## Rezoning Of River Ave. Is Disapproved

ALDERMEN BACK ZONING BOARD 7 TO 4

Attorney Lokker Defends Zoning Board. Attorney Van Duren Seeks Commercialization of River Ave.

The Common Council again had the rezoning of River Ave. to contend with. It will be remembered that two weeks ago a hearing was held when many of the zoning board were present and Att. Arthur Van Duren appeared for some of the property owners who favored rezoning. After the discussion the aldermen decided to refer the matter back to the zoning board who wish to give the rezoning of River Ave. further consideration in order to ascertain whether or not there are changed conditions since the time the request of rezoning came up before some years ago. The matter was to come up at this meeting and in an exhaustive communication to the Common Council covering all points. The zoning board rejected the request of the applicants subject to the approval of the Common Council. This communication will be found in full in this column together with the signatures of the zoning board.

Clarence Lokker appeared in behalf of the zoning board and the property owners who did not wish to have River Avenue rezoned. He said that the men on the board were not planning for the individual but their plans were for the good of the entire city. He said that ten years ago this board was established for a reason, namely that such building or building restrictions as the case may be were fostered in behalf of a city beautiful. He stated that by restricting certain buildings on the outlying districts of a street had a tendency of building better buildings in the areas downtown where commercial buildings belong. Building finer buildings further out means that the old buildings downtown will remain. He pointed out that the State Fire Marshal has long since condemned certain downtown buildings which should be replaced with better structures. Many of these are now fire hazards and a detriment to better property next door. To give a concrete example, Att. Lokker said that John Knapp had repeatedly been refused to build a stone structure on River Ave. and 15th St.; failing in this he at last came downtown, cleaning out the entire rookery district across from the City Hall and built a commodious service station which is a credit to the surroundings. Had he been allowed to build on 15th St. the row of shacks on 11th St. and River Ave. would still be there. He stated that if you do not follow the zoning board's request, there is no use of having a zoning board since their planning and their decisions would carry no weight and with a free hand, unrestricted, the parlors of certain homes would be turned into hat shops, or cheap gas stations and they would deteriorate in some cases to hot-dog stands. Insurance rates would jump from \$4.00 to \$13.00 per thousand and to all neighbors adjacent to such property that surely would be unjust. He mentioned one man who had an \$8,000 in a house on River Ave. and under the rezoning there surely would be a service station within a few feet of this home. That would work an unfair hardship.

Mr. Lokker mentioned that according to foot-frontage the majority of the property owners between 12th and 17th St. were opposed to rezoning, but these were not the only ones to be considered. The percentage of citizens who own property adjacent to River Ave. should also be considered and many of these were opposed to any such more. "If there is no reason for a change," Mr. Lokker said, "and you go ahead without the board's consideration, you will destroy the usefulness of this body."

Att. Arthur Van Duren who was asking for the rezoning, stated that he covered the paramount reasons for rezoning in the Holland City News at the time. He stated that the zoning board pointed out that their opposition to rezoning was to keep the highway beautified. He stated that he and those he represented also believed in that. He pointed out that if that is the case it should not have opened ten blocks of this thoroughfare on Michigan Ave. for commercial purposes. Esthetic beauty should also apply here instead of a pernicious line of oil stations and other contemplated commercial enterprises.

"Buildings for commercial purposes are asked further down River Ave. for the reason that for certain types of business, downtown property would be prohibitive in price and many must have rents at reasonable figures or the commercial enterprises would not pay. There must be places for business at a more reasonable figure. I feel that citizens have that right; not having that right, it is a detriment to the city as a whole because of going into business. I realize that there is some property that is bound to suffer to some extent but if such matters were taken into consideration always, it would stop progress."

Mr. Van Duren pointed out that street conditions changed; first the street car brought a commercial aspect on 15th St. River Ave. north; then 17th St. became US-31 entering the city from the south changing conditions still further and I believe demands the opening of River Ave. from 12th to 17th St. because of the uninterrupted traffic now going over the full length of that thoroughfare. It is only fair to the property

## ELECTION COINCIDENCE IN PORT SHELTON WHERE SALLY NASH LIVES

Four years ago Roosevelt received 101 votes, Hoover 46; Tuesday Roosevelt received 102 votes, Landon 45. Apparently no one died, no one moved away, everybody was registered and Sally changed one vote from the Republican ranks to the Democratic column.

## FIFTY YEARS AGO FEATURE TO BE CONTINUED NEXT WEEK

Last week's issue of the News gave a resume of early elections from Lincoln's day to the present time making comparisons between methods of yesterday and now also giving a picture of River Ave. and 8th St. during the Civil War. This week through the article relating to Mrs. Arends, who died at 101 years, we give another historic review. Because of these two historic articles and not to make the News too heavy historically, we precluded the 50 year ago feature for these two issues. The feature will surely appear again next week. Look for it, for it is going to be interesting.

## COUNCIL NOTES

Mayor Geerlings opened the meeting with prayer.

Inspectors have gone over the boilers in the City Hall and found them "O. K." for the coming winter.

Alleys seem to be a thing of the past. Petitions were brought in by property owners on West 21st and West 22nd St. between Van Raalte and Harrison Ave. asking that the alleys be discontinued and closed. A petition was also presented by property owners on 17th and 18th St. West of Columbia Ave. asking that those alleys be closed. There is to be a hearing on both of these matters.

A license was granted to "Chuck" Van Lente to run a stand near the Sugar Mill for the convenience of the employees.

Alderman Vander Lune asked that a light be placed on 29th St. between Michigan and Central Ave.

City inspector, Ben Wiersma gave a lengthy report of the work he has performed in the way of inspections and one item in particular indicates that he has tackled up twenty-four placards for quarantine for different purposes.

The American Legion band is planning a series of three winter concerts. The first will be given the first week in December. Harold Karsten is president and Eugene Heeter, director.

ty owners, he contended.

On a motion of Martin Oudemool, supported by Alderman Ben Steffens the report of the board of appeal not to rezone River Ave. was upheld.

Favoring the motion were Aldermen Henry Prins, Jacob Vande Lune, James Drinkwater, Martin Oudemool, Ben Steffens, George Damsen, and John Vogelzang. Voting against it were Aldermen Cornelius Kalkman, Peter Huyser, Jacob Bultman and Frank Smith. Alderman Neil De Cook was absent.

The communication of the board of appeals, or in other words the zoning board, follows below:

November 5th, 1936. The Honorable Mayor and Members of the Common Council, Gentlemen: The application presented to your Common Council asking for the rezoning of property along River Avenue from 12th Street to 17th Street was referred to the Board of Appeals, with the request that we report back to the Council at the November 4th meeting. The Appeal Board accordingly had a meeting on October 26th, at which all members were present, and studied the matter as thoroughly as possible.

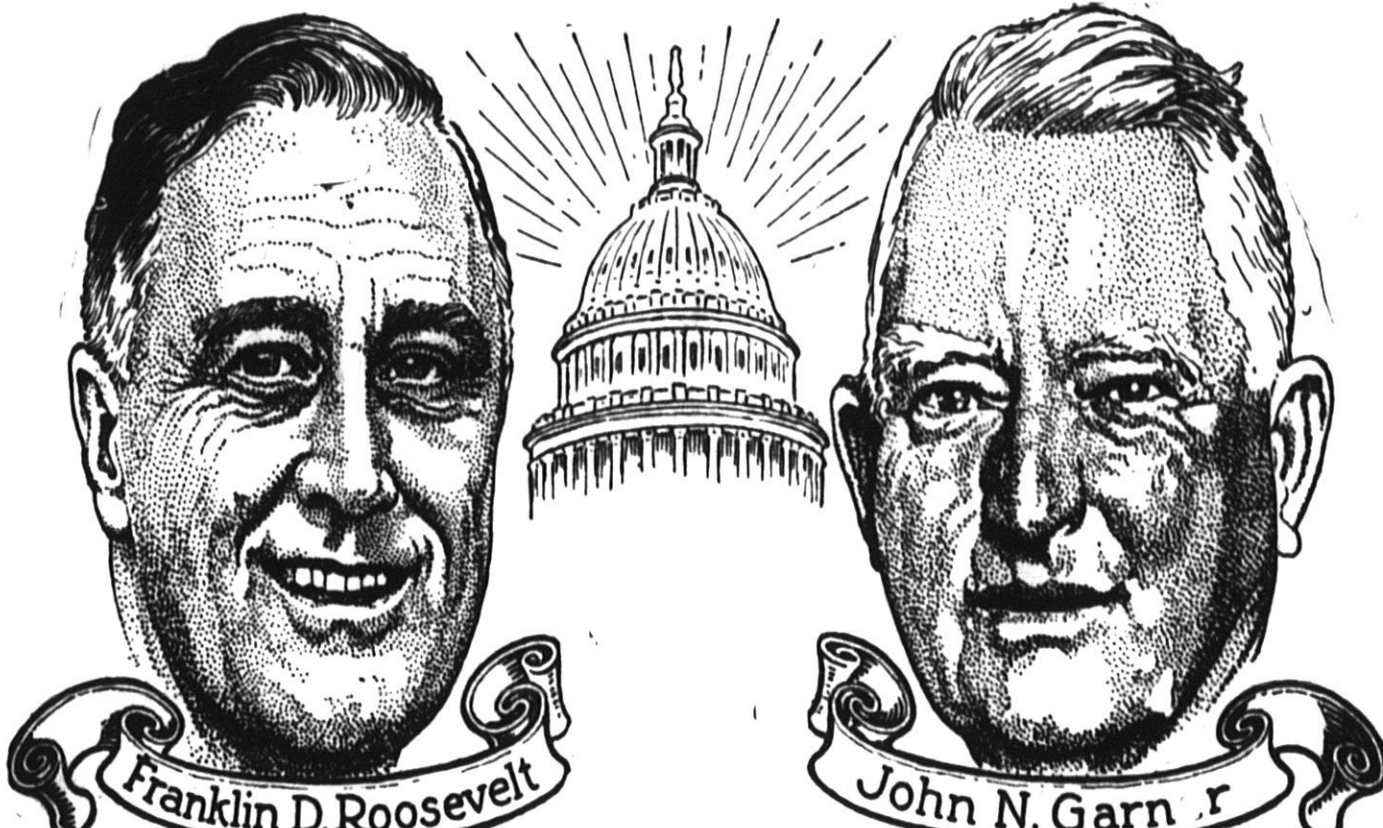

This application has been answered on previous occasions and it has been denied by the members of your honorable body. We presume that the purpose in submitting it for consideration now is to ascertain whether the underlying conditions have changed sufficiently to reverse the former decisions.

May we not take this opportunity of reviewing the important facts in connection with city planning and zoning? You will recall that our city administration took steps over ten years ago to join in with the new intelligent and wise movement of cities, to plan cities and villages so they might develop in a sane and sensible manner. The Board that was selected to study this nation-wide movement and the needs of our city and to draft an ordinance was composed of men of high integrity. These men and the Board of Appeals which succeeded it, always had in mind that all zones in the city should be so planned that the interest of the city as a whole would be paramount consideration, and personal or group advantages were secondary. It was after months and months of study and many nights spent in committee work and in comparing zoning ordinances from many other cities that the plan of Holland was developed. From the beginning the various zones were planned to serve without radical change until the city had grown up to at least thirty thousand. The zoning Board had in mind not only what would be best for business, but what would add to the beauty of the city.

It is an admitted fact that our ordinance is a good ordinance, and that the locations of the various zones are in the best of the various

## Oldest Holland Lady, 101, Passes; Was Tulip Guest

FAMILY ONCE LIVED IN BURIED CITY OF SINGAPORE; SAW CHURCH WITH "BIG PILLERS" BUILT

Mrs. Emma Arends Remembered When Land was Bought Here for 50 Cents Per Acre

Death stalks even where life is given in the fullest measure. This is the case of Mrs. Emma Arends, who lived to be 101 years, 9 months and 3 days old.

Mrs. Arends has lived at 25 E. 10th St. for some years and was being cared for by a lady who was sent by the church where she worshipped, namely the Central Avenue Christian Reformed Church.

Mrs. Arends died Saturday evening and the funeral took place yesterday.

Despite the fact that Mrs. Arends two years ago lost her daughter, Nellie Arends, an invalid who lived with her at her home she remained in comparatively good health until about six months ago when she began to fail rapidly and death came Saturday evening.

Mrs. Arends had a remarkable memory for a woman of her age, being able to give the history of her life and her experiences quite minutely. She, until recently, remembered many lessons taught her in youth and could quote many psalms and passages from the Scripture, as she often did.

When the fine old lady reached her "five score" or rather her century milestone in life's course, nearly two years ago, she was in a reminiscent frame of mind and related to a representative of the Holland City News many interesting incidents that occurred in her life.

Mrs. Arends could picture Holland and its environs practically from its beginning, through the pioneer stage, the plank and corduroy roads, the ox team, the stage, the first railroad, followed by interurbans until the present age of automobiles and aircraft. She came with candle light, witnessed the advent of the then wonderful kerosene lamp and has seen the evolution of illumination through to the electricity stage of the present day.

She saw Holland's streets dimly lighted with kerosene lamps, stuck up on poles, "evolving" into the present beautiful boulevard light arrangement.

She came to Holland before the telephone was invented and has witnessed the period of communication by one person to another via the pressing of a button through a telephone exchange system. A radio to her was still one of the "seven wonders of the earth," and to her bordered on the uncanny.

During these 101 years Emma Arends had seen, experienced, and lived many things. In a graphic recital to the News representative she, in a word picture, martialed in kaleidoscopic review an inventory as it were, of America's development, covering the period of a century--a period of greater progress than any development before that time since the earth began. She enlarged on her story by

## TAKES A "PIN BOY" TO SHOW THEM HOW

It took a "pin boy" last Thursday to do what all the bowlers in Zeeland have been trying to do for seven years--achieve the bowler's dream of a 300 or perfect game. Harvey Kouw, son of Mr. and Mrs. Henry Kouw, Pine St., Zeeland, a pin-setter at Recreation Alleys, was the first person to roll a perfect score in Zeeland since the establishment of the game in 1929. Because the record was made in "open" bowling and not in recognized sanctioned play, Kouw will receive no official recognition from the American Bowling Congress, but the pleasure of rolling the first 300 game in Zeeland belongs to him nevertheless.

## OLD FOUNDRY IS OPENED AT LAST

The old foundry on East 8th St. near the Allegan P. M. track will be open in a few weeks with a payroll of 50 to 75 employees. This was the announcement of William M. Connelly, Director of the Chamber of Commerce, who with Attorneys Lokker and Den Herder, closed the deal today.

A new corporation is being formed, headed by James G. Garrard and his son, Arthur J. Garrard, of Muskegon and J. Frank Duffy of the Duffy Manufacturing company.

James Garrard was formerly of the West Michigan Steel Foundry in Muskegon.

The plant is being remodeled and workmen are already on the job. The Common Council last night on the motion of Alderman Ben Steffens, made provision for \$1,000 extra in the budget to meet back taxes on the factory building. The city is to get that back under an agreement whereby the firm fulfills certain stipulations as to payroll requirements. The volume of pay enters in. The motion to enter the \$1,000 item next year was concurred in unanimously by the Common Council.

## ONLY ONE AMENDMENT CARRIES IN HOLLAND

There were four Constitutional amendments to be voted on. These have been thoroughly discussed and the Holland City News readers know their contents. Only one amendment passed, namely number 1. The results of the city votes were as follows: No. 2107; Yes, 3128.

The vote on the rest of the amendments were all "No" as follows. Amendment number 2: Yes, 2239; No, 2791. Number 3: Yes, 1504; No, 4075. Number 4: Yes, 1077; No, 4308.

The amendments were all badly beaten in Ottawa County and throughout the state.

## BARBER ARRANGED IN HOLLAND FIGHT

Jack Knoll, Holland barber, was assigned, Wednesday afternoon, before Justice Raymond Smith on a charge of assault with a dangerous weapon. Knoll was arrested, Tuesday night, by Officer James Spruit in connection with the alleged stabbing of Neil Riemersma, 25, of Holland, with a pair of scissors. The point of the scissors penetrated Riemersma's left lung just below the heart. He was rushed to the hospital after stumbling to a physician for aid. The quarrel, which Knoll told officials was of a personal nature, occurred in the back room of a barber shop. Knoll maintained that he was not at fault. Hospital authorities reported Riemersma in an improved condition.

Knoll demanded examination which was set for Nov. 10, and was held upon failure to furnish bond of \$5,000.

Mrs. Mary Schaap, of Holland, was the guest of honor at a surprise party, Monday afternoon, at the home of Mrs. Kate Veneklasen. Hostesses were Miss Jennie Prakken, Mrs. A. Borgman, Mrs. D. J. Te Roller and Mrs. Veneklasen. About 20 women were present. Mrs. Schaap is leaving Holland the middle of this month to spend the winter with her daughters in California.

## CHEST CLINIC NEXT TUES.

The monthly free chest clinic will be held on Tuesday, November 10, from 1 to 4 o'clock in the old hospital annex on 12th and Central Ave. Dr. J. H. Bartlett of Muskegon and Miss Alma Koertge, local city nurse, will be in charge. Children should be accompanied by their parents or guardian.

## HOLLAND FURNACE CO. PAYS \$1 PER SHARE DIVIDEND

At a special meeting of the Board of Directors of the Holland Furnace Company held today, a dividend of \$1 per share on the total outstanding no par common stock, amounting to 426,397 shares, was declared, payable to stockholders of record at the close of business, November 18, 1936 to be paid November 27, 1936. This is the first dividend on common stock since July 1, 1932.

Net income for the year ending September 30, 1936 amounted to \$1,204,224, after all charges including federal taxes, compared with net income of \$696,305 for the year ending September 30, 1935 or a gain of 73 per cent. Dividends on the preferred stock are being paid quarterly.

In reference to the future policy of the company, T. Cheff, vice president and general manager, said: "With continued improvement in our business and the federal surtax on undistributed earnings to consider, it is probable that an extra dividend will be paid on the common stock in December--in fact the directors intend to continue to pay dividends consistent with our increasing earnings which are the best since 1930."

## HAMILTON WILL RE-DEDICATE COMMUNITY HOUSE

On Wednesday, November 11, Armistice Day, our neighbor Hamilton will re-dedicate the fine community house as it were. A suitable program is being arranged for and everyone is invited.

Some ten years ago agitation started to build such a building as a civic center. The building cost approximately \$20,000 and it certainly has been a convenience as well as a community pride. The building has done great service, hundreds of meetings are held each year of a public nature and even the school next door utilizes the building for class exercises, school plays, and commencement exercises. It also serves as a public forum whenever the occasion demands. The community hall is the center of attraction for all public functions. It is an asset to thriving Hamilton and it goes without saying that everybody is welcome on Armistice evening to listen to the program that will not only be appropriate but diversified and pleasing.

## BOY SCOUT DRIVE IS NOW ON

A drive is being made for a quota of \$2,500 to support the Boy Scout movement. A large committee is busy today comprised of 100 men and women who are calling on different citizens in order that this amount may be raised quickly.

There are 13 scout units of Holland comprising a membership of 300 boys engaged in a program. Citizenship Training and Character Building. These 100 men and women are giving of their time freely as well as of their money and the purpose is in behalf of our much beloved children--our boys.

Rev. Henry Te Keurst is chairman; Prof. E. Paul McLean is the financial chairman and John De Wilde is district chairman. M. P. Russell is secretary.

The Saugatuck high school is holding a carnival at the auditorium this Friday night, sponsored by several high school organizations. There will be boxing matches, stage acts, side shows and the crowning of the carnival queen.

Mrs. Fran Lepo, of Northshore drive, is improving at Holland hospital where she submitted to an operation.

Mrs. R. Rosie and children have left for Manitou Island where Mr. Rosie is assistant lighthouse keeper.

## Election Notes

Double tables, tabulating state and county votes are found on next page of this issue.

We are wondering if a recount will be demanded in Vermont and Maine.

Two Holland wards went Democratic at Tuesday's election, one the "Bloody First" giving Roosevelt 528 and Landon 489. The second ward has always been considered a Democratic ward if there were any in this city. This time Roosevelt received 194 and Landon 99. It shows too that voters know how to split since Frank Van Etta, nominee for sheriff on the Republican ticket, received 206 and Walter Lehman, Democrat 99. This is Frank's ward and folks of all parties think a great deal of him there.

Results from Zeeland city, and Polkton, Spring Lake, Tallmadge and Zeeland townships showed a majority opposition to all four of the amendments, while Holland township favored the first amendment, but voted against the other three. In some instances No. 3 and No. 4 were swamped by a 10 to 1 vote.

Although Holland has a record for voting, Zeeland voters went to the polls in numbers greater than in 1932. A total of 1,284 votes was cast there Tuesday as compared with the 1,260 votes cast four years ago. There were 1,620 registered voters, with 77 absent voters. The straight Democratic vote was 295. It was 169 in 1932.

All four of the proposals to amend the state constitution, submitted at the general election Tuesday, lost in Grand Haven.

Of the 24 Republican aspirants for 22 offices on the general election ballot Tuesday, not a single one received a majority in Grand Haven, and in most instances the Democratic ratio was 5 to 4. The vote on Grand Haven is found in the tabulation on the next page.

Spring Lake township cast a Democratic majority for two offices, one by the narrow margin of one vote when Spriterna nosed out Den Herder 583 to 582, and the other when Walter Hamlen polled 646 votes for sheriff to Van Etta's 539. A larger number of Republican majorities was recorded in spite of the fact that 414 straight Democratic ballots were issued to 405 straight Republican.

Robinson township cast a heavy Democratic vote the ratio being approximately 10 to 3. Grand Haven township also cast a heavy Democratic vote the largest being 347 to 71 for the office of sheriff.

United States Senator Arthur H. Vandenberg, who campaigned vigorously in behalf of Governor Alfred M. Landon, said today that he congratulated President Roosevelt upon his "renewed opportunity for public service."

"The greatest campaigner of modern times has capitalized on an irresistible personality and an irresistible appeal" the senator said.

"I salute the winner and I join in well wishes and congratulations to President Roosevelt for his renewed opportunity for public service."

## BOARD OF PUBLIC WORKS IS HOLLAND'S SANTA CLAUS

The Board of Public Works of the City of Holland was given a rising vote of thanks by the Common Council and Mayor Geerlings made some very kindly comments about the men who manage this enterprise on the Board giving freely and unselfishly of their time. They are backed by an able staff, all anxious and willing to make our municipal light, power and water plant not only an efficient but a financial success.

The Board asked the Common Council last evening their approval to invest \$150,000 of their earnings in government bonds or securities that are absolutely safe. Securities that are available immediately should need for the money being necessary. They were granted their request.

The Board did something else--they canceled a large debt of money that was advanced when we were in the depth of depression and had to take care of the hungry and needy.

The board Tuesday canceled a debt of \$163,975.10 owed by the city of Holland. A committee composed of Mayor Henry Geerlings, Clerk Oscar Peterson and Attorney E. Parsons and members of the council met with the board of public works.

Cancellation of the debt does not affect the cash balance of the board, according to Charles Vos, assistant superintendent.

The total contribution of the board of public works to the city since 1923 will exceed \$1,000,000 by the end of the present year. The amount donated so far totals \$940,638.44. A sum of \$60,000 is to be contributed yet this year.

The debt canceled includes a \$38,365 loan for street improvement, \$48,844.65 owed to the electric department and \$78,765.45 owed the water department.

Contributions to the city by the board for the last 12 years have averaged \$62,116.94 per year, it is pointed out in the board's annual report.

## Large Vote Is Cast In City On Tuesday

LANDON AND KNOX CARRY HOLLAND; SPIETSMAN, DEM. FAVORED HERE

Largest Registration and Largest Vote Ever Cast in Holland

Despite a cold and dreary looking day, Holland and Ottawa County voters went to the polls to cast their ballots. Following the advice given through the local press, voters came out early and the vote, although large, was well distributed throughout the day. The manufacturers of the city also co-operated in the hours in which employees were given to go to the polls to vote. These hours were also distributed in such a way that all voters did not come at once. The election was well arranged which not only convenience the voter, but aided the election inspectors. The vote was the largest ever cast in the city, the total being 6,140, although not nearly the registered vote of 7,780.

Despite the Democratic landslide which prevailed throughout the nation including the usual Republican state of Michigan, Holland went Republican for the head of the ticket by a clean majority. It gave majorities to all the Republican state officials from governor down.

It was the vote that Holland gave Congressman Mapes that fully assured his re-election despite the fact that his own city had defeated him. The precincts outside of Grand Rapids, the precincts in Ottawa County and the vote in Holland assured Mr. Mapes a majority of approximately 1,000. Grand Haven going Democratic by a large vote also gave McAllister the opponent of Mapes, a large majority. The entire Ottawa County Republican ticket was elected by a big vote. Holland contributing tremendous votes especially to its own citizens, including Judge Cora Vande Water, Prosecutor John Dethmers, Sheriff Frank Van Etta, Representative Nelson Miles, Circuit Court Commissioner Thomas Mahan, Coroner "Gil" Vande Water and Drain Commissioner, Fred Van Wieren. The only candidate on the Democratic ticket to receive a majority in Holland was Nick Spriterna, nominee for treasurer, who at one time was treasurer of the City of Holland.

Ed. Brouwer, former Representative, nominee on the Republican ticket for State Senator, defeated Earnest C. Brooks in Holland and in Ottawa County, but his majority was offset by the Democratic majority for Brooks in Grand Haven and in Muskegon which more than dissipated the lead that Mr. Brouwer had received in Ottawa County and he concedes the election of Holland's former mayor.

The amendments, with the exception of number one, were all defeated by large majorities. Amendments 3 and 4 especially were smothered with "no" votes and this prevails throughout the State of Michigan.

A full tabulation in two tables is given on the next page of national, state and county vote including every precinct. This resume of election gives the correct totals of all the candidates and also includes the complete Holland vote.

Republican county officers stemmed the tide of Democratic votes in Ottawa county when all but one county officer was re-elected, according to the unofficial returns. John Den Herder, county treasurer, was the only one defeated by the narrow majority of 117 by Nicholas Spriterna, Holland, a former city treasurer of this city. Spriterna polled a nearly two to one vote in Grand Haven. He received 2322 votes to Den Herder's 1326. In the townships, especially in the southern end of the county, Den Herder was in the lead but this failed to counteract the tremendous lead which Spriterna received in Grand Haven.

When asked today whether he would demand a recount, Mr. Den Herder said he would make no statement at this time. He is serving his ninth term as county treasurer or 18 years.

William Wilds, county clerk, was reelected on the Republican ticket with 12,331 votes defeating Herman H. Bittner, Holland, who received 8003 votes. Wilds and Fred Van Wieren, county drain commissioner, ran ahead of their tickets both receiving over 12,000 votes, the only two county officers to get into that column.

The race for the sheriff's office was a neck and neck one until Holland began to roll in a heavy vote for Van Etta, who has been a member of the Holland police force. In one precinct in Holland he received 1,000 votes, which was the only candidate on the entire ticket that polled a vote in a precinct reaching to the thousand mark. Mr. Van Etta was the only Republican candidate that had not previously held office. He became a candidate following the primary election when he defeated Sheriff Ben Rosema by the narrow margin of 99 votes. Mr. Van Etta had sought nomination on the Republican ticket several times before he became successful.

Judge Cora Vande Water, seeking a second term, was re-elected.

A toy balloon, inflated with illuminating gas, belonging to George Christman of Spring Lake, was found by a Canadian fisherman 450 miles away on Lake Erie. Christman, a student of physics at the Grand Haven high school, had attached a tag to the balloon before he released it indicating the sender and asking the finder to notify him. He was notified after an interval of three weeks.

The Parent-Teachers' association of Gibson school will meet Friday evening.

A regional meeting of the Michigan Association of Insurance Agents is being held in Warm Springs, Tenn., Thursday. Agents from Holland, Muskegon, Zeeland, Grand Rapids, Saugatuck, Kalamazoo, South Haven and Grand Haven will attend.

One of the major industrial building projects of Holland and vicinity is the \$7000 addition being made at the Smith Chemical company, located on the North side. The addition itself measures 14 by 118 feet and will be divided into bins for the storage of the various fertilizers. The steel beams have already been placed and the job will be completed in about four weeks, according to Dick Miles, manager. The plant will have an increased tonnage capacity of about 2,000 tons. The Holland unit is one of four in the Smith company, which maintains headquarters at Columbus, O. The plant was formed in 1924 as the Van's Chemical company. It consolidated with the Smith company three years ago. Mr. Miles who started with the first company, continued with the new organization. The plant has a capacity of 10,000 tons a day. Mr. Miles said, and the company ships 350 carloads of fertilizer in a year, most of it being shipped in the spring and fall. The various building projects under way in Grand Haven and surrounding area including Spring Lake are estimated at \$30,000. The Wolverine Press Steel company, a new corporation, will manufacture metal stampings in one section of the former Challenge Refrigerator company plant in Grand Haven. Richard C. Luce of Spring Lake, is president of the company and J. T. Follen of Chicago in charge of production. A \$5,000 residence is being constructed in Grand Haven and a \$10,000 house is being built at Spring Lake for former Chicago residents.

Members and guests of the Woman's Literary club heard the stirring tale of adventure and hardship experienced during a 3,600-mile journey across the arctic wastes of North America told by David Irwin, explorer, author and adventurer, of Grand Rapids. Tuesday afternoon, on the occasion of the annual fall guest day of the club, Mr. Irwin is now recognized as one of the world's great explorers. As a boy he was fond of travel and adventure and he related how his desire finally led him to Alaska and northern points in Canada. He told how he learned to trap and fish and how he joined the expedition of Andrew Bahr, who was driving a herd of reindeer from Siberia and how he was turned out alone to shift for himself with nothing but a pack on his back. Another tale pictured the struggle for existence when the Arctic night descended and how he nearly died of starvation and cold. Mr. Irwin showed moving pictures of the barren country through which he passed in the north, and the habits of the Eskimos. He showed the deer-skin coat and sleeping bag he used throughout his journey. Mrs. Charles K. Van Duren presided at the meeting and welcomed guests. Following the lecture, tea was served in the club tearoom by Mrs. B. P. Donnelly, Mrs. D. S. O'Meara and their committee. The meeting next Tuesday will feature a talk by the Hon. L. C. Hughes-Hallett, his Britannic Majesty's consul and dean of the Detroit Consular Corps. His subject will be, "Consular Experiences Here and There." Mrs. Hughes-Hallett, musician and writer, also will attend the meeting and speak a few words.

Mrs. Boerman was presented with an occasional chair. Guests at the party were from Allegan, Hamilton, Hopkins and Holland. A two-course lunch was served.

Bill De Witt, who is in charge of the Warm Fritt Tavern club, underwent an emergency appendectomy at Holland hospital, Wednesday night. His condition is reported to be favorable.

Mrs. J. Nieboer of Olive Center underwent an operation, at Zeeland hospital.

Twenty-five were present at a meeting of Mrs. Boyce's circle of the First Methodist Aid Society which met at the home of Mrs. Stanley Elferdink, in Central Park, Wednesday afternoon. After the business meeting all joined in sewing a quilt. Refreshments were served by Mrs. Elferdink assisted by Mrs. Clara St. John and Mrs. Clara Elferdink.

Members of the Builder's class of the First Methodist church gave a Halloween party for their husbands at the home of Mr. and Mrs. Charles Scott on the north side. A feature of the evening was a treasure hunt through Scott's woods. Treasures were found by Mrs. Lois McCormick, Alfred Pratt and Clarence Nies. Other games were played with prizes going to Mrs. Elizabeth Miles, Clarence Nies and John Kruid. Refreshments were served by Mrs. Scott, Mrs. Velma Nies and Mrs. Johanna Van Oort. Twenty guests were present.

A thank offering meeting was held by the Women's Missionary Society of Trinity Reformed church in the church parlors, Wednesday. Eighty ladies were present. Mrs. H. D. Ter Keurst presided over the business session. The program was in charge of Mrs. W. G. Kooyers, who introduced the speaker of the afternoon, Miss Mary Loew, who has spent seven years in Northern Rhodesia, Africa, in the Lees Memorial mission. Miss Loew gave an interesting talk and presented several slides illustrating the missionary work done in that country. Virgil Beld, a Hope college student sang two appropriate vocal selections accompanied by Mrs. Ter Keurst. A splendid offering was received for missions. Refreshments were served by Mrs. G. Schurman and her committee.

The Parent-Teachers' association of Harrington school will hold a regular meeting Friday evening, at 7:30 o'clock. Arrangements for a program have been made by Ben Tinholt, Lester Knoll and Simon Beckfort, which will include community singing, invocation by the Rev. F. J. Van Dyk, accordion solo by Ethel Brandt, music by Mr. and Mrs. Jim Berkel, reading by Lois Tinholt, piano solo, by Alvin Schutmaat; playlet, "Dumb As a Door Knob," by Mrs. J. Harnhorn and Miss Marie Harthorn; selections by a quartet composed of Mrs. Joe Wiersma, Mrs. Blaine Timmer, Mrs. Harold Driscoll and Mrs. William Schurman, accompanied by Mrs. Dick Vander Meer, and an address by J. J. Riemersma, principal of Holland high school. During the meeting election of officers will be held. Mrs. L. J. Mead, Mrs. Earl Martensen, Mrs. Lawrence Welton and Mrs. J. Van Huis compose the social committee.

## ZEELAND

Mr. and Mrs. S. Baron on last Thursday moved back to Holland where they are now occupying their home on 24th St. and the same day Mr. and Mrs. William Baron, recently married, took possession of the Baron residence on South Church St.

The chapel of the First Christian Reformed church was the scene of a pretty wedding last Thursday evening when Miss Dileta Butler, daughter of Mr. and Mrs. Jacob Butler of Zeeland, became the bride of Joe Waldyke, son of Mr. S. Waldyke of West Main St.

An interesting Halloween party was given last week by the Girl Reserves of Zeeland High school. A big, black cat was the symbol of their program and Thelma Van Dyke presented "Horror and Hilarity" was given by Elizabeth Wilson and Gertrude Wissink gave a history of Halloween. Faith Hendricks contributed "Harmony" to the program in the form of two piano solos and the "Tail-End" of the cat was given by Anna Mae Wynyard and Helen Fairbanks in the form of a delicious lunch of pumpkin pie and fudge.

Kharkow, Russia, Aug. 19. Dear Ones: This will probably be the last letter I shall write you as we'll be home almost as soon as this reaches you.

We arrived in Leningrad on August 12th after a night on the sleeper. In Russia the sleeping cars are divided into compartments of four berths each. It is a common thing for men and women to be assigned to the same compartment. The Eastmans and Turners were assigned to one and the Millers and Bushes to another, so the women had one and the men the other compartment.

Two-thirds of our group left us in Leningrad. We spent three days there and then started south. We hated to see the other members of our group go, but in a way, I'm glad we decided to take the long trip, for I feel we haven't seen Russia. Cities are much the same the world over.

We had about ten days in Moscow which is a mixture of old and new. The old city is neither beautiful nor impressive. The new city is just beginning and very little rebuilding and reconstructing is being done, probably because much of it will be torn down for the new socialist city. The new part is magnificent and impressive. In five or ten years it will be very beautiful, I am sure.

Leningrad is a perfectly fascinating city. I wasn't prepared for such beauty. It is a wonderful old city. Its old buildings and palaces are beautiful. It was planned by a French architect, Leblond, and everywhere you go you come upon lovely vistas. Then the city is built on the Neva river, which winds and winds about the city, so everywhere one sees the river. There are 500 bridges in Leningrad. Furthermore, they have used color a great deal in their palaces and public buildings—yellow and orange and blue are the favorite colors. One would almost think he was in a different country. The people of Leningrad are much better dressed than in Moscow. Ben and I agreed we hadn't seen one pretty girl or attractive woman in Moscow. Leningrad is cleaner, more efficient. The whole city is in better condition. Moscow is very, very dilapidated. The stores in Leningrad are better stocked and we thought the vegetables offered for sale were of a higher grade. I have never before seen such food offered for sale as I saw in Moscow. People bought half rotten apples, also tomatoes. They were very poorly clothed. In Leningrad they are not only better clothed but there is some pretense at style. The guides dress in good taste and would be considered well dressed in Detroit—even rugged lips and gorgeously red finger nails.

One day was spent visiting old palaces and museums. At the Hermitage is the largest collection of Rembrandts in the world. We drove several miles into the country to the place of the late Czar Nicholas II. After the revolution in 1905 he left Leningrad and moved to this palace in the country. He lived in perpetual fear; for example, he had a huge bath, really a swimming pool, next to his room and there were lights all around the bottom of it, and he would never step into the pool unless they were lighted. The apartments of the royal family were very simple and in very poor taste. Everything was fussy, ruffled pillows, cozy corners, endless photographs, lace lamp shades, I counted 35 photos on the mantel, 100 around the cozy corner in the Czarina's orchid room and 24 on her piano. On the wall back of their beds were 856 ikons. The Czar, too, seemed fond of photographs. He had 22 pictures of his family on his desk. Everything is exactly as the royal family left it when they were arrested. The calendar on the Czar's desk is just as he left it.

Lovingly, MAE. To be continued Last Letter Next Week

## Connelly Gets Reply For U. S. Engineer Dept.

GOVERNMENT DREDGE STOPS SCOOPING. DOES NOT SPOIL FISHING ENGINEER OF GOVERNMENT WRITES

The government dredge, Gen. Meade, which has caused much controversy among fishers of this vicinity, has not returned to Lake Michigan since it left last Thursday. The boat had completed about four days work of the fifteen scheduled when it left the harbor. Fishers opposition was due to the dumping of refuse picked up by the dredge into holes in Lake Macatawa, spoiling winter fishing through roiling the water and also killing the spawning beds of panfish.

This protest caused Wm. M. Connelly of the Chamber of Commerce to write to the government's Engineering Department and Mr. Holcombe, chief District man, writes three reasons and a Nov. 2 letter relating to these operations. Here they are:

1. This is in reply to your letter of October 30 relative to dredging and dumping in connection with maintenance of the inner channel of Holland Harbor, Mich.

2. It is evident from your letter that fishermen have a mistaken idea of the effects upon fishing from dumping dredged material. It is apparent to anyone familiar with dredging processes that the greatest disturbance of materials and the greatest roiling of the water is in the immediate vicinity of the dredge while it is actually dredging. The roiling of the water in connection with dumping of materials is relatively negligible compared to dredging operations themselves and probably has little or no effect on fishing.

3. As this inner channel is provided in the interest of navigation to the city of Holland in accordance with the authorization and direction of Congress, dredging and the related roiling of the water appears to be an unavoidable operation unless maintenance of this inner channel is to be discontinued. In any event, it is believed that the effects of this dredging on fishing are greatly exaggerated.

W. H. Holcombe, Lt. Col., Corps of Engineers, District Engineer.

## Oldest Holland Lady, 101, Passes; Was Tulip Guest

(Continued from page 1)

adding her experiences as an emigrant child who settled here in these forests still primitive.

Mrs. Arends came to America when she was 13 years of age, together with her parents, who settled in Albany, N. Y., for a short time.

There were ten children in all in the family, and Mrs. Arends was the last of this family group. Those were trying times and the young girl in her teens was compelled to go to work immediately, helping toward the family support until her marriage to Mr. Arends.

They had read of such wonderful prospects in Michigan that they looked upon this state as the gateway toward their success, so with their first born child of three weeks they boarded the train for Buffalo, there took a slow-going boat that stopped at every port along Lake Erie, Lake Huron and Lake Michigan, until finally Grand Haven was reached. They found nothing that could hold them at Grand Haven, so they came on by ox team over terribly rough and sandy roads filled with stumps and stones. In fact, the roads were so uneven and often with no road at all, that it was difficult to stay on the wagon.

The little family finally landed at Laketown, south of here, after having left Grand Haven at 7 a. m., and arriving at the Holland colony at 5 p. m.

At Holland they fared little better when it came to work. They had laid away a little money, however, while still in Albany, and they lived nearly five years without Mr. Arends working for wages.

Uncle Sam was selling land at 50 cents an acre in this vicinity but this was covered with dense woods, and cutting for a clearing was slow work.

They finally moved to Singapore on the Kalamazoo river, across from Saugatuck, the town that has figured in poetry and prose as "the lost city," and all that remained up to a few years ago was a heap of sawdust purchased by the government for munition purposes during the recent World War. It will be remembered that Singapore was once a thriving city with sawmills, banks, a postoffice, large stores and residences, all eventually swallowed up and buried by wandering sand dunes, a veritable Michigan Pompeii, covered with sand instead of lava.

In the sawmills they also received no money, only when the women went to the lumber offices and demanded cash, then the bosses would "shell out" \$5.00 or so, the wages otherwise being taken in store trade at the company's stores.

They lived in Singapore for some time. From there they came to Laketown and later to Holland. Mrs. Arends remembered, as a young girl, 82 years ago, visiting the "big pillar church," now the Ninth Street Christian Reformed church before it was completed, and she was asked by the carpenter to take a seat in the pews which they were building, in order to find out whether these were comfortable.

No longer able to attend services at her church, today the Central Avenue Christian Reformed church, "a stone's throw" from her home, she missed no services. Through a special wire from the church pulpit to her home she heard the dominie's message every Sunday.

Because of her age and her intimate acquaintance with the Holy Bible, William M. Connelly, director of the Chamber of Commerce, had large pictures taken of her reading the oldest Bible exhibited at the Dutch village during Tulip Time two years ago. The Bible is the property of Mrs. Ben Mulder. It was printed in the sixteenth

century and was handed down from generation to generation in the Van Landeghe family. The picture of Mrs. Arends and the Bible was printed in the rotogravure sections of several big city newspapers at the time, the Detroit News devoting a quarter of a page to the picture.

In that picture Mrs. Arends wore a "Vrouwen hoed" (woman's hat), a sort of lace effect strictly Netherlands, the head covering being 200 years old and was kindly loaned for the occasion by Mrs. Thad Taft of this city.

Mrs. Arends was a native of Vriesland, a province of The Netherlands. She was born there Jan. 28, 1835. In 1848, she left The Netherlands with her parents and came to New York state, where she remained until her marriage at the age of 20, when the couple turned their faces toward Michigan.

The closing months of her life were very uneventful ones, simply waiting for the end. Advanced age had left her feeble and deaf, but each day found her sitting in her rocking chair at the front window of her residence. Friends and neighbors shared in caring for Mrs. Arends, though her wants were few. She would spend most of her time each day in the rocking chair, retiring about 8 o'clock in the evening and rising again at 8 in the morning. Bread, coffee and tea were all she cared for in the way of food, though occasionally she would partake of a small amount of other foods.

Funeral services were held Wednesday at 1:30 p. m. at the Langeland funeral home on 16th St., and at 2 p. m. at the Central Avenue Christian Reformed church where for many years she had worshipped and from where, during the evening of her life, she received the spiritual inspiration over a specially arranged wire for reception from the pulpit to her home.

Rev. L. Velkamp, her pastor, officiated at the funeral rites. She was laid to rest in Saugatuck cemetery in the shadow of old Ball Head, the sand mountain that buried Singapore, the first city of her adoption.

The mother of 10 children, Mrs. Arends outlived all but two, Mrs. Kate Lankhorst of Fremont, and Jacob Arends of Grand Rapids. Ten grandchildren and 13 great-grandchildren survive.

## HOLLAND CLUB TO HOLD DOG TRIALS

The Holland Pointer and Setter club will hold shooting dog field trials here Saturday and Sunday, Nov. 7 and 8. The puppy and derby trials will be run Saturday, the all-age on Sunday.

The trials will be run on a tract of nearly 1,000 acres of land that has been posted against hunting for the last two years and is well stocked with birds. In addition to the native game the state conservation department will plant 50 pheasants in the area in advance of the trials.

The Holland Fish and Game club is giving the trophy in the all-age class. Dr. Masselink is giving a cup in the puppy stake and C. L. Seery, secretary of the Pointer and Setter club, is donating a cup for the winner of the derby trials.

The club held a small trial a

year ago, limited to members. This year's event is open to all dog owners and a special invitation is extended to sportsmen from Grand Rapids and other western Michigan communities.

Charles Kuyers of 180 West 14th st. entertained his Sunday school class with a chicken dinner at his home Friday evening. Among the guests were Henry Kik who gave an inspirational talk on the Bible. The class was organized and the following officers were elected: Lester Diekema, president; James Van Dyke, secretary; Irwin Poppe, treasurer; and Elmer Van Dyke, librarian. Games were played and prizes were awarded to Irwin Poppe, James Van Dyke and Julian Hilbrink. Those present were: Lester Diekema, Elmer Van Dyke, James Van Dyke, Julian Hilbrink, Irwin Poppe, Robert Vos, Delbert Knooihuizen, Theodore Laarman and Adrian Verecke.

## ALLEGAN NEARLY BURNED WHEN HOLLAND DID

(Allegan Gazette)

It was sixty-five years ago early this month that forest fires swept over Michigan and Wisconsin, consuming many small towns and followed by that frightful conflagration in Chicago. Our neighboring village of Holland was nearly wiped out. Allegan rallied most generously with aid to the hundreds of sufferers and it did its small part of relief to Chicago. There was an afternoon when we despaired of saving our own town. Flames came across the old pine country west of town, clear up to the municipal limits, but there it somehow went no further. The air was full of smoke and flying brands. It was so dark and eyes were so smarting that all work and business were suspended. The useless old hand fire engine was gotten out and its valves soaked but it could not have checked the fire one instant. It drew water from a large cistern at junction of Hubbard and Brady Sts., but there never was in it enough water to have made more than a weak sprinkle.

## Ottawa and Allegan Scouts Are Merged

OTTAWA AND ALLEGAN COUNTY COUNCILS REJOIN AFTER MEETING

The merge of the Ottawa county boy scout council with that of Allegan was announced following a supper meeting Thursday night at Holland. Allegan county five years ago withdrew from what was known as the Ottawa-Allegan council to join the Battle Creek area under the Kellogg foundation.

Allegan recently withdrew from the Battle Creek area and has been a unit by itself. There are about 200 scouts in Allegan county and 540 in Ottawa county.

Both counties will come under the services of the present Ottawa county offices of Holland, headed by Executive M. P. Russell, at once. Jacob Braak of Spring Lake, Ottawa county president, has advanced the regular council meeting up to Nov. 12 and at that time the two councils will meet.

About 40 were at the meeting from the two counties recently. Present at the meeting was C. M. Finnell, deputy regional executive from Chicago. Mr. Braak, John DeWilde of Holland, and Stephen Mead, Grand Haven district chairman. Lloyd is chairman of the Allegan district.

Mr. Head stated at Grand Haven that the rejoining of the two councils will benefit both counties as the entire scout program can be made larger and more boys can be sent to the summer camp.

At the council meeting Nov. 12 a new budget will be prepared and a plan to redistrict the two counties will be discussed.

## TROTTER SENDS BROTHER GEORGE CHECK FOR NEW AUTOMOBILE

Santa is still in the offing, however, George W. Trotter, superintendent of the Holland City Mission, is awaiting the delivery of a new automobile as a Christmas gift from his brother, Rev. "Mel" H. Trotter, superintendent of the Grand Rapids mission. The latter sent his brother in Holland a check, instructing him to apply it with his old car upon the purchase of a new automobile. These words were written to the local man: "This is your Christmas gift from brother, who thinks more of you than that."

## ALBERT HATCH HURT WHEN CAR HITS TRUCK

Albert Hatch, 46, of route 1, Holland, was painfully injured Monday night when hit by the car of Dr. Henry Kuit of Zeeland five miles east of here on M-21. Hatch had stopped a truck carrying iron pipe he was driving and was securing the load more firmly when hit. It is believed his body blocked a view of the tail-light on the truck.

He was taken to Zeeland hospital where he was treated for a smashed hand and a deep cut on his chest. Police Officer Lester DePree investigated the accident and took Hatch to the hospital.

The newly organized R. A. M. club of Holland held a meeting last Thursday evening at the home of Leonard Ver Schure on West 18th St. Harvey Mulder presided. Eight members attended the meeting, but more are expected to join. The following officers were elected: Harvey Mulder, president; Henry De Leeuw, vice-president; Abe Vander Ploeg, secretary; and Leonard Ver Schure, treasurer. The next meeting will be held Friday night.

Mr. John Van Landegend of Muskegon was in the city Saturday on business.

The Men's Adult Bible class of Maple Avenue church is sponsoring a Men's Fellowship supper Thursday, Nov. 12, in the church. The speaker for the evening will be the Rev. C. Schoolland of Hardwick. Chief of Police Frank Van Rys stated that five youths, all under 17 years of age must pay for damages resulting from dirty "witch night" work in Holland over the week-end. Window breaking and tampering with cars, involving a total cost of about \$35, have been ordered paid by the lads. Most of the pranks were carried on on Friday, cabbage night. The rain on Halloween curbed the activities of pranksters, just as it did a year ago.

Funeral services were held Monday in the Berean church with Dr. D. Veltman officiating for Mrs. Christina Van Dyke, 90 years and six months, who died early last Friday morning in Huizenga Memorial hospital in Zeeland, where she had been three weeks with a broken leg. Burial was in Pilgrim Home cemetery. She is survived by five children, John and A. J. Van Dyke of Holland, Albert of Muskegon, Mrs. Cornelius Lamberts of Holland, and Mrs. Hardenberg of Zeeland, twenty-five grandchildren, and 44 great-grandchildren.

The marriage of Miss Mildred V. S. O. Hamlin of East 22nd St. and Henry Perkooski, son of Mr. and Mrs. John Perkooski, Sr. of Madison Place, took place last Wednesday morning in St. Francis de Sales Catholic church. The Rev. Fr. F. W. Ryan conducted the service at 9:00 a. m. The bride was attired in a white satin gown, princess style, with a veil of shoulder length. Her bouquet was of white roses and orange blossoms. Miss Juel Perkooski, sister of the groom, who acted as bridesmaid, wore a gown of pale blue satin and carried a bouquet of sweet peas and orange blossoms. Frank Mrocz was best man. A wedding breakfast was served at the Perkooski home for the immediate relatives and close friends. Mrs. George Souter assisted with arrangements.

## SUGGESTS HUNTING RULES

The following "Ten Commandments" for hunters are offered by Ed York, a taxidermist of Carleton, Mich., in the hope that good advice heeded may help reduce the number of hunting accidents this year:

- "Know and obey the game laws."
- "Be sure of the identity of your quarry before you shoot."
- "Don't take chances in crossing over or through a fence with a firearm."
- "Don't carry a flask on your hip while carrying a firearm."
- "Remember that your firearm can harm human beings as well as game."
- "Don't leave an unquenched fire at camp while you are hunting."
- "Don't hunt with a firearm that is not in good working order."
- "Don't forget your first aid kit."
- "Think of the conservation officer as your friend, not an enemy."
- "Do your share to help conserve wildlife, as an example for the sportsmen of tomorrow."

## ALLEGAN APPLES FOR THE "QUINTS"

Dr. and Mrs. E. T. Brunson of Zeeland returned home from their trip through northern Michigan and Canada. While in Canada they saw the Dionne quintuplets and called on Dr. Dafeo. Dr. Brunson presented Dr. Dafeo with a bushel of fine apples from his own orchard in Allegan county and the "Quint" doctor in return gave Dr. Brunson an autographed picture of himself.

## HOLLAND CHEST DRIVE LEADERS ARE CHOSEN

Rev. H. D. Ter Keurst, pastor of Trinity church, has been elected chairman of the annual Holland district financial drive, scheduled to get under way Nov. 5. A corps of 125 workers is being selected for the drive, which will close on Nov. 9. A goal of \$2,500 has been set.

Assisting in the campaign will be George Shuiling as vice chairman, John DeWilde as district chairman and E. P. McLean as finance chairman.

Serving on the special gifts committee are H. Maentz, John Van Tatenhove and Mrs. Jay Den Herder. William Wismeier is in charge of the chain store committee work and W. A. Butler of publicity. The committee on reports and rating is composed of Alfred Joldersma, Vernon TenCate and Clarence Jalving. Leon Moody heads the teachers committee, with Albert VanZoren and John DeWilde on the industrial committee. Division leaders include William Lowery, E. V. Hartman, Pierre Vinet, Dr. William Weststrate and Mrs. John Dykema.

## CLARE HOFFMAN GETS SPECIAL AUTO LICENSE

(Allegan News)

Sixty-eight Allegan county automobile owners have already purchased their license plates for 1937, according to Mr. Carl Warner, Allegan county clerk. The new license plates, which are a dark blue color with yellow numbers, were put on sale in the clerk's office Wednesday of this week.

Congressman Clare E. Hoffman will have his car labeled "A-1" again for 1937, as he has for many years. Mr. Hoffman's office has asked for plate Nos. A-1 to A-5.

Carl Warner will have no trouble remembering his license number. It will again be A-1111, as it has been for many years past.

W. J. McVea of Saugatuck has placed a special request for license number A-1937.

Mr. Warner asks that people asking for special numbers limit their requests to numbers ranging between 1 and 50 and between 800 and 1,000. Otherwise, licenses will be issued in regular numerical order.

Mrs. Catherine Wabeke has been given a leave of absence from her duties at Christian junior high school for a few weeks. She is visiting her sisters, Mrs. William Vander Ven and Mrs. V. W. Green in Detroit. While there she will undergo special medical observation. Francis Wabeke accompanied his mother to Detroit but returned to Holland. Mrs. Theodore Boot is substituting as teacher in place of Mrs. Catherine Wabeke.

The Rev. D. Zwier of Holland will have charge of the services of the Ann Arbor Christian Reformed church next Sunday.

Miss Reynette Young was hostess Saturday afternoon at a Halloween party at the home of her grandmother, Mrs. F. W. Headley, 64 West Ninth St. Games were enjoyed, and refreshments appropriate to the occasion were served. Prizes were won by Delores Derks, Christie Wellman, and Betty Workman. Others to attend the party were Joyce Hindert, Katherine Nelis, Mary Nelis and Joan Mape.

John Shashagay was among the Holland fans to attend the Holland-Muskegon Heights football game in Muskegon Heights Saturday.

Changes in the Hope college faculty to fill the vacancy caused by the death of Dr. John B. Nykerk last week were announced today by President Wynand Wichers. Under the present arrangement Dr. James H. Warner, of the English department at Hope, will teach the class in Tennyson, formerly conducted by Dr. Nykerk. Miss Agnes Tyse, librarian, will assist in the English department and take over the class of Dr. Warner in freshman English.

Holland women who attended the Eastern Star convention at Coopersville were Mrs. Grace Thomson, Mrs. Angie Nies, Mrs. Florence Vanden Brink, Mrs. Retta Orr and Mrs. Julia Dick of the Holland Chapter No. 429, and Mrs. Della Boone, Mrs. Tyner, Mrs. Mae Smith and Mrs. Fred Brendel of the Star of Bethlehem chapter.

## Local Pastor Is Building His Own Home

REMINDER OF WHEN SEVENTH DAY ADVENTIST CHURCH WAS BUILT BY A PASTOR

A matter came up before the Common Council, a request from the Seventh Day Adventist Church for a permit to re-roof the steeple and the church with asbestos shingles. That is only the beginning of the repairs that the congregation is to make during the next year. It is understood that the officials of the church are also planning to remove the stucco and replace the sides with a new asbestos shingle that is indeed ornamental as well as durable. It seems to be a new feature of building and is locally done.

This activity is a reminder that this church on 13th Street near Central Ave. was built entirely by a former pastor. This man was Rev. Walter Elliott, who eighteen years ago was a popular young man, a hard working divine who took it upon himself to build what is now the Seventh Day Adventist Church. He personally supervised and helped build the church together with ardent parishioners and with meager funds, but with plenty of will and energy the church was at last built and stands as a monument to Walter Elliott. He later was assigned to go to the Island of Haiti where he organized a congregation among the natives and personally built a church. That church is today in flourishing condition.

Today, eighteen years later, Walter Elliott has become a power in the church and is now at Washington, D. C. at the head of the Church Publishing House. This is a large establishment which prints all the literature, leaflets and tracts that are sent throughout the world. Mr. Elliott compiles many of these and has a general supervision of all the literature sent out by the Seventh Day Adventist denomination.

Today, Rev. B. L. Post is the pastor and he too understands carpenter and mason work, and today he is building a parsonage for himself on 22nd Street, West of Washington Ave. The building of this parsonage is well under way and domestic expects to have it "under roof" before snow falls.

## Celery Disease Yields To Science

Twenty years of breeding and improving celery seed used in planting the crop that is worth from one and one-half to three million dollars a year in Michigan has enabled plant pathologists at Michigan State College to win over a soil fungus and permit them now to start on a program of finding a better quality in early marketable celery.

Dr. Ray Nelson, research associate in plant pathology at the college, has worked since 1916 in developing what is now known as Michigan Golden, a yellow variety of celery which is not harmed by planting on the worst infested soil. Some soils have grown two and sometimes three crops of celery for 70 years and are well saturated with the disease fungus which causes wilt.

Planting selected seed stock out in California, with cooperation of plant pathologists of the United States department of agriculture speeds up the propagation of seed as more crops can be grown there in a year. Two hundred pounds of seed, enough to plant the entire Kalamazoo celery acreage can be grown on from a quarter to a half acre of ground in California.

The problems now, says Nelson, is to use the quick blanching and disease resistance of the Michigan Golden in a cross with the green varieties which lack resistance and cannot be blanched in summer as they require about two months for blanching. The Michigan Golden can be blanched in ten days, before it begins to be affected by heat and rot. The green varieties are prized because of better eating qualities.

At present California leads the states in celery. Michigan vies with Florida for second place. Larger acreages are common in this state but Florida gets better prices because of winter marketing.

## "GUNLESS HUNTERS" SEEMINGLY ABOUND (Zeeland Record)

The Record's story last week of the new order of Gunless Hunters seems to have uncovered the fact that there are other nimrods hereabouts who can relate similar experiences while on the hunt. Today's story is that a gunless hunter, for he was well armed, but nevertheless he qualifies because he bagged his game without the use of his weapon.

Last Saturday, Gerry Schermer, of Vriesland way, accompanied by Andrew Schermer of Zeeland, went out hunting pheasants in a beet field. Flushing a pheasant, he fired his dog, which was out to retrieve the fallen bird, Gerry was running between the rows of beets when he felt a flapping against his legs and looked down to discover that he was standing on the head of a pheasant that had been hiding in the beet field.

"That shows how close they stay put," said Schermer, "but this one was too careful."

## GRANT WELFARE APPROPRIATION IN ALLEGAN COUNTY

After long discussion, the board of supervisors of Allegan county finally placed its approval on the recommendation of its Welfare Committee to grant the Welfare Department \$2,000.00 a month for the next five months. In the earlier part of its session, the board had passed several resolutions condemning the organization and management of the ERA office and again requested the state to grant it full control of the money spent for welfare.

## ALLEGAN WILL BUILD PARK AT DUMONT LAKE

The Allegan county supervisors authorized the county clerk to complete a deal for the purchase of the suggested property at Dumont lake for a county park and in their budget appropriated an additional \$1,600.00 for materials in fitting up the park and gravel for building roads. It is understood that the labor on the job will be furnished by the county at no direct expense by the WPA.

## HOPE COLLEGE TEAM BEATS ALMA, 12-7

Hope college went into the second half of its M.I.A.A. schedule at Riverview park last week and got revenge for last week's defeat of the year by pushing over two touchdowns to win from Alma, 12-7.

The game was played in a downpour of rain, but Hope's first score in the second quarter came on a running pass from Thomas to Marcus after Hope had gotten possession of the ball on the Scots' 12-yard line on a fumbled punt.

Alma turned on the heat in the same period, and Dave plunged over center for the touchdown. Miller drop-kicked the extra point to put Alma in the lead.

In the third quarter the Hope men carried the ball from their own 32 to the Alma 4. On the second play of the last period, Japina plunged for the winning touchdown. His kick for extra point was blocked.

## TWO STRAY CATS WALK INTO JOBS IN PICTURE

Two enterprising ranch cats walked into motion picture jobs in "All Scarlet" recently, when the company was working at a California ranch taking exteriors with Ann Dvorak and Harry Carey.

One of the Avery cats stepped right into a scene with Miss Dvorak. Having been established in the exterior, the cat became necessary for later interior scenes.

Consequently, the studio hired the cat and also its brother as a double and stand-in.

## Bankers Help Youngsters Of Ottawa County

SOME TO GO TO BIG STOCK SHOW AT CHICAGO THIS MONTH

Eight and possibly ten boys carrying on summer projects in 4H club work will enjoy a trip to the International Stock Show in Nov. This trip is made possible through the kindness of Ottawa County Banks, Service Clubs, Board of Supervisors and one private individual and the Holland Sugar factory. In addition to this one Smith-Hughes boy as a delegate to the Smith-Hughes national convention. Boys from other counties will also receive this trip through the generosity of interested parties.

Last summer L. R. Arnold, Agricultural Agent, approached Ott Kramer, key banker for Ottawa County, in regard to sending a group of boys to Chicago. Mr. Kramer called a meeting in which the banks and service clubs were represented and it was decided they would sponsor the movement.

The following banks and clubs have generously contributed: Holland City State Bank, Peoples State Bank and First State Bank of Holland, Grand Haven State Bank and Peoples Savings Bank of Grand Haven, Hudsonville State Bank, Rotary, Lions and Exchange Clubs of Holland, Rotary Clubs of Grand Haven and Zeeland, Lake Shore Sugar Co., Wm. Hutton of Grand Haven, Chamber of Commerce of Grand Haven and Holland sponsored the trip through contributors. The Board of Supervisors appropriated fifty dollars to assist. Mr. Arnold appreciates very much the interest of these groups in the 4H club work. He feels such a trip is of great educational value and adds to the effectiveness of a club program. Mr. Arnold and club leaders will go over the past summer's program shortly and select the boys who will make the trip. Delegates to next summer's camp will also be selected. Other trips which the club members have enjoyed were delegates to the Dunbar Forestry camp, Summer Camp at the College, a trip to Battle Creek. The interest displayed by these contributors should help promote the work. Club leaders are much pleased that outside organizations feel the work is worth while.

All details are set for the stock co-operative rat banquet to be staged the night of Nov. 12. Ottawa County Agr'l Agent L. R. Arnold states that farmers are much interested and over 70 packages of bait have been ordered by farmers. One hundred extra packages will be available for later orders. Each package contains three cans of different kind of bait which will make 100 separate baits.

Under this project farmers are to obtain the bait at local distributors and no bait can be released except upon payment of cash. Full directions accompany each package. Farmers who obtain the bait before Nov. 15th are asked to hold off until the evening of the 13th before setting out the bait. Bait will be on hand after Nov. 10th but in all counties is not to be used until the 13th.

No absolute check up can be made as to results but counties who have carried on this project in the past report that no rats are present now. After consuming the bait the rat usually makes for a rat hole and dies so there is no visible check up on dead rats.

Miss Lillian Dirks and Mrs. Russell Dirks were hostesses at a surprise birthday party Thursday afternoon at the home of Mrs. Peter Dirks, 479 Washington ave. in honor of Lillian Dirks who celebrated her 11th birthday anniversary. Games were played and refreshments were served. Prizes were awarded to Evelyn Parin, Janet Pierce, Donna Ter Haar and Elizabeth Dirks. The guest of honor was presented with many gifts. Those present were Joyce Ter Haar, Audrey Blok, Donna Vander Vliet, Janet and Norma Pierce, Mary Jane and Ellen Bouwman, Antoinette Schutten, Evelyn Parin, Donna Ter Haar, Elizabeth and Marjorie Dirks, the hostesses the guest of honor and her mother.

Patricia Wright entertained with a Halloween masquerade party at her home, 169 East Eighth st. Rooms were appropriately decorated for the occasion. Games were played and prizes were awarded to Bud Holt and Jeffrey Wiersma. A two-course luncheon was served. Attending the party were Jeffrey Wiersma, Bud Holt, Shirley Johnson, Jackie Tirrell, Matia Aardema, Leona Pethuis, Harold Ketchum and Patricia Wright. At the conclusion of the party the hostess took her guests to the East End Drug store where additional refreshments were served.

Mr. and Mrs. Ben Ter Haar announce the engagement of their daughter, Miss Geneva B. Ter Haar, to Bernard E. Vanderbeek, son of the Rev. and Mrs. John Vanderbeek. Miss Ter Haar is a graduate of Holland high school and is employed as comptroller at the Holland Furnace company. Mr. Vanderbeek is a graduate of Hope college and a business institute of Grand Rapids. He is employed as a secretary at the Dow Chemical company at Midland. The wedding will take place in December.

## LOCAL NEWS

Miss Grace Steketee of Kalamazoo, has returned after spending a few days at the home of her parents, Mr. and Mrs. C. Steketee, Sr., of 196 West 18th street.

Mr. and Mrs. R. Vaupell of East 18th street, celebrated their 25th wedding anniversary last Friday evening. Relatives from Holland and Fennville served a pot-luck supper and presented Mr. and Mrs. Vaupell with several gifts.

Grand Haven purchased a Chevrolet sedan for use of the city health department last night at a special meeting called to open the bids submitted on a light car by local dealers. The successful bidder was Elman and De Witt who offered the car for \$600 and a trade-in specified by the city. The council also purchased a new motor for one of its trucks at a cost of \$201.50.

Despite the one-cent increase in the price of milk for Holland consumers, effective recently, the price of milk here is still lower than most of the surrounding cities. Milk will retail for 10 cents now instead of nine cents while the price of a half a pint of cream is up from 9 to 10 cents and the price of chocolate milk has been raised from 12 to 13 cents. The move was said to be due to an increase in costs to both the producer and the dealer, and offers the farmer 25 more per hundred pounds than he was getting. Holland Milk Producers corporation has not yet acted on the increase officially. At the joint meeting recently of farmers and dealers, William Zonnbeil, president of the Holland Co-operative association, said assurance was given the farmers that there would be an increase by Nov. 1. A general meeting of milk producers in the association will be held soon to take up the matter.

Members of Company D, Michigan national guards will give a military ball on Nov. 13, according to Capt. John Bremer. The dance will be held at the army with 250 couples as the maximum. Arrangements for an orchestra have already been made.

The annual financial campaign for funds for the Holland division of the Ottawa council of Boy Scouts will be staged from Nov. 4 to 9. The goal was set at \$3,500. Paul McLean is chairman of the drive committee. Zeeland and Grand Haven already have raised their quotas.

Officials of the De Pree company including Willis Diekema, Edwin Dodge, John Emmick, Joseph C. Rhea and James De Pree attended the Wisconsin State Drug convention which opened in Milwaukee last week. Mr. Rhea returned from Milwaukee just 30 minutes before the start of the Democratic rally here Wednesday night. He returned by plane, making the trip over the lake in 35 minutes. The other men expect to return today. At Tuesday's session James De Pree addressed the convention on "Taking the Mystery Out of Vitamins."

While driving home from Holland, Arrie Broekhuis, 67, of Oakland, died suddenly of a heart attack. He drove his car to the edge of the road where it went over a small embankment. He was dead when residents of the community who saw the car leave the road, reached him. He was survived by two sons, John and Dick, and a daughter, Mrs. Gerrit Vredeweg, all of Zeeland.

RECITAL BY MISS MEYER  
POPULAR FUNCTION

Approximately 300 persons attended an artistic piano recital in beautiful Hope Memorial Chapel recently, presented by Miss Nella Meyer, talented pianist and member of the Hope college school of music faculty. Included in her program were compositions from the classics, romantics and moderns. She played the diversified groups with brilliancy and finished artistry. Two Intermezzi and two Capricios by Brahms were especially pleasing to the audience. Her modern group, including

MISS NELLA MEYER

ing compositions by Medtner, Kodaly and Bartok, was also well received. Her program also included the beautiful Beethoven Sonata, opus 110, a French suite by Bach, Variations in F Minor by Haydn, and Fantasia in C Minor by Mozart.

Miss Meyer is a pupil of Madame Josef Lhevinne, Russian pianist, who teaches at the Juillard Foundation, graduate school of music at New York city. Miss Meyer also studied in Budapest, Hungary, and New York with Teri Joseffy, Hungarian pianist, grandchild of the famous pianist, Rafael Joseffy. Since she has been affiliated with the local schools of music she has continued her study of the piano, both in Europe and New York city, during vacations. Miss Meyer had studied in New York city and Scarsdale, N. Y. before taking her school of music.

Oakland; two brothers, John and Frank, and four sisters, Mrs. H. Boeskoel, Mrs. F. Groenheide, Mrs. A. Vander Kolk and Mrs. G. Kruidhof. Mrs. Broekhuis died last September. Funeral services will be held Friday at 12:45 p. m. at the home and at 1:30 p. m. in the Oakland Christian Reformed church with the Rev. J. Kolkman officiating and burial will be in Bentheim cemetery.

Peter A. Karsten, died at his home in Forest Grove, Tuesday morning, at the age of 76. He had been ill for several years. Those surviving are the widow; three sons, Albert and Lambert of Forest Grove, and Andrew, mining school professor at Rapids City, S. D.; and two daughters, Mrs. John Leenhoe of Jamestown and Mrs. Rev. Abe Rhyndra of Fulton, Ill. Funeral services were held, Thursday, at the Forest Grove Reformed church. The Rev. J. Wolter officiated.

Arrien Uiterwyk, living south of the city on Lincoln ave., received a letter and a long distance call on his 51st birthday from his brother, Klaas, whom he had not heard from for 23 years. Coming from the Netherlands together in 1913, the two brothers were separated when Arrien was called back to old Holland because of family illness. He returned to America after the war but could not locate his brother until on Mr. Uiterwyk's birthday a letter came from Davenport, Iowa, where his brother now lives.

## OLD FIRE BELL, USED SINCE 1877, IS TAKEN FROM BELFRY

The fire bell, which has hung in the belfry at the old Grand Haven city hall since 1877, was lowered to the ground yesterday and was taken to the city garage where it will remain until some disposition is made of it.

The bell was given to the Boy Scouts to be used for emergency calls, but the scouts have had difficulty in finding a place to house it. It was found impractical to place it on the new police and fire station. The request to house it in the cupola of the court house was refused by the board of supervisors as the structure did not warrant the support of this heavy bell. Arrangements are being made with the Second Reformed church with the hope that it can be placed in that church building.

The bell probably weighs about 800 pounds, said William Kieft, who was in charge of the work of taking the old bell from the tower. On one side of the bell are raised letters as follows: "City of Grand Haven, 1877. Mayor G. C. Stewart, Mayor R. D. Stafford, Henry Rysdorp, Klass Brouwer, J. W. Barnes, George E. Hubbard, M. C. Fordham, William S. Nichols and chief engineer, J. C. Avery."

Cornel Groeters, rural route No. 4, was surprised at his home, Saturday evening, by a group of relatives and friends on the occasion of his 43rd birthday anniversary.

The marriage of Miss Martha Grace Hop, daughter of Mr. and Mrs. Jacob L. Hop, of South Olive and Neal Vander Bie, son of Mr. and Mrs. George Vander Bie of Holland was solemnized, last Thursday evening, at the parsonage of the South Olive Christian Reformed church. The Rev. P. D. Van Vliet performed the single ring ceremony. Bertha Vander Bie and Albert Vos attended the couple. The bride wore a gown of rust crepe with a peplum and her attendant wore a black crepe with black and white trim. A reception was held at the home of the bride's parents after the ceremony. A three course supper was served by Miss Helen Kamphuis, Grace Weener, Alice Nienhuis and Jeanette Vinke-mulder. Mr. and Mrs. Vander Bie will be at home at 312 13th St. after Nov. 2. Mr. Vander Bie is employed at the Holland Furnace Co.

An informal party was enjoyed by a large group of young people of the Fourteenth Street Christian Reformed church in the church parlors, Monday evening. Bud Westerhof was chairman of the program which consisted of group singing led by C. W. Dornbos, devotions by James Slager, readings by Miss Evelyn Mulder, and an address by Dr. R. J. Danhof, who spoke on "Christian Companionship." Music was furnished by Harold Vander Bie's instrumental quartet and by the Imperial Grenadiers. A humorous dialogue, entitled "The Family Hold Back," was enacted by Maxine Deur, Marguerite Brink, Jo Gerding, Don Slager, Ben Westerhof and Bud Van Hemert. Following the program games were played. Arrangements for the evening were in charge of Lydia Brink, Bea Timmer, Bud Westerhof, Neal Unema and Dick Windemulder. Refreshments were served by Mrs. Schermer, Mrs. Schaftenaar, Mrs. Kamferbeek and Mrs. G. Schaftenaar.

At a meeting of the Auxiliary band of Sixth Reformed church, Tuesday evening arrangements were completed for a Halloween party to be held in Tom Kraai's barn on the Zeeland road, Friday evening. Mrs. Ben Wierda and her committee will be in charge. Mrs. L. W. White, president of the organization, presided and Mrs. Kraai read scripture. Two pianos were furnished by Donald De Waard and a duet was sung by Mildred Herman and Vera Vanderboek. Annual election and a pot-luck supper will be held Nov. 17. A request was made for the special contribution plates to be handed in before the annual meeting.

The Federal school Parent-Teachers association held a regular meeting at the school, Tuesday evening. The following program was given: a piano solo by Alvin Schutmaat, a reading by Vivian Tardiff, vocal duet by Mrs. De Jong and Helen Westenbroek, accompanied by Marian Kurtz, an address by State Rep. Edward Brouwer, vocal selection by the Regnerus sisters and a play by the women of the community. A business meeting also was held.

The League for Service of Sixth Reformed church started the study of the American Negro at a meeting held in the church parlors, Tuesday evening. Mrs. John Vanderbeek, patroness of the organization is conducting the study. Seventeen were present. Other topics including a report on the Tuskegee Institute, a biography of Booker T. Washington and activities at the Brown, Ala., School for the Negroes were discussed by Misses Gertrude Van Langevelde, Frances Van Langevelde and Cornelia Van Voort. Following the study class work was started on scrap books and other material which will be sent to the Negroes.

A surprise birthday party honoring John and Gilbert Heideema was held last Saturday evening at the home of their mother, Mrs. George Heideema, on rural route No. 3. The newly organized "Literary Club" of Christian high school met Monday evening, in the school, J.

## Help Us to Help Others

Four representatives of the Ottawa county Red Cross chapter went to Michigan State college at East Lansing Wednesday to attend the Michigan state meeting of Red Cross chapters in preparation for the 20th annual roll call which opens throughout the country, Nov. 11.

Mrs. Blanche Rozeboom, president of the Holland Legion Auxiliary which will carry on the drive, Mrs. Mabel Vander Berg, executive secretary of Holland, Mrs. Henrietta Kautz, executive secretary of Grand Haven and Otto P. Kramer of Holland will attend. The conference with officials of the national organization is one of 64 similar meetings scheduled this fall at strategic points in the middle west to discuss campaign plans and instruct chapter volunteers for the approaching membership appeal. The organization's objective this year is five million memberships. In Ottawa county the goal has been set at 3,500.

Mrs. Vander Berg pointed out that not since the World war has there existed a greater need for increased membership in the Red Cross than today in order to carry on its widely-expanded services. "In its accident program on the highways, in homes and on farms, as well as in disaster and other activities, The Red Cross now stands guard virtually everywhere to aid in distress," she commented.

Pott, English and literature instructor has assumed leadership. The purpose of the organization is to stimulate interest in literature. Various authors will be studied at the meetings and essays and readings will be given by the club members. The club has 13 members at present but an opportunity will be given for other pupils to join in the next few weeks. Club officers will be chosen at a future meeting.

Mrs. Bruce Graham, formerly Miss Ruth Kraai, was the guest of honor at a surprise kitchen show, last Thursday evening, at the Van Leeuwen home, 35 West 22nd St. The hostesses were Mrs. Elbert De Weerd and Mrs. Neil Van Leeuwen. The evening was spent in playing games. Refreshments were served.

**Birds Travel**  
4,000 Miles  
In One Month

Among the most amazing instances of the speed with which some species of birds accomplish their migratory flights cited by Frederick C. Lincoln, of the Bureau of Biological Survey, in his pamphlet "The Migration of North American Birds," is that of the gray-cheeked thrush.

"This bird," Lincoln says, "winters in Colombia, Ecuador, Peru, Venezuela and British Guiana and does not start its northward journey until many other species are well on their way. It does not appear in the United States until the month of April—April 25, near the mouth of the Mississippi, and April 30 in northern Florida. A month later, or by the last week in May, the bird is seen in northwestern Alaska, the 4,000-mile trip from Louisiana having been made at an average speed of about 130 miles a day."

**"KAZOO" NOT ONLY CELERY CENTER**

Time is passed when Kalamazoo can claim to be the greatest producer of celery in Michigan. Allegan county is a close rival, if not far ahead in regions about Hamilton, Fennville, Dorr, and many smaller areas while over in Ottawa county there is a vast amount more. Lately many big truck loads have passed through Allegan bound for places out of the state mainly; and it is all of the best quality.

## FAIR "EARLY BIRD" RESERVES A ROOM

A man wrote in from Portland, Ore., yesterday asking for a reservation at a New York hotel for one week starting July 1, 1939.

A couple of years ago, in Chicago, explained John L. Stanley, the Oregonian, he had no end of trouble getting a hotel reservation during the fair there, and he and his wife were taking no chances on having a similar experience at the New York world's fair.

## OTTAWA TO SPREAD \$180,084 IN TAXES

Many Holland Men On Committee work; Zeeland also Represented

Ottawa county supervisors adjourned the October session after approving the report of the committee on taxes and apportionment which calls for spreading a tax of 4.486 mills to raise \$180,084.90. It was originally intended to spread the maximum of 4.50 which would yield \$530 more but this was not done. The valuation of real property of the county is listed at \$35,018,178 and personal \$5,118,635 totalling \$40,136,813.

The total county tax for cities of the county and townships in the north half is: Grand Haven \$26,176.04; Holland \$49,750.52; Zeeland \$8,288.58; Spring Lake township \$7,362.35; Robinson \$1,872.88; Grand Haven township \$2,621.66; Crockery \$2,530.33; Polkton \$8,559.85; Allendale \$3,541.58; Port Sheldon \$1,472.47; Olive \$3,447.03; Chester \$5,249.11; and Wright \$6,584.54.

Peter H. Van Ark of Holland, Mayor Richard L. Cook of Grand Haven, Gerrit Bottema of Spring Lake, John Ter Avest of Coopersville and Ray E. Nies of Holland, were the taxes and apportionment committee. Mr. Cook, Peter G. Damstra of Holland, Albert Hyma of Holland township, Gerrit Yntema of Zeeland and Henry Slaughter of Tallmadge were appointed a committee to attend the old age pension and welfare conference in Lansing about Nov. 15.

## Game Violators Run to Cover When Airplane "Zooms"

The steady drone of an airplane propeller is putting the fear of the law into poachers who sneak forth during closed seasons on the Great Lakes for an illegal catch of lake trout or whitefish.

Conservation authorities here say that the aerial patrol of commercial fishing grounds has proved one of the most effective instruments of law enforcement yet tried.

"Nets set illegally and in closed fishing seasons may be quickly spotted from the air and at long distances so that it is practically impossible for a net to elude detection within range of a pilot's vision," commented H. R. Sayre, chief of conservation law enforcement. "I believe that aerial patrols will do more to encourage observance of the commercial fishing laws than anything of the sort we have previously tried."

The airplane used by the department is not available for conservation work at all times, however, Sayre stated. It is jointly owned by the state highway, public safety and conservation departments and available to each on an equitable time basis.

**BUCKINGHAMSHIRE**, England, Aug. 21—Pleading that hundreds of small birds have been carried off by gray squirrels in Buckinghamshire, the County Agricultural Committee of this district has asked the owners of large estates to support an anti-gray squirrel campaign.

The total value of catches of commercial fish made in Michigan waters of the Great Lakes averages nearly \$2,500,000 a year for the past five years. The record catch for this period was made in 1931 when 31,624,687 pounds of fish were taken. This catch had a total value of \$2,889,888.

## The Bank as a Community Builder

A bank does not "live off of" its community, subtracting from the wealth that is already there. Instead, the bank makes a definite addition to the sum total of community resources by keeping money in more active circulation. Out of this new wealth which it has helped to create, the bank is able to make its own living.

## BETTER SIGHT

YOUR EYES are much too precious to trifle with. Give them good light to see with; they need it the same as your body needs good food and your lungs good air. Don't skimp on light—the pennies you save will cost you dollars later on.

## NEW I. E. S. BETTER-SIGHT LAMPS ARE WONDERFUL

BETTER SIGHT is not always a matter of using more light; it is a case of using BETTER LIGHT. For this purpose a new type of lamp has been perfected—the I.E.S. BETTER-SIGHT LAMP. It is identified by a tag that certifies its being scientifically made under specifications of the Illuminating Engineering Society. See these new lamps in both FLOOR and TABLE models; you will agree that they are wonderful. Inexpensive, too!

## GOOD LIGHT CHEAP

A 15c LIGHT BULB OF 60 watts will give you a thousand hours of good light. It will consume less than \$2.00 worth of electricity during all that time—over five hours of good light for ONE CENT. The same amount of light from a kerosene lamp would cost about \$13— and from candles, over \$700.

## County Asks Deer

## Hunting Ban

With the State Conservation Commission indicating that it will not heed the plea of petitioners to close Muskegon county to deer hunters this season, plans are being made by local interests to obtain relief from the State Legislature. The conservation committee of the Muskegon Chamber of Commerce already has decided to ask for legislation to close Muskegon county permanently to deer hunters.

The bill closing Muskegon county will be submitted at the next session of the Legislature and Dr. A. J. Bolt, Chamber of Commerce committee chairman, says he is confident that the Legislature will grant the relief requested.

Muskegon has been closed to deer hunters until this year when it and other western Michigan counties were opened. Petitions circulated by the Chamber of Commerce and other interests here and signed by more than 1,000 persons were presented to the State Conservation

Commission asking that it continue Muskegon county on the closed list. The local Chamber contends that the few deer in Muskegon county should be saved as an attraction for tourists and resorters. It also contends that deer hunters will endanger lives in the thickly populated centers.

With no hope of action from the Conservation Commission, the Chamber of Commerce plans to issue an appeal to hunters to stay out of Muskegon county. It says that a survey shows experienced hunters will not seek deer in Muskegon county, and believes that a public appeal will result in keeping the deer hunters out of the county.

## Farmers Are Now Taking Interest in This Rat Banquet

Cate Agricultural Agent L. R. Arnold states that the anti-rat campaign seems to be attracting considerable attention among farmers and without question hundreds of farmers will set out the cooperative bait the evening of Nov. 13. Each package contains three cans prepared for use and contains enough bait to make a hundred separate baits. Red Squill is the poison used and is relatively harmless to human beings, domestic animals and poultry. Generally other animals will not eat red squill baits and if they do, vomiting is induced and the poison thus eliminated. To be absolutely safe, keep the baits out of their reach.

Rats are sometimes killed by tapeworms eaten by the rat. Red Squill eaten by the rat would not affect the cat. In some cases Red Squill has given satisfactory results with mice but it cannot be considered the best bait for killing mice. Rats which eat this bait will die within a period of four hours to four days, usually in less than a day. Death is caused through dilation of the heart and paralysis of respiration followed by progressive paralysis in legs and trunk with characteristic rotting motion. Generally the rats will reach underground burrows before dying and cause no odors around buildings. The bait may be placed behind boxes and boards leaned lengthwise against walls. In the hen house bait should be placed in feeding troughs after the hens have gone to roost. Uneaten bait should be removed before the fowls start eating in the morning. Definite instructions as to use accompany each package.

The rat project is a non-profit affair. It is a cooperative movement in which the bait is mixed at comparatively low cost. Farmers who wish to cooperate should place an order on or before Oct. 30th with one of the local distributors whose names were published in last week's paper and in circular sent out to farmers. Bait will be available after Nov. 10th. No bait should be set until Nov. 13.

## COMMON COUNCIL

(Official)

Holland, Mich.,

Oct. 21, 1936.

The Common Council met in regular session and was called to order by the Mayor.

Present: Mayor Geerlings, Alds. Vande Lune, Drinkwater, Kalkman, De Cook, Oudemool, Steffens, Damson, Huyser, Bultman, Vogelzang, Smith, and the Clerk.

Devotions by Mayor Henry Geerlings.

Minutes were read and approved.

Petitions and Accounts.

Clerk presented several applications for building permits.

Granted subject to approval of City Engineer and Fire Chief.

Clerk presented inspection report from Hartford Steam Boiler Inspection & Ins. Co. covering a recent inspection of boiler at Hospital. Report states that no conditions were observed that require attention at this time.

Accepted and filed.

Clerk presented application of C. A. Van Lente for license to operate lunch room from stand at Harrison avenue and 14th street.

Referred to License Committee.

Clerk presented communication from I. D. Brent, State Director for P.W.A. enclosing offer to the United States of America to aid in financing the paving of Van Raalte Ave. in accordance with plans and specifications previously submitted in an application. The communication stipulates terms under which the offer can be accepted. Among other requirements, the City must agree to commence work on the project as soon as possible but not later than Jan. 11, 1937; further, that the work must be planned so that it will reach a substantial peak before April 11, 1937; and further that the project will be completed by January 11, 1938. It is further provided that the City must decide within ten days if they desire to accept the offer. The amount of aid to be furnished by the Government will be a grant of 45% of the cost of the project, but in no event to exceed \$25,000.

On motion of Ald. Damson, 2nd by Drinkwater.

Resolved that the City of Holland accept the offer of the United States Government as outlined.

Dr. Wynand Wichers, who was present, spoke on behalf of Hope College. He stated that due to the conditions which have prevailed during the past five or six years, Hope College finds itself in a financial condition which would make it very difficult indeed for

them to pay for paving in front of the vacant property which they own on Van Raalte avenue. He further stated that he very much disliked to oppose any public project which would be of benefit to the City or to the property owners living on the street. However, he did feel that inasmuch as it would be a very heavy burden to Hope College, he was in hopes that the City would defer authorizing the paving of this street at the present time.

Several of the Aldermen also spoke in regard to the proposal of the U. S. Government to participate to the extent of approximately \$25,000.00 in the paving of this street. Practically all of the Aldermen were unanimous in feeling that this opportunity should not be passed up. It was stated that in fact the only important street in the City which was not paved, and the demand was becoming so great that they would be obliged to pave it within the next few years at any rate.

After some further discussion, the resolution as presented by Ald. Damson prevailed by Ayes and Nays as follows:—

Ayes: Alds. Vande Lune, Drinkwater, Kalkman, De Cook, Steffens, Damson, Huyser, Bultman, Vogelzang and Smith—10.

Nays: Ald. Oudemool—1.

Clerk presented petition signed by Clarence Nies and Rev. B. L. Post for the construction of a sanitary sewer in West 22nd street between Washington and Van Raalte avenues.

Referred to the Sewer Committee.

REPORTS OF STANDING COMMITTEES

Street Committee reported recommending the closing of the alley lying between 21st and 22nd streets running from Harrison to Cleveland avenues and that a hearing on the closing of this alley be set for Nov. 18th, 1936.

Adopted.

Claims and Accounts Committee reported having examined claims in the amount of \$6134.35.

Allowed.

REPORTS OF SPECIAL COMMITTEES

Mayor Geerlings reported that at his request, Mr. Ben Mulder, Member of the Harbor Board, had attended a recent meeting of the Western Michigan Harbor Association which was held at Grand Haven. Mayor Geerlings further reported that it was his recommendation that the City join this organization, the annual membership dues being \$10.00.

Adopted.

COMMUNICATIONS FROM BOARDS AND CITY OFFICERS

The claims approved by the Hospital Board in the sum of \$870.25; Library Board, \$214.12; Park and Cemetery Board, \$1652.10; Board Police and Fire Commissioners, \$2652.84; Board of Public Works, \$9052.68, were ordered certified to the Council for payment.

(Said claims on file in Clerk's office for public inspection.)

Allowed.

Board of Public Works reported the collection of \$26,776.39; City Treasurer, \$836.55.

Accepted.

Clerk reported Bonds due and presented in amount of \$4000.00.

Ordered paid.

Board of Assessors submitted Special Assessment Rolls both original rolls and rolls for the first installment of West 22nd street No. 3 Sewer, and also of Fairbanks avenue Sewer.

Filed in Clerk's office for public inspection and Clerk instructed to give notice that the Council and Board of Assessors will meet in the Council room on Wednesday, Nov. 18, 1936, at 7:30 p. m. to review said rolls.

Clerk reported that pursuant to instructions he had given notice of a hearing on the proposed rezoning of River avenue from 12th to 17th streets, and presented affidavit of such publication.

Clerk further presented petition signed by several property owners in which they are opposed and enter their protest against any change in classification.

Clerk further reported that at previous meetings petitions had been received from several property owners living in this district requesting such change in zoning.

Mayor Geerlings stated that the Council had set aside this evening as the date for the property owners interested to present their views on the matter.

Mr. Geo. Pelgrim, chairman of the Appeal Board, said that he and other members of the Board were present to listen to the property owners interested in regard to their views on a change in classification in this district. Mr. Pelgrim further stated that the Board had given this matter very careful consideration and rather than take any definite part in the proceedings at this time, would rather listen to the arguments for and against the proposition.

Attorney Arthur Van Duren then spoke on behalf of the Original petitioners who are asking to have this district changed. Mr. Van Duren stated that conditions have changed considerably along River avenue during the past year. He cited several properties that are now semi-commercial, viz.—The DeVries property on River and 12th, which has been used for a fraternity house; the Champion property across the street, which has been used for a boarding and rooming house for tourists for a considerable time; the Coster property on 13th and River which is also a tourist home; the Dr. Bos property which is a commercial business. Mr. Van Duren also mentioned the block between 15th and 16th streets with the school on one side and the oil station on the other. For these reasons, he felt that this property should be rezoned into "Commercial" district.

Mr. Van Duren further stated that no one would improve their property for Residential purposes on a trunk line such as River avenue, and it would mean a gradual deterioration of the property unless it is rezoned.

Mr. Louis Van Schelven who was present also spoke in favor of rezoning for the reason that it is such a very busy street.

next regular meeting of the Council.

Upon recommendation of the City Attorney, it was moved by Ald. Steffens,

That the City Engineer Zuidema, City Clerk Peterson, City Attorney Parson and Chairman of Street Commissioners Bultman, go to Detroit for a conference with Mr. Brent in order to get all the detailed information in regard to advertising for bids and going ahead with the paving of Van Raalte avenue.

Adjourned.

NEWS ONE DOLLAR A YEAR

**LOCAL NEWS**

Mrs. Egbert Winter and daughter, Miss Elizabeth Winter returned to Holland Saturday after spending the past week in Chicago at the home of Mrs. H. D. Moreland.

Nicholas Plagenhof, father of Officer Neal Plagenhof, returned to his home, 302 East 11th St., last Friday, from Holland hospital where he had been confined with a broken leg sustained recently when he came in contact with an auto when crossing a street here.

The Men's league of Third Reformed church elected Clarence Klaasen, president, at their monthly supper meeting held at the church, last Friday night. He succeeds Jay De Koning. Other officers named were George Mooi, vice-president; Robert Noter, secretary; and Bernard De Pree, treasurer. The Rev. William Van't Hof, new pastor of the church, spoke briefly. The story of the manufacture of paper and an actual demonstration of the process was given by Glenn Stewart, advertising manager of the Kalamazoo Vegetable Parchment company. Mr. Stewart said that with 55 paper concerns in Michigan the paper industry was second only to the automobile industry in the state in importance. These 55 companies produce 400 miles of boxcars of paper, he said, and the largest single paper producing area in the world is the Kalamazoo valley. The development of paper making was traced by the speaker from the first paper-maker, the hornet, which built a nest of paper-like substance, to the invention of the first paper-making machine, in 1798, by Louis Robert, a Frenchman. Machines used today based on the same principle measure 500 ft. in length, weigh 2000 tons and cost over seven million dollars. Mr. Stewart explained that it is the fibres from the pulp of a log that go into the making of a piece of paper and the name vegetable parchment referred to fibres obtained from the trees classed in the vegetable world to distinguish it from an animal product. Following his talk on paper Mr. Stewart told briefly of the unique young folks business training program carried on by the plant community of Parchment, a suburb of Kalamazoo. M. R. Russell, county scout executive, addressed the gathering of about 90 men on the "Scout Finance Drive" to be staged here this week. The Men's league took steps to form a committee to aid in the drive. A goal of \$2,500 has been set. Richard Keeler played two violin selections accompanied by Miss Evelyn Beach at the piano. The supper was served by Mrs. Arthur Pommering and her division of the Aid Society.

**A JOHANN STRAUSS PRODUCTION TO BE PRESENTED—  
"THE GREAT WALTZ"**

On Tuesday, November 10 Grand Rapids will celebrate what will undoubtedly be the event of the theatrical season. Max Gordon has included this city on the history making coast to coast tour of his huge musical play, "The Great Waltz", which has been seen for two seasons at the Center Theatre, Radio City, in Rockefeller Center, New York and which enjoyed an unusual run of fifteen weeks at the Auditorium, Chicago.

Many people from the surrounding cities will be attracted to Grand Rapids by "The Great Waltz". The management aware of this has made special arrangements to accommodate out-of-town guests. Mail orders may be sent to the Civic Auditorium box office at any time and telephone reservations will receive special attention. The curtain on Tuesday evening will rise at 8:30 promptly and the final curtain at 10:50 so there is ample time to see the entire performance and be at home at a respectable hour. The finale is said to be the most beautiful scene ever seen on the stage and no one should leave the theatre without seeing it.

"The Great Waltz" is based on an operetta entitled "Waltzes from Vienna" which ran for two years in London. It is the story of Johann Strauss, father and son, the famous waltz king and the son who eclipsed him in fame. The score is composed entirely of the original Strauss music; for the finale Johann Strauss, Jr., leads his father's orchestra in his own new waltz "On the Beautiful Blue Danube." This is said to be the most beautiful scene ever presented on the stage.

The large company remains practically intact. Guy Robertson will be seen as Johann Strauss and Charles Romano as Johann Strauss Sr. Others in the important roles are Lee Whaley, Ruth Altman, Vivien Fay, Gladys Clark, Solly Ward, Robert Vernon, Sam Mann, Stanley Harrison, Ralph Sanford and Henry Bergman. There is an enormous chorus of mixed voices and a large ballet together with an augmented orchestra.

"The Great Waltz" comes to this city on a transcontinental tour that covers 27,000 miles. The transportation costs alone are estimated at \$100,000. The tour opened at Richmond, Virginia and closes next May at Boston, Mass. It includes 71 cities in 38 states and Canada.

Mrs. L. W. White and Mrs. George Staggert entertained last Thursday evening, at the White residence, 180 East 18th St., members of two classes of Sixth Reformed church of which they are teachers. The basement in which the affair was held was appropriately decorated for the occasion. The games played included bobbing for apples and a "hall of horrors."

**CHRISTIAN WARFARE—**  
Ephesians 6:13-20.

Henry Geerlings

When man is brought to faith and becomes a Christian, he has become a new creature. A new spiritual life has been implanted in him. He has ceased to be a servant of sin and has become a servant to God. The new nature implanted by grace sits enthroned in the very citadel of his being, and the fundamental motive of his activity now is love for God and man. But the old evil nature of sin has not been eradicated, but persists in him alongside of the new nature. It hovers about in the surrounding areas of his being, seeking to regain control of the citadel. There is a constant conflict between the old nature and the new, a conflict aided and abetted by Satan and all the powers of evil. And it is the life work of the Christian to let the new nature drive out the old nature more and more, and to bring every part of his being, with every thought, desire, aspiration, and action into harmony with that Christian love which has now become the fundamental principle of his life.

This is a lifelong task, and a difficult one, accompanied by much weakness, failure, and heartache. To overcome more and more the old evil nature which remains is a task too great for the Christian's own strength, but not too great for the strength which he derives from Christ. Holding on to Christ by faith, the life and strength of Christ flows through us, strengthening us for the good fight and enabling us to overcome and gain the victory. The old evil nature is more and more overcome and driven away from the center to the outskirts of our being by the expanding power of the new life in Christ. The nature of our enemies are of an extremely powerful character. Our wrestling is not against flesh and blood. Temptation comes indeed from our own evil nature and from our fellowmen. But in the last analysis these are the tools which Satan uses for his wicked purpose. The form which his attacks assume is some times that of a roaring lion but usually is that of wiles or schemes sought out for deceiving us. As indicated by the term "wrestling the conflict is a hand to hand and foot to foot conflict for the mastery. And we are engaged not against one evil spirit but a host of them.

To wage the conflict successfully the Christian must put on the whole armor of God, that is, the armor with which God supplies him. He must be armed from head to foot with no point of weakness exposed to Satan's attack for the evil is quick to take advantage of any unprotected spot. There is to be no opening anywhere. It is Satan's policy to seek out the weak points for his assaults. We are to be armed at every point and thus be prepared to resist every possible temptation. The conflict is perpetual, but is more severe at some times than at others. The evil day may be any day, but is in particular the day on which we are exposed to extraordinarily severe temptation. Our determination must be not only to resist each separate assault, but successfully to wage the lifelong conflict and to conquer.

The description of the armor is modeled after that of the soldier of Paul's day. Truth is the girdle which must keep together the flowing robes of the Christian soldier, so that he may be unencumbered for the fight. Truthfulness, sincerity, a conscientious purpose to do the right—these are fundamental essentials in all who would successfully wage the conflict against the powers of evil. Against any temptation to doubt God's mercy or his own salvation he must have on the impenetrable breastplate of Christ's righteousness, against which Satan's assaults are vain. And to be prepared always to follow Christ, his leader, to do and suffer what God wills, and to have inner peace no matter how the conflict rages without, his feet must be shod with the preparation of the gospel of peace. Withal he needs the shield of faith. Like the shield of the Roman soldier, which was an oval four feet long and two and a half feet wide, faith is the great comprehensive defense of the

THE recent cold snap reminds us that hearty foods are again in order. It is good news therefore that pork is plentiful and costs less than in many months. Lamb and veal are also reasonable in price. Beef prices have begun to reflect the drought as there is a scarcity of well-finished beef. Chickens, particularly the frying and roasting sizes are reasonable. Butter is again higher but egg prices are fairly steady.

Many vegetables are now coming from the south and west though the hardy cabbage family, celery and the root vegetables are still northern staples. The citrus fruits and apples have taken their winter stand at the top of the housewife's marketing list. Here are three menus planned for different budget levels.

Christian, intercepting and rendering harmless the fiery darts of the wicked one. With our hearts fixed in confident dependence on our loving Saviour, the temptations of the evil one cannot reach a vital part. For faith is the victory which overcometh the world and the prince of this world. The helmet of salvation is the inseparable accompaniment of the shield of faith. For with faith there is a firmly grounded hope of salvation. The head, in the sense of the mind, is a favorable point of attack by Satan in these days, in which the intellectual difficulties of the Christian religion are so unduly emphasized by many. But where there is a sure

hope of salvation based on a living faith and an experimental knowledge of the grace of God in Christ, Satan's attacks on the head will fail. The one offensive weapon is the sword of the spirit, the word of God—furnished by the Holy Spirit and energized by him. By this word the Christian's heart is established in the truth, and with it the enemy is put to flight. With this word, Christ in the wilderness thrice parried the skillful thrusts of Satan. It is to be observed that no armor is specified for the back. The Christian is expected to keep his face to the foe.
