Local Residents Spot Sputnik II

Sputnik II came into view for the first time Wednesday in Michigan and several Holland residents reported sightings here.

Holland police, Ottawa County sheriff's officers and some Holland residents all saw the canine-carrying satellite shortly before 7 a.m.

Several calls were received at The Sentinel seeking confirmation of the sightings and possible information as to any additional anticipated sightings.

While local residents were scanning the skies, B. W. Pocock, a Michigan State University astronomer, also reported seeing Sputnik II about the same time.

The reports listed the sightings of Sputnik II at 6:46 a.m. Those seeing the object described it as "bright" and moving rapidly from southwest to northeast.

Arnold Streur, 147 South 160th Ave., was working on the railroad in Grand Rapids this morning and reported he too, saw the object at the same time. He said it was traveling to the northeast and looked like a "bright star." Streur said the object was visible less than two minutes.

Patrolman Jerry Van Wieren, on duty at the Holland police station radioed that he saw the Russian earth satellite and simultaneously Ottawa County sheriff's officers radioed they, too, had seen the satellite.

The Naval Research Laboratory had advised that Sputnik would be over the Western Great Lakes area at 6:46 and 6:47 this morning.

It was the first time that either of the two earth satellites launched by the Soviets had been seen in Michigan.

At Lansing, Pocock, who had lectured on the Sputniks, described the satellite as "a very brilliant object... like a star of the first magnitude." He said it was 40 to 45 degrees west of Lansing and traveling at a fast rate of speed. Pocock said it took Sputnik II about three minutes to "traverse the heavens."

The chute was found in a tree at the Georgetown consolidated school.

Fire Damages Area Home

A fire which broke out about 11:30 a.m. Wednesday at the home of Harold J. Streur, 499 Graafschap Rd., caused damage described by Holland Township Fire Marshal Andy Westenbroek as "extensive," and sent one fireman to the hospital.

Jack Nieboer, of 401 East Eighth St., was felled by heavy smoke and heat. He was treated at Holland Hospital and released.

Streur said that the fire apparently started near the kitchen stove, where his wife was baking. The flames quickly worked up the walls to the second floor and attic. Westenbroek said.

Veterans Join State Council

The Ottawa County United Veterans Council, meeting recently at American Legion Post No. 28 in Grand Haven, voted to join the Consolidated Veterans Council of Michigan, with headquarters in Lansing.

Delegates to the Consolidated Council will be appointed at the next regular meeting of the County Council, Jan. 17, 1958, at the American Legion Country Club in Holland.

Books and supplements on Michigan laws relating to veterans were distributed to members following a discussion of the laws.

Holland's American Legion Post No. 6, V. F. W. Post No. 2144, and D. A. V. Chapter 14 were present at the meeting. Also present were American Legion Posts 33 of Zeeland and 28 of Grand Haven, V. F. W. Post 2326 of Grand Haven, the Spring Lake Ex-Servicemen's Club, and WWI Barracks No. 474 of Zeeland and No. 330 of Grand Haven.

Optimists Hear Larry Wade

Larry Wade was guest speaker at the noon Optimist Club meeting Monday at the Eten House. He spoke on "Youth Appreciation Week" which is being observed this week. Some members of the club are in Chicago being interviewed on Don McNeill's Breakfast Club program.

In Wade's talk he pointed out the various Youth activities sponsored by service clubs and churches of Holland including Junior League baseball, Junior Rifle Club, Halloween Party, Boy Scouts and Camp Fire Girls and many others.

He also said that in this district only 19 per cent of available boys have taken advantage of Scouting. With the large selection of activities offered youth, the greatest problem is getting youth to participate and get the sponsorship and supervision needed, Wade said.

William Hinkle, boys' work chairman, introduced the speaker. Webb Van Dokkumburg presided.

Emphasizing the values of recreation, he said, "Men work to live — not live to work. There are 168 hours in a week, yet man works only 40 hours. Don't sell your parks, your lakes and your undeveloped sites short." Beukema paid high tribute to Hope College, which ranks in the top 10 for small colleges in America. "This makes Holland attractive to every family man coming here," he said.

He also pointed to Holland's potential in the light of the St. Lawrence Seaway, but added that whether an ocean port is developed here depends largely on the energy of the people. He envisioned a room in the 1960's — one in which Holland can share.

In explaining "The Magic of Holland," Schimmel said, "Here in Holland there isn't anything you can't do if you work solidly together to solve your problems. Now is the time to make decisions. The need for municipal services as the density of population spreads was well illustrated in Schimmel's story of Royal Oak township near Detroit which has 13 separate governmental units in a 29-mile area, each with its own water, sewers and its own assessment base.

"Back 30 years ago there was stress on independence rather than interdependence and it's hard now to correct the mistakes made at that time," he said. He explained that the communities are working on a cooperative drainage system, a sort of underground river arrangement, but estimated costs have already risen from \$30 million three years ago to \$44 million today.

Bright Future Envisioned By Chamber of Commerce

A bright future for a united community was envisioned at the annual membership meeting of the Holland Chamber of Commerce Wednesday night in Civic Center. The event, in form of a banquet, was the first indoor annual meeting in many years. Previously, the annual meetings had been in the form of Bar-B-Q's at American Legion Park.

Keyed to the theme of "A United Community," addresses, entertainment and music all pointed to Holland's forthcoming annexation election Nov. 19. Diversion during the dinner hour was provided by quick-change artist George Lumsden who appeared as a telegraph messenger, mail carrier, Scotsman, spaceman and Indian, and exchanged witty dialogue with Emcee Jack Plewes, president of the Chamber of Commerce. His Man-from-Mars bit showed how he had been trying to get near Venus for years, and his Indian characterization beamed a dry well next to his tepee.

More serious attention to community development was given by the two speakers, John Beukema, retired secretary of the Muskegon Chamber of Commerce, and by Louis Schimmel, Detroit bonding consultant whose office has handled many school and municipal bonds for Holland.

"Some would like to keep Holland just as it is, but that's not possible," Beukema said. "Don't forget we have a mortality in business just as in men, and obsolescence of products calls for replenishing business which is the life blood of any community. Many a city of promise 30 years ago is falling by the wayside because they cannot provide services which modern business and industry need."

Beukema said people are attracted to towns which offer wholesome living, good school systems, good recreation, etc., and industry is attracted to towns which offer these things plus well zoned industrial sites, water and the necessary services. "Sound living and sound thinking are Holland's greatest assets. You're progressive, yet conservative. Everybody should hold out the welcome sign for new industry," he said.

Emphasizing the values of recreation, he said, "Men work to live — not live to work. There are 168 hours in a week, yet man works only 40 hours. Don't sell your parks, your lakes and your undeveloped sites short." Beukema paid high tribute to Hope College, which ranks in the top 10 for small colleges in America. "This makes Holland attractive to every family man coming here," he said.

He also pointed to Holland's potential in the light of the St. Lawrence Seaway, but added that whether an ocean port is developed here depends largely on the energy of the people. He envisioned a room in the 1960's — one in which Holland can share.

In explaining "The Magic of Holland," Schimmel said, "Here in Holland there isn't anything you can't do if you work solidly together to solve your problems. Now is the time to make decisions. The need for municipal services as the density of population spreads was well illustrated in Schimmel's story of Royal Oak township near Detroit which has 13 separate governmental units in a 29-mile area, each with its own water, sewers and its own assessment base.

"Back 30 years ago there was stress on independence rather than interdependence and it's hard now to correct the mistakes made at that time," he said. Mayor Robert Visscher appointed a committee of chairman William Heeringa, Nelson Bosman and Ernest Phillips to meet with similar groups from Allegan and other communities interested in providing bus service from Holland to Kalamazoo.

Reports received and placed on file were the city auditor's quarterly report and Board of Public Works payroll and claims totaling \$73,256.80.

Also received and placed on file were a card of thanks from Mrs. A. A. Nienhuis and family for the expression of sympathy in connection with the death of ex-councilman Albert Nienhuis and a letter from the Holland Council for Civic Beauty expressing appreciation for the help and financial assistance during the past year and commenting that the hanging baskets on downtown streets added much to the beautification of the city.

A resolution correcting an error in a description of property connecting Central and River Aves. between Eighth and Ninth Sts. was approved as was a payment of \$3,000 the recent audit conducted by Ernst and Ernst.

The general fund will be charged for \$1,250, the utility fund for \$1,250 and the remaining \$500 to the hospital fund.

The manager's report giving costs of filling vaults and sidewalk laying program in the downtown area was read and a resolution adopted to charge the property owners on the fall tax roll of 1958 if payment is not made by Jan. 10, 1958.

The request of Russell Boeve for a building permit was approved which calls for the removal of a canopy and to porcelainize the gas station at River Ave. and Seventh St.

A letter was read to council from the president of Optimist International calling attention to Youth Appreciation Week Nov. 4 to 10.

The meeting attended by all council members lasted 46 minutes. The invocation was given by Henry Steffens.

Holland Chalks Up Second Grid Win

Dutch Score 13-12 Win Over South

GRAND RAPIDS (Special) — After playing some of the best ball of the season and racking up first and third period touchdowns, Holland High's football team had quite a scare in the fourth quarter before making off with a 13-12 victory at South Field Friday night before 2,300 fans.

It was the second straight win for the Dutch after five consecutive losses and again it was an extra point that won. Last week Holland won its initial game with a 20-19 victory over St. Joseph.

But the complexion of the win Friday was much different. The Dutch were far more spirited and as a result their play was better. In some spots it was the best Holland has played this year. But in other places, mental lapses took hold and South took advantage of it with gains and the last two period scores.

Holland struck first and a 78-yard drive in 16 plays was climaxed by a six yard end run by Scott Brower for the score. Brower, 190-pound sophomore, was the workhorse of the drive carrying ten times for 57 yards. The touchdown came with the second quarter 35 seconds old.

The extra point, which proved to be the game was a 17-yard pass play from Ron Kuyers to Ron Dorgelo. Kuyers made the kick but Holland was penalized for holding. Paul Elenbaas got George Scott's long center, lateralled to Kuyers and Dorgelo broke toward the sidelines where he gathered in the ball on the five and raced into the end zone.

Elenbaas thought up the extra point play while the officials were walking off the penalty and he explained it in the huddle. Elenbaas impressed throughout the contest with his imagination in play calling.

Holland scored again in the second quarter on a 16-yard pass play with 6:30 to go in the third quarter from quarterback Paul Elenbaas to left half Bob Bolks. The score climaxed a 64-yard touchdown drive again highlighted by Brower's running, a 13-yard pass to end Dale De Ridder and a 15-yard gain by right half sophomore Rich Wolman. Kuyers' kick was wide.

Then South came to life and with 10:15 left in the game hit paydirt on a 20-yard pass from quarterback Howie Glupker to end Joe Drakes. But after the touchdown Holland stiffened and Verne Teske and Bob Visschers plowed through the South line to block the kick.

After the Trojans kicked off, a mixup in the execution of a play in the Dutch backfield sent the football sailing straight up in the air about ten feet and Rich Zandstra recovered for South on the Holland 46.

Holland again lapsed a bit and in six plays the Trojans had scored. Bob Tucker went the final 14 yards with five minutes to go for the score. But again the defense showed as Teske, aided by Ken Hill and Dorgelo, broke through and blocked the conversion attempt.

The Dutch came right back and drove to the South 34 with a minute to go but lost the ball when a first down missed by a "hair". An 11-yard pass from Elenbaas to Dorgelo had featured the drive along with two runs by Bolks, totaling 16 yards.

Brower's running was again the individual feature of the game. He carried 20 times and picked up 115 yards for 5.5 a carry. Elenbaas completed six out of ten passes and picked up yardage on a few sneaks to also look good while the play of Bolks and Wolman was also regarded by the Dutch coaches as the best they have played this season. Bolks made 51 yards in eight tries.

Coach Bill Hinga, who was appreciative of several telegrams received prior to the game from Holland merchants, felt that this gesture aided in getting the Dutch spirit to its highest peak of the season.

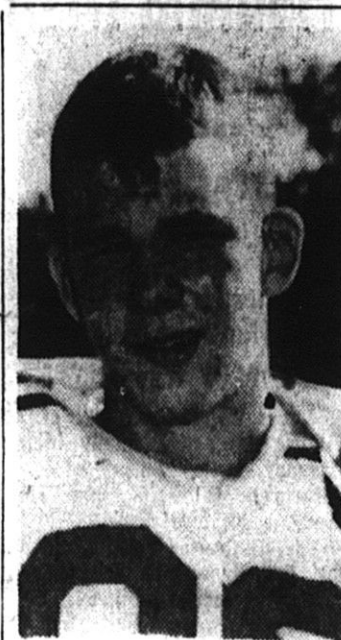

Hinga said he was pleased with the way Holland varied its offense and was effective in both rushing and passing. The Dutch picked up 222 yards on the ground to take the rushing statistics for the first time this season and added 78 through the air. He also praised the work of the center of the Holland line.

Holland will close out the home season next Friday night against Benton Harbor. The Tigers lost to Muskegon Heights, 14-0 Friday.

Mail on this dispatch will be in Chicago by 9 p.m. to connect with night trains going west and east. Airmail is not dispatched via this truck as it makes better connections via Grand Rapids. A new service is being provided at 12:30 a.m. when the post office boxes are tapped for dispatch to all points via the C & O trains 7 and 10 which leave Holland at 1:13 and 4:25 a.m. Mail from these trains connect with star routes out of Grand Rapids for most points in Northern Michigan for delivery the same day.

And Butternut Drive from New Holland St. southeast to Pine Creek is now removed from route 4 to city delivery. Parts of Riley Ave. are similarly affected.

Postmaster Kramer also announced that Nov. 20 is the deadline for assured delivery for Christmas parcels sent to armed forces overseas.

Call Vandalism 'Worst in Years'

Says Alcohol 'Foe to Driving'

Alcohol beverages probably are the most predominant factor of all fatal traffic accidents, said Inspector William J. Dangel of Grand Rapids Police Dept. at the Rotary Club meeting Thursday at Warm Friend Tavern.

He said the research in the past few years has disclosed 60 per cent of all fatal accidents involved alcohol in some degree either on the part of the drivers or pedestrians. Education, said Inspector Dangel, is the key to the problems of how to improve this situation. And this calls for a legislative action to set up a standard for determining the degree of intoxication, Inspector Dangel pointed out.

He also cited some of the recommendations by the National Safety Council to combat the drunk driving. These include: a driver is deemed too intoxicated to operate his car if 15 hundredths of one per cent of alcohol is in his blood, a driver may or may not be fit to operate a car if he has between five hundredths and 15 hundredths of one per cent of alcohol, and with under five hundredths of one per cent of alcohol in his blood the driver's driving ability is not affected.

Grand Haven Police Busy

GRAND HAVEN (Special) — City police were kept busy Thursday night in one of the most hectic Halloween in history.

More than 500 trick and treaters took over the business district, turning from innocent pranks to vandalism, some causing accidents. Tops of convertibles were slashed. Park benches were carried into the rear of one driven by at wreckers attempting to haul away cars. Flares were stolen from construction jobs.

An accident occurred in the 200 block on Washington St. at 9:30 p.m. when a car driven by Lenore N. Wiegert, 18, Spring Lake, ran into the rear of one driven by Thomas Edward McKinnon, 37, Grand Haven. Pranksters had thrown pumpkins and water filled bags at the windshield of the Wiegert car, interfering with vision of the driver. No ticket was issued. As a curious aftermath, Rolland Paris, of 537 Woodlawn Ave., found two ornamental polar bears which were stolen last year standing on his neighbors steps this morning. Apparently the guilty party chose to return the goods after one year and ended up on the wrong porch. The bears weighed about 25 pounds apiece and were used as ornaments on Paris' steps.

In Allendale, pranksters let cows out of the barn on the Martinie farm. Fences also were cut and considerable damage resulted.

Hear Views On Annexation

Both sides of the current annexation problem were presented to the members of the Holland Exchange Club at their regular meeting Monday at Warm Friend Tavern. Clarence Jalling presented the arguments for annexation while John Victor of Lakewood district spoke against it.

Citing a survey made on this question, Jalling pointed out the great industrial possibilities of this area. And in order to attract more industry the outlying areas must be under the city control to use the services such as water, light, electricity and sewage disposal, Jalling added.

He also contended that the reason the political annexation was put ahead of school annexation was to have a uniform financial basis. And such would be impossible to achieve with several boards in control.

The area study indicates that by 1970 the outlying districts will have a high school population of 1,500 children. To go it alone would involve indebtedness of about \$33 per thousand or between \$300 and \$400 per capita, Jalling explained.

Victor, opposing the annexation, said that the school problem should be settled first, that there is no assurance that the proposed bond issue would pass and that many more elections would have to be held before any of the issues would be settled.

Victor gave two reasons for opposition of annexation. First, the annexation would mean an increase in the cost of government and the fire rates would come up in the rural areas. Second, the annexation would be unfair to those people in the areas now in the sending districts that would not be included in the annexed areas because they have already helped pay for improvements in what would be a part of the annexed area, said Victor.

Mel Van Tatenhove, club president, was in charge of the meeting and the program was arranged by Roger Stroop.

THE DIFFERENCE IS FUNDAMENTAL

During the dramatic global debate about the dismissal of Marshal Georgi Zhukov, Party Boss Nikita Khrushchev is reported to have informed the foreign correspondents that there was no difference between the case of Zhukov and the resignation of Charles Wilson as America's secretary of defense. Each held the same job for his country, and Khrushchev considered it unreasonable for foreigners to find a difference in their methods of leaving their posts.

Which pronouncement illustrated the fact that Communist ideology does not begin to see facts for what they are. The cases of Zhukov and Wilson are as different as day and night, regardless of what the real reason for the Zhukov ouster may have been.

Wilson left his post voluntarily. Apparently Khrushchev argues that he was forced out by the public opinion of the American people. That is of course a fantastically mistaken notion, but even if it is accepted for the sake of the argument, the Khrushchev comparison breaks down.

For under those conditions Wilson would have left his job at the behest of the people who selected him in the first place by selecting for the presidency the man who appointed him. There is nothing wrong with dismissing a public servant, provided the dismissal comes from the people who assigned him to the job.

In the case of Zhukov the situation is quite different. He, too, was, fundamentally considered, named to the post of secretary of defense by the Russian people. His appointment came during the second World War when he won the hearts of the people by his military genius. The Khrushchev government was forced to name him when that government was still courting public favor.

But the dismissal of Zhukov was in no sense even remotely forced by the public opinion of the Russian people. It was done by one man, or at best by a very small coterie at the apex of the Russian pyramid; the people had nothing to do with it, they were even more surprised than the foreigners against whom Khrushchev's criticism was launched.

The difference between the going out of office of the two men is fundamental. It is at the same time the difference between the government of a country in which the people are looked upon as the mere tools of a tiny party in power and a country in which the people decide who shall administer the government, who shall be hired and who shall be fired.

Concerning Spiritual Gifts
1 Corinthians 12:1-13
by C. P. Dame

Based on copyrighted outlines produced by the Division of Christian Education National Council of the Churches of Christ in the U.S.A. and used by permission.

It takes time for churches to grow up and become strong. The church in Corinth was established about 25 years after the resurrection of Jesus. It was a church with problems. Many congregations of today are far better in their attitudes and behavior than the church at Corinth.

I. Spiritual gifts come from the Holy Spirit. Most of the church members in Corinth had come from paganism. They had become Christians, hence they had experienced a change of heart. Once they had worshiped "dumb idols" but they had begun to worship the living God, and they were Spirit-led people. Any one who is led by the Holy Spirit does not call Jesus accursed but he speaks of Jesus as his Lord. To speak of Jesus as his Lord is not enough. Jesus himself said that not every one who says, "Lord, Lord" shall enter into the kingdom of God. Words slip from the lips in an easy fashion but deeds count and cost.

II. The spiritual gifts vary greatly. "Now there are diversities of gifts, but the same Spirit." The Holy Spirit is the source of all these gifts. It is therefore unwise for any one to brag about his gifts. We know that some men and women have natural endowments and unusual gifts. There are poets, inventors, scientists and mechanical geniuses, whose ability we recognize.

Paul however does not think of these gifts but of the endowments which were conferred by the Holy Spirit which fit a person for Christian service. Since they are given by the Holy Spirit they should be used under the guidance of the Spirit and for the work of the Lord. In some congregations there are men and women who have received gifts which have made them very useful in church work. In some instances they are people who have not received much training but they have been blessed with gifts which have enriched their personalities.

III. The Holy Spirit fosters unity in the church. Paul compares the human body with the church. In the human body the various members have different functions, so likewise the church has many members but their functions vary. Just as the body in one, so the church, although it has many members, is one. In the church there is diversity and unity. All the members are alike in one respect—all have been baptized by the Holy Spirit. The Bible mentions two kinds of baptism, that of water and that of the Holy Spirit. It is through the baptism of the Holy Spirit—that is through regeneration—that a person becomes a member of the church. Every Christian has been baptized by the Holy Spirit and is indwelt by the Holy Spirit. A person may become a church member without experiencing regeneration but he does not become a member of the body of Christ without it.

In the early church there were Jews and Gentiles and they differed greatly but the Holy Spirit united them. There were masters and slaves in the early church but in some instances both belonged to the church and worshipped together. Today all manner of people belong to the church and that is ideal. There is a place in the church for people of different gifts and for people from all walks of life and from every race and color—they all become one in Christ.

Probation Is Revoked

GRAND HAVEN (Special) — A Holland man had his probation revoked by Circuit Court Monday in one of several cases which came up for disposition.

Jay Jacobs, 30, of 24 East 19th St., Holland, was sentenced to serve 18 months to three years at Southern Michigan Prison after failing to meet conditions of a three-year probation on non-support of his family. On Oct. 14, 1957, he was placed on probation three years and was required to pay \$50 a month toward the support of his family, plus \$50 costs.

Mrs. Irene Faltinowski, 40, of 2316 MacArthur Rd., Muskegon, who was placed on probation for two years last June 10, had her probation revoked and was sentenced to spend the next 30 days in jail. She will receive credit for the 12 days already spent in jail, awaiting her appearance in Circuit Court. She had been charged with nighttime breaking and entering and conditions of the probation had been to pay \$50 costs.

After deliberating 10 minutes, a Circuit Court jury this morning found Luther Daniel Herrell, 37, Calumet City, Ill., guilty of a charge of nonsupport of his wife and four minor children. He will probably be sentenced later today.

Herrell was arrested in Chicago and was returned to Ottawa county to face the charge. The court refused to accept a plea of guilty on arraignment last Oct. 14 when Herrell said he thought his wife had abandoned him and had gone back to Tennessee. After the brief trial, the jury was dismissed until Wednesday.

Gary Ten Brink, 17, route 1, Zeeland, and his brother, William, 19, same address, both waived the reading of the information and pleaded guilty to charges of nighttime breaking and entering. Bond in each case was reduced from \$5,000 to \$1,000. Both will return Nov. 26 for sentence.

Gary is charged with breaking into the Spring Lake Country Club Oct. 4 and taking 23 cases of beer, six bottles of whisky, a quart of champagne and other items. William is charged with breaking into the Lake Shore grocery in Spring Lake township Sept. 25 and taking beer and cigarettes. Both brothers have been in the hands of the law since a flare throwing incident at police and sheriff's stations some weeks ago.

Donald R. Miller, 38, Spring Lake, who was scheduled to appear on trial Nov. 8 on a nonsupport and desertion charge, changed his plea to guilty today and will return Nov. 26 for disposition. He is charged with deserting his wife and six small children.

Miller had left Grand Haven Municipal airport last April 23 in his plane, but instead of flying to Elkhardt and Goshen, Ind., he was reported missing for a long time and was finally picked up in a bar in Appleton, Wis., July 18. He stood mute when arraigned July 23, and a plea of not guilty was entered. Myrtle Phillips, 19, of 88½ East Eighth St., Holland, pleaded guilty to a charge of nighttime breaking and entering. Bond of \$1,000 was not furnished. He will return Nov. 26 for disposition. The alleged offense occurred Oct. 17 at Holland Meat Co. in Holland township. His companion, Luther Austin George, 25, no address, is currently in Allegan jail.

Century Club Hears Talk By Dr. John W. Hollenbach

Members and guests of the Century Club spent a delightful evening on Monday in the home of Mr. and Mrs. Vernon Ten Cate.

Miss Ann De Pree, Hope College junior from Zeeland, thrilled her audience with a group of songs, including "O Sleep Why Dost Thou Leave Me" by Handel, "Der Schmitt" by Brahms, "How Do I Love Thee" by Browning, and "Holiday Song" by William Shuman. Her accompanist was Miss Edna Hollander, a sophomore at Hope College from Kalamazoo.

Dr. John W. Hollenbach, a Century Club member who has just returned from two years in Cairo, Egypt, as Dean of the Faculty of Arts and Sciences at the American University in Cairo, spoke to the club on the subject "Nile Report." His report was a personal and sympathetic resume of conditions as he observed and interpreted them during his stay there.

He spoke of his surprise in finding such a large number of highly educated and highly cultured people in Egypt, many skilled in the use of many languages. Among the conditions he found it difficult to get used to were the many people spending their time as servants, the uncommon and unnecessary number of policemen, the lack of sanitation, the prevalence of begging and the universal practice of blaming all the problems of Egypt on Israel.

The problems of Egypt are many. The outstanding ones listed by Dr. Hollenbach are fear and prejudice which stand in the way of progress, the fact that Egypt has the highest rate of population concentration in the world due to the fact that only five percent of the country is inhabitable, the lack of a national patriotism in

the country, an illiteracy rate of 70 per cent, and the country's strategic economic position which has made it a political football.

Relative to the government, the speaker emphasized that no group of men in power for five years can be blamed for all the ills of the country, nor can they be expected to make too much progress in that length of time. Realizing that the need for education is the number one need in Egypt the present government is attempting to find means of giving everyone an elementary education. To accomplish this aim the government built 700 of the 4,000 schools needed during the years 1953-55.

In an effort to reduce the population they have attempted to "eliminate" the English, French and Israelis, and have made a feeble attempt at teaching birth control.

The present government has made an attempt to develop economy, which attempt resulted in the fiasco of seizing the Suez Canal. It is likewise trying to create a national patriotism through uniting the people in the fear of Israel and the emphasis on work for their own country.

Dr. Hollenbach concluded by comparing the country to an adolescent, and proposing that the best way to help the country is through patience. It is his belief that country does not want to, or need to become communist.

Mr. and Mrs. Clarence J. Becker acted as chairmen of the social committee. Serving with them were Miss Laura Boyd, Mr. and Mrs. Clyde H. Geertlings, Dr. and Mrs. Ernest Ellert, Mrs. W. M. Tappan, Dr. and Mrs. J. R. Mulder, Mr. and Mrs. Frank Kleinhessel and Mr. and Mrs. Robert Vischer.

Gray Ladies Course Given

Several Gray Lady recruits from Ottawa County attended orientation classes at the Veterans Administration Hospital in Fort Custer last Wednesday and Thursday.

Moore, chief of Special Services, introduced hospital personnel, both administrative and medical. Lectures were given by heads of all departments covering all phases of hospital treatment. Mrs. Jay Formisma and Mrs. V. Trudeau are transfers from other Gray Lady chapters. Mrs. H. Bulkema and Mrs. Mary Streur, Gray Ladies, also took the course.

Hope Eyes Second Place Tie With Albion In MIAA After Defeating Olivet, 28-7

Comets Score 1st Touchdown In Loop Play

OLIVET (Special) — Hope College's football team won its third MIAA game of the season here Saturday and stayed above the .500 mark in league play with a 28-7 victory over Olivet College.

The win gives Hope a 3-2 league record and fourth place in the league but the Dutch can jump into a second place tie with Albion in Holland Saturday with a victory over the Britons.

Coach Russ De Vette was able to empty his bench against the Comets and particularly pleased with the play of his reserves, for some their first game appearance of the season or in a college contest.

Hope scored twice in the second quarter and twice in the third period. The Dutch reserves played most of the final stanza.

Although the defeat was the 19th in a row for Olivet, it marked the first time the Comets have scored in the MIAA this season in more than 345 minutes of play.

Bob Jones, freshman halfback, climaxed a 40-yard fourth quarter drive by plunging one yard for the touchdown. The extra point was good. Highlighting the drive was a long pass from quarterback Joe Diaz to end Joelauch down to the Hope 11.

Mert Vanderlind, Hope quarterback, drove home from one yard out in the second quarter for the first touchdown. He set up the play on an 18-yard rollout and then

handed twice to Ty Rupp who drove 17 yards to the one where Vanderlind sneaked over. Bill Huijbregtse converted.

End Curt Menning recovered an Olivet fumble on the Comet six following the kickoff and fullback Ron Bekius cracked over on the first play. Huijbregtse converted to make the halftime score 14-0.

A five-yard penalty forced him to attempt the kick from the seven-yard line.

Bekius intercepted an Olivet pass on the Comet 40 and returned to the Olivet five where two plays later he cracked over from the

three. The touchdown came with five minutes to go in the period. Huijbregtse again converted.

Jerry Herp, Hope halfback, intercepted another Comet aerial on the Hope 40 later in the third quarter. Quarterback Ron Fox and halfback John Vanden Burg, making their first appearances of the season, clicked on a 44-yard pass play for the final Hope touchdown. Huijbregtse made the point.

Vander Burg sparked later in the period on a 39-yard gallop to the Olivet 14 but quarterback Tom Stoel fumbled on the next play and the Comets recovered.

Jim Mohr, Hudsonville halfback, pleased with a 65-yard run in the fourth quarter but the touchdown was called back because of an offside penalty.

Bekius crossed the Olivet goal in the first quarter from a few yards out after a sustained drive but the touchdown was nullified because of a 15-yard holding penalty.

Another first quarter scoring chance was stymied on the Comet 31 when Larry Steward, Olivet tackle, recovered a Dutch fumble.

Paul Wiegier played an outstanding defensive game for the Dutch at end and Jim Hilmer, senior end, made his first appearance since being injured in the Eastern Michigan game. Hilmer strained his hip and played only a few plays.

Besides Jones, Joe Fullerton was the top Olivet man. A few times during the contest he broke through the Hope defense and had to be brought down by the Hope safety.

Hope plays Albion at 2 p.m. Saturday at Riverview Park. The Britons stopped Alma, 13-6 Saturday.

Man Confesses Old Breakin

GRAND HAVEN (Special) — City police were faced with a novel confession Saturday and then decided to turn the case over to Alpena police.

At 4 p.m. Donald L. Sobock, 26, of 707 Columbus St., Grand Haven, who has worked in Grand Haven for the past two years, entered police headquarters and confessed he had broken into an Alpena liquor store five years earlier.

He said he had done so after a round of taverns, but his conscience bothered him the next day so after he was sober he took the 12 quarts of whisky into the woods 1½ miles from his home in Alpena, broke all the bottles and burned the carton.

A year later he said he confessed to a priest who advised him to tell the police, but he was afraid to do so. But he said it bothered him so much he decided to confess to Grand Haven police Saturday.

Grand Haven police called Alpena police who had a vague recollection of the case. Sobock was held overnight and was turned over to Alpena authorities Sunday.

GRAND HAVEN (Special)—State police received a belated report Friday of a Halloween prank which caused between \$100 and \$200 damage to a farm tractor which was equipped with digging equipment. Unloading, Welcome Delayed As Marisco Docks in Holland

The long-awaited S. S. Marisco arrived at the Harrington dock Friday at 1:30 p.m.

Many persons lined Kollen Park and the dock to get a better view of the vessel that is registered in Panama, loaded in Rotterdam, carries an Italian crew, and brought 74 tiny Isotta cars to Holland.

Unloading was delayed for several hours until Customs Official Clifford Williams of Muskegon and Dr. John Kitchell, U. S. Department of Public Health Quarantine Officer from Grand Haven, arrived. Longshoremen from Muskegon unloaded the cargo with the aid of the Marisco sailors.

The Italian crew speaks little or no English and a welcome greeting by city officials was hampered by lack of communication. Conversation with the captain of the ship, Antonio Salvenimi, was carried on with the help of an interpreter. Salvenimi said he had been a captain for 19 months and a sailor for 20 years. He served in World War II with a submarine flotilla.

The Marisco crew members were accompanied by J. A. Macksey, a pilot from Midland, Ont. Macksey got on the Marisco at Kingston, Ont., and will stay on the vessel while it is in the Great Lakes area.

The Marisco is owned by the Talbot Shipping and Trading Co., Ltd., of Montreal, Canada, and the Midwest Steamship Agency, Inc., of Chicago has charge of it while in the Great Lakes area.

Besides the Italian sailors who number 22, the Marisco brought two cats from Italy. The jet black cats peered down on the dock as curiously as those on the dock peered up at the ship.

'Fire Bomb' Set at Home

What police called a "fire bomb" and believe was loaded with carbide or gunpowder was ignited about 9:30 p.m. Friday on the front porch of a home at 116 West 13th St.

A neighbor, who called police, said he saw three or four youths go up to the enclosed porch, open the door, place the device on the floor and light it.

The bomb flared up and burned fiercely, the witness said, the heat breaking the glass jar used as a container. The neighbor said the youths ran to a waiting car and drove away.

When police arrived, the fire was about out, but the porch was filled with smoke. Fortunately, no fire resulted.

Holland detectives are investigating the incident.

Seek New Trial In Wright Case

GRAND HAVEN (Special)—A hearing will be held Nov. 8 on a motion filed by the attorney general's office for a new trial in the case of Wright township versus Edwin Stephens. This case had been heard previously in Ottawa Circuit Court and after deliberating for 15 minutes a jury returned a verdict of no cause for action.

At the request of the attorney general's office, Prosecutor James W. Bussard had sought to recover \$500 from the former Wright township treasurer. The township dispute arose two years ago over an alleged shortage when Stephens was treasurer. A check by auditors and certified public accountants had indicated an average of \$45.37, not a shortage.

At an open meeting in April, 1955, township residents unanimously voted that Stephens be refunded all the money he spent to defend himself.

Last Oct. 14, Circuit Judge Raymond Smith denied a motion for judgment made by Assistant Attorney General Frederick S. Aboud.

Ottawa County Farm News

by Richard Machfele
County Agricultural Agent

Following is a report from Owen Fransens, tester for Ottawa DHIA No. 1 giving the high cows and high herds for the past month: Cows under 3 years of age, Gerald Poest, owner, 1634 pounds milk, 71 butterfat; Al Ter Haar, 1710 pounds milk, 65 butterfat.

Cows under 4 years — Hilbert Holleman, 1950 pounds milk, 70 pounds butterfat and Harold Jensen and sons, 1260 pounds milk and 69 pounds butterfat; cows under 5 years, Harold Ter Haar, 2205 pounds milk and 73 butterfat and Conrad Slagh, 2130 pounds milk and 72 butterfat; cows over five years of age—Al Ter Haar, 2400 pounds milk, 89 pounds butterfat and Ter Haar also with 1890 pounds milk and 81 pounds butterfat.

Small herd, Bertus Pyle, 834 pounds average milk, 31 pounds butterfat average; Ward Keppel, 500 pounds average milk and 22 pounds butterfat; medium herd — Gerald Poest, 1250 pounds milk average and 48 pounds butterfat average and Al Ter Haar, 1178 pounds milk and 42 pounds butterfat; large herd — Harold Jensen and Sons, 820 pounds milk, 41 pounds butterfat; and Conrad Slagh, 1063 pounds milk and 40 pounds butterfat.

In talking with Owen Fransens a few days ago he tells me he will be in a position about the first of the year to take on some more owner sampler herds. If you are interested in testing by this method we suggest you drop us a line and we will get word to the tester.

In owner sampler testing the owner weighs his own milk, takes his samples and they are picked up by the tester. The butterfat analysis is based on each cow and the total herd. Under the new system the owner sample tested herds will be run through the IBM system at Michigan State University and a typewritten report will come back to the members. This is a tremendous improvement over the former owner sample system and members would certainly be satisfied with the results. As far as cost is concerned, the owner sampling costs about half as much as the DHIA testing. But, of course, this system of testing is not recognized as the DHIA testing. But, of course, this testing is not recognized as official testing. It is only for the benefit of the individual farmer.

We have a note from the Farm Crops Department that a new rye will be available next year. The name is Tetra-Petkus. This rye in experimental tests has proven to be a lot superior to the Balbo and Rosin Rye in yielding slightly more grain but is slower in growth in the fall and spring than Balbo Rye. It is fully as winter hardy as Balbo.

The Packers now have a 6-0 record and 3-0 in the Keweenaw League. The Chix are 4-3 for the season and 2-2 in the league and in a three-way tie for third place.

Holland High Band Plans To Take Trip Into Space

Snappy marchings, intricate formations and pretty majorettes have become as much a part of the American football scene as the burly gridders, hot dogs and coffee.

The halftime shows presented by some of the nation's top college bands are spectacles each Saturday afternoon.

And like prep football has picked up its cue from the collegians as far as formations and play patterns, the bands have kept the pace and done the same thing.

Holland High's band, regarded throughout Michigan as one of the best marching units, has again this football season come up with several clever halftime shows.

The 100-piece band, directed by Arthur C. Hills and Raymond Roth, will conclude its 1957 appearances Friday night during the half of the Holland - Benton Harbor football game.

This week's show will center around space travel—certainly in keeping with the day's talk. Included will be rockets, robots, Sputnik III and dancing mechanical majorettes.

The music for this show ranges from weird chord effects to American Boogie Woogie while the props include a model Sputnik III, made by seventh grade instructor Don Rohlick. Other props have been a life size Stutz Bearcat Convertible, Robot uniforms for majorettes and Mickey Mouse's eyes.

This year's shows have included a salute to retiring principal J. Riemersma and a TV show featuring formations of Dragnet, Mickey Mouse, Cavalcade of Sports and a commercial on a late model car, complete with the car. Last year the band staged a political rally during the presidential campaign and used numerous elephant and donkey props for the two parties.

The shows are often planned by Hills and Roth during the summer. Then they have to be outlined, explained, arranged and reproduced for the band members.

During the football season, the band members practice each day on the football field. They are taken to Riverview Park by bus. The band annually makes two out of town trips.

Parents Day Set At Hope College

The annual Mom and Dad's Day Saturday at Hope College has been announced by Carl Ver Beek, chairman of the student council committee in charge. The day is planned to honor the parents of Hope College students.

Parents will attend the football game between Hope and Albion at Riverview Park at 2 p.m. by complimentary admission.

"Moms and Dads" of team members will be especially honored at the game by being seated in a special section behind the players. Mothers will be presented with corsages and the fathers will wear the numbers of their sons' uniforms.

From 5 to 7:30 p.m., a buffet supper will be served in Durfee Hall. Because more parents and students will be attending the supper than can be served at one time, a special welcoming program will be presented at 30-minute intervals in the Music Building auditorium while they wait to be served.

To show Mom and Dad how their sons and daughters live away from home, all dorms and fraternity houses will be open for inspection between 7 and 9 p.m. Assisting Carl Ver Beek on the committee are Sandy Driesel, Isla Van Eenennaam, Marge Ten Haken and Richard Van Es.

The area formerly was called Kelly Field. Another Fort Benning Infantry field was named for Cpl. John C. Wetherly of Morgan County, Ind., who received the Medal of Honor while fighting in the Philippines during the Spanish-American War.

Seventh Graders Learn Football Points

Determined to learn their football early, a group of 27 seventh grade youngsters have been drilling each day after school for two months.

What they have learned was seen Tuesday by their parents and other interested spectators at 6 p.m. in Riverview Park. The eighth and ninth grade teams played following the seventh graders.

Con Eckstrom and John Spurgeon are coaching the seventh graders. This is the second year football has been staged on this grade level and the coaches report that the interest this year is about the same as in 1956.

Monday marked the final day of practice and the team will turn in equipment Wednesday. Practices lasted about 90 minutes each day and the boys were drilled in fun-

damentals of blocking and tackling along with play situations. The team has been using the T-formation, similar to the Holland variety.

The team this year was considerably stronger in the backfield than a year ago. Three quarterbacks reported and all impressed. However, Richard Vander Kolk had a foot difficulty and was advised next to the season to wait until next year.

Carl Walters and Gordon Bosch are the top quarterbacks while Chuck De Witt was the best full-back and Axel Vander Wilt, Tom Elenbaas, Craig Kuite, Tom Essenburg and Alan Vanden Berg have been best at halfback.

Richard Essenburg and Mike De Vries have impressed at end while Larry Dorgelo has played some

Projects Lopped From Road Budget

GRAND HAVEN (Special) — The Ottawa County Road Commission has revised its 1958 road budget after the county Board of Supervisors rejected its request for \$200,000 to improve certain county roads.

Removed from the budget are all projects to "heavy up" black-top roads with a two-inch cap. In the south part of the county this had included Beeline Rr. from Lakewood to US-31, 1½ miles; Balsam and Port Sheldon, from the new city limits of Hudsonville north to Port Sheldon and east 1½ miles; 72nd Ave. a mile north to Beavertown from M-21; 64th Ave. south of M-21 to Drenthe, four miles; and Lakewood Blvd. a mile from 120th Ave. east to point where it was improved last year. Estimated cost on these projects was \$111,000.

In the north part of the county, the project removed is on Lucre St. in Tallmadge township, a grade and gravel job on 3.6 miles preparatory to blacktopping, for an estimated \$65,000.

Sum of these projects amounts to \$196,000 which nearly takes care of the \$200,000 reduction, according to Engineer Hank Stafseth. The proposed budget had listed more projects for the southern part of the county.

The commission also is holding two public hearings. One is a field inspection at 10:30 a.m. Friday at the site of the proposed School St. crossing in section 13 of Georgetown township for the C&O tracks. This development would open this area to industrial development, it was said.

The commission will be represented at a hearing at Public Service Commission offices in Lansing Nov. 19 to attempt to maintain the existing flasher protection on Third St. in Ferrysburg. This control was erected by the State Highway department while the street was used as a detour while a new grade separation was construction on US-31 north of Ferrysburg.

Annual Fall Potluck Held by Mission Guild

The Mission Guild of Central Park Reformed Church held its annual fall potluck Tuesday evening in the church basement.

Table decorations were in keeping with the fall motif. Devotions were in charge of Mrs. Henry Lemson and Mrs. Chester Steketee. Mrs. Elton Van Pernis gave a book review on "A Miracle at Carville" by Betty Martin. She told of a young girl and her 20 years at Carville seeking a cure for leprosy.

A cornet solo was played by Bruce Menning accompanied by his mother, Mrs. Rlaph Menning.

Newly elected officers for 1958 are Mrs. Simon Sybesma, president; Mrs. Kenneth Matchinsky, first vice-president; Mrs. Cecil Helmkink, second vice president; Mrs. Jack LaMar, secretary; Mrs. Elmer Becksfort, treasurer and Mrs. Drew Mills, assistant secretary and treasurer.

Mrs. Jerry Hilbink closed the meeting with prayer.

Hostesses were Mrs. Vernon Van Lente, Mrs. John Vande Vusse, Mrs. Jack Zwiers, Mrs. Julius Brown, Mrs. Casey Oonk and Mrs. Harold Cox.

At one point, Vander Haar challenged Scholten's figures of 36 mills for a new high school for outside districts. Scholten indicated the figure was high and Vander Haar said it was low, particularly in view of the fact there were no provisions for elementary schools.

These figures were quoted from the well known blue book widely circulated last spring when outside districts advanced their own school reorganization program.

Al Stansby, president of the Pine Creek school board, explained the "poor Pine Creek" term often affixed to the district which has a large residential concentration with little or no industry. The state equalized valuation per pupil for Pine Creek is under \$4,000 whereas this figure is close to \$12,000 in Holland city.

Vander Haar contended Pine Creek was lucky to be included in the proposed program that that was one of the things he had fought for last spring when Pine Creek was not included in the initial annexation program. Scholten was inclined to think the Pine Creek inclusion was no favor.

There was some discussion that the 12 districts would have to consolidate in case annexation failed, but Vander Haar pointed to possibilities that separate sections might annex to the city and its school district, thereby not leaving 12 districts.

CHAMPIONSHIP OUTFIT — This is Holland's 1902 state championship baseball team. This unit boasted Neal Ball, as one of its pitchers. Ball later made the first unassisted triple play in the major leagues. This picture was given The Sentinel by Ben Vanden Berg, one of the

team members. From left to right players are: Neal Ball, Newton Root, Earl Marshall, Jim De Pree, Will Tybald, Tony Vander Hill, Ben Vanden Berg, Henry Karsten, Roy Fairfield and Glenn Andrews.

Holland's 1902 State Champions Recalled

With the passing of Neal Ball a few weeks ago, the state championship of the 1902 Holland Independents was recalled.

Ben Vanden Berg, a member of the team, brought The Sentinel this picture which shows Ball at the far left.

Ball later played with Cleveland, Boston and New York in the American League and in 1909 made the first unassisted triple play in the major leagues.

Vanden Berg said this picture was taken in 1902 by Will Hopkins, a commercial photographer. The

team was sitting on the bench alongside the fence at the playing field between 19th and 22nd St., about where the present Christian High School is located.

Holland defeated such teams as Grand Rapids, Belding, Greenville, Ionia and Big Rapids in a regular circuit of games.

Ball, a Kalamazoo native, was one of the pitchers. He married Maude Clark of Holland, who died some years ago. He remarried and is survived by his second wife.

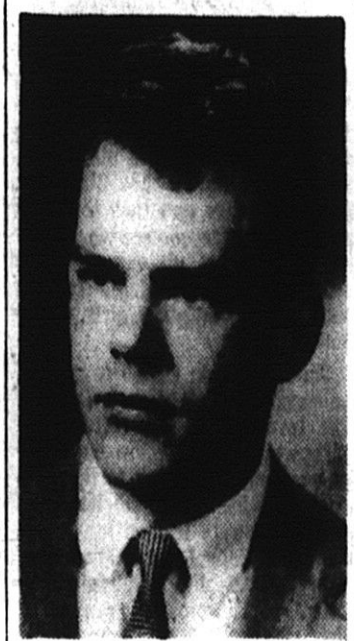

Tony Vander Hill, Will Tybald

and Ball are the three team members who have died.

Vander Hill was the catcher and Tybald played in the infield, usually second base.

Henry (Hatch) Karsten was the other pitcher. Glenn Andrews played second or short; Vanden Berg, third base or left field; Roy Fairfield, shortstop; Jim De Pree, first base; Earl Marshall and Newton Root, outfielders.

He was a member of Delta Sigma Delta, national dental fraternity. Dr. Boven is married and has two children, Dorothy, 3, and Edwin, 2.

Annexation Meeting Held

About 80 persons attended an annexation meeting in Pine Creek School Tuesday night. Walter Vander Haar and Ray Koolstra represented the annexation steering committee and Attorney Harvey Scholten of Grand Haven represented the opposition. Jack Daniels, PTA president, served as moderator. Carroll Norlin also participated in the discussion and answered questions.

In all, it was an orderly meeting which adjourned at 10:15 p.m. The discussion hinged mainly on two sets of questions dealing with consolidation guarantees, disannexed sections, the willingness of school districts to unite in a program separate from the city, and comparative tax figures.

At one point, Vander Haar challenged Scholten's figures of 36 mills for a new high school for outside districts. Scholten indicated the figure was high and Vander Haar said it was low, particularly in view of the fact there were no provisions for elementary schools.

These figures were quoted from the well known blue book widely circulated last spring when outside districts advanced their own school reorganization program.

Laughter dominated the Woman's Literary Club Tuesday afternoon — as well it should — when Emilie Jacobson gave her delightful talk to members of the Club. Her subject was a natural one — "Laughter—Freedom's Secret Weapon." Mrs. Jacobson changed her talk from the one previously scheduled.

"Humor and laughter are nature's chief appetizers, as sleep is the chief nourisher," she said. "Laughter shakes up the liver and makes us better for it."

There is humor inherent in much of courage, much of tolerance and much in the sense of proportion, she said, to laugh with someone and not at someone is the secret. The understanding among people is so important and translations often lose much in the translation, she said. "It is not so much what is said as how it is said."

In her charming way, Mrs. Jacobson, who is English, gave typical examples of Scotch, Irish, Welsh, and Cockney humor with vivid stories. She also put into her talk the two favorite stories that everyone told her after hearing her lecture.

American humor delights Mrs. Jacobson. She told several amusing stories about her first experience with radio and television commercials. She also mentioned that in this country no one is ever too old to be a "girl."

American slang she said colored the language and it is "so apt" and so to the point. Several slang expressions that tell a whole story as "sc what?" "You and who else?" "I knew her when," and "Did she take him to the cleaners," were among her favorites. Another is the word "drip," which is tops, she said.

A ballet joke told in Jewish dialect brought out a burst of spontaneous applause.

"God wants us to laugh together," Mrs. Jacobson said, until the heart catches up with the head."

After the program 23 new members were honored at a tea in the club tearoom. Division I with Mrs. Don Burrows and Mrs. Harvey Moraux were in charge.

Each new member wore a corsage as identification. Five courtesy members were also introduced. They are missionaries home on furlough.

A Philanthropy Day collection was received by members of Mrs. J. C. Jander's committee.

New members include Mrs. William G. Bender, Mrs. James McWilliams, Miss Clara McCellan, Mrs. Albert Winstrom, Mrs. John W. Creighton, Mrs. Dirk Dykstra, Mrs. Gerard Van Pernis, Miss Jeanette Westveer, Mrs. Theodore Elhart, Mrs. Charles R. School Petition Called Invalid

The Hamilton Steering Committee has been informed that the petition they had circulated concerning consolidation of the McClair school district with the Hamilton schools is invalid because of a legal technicality in the wording.

Superintendent of Allegan Public Schools Ray Sturgis informed the group of the error at a meeting Saturday, and advised that a new petition be circulated.

The faction of the McClair school district which is seeking consolidation with Saugatuck schools has decided, in view of the new development, to drop action started last week which would lead to a court injunction against the school board.

If the new petitions are signed

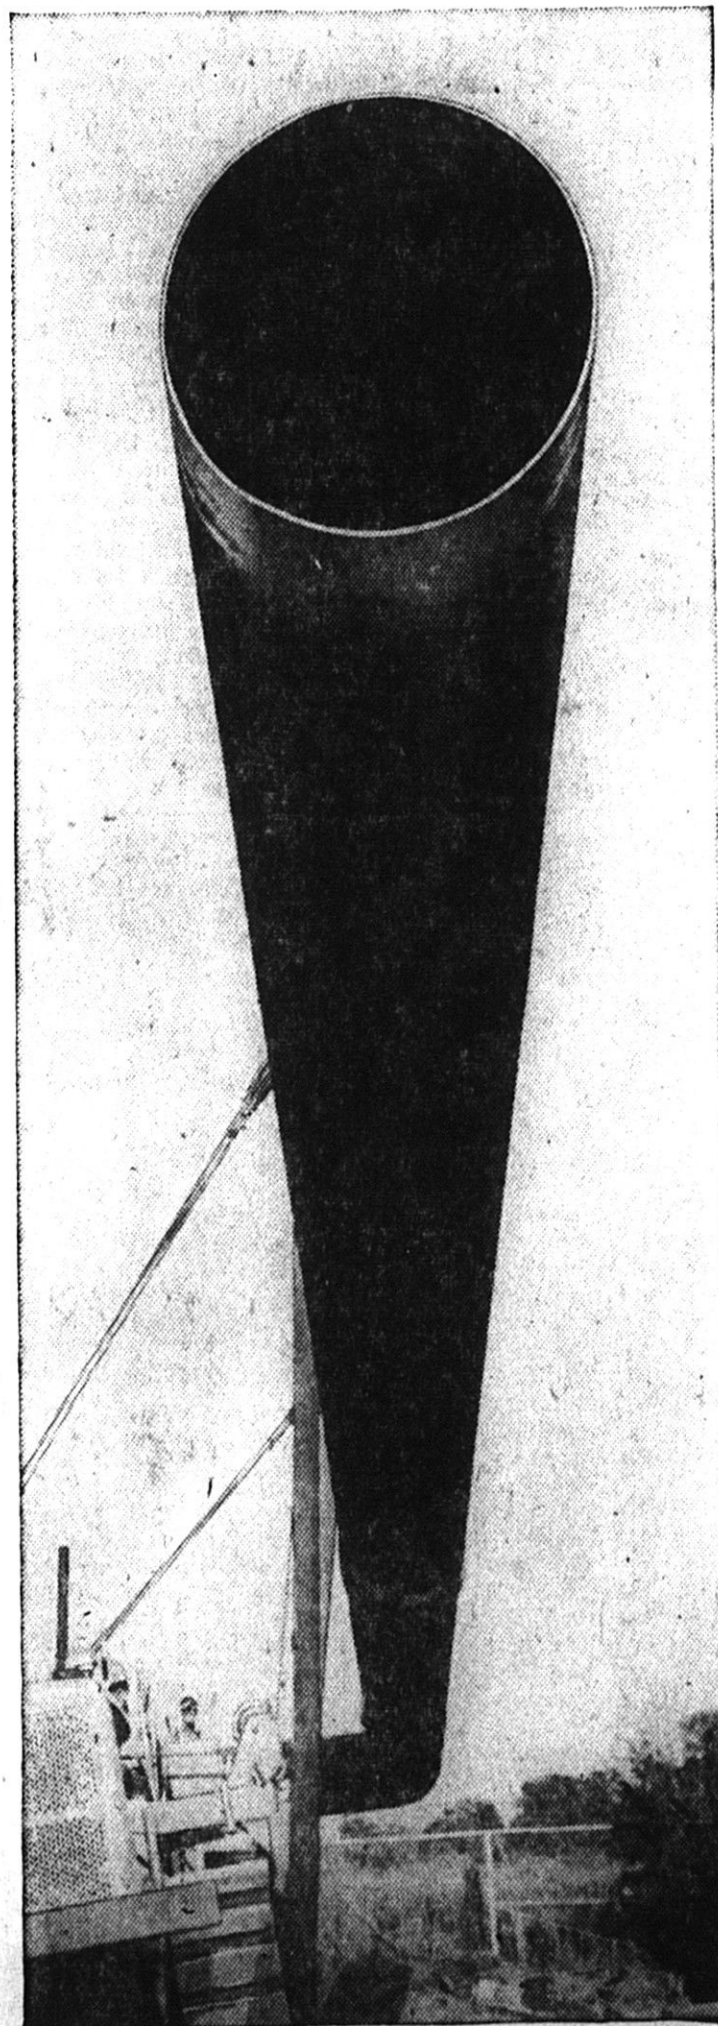

by at least 51 per cent of the qualified electors, the way will be opened to a vote on the proposed consolidation in the 17 school districts involved.

Sturgis said that the circulating of the petition will be held up until after a meeting in Hamilton Nov. 12, which will be attended by all factions and by representatives from the state board of education in Lansing.

Russcher school district No. 12 has also asked to join the proposed consolidation, Sturgis said.

**It takes a
GIANT
to stretch
from coast
to coast**

Just as an enormous pipeline carries petroleum from producer to consumer, so does a giant medium carry goods from advertiser to consumer. That medium is the newspaper, a giant that lives in every town.

The newspaper pipeline is the shortest distance between advertiser and buyer. It carries sales messages to an average 100,000,000 people daily. The complete and constant coverage that newspapers guarantee every advertiser is one of the reasons why all advertisers spent \$3,235,600,000 in newspaper advertising last year — more than they spent in TV, radio, magazines and outdoor combined!

If you want a steady flow of your product to your consumers, use steady advertising in the daily newspaper. It's the most efficient and direct pipeline.

**All business is local...
and so are all newspapers.**
