Council Okays Federal Loan for Library Plans

City Council Wednesday night approved final agreements with the federal government for a \$2,500 interest free loan for library planning, and further approved hiring the architect firm of Kammeraad and Strop to make the necessary studies and do the preliminary planning. The entire project is aimed at providing more adequate library facilities for Holland.

Councilman Laverne Rudolph reported on the work of the special committee appointed by Mayor Robert Visscher on helping select a site in Kollen Park for the new band shell which will be built largely from funds collected by the Band Boosters Club. Rudolph said he and Councilman Robert Kouw had worked with Band Boosters representatives and the park department and had decided that the site of the present bandstand is the proper site for the new band shell.

Rudolph also suggested that the mayor appoint a Council committee to work with the executive committee of the Band Boosters in working out design and construction. Council has allocated some \$3,500 for the base of the shell and funds provided by the Band Boosters have boosted the figure to \$10,000.

City Clerk Clarence Grevenog submitted an election report on Tuesday's vote in Holland city and had high praise for the fine corps of election workers who helped everything run smoothly. Grevenog said it spoke well for the voting public that the greater share reported early to the polls and no long lines formed at any time. He particularly mentioned the untiring efforts of Mrs. Jane Wicksall in the clerk's office in devoting many hours to registration and other matters, and to Jacob De Graaf of the cemetery department who helped set up voting machines.

Mayor Visscher added that the city is grateful for the smooth operations and Clerk Grevenog certainly deserves a lot of the credit.

A communication from Municipal Judge Cornelius vander Meulen stated he had appointed Lucie Kooyers to be clerk of Holland Municipal Court. Miss Kooyers is employed in the court.

Council set Nov. 21 at 7:30 p. m. as a public hearing on an application from Dr. Alfonso A. Marohn requesting a variance from fire district requirements to permit enclosure of the front porch and installation of several petitions in a frame dwelling at 73 West Eighth St. for use as doctor's offices.

A claim from Edgar Van Huis for damage done in his home by blocking of the city sewer by wastes from Holland Hospital was referred to the city attorney and the insurance company retained by the city.

Council approved an agreement with Daniel Vander Werf and Harold Homkes for a culvert running over the southeast corner of 30th St. and Harrison Ave. Estimated cost of the culvert is \$120 and the two parties agree to pay \$60.

City Manager Herb Holt presented a report on alleged rowdiness at Ninth and Central which had been discussed at the previous Council meeting by Eugene Batema who operates Netherlands Hotel at that location. Holt felt that limiting parking on Ninth St. would serve no useful purpose, but he suggested there could be more effective lighting, more police patrols on Friday and Saturday nights and possibly some legislation regulating the use of extraordinary-type auto mufflers.

Council approved transfer of the assets of the city's workmen's compensation fund to the general fund, retaining \$950 for payment outstanding insurance for the remainder of the year.

Council amended the contract with the Holland Junior Chamber of Commerce for operating the concession at Civic Center to allow a compensation of 25 percent of the gross sales be turned over to the city.

A few changes were approved for the traffic schedule. A yield right of way sign will be placed at intersections at Columbia and 22nd and Ottawa and 22nd. Parking also will be eliminated on the east side of Central Ave. from State to 22nd.

A new sidewalk resolution was adopted whereby costs of repairing sidewalks will be assessed to the property owners, except in those cases where the damage is caused by trees on the curb strip. The resolution also provides that if a person objects to removal of a curb strip tree, such tree possibly may be retained provided the property owner agrees to pay cost of sidewalk repairs, should the tree damage the walk.

Mrs. Marvin Rotman was hostess to members of the Builders Class of the First Methodist Church at a meeting last Thursday. Plans were made for a party to be held Nov. 30 at the home of Mrs. Charles Scott. Devotions were given by Mrs. Budd Eastman. Mrs. Nell Taylor conducted the business meeting and the hostess served refreshments from a table decorated in a Halloween theme with lighted candles.

Barn, Stock, Hay Destroyed by Fire

A fire that kept Holland township firemen on the scene for seven hours and did thousands of dollars worth of damage destroyed a large barn owned by Andrew Gutknecht, 13100 Greenlee St., Wednesday afternoon.

A grain drill, a corn planter, 18 head of cattle, four hogs, 1,800 bales of hay and 800 bales of straw were lost as the barn, 44 by 70 feet, burned to the ground three miles north of Holland.

The loss had not been exactly computed, but Gutknecht said it is partially covered by insurance.

Andrew Westbroek, Holland township fire chief, said the rolled bales of straw and hay kept him busy, as the water couldn't penetrate to the center and the bales continued to smolder for hours. The call came in at 1:45 p. m. and firemen didn't leave until 8:45 p. m.

Westbroek said the cause of the fire was not determined and the barn was enveloped by flames when he arrived.

Two tractors were outside the barn and Gutknecht's two horses were in the pasture at the time. Gutknecht had just brought his cattle into the barn the previous night.

Holland Precinct Proves Importance of Lone Vote

Voters in the second precinct of Holland's fifth ward demonstrated Tuesday that a single vote does count in an election.

On the county proposal to establish a sinking fund for the repair and erection of county buildings, the 554 persons who voted on the proposal split down the middle on whether they favored it. Two hundred seventy-seven voted yes and exactly that many voted no.

Although the proposal passed in Holland city, it was defeated by a narrow margin county-wide. But that single vote could have meant the whole works in an aldermanic election.

Warehouse Razed In Allegan City; Loss Is \$30,000

ALLEGAN (Special) — The two story cement block warehouse and office building of the Allegan Construction Co. was completely destroyed by fire this morning in Allegan's worst blaze since the Burgess Furniture Store was leveled four years ago.

Loss was estimated at more than \$30,000. The fire, believed to have been started by the oil furnace, was burning through the roof before the Allegan fire department arrived at 4:12 a. m.

Mrs. Harold Jacobson, a neighbor, turned in the alarm. Firemen were on the scene four hours. "Sandy, a Weimaraner dog, and her six nine-day-old puppies, belonging to Carl Stuenkel, one of the partners in the firm perished in the fire.

Although the mother dog had her own private door, she elected to stay with the pups and perished with them. The firm salvaged only a few office records and everything else was a total loss.

The warehouse contained paint, roofing material, other building materials, construction machines and equipment.

Several small explosions rocked the building which is located on Eastern Ave., while firemen were fighting the blaze. Acetylene and oxygen tanks exploded, but a case of dynamite put into the building only last night, did not.

In addition to Stuenkel, William H. Miller and Eldon Philley are partners in the firm which was organized about 15 years ago and is active in the Michigan School construction field.

Miss Carol Plakke has been pledged to Theta Upsilon sorority at Western Michigan College, according to a report from the college news service. She is the daughter of Mr. and Mrs. Clifford Plakke, 591 Lakewood Blvd.

Election Highlights

A Holland couple can be considered candidates for being far from their polling place than anyone in the Holland area. Mr. and Mrs. John J. Mikula of Waukazo sent their absentee ballots to Park township Clerk Nick Stielstra from Karachi, Pakistan.

The Mikulas, who are on a trip around the world, and have been debarred by the Egyptian crisis, planning to enter the Suez Canal Nov. 3 from the south, after visiting Pakistan they cabled their son, Bruce, in Holland, that due to the "tense situation" their ship decided to go around the Cape of Good Hope. Naples, Italy, is the destination of the Mikulas, and Bruce said they still plan to arrive there after traveling through the Mediterranean Sea. Expected home by Dec. 1, Bruce said now he doesn't expect them back before the 15th. They are aboard the S.S. President Madison.

Judging from the living room lights burning in Holland homes through the wee hours Wednesday morning, a lot of well-informed, but sleepy-eyed persons are struggling to work today. At about 2 p. m., when Adlai Stevenson conceded defeat and President Eisenhower thanked voters for their support, Sentinel employees on their way to prepare an extra edition noted homes lighted like they are early on an ordinary evening.

An added attraction for Sentinel employees and visitors was watching election proceedings on a TV set in the newsboys' room, courtesy of a good neighbor next door, Essenburg Electric. Jumping from teletypes to telephones to refreshment tables to television kept everything lively.

Those hard working Jaycees who manage to lend a hand in most every good thing scored another hit when they provided those snappy "I voted, have you?" tags in all precincts here Tuesday morning. Voters helped themselves to a tag as they left the precincts, and most everybody proudly wore them throughout the day.

Telephone ringing wasn't quite so demanding at Sentinel election headquarters Tuesday night, probably due to quick radio service in which The Sentinel broadcast all latest reports over WHTC direct from the newsroom. It kept the telephone lines free for getting the vote through. Most of the county vote was handled out of County

Holland Totals Just 112 Short Of All-Time High

Holland failed to set a new voting record in Tuesday's presidential election, but came within 112 votes of the all-time record of 1952. In all, 7,728 persons cast votes in Holland city Tuesday, compared with 7,840 in 1952, and 7,308 in 1948.

With an all-time total of 8,896 persons registered in the city, a check reveals that some 1,168 failed to go to the polls Tuesday.

The trend of voting was for casting the votes fairly early. A check by City Clerk Clarence Grevenog at noon revealed that 3,561 persons had voted in the first five hours. By 4:30 p. m. the total was 5,358, and by 6:30 p. m. it was 7,018.

Tuesday's vote by precincts follows: first ward, 888; second ward, 1,191; third ward, 1,007; fourth ward first precinct, 689; fourth ward second precinct, 846; fifth ward first precinct, 747; fifth ward second precinct, 751; sixth ward first precinct, 732; sixth ward second precinct, 877.

All election workers reported a fairly easy day. There were more voting machines and more precincts than four years ago, and people had pretty well mastered the technique of voting by machines.

Many election officials reported that from time consumed in the booths, many persons must have voted straight tickets ... they just didn't spend enough time inside to split the ballots. It also was evident that many skipped voting on the amendments and non-partisan tickets.

Some election inspectors even reported lulls in the afternoon. One precinct found time to check on the persons who hadn't voted. Workers didn't mention names, of course, but they said it was most interesting.

Ed Prins, head man at the first precinct in the sixth ward, was first to report results to City Clerk Grevenog at 8:35 p. m. First ward, John Kempker, chief inspector, was second at 9 p. m.

Fourth ward, second precinct, reported at 9:05; fifth ward second precinct at 9:10 and second ward next at 9:35 p. m. The last result came in at 10:25 p. m.

Exact vote in Ottawa county was not immediately learned, but 38,072 cast votes in the presidential campaign, by far the heaviest vote ever cast. Four years ago the vote was around 34,000 and two years ago just over 31,000. Total county registration was 45,561.

Divorce Granted

GRAND HAVEN (Special) — A divorce decree was granted in Circuit Court Wednesday to Jane Ann Bufka of Grand Haven from Gaylor G. Bufka of Muskegon. There are no minor children.

Clerk Anna Van Horsen's office in the court house in Grand Haven and involved many long distance calls.

Four-year-old Nancy Cunningham was a bit puzzled. Her mother, Mrs. Clifford Cunningham, was doing some get-out-the-vote work one evening and mentioned something in a phone call about putting on the porch light. But on election day Tuesday, Mrs. Cunningham said something about going to vote in the morning. Nancy figured it had to be at night with the lights on.

She said, "It says, 'Don't Vote in the Dark!'"

The Sentinel put out an election extra this morning—the first one since the last Presidential election four years ago.

There were no newspaper boys around when the presses rolled at 6 a. m. so various staff members made some rounds.

Perhaps the most incongruous situation was Al Bransdorfer peddling papers in his 1956 Buick convertible, and stopping at the Buick garage because he saw light there. The boys there were overwhelmed by the service, and they bought four extras.

The biggest campaign button seen anywhere in Holland Tuesday night was the plate-sized Eisenhower "plaque" sported by Avery D. Baker, genial probate court agent who kept the Sentinel force company through hours of vote compilation.

Of course, Avery is a pretty sizable person himself. On him, it looked fine.

Poll workers in Holland township, precinct No. 2, Montello Park School, were amazed Tuesday when they added up their totals and found that 511 of 521 registered voters cast ballots. And to carry the amazing feat one step further, only one voter came to the polls during the last half-hour.

Mrs. Jane Wicksall seems to have won the prediction championship for the city of Holland. Secretary to City Clerk Clarence Grevenog, she missed by only 11 votes calling the exact number of ballots to be cast in the city. Her guess was 7,739 and the vote was 7,728. She said she remembered that 88 percent of the registered voters voted in 1952 and figured 87 per cent would do so in 1956. They did.

CREATIVE ART — Young Bruce Van Fleet points to his contribution in this display of characters resulting from bottles, balls and a little imagination. A slit in a sponge rubber ball, plus some glue, point and other bits brought such interesting results as penguins, mice, dogs, rabbits, clowns, old men, little girls, and a football player. This was a project of Mary Kossen's third grade class in Thomas Jefferson School. Eight-year-old Bruce is a son of Mr. and Mrs. Victor Van Fleet.

All Allegan Incumbents Are Returned to Office

ALLEGAN (Special) — All incumbents were returned to office on the county ticket in Tuesday's vote by a Republican majority of almost 3 to 1.

This preference also was carried over into the state and national ticket, and as had become the pattern elsewhere, President Eisenhower led the Republican ticket, polling 16,488 votes to 5,717 for Stevenson. The gubernatorial vote had a 2-1 Republican majority.

Fourth District U.S. Rep. Clare E. Hoffman of Allegan polled 14,571 votes to 7,343 for his Democratic opponent, Dr. Sam Clark. This majority helped offset possible margins for Clark elsewhere in the district, and gave Hoffman the victory.

The county defeated the special proposals to vote 1½ mills or \$800,000 for a new county medical facility. On the millage issue, the vote was 7,869 to 10,476, and on raising the funds, 7,574 to 8,960.

In keeping with the pattern elsewhere in the state, Allegan overwhelmingly approved the state amendment on restrictions for electing legislatures, 13,858 to 3,390. The county ticket listed the following unofficial tallies:

State representative — Ben Lohman, R., 15,167; Carl Winslow, D., 6,302.

Prosecuting attorney — Dwight Cheever, R., 15,062; Elizabeth Ramsey, D., 6,653.

Sheriff — Walter Runkel, R., 15,859; Alex W. Jacobs, D., 5,615.

County treasurer — James Boyce, R., 15,656; Vida Gable, D., 5,889.

The state ticket had the following vote: governor, Cobo, 10,454 and Williams, 7,733; lieutenant governor, Reid, 14,633 and Hart, 6,886; secretary of state, Martin, 14,869; and Hare, 6,683; attorney general, Van Dusen, 14,845; and Kavanagh, 6,791; state treasurer, Padzieski, 14,670; and Brown, 6,414; auditor general, Bagwell, 15,046 and Szymanski, 6,399.

Game Club Has New Insignias

Members of the Holland Fish and Game Club are blossoming out with machine-embroidered emblems for shirts and coat sleeves. Soon the north country will be full of men wearing these brightly-colored insignias as many of the club's 600 members go deer hunting.

President Neil Bergen announced at a club meeting a few days ago that the emblems may be obtained from any club director or at hardware and sporting goods stores in Holland.

It was pointed out that club members go out of their way to observe conservation laws and should be proud to wear the emblems.

The club name is gold forms an arch over the top four and one-half inch shield. Below in appropriate colors are a pheasant, target, rifle, fish, fishing rod and tackle and a retriever with a bird in his mouth.

City Given Check To Buy Equipment For a New Park

City Council accepted with gratitude a check for \$1,023 for playground equipment for the park development on Fairbanks Ave. at a regular meeting Wednesday night.

Peter Kromann, an officer of the Greater Holland Community Foundation which handled the funds, explained that the money was collected by a group of east-end citizens headed by Nelis Bade who are anxious to provide some playground facilities for the many, many children in that area.

"The role of the Greater Holland Community Foundation has been practically nil in this program and all credit must go to the committee and to the fathers and mothers and other persons who contributed so generously to this cause," Kromann said.

After Council passed a motion to "accept with gratitude" the gift, Mayor Robert Visscher on behalf of the city thanked the east-end citizens for all the time and effort to do what they can for the children in that part of town and other sections too. He said it was a fine example of public spirit.

Bade was assisted by a number of east-end residents in the general promotion of the park. Among them were Nelson Plagenhoef, John Lamberts, Edward Rowan, Marvin Keen, Kenneth Modders

REGISTRATION WAS an important part of election activities for seventh graders at Thomas Jefferson School. Registering was done in the lobby amid political posters and displays. Here

Ike at Jefferson School Seventh Graders Favor

Seventh graders at Thomas Jefferson school marched proudly to the polls Monday and in a mock election voted 4 to 1 in favor of President Eisenhower. This ratio held quite well for the entire Republican ticket except in the race for governor which was a close 8-7 for the Republican candidate.

Monday's election followed a week-long study of political campaigns involving interviews in which each student was responsible for interviewing four adults. This also involved questionnaires to determine the interest and knowledge on the part of adult citizens — not to determine or influence support of any candidate or party.

And today the students gathered in an election assembly to hear results of Monday's vote and listen to a talk by U. S. District Attorney Wendell A. Miles on political parties. Miles is president of the Holland Board of Education.

Other activities involved designing posters ranging from enthusiastic support of Ike and Adlai to sober admonitions of "Don't Stay Home . . . Cast Your Ballot . . . Enjoy the Privilege of Voting as You Please." There also was a visit to the city clerk's office by delegates from each of the five home rooms to learn how the city prepares for an election after which the five reported back to their home room classes. Making this trip were Jim Grossman, Henry Holthuis, Carl Brondyke, Barbara Koww and Jim Bouwman, accompanied by a teacher, Mrs. Hartger Winter.

An interesting display of campaign buttons by Susan Thompson was put on display in the corridor together with ballots and campaign posters. Some dated back to 1904 campaigning on a platform of \$20 a month for all Confederate soldiers.

The election program was carried on under the direction of two geography teachers, Carl Selover and Mrs. Winter, as the result of a study of a special election issue of "Junior Scholastic," their social studies magazine.

Barbara Plewes was general chairman, assisted by the following committees: registration, Judy Baker, Sarah Scott, Patty Vander Kolk and Carole Speet; election board, Glenn Rummley, Ricky Dunn, Tom Beyers, Judy Thomas, Janice Ryzenga and Elizabeth Meyer; posters, charts and publicity, John Lievens, Elizabeth Vander Lugt, Russell Wilkinson and Mary Buys; statistics, Barbara Plewes, Karen Barber and Barbara Koww; assembly, Michael Telgenhof, Ron Vander Beek and Dale Overway; display case, Tom Bouwman, Rein Vanderhill and Elizabeth Meyer.

The vote follows with Republicans first and Democrats second: President — Eisenhower, 119; Stevenson, 29.
Governor — Cobo, 81; Williams, 69.
Lieutenant governor — Reid, 93; Hart, 45.
Secretary of state — Martin, 118; Hare, 31.
Attorney general — Var Dusen, 117; Kavanagh, 32.

State Representative — Van Peursem, 114; Ferguson, 37.

Chest Gifts Now At 86 Percent

Community Chest funds today amounted to \$56,900 or 86 percent of the assigned goal of \$66,050.

In attempting to collect the remainder, Campaign Chairman James Taylor said today that members of Holland service clubs are resolute in the business and professional division to ask a 15 percent increase or a minimum \$5 increase.

For instance, a man who has given \$25 is being contacted for another \$5, rather than the 15 percent of his contribution which would amount to \$3.75.

An effort also is being made to reach those who have been missed. Persons who have not already contributed to Community Chest are asked to mail or bring their contributions to Chest headquarters above Taylor's store, or call headquarters at 6-4226 or Campaign Director Taylor at 3635.

If Holland does not reach the Community Chest goal this year, it will be the first time in history that such a campaign has not made its quota.

Taylor also announced that the Ottawa County Licensees have pledged \$200 to the Holland Community Chest.

Ottawa Red Cross Plans a Mass Disaster Drill

Plans for a large mass disaster drill to be held next March before the tornado season were announced at the annual meeting of the Ottawa county chapter of the American Red Cross Monday night in Hudsonville.

The meeting was held in Unity Christian Elementary school which served as Red Cross headquarters during the disastrous Hudsonville tornado last April.

Plans for the drill were announced by Hans Suzenaar of Holland, Red Cross disaster chairman for the county, who also reported briefly on the disaster drill Oct. 29 for county personnel. He said the drill which used Allendale as rallying point was successful.

Then Suzenaar read a letter from a Hudsonville tornado family expressing appreciation for all the

Red Cross had done to restore their home, and enclosing a \$100 contribution.

Dr. O. van der Velde of Holland reported on blood bank activities and said the program has been developed nationally so that any Ottawa county resident may receive blood anywhere in the United States.

William P. De Long of Holland was re-elected chairman of the county chapter. Other officers re-elected were George Pardee of Spring Lake and Mrs. N. J. Danhof of Zeeland, vice chairman; Al Brouwer of Holland, treasurer and Mrs. Andrew Smeenge of Park township, secretary.

New directors named for three-year terms are Hans Suzenaar, Arthur Read and Jack Smith of Holland, Mrs. Smeenge and Harvey De Vries of Zeeland.

George Baron of Zeeland, Mrs. William Osner, Jr., of Zeeland, George Pardee of Spring Lake, Directors are yet to be named for Olive, Polkton, Tallmadge and Crocker. The county has a 33-member board.

Jerry Gehrt, assistant manager of the Chicago Red Cross chapter, spoke on "Red Cross Today," pointing out that the underlying principles are humanitarian . . . that they follow the Golden Rule to relieve suffering of humanity regardless of race, color or creed. He said the Red Cross is neutral in any world crisis and is concerned with mercy and relief and not in taking sides.

He traced the history of the Red Cross, a movement starting with neighbor helping neighbor, not a dole for charity. This began back in the 1880's during forest fires in

Michigan. He traced the nursing program under Clara Barton, aid to service men during the Spanish-American war in 1898, first aid in 1909, development of field hospitals during World War I, water safety in 1919, pioneering in the blood program in 1937, and the concentration of home service and family solidarity for the armed forces during and after World War II.

Gehrt said Red Cross is characteristic of the American way of life, of the American compulsion to work today and is an example of team work and spontaneous collective action. He quoted President Eisenhower's definition of the Red Cross as "Red Cross is the warm heart of free people."

About 75 were present. The invocation was given by Ed Wezman, dinner chairman.

The local plant manufactures gray iron castings.

Frank Kiper, vice president of Consolidated, was elected president of the new firm. He has direct responsibility for its five divisions.

Humorous Review Given Of Modern Education

Members and guests of the Century Club spent a delightful evening on Monday in the home of the Rev. and Mrs. Marion de Velder.

Miss Nelvie Jonker, elementary music teacher in the Holland Public schools, thrilled her audience with a group of songs including "My Heart at Thy Sweet Voice" by Saint-Saens, "I Am Like a Remnant of an Autumn Cloud" by Carpenter, "Love Went A-Riding" by Bridge, and "When I Have Sung My Songs" by Charles. Her accompanist was Miss Ann Bloodgood, senior at Hope College.

Charles Smith of the English department of Western Michigan College gave a rollicking review of modern education entitled "Out of the Woods and Into the Trees." Being an educator himself, he was able to humorously tell how modern educators so easily get themselves "treed" when only attempting to get "out of the woods". Mr. Smith outlined the characteristics necessary to the profession as courage, patience, discrimination, idealism, and enthusiasm, accompanying each with an amusing illustration.

By comparison to kitchen utensils, Mr. Smith classified students claiming each could be identified as either a funnel, a strainer, a sponge, or a sifter. The funnel is the student who takes in all and permits it to pass directly through him. The strainer is the chap who separates the good from the bad and keeps all the bad. The sponge is the one who soaks up everything and regurgitates it when pressed for an answer. The desirable student is the sifter who can separate the good from the bad, keep the good, and then make use of that good, he said.

Interspersed in the humor were some startling facts of which Americans should be cognizant. Mr. Smith pointed out that we spend more for comic books annually than we spend for elementary and secondary textbooks combined. He said we are always ready to cry about the cost of education yet last year we spent 2 1/2 percent of our national income for education and four percent of that same income for recreation.

Mr. and Mrs. Randall Bosch acted as chairman of the social committee. Serving with them were Mrs. Nicodemus Bosch, Mr. and Mrs. G. J. Bosch, Mr. and Mrs. W. A. Butler, Mrs. Martha Robbins, Mr. and Mrs. L. W. Lamb, Mr. and Mrs. M. L. Hinga, Dr. and Mrs. Titus Van Haisma, Mr. and Mrs. Bruce VanLeuwen, and Dr. and Mrs. G. W. Van Verst.

Ottawa County Farm News

Richard Machiele, County Agricultural Agent

The dairymen who are not using superphosphate in their dairy barns should do so rather than using lime. Lime releases nitrogen, makes the barn floor slippery. Phosphate ties up the nitrogen and cuts down on the smell in the barn and also is less slippery. The manure will be worth more in the spring too. We recommend about a half-pound of phosphate fertilizer per cow per day, spread in and a short distance behind the gutter.

Arrangements have been made to improve understanding between the rural and urban people during the National Farm-City Week. The program seeks to give the farmer and the city folks a look at each other's problems and promote a better understanding of our American way of living. The Rotary Clubs of Zeeland and Holland are both planning a program at which a panel of leading farmers will appear and give the facts concerning the farm situation as it stands today.

This group of farmers represents the agriculture in Ottawa as closely as possible. I am sure that both the farmer and the Rotary Club members will receive a great deal of benefit from this type of program. I am sure that the folks who are on the panel will be willing to meet with any urban service clubs who might make this request.

It has been suggested to us that turkey would make wonderful holiday gifts. In Ottawa County we are producing the best turkeys that have ever been produced as far as quality is concerned. I am sure that those who would like to give turkeys as gifts to their friends can secure this good quality by contacting one of our local turkey processors. We suggest you give it a try.

Commercial timber sales from the Farm Woodlot can improve the growth of the remaining stand. Too often this is not the case and the woodlot becomes a tax liability to the next generation of owners.

Most farm woodland owners are at a disadvantage in making a timber sale unless they call upon the local district forester or some other specialist for assistance. Lloyd R. Cogswell, district forester for the Grand Rapids area, is available to assist farmers in harvesting woodland products through the cooperation of the Michigan State Department of Conservation without cost to the land owner.

A careful on-the-ground survey is necessary to properly size up the cutting possibilities. Proper land use based on soil capabilities should be given consideration.

An inventory may be made to help the owner know more about the condition of the woodlot and the possibilities of management. There is no standard method of cutting. Marking the trees which are to come out by the landowner and forester, usually leaves the woodlot in the best condition. Such cutting may be light or fairly heavy. Only trees ready for cutting will be marked. The needs of the owner and the size and condition of the woodlot are considered. The owner can then approach prospective buyers knowing what he has for sale.

Cogswell is the Conservation Department District Forester for Ottawa, Montcalm, Ionia and Kent Counties. He may be contacted direct at 756 Burton St., SE, Grand Rapids through the local county agricultural agent, County ASC committee or the SCS District offices.

Details Reported On Controlling Pine Shoot Moth

GRAND HAVEN—Ottawa County Soil Conservation district directors were given a detailed account Monday night of the European pine shoot moth research project by John L. Arend, forester in charge of the Lower Peninsula Forest Research Center.

This research project was started last spring with an initial grant of \$2,000 by the West Ottawa Soil Conservation District. Additional labor and supplies were donated by the district which increased its total contribution to about \$2,500.

Arend gave a detailed accounting of how the money was spent and listed the additional contributions made by the Lower Peninsula Research Center which is maintained by the Lake States Forest Experiment Station, U.S. Department of Agriculture at East Lansing.

Sufficient funds were made available, July 1, by Congress through the efforts of Rep. Gerald R. Ford and Sen. Potter to finance two full-time research entomologists on the project. They are Dr. William E. Miller and Dr. Arnold T. Drooz who work under Arend's supervision.

The numerous tests made during the spring and summer months on one acre sample plots to determine the cost of the spray method as well as its effects on the shoot moth were described by Arend.

Equipment tested included hand sprayers, hydraulic sprayers, mist blowers, fogging machines, airplane and hand clipping.

DDT and malathion were used. Sprays were applied at rates varying from 5 to 400 gallons per acre, said Arend.

One and two pounds of DDT applied at the rate of 5 and 10 gallons per acre with an airplane were not effective in reducing shoot moth populations, Arend said. Spring tests with the airplane reduced the shoot moth population about 30 percent. In the summer no reduction was measured from airplane spraying.

One drenching spray on the trees with a mixture of 2 pounds of actual DDT per 100 gallons of water one week after the moths start flying gave 95 percent control. This treatment requires about one-half gallon of spray for a 4 foot tree.

Two repeat sprays at 7 to 10 day intervals with the same DDT mixture giving each tree careful coverage, but not in drenching quantities, starting one week after the moths start flying also gave 95 percent control. This type treatment takes about 1 quart of spray per 4 foot tree for each application.

Shearing off the infested buds gave about 99 percent control. This method can be part of regular Christmas tree shearing operations. In fact, the branches on any trees that are sheared during the summer will not be infested that year.

The European pine shoot moth attacks and damages red pine and Scotch and to a lesser extent jack pine.

The adult female moth starts flying in late June and lays eggs within a 10-day period on the pine needles near the new buds. These eggs hatch in 10 to 15 days. The young larvae start feeding immediately on the pine needles. Within 5 days they move up to the new buds and start burrowing in to cause pitch masses to be formed.

If the branch tips are cut off after the eggs are laid, the shoot moth cannot survive.

Tests made this summer, Arend said, show that satisfactory buds developed when the new branches are clipped as long as 6 weeks after the adult moths started flying. At this time infested twigs can be detected by the dead needles on the branch tips or abnormal resin flow around the buds. These twigs can be sheared off as well as those with excessive growth during regular Christmas tree shearing operations.

Library Adventures

By Arnold Mulder

Although it is somewhat over a hundred years ago that "Vanity Fair," one of England's half dozen greatest novels, appeared, a full-length biography of its author is only now being published. All the other lives of William Makepeace Thackeray have been based on incomplete data, material that is often mistaken as well as incomplete.

Curiously, the first full-length life of the great British novelist is being written not by an Englishman, although there must be several who could do the job authoritatively, but by an American, Gordon H. Ray, a native of Illinois and now head of the department of English at the University of Illinois. To this American has been entrusted by the Thackeray family all the materials that have been kept from the notice of others who have attempted to write Thackeray biographies.

The first volume of the two-volume biography is now available. It is called simply: "Thackeray; The Uses of Adversity." It carries the story through the publication of "Vanity Fair," the book that made Thackeray a serious rival of Dickens. The second volume will take the story to the end of the great novelist's life.

The reason for the delay of more than a century in writing a life of Thackeray is simply that Thackeray himself, at the close of his life, put thumbs down on a biography. He charged his adoring daughters not to permit the publication of a life in so far as they could prevent it, and they and their children respected that promise until recently.

But the inevitable happened. The Thackeray name was so great, and remains so great today, that all sorts of people tried their hands at

a biography. The result has been a plethora of lives of the novelist, some of them hostile, some merely sketchy, some inaccurate, some unwisely fulsome. During that century of Thackeray biography many legends have grown up which do not fairly represent the facts about the great man's life.

Quite a few years ago one of Thackeray's daughters, realizing that the promise that she had given with great filial loyalty to her father, was having the reverse effect from what he and she had intended it to have, decided to repair the damage. So she published a biography of her father. But a daughter, especially an adoring daughter, just can't write her father's biography. And Thackeray's daughter was further handicapped by the fact that she couldn't write.

So at last, some 90 years after Thackeray's death and more than a century after the publication of his greatest book, the task was entrusted to an American scholar. Not only does Dr. Ray know perhaps more about Thackeray and his work than any other man either in England or America, he has had free access to all the material that has been resting in the archives of the Thackeray family since his death.

The story as it is set forth in the first volume will force many reconsiderations as to what Thackeray actually was like. For Dr. Ray is not attempting any whitewash process; he purports to tell the whole story, including the bad as well as the good. As far as it has gone, the picture is more good than bad, but Thackeray comes out of the analysis a human being rather than the literary tin god that the schoolbooks have sometimes portrayed, and that, of course, is all to the good.

Britons Fail in Last Minute; Watt Scores Winning TD

ALBION (Special) — Hope College's football team moved into a two-way tie for third place with Albion College in the MIAA here Saturday by pulling out an 18-13 fourth quarter drama-dripping victory over the Britons before 1,000 fans including the Dads of the Albion players.

The actual "pulling out" came with 9:44 remaining in the game as Pete Watt, Hope right halfback, scooted behind the Albion double safety and grabbed a 20-yard Del Grissen pass on the Albion 40 and turned on the gas down the sidelines to knock out a 13-12 Hope deficit. To get off the pass, Grissen had to dodge a couple of oncoming Britons and let go off balance. Watt's kick was blocked.

As if that 60-yard touchdown pass wasn't enough of a thrill, the score only proved an igniter for more drama to come. The Britons really had Hope sweating as they twice got the ball in the last seven minutes inside the Hope 37.

The first time, set up on a blocked Merv Vanderlinck kick by end Lin Reed, the Hope defense didn't budge for four plays. But the second time, as Watt saw his glory shortlived, he fumbled on the Dutch 37 and an Albion halfback John Leppi recovered.

Wanting to "win this one for dad", the Britons set up their forces and in six plays, five times by hand one by air, had driven to the Hope eight-yard-line.

This series had sent the tension-filled alumni field in a turmoil. The touchdown seemed now "a sure thing." The clock showed about a minute and a half.

But then the Dutch dug in and for three plays the Britons moved only one yard. On fourth down, Bob Gamble, who had completed Albion's first touchdown pass threw to halfback Bob Vandigder in the end zone. Van Gilder pugged, then caught, and then fell out of the end zone and Hope breathed a sigh of relief.

Grissen took over and with the clock reading 48 seconds, proceeded to run four plays into the ground. A five-yard penalty against the Dutch put the ball on the three where it stayed at the final gun.

Vanderlinck, No. 2 in the MIAA rushing race, added 56 yards to his pass receiving total and the first Hope touchdown with 3:07 to go in the first quarter.

Reserve quarterback Jack Faber, who had thrown two passes for touchdowns in the Olivet game, let go on his first play, on the Hope 44 and hit Vanderlinck on the Albion 28. Vanderlinck hopped the sidelines with guard Dick Gantos along side for protection and romped into the end zone.

Vanderlinck came in for the second touchdown with less than a minute to go in the first half with a smash from two yards out off tackle.

This touchdown, too, like all of them in the game "exploded." Just three plays before the TD, fullback Dave Kuylers had shredded the Albion line at his own 32 and high-stepped his way to the Albion 31. A pass was tried to Wiegierink on the two and interference was called against the Britons.

Watt missed both first half conversions. The first one was wide and the second was blocked.

Albion came steaming back in the second half and blocked a Vanderlinck kick on the Hope 20. A third down fumble by Leppi put the Britons on the Dutch 35, where Gamble pitched to end Tom Taylor in the end zone. Gene Bohn converted.

Vandigder, who left a sad lad, had like Watt and Faber a moment of glory. He intercepted a

Faber pass on the Hope 40 early in the fourth quarter and returned the ball to the Hope seven where two plays later Jim Hurd, former prep all-stater, twisted over from the two.

Bohn missed the kick with 11:29 left.

Watt returned the kickoff from the five to the Hope 35 and after Vanderlinck went no where twice off tackle Grissen tried the game-winning aerial.

Kuylers, again the Dutch workhorse offensively, gained 89 yards in 12 carries but the Zeeland captain along with three other Dutch were injured.

Kuylers twisted an ankle in the third quarter on an off tackle play in which the Britons rocked and rolled the Hope fullback in a big pileup. He was carried from the field with a twisted ankle, as was Jack Faber, who also twisted an ankle on the pass play intercepted by Vandigder.

Larry Ter Molen, re-injured his shoulder on the first play of the game and didn't return. Harry Voss, who started at quarterback, fell trying to pivot to pass and injured his torn cartilage on Hope's first scrimmage series.

The Dutch and Albion are now tied with 3-2 MIAA marks. Hope entertains Alma here Saturday afternoon in the home finale at Riverview Park and Albion plays at Kalamazoo.

Two Final Period Dutch Drives Fail To Strike Paydirt

BENTON HARBOR (Special) —

Threatening twice in the fourth quarter by penetrating inside the Benton Harbor 15-yard-line, Holland High's football team just couldn't connect to score or possibly tie and fell to the Tigers, 7-0 before 4,500 fans at Fillstrup Field.

The final chance, which started with 3:30 remaining had the fans all excited as Tom Stoel, who had been expected to pass, suddenly opened up.

Stoel, with the help of two nice grabs by Vern Teske for 38 yards, a run by Bob Bolks and a 15-yard penalty, pushed the Dutch down to the Benton Harbor 15.

But here the senior quarterback, for the second time in five minutes saw his aerial plans run aground. With about 30 second left in the game, Benton Harbor's Bill Rodgers picked off a pass on the Tigers' six and squelched the final possibility.

Earlier in the quarter, when Stoel, this time receiving the help of his backs punching through the Tiger line from the 47 threw one pass and got again to the Tiger 15.

Here, offensive interference on a fourth down pass killed this chance and the Tigers took over on their own 30.

One other time, in the opening minutes of the second half, the Dutch had moved to the Tigers 17 yard line, only this time to lose the ball on downs.

Holland took the second half kickoff and, with the help of a 27-yard smash through the center by Wes Kuylers, moved to the 17 in 10 plays. The final play, which came on a nine-yard pass play from Stoel to Teske, after being deflected by Kuylers, just fell short of a first down.

One sustained scoring drive covering 55 yards late in the second quarter accounted for the Benton Harbor touchdown.

With Oliver Edwards, who was playing his best game of the season, running close to the ground and getting big chunks of turf, the Tigers shed the Dutch line for paydirt in 14 plays.

It was all Holland in the second half. The Dutch became mighty stingy with the yardage and gave up only 23 yards and not a single first down in the final two quarters.

Holland, which had run into the stubborn Tigers in the first half, had ended with a minus 13 yards while Benton Harbor picked up 79. In comparison, Holland gained 86 yards rushing in the second half and 61 through the air.

Thanks to a 15-yard holding penalty, Holland got to midfield with 30 seconds remaining in the first half.

Each team was forced to punt twice in the first quarter with the Tigers gaining most on the exchange.

The farthest the Tigers penetrated in the first quarter was the Dutch 36, where Wes Kuylers, Holland fullback, recovered a Benton Harbor fumble. Holland got to 38, one play later, for their deepest penetration of the first quarter.

The Tigers split line, shifting in tight with the backs shifting from the straight T into a close single wing bothered Holland especially in the first half.

For Benton Harbor, it was the season's finale and gave the Tigers a 4-4 season. Holland, which must play Grand Rapids Ottawa Hills in the final game next Friday night, has a 2-4-2 record.

Al Hill and Ted Van Zanden led the Dutch defensively with Hill getting most of the tackles while Van Zanden's crashes to dump unsuspecting backs were pleasing.

The mild weather had the press corps in jackets and the crowd in light fall regalia. The Holland punter, Larry Alderink, didn't have any time to get away his boots, and had two partially blocked. Kuylers' 27-yard run got Holland out of the negative yardage in the second half and started the Dutch moving. He broke into the clear but got through the secondary before he realized he was alone. Errand of Mercy Ends In Death of Baby Boy

A 10-week-old Holland baby died Monday in Children's Memorial Hospital in Chicago after a futile ride across three states under escort of police from Michigan, Indiana and Illinois.

Authorities said Brian Patterson, son of Mr. and Mrs. William Patterson, 265 Cambridge Ave., died as surgeons pondered the possibility of operating to correct a heart defect.

The ride of mercy started Sunday afternoon when the parents requested assistance from Sheriff Gerald Vanderbeek. The child could not be taken by plane because of the heart condition.

Ottawa County deputies escorted a car containing the child and its parents to the Berrien County line where deputies there took the car to the Indiana line.

State police took them to the Illinois border where the highway patrol picked up the Patterson car and raced on into the hospital. The 168-mile trip was made in less than two hours and 45 minutes.

Relatives of the Patterson family drove up from Warsaw, Ind., to take care of the Patterson's other boy, six-year-old Bradley.

Another \$10,000 Needed to Put Chest Over Top

"We must have another \$10,000 if Holland's Community Chest campaign is to go over the top this year!"

So said Edwin Raphael, president of the Community Chest board of directors, Monday after Chest workers reviewed the rolls of gifts this year and learned that gifts are \$10,000 short of the \$66,050 goal.

Raphael said people under \$50 in local industries have responded beautifully, but there has been an alarming situation on some business and professional fronts where a good number of people have been contributing 50 cents or \$1 when the needs of the Chest are definitely geared to a \$5 contribution.

Consequently, workers in this division are being asked to reconstruct some of the donors in an attempt to boost the gifts. "If we don't take care of these things on a voluntary basis, certain needs must be met and the only other way is through the government, and that will cost us twice as much!" Raphael said.

Raphael said certain people either have not understood the dire necessity for donating to these accumulated charities, or the people of Holland have voiced their displeasure at having to give to these charities. "If this re-call drive fails, then the Community Chest will be forced to cut all requests from charitable purposes by approximately 20 percent, and allow each and every agency to make its own drive to the people for the balance they need for operation next year," Raphael said.

Raphael pointed to such agencies as the Red Cross, Visiting Nurse, Salvation Army, Muskegon Area Child Guidance clinic and many others.

"Let us assume our own responsibilities as citizens of the finest city in the country and not be found wanting," Raphael concluded.

Persons who can make an additional gift to the Community Chest or those who have not yet been contacted are asked to drop in or mail their gifts to the Community Chest above Taylor's store, 14 West Eighth St., or call Chest headquarters at 6-4226 or call Campaign Director James Taylor at 3626.

WARM FRIEND TAVERN

READY, AIM, FIRE — Two dozen Holland youngsters under the watchful eyes of instructors aim their BB guns at targets as they participated in the shoot Saturday afternoon at the Armory. The children were given firing commands identical to those received by adults in contests involving use of revolvers or high powered rifles. To insure complete safety, instructors were on hand to load and cock

each gun. Members of the sponsor, the Fraternal Order of Police, which includes Holland officers and Ottawa County deputies, acted as instructors along with Holland Reserve officers and members of the Tulip City Rod and Gun Club. The highest score was fired by Charles Dreyer, 463 Gordon St. who had a 139 out of a possible 150.

398 Participate In BB Gun Shoot

Six Holland youngsters won prizes Saturday afternoon in the first annual BB gun shoot at the Armory sponsored by the Fraternal Order of Police.

A record 398 children went through the accuracy course firing five shots each from prone, kneeling and standing positions at targets 15 feet away.

A line extended for a half block before the shoot even got underway at 8 a.m. After each youngster fired the course, he was treated to refreshments and movies on gun safety.

Volleyballs

City Manager Herb Holt has a problem. He probably averages 20 a day, but this is one you can help solve.

It seems the pigeons are becoming quite a nuisance again — this time in several locations downtown. When pigeons become a nuisance, everybody agrees something must be done, but all of us seem to cringe at the thought of poisoning or shooting.

Herb has taken the matter up with the newly organized Ottawa County Humane Society. The leaders don't have an answer yet, but they're working on it.

He also has written the U. S. Fish and Wildlife Service, and the return letter carried five suggestions: 1. trapping (birds asphyxiated later); 2. destroying nests and eggs during two-week period in spring; 3. putting glue on roosting places (certain brand of glue even recommended); 4. shooting; 5. poisoning.

What do you think? You could write a public opinion letter to The Sentinel but keep it short. Three hundred words is the limit.

When you go into the voting booth Tuesday, be sure you keep all the levers down on the person you vote for. The levers must be down if your vote is to be recorded when you turn the big red handle to the left.

City Clerk Clarence Greengood tells the story of one man who said, "I like these voting machines. I voted for sheriff five times."

Jiggling the levers doesn't count. The man probably didn't vote at all.

"Anybody ever tell you you look like President Eisenhower?" Art Read was asked the other day. "Lots of times," he said. And he "shore" does!

The Holland Public Library has a new system of charging books these days. Librarians have thrown out the machine and are using simple charge slips which they say simplifies the accounting considerably.

Now if you want a book, you just fill out a slip listing your name, address and telephone number, and on the other side list the book title and author in simplified form. That's all there's to it. There's room for four books on a slip, but you may have more.

You don't even have to register if you live in the city. If you live outside, there's a fee of 25 cents for three months.

"The 'Eggheds' Are Going for

Eisenhower," a page ad shouted in the New York Times last week. It was sponsored by CASE, the Committee of the Arts and Sciences for Eisenhower, and gave a partial listing of professionals from art and architecture, education, entertainment arts, literature, music and science. Yes, all names were listed alphabetically. The final notation was "We regret that space limitations require omission of several hundred names."

Zeeland 'Honored,' Police Puzzled by 'Elvis' Sign

ZEELAND (Special) — Zeeland has a claim to fame today which isn't necessarily true. Some eager rock-and-roll fan climbed the ladder to the 135-foot water tower between Halloween and the weekend to paint in four-foot red letters, "Home of Elvis" beneath the black lettering of the city's name.

Despite the efforts of the anonymous booster, the phrase will have to be painted out. But Zeeland police are wondering who had enough industry to climb the ladder carrying a bucket of red paint.

MRS. MARION CROZIER, Holland's visiting nurse, has made many calls to nurse Mrs. Mary Malkis who fell and fractured her leg Oct. 10, 1955. Mrs. Malkis, who came here from Latvia seven years ago, lives with her son-in-law and

daughter, Mr. and Mrs. Ernest Balks. Her granddaughter, Launa Balks, 5, is shown with her. Mrs. Malkis has been a VNA patient since November, 1955.

Local Community Chest Includes Nursing Service

One of several agencies included in Holland Community Chest is the Visiting Nurse Association which has been in operation here for six years. A sum of \$3,600 has been earmarked for VNA, the same amount as last year even though the demand for such service has been on the increase.

Mrs. Marion Crozier has been Holland's visiting nurse for the past four months, succeeding Mrs. Angle Van Hoven who resigned after four years to operate her own nursing home in Zeeland.

When possible, the patient pays the association's \$2.50 per hour fee. However, about an equal number of patients can and do pay only part of the fee, according to their ability. Such organizations as Old Age Assistance and direct relief help support the service, but the rest comes under Community Chest.

The visiting nurse made 2,473 calls during the year ending June 1, 1956, or 270 calls more than the previous year. This averages eight or nine calls a working day. There was full pay for 933 visits or 38

percent, part pay for 976 visits or 39 percent and 497 free visits or 20 percent. Some 67 visits were made on behalf of other agencies.

There was a rising demand for visiting nurse services during the summer, and Mrs. Crozier's report listed 213 visits in June, 245 in July and 337 in August. All work of the visiting nurse is done under doctor's orders.

The first good neighbor helping the sick has grown into the Visiting Nurse Service, organized in 1859 in England and started in America in 1885.

The local VNA office is located in the Ottawa county health building at 12th St. and Central Ave.

The VNA program is governed by a board of 12 members in Holland. Officers are the Rev. Henry A. Mouw, president; Robert Notter, vice president; Cornelia Van Voorst, secretary, and George Lemmen, treasurer. Other directors are Mrs. Mayo A. Hadden, Mrs. W. C. Kools, Mrs. Clarence De Graaf, Mrs. L. A. Wade, Rex E. Chapman, Dr. Warren Weststrate, Mrs. R. L. Schlecht and Vernon Ten Cate.

Hope Students Arrange Annual Mom, Dad's Day

Hope College students are planning the third annual Mom and Dad's day observance for Saturday on the campus. Henry Doele, a junior from Grand Rapids, chairman of the committee in charge, said today that activities will start at 2 p.m. when parents will be honored by complimentary admission to the Hope-Alma football game at Riverview Park. Parents of team members will be specially honored at the game by being seated in a special section behind the players, the mothers will be presented corsages, and the fathers will wear the numbers of their sons' uniforms.

After the game team parents will be served coffee in the Koffiee Kietz lounge.

From 5:15 until 7 p.m. a buffet supper will be served in both the Terrace and the Juliana dining rooms of Durfee Hall. Because more parents and students will be attending the supper than can be served at one time, half-hour programs have been set up in the auditorium of the Music Building to entertain the guests while they wait to be served. Following the supper, open houses will be held in all dormitories.

Assisting Doele on the committee for the day are Darlene Eilinga, junior from Chicago; Marilyn Campbell, and Larry Ter Molen, both sophomores from Grand Rapids; Mary Kay Diephuis, junior from South Haven; Janice Blunt, junior from Dunellen, N.J.; and Stan Harrington, junior from Holland.

Seven programs in the auditorium of the Music Building will follow a pattern with Miss Emma Reeves, dean of Women, presiding over three of the programs, Dr. Irwin J. Lubbers, college president, over two and Prof. John Visser, dean of men, over two. A different student will emcee each program which will include a dramatic and a musical number.

Emcees include Lee Winkie, freshman, Kalamazoo; Robert Lesiak, junior, Herkimer, N.Y.; Bruce Vander Mel, freshman, Delmar, N.Y.; Carl Ver Beek, sophomore, Holland; Everett Nienhouse, junior, Oak Park, Ill.; Stan Harrington, junior, Holland; and John De Vries, senior from South India.

Presenting dramatic skits, readings and pantomimes, will be Barbara Wolfe, junior, Miami, Fla.; Erika Volkenborn, junior, Irvington, N.J.; Aileen McGolderick, junior, Fennville; Mary Vander Hoven, senior, Paterson, N.J.; Marjorie De Witt, senior, Sturgis; Jane Gozews, junior, South Holland, Ill.; Patricia Parker, junior, Wyandotte.

stone, N.J.; Marjorie Ten Haken, sophomore, Milwaukee, Wis.; and Susan Graves, sophomore, Grand Rapids.

Zeeland Residents Object To Council on Tax Boost

ZEELAND (Special) — About 25 west end residents Monday night registered a complaint with the City Council concerning the recent increase in their assessment to cover the already finished improvement to the western portion of the city.

Because the paving project on the west end of Main St. was underestimated at the time of the original assessment, residents affected will have to pay an additional 17 per cent of the first estimate. They were recently notified by mail of the cost revision.

In other action the Council voted to put two new streetlights on Taft St. in the new Westbroek addition and to request the state highway department to provide lighting at the corners of the new M-21 bypass.

Film to Be Shown On Thanksgiving

"Out of This World," the motion picture story of the last sealed kingdom on earth, forbidden Tibet, will be shown at the Civic Center on Thanksgiving Day, Nov. 22 at 8 p.m.

Sponsoring organizations are the Holland - Zeeland Young Calvinist League and the League of Reformed Young Women's Societies.

Filmed by Lowell Thomas and Lowell Thomas, Jr., this shows the first color motion picture of the Dali Lama, the incredible Potola, sacred Tibetan building which towers higher than the Woolworth Building, and many other never-before-seen secrets of the Himalayan mountain country.

The Thomases were only the seventh and eighth Americans ever allowed within the sacred city of Lhasa. They do the narration for the film.

Chinese Communists moved into Tibet shortly after the Thomases came out and started to assemble their film. "Out of This World" is the last pictorial record to come out of that country, now under the Chinese Reds.

Zoll New County Humane Officer

Donald Zoll of Holland has been named county humane officer, it was announced by O. A. Vanden Dooren, secretary of the Ottawa County Humane Society.

Zoll will work closely with the staff of Sheriff Gerald Vanderbeek in coordinating all efforts toward adequate dog control and humane practices. Sheriff Vanderbeek has long been concerned with the problem of dog control in the county.

Zoll, a well-known horseman and dog fancier, will begin at once to organize the field services of the Ottawa County Humane Society. They will eventually include an animal ambulance that will be available for calls and to assist the sheriff's patrol.

In addition to joint work with the sheriff's department, the humane officer will investigate humane problems and will supervise the operation of the society's superbly equipped new animal shelter. This shelter is expected to be in operation in December. Immediately, however, Zoll, recently made a county deputy sheriff, will put some of the field services of the Society into operation through the Sheriff's department.

Color motion pictures and speakers to explain the Society's program are now available for all local meetings. The films and speakers can be secured by contacting O. A. VandenDooren during the day at Holland 2331, extension 227, or in the evening at Holland 65176.

Proposal for Buildings Loses In Close Vote

A county proposal to correct a technicality in previously approved legislation to set aside one mill for four years for needed county buildings and repairs lost out in Tuesday's election by 1,059 votes.

The unofficial vote in Ottawa county's 43 precincts was 11,614 yes and 12,673 no.

Peter G. Damstra of Holland, chairman of the Ottawa county canvassing board, said this morning that the county proposal vote will be the first to be canvassed so that the Board of Supervisors will have the necessary detailed information at its next meeting scheduled soon.

The county proposal squeaked through with a 41-vote margin in the September primaries, but the question has arisen whether an additional mill would complicate their school tax setup in several districts where the full 15 mills already are allocated. To avoid additional complication, the board voted to have the clarifying proposal on

Allendale Man Dies In Zeeland Hospital

ALLENDALE (Special) — Gerrit Brouwer, Sr., 83, died Friday afternoon at Zeeland Hospital.

He is survived by the wife, Gertrude; one daughter, Mrs. Edward (Jeanette) Klinge of Holland; three sons, Peter of West Olive, Louis and Gerrit, Jr., of Allendale; 12 grandchildren; two sisters, Mrs. Fannie Wiersma and Miss Mary Brouwer of Zeeland; one brother, Peter Brouwer of Zeeland.

ZEELAND (Special) — Zeeland gained third place in the Kanewa League here Friday night in a wild and woolly brawl that saw each team score five times and rack up a combined total of 855 yards. The Chix finally won out in the final three minutes, 33-31, before 1,000 fans at Zeeland Athletic Field.

The game was a contest of passing versus rushing as the Chix dominated the ground game with 291 yards and the Panthers the airways with 274 yards. But both clubs held their own in the other department, too, with the Chix getting 117 passing and the losers 173 rushing.

John Bloemendaal, Zeeland right halfback, scored what proved to be the winning TD in the final three minutes. He broke loose and scampered for 15 yards.

Conversion ace Ron Komejan split the uprisings after this touchdown and twice in the first half for the points which proved to be the difference.

Comstock Park scored first in the game with seven minutes remaining in the first quarter. Quarterback Dick Howlett punched over from the one.

But then the pattern of the game was set as Zeeland fullback came back and pushed the Chix into the scoring column with a three-yard off tackle plunge. The touchdown was setup by a 72-yard pass from quarterback Ron Beyer to Bloemendaal.

Zeeland took the lead on the first play of the second quarter as Ron Bekins broke through on a belly series outside play and dashed 80 yards to score.

But this time it was Comstock Park's turn to come back. And they did in the waning minutes with a 20-yard pass play from halfback Rodney Denhardt to end Dick Korthuis for 20 yards. Since both Comstock Park conversion attempts were no good, the winners led 14-12 at halftime.

Comstock Park, coached by Don Hondorp, former Hope College athlete, was fired up in the second half and connected again early in the third quarter on a 36-yard aerial from Denhardt to Korthuis.

It looked like the Panthers were really on a prowl and ready to chalk up a sure win a couple of minutes later as Jim Mc Cellert ran the old statue of liberty play for 40 yards and a two-point-down lead.

With the fans hardly settled back in their seats after Comstock Park touchdown, Ron Beyer streaked ostrich-like legs down the sidelines for 66 yards and paydirt and Zeeland was back in the game.

Then in the fourth quarter, Beyer, playing another fine game at quarterback, pushed over guard for seven yards and the fourth Zeeland tally.

Before Bloemendaal's scamper, Denhardt punched three yards off tackle for the fifth Comstock park TD. The only extra point the Panthers made was an end swept by McCellert.

Zeeland stopped any further threat late in the game as Beyer intercepted a Comstock aerial on the Chix 32.

Howlett, who tore a knee cartilage in the third quarter, was the outstanding man on the field. He completed 12 out of 18 passes for 218 yards before retiring.

Norm Wiggers and Les Hall stood out on defense for the winners and Denhardt was best defensively for the Panthers.

The Chix, coached by Jarold Groeters, another Hope College athlete, ended with a 3-2 league record. The Panthers had a 2-3 Zeeland winds up next Friday night at Wyoming Park.

Allegan Electric Output Stymied

ALLEGAN (Special) — Allegan city's electric power interruption Halloween night was caused by a severed high line, between the Hydro electric plant and the city, officials said Thursday.

Many sections of the city were without power from 5:30 until 8 p.m. Street lights were turned out to conserve power as the diesel generating plant bore the entire load and "treat or tricksters" agreed that it was one of the spookiest Halloweens they could remember.

City officials declined to say whether they considered the shooting of the high line deliberate or accidental. Clarence Looman, electric department superintendent, said his crews usually have to replace several insulators on the 25-thousand volt line between the dam and the city each hunting season.

Temporary repairs were made Wednesday night and crews worked on the break again Thursday night during hours when the diesel plant could carry the entire load. Looman said his crews had found seven places where the line had been weakened by rifle fire.

Fumblitis Kills Holland Reserves

BENTON HARBOR (Special) — Benton Harbor's reserve football team scored twice in the second quarter, once on a three-yard run and once on a 60-yard pass interception to stop Holland's reserves, 13-0 here Friday afternoon at Filistrup Field.

Fumbles by the Dutch, including one on the Tiger 10 and another on the Benton Harbor 13 squelched any Holland scoring plans. Another fumble, this one by Holland on the Dutch 10, set up one of the Tiger touchdowns.

While Benton Harbor completely dominated the first half of play the Dutch held the upper hand in the last two quarters. The Tigers picked up 144 yards on the ground in the first half and were held to minus two rushing in the final half. For the Dutch it was minus six in the first half and plus 101 in the second half.

Holland made seven first downs and Benton Harbor three. The Dutch completed six out of 16 passes for 72 yards and the Tigers made four out of seven for a minus 35 yards.

Ray Smith scored both the winners touchdowns. Wayne Pullman threw a pass to Don Ward for the one extra point.

In Holland's second half offense, Ron Dorgelo highlighted one series with a romp to the Benton Harbor 25 from about midfield. Bob Stiel, down from the varsity, ran at fullback and made a lot of yardage up the middle. Holland's offensive blocking was weak at times.

Jan Nienhuis, Dave Bonnette and Hub Harrington were outstanding on defense while Bob Visschers' punting, averaging about 40 yards a boot, also looked good.

The loss gives the Dutch a 1-7 record. Plans are underway to have the Dutch play the third and fourth strings of the Holland varsity, either Tuesday or Wednesday.
