## CITY AND VICINITY.

Wheat 62 cents.

Victor Osborn is building a new residence near his mother's home north of the city.

Ex-mayor E. J. Harrington has disposed of his clothing stock to outside parties and it will be taken to Manistee and Traverse City.

Electric lights are being placed in the consistory room of the Old Church corner College Avenue and Tenth street.

Some of the Holland factories are complaining of their inability to obtain cars on account of the car famine, which prevails all over the United States.

A man is silly to get mad at what the newspapers say about him. He should be double thankful that they don't publish to the world what they know of him.

The C. & W. M. train, due here at 9:35 p. m. Saturday, was delayed on account of a freight train jumping the track near Bangor, and did not reach Holland until about 1:00 Sunday morning.

The dedication of the new Reformed church at Macon took place on Wednesday. Rev. Peter Moerdyke of Chicago preached the sermon. This was his first charge after graduating from the Seminary.

There are about 60 scholars in each of the school rooms, with the exception of the High School and the Kindergarten, where they have close to 100. It looks very much as if another school building will have to be erected next year.

Electric lights will be put in the High School room, the hallways and the superintendent's office of the Central school building. Several lights will also be placed in front of the building; consequently there will be no more loitering on the front steps.

Col. Ludlow, chairman of the Nicaragua commission, has submitted his report to the President upon the Nicaragua canal. It generally finds that the project is feasible and worthy of execution. The prospects are that the report will not be made public until congress convenes.

Postmaster De Keyser proposes to keep warm this winter, believing as he does that preservation for himself and clerks is the first law of nature. He is having a partition placed in the office dividing the rear from the main office thus shutting off the cold air caused by the continual opening of the front door.

A correspondent of the Grand Haven Courier-Journal says: The annual blow out about improving Grand River is at hand. All it is done for is to keep Ottawa county from bridging the river. The government will never make deep water from the lake to Grand Rapids, and nobody wants it to. Let the river alone and put in four good bridges over it and see Coopersville and Zeeland get to the front, also Grand Haven and Holland.

H. De Kruij of Zeeland has returned from south eastern Texas, where he took a large party of Holland colonists on October 8th. He pronounces the location a charming and productive one and says that the future will show it to be the liveliest Dutch colony in the southern states. Mr. De Kruij proposes taking out another large party the latter part of November as will be seen by his advertisement.

The remains of Mrs. Daniel Bertch will reach here from Escondido, California today (Friday) and will be accompanied by the bereaved family. The funeral will take place from the M. E. church, of which the deceased was a member, on Sunday afternoon at 2:00 o'clock after brief services at the house of E. Herold. It is expected that the funeral will be largely attended by relatives and friends from Grand Rapids and other points outside of the city.

The North Ottawa Teachers Association meets in Coopersville on Saturday November 16th.

The Holland Furniture Co. after having laid up for repairs for a week resumed business again Monday.

Dr. Johnson has had a telephone placed in his office in the Alberti building, also in his new house on Twelfth street, purchased from Jake Hook.

A fire at Benton Harbor Friday morning partially destroyed the Stevens block. The total loss is placed at \$20,000 with insurance to the extent of \$12,000.

Mrs. H. E. Plant of Coopersville, who was here in attendance at the W. R. C. convention, says: Holland knows just how to entertain, and we pronounce it a very patriotic city.

The Lizzie Walsh will probably make another trip to Manistee for Holland Furniture Co. lumber if the weather permits. Another cargo will close up the 1,000,000 contract with this company.

Henry Clark and Joe Bergman, two of Holland's young wheelmen had a collision on Eighth street the other evening. Neither of them were injured, but the latter's bicycle was quite badly damaged.

Inspectors Bloeker and Dodge have finished their investigation of the collision between the Cayuga and Hurd in the straits last spring, and have come to the conclusion that the masters of both vessels were at fault. Their licences have been revoked under rule 15 of the "White Law."

All the churches of Grand Rapids have been invited to unite in special revival services in the Y. M. C. A. Auditorium. Twenty seven of the city pastors signified their intention of uniting in the work, and the opening meeting was held Saturday, and there have been others every evening during the week.

Postmaster Baar now has hanging in the post office at Grand Haven a view of the city as it looked about 1868-70. Underneath is a printed descriptive list giving the names of the various buildings and vessels seen in the sketch. Twenty-one schooners, steamers and ferry boats are shown in port at the time.

Norah Ormsby, a sixteen year old Saugatuck girl, went to Grand Rapids on Saturday to fill a position as house maid, but found that another girl had been engaged. She was penniless and C. J. Johnson kindly provided her with a temporary home and will see that she secures another place or is furnished transportation to her home.

There is nothing that makes a more favorable impression on a stranger in a strange town, says the Grand Haven Tribune, than clean streets. It is not only a pleasant sight to the eye, but it gives the impression of a live, healthy, up-to-date town, and it helps the town in its own estimation. Cleanliness, health, self-respect and public spirit go together.—Holland combines all the above specified qualifications.

The latest report is that there will be an organization among congressmen from the lake districts for the advancement of the cause of harbor improvements. There are about 30 members of the next house that can properly be classed as representing lake districts. Should they make a united and determined stand for large appropriations for lake harbor improvements, they will be able to carry the house with them. In the past there has not been as much unity of effort in this respect as is desirable. Each port has worked for itself without much regard to what others were getting.

Marshal Van Ry on Saturday arrested John Bentum and Peter Olsen, both lads about 18 years old, charged with an indecent assault upon Dina, the 12 year old daughter of Henry Overweg, a farmer residing near North Blendon. From the story told by the little girl, she was returning from school accompanied by her younger brother when the boys pounced upon her from a tract of wooded land close to the road. They both laid violent hands upon her and used some very indecent language. The girl made considerable of an outcry, which alarmed the boys and they disappeared in the woods. Their would-be victim upon her return home told her parents what had happened, and the arrest followed. Bentum and Olsen were arraigned before Justice Van Schelven, who bound them over for trial at the present term of the circuit court. In default of bail they now languish in the county jail. In the circuit court on Monday they pleaded guilty, but have not yet been sentenced.

Prof. J. H. Kleinheksel is acting as president pro tem at Hope College in the absence of President G. J. Kollen.

A. E. Mathews of Niles, the contractor, who is furnishing the timber for the harbor, left for the north on a hunting trip early in the week.

Grand Haven boys make a practice of loitering about the depot and jumping on and off moving trains. This practice was broken up in Holland some time ago.

Truant officer Glerum has reported several violations of the compulsory education law in Holland, but as yet the enforcement of the law has not been carried into effect.

Henry D. Weatherwax, formerly sheriff and supervisor of Ottawa county, and who has always taken an active interest in educational matters, has concluded to move from Georgetown to Grand Rapids.

Farmers all through Allegan county report very "dry times" and many forest fires burning. Some lay this to local option, but the learned say it is caused by too much drainage and the lowering of the inland lakes.

Marine Van Putten is doing a thriving business at his new news stand in the old bank building, two doors east of the News office. He has a central location and supplies the people with all the daily papers, periodicals and current literature.

Rev. E. C. Oggel D.D. and wife, who have been absent in the Netherlands for nearly two years, arrived home on Tuesday and are the guests of Mr. and Mrs. George P. Hummer. They sailed from Liverpool on the Britanic of the White Star line on October 23d reaching New York November 1st. While away Mr. and Mrs. Oggel visited many other points in Europe.

There will soon be a pole raising at the West Michigan Furniture factory. Mr. Arnold De Feyter on Tuesday placed upon the ground a main pole 8 1/2 feet long and a topmast 76 feet in length. This will be the highest pole ever set in Ottawa county and from its peak will be unfurled a silk flag 20x40 feet in size. Who says the West Michigan Furniture Co. is not a patriotic institution?

The first supper hunt of the Zeeland Gun Club took place Monday. The sides were captained by Van Eyk and Karsten, each having seven men. The inventory at night showed 62 red squirrels, 28 fox squirrels, 26 rabbits, 27 quail, 4 partridges, 3 crows, 1 owl and 14 sparrows. Van Eyck's side having made the largest score, a game supper at the expense of the losers was given Wednesday evening at the residence of Dr. O. Baert.

The Grand River Valley Medical A. was in session Tuesday at Zeeland with a large attendance. The following papers were read: "When Indicated, and How to put Glasses to School Children," by Dr. D. Milton Green; "Tonsillitis," by Dr. G. Wilson Forest; "Abortions," by Dr. Henry Kremers; "Laryngitis," by Dr. D. Emmet Welch; "Urinalysis as a Help in Diagnosis," by Dr. T. G. Huizinga; "Operating in Peritonal Tuberculosis," by Dr. S. C. Graves; "Hysteria," by Dr. Eugene Bois.

The self confessed train wrecker James Brown, who was released from the Allegan county jail last Friday, was immediately re-arrested and is now behind the bars of the Noble county jail at La Porte, Indiana, and his trial for the Kendallville robbery takes place in January. Brown will be closely guarded day and night to prevent any attempt being made to secure him his liberty. It is believed he is withholding information as to Smalley's whereabouts with the hope of using it to obtain immunity from punishment or a light sentence. Further search will be made for the buried treasures.

Charles W. Greene, a well known western journalist and for years editor of the New Mexican of Santa Fe, now a resident of Chicago and representative of the National Bi-metallic Union, drew a good sized audience at the Opera House on Tuesday night to listen to his discussion of the gold standard and its effects on American industries. He favored a complete restoration of bimetalism, and held that it would be one of the most important issues of the coming presidential campaign. Our hard times, Mr. Greene claimed, dated from the demonitization of silver in 1873 and were getting worse all the time. He urged the people to open their eyes and become convinced that the worst panic the country had ever seen was approaching. After the meeting a Bi-metallic Union was organized and a thorough canvass of the county will be made.

Martin Kieyn has been confined to his home for some days by sickness and his condition is considered quite serious.

October has been the driest month experienced since the opening of the Grand Haven station twenty five years ago. The total rainfall 0.48 of an inch is 3.19 inches below normal.

David Blom has returned from his hunting expedition in the northern forests. He brought home a good sized jack rabbit, but the deer which he chased for two consecutive days managed to get away from him.

Mrs. Jennie Miller, who some time ago escaped from Muskegon with superintendent Castle and was arrested in Grand Rapids on Monday for being in company with a man, named Andrew Krum, has consented to again live with the husband whom she deserted.

Louis Neumeister who for years has been connected with the Cappon & Bertsch Leather Co., is now conducting a drug store at Sheboygan, Wis. His brother is also engaged in the same business in another section of the city but they work in harmony and do not cut rates.

Under the auspices of the Ladies Aid Society of Hope church a supper and social will be given on Tuesday evening, Nov. 12, in the parlors of the Y. W. C. A. The proceeds of the evening will be devoted to the enlargement of the chapel and prayer-meeting rooms of the church.

Ottawa county has 139 manufacturing establishments, with a capital invested of about two million dollars, employing 2,228 men, 139 women, 69 boys and 5 girls. Average wages to skilled mechanics, \$1.06 a day and workmen, \$1.20. Of all the establishments in the county, four are run by water power.

The Soo City came in from Chicago Sunday morning on the last trip of the season, and she will lay up here for the season. Unfortunately the Soo had to close her season earlier than anticipated as the condition of the channel would not permit of her passing in and out with a heavy cargo. Practically no relief has been given in the way of work by the U. S. dredge since coming here. There is any quantity of freight at both ends of the line that could be handled this month if the harbor were in good condition.

Jacob Pranken was 22 years old on Tuesday. His convalescent condition did not permit him to celebrate, and so his friends thought they would help him out. Several months ago, while in the employ of Foster, Stevens & Co., Grand Rapids, Jake was attacked with lung trouble and he has been laid up with it at his home in this city ever since. The fact that it was his birthday Tuesday had not been overlooked by his young friends in Grand Rapids, and a party of eleven of them came down that day, to cheer him up and encourage him on his slow way to recovery.

## OUR NEIGHBORS.

### Zeeland.

of the members present.

It is reported that a new paper to be called the News, will make its appearance some time this week.

The Zeeland Rod and Gun Club have decided to accept the challenge of the Holland Blue Rock Club and have named Dec. 24th as the date for the contest.

The Village council has permitted the Rod and Gun Club to use the grounds on Van den Berg's addition for trap shooting, but it is understood that the village is not to be liable for accidents or any other damage that may result.

### Grand Haven.

Company F. has formed a stock company, each man to own a share in the association, and will be incorporated. The company is as prosperous as any military organization in the state, owning armory and opera house property valued at \$6,000. A large gymnasium outfit, for the benefit of the members, has just been put in.

Rev. F. W. Spindler, who during the Seventies was pastor of St. John's Lutheran church here, was found with three bullets through his body in the suburbs of Minneapolis October 30th. The police authorities have not been able to determine whether it is a case of murder or suicide.

Saturday afternoon United States flags were hung to the breeze at the Jackson, Columbus street and Beech Tree schools. Patriotic speeches were made by the children and short and appropriate addresses by Senator Ferry, Judge Goodrich and others.

The Glass Factory receives large quantities of glass in the rough every month from Amsterdam, to be finished. The factory employs about 70 hands, and is recognized as one of the biggest glass finishing works in the country.

Deputy Sheriff Trasher from Jenison helped increase the population of Grand Haven Saturday by placing Leo Brown of Jamestown to board at Hotel Keppel for 30 days. Cause, assault and battery.

### Ottawa County.

The Allendale creamery, which has been running very successfully every day, since it started in May, is now running every other day.

Wild geese are seen almost every day near Coopersville flying south. They do not stop as they do not see very bright prospects for a swim in Grand River.

A state spelling contest will be inaugurated by H. R. Pattengill, state superintendent of public instruction. The plan is as follows: Each school in the country will begin by a carefully conducted test, discovering its best three spellers; a township test is to follow, from which the best two will go to a county test. The winner from the latter competition will be expected to write a list of words at the dictation of the county commissioner of schools, which list will be sent to Lansing and the best speller in the state determined.

With its last issue the Coopersville Observer entered upon the sixteenth year of its existence. The paper was founded in 1880 by W. G. Barnes, whose capital was very limited. All he had was a few fonts of type, an old wooden press of his own invention and plenty of pluck and perseverance.

Thomas Garfield, the only brother of President Garfield, is cultivating a farm in Jamestown. He has a son James A., who is said to much resemble his worthy uncle in manner and appearance, who is also a farmer living just across the way from his father. Both are intelligent, first-class citizens. Mr. Garfield is a very social gentleman and tells many interesting anecdotes of his own and his illustrious brother's early struggles with poverty.—Coopersville Observer.

Sylvester Rideout, former postmaster at Spring Lake, is in the Grand Rapids hospital undergoing an operation.

The truant officer of Polkton visited families in school district No. 7 last week and ordered twelve pupils sent to school.

### Muskegon County.

Many thousand dollars worth of celery have been shipped from this vicinity since the latter part of June. Battema & Bouwsma, who started in the business last fall, have placed 4,500 cases on the market, for which they received \$1.25 per case. Next year this firm expects to grow 500,000 plants, 300,000 more than this year.

During the month of October there were in Muskegon twenty-three cases of contagion as follows: Measles, fourteen; scarlet fever, six; typhoid fever, three. The cases were all of a mild form.

Next year Muskegon wants cheaper passenger rates by water to Chicago. If \$1 pays for a round trip from Milwaukee or St. Joseph, \$3 should be sufficient from Muskegon. They want the Goodrich company to come down a notch or two.

Mrs. Sarah Davies, a pioneer resident, died at the home of her son at the age of seventy-three years. She was the widow of Joshua Davies, the founder of the Davies iron works of Muskegon.

The newly-adopted peddlers' ordinance goes into effect this week. The terms of the ordinance are such that resident canvassers for manufacturing or publishing firms are obliged to take out licenses the same as common peddlers. These canvassers have been advised by the houses employing them to refuse to comply with the law, and a test case will probably be made soon.

Representative business men of Muskegon have had a conference with officials of the C. & W. M. railway the object of which was to obtain better train service. They want the train from Chicago to reach there not later than 7:00 o'clock, and also ask that the train that formerly left at 10:30 p. m. be restored. Superintendent Agnew promised changes when the new time card is issued this month.

J. Rosenthal, editor of the Post, a German paper, has suspended publication because of lack of support.

### Allegan County.

The executive board at a recent meeting decided that the Agricultural Society could pay but 40 percent of the fair premiums this year.

Mrs. P. H. Benjamin returned from Battle Creek and the faculty there advised a change of climate. She is making preparations to start for Colorado this week.

R. M. Moore of Douglas sold 11,000 bushels of peaches this year, receiving a net profit of a trifle over \$6,000.

The county Sunday-school convention met in the Congregational church at Allegan this week. The first session was held Wednesday evening. The annual state Sunday-school convention will be held in Detroit, Nov. 19-21.

D. C. Henderson has edited and published the Allegan Journal for nearly 40 years and John H. Dennis has finished his 25th year as the editor of the Hastings Journal.

The Teachers' Institute at Douglas was largely attended, many being in attendance from the eastern parts of the county, Holland and South Haven; and we blushing rise to remark that a handsomer lot of females and a homelier lot of men never appeared on our streets.—Douglas Record.

### Fennville.

At a meeting held at the Herald office last Saturday afternoon, the following were elected officers of the Allegan county farmers' institute: President, F. W. Robinson; secretary, C. E. Bassett; executive committee, C. B. Welch, E. J. Stow and Alexander Hamilton. The institute is to be held in Fennville, Wednesday and Thursday, January 15 and 16, and an extra effort will be made to make this a very successful meeting.

H. A. and Fred Goodrich of Fennville have about 2,000 bushels of onions on hand, which they are holding for better prices.

Peach shipments are still being made. Thursday C. A. Russell of Ganges shipped 337 baskets of the Comet variety and that about finished the season.

John Pruyn states that he will soon make his fall delivery of trees at Fennville. He will have 125,000 fruit trees, 100,000 of them being peach stock.

This village is the home of John Maguire, one of the survivors of the famous battle of Balaklava. The discharge of this good-natured Irishman shows that he enlisted in the English army at Dublin at the age of 17 and served until he was 28, when he received his discharge at Montreal in 1865. He served nearly two years in Turkey and the Crimea and received two medals for services in the battles of Alma, Inkerman, Balaklava and Sebastopol. He was a member of the 68th foot regiment (infantry) and gives a full description of the "Charge of the Light Brigade," that famous charge having been made right through the open ranks of his regiment. He is also a veteran of our civil war, serving during the closing months of the war, after being discharged from the English army.—Herald.

### Port Sheldon.

Fire, fire, everywhere in this vicinity with gales of wind to assist it in its progress. On Saturday last the wind blew a gale and the fire on the land of June Davis and J. Ten Hagen took a fresh start and jumped the Grand Haven road at Mr. Annis' saw mill, which caused them to blow the whistle for help. For a time it looked as if all the logs and the mill were doomed, but the neighbors from north of the river as well as south responded and by some very active work and the use of teams succeeded in getting the logs away from the mill. Some of the people stayed on watch all night. On Monday night the fire jumped the creek in the rear of Mr. Davis' land and worked its way towards the river and the bluffs. The land owned by H. Boone is having a second application of the fire.

Our school board has made the best selection for a truant officer for the unruly boys of our district in the choice of our genial and smiling friend Mr. R. Smith, who lives next to the school house, and the youths may depend when they see him coming that they may look out for squalls.

Our new church on the Grand Haven road is progressing nicely and the fine weather has given the contractors a good chance to proceed with their work before the bad weather set in. It is quiet an ornament to the place and begins to show that we have at last reached the state of civilization.

### College Notes.

The library has not yet been opened to the students. Prof. Doesburg, the librarian and D. C. Ruigh, assistant librarian, are still working cataloguing books. The students are becoming restless, although the work is pushed as rapidly as possible.

Harm Dykhuizen of the Seminary is seriously sick. He left for Kalamazoo a few days before the sickness attacked him and consequently is there still, under very good treatment.

The four Sunday Schools around the vicinity of Holland, under the supervision of the College Y. M. C. A., are prospering and are calling for more instructors. The four schools are Pine Creek, Lake Shore, Van Dyke's, and Holland, of which the superintendents are respectively: J. W. Kots, F. Wiersma, F. Ferwerda, and V. Mansens.

The number of members received into the Y. M. C. Association this year has been larger than ever before. The membership list has been increased by thirty, showing the good work done by the Membership Committee.—Anchor.

Early in the term the boys took a very active interest in foot ball and went so far as to invest in new uniforms. The faculty however declined to remove restrictions existing against inter-collegiate athletic contests, which has taken away the interest in the game considerably.

Thousands of people who drink coffee know of its injurious properties. Postum Cereal is not injurious but beneficial. Physicians recommend it. P. F. OOSTEMA & Co.

### SOUTHERN MICHIGAN SHAKEN.

Reports Show the Earthquake General Save in the North.

Detroit, Nov. 1.—The earthquake which agitated the Mississippi valley was very generally felt over Michigan. In Detroit the guests at the Wayne and Metropolitan hotels were aroused from their sleep and went rushing to the first floor in their night clothes. Advice from the state show that the shock was general in the southern portion of the lower peninsula, but north of Grand Rapids no indications of the earthquake were observed. Lansing was shaken twenty seconds and beds were set trembling so that the occupants were awakened and doors swung to and fro. At Ann Arbor five distinct waves were felt, which lasted two minutes and began at ten minutes after five o'clock. Prof. Hall of the university could not believe it because his seismoscopes failed to register it. Kalamazoo people were awakened by the shaking of their beds. At Niles the shock was very violent. Buildings trembled, windows were cracked, pictures fell from the walls and people ran from their houses in terror.

In Grand Rapids the shock swayed the big buildings and many of the residents of the hills ran out of their houses in alarm. The shock at Jackson was so severe that hundreds of people in the western section of the city hurriedly dressed and sought the streets. The guests in the Albion house, Albion, deserted the hotel in a body, fearing it would fall. At Blissfield the earthquake broke windows and scared the people generally, and at St. Joseph the shock was so violent that the large fire bell sounded a single stroke. Dishes were shaken down and broken at Pinckney, and at Concord a man was almost thrown from his bed.

In Munith more than 500 dishes were smashed and people badly frightened. The residents of Benton Harbor ran into the streets in a fright, and a loud report and rattling of windows was heard at Cassopolis. Guests in the Lawrence hotel ran out of the house without stopping to dress. Reports received from Adrian, Buchanan, Saugatuck, Pawpaw, Decatur, Galesburg, Three Rivers, Marshall, Allegan, Schoolcraft, Sturgis, Constantine, Coldwater, South Haven, Hastings, Grand Haven, Belleville and Hudson show that the shock was plainly felt in all these places, and the people were generally alarmed at the unusual occurrence.

### SLAUGHTER OF DEER.

Thousands of Hunters to Take Advantage of the Open Season.

Lansing, Nov. 2.—The open season for the killing of deer in Michigan commenced Friday and the exodus to the north woods during the last few days has been enormous. It is estimated that over 10,000 licenses to hunt deer have been granted by the county clerks. Each license entitles the holder to kill five deer, and a coupon must be attached to each animal shipped. If every deer hunter kills the number to which he is entitled there will not be enough deer left in Michigan to perpetuate the species. The license fee is 50 cents for residents and \$3 for non-residents. Pot hunters who desire to slaughter a large number of deer will find an opportunity to evade the law by taking out several licenses under different names.

### A Water Famine.

Hubbardston, Nov. 6.—The water famine has extended itself to this vicinity. A majority of the wells are dry, and, in boring new ones, persons have gone down 50 to 60 feet, passing three and four strata of gravel, without discovering a semblance of moisture. Others drive four and five miles to buy their drinking water, paying for it at the rate of ten cents a barrel.

### Streams Drying Up.

Schoolcraft, Nov. 1.—The wells, streams, lakes and marshes are drying up. Never have they been so low as at this time of year. Many wells have dried up entirely and have been sunk from three to six feet deeper after water. Lakes have receded. Weed's lake and Mud lake are dry, Ransom's and Sugar lakes receded four to eight feet.

### Teachers to Meet.

Lansing, Nov. 6.—The executive committee of the State Teachers' association has decided to hold the annual meeting of the association in this city on December 26, 27 and 28, and if possible to secure Stanley Hall, of Clark university, to deliver the principal address. Section work will be the great feature of the session.

### Accidentally Killed.

Mount Clemens, Nov. 3.—Robert B. Mitchell, of Warren, while alighting from a boat at the Lakeside pier, pulled a gun out towards him. The hammer caught on the seat, and the charge penetrated his breast. He died.

### An Adamless Eden.

Ann Arbor, Nov. 2.—Over 500 women students of the university attended a reception given by the sophomore girls Friday. All male students were carefully excluded, and the men in the orchestra were hidden by a screen.

### Cannot Be Sold for Taxes.

Lansing, Nov. 1.—An injunction was issued restraining the sale of the Michigan branch of the Wisconsin Central railroad upon an execution obtained by the state for \$5,000 for the unpaid specific taxes of 1901.

### Ex-Gov. Jerome Dying.

Saginaw, Nov. 5.—The family of ex-Gov. David H. Jerome, of this city, received word Monday that the governor is in a very critical condition at the sanitarium at Watkins, N. Y., and death is imminent.

### Found Guilty.

Kalamazoo, Nov. 3.—Dr. Joel A. Thomas, on trial for several days for causing the death of Miss Helen Bos by a criminal operation, was found guilty Saturday morning of manslaughter.

## SINFUL HABITS IN YOUTH LATER EXCESSES IN MANHOOD MAKE NERVOUS, DISEASED MEN

THE RESULT of ignorance and folly in youth, overexertion of mind and body, indulged in by lust and exposure are constantly wrecking the lives and future happiness of thousands of promising young men. Some fade and wither at an early age, at the blossom of manhood, while others are forced to drag out a weary, fruitless and melancholy existence. Others reach matrimony but find no solace or comfort there. The victims are found in all sections of life—The farm, the office, the workshop, the pulpit, the trades and the professions.

## Holland City News.

SATURDAY, Nov. 9.

G. VAN SCHELVEN, Editor.

### WHILE ABSENT.

V.

In Amsterdam I had the pleasure of attending two political meetings. An election was pending for aldermen and the city was in the midst of a heated campaign, involving municipal issues.

Aldermen there are not elected by wards, but at large, by the entire city, or rather by the commune (*gemeente*). When it comes to political subdivisions there is no municipality in Holland known as a city, or village, as distinguished from a rural town. This has all been done away with, and the country is divided into territorial districts, designated as communes, and generally named after the former city or principal village located within its borders, somewhat as it is in France. The common council (*gemeenteraad*) elected for a commune is the governing body for the whole of such district, and there is no distinct or separate legislation for the burgh proper, or for the surrounding rural territory.

The issues along which political parties divide themselves there, are largely a joinder of politics and religion. In some instances these issues date back for centuries, even to the Reformation. However, as to this, Holland is not the only nation whose people delight in prosecuting the wars of the fathers, only in mentioning this it may explain in a measure the intensity with which they engage in a fight in which the church or even a quasi-religious principle is involved. The situation there is an unavoidable outgrowth of the connection between church and state. In their early struggles for religious rights the state was the defender of the faith. This relation has been kept up more or less since, notwithstanding the fact that later on the creed of the established church was amended or rather abrogated, so that in the old established Reformed Church of Holland all religious or irreligious views, from the most ultra-orthodox to the extreme modern unitarian are recognized and all placed upon an equal footing, the several factions within its bounds invariably contending for supremacy. Hence also this division of political parties along lines of religious differences.

If I were to denounce the leading political parties in terms understood here, I would name them—liberal, catholic, orthodox and radical. Most of these however are again subdivided in minor groups. Just at present the existing parties are pretty well demoralized by the proposition to extend the right of suffrage, which is pending in the Dutch parliament and has already wrecked one ministry and is likely to wreck another. As a rule the aristocratic element of the nation, regardless of party, is opposed to and the more democratic element in favor of such extension. In this contest Dr. Kuyper, the leader of the orthodox party, is with the latter, but it is feared in forcing the issue he may split his party. This may likewise be said of other political groups.

To illustrate how abnormal these political relations are and how ludicrous they sound to an American ear, I will cite a little incident and ask the reader to put himself in my place. I was introduced to an Amsterdam merchant, who upon learning that I was a journalist put this question to me: "Is your paper liberal, or orthodox?" I informed him it was neither, and then to save time I managed to obtain a diversion of topic.

But to return to my political meetings. They were held in a large hall, and were well attended. They were mass meetings, though not in the typical American sense of that term, for the reason that the right to vote not being universal but limited by property qualifications, it was only the "voters" that had turned out. What we style the "Young America" element was also conspicuously absent. Neither was there a brass band, or a representation of the "new woman." The manner in which the meeting was conducted was similar to our way of doing here. The chairman opened with an introductory address and in a neat way presented each speaker. The line of argument was limited to the issues involved. No disparaging personalities were indulged in, and every allusion to an opposing candidate was made in the most courteous terms.

Here and there, in the body of the large hall, interspersed between the chairs, were small tables, also waiters in readiness to serve the audience with apollinaris, etc., the cue to which I was about to say was given from the platform. I must confess that while it gave a social cast to the meeting, to an American eye it was a novelty indeed. However, the serving and use of refreshments did not in the least interfere with the decorum of the meeting, and no offense was given.

Nominations to an elective office there are not made in caucus or by a

delegate convention, as here, but each party places its candidates in the field through its club or committee. There is no registration, the tax records which show who are entitled to vote, serving that purpose. Tickets are supplied a few days before election, generally through the mail. The manner of conducting the election is about the same as it was with us before the introduction of the Australian system; the canvass of the votes however is not begun until the next day. No one is declared elected unless he has a majority of the votes cast. In default of such majority a second election is held, between the two candidates receiving the highest number of votes. A fusion between different political parties or groups that are in the minority, against the party that is in the majority, is no uncommon thing there; I might say it is the rule.

In narrating the above I prefer to refrain from comments. National customs or habits cannot be fairly judged except from the standpoint of the country or people affected. To an American, for instance, the fact that a political meeting, attended by prominent and leading elements of a city like Amsterdam, should at the same time be converted into a beer hall, is from his standpoint about as offensive and degenerating as anything could be, while with the people among whom this custom prevails the very thought of impropriety does not occur. And from their standpoint, and as an eye-witness that evening, I could not think of casting any reflection upon them.

### The Charter Problem.

The common council has fixed upon Monday, Nov. 25, as the day upon which the electors of this city are to express their preference between the present charter and the general incorporation act.

The leading features in which the two differ have been set forth in the NEWS, two weeks ago.

To the city of Holland the changes involved will be comparatively light, for the reason as stated by us before, that our present charter, as revised two years ago, has to all appearances been made the basis and network of the general act.

Nevertheless there are some innovations, of which the change in the office of city marshal, from an elective to an appointive one, is being held up as the one most conspicuous.

We have no desire just now to enter upon an extended review of the differences involved, but with a view of having the merits presented to the body of our people we would suggest the advisability of calling a citizens' meeting. An open and frank discussion on the points at issue will enable them to act intelligently on the matter.

Throughout the state the general incorporation act, or new charter, has been received with much favor. The number of cities (with a population of 10,000 or less) that are affected by it, is between fifty and sixty, and of these not over half a dozen are likely to reject it.

### The Verdict of 1895.

The result of Tuesday's election is a re-affirmation of previous judgements passed by the American people upon the Democratic party, its principles, its policy, and its administration.

These judgements have been coming in ever since the error of November 1892.

The latest majorities are universal and formidable, and a forecast of the inevitable a year hence.

The fiscal policy of the dominant party, which fails to provide sufficient means to meet the running expenses of its own administration; the steady increase of our public debt; the vasculating attitude with reference to our foreign relations—all this has received a merited condemnation at the hands of the people.

Free Silver, as a national issue next year, has been relegated rearward.

Woman suffrage has met with a severe setback and that too in progressive Massachusetts.

Tammany is again on top and has succeeded in re-instating itself as an aggressive factor within the Democratic party.

Mississippi remains Democratic.

In Michigan Mayor Pingree of Detroit must be reckoned with by the Republicans next year, when it comes to the selection of a gubernatorial candidate. In this connection it may not be amiss to mention that there is distant rumbling in Western Michigan of the name of Mayor Diekema of this city, as an acceptable competitor.

### Court Items.

The November term of the circuit court opened on Monday, with a limited calendar. The most important criminal case; People vs. Bert Slagh, charged with perjury during the trial of the late arson cases, was called and informally disposed of until next Tuesday. There are rumors that the defendant may charge his plea, and throw himself upon the mercy of the court.

The People vs. Bert Bronslink. This is an appeal case from Jamestown, on

charge of assault and battery. The respondent was tried and acquitted.

Nicholas De Pree of Zeeland, having pleaded guilty to the charge of burglary, was sentenced to one year at Ionia.

The case of People vs. A. Romeyn, of Zeeland, violation of liquor law, went over the term.

William Richardson and his son Orville, of Robinson, charged with illegal fishing, will be tried during the latter part of the term.

People vs. Frank M. Deremo, illegal fishing, went over the term. This is the case that was ordered re-tried by the supreme court.

On next Tuesday the court will proceed with the trial of the suit of Van Ette vs. J. G. Huizinga. This is a case brought by the plaintiff for damages in connection with the treatment of Mrs. Van Ette in reducing a fractured arm. The action was brought some time ago, and as will be remembered interfered sadly with the Doctor's intended departure for Egypt, as a missionary physician. W. I. Lillie is the attorney for the plaintiff, and G. J. Diekema and J. C. Post represent the defendant.

The Allegan Democrat advises the papers in this section to be a little considerate and conservative as to what they have to say about the proposed electric line. Editor Ryan ignores any knowledge of Mr. Makin or his identity with the scheme, but says that Mr. Clark, to whom was given the privilege of erecting the dam on Kalamazoo river by the board of supervisors, is a respectable and responsible citizen, was born and raised in the county, and has a splendid reputation for integrity and probity. Mr. Makin and Mr. Clark give assurance, the Gazette states, that "both the dam and the railway are as sure as any earthly project can be."

Plenty of steam and fire wood is being brought into the city these pleasant days, and the prospects are that the supply will be fully up to the demand.

The demand for reserved seats for the lecture of Hon. Geo. R. Wendling, Saturday evening, is great and beyond all expectation. Everybody wants to hear him on "The Man of Galilee."

### Common Council.

Holland, Nov. 5th, 1895.

The common council met in regular session and was called to order by the mayor.

Present, Mayor Diekema, Ald. Schouten, Lokker, Flieman, Schoon, Bosman, Dalman, Mokma, Kuite and Harrington, and the clerk.

Reading of minutes suspended.

PETITIONS AND ACCOUNTS.

Henry D. Post and twenty others petitioned as follows:

To the Honorable the Mayor and the Common Council of the City of Holland.

We, the undersigned citizens and owners of property on Seventeenth street in the city of Holland, respectfully represent that said street cannot be traveled by teams, although opened to the public, for want of a bridge or culvert at its junction with River street.

We therefore respectfully pray that your honorable body will take measures to construct a bridge or culvert on the east and west side of River street at the crossing of Seventeenth street.

And your petitioners will ever pray.

Dated, Holland, Nov. 4, 1895.

E. J. Harrington, Fritz Jockman, Edward Slooter and one hundred and fifty-six others petitioned as follows:

To the Honorable the Mayor and Common Council.

Gentlemen: We, the undersigned citizens of Holland, do respectfully request your honorable body to submit to the citizens of Holland, by a special election, the proposition as to whether the city of Holland shall come under the new charter act passed by the last Legislature, or remain under our present special act.

And your petitioners will ever pray.

PETITIONS OF STANDING COMMITTEES.

The following majority and minority reports, relating to city team work, were presented as follows:

To the Honorable the Mayor and Common Council of the City of Holland.

Gentlemen: Your committee on streets and bridges to whom was referred the resolution of Ald. Kuite relative to the team work of the city teamsters, would report that we have had the matter under consideration and find as a matter of fact that one of the city teamsters did reduce the size of his wagon box by removing a one inch strip from the top thereof and that this was done by the approval of the chairman of the committee on streets and bridges, and that such strip remained off about two months and that during this time the gravel, drawn by this team was a little less than one and one-half yard per load as required by contract. Your committee further report that said teamster expressed himself as willing to make good the

amount of five dollars (\$5.00) worth of gravel or thereabouts what loss the city may have sustained by having had the box under size for the time above mentioned. Signed

JACOB LOKKER.

A. HARRINGTON.

To the Honorable, the Mayor and Common Council of the City of Holland.

Gentlemen: A minority of your committee on streets and bridges, to whom was referred the resolution of Ald. Kuite relative to the team work of the city teamsters would report that they have had the matter under consideration and that they find that the city teamsters, Messrs Ter Vree and Prins, did not keep their part of the contract entered into between them and the city of Holland, for that to-wit:—said Ter Vree reduced his wagon box by removing a one-inch strip from the top of his wagon box and by reducing the width thereof from 36 inches to 34 inches, and that instead of drawing one and one-half loads of gravel to the load said Ter Vree did actually only draw one yard and 23 cubic feet, thereby drawing four cubic feet of gravel too little on each load.

The report of the street commissioner hereto attached shows that the said Ter Vree drew 236 loads of gravel since June 1st, the date when he removed the one inch strip, making the city of Holland a loser of \$17.10 which your committee recommend be returned to said city by said Ter Vree.

A minority of your committee would further report that they find that the said Prins did also reduce his wagon box by making it 34 inches wide instead of 36 inches and that the said Prins did not draw one and one-half yards of gravel to the load as per contract entered into between him and the city of Holland, but that the said Prins did actually draw only one yard and 23 feet, whereby the city is a loser of 2 cubic feet of gravel to each load, whereby the said city has lost since the first day of June through the neglect of said Prins the sum of \$8.50, which said sum your committee recommend be returned to said city by said Prins.

Dated Holland, Nov. 5, 1895.

JACOB KUIJE.

of committee on streets and bridges of the common council of the city of Holland, Mich.

Ald. Kuite moved that the minority report be substituted for the report of the committee. Lost.

Ald. Schouten moved that the majority report be adopted.

Ald. Schoon moved to amend the report by striking out that part of the report whereby Mr. Ter Vree is to pay \$5.00. Amendment adopted.

The motion as amended was adopted.

To the Honorable, the Mayor and the Common Council.

Gentlemen: Your committee on streets and bridges, to whom was referred the matter of opening up the street along the eastern limits of the city, beg leave to report that they have had a conference with Mr. Dutton, the present owner of said street, and that Mr. Dutton is willing to deed over to the city the land necessary for such street, and they would recommend that said land be accepted and the city attorney be authorized to draw up the proper papers for making the transfer.

We, your committee would further say that they have had a conference with Mr. Books, the highway commissioner of Holland township, and that said Books is willing to help improve said street so as to make the same passable, provided that the city performs one-half of the work necessary for said improvement, and we would therefore recommend that your committee be authorized to help make said street passable, jointly with the township of Holland, at an expense to said city of not more than eighty five (\$85.00).

Respectfully submitted.

A. HARRINGTON.

JACOB LOKKER.

JACOB KUIJE.

The report and recommendations were adopted by yeas and nays, as follows:

Yeas: B. Schouten, Lokker, Flieman, Schoon, Bosman, Dalman, Mokma, Kuite, Harrington—9.

Nays: none.

The committee on poor reported, presenting the semi-monthly report of the director of the poor and said committee, recommending \$93.00 for the support of the poor for the two weeks ending Nov. 20, 1895, and having rendered temporary aid to the amount of thirty-seven dollars.

Approved and warrants ordered issued on the city treasurer for the several amounts as recommended.

To the Honorable, the Mayor and the Common Council.

Gentlemen: Your committee, to whom was referred back that part of a previous report, relative to better night service for our fire department, after duly considering the same, beg leave to recommend that the following purchase be made, viz: One good hose wagon, one indicator, one set of swinging harnesses. And would further recommend that a team be hired for night service only and be placed in one of the engine houses. One of the engine houses to be so changed that a team may be stalled there.

Respectfully submitted.

L. SCHOON, Committee On Fire

J. LOKKER, On Fire

J. W. FLEEMAN, Department.

Ald. Kuite moved that the report be taken up by sections. Carried.

On motion of Ald. Harrington the report was referred to the committee on fire department and committee on public buildings and property jointly, to report at the next meeting of the council the estimated expense connected with the proposed changes and which one of the engine houses to be used for the purpose stated.

To the Honorable the Mayor and the Common Council.

Gentlemen: Your committee on lighting, to whom was referred the petition of Mrs. Van O'Linda and twelve others requesting your honorable body that the electric light now placed on the corner of eleventh street and Columbia avenue be not removed, beg leave to report that we have had under consideration the said petition and would recommend that the prayer of the petitioners be granted for the following reasons, viz:

First. The light as it now stands is in the regular as in all other streets and does very good service to the traveling public on said eleventh street, said street being well built up and many people traveling thereon.

Secondly. On the west side of said Columbia avenue, near eleventh street, is a very dark grove which is well lit up by the light standing where it now does.

Thirdly. If said electric light be removed to twelfth street the distance from ninth street, where there is another light stationed, to said twelfth street will be too dark thus necessitating the placing of another light somewhere between ninth and twelfth streets.

Your committee would further recommend that the electric light now stationed on the corner of thirteenth street and Columbia ave. be not removed for the following reasons, viz:

First. The light as now placed will give ample light over the street crossing of twelfth street and Columbia avenue and southward on said thirteenth street.

Secondly. There is a railroad crossing on said thirteenth street, between Columbia ave. and land street, which demands light for the safety of pedestrians.

Thirdly. Said thirteenth street being the only street that has a walk clear to land street, many people take that street than any other street, which said pedestrians would be greatly deterred by moving the said light 300 feet to the west.

Fourthly. Said electric light as it now stands on the said corner of thirteenth street and Columbia avenue is stationed on a very much elevated place and by removing it to a place 300 feet west the light would be lowered very much and consequently would deter its usefulness on the east of said Columbia avenue and would consequently darken the said railroad crossing. All of which is respectfully submitted.

F. J. SCHOUTEN.

Geo. DALMAN.

Committee.

Adopted.

The mayor called Ald. Schoon to preside and withdrew from further attendance at this session.

### Still They Come.

HOLLAND TO HAVE ANOTHER LARGE MANUFACTURING PLANT.

As intimated by the News of last week the plant for the manufacture of school, church and opera house seats, is an assured fact. Ground was broken on Thursday and the work will be pushed along as rapidly as possible. The establishment of two large manufacturing industries here within a month demonstrates what an important manufacturing centre Holland is becoming.

The new corporation is known as "The West Michigan Seating Co." It has a capital of \$100,000, and the plant will be located between Eighth street and the lake front, adjoining the dock of the Holland & Chicago Transportation Co.

At a meeting held on Wednesday afternoon the following officers were elected: President, George P. Hummer; Vice President, Geo. N. Williams; secretary and manager, C. F. Hanchett; treasurer, W. C. Walsh.

It is expected that the buildings will cover between two and three acres of ground.

As at present planned for by architect Price, there will be a main building 50 x 150, three stories high, constructed of Zeeland brick. There will also be a foundry, 70 x 100 ft., one story in height. These structures will be completed at once, but the company contemplates erecting other needed buildings, including a warehouse, early in the spring.

A large portion of the capital invested is put in by Holland citizens, and among those from the outside who are interested are C. S. Hanchett and Asel Petty of Allegan, and F. P. Foote and C. A. Merrill of Grand Rapids. The latter is the patentee of the seat to be turned out, which is pronounced one of the best now in use. When in complete working order the factory will keep several hundred men constantly employed.

Charley Eley has been selected as superintendent of construction, James Purdy has the contract for excavating, and Peter Oosting will do the mason work.

### ADDITIONAL LOCALS.

President Cleveland has issued a proclamation designating Thursday, Nov. 28 as Thanksgiving Day.

In the Third Ref. church the pulpit will be occupied morning and evening by the pastor, and in the afternoon (in Dutch) by Prof. H. E. Dosker.

Married, at the M. E. parsonage, November 2, by Rev. C. A. Jakobs, Ralph Guidebeck of Holland, and Miss Jessie C. Spaulding, of Sawyer, Mich.

The Bay View Reading Circle will meet at the house of Mrs. J. P. Oggel, near the corner of Ninth street and Columbia Ave., Tuesday afternoon, Nov. 12th., at 2:30 o'clock.

On Tuesday afternoon C. J. De Roo carried off the medal at the shoot of the Blue Rock Gun Club. The contest was at 10 pairs and this is the second time Mr. De Roo has carried away the prize.

Allegan county hunters seem to have been more successful in the north woods than the Holland sportsmen. They passed through here homeward bound on Tuesday with the carcasses of several deer.

Engineers Zibble and Doty of the C. & W. M. were hunting in this vicinity the early part of the week. It will be remembered that Mr. Zibble was the engineer on the train that was robbed August 20th.

The fishing schooners Fleetwing and Onelda have left Grand Haven and gone to the new fishing fields near Kenosha, Wisconsin. Two tugs have also left Grand Haven for the same locality within the last two months.

Another stone quarry will be opened up near Waverly in the spring by John De Vries & Sons. A Huntly has the contract of fitting up an engine for the purpose. Those who are interested in the new quarry propose pushing business when they get started.

What do you think of buying Ladies' all wool ribbed hose worth 30c for 16c a pair? That is just what you can do to-day, (Saturday), at the Dry Goods store of John Vandersluis, and on Monday at 10 o'clock you can buy a line of standard Prints for 4c pr. yard. Mr. Vandersluis is more than dealing out bargains to the public.

Born to Mr. and Mrs. E. Diekema on Tuesday, a son.

Rev. Dr. E. C. Oggel will occupy the pulpit of Hope church on Sunday evening.

Prof. J. W. Beardslee will preach in the Second Ref. church, Grand Haven next Sunday.

Dr. Wetmore is erecting another modern residence on River street, near the corner of Sixth.

J. E. Baker of this city has received the contract of wiring and placing electric lights in the glass works at Grand Haven.

It is rumored that the tanneries in the United States have combined to close down until the price of leather goes up or the price of hides goes down.

James A. Brouwer is having a plate glass front placed in his furniture emporium on River street, which will make it one of the most attractive stores in the city.

Judd Watson has just furnished putting electric bells in the College buildings and has also wired G. A. Kanters' and Prof. McLean's residences on Eleventh street.

A church social will be given by the ladies of Grace Episcopal Church at the residence of Mrs. M. S. Marshall, Eighth street Tuesday evening Nov. 12. All are cordially asked to attend.

On Monday night those who were fortunate enough to be present at the regular lodge meeting of the Macabees were surprised by the Lady Bees at an unexpected hour and served with refreshments. The surprise was complete.

Paul Steketee has returned from a week's hunt in the northern part of the state. One of his friends is authority for the statement that he killed a deer each day he was away, but Paul has not produced them as yet.

William Carlson, head engineer for the Nordburg & Co. of Milwaukee, who has been putting in the new engine at the water works, left Wednesday for Los Angeles, California, where the company has a contract for similar work.

"Down the Slope Co." drew a fair sized audience at the Opera House Monday. The performance smacked a little of the amateur and did not run very smoothly. The News scribe has seen better shows and plenty of worse ones.

William Crogman, second engineer of the Mabel Bradshaw, was in the city Tuesday. The steamer has just been placed in winter quarters at Montague and expects to resume the route between there and Chicago in the spring.

Forest fires were still burning fiercely on the lake shore between Holland and Ventura Monday; considerable land has been burned over beyond that mentioned in the News last week. A heavy rain was needed to save both timber and soil.

Albert Dodge has purchased the grounds heretofore owned by the Hackley Park Association at Muskegon, the consideration being \$25,000. He proposes converting it into a summer resort similar to the others along the east shore of Lake Michigan.

G. A. Poole and wife have returned to their home in Chicago, where they will remain until the first of May. F. A. Poole and his sister, Miss A. S. Poole, will follow the early part of the week and their summer home on Macatawa Bay will be closed for the winter.

The west bound C. & W. M. express leaving Grand Rapids at 1:35 Thursday afternoon and due at Holland at 2:09 did not reach here until 5:00 o'clock. The engine, baggage car and two coaches left the track at the Lake Shore crossing. No one was injured, but some of the passengers were pretty badly shaken up.

Those who are in need of foot-wear should by all means read over W. T. Hardy's advertisement on the eighth page of the News this week, and see what he has to offer. He carries as large a stock of goods as has ever been displayed in this city and his prices are in keeping with the times. Mr. Hardy has come to Holland to stay, and he believes in introducing himself to the public through the medium of the local press. He attributes his success in the past in a large measure to the liberal and judicious use of printers ink.

The opening Y. M. C. A. social of the season at Bergen Hall on Friday evening was in every respect a success and the rooms were crowded during the greater part of the evening. The features of the program were the readings by Prof. J. T. Bergen and Prof. P. A. Latta and some pleasing vocal selections by Mrs. G. J. Diekema, Miss Gertrude Alcott, Mrs. J. H. Gillespie and Prof. J. B. Nykerk. Following refreshments were served. A number of these socials will be given during the winter months on dates to be designated by the entertainment committee.

### Election Notice.

CLERK'S OFFICE, CITY OF HOLLAND, November 6th, A. D. 1895.

To the Electors of the City of Holland:

Whereas, on the 31st day of October, A. D. 1895, a petition was filed with the Council of the City by more than fifty qualified voters thereof, praying that an election of the qualified voters of the City be called to determine the question as to whether the City shall remain incorporated under the special act under which it was incorporated, and by which it is governed at this time, or whether it shall become subject to the provisions of Act No. 215, of the Public Acts of the State of Michigan of the year A. D. 1895, entitled "An Act to provide for the incorporation of Cities of the Fourth Class";

Therefore be it Resolved by the Council, that a special election of the qualified voters of the City be called, to be held

on Monday, the 25th day of November, A. D. 1895, to determine such election;

And be it further Resolved, that the places in said City and in the various wards thereof, where such election shall be held, be and the same are designated as follows:

In the First Ward, at the Engine House, under the Common Council Rooms;

In the Second Ward, at Engine House No. 1, on Eighth street, west;

In the Third Ward, at the office of Isaac Fairbanks, on River street;

In the Fourth Ward, at the house of Adriaan Kulte, on the south-west corner of Pine Street and Ninth Street.

In the Fifth Ward, at the house of Irving Garveling, on the corner of State street and Twenty-fourth street;

And that the polls shall be open between the hours of eight o'clock a. m. and five o'clock p. m. of said Twenty-fifth day of November, A. D. 1895.

And be it further Resolved, that the Clerk of the City be directed to give notice of the holding of such election, and of the question to be voted upon, by the posting of such notices in five of the most public places in each Ward of the City at least two weeks before such election, and by publishing a copy thereof in the HOLLAND CITY NEWS, a newspaper published in the City, the same length of time before the election; and that he set forth in said notice the object of the election as fully as the same is set forth in this resolution.

And be it further Resolved, that the City Clerk deliver or cause to be delivered to the inspectors of election in each ward of the City, a notice signed by him, specifying the question and proposition to be voted upon.

No new registration shall be necessary for the holding of such election, and only those whose names shall appear in the registration books used at the next previous annual city election shall be entitled to vote at such election. If a majority of all the votes cast at such election are in favor of remaining incorporated under such special act by which such city is governed at the time of the filing of such petition then such city shall not be reincorporated under the provisions of this act, but shall remain incorporated under such special act which shall remain in full force and effect as if this law had not been enacted. If a majority of the votes cast at such election shall be in favor of reincorporating under the provisions of this act, then such city shall become reincorporated under and made subject to the provisions of this act on the first day of January, in the year of our Lord, one thousand eight hundred ninety-six, the same as if no special election had been held.

The ballots used at such election shall contain the instructions required by the general election laws of the State, and the proposition to be submitted shall be in the following language:

For becoming reincorporated under the general law... Yes. [ ]

For becoming reincorporated under the general law... No. [ ]

Of Fort Wayne, Ind., writes on Nov. 20, 1894: "I was afflicted for forty years with heart trouble and suffered untold agony. I had weak, hungry spells, and my heart would palpitate so hard, the pain would be so acute and torturing, that I became so weak and nervous I could not sleep. I was treated by several physicians without relief and gave up ever being well again. About two years ago I commenced using Dr. Miles' Remedies. One bottle of the Heart Cure stopped all heart troubles and the Restorative Nerve did the rest, and now I sleep soundly and attend to my household and social duties without any trouble.

## We Must Repeat

When Everybody Tells the Same Story,  
How Can It Be Otherwise?

It is hard to say new things about Doan's Kidney Pills. They cure the lame and aching back, the sufferer from kidney disorders, and troubles of him or her whose urinary organism is wrong in its action. That they do this is so easy to prove that not a vestige of doubt should remain in the mind of anyone. Surely one can believe one's neighbor more quickly than a stranger; therefore, one should believe citizen of Holland before one in Chicago. At any rate, 'tis easy to find out the correctness of this statement. Listen to what a Holland man says. Our representative called on Mr. N. D. Askins and this is what he said:

"I had that form of kidney disorder which the doctors have said was lumbago. I have suffered very much from it for the past year. The pain was seated in the small of my back and would run down into my hips. During last year I was frequently so bad I had to discontinue my work and lay up for days at a time. The pain would be so intense I could hardly move, and did not seem to be able to get in any position that I was easy. I was in this condition when I heard about Doan's Kidney Pills; was unable to work at the time, and I thought they might possibly do me good, so I got a box at Doesburg's drug store and commenced to take them right away. It was not long before I was able to be at work again; the pain was all removed from my back and has not reappeared since. I feel that I cannot speak of Doan's Kidney Pills in terms any stronger than they deserve."

## RECOVER THE STOLEN MONEY

Brown's Confession Enables the Sheriff to  
Secure the Kessler Plunder.

Allegan, Nov. 2.—Sheriff Stratton and the officials for the Lake Shore railway and United States Express company have secured \$1,565 in currency and \$85 in gold in Isabella county as the result of Jim Brown's confession of the Kessler robbery. The money was found in a tin can buried where Brown said it was hidden. Brown gave the sheriff letters asking his wife and brother-in-law, Charles Robbins, to turn over the money, besides the title to a hotel in McLean, valued at \$1,000. All were turned over to the United States Express company. The hotel was bought with part of the Kessler plunder. Brown's confession implicated only two besides himself in the job at Kessler. John Smalley was one, the name of the other not being given. Brown's share was \$5,000.

Lansing, Nov. 2.—Gov. Rich has honored the requisition of Gov. Matthews, of Indiana, for James W. Brown.

## ALL FOR CHARITY.

Grand Rapids Young Ladies Give a Bench  
Show—Many Entries.

Grand Rapids, Nov. 5.—The bench show held under the management of the Butterflies, a dozen young women who are pledged to maintain a free bed in the Union Benevolent association home and hospital, opened Monday afternoon with every assurance of financial success. There are 144 entries, in 95 classes, with a total of 806 animals, including some of the best dogs in the country. The most interesting exhibits are the pugs and the poodles from the Eberhart kennels, Cincinnati; bloodhounds from Rockwood kennels, Lexington, Ky., and from the Ovid kennels, of Ovid, Mich.; and Great Danes from Oakhurst kennels, owned by Dudley E. Waters, of this city. A. G. Eberhart, of Cincinnati, is judge. The show is not given under the authority of the American Kennel club, but the rules of that organization will govern the awarding of prizes, which will not be matters of record.

## PINGREE WINS.

Elected Mayor of Detroit for the Fourth  
Consecutive Term.

Detroit, Nov. 6.—Mayor Pingree swept this city for the fourth consecutive time Tuesday, being elected by a majority of 10,400 over Sam Goldwater, democratic and labor candidate, in a total vote of 30,000, with one precinct missing. The mayor's great running ability is evidenced by the returns from the Fifth, Seventh, and Ninth wards, largely populated by Germans and Poles, and nominally strongly democratic. The mayor's potato patches caught their votes and his majority in these wards aggregated 1,800. With the mayor the remainder of the city ticket was elected by majorities nearly as great. Out of 16 aldermen elected the democrats have secured only three.

## County Seat War.

Lansing, Nov. 6.—Lansing and Mason are now preparing for the hottest kind of a county seat war. Mason is now the nominal county seat, but two terms of circuit court are annually held at Lansing. The magnificent new city hall building at Lansing is intended for the joint use of the city and county. The fight will be precipitated at the January meeting of the supervisors when a proposition to remove the county seat may be submitted to the people.

## Sale of State Lands.

Lansing, Nov. 6.—On November 15 there will be offered at public sale at the state land office some very valuable state lands. Among the most valuable are sections 11 and 12 of the Bois Blanc island lands, which were reconveyed to the state by Contractor George W. Weber, of Ionia, in settlement of the state's claim that the Bois Blanc island state road was not constructed according to contract. These lands are heavily timbered.

## Famous Stallion Died.

Kalamazoo, Mich., Nov. 2.—The famous stallion Ambassador, the property of the Kalamazoo Farm company, died at Kalamazoo farm Friday morning. But three years ago S. A. Brown & Co. were offered \$60,000 for Ambassador. The purchase price was \$18,500. Among his most illustrious offspring are Scotia, Lady Wilkin, Cuckoo, Danourt and Wyandotte, all with records better than 2:30.

## Value of Marsh Lands.

Galesburg, Nov. 4.—The capabilities of the marsh lands in Kalamazoo and Calhoun counties, once considered valueless, have been fully illustrated during the past season. The little station of Sonoma, in Calhoun, ships daily from three to four car loads of cabbage, averaging 200 heads to the ton. Fully one-half as many onions are also freighted out. One man has shipped 5,000 bushels of onions.

## A Heavy Failure.

Bay City, Nov. 2.—The third big lumber failure in three weeks was that of John McLennan & Son, hardwood dealers, who filed four mortgages amounting to nearly \$70,000 Friday. It is believed that their assets are greater than their liabilities. The failure was caused by the poor condition of the lumber market and the refusal of banks to renew paper.

## Convicted of Passing Forged Check.

Detroit, Mich., Nov. 4.—John S. Granger, alias Gideon Granger, who was convicted of passing a \$50 forged check, was Saturday sentenced by Judge Chapin to one year's imprisonment in the house of correction. The sentence is a very light one. Granger said he was innocent, but took his sentence calmly.

## Hackley Park Assembly Sailed.

Muskegon, Nov. 5.—Rev. H. W. Bolton, of Chicago, president of the Hackley Park Assembly association, signed a deed Monday transferring to Albert Dodge, of Grand Rapids, all of the assembly property; consideration, \$25,000. He will organize another association, and says an assembly will be held next year.

Wants an Investigation.

McBain, Nov. 2.—A petition has been freely circulated in this vicinity and signed by a large number which is to be sent to Gov. Rich. The petition asks the governor to order an investigation of the killing of John Smalley here August 24, 1895, stating among other things that the petitioners believe he died innocent of the crimes charged against him, the Fennville hold-up August 20 and the killing of Detective George W. Powers on August 22.

Terminal Route Decided Upon.

Marquette, Nov. 6.—It is understood that the matter of terminals for the Ishpeming & Lake Superior railway, which is to be built and in working order shortly after the opening of the next ore-shipping season, was settled here by the choice of what is known as the North Marquette route. The construction contract has been let to Winston Bros., St. Paul, Minn.

Passed Bad Bills.

Coldwater, Oct. 31.—"Shovers of the queer" got in their work here, passing a \$50 counterfeit greenback on the ticket seller at the opera house, where the Chicago marine band was playing, and a \$20 bill on the ticket agent at the Lake Shore depot. The fellow who passed the money escaped. The work on the bills was fine, but the paper was poor.

Found Hanging from a Rafter.

Sturgis, Nov. 6.—John C. Drake, of the firm of J. C. Drake & Co., founders and machinists, committed suicide by hanging. His body was found hanging from a rafter in the upper portion of the store building. He had stood on an empty nail keg, which he kicked from under him. Ill-health is supposed to have unsettled his mind.

Prominent Saginaw Citizen Dies.

Saginaw, Nov. 6.—George H. Durand, one of Saginaw valley's most prominent citizens, died Tuesday, aged 82. He was the father of Hon. George H. Durand, ex-congressman and ex-chief justice of the supreme court; Mrs. John P. Williams, of Chicago, and Hon. L. T. Durand, of this city.

A Black Burned.

Benton Harbor, Nov. 3.—The Stevens block, one of the finest in the city, was badly damaged by fire Friday morning. The fire started from spontaneous combustion in the basement and soon the three storerooms above and three floors above that were burned out. The loss is \$20,000.
