening, it was hard to find a clean uniform and the crowd disintegrated to a few loyal and wet fans.

Surprisingly the game was fairly free of fumbles, as each team was guilty of only two but one was very costly to the Panthers of Coach Deb Nolan. West Ottawa took the opening kickoff and drove very nicely to the five-yard line of the

Rams when the costly fumble was committed. It was a good drive that the offense put together and it looked like the Panthers were going in to score. The rest of the first period was the defense that saw no scoring take place.

Again in the second period, the Panthers put a good drive together as quarterback Jeff Haltenhoff hit Doug Vork on a fourth and eight situation for the first touchdown of the game giving the Panthers a 6-0 lead.

This was a 60 yard drive put together by the offense that saw junior Bruce Kruihof go for some nice gains. It was all short lived however when West Ottawa decided to kick on a fourth and one from the 50-yard line. Vork sent the kick high into the air to the 15-yard line where Mark Hunter gathered it in and raced 85 yards for a TD. The extra point try was good giving the Rams

## Couple Presents Program to Gem, Mineral Club

The Tulip City Gem and Mineral Club had as its guest speakers for the Oct. 25 meeting Mr. and Mrs. Carlton Pletcher of Niles who showed slides and specimens from their recent trips to Europe.

The Pletchers told how large ton-size slabs of carrara marble, the type Michelangelo used in some 100 sculptures, are brought down the mountain slopes. Carrara marble comes in jet black, brown and white.

The art of intaglio was discussed and the Pletchers explained that carbochon involves making colorful pictures of flowers and faces with American rocks on a black onyx background. The use of Wyoming green jade for leaves, white howlite from California and blue malacite from Arizona was shown.

At the Lizzardo Museum in Elmhurst, Ill., there is a life-size head in intaglio.

Florence, Italy, has a rock called pacena, similar in hardness to the Petoskey stone, but the picture-like stone gives a feeling of cliffs and valleys with possibly clear skies in the background.

The crystal family and the carrara marble, seen in many public buildings erected 35 to 50 years ago, have a lasting

charm. However, the supply has greatly diminished and the stone is now used mainly for smaller jewelry type objects.

The Pletchers stated that off-season trips to Europe are much more reasonable, and with the traffic of summer tourists gone, one can browse more leisurely.

Chester Smith, president, conducted a short business meeting, giving credit to Roberta Kingshott for arranging the program.

The group will take a field trip by bus on Nov. 4 to Amherstburg, Ontario, Canada. Details can be obtained from Robert Sherwood, program chairman, or Mrs. Gordon Boone, treasurer.

## Zeeland Racks Up 6th Victory

HUDSONVILLE — Zeeland racked up its sixth win of the season as they defeated the Hudsonville Eagles by a 40-14 margin here Friday night.

Zeeland put its first points on the board in the first quarter when quarterback Jon Schrotenboer threw a pass to Bruce DeJonge to put Zeeland out in front. DeJonge followed with the extra point giving the Chix a 8-0 lead.

Shortly after Hudsonville's Steve Kramer gave Hudsonville its first tally as he ran in from eight yards out. Louis Ten Have followed up with the PAT tying the game as the first period ended.

During the second quarter action Schrotenboer connected with Kurt Bennett for his second touchdown pass of the night. The extra point attempt was good putting Zeeland out in front 16-8 before the half ended.

During the third period action Hudsonville came back with a Dave Hessler touchdown run from a yard out, but the PAT was no good cutting Zeeland's lead to a slim 16-14 advantage.

Zeeland showed the Eagles its running attack when Bennett sprinted in from 82 yards out. The extra point was good giving Zeeland a 24-14 lead as the third quarter came to a halt.

Zeeland added to the lead in the fourth period when Schrotenboer threw his third TD pass of the night as he connected with Gary Hoover for a 10-yard TD passing play.

The Chix scored once again in the final quarter when Schrotenboer added to his fine performance as he dove across from the one-yard line. The PAT followup was successful as that ended the scoring of the game which gave Zeeland a 40-14 victory.

Outstanding players in the game for Zeeland were Bennett with 166 yards rushing and Schrotenboer with three TD passes.

The race for the crown in the O-K White Division has opened up slightly as Kenowa Hills lost Friday night, and as Wyoming coming out as a victor putting Zeeland and Wyoming in a two-way tie for first place.

Michigan residents didn't change their clocks Sunday but residents in the Eastern time zone set their clocks an hour earlier to give them a 25-hour day and bring them back on the same time with Michigan as Daylight Savings Time ended.

The official time for turning the clocks behind in the East was 2 a.m. Sunday to bring it back on Eastern Standard Time (EST).

Michigan and three other states are the only ones of the 50 whose legislatures exempted them from the federal Uniform Time Act. The other three states are Hawaii, Arizona and Indiana.

The act provides for Daylight Saving Time (DST) from the last Sunday in April until the last Sunday in October. Michigan, when it declines using (DST), is an hour behind New York and the rest of the Eastern time zone but on the same time as Chicago and the rest of the Central time zone.

Michigan voters, who have twice rejected ballot proposals that would put the state on DST, will be asked to vote again on the question on Nov. 7.

#### THE DOCTOR SHORTAGE

If you live in a highly populated area, then you are a part of the lucky group that can boast having 53 per cent of the nation's physicians for 40 per cent of the population. But if you live in the country, then a similar 40 per cent of the population would have only 16 per cent of the physicians.

We must put the matter in perspective by these figures, though we are well aware that most people live in the cities. If you live in a highly populated area, then the physicians will be congregated in the suburbs. This means that there is a real maldistribution of medical services.

Why is this the case? Much of it can be attributed to the American doctor shortage, a shortage we have had for some time and which isn't coming to an end in the immediate future. There are two counties in Michigan that have no active private physician.

The Michigan Health Council reports 14 West Central Michigan counties need a total of 200 additional doctors to meet the needs of one million people living in the counties. This includes 12 doctors for Ottawa County, the report said.

We have been a long time coming to the realization that this is a serious situation. A nation that has an oversupply of chemists, physicists, engineers, and a dozen other highly trained specialists, ought to be able to handle this situation.

The other disciplines are highly skilled also, in some cases more highly skilled. What we need is some concerted effort, and also some cooperation from the medical profession. The nation deserves both.

#### Sunday School Lesson

Sunday, Nov. 5  
Church and State  
Matthew 22:15-22; Acts 5:27-29  
By C. P. Dame

We have been hearing a lot about the problems of our nation and the relationship between the church and state is constantly discussed. This lesson teaches us that we have a relationship to the state and to God.

I. Jesus was often asked questions. Mark 12:13-17, Luke 20:19-26 and Matthew 22:15-22 record the story of how the Pharisees, a religious party, joined hands with the Herodians, a political party, to trap Jesus. Groups with opposing views sometimes band together against a common foe. The two parties had a common, had motive. Some schooled, clever Pharisees came to Jesus, with the Herodians, supporters of King Herod, with a loaded question. First they flattered Jesus but He did not fall for that, but charged them with hypocrisy, for He knew their wickedness.

A few words about the political situation fits here. The Roman government treated the Jews well. They had much self-government, were free from military conscription and the temple authorities collected the annual half-shekel tax from all male Jews over 20 living anywhere in the empire. The tax Jesus was questioned about was a poll tax which every person over a certain age had to pay. This reminded the Jews that they were a subjugated people and this hurt their pride. Should they pay or not?

II. Jesus teaches we have a dual responsibility. The Lord asked for a coin and on it was Caesar's superscription and so Jesus said that the questioners should give to Caesar what belonged to him and added—that they did not ask about—they should give to God what belongs to Him. The trap did not work; no one could honestly charge Him with being disloyal for He told the truth of everyone having two responsibilities. In these times, let us ask what we owe God and if we realize our responsibility to Him and meet it, we will also do our duty to the state. We owe God worship and service. Many cheat God.

III. God comes before the state. The apostles were commanded to preach the gospel everywhere and to begin at Jerusalem. They filled that city with teaching and because of this were jailed. An angel freed them, so they preached some more, and were brought before the council and ordered to stop, but Peter said, "We must obey God rather than men," and so they defied the government and obeyed God. Since that day Christians have often refused to obey the state for they insisted on being obedient to their Lord. People should put God first—not second.

#### Literary Club Given Insight Into Judicial Procedures

"You and the Courts," a political program by the two candidates for judge of the 20th judicial circuit, James E. Townsend and Gerald J. Van Wyke, brought some judicial enlightenment to the Woman's Literary Club Tuesday afternoon.

The two candidates, who seek the post to be vacated by Judge Raymond L. Smith after 24 years on the bench, emerged as two highly qualified, highly respected and personable candidates.

Judge Van Wyke who has served as judge of the 58th district court for four years described the court setup in Michigan, listing the Supreme Court, Court of Appeals, Circuit Court and District Court. He emphasized that the legislature makes the laws and the courts interpret them. Yet, he said two people facing the same charge can get different penalties, the result of careful consideration by the court of every thing involved.

He spoke of laws in the constitution, acts of the legislature, common law which results from opinions of courts, the need for unifying court procedures, and the relationship of the court with probation officers.

Townsend, who has served as city attorney, covered other areas of jurisprudence, mentioning legal guidelines and objectives and the principle of equal justice for all, whether a person drives a motorcycle or Cadillac, is bald or bearded.

## 'The Beggar's Opera' Scores Hit at Hope

In the most ambitious production to date, the Hope College Theatre and Department of Music scored a hit Thursday night with John Gay's 18th century "The Beggar's Opera" in De Witt Cultural Center on Hope campus.

An arresting set of many levels, steps, ramps and what-not provided a dramatic setting for the production which brought out the best in vocal and instrumental music and drama. Best of all, John Tammi's young thespians had fun with the rowdy opera written in 1728 as a political satire and as a parody of the highly artificial Italian opera which was firmly entrenched.

All the characters in this light hearted ballad opera are

low minded thieves and trollops with the possible exception of the daughter of the king of thieves who had married MacHeath, hero of the opera and a swashbuckling highwayman who liked the ladies. Scenes of MacHeath with his entourage of tarts, hussies and trollops formed some of the most exciting scenes of the opera.

Costumes, a combination of gorgeous design and tatters, vied with the striking set, lighting and music for attention. The fast moving, smooth production was enhanced by the orchestra under the direction of Robert Ritsema in a light, expressive score which many people find superior to the contemporary "Three Penny Opera" which

was rewritten in the 1920's. David Bast as MacHeath, the gentleman - highwayman, was the central figure caught between sweet Polly Peachum played by Vickie Weidman and the jailer's daughter, Phyllis Acocello, complicated by their respective fathers, the king of thieves effectively played by Carroll Lehman and the jailer of Newgate prison, Brad Williams.

David Leestma appeared as the young tenor pickpocket, Gene Callahan as Polly's mother.

Ritsema's 18-piece orchestra played from the back of the set. Scenic and costume design was in charge of Richard Smith, newest member of Hope's theatre faculty, coming here from the design staff of the Tyrone Guthrie Theatre in Minneapolis. Lighting was by Michael Grindstaff. Program notes by Anthony Kooiker were particularly interesting.

## John Bekkens Observe 66th Anniversary

Mr. and Mrs. John Bekken, 244 West 13th St., celebrated their 66th wedding anniversary on Tuesday.

Mrs. Bekken is originally from Saugatuck and Mr. Bekken is from East Saugatuck. They were married Oct. 24, 1906, in Saugatuck.

Shortly after their marriage they went to Chicago where Mr. Bekken learned the blacksmith trade at the Chicago Roundhouse. They then moved to Holland, renting an apartment on Ninth St. in the vicinity of Dykstra Funeral home for \$9 a month.

Mr. Bekken was employed by the Interurban in Virginia Park for several years before purchasing a blacksmith shop at 349 West 15th St., from George and Grace Hoekstra in 1921.

In the early days he sold new metal for 5 cents a pound and he was well known in the area, with many people claiming that he could do with iron what a carpenter could do with wood.

When the automobile took over the streets, leaving the horse and buggy behind, Bekken began building racks and bodies for trucks. He made the first racks for Louis Padnos (now Louis Padnos Iron & Metal Co.), George Heidema (now Heidema Bros.), John Rooks and Pete Rumsey.

The original blacksmith shop was enlarged three times to accommodate the large trucks. When the first trailers were made, there were no pre-fabricated trailer hitches so Bekken made trailer hitches for people in the area. He also made all the geranium baskets for downtown Holland.

Due to his present physical condition, he is unable to continue operating the business. He is presently a resident of Birchwood Manor.

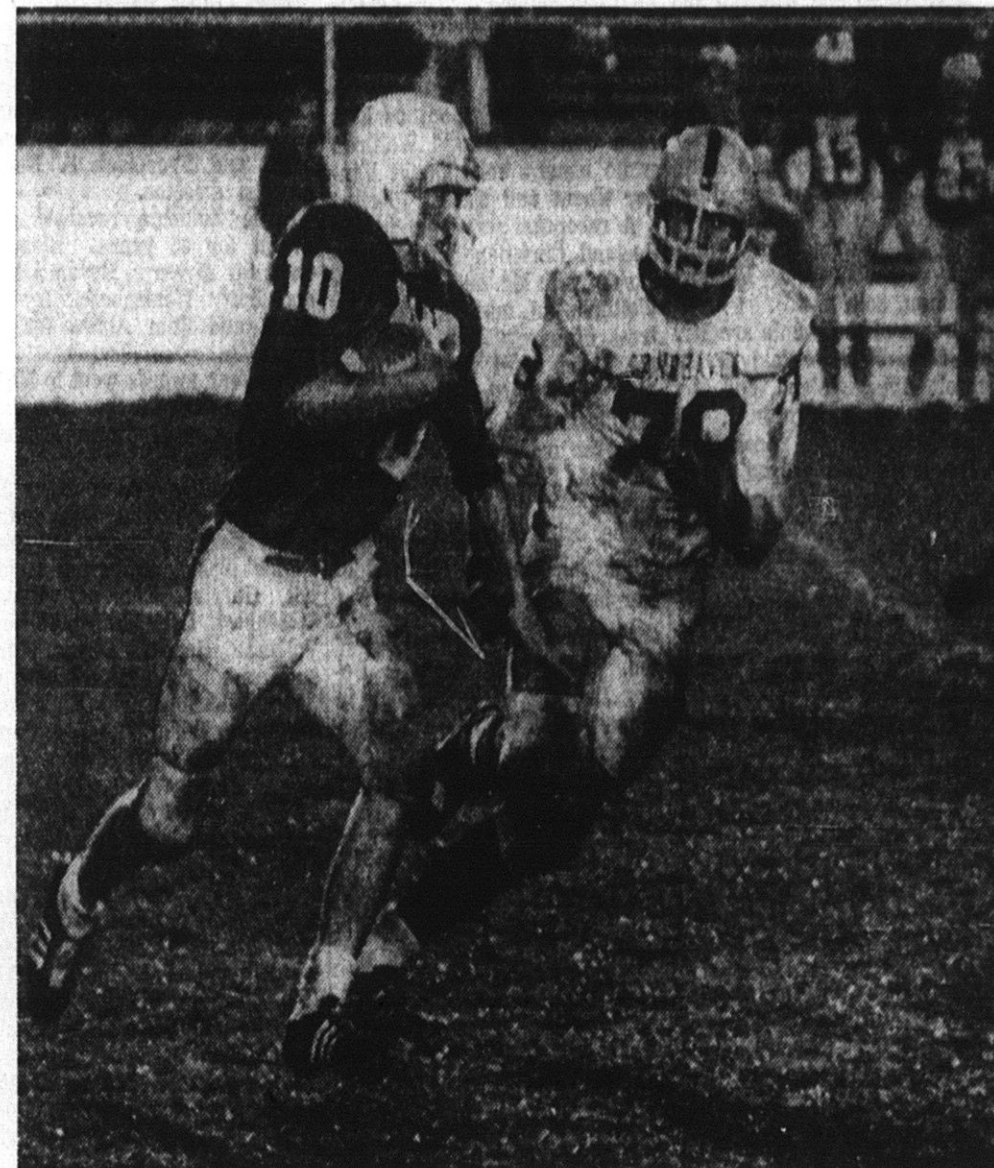

The Bekkens' children are Mr. and Mrs. Bernard (Beatrice) Shashaguay, Mr. and Mrs. Everett Bekken and Martin L. Bekken. There are nine grandchildren.

Mr. Shashaguay, who spent two years and three months in the Conference General of the United Methodist Church in Detroit, was recently made treasurer of the Grand Rapids District of the United Methodist Church and will reside with his family at 669 Graafschap Rd., Holland. He served as president and general manager of IXL Machine Shop in Holland from 1945 to 1970.

Everet Bekken is retired after serving the Portage School System for 22 years as supervisor of 50 women bus drivers. His wife was a kindergarten teacher for many years. They reside in Portage.

Martin Bekken was a star football player at Holland High School and Hope College. After attending Northwestern University Graduate School he was employed in Kalamazoo before becoming administrator of Construction Industry Fund, Inc., Lansing. He was involved in a serious automobile accident in 1957 which resulted in several years of rehabilitation. He is now employed by Kandu Industries.

Mr. and Mrs. Bekken celebrated their 66th anniversary by entertaining their children at a family gathering in their home. They are charter members of the First Presbyterian Church.

**PRETTY SCARY** — The Haunted House operated Monday night by the Jaycees at the old Little Netherlands drew more than 2,500 children accompanied by adults in the two hours in which it was open. Jaycee members and their wives took part as witches, monsters and vampires, producing shuddery noises and scary sights for area youngsters.

A friendly witch gave out candy, early in the evening, but soon ran out. Older children were more sophisticated about it all, but four to six-year-olds were just a bit apprehensive as they passed through the haunted premises.

## Questers Visit Kalamazoo Site After Luncheon

The Jane Steketee chapter of Questers visited The Emporium in Kalamazoo, following a buffet luncheon Wednesday at The Whistle Stop.

Robert Medema, owner of The Emporium, opened his home to the 22 members and their guests. His hundred year old home has the original butternut and walnut woodwork. The wood was cut from the farmland surrounding the house. The many beautiful and rare antiques were a delight.

Mr. Medema stressed the importance of buying quality pieces. "If something appeals to you, is different than anything you've ever seen, don't allow the price to deter you from buying," he said. In the four years since Mr. Medema has become an antique dealer, he has seen a rapid rise in the value of fine antiques.

Leaded lamps are being so skillfully reproduced today that Mr. Medema has discontinued dealing in this item. Kitchen cupboards and desks are his favorites. Many of the antiques in his collection served more than one purpose and so were practical pieces as well as being beautiful.

The entertaining afternoon was arranged by Mrs. Howard Veneklaasen.

## Goals Committee Results Will Be Outlined Nov. 9

The Holland City Council's Area Goals Committee will present its final report, "Regional Profile '72" at a community dinner arranged by the Holland League of Women Voters Nov. 9 at 7:15 p.m. at Phelps Hall, Hope College.

The committee was formed as a result of Mayor L. W. Lamb Jr.'s statement to City Council last March 15, and modified later to include the entire area and all individuals and organized bodies. In remarking that this was our 125th anniversary year as a city, Mayor Lamb said, "What more appropriate time to look back and be thankful and look forward and be hopeful?"

He added, "but we are warranted in being hopeful only if we are also purposeful. The Council's hope and purpose is that Holland and its surrounding communities will be an environment in which each individual can find fulfillment to even greater degree than has been possible in the past 125 years.

To this end it seems appropriate to ask for assistance from a variety of citizens with vision and imagination to (1) ascertain and clearly state our purposes, (2) peer into the future and try to foresee and delineate the principal trends of social, economic and environmental factors and forces with which we must cope, and (3) try to visualize and sketch in outline feasible and appropriate goals, objectives and plans that could be a guide to this and future councils."

With these thoughts in mind, he appointed as general chairman, Ab Martin; the coordinating committee, John Donnelly, Eleanor de Kruijff, and Russell Fredericks; and 30 citizens of the area who have been working on this report since last spring.

The dinner is open to the public and all citizens of the community-at-large are urged to attend. Tickets may be obtained at the city treasurer's office through Friday, Nov. 3.

## Hope College Tuition Gets \$140 Boost

Tuition, room and board fees at Hope College for the 1973-74 academic year will be increased \$140 to \$3,100, President Gordon J. Van Wylen announced Tuesday.

Tuition will be increased \$95 to \$1,990, room fees will go up \$20 to \$450 and board will increase \$25 to \$585. An activities fee will remain at \$75.

The increases were approved by the college's Board of Trustees during their fall meeting earlier this month.

The \$3,100 figure represents

a 4.73 per cent hike over present fees and "is just equal to anticipated cost of living increases," according to President Van Wylen.

Dr. Van Wylen, in a letter to parents of present students, wrote: "As a private college, we are heavily dependent upon tuition for our academic budget. We are committed to academic excellence, and our first concern is to have the necessary resources to achieve this goal. We are also deeply concerned for our students and their families, and our desire is to insure that every student who so desires has the opportunity to study at Hope College."

President Van Wylen noted that the college's financial aid program for students will increase in proportion to the fees hike.

Presently, Hope students pay 80 per cent of the college's annual operating costs. The college has an enrollment of 2,124 men and women on an operational budget of \$6,570,500.

# The very least you should know about Senator Bob Griffin.

## You should know who he is.

Robert P. Griffin is one of your two United States Senators. He has been for 6 years. He's running for re-election this fall.

## You should know he's got muscle.

In just one term, Bob Griffin has made himself (in Newsweek's words) ".....a force to be reckoned with" in the Senate. His colleagues elected him to be the Minority Whip, one of the top 4 leadership posts in the Senate. It's a position from which he can — and often does — influence Presidents.

## You should know some of the things he's done for Michigan.

Bob Griffin convinced the President that the auto excise tax should be repealed. That meant thousands of jobs for Michigan.

Senator Griffin re-instated a supplemental food program for undernourished infants and pregnant mothers in Detroit's ghetto.

He blew the whistle on forced school busing, and introduced a Constitutional amendment to prohibit transportation of pupils on the basis of race, color or creed.

He's a consistent and persistent battler against pollution. ("Watchdog of the Great Lakes," he's been called.)

## You should know some of the things he's done for the country.

Bob Griffin co-authored the Landrum-Griffin Act, the "bill of rights" for rank and file union members.

He's helped millions of students attend college with low-interest education loans, through his National Student Loan Program.

He's the Senator who stood up to two Presidents, to rebuild and defend the integrity of the U. S. Supreme Court.

He's fighting now for bills to protect the pensions of workers, and to provide a cost-of-living escalator clause for social security benefits.

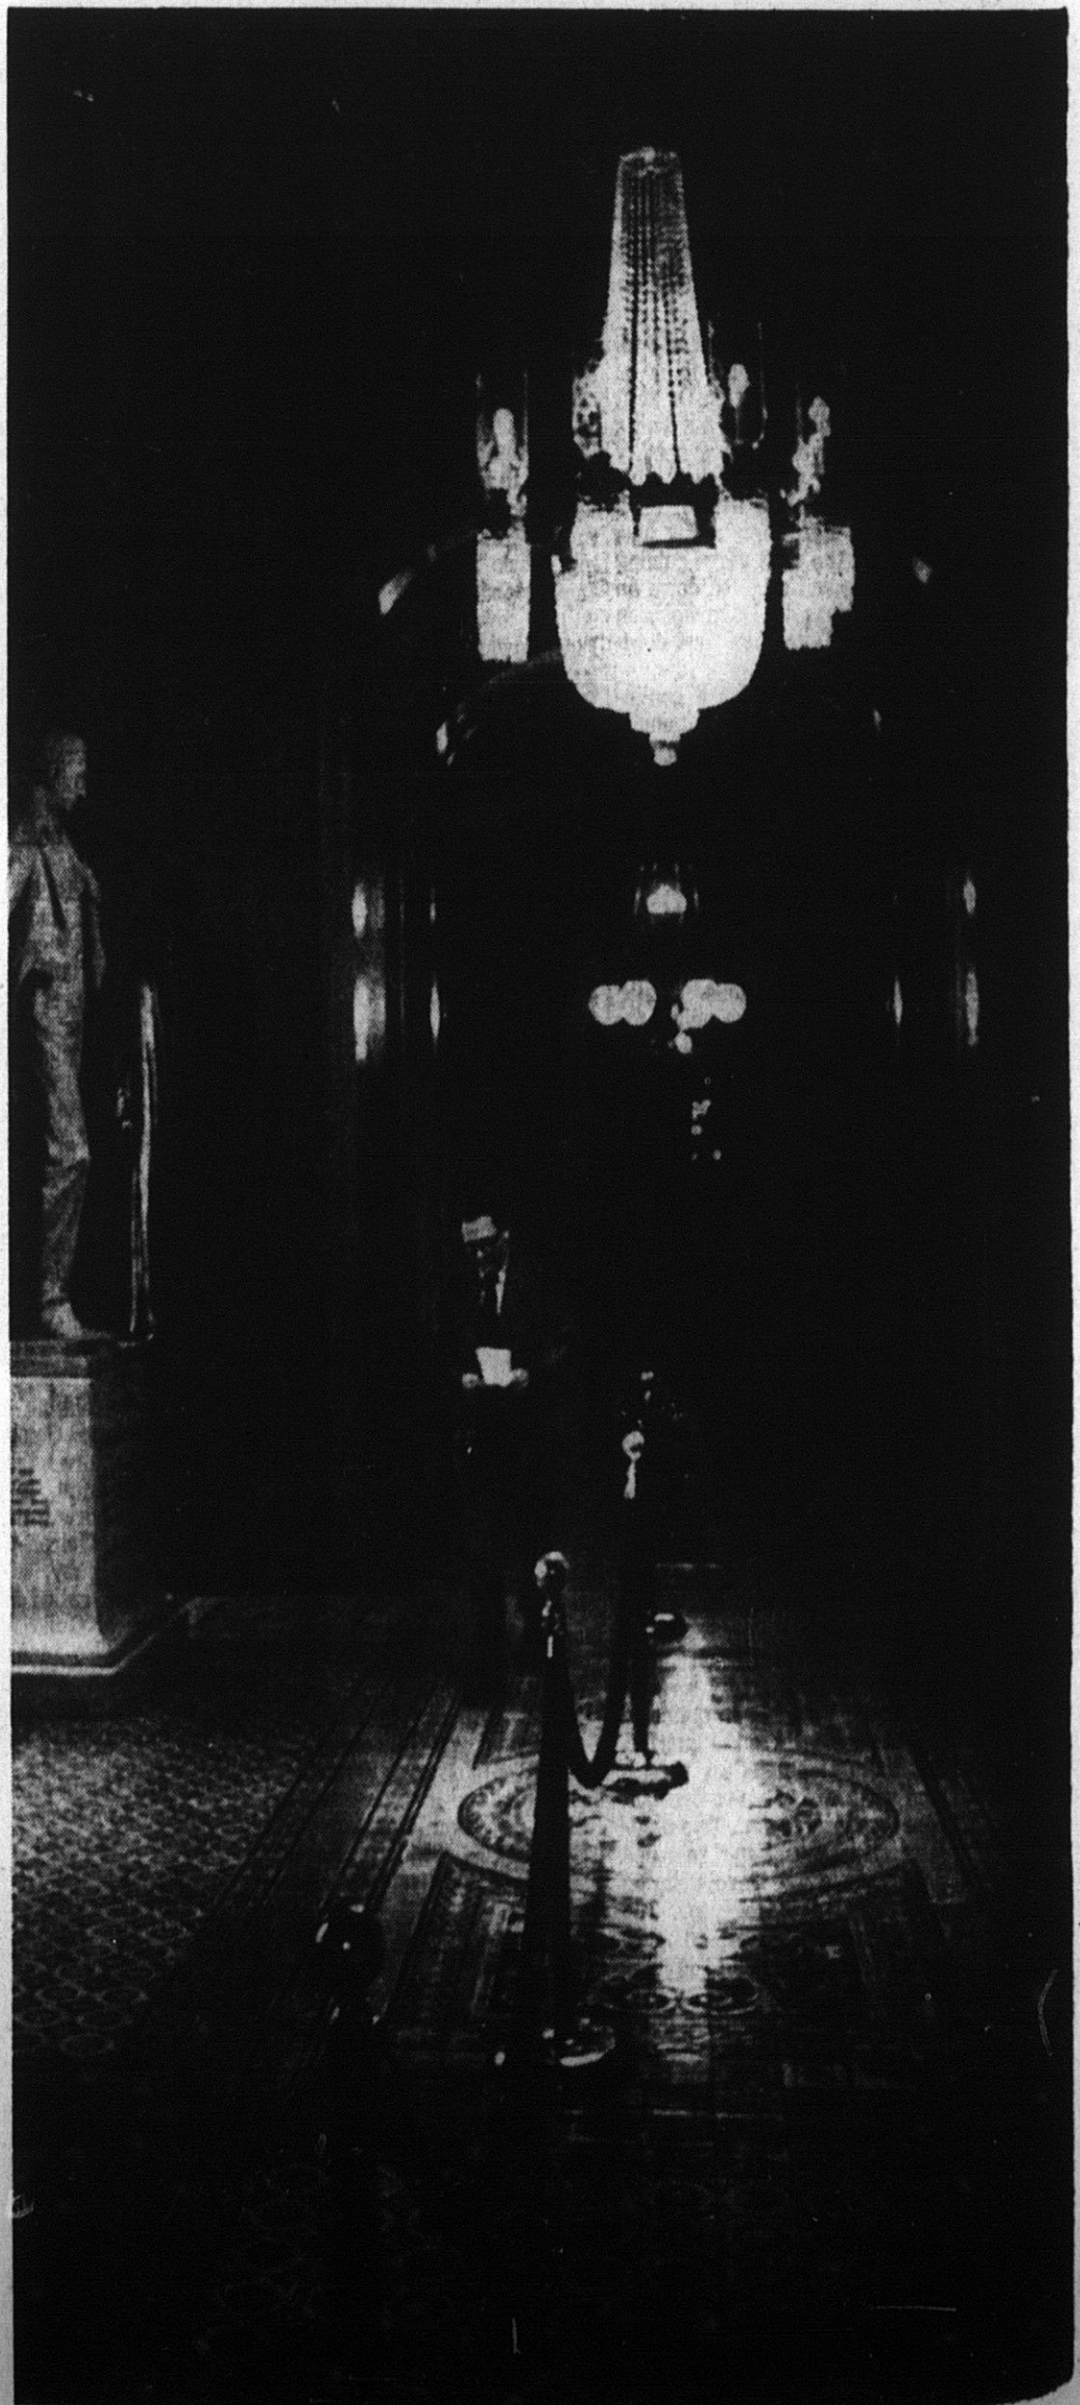

## You should know what people say about him:

"...an independent Republican with a conscience but no political price tag," says the Detroit News.

"...he's proving himself a successful and tenacious David in a city of Goliaths," says the Washington Daily News.

"...he's a political moderate with a reputation for going against the establishment," says Newsday.

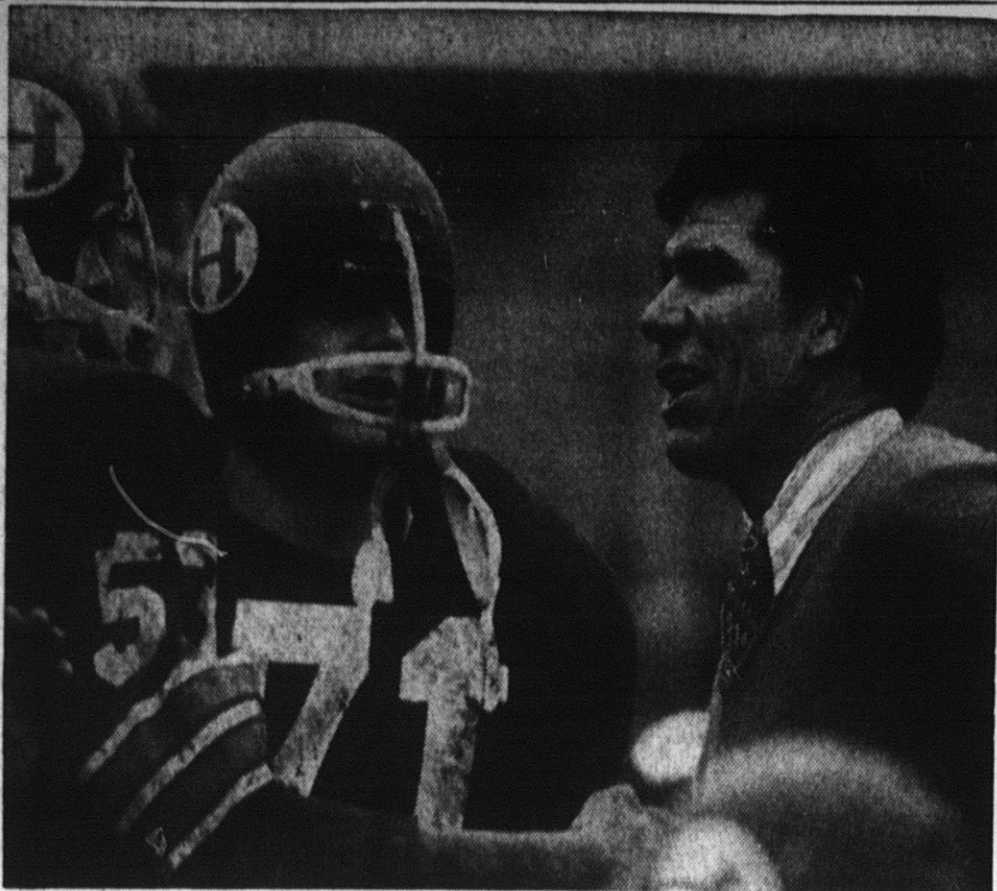

"...he's one of the most effective Senators in Michigan's history," says the Detroit Free Press.

## Miller's Toe Proves The Difference

Hope College kept its chances for the school's first outright MIAA football championship in 19 years alive Saturday as the Flying Dutchmen edged nationally ranked and previously undefeated Alma 14-12 before 4,800 Parent's Day fans at Riverview Park.

An aroused defense provided the key plays and in the end it was a variation from Hope's trademark tailback offense that decided the issue as sophomore wingback Gary Constant grabbed two second-half touchdown passes from quarterback Bob Carlson.

Victory ran Hope's league record to 3-0-1, one-half a game ahead of Adrian and Alma who are 3-1. Hope must win its final league game at Adrian Saturday to claim the championship.

Defeat was the first in eight games for the NAIA ranked Scots and snapped their 10-game winning streak. Hope, meanwhile, ran its season mark to 5-1-1, the best record for a Dutch team since 1959 when they finished 8-1.

A muddy field didn't help the quality of play, especially in the first half when Alma pulled to a 6-0 lead. Hope was in Alma territory for only one series in the first half and that drive was ended on the Scot 19 by a fumble.

The Dutchmen were on their own 29 late in the first period when the Scots' Keith Wilson intercepted a Carlson pass on the 42. Alma quickly moved to the Hope 23 on a pass interference call and five plays later quarterback Jerry Wasen went over right tackle from the three for a touchdown.

Alma's Rick Johnson intended to kick the extra point but a bad snap forced him to try to run only to be swarmed under by the Hope defense.

It was a frustrating first half for the Dutchmen as the offense collected only two first downs while losing the ball three times on fumbles and twice on pass interceptions.

The second half belonged to Hope as the offense scored twice and the defense limited the Scots to five first downs and just 64 yards total offense.

The defense, sparked by end Ted Albright, linebacker Gerrit Crandall and middle guard Dave Yeiter, stopped three fourth period Alma drives to preserve the victory.

Hope's first touchdown was set up by freshman lineman Craig Van Tuinen when he re-

covered a fumble on Alma's first series of the second half on the Scot 29.

Hope abandoned its bread-and-butter tailback offense in favor of quarterback Carlson. On first down fullback Ed Sanders gained two yards but a penalty on the next play crushed the Dutchmen back to the 36. Carlson took matters into his own hands on the next play gaining five yards and on third down he threw a pass to Dave Johnson giving the Dutchmen first down on the Scot 13.

While Alma's defense continued to key on tailback Lamer, quarterback Carlson again carried the ball, this time for two yards. Then on second down he passed in the flat to wingback Constant who beat Alma's left end to the end zone flag.

Freshman Bob Miller of Columbus, Ohio kicked the first of what proved to be deciding extra point conversions. Miller was kicking the extra points for the first time this season.

Hope sustained its longest drive of the game late in the third quarter marching 79 yards in 14 plays before Carlson hit Constant in the end zone from the 16 on a fourth down play. Miller's boot gave the Dutchmen a 14-6 advantage.

Hope forced Alma to punt on the next series, but quickly lost possession again when Lamer fumbled on second down on the Dutch 10. Three plays later Wasen connected with end Johnson from the seven for a score. Wasen completed a pass to Jeff Kane on the two point conversion attempt, but the Alma end was tackled on the one-yard line preserving Hope's 14-12 advantage.

Alma had possession three more times, but errors stymied the Scots. Van Tuinen deflected a Scot punt early in the quarter, but the Dutchmen lost possession when a Carlson-to-Constant pass was intercepted. Two plays later, however, Hope regained possession when Dave Johnson intercepted a Wasen pass. The as Hope was forced to punt with 2:38 remaining in the game.

Alma collected a first down as Wasen turned to the air lanes. His next pass was complete and the Scots were penalized for offensive holding pushing them back to their own 11. Wasen completed an 11 yard pass to Kane on the next play, but on third down the Alma quarterback was thrown for a 10 yard loss by Albrecht. Finally, on fourth down a desperation Wasen pass was intercepted by Doug Smith. With 1:09 remaining and Alma without any timeouts Carlson needed only to fall on the ball for the biggest Hope triumph in

many years. Almost unnoticed in the triumph was another standout performance by Lamer who passed the 1,000 yard rushing mark for the season with 101 yards in 30 carries. The Zeeland High product has 1,053 yards after seven games and is within 130 yards of the all-time MIAA single season rushing mark and 231 within the Hope standard.

## Resthaven Guild Learns About City Mission Work

Resthaven Guild convened on Friday evening in Central Park Reformed Church as guests of the church Guild for Christian Service. Mrs. Roscoe DeVries welcomed the 80 women attending and introduced the program.

Mrs. Paul Wabeke accompanied for group singing and was accompanist for Mrs. C. A. Vanheest who sang "God Gives His People Strength." Mrs. Gordon Van Putten gave the devotional thoughts on the theme "Strength for Today" and read related Scripture verses. Mrs. Reakus Ryzenga sang "I'm Surrounded by His Care" accompanied by Mrs. Van Heest.

Mrs. Ryzenga also addressed the group telling of the program of work of the Holland City Mission of which Mr. Ryzenga and she are the superintendents. She gave a short history of the Mission, which was organized in 1903 by the late Nellie Churchford who died in 1931. It is the oldest Christian social agency in Holland city and has had a continuous ministry since its founding. It is governed by a Board of Directors composed of seven men who represent five denominations, thus it is interdenominational in character.

Mrs. Ryzenga stated the support is obtained from individual and church gifts with no set income, dependent upon the church of Christ and His people. The Mission at 74 East 8th St. is open daily and has worship services and Sunday School on Sunday with several weekday meetings. The personnel assisted by some volunteer workers fill demands for clothing, furniture, food, living quarters and medical help.

Mr. and Mrs. Ryzenga have served for a year and a half to alleviate the physical, mental and emotional problems and family troubles for many people. Assistance is given transients, including alcoholics and drug addicts. However the primary purpose is to promote a spiritual emphasis thus demonstrating the love of Christ.

Mrs. Maude Dogger, Resthaven Guild president, conducted the business meeting, with Mrs. Ernest Vandenberg giving the financial report and Mrs. Charles Maas reviewing the objectives and activities of the organization.

Mrs. Harry Kalmink said the profit from the October sale project was more than \$200. Birthday chairman, Mrs. Bert Bruijschart, reported that Harlem Reformed Church will host the November party.

Mrs. Dogger called attention to the duties of Guild meetings and projects. Also annual monetary gifts from church women's societies are acceptable and are to be paid to Mrs. Vandenberg.

Plans are being made for a Christmas dinner honoring Resthaven residents and tickets are available from Miss Necia DeGroot, Miss Aleta Van Dyke and Mrs. Tony Dozeman. Sixteen home residents were recognized and Miss Josie Holtgeerts gave a resume of residents who are presently ill.

Due to a constitutional change, the annual election was for one officer only, that of second vice president. Mrs. L. J. Vander-Hill was elected to this office for a period of two years.

An autumn arrangement of fruit was the centerpiece for the buffet table from which dessert was served during fellowship time. Refreshments hostesses were Mrs. Van Putten, Mrs. Simon Sybesma, Mrs. Verne Avery, Mrs. DeVries and Mrs. Van Heest.

Door greeters were Mrs. Avery and Mrs. Neal Van Brug-
