A thorough examination of your eyes by us is the only prudent course. That will settle every doubt and settles it right. If your eyes happen to require glasses, you will thus prevent the certain injury of doing without them.

## Here are a Few Facts

That Everybody who buys a watch should know. A MANUFACTURER MAY STAMP WHATEVER HE PLEASES ON A WATCH CASE. We have seen cases stamped "warranted U. S. Army" when a slight rubbing showed the brass under a thin gold plating. We have seen filled cases marked "solid gold" and 8-karat cases marked "14-karat". In our store a case must be what it is stamped or we won't sell it. Our successful watch trade is due not alone to the size and variety of our stock but to the fact that our customers know what they are buying.

## CITY AND VICINITY.

Rev. Vander Ploeg of Coopersville has accepted the call to the Reformed church of Luctor, Kansas.

Prof. G. H. Lockwood, of Acme Art college at Kalamazoo, and Mrs. Lockwood delivered Socialist addresses in the Woodman hall in the Rineck block last Monday night.

Arie Vander Hill left Monday for Port Washington, Wis., to take a position in a furniture factory. Mr. Vander Hill is a good one at his trade and will make a success of it wherever he goes.

E. L. Wason of South Haven, formerly a clerk at Hotel Macatawa, has accepted a position with the Denver & Rio Grande railroad as inspector of dining cars between Denver and Ogden. Mr. Wason's headquarters will be at Denver.

The postal authorities at Washington have ruled that there is no official number upon rural boxes, and the postmaster shall not only not give information regarding addresses of the patrons of the rural routes, but must refuse to deliver matter directed to box numbers of any rural route.

Voters will have two amendments to vote on at the coming election, one providing for the legislature submitting the question to the people of voting on a general revision of the constitution and the other limiting the time within which new bills may be introduced in the legislature to the first 50 days of the session.

Grand Haven Tribune: H. D. Scott, a pioneer resident of Creckery, is in the city today. Mr. Scott has been a resident of his township since 1849. He prides himself upon the fact that he has voted at seventeen presidential elections, having cast his first presidential vote in 1840, in Summit county, Ohio, for Wm. Henry Harrison.

Allegan Gazette: H. D. Moore has this week been showing photographs of the lumbering industry in Louisiana in which his brother, the late Robert Moore of Holland, was interested. One picture was of the extensive yards in which were piled millions of feet of cypress lumber worth from \$30 to \$50 per thousand feet. The logging trains and the steam loaders show that lumbering in the south is done scientifically.

In the presence of a number of townspeople a thorough test of the Palmer beet harvester was given on the farm of John Vos near Hamilton last week when the machine did fine and satisfactory work, cutting off the tops and lifting the beets to the surface of the ground in a precise manner. Wm. Holmes of the eastern part of the state was present and, being an expert with machines of all kinds, pronounced the harvester a successful machine. Chas. R. Brownell, one of the owners of the device, is now convinced that the harvester is the best on the market for that kind of work and will push its sale to sugar beet raisers in the country.

Rare presence of mind and courage on the part of the Pere Marquette section crew of the Waverly yards prevented what might have been a serious railroad wreck last Monday night. The crew was on a handcar coming from Waverly and were caught in the middle of the bridge that spans Black Lake between Waverly and Holland by train No. 6, southbound. Though the desire for safety would ordinarily prompt them to jump from the bridge into the river below, the section men, knowing that should the handcar remain on the track there was danger that the approaching train would be thrown from the rails, made an attempt to remove the handcar from the rails. They succeeded partially, just enough to save the train, but not enough to save the handcar, which with the tools was thrown into the river. The escape was narrow, and the section men have received many congratulations for their work.

Dr. G. H. Dubbink will preach in the Third Reformed church next Sunday.

Sluyter & Cooper are placing an addition in the rear of their clothing store. It will be used as a tailoring shop.

Monday D. McManus was given 5 days in the county jail by Justice De Vries. The charge was intoxication.

John Dykema has sold out his laundry business in Muskegon and has resumed his old position with Martin Beukema at the West Michigan Laundry.

A congregational meeting of the Third Reformed church will be held Monday evening, November 14, for the purpose of selecting a pastor from a trio composed of Revs. Henry Harmelink, Chicago; John Lamar, Rochester, N. Y.; E. J. Blekkink, Kalamazoo.

The Ladies Aid Society of the M. E. church are planning for one of the most unique fairs ever held in Holland. It will begin on Dec. 8th and continue for three days. Dinners and suppers will be served each day and a free entertainment given each afternoon and evening. Watch the papers for further notice and take in a good thing when you get a chance.

Saturday morning while Mrs. John Elfers was assisting her husband in placing a sugar beet rack on a wagon at their home one mile south of New Holland, the rack fell and a protruding belt caught Mrs. Elfers' left arm and tore the flesh badly. Dr. J. W. Vandenberg of New Holland dressed the injury. Mrs. Elfers is 70 years of age.

E. G. Saunderson of Lansing, superintendent of the Michigan anti-saloon league, addressed a large crowd in the M. E. church Sunday morning. Much interest was manifested and considerable money was raised and subscribed for the local option campaign. Mr. Saunderson says that victory next spring depends a great deal upon the leaders of the movement and indications at present are encouraging.

Despite fifty minutes play neither the Grand Rapids High school reserves nor the Holland Junior Independents could score in a well played game in this city Saturday afternoon. Grand Rapids put up the clever, fast game that has proven effective even against the first team, but the Holland boys were there with the goods at every stage of the argument and kept the visitors from crossing their goal.

Henry Bekker was arrested Saturday morning by Deputy Sheriff Arie Zanting on a charge of drunk and disorderly. Bekker was arraigned before Justice Van Duren Saturday afternoon and in view of the fact that this was not his first offense of this nature he was sentenced to Detroit House of correction for 90 days and was taken there Monday by Deputy Zanting. While waiting for the Detroit trip Sunday, Bekker got out of the city jail and ran as far as the tannery before he was overtaken.

Both fire companies were summoned Tuesday morning early to fight a fire in the old Metz house on the corner of Central Avenue and Tenth street. The fire was extinguished before much damage was done to the house, but considerable damage was done by smoke and water to the household goods of Oscar Brightial, who with his family is living there in the absence of Mrs. Harrington, the owner of the house, who is spending the season in the south. Some of Mrs. Harrington's furniture, which was stored in one of the rooms, was also badly damaged. The loss to the house and to Mr. Brightial's furniture is covered by insurance.

Grand Rapids Herald: "Cornelius Van Loo of Zeeland, who was chairman of the William Alden Smith meeting at that village Saturday night, is one of the republican wheel-horses of Ottawa county. Mr. Van Loo served two terms in the legislature back in the 80's and is an honest, able man, whose opinions have great weight with his friends and neighbors. One of the features of the Ottawa campaign this year will be his address at Beaver Dam. Ever since the fall campaign of 1880 he has made an address at that point. This fall, on account of the ill of advanced years, he wished to be relieved of the strain, but the Beaver Dam people would not allow it."

### Olive Center.

We are to have a William Alden Smith Republican Rally here next Saturday.

Oct. 27th Miss Nellie Kooyers and Mr. Martin Nienhuis were united in marriage at the home of the bride's parents, Mr. and Mrs. Wm. Kooyers, in the presence of a large number of relatives and friends. In the evening a reception was given at which the Crisp band of which Mr. Nienhuis is a member furnished music within, while music without was furnished by the Olive Center tin pan band. A good time was enjoyed by all. Both bride and groom are among our most popular young people and wishes for long lives and happiness are extended by their hosts of friends. They will reside near Crisp.

We are enjoying our Indian summer now. It gives us a chance to get our beets and corn taken care of. Many loads of beets are being hauled from this vicinity to Holland daily.

Don't forget to register on Saturday, and on Tuesday don't forget to vote right. If we vote for a principle and not for a party we shall have nothing to regret if we get what we don't want.

Arrangements are being made to give W. A. S. a royal welcome on Saturday.

To be a successful wife, to retain the love and admiration of her husband should be a woman's constant study. Mrs. Brown and Mrs. Potts tell their stories for the benefit of all wives and mothers.

"DEAR MRS. PINKHAM:—Lydia E. Pinkham's Vegetable Compound will make every mother well, strong, healthy and happy. I dragged through nine years of miserable existence, worn out with pain and weariness. I then noticed a statement of a woman troubled as I was, and the wonderful results she had had from your Vegetable Compound, and decided to try what it would do for me, and used it for three months. At the end of that time I was a different woman, the neighbors remarked it, and my husband fell in love with me all over again. It seemed like a new existence. I had been suffering with inflammation and falling of the womb, but your medicine cured that and built up my entire system, till I was indeed like a new woman.—Sincerely yours, Mrs. CHAS. F. BROWN, 21 Cedar Terrace, Hot Springs, Ark., Vice President Mothers' Club."

Suffering women should not fail to profit by Mrs. Brown's experiences; just as surely as she was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure other women who suffer from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability, and nervous prostration. Read the story of Mrs. Potts to all mothers:—

"DEAR MRS. PINKHAM:—During the early part of my married life I was very delicate in health. I had two miscarriages, and both my husband and I felt very badly as we were anxious to have children. A neighbor who had been using Lydia E. Pinkham's Vegetable Compound advised me to try it, and I decided to do so. I soon felt that my appetite was increasing, the headaches gradually decreased and finally disappeared, and my general health improved. I felt as if new blood coursed through my veins, the sluggish tired feeling disappeared, and I became strong and well."

"Within a year after I became the mother of a strong healthy child, the joy of our home. You certainly have a splendid remedy, and I wish every mother knew of it.—Sincerely yours, Mrs. ANNA POTTS, 510 Park Ave., Hot Springs, Ark."

TWO SECTIONS OF MISSOURI PACIFIC PASSENGER TRAIN COLLIDE AT TIPTON, MO.

Three Persons Are Killed and Twenty-Three Others Injured—Jury Fixes the Blame on the Crew of One Train.

Kansas City, Mo., Oct. 31.—Three persons were killed and 23 injured in a rear end collision between section No. 2 and section No. 1 of train No. 3, Missouri Pacific world's fair special at Tipton, Mo., early Sunday. Train No. 3, on account of the heavy world's fair travel, was made up in two sections, the first leaving St. Louis for Kansas City Saturday night at 10:10 p. m. The second left a few minutes later, and when it reached Tipton section No. 1 was taking on passengers. According to Engineer Ramsey of section No. 2, a headlight in the yards blinded him and he was unable to see section No. 1. He also says that his orders were "clear ahead." The second section was running about 30 miles an hour when the collision occurred. The end sleeper of section No. 1 was entirely demolished, and the second sleeper was overturned. The dead are: Mrs. Bright Walker, Lewisburg, Pa.; Mrs. Margaret Burke, Kansas City; J. W. Bagby, secretary and treasurer of the Linotype Publishing company, Kansas City. The engine of the second section struck the Pullman car Topaz squarely, splitting it for two-thirds of its length, and all of the 14 passengers in the car were either killed or injured. There were 22 passengers in the next car ahead, and although all were badly shaken up by the collision and received a few scratches, only a few were injured seriously.

Sedalia, Mo., Oct. 31.—The coroner of this county held an inquest here Sunday night, inquiring into the cause of the wreck on the Missouri Pacific railroad at Tipton, Mo., in which three persons were killed and 23 injured, and the following verdict was rendered: "The collision was caused by neglect of flagman of first No. 3 in not properly flagging second No. 3, and also by engineer of second No. 3 for coming into station in a careless manner in not having his engine under control."

**Death of Archbishop Elder.**  
Cincinnati, Nov. 1.—Archbishop William Henry Elder died at 11:55 Monday night. Dr. W. E. De Coursey, the attending physician, was with him until the last. The dying prelate was surrounded by his household. The end came peacefully and he was conscious almost up to his death. He suffered no pain, and his end was like a child falling into profound sleep. His life work in the Catholic church has been one of progress, and he was much beloved. He was 85 years old, and was not only the oldest prelate in years, but also in tenure of office in this country, having served fully 50 years as bishop and archbishop.

**Jury Again Disagrees.**  
Minneapolis, Minn., Nov. 1.—The fourth trial of former Mayor A. A. Ames for grafting has resulted in disagreement. The jury came in shortly after three p. m. Monday, after having been out 70 hours, and reported its inability to agree. The court discharged the jurors. It is likely that all the indictments will be nolle.

**Aged Couple Asphyxiated.**  
Milwaukee, Nov. 2.—Mr. and Mrs. William Bleck, aged 75 and 74 years, respectively, and living at No. 1193 Willow place, this city, died Tuesday from inhaling fuel gas which escaped from a stove. It is believed the gas jet was opened accidentally.

## AIRSHIP'S GREAT FLIGHT.

The Arrow, Under Complete Control, Sails Over World's Fair Grounds.

St. Louis, Nov. 1.—After circling in every direction at a height of 2,000 feet above the Cascades, in sight of thousands of cheering, enthusiastic spectators on the world's fair grounds, A. Roy Knabenshue, of Toledo, O., in command of the Baldwin airship Arrow, on Monday returned to the place from which he had started over the same course that he had come, covering the three miles and a half of the round trip under his own power and demonstrating the claims of the inventor, Capt. Thomas B. Baldwin, of San Francisco, that "the California Arrow" is not only dirigible, but that it can make headway against a moderate breeze. Knabenshue started from the aeronautic concourse at 3:37 p. m. and returned after his remarkable flight at 4:05 p. m. On the return trip the airship sailed slowly over the exact spot from which it had risen 28 minutes previously, and glided about 100 feet further west, where it settled gracefully to the ground.

The descent of the Arrow was the signal for a demonstration the equal of which has not been seen since the wheels of the world's fair started last April in response to the pressure on a key by President Roosevelt. Dozens of eager hands were upstretched to grasp the frame of the airship and the flying machine, with its daring navigator, were carried around the concourse upon the shoulders of shouting men. Hats were thrown in the air, and when Knabenshue called for three cheers for his home town they were given with a will, and another round followed for Knabenshue and Baldwin.

St. Louis, Nov. 2.—A second successful flight of the Baldwin airship was made at the world's fair Tuesday under the guidance of A. R. Knabenshue, of Toledo, O., who maneuvered the "California Arrow" at will above the western portion of the exposition grounds and descended in the Stadium, adjoining the aerial concourse, amid the cheering thousands, after a flight of 36 minutes.

During the flight Knabenshue caused the Arrow to perform a series of maneuvers, shooting in one direction for a short distance, turning quickly and shooting off in the opposite direction, traversed a letter "S" course, dipped and came down several hundred feet, tilted the prow and ascended again to the original altitude, and completed the series by turning the airship in such a short space that it seemed the vessel swung round on a pivot. The thousands of spectators looked on in silence, and when Knabenshue again tacked to the northwest they cheered him so lustily that he waved back his acknowledgment.

**Former Pugilist Dead.**  
New York, Nov. 2.—George Rooke, 62 years old, who at one time claimed to be middleweight champion pugilist of the world, is dead in a Newark, N. J., hospital. He was comparatively unknown to the younger generation of pugilists and sporting men in general, but a quarter of a century ago he was a star in pugilistic circles. All his contests were fought with bare knuckles. His last fight was when he defeated "Paddy" Ryan in Chicago 25 years ago.

**Vesuvius Is Shaken.**  
Naples, Nov. 2.—The cone of the crater of Mount Vesuvius, which formed during the late eruption, fell into the crater Tuesday with a tremendous roar. There immediately issued explosions that shook the whole mountain, followed by the emission of an immense black column, which gradually spread, falling in the form of ashes over the surrounding country within a radius of 25 miles. The disturbance lasted but a short time.

**Many Foreigners Arrive.**  
New York, Nov. 2.—More than 5,000 passengers arrived here Tuesday on three German liners—the Moltke, from Hamburg, and the Kaiser Wilhelm II. and the Friedrich der Grosse, from Bremen. Of this number 1,634 came in the first cabins, while 3,458 were in the steerage.

## ALL DANGER OF TROUBLE PAST

PEACEFUL SETTLEMENT OF THE  
NORTH SEA INCIDENT IS  
ASSURED.

COURT OF INQUIRY  
TO SIT IN PARIS

Five Admirals to Compose Board—  
Dewey May Be One of Them—British  
Newspapers Bitterly Attack  
Government.

St. Petersburg, Nov. 2.—It is authoritatively announced that the basis for the British-Russian agreement to submit the North sea incident to a commission insures an amicable settlement without a sequel. The understanding is complete. In the heat of the excitement following the incident many false impressions obtained credence abroad. Now that the smoke has cleared away it is possible to state that Great Britain disclaimed any intention of trying to detain the Russian squadron, which could only be interpreted as a hostile act. It was never intimated to Russia that Vice Admiral Rojestvensky's recall would be demanded, and Great Britain never asked Russia to pledge herself to the punishment of anyone. The British government fully realized that officers of the Russian squadron may have acted with excess of zeal. The whole affair was a deplorable mistake, but as a result of the inquiry which will establish the facts each government is expected to take appropriate action without demands from either side, and no pledges have been requested or given by either country.

**Incident Regarded as Closed.**

So far as future complications are concerned, the incident is regarded as closed, though there has been a slight hitch in the Russo-Anglo negotiations regarding matters relating to the international commission which has necessitated their transfer here. But they only cover minor points and are expected to be adjusted during the day. It is now regarded as almost certain that the commission will sit in Paris and be composed of five naval officers, one Russian and one British, each power to choose another member, and the four to select a fifth. Russia has practically named Admiral Kaznakoff and Great Britain Admiral Sir Cyprian Bridge, although the latter selection is not absolutely settled. Great Britain expressed her intention of asking that a

United States naval officer sit on the commission, whereupon Russia announced that she would select a French officer. There is a strong intimation that Great Britain will invite Admiral Dewey to be one of the commissioners. Officers of such a character as those mentioned insure the acceptance of the findings of the commission by both countries and the world.

Admiral Kaznakoff is one of the ablest officers in the Russian navy and is a courtly man of conciliatory disposition and judicial temperament. He has practically retired from active service. The high esteem in which he is held at the admiralty is shown by the fact that he was selected to be the admiral to command the Russian squadron which went to New York on the occasion of the world's fair celebration in 1893.

**Calmness Follows Disquiet.**  
London, Nov. 2.—Negotiations between Great Britain and Russia, looking to a settlement of the North sea affair, are progressing favorably, and there is not the slightest danger of any friction arising between the two governments.

Tuesday's attack of nerves, due to misinformed statements in the London newspapers, has given way to extreme calm. The newspapers angrily assail the government for leaving London to wrestle with its fears all day long when a word would have disposed of all the alarms, and they suggest that if the admiralty would request Vice Admiral Lord Charles Beresford to refrain from "surprise mobilizations" and other interesting maneuvers during the next few days it would not only add to the tranquility of the country, but would smooth the way to a final settlement of the dispute.

Wednesday's cabinet meeting excited hardly the slightest interest on the part of the general public. The cabinet sat for nearly a couple of hours, the subject of discussion being details of the arrangements for the international commission.

**Inquest Reopened.**

Hull, England, Nov. 2.—The inquest on George Smith and William Leggett, victims of the North sea incident of the night of October 21-22, was reopened Wednesday afternoon at St. George's hall by the coroner, Col. Thorne. The treasury was represented by the earl of Desart, solicitor to the treasury, and others, and the board of trade by R. S. Cunliffe. The relatives of the deceased and the proprietors of the fishing fleet were also represented. The building had been specially fitted up for the occasion.

**Accidentally Drowned.**

San Francisco, Nov. 2.—Edward Burch, captain of the quarantine service launch Pericles, fell overboard Tuesday and was drowned. The boat was bound from Tiburon to the station on Angel Island at the time. He was 38

# VOTE THE REPUBLICAN TICKET

Next Tuesday is election day. Be sure that you vote right, vote in a manner conducive to your country's good. Events have demonstrated that a vote for Roosevelt and Fairbanks is a vote for the good of the nation. Roosevelt, the head of the Republican ticket, is the embodiment of all that is good in our national life. Though but 46 years of age he has found time to reach an eminence that few seldom attain. This is because of the ability and the many-sidedness of the man. His achievements are an inspiration to the youth of our land, and these achievements have been made possible by his magnificent ability. Though his political opponents have sought by all means in their power to belittle him, not one fair argument derogatory to him can be advanced. He has been measured in the light of public acts and has come up to the right standard. His record has been subjected to the closest scrutiny, and still not one reason can be advanced against his election to the highest office within the gift of the people of this country. With this understood why take further time in advocating his election. If the judgment of the people is sound, no advocacy is needed—and it is sound. It was sound four years ago when McKinley and Roosevelt were elected. Sound judgment this year means the election of Roosevelt by the largest popular vote ever given a successful candidate for the presidency. Vote early, vote for Roosevelt and the entire republican ticket.

Admonish your neighbor to vote as you do, and neither you or your neighbor will make a mistake. You will not make a mistake, for the entire ticket is worthy of your cordial support. On it are men who have proven themselves tried and true public servants, on it are men whose standing in business and private life merit your loyal indorsement at the polls next Tuesday.

Take Fred M. Warner, candidate for governor, for instance. All of the abuse of a hostile press and an opposing party has but served to call attention to his sterling qualities of mind and heart, to his ability, his broad-mindedness, his good standing in private and official life. People have learned that to know Fred M. Warner is to take pride in according him loyal support.

Then there is Congressman Wm. Alden Smith, peer of any man in the national house of representatives, and foremost of American orators. And so goes the story all along the list, making the republican ticket from top to bottom one of the strongest, one of the best and one of the most deserving that has ever been put up by the party. Do not be frightened by noise, misrepresentation, abuse or roorbacks but vote it in the same old way and no regrets will mar your election day.

**Who Should Register**  
All who having reached the age of majority—and intend to cast their first vote next November.

All who took out their full naturalization papers the other day and intend to vote next November.

All who have moved from one ward or township to another since the last election.

With reference to re-registration it is well enough to remember that: In townships there is NO re-registration.

In cities that come under the General law governing the incorporation of small cities in this state it is required that every voter shall re-register if he expects to vote on Tuesday, November 8.

The City of Holland not being in this class there is no need to re-register. Every elector in this city whose name appeared on the register in April last, and who has not moved into another ward since, is all right.

**Board of Registration of Holland Township Will Meet Saturday, Nov. 5.**

The board of registration for Holland township will meet at the home of Township clerk A. Vander Haar Saturday, November 5, from 9 o'clock in the forenoon until 5 o'clock in the afternoon for the purpose of attending registration.

# GREAT MEETING OF RE-PUBLICAN CLUB

Great] was the meeting of the Holland Republican club held in De] Grondwet hall last Monday uight.]Seldom has more enthusiasm been shown in a political gathering and seldom was a more able and convincing speech heard than the one delivered by Martin H. Carmody of Grand Rapids. Mr. Carmody lived up and beyond expectations and] proved worthy of the high estimate placed upon his oratorical ability.

He devoted a great deal of time to Primary Election, bringing out the idea that the republican party first started Primary Reform, first gave different parts of the state, like Wayne, Kent and Muskegon counties, the primary laws they now enjoy. "Then," said Mr. Carmody, "after we had made great progress in the solution of the question the democrats with a great flourish of trumpets appropriated the question as their own and claimed to be the only simon-pure primary reformers.

"They wish to get into power on borrowed thunder and wish the support of republicans in spite of the fact that they are diametrically opposed to the republicans on every great question of national importance and would use the power thus gained on borrowed thunder in opposing these policies that have done so much good for the country."

Mr. Carmody paid a glowing tribute to Fred M. Warner, calling attention to the fact that Warner had given primary reform careful study and was standing up for the idea that the people should have a voice in the solution of the problem. He commended Mr. Warner for his fine record and remarked that it was strange that the democrats always tell ghost stories of what Mr. Warner will do in the future but that they never refer to his past good record, for this would place them in the quandary of saying, "Mr. Warner has been and is a fine man and a good citizen, but look out for him he will be dangerous in the future."

During his speech Mr. Carmody was greeted with loud applause and hearty cheers and at it's close he was given an ovation such as it is seldom the lot of an orator to receive.

Music was furnished by the Holland Republican quartet composed of Capt. Austin Harrington, John A. Kooyers, Wm. A. Holley and Irving Garvelink. The quartet made a decided hit, capturing the crowd with their singing and receiving vigorous applause.

At the business meeting the matter of giving an excursion to Grand Haven on the night of November 7 to hear G. J. Diekema make the closing speech of the campaign was discussed but no decision was arrived at owing to the fact that it was difficult to arrive at terms with the Pere Marquette railway company for a special train.

Congressman Wm. Alden Smith will deliver the closing address of the campaign Saturday night in the Slagh & Zuidewind building on East Eighth street and it is expected that a large crowd will greet the eloquent representative of the Fifth District.

The building is heated by steam, lit with electric lights and gas lights and has all modern conveniences. It will hold about 1700 people.

Music by the band and by the Holland Republican quartet and the Hope College Glee Club.

Ladies are cordially invited.

DR. J. B. BRADLEY  
Candidate for Auditor General

The office in the state government of the greatest responsibility after that of governor, is the office of auditor general. The business of the auditor's department has increased so in recent years that it requires a force of assistants to carry it on about equal to that of all other departments of the state government combined. The work is most intricate, and often difficult and responsible, and the volume of the department's financial transaction in a year exceeds a half million dollars, besides the auditing of all state expenditures. The title to a large percentage of the real property of the state is in its keeping in the course of a single term, and upon the regularity and legality of its proceedings depends a goodly portion of the state's revenue, and the correctness of all of its disbursements. In no position under the state's authority is there demanded an officer of clearer head, of more efficient and thoroughly trained business qualities of more accurate judgement and faithful character.

In the nomination of Dr. James B. Bradley, of Eaton Rapids, for the position the Republican party has presented to the people of the state a

man in whom those requisites are eminently combined. He is a native of Michigan born in Shiawassee county. He is in the prime and vigor of life, being 46 years old on the 19th of November next. He is a man of education and business training, graduated from Rush Medical college in Chicago eighteen years ago and long enjoying a large and valuable practice in Eaton County. He is a patriotic citizen and a faithful republican, and has been trusted and honored both in the councils of his party and in official responsibilities by his government and by the people. Chairman for the republican party committee for the last four years, member of the board of county pension examiners two terms, mayor of the city of Eaton Rapids two terms these are some of the positions he has occupied with credit to himself and advantage to the community; and now in the larger jurisdiction of the state and weightier responsibility of the auditor general's office, he will bring a ripe judgement and maturer powers and the same zeal and faithfulness that his fellow citizens have recognized in him, in a worthy succession to the present model administration of that department.

### Romance in This Marriage

In Monday night's Grand Rapids Evening Press there appeared the following account of the marriage of Neil Sandy, formerly of this city, and Miss Lena Exo of this city:

"Patrolman Sandy tells a good story about the phenomenal marriage record made by his brother as the culmination of one of the shortest and most romantic courtings in the history of the city. The marriage of Niel Sandy of Grand Rapids to Miss Lena Exo of Holland took place this noon at the office of the county clerk. According to the patrolman's story, neither of the parties knew that it was going to take place until just a few minutes before the justice of the peace was summoned to tie the knot.

"Neil Sandy had been acquainted with Miss Exo for some time, and met her today to give her a pleasant time in the city. Among the places of interest which they visited by way of sight-seeing was the county building. "That is the place where marriage licenses are obtained," said Neil directing the glance of his fair companion to the office of the county clerk. Then they fixed it up forthwith that since they were so handy to the place they would get a license forthwith. That is what was done, and now having had the assistance of Justice Holcomb, together with County Clerk Smith and Deputy O'Donnell as witnesses, Sandy has one of the prettiest brides in Western Michigan.

"Sandy is a molder, employed by a local concern. He is 22 years of age and the bride is 18. After the ceremony the happy couple took the 2 o'clock interurban for Holland."

### Death of Mrs. D. Kronmeyer.

Mrs. D. H. Kronmeyer died at the home of her daughter, Oct. 21st at the age of 61 years. Four children survive her, three daughters and one son. Her husband died nine years ago. She was born in the Netherlands and came to this country when she was 21 years of age and was married to Henry Kronmeyer two years later. They lived nearly all their married life in Filmore.

The remains were taken to Grand Rapids for burial.

The surviving children are Mrs. Henry Vander Bie, Mrs. J. Aalderink, Miss Gerie Kronmeyer and Henry Kronmeyer.

They have laid dear mother down to rest.

Softly upon earth's quiet breast  
Like a frail plant wintry winds have risen,

To bloom unfaded in the vaults of heaven.

Softly and sweetly dear mother fell asleep,

And for her it seems almost a sin to weep.

But the angels have beckoned her to come,

And she softly said earth's work is done.

## SAVED BANK'S CASH BUT LOST HIS LIFE

CASHIER RESISTS ATTACK OF ROBBERS IN CODY, WYO., AND IS SHOT DEAD.

**Murderers Escape to Mountains—Posse in Hot Pursuit—"Buffalo Bill," His Indians and Scouts, Will Aid in Capture.**

Cody, Wyo., Nov. 2.—Four heavily-armed outlaws from the Hole-in-the-Wall country Tuesday afternoon raided the First national bank of this place. The bandits got no money, but in the fight that was put up by Cashier Middaugh he was shot to death. The bank has hundreds of thousands of dollars of government money on deposit, and it was to secure this that the hold-up was attempted.

Just before the close of business a party of four roughly-dressed men rode up to the First national bank. Three men dismounted and entered the building. The fourth stayed out and guarded the horses.

**Cashier Killed.**  
As soon as the outlaws entered the bank one of them covered Cashier Middaugh, who grabbed a revolver and made a game fight. Middaugh was excited and his bullets went wild, while the single shot sent from the outlaw's gun passed through the banker's brain.

The shooting attracted the attention of a party of hunters, and as they rushed around the corner of the hotel they opened fire. Under cover of each other's fire the outlaws mounted and rode away into the prairies and from thence into the mountains.

One of the posses, led by Sheriff Jeff Champion, overtook the outlaws at dusk 20 miles southwest of Cody and a battle ensued in which Champion had a horse shot under him, but he was uninjured. The bandits obtained fresh horses at a ranch near by and escaped.

**Buffalo Bill on the Way.**

Omaha, Neb., Nov. 2.—Buffalo Bill's private car, filled with Cody's English friends and Indian scouts and guides, went west Tuesday night on the Burlington flyer. "I wired White Beaver, my manager at Cody, to offer a large reward for the capture of the outlaws," said Col. Cody, "and to double the reward in case an outlaw is killed. We want to kill them, not capture them."

"I am not surprised at the hold-up, for it was well known the government had deposited in that bank. The government is building a \$5,000,000 irrigating system up in the Big Horn, and funds are deposited in Cody. That's what tempted the robbers in this case."

## THANKSGIVING DAY.

**President Issues Proclamation Naming Thursday, November 24.**

Washington, Nov. 2.—The president Tuesday issued the Thanksgiving day proclamation, setting aside Thursday, November 24, "to be observed as a day of festival and thanksgiving by all the people of the United States, at home and abroad." The proclamation acknowledges the debt of the American people to God for the blessing upon the nation during the past year, in which "reward has waited upon honest efforts," and calls on the nation devoutly to give thanks unto Almighty God for the benefits He has conferred upon us as individuals and as a nation, and to beseech Him that in the future His Divine favor may be continued to us."

## EX-GOV. NASH DEAD.

**Prominent Ohioan Attacked by Heart Disease in Bathroom and Expires.**

Columbus, O., Oct. 29.—Former Gov. George K. Nash dropped dead Friday morning in the bathroom at the home of his stepdaughter, Mrs. Worthington E. Babcock, on Jefferson avenue. Gov. Nash had been in ill health for over a year, having been stricken with heart trouble and other complications while governor of Ohio. Friday morning Mr. Nash arose late and went to the bathroom, where he was heard to fall, and life was extinct when the family reached the room.

## Elevator Collapses.

Buffalo, N. Y., Oct. 31.—From some cause which cannot be definitely explained, the Ontario elevator collapsed Sunday and sank into the waters of the Evans slip. The elevator contained about 370,000 bushels of barley, a large portion of which lies at the bottom of the slip. The loss on the grain and the building is estimated at \$350,000.

## The Public Debt.

Washington, Nov. 2.—The monthly statement of the public debt shows that at the close of business October 31, 1904, the public debt, less cash in the treasury, amounted to \$986,787,662, which is an increase for the month of \$4,404,715. This increase is principally accounted for by a decrease of \$5,061,265 in the amount of cash on hand.

## American Consulate Burns.

Washington, Nov. 1.—The state department has received a cablegram from Amoy, China, announcing the destruction of the American consulate there, together with valuable papers. The message came from Consul John H. Feiler, at Amoy, and reads as follows: "Consulate burned with most of the records."

## Tell About It.

A Holland Citizen is Pleased to do it for the Benefit of Others.

When you know a thing, tell it. It will not lessen its goodness. But will do good to others. There's more misery just like it. There are lots of lame backs in Holland. It's a busy place and backs are used. There's urinary trouble to a large extent. Colds effect the kidneys. The kidneys are the cause, not the cures. Keep them in shape and life is life. Doan's Kidney Pills do perfect work. Are for kidneys only. Holland people testify to their merit. Here's a case of it:

Mrs. E. Mulder, living five miles east of Holland near Ebenezer, says: "I suffered for years from a deranged condition of the kidneys. The secretions from those organs were irregular and unnatural, I could not rest comfortably at night and rose in the morning feeling tired and unrefreshed. The least cold or a strain always aggravated the constant heavy aching pains through the small of the back. Doan's Kidney Pills were so highly recommended that I procured a box at J. O. Doesburg's drug store and used them. I felt better after a few doses and in a short time I was entirely rid of the trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no substitute.

## Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from Throat and Lung troubles. But since the advent of Dr. King's New Discovery for Consumption, Coughs and Colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all Throat and Lung diseases by W. C. Walsh Druggist. Price 50c and \$1.00. Trial bottles 10c.

Hives are a terrible torment to the little folks and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

Energy all gone? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

## Not A Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured and have not seen a sick day since. Neighbors of mine have been cured of Rheumatism, Neuralgia, Liver and Kidney troubles and General Debility." This is what B. F. Bass, of Fremont, N. C. writes. Only 50c at W. C. Walsh Druggist.

No matter how long you have had the cough; if it hasn't already developed into consumption, Dr. Wood's Norway Pine Syrup will cure it.

It adds spice to dreary life, encourages the human heart, lifts one out of despair, breathes new life and confidence. That's what Rocky Mountain Tea will do. 35 cents. Haan Bros.

## A Runaway Bicycle.

Terminated with an ugly cut on the leg of J. B. Orner, Franklin, Grove, Ill. It developed a stubborn ulcer unyielding to doctors and remedies for four years. Then Bucklen's Arnica Salve cured. It's just as good for Burns, Scalds, Skin Eruptions and Piles, 25c at W. C. Walsh's Drug Store.

## Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, Jaundice, Fever, Constipation all yield to this perfect Pill. 25c at W. C. Walsh's Drug Store.

Hundreds of lives saved every year by having Dr. Thomas' Eclectic Oil in the house just when it is needed. Cures croup, heals burns, cuts, wounds of every sort.

It's like a "dip in the fountain of youth." Touches the cheek so gently that "youth lingers on the face of old age." That's what Rocky Mountain Tea does. 35 cents. Haan Bros.

## WISDOM PREVENTS THREATENED WAR

COURT OF INQUIRY TO SETTLE LATEST TROUBLE BETWEEN ENGLAND AND RUSSIA.

**Both Countries Agree to Submit to Arbitration Points in Dispute Arising Over the North Sea Affair.**

London, Oct. 29.—All danger of war between Russia and Great Britain has been averted, and the settlement of the only points in dispute regarding the attack by the Russian second Pacific squadron on British trawlers October 21 has been referred to an international commission under The Hague convention. Details of the agreement were supplied by Premier Balfour in a speech delivered before the national union of conservative clubs at Southampton Friday night. "The Russian ambassador," said Mr. Balfour, "has authorized a statement to the following effect: The Russian government, on hearing of the North sea incident, at once expressed its profound regret, and also promised most liberal compensation. The government has ordered the detention at Vigo of that part of the fleet which was concerned in the incident, in order that the naval authorities might ascertain what officers were responsible for it; that those officers and any material witnesses would not proceed on the voyage to the far east; that inquiry would be instituted into the facts by an international commission as provided by The Hague convention. That Mr. Balfour interpolated, had nothing to do with arbitration. It was the constitution of an international commission in order to find out the facts, and any person found guilty would be tried and punished adequately. The Russian government undertook that precautions would be taken to guard against recurrence of such incidents. The ascertainment of the facts for submission to a commission formed under the rules of The Hague peace conference will be through the coroners' inquest at Hull in investigation by the British board of trade and the examination of officers of the Russian ships which fired upon the fishermen. Mr. Balfour said that apology and compensation having already been offered, nothing now remains but to determine which account is correct, Rojestvensky's or the trawlers. In his speech Mr. Balfour ridiculed the official explanation of Admiral Rojestvensky, but praised the spirit in which the Russian emperor and government had met the crisis. In both Russia and Great Britain the prevailing feeling is of relief that there no longer seems to be danger of war between the nations.

**Emperor Approves Plan.**  
St. Petersburg, Oct. 29.—The emperor has approved the proposal to submit the North sea incident to the international tribunal. The admiralty authorizes the statement that Admiral Rojestvensky has been instructed to remain at Vigo pending the inquiry into the North sea incident.

**Public Dissatisfied.**  
London, Oct. 31.—As time reveals the terms and the possibilities of the agreement for arbitrating the Anglo-Russian difficulty over the North sea tragedy, it becomes evident the wrath of many of the British people has not been appeased. The anger is now turning partly from Russia against Premier Balfour and his government. It is felt that the government has adopted a lame compromise after making a great show of force, and after declaring it would brook no delay in satisfaction for the killing of British fishermen by the Russian Baltic fleet. It is plain many people are disappointed over the agreement to refer the trouble to a court of inquiry to be appointed under the terms of The Hague arbitration treaty. Such a court, they say, could have no binding force on Russia, and even if it could decree punishment of the authors of the North sea outrage, the czar's government might refuse to accept the verdict. Many views are probably best expressed by the Standard, which disapproves the settlement as a lame and impotent compromise on the part of the British government. It is felt that the honor of the nation has been sacrificed.

**Squadron Leaves Vigo.**  
Vigo, Spain, Nov. 2.—All the Russian warships left here at eight o'clock Tuesday morning. The Russian squadron was followed by the Spanish cruiser Extremadura.

**Situation Not Serious.**  
London, Nov. 2.—There has been no expression of dissatisfaction on the part of the British government at the departure of the Russian squadron from Vigo, and while no official information has been given out by any of the departments up to Tuesday afternoon, the press has reason to believe that the situation is not so serious.

The foreign office issued a statement Tuesday afternoon announcing that it had received official information of the detachment of four officers from the British squadron, and that the Russian government has issued strict orders to the squadron to protect all neutral commerce.

**No Danger of Friction.**  
London, Nov. 2.—Negotiations between Great Britain and Russia, looking to a settlement of the North sea affair, are progressing favorably, and there is not the slightest danger of any friction arising between the two governments. The constitution of the international commission under The Hague convention is on the verge of settlement.

## SIEGE OF PORT ARTHUR.

**Bombardment Increases in Effectiveness—Shells Set Fire to Part of City.**

London, Nov. 2.—Japanese official reports regarding the siege of Port Arthur indicate that the attack begun on October 24 was still in progress on October 29, the statement being made that the fire of the besiegers was increasing in effectiveness. A conflagration occurred in the old city and a second conflagration was observed in a factory at the northeast base of Golden hill, which lasted for three hours. Five Russian ships which were being used in clearing mines were also bombed. Three of them were heavily damaged and the other two were set on fire.

Nothing of importance has developed on the Shakhe river, where both sides seem to hesitate to assume the offensive, although the Japanese are the more active in the matter of attacks upon Russian positions.

Shanghai, Oct. 29.—A private letter from Port Arthur dated October 21, received here Friday, says:

"Gen. Stoessel has instilled the garison of the beleaguered fortress with the spirit that to court a glorious death is preferable to capitulation. The Japanese shells are inflicting great damage to the Russian fleet in the harbor, and to the fortifications. The arsenal, with its contents of ammunition and small arms, has been destroyed, and preparations are being made for the last deadly struggle at close quarters. The water supply having been cut off, wells are being sunk. Provisions are scarce. Only tinned meats being left, the soldiers hold gala feasts on horses killed by the shells. Gen. Simonoff, it is said, would surrender, but is overruled by Gen. Stoessel.

St. Petersburg, Oct. 31.—The general staff issued a statement that the number of killed, wounded and missing in the fighting which began October 9, and ended October 18, totaled 800 officers and 45,000 men.

Mukden, Oct. 31.—The attack by the Japanese on the Buddhist temple hill on October 27 led to sharp fighting. The Japanese artillery played on the position from early in the morning, rendering the trenches untenable, shells and shrapnel sweeping everything and demolishing all the shelters. Two machine guns with the battalion defending the hill were smashed and disabled, but the defenders carried off the remains of the guns when they were forced to retire. The Japanese infantry attack under cover of the bombardment was made in close order. There was a desperate hand-to-hand fighting in the trenches, followed by a counter attack with the bayonet. The Japanese finally gained the hill, but were unable to hold it in the face of the deadly Russian artillery fire.

## TIE-UP IS COMPLETE.

**Strike of Hoisting Engineers Stops Work in Coal Mines of Illinois.**

Springvalley, Ill., Nov. 2.—The strike of the hoisting engineers has made 5,000 miners idle in the Springvalley coal field. The engineers will get no support from the miners, who are strongly opposed to their enforced idleness. Efforts are being made to get the engineers to join the mine workers' organization and return to work.

Danville, Ill., Nov. 2.—No mines are in operation here. Three thousand men are idle here as a result of the strike. President Mack Taylor, of the mine hoisting engineers, says the tie-up is complete, excepting about 15 mines over the state which have signed the old scale.

## BRITT LOSES.

**Gans Awarded Decision on a Foul in Fifth Round of Their Fight.**

San Francisco, Nov. 1.—Jimmy Britt, of California, lost the light weight championship of the world Monday night when he fouled Joe Gans. He had sent Gans to his knees in the fifth round, and then, losing his head, gave him a vicious punch, and Referee Graney promptly awarded the decision to Gans on a foul. The same thing had happened in the fourth round. Gans had dropped to his knees to escape a blow that did not land. The house gave vent to its disapproval by tremendous hooting and wildly cheered Britt as he went to the center of the ring.

## To Arbitrate Future Disputes.

Washington, Nov. 2.—Secretary Hay and Ambassador Jusserand Tuesday signed a treaty providing for the settlement by arbitration of any possible dispute between the United States and France. It is drawn on the lines of the Anglo-French arbitration treaty.

Paris, Nov. 2.—The news of the signing of the arbitration treaty between France and the United States in Washington is received here with the warmest expressions of approval.

**Exposition Finances.**  
St. Louis, Nov. 2.—According to a financial statement issued by the Louisiana Purchase Exposition company, covering a period from the opening, April 30, to October 1, there was a balance in the treasury at the latter date of \$841,253.59. The total receipts were \$22,673,721.19 and the total disbursements, \$21,832,467.60.

## Many Lives Lost.

St. Petersburg, Oct. 31.—At a fire following a wedding in the poorer part of St. Petersburg Sunday evening 11 of the guests were burned to death. Five others are missing and it is feared that they also have perished.

## THIRTEEN DIE IN RUSHING WATERS

A RESERVOIR AT WINSTON-SALEM, N. C., BURSTS CAUSING AN AWFUL DISASTER.

### MANY RESIDENCES IN TOWN ARE DESTROYED

Wall Collapses Without Warning and Victims Are Drowned While Asleep in Their Beds—1,500,000 Gallons of Water Released.

Winston-Salem, N. C., Nov. 2.—Thirteen people are known to be dead, with many fatally injured as the result of the bursting of a reservoir at this place early Wednesday morning. One of the brick walls of the reservoir collapsed, burying the home and family of Martin Peoples. A million and a half gallons of water were released, and over a mile of territory was devastated. Thirteen residences were destroyed.

**Partial List of Victims.**  
Following are the identified dead: Mrs. Martin Peoples; Mrs. Southern, aged 75; Miss Nichols; Mrs. John Poe and little daughter; wife of Abe Martin (colored).

Martin Peoples had both legs broken and his son was injured in the back. D. L. Payne, a Greensboro traveling man, is perhaps fatally hurt.

Mayor O. B. Eaton is at the head of a large rescuing party, and search is being made in the debris for possibly additional victims. The greatest excitement prevailed, and the volunteer rescuers are heroically working in the hope of saving many who are known to have been carried down by the rushing water. The colored settlement in the vicinity of the reservoir was entirely wrecked, and the negroes are working diligently with the whites in the search for the missing.

**Cause of Disaster.**  
The cause of the disaster was the overflow of the reservoir, and a thorough investigation will be made in order to ascertain if the negligence of any of the employees at the pump station was responsible for it. The reservoir burst without warning, and the victims were drowned while asleep in their beds. One couple, a negro and his wife, floated on their bed for 500 yards. Neither one was injured.

The water supply of the city is uninterrupted by the accident. The reservoir is located on Trade street, in the thickly-settled portion of the city. The authorities held a meeting in the afternoon to prepare a statement for the public.

**Disastrous Dynamite Explosion.**  
Mount Vernon, N. Y., Nov. 2.—A terrific explosion of dynamite, which occurred here Wednesday, caused injuries to about 40 persons and did damage to property that is estimated at \$100,000. It is feared that one life was lost. An Italian, who was guarding the box containing the dynamite, has not been seen since the explosion and it is believed that he must have been blown to atoms. The box contained 100 pounds of the explosive.

**Japanese Minister Improves.**  
New York, Nov. 2.—The condition of Kogoro Takahira, the Japanese minister, who was operated on for appendicitis last Sunday, was considered very favorable by his physicians Wednesday. The minister was restless at times during the night, but Dr. Bull said that everything was as satisfactory as could possibly be expected.

**Gold for Cuba.**  
New York, Nov. 2.—It was announced Wednesday that the National City bank will on Saturday ship \$2,000,000 in gold coin to Cuba. It is understood a larger shipment will be made next week.

## TEN MINERS KILLED IN FALL FATAL DISASTER OCCURS AT NANTICOKE, PA.

Car Drops 1,700 Feet in Shaft and the Men Not Crushed to Death Are Drowned.

Wilkesbarre, Pa., Nov. 2.—Ten miners were crushed to death or drowned in the Auchincloss shaft of the Delaware, Lackawanna & Western company at Nanticoke Wednesday. The victims, with the exception of one, are said to be Poles and Slavs.

The men had taken their position on the cage to be lowered into the shaft, the total depth of which is 1,700 feet. At the bottom is a sump filled with water. The shaft is a double one with two cages. When the signal was given the engineer to lower the cage, it is said, the engine got beyond the control of the engineer. One of the cages shot upward to the sieve at the top of the shaft and this caused the other cage, carrying the men, to become overbalanced and it fell to the bottom of the shaft. A party of rescuers was organized quickly, but the work of rescue was difficult. The sides of the shaft were torn out by the car in its mad race to the bottom and the foot of the shaft was filled with debris of all kinds. The bodies were horribly mangled. Those that were not killed outright by the fall were drowned in the sump. The officials of the company arrived at the mine in a special car and at once began an investigation as to the cause of the accident.

The cage containing the men had all the safety appliances and it appears that after dropping 1,000 feet the cage caught in the safety fastenings, but it was brought to a stop so suddenly that the bottom dropped out and the men fell out and landed in the sump, a distance of 700 feet further down the shaft.

### Must Pay His Assessment.

St. Louis, Nov. 2.—The St. Louis court of appeals sustained a decision which was rendered by Circuit Judge Sale last June awarding the Louisiana Purchase Exposition company a judgment against Andrew Kunzel for \$1,350 and interest, the whole amounting to \$1,501.25, the balance on his subscription of \$1,500 to the world's fair, upon which he paid one assessment of ten per cent. Clinton Rowell, one of the attorneys for the fair, claims that the opinion decides that \$275,000 in delinquent subscriptions must be paid.

### Sequel to Shooting.

Ann Arbor, Mich., Nov. 2.—A tragic sequel to a Halloween shooting occurred here Wednesday when William Copeland, a contractor, took poison and died. Halloween night Mr. Copeland discharged his shotgun at a party of boys who had rattled his fence. Alex Schlups received the charge of shot in his back, and Tuesday court proceedings were begun against Mr. Copeland as a result of the shooting. The matter preyed on his mind so much that he committed suicide.

### Lumber from Canada.

Bay City, Mich., Nov. 2.—Lumber receipts from Canada during October totaled 15,200,000 feet, the aggregate for the season being 87,600,000 feet, somewhat less than last year. The receipts of saw logs from northern Michigan, however, have increased greatly this season over last year, the Mackinaw division of the Michigan Central railroad bringing 150,000,000 feet this season, against 110,000,000 feet last season. Many million feet are still to come.

### Vesuvius Is Shaken.

Naples, Nov. 2.—The cone of the crater of Mount Vesuvius, which formed during the late eruption, fell into the crater Tuesday with a tremendous roar. There immediately issued explosions that shook the whole mountain, followed by the emission of an immense black column, which gradually spread, falling in the form of ashes over the surrounding country within a radius of 25 miles. The disturbance lasted but a short time.

Don. E. Minor of Grand Rapids appeared for the plaintiffs and Chas. H. McBride for the defendants.

Congressman William Alden Smith has succeeded in having the secretary of agriculture include in the estimates for the support of the weather bureau for the coming year an amount sufficient to re-establish the station at Grand Haven. This means that the weather bureau will locate a full meteorological station at Grand Haven and issue a daily weather map there as formerly and that a new and more complete installation will be put in and that a more complete set of reports will be published.

Four cars packed with a crowd that made standing room a farce were run to Grand Rapids last night under the auspices of the Holland Republican club. The excursion was run to hear Hon. Leslie M. Shaw secretary of the treasury, who spoke at a rally at the auditorium, and all who went were well repaid by the brilliant speech of Mr. Shaw. A delightful incident of the rally was the singing of the Holland Republican club quartet.

Chairman Swartout, after the Grand Rapids quartet had sung two songs, announced that Holland Republicans were present 600 strong, that they had their quartet with them and that he would be pleased to have the quartet arise in their places and sing. Thereupon the quartet, consisting of Capt. Austin Harrington, John A. Kooyers, Wm. A. Holley and Irving Garvink, arose in the gallery and sang. This pleased the crowd immensely and the applause was so vigorous that the quartet had to respond to the encore with another selection. They received the ovation of the evening. To-night the quartet will sing at a rally in Jenison.

While here he visited Hope College and Van Raalte Hall and was much impressed with Holland and its institutions.

Predictions are the order of the day. Some say Roosevelt will be elected, some say Parker will be given the preference, but on one point all are agreed, and that is that Jas. A. A visit to this store will show that selections can be made from an extensive stock, and when you make inquiries about the prices you find that they are very reasonable, so reasonable in fact that heavy purchases are a natural sequence to a visit. Try it and have it proven to you that these visits are a source of profit.

### Buy Tickets Early For Diekema Excursion.

All those who intend to go to Grand Haven Monday evening on the Pere Marquette excursion, which will be given for the accommodation of those who desire to hear G. J. Diekema make the closing speech of the campaign, should buy their tickets early, for if they buy early the company will have an idea how many are going and will place enough cars at the disposal of the committee. If the tickets are bought before Monday noon all who go will have a chance to obtain seats and there will be no standing up.

It is expected that a large crowd will attend. And the attendance should be large as a tribute to Mr. Diekema's standing in the community and to the magnificent work he is doing as chairman of the republican state central committee.

### Rural Wit's Triumph.

Occasionally, the smart city man who endeavors to be witty with the ruralites he passes finds that the laugh is on himself. A party of New-York actors were spending their vacation the last summer at a cottage near Kennebunkport, Maine.

They took up sailing with all the enthusiasm of the amateur, and had become sufficiently expert to trust themselves upon their small sloop without a skipper to guide them. In this happy state they drifted up the small river that empties into the ocean near their cottage under a gentle breeze. One of them caught sight of a bucolic-looking native watching them with interest from the shore.

"Howdy do, Henney?" the New York thespian sang out. "Feeling purty well?"

"Middlin' good," was the reply. "Crops good, I hope?" pursued the Broadway favorite. "How are turnips?"

"Wal, mister," was the discouraging reply, "we don't plant 'em wrong side up, ez you have got your jib set."

### Los Angeles California.

To the many friends and neighbors that read the Holland City News:

We arrived at our destination a week ago to day. We were fourteen hours late when we arrived in Los Angeles on account of the washout which visited Colorado and New Mexico about two weeks ago. Trinidad, Colorado, was the most damaged of any place along the route. Before the washout it presented about the finest depot of any place along our route and after the washout it was only a pile of rubbish. Many places that we came over, the track was just temporarily laid. Our train was the second that had come over the road since the washout and as it was loaded so heavy at times it would just move, but no accidents happened along the route that we heard of.

This is a fine country, it is as warm now as it was any time in Michigan last summer.

Los Angeles is also quite a place. Bud and mother are getting along fine and are enjoying themselves to the greatest extent.

We close with best wishes to the many friends and neighbors. From Bud and Nellie Smith Bakersfield, Kern Co.

A piano duet by the Misses Grace Browning and Hazel Wing was the opening number, followed by Burns' poem, "Hallow'een," read by Prof. Boers. The Holland Junior Independents will play the Grand Haven Independents on the local gridiron Saturday afternoon. The Grand Haven team greatly outweighs the Juniors but what the boys lack in weight they expect to make up in fast playing. The result of the game looks good for Holland as the Grand Haven team was only able to defeat the 2nd team of the Grand Rapids High school by the score of 10 to 0 and Holland played Grand Rapids to a stand still last Saturday. The boys have somewhat strengthened since Saturday's game by the addition of Zalsman on the line and some other minor changes in the back field. The game will be called at 2:30 sharp, and 15c admission will be charged on the grounds.

The bazaar and supper to be held on the 18th in the spacious parlors of Hope church, by the Ladies Aid Society, should be liberally patronized by all who are in search of useful and beautiful Christmas remembrances for their friends. There will be a variety of these articles, at prices to suit the fancies and finances of all purchasers. The arrangements for this affair are being made on an entirely novel plan, and the supper which will be served at the usual hours at the nominal price of 25cts, will afford a good substantial repast and an opportunity for a pleasant social time under highly favorable auspices. Come out, meet your friends and add your mite to the fund for church improvements. A cordial invitation is extended to all.
