## Bulb Planting Bee Successful; Another Planned

300 Volunteers Are  
Attracted to Event;  
To Continue Saturday

Tulip Time Manager Willard C. Wichers today expressed appreciation to the 300 or more volunteers who turned out in Wednesday's community-wide tulip bulb planting bee in which nine of the 15 blocks to be planted were completed.

Tulip Time officials today proceeded with plans for another planting bee Saturday morning and afternoon to complete the other six blocks and make various mass plantings along some lanes.

All chairmen of organizations co-operating in the event are asked to survey their members and round them up for Saturday's bee. A special appeal also went out to volunteers not affiliated with special organizations and to students to assist.

Volunteers will report in the morning at 24th and State and work east to Prospect park. From there they will plant beds on Columbia Ave. south to State St. and on 30th St. between Lincoln and State St.

After completing work there, volunteers will move to Central Ave. planting north from State St. to 12th St.

In the afternoon, workers will report to 10th St. between Washington Blvd. and Van Raalte Ave., and plant beds on 12th St. from Washington to Pine.

Wichers said the effort Wednesday was very successful. He said nothing of the sort had been attempted locally before, therefore there had been nothing for comparison. He said 36,850 of the 80,000 bulbs were planted Wednesday.

Cider and doughnuts distributed by canteen workers of the Red Cross proved very popular. The station wagon began its rounds at 3 p.m. and completed at 4:30 p.m.

## Voting Sidelights

To satisfy the curiosity of his seven-year-old son who was intensely interested in voting procedure, a local voter took the youngster into the booth and painstakingly explained the mysteries of the X's and the squares. Coming to the amendments, the voter made his choice, and then chagrined to hear the youngster's piping voice say for all to hear, "Daddy, why did you vote 'yes' on No. 1 and 'no' on No. 2 and 3?" Then came the lecture on secrecy of the ballot.

Holland's total vote in Tuesday's general election was 5,779, which was 279 over City Clerk's maximum estimate of 5,500. All election inspectors said the vote was unusually heavy for an off-year election.

Voting by wards follows: First ward, 869; second, 1,036; third, 1,016; fourth, 927; fifth, 1,000; sixth, 1,031. Highest vote in the history of Holland was cast in the 1944 presidential election when 7,306 ballots were cast. A total of 6,832 was cast in 1940 and 6,175 in 1932, both presidential years.

Election accommodations reached a new high at the fourth ward here Tuesday when Steve Karsten, a member of the election board, thoughtfully provided a pair of glasses for the use of persons who had forgotten their own. Yes, the glasses were used, Election Inspector Ben Wiersma said.

To make room for a large election chart for Ottawa county, some of the thousand and one articles cluttering the news room had to be moved at The Sentinel office. Among the things moved was a hall tree topped by a man's hat, which somehow landed in the doorway. About 4 a.m., one sleepy reporter, after speaking to it twice, finally decided to move it.

## Reward Offered for Identity of Culprit

A. I. Hazzard of Holland today offered a reward of \$10 for information leading to the identity of the boy or boys who Tuesday night broke into his house trailer on Washington Ave. between 28th and 29th Sts. and took a few packs of cigarettes.

Hazzard told police the culprit or culprits must have been injured by broken glass since there was blood on a sheet in the trailer. Since the window in the trailer was small, the break-in was believed to be done by a boy.

## Accident Brings Charge

Cars driven by Paul Van Dort, 25, of 328 College Ave., and Justin G. Kronmeyer, 50, route 1, collided at Van Raalte Ave. and 14th St. at 10 p.m. Monday. The left front of the Van Dort car which was traveling east on 14th St. was damaged. The right side of the Kronmeyer car, traveling south on Van Raalte, also was damaged. Van Dort was given a summons by local police for failure to make a complete stop for a stop street.

Volunteers dug out the blue jeans and overalls Wednesday to help plant a substantial part of the 80,000 tulip bulbs provided by local merchants and other donors to extend Holland's tulip lanes in preparation for the city's Centennial Tulip Time festival in 1947. Top picture shows girls and women placing the bulbs while men stand by to

cover them. The girl in the plaid shirt in the foreground was identified as Betty Van Lente. Bottom picture shows the Chamber of Commerce group at work on 24th St. near the hospital. At left are Park Supt. Dick Smallenburg, Mrs. Jay H. Petter and William H. Vande Water. At right are Jay H. Petter, Mayor Ben Steffens and Ed Boeve.

## Will Study Alley Lines Before Zoning Action

Mayor Ben Steffens Wednesday night appointed Aids. Herman Mooi, Melvin Van Tatenhove and Bertal Slagh, City Engineer Jacob Zuidema and City Attorney Vernon D. Ten Cate to consult property owners on River Ave. between 12th and 17th Sts. on alley lines before Common Council takes action on re-zoning the section from B residential to C commercial, as had been recommended by the Board of Appeals.

Mooi, Van Tatenhove and Slagh will work as the street committee. Ald. L. C. Dalman, chairman of the original street committee, asked to be excused. Mooi will serve as chairman.

The subject was introduced by Ald. Dalman who reported progress following a special meeting of Common Council Oct. 30 as a "committee of the whole" to discuss the subject.

Ald. William J. Meengs' motion that the subject of renumbering Holland's houses be tabled for two weeks was approved, but aldermen were urged to devote more time to the subject in private study. Consideration was given to an "open forum" meeting in the future with the Chamber of Commerce arranging to have persons with desired information present.

The subject of city representation in a hearing involving an injunction against Mrs. Sophie Nelson who had remodeled a house on East 14th St., was referred to City Attorney Vernon D. Ten Cate with power to act. Ten Cate explained that the Board of Appeals had granted Mrs. Nelson permission to build an outside stairway for an upstairs apartment.

A report by the Ways and Means committee increasing hourly pay rate for election inspectors from 70 to 90 cents was tabled after some aldermen had understood the stipend would be raised to \$1 and had informed their boards accordingly.

Ald. Slagh of the Buildings and Grounds committee announced a bid of \$2,145 for a new ceiling in the library. The bid was referred to the committee with power to act.

Ald. Henry Te Roller said the public lighting committee had under consideration plans for lighting in the south end of the city

## Officers Search For Stolen Car

Grand Haven, Nov. 7 (Special)—Enforcement officials of Ottawa county today were on the look-out for a car stolen in Zeeland early this morning after the driver abandoned a stolen Illinois car which Grand Haven city police had fired at in Grand Haven at 1 a.m.

Suspicious of a car which came out of an alley, Grand Haven officers gave chase and forced the driver to the curb. As the two officers got out of the car, the driver of the Illinois car put the vehicle into reverse and made a quick getaway.

Search of the alley revealed the back door of a dress shop had been jimmied, but nothing seemed to be missing today.

## MIAA Leadership Hinges on Score Of Hope-Hillsdale

Dutch Have Chance  
To Share Conference  
Honors With Win

THE STANDINGS	Games	W	L	Ts	Opp
Hillsdale	4	3	1	78	19
Hope	4	3	1	69	13
Kalamazoo	4	3	1	57	20
Alma	4	2	2	39	56
Albion	5	2	3	53	70
Adrian	5	0	5	6	124

The two top teams in the state of Michigan, Hope and Hillsdale, will battle for a share in the MIAA crown Saturday at Hillsdale. Coach David Nelson of the Dales has led his team to a first place tie in the conference and to five wins against one defeat.

Hillsdale boasts two of the best backs in the MIAA in Bill Young and Tome Ward, both halfbacks. Young, known as "Mr. This Side" in Hillsdale, has gained a total of 425 yards in 62 tries for an average of 6.8 yards per try. He has scored 36 points this season and is just behind Ward for the scoring honors. "Mr. That Side" Ward has carried the ball 65 times gaining 257 yards for an average of 3.9 yards per try for the season.

While Ward's average is not as high as that of Young's, he has scored 48 points making him high in the state for the second successive week. Besides their talented backfield, the Dales have a forward wall that is not too large but has out-charged every team they have met. End Ray Perry, according to Hillsdale reports, is the best end in the MIAA this season.

The Dales have defeated Ferris Institute, Kalamazoo, Adrian, Michigan Normal, and Alma has a season finisher with Lawrence Tech of Detroit after the Hope game. The Britons from Albion handed the Dales their only setback of the season on Oct. 5 by a 13-6 score. Hope has won one more game than Hillsdale which puts them on top of the record standings in Michigan. Hillsdale is rated as second according to their record.

Coach Nelson is the new Athletic Director of the Hillsdale college, coming to Hillsdale after three years as a Naval officer. Coach Nelson had the task of building an entirely new athletic department at the college. He graduated from the University of Michigan in 1942 with a B.S. degree in Physical Education; he received a masters degree in 1946.

Nelson employs the same system in football as his old coach Fritz Crisler and has been well satisfied with the results. Harold Westerman is the backfield coach and is also a new man while John Smith is an old timer at Hillsdale and is also assisting at the coaching game.

The game Saturday will be played at the comparatively new Hillsdale athletic field. The concrete stands on the west side of the field have a seating capacity of 1,300 persons and any overflow can be taken care of in the temporary stands above the regular seats and in the end zone. Game time has been set for 2 o'clock.

Coach Al Vanderhush will assign starting positions to his eleven by Friday. All the injured on the Hope squad are still recuperating. Don Schriener has a shoulder injury and is being treated by the trainer everyday.

Art Timmer is reporting for practice again as his leg is getting back into shape after a bump he received in the Adrian tilt. Ripper Collins is still bothered with a leg injury and is not working out with the team. Fullback Ernie Post is recovering from a leg ailment and will be ready to go Saturday along with his co-fullback Bob Emery.

## Blue Skies From Now on —At Least for a While

If variety is the spice of life, Mr. Weatherman certainly has been contributing his share. He's even giving us sunshine and rain in the same day now.

But the end should come tonight — of the rain, that is. Or so Mr. Weatherman says. With the final precipitation, we'll also have to relinquish warm temperatures, according to the report.

If sunshine brings you a lucky day, rise tomorrow and shine!

## Countryside Looks Like England, War Bride Says

"The countryside here looks just like England, but I can't get used to automobiles on the wrong side of the road."

So said Mrs. William M. Kole, the latest English war wife to join her husband in Holland.

Mrs. Kole, the former Dorothy Swift of Manchester, England, arrived in Holland not long ago after an eight-day voyage on the American Army ship George W. Goethal, which carried 150 war brides plus Army personnel and Civil Service workers.

The English girl, formerly a stenographer for real estate interests in Manchester, was married to the local soldier Sept. 22, 1945. Kole left England Jan. 19, 1946, and his bride has been waiting since then to join him here.

Mrs. Kole, fascinated by stores with vast stocks of unrationed goods, is looking forward to moving into her new home which her husband has under construction on 32nd St. "We hope we'll be able to move in by Christmas," she said.

The colored trees here look like England, but the houses are different, she said. "Most houses in England are of brick," she explained.

She has a sister in the Wrens, comparable to the Navy Waves. After her release next May, she plans to come to America for a visit.

At present, Mr. and Mrs. Kole are staying with the former's parents, Mr. and Mrs. Benjamin Kole, in Central park.

Asked whether she tried to operate a car with "right-hand" drive, Mrs. Kole in her charming clipped British accent said, "Oh my goodness, no. I don't drive. There are so few cars in England and all the petrol is rationed."

## Shaw Bound Over To Circuit Court On Homicide Count

Allen W. Shaw, 21, of 92 West 10th St., charged with negligent homicide in the death of Miss Beatrice Jacobs, 18, was bound over to Circuit Court to appear Nov. 18 at 10 a.m., following an examination before Municipal Judge Raymond L. Smith Wednesday afternoon.

The examination was conducted by Prosecuting Attorney Howard W. Fant of Grand Haven, who called as witnesses Police Officers Charles Dulyea and Ernest Bear, Coroner Gilbert Vande Water, and Wallace Bradley, driver of another car first on the scene. Photographs were submitted as evidence.

Testimony brought out that the accident occurred when Shaw's car hit the rear of a parked freight trailer, owned by Heidema Bros., on 15th St. just west of Harrison Ave. Miss Jacobs was killed almost instantly and Miss Betty Timmermans, 17, another passenger who was badly injured is still confined in Holland hospital. Shaw, the driver, was less seriously injured.

Sgt. Bear testified as to measurements he took at the accident scene the following day. He said he recovered three of the five bolts snapped from the tandem frame of the trailer. He said the left rear tire of the trailer had been blown out by the impact which sent the trailer over the curb. He also said the glass of the left headlight of the Shaw car had been broken previously and the reflector was beginning to get rusty.

Bradley said the car he was driving and Shaw's car had stopped for the through street at 15th and Van Raalte and there may have been a conversation between the occupants of the two cars. He said he was later about to make a left turn onto Harrison from 15th St. when he heard the crash and wheeled around to the right. He estimated both cars were traveling 20 to 25 miles an hour.

## Hope Collegians Climb Into Tie In MIAA Standings

### Bushmen Down Adrian In Drizzling Rain; Win Through Aerials

Coach Al Vanderbush's Hope college football eleven climbed into a first place tie in the MIAA with Hillsdale and Kalamazoo Saturday as they soundly trounced Adrian college 19-0. The contest was played at the Island Park stadium at Adrian in a drizzling rain that greatly hampered the Hope running attack.

The winning Dutchmen took to the air to score their three touchdowns. The rugged Adrian forward wall balked efforts to penetrate it. Hope scored one touchdown in the first quarter and two in the third frame with Nick Yonker tossing two touchdown passes and Russ De Vette one.

The game opened in a driving rain and the locals had to pass to keep from slipping in the mud. Halfway through the first quarter, Russ De Vette heaved a pass to Art Timmer, halfback, from his own 35. Timmer snagged it on the Dutch 48 and cautiously stepped 52 yards for the first touchdown. Ken Weller was sent into the game to placekick but the boot was no good, and the Hollanders were started with a 6-0 lead.

Adrian's game was entirely defensive as the Bulldogs held Hope in both the second and fourth quarters. Bob Emery, Hope's plunging fullback, broke into the clear many times but slipped, on the boggy turf, when he might have gone the entire distance for a score.

Yonker sharpened his eye in the third quarter and tossed two passes to Timmer which brought the ball to the Adrian 5. Yonker then rifled a short pass to Dick Higgs in the end zone for the second Dutch tally. Higgs converted the extra point and the locals led 12-0.

Several minutes later Yonker again called a pass play and Vern Kraal tore down the sideline and cut in to take Yonker's pass. He showed his track speed as he romped 30 yards to make it 19-0. Weller tried to boot the extra point but the wet, slippery ball went wide.

Neither team scored or seriously threatened, although Emery again was again in position to score but slid. Adrian's defense held fast as the game ended with the Dutchmen substituting freely. All 35 members of Hope's football team played in the contest as many of the regulars remained on the bench resting for the big Hillsdale encounter next Saturday.

Hope's tradition of beating Adrian in athletic contests was kept intact and Adrian has yet to beat the Hollanders in a sports contest. Only 250 fans braved the wet weather to watch the contest. About 10 Hope fans made the trip.

The running of Emery, Timmer and Higgs kept the Bulldogs guessing while the play of Timmerman and Collins was outstanding on the Hope forward wall. Dawson turned in a commendable performance at the left end spot for the Adrianites.

Adrian's game was mainly defense and they did a fine job of holding the locals on ground plays but were helpless when the Dutch took to passing. The Bulldogs surprised the Hopesites several times when they quick-kicked to put the ball deep in Hope territory.

The Hollanders outgained the Adrian collegians on rushing making 186 to 35 yards and gaining 10 first downs to three for the Bulldogs. The 31 yard line was the nearest Adrian got to the Hope goal as the local line held strong.

### Victorian Setting for Civic Theatre Play

The Victorian melodrama "Angel Street," better known to moviegoers under the title of "Gaslight," which will be presented in the Woman's Literary club here Thursday at 8:15 p.m. by the Grand Rapids Civic Theatre, has the suspense and excitement of the old-fashioned melodrama with-

out resorting to many of the devices one finds in revivals of plays written in that era. The scene is laid in London in 1880.

With much of the feeling of the play derived from the oppressive atmosphere of the living room of a well-to-do establishment in London of the late Victorian period, the scenic designer, James Mitchell, has planned a setting decorated in the heavy style of that era. He discovered that digging up Victorian furniture was one thing, but finding old gas fixtures upon which much of the action of the play depends, was quite another. Several authentic sets were finally located.

The local performance is sponsored by Holland branch, American Association of University Women. Arrangements are in charge of Mrs. Henry Steffens.

## Halloween Pranks At Minimum Here

Holland police and officers of the sheriff's department answered several calls on Halloween pranks Thursday night, but few were of a destructive nature. Police Chief Jacob Van Hoff said today.

Some road barricades and street signs were moved by pranksters. Police caught some youngsters in the act of hauling away the school sign, "We Love Our Children." Most pranks were window soaping. Some pickets were removed from tulip beds in Centennial park and the beds trampled.

There was a noticeable decrease in trick-treat practices in several sections Wednesday and Thursday, due probably to Chief Van Hoff's request that youngsters "take it easy."

Police received one call from a woman last night asking whether there is any limit to ages of trick-treat participants. She said some callers at her door were 20 or 22 years old.

"I gave each of them a soda cracker. Maybe I should have given them a pail of water," she said.

## Holland Football Teams Travel This Week-End

### Hope Meets Hillsdale, Holland High Invades Benton Harbor High

Both Holland football teams take to the road this week as Holland High school invades Benton Harbor for a game with the Tigers on Friday while the Hope college outfit will try to keep its winning ways against a tough Hillsdale opponent on Saturday. Hope's game will mean a first place tie with Kalamazoo if they knock off the Dales and if Kazoo beats Alma.

Holland High has won three games so far this year, lost the same number and tied one. The locals have one game after the Benton Harbor game and will try to keep its record above the .500 mark.

Coach Paul Camburn will have the same team to field that he used against St. Joseph and Kalamazoo Central with different results. Holland played ball up to par against St. Joseph but let down as Kazoo trimmed them.

The Dutch will sharpen their pass offense this week in an attempt to get over the strong Tiger front line. With Bauman developing speedily as Camburn expected, Hinga and Van Dorp will be able to cut loose with their aerials this week.

Coach Al Vanderbusch's squad of Hopeites were hampered in practice Monday by a muddy field and could not get down to work. Many of the big guns in Hope's lineup were still on the injured list and under the care of Trainer Jack Schouten. Timmer, Yonker and Schriener are recovering from back and leg ailments and are expected to be well enough to see action in the Hillsdale game.

It will be the last game of the season for the collegians as the contest will be the last for the seven seniors on the squad. Timmer, Davidson, Schriener, De Vette, Vander Waa, Yeomans, and Van Dis are the boys who have played for Hope and will be in their final game Saturday.

Vanderbusch has not struck up on his starting lineup as yet and will not be able to announce the starting lineup until the end of the week when he can see how his injured starters are progressing.

## 1946 Shaping Up As Big Year for Holland BPW

The Board of Public Works doesn't have to wait until the year's end to know that 1946 will be the biggest year to date in several ways.

The electric department has been particularly busy keeping up with the tremendous number of new homes being built, and even if many owners only get the basement finished, they still want electric service. In the first 10 months of this year, 276 new customers have been added, compared with 91 for all of 1945.

As everyone who is doing any building knows, the biggest problem is obtaining materials. This is particularly true in electrical and plumbing supplies. In spite of this, the BPW has not had to refuse service to anyone, and in most cases have been able to make the connections as soon as needed, even though many require line extensions.

Many unusual things have been necessary in order to provide this service. Besides diligence in finding materials, steel and part steel have been used instead of copper, making possible longer spans and half the number of poles.

The entire system has been studied and transformers and wire that could be spared by combining loads have been taken down and reused. When meters have not been available, customers have still been given service and billed on an estimated basis according to the major appliances used. At present there are about 100 such services.

The water department has been busy too with 41 new services so far this year, as compared to 11 for 1945. More impressive, however, is the fact that in spite of sprinkling restrictions this year, 127 million gallons more water was pumped in the first nine months of this year than in the same period of 1945. The large elevated tank on 28th St. holds one-half million gallons, so compare that if you wish to get some idea of the amount of water involved. The total pumpage for the nine months was 624 million gallons.

Transfer of the assets and liabilities of the Farm Security administration in Ottawa and Kent counties to the Farmers Home administration has been announced here by Jay C. Hansen of the FSA office. Thus ends Farm Security's lending program to farmers during the last decade.

"We are elated over the change," said Hansen. "By its action in passing basic legislation, Congress has placed its stamp of approval on the work we have been endeavoring to do for 11 years."

During the period the Grand Rapids office has assisted more than 1,000 families in Kent and Ottawa counties with farm and home advisory services. Loans totaled more than \$560,000.

The Farmers Home administration, created by Congress, will absorb functions of Farm Security and the emergency feed and seed loan section of the Farm Credit administration. Rowell Carr of East Lansing, who has been FSA state director since 1935, will head the new agency in Michigan. Jay C. Hansen of Grand Rapids who has had charge of the Farm Security office here will head the Grand Rapids office.

It is expected that the FSA board of directors composed of three active farmers in each county will assume directorships in the new agency. Ottawa directors are: Everett Collar of Conklin, Harold Kragt of Holland, and Andrew Hoffman of Hudsonville.

The new agency provides for loan services to farmers who cannot get credit through local banks and lending agencies. Production and subsistence loans up to \$3,500 will be available to buy feed and seed, livestock, equipment, and other farm necessities and to refinance debts. Such loans are to be repaid within five years and draw 5% interest. Loans can be made to buy, enlarge, repair, and improve farms. Such loans will draw 3 1/2% interest and if necessary can run for 40 years.

FELLOW TRAVELERS  
GETTING WISE

The news that Harold L. Ickes  
has withdrawn his membership  
from the National Council of Amer-  
ican-Soviet Friendship is re-  
vealing. Although the announced  
reasons for the withdrawal are  
vague and general, it is not too  
difficult to make a shrewd guess  
at the real reason.

That guess is that Ickes, in  
spite of his runaway radicalism,  
is at least still more loyal to Am-  
erica than he is to some other  
country. We are merely being  
told that the withdrawal of Ickes  
and a few others is "attributed to  
disagreement with activities of  
the council." And those disagree-  
ments, we may be sure, grew out  
of the well known tendency of all  
such organizations to place the  
interests of Russia several miles  
ahead of the interests of America.  
Nothing could be better or more  
wholesome than a real National  
Council of American-Soviet  
Friendship. There are few things  
more important than fostering  
good relations between the two  
key nations of the world, the  
United States and Russia. The  
very fate of civilization may de-  
pend on the maintenance of  
friendly relations between those  
two countries. If such an organi-  
zation should be the real thing  
in the true sense of the word  
"friendship" the most patriotic  
Americans might feel proud to be-  
long to it.

But usually it does not, what-  
ever may or may not be true of  
this particular organization. Nine  
times out of ten, when you see the  
term "American-Soviet friend-  
ship," it means that people who  
in their hearts are ready and eager  
to go all out for the Russian  
system are the sponsors and are  
using the organization to attain  
their ends, and Russia's ends, by  
indirect methods.

It would never do to call them-  
selves the "Council of the Friends  
of Russia" or some similar name.  
Most Americans continue to be  
so American in their hearts that  
they place America before Russia  
or any other country. But if the  
friends of Russia can fool well  
meaning Americans into believing  
that their organization is on a 50-  
50 basis as between the two coun-  
tries they are in a much better  
position to gain their ends.

On that basis many a well-  
meaning idealist joins such groups,  
but sometimes he discovers after  
a little that such organizations  
are not interested in America,  
only in Russia. When that hap-  
pens the idealists sometimes find  
enough courage in their souls to  
withdraw. It is a fair guess that  
something of that nature occurred  
in the case of Harold Ickes.

**Prominent Fennville  
Musician Claimed**  
Fennville, Nov. 7 (Special)—  
Mrs. Reuben R. Scott, 65, died  
Monday at 1:15 p.m. in Commu-  
nity hospital, following a brief but  
critical illness. After a cerebral  
hemorrhage in her home Sunday,  
Oct. 27 she was taken to the hos-  
pital.

Mrs. Scott, the former Miss  
Persis Cowles, was born at Sand  
Lake and attended high school at  
Greenville. She taught for a time  
at Rockford and then studied mu-  
sic at the University school of  
music.

In 1906 she was married to R.  
R. Scott of Ann Arbor and they  
came here in 1912, locating on a  
farm north of Peachbelt. In her 35  
years' residence here, Mrs. Scott,  
a talented pianist and music en-  
thusiast, was active in music cir-  
cles in Saugatuck, Douglas and  
Fennville. She also took a great  
interest in the art schools at Sau-  
gatuck and Douglas.

Surviving, besides the husband,

Northern High school; Donald, em-  
ployed in Flint, Harold, at home

Sunday School  
Lesson

November 10, 1946  
Paul Found the Church  
at Philippi  
Acts 16:11-15

By Henry Geerlings

We know of no more wonderful  
vision than the one that appeared  
to Paul in the night at Troas—  
the one upon which followed most  
remarkable consequences. We do  
not know just how it happened.  
We would not assume to try to  
explain its processes for we know  
that we should fail. We have the  
feeling that it was a mysterious  
working of the human and the di-  
vine no matter just how it took  
place. This would be true if it  
were just what we might call a  
deeper insight into the great  
needs of a great territory.

Luke may have been the human  
instrumentality used by a divine  
Providence to call Paul's atten-  
tion to an open door before him.  
But let us not worry ourselves  
about the how of a something, the  
greater part of which fades into  
the realm of mystery, even after  
we have brought to bear upon the  
problem all the psychology we  
know. Let us content ourselves  
with feeling that God and Paul  
are out on a great mission to a  
great needy Gentile world and  
that God has many ways of influ-  
encing His servant to act.

This vision in the night at Troas  
was one of them. We use a great  
deal of valuable time and precious  
energy when we work ourselves  
into a feverish state of mind try-  
ing to discover the how of some  
things at face value and proceed  
upon the issues therefrom.

We are ready to say therefore  
that it was one of the greatest  
moments in all history when Paul  
had his vision and acted favorably  
on it. A long march westward of  
a new civilization began when  
Paul and his company left Troas  
and went into Macedonia. It  
seems like the most insignificant  
event that we could well picture  
when we think of the circumstan-  
ces. Here was a little company of  
traveling missionaries simply go-  
ing in a new direction. One of  
them saw something in the night  
and heard something. They go into  
a very important city of a great  
empire. It is true, but what can  
this have to do with starting a  
great and unending movement that  
blesses the world? And let us ha-  
sten to add to these circumstances  
that fact that these traveling mis-  
sionaries went out on a Sabbath  
day to the bank of a river where  
they found a few women. They en-  
gaged them in conversation and  
of course the talk was really about  
Jesus. A master story teller was  
doing the talking. We can easily  
imagine that he at once caught  
the attention and stirred the in-  
terest of women on the river bank.  
He had something marvelous and  
stirring to tell them.

Jesus is always an interesting  
theme, and how much more so He  
must be to those who hear of Him  
for the first time. A great person-  
ality talks about a greater person-  
ality, and at once fire is struck in  
human souls. We have a mental  
picture of Paul as he talks. His  
face glows. His voice is warm with  
the affection for his great Master.  
His eyes speak as eloquently as  
his lips, and we believe that he  
must have impressed those good  
women that he was an extraor-  
dinary man with an extraordi-  
nary story. At least one woman of  
the little group heard him with an  
open mind and surrendered to the  
power of his message. She and  
her household were baptized and  
then there Christianity got a  
foothold in Europe. But still this  
seems very insignificant—one good  
woman won for a cause—just one  
woman as over against millions of  
pagan people in a pagan empire.

But we make a serious mistake  
if we despise small beginnings. A  
few grains of wheat were all there  
were in the early days of this  
country. But now we have so  
many millions of bushels of wheat  
here that wheat has become one  
of our great economic problems.  
The small grows into the great;  
the few into the many. One good  
woman in whose heart God dwells  
is enough for God to start a great  
movement. Christianity thus got  
its hold on European soil and  
thereafter the trend of Christian  
empire was westward instead of  
eastward. All Europeans who ac-  
knowledge the Christ and certain-  
ly all Americans who call them-  
selves Christians, should hold in  
sacred and precious memory, Ly-  
dia, an ancient dealer in purple.  
As we think of the many special  
days that have come into our  
modern church calendar we can  
see no reason why we should not  
add another. Let it be Lydia Day.

Grand Haven, Nov. 7—Donald  
Lyndon, World War II veteran  
who lost his left leg during the

a 1946 model sedan from the gov-

of the \$30,000,000 appropriation  
to aid amputees.

Festoons to Decorate  
Stores for Christmas

A new plan for holiday decora-  
tions, one in which store fronts will  
be decked with evergreen festoon-  
ing, was adopted by retail mer-  
chants as a special meeting Oct.  
28, called by Tony Last, president  
of the Retail Merchants' Associa-  
tion.

In addition, merchants decided  
to string up criss-cross lights at  
intersections and have Christmas  
music played on the amplifying  
system again this year.

Six designs for store-front de-  
corations were on display from a  
Grand Rapids firm which makes  
the evergreen roping of genuine  
balsam and holly.

Boulevard lights will not be  
decorated this year, in view of the  
fact that it is doubtful whether  
the new poles will be installed by  
that time.

Merchants who did not attend  
this morning's meeting may in-  
spect designs at Chamber of Com-  
merce headquarters and obtain  
illustrated order blanks which  
Last said must be filed before the  
end of the week.

Present plans call for Holland to  
don her holiday dress the first  
week in December. It was said  
Grand Rapids plans to put up its  
holiday decorations early in Nov-  
ember.

Cornelius Vander Kuy  
Weds Miss Myrtle Bos

A beautiful late fall wedding  
was performed Tuesday night in  
Trinity Reformed church when  
Miss Myrtle Bos, daughter of Mrs.  
G. D. Bos, 97 East 23rd St., be-  
came the bride of Cornelius Van-  
der Kuy, Jr., son of Mr. and Mrs.  
C. Vander Kuy, 123 West 23rd St.  
Dr. H. D. Ter Keurst read the  
double ring rites at 8 p.m. Bask-  
ets of white chrysanthemums,  
pompoms, palms and ferns and two  
seven-branch candelabra decora-  
ted the altar and clusters of pom-  
pons tied with white satin ribbon  
decorated the pews.

Miss Mary Ellen Brower sang  
"Because" preceding the cere-  
mony and "The Lord's Prayer" as  
the couple knelt at the altar. Mrs.  
Harold Beernink, organist, played  
the traditional wedding march-  
es.

Attending the bride were Miss  
Laverne Huyser, friend of the  
bride as maid of honor, Miss Carol  
Jean Bos, the bride's sister, and  
Miss Edith Lou Bos, cousin of the  
bride, as bridesmaids. Nelva Held-  
er and Jack Heider, also cousins  
of the bride, were flower girl and  
ringbearer.

The bride, given in marriage by  
her uncle, Eldert Bos, was lovely  
in a white tulle gown fashioned  
with a sweetheart neckline, long  
sleeves tapering to points over the  
wrists and tiny buttons down the  
tender from neckline to waist.  
The double net skirt and long train  
were applied with flow-  
ers. She wore a fingertip veil held  
in place by a crown of beaded or-  
ange blossoms and a strand of  
pearls, gift of the groom. Her arm  
bouquet was of white roses and  
mixed flowers.

The maid of honor wore an  
aqua silk jersey and net gown  
with matching shoulder length  
veil. The bridesmaids wore identi-  
cal gowns of pink and yellow dot-  
ted net over silk with matching  
shoulder-length veils. All attendants  
carried arm bouquets of roses and  
mixed flowers to match their  
gowns. The flower girl was gown-  
ed in white satin with a net skirt  
trimmed with bows of pink ribbon  
and matching shoulder-length veil.  
She strewed rose petals in the  
path of the bride. The ring-  
bearer wore a white suit and car-  
ried the rings on a satin pillow.

Leo Vander Kuy assisted his  
brother as best man. Ushers were  
Tom Vander Kuy, brother of the  
groom, and Ernest H. Post, Jr.  
Mr. and Mrs. Eldert Bos, uncle  
and aunt of the bride, were mas-  
ter and mistress of ceremonies.  
Miss Patricia Anne Geister and  
James Griffith were in charge of  
gifts and Mr. and Mrs. Chester  
Raak, cousins of the bride, served  
at the punch bowl.

A reception for 100 guests was  
held in the church parlors. Tables  
were decorated with cranberry  
greens, white pompoms and lighted  
tapers. A three-tier wedding cake  
decorated the bride's table. Serv-  
ing the guests were the Misses  
Carolyn Huizenga, Esther Huy-  
ser, Eloise Rial, Edith Gustafson  
and Angelina Beyer, friends of  
the bride; also the Misses Helen  
Van Farow, Lorraine Van Far-  
owe and Jerene Beltman, cousins  
of the bride.

At the reception, Miss Brower  
sang "My Hero" and "The Desert  
Song." She was accompanied by  
Mrs. Theodore Kleinhekel who

## Hope College Band Delights Old Grads With Anchor Formation

Hope College Band

Impressive moment between  
halves at the Hope-Alma Home-  
coming football game Saturday,  
Oct. 26 was the formation of a  
Hope anchor by the blue and  
orange uniformed band as "Hail

to the Orange" was played and  
the audience sang.  
The band, recently organized  
after several years of dormancy,  
was directed by Everett Kisinger  
of the local high school faculty. In

seven rehearsals he whipped the  
Hope players into shape and they  
performed admirably in the Home-  
coming parade Friday night and  
provided atmosphere music in the  
stands Saturday.

(DuSaar photo)  
The band also formed the let-  
ters "AL" for Coach Al Vander  
Bush as they played "For He's a  
Jolly Good Fellow"; the block let-  
ter "A" for Alma and "H" for  
Hope.

Volleys From  
Ambush - -

The Jaycees had a guest at  
their party they didn't know  
about. A former Holland girl, now  
living in Grand Rapids, has a son  
about six or seven years old, who  
is suffering from rheumatic fever.  
As Halloween approached, chil-  
dren in his neighborhood began  
laying plans for their party. The  
mother, thinking to spare her son  
the disappointment of not being  
able to go to the party brought  
him on a visit to his grandparents  
in Holland.

From his bedroom he was able  
to see the fireworks that climaxed  
the annual Jaycee party. You can  
imagine his enjoyment.

Incidentally, this was the first  
opportunity for many a Holland  
youngster to see a fireworks dis-  
play. During the war, fireworks  
were another civilian casualty.

Many, of course, saw the dis-  
play last summer when the Cham-  
ber of Commerce staged the Ven-  
etian Night, but many did not.

Simon Pool, 76 West 18th St.,  
was among the Michiganders who  
gathered near Houghton Lake to  
engage in the first organized bear  
hunt with dogs in Michigan.  
(Really, that's what they called  
it—these news writers who must  
always write in the superlative  
sometimes involve themselves and  
their readers in some cumbersome  
words words.)

But anyhow this first organized  
bear hunt with dogs in Michigan  
didn't exactly thrill Mr. Pool.  
About 1,000 took part in the af-  
ray, which netted two bears.  
But it was an excuse for the  
sportsmen to shake the cares of  
earning a living and get out in the  
spirit of fellowship. Doesn't ap-  
pear it was too hard on the bears  
either.

Jane Garvelink has a story of  
auto traffic. But she won't tell  
the Ambusher exactly what did  
happen. From sources here and  
there we did find out that the up-  
shot of it all was that a police-  
man gave her party an escort to  
get them out of Ann Arbor and  
headed for Holland. I do wish peo-  
ple would remember the details!

Everybody has heard that a  
man biting a dog is news, but not  
everyone has as novel a method  
of telling readers what he wants  
as the editor of the Albion Re-  
corder. Said he, in part:

"As always, the Recorder is in-  
terested in publishing more news  
about Albion people and their ac-  
tivities... taking new positions, or  
going to colleges... honors or pro-  
motions won by ex-Albionites...  
and we appreciate 'tips' on items  
...trips or guests..."

To which the Ambusher might  
add:

Your local paper is interested if  
you break your leg, marriage, or  
contract; get born, married, or  
die; visit or be visited; get pro-  
moted, demoted or devoted; swim  
the Hellespont or fall in the bath-  
tub; climb a mountain or move  
one; go to school, graduate or get  
expelled; play a base viol or make  
one; win a footrace with the po-  
lice or lose it; buy a necktie in the  
Dakotas (as several of our more  
prominent sportsmen did on a re-  
cent pheasant hunting trip) or  
wear one courtesy of the sheriff.  
In other words, anything you do  
is news to someone. We pass this  
information on to the Albion Re-  
corder with our apologies for  
stealing their stuff.

## Swindlers Reap Good Harvest In Rich Michigan

**Aunt Susie's Been Here and She's Taken Some of the Gravy**

Washington, Nov. 7. (Special)—This is a warning that Aunt Susie has been seen in Michigan.

Even among the bumper crop of 1946 postwar swindlers, Aunt Susie is recognized as one of the best.

The FBI says the impersonators are the most effective of the modern crop of confidence men, flim-flam artists, and fakes of all styles and sizes.

And what an impersonation Aunt Susie is putting on!

A great reader of the society pages, she makes her first appearance the day after a wedding, at the home of the emotionally tired parents of the bride.

The honeymooners have left. The bridegroom, usually a veteran, is called the favorite nephew by

Aunt Susie. She is so sorry that she just missed his wedding, but, she had a little accident on the way. In Pittsburgh, some man bumped up against her, and the first thing she knew, her pocket-book was gone. In it was a lot of money, and her return ticket.

The in-laws are gullible. Aunt Susie looks like a good homey soul. They feed her, and comfort her, and send her off with enough money to buy her return ticket.

What sad news for the newlyweds when they return, flat broke, of course, to find that the bridegroom must dig up \$50 ticket money, or have his brand-new in-laws think he's a cheapskate.

This is just one of the 740 different kinds of sucker schemes which have flourished with new vigor in the aftermath of war. More people have more money than ever before. Much of this ready cash is in the hands of people who never have had so much money jangling in their pockets. Besides, the people are in a receptive "let-down" mood, where a whisper about a "secret deal with tempting big profits" has special allure.

The sugar racket has caught some Michigan farmers. Another impersonator, claiming to be a veteran pulls up in the farmer's yard in a convincingly old Ford truck. In the back are a couple of hundred pound sugar sacks. He lets the farmer take a peak at his treasure, finally lets him have "one extra sack" for only 50 cents a pound.

With a great show of honesty, he rips open a corner of the bag and lets the farmer taste the grains of sweetness. The deal is closed, and not until later does the farmer find out that 90 percent of the sack contains sand, not sugar. In each case, the swindler is protected for the victim does not want to be revealed as a dope or a sucker.

### Casts Vote at 92

So-called Holland patriots, who may have stayed home on previous election days to finish a washing or who "just plain forgot to register," will hang their heads in shame before the record of Mrs. A. Michershuizen, 92, of 399 College Ave., who Monday cast her absentee ballot for the state election. Mrs. Michershuizen, always a loyal voter, feels it is every citizen's duty to use his privilege at the polls.

## Jenison Hobbyist Buys Own Airport And Lives There

### War-Learned Skill Provides Interesting Leisure Time Activity

Critics like to say, "that's not a hobby, that's a disease." But men like LeForest G. Krantz of Jenison merely grin and admit the particular hobby they ride is perhaps infectious, but nevertheless a swell way to spend spare time.

Flying light planes happens to be the way Mr. Krantz spends his time and in order to indulge his hobby he actually bought a flying field. He is building a home on it so all he needs to do is step out of his back door and into his plane. Then all the sky is his pathway.

But to go back to the beginning—Mr. Krantz became interested in flying when he joined the Civil Air Patrol at Grand Rapids in 1941. Not that he wasn't already making his personal contribution to victory, because he was turning out war material at General Motors, where he has worked since 1929. But he felt he should invest his spare time in defending his country and Civil Air Patrol seemed a good way to do it.

In Civil Air Patrol he learned to fly and he's been doing it ever since. He's a supervisor in the press department and commutes

from his Jenison township home daily. Since he learned to fly he has had several light planes, and as yet hasn't had a crackup.

Now you ought to know how a man of apparently modest means comes to own a private landing field. The answer is simple. He bought half a small farm, strategically located so his 16-acre "farm" runs narrow and long on the crest of a rise. This gives him a landing strip half-a-mile long that serves his purposes admirably. When visited by a Sentinel reporter, the plane was in the backyard, moored to cement building blocks, and the family was busy completing a new house.

And the house is as modern as flying. Mr. and Mrs. Krantz have definite ideas of what should go into the modern home. First of all, there's radiant heating. Pipes imbedded in a concrete sub-flooding carry warm water, which in turn provides even heat throughout all rooms. Then there is a picture window that looks out on tidy farms of Jenison township. One wall carries a wide expanse of glass brick to transmit the last rays of the setting sun on a spacious living room, which also boasts a tasteful fireplace. Wall treatment and color scheme are as up-to-date as today's newspaper.

Because the family is going to live inside, most of the planning has gone into the interior of the house. The outside gives no indication of the completeness of the interior.

What does he do with his time in the air? Well, for one thing there are visits with his mother and mother-in-law. One lives in Flint and the other in suburban Detroit. The Flint branch of the family has a pasture that makes a swell landing strip. And there are hunting and fishing trips. Speedy trips make short week-ends longer.

Does aviation have a future for the private plane? Mr. Krantz thinks so. He plans to teach his three children to fly. There is Trent, 9, Fred, 8, and blond little Kay, who is 2½ years old. Right now, most airports are too far from city centers and too many communities either have no landing fields or those they have are inadequate, Mr. Krantz believes.

For the feminine viewpoint Mrs. Krantz was left with the last word, a woman's right. She shares her husband's enthusiasm for flying and has learned to pilot a plane herself. She's an attractive matron with hair the color of a new copper penny. She has pitched in to make her house a real home, even though it is located at the end of a "landing field." Her eyes sparkle when she tells about the thrill of flying. She's a careful flier, too, and has never so much as scratched the paint on the new plane.

Both agree they won't do much farming on their land. Maybe a few berries and a garden plot. But that 16 acres was bought for a landing field and that's what it'll be, they both say.

There is only one rule for being a good talker; learn how to listen.

There are those who are very wise, whose knowledge is almost

## Holland Reserves Edge Out Kazooks By 7-6 Score

The Holland High school football reserves took a thrilling 7-6 victory from the Kalamazoo reserves Friday afternoon at River-view park. The ground was wet but both teams took to the airways to score.

Both the little Maroons and the little Dutch made their tallies in the second quarter. The Kazooks took the lead, scoring in the middle of the second frame. A series of short passes brought the ball to the Holland 5. On fourth down and six yards to the goal line, Sleep, Kazook back, tossed a pass to Wenke, a lanky end, to score. The Maroons attempted to drop-kick the extra point but the boot was swide, and the locals trailed 6-0.

Kalamazoo kicked off to the Hollanders after the touchdown and the locals began their touchdown march furiously as Wlodarczyk rifled passes to Appledorn on the Kazook 35. To Kempker on the 5 and a snap toss to Melchow for the tally. Wlodarczyk's fourth pass was for the extra point and Vander Velde was on the receiving end to put Holland ahead, 7-6, as the half ended.

In the second half there was little excitement except for Kempker's running for the Dutchmer. He reeled off several runs of 10 yards and one for 30. Many attempts to run were halted by a slippery turf.

The breaks were divided as both teams made costly fumbles. Holland ended up with another scoring drive that died on the Kazook 6 as the final gun sounded.

Outstanding for the Dutchmer were Wlodarczyk and Kempker with Wenke turning in a good show for the Maroons.

# Kazoo Humbles Dutch on Grid

## Holland Scores on First Scrimmage Play But Falters Badly

After scoring on the first scrimmage play of the game, the Holland High school gridiron offense was muffled by a strong Kalamazoo eleven who trampled the Dutchmen 28-6 last night at Riverview park. Holland's offense never got started but the Maroons were rolling a good share of the time, as they piled up 21 points in a big second quarter.

Holland held the lead four minutes after quarterback Hinga of the Dutchmen called a surprise pass play for the first play of the contest. Kuipers aerialized a long pass from the Dutch 32 to Bauman on the 45. Bauman got up to the Kalamazoo 35 where Moser, Maroon quarterback, had him trapped; but Bauman spun and broke loose and raced the remaining 35 yards to the goal. Bauman then tried to convert the extra point but failed.

Holland kicked off to Kazoo in high spirits and on the long end of a 6-0 score. But their glory was short as the two teams exchanged punts and Kalamazoo got in the drivers seat on the Holland 37. Kingscott pranced to the 27-yard line. Lisak scattered the center for three more yards, a pass from Mosers to Lisak brought the ball to the Holland 11 and first down to the Kazooks. A loss brought the ball back to the 20 where the Dutchmen held and took the ball on downs.

Vande Wege, Holland punting ace, booted the ball on first down to the 38 where Moser ran it back to the 25. Nulf carried the pigskin to the 15 and on the next play Wright a substitute halfback drove 15 yards through left tackle for the Kazoo six-pointers. Nye began a great evening of place-kicking splitting the uprights for the extra point and making three more before the lights went out. As the quarter ended the score was Holland 6, Kalamazoo 7, and Kazoo threatening to score again.

Early in the second period Kalamazoo took another one of Vande Wege's punts on the 32 yard line and it was just plain Lisak that dominated the Dutchmen as he drove 31 yards to the four yard line from where he scored on the next play on an easy buck at center making the score 13-6. Nye again kicked the extra point.

Holland drove to the Kazoo 37 where they punted putting Kalamazoo on their own 23. Gains of 12, 4, 35, 1, 22, and 2 yards put the maroons over for another tally. It was Lisak again who made the final plunge into the end zone to make the score 20-6. Nye booted perfectly to make it 21-6.

On fourth down and Holland on their own 40 yard line Vande Wege's punt was blocked by Lisak, who came whirling through the Dutch line to mess up the kick. Born, the right end, picked up the ball and sprinted to the 2 yard line where Van Hekken finally brought him down. A penalty for holding brought the ball to the Holland 17 yard line where a three yard plunge by Lisak and a 8-yard pass put Kazoo on the five. Moser then pushed the score up to 27-6 as he went over for the counter. Nye's kick was again good and the score stood 28-6.

The half ended after Vande Wege punted to the Kazoo 26 with both Holland's offense and defense badly shattered.

The second half was scoreless and the game slowed up as the damp air made it uncomfortable for the 4,000 fans. It was a mass of punts with neither team making any definite threat to score. The running of Lisak was the feature of the evening as he picked up a total of 144 yards and to his team in the scoring column with 12 points. Bauman and Van Hekken turned in shining performances for the Hollanders. Van Hekken in his second starting role showed much drive both offensively and defensively. Bauman also turned in his usual showing snagging several passes for Holland's leading means of ground gaining.

Starting lineups:

Architect's plans for the new Virginia Park club house call for a white frame L-shaped building with terra-cotta roof, with overall dimension of 64 by 55 feet, to be built on the site of the old club house which was destroyed by fire last April 10. The new building will have no accommodations for roller skating, but will be used primarily as a community and recreational center.

## Virginia Park Club Plans New Community Center

A new club house for the Virginia Park Community club will soon be a reality.

Plans for a club house have been drawn by M. K. Disbrow, Virginia park architect, calling for an L-shaped frame building with overall dimensions of 64 by 55 feet.

This building will replace one destroyed by fire last April 10. Unlike the former building, the new club house will have no accommodations for roller skating, but will be designed primarily as a club house for members to promote community interests particularly among the younger folk in the line of sports and recreation.

Plans call for a lobby, a combination reception hall and recreation room, cloak rooms, rest rooms, kitchen facilities and storage rooms. A partial basement will house heating facilities.

A moveable stage is provided for plays and public service meetings. The kitchen and storage rooms will be in the offset of the "L," according to architectural plans.

From 200 to 300 can be seated at tables in the main hall.

Plans call for a white frame structure with a terra-cotta roof. Landscaping will be an important part of the program which also includes tennis courts, horse shoe courts and a baseball diamond.

The Community club was founded about 20 years ago by Virginia Park residents. Meetings were first held in various homes, and then the club acquired a lot and with considerable volunteer effort built a club house.

About 15 years ago, the club purchased the old interurban car barns and operated a skating rink to finance property improvements. In the middle 1930's with the aid of WPA funds, the property was extensively remodeled, costing close to \$20,000.

Building is expected to start as soon as possible, club leaders said.

## Michigan Dean Addresses Club

Speaking with an understanding of the problems of young women in adjusting their higher education to this postwar era, Miss Alice C. Lloyd, dean of women at the University of Michigan, appeared before members of the Woman's Literary club Tuesday afternoon in the auditorium of First Reformed church. She spoke on the subject, "Education Adjusts to a New Era."

Dean Lloyd stated that women have not yet begun to make themselves significant in the life of the times. She feels that people do not take life realistically, especially in the case of spiritual values and moral consciousness toward the problems of the world. Educational standards must be kept high in order to fit women for their part in making the world safe for democracy, said Dean Lloyd, for "democracy is not democracy unless all citizens have a chance to get a good education."

Preparation for professional life will be harder for young women to achieve than it was during the war period, is the dean's belief. The speaker urged that women be specially concerned to enter the teaching profession, social service, health services and community service. There are national reflexes to overcome and psychological attitudes to be assumed in solving the problems created by a realization of postwar needs, in the opinion of the dean.

Mrs. Randall C. Bosch introduced the speaker and announced that next week's meeting will be in the club house. Members are asked to meet at 2 p.m. to greet new members of the club. There will be a collection to meet the needs of the philanthropy committee which supplies Thanksgiving and holiday treats for persons in the county home at Eastmanville.

A question and answer period followed. Thirty-four attended.

### POTATO TOUGHIE

This fierce looking creature is the product of a lowly potato vine, which must have been surprised at its product. The knobs have formed in such a way that there are four legs, two of which can be seen in the photograph. Two eyes and knob ears and a

snout give the appearance of the face of a prehistoric beast.

A tail, fully 10 inches long, gives the whole arrangement a reptilian appearance.

The potato was brought to the Sentinel by George Reimink, Box 44, Hamilton. He's keeping it in a cigar box because you really have to see it to believe it.

## Round Table Discussion Heard at Century Club

Century club members, meeting Monday night in the home of Dr. and Mrs. Irwin J. Lubbers on the Hope college campus, participated in an informal round table discussion on democracy, communism, and the prospects for a unified world peace. Dr. Lubbers served as co-ordinator announcing as the topic, "Is Wallace Right, or Wrong?"

Gathered around the discussion table were Marvin C. Lindeman, Miss Metta Ross, Mrs. Frederick Stanton and John F. Donnelly. Several members of the club also contributed their views.

In summing up the discussion, Dr. Lubbers suggested that with history moving at so rapid a pace, "what we as individuals think indicates where the world is headed." If people are driven to communism because of the failures of democracy, he said, then "we must cleanse our American life to prove that the American way is the best way, and will lead to world peace."

A charming feature of the program was the group of piano solos played by Miss Jantina Holleman of the Hope college music faculty. Miss Holleman played a Brahms "Intermezzo," the last movement of the Mendelssohn "Concerto in G Minor," and "The Butterfly," by Sanabala, a modern composer of Guatemala.

Dr. John R. Mulder, club president, presided. Refreshments were served by Dr. and Mrs. E. E. Fell, Mr. and Mrs. W. J. Olive

and Mr. and Mrs. P. F. Boone. Next meeting of the club will be in the home of Dean and Mrs. Milton L. Hinga on Nov. 18, with Dr. J. J. Sessler as speaker.

## Exchange Hears School Report

The report of the Citizens' committee which was formed last spring to investigate the needs of the Holland public schools was presented to the Exchange club Monday noon at the Warm Friend tavern.

George Copeland of the building investigation committee outlined the committee's recommendations:

(1) The replacement of Lincoln and Froebel schools with one new building.

(2) The renovation of Longfellow and Van Raalte schools to accommodate the rapidly increasing enrollment, and to provide adequate facilities.

(3) The building of an addition to Senior high to house an auditorium, gymnasium, cafeteria, library, and music rooms.

Peter Kromann of the finance committee explained the proposed methods of financing the estimated cost of \$1,347,500. City and county tax units were discussed, and it was pointed out that by voting an additional 5-mill tax in school districts sufficient funds could be raised. There is some hope of securing state and national assistance in order to undertake the building program.

Dr. Lester Kuypers, chairman of the Citizens' committee, directed the ensuing discussion.

Music was provided by a quartet composed of Irvin Smith, Chet Oonk, Jack Oonk and Bill Vande Yacht.

The club had as its guests Mrs. George Kollen, Mrs. Kenneth De Pree, C. J. De Koster, and John Olert, all members of the Board of Education; C. C. Crawford, Superintendent of Schools; and Clyde Geerlings.
