usually looks like a good one when you buy it. That is a failing in the comb business, and it is the reason why so many people pay a good price for a poor comb.

We have recently bought a fine lot of combs that we are selling at fair prices, and, quality considered, they cannot be excelled.

CITY AND VICINITY.

Charles M. Edson, deputy oil inspector of the Kent county and Ionia district, was in the city yesterday.

Rev. Theodore Van der Ark, pastor at Boreulo, has accepted a call to the Commerce street Christian Reformed church, of Grand Rapids.

The Fadettes' Women's orchestra of Boston consists of 21 members. They will be at Winant's Chapel Tuesday evening, November 20.

The regular meeting of the Hope church Aid society will be held at the residence of Mrs. C. C. Wheeler, Wednesday afternoon, November 21 at 2 o'clock.

The fall meeting of the Michigan Schoolmasters' club will be held in An Arbor Friday and Saturday, Nov. 30 and Dec. 1.

The next meeting of the State Teachers' association will be held in Grand Rapids, December 26, 27, and 28. The railroads have granted a half-fare rate, tickets for the going trip to be sold on December 25 and for the returning trip not later than December 29.

Two car loads of rails to be used in the construction of the Grand Rapids and Holland electric road arrived in Grand Rapids Wednesday. Superintendent of construction Smart says that cars will be running over part of the road before the first of next year if the weather continues favorable.

The loss of the Wolverine Motor works from the list of Grand Rapids industries will be regretted, but there isn't a town in all America Grand Rapids would rather get the prize than Holland. With the building of the interurban line, Holland will be so close to town that it will be all the same thing anyway.—G. R. Herald.

The hunting party consisting of Millard Harrington, Capt. Austin Harrington, Albert Beckman and Jacob Fileman returned from the upper peninsula yesterday. They succeeded in capturing one deer and consider this a good showing as there are more hunters than deer in the northern woods this fall.

Zona Sherwin of the United States Navy, was in the city Tuesday the guest of his grandmother, Mrs. John Roost, Sr.. He just returned from an eight months cruise on the Buffalo which took him to China and the Philippines, and talk very interestingly of the strange sights and customs of those far away lands. His ship is now at the Brooklyn navy yard and he left for that city Tuesday night to report for duty. The Buffalo leaves shortly on a fifteen months' cruise to Chinese waters again.

Strains of music were heard on the streets last Tuesday night. Everyone listened for all thought the political campaign was over and they wondered why the band was out. Soon they saw a procession coming down Eighth street accompanied by the band. At the head of the procession was John Van Vyven seated in a wheelbarrow propelled by D. W. Ferguson. They were settling a campaign bet. Bryan lost and Mr. Ferguson had to wheel Mr. Van Vyven from Ferguson's liquor store on Eighth street down to the post office and back. He did the work well and will try to even up matters by betting the same way in 1904.

Attention.

McKinley-Smith Re publican Club.

A meeting of the McKinley-Smith republican club will be held at De Grandwet hall next Wednesday evening for the purpose of closing up the affairs of the club and attending to other business of importance. All members are urged to be present.

Dr. A. J. Fisher, formerly of Hamilton, has opened an office at 322 Maple street.

The electric road people are still at work at Coopersville and have a number of teams engaged in grading.

On account of the ratification demonstration Monday night the dancing school of Mrs. Stella Clarke was postponed until next Monday night.

The total registration of students in the University of Michigan on Wednesday evening, November 7, was 3,414 as against 3,240 for the same date last year.

The meeting of the Mission Study Union at which Dr. Dosker was to speak on "Willibrord, the Missionary to the Frisians," has been postponed, and will be held Monday, November 19, at 7 o'clock, in Hope church.

Fire was discovered Monday forenoon in the barn located on the lot of the tpb factory on North River street. The fire department succeeded in quenching the flames before serious damage was done. The origin of the fire is a mystery.

It is said that the captain of the Abyssinia, which came near going on the rocks at Eagle Harbor, greeted the life-savers when they reached his vessel after a hard struggle, with the question: "Is McKinley or Bryan elected?"

Prof. Henry Post, of Grand Rapids, met his pupils in music in this city last Friday. It was his first visit for this year but he will be here every week as heretofore. Mr. Post is the only one of the trio of Post-Campbell-Davis who will be here this winter as Messrs. Campbell and Davis will not organize a class in Holland.

A grand opportunity is given the music loving circle of Holland and surroundings. On November 20, Boston's best orchestra, composed of twenty-one artists, will appear in Winant's Chapel. Mrs. Caroline B. Nichols, the conductor, is a musician of sterling and recognized ability. She stands today as the only woman who has attained a high position of fame as an orchestral conductor. Reserved seat tickets on sale at Wm. Hardie.

The annual convention of the Allegan County Sunday school association was held in Allegan with a fair attendance. Officers were elected as follows: President, H. M. Goss, Plainwell; vice president, L. A. Spencer, Casco; secretary, Edward Hutchins, Fennville; treasurer, G. L. Hicks, Allegan; delegates to state Sunday school convention at Owosso, the Rev. William Lucan, Allegan, and W. S. Beard, Hopkins.

Chief Justice Montgomery of the Michigan supreme court has allowed a writ of error in the case of the Michigan Sugar company of Bay City against the auditor general to compel the allowance of the claim of the company for bounty earned under the beet sugar law. The state supreme court decided that the law was unconstitutional and the constitutionality of the act is now to be passed upon by the federal supreme court.

Just before Mayor Brusse made his introductory speech last Monday night an awning on the window of F. C. Hall's parlor caught fire and for a time it looked as though the fire department would have to be called out, but Mr. Hall pulled the canvas from its fastenings and stamped out the fire before any serious damage was done. The crowd applauded the presence of mind of Mr. Hall and in his speech Mr. Smith took occasion to refer to that gentleman's political standing. When he finished the crowd concluded that Mr. Hall was a democrat of the gold stripe and in all probability voted for McKinley.

A Great Sacrifice Sale of COMFORTERS!

This cold weather calls for comforters. We've got the largest stock of them in the city. Fact is, we've got too many--we are overstocked. But we are going to dispose of them and so down goes the price.

FRIDAY, November 16.

Lake and Marine.

Modern methods are gradually meeting and overcoming the dangers of the deep. Life saving has been reduced almost to a science, and battles with waves and breakers now usually result in victory for man. Another advance has just been made along this line which will doubtless save many more ship wrecked sailors. During the past week a lifeboat propelled by a twelve-horse power gas engine was tested in a raging gale at Marquette. The boat ran out into the open lake in the face of a wind blowing fifty miles an hour and was handled with entire success. It made six miles an hour against the fierce Lake Superior gale and accomplished feats that would have been impossible for a boat propelled with oars. A report of the test will be made to the government and it is believed that the adoption of the engine for general use in lifeboats will follow. The life boat problem has presented many difficulties to the government, most of which have been overcome by Yankee genius. The boats have been made practically unsinkable, but it has been more than man could do to force them through some of the seas they have encountered while on duty. The gas engine will do what man could not do, and will enlarge considerably the scope of the lifeboat's work. It will enable it to make quick time on long runs without exhausting its crew and it will leave all but one or two of those on board perfectly free to perform the hazardous work of rescuing persons who are in imminent danger. In fact, engine propelled boats may work a revolution in the life saving service.—G. R. Press.

A meeting of the Teacher's Reading Circle will be held in High School room at Pennville Saturday Nov. 17. Besides the consideration of the books that the members are reading, other topics of interest to teachers and parents will be discussed. Owing to the fact that many of the teachers in district No. 1 will not be in the district December 1st, the leaders of the Teachers Reading Circle in that district have decided to change the date of the Dorr meeting to November 24th.

Hamilton.

Winter seems to have set in for good in these parts, one blizzard after another. Ben Sears has moved to Holland and will work in the sugar factory. Peter Maas, our northside merchant is moving his goods to Holland where he has built a new store. We are sorry to have him leave. George Pickney is moving on the Taylor farm. He has rented it for three years. Mrs. M. Bradley is in Holland this week. Mrs. Wear and Hattie Sears was in Holland Saturday. Rev. Brownlow, of Saugatuck, preaches every Wednesday eve. at the M. E. church. Mr. Sprague has purchased a new organ and Mrs. Sprague is taking lessons of Hannah Gilles. The section men have discarded their badges. John Harvey has sold his residence to Christy Illig. We understand that Will and Hannah will occupy the house. Mr. Hoadley has purchased a new organ of Lyon & Healy of Chicago. It is a dandy and no mistake. Ben LaBarge is building a new barn on his farm south of town.

Filmore.

The snow storm of Tuesday was a great one for this time of the year. Many of our farmers attended and also took part in the celebrating of the republican victory. Last Tuesday was the sixty-first birthday of Mrs. W. Oonk and upon that occasion all the children gathered at the old home stead and enjoyed a pleasant time even if the storm was raging in a very fierce way.

West Olive.

Our Indian summer must have ended last week because a snow storm followed by a severe blizzard struck us. It now all depends on an "open winter" whether we can get our corn husked. Mrs. Abe Van Raalte is very sick this week. Mr. and Mrs. Schoultz are now living with Abe Boyer and family. The two comrades now have a good time talking over times when they were boys in blue serving Uncle Sam in the Civil War. Henry Garbrecht who has the typhoid fever is slowly recovering his health. W. J. Bryan's "sweet sixteen to one" in politics is not the kind that we want, so he had better not argue on it any more, as we young men understand our business when we register. Frank Peck returned Saturday from Lakeside, N. Y., where he has been working. Frank might have just as well staid here during the campaign and watched us fight for continued prosperity. But we won just the same. M. A. Taylor, our fruit tree agent, spent Sunday in Muskegon. While our teacher was engaged in punching the fire last Friday afternoon, she jarred the stove too much,

and of course the result was that the stove pipe came down with a loud crash filling the school house with smoke and soot. That was what ended school last week, but our teacher must hereafter be more careful and not be so rough with that big stove. People around here seem to have good luck this month hunting and trapping. Joe and Lewis Peck shot 17 rabbits and 4 skunks in one day and Wm. Marble has good success trapping for mink and muskrat along Pigeon river. Can they do better in this country? Jerome Marble took a load of grain to Holland Monday. Thanksgiving should be observed by us all around here that is if we can get turkeys and roosters without having somebody say we stole them. The war in the Philippines ought to be ended before next year as Brian is defeated. The Philippines are much like a postage stamp they must be licked before they stick. Dr. L. N. Tuttle of Holland was in our village last week. A quarterly meeting was held last Sunday night in the Congregational church at Robinson, which a number of our good people attended. Rev. Butcher is at present visiting in our neighborhood. He attended our Sunday school last Sunday. Another carload of straw was shipped from here last week. The rye business seems to be ended here for this year and so farmers have begun on steam wood again. The correspondent thinks that we may get a long cold winter this time on account of good crops this season. How many of the News readers will agree with him on this forecast? Industry is the mother of wealth.

Port Sheldon.

It begins to look like winter. The river is the highest it has been for a long time. The bridge is under water again. Chris Cook has been trying since last Friday to open the mouth but has not been able to do so yet. Mrs. J. Schroder has been sick in Holland but we are glad to hear she is getting better. Anna Schroder has also been on the sick list.

L. Kline is making improvements on his house. Mr. Avery is working there. Chris Cook has received letters from Ben and Mary Marsac. They use to live here and are now living at Honor, Mich. We understand they are doing well there. A. C. Munn and family are still here but expect to go back as soon as he can get his business straightened out.

We are glad to see and hear of the big change in Mr. Munn and hope that more will follow in his foot steps. Our postmaster has been keeping batch for a few days while his wife and son were in Holland.

Meeting is held by Rev. C. M. Dur-yea every other Sunday in the Smith school house. The next meeting will be held the 18th.

Mr. Johnson of the Lake shore has brought his boys down to start cutting wood.

Johnnie Van Draw has carried the mail from the postoffice for over a year, to about eight neighbors and has never missed a trip. He is about 10 years old. He is the boy that don't get tired of a job.

Aunt Maria Joscelyn, of Ventura and Mrs. Convis, of Henderson, Mich., and Mrs. Bart, formerly Rose Davis, of Montana, have been making Mr. and Mrs. H. J. Davis a visit.

East Holland.

The young people of this neighborhood have organized a singing school. They hold their meetings on Friday evening.

Derk Nies and family spent Monday in Holland.

O. Schaap and G. Kapenga are shipping sugar beets to Holland for B. Riksen.

Rev. Post of Lamont has accepted the call extended to him by the Christian Reformed church.

C. Zeerip is busy painting in Allendale.

S. and E. Baron have left for Berculo where they will cut stove wood during the winter.

Brave Explorers.

Like Stanley and Livingstone, found it harder to overcome Malaria, Fever and Ague and Typhoid disease germs than cannibals; but thousands have found that Electric Bitters is a wonderful cure for all malarial diseases. If you have chills with fever aches in back of neck and head, and tired, worn out feeling, a trial will convince you of their merit. W. A. Null of Webb, Ill., writes: "My children suffered for more than a year with chills and fever; then two bottles of Electric Bitters cured them." Only 50 cents. Try them. Guaranteed. Sold by Heber Walsh, Holland, and Van Bree & Son Zeeland.

Editor Sees Wonders.

Editor W. V. Barry of Lexington, Tenn., in exploring Mammoth Cave, contracted a severe case of Piles. His quick cure through using Bucklen's Arnica Salve convinced him it is another world's wonder. Cures Piles, Injuries, Inflammation, and all Hottish Eruptions. Only 25 cents at Heber Walsh, Holland, and Van Bree & Son Zeeland.

Full Price For The Empty Bottle.

If Cleveland's Lung Healer doesn't cure your cough, return the empty bottle and get all your money back. But it will cure you. It never fails. It has cured thousands of cases which other remedies failed to relieve in the slightest. Don't wait until the persistent cold or distressing cough develops into fatal consumption. We will give you a trial bottle of this wonderful remedy free. Large bottles 25 cents at Heber Walsh, druggist.

A BABY'S LONG RIDE.

Little Tot Travels from New York to Oklahoma Alone.

Helen M. Francis, Aged Three Years and Eight Months, Breaks the Record for Traveling Unattended—How It Was Done.

Assistant General Passenger Agent Palmer, of the Wabash road at Chicago, has received a telegram from Stroud, Okla., announcing that Helen M. Francis, three years and eight months old, had arrived safely at that point after having traveled from New York city without escort other than the trainmen to whose care she had been committed. Officers of the road say that, so far as they can learn, little Francis is the youngest child that has ever traveled alone by railway on a journey of such length.

The child was placed aboard a West Shore train in New York, tagged for Stroud. Conductors on every division along the West Shore, the Wabash and the Santa Fe were notified, and where change of cars was necessary passenger agents were instructed to take charge of her. From Buffalo to Chicago and from there to Kansas City the route was via the Wabash. From Kansas City to Stroud the youthful passenger was the guest of the Santa Fe.

The girl is the daughter of a railroad man with headquarters in New York. Her mother died recently and her father desired to send her to her grandmother.

The incident strongly illustrates the state of perfection that railroad transportation has reached.

Railroad officers say that they are not anxious to assume charge of children traveling without escort, but they never refuse to assume the responsibility when exigency requires.

GRAFTED EGG FILM.

Indianapolis Physicians Heal the Victim of an Explosion—Peculiar Phrase of Case.

The second successful operation of skin grafting by using the skin or inner film of newly laid eggs has been accomplished at the city hospital at Indianapolis by Dr. W. V. Morgan and other physicians of that institution. The subject is Scott Smith, a colored man.

A microscopic examination shows that the skin of the egg is now a part of Smith's body, but it remains white, while the other skin is black. The blood circulates through it as through other parts, but it is yet an open question whether the pigment which colors the negro's skin will enter the new skin and also color it.

Smith is in mortal terror for fear that feathers will grow out of his face and neck where the egg film was applied.

It is said that the only other successful operation of the kind ever performed was in a Brooklyn hospital.

THE NAVAL RESERVES.

Plans Made for Their Summer Work—To Be Taken for Cruise on the Prairie.

The programme for the summer's work of the naval reserves of the Atlantic states has been arranged by Lieut. Commander W. H. H. Southerland, who has charge of naval militia matters. It has been decided to again utilize the Prairie, which was used on this work last year, and which is engaged in transporting the government exhibit to the Paris exposition. Orders will be given the commanding officer of the ship to return to the New York navy yard by April 10 for fitting out for several months' cruising with the naval reserves. Two weeks will be the duration of the practice cruise for each command, and the summer's work will begin about April 23, when the Louisiana battalion will be taken on a trip in the gulf. Each state will be taken out in succession, and the dates of the various cruises will be within about ten days of last year's dates.

GOLD ORE IN ILLINOIS.

Two Farmers Near Red Bud Said to Have Discovered Paying Quartz.

Red Bud, Ill., was thrown into a state of excitement the other day when Raymond Mudd and James McNabb, two farmers living ten miles southwest of here, brought in samples of gold-bearing quartz from Camp's creek, where they had been prospecting for some time. An old prospector residing at Red Bud, whose field of operations has included the fields of New Mexico, Colorado and Arizona, pronounces the specimens as good gold-bearing quartz that would yield \$118 to the ton. Camp's creek is a part of the Ozark range and the formation is such that mineral was always supposed to abound there. Several years ago a party of prospectors found silver ore, but in such small quantities that it could not be mined profitably. Mudd and McNabb went to St. Louis to see if they could interest capitalists in their find.

Culture in Boston Kitchens.

According to the labor bulletins of Massachusetts, says the New York Press, Boston servant girls keep on their kitchen shelves volumes of Goethe, Schiller, Elliot, Dumas, Thackeray, Victor Hugo and Shakespeare. One can imagine tears for the sorrows of Werther and Charlotte splashing into the pansake batter and the sputtering scraggle forgotten for a comparative criticism of Mary Cowden Clarke. Beautiful idyl of home! Better a dinner of greens where erudition is than a stalled ox and no Chautauque course there with.

Dont skip a word or you may skip a dollar.

Gentlemen: some personal experience enables me to heartily recommend the use of Henry & Johnson's Arnica and Oil Liniment. For external application in cases of sprains and bruises it is unquestionably excellent. It takes hold and gives relief. This is not a guess, but a word of testimony.

EDWARD HAWES, D. D.

Dr. Hawes was for many years pastor of the First Church, Burlington, Vt. His testimony is the testimony of all who use the Arnica and Oil Liniment. It never fails to give satisfaction. Sold by all druggists at 25 and 50 cents a bottle.

Dr. J. Mastenbroek

A BOTANIC PHYSICIAN and Specialist of all Chronic and lingering diseases, female complaints and secret diseases presents his new system of medical treatment for the weak and those suffering from wasting diseases or inflammatory conditions of the heart, lungs, liver, stomach, kidneys, nervous system or any part of the body. The awful result of neglecting those complaints, and to have them arrested in due time is the great trouble, and they do not know how soon they may fall in a dangerous condition. But do not be like the hundreds of others who have neglected to heed the warnings and die in their prime as a consequence, but come to the doctor without delay and he will examine you free of charge. If the curable time is passed he will give you the best advice for treatment and relieve you from pain and distress as much as nature will allow. No Mercury or poisonous minerals given to his patients but the treatment is strictly botanical and satisfaction is guaranteed in all cases. Office hours from 8 a. m. to 6 p. m. at his residence, 308 Maple street Holland, Mich.

TO INSURE PURE BLOOD

Keep the Kidneys and Liver Healthy, Active and Vigorous by Using

DR. A. W. CHASE'S KIDNEY-LIVER PILLS.

Nature makes an extra effort in the spring to rid the blood of its impurities, and the filters of the blood—the kidneys and liver—are called upon to perform an enormous amount of labor.

As a result, they become tired and exhausted, and there are backaches, side-aches, headaches, and pains in the shoulders and limbs. Digestion is deranged, and the languid, exhausted feelings of spring cause misery to the body.

There is only one means of making the blood pure, and that is through the kidneys and liver—the filters of the blood. By acting directly on these delicate organs, Dr. Chase's Kidney-Liver Pills purify the blood as no other preparation was ever known to do.

Mr. Wm. L. Maurey, Scottsville, N. Y., writes: "Liver complaint and impure blood were the bane of my life for years."

My face was covered with pimples and blotches, and I could get nothing to help me until I tried Dr. A. W. Chase's Kidney-Liver Pills. My skin is now clear, and I consider these pills invaluable as a remedy for constipation, liver complaint and impure blood. As a kidney medicine they are par excellence, and I shall recommend them to my friends."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or by mail on receipt of price, by Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

TELLS OF WAR IN LUZON.

Gen. MacArthur Reviews Situation in the Philippines in Report to War Department.

GUERRILLA WAR CAUSES MOST TROUBLE

Speaks in Highest Terms of Service by Troops Amid Labors and Hardships—Says Filipinos Are Not Warlike or Feroocious—Self-Government Seems to Be Far Off.

Washington, Nov. 12.—Maj. Gen. Arthur MacArthur, commanding the army in the Philippines and military governor of the islands since May 5, 1900, has submitted his report to the war department. A considerable portion of the report relates to events which took place previous to the date when he assumed command, and he publishes some of the correspondence and proclamations of the Philippines obtained before that time. He refers to the change in Aguinaldo's plans in abandoning his army organization and starting a guerrilla warfare. The conditions of the country have afforded advantages for such a policy, he says, as they have enabled the insurgents to appear and disappear at their convenience. At one time they are soldiers, and immediately after are within the American lines in the attitude of peaceful natives. A widely scattered formation of Filipinos quickly followed the guerrilla warfare which led to a corresponding dissemination of American troops, there being 53 military stations in the archipelago November 1, 1899, and 413 stations September 1, 1900. This resulted in a large number of minor affairs, many of which did not assume the dignity of a regular combat, though the casualties between the dates stated were 288 Americans killed, 750 wounded and 55 captured; the Filipinos killed the same time being 1,227 killed, 694 wounded and 2,864 captured. Gen. MacArthur says the extensive distribution of troops has strained the soldiers of the army to the full limit of endurance. He says the apparent desultory work has demanded more of discipline, and as much of valor as was required during the period of regular operations against concentrated field forces of insurrectionists. Gen. MacArthur speaks in the highest terms of the service rendered by the troops amid all labors and hardships.

Filipinos Not a Warlike People.
"The Filipinos," says Gen. MacArthur, "are not a warlike or ferocious people. Left to themselves a large number of them would gladly accept American supremacy, which they are gradually coming to understand means individual liberty and absolute security in their lives and property. They have been maddened, however, during the past five years by rhetorical sophistry, and stimulants applied to national pride, until power of discrimination in matters of public concern or private interest has been almost entirely suspended. As a substitute for all other considerations the people seem to be actuated by the idea that in all doubtful matters of politics or war men are never nearer right than when going with their own kith and kin, regardless of consequences."

This condition, he says, has raised difficulties and obstructions in pacification. Gen. MacArthur quotes captured correspondence to show the efforts of the insurgent leaders to intimidate and control the people. He declares that the guerrilla bands could not exist except for the support they receive from the towns. He says that the education of the Filipinos will tend to secure their submission, but indicates that this will take a great deal of time and patience and an adequate force.

Regarding Government of Islands.
In closing his report, Gen. MacArthur, after speaking of the establishment of a republican form of government in the islands, says: "In the light of existing conditions it is difficult to realize that there is any possibility of such a future for the islands, especially so as at present, and for many years to come, the necessity of a large American military and naval force is too apparent to admit of discussion. On the other hand, however, there are many encouraging conditions to sustain such a conviction. For example, in the Philippines there is no dynasty to destroy; no organized system of feudal laws to eradicate; no principles inconsistent with republicanism, which had solidly insinuated themselves into the national life, to displace; no adverse aspects of nature to overcome. On the contrary, nature, which is exuberant, balm and generous, has nourished into existence several millions of sensitive and credulous people, without allegiance to any existing institutions, but animated by certain inchoate ideas and aspirations, which by some unfortunate perversion of thought they conceive to be threatened by America. These people, fortunate and intelligent, generous and flexible and probably will yield quickly and with absolute confidence to tuition and advice when thoroughly informed of American institutions and purposes."

BIG STEAMER SINKS.

City of Monticello Founders in the Bay of Fundy and Thirty-Two Lives Are Lost.

Halifax, Nov. 12.—The steamer City of Monticello, belonging to the Yarmouth Steamship company, has foundered in the Bay of Fundy with an appalling loss of life. Of the crew and passengers of the ill-fated steamship 33 persons are reported to have perished in the wreck. Some of the bodies have already been washed ashore. Capt. Harding, in command of the City of Monticello, was among those who succeeded in reaching the shore. Among those who perished, it is reported, were many women and children.

Death of R. G. Dun.
New York, Nov. 12.—Robert Graham Dun, head of the mercantile agency firm of R. G. Dun & Co., died in this city Saturday of cirrhosis of the liver, aged 74 years. He was a prominent figure in the business world for nearly half a century.

Washington, Nov. 14.—It is said on reliable authority that records have been found in Peking that prove conclusively that Chinese discovered America in 499 A.D.

THE INDIAN BUREAU.

Extracts from the Report of Commissioner Jones Contain Interesting Facts and Figures.

Washington, Nov. 12.—The total expenditure by the government on account of the Indian service from March 4, 1789, up to and including July 30, 1900, has been \$38,358,217, according to the annual report of Commissioner of Indian Affairs William A. Jones. The expenditures for the fiscal year ended last July amounted to \$10,175,107. Of this amount at least \$3,330,000 was devoted to the cause of Indian education.

Under the head of obstacles to self-support of the Indians the report deprecates the ration system, annuity payments and the leasing of allotments. The ration system, says the report, is the corollary of the reservation system. The Indian population of the United States is about 267,500, of which 45,270 receive a daily ration. The ration issued and its value vary according to the tribe. Nearly two-fifths of the number receiving rations belong to the great Sioux nation. The ration has been gradually reduced in the past few years in accordance with the policy of the Indian bureau. If the Indian's claim for full rations as a right is conceded, the commissioner predicts that the time when they will be self-supporting lies in the very distant future. If it comes at all. A number of the Indians also are assisted by occasional issues and at several agencies the old and indigent are provided for. These aggregate about 12,550. Altogether there are 57,570 Indians receiving subsistence in some degree, exclusive of Indian children in boarding schools. The commissioner urges that the indiscriminate issue of rations should stop at once. The old and helpless, he says, should be provided for, but rations should be issued to the able-bodied only, while those who have been educated in Indian schools should depend entirely on their own resources.

There are 25 Indian schools of all kinds conducted by the government, and an increase of 1,412 pupils in enrollment and 1,142 in average attendance shown over the previous year. About 8,000 of the 24,000 eligible school children are unprovided for. Compulsory education of the Indian children is strongly indorsed, and congress is urged to authorize the commissioner to place every one of school age in some school, the selection of the school to be left largely to educated Indian parents.

THE DEAD LETTER OFFICE.

Its Superintendent Makes an Interesting Report of Its Operations for the Year.

Washington, Nov. 14.—The annual report of the superintendent of the dead letter office shows the large increase of total receipts of undelivered mail matter over the previous year of nearly ten per cent. The number of pieces of matter received from all sources was 7,536,158, against 6,855,983 for the preceding year. Letters and parcels held for postage numbered 144,619, and the misdirected 422,793. Nearly 35,000 letters were received which bore no addresses whatever. The letters addressed to the guests of hotels and undelivered numbered 269,624. The total number of unclaimed parcels of all descriptions was 180,914. There were 660,461 pieces of mail matter addressed to foreign countries and returned from there as undeliverable. The number of letters and parcels opened was 6,676,003, an increase over the preceding year of 9 1/2 per cent. There were 50,553 letters containing an aggregate of \$44,140, and letters containing drafts, notes, money orders, etc., of the face value of \$1,136,645. Foreign letters and parcels found undeliverable and returned to countries of origin numbered 606,412.

SHORT OF MEN.

Rear Admiral Crowninshield in His Report Points Out Some of the Needs of the Navy.

Washington, Nov. 12.—The startling statement is made in the report of Rear Admiral Crowninshield, chief of the navigation bureau, that the present personnel of the navy would form barely one-fourth of the total establishment necessary to fight a first-class European power. It barely sufficed for the Spanish war, and no longer can be considered, the report says, as an effective nucleus about which a larger establishment could be formed in case of war. This need of the navy for officers and men is declared to be most urgent. The naval academy is said to be suffering for want of instructors, and the present high standard of training cannot be maintained. Every bureau in the department is short of officers, and the service, the report predicts, soon will fall behind in the struggle, first, for leadership, and then for equality with the other services. The report severely criticizes the ineffective effort of congress at the last session to meet immediate needs for officers by authorizing the employment of retired officers, and demands the immediate repeal of that act. It is recommended that for the next ten years appointments to the naval academy be doubled, the president and representatives in congress appointing two instead of one whenever authorized now, and in addition senators being given the same privilege of appointment as representatives. Then, to meet future needs, it is recommended that whenever congress authorizes an increase of vessels to the navy it also provide, in the same act, for an increase of officers and men to man the ships.

Swept by Fire.

New Orleans, Nov. 10.—Biloxi, Miss., situated on the Mississippi sound, 60 miles from New Orleans, was swept by a terrific fire which destroyed upwards of 100 buildings and rendered hundreds of people homeless. Biloxi is a town of 7,000 people and a well-known summer resort for Mississippians and Louisianians and a winter resort for northern people.

Washington, Nov. 13.—Secretary of War Root has abolished the military department of Porto Rico and ordered part of the troops home December 15.

That Cough Hangs On

You have used all sorts of cough remedies but it does not yield; it is too deep seated. It may wear itself out in time, but it is more liable to produce la grippe, pneumonia or a serious throat affection. You need something that will give you strength and build up the body.

SCOTT'S EMULSION

will do this when everything else fails. There is no doubt about it. It nourishes, strengthens, builds up and makes the body strong and healthy, not only to throw off this hard cough, but to fortify the system against further attacks. If you are run down or emaciated you should certainly take this nourishing food medicine.

Grand Demonstration. G. J. Diekema Honored.

G. J. Diekema, chairman of the republican state central committee, fresh from the field of politics, where he aided in achieving a glorious victory was honored by his townsmen at the ratification demonstration held last Monday evening.

Despite the inclement weather prevailing on the days immediately preceding the demonstration, and despite the fact that the streets along the line of march were covered with soft, sticky mud, an immense crowd turned out to take an active part in the evening's enjoyment.

In response to invitations sent out by Mayor William Brusse, chairman of the reception committee, the following guests from Grand Rapids arrived Monday afternoon: Congressman William Alden Smith, Chairman E. D. Conger and Secretary G. H. Albers of the congressional committee, A. Ed. Robinson, Chairman John McDonald of the first district representative committee, Representative-Elect David E. Burns, E. B. Bell and Martin Van Westendorp. Those from Ottawa county were County Chairman Peter Brusse, Collector of Customs, George A. Farr and Postmaster Fred Hutty of Grand Haven. Others present were Senator-Elect W. D. Kelly of Muskegon and Representative-Elect Theodore Wade of the second district of Allegan county.

They were met at the depot by Mr. Brusse and G. Van Schelven and escorted to Hotel Holland where they were entertained at supper by the reception committee consisting of Mayor Wm. Brusse, Dr. G. Kollen, president of Hope College, Postmaster G. Van Schelven, Hon. Isaac Cappon, P. H. McBride, prosecuting attorney, W. H. Beach, John Cappon and N. J. Whelan.

The festivities of the evening began at 7 o'clock and so well did the several committees in charge do their work that the entire program was carried out without a hitch. Promptly on time the procession started, headed by Ben Van Ramlte, marshal, and Abe Cappon, color bearer; both were mounted on spirited steeds and presented a dashing appearance. Next came the West Michigan band, the invited guests in carriages and a delegation of horsemen led by Al. Koppel, J. Lokker and Chris Lokker. Then came the torch light procession under the command of E. P. Stephan, chairman of the committee on parade and headed by John Cappon. The martial band and the East Holland band furnished music for this division and the rear ranks of the parade were guarded by an artillery squad commanded by Simon Roos.

It was a fine parade and met a welcome along every foot of the line of march. Even though some of the democrats pulled down their curtains and darkened their homes, the sight was a grand one. Many of the residences were brilliantly illuminated with rows of candles and Chinese lanterns. Decorated in bunting and pictures of McKinley, Roosevelt, Smith, Bliss and Diekema they presented a handsome appearance.

As the procession passed the residence of Mr. Diekema a display of fireworks was given and when the marchers swung down Eighth street the air was filled with colored lights from rockets and roman candles, while the squad of artillery with their outfit of a kettle and a number of giant firecrackers added to the din of the fog horns and the strains of the bands.

The procession was viewed by one of the largest crowds ever seen on the streets of Holland. It seemed as if every man woman and child took pleasure in sharing in the joy of victory and paying tribute to G. J. Diekema.

The guests of the evening and the reception committee viewed the parade from the reviewing stand as the marchers passed down Eighth street. Then the crowd gathered around the stand and demanded a speech. Music by the band, noise from the horns and campaign yells were given for fifteen minutes, then Mayor Brusse, presiding officer, called the crowd to order and introduced William Alden Smith who congratulated the people upon the republican victory. He thanked them for the cordial support given him for re-election and for their refusal to be swayed by false reports and slanders circulated during the campaign. He promised them he would be as loyal to the people of Holland City as they had been to him, and that the wish of his heart was to give Holland a harbor with 18 feet of water. He said the republican party must not become too zealous over the recent victory. Great questions are to be settled by the party and it must be cautious and prudent in dealing with them. The responsibility is so great that it will require a great amount of study to handle these great questions

successfully, and for the best interests of the people. He paid a magnificent compliment to the services of Mr. Diekema as chairman of the state central committee and his work on the stump in Grand Rapids during the campaign. The congressman was frequently applauded while addressing the crowd.

Mr. Diekema was introduced and as he stepped to the front was greeted with cheers. He congratulated his fellowtownsmen on the large republican majority given the national, state, congressional and county tickets in this city, and for the pleasing reception tendered to him on his return from the campaign headquarters in Detroit.

Secretary Alward responded to the invitation of Mayor Brusse to address the people and he, too, complimented Chairman Diekema on his work for the state committee. He said he was a good organizer, a resourceful and energetic chairman and kept in close touch with the political situation throughout the state at all times during the campaign. Mr. Alward congratulated the residents of Holland upon having such an honorable and valuable fellow townsman as the Hon. Gerrit J. Diekema. He said on the opening of the campaign reports reached the committee that there was defection in the party in western Michigan, that the Holland-Americans were going back on the republican party. He said Mr. Diekema assured the committee that he knew his people in western Michigan. He knew them to be patriotic and true to their own country, while in sympathy with those less fortunate. The result of the vote in this part of the state showed that he did know them, and the demonstration given in his honor showed that they also know him and appreciate his worth.

Short addresses were also made by E. D. Conger, Hon. Geo. A. Farr, Hon. W. D. Kelly, Hon. David E. Burns, Gerrit H. Albers and N. J. Whelan. The mass meeting broke up with three rousing cheers for the entire ticket. The demonstration was the greatest of a political nature ever seen in Holland. It was a fitting end to one of the most valiantly fought campaigns and as a tribute to the worth and services of Mr. Diekema was simply magnificent.

Our Guests.

The guests entertained by Holland last Monday night were among Michigan's most noted men. Every one of them has taken a conspicuous part in the campaign just closed.

Those elected to high offices are Congressman William Alden Smith, the best representative ever elected from the fifth congressional district; David E. Burns, representative elect to the state legislature, the man who gained a state reputation for honesty and firmness by his gallant stand for principle in the Wright pardon case; Hon. Wm. D. Kelly of Muskegon, senator-elect to the state legislature, now the dean of that body by reason of long service, and Representative-elect Theodore Wade, of the second district of Allegan.

Then there was Hon. Geo. A. Farr, of Grand Haven, collector of customs, one of the foremost campaign orators of Michigan; A. Ed. Robinson, assistant postmaster of Grand Rapids; Fred Hutty, postmaster of Grand Haven; John McDonald, E. B. Bell and Martin Westendorp, of Grand Rapids.

Resides Mr. Diekema those present who by their untiring efforts made the republican victory possible were Dennis E. Alward, secretary of the republican state central committee; E. D. Conger, chairman of the fifth district congressional committee; Gerrit H. Albers, secretary of the congressional committee; Peter Brusse, register of deeds elect of Ottawa County and secretary of the county committee. Never was a political campaign conducted by more able leaders.

Dennis E. Alward is undoubtedly one of the best campaign organizers in the country. He was ever at Mr. Diekema's right hand ready to assist carrying out every plan for the good of the party. He is noted for his close attention to details. Never overlooking the slightest matter of importance he was a tower of strength to the state central committee. Mr. Alward is a true hearted, gentleman, whole souled, genial and companionable. He made many friends while in this city and no political demonstration of a like nature which may occur in Holland in the future will be complete without his presence.

E. D. Conger, chairman of the fifth district congressional committee, was voted a "good fellow" by the people of Holland and he deserves the praise. No man did more than he to make the campaign in this district such a magnificent success. Think of it. Upon Mr. Smith the greatest fight was made but he passed all previous records and was elected by a majority of 6700. This was largely due not only to Mr. Conger's work as chair-

man but to the great influence of his paper, the Grand Rapids Herald.

The Herald did work second to none in the past campaign. Its editorials were crisp, clean, convincing, argumentative and to the point. Never fearing the unmerited abuse, false charges and nonsensical wallings of the organs of the opposing party the Herald persisted in the doctrine of cold logic and indisputable facts and won a signal triumph.

Enough cannot be said in praise of the Herald. It is one of the best papers in the state and that fact is recognized throughout Michigan.

Peter Brusse. Well, Holland has a claim on Peter. This city has always stood by him, always taken pride in supporting him. Now that he has been elected to the office of register of deeds for a third term the people of this section rejoice and they were glad to extend cordial greetings last Monday night.

Mr. Brusse bore the brunt of the fight in this county this fall. As secretary of the county committee his duties were many and varied. He had to look after the financial end of the business. He had to marshal the forces at his disposal for a vigorous onslaught upon the opposing forces. His advice was sought every day, every hour and every minute. He had to make the might of republican attack felt in every corner of the county. He had to assign speakers to the remotest parts. He had numberless responsibilities.

The large majorities in Ottawa county showed that he was equal to every emergency, that his work was well done. He deserves an abundance of praise and Holland gladly extends it.

It seemed like old times to see Gerrit H. Albers here. He was formerly a student of Hope College and numbers his friends by the score in this vicinity. He came fresh from his labors as secretary of the congressional committee and had a record of victories to point to.

He performed the duties of his position in a highly creditable and able manner the past campaign and was remarkably successful in the conduct of the affairs pertaining to his office. He also found time to take an active part in the campaign and did effective work on the stump. He is one of Grand Rapids most progressive young men and his political future is very promising.

Re-organization of Democracy.

Momentarily stunned by their defeat at the polls but still full of fight, the democratic party is now figuring on the work of re-organization. Numerous plans have been suggested.

Grand Haven, irrepressible as usual, is well to the front with ideas of her own. Instead of having the white winged dove of peace hovering over the party the Grand Haven leaders believe in the hammer and tongs style of persuasion as the following resolution passed at the closing meeting of the Bryan and McKnight club will show:

Resolved, That we denounce in unmeasured terms, Don M. Dickenson, Grover Cleveland, Wm. C. Whitely, Abram S. Hewitt, John G. Carlisle and their followers, all whom voted for Wm. McKinley, for having in the public press proposed to reorganize the seven million of loyal voters who voted for that greatest of all living champions of the people, Wm. Jennings Bryan, and further we denounce their proposition as the cheekiest proposition coming from supposed sane and sober men that has ever been recorded in ancient or modern history, and we denounce them as traitors and deserters of the party that has so greatly honored them in days gone by, and we now enter our solemn protest against their ever being allowed in Democratic councils again unless after years of sincere and honest repentance, and then only on probation.

Walter Phillips, President.
Geo. D. Sanford, Secretary.
Bryan & McKnight Club.

The above resolution in effect serves notice on every democrat in Ottawa county who has voted for McKinley in preference to populism, to keep out of the democratic ranks in the future. Many of them believe in the Cleveland and Carlisle style of democracy. When they found that democracy of this kind was supplanted by Bryanism, Altgeldism, Tillmanism and Crokerism they turned to the republican party and it is likely they will remain there, and that resolutions like the above will tend to strengthen their allegiance to their newly acquired political faith.

A despatch from St. Joseph says that two-thirds of the entire potato crop of Michigan has been ruined by the recent storms. The farmers will be the heaviest losers, but commission houses which bought vegetables before the crop was gathered lost light sums. It is estimated that the loss occasioned by the failure of the crop amounts to over \$500,000.

Senator Burrows Sends Greetings.

The following letter was received from Senator J. C. Burrows, by Mayor Wm. Brusse, chairman of the committee on reception of the Diekema demonstration in response to an invitation to attend the ratification meeting held in this city last Monday evening:

"Kalamazoo, Mich.—My Dear Sir:—I am in receipt of your message of this day extending to me an invitation to attend and participate in a demonstration and ratification meeting, to be held at Holland Monday night November 12th, in honor of our republican victory and in recognition of the services of our townsman, Chairman G. J. Diekema. Nothing would afford me greater gratification than to accept your kind and courteous invitation, but the pressure of important business forces me to forego the pleasure. I regret exceedingly I cannot be present, but I will join you in spirit in honoring your fellow townsman Mr. Diekema, the distinguished chairman of the State Central Committee, through whose patriotic efforts and steady devotion the party has achieved the greatest political victory in the history of the state. The head of the National ticket elected by a hundred thousand majority; the whole state ticket triumphant; a solid delegation to the next Congress; a legislature which will return Senator McMillan to his seat in the United States Senate, which he has filled with so much credit to himself and honor to the state these are some of the personal fruits of the campaign. But above and beyond that it places Michigan well to the front in the republican column, and we have the satisfaction of knowing that the republicans of our state, aided by our patriotic democratic fellow citizens, have done their share in perpetuating the era of prosperity and contributing to the future well being of the state and the glory of the republic.

I join in proposing the health of your distinguished fellow citizen, the Hon. Gerrit J. Diekema.

Most cordially yours,
J. C. BURROWS."

Another New Factory.

It wouldn't do to let too many months pass by without doing something for Holland's industrial development. It has been customary to secure one new factory at least every and it would not do to let politics or anything else interfere with that custom. So when it was brought to the attention of J. C. Post the president of the board of trade, that the managers of the Wolverine Motor Works of Grand Rapids were looking for a new location for their plant he immediately took steps to induce them to come to Holland.

The plant is now located on Huron street in Grand Rapids near the river, but there is inconvenience for launching the new boats in the river. The company's business is increasing so fast, and the size of the boats ordered is so much greater than it was formerly that the company decided to get a location where there is sufficient water upon which to float them away after they are completed.

Holland situated as it is on Black Lake possessed all the advantages lacking in Grand Rapids and the thoughts of the Wolverine people turned this way.

C. S. Snyder, of New York, treasurer of the company; Claude Stintz, secretary and Edward Clarke, foreman, visited this city and in company with J. C. Post viewed the different locations and discussed the desirability of different sites.

It did not take Mr. Post long to impress them that Holland was the place to come to. They finally decided upon location on the property fronting Black Lake, and adjoining Austin Harrington's coal and wood yard at the foot of Eighth street. Mr. Post leased this land to them for a term of years with an option of purchasing, and the deal was closed. The company will lose no time in moving to this city.

Regarding the removal Secretary Stintz says: "We will at once begin the erection of a boat house at Holland and will remove our works there as soon as it is completed, which will probably be in about six weeks. All the boats now in process of construction will be finished here, as will all of our present contracts for engine work. I presume that these will take about six months to finish. After that work in the local shop will be discontinued and the entire factory together with as many of our employees as will go, will be removed to the lake shore. Our removal is made necessary by the fact that we must have facilities for launching our boats, which we have not had here. We have received offers from Muskegon and Grand Haven but concluded to come to Holland."

The Wolverine Motor Works manufactures the celebrated Stintz Gas engines and is engaged in the business of building boats, launches, etc. It employs skilled labor and paying as it does, good wages will be a valuable addition to the industries of Holland. It is expected that after its removal here it will engage in business on a larger scale than heretofore and will employ 100 men.

The choir of the Third Reformed church called on their leader, Mr. John Vandersluis, last Friday night and were enjoyably entertained. A program of recitations and music was rendered and dainty refreshments were served. In behalf of the members of the choir Miss Hannah Te Roller presented Mr. and Mrs. Vandersluis with a beautiful Smyrna rug and two upholstered chairs.

A republican celebration reception was held last Friday night at the residence of Mr. and Mrs. M.J. Kinch. It would have been called a democratic celebration and would have been held at the residence of Mr. and Mrs. Frank Hadden if Bryan had been victorious instead of McKinley. So ran the terms of the agreement entered into between Mrs. Kinch and Mrs. Hadden. The party served an excellent purpose. It entirely obliterated political lines and was the means of burying party differences for four years at least. It was a delightful gathering and the republicans, democrats, prohibitionists and socialists (?) present voted it a success by a large majority. In fact the vote was unanimous.

The Rev. Peter Moerdyke, the former Grand Rapids Holland minister who is now pastor of a Chicago Reformed church of that denomination, is being talked of as a possible recipient of national honor in recognition of his American loyalty. It is reported that he may be tendered the appointment of American minister to the Netherlands. The Rev. Moerdyke took an active part in the last campaign in support of President McKinley. A prominent local Hollander is said to have been advised from a reliable source that the former Grand Rapids minister stands an excellent chance of being selected for that important mission.—G. R. Herald.

The amount of primary school money apportioned to the townships of Ottawa county and the number of school children in each is as follows, the basis being \$1.65 per capita: Allendale, 540 children, \$891.00; Blandon, 674 children, \$1112.10; Chester, 598 children, \$986.70; Crocker, 472 children, \$778.80; Georgetown, 672 children, \$1108.80; Grand Haven, 344 children, \$567.60; Grand Haven city, 1685 children, \$2780.25; Holland, 1294 children, \$2136.10; Holland City 2284 children, \$3768.60; Jamestown, 759 children, \$1252.35; Olive, 688 children, \$1135.20; Polkton, 745 children, \$1229.25; Robinson, 279 children, \$460.35; Spring Lake, 647 children, \$1067.55; Tallmadge, 373 children, \$615.45; Wright, 497 children, \$820.05; Zeeland 1185 children, \$1956.25. Judging from present indications the poultry show to be given in Holland December 18, 19, 20 and 21, will be a great success. Premiums to the amount of \$500 have already been pledged and fanciers from all the adjoining counties have signified their intention to attend the show. Judge Haley of Detroit will award the prizes and score the stock.

The cold weather of this week was unlooked for, but Jas. A. Brouwer is ready for it. He has one of the largest stock of comforters ever carried by a Holland dealer and is offering them for sale at greatly reduced prices. Tomorrow he will begin a great sacrifice sale and you can buy comforters for 63 cts. up to \$2.12. Call at his store on River street early and get first choice.

Capt. Chas. Morton, Superintendent of the Eleventh U. S. life saving district and Lieutenant Reynolds, district inspector, were in the city Thursday. They inspected the life saving station and examined the crew at the several drills and found everything pertaining to the service in first-class condition. Capt. Morton says that orders have been issued to all of the stations in the district, excepting those located at Ludington, Muskegon, Grand Haven, St. Joe, S. Chicago, Old Chicago and Milwaukee, to close on November 30th, at midnight. These stations will close the 5th of November.

The fire department was called out twice this morning, at 6 o'clock and 8 o'clock, to extinguish fires on the roof of the small house on West Eleventh street opposite Hope church, occupied by Geo. Clark and family. It was thought that the fire was completely extinguished at the first call, but the roof was double, making it impossible for the firemen to discover that the fire was still smoldering. Shortly after they returned to the engine houses the flames broke out afresh. They responded in time to save the walls, but pulled most of the roof off in order to entirely quench the blaze. The house is owned by Andrew Stekete. He purchased it about three weeks ago. The furniture was slightly damaged.

The semi annual apportionment of primary school money made by Auditor General Dix has been computed by Superintendent of Public Instruction Hammond. The rate per child of school age is \$1.65. Last May the rate was 50 cents per capita, thus making a rate of \$2.15 for the present year being the largest rate ever paid. There are a total of 712, 523 children of school age included in the apportionment, the total sum to be divided among the counties this month is \$1,175,662.95. Twenty-seven of the counties of the state will each receive from this fund more than they will pay the state in state taxes, while there are 51 counties to which the aggregate sum apportioned is about \$5,000 greater than the aggregate amount they will pay in state taxes this year. Ottawa county will receive \$22,565.40 and Allegan county \$19,928.70.

The work on the grading of the Grand Rapids-Holland electric road is progressing despite the inclement weather. Superintendent Smart who has charge of the construction was somewhat disappointed by the action of some of the owners of teams Wednesday and says that if it were not for their fear of the inclement weather the work would progress much more rapidly. Out of the fifteen teams hired by the company but four reported for work Wednesday morning. On the day following however the weather moderated and all but a few reported. In addition to the teams from this vicinity six teams have been secured from Detroit and Mr. Smart says more teams will be secured from that quarter if the local men do not report with their teams for work regardless of weather. Contractor Lloyd arrived in the city yesterday. He intends to rush the work and would like to hire as many teams as possible. Man with team will be paid \$3 per day. Man without team will be paid \$1.50 per day.

The Fadettes Women's orchestra, of Boston is at once the representative, unrivaled and unequalled organization of America's young women instrumentalists. Organized in 1888, an incorporated in 1895, they proudly point to eleven years of unqualified success. Their grand tours of the United States and Canada have met with such phenomenal success that they now need no special introduction to the music loving public. Commanding everywhere the highest commendation of the most capricious critics, as the "Women's Orchestra" par excellence, it is sufficient to say that with the same perfect ensemble, and the same corps of great instrumentalists.

HOW A WOMAN GOT
HER STRENGTH
BACK.

She Took Our Vinol with Good Results.

WE WANT EVERY ONE TO KNOW ABOUT IT.

READ WHAT WE HAVE TO SAY. COME AND SEE US.

We don't want any one in this city to drag themselves through life in pain and misery for the want of enough strength to feel well and happy. If you feel listless, without ambition and run down, it is a bad sign. You are running grave chances. You are in a condition to be attacked by most any disease. This feeling of debility is a symptom that your system is generally demoralized. You should take a tonic. You should take Vinol, which we know and will guarantee will restore your strength. Following is one case where it did this. Mrs. T. H. Boyle, of 56 Chestnut St., West Newton, Mass., says: "Last spring I used one bottle of Vinol. At that time I was all run down and sick. I find that it did me lots of good, and by its use my strength came back to me." Vinol is a delicious preparation, containing the active curative principles that are found in cod-liver oil, dissolved in a delicate table wine. Vinol acts directly on the stomach, aiding digestion and at the same time creating a healthy appetite. It gives strength and vigor to every organ of the body.

We endorse Vinol, and guarantee its action, and will gladly refund to any one who is not satisfied the money which they paid for it. Con De Pree.

As a woman has found their organization the best in the world, augmented by popular exhibits, they are enabled to charm, entertain and instruct their many patrons by all precedent or comparison, with programs of both classical and popular selections, most happily arranged. Miss Bertha Webb Soli Violini, who is already a great favorite with the musical public having toured the country with concert companies of highest merit, notably Jones famous concert band. An artist of real genius, a magnetic player of fire and brilliancy, she is a most valuable addition to this already splendid aggregation of musicians.

S. I. Kimball, general superintendent of the life-saving service, in his annual report to Secretary Gage, says that at the close of the fiscal year the establishment embraced 239 stations, 194 being on the Atlantic coast, 58 on the lakes, 16 on the Pacific and 41 on the coast of the Gulf of Mexico. The number of disasters to documented vessels within the field of operations of the service during the year was 361. There were on board those vessels 2,655 persons, of whom 2,607 were saved and 48 lost. Six hundred and seventy-three ships wrecked persons received succor at the stations, to whom 1,477 days relief in the aggregate was afforded. The estimated value of the vessels involved in disaster was \$6,127,500, and of their cargoes \$3,342,690 making a total value of property imperiled \$9,470,190. Of this amount \$7,234,690 was saved and \$2,235,500 lost. The number of vessels totally lost was 61. The crews saved and assisted to save, during the year, 371 vessels, valued with their cargoes at \$4,066,590 and rendered service of minor importance to 694 other vessels in distress, beside warning from danger 194 vessels. The cost of maintenance of the service was \$1,535,936 for the year.

TO ASK CONGRESS FOR AID

Irrigation Congress Will Urge Necessity of Appropriations for Two Projects.

ONE TO IRRIGATE MILK RIVER VALLEY.

The Other Is Furnishing a Big Reservoir Plant for the Pima and Maricopa Indians in Arizona—Congress Which Meets in Chicago Next Week to Discuss Projects.

Washington, Nov. 14.—Two important subjects to be discussed by the irrigation convention at Chicago next week and to be urged on congress this session for appropriation are projects for the irrigation of the arid lands of the Milk River valley in Montana and for furnishing a big reservoir plant for the Pima and Maricopa Indians in the Gila region in Arizona. The first project is calculated to cost about \$2,000,000 altogether. Already the sum of the Rockies adjacent to the Canadian border have been surveyed to ascertain the area tributary to this point of diversion of water. It is stated that probably half a million acres of the arid lands in the Milk River valley will be reached if the project is executed. It is proposed to build a canal beginning from St. Mary's river, carrying the water into the north, and subsequently the south forks of Milk river and out on the plains to the east. Among other things it is claimed that the building up of an agricultural country there will furnish feed to winter cattle, that now frequently die by the thousands in cold seasons. The national irrigation congress will likely ask an appropriation of about \$250,000 to begin the work.

In the Arizona project it is proposed to build, about 50 miles up the river beyond the present reservation, a reservoir costing in the neighborhood of \$1,500,000, which will supply not only these once prosperous but now distressed Indians, but as well a large area of public lands calculated to pay the cost of the entire project.

KRUGER AT SUEZ.

Dutch Cruiser Reaches That Port—Distinguished Passenger Remains Secluded.

Suez, Nov. 14.—The Dutch cruiser Gelderland, with ex-President Kruger on board, has arrived here. Mr. Kruger remains secluded in his cabin. His health is good.

Mr. Kruger received an ovation at the German port of Dar-es-Salaam.

German Financial Bill.

Berlin, Nov. 14.—Several of the evening papers announce that the German financial bill submitted to the federal council shows that to balance it the sum of 2,240,947,301 marks will be required. The bill empowers the imperial chancellor to raise a loan of 97,266,334 marks and to issue treasury bills to the amount of 175,000,000 marks to strengthen the ordinary working capital of the imperial treasury. A bill providing for a third supplementary credit on account of the China expedition will be submitted to the reichstag.

Porto Rican Attempts to Rob Mails.

Washington, Nov. 14.—The first infraction of the postal laws under the American regime in Porto Rico is reported in a cablegram to the post office department received from Inspector in Charge Leatherman, at San Juan, announcing the arrest of Antonio Quinones for assaulting Letter Carrier Jose Major with intent to rob. The assault occurred last Monday. The carrier probably will die and Quinones has been held under \$10,000 bond for the grand jury.

Torpedo Boat Goes Ashore.

Washington, Nov. 14.—The navy department has received a dispatch from Annapolis saying that the torpedo boat Stockton has gone ashore on Horn Point shoals. She struck at nine o'clock Tuesday night. There is small chance of getting her off until the wind changes. The Stockton is one of the new torpedo boats and was about to have her trial trip, the board of inspection being on her.

A SENSATION KILLED.

Treasury Officials Know Nothing of Alleged Findings of Dead Body at Barge Office in New York.

Washington, Nov. 14.—The treasury officials here have no information concerning the alleged discovery of a dead body at the barge office in New York. Assistant Secretary Taylor and Immigrant Commissioner Powderly are inclined to the opinion that the story printed Wednesday morning grew out of the disappearance in May last of an aged Italian named Isadore Termini, who came to this country to join his son who resides at Buffalo, N. Y. Termini disappeared from the barge office. An investigation, instituted by the department in conjunction with a search by the son, resulted in the discovery that a body supposed to be that of Termini had been buried on Staten Island. Mr. Taylor said the son seemed to be satisfied that the buried body was that of his father. The mystery, however, was never completely cleared up. The idea that a body has been recently found at the barge office is scouted by officials here.

MAYOR UNDER ARREST.

Dr. Flood, of Elmira, Charged with Forgery and Held to the Grand Jury.

Elmira, N. Y., Nov. 14.—Dr. Frank L. Flood, mayor of this city, has been placed under arrest by virtue of a warrant issued by Recorder Michael Danaher upon a complaint sworn to by Alderman Francis McCann. The warrant charges forgery in the first degree. The action was not surprising as it had been rumored ever since the arrest of Miss Catherine Lounie that she had in an affidavit implicated the mayor in her crime—that of offering for record forged deeds of property belonging to Miss Margaret G. Kennedy, of Binghamton. Miss Lounie, who is under sentence of four years and nine months to Auburn prison, was taken before the recorder and reiterated the statements that she had previously made in the affidavit which is in possession of District Attorney F. F. Aldrich. Upon waiving examination the mayor was held in bail in the sum of \$10,000 to await the action of the next grand jury.

SIGN AGREEMENT TO FIGHT.

Jeffries and Sharkey to Meet in the Ring Next May—Winner to Take All.

New York, Nov. 14.—A match was made in this city Wednesday between James J. Jeffries, the champion pugilist, and Tom Sharkey. The terms in the agreement are that the winner shall take the entire purse. The battle will be decided next May before the club offering the largest purse. If the battle takes place in Nevada it will be to a finish. Bids for the fight will remain open until January 5. Marquis of Queensbury rules will govern the contest and five-ounce gloves will be used. Each principal deposited \$2,500 to insure his appearance in the ring. The articles also contained the provision that should Jeffries make a match with either Bob Fitzsimmons or Gus Ruhlin, that battle would be decided before the present one. The same conditions prevail in regard to a match being made between Sharkey and Ruhlin.

TO BECOME DEMOCRATS.

Leaders in Silver Republican Party Will Decide to Abandon Party Organization.

Minneapolis, Minn., Nov. 14.—Prominent members of the silver republican national committee have been in conference here over the question of the party's future. Charles A. Towne, chairman of the committee; George H. Shibley, Illinois committee man, and E. S. Corser, of this city, treasurer of the committee, have been the conferees. It is understood that they have decided to issue an address in which they will express the belief that the time has come for the giving up of the party organization and the merging of its members into the democracy. All silver and Lincoln republicans will be urged to become democrats in good standing.

Law Was Inadequate.

Washington, Nov. 14.—Thomas P. Rixey, labor commissioner of Missouri, appeared before the industrial commission Wednesday. He gave a detailed account of the St. Louis street car strike of last summer and said the reason he had not invoked the state arbitration law for the settlement of the strike was that the law was inadequate. He advocated compulsory arbitration.

Will Face the Charges.

Colorado Springs, Col., Nov. 14.—Samuel Strong, a prominent Cripple Creek mining man, has arrived home from his European tour and announces his readiness to face the charges recently brought against him in connection with the destructive explosion which occurred at the Strong mine, in Victor, six years ago.

Insane Soldiers.

San Francisco, Nov. 14.—Thirteen insane soldiers from the Philippines who had been confined in the Presidio hospital have been sent to the government asylum at Washington, D. C. Ten more insane men will soon arrive here on the transport Logan.

Meet at Cincinnati.

Cincinnati, Nov. 14.—The sixth annual convention of the Ohio River Improvement association began Wednesday at the Grand hotel, and will continue through Thursday.

A MILLION FOR MISSIONS.

Methodist Episcopal Church Missionary Board Appropriates a Big Sum.

New York, Nov. 14.—The annual meeting of the general missionary committee of the Methodist Episcopal church, which is to continue for a week, began Wednesday at the St. Paul M. E. church in this city. The purpose of the meeting is for the appropriation of moneys for missionary work for the ensuing year and the apportionment of this appropriation at home and abroad.

Bishop Charles H. Fowler, of Buffalo, presided. The committee is composed of all the bishops in the country and the corresponding secretaries of all the missionary societies.

Among the bishops present were: Andrews, of New York city; Warren, of Cleveland; Ninde, of Michigan; Walden, of Cincinnati; Joyce, of Minneapolis; Goodsell, of Tennessee; and Cranston, of Portland, Ore. The meeting Wednesday was conducted by Dr. S. F. Upham, of the Drew theological seminary.

The committee appropriated \$1,200,000 for the fund for the foreign and home missions. A special committee will be appointed to devise ways and means to raise \$2,000,000 for missionary work, this sum to be known as the twentieth century offering. Bishop Thoburn, of India, will be the chairman of this committee.

GATHER AT DETROIT.

Members of the Army of the Tennessee Meet in Thirty-Second Annual Reunion.

Detroit, Mich., Nov. 14.—About 100 members of the Army of the Tennessee assembled here Wednesday for their thirty-second reunion, which will last until Thursday evening. The business sessions are being held in the Hotel Cadillac. At the first session the appointment of the usual committees was the only business transacted. It is probable that the committee on next place of meeting will recommend Vicksburg, Miss., for the next reunion.

Although annual elections are held, it is the custom for officers to hold office for life, and the present officers will be reelected Thursday.

Among the prominent members present are: Speaker Henderson, of the house of representatives; Gen. John C. Black, of Chicago; Gen. John W. Noble, of St. Louis; Col. Charles Parsons, of St. Louis; Gen. Grenville M. Dodge, of New York; Gen. A. Hickel, of Cincinnati.

WHAT CONGRESS WILL DO.

Army Reorganization and Reapportionment Bills to Pass and Probably Nicaragua Canal Measure.

Washington, Nov. 14.—Senators Platt, of New York; Fairbanks, of Indiana; Foraker, of Ohio, and Thurston, of Nebraska, were at the white house Wednesday. Senator Fairbanks said that in his judgment at the short session of congress an army reorganization bill and the reapportionment bill certainly would be passed and that the Nicaragua canal bill probably would pass.

Thomas Walsh, the western mining millionaire, called to pay his respects to the president.

Another Gift for Pittsburgh.

Pittsburgh, Pa., Nov. 14.—Andrew Carnegie, it is stated on unquestionable authority, has another surprise for Pittsburgh and in its accomplishment is willing, as usual, to spend several millions of dollars. His purpose is said to be the establishment of a polytechnic school for the instruction of practical mechanics and the industrial sciences. The amount of money which it is said will be spent by Mr. Carnegie in founding and endowing the school is \$3,000,000. Details of the proposition are expected to be made known Thursday.

Fire at Detroit.

Detroit, Mich., Nov. 14.—Fire which started in the engine room of the Detroit Bridge & Iron works early in the day did between \$65,000 and \$75,000 damage. Five hundred men are thrown out of employment. The loss is covered by insurance. Repairs will be begun immediately and the works started again as soon as possible.

Senate Committee to Meet.

Washington, Nov. 14.—Senator Platt, of Connecticut, chairman of the committee on relations with Cuba, has called a meeting of that committee for next Friday under the resolution of the last congress authorizing an investigation of affairs in Cuba in connection with the developments in the Neely case.

Official Vote of Delaware.

Wilmington, Del., Nov. 14.—The complete official vote of Delaware for president is: McKinley, 22,457; Bryan, 18,856. McKinley's plurality, 3,601. Four years ago the plurality for McKinley was 3,716. The prohibition ticket received 537 votes, and the social-democratic ticket 57. Total vote, 41,907.

Chooses Death Rather Than Arrest.

Victoria, B. C., Nov. 14.—Thomas Connell, who shot and killed W. A. Shanley at Esquimalt Monday evening, shot himself as an officer was about to arrest him. He fired three shots at the officer, but missed. He will die.

Theaters Win at Denver.

Denver, Col., Nov. 14.—In the cases began by Dean Hart to prevent Sunday theatrical performances, Police Judge Thomas decided in favor of the theaters, holding that the city ordinance on the subject is void.

Mrs. F. Andree, of 248 West Twelfth street says: "For a year or more I had a constant aching pain through my

loins in the side and also a soreness of the stomach. I could hardly stoop or lift anything without suffering severely. I did not rest comfortably at night and became so lame and weary from lying in one position that in the morning I arose feeling tired and unrefreshed. I was bothered a great deal with headaches, spells of dizziness, and the kidney secretions became affected, were irregular, too frequent and unnatural. I doctored a great deal and took many kinds of medicines but without getting better. I believe I would still be suffering if I had not heard about Doan's Kidney Pills and procured them from J. O. Deeburg's drug store. I felt better after taking a few doses and I continued their use until cured."

THE NATIONAL TREASURY.

Revenues of the Government the Past Fiscal Year the Largest in Its History.

ANNUAL REPORT OF TREASURER ROBERTS

Growth and Prosperity of the Country Reflected in Operations and Conditions of the Finances—Surplus Every Month But One—Interesting Facts and Figures.

Washington, Nov. 13.—The annual report of the treasurer of the United States, Ellis H. Roberts, on the operations and condition of the treasury, was submitted to Secretary Gage Monday. Mr. Roberts says the growth and prosperity of the country and the general activity of business are reflected in the transactions of his office.

The Revenues.

The net ordinary revenues of the government for the fiscal year were \$57,340,522, the largest in the history of the country, exceeding those of 1895, the next highest, by \$47,291,283. The increase of \$51,280,232 over the preceding year was contributed from all the general sources, but chiefly from customs and internal revenue. On the side of the expenditures there was a net decrease of \$17,353,383 in comparison with 1895, so that the deficiency of \$30,111,500 for that year was converted into a surplus of \$79,527,000 in 1900. The gross receipts under warrant, including those on account of the public debt, were \$1,387,299,282, and the disbursements \$1,185,943,472, a large increase on both sides over the previous year.

With the exception of July, 1899, when there was a deficiency of \$3,506,532, a surplus was realized for every month of the year, the one for June being the largest, at \$886,159. The largest receipts for a single day were \$1,199,513, February 25, 1900, and the largest expenditures \$4,300,000, July 3, 1900. The largest surplus on any one day was \$4,047,386, August 29, and the largest deficiency, \$2,318,621, July 5, 1899.

Work of Redemption.

Promptly on the enactment of the new financial law the divisions of issue and redemption therein provided for were established, and to them were transferred the records and accounts relating to the issue and redemption of United States notes, gold certificates, silver certificates and currency certificates.

From October 1, 1899, to October 1, 1900, \$22,530,554 in United States notes and \$3,694,708 in treasury notes were redeemed in gold out of the reserve fund of \$150,000,000. Each day the notes so redeemed were exchanged for gold from the general fund, so that the reserve was kept intact in amount and character. Besides this reserve fund, the trust funds, consisting of gold coin, silver dollars and bullion, and United States notes, amounted on the day the act became a law to \$723,052,283, and increased by November 1, 1900, to \$740,955,679.

Bond Purchases.

As the receipts of the treasury were greater than the needs of the government, measures were adopted by the secretary of the treasury for the purpose of restoring the surplus money to the general circulation, these measures including preparation of interest and an offer to purchase four and five per cent. bonds up to \$25,000,000, and notice that the \$25,364,500 then outstanding of the two per cent. loan of 1891 would be paid on presentation. Up to November 1 the redemptions under this notice were \$23,109,500, leaving \$2,255,000 outstanding. The bond purchases under the call for four and five per cent. amounted to \$19,300,650, with an additional \$2,573,502 for premiums.

The exchange of five per cent. the old four per cent. and the new three per cent. for two per cent. consols, under the provisions of the financial act, has proceeded steadily. The total amount of the exchangeable securities outstanding was \$239,146,340, and by June 30, \$307,125,450, or 35.6 per cent. of them had been converted into the new two. The premiums allowed under the provisions of the law amounted to \$30,773,552, and in the transactions \$30,404,850 was paid out of the treasury, after the adjustments of interest and some other accounts. The saving of interest effected by the operation is placed at \$42,592,771, and the net saving at \$3,604,317. On October 1, out of \$296,755,130 in bonds held by the treasurer as security for the circulating notes of national banks, \$263,075,000 were new two.

The Circulation.

The aggregate amount of money of all kinds in circulation on October 1, 1900, is estimated at \$2,113,284,383, an increase of \$150,174 in 15 months, of which \$94,449,590 was due to the enlarged use of gold and gold certificates. The increase per capita was from \$23.35 to \$27.01. The per capita of gold at the latter date was \$10.60, which is greater than that of all the currency in 1862, while the total of gold is greater than all the circulation at any time previous to July, 1878.

Work of the Counterfeiters.

During the fiscal year there were detected and destroyed at the offices of the treasury \$11,146 in counterfeit silver coins, notes and certificates, 3,277 five-cent pieces and 121,652 one-cent pieces. Comparison with the previous year shows no significant changes, excepting in the number of spurious minor coins in circulation, which are rapidly on the increase. Counterfeit gold coins are rare, only 13 having been presented at the treasury during the year.

Causes a Serious Hitch.

Des Moines, Ia., Nov. 14.—A literal construction of the language of the biennial election amendment to the constitution of Iowa, which seems to have been adopted by the people at the election November 6, will continue in office for another year every official whose successor was elected at that election. It will affect about 2,000 township, county and state officials. It will at least cut off one-half of the tenure of office of all these 2,000, for they cannot take their seats until 1902, if then.

Death of Henry Villard.

New York, Nov. 13.—Henry Villard, the great railroad magnate and financier, died at his summer home, Thorwood Park, near Dobbs' Ferry, aged 65. The main cause of death was apoplexy, from which he had been a sufferer for several weeks. A week ago he contracted a severe cold which hastened the end. He leaves a widow, two sons and one daughter.

Noted Mason Dead.

San Francisco, Nov. 14.—Thomas Hubbard Caswell, a pioneer of 1942, who was prominently identified with the early history of the state, and the most exalted mason in point of rank in the world, died at his residence in this city Tuesday.

Convicted.

Waterloo, Ia., Nov. 14.—Jerome W. Hoot was convicted here of attempting to kill his wife by sending her an infernal machine.

AGREE ON TERMS.

Conditions of the Preliminary Treaty Decided Upon by Foreign Envoys at Peking.

London, Nov. 13.—Dr. Morrison, writing to the Times from Peking Sunday, says: "Pressed by the common desire for a speedy termination of present conditions, the foreign envoys have finally agreed to the following terms, to be presented in a conjoint note, which, subject to the approval of the governments, will be pressed upon China as the basis of a preliminary treaty:

"China shall erect a monument to Baron Von Ketteler on the site where he was murdered, and send an imperial prince to Germany to convey an apology. She shall inflict the death penalty upon 11 princes and officials already named, and suspend provincial examinations for five years where the outrages occurred. In future all officials falling to prevent anti-foreign outrages within their jurisdiction shall be dismissed and punished. (This is a modification of Mr. Conger's proposal.)

"Indemnity shall be paid to the states, corporations and individuals. The taung-li-yamen shall be abolished, and its functions vested in a foreign minister. Rational intercourse shall be permitted with the emperor, as in civilized countries.

"The forts at Taku and the other forts on the coast of Chi Li shall be razed, and the importation of arms and war material prohibited. Permanent legation guards shall be maintained, and also guards of communication between Peking and the sea.

"Imperial proclamations shall be posted for two years throughout the empire suppressing Boxers.

"The indemnity is to include compensation for Chinese who suffered through being employed by foreigners, but not compensation for native Christians."

Washington, Nov. 14.—Dispatches say that China seems to be willing to accede to all the terms of the conjoint note now ready to be presented subject to the approval of the home governments, except the demand for the death penalty against princes and officials, which it is impossible to fulfill while the court is in the hands of these accused officials.

CHEERED ON HIS JOURNEY.

President McKinley's Trip from Canton to Washington Was One Continuous Ovation.

Washington, Nov. 8.—President McKinley's trip from Canton to the national capital was one continuous ovation to the twice-elected head of the nation. At every stop there were great outpourings of the people, business was suspended, and many factories along the line added their thousands of workers—men and women—to those who joined in enthusiastic greetings. The president appeared at each stop, shaking hands from the rear platform, and making short speeches at the most important towns. Mrs. McKinley received her share of the popular tribute, men and women struggling to present her with flowers. Patriotism, the flag and the volunteers' uniform figured everywhere, and the trip was in the nature of a triumphal journey to this city.

Lincoln, Neb., Nov. 9.—William J. Bryan forwarded the following telegram at noon Thursday to President McKinley:

"Hon. William McKinley, President of the United States: At the close of another presidential campaign it is my lot to congratulate you upon a second victory. (Signed) "W. J. BRYAN."

Washington, Nov. 10.—President McKinley yesterday answered Mr. Bryan's message of congratulation in the following dispatch:

"Executive Mansion, Washington, D. C., Nov. 9, 1900.—Hon. William J. Bryan, Lincoln, Neb.: I acknowledge with cordial thanks your message of congratulation and extend to you my good wishes. "WILLIAM McKINLEY."

WANTS ALL TO STAY.

President McKinley Will Not Make Changes in Cabinet If Present Advisers Will Remain.

Washington, Nov. 14.—President McKinley on Tuesday announced clearly and forcefully to the members of his cabinet his desire that they should all remain with him during the four years of his coming administration. His wishes were made known in an extended speech at the cabinet meeting in the white house. Responses were made by all of the members present, and, while there were no definite pledges from any of them that they would accept the portfolios thus tendered afresh, there was, on the other hand, no definite declination.

The meeting, which had developed into a real love feast, then returned to the more commonplace affairs of routine business and the discussion of the salient features of the president's coming message to congress after which the members left with renewed expressions of regard. The meeting stands as one of the most remarkable cabinet sessions on record.

Death of Marcus Daly.

New York, Nov. 13.—After an illness of two months, recovery being known from the first to be hopeless, Marcus Daly, of Anaconda, Mont., died in the Hotel Netherland, aged 60. Mr. Daly returned from Europe about the middle of September, and soon afterward was obliged to take to the bed, from which he never rose again. He leaves a widow, one son and three daughters and an immense fortune.

Huge Paper Mill Starts.

Bangor, Me., Nov. 12.—The plant of the Great Northern Paper company at Millinocket, the largest of its kind in the world, began operations Saturday. This plant has been in course of construction since April 1, 1899, and has cost about \$4,000,000. The main mill is 900 feet long and 400 feet wide. The plant will have a capacity of about 250 tons of white newspaper a day.

Sentenced to Die.

Harbor Improvements.

W. H. Beach, manager of the H. & C boat line, chairman of the board of harbor improvements, called a conference of several of the citizens of Holland who in the past have been identified with and interested in our harbor. The meeting was held Monday afternoon in G. J. Diekema's office. Mayor Brusse was called to the chair and G. Van Schelven was appointed secretary.

The present condition of the harbor and prospective legislation by Congress were reviewed. In accordance with the suggestion of Congressman Smith steps were taken to collect the necessary data to be laid before the house committee on rivers and harbors. This data will be used as a basis for appropriation at the coming session of Congress.

A committee to gather such data was appointed composed of G. Van Schelven, W. H. Beach, Wm. Brusse, E. T. Kanters, and C. J. DeRoo. The meeting was adjourned subject to the call of this committee.

Circuit Court.

HON. PHILIP PADORAM, CIRCUIT JUDGE.

Circuit court convened at two o'clock Monday afternoon. Jurors all present. Court calendar having been called last week on Monday, the call was omitted Monday afternoon, and the court promptly proceeded to business. In the matter of the People vs. John Nykerk upon information for violation of the liquor law, owing to circumstances favorable to the respondent which were stated by the prosecutor, the court imposed a nominal fine and costs, which was paid to the clerk. Fine \$10.00, costs \$4.60.

In the matter of the People vs. George Rankins, upon information for rape, the court appointed George A. Bear to assist Prosecutor McBride, who had asked that Mr. Farr be so appointed. Mr. Rankins' attorneys were Messrs. Gleason and Jas. Cilly. At 8:30 Tuesday morning court convened and a jury being secured the trial of the Rankins case was at once commenced.

Tuesday afternoon when court resumed, the Rankins case came to a sudden termination by the judge dismissing it. It understood that this action was taken because of the testimony of the complaining witness himself. The young defendant had a large number of witnesses to testify in his behalf and his acquittal greatly pleased them.

Edward C. Smith appeared before the court Tuesday afternoon and pleaded guilty to violation of the liquor law. He was fined, fine and costs amounting to \$38.75. Herman Bohm also pleaded guilty. His fine and costs amounted to \$36.40.

John Van Slooten of Holland was sent to the county jail for a term of ninety days for adultery.

Hope College News.

A mighty nimrod has been added to the faculty of Hope College.

At the annual meeting of the Hope College Co-operative Association the following officers were elected: President, N. E. Van Dam; vice president, J. Y. Brook; secretary, E. J. Strick. The business manager will be chosen in the near future. This office was held by J. Y. Brook during the past year.

The staff of the Anchor Association has voted the office of Editor-in-Chief to John Steunenberg. Mr. Steunenberg was elected to this office a little more than a year ago for the purpose of reviving the Anchor and he did it. Again the Anchor had displeased the association, again the responsible duty of lifting the Anchor from its fallen state has been entrusted to him. With this considerate man at the head of the staff a bright future may be anticipated for the college monthly.

This week being the week of prayer for Colleges, the Y. M. C. A. in co-operation with the Seminary is conducting a series of prayer meetings. The first meeting was held Sunday evening. The leader, Prof. Ladd, spoke on the subject "Search me, O God, and know my heart," Psalm 139: 23.

Following is a list of the leaders and of the subjects discussed during the week:

Monday—A. B. Van Zante, "I will arise and go to my Father."

Tuesday—Dr. Beardalee, "The one thing needful."

Wednesday—C. Kuyper, "Whatsoever he saith unto you do it."

Thursday—Prof. Bergen, "Come unto me."

Friday—Geo. Kortling, Consecration.

Holland Third City On West Shore.

The population of the city of Holland as officially announced yesterday is 7,790. This may seem a small number in view of the fact that some people have been claiming a population of 10,000, but when, compared to the population of our sister cities Holland has no grounds for complaint. It is the third city on the western shore of Michigan, Muskegon being the first with a population of 20,818; Manistee 2nd with 14,260.

It leads the following places: Benton Harbor, which has a population of 6,569; Grand Haven, 4,743; Ludington 7,166; St. Joseph, 5,155; South Haven, 4,009. Traverse City situated on Traverse Bay has a population of 9,407 and the village of Allegan 2,667. Ottawa County has 39,667 and Allegan County 39,812.

Grand Haven, through the instrumentality of its Board of Trade, has secured a manufacturing and labor employing institution. The contract was closed Tuesday for locating the Western Machine Tool Works of Grand Rapids in that city and in a few months the institution will be in operation. The Board of Trade agrees to construct a machine shop for the company. This shop is to be a brick building 50 feet in width, 100 feet in depth and 15 feet high, with concrete floor. The Board of Trade also agrees to loan the company \$1500 for a period of four years, interest at six per cent. Title to the property will remain with the Board of Trade until April 1, 1906, upon which date the property will be turned over to the company, if their part of the contract has been faithfully carried out. The company's line of work is the manufacturing of wood and iron working tools of various kinds. They expect to employ from 30 to 50 men in Grand Haven.

LIVES IN WIFE'S TOMB.

Brooklyn Man Who Had Resided with a Corpse for the Last Five Years.

In Evergreen cemetery in Brooklyn Jonathan Reed has lived for five years in the tomb where the body of his dead wife lies in a last sleep. Never for one day since his wife died in 1895 has he left the body alone, and when his time shall come there is a receptacle for his dead body close to that of his wife's, whom he loved so long and so well, says the Chicago Tribune.

Five years ago Reed looked on while the light went out of his wife's eyes. She was conscious to the last. As she lay with her dying eyes fixed on him he was moved to a solemn promise that so long as he lived he would keep watch over her form.

"Her answer was a faint, peaceful smile," said the husband, "and you will see that I have kept my promise."

To do so, Mr. Reed, who was a well to do drayman in the northern part of the state, sold his business. He had a tomb built of red granite and made comfortable for habitation of both the living and the dead. He gathered all his wife's trinkets together, and with them has adorned the walls of the strange home. Over the coffin of the dead woman he has draped a pall of bright colors, and when he wishes to look on the face of his dead he has only to pull it aside to see the features which are so slightly changed in all these years. He has no morbid fancies. He feels the companionship that he lost when she died, and for that reason he stays in the house of death. He holds that the only vital difference between himself and his wife is that he has the power of world communication. When that is gone he and she will be the same.

WHEN VISITING ABROAD.

People Likely to Be Interested in Things Pertaining to Their Own Business.

"It is perfectly natural," said one whose own business takes him about more or less, relates the New York Sun, "that a man should be interested, wherever he may be, in things pertaining to his own business. I know I am in mine; when I strike a strange place I like to go through the quarter where they carry on the business that I am engaged in and see how they run things in it there. But I have only met with two illustrations of this sort of thing that seemed to me to be rather curious as well as interesting.

"Talking with a New York paint manufacturer, about paint of a certain kind, the paint man said, incidentally, that he had seen paint of that color on walls in Pompeii. Oddly enough, the other curious illustration arose out of the same ancient city. A New Yorker engaged in the manufacture of lead pipe said incidentally to something that he was telling me about lead pipe that he had found in Pompeii lead pipe in fair condition. The pipe, while covered with an incrustation that had gathered upon it in the long time it had been buried, yet cutting with as bright and perfect a cleavage as though it had been made yesterday, instead of many centuries ago.

"These two things interested somewhat the paint man and the lead man, respectively, and they certainly interested me."

CLUB LIFE IN CHINA.

Nothing Comparable with It in Splendor in London or New York City.

Club life is not confined to civilized western countries. The rich Chinaman has had his club for centuries, and, as a rule, in the elegance and splendor of the internal decorations there is nothing comparable with it in London or New York, says the London Mail. Most of the larger Chinese cities, like Canton or Peking, contain a club for mandarins and rich men with pretensions to rank. Some have a political taint, some are merely social, but all have one peculiar feature. This is a room or oratory set strictly apart for religious exercises. In the oratory the image of a Chinese god is placed. From time to time members of the club enter the sanctuary to offer their devotions. Apparently it is no uncommon thing at the beginning or successful ending of a great enterprise—such as, say, the murder of an enemy or the consummation of a political conspiracy—to see a Chinaman hastening from the secular part of his club bearing a rich offering, or a prayer, for the god in the club sanctuary. He observes his devotions with a gravity that bears witness to his sincerity. Some devout Chinamen visit the god the moment they enter the club building, and again prostrate themselves the last thing before leaving. The club god is not usually a war divinity, but now, in the centers where the Boxers hold sway undisturbed, it is more than probable that the Boxer god has been placed in all the clubs.

HON. PHILIP PADORAM, CIRCUIT JUDGE.

Circuit court convened at two o'clock Monday afternoon. Jurors all present. Court calendar having been called last week on Monday, the call was omitted Monday afternoon, and the court promptly proceeded to business. In the matter of the People vs. John Nykerk upon information for violation of the liquor law, owing to circumstances favorable to the respondent which were stated by the prosecutor, the court imposed a nominal fine and costs, which was paid to the clerk. Fine \$10.00, costs \$4.60.

In the matter of the People vs. George Rankins, upon information for rape, the court appointed George A. Bear to assist Prosecutor McBride, who had asked that Mr. Farr be so appointed. Mr. Rankins' attorneys were Messrs. Gleason and Jas. Cilly. At 8:30 Tuesday morning court convened and a jury being secured the trial of the Rankins case was at once commenced.

Tuesday afternoon when court resumed, the Rankins case came to a sudden termination by the judge dismissing it. It understood that this action was taken because of the testimony of the complaining witness himself. The young defendant had a large number of witnesses to testify in his behalf and his acquittal greatly pleased them.

Edward C. Smith appeared before the court Tuesday afternoon and pleaded guilty to violation of the liquor law. He was fined, fine and costs amounting to \$38.75. Herman Bohm also pleaded guilty. His fine and costs amounted to \$36.40.

John Van Slooten of Holland was sent to the county jail for a term of ninety days for adultery.

Harbor Improvements.

W. H. Beach, manager of the H. & C boat line, chairman of the board of harbor improvements, called a conference of several of the citizens of Holland who in the past have been identified with and interested in our harbor. The meeting was held Monday afternoon in G. J. Diekema's office. Mayor Brusse was called to the chair and G. Van Schelven was appointed secretary.

The present condition of the harbor and prospective legislation by Congress were reviewed. In accordance with the suggestion of Congressman Smith steps were taken to collect the necessary data to be laid before the house committee on rivers and harbors. This data will be used as a basis for appropriation at the coming session of Congress.

A committee to gather such data was appointed composed of G. Van Schelven, W. H. Beach, Wm. Brusse, E. T. Kanters, and C. J. DeRoo. The meeting was adjourned subject to the call of this committee.
