City Okays Major Area Drain Plan

A contract with Black and Veatch, consulting engineers of Kansas City, Mo., for preparing a major drainage plan for the enlarged city of Holland was approved by City Council at its regular meeting Wednesday night.

This program will involve detailed contour aerial maps showing elevations every two feet over a large area. From these maps, other detailed information will be compiled which will be useful for many things other than drainage.

City Manager Herb Holt said this information probably would be valuable in designing streets, both sanitary and storm sewer systems, water mains, and probably would be valuable to developers. Cost of the project is listed at \$22,800 of which aerial maps would cost some \$15,000.

Council also approved a recommendation of the Board of Public Works to extend Black and Veatch contracts on the sewerage system surveys, plans and specifications. The contract also provides fees for resident engineers during construction of Holland's proposed new \$2,900,000 sewerage system.

Another BPW report explained that there are some sanitary sewers built along public streets to serve private homes which are not maintained by the board. Council okayed a proposed form of agreement to be used to transfer title of sewers of this nature which are six inches or larger to the city sanitary sewer system. Maintenance of such sewer lines under question mainly involve roots from city trees, it was said.

A petition for water service in West 17th St. from Ottawa to Diekema Ave. was referred to the city manager for report. Council okayed an application for a license for the Salvation Army to solicit funds Nov. 27 through Dec. 24.

A letter from the Lakeview Board of Education requesting reduced speed limits on 32nd St. from Graafschap Rd. to 156th Ave. was referred to the traffic and safety commission with the suggestion that speed be studied on all of 32nd St. which lies inside the city.

A letter from the Chamber of Commerce advised Council of a hearing on the restudy of Holland Harbor by the U. S. Corps of Engineers in Hotel Warm Friend Dec. 2. Mayor Robert Visscher will represent City Council at the hearing.

A request from the Board of Public Works to transfer funds from the capital improvement fund for water main extensions was again tabled since a report on the matter had not been completed. At the close of the meeting, Councilman Henry Steffens requested that all sinking fund figures and their requirements be listed by the city auditor for presentation to Council at an early convenience. His motion carried.

A communication from the Holland Council for Civic Beauty informed Council that the organization has been dissolved. The communication expressed appreciation for the financial support in the past. Mayor Visscher thanked the group for its work on city beautification through the years and its work on other fronts. One of the main programs was planting tulip lane with other flowers in the summer and fall.

A letter from Vogelzang Hardware Co. inquiring into the possibility of purchasing city-owned property in the vicinity of the city dump was referred to the city manager for study.

A damage claim from Wilbur C. Brown for damage to his station wagon by a city truck was referred to the city attorney and insurance company.

The city auditor was authorized to exchange \$97,000 of 4 per cent notes maturing Aug. 15, 1962, which are presently held by the Cemetery Perpetual Care Fund for 4 1/2 per cent notes maturing Nov. 15, 1963, which will yield an additional \$2,546.25 in interest over the period.

All Councilmen were present and Councilman Nelson Bosman gave the invocation. The meeting adjourned at 8:40 p.m.

Enthusiastic Report Given For Library

An enthusiastic annual report by the Holland Public Library highlighting Holland's new Herrick Public Library now under construction was presented to City Council Wednesday night.

Librarian Hazel Hayes said it was quite a thrill to write up the 1958-59 report because in that period Ray W. Herrick, Tecumseh industrialist, announced a \$250,000 gift for a library for Holland, his former home town.

The report briefly traced new library developments, the ground breaking in March, start of construction in April, a five-week halt by a carpenters' strike and work on furnishings.

Many activities of Library Week were geared to the new library. Among library gifts were \$250.39 for books from the Junior Chamber of Commerce sport show plus the promise to help with moving when the time arrives, a gift of \$3,000 and promise of more from the Junior Welfare League to furnish the children's room, \$2,600 from the Holland Garden Club for landscaping the grounds, \$1,000 from the Exchange Club Goodfellow for a mural, \$500 from the WCTU for films.

The report pointed out that Horizon Girls meet in the library each Thursday night to aid the library staff. These girls also have been assisting at the Kollen Park party at the close of the summer reading programs.

The report also mentioned the district library meeting which was held in Holland, the many services offered by the library, the summer reading program with 829 finishing requirements and the winter reading program with 600 youngsters enrolled.

"We want the citizens of Holland community to be kept constantly aware that their public library is promoting their general civic and cultural growth through an organized program of providing counseling on resources of the area, lists of materials, displays, films, speakers and library staff members for discussion groups."

When we move into the Herrick Public Library, we hope we will be able to accomplish many of the dreams we have had for several years," the report said.

The Library Board also reported on quotations on furnishings and equipment for three of the nine categories and Council approved the following recommendations: division 6, Corey Jamestown, steel files and map cases to be purchased from Michigan Office Equipment Co., \$2,708; division 7, Hamilton Steel Shelving to be purchased from B. F. Farnell Co., installed, \$4,000; division 9, steel-case stacking chairs to be purchased from Fris of Holland, \$1,995.

Another report meeting for leaders in all campaign divisions is scheduled at noon Friday in Hotel Warm Friend in the form of a Dutch treat luncheon. Reports in the residential division are being turned in at campaign headquarters in Civic Center on Saturday, according to Campaign Director Donald G. Cochran.

The speaker paid special emphasis to the fact that many towns would prosper where adequate airport facilities existed. He pointed out that in the next one or two decades many towns would be bypassed just as towns were bypassed for lack of railroad facilities in years past, those having no water transportation facilities, and even likened the situation to towns that are presently bypassed by super highways.

Roskam was introduced by C. J. Reese, president of Continental Motors in Muskegon.

With mud puddles filling the forty-yard lines and the other areas made slippery by the drizzle, it was a game for the big men to shine and Holland's Scott Brouwer again took the honors.

Hudsonville Wins Crown In OK League

GRAND RAPIDS (Special) — Hudsonville High's football team grabbed the OK League title here Friday night following its 14-0 win over Grand Rapids Lee in the rain at the Lee Field.

It was the first crown for the Eagles since 1946 when Hudsonville took the Kenewa League crown. This was the second year the Eagles have been in the OK League. Kelloggsville, who tied Hudsonville 6-6, can tie for the crown with a victory over Grand Rapids Rogers next Friday.

Hudsonville has a 3-0-1 conference mark and a 4-1-2 overall record. The Eagles play at Sparta next Friday in a nonleague game.

Coach Dave Kempker was again pleased with the strong defense displayed by the Eagles, who haven't been scored on the last three games. Hudsonville held Lee to just plays in the first half, including two punts.

Hudsonville scored the first time the Eagles had the ball. They drove 75 yards and Ken Visser sailed around end for the final 25 yards. He also ran over the extra point in the first quarter.

On the third play from scrimmage in the third quarter, Visser broke loose for 54 yards and the second touchdown. Lynn Allen ran for the extra point.

Lee threatened only once in the game and drove to the Hudsonville 25 in the third quarter.

Standing out on defense for the Eagles were Jim Vander Malen, Clarence Robert, Art Vredevelt, Bill Brandt and Jack McDuffee on the line while Roger Van Noord and Steve De Windt looked good as corner men.

Linebackers Bruce Struik and Don Van Zoeren made plenty of tackles and Visser and Allen played the safety spots.

Scott Brouwer

... leads attack

Dutch 40. It took Holland 13 plays to move the 60 yards and Brouwer picked up 36 of the yards including the final six to pay dirt.

The touchdown came with 5:40 left in the first quarter and a fumble on the extra point prevented the try.

But Creston didn't sit still. The Polar Bears grabbed the kickoff on the 30 and returned to the Bear 36. And in 13 plays they were home with the tying touchdown. Fred Kramer went around end for the final 14 yards. Bruce Imhoff placed the block which aided in the TD run.

The score came with 10:28 left in the second quarter and Bruce Van Dyke knocked George Gargett out of bounds on the extra point try. Neither team threatened again in the first half although Holland had the ball on the Creston 31 and Brouwer fumbled and the Bears recovered.

The second half belonged to Holland and the Dutch put on a fine performance of defense, besides dominating the play offensively. After Creston scored its touchdown around end, Holland corrected the situation and the Bears didn't run the ends again.

The Dutch succeeded in turning the play in and the linebackers and secondary men were making the tackles in the second half while in the first half on the Creston touchdown march, the runners weren't being turned in after rounding the corner. Bob Klaver again stood out on defense.

Holland held Creston to just eight yards rushing in the second half after the Bears had picked up 65 in the first half. The Polar Bears didn't threaten in the last two quarters and they never penetrated Holland soil. Creston made only one first down in the second half and that came with 2:34 left in the game.

The Dutch kicked off to Creston to open the second half and the Bears didn't go anywhere and punted to the Holland 40 where Rog Buurma snagged the ball and returned to the Creston 45.

Then it was Brouwer's turn. He knifed through right tackle for 19 yards to the Creston 26. And then on the next play, Brouwer sliced left tackle, got running room, opened up speed and was off. The score came with 8:14 left in the quarter. Buurma was stopped short on the extra point try.

Holland scored its last touchdown on a 39-yard drive. After taking a fair catch on a punt on the Bear 39, the Dutch took 10 plays to score with Buurma sneaking the final yard with 59 seconds of the fourth quarter gone. A 13-yard pass from Buurma to Rich Woltman and a 10-yard run by Brouwer highlighted the drive. Brouwer smashed off tackle for the extra point.

Chuck Klopmparens recovered a fumble on the Creston 17 early in the third quarter but after advancing to the 11, the Dutch attack stymied and Creston took over. They didn't go anywhere and punted to set up the final Holland touchdown.

Holland picked up 186 yards rushing, 122 in the second half. The 66 yards gained in the first half was one more yard than Creston. Holland had four first downs in each half.

The Dutch will conclude the home season next Friday night against Benton Harbor at Riverview Park.

Junior High Gridders Play

The fourth annual night concluded the season's action for the youngsters. Con Eckstrom and Don Oosterbaan coached the seventh and eighth grade teams and Ed Damsen and Ted Boeve coached the ninth grade team.

The seventh graders started the action with the "reds" defeating the "grays", 7-0. Mike Oosterbaan scored the winning touchdown on a 25-yard run off right tackle. Benny Phillips ran off tackle for the extra point.

Brian Marcus stood out for the winners and made several fine tackles. Brad Spahr, center on the "reds", did a good job of centering the ball on punts back to Dick Steggerda, who looked good on the boots, including a couple for 35 yards.

Rog Woltman paced the "grays"

with a 65-yard run which nullified when he stepped out of bounds on the 45-yard line.

The "reds" stopped the "grays" 6-0 in the eighth grade game as fullback Gary Hopkins scored the lone touchdown on a 15-yard end sweep. The extra point was missed.

Walt Van Oosterhout of the "reds" did a good job of running and picked up gains of 10 and 15 yards a few times with some fine weaving through the opposition. Hopkins stood out on defense.

Dan Hill led the "grays" with his defensive play. Frequently he threw ball carriers for losses. Jim De Neff also made some good tackles.

In the ninth grade game, the "whites" won over the "reds", 18-7. Ed Mahon scored one touchdown for the winners and Jerry Bauman caught two passes from Gordon Bosch for the other two tallies. The extra points failed.

Carl Walters threw a pass to Mike De Vries for the "reds" score and then kicked the extra point. Both ninth grade units were strong on defense and the "whites" passing made the difference.

Seventh Grade Football Players Show Lots of Promise

With a good showing in the tackles were seen in the inter-parents night performance Tuesday at Riverview Park. Coaches Con Eckstrom and Don Oosterbaan said today they were pleased with the progress prior to a varsity game. They also made this season by the seventh graders against the eighth grade football team.

The youngsters have been learning. Looking over the personnel, Eckstrom said the team was well equipped. The left halfback, phazised the correct methods of the best back. Marcus showed blocking and the importance of speed, the ability to break away and was strong on defense.

Several good blocks and some fullbacks Greg Kuna and Perry

Cornelissen also drew praise. Both ran hard all season and Kuna was described as the shiftest runner on the club while Cornelissen looked strong on defense.

Quarterback Dick Steggerda showed some fine passing talent and was a good ball handler and tackler along with Coert Vander Hill, who came along at the end of the season, and did a good job of ball handling.

Halfbacks Benny Phillips, Rich Robbert, Brian Hill and Rog Woltman showed a lot of speed.

Mark Nieuwsma, called by the coaches "small but mighty," was the best of the linemen. "He's not big but he's all over the place, tackling and blocking," Eckstrom said, "and he shows a lot of aggressiveness."

All of the other linemen are on about the same level, the coaches said, and they were satisfied with their showing.

Henry Ten Brink, with a good pair of hands, was called the best end and Jeff Green, the best center.

Dutch Prepare For Tigers

Mr. and Mrs. Robert John Mannes (Prince photo)

Miss Rosalie Kay Jousma became the bride of Robert John Mannes in the Bethany Christian Reformed Church Oct. 23 at 8 p.m. amid the setting of palms, Oregon ferns, tree and three branch candelabra and altar bouquets of white fugi mums and gladioli.

The Rev. William Brink performed the double ring ceremony. The bride's parents are Mr. and Mrs. John Jousma, 114 East 38th St. and the groom is the son of Mrs. Glenn Mannes, 700 Columbia Ave., and the late Mr. Mannes.

The bride was escorted to the altar by her father as she wore a floor-length gown of bridal tulle featuring a moderately scooped neckline outlined with a Venice lace medallion embroidered in sequins. The bodice, cut on the empire line, was shirred to the center panel. The bouffant skirt had a carriage bustle with a dust ruffle forming the chapel train.

The bride's matching lace crown held an elbow-length veil of imported illusion. She carried a cascading bouquet of white fugi mums and Birds of Paradise.

A sister of the bride, Mrs. Minard De Vries, was the matron of honor who wore an empire gown of ballerina length. The tulle gown was done in opera green and her headpiece, fashioned like a bow, matched her dress. She carried a cascade bouquet of bronze fugi mums, wood roses and Birds of Paradise backed with oak leaves.

Oak leaves were also repeated on the ends of the pews with white satin bows and greens accenting the leaves.

Miss Phyllis Jousma and Miss Jean Mannes, sisters of the bride and groom, respectively, wore gowns identical to the matron of honors but done in crayon green. Their bouquets were done in tan shades of fugi mums, wood roses and Birds of Paradise.

Opera green was the shade of the dress worn by the flower girl Debra De Vries, the bride's niece. Her dress and headpiece were

styled similar to the other attendants. A nephew of the bride Jimmy Jousma was the ringbearer.

For her daughter's wedding Mrs. Jousma selected a green and brown brocade dress with brown accessories. She wore a corsage of cymbidium orchids. The groom's mother wore a champagne colored sheath dress of embossed silk. She had a corsage of cymbidium orchids and feathered beige fugi mums.

Norman Boeve was chosen by the groom to be the best man. He is a cousin of the groom. Edward Jousma and Charles Mannes, brothers of the bride and groom, respectively served as the ushers.

The organist Mr. Michael Potter played the traditional wedding music and accompanied the soloist Warren Plaggemars as he sang "I Love You Truly," "Together With Jesus" and "The Lord's Prayer" at the ceremony. He sang "Bless This House" at the reception.

The reception was held in the church basement for 180 invited guests. The master and mistress of ceremonies were Mr. and Mrs. Melvin Jousma brother and sister-in-law of the bride. Mr. and Mrs. Ronald Vanden Brink presided at the punch bowl and Mr. and Mrs. Vance Bouwman and Miss Connie Gesink and Paul Sterenberg were in charge of the gift room.

UNITED FUND

This is the week that we push it over the top. So when the worker calls it will speed up the drive and help all of us if you have your contribution ready. This year we are finding that with more people in the community the expenses for operation are higher.

We are trying out a new United Fund method of handling the large volume of work as well as new methods of records. All of these changes have been working out fine, so if everyone will lend their help the work can be made much easier.

Friday we listed the amounts that are needed and the agencies that will receive help from your gifts.

We have established an office in Civic Center. Volunteer workers who need information or anybody interested in the program should feel free to call the United Fund office at EX 4-962.

This year the industrial committee again is working through the various business firms getting pledges from the people at work. Jay H. Pettey is chairman of this committee. On request, he will arrange for a committee representative to explain the United Fund program among employee groups.

So feel free to contact the United Fund office if you need someone to assist you with your solicitation. Some of the larger cities have already gone over the top. We in Holland and the community can finish the job this week if every one will, as the people in this vicinity say, "We will make work of it."

Remember if you have not been contacted, please call the United Fund office. If you want to help, drop in with your contribution. They may have a job for you. You will at least be able to offer your assistance.

This is everyone's job. Thank you for reading.

Sunday School Lesson

Sunday, Nov. 8
Supreme Allegiance to God
Acts 5:27-42
By C. P. Dame

(Based on copyrighted outlines produced by the Division of Christian Education, National Council of the Churches of Christ in the U. S. A. and used by permission.) Jesus taught that to be His disciples it was necessary to deny ourselves and take up the cross. The New Testament tells us that in the early days of the Christian Church it cost much to be a Christian. We are living in times when most church members are strangers to self-sacrifice. This lesson is very good for modern, easy-going Christians.

I. It takes courage to witness for Jesus. The Jews were determined to destroy the early Christian Church, and therefore they arrested its leaders. Peter and John were arrested once and locked in jail and taken out again and brought before the Sanhedrin and told to stop preaching which they did not do.

They were arrested again, locked in jail, but they were delivered by an angel and told to speak to the people. On the next morning they were preaching again, arrested once again and brought before the council. The high priest told the apostles that although they had been charged not to teach "in this name" they were filling Jerusalem with their teaching.

Before this council Peter spoke the words, "We must obey God rather than men." The apostle said that they owed their supreme loyalty to God. Once again Peter was offered an opportunity to preach and he took it and spoke once more about the death and the resurrection of Jesus. Peter who once denied Jesus because of a remark made by a maid servant, now boldly charged his judges with murder—they had slain Jesus, but God had raised Him from the dead, and of this they were witnesses. The words of Peter angered the judges—"they were cut to the heart" and wanted to kill them.

II. Good counsel is valuable. In the Sanhedrin at that time there was a man named Gamaliel, who was held in high esteem for his learning and his character. He told the council to let the apostles alone saying that if this movement was from men it would come to naught, on the other hand if it was from God it could not be overthrown, adding the warning that by opposing it they might even be fighting God. The council heeded the advice of this wise and tolerant man. The apostles were called again before the council and ordered not to speak any more in the name of Jesus. Before they let them go they scourged them. These apostles were stripped, beaten with rods thirty-nine times and discharged.

III. Lovers of Christ are willing to suffer for Him. How did the apostles take this flogging? Did they complain about the price they had to pay for being Christian leaders? The words, "And they departed from the presence of the council, rejoicing that they were counted worthy to suffer shame for His name" reveal how they felt. These men deemed it a privilege, not a hardship, to suffer for the sake of their Lord. Perhaps they remembered the words of Jesus, "Blessed are those who are persecuted for righteousness' sake, for theirs is the kingdom of heaven" (Matthew 5:10).

People who live only for themselves are unhappy. A person must have something outside of himself to live and suffer for or some one of whom he thinks more than of himself. Church members who will do much for the sake of the name that is above every name live truly. Paul said, "We are fools for Christ's sake" but he was a joyful, triumphant fool.

The early church grew—there was a reason and it is told in the words, "To suffer shame for His name." They who are willing to bleed for the Lord will bless themselves and others too and glorify their Lord. A painless Christianity is useless.

The contest consists of a dramatic performance, a musical number and an oration.

Play coaches are Judy Tyse and Ruth Vander Meulen. In charge of the sophomore oration is senior, Mary Ann Klaaren.

Junior chairman Sharon Crossman is working with freshman chairman Judy De Ryke. Directing the Freshman song, "Kerry Dana" is junior Evelyn Hollander, assisted by Leona Jansen. The accompanist is Janet Hollander. The Freshman play will be coached by Ariene Cizek and Lynne Feltham.

New Members Welcomed At Tea for Literary Club

The newly decorated tea room of the Woman's Literary Club was the scene of a tea for 41 new members following a regular meeting of the club Tuesday afternoon.

The tea room which has been redecorated in new light colors has been a major accomplishment of the past season. Planters in which blooms and foliage can be easily replaced grace the entrance.

The membership tea, an annual custom, followed a delightful program of variety bits from musical comedy by Ann Varese, talented dramatist and musical comedy artist. Miss Varese's appearance was slightly delayed, due to a mix-up in time zones from Chicago to Holland.

Miss Varese traced the development of musical comedy, an American art form, from its start in the 1890's, the day of the Lillian Russell extravaganzas, to the present, devoting a good share of her program to highlights of "My Fair Lady."

Musical comedy history included the minstrel show, vaudeville, the Ziegfield era, comic opera and the truly significant works which posed new mileposts in the realm. These included "The Showboat" in 1927 in which music was integrated with plot for the first time; "Oklahoma" in the 1940's which set off a whole new concept of the musical; "South Pacific" in the late 40's which dignified the entire scene with Ezio Pinza from the Metropolitan Opera coming to Broadway, and "My Fair Lady" in 1953 which starred a leading man who "talked" his songs.

Miss Varese's musical numbers were done with accompaniment from a tape recorder with a foot control, something she flicked easily from plectrum to song. Her numbers included a soft shoe routine on George M. Cohan's "Fanny" with straw hat and cane, a "Mannie" Brice imitation of "My Man," "Cain't Help Loving That Man," from "Showboat," "Summertime" from George Gershwin's "Porgy and Bess," "You Can't Get a Man With a Gun" from Irving Berlin's "Annie Get Your Gun;" and several dramatic and musical presentations from "My Fair Lady" which included the candle and marble sequences and "I've Grown Accustomed to Her Face."

Mrs. Carl Harrington, club president, introduced the speaker and welcomed the new members. She also announced a meeting of the Public Affairs Group next Tuesday at 2 p.m. with Frank Meyer, administrative assistant to U.S. Rep. Gerald R. Ford, Jr., as speaker. All club members are in-

cluded. It was Philanthropy Day Tuesday and the offering taken for this program which involves Christmas gifts for elderly guests at the county home amounted to \$186.46.

New members honored at the tea were Mrs. John Yale Adams, Mrs. Jack M. Bell, Mrs. Harold Boles, Mrs. Philip Beebe, Mrs. William Brooker, Miss Lavina Cappon, Mrs. E. C. Unbeaten Dales Slam Dutch, 35-7

With thoughts of an unbeaten season slashed, Hope College's football team must now concentrate on its last two games and seek to duplicate its 1958 record after being toppled 35-7 by Hillsdale College before more than 6,000 fans Saturday afternoon in the mud at Riverview Park.

The Flying Dutchmen conclude MIAA play Saturday night at Olivet, and a victory will mean second place. A win over the Comets and a victory over Ohio Northern in the finale here, Nov. 14 will match last season's 8-1 record, the best mark in Hope's grid history.

Hope's loss to the Dales was the first suffered in Holland in 10 games and it was Hillsdale who stopped the Dutch, 7-6 here in 1957 for the last Hope home setback. The Dutch managed to score and that pushed the streak to 41 games that Hope has not been shutout.

The Dales followed the pattern they have used every game this season. That has been a low scoring first half, open up some in the third quarter while the Dales wear down the opposition and then apply the cruncher in the final period.

This pattern was evident in Hillsdale's victories this season over Albion and Alma, who also managed to stay with the Dales in the first half.

Recovered fumbles set up the first two Hillsdale touchdowns. The first came with 4:55 of the first quarter. Neil Thomas, sophomore tackle, recovered Paul Mack's fumble as he was about to pass on the Dales 38. It took Hillsdale six plays to score and freshman fullback Gary Everling, running off a single wing formation, slipped off the tackle for 46 yards. Bart Misziak converted the first of the five points after touchdown.

Prior to the fumble, Hope had penetrated to the Dales 21 on a pass interference. Later in the first quarter, Hope moved to the Dales 47 for the only two advancements into Dale territory in the first half. Hope netted 12 yards rushing in the first half and the Dales had 140. Hillsdale threatened two other times in the first half. End Jerry Taylor dropped a fourth down pass on the Hope 25 and after recovering a fumble on the Hope 31, the Dales drove to the Hope seven where they were held on fourth down as the half ended.

After Hillsdale drove to the Hope 14 early in the third quarter, the Dales failed to make a first down and Hope took over. But after a first down to the 24, Mack fumbled on a pass try on the Hope 28 and the Dales recovered.

Eight plays later the touchdown came on a two-yard pass play from sophomore Chuck Redding to Taylor with 1:35 to go in the period. This made the score 14-0 as the fourth quarter opened.

Jim (Jellybean) Reynolds intercepted a Mack pass at midfield and raced home for the third touchdown with the fourth period only 37 seconds old.

Soph. Fullback Bruce Anderson intercepted another Hope pass on the first play after the kickoff and was downed on the Hope 43. Two running plays put the ball on the 36 from where Redding on a bootleg, fired to end Bob Hankinson for the touchdown.

After Hope failed to gain the Dutch punted to the Dales. Following an offside penalty to the Dales' 41, freshman halfback Tom Ridley raced 59 yards around end for the final Hillsdale score with 9:21 left.

Hope took the kickoff and freshman Bob Teal returned to the 25. It took the Dutch eight plays to score and Jerry Hendrickson tallied on a 22-yard reverse with 3:18 left. Highlighting the drive was a 21-yard pass from Mack to end Ron Bronson. Bill Huibregtse converted.

The Dales picked up 274 yards rushing and Everling made 108 yards in 13 tries while sophomore Bill Knapp had 77 in 14 and Ridley had 64 in three carries. Hope picked up 87 yards on the ground and Duane Voskuil made 40 in 14; John Vandenberg, 41-7 and Hendrickson, 22-3. Mack completed six of 17 passes for 98 yards. Tackle George Peelen, bothered with the flu, received a blow on the head and saw little service while Co-apt. Bill Huibregtse received an ankle injury. Both are expected to play Saturday.

Hillsdale can pick up its sixth straight MIAA crown Saturday when they entertain Kalamazoo. The Dales have won four titles outright since 1954 and tied with Albion and Hope last season.

Officials: Bill Reamon, referee, Chuck Bolt, umpire, Danny Nameth, head linesman and Ken Schuman, field judge, all of Grand Rapids.

NOTES—The Hope band didn't perform at halftime because of the muddy field. They played several selections in the stands. The field was a sea of mud from between the 35-yard lines and after a couple of plays, numbers were not recognizable. Much of the play was in the muddy area and frequently players would go sliding for a couple of yards. George Peelen, Hope tackle, arrived at the game just before kick off. He had been taking pre-medical exams in Grand Rapids. The pressmen, who represented papers from throughout the state, were treated to a lunch provided by Hope College at halftime. The lunch consisted of ham and cheese sandwiches, potato chips, apple, cake and coffee. Jerry Kruijff, Hope public relations man, handled the food arrangements.

FENNVILLE (Special) — Fennville High's football team won its second straight Al-Van League championship here Friday night with a 44-13 trouncing of Lawrence in a drizzle at the Fennville Athletic Field.

It was the seventh straight victory for the Blackhawks this season, the 14th straight in two seasons and the 15th victory in a row. Fennville closes the season next Friday night at Grand Rapids Forest Hills.

The winners scored twice in each of the first three periods and once in the final quarter. Coach Tom Miller used his entire 36-man team, including 14 freshmen, in the game and all saw action in the first half.

After Lawrence failed to gain following the kickoff and punted to Fennville, Ted Strnad, who had best night if the season, completed a 65-yard pass to Dave Turner for a touchdown on the first play from scrimmage.

Joe Bedas, who ran only twice in the game, raced 65 yards later in the first quarter for the second touchdown. In the second quarter, Tom Gooding shot around left end for the third touchdown and

Mike Marfia knifed through the tackle from three yards out for the fourth touchdown. Ray Radloff converted after two of the scores and Fennville led 26-0 a halftime.

Rog Taiffany went around end for five yards in the third quarter for the next touchdown, which was set up on a recovered fumble on the Lawrence 30. Strnad then intercepted a pass and ran 45 yards to score.

In the fourth quarter on a spread formation with the tackle eligible, John Damaskas took the ball for 20 yards and a touchdown. Radloff missed the three conversion attempts in the second half.

The Blackhawks picked up 152 yards passing and 254 yards rushing for a total of 406 yards. Strnad made most of the passing yards. Children, Creative and Intelligent—There's a Difference

Differences between the highly creative and the highly intelligent in the so-called gifted children provided a most interesting talk by Dr. Philip Jackson, professor of Education at the University of Chicago, who addressed representatives of Hope College faculty and the three school systems in Holland Thursday night in Thomas Jefferson School.

Doing pure research in a group of 600 "bright" children 11 to 18 years, Dr. Jackson's research team found that the highly creative and the highly intelligent rate equally in achievement but differ in the way they differ.

Putting these children through exhaustive tests provided many interesting and wholly unexpected answers. Rated in 13 categories, up two from the original 11 by adding athletics and a sense of humor, the children reacted quite differently from previous stylized factual data on psychology.

For instance, the highly intelligent rated a sense of humor 11th in the list of 13 while the highly creative rated it second. This difference was brought out vividly in the story-from-a-picture tests in which the high IQ's wrote narrative little anecdotes with a beginning, a middle and an ending. But the highly creative made short shrift of the intellectual approach resorting to humor and bringing a belly laugh.

While humor is used more by the highly creative, it also can be used as a cloak to cover up thinking, the speaker pointed out. He said he had misgivings about IQ ratings given children. "However much she may try to avoid it, a teacher once she knows the IQ of a child can never quite regard that child in the same light as before," he said.

Dr. Jackson, in one part of the research, explained the five instruments used in cognitive intellectual abilities using word association, uses for things, fables with three endings, make-up problems and geometric forms.

He said teachers tend more to the high IQ's than the highly creative even though they try to be impartial. Most important of all, he said the highly intelligent children are not the prototype of the child with thick glasses who buries his nose in a book all day, nor are the highly creative children junior beatniks. They're healthy children and no different from the youngsters in your own neighborhoods, he said.

Thursday's meeting was the first of a series in connection with the Holland Youth Development Project. Purposes and objectives of this program were explained by Dr. Robert DeHaan of Hope College. He said the Holland program involves research in education in a limited way, with more emphasis on leadership among children. The local program is expected to continue two years in its study of leadership among Holland children.

Walter W. Scott, superintendent of Holland schools, presided and introduced key workers in Hope College, the public schools, the Christian schools and St. Francis de Sales School.

A near record of 7.81 inches of rain for a month was registered during October by Weather Observer William De Boer who succeeds Charles A. Steketee of Hope College as local weatherman.

Average temperature was 50.6, compared with 53.4 in 1958, 50.2 in 1957, 58.2 in 1956 and 55.6 in 1955. Average maximum was 58.9, compared with 65.5 in 1958, 60.5 in 1957, 70.1 in 1956 and 65.7 in 1955. Average minimum was 42.2, compared with 45.2 in 1958, 39.9 in 1957, 46.3 in 1956 and 45.5 in 1955.

Precipitation of 7.81 inches compared with 2.16 inches in 1958, 3.82 inches in 1957, 50 inches in 1956 and 4.50 inches in 1955. HOLLAND GUIDANCE CENTER — This clinic, located at 15th St. and Van Raalte Ave., is used extensively for interviews of trained workers and children who show signs of emotional disturbances. The building was made available

through a \$20,000 gift from Mrs. Kenneth Campbell. The program is operated by the Muskegon Area Child Guidance Clinic which is financed in part through the United Fund.

Holland Guidance Center Benefits From United Fund

Maynard H. VanLente, clinic director of the Muskegon Area Guidance Clinic, a participating agency of the Greater Holland United Fund, points out that there are a whole array of nervous symptoms which are indicative of emotional disturbances in children. Among these are fidgeting, blinking, nail biting, bed wetting and inability to concentrate.

Other symptoms include defiance, hostility, uncontrollability or running away from home. Others appear to be physical illnesses, but the physician can find no physical basis for the condition.

Treatment at the child guidance clinics consists of regular interviews with a trained worker over a period of several months. Both the child and at least one parent receives help from a specialist in this particular field.

Untreated, these conditions can result in the child growing up to spend time in a mental institution or even prison. Other less extreme results may be unhappy marriage or unsatisfactory work relationships. The cost of this psychiatric treatment service, although expensive, is in the long run far cheaper than the cost to the community of paying for care and treatment of adults who have been allowed to grow up as emotionally disturbed children. The support of the clinic is from local United Funds in the area served by the clinic plus state tax funds. The appropriation from the Holland United Fund for 1960 is \$3,774.

Normal or average are terms which are applied to many things — even people. At best these terms when applied to individuals allow for some variation and range of human behavior. It is when this rather broad definition of normal behavior is exceeded that concern for the well-being of the individual becomes important.

In 1958 the Guild Guidance Clinic served 205 Ottawa County children and held a total of 1,425 interviews with or about them. 104 of these children were from the Holland area.

Holland members of the guidance clinic board are Dr. V. L. Boersma, Gene Scholten, Donald Crawford and George Steininger.

Allegan City Tax Bill Hits Record High

ALLEGAN (Special) — Allegan city residents will receive the largest tax bill in the city's history this December.

The city council, at a special meeting last week, voted to spread the cost of a new drain on Cook Street in Allegan, over the whole city on the January tax bills and would cost taxpayers \$2.08 per thousand dollars assessed valuation.

This, added to an already record tax levy, will bring the tax bills for the year to \$34.96 per thousand dollars assessed valuation for city taxpayers. Holland city's total tax rate covering city, school and county amounts to \$48.49 according to City Assessor William Koop. There is some variation in school taxes in areas recently annexed to the city. City residents living in Allegan county pay \$1.82 more per thousand on county taxes than in Ottawa county.

Allegan Township will pay 13 per cent of the Cook Street drain cost and the New York Central Railroad, the Chesapeake and Ohio railroad, the State Highway Commission and the County Road Commission will also pay a percentage of the cost.

This leaves a levy of \$17,107.60 to be paid by city residents.

With the \$2.08 drain tax added to a county tax of \$7.75, \$1.84 for the court house sinking fund, the school operating tax of \$17.73, and the three school bond issues consisting of the No. 1 bond issue for the old grade schools of \$1.63, the No. 2 bond issue for the new high school at \$4.46 and the No. 3 bond issue for the new Dawson Elementary School and additions and repairs to the North Ward and junior high school, it brings the total tax levy, to be billed in December, to \$40.96 per thousand dollars of assessed valuation.

Add the city's \$14 Summer Tax and the total levy for the year is \$54.96 per thousand which is the highest tax bill in the history of the city.

Century Club Members Tour Fine Arts Workshop

Century Club members and guests enjoyed a different type of program Monday evening. Instead of a formal meeting the group toured the Ottawa Fine Arts Workshop, the studio-home of Mr. and Mrs. Harry Brorby.

The Workshop, just off Lakeshore Dr., is a home that has been in Mr. Brorby's family for 30 years, rebuilt to include a basement workshop and an upstairs studio complete with skylight. Antique and art object furnishings of different periods and countries, contribute to the art atmosphere.

Mr. Brorby's students were on hand Monday evening to help club members and guests interpret their work and to answer questions concerning the motivation of art students. Works were shown by students who had had but two lessons; others showed a wide range of advancement in the various media. Many were delighted because they were of familiar scenes in Saugatuck, Allegan, Grand Haven, Goshorn Lake and Port Sheldon. Equally interesting, but puzzling, were the several abstractions by Brorby and some of the advanced students. Mrs. Brorby showed exclusively a large collection of her animal paintings.

Of special interest was the etch-

ing studio in the basement where an actual demonstration was in progress. The intricacies of this process were pointed up by the impressive equipment needed to print the etched plates. This process recalled to members the talent of the late Holland resident John De Pree for this medium. Mr. Brorby has had particular success with etchings; his work "Cornfield" has been exhibited internationally and is now hung in the Museum of Modern Art in New York.

Another work of Brorby's which attracted considerable attention was a construction piece "Crucifixion" inspired by primitive artists, shown in diorama. Inspiration for this work was a piece from Brorby's collection of art: an altar by a New Mexico Santo painter folk art of the early 19th century.

Of particular interest also was a Japanese tapestry of batik cloth. An appealing antique was a metal horse, pony size, that in an earlier day marked the site of a blacksmith shop.

Arrangements for the evening were made by Dr. and Mrs. William G. Winter, Mr. and Mrs. Marvin C. Lindeman and Mr. and Mrs. Carl Harrington.

Webster B. Shippey

The Holland Rotary Club will be host Thursday to Webster B. Shippey, governor of the 629th district of Rotary International, who is making his annual official visit to each of the 43 Rotary Clubs in Northwest Michigan and Sault Ste. Marie, Ontario, Canada.

He will address the local club at the luncheon meeting at the Hotel Warm Friend and confer with president, Charles Cooper, and secretary, William H. Vande Water.

Mr. Shippey is a fruit grower in Antrim County and a member and past president of the Rotary Club of Elk Rapids. He has a background of distinguished community service. He was elected a district governor of Rotary International at the annual convention in New York in June.

Rotary objectives are the same wherever a club is organized. Mr. Cooper said, and they will be pointed out at the Thursday noon meeting by Mr. Shippey.

Grand Rapids Man Ticketed in Crash

Truman A. Hall, 58, of Grand Rapids was issued a ticket by Holland police for failure to yield the right of way, following an accident at 12:25 p.m. Saturday, in which the car he was driving collided with a car driven by Evelyn Root, 19, of 45 1/2 East Seventh St., at the intersection of Seventh St. and Columbia Ave.

Jake De Witt, 37, of Grand Rapids, a passenger in the Hall car, received a bruised right elbow in the crash, police said.

Damage to Hall's 1957 model car was estimated at \$400. The 1947 model Root car was damaged in excess of its value.
