Jalling at what was to have been the victory dinner for workers at the Warm Friend Tavern. The workers were guests of the Holland Furnace Co.

Chest President O. W. Lowry told workers that the Community Chest has never failed to go over the top and all agreed that solicitation must be continued another week until the final goal is met for the support of its nearly 40 agencies.

"This is a matter not only of civic pride," Jalling said, "but we must meet our responsibilities to these worthy causes which depend on us for their support."

Total pledged to date is \$40,110.96 which is \$2,045.04 under the quota of \$42,156.

Public employees, Ray Riedsma chairman, \$691.40 or \$59 over the quota of \$632.40.

New board members elected Wednesday night were Tony Last, Gary Jalling and Russell Klaasen. They were elected for a term of three years. An additional member will be appointed by the board. Persons who have not contributed or those who feel they can increase their gifts are asked to take such contributions to the Chest headquarters in the Chamber of Commerce building.

Prep Team Meets Powerful Tigers At Benton Harbor

A bruised and battered Holland high school football squad will invade the Tigers' den at Benton Harbor Friday night to face one of the best high school grid teams in the state.

Benton Harbor, rated consistently high in all the state-wide polls of class A teams, has lost only one game this season. The Tigers hold victories over Chicago Morgan Park, Kalamazoo, Muskegon, Lansing Sexton, Grand Rapids Central and Muskegon Heights. Lone loss was to Grand Haven 19-12.

Last week's Harbor win over Muskegon Heights 20-14 assured the Tigers of at least a share of the last football crown in Southwestern conference history.

Benton Harbor was at its best in turning back the Heights, whom Holland edged 7-6. Said the Muskegon Chronicle: "This Benton Harbor victory was no fluke. It was engineered by an alert, aggressive team that capitalized on every break and beat the Heights at its own game—hard, fast line play and deceptive offensive action. There was no question that the Harbor squad was the best produced here since 1943 when the last of two conference titles was tucked away by the Bengals."

The Harbor offense is paced by a big forward wall and executed by a rugged backfield built around all-state halfback Nate Clark, now in his fourth year of varsity competition. Teaming with Clark in the backfield will be Sid Thomas, another stellar performer, at the other halfback slot, with Bob De France at fullback and Dan Biggs at quarterback.

The Tiger line, which played almost ferociously on defense for most of the season, is paced by guard Peterson, tackle Byers and end Goff.

Holland Coach Dale Shearer, in analyzing his team's chances against Benton Harbor, expects the Tigers to "be as tough as Grand Rapids Catholic."

Shearer points out that the Dutchmen reached a peak early in the season in defeating Muskegon Heights, and since then have been an up-and-down ball club, playing sporadically.

"If we can put together four good quarters Friday night," Shearer comments, "we can give Benton Harbor a real ball game." He explained that against the Heights was the last time Holland has played a complete game of consistently good football. "We had two good quarters against Catholic, none against Dowagiac, one against St. Joe and about 1½ against Petoskey," Shearer explained.

The Dutchmen will not be at full strength to test the Tigers. Most serious loss has been at tackle, where both Ward Pippel with a shoulder separation and Dave Rogers with an ankle injury definitely are out of action.

Coach Ned Stuits are working with Roger Kolean, Roger Israels and Paul Dozeman to fill this spot, with Kolean likely to get the call on offense, with Israels and Dozeman called on for defense.

Other injuries throughout the squad are less serious and most likely won't eliminate any player from at least part-time service.

The offensive lineup likely to start for the Dutchmen will include Dave Bos and Ron Boeve at ends, Ken Lubbers at the other tackle, Jerry Victor and Ed Raak at guards and Blaine Timmer and Laverne Hoeksma sharing center duties.

In the backfield will be Terry Burns at quarterback, Jack Kemper and Carl Visscher at halfbacks despite bruises left over from the Petoskey game, and John Fendit at fullback.

Shearer was pleased with the performance of his squad in the last half against Petoskey, and hopes that the blocking will continue to be crisp.

The game Friday night is slated to get underway at 8 p.m. at Filstrup field. The Dutch will be cheered on by a vanguard of about 400 high school students—including two bands—who will make the trip by the special football train.

Final game of the season is next week at home against Grand Haven.

Zoning Ordinance Measure Passes Primary Reading

Measure Designed To Relax Certain Present Provisions

An amendment to the Holland city zoning ordinance passed its first reading at Wednesday's regular session of Common Council.

The amendment as prepared by City Attorney James Townsend at the direction of the Planning Commission, regards so-called "nuisance industries" within the city limits, and is considered a relaxation of previous positive restrictions on these industries.

The ordinance amendment would provide that these "nuisance industries"—with 56 of them listed in the actual amendment—could be allowed within specified areas of the city upon action of the Board of Appeals.

Townsend explained that the amendment gives the Board of Appeals power to locate certain industries otherwise prohibited. Ald. Robert Visscher added that the amendment actually will promote industry in the city instead of hamper it.

A public hearing on the zoning ordinance was set for Wednesday, Dec. 3, at 7:30 p.m.

In other council action, the canvass of the city vote on the proposed municipal recreation building was adjourned because of the need for more time. Mayor Harry Harrington said he felt that there was insufficient time to carry out the canvass between Tuesday's vote and Wednesday's meeting. The city charter calls for the canvass on the Wednesday following the vote.

The canvass will be taken up when council convenes again at the call of the mayor. At that time, other probable action will be to authorize the architect to proceed with the preparation of final plans and specifications for the recreation building.

A report by a special committee, consisting of Aldermen Rein Visscher as chairman, Raymond Holwerda and John Van Eerden and Manager H. C. McCintock, regarding a study of the Insurance Audit and Inspection Co. report of the insurance coverage of the city, was ordered adopted in its entirety. The manager was authorized to carry out its provisions, which dealt with property insurance, workmen's compensation, boiler insurance and automobile insurance.

A summary of the sixth annual report of the Michigan Municipal Employees' Retirement system was presented by City Auditor John W. Fonger, who along with Ray Riedsma served as delegate at the meeting Oct. 16 in East Lansing.

In other council business: Aldermen okayed a contract with the Kirkhof Electric Co. for \$24,000 for wiring at the James De Young power plant.

Council accepted an invitation from the Woman's Hospital Auxiliary to attend an open house at Holland hospital on Nov. 11.

Regular monthly reports presented for October included the building inspector's, listing 59 applications for building permits, seven heating permits and two sign permits; the fire inspector's, listing 90 inspections and six warnings; the health inspector's, outlining his activities and listing contagious diseases including three whooping cough, one German measles and two chicken pox.

Council deferred action on an application for license to operate a restaurant known as the East End Cafe by Carl L. Winstrom, and granted a license to construct sidewalks to Gordon Streut.

The mayor was instructed to appoint a committee to study the regular audit report for the period ended June 30, 1952, according to past custom.

Paving Petitions Occupy Council's Regular Meeting

Aldermen Ponder Action on Six Different Streets

Paving came in for considerable discussion at Wednesday's regular session of Common Council, and some of the matters contained involvements with the paving provisions in the city charter.

In all, six different petitions were received by council.

The first petition regarded paving of two blocks on 25th St., between Maple and Van Raalte Aves. The bulk of the 57.6 per cent of assessable property represented in the petitions is in the block between Maple and Washington Aves., while four property owners in the other block—John Gallen, Dick Zwip, John Gallen, Jr., and Jennie Smeenge—requested council to consider the proposition one block at a time. In its action, council authorized construction of storm sewers in the two blocks, with the paving project referred to the city manager for further report.

Another group of property owners asked that Harrison Ave., between 18th and 19th Sts., be paved. But upon motion of Ald. John Belman, the aldermen decided to extend the request and pave Harrison Ave., from 12th to 22nd Sts., and authorized the necessary steps in the procedure.

The same situation carried over regarding a petition to pave Columbia Ave., from 24th to State Sts. Ald. Robert Visscher, moved that the paving project include Columbia Ave., from 24th to 32nd Sts., and this was okayed.

A fourth petition from property owners on East Fifth St., from Columbia Ave. east to the end of the street was okayed, and a fifth proposal requesting paving of 12th St., from Lincoln to Fairbanks Aves., also was okayed. These two petitions contained less than the customary 50 per cent of the property owners as signers.

The final petition concerned East 29th St., from Central to Michigan Aves., and the petition represented only 3 per cent of the assessable frontage. So council deferred action with an eye to the 1954 paving program.

Final plans for the widening and resurfacing of Michigan Ave., from 28th to 19th Sts., and resurfacing from 19th to 13th Streets as submitted by the state highway department for the city's approval, were okayed by the aldermen.

The state department also listed the low bidder on the job as the Neil and Al Construction Co. of Holland at a low bid of \$78,806.26, with the estimated city share of the cost at \$15,845. Council approved the low bid.

A piece of property on the south side of East Ninth St., adjacent to the west line of the Western Foundry Co. property, was ordered purchased by the city at an offered price of \$4,500. This property, formerly occupied by the late George Steggerda, would be necessary for a street connection between Ninth and 10th Sts., to provide an outlet for Ninth St. to Fairbanks Ave. The lot has a frontage of 60 feet on Ninth St., and a depth of 166.89 feet, and contains a 30 by 60-foot cement block building, which the city plans to rent.

City Finally Finishes Piece of Old Business

A long-pending piece of business with the Public Housing Administration finally was cleared up at Wednesday's session of Common Council.

The business regarded a housing unit on the old tannery lot during just after the war, and specifically an item titled, "Payment in Lieu of Taxes."

According to agreement between the city and PHA, Holland will pay \$243.61 to Ottawa county and \$582.17 to the Holland school district to clear up the matter.

Aldermen gratefully granted such permission.

Sentinel Election Extra Put Out Wednesday

The Holland Sentinel put out its first election extra in several years Nov. 5, announcing Eisenhower's victory, the passage of the municipal recreation building, and a complete election table for Ottawa county.

The latter was made possible through efficient operations of the voting machines which the Board of Supervisors purchased for the county during the October session. Had the county used the ballot system, it would have taken perhaps 7 a.m. to tabulate the vote.

After the newsroom crowd kept an all-night vigil and the composing room employees turned out in the wee hours to set type and make up the pages, the eight-page election extra was ready for the streets about 5:30 a.m.

Besides the biggest type The Sentinel can boast, the issue contained three pages of Eisenhower's life in pictures.

Holland Township Vote Rates \$6.9 Per Cent

A total of 3,279 votes were cast in Holland township's five precincts Tuesday, a record of \$6.9 per cent of the total registration of 3,775 voters, according to figures submitted by Township Clerk Walter Vander Haar today.

The vote is broken down into precincts as follows:
Precinct No. 1—1,102 votes cast or 84.4 per cent of registered vote of 1,300.

Precinct No. 2—415 votes cast or 84.4 per cent of 493 registered.
Precinct No. 3—515 votes cast or 91.5 per cent of 564 registered.
Precinct No. 4—530 votes cast or 87.8 per cent of 604 registered.

Fire Prevention Day Is Observed In Holland Today

Outside Inspectors Conduct Intensive Campaign for Safety

Visiting firemen—or more properly, fire inspectors—descended on Holland today for an intensive Fire Prevention Day campaign in the city.

About thirty fire inspectors and special agents representing capitol stock insurance companies signed up at incoming headquarters in the former Democratic headquarters building before noon. Representatives wore red and black arm bands signifying them as members of the Michigan Fire Prevention association.

The inspectors were assigned five buildings each to inspect for various violations, business places and public schools were included on the list of buildings to be inspected.

The project is sponsored in Holland by the Chamber of Commerce in co-operation with the Holland Association of Insurance Agents. Members of Holland Boy Scout troops served the inspectors as guides throughout the city.

The super inspection is sponsored in nine Michigan cities each year. Besides the inspections, Fire Prevention Day also featured special assemblies in schools of the city.

W. D. Voorhes, president of the Michigan Fire prevention association, spoke to the Holland Rotary club at a regular luncheon meeting today. The luncheon honored the inspectors and Holland Fire Chief Andrew Klomprens.

Voorhes, termed the co-operation shown in Holland as "unexcelled."

Collegians Play Alma Eleven Here

A slight departure in the usual schedule routine will give Holland fans a chance to see an improved Hope college football squad in action Friday night at Riverview park against a defensive minded Alma outfit.

Game time will be at 8 p.m. The Alma Kiltie band will come with the team and will maneuver at half time as well as the Hope band.

Winner of Friday's game will keep alive hopes of a possible share in MIAA football glory. Both Alma and Hope have won two and lost one in MIAA play, and the winner will be in position to gather in the chips should league-leading Albion stumble somewhere along the line.

The contest also will feature a battle between last year's champions of the MIAA. The Dutch and Scots shared the crown last year.

Hope will enter the contest possibly without the services of ace fullback John Hamilton, who has been limping around all week and may be entirely on the shelf this week. Coach Al Vanderbusch expects Hamilton to be in uniform but is

Collegians Score 16 in Last Period To Defeat Hornets

KALAMAZOO (Special)—Piling up 16 points in the fourth quarter, Hope college kept its MIAA football title defense hopes alive here Saturday night by stunning a highly-touted Kalamazoo college outfit 30-14 before an estimated 2,500 fans at Angell field.

Although the accent was on offense in the tooth-and-nail struggle that finally ended in a rout, the defensive platoons of both squads came in for their share of laurels as both the Dutch and Hornets found paydirt difficult to reach.

Kalamazoo outscored Hope in everything but points as the Hornets edged the Dutch on first down 17-13, on yards rushing 323-294 and on yards passing 46-38.

As one Hope partisan expressed it, "They pushed us all over in the middle of the field. But we got into the end zones."

In fact, two Hope touchdowns were called back because of penalties.

The score was tied 7-7 at the half and 14-14 at the third quarter.

Then the Dutch put together a 66-yard sustained drive, a field goal and a touchdown run on an intercepted pass to whip the Hornets in the final period.

The first period was scoreless and played mostly in Hope territory as the Dutchmen found themselves in hot water after Kazoo recovered three different fumbles deep in Hope's back yard. The defensive platoon came in for honors here, stopping Hornet drives on the 12-yard line, one yard line and 20-yard stripe.

Late in the period, the Hornets started to move after receiving a Dutch punt on their own 38, and then drove 62 yards to score on the sixth play of the second period. Key played in the drive was a 35-yard split-T lateral run with Phil Dillman carrying through the line, then lateraling to Bob Van Horn for the gain. Dillman sneaked over from the one for the touchdown and Bob Vander Veen kicked the extra point.

The two teams exchanged punts and Hope found itself with the ball on the Kazoo 35. The Dutch drove for paydirt, and quarterback Don York sneaked over from the one yard line, but the Hope team was penalized 15 yards for an illegal formation. Undaunted, the Dutch drove back to the one-yard line again before giving up the ball on downs.

Kazoo successfully carried out to the Hornet 31 when Dillman tried an optional play to the right. But Don Howard batted down the lateral and recovered the resultant fumble on the Kazoo 27. Dave Kemper drove in the middle for two, and then passed to Ken Bauman for a 23-yard gain to the two-yard line. John Hamilton kept the middle to the one, and Kemper piled over for the marker. Bob Prins kicked the point to tie the score with less than two minutes to play in the half.

Kazoo then drove to the Hope 15 on passes and optional runs before time ran out.

In the third stanza, the Hornets received and went down to the Hope 27 before their drive stalled and the Dutch took over. On the first play, Kemper went through the middle, then wriggled to the right and streaked down the sidelines to the Kazoo 15 for a gain of 58 yards. On the next play, Frank Talarico took a pitchout and skirted left end for the remaining 15 yards and the touchdown. Prins again kicked the point and Hope led 14-7.

An exchange of punts after the ensuing kickoff gave Kazoo the ball on its own 23. Two plays in the line netted yards, and then Van Horn took a pitchout and picked up good blocking around right end to race 68 yards for the Hornets' second touchdown. Vander Veen again kicked thru and the count was knotted 14-14.

The Dutchmen took the next kickoff and plunged 66 yards on 12 plays to score. A 22-yard run by Talarico and 26-yard jaunt by Kemper featured the drive which was capped early in the fourth period as Kemper plunged over left guard from the one for the third Dutch score. Prins' kick was blocked by Jack Doyle and Hope led 20-14.

The Hornets again began to move after taking the kickoff and were on the Hope 29 before Jim Van Hoven pounced on a fumble to end this threat. The Dutchmen failed to gain and kicked out to the Kazoo 18, where Dillman fumbled on the first play and Don Piersma recovered for Hope on the Kazoo 16.

Kemper passed to York for nine yards, and then plunged for three to the Hornet four. On the fourth play, John Adams crashed over from the one, but Hope received a five-yard penalty for backfield in motion nullifying the score. Another five-yard sentence followed for delaying the game, and then Prins came in to boot a 22-yard field goal from almost straight out to give the Dutch a comfortable 23-14 margin with five minutes left to play.

After the next kickoff, the Hornets were stalled and lined up in punt formation on their own 32 on fourth down. But Dillman elected to pass, and linebacker Jim Van Hoven intercepted on the 35 and raced across the double stripe to score standing up. Prins' kick was good and the final score stood 30-14.

Not content to take defeat, the Hornets struck back and carried from their own 34 to the Hope nine-yard stripe. Fullback Sam Grow plunged into the line and fumbled, and the alert Van Hoven recovered on the two, killing

Heavyweight boxing champion Rocky Marciano may not appear to be too large physically, but he sure puts away a huge breakfast. Breakfast Monday morning at the P. T. Boxing King Marciano Seems Unlike Champion

Quiet, sensible Rocky Marciano destroys all myths about what a championship boxer is supposed to be.

Legend has it that there are four types of ring champions. One is the obviously stupid and punchy fighter who must look to his manager to speak for him. Another is the big, brawny and bragging type of boxer who is impressed with his own prowess.

The third type is the sullen killer type, on the order of Jack Dempsey, while the final classification would be the well-educated, clean-cut American boy who reads the classics, a la Gene Tunney.

Marciano is none of these. Stopping in Holland for a short visit Monday as guests of the Holland Furnace Co. were the new champion and his manager Al Weill. The latter fits more into a stereotype as a manager than does the Rock as a champion.

The first thing you notice about Marciano is his size. You say to yourself, "Is THAT the heavyweight champion of the world?" And it is.

Marciano is not tall, he is not big, he is not heavy. He looks more like a baseball player—while he is, incidentally—than a boxer. His muscles are not massive except in his legs.

Marciano talks directly to people, without any side glances or looks at Weill as to what to say. In fact, during a drawn-out interview session with the champion Monday, Weill was out of the room most of the time. Rocky uses good English, and has a flair for using the right word at the right time.

He appeared at the interview Monday wearing faded argyle socks, light blue-gray trousers and a matching sweater. Under the cardigan was another sweater, this one a sweat-shirt type garment that looked like it had been worn for quite some time.

Marciano explained to the newsmen and visitors Monday that his power in his punch comes from his thigh, of all places. The power culminates in a knockout punch when he uncoils from his regular crouching fighting stance into a taut, tightly wound spring that has just been released. In other words, his knees, hips, shoulder,

neck and elbow and wrist all snap at the same time, relaying the power from his muscular underpinnings into his gloved fist.

And you know that old yarn about squeezing a small leather ball to develop arm muscles? Well, it worked for Marciano. He confessed that he used to take the little rubber ball to bed with him.

Jersey Joe Walcott, lately deposed heavyweight king, was the toughest fight he ever had, Marciano said. He attributed this not only to Walcott's ring savvy but also to the fact that Joe was champion, giving him "somehow of a natural edge."

While Marciano was talking in a sincere, straightforward manner about anything that the interviewers asked him, Weill—in a double breasted blue suit with sport shirt—was darting thither and yon taking care of details. He was called to the telephone at least three times for long distance calls, and you heard such partial statements as "What about TV . . . The gate don't mean nothing . . . Get ahold of me in Chicago" and other flight manager talk.

Marciano told with details how he first got interested in boxing in Brockton, Mass., when his uncle took him to the amateur fights regularly and how he ended up with the regular job as glove lace snipper because one night he brought some scissors; how he was transferred from his engineer outfit to special services as a fighter in the Army; how he used to dream of knocking out Joe Louis and being boxing champion; how he received an extensive tryout with the Chicago Cubs as a catcher; how he eventually hopes to work with kids and athletes, both in boxing and in baseball how he achieved his reputation as a fighter back in Brockton when he knocked out a purported tough guy with one blow at the age of 14; and how he hopes to continue in boxing for a while yet.

Asked how often he would fight as champion, Marciano jerked a thumb at manager Weill, busily engaged on the telephone. Whenever he says, "said the champ."

And that's boxing.

Bangor Buries Fennville Team

FENNIVILLE (Special)—An injury riddled Fennville high school football team took it on the chin at Bangor Friday night when Bangor staged what seemed like an endless touchdown parade to win by a lopsided 61-0 score.

The Blackhawks were playing without the services of three of their stalwarts—fullback John Parks, tackle Norm Sanford and quarterback Larry Morse. Parks is out for the season with a leg injury, Sanford has an ailing shoulder and Morse suffered a fractured finger on the second play of the game. He will be out for the rest of the season.

Fennville made a ball game of it for the first quarter. When the whistle sounded it was 7-0 in Bangor's favor. However, the roof caved in during the second quarter as Bangor scored the amazing total of 34 points to lead by a 41-0 count at the intermission.

It was just one touchdown drive after another for the winners during that point production display. Hard-running Bob Lewis led the parade with his long runs.

Bangor added another 13 points during the third quarter and tapered off with seven in the final quarter.

As one Bangor school official commented, "They never looked so good." For Fennville it was a matter of never getting started.

The game was Fennville's third loss of the season against three victories.

Coach Sam Morehead's crew plays at Byron Center next Friday night.

Dr. Stikker Wins Water Prize

NEW YORK — Dirk U. Stikker, Netherlands ambassador to the Court of St. James, and former minister of foreign affairs, has been awarded the Water Prize for "his untiring efforts in developing peaceful co-operation between nations by promoting international organization."

The Water prize was established by the late J. G. D. Water, who before his death in 1927 was a director of the Orange-Nassau Hypotheek bank at The Hague. He willed his estate to the Netherlands Carnegie Foundation on condition that its income be used for an annual peace prize to be awarded to the person who had best served the cause of peace or contributed toward finding a way to combat war.

The yearly prize is awarded alternately to a Netherlands and to a citizen of a country other than Holland. It amounts to about \$5,500 today.

Dr. Stikker has been active for a number of years. He founded the Netherlands Labor Foundation in 1945, the Party of Freedom, later known as the People's Party for Freedom and Democracy (Conservative) in 1946. He was named minister of foreign affairs in 1948 and in 1950 was appointed Netherlands representative at the Council Organization for European Economic Co-Operation and served that group as chairman from 1950-52. He was appointed to his present post in 1952.

Two Persons Killed In Auto Accident On Pullman Road

ALLEGAN (Special)—Allegan county's sheriff's department added traffic fatalities No. 19 and 20 to their list Saturday night when a speeding car missed a sharp curve and crashed into a tree on the Pullman road, five miles southwest of Allegan.

Killed were: Barbara Miller, 18, of Winchester, Ky., who had made her home with an aunt, Mrs. J. T. Black, of Pullman, for the last two months.

John D. Johnson, 24, of Kalamazoo, father of two young children, "badly hurt was Richard Thrash, 19, route 1, Allegan. He suffered two broken legs, but his condition was described as "good" at Allegan Health Center.

Deputy Roy Priest, who investigated, said Thrash was the driver. The car was completely demolished when it struck a tree after missing the curve near Schermerhorn lake. The party was going to Allegan.

Miss Miller is survived by her parents, Mr. and Mrs. Henry Miller of Winchester, Ky., a brother and two sisters. The body was taken to Kentucky for burial.

Johnson, a native of Jonesboro, Ark., is the son of Mr. and Mrs. John Johnson, of Kalamazoo. Five sisters and two brothers also survive, as well as his wife, Virginia, and two sons, Mark, 22 months, and John, three-months-old. Funeral services were held from the Nyberg funeral home Wednesday at 2 p.m. with burial in Lindsley cemetery.

Home Fire Causes Damage of \$2,500

Damage of \$2,500 was estimated after fire of unknown origin hit the home of George F. Schumack, 195 East 16th St., at about 6 p.m. Sunday.

The fire apparently started in the closet of a first floor bedroom, and the flames gutted the bedroom and rose to the attic at the rear of the house, firemen said.

Chief Andrew Klomprens said that the family lost all their clothing and the bedroom furniture. Firemen were on the scene for about two hours. The alarm was turned in by neighbors. Firemen said that the Schumacks were sitting in their living room and did not know of the fire until after the alarm was sounded. Klomprens said the loss was covered by insurance.

A large crowd gathered at the scene to watch firemen work. Four still alarms were answered by firemen on Saturday. One was a rubbish fire at 14th St. and Harrison Ave., and two were leaf fires, one on Ninth St., near College Ave., and one at 24 west 14th St.

The fourth call was to River-view park, where some children apparently cut the rope on the flagpole at the football field. Firemen worked about one hour Saturday afternoon putting the rope back on the pole.

Speaker, Musicians Give Program at Century Club

Dr. and Mrs. William Winter were hosts to some 80 members of the Century club in their home on State St. Monday evening. Mrs. Randall Bosch, president, introduced Jeanie and Richard Zeidler, who delighted the audience with their rare musical talent.

Richard played the first movement of Weber's "First Concerto" as a clarinet solo with his sister as accompanist. Jeanie played Mendelssohn's "Violin Concerto" with Richard at the piano. They closed the musical portion of the program by dedicating D'Hardelot's "Because," sung by Richard, to Dr. and Mrs. A. Leenhouts in honor of their 60th wedding anniversary.

The charming Mrs. Frederick Olert of Richmond, Va., gave the address of the evening entitled "The Church in the World Today." The audience was impressed by her sincerity and her grave concern for today's church.

"The church is on trial today. It is definitely at the crossroads. If the Christian church is to survive, it must take drastic action in four areas," Mrs. Olert said. "The church must, first of all, unite on main issues. It must become an ecumenical church. It

Blocked Punt In Last Period Provides Margin

A two-point safety in the waning minutes of the fourth quarter at Riverview park Saturday night gave Holland high school's football team a hair-breadth 14-13 victory over a scrappy Potoskey grid team.

End Dave Bos was the hero for the Dutch as he rushed in and blocked Dick Sellers' punt in the Potoskey end zone and fell on the ball for two valuable points.

The victory assures Holland of a winning season. The locals now have won five, lost one and tied one. Benton Harbor is next on the schedule for Holland followed by Grand Haven.

Holland had to fight uphill all the way for the victory against the stubborn Northmen. A bad case of fumbleitis in the first quarter on Holland's part led to two Potoskey scores and made the score 13-0.

But the Dutch narrowed the count to 13-6 at halftime, scored again in the third quarter, and capped it with the safety well along in the fourth period.

Holland received the opening kickoff and five plays later the ball squirted away from John Fendt and Roscoe Livingston, recovered for Potoskey on the Holland 30. Seven plays later Potoskey halfback Allan Yentz fumbled and Holland recovered.

However, on the first play, the ball again got away from Fendt and Bob Aene recovered on the Holland seven-yard line. On the first play Yentz crashed through right guard and went to the end zone. Jim Donnelly's kick was good and it was 7-0.

Holland received the kickoff and five plays later fumbled and Doug Piel recovered for the Northmen on Holland's 48. Six plays later Dick Spitzer raced around right end from seven yards out for the score. This time Donnelly's kick was no good and the score stood at 13-0.

A beautiful runback of the kickoff by Jack Kemper brought the ball to the Holland 49 and set the stage for a sustained drive all the way down to the Potoskey eight yard—again halted the Dutch.

A short time later Bos pounced on a Yentz fumble to give Holland the ball on the Potoskey 49. Carl Visscher moved it to the 43. On the next play Kemper raced around right end and behind some nifty blocking went all the way to score. Kemper's kick was no good and the half ended a short time later with the count standing at 13-6.

Holland held the visitors for the first series of downs in the third quarter and forced a punt that went just 20 yards to the Potoskey 40. Then the Dutch began to roll as Kemper, Visscher, Terry Burns and Paul Mack started to bite off yardage in big chunks.

The Dutch moved all the way down to the Potoskey 11-yard line. On the next play Burns pitched out wide to Kemper who went all the way to score.

Again the kick was no good and

Grandstanding...

Holland fumbled a total of seven times in Saturday night's game against Potoskey and the locals recovered just one of those seven times. Potoskey also had a case of loose fingers as the Northmen fumbled five times and were able to recover just one of those five.

During the fourth quarter, play was stopped when an ambulance drove across the field and parked in front of the dressing room entrance. Ward Pippel, Holland tackle who was carried off the field on a stretcher a while before, was taken to Holland hospital for treatment of a dislocated shoulder. It's the same shoulder Pippel hurt earlier this season. He probably will be out for the season, certainly for this week's game at Benton Harbor.

Tackle Dave Rogers also was hurt in Saturday's game. He sprained his ankle and definitely will be out for the Benton Harbor game.

Coach Dale Shearer said his team "didn't look so good the first half, but came around in the second half." The Dutch mentor counts it lucky that Dave Bos landed on the ball for a safety midway through the fourth quarter.

He explained that the safety made it necessary for Potoskey to kick off to Holland and the Dutch were able to control the ball just that much longer while a touchdown would have meant a Holland kickoff to Potoskey. The Northmen just about that time were all steamed up and itching to get their fingers on the ball.

To give an indication of play during the two halves, Holland made just 81 yards rushing in the first half to 157 for Potoskey. However, the tables turned in the second half as Holland ran up 130 yards to less than a net 20 for the visitors.

Hope's victory over Kalamazoo on the Hornet's field Saturday night marked the first time since the war that the Dutch have won at Kalamazoo. And so Hope keeps possession of the Wooden Shoe trophy put up in the rivalry between the two schools.

Holland trailed 13-12.

Holland was right back down there knocking at the door again in the fourth quarter when Visscher fumbled and Potoskey recovered on its own one-yard line.

Three plays carried it out to the eight, but the Northmen had no kick. That's when Bos raced in, blocked it and accounted for the precious safety.

After the kick, Holland was held for three plays and forced to punt. The boot went out of bounds on the Potoskey 17. On the third play Ken Clark caught a pass from Jim Bigelow and lateraled to Yentz as he was being tackled on the Potoskey 17. Yentz raced down the north sidelines all the way to the Holland 30 before he was tackled by Mack who was the last Holland man in his path.

The fired up Northmen kept punching away and moved it down to the Holland 12 before Spitzer fumbled and the ball went into the end zone and Holland recovered for a touchdown. The Dutch took over on their own 20 and stalled it out.

For Holland it was the line play by Ed Raak, and Bos that repeatedly stopped the tricky Potoskey offense. Kemper's running was the key offensive gun for the Dutch.

Holland will travel to Benton Harbor for its game this Friday.

Faculty Dames Entertain at Tea

Members of the Hope college Faculty Dames entertained guests at their annual tea Thursday afternoon at the home of Mrs. Irwin J. Lubbers on the college campus. Mums in fall shades were used as decorations.

In the receiving line were Mrs. Lubbers, Mrs. John Hollenbach, president of the group, and Mrs. William Hilmert, Mrs. Lawrence Green and Mrs. Dyke van Putten, wives of new Hope faculty members.

Anthony Koolker of the college music department presented an unusual program on the clavichord. His instrument is a faithful reproduction of those used in the early 18th century, and was made by John Challis of Detroit. Forerunner of the piano, the clavichord has an especially sweet, almost plaintive tone.

After presenting a brief history of his instrument, Mr. Koolker played selections from "Well-Tempered Clavier" and from "Anna Magdalena Note Book," selections composed by Bach for his wife. He also played a movement from a Mozart sonata.

Tea was served by Mrs. Mary Tellman and Mrs. Hollenbach and their committee, including the Mesdames Henry Voogd, Robert Vanderham, Clyde Geerlings, Edward Brand, Della Steininger and Lars Grandberg and Miss Emma Reeverts.

Republican "truth squad" members Senators Francis Case of South Dakota and Frank Carlson, following President Truman around the country, accused "Harry Truman's administration" of breaking up the bi-partisan foreign policy. Speaking at a Grand Rapids press conference Thursday at the Pottland hotel, the two blasted Truman's Michigan speeches as a "travesty on

the memory of Arthur Vandenberg." In the above picture Sen. Case and Sen. Carlson (at extreme right) answer Truman's charges item by item before a crowded room of press and radio personnel. Truth Squad Accuses Truman of 'Sell Out'

GRAND RAPIDS (Special) — The Republican "truth squad" still dogging the footsteps of President Truman lashed out at Truman's Grand Rapids speech calling the talk a "travesty on the memory of Arthur H. Vandenberg."

The President, during a Michigan tour Thursday, told a Grand Rapids audience that were Sen. Vandenberg alive today, "he would be 100 per cent in accord with the present foreign policy."

Truth squad member, Sen. Francis Case of South Dakota, speaking at a press conference in Grand Rapids Thursday, quoted from Sen. Vandenberg's papers in which Vandenberg had written, "There is no doubt but that the Korean mess was mishandled from the start and was not part of the Far Eastern bi-partisan policy."

Sen. Case continued quoting from the papers saying, "The administration sold China down the river at Yalta and Potsdam in opposition to the bi-partisan policy of firmness in the Far East and no surrender to the Soviets." The papers were dated September, 1949.

Sen. Frank Carlson of Kansas, another member of the squad, said the Truman campaign is all part of a program to discredit Gen. Dwight Eisenhower in the eyes of the American people. Sen. Carlson called Eisenhower a leader in his own right and a captive of no one.

Carlson said Eisenhower had not only unified the Republican party but was capable of healing the present breach between the legislative and administrative branches of government.

Both agreed that the bi-partisan foreign policy has been sabotaged by the Democrats and said the election of Gen. Eisenhower is the best guarantee that both political parties would work together for world peace.

In answer to a question, Sen. Case said the use of a top-secret document in the campaign by Truman points to the depths the Democrats are stooping. He referred to a document which was written in 1947 by the joint chiefs of staff, in what, Case said, was a reply to a State department letter asking for an appraisal of the military situation in Korea.

Case said the report was purely a summation of the military situation in Korea as of 1947. At that time, Case said, the troops in Korea were a liability in the event of hostilities and said that Republican Sen. Morse of Oregon was incorrect in saying that Eisenhower agreed to a withdrawal of troops from Korea.

A third member of the team, Sen. Homer Ferguson of Michigan, sent a statement from his hospital bed in Cadillac, where he is recovering from virus pneumonia. He said the "record" shown that long before Senator Vandenberg died, the administration failed to consult him on China policy.

VOLLEYS FROM AMBUSH

Anything can happen during election year. . . . and anything can happen at Halloween.

But it remained for Eleanor Duffy, national committeewoman for the Young Republicans of Michigan, to combine the two.

When the young trick-treaters called at her home at 65 West 12th St. earlier this week, she gave all of them an Ike sticker in addition to the treats.

Those political workers think of everything these days.

Never before have local citizens been quite so incensed over any political development as were local Dutchmen this week when they learned that Detroit factions favoring a particular reapportionment plan were preparing to send challengers into Ottawa county.

Probably nothing much will happen, but the mere suggestion that metropolitan city-slickers might attempt a slow-down of voting here has caused more than one loyal resident to threaten to poke a guy in the nose if he starts messin' around.

Prosecutor Wendell Miles takes a calm view of the situation. He has instructed all election boards to treat challengers courteously and expects there will be little occasion for getting tough. If anything does happen, election workers are instructed to call him.

Actually, the Detroit group is just invoking the use of a law long on the statutes—that of providing challengers. But it seems to be the first time it hits Ottawa county. And when you start pushing a Dutchman around, don't expect him to like it.

With voting machines a permanent fixture in Ottawa county voting, the citizenry is settling down to learn all about the fascinating little levers that make casting your vote a far simpler operation than it would be to tangle with the six separate ballots which otherwise would be used in Holland.

Of course, it will help to study the ballot in advance and that's why the big ballot is being printed today in The Sentinel. Study it carefully, and mark just what you want to vote for. Take it along to the polling place, and you'll be able to vote with no trouble at all. The only ballot which will be rotated in Tuesday's election is the non-partisan race for Justice of the Supreme Court. Those names may be in different order.

Otherwise all names and issues on the machine are exactly the same as on the ballot. Polling places outside Holland city will not have the bonding issue for the municipal building.

Anybody needing help in voting will find the election officials most accommodating and willing to help. Everybody is asked to vote early, but those who anticipate they might need aid are particularly urged to visit the polls before 3 p.m. Lines usually start forming in the late afternoon.

Persons will be given as much time inside the booth as they need. Particular consideration will be given in Tuesday's election because this is the first year voting machines are in use here. But if election officials have any reason to suspect a person is deliberately stalling to halt the line, the law provides means for ejecting such person from the booth. Such action has never been necessary in the Holland area, and none is anticipated Tuesday. But the law makes definite provision, just in case somebody gets frisky.

And now for other stuff. We ran into Policeman Don Oosterbaan in the drug store the other day. Of all things, he was buying a couple of packs of cigarettes for the fellow held in the jail who had been charged with setting four big fires in Hudsonville.

My, my, what a girl won't do to raise the morale of a soldier, friend in Korea.

When a local miss (she shan't mention names) received word her boy friend wanted a picture of her in a bathing suit, such an order was of prime importance, weather notwithstanding.

So if you happened to see a shivery girl posing in a swim suit

beside a creek just east of town during that cold, cold weather a few days ago . . . it was only to boost morale overseas.

Randy Vande Water, who formerly conducted Sentinel news casts, writes from Fort Bliss, Tex., that Holland just naturally crops up in most unexpected places. During a rest period he met a Jack O'Brien from Missouri who, knowing Randy was from Michigan, started talking about his visits in this state. He said of all the cities he visited, Holland was the cleanest and most beautiful. Then Randy told him that was HIS home town.

Another time while waiting in line for chow, the boys were battling the breeze about basketball. A GI from Kansas, Bill Remsburg, said the best player he ever saw perform was in the Kansas National Intercollegiate basketball tournament—Leo Vander Kuy. Again Randy took a bow, and said Leo lived only a half block away from the Vande Water home in Holland.

Mrs. L. J. Harris, 400 Van Raalte Ave., submitted this interesting Halloween story which she clipped from the Gazette in St. Cloud, Fla.

Actually, it was a new twist for trick-treaters in which a group of "Welfare Scouts" visited homes in a certain section and sang the residents. In return the residents were requested to give a treat—clothing, soap or even a cash donation—for the "Welfare Center, a distribution point for local needy. The visiting group included small children as well as adults.

Maybe you'd like a few laughs sometimes these political issues get pretty thick and a good laugh clears the air.

A meek little man in a restaurant timidly touched the arm of a man putting on a coat. "Excuse me," he said, "but do you happen to be Mr. Smith of Newcastle?" "No, I'm not," the man answered impatiently.

"Oh—er—well," stammered the first man, "you see, I am, and that's his overcoat you're putting on."

Washington — Hubbub of the Universe.

Washington is the only place where sound travels faster than light.

The District of Columbia is a territory hounded on all sides by the United States of America.

There are three major parties in the United States—the Democratic Party, the Republican Party and the cocktail party.

Some politicians repair their fences by hedging.

An English lady, self appointed supervisor of village morals, accused a workman of having reverted to drink because "with her own eyes" she had seen his wheelbarrow standing outside an English pub. The accused made no defense, but that evening placed his wheelbarrow outside her door and left it there all night.

A pat on the back develops character, if administered young enough, often enough, and low enough.

Deep water does not support a swimming person better than shallow water. The volume of water which a body displaces is always the same.

Twenty-five members of the choir of First Reformed church held a Halloween party at the home of Mr. and Mrs. August Stassen Tuesday evening.

The group met at Kollen park to begin a scavenger hunt which ended at the Stassen home.

During the social hour pictures were taken of the group. Piano solos were given by Prof. A. Koolker, choir director.

The mystery of the missing pilot who landed a single engine airplane Thursday night in an open field four miles south of the Holland city limits near US-31 was cleared up Friday night. According to Leonard Austin, of South Bend, he left Indianapolis, Ind. late Thursday for a flight to South Bend. When he reached South Bend, the entire area was fogged in so he continued on looking for a landing field. Unable to find a lighted field and bucking strong winds, Austin finally set the plane down in an open field near the Harvey Townes home on route 6. Austin reported the accident to police and then left for South Bend. He returned to Holland Friday night with help and a trailer. He planned to dismantle the plane and truck it back to South Bend. Austin estimated damages to the plane at less than \$100. Above, (left to right) Harvey Townes and Trooper Walter Bilanow inspect the damaged plane.

DWIGHT D. EISENHOWER

OUR NEW PRESIDENT-ELECT

The people have spoken. Now
the thing that we all need to re-
member is that Government is not
a one day job or one week job or
just work during the campaign. We
all need to get behind the new
President-elect and work around
the clock with him. This is the
time for all people to remember
that we all need to understand
and work at Government.

Government needs to work on
both sides of the street. There
have been many things said dur-
ing the campaign. Now in our
opinion the thing that we all need
to do is to unite all of our efforts
to bring honesty, economy and
faith back into Government.

We can do just this if all of us
will keep on working. Remember
it is your tax dollar. We are all
part of the Government, so if we
want to make our tax dollars do
a hundred per cent job, then we
must all put our shoulders to the
wheel and see that the job is done.

The present campaign has been,
in our opinion, probably the most
expensive and the largest that
some of us will ever experience.
If we in the Publishing business
have done nothing more than help
produce the highest registration
and have continued on to register
the largest vote that the country
has ever polled, then this leads us
to believe that there is still great
hope for our people and our coun-
try.

Our country is a great country
and a young country. We, the peo-
ple, have made a tremendous
amount of costly mistakes in our
growth. We have destroyed many
of our natural resources, reduced
the value of our dollar, run up
debts into such high figures that
we must manufacture some
kind of a yardstick to measure
the amount, as billions piled on
billions does not seem to register
in a great many of our minds.

We, however, think that if it is
possible to get out this large a
vote, then the people are again
becoming interested in their gov-
ernment. This should give us hope
for the future and keep us work-
ing for a better country of our
own as well as a better world in
which to live for ourselves and
our children.

Plane Downed

South of Holland

A single engine airplane crash-
landed early Thursday night, four
miles south of the Holland city
limits near US-31, causing dam-
ages to the plane estimated at
\$500, but the pilot, his name and
whereabouts were in doubt.

According to State Police Troop-
er Walter Bilanow of South Hav-
en, a man called the post shortly
before 10 p.m. Thursday night
identifying himself as Leonard
Austin of South Bend. The man
told police that he had crash land-
ed a plane in a field because of
high winds. The caller gave his
destination as South Bend, com-
ing from Indianapolis, Ind. Regis-
tration papers in the plane list
the owner as L. E. Austin, Elm-
wood Park, Ill.

The plane came down in a field
about 9 p.m. Thursday night just
north of the Harvey Townes home
on route 6. Townes said he was
up looking at television when the
plane landed but didn't hear any-
thing. He said winds were strong
which probably blotted out the
sound of the plane's engine.

About noon Friday, Park town-
ship airport Manager Jacob Lieve-
se reported receiving a phone
call from Austin in South Bend in-
dicating he would be in Holland
later Friday to make necessary re-
pairs to the plane. State Police
were continuing their investigation
of the pilot's whereabouts and his
positive identity.

orange blossoms held her finger-
tip veil edged with pearl pompons

Holland Christian Students Favor Ike by 10-1 Margin in Mock Ballot

General Dwight D. Eisenhower would be the next president of the United States if Holland Christian high school students had anything to say about it. In a mock election held Monday afternoon, Eisenhower defeated his Democratic opponent, Adlai Stevenson by more than 10-1 in the presidential race.

Eisenhower garnered 491 votes compared with Stevenson's 48 and Stuart Hamblen, the Prohibition candidate, 22. Incumbent Senator Blair Moody led the Democratic slate in the voting but still lost out to Republican Charles E. Potter, 440-109 in the U.S. Senate race. Leroy M. Howell on the Prohibition ticket tallied nine votes. In the governor's balloting, Fred M. Alger, the GOP challenger tallied 481 votes to Gov. Williams' 71. E. Harold Munn received six.

On the municipal recreation building proposal, the students voted in favor, 500-22.

Preceding the election, the students held a political rally in the gymnasium, staged by the senior government classes. Various students spoke in favor of their candidates amid cheers and placards hoisted for the candidates.

Democratic speakers were Donald Byker, Stevenson; Shirley Bouwman, Sparkman; Gus Vanden Berg, Williams; Merle Van Dyke, Moody. Speaking for the Republicans were William De Roo, Eisenhower; Ken Volkema, Alger; Karl Essenburg, Potter.

Arnold Hertel, chairman of the municipal recreation building committee, spoke briefly to the students concerning the history of the building and outlined its uses. He urged the students to use influence at home to gain a favorable vote on the building. He closed his remarks by quoting from an editorial written by Shirley Bouwman, editor of the school newspaper, urging approval of the project. He was introduced by Patricia Nonhof, student council president. The assembly was concluded with a film on presidential elections. Ronald Bulthuis was chairman of the rally.

Kiwanis to Begin Boys Club Meets

Joseph W. Moran, director of the city and public schools recreation departments, and Russell W. Welch, principal of Lincoln school, spoke before the Kiwanis club Monday night at the Warm Friend Tavern.

On Thursday evening of this week the Boys Athletic club will hold its first session of the new season in the high school gymnasium. Instruction in wrestling, boxing and tumbling, as well as other sports will be provided by competent instructors under leadership of Rene Willis, chairman of the special Kiwanis committee in charge. All boys interested in athletics are invited.

Grand Rapids Parolee Jailed for Taking Car

GRAND HAVEN (Special)—Rudolph Kelsey, 26, Grand Rapids, charged by state police with unlawful use of a motor vehicle without intent to steal, waived examination before Justice George V. Hoffer Monday. Unable to furnish \$2,000 bond, he will remain in the county jail, awaiting appearance in Circuit Court Nov. 13.

He allegedly took a 1950 car belonging to Robert Bliss of Coopersville early Monday. He was released on parole from prison a month ago, after serving time for a similar offense.

Mr. and Mrs. Bliss heard the car motor and saw the car being driven away when they turned on the yard light. The car had been parked alongside the house with the keys in the glove compartment.

State police were notified and Kelsey was taken into custody in Norton township, Muskegon county, by Muskegon and Muskegon Heights police. Kelsey had run off the road and the car was a total wreck.

Report Is Made On Farm Census

GRAND HAVEN (Special)—The 1950 farm census just released shows interesting farm information according to L. R. Arnold, county agricultural agent.

Number of farms dropped from 4,131 in 1945 to 3,665 in 1950. Total land area of count is 360,960 acres of which 73 per cent is in farms.

Total land owned by operators is 229,394 acres with 41,087 acres rented from others. Total land in farms dropped from 290,892 to 264,715 acres during the past five years. Average size of the Ottawa farm increased from 70.4 acres to 72.2 acres. At same time the average value of farms almost doubled in land values.

Records taken in 1949 show 1,949 farmers doing some work off farm as against 1,583 in 1944. A total of 1,397 reported that they put in 100 days or more off the farm.

In 1950 there were 2,864 full owners of farms, a drop of about 500 in five years.

Number of telephones on farms reported in 1945 was 2,185. This had increased to 2,637 by 1950. One surprising item is the large number of upright silos to be found in the county—1,375. Practically all farms now have electric power available.

Grace Church Has Total of \$135,000

Announcing that a grand total of \$135,000 has been pledged, John Eaton, associate chairman of the Grace Episcopal church building fund campaign, Friday said that a smaller committee will be selected from the larger group to contact remaining prospects.

Members of the congregational committee under Gerald Kramer made their final reports at a committee meeting in the parish house Thursday night. Before leaving for New York, the Rev. William C. Warner, rector, told the chairman he was confident the total goal of \$175,000 would be realized.

The campaign office remained open until Monday. Final closing of the campaign with the "victory dinner" will take place in 30 days. Plans for the new church to be built on the site at Michigan Ave. between Cherry and 24th Sts. were announced in February. The church will be of English Gothic sandstone and will seat 300. Allowances have been made for off-street parking for 30 cars.

Building plans were started when statistics showed a growth of 150 per cent. The membership exceeds 400.

Gifts Sought For Patients At Percy Jones

Would you like to give a gift to a serviceman patient at Percy Jones hospital?

Red Cross volunteers are seeking gifts for patients to help brighten their holidays.

These gifts should be approximately of \$2 value and gift wrapped. The contents should be clearly identified on a slip outside of the box. The donor's name may be included, but no letters or literature may be included.

Suggestions for gifts include small leather portfolios for pictures, pipes, ballpoint pens, stationery, unbreakable pocket mirrors, cigarette lighters, plain T-shirts in small, medium or large sizes and leatherette scuffs.

Persons interested in supplying these gifts are asked to bring them to the Red Cross office before Dec. 1.

Mrs. Warren S. Merriam, chairman of the committee on Services to Camps and Hospitals attended a meeting of the Fort Custer Volunteer Service council at Percy Jones hospital Wednesday. Accompanying her were members of her committee, Mrs. Clarke Field and Mrs. Donald Crawford.

Members of the camp and hospital committee are meeting at the home of Mrs. Henry Meantz, 134 West 12th St., today to wrap gifts for servicemen who will be spending Christmas on the high seas.

Students Describe Boys' State Visit

Holland Rotary club had as guests at Thursday's meeting the eight Holland representatives to Wolverine Boys' State last summer. Each representative described some phase of the program and agreed that they returned to Holland "prouder Americans with a bigger understanding of what makes ours a truly great democracy."

Dave Bos, who was elected Boys' State governor and then was sent to Boys' Nation in Washington, D. C., in August, described activities of Boys' Nation with headquarters at the University of Maryland. He included visits with high government officials and beneficial fellowship with boys from all over the nation.

Tom De Pree, who was sent to Boys' State by Holland Rotary club, was chairman of the Nationalist party and described his party's political convention. All but three officials were elected from his party. He told of the German student, elected secretary of state, who had aspired to that office so he could return to his country and tell fellow Germans how democracy worked.

Laurence Stegink described the experience as a "course on human nature" and Ricky Linn told of the five-mile march to the Capitol and the introduction of a bill calling for capital punishment for dope peddlers. The recreational program was described by Jack Kammeraad and various assemblies with speakers such as Gov. Williams and ex-Gov. Kim Sigler were reviewed by Bob Van Bragt.

From Ken Brummel, the Rotarians learned of the Boys' State concert band and a talent show in which each city was represented. Jack Klaasen enumerated benefits each boy received as a result of his experiences at Boys' State, introducing the speakers.

President Robert Wolbrink presented attendance record pins to several Rotarians. Rotarian John B. Scholin of Boulder, Colo., was a guest.

Ideal weather gave a perfect setting for the annual Jaycee Hallowe'en party for local youngsters who gathered at Riverview park 3,500 strong for an evening of fun and entertainment—plus plenty of cider, doughnuts and all-day suckers.

Junior Chamber of Commerce members were well pleased with results of the annual event which this year featured a costume parade around the athletic field instead of the usual downtown parade.

A dozen or more members of the Fraternal society of Hope college put on a clown act—the performers having fully as much fun as the youngsters watching them. They paraded back and forth in an old car, put on football acts, staged a wrestling match and generally had a lot of fun.

The most popular presentation was the trampoline act of Newt Loken of the University of Michigan physical education department. Movies also were shown.

Jean Hill, Holland's Storyland Lady, awarded prizes. Some prizes were not called for and are available from Al Dyk at the local License bureau.

Winners of the costume division were Jim and Mike Van Huis, Mike Ritsma, Walter Van Oosterhout, Doug Braun, Nicky Tanis, Jane Ann Kouw, Bob Sanderson, Mike Skutnik, Judith Swierenga, Ted Heuvelhorst, Axel and Beatrice Vander Wilt, Mary De Haan, Bob Belt, Jane Verecke, Karen Dokter, Kathleen McBride, Karen Lee Ver Hey, Carl Looman, Susan Lacey and Gail Cumerford.

Flower Expert Speaks to Club

"Creating Beauty in the Home," was the subject discussed and illustrated at the Holland Tulip Garden club meeting Thursday afternoon at Hope church parish hall. Mrs. Fred Coleman was chairman for the day. Mrs. William Schrier presided.

Mrs. Jesse Fort of Griffin, Ga., made eight large arrangements and several smaller ones using as her base "design with color and flowers." The two principles she pointed out were "be dynamic" and "achieve co-ordinating triumph of color." She advised the club to avoid monotony.

The arrangements Mrs. Fort made were designed for home parties. She said it was advisable to have one large arrangement and several smaller ones. Her main element was the use of plenty of foliage as a pattern, filled in with flowers. Most of the foliage was croton, ti leaves, aspidistra, monstera, pothos, palm-etto leaves and echeveria.

She told the club that "everything that God makes is beautiful" and that "we should use what we have around us, as rocks, leaves, weeds and bare branches."

Many guests were present from Lansing, Battle Creek, Kalamazoo, Grand Haven, Muskegon, South Haven and Douglas.

Aims of Music and Art Programs Are Outlined

Aims and accomplishments of the music and art departments in Holland high and Junior high schools were outlined at an informal meeting of the Board of Education early this week in Junior high school.

Meeting with the board Monday were Supt. Walter Scott, Principal Bernice Bishop, Mrs. Louise Krum, Miss Elinore Ryan, Miss Henrietta Althuis, Arthur C. Hills, Willard Fast, Carleton Kelch, Granville Cutler, Mrs. Emily Shaffer and Miss Margaret Van Vyven. Three visitors from sending districts, Dr. T. Van Haisma of Waukegan, John Henry Albers of Overisel and John Kaper of Hamilton, also were present.

Miss Ryan, who meets all elementary pupils once a week, carries out an art program with the help of each teacher. She said the aim is to teach the child to create, rather than to work according to pattern.

Miss Althuis explained the art program in seventh and eighth grades in which students meet every day for 10 weeks. This course includes modeling, lettering, color and some essential principles of art appreciation.

Mrs. Krum explained the high school program, an elective course five hours a week for which one full credit is given. She said the purpose is not to prepare the students for a profession but for appreciation of beauty together with developing skills to be used for hobbies which are a means of offsetting tensions in the future.

Mrs. Krum recommended that a committee be appointed to study possibilities of making art and music a major and minor sequence which would induce many talented pupils to take art in high school. She regretted there was not ample room for suitable working space.

Miss Van Vyven works with 1,178 elementary students, 44 teachers and 13 student teachers each week besides the chorus work which meets at 8 a.m. part of the year. Class room teachers

carry out her plans. She said the aim is to have children think music is wonderful with the idea of enriching their lives.

Mrs. Shaffer explained the program of general music in Junior high school. Natural problems encountered are changing voices and difference in ability. She said the aim is for children to derive pleasure from music.

Willard Fast explained the glee club and a cappella choir programs. There are two girls' glee clubs of 40 members each in the ninth grade, 65 in the high school girls' glee club, 19 members in the boys' glee club from both schools, and 73 members in the a cappella choir which meets every day.

He said all singing groups like to be invited to give programs. He said shortage of music rooms is a serious handicap for the vocal department. He would like to teach a course in theory of music and do more in the way of music appreciation.

The instrumental department has an effective teaching staff with Granville Cutler for brass instruments, Carleton Kelch for strings and Arthur Hills for woodwinds. Kelch explained the elementary system which starts with children at the fourth and fifth grade level. The grade school orchestras have 15 to 40 pieces. They meet one morning a week at 8 a.m. The all-city orchestra of 80 pieces is considered the best in the state. The all-city band has 104 pieces.

The Junior high orchestra of 41 piece and the band of 84 pieces are conducted by Cutler. The Holland high band has 90 pieces with an extra band of 30 pieces since the band room cannot accommodate more than 90.

Hills explained that solo and ensemble work for concerts starts after the football games. Tulip Time affords stimulus for good work. He said the Holland high orchestra has become outstanding in the state. He added that bands and orchestras are seriously handicapped by lack of practice rooms and storage space.

Holland Soldier-Truck Driver Gets 'Submarine' Duty—Truck and All

WITH THE 3D INFANTRY DIVISION IN KOREA (Special)—For a while Army Corp. Carl J. Dannenberg, son of Mr. and Mrs. Harold Dannenberg of route 5, Holland, Mich., must have thought he was being transferred to the Navy's submarine service.

Dannenberg is a truck driver with the 10th Engineer Combat battalion of the 3d Infantry Division in Korea.

He was embarked recently on a routine assignment. Part of that assignment required him to bring his two and a half ton vehicle across a river. It was no problem for Dannenberg. There was a barge waiting for him, and, just as he had done many times before, he drove his truck on the barge to be ferried across the water.

"There wasn't much room to maneuver," Dannenberg said, "so a barge attendant motioned me to back closer to the edge of the runway." He complied and stopped within a safe distance of the edge.

The end of the runway was sloping, muddy and slippery. Even

though Dannenberg pulled on his emergency brake, his truck began to slowly slide down into the water.

First the back wheels went, then the drive shaft, and finally the vehicle hung, radiator skyward, by two front wheels that gripped the edge of the barge.

Although he was lying on his back in the cab, the amazed Dannenberg was still holding his steering wheel. "Then I happened to think I couldn't swim."

Finally, both front wheels slipped off and disappeared quietly into some 24 feet of chilly river water. Dannenberg leaped just before the final submersion and landed half in the water and half on the barge.

Darkness prevented any rescue operations on the truck until the next morning when Army engineers easily recovered it with a mobile crane.

"After a thorough overhaul in which river water was drained from gear boxes, carburetor, gas tank and numerous other places, my truck runs as good as ever," Dannenberg declared.

HHS Sets Night Session For Parents on Nov. 10

Today marks the close of the parent-teacher conferences which have been in progress all week at Holland high school, but school officials have arranged for an evening conference Nov. 10 for parents unable to call in the daytime. That evening students will give a special assembly program for parents.

Junior high school parent-teacher conferences will continue another week. School has been dismissed at 2:30 p.m. to allow the individual conferences in which parents and teachers discuss progress of the students involved and come to a closer understanding on what is best for the individual students.

These conferences are still in the experimental stage, but already they have proved far more successful than the former open house programs.

A day at sea is divided into six periods of four hours each.

Property Owners In All 6 Wards Vote for Issue

Holland is going to have a recreational building.

In a decisive vote in Tuesday's election, property owners of the city voted 2,850 to 1,875 favoring a \$500,000 bonding issue, calling for 24 mills over a 10-year period. The issue passed in all wards.

Voting on the issue were local voters who pay taxes in Holland, and their husbands and wives. In all 4,725 cast votes on the special issue. This figure is about 60 per cent of the total vote of 7,840.

Vote by wards follows:

	Yes	No
First ward	251	175
Second ward	425	284
Third ward	329	236
Fourth ward	582	388
Fifth ward	536	362
Sixth ward	677	415
Total	2,850	1,875

Preliminary plans for the \$500,000 building call for a combination gymnasium-auditorium which would seat more than 2,700 for a basketball game, and 2,500 for a program or concert. Plans include adequate stage facilities, dressing rooms, shower and locker rooms, facilities, facilities for serving banquets, a large lobby, rest rooms, offices, game or exhibit rooms and other accommodations.

Common Council decided Sept. 17 to put the issue on the Nov. 4 ballot after a special committee worked with architects ever since the city approved expenditures for preliminary plans in the April election. Serving on the local committee were Arnold W. Hertel, James H. Klopars and Donn Lindeman. Working closely with the committee were City Manager H. C. McClintock, Mayor Harry Harrington, City Clerk Clarence Greengood and W. A. Butler of The Sentinel.

The plans which were submitted to Common Council Sept. 17 grew out of requests that the city proceed with a gymnasium-auditorium project submitted in October, 1952, by the Board of Education, Board of Trustees of Hope college, Board of Trustees of the Society for Christian Education and the Holland Chamber of Commerce.

These groups banded together to ask Council to provide the initiative and leadership needed to weld the people behind the program, and to obtain financial support. The move came after Hope college abandoned plans for building a gymnasium because potential contributors felt such a building should be in control of the city, not of a private institution.

Civil Defense Director Speaks to Exchangers

Fred Hietje, Ottawa county's Civilian Defense Director, addressed the Holland Exchange club at a regular meeting Monday noon at the Warm Friend Tavern.

His general topic was on the United States plans for this area in case there should be enemy bombing of this territory. Much of this matter is still labeled "confidential" by the government, he said. His part of the program was concluded by showing an official film on the atomic bombing of Hiroshima and Nagasaki. The film portrayed clearly the terrible suffering and total destruction caused by such a weapon.

Preceding the talk by Hietje, an explanation of the four proposals to be submitted to the voters of the state was given by Exchangite Vernon TenCate.

Arthur H. Wheeler Dies Unexpectedly Sunday Morning

ALLEGAN (Special)—An unexpected heart attack proved fatal Sunday morning for Arthur H. Wheeler, 57 president of Davies-Wheeler, Inc., furniture manufacturers, and one of the city's most civic-minded residents.

Mr. Wheeler died at his home on South Main St. a few hours after complaining of a slight illness.

Born in Allegan, Aug. 19, 1895, Mr. Wheeler received his education in the Kalamazoo public schools.

Although his entire business life was spent with furniture manufacturing firms, he was also an ardent fan of legitimate and amateur theater. He was a member of the board of directors of the Allegan Community Players and for several years was a stage-hand in Kalamazoo for touring stock companies.

He served as foreman and superintendent for the Kalamazoo Sled Co. from 1916 to 1920. Connected with the Michigan Seating Company at Jackson from 1920 to 1937, he served with that firm as purchasing agent, assistant manager and finally as a vice president.

In 1937 he helped establish the Davies-Wheeler company in Allegan for the manufacture of upholstered furniture. At first he was secretary-treasurer and manager, but was serving as president of the firm at the time of his death.

In addition to the many local organizations to which he belonged, he was an active member of several trade groups in Grand Rapids and Chicago.

Locally he was a member of the Presbyterian church, a past president of the Rotary club and the Chamber of Commerce, a life member of the Elks lodge of which he was secretary at the time of his death. He was also one of the founders and a past president of the Allegan chapter of the Barbershop Quartet society.

Survivors include the wife, Betty; a son, Donald, of St. Joseph, a daughter, Mrs. Marie Green, of Detroit; a step-daughter, Mrs. Betty Ellen Miller, of Allegan; seven grandchildren, and two brothers, Clarence and Charles, both of Kalamazoo.

Permission Necessary To Burn Leaves in City

Residents planning to do a little yard cleaning and leaf burning this week-end are reminded of a city ordinance which prohibits burning of leaves, rubbish and other trash without permission of the fire department.

Under a city ordinance, "No person may burn leaves, rubbish, etc. on private property within the city limits, without the permission of the fire chief." The ordinance also forbids use of pavement or gutters for this purpose. City Manager Harold C. McClintock warned that the recent warm weather has created an extremely dry condition and urged caution in lighting any fires.

A few safe rules after one has permission include having a water hose and metal racks handy, and above all, do not walk away and leave a fire burning. Scatter embers and wet them down thoroughly.

Snow and Cold Mark Weather Here in October

An early snowstorm which brought 4 1/2 inches of snow coupled with an average temperature of 48 degrees, which is 3.8 degrees below normal temperatures for the month, marked the weather in Holland during October, according to statistics compiled by Charles A. Steketee of Hope college.

The 4 1/2-inch snowfall was the heaviest October snowfall in five years. There were only traces of snow during that month in 1948 and 1949 and no snow in 1950 and 1951.

Even so, the precipitation for October amounted to only .82 inch which is 2.38 inches below normal.

Average temperature was 48 degrees, compared with 55 in 1951, 56.5 in 1950, 57.6 in 1949, and 50.5 in 1948. Departure from normal was 3.8 below in October, compared with 3.2 above in 1951, 4.7 above in 1950, 5.8 above in 1949 and 1.3 below in 1948.

Maximum temperature was 78 compared with 89 in 1951, 82 in 1950, 86 in 1949 and 77 in 1948. Minimum temperature was 24, compared with 30 in 1951, 28 in 1950, 31 in 1949 and 26 in 1948.

Allegan County Votes to Repair Court House

County Gives Usual Republican Majority In State-County Ticket

ALLEGAN (Special)—Attracted by the sentiment-loaded court house tower question as well as state and national issues, more than 21,000 Allegan county voters went to the polls Tuesday and increased the total nearly 40 per cent over 1948.

The county moved over even more squarely into the Republican column, 29 out of 33 precincts giving Eisenhower 13,987 votes to 4,435 for Stevenson.

All Republican county candidates were re-elected by the same substantial majority given the national ticket.

In spite of local interest in the issue, the tedious ballot counting job allowed tabulation of results from only 11 precincts on the instruction referendum in which repairs and modification of the court roof were voted on.

Available totals gave 3,140 votes for the expenditure of up to \$65,000 for the project and 2,246 against it.

In Allegan township unusual "advisory voting" on the question of going ahead on plans to zone the township was voted down 298 to 215. With a 294 to 263 vote the township board was "advised" not to issue licenses for the sale of beer to take out. On the question of issuing tavern licenses there were 347 no votes and 200 yes votes.

Only six of 36 precincts had reported the vote on constitutional amendments, but it was felt that these totals definitely indicated a county trend.

Only six of 36 precincts had reported the vote on constitutional amendments, but it was felt that these totals definitely indicated a county trend.

For proposal No. 1, 3,955 voted yes, and 490 no.

For proposal No. 2, 568 yes, and 4,031 no.

For proposal No. 3, 3,925 yes, and 394 no.

For governor, 26 precincts gave Alger 11,710 to 4,712 for Williams.

For U. S. Senator, with 22 precincts in, Potter received 9,438 votes to 3,872 for Moody for the full term. The vote on the vacancy term was approximately the same.

For representative in Congress from the 4th district, 22 precincts gave Hoffman 9,612 to 3,872 for Merle E. Gorton.

For state representative in Allegan county, Ben E. Lohman led Robert P. Fletcher 8,065 to 2,945 in 20 precincts.

For state senator from the eighth district, 20 precincts gave Edward Hutchinson 8,241 votes to 2,876 for Franklin Ryan.

Only six precincts were tabulated in the voting for supreme court justices. King received 1,627; Adams, 2,008, and Eden, 384.

State Republican candidates piled up roughly the same majorities as that given to Fred M. Alger for governor, but this parallel did not hold true on the Democratic side of the ballot where Williams ran substantially ahead of other state and local candidates.

With over three-quarters of the precincts reporting in the 4th Congressional district, Clarence Hoffman received 75,689 votes to 21,474 votes for Gorton, his Democratic opponent. The district includes Barry, Berrien, Cass, St. Joseph, Van Buren and Allegan counties.

Local Truck Driver Involved in Crash

GRAND HAVEN (Special)—A truck belonging to the Komejan Lumber Co., driven by George Tien, 54, of 668 Central Ave., Holland, was struck in the right side by a car driven by Max De Witt, 35, route 5, Muskegon at the intersection of highways US-31 and M-104 near the state police post at 8:45 p.m. Tuesday. Officers allege a car ahead of De Witt was attempting to make a left turn and instead of waiting, De Witt swung to the right and struck the truck. De Witt was charged with failure to yield the right of way.

Cars driven by Wayne McPherson, 18, route 2, Grand Haven, and John N. Dreese, 49, route 1, Grand Haven, were involved in an accident on Mercury Dr., Grand Haven township, at 7 a.m. Tuesday. McPherson, attempting to pass the Dreese car, cut off the latter to avoid striking an oncoming car, and ran into a telephone pole. State police charged McPherson with excessive speed.

67-year-old Thomas Rogers, son of Mr. and Mrs. James Rogers, route 2, Spring Lake, is in Blodgett hospital, Grand Rapids, with a fractured right leg and bruises received when struck by a car driven by James M. Butler, 27, Detroit, near the Rogers home at 11:25 a.m. Tuesday. The boy had alighted from another car and ran across the highway into the path of the Butler car. The driver was not held by state police who investigated.

FENNIVILLE (Special)—Mr. and Mrs. Henry Lockman have received word of the birth on Oct. 25 of identical twins to their son-in-law and daughter, Mr. and Mrs. Harold Earley of Portland, Ore. The twins, weighing five pounds, 10 ounces and six pounds, have been named Janice Evelyn and Joyce Marie. Mrs. Earley was formerly Evelyn Lockman.

Parking Meter Issue Defeated in Zeeland

ZEELAND (Special)—Zeeland voters defeated the proposed installation of parking meters by a 5-3 margin in Tuesday's election. With the proposal worded such that a 'no' vote meant favoring installation, 638 'no' and 1052 'yes' votes were recorded. City council had previously approved purchase of the meters, but a citizens committee secured enough support to put the matter on the ballot.

HHS Gives Ike 5 to 2 Margin In Straw Vote

Holland high school students gave Eisenhower a comfortable 5 to 2 majority Tuesday in a straw vote, a procedure the school always promotes during the presidential election.

Eisenhower and Nixon polled 529 votes and Stevenson and Sparkman received 205 votes. Stuart Hamblen of the Prohibition ticket received 13 votes and Vincent Hallinan of the Progressive party received two votes.

U. S. Rep. Gerald R. Ford led the Republican ticket with 565 votes and U. S. Senator Blair Moody led the Democrats with 299 votes for the full term.

The election was held on instruction ballots which the school had had printed. Only the presidential ballot and the state and county ballot were used. The project was sponsored by E. D. Hanson's government classes and carried out through guidance groups. Voting was done in the morning and results were tabulated in the afternoon.

The state and county tickets followed:

Fillmore Township Has Big GOP Majority

Sweeping Republican majorities, in some cases almost 10 to 1, featured the vote in Fillmore township Tuesday when 1,594 ballots were cast out of a possible 1,700 registered. Eisenhower led Stevenson, 1,378 to 146.

Gov. G. Mennen Williams with 213 votes and Blair Moody with 204 votes were the only candidates to hit the 200-mark. All state and county candidates hit much the same ratio.

The township came through in characteristic fashion on the amendments. Proposal No. 1 was favored 1,425 to 83. Proposal No. 2 lost 1,482 to 53 and Proposal No. 3 was favored 1,488 to 52.

King led the supreme court race receiving 700 to 476 for Adams and 135 for Eden. Lelia Boyce and Irving J. Tucker were elected circuit court commissioners.

Holland Beats Record Of 1948 by 532 Votes

Holland set a new voting record in the Presidential election Tuesday, following a pattern set all over the country.

Total vote cast in the six wards in Holland Tuesday was 7,840 or 532 more than the record of 7,308 set in 1948. Total vote in Holland city in 1948 was 7,306, or two votes less.

Holland's voting record Tuesday was 88.3 per cent of the total registration of 8,881. More than 500 absentee ballots were cast.

The vote by wards follows: First ward, 980; second ward, 1,280; third ward, 1,129; fourth ward, 1,429; fifth ward, 1,438; sixth ward, 1,586.

From the time the polls opened at 7 a.m. to within a half hour of their closing at 8 p.m., there were constant lines in all precincts in Holland. The heavy vote gave a true test of the recently purchased voting machines. It took many voters considerably more than an hour to cast their votes, because of lines at polls.

It was after the polls closed at 8 p.m. that the true value of the voting machines came to the fore. Most wards gave complete reports to City Clerk Clarence Greven-good before 10 p.m. and the last precinct reported around 11 p.m.

Had the election officials settled down to the tedious work of counting seven separate ballots, it would have taken probably until 5 a.m. to complete the totals.

Exact vote cast in Ottawa county was not known immediately, but the total is somewhere in the neighborhood of 33,200 which is about 8,000 more than was cast in the 1948 presidential election. Exact count on that occasion was 25,288. Total registration for the November election was 40,617.

one who busies himself getting coffee and cookies for the workers when they're almost too rushed to take time out for meals. This time, John came out with service de luxe. There even was a nice dolly on the tray.

Have you heard the latest story going the rounds? It goes something like this:

If Eisenhower wins, within a week banks will be closed and soldiers will be in the street! That's Armistice day, yah!!

The threat of Detroit challengers in Ottawa precincts sent voters to the polls bright and early, and in most cases they stood in line for quite a time. Easy chatter naturally turned to speculating on challengers.

When three unknown men appeared in the polls at Longfellow school and stood there just doing nothing, they were regarded with suspicion by the lines of people. One fellow even characterized them as "fugitives from a crap game who ended up in a gospel mission."

They were only officials from another city studying voting machine procedures!

Most of the calls that came into the office Tuesday night were questions about the municipal building. On the whole, people were pleased at the outcome. Many calls came from excited young people. The building was referred to by various names. One youngster wanted to know if the civil building passed.

Ernie Penna was checking his block for porch lights and found the home of Judge Fred T. Miles practically in darkness—at least he couldn't see the porch light.

He called the judge who said certainly his porch light was on. He had turned it on and he certainly had voted. Ernie didn't argue.

Later the judge called back and apologized. He had put on his porch light, and then when he picked up his Sentinel he turned it off just out of habit.

When The Sentinel photographer looked over town for a good shot of porch lights, he finally settled on a block on West 21st St. looking west from Pine Ave. He set up his camera on a tripod and walked up and down the block firing a flash gun at various spots to give the houses some light. This maneuver puzzled a lot of people. On baffled housewife even turned off her porch light.

Address on Patriotism Features Autumn Tea

An autumn tea for new members, a collection for Philanthropy Day and a stirring address on "This Is My Country" featured the weekly meeting of the Woman's Literary club Tuesday afternoon.

Mrs. Fredrick Olert of Richmond, Va., gave her listeners a new appreciation of America in her thought-provoking address on what it means to be an American, plus sharing the blessings and responsibilities of such an heritage.

She described some of her foreign travels and the inevitable tie-up with something at home which always caused her to think, "This Is My Country," sometimes with pride and sometimes with not so much pride.

Emphasizing the unique aspects of the homeogenous American people, she listed 60 million Anglo-Saxons, 20 million Teutons, 10 million Scandinavians, five million Italians, five million Jews and 14 million Negroes, all engaged in the most unique experiment in the world today—democracy.

To these people go equal freedom under the law in this great program of getting people to live together, to trust one another, and in some measure even love each other. She added that Christianity and democracy are integrally tied up—that democracy would fail without Christianity.

She gave a challenge to American mothers one that even the politicians have not figured out—that a Christian citizen must put more into life than what he gets out of it.

She paid tribute to the late President Roosevelt's Four Freedoms—freedom of worship, freedom of speech, freedom from want and freedom from fear—as some of the most effective thinking ever put into a slogan. Then she

said the primary aim is to get the United States equal to the moral leadership of the world. She used a succession of "creaky, crawly and slimy" adjectives to describe the gradual spread of socialism in this country, a threat she said is far more difficult to fight than militant communism.

"When the state government takes over rights the people should have it's time to do something. If you don't realize how far we have gone into socialism, just read some newspapers of 10 years ago—read the editorials and realize just how far we are drifting, not only in socialism but in our thinking. Ten years ago it would have been unthinkable even to consider a presidential candidate who is a divorced man, yet today we have just emerged from one of the roughest campaigns on record and divorce was not even a major issue. We must have more ethical creeds if democracy is to survive and flourish," she said.

Mrs. Garrett Vander Borgh, club president, introduced 39 new members identified for the day with corsages provided by the Warm Friend flower shop. Tea was served in the club tea room. The offering for Philanthropy Day amounted to about \$169. These contributions are used to purchase gifts for persons in the County Home at Eastmanville at Thanksgiving time and Christmas and Easter.

Hospital births included a daughter, Kathy Louise, born Monday to Mr. and Mrs. Donald For, 606 East 24th St.; a daughter, Marcia Lynn, born Tuesday to Mr. and Mrs. Abe Vander Ploeg, 312 West 13th St.; a son born today to Mr. and Mrs. Louis Van Hempt, 16 West 30th St.

record high of 88.3 per cent of the registered voters cast their ballots in Holland city. Polling places were jammed throughout the day and until closing time with some precincts reporting lines waiting for the 7 a.m. opening. Other pre-

cinct workers said some voters waited in line more than an hour during the rush period. The above scene, typical of the majority of Holland streets, was taken at 7:45 p.m. Tuesday looking West on 21st St. from the corner of Pine Ave. (Sentinel photo)

Typical of the huge crowds that turned out for Tuesday's election is the group above waiting to vote in ward 4 at Van Raalte school. The picture was taken at

2:15 p.m. when several hundred persons were lined up prior to voting. The line wound double in the voting room, double lined through two rooms, out a hallway and up the steps leading to the

west entrance of Van Raalte. The record-breaking throng caused voting officials to route the line through the school rather than out in the school yard as previously planned. (Sentinel photo)

Part of the 1,129 persons who voted in ward 3 at Lincoln school Tuesday check through the line prior to entering the voting booths. All wards reported record break-

ing throngs all day long. One official said the line never seemed to slack off but kept coming right up until the 8 p.m. closing time. Pic-

tured is the crowd at 2:30 p.m. in Lincoln school. Slight delays were reported but generally officials said the line moved smoothly throughout the 7 a.m. to 8 p.m. voting hours in all wards. (Sentinel photo)

Standing at the head of the line of voters in the fourth ward polling place in Van Raalte school is Hans Suzenaar, new American citizen, who gives his polling credentials to Harvey Buter of the election board. Hans was at the polls bright

and early Tuesday but hundreds of other persons had the same idea. This picture was taken a few minutes after 8 a.m. just as Hans was about to cast his vote. Actual count of the line at that time was 45. (Sentinel photo)

New American Citizen Proud to Cast First Vote

One of the happiest guys to cast a vote in today's big presidential election was Hans Suzenaar, new American citizen late of the Netherlands and Indonesia.

It was a new role for the Dutch native who for the last 2 years has appeared as the town crier in Holland's Tulip Time parades, shouting his Dutch message to the assembled throngs.

Tuesday, Hans went to the polls

early along with hundreds of other Holland citizens heading the call to vote early. This took place in Van Raalte School, the polls for the fourth ward.

Ottawa County Is 3 to 1 for GOP

Ottawa county voted its usual 3 to 1 Republican majority in almost all offices in Tuesday's presidential election, besides coming to the fore in an 8 to 1 majority on the controversial reapportionment issue on the state legislature.

The county as a whole cast more than 33,500 votes, but the presidential ballot which appeared separately was a good 3,000 votes behind the regular state ticket. Nevertheless, Eisenhower won over Stevenson in Ottawa county by a comfortable vote of 22,429 to 7,835 in the county's 36 precincts.

Following a pattern of several years, Sheriff Gerard Vanderbeek again led the county, ticket with 25,047 votes, with Rep. Gerald Ford, Prosecutor Wendell Miles and Cofoner Joe Kammeraad not far behind.

As was expected, Gov. G. Mennen Williams led the Democratic ticket in the county, polling 10,425 votes to 23,162 for his Republican opponent, Fred Alger. U.S. Senator Blair Moody who polled 10,013 votes in the full-term contest was the only other Democrat on the Ottawa ticket to hit the 10,000-mark.

Ottawa voters approved Proposal No. 1 (search and seizure of narcotics), voted against proposal No. 2 (the CIO plan for reapportionment of the legislature) and approved proposal No. 3 (the alternate reapportionment plan).

Large Majority Given Geerlings

State Sen. Clyde Geerlings of Holland won an easy victory for re-election over his Democratic opponent, William S. Hodges of Muskegon, in Tuesday's election.
