FRIDAY, Nov. 15.

## OUR NEIGHBORS.

## West Olive

Several more of those storms like we had Monday may have something to do with an open winter.

The farmers are putting finishing touches on their corn crops, and then comes steam wind.

H. S. Goodman deserves the third place this week. He is improving the town by sliding up his house and we may next have the pleasure of observing another white residence soon. Abe Boyer, sr., is assisting as much as possible, and that is the way prosperity attends to her business.

Albert Friderich has a number of carpenters at work on his cottage near the river and he intends to have it completed before winter. A carload of lumber was received last week and then the work began. The size is 30x34.

It has been two years ago this month since the correspondent began to write to the News. During that period of time he defended the Bible and wrote in favor of prosperity. Then he said funny things in order to attract attention. In the future he has the desire to remain on the right side of everything.

Revs. Graham, of Grand Rapids, Holcomb, of Robinson and Rork of Agnew conducted a large quarterly meeting at the school house last Sunday. Thirty-six people partook of bread and wine. Plans for a church to be built next year were discussed.

H. H. Ingersoll was kicked on the head by a horse last week, but we are glad to see him around again.

Richard Yankey is back again from Grand Rapids and is at present working for Jas. White near Agnew.

Wm. Salwasser and family of Chicago are now living in their new house completed by A. Boyer, sr., Saturday. Adolph Hecker left Monday for Chicago on a visit.

John Leland returned Saturday from Holland where he served as carpenter.

Lyman E. Carrier has organized a singing school which meets Tuesday nights. It may help the church by cultivating our voices but an organ would be the best.

If the correspondent is unable to find work in Holland before winter he will be obliged to call on the women for the purpose of cleaning house.

## Filmore

Last Saturday morning the sad news came to us that our sister, Reka, Mrs. Jacob E. Pas, was in a very critical condition, and that if we wanted to see her alive we should make haste. We hitched the most faithful horse to take us to her home but we were too late. Death had claimed our sister before we arrived. Mrs. Pas went to bed as usual in good health Friday evening; but at midnight she was over taken by severe cramps. Dr. Kremers of Holland was sent for but medical aid brought no relief to the suffering woman. In the morning she gave birth to a dead child, and death soon followed.

The funeral took place last Tuesday at 1 o'clock at the residence and at 2 o'clock at the Ebenezer church, Dr. H. E. Doaker of Holland, and Rev. Post of Nykerk, officiating. Mrs. Pas was the youngest daughter of Mr. and Mrs. Hendrik Boeve. She leaves a husband and two small children and a large number of relatives to mourn her death. The deceased was 34 years of age and was loved and admired by all.

## Astounding Discovery

From Coopersville, Mich., comes word of a wonderful discovery of a pleasant tasting liquid that when used before retiring by any one troubled with a bad cough always ensures a good night's rest. It's an unrivaled life-saver when used for desperate lung diseases. Guaranteed bottles 50 cents and \$1.00 at Heber Walsh. Trial bottles free.

## Spreads Like Wildfire

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years." You know why? Most diseases begin in disorders of the stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, rundown man or woman. Price 50 cents. Sold by Heber Walsh, druggist.

London, Nov. 13.—The gale which has been sweeping over Great Britain and Ireland for the past two days continues unabated. Over the Welsh lowlands the torrential rains are increasing, causing disastrous floods. Reports of wrecks and casualties continue to flow in. The death list, made up of three and four, has an aggregate approaching 100. The mail boat Nord, from Dover for Calais, which Tuesday night ran down the lights of the works of the new Dover pier, has succeeded in returning to Dover. The mails and passengers are safe. The crew of the lightship was also landed Wednesday morning after passing a terrible night at sea in a small boat.

The British steamer Stelvec has been beached at Dover. She is high and dry across the parade.

Early Wednesday a French bark struck off Hendon, south of Sunderland. Nineteen of the crew were drowned.

Numerous other wrecks have been reported, but the weather, in most cases, prevents the identification of the craft. Two vessels in distress were sighted Tuesday evening off Dungeness, but the weather was so severe that the lifeboat was unable to put out to their assistance. Wednesday morning one of them sank. The other, a steamer, reached West Bay, where a tug is now standing by her.

The revenue cutter Active has been wrecked in the Firth of Forth. Twenty-three of her crew were drowned and three were saved.

## WANTS INVESTIGATION.

Gen. Lew Wallace Places Conditions on Becoming a Member of Army of Tennessee.

Indianapolis, Ind., Nov. 13.—The chief incident in the meeting of the Army of the Tennessee, which opened here Wednesday in the club-room at the Denison hotel, was the reading and discussion of a letter written by Gen. Lew Wallace, of Crawfordsville. The letter was read by Gen. Hickenlooper, corresponding secretary of the society, and was an acknowledgment of the courtesy and kindness of the society in inviting Gen. Wallace to become a member. Gen. Wallace set out that he had been a member of the society and had severed his membership after the first three or four meetings for the reason that he found in the society at that time many who were unfriendly to him because of the discussion that grew out of the battle at Shiloh. Gen. Wallace said he would become a member if the society would do him justice by appointing a commission to review and report upon his conduct on the occasion of his march from Crump's Landing to Pittsburg Landing. He offered to pay all expenses connected with the investigation.

## Lunch with the President.

Washington, Nov. 13.—Senator Spooner, of Wisconsin, and Senator Bailey, of Texas, saw the president Wednesday and the former, together with ex-Senator Donald Cameron, of Pennsylvania, took luncheon at the white house. Bates, commanding the department of the Missouri, will for the present assume command of the department of the Colorado, to be relieved later by Gen. ## Visit Kansas Prisons.

Kansas City, Mo., Nov. 13.—This was the last day of the annual convention of the national prison congress, and the day was spent principally in visiting the Kansas state penitentiary at Lansing and at the Fort Leavenworth military prison, three miles beyond Leavenworth. Prof. C. R. Henderson, of Chicago, was elected president and Philadelphia selected as next year's convention city.

## Found Dead.

Philadelphia, Nov. 13.—The body of a man supposed to be Herbert Ellwanger, of Cleveland, was found in Fairmount park Wednesday. He had evidently committed suicide, as there was a bullet wound in the head and a pistol lying beside the body. A card bearing the address "Herbert Ellwanger, Cleveland, O.," was found in the pockets.

## Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

## SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME &amp; SODA

will generally correct this difficulty.

If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.

## ALABAMA VOTES.

New Constitution Practically Disfranchising Negroes in Ratified by Big Majority.

Montgomery, Ala., Nov. 12.—Alabama voted yesterday on ratifying the new constitution, the principal feature of which is the practical disfranchisement of negroes, while allowing all whites to vote. The majority in favor will be over 27,000. (The new constitution for the state of Alabama was framed primarily to improve the character of the suffrage. It provides educational or property qualifications for those who were not soldiers or descendants of soldiers, and contains a good character clause. The new instrument provides for a lieutenant governor, governor and state officials with four-year terms; provides for quadrennial instead of biennial sessions of the legislature; reduces the limit of taxation to 65 per cent; insures a fixed appropriation for the public schools and prohibits judges and members of the legislature from acquiring free railroad passes and prohibits lobbying. It also provides a penalty for persons who sell or buy votes.)

## INSURGENT PLOT FOILED.

Conspiracy to Murder an American Garrison at Moncada Revealed by a Woman.

## OFFICIALS IMPLICATED IN THE SCHEME.

War Department Issues Orders for Transferring Troops To and From the Philippines—Manila Depository Recommended—Insurgents in Starving Condition.

Manila, Nov. 8.—A plot to massacre the American garrison at Moncada, province of Tarlac, island of Luzon, has been revealed by the wife of one of the conspirators. Several of the town officials are implicated in the murderous scheme. The woman who revealed the plot hid a detective beneath a house in which the leaders of the conspiracy were meeting. Arrests followed and many incriminating papers were seized. The plan was to set fire to a house close to the barracks after dark, and when the soldiers came out to assist in extinguishing the flames 150 conspirators armed with bolos were to rush on the guard, capture their arms and proceed to massacre the garrison.

## Movement of Troops.

Washington, Nov. 8.—The orders of the war department for transferring troops from the United States to the Philippines and from the Philippines to the United States are published. The second squadron of the Eleventh cavalry will sail from New York about December 1. Two battalions of the Twenty-eighth infantry will sail from San Francisco about November 15 and the other battalion will sail about December 1. The order also directs that the Fourth, Serenententh, Twentieth and Twenty-second regiments of infantry, now in the Philippines, shall sail for the United States as soon as transports are available.

## Favors a Depository.

He says that the pacification of the Philippines is making good headway. Reports from Cuba and Porto Rico indicate a settled condition in those islands. The report says about 25 per cent. of the animals purchased for the Philippines went blind owing to the tropical climate.

## In Bad Shape.

## DISLIKES PENSION LAW.

Commissioner Evans Discusses Faults of the Present System in His Annual Report.

## SAYS ACT OPENS THE WAY TO FRAUD.

Interesting Features Connected with the Filing of Claims for Pensions—Holds Bureau Powerless to Resist Illegal Claims of Widows—Some Startling Disclosures Made.

Washington, Nov. 7.—In his annual report Commissioner of Pensions Evans discusses at length the faults of the present system of pensions and the difficulties in the way of determining the merits of claims for pensions and increase.

The report presents a number of interesting features connected with the filing of claims for pensions on account of the war with Spain and the insurrection in the Philippine islands. It is shown that the soldiers of these wars enjoy much greater benefits than were accorded to the soldiers of the civil war. In 1895 the minimum pension was established at \$6 per month. Nearly 100,000 soldiers of the civil war received from \$1 to \$4 per month from 1865 to 1895, and a disability from a loss of arm or leg, which now entitles a soldier to \$45 per month, gave him only \$8 per month in 1865.

## Many Ask Pensions.

While the civil war lasted for four years and the casualties were enormous, and the Spanish-American war lasted only about four months, with comparative few casualties, it is shown that three years after the close of the Spanish-American war, claims to pensions amounting to about 20 per cent. of the number of soldiers engaged in that war had been filed, while in 1872, or seven years after the close of the civil war only about six per cent. of the soldiers engaged in that war had filed claims.

The commissioner says that he is not prepared to believe that those who engaged in the war with Spain, many of them sons of veterans of the civil war, were less patriotic than their ancestors or more covetous, but in his opinion it is the fault of the system of pensioning, with its active army of attorneys, solicitors, and drummers, who are practically licensed by the government with the promise of \$25 for each claim allowed.

## Friction Over Law.

Attention is directed to the friction and unkind feeling that attends the administration of the act of August 7, 1882, which provides that the open wrong-doing of a widow pensioner shall terminate her pension. The absence of such a law, it is stated, would encourage and permit such pensioners to dishonor the memory of their soldier husbands, while still enjoying the bounty of the government, and, on the other hand, the widow who respects the law and marries loses her pension.

The commissioner says that while the law is a most delicate and difficult one to administer, yet he cannot recommend its repeal.

## Startling Disclosures.

In January, 1900, a rule was adopted requiring guardians of pensioners to render to the bureau annual accounts. The rule was followed by disclosures which in some instances were of a startling nature. Guardians were found to be drawing pensions long after the death of their wards. Many cases were found where insane pensioners had been placed in asylums and other public institutions as indigent persons, while the guardians had drawn the pensions during the whole period.

## Acquitted.

Omaha, Neb., Nov. 9.—The jury in the case of James Callahan brought in a verdict finding the defendant not guilty and the prisoner was discharged. This is the last echo in the Cudahy kidnaping, and this is practically the second time Callahan has been acquitted of the kidnaping charge. The judge discharged the prisoner.

## Rural Free Delivery.

Washington, Nov. 8.—The statistics of the growth of rural free delivery service show that on December 2 next there will be 6,000 carriers throughout the country, traveling a total mileage approximating 147,220 miles daily, or 24 1/2 miles each on an average. There have been 12,000 applications for routes, or twice the number of routes.

## Given a Life Term.

Wausau, Wis., Nov. 12.—Frank Schwantes, accused of murdering the Klokow couple and burning their home and bodies, was on Monday given a life sentence in the state prison at Wausau. The prisoner broke down and the women spectators became hysterical when the sentence was read.

New York, Nov. 12.—Peter Gilsey, the eldest of the wealthy Gilsey family, of this city, is dead. He was walking on the street when a blood vessel burst and he lived but a few minutes. He was 87 years of age.

Graham & Morton Company Will Build New Side Wheel Steamer

President J. H. Graham of the Graham & Morton Transportation company announced at St. Joseph Monday that it was the intention of his company to build a new side wheel passenger steamer as soon as shipyard quarters can be had. The plans, which are on file in the main office, call for the largest side wheeler on the great lakes. Her length over all will be 315 feet and the estimated cost is \$300,000. She will have a steel hull and will be licensed to carry 3,500 passengers at a guaranteed speed of twenty-two miles an hour. Because of the additional increase in the passenger business between Chicago, St. Joe and Holland. President Graham says trade necessitates adding another steamer to the fleet.

The new steamer will be a floating palace, and owing to her speed will become the queen of the great lakes. The contract will be let early in the spring. The steamer will go into commission May 1, 1902.

The business men of St. Joseph will make a strong effort to have the new steamer christened City of St. Joseph. The boat will operate between Chicago and St. Joseph, not stopping at Benton Harbor, as the canal is too narrow to allow her to enter.

Juror Frank Jasper Missing

Frank Jasper, juror from Allendale at the present term of court, disappeared from Grand Haven about 10 o'clock Thursday forenoon of last week and the mystery surrounding his disappearance is complete and profound. Searching parties have scoured every inch of land surrounding Grand Haven, and the empty cottages in Highland Park have been searched, but no clue to the whereabouts of Jasper has been discovered.

Several theories are advanced. The missing man had about \$20 on his person and it is feared he might have been robbed and murdered by some thug who thought he had a larger sum. It is feared that he may have committed suicide while temporarily insane as he was in a feverish condition when he left the court room and his mind may have become deranged. Again he may have accidentally fallen off the Grand Haven dock. Sheriff Dykhuys has headed different searching parties all week, many friends of the deceased from Allendale assisting. He offers a reward of \$100 for new, leading to the discovery of Jasper.

There are so many rumors, and so many so called clues have been followed up, only to be found without the least foundation, that those participating in the search have about decided that Frank Jasper will not be found in this vicinity. In cases like this people can always be found who have seen the man looked for, or one looking like him, and in following up the different clues all parts of Grand Haven have been visited, but with no result. Grand Haven life saving crew and many other men, in small boats made a very thorough search of the river Wednesday.

Jasper had always lived on the old home farm with his parents. He holds the title to the place, it having been deeded to him by his father several years ago. Jasper was a steady fellow and it is said has very seldom left the farm. He is nearly 40 years of age.

Our Oklahoma Camp Fire

The following taken from an article written by Rev. John Van der Meulen and published in the Christian Intelligencer will be read with interest by the many friends and acquaintances of Rev. Van der Meulen, who it will be remembered departed for the Oklahoma mission field about six weeks ago:

"There were seven of us who were gathered around it. Three were our missionaries to the Indians of Oklahoma, Mr. and Mrs. Roe and Mr. Wright. Two of us were missionaries to the new settlers of Oklahoma, Mr. Cheff and myself. And two were representatives of the W. E. C., who had come to visit our work to the Indians, Mrs. Horton and Mrs. Page. We had been traveling during the day in our wagons and sleeping at night tents, for a week and a half. We were making our way, some of us to Lawton, and others to our mission to the Apache Indians at Ft. Sill. We had had other campfires on previous evenings in the places where we had pitched our camp for the night. But I want to emphasize this one, because at this particular point we discussed the needs of our work in Oklahoma and the future of our own church here.

As the result of the deliberations of what we have styled the Classis of

Oklahoma, of which we call Mrs. Roe, despite her rather youthful years, the godmother, and into which we have taken Mrs. Horton and Mrs. Page as special charter members, three of us who have come out to do the missionary work among the settlers are stationed at three widely separated points in this new country.

I, myself, am located at Cordell, the county seat of Washita County. There is, we think, a fine opening there for a Reformed church. People there have told me repeatedly that they had heard no preaching worthy the name since our student worthy had visited them. They all receive us with favor. But what we need there, too, as badly as Mr. Cheff does at Lawton, is some building in which to hold services. I am to preach in the Court House next Sunday, but that is the only building that can be used by us for the purpose of preaching and that will not be permanently available. My headquarters are a butcher shop without a ceiling, 13 feet square, which serves as my reception, dining, sleeping and study room. But it is altogether too small for church services. And so the result of the discussion at our camp fire, where we talked over all these matters, in this, gentle reader: will you not aid us in your prayers, and, if possible with prayers stamped as genuine by some gift to the Board for our work in Oklahoma? What we need we need at once. Winter is coming on and we can no longer hold services in the open air and shall have to give up our work in promising places just as it opens widely for our entrance unless we can have some building however cheap for our services. For five or six hundred dollars we can put up a temporary building that will do nicely here. If you will help us you will ever be remembered in love and prayer at the Oklahoma camp fire."

Systematic Stealing From The West Michigan Furniture Factory

A sewing machine dealer of this city in his efforts to consummate a business deal unearthed a clue that led to the arrest of Marinus Traas and Charles Kipp on the charge of perpetrating systematic robberies from the West Michigan factory.

The dealer called at the home of Mr. and Mrs. M. Traas to look at some furniture that they wanted to exchange for a sewing machine. In the house were two handsome chiffoniers and they were offered to the dealer for such a ridiculously low price that his suspicions were aroused, and calling upon a local furniture dealer he asked him to go to the house, look at the property and place a valuation upon it.

The furniture man thought that the property looked like West Michigan factory goods, and thinking something crooked was going on, reported to Frank Hadden, superintendent of the factory, who at once identified the goods as the property of the West Michigan company.

Deputy marshal Bos made the search of the premises Tuesday by virtue of a search warrant and when Superintendent Hadden informed him that he suspected that the goods were stolen he took Mr. and Mrs. Traas in custody and brought them before Justice McBride.

They were submitted to a rigid inquiry and finally divulged a startling story. Mrs. Traas said that systematic stealing had been done for some time and that Charles Kipp, night watchman at the factory, was in the mire of crime as deep as was her husband.

Mr. Traas shortly after confessed corroborating the statements of his wife. Then Charles Kipp was brought to the carpet. He stoutly protested his innocence for a couple of hours but finally weakened and detailed a story of bold robbery.

Chiffoniers and bedroom suits were taken from the warehouse and, presumably by a horse and wagon owned by Traas, carried to the houses of the men engaged in the crime and there kept until a suitable opportunity was offered to sell to other parties. The sales were made for very low prices and several houses in the city have been enriched in their interior appointments by this furniture, which they bought below bargain sale prices.

Geo. P. Hummer, manager and secretary of the company, Frank Hadden, superintendent, and Fred Metz, president, aided by deputy marshal Bos, held several sessions with the principals in the stealing deal and traced to earth about \$300 worth of property that had been taken by Messrs. Kipp and Traas and sold at a low figure to several residents of Holland.

A charge of grand larceny was preferred against Messrs. Traas and Kipp. They were bound over to the January term of the circuit court for trial and bail fixed at \$500. Traas, who was acquitted in circuit court last week on a larceny charge, could not furnish bail and was taken to the county jail. Kipp was the custodian of the warehouse and carried the keys

and it is likely that a more serious charge than larceny will be lodged against him. He is now out on bail. Traas was nightwatchman in one of the departments of the factory until he was arrested about three months ago for larceny from a saloon. Of late he has been employed in the C. L. King & Co. factory.

The officers have an idea that stealing has been going on in other lines besides furniture and it is difficult to tell where the matter will end. Sheriff Dykhuys has been in the city the last two days looking up evidence regarding the transactions but nothing definite about his investigation can be given at present.

Harris' famous Furniture City Minstrels will give an entertainment at Lyceum opera house Thursday evening, Nov. 21. This minstrel troupe is composed of the best minstrel talent in Grand Rapids and many of its members have travelled with such noted minstrels as H. Henry's, Primrose & West's and Lew Dockstader's.

Tonight they give an entertainment at Auditorium house, in Grand Rapids and every seat in the house has been sold.

The program for next Thursday evening will be arranged in the most approved minstrel style, including a first part, followed by an olio of specialties and closing with novelty sketches. The chorus will be a great feature. It will contain 40 voices and those who have had the pleasure of hearing it declare that it is the best ever heard in Grand Rapids.

The first part will be of a military character, the entire chorus being attired in uniform and the end men in gorgeous costumes made expressly for this occasion. The end men have been preparing for this event for many weeks and are said to have collected a supply of "gags" that will surprise the audience. They have some local hits that are said to be sharp and cutting as well as witty.

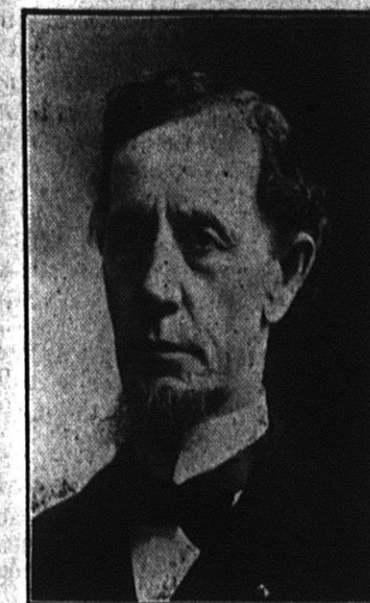

The olio will consist of monologues, comedy sketches, a skit by the Emmett quartet, an amusing performance by the Coontown drill squad, an exhibition drill by the Furniture City Company Uniformed Rank and other interesting features. The chorus, which works under the direction of Prof. William T. Harris, is composed of the best singers in the state.

Tickets are on sale at Hardies'. Prices 50 and 25 cents. Get your seat reserved before it is too late.

The Spering Quartette made its initial appearance at Winants chapel last Wednesday night and was greeted by a large audience. **A Reputation**

**HOW IT WAS MADE AND RETAINED IN HOLLAND**

A good reputation is not easily earned, and it was only by hard, consistent work among our citizens that Doan's Kidney Pills won their way to the proud distinction attained in this locality. The public endorsement of scores of Holland residents has rendered invaluable service to the community. Read what this citizen says:

Mr. John Kloosterman, two miles of Zeeland, says: "For ten or twelve years I looked in vain for some medicine to free me from distressing kidney complaint. I suffered at intervals during that period with aching pains through the loins, twinges up and down the muscles of my back, irregular and unnatural conditions of the kidney secretions and frequent attacks of dizziness. My son, John Kloosterman, a tailor, 133 East Eighth street, Holland, noticed Doan's Kidney Pills advertised in the Holland papers and highly recommended by people who had used them. Thinking they might help me, he procured a supply at J. O. Doeburg's drug store and sent them out to me. I noticed shortly after I commenced the treatment that it was doing me good and as I continued my condition improved. In my estimation Doan's Kidney Pills are by far the best remedy on the market."

For sale by all Dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no substitute.

**RELEASE FOR AGUINALDO.**

**War Department Prepared to Resist Habeas Corpus Proceeding in His Behalf.**

**INSTRUCTIONS SENT TO COMMISSION.**

**Prevent the Granting of a Writ in Case of Military Prisoner and Thus Establishing a Precedent—Captivity of Aguinaldo is Only Nominal—Goes Where He Pleases.**

Washington, Nov. 13.—While the war department has not been advised of the reported step to secure the release of Aguinaldo from captivity, through writ of habeas corpus, they were prepared for a move in that direction. A few weeks ago the first move of this kind was made in the case of a military prisoner and as there was some indication on the part of the Philippine commission to uphold the right of habeas corpus in that case, the department was obliged to cable some instructions, both to the commission and Gen. Chaffee, the result of which was a practical denial of the writ.

The war department officials have deprecated the making of an issue of this important point, pending the decision of the supreme court in the "fourteen diamond rings case," involving the question as to whether the constitution follows the flag. Up to this time there has been no real test of the right to appeal from the Philippine courts to the federal courts here nor of the right of habeas corpus in the Philippines.

As far as Aguinaldo is concerned it is said that his captivity is only nominal. The only evidence of it consists in the appearance by his side of an army officer when he walks about the town, for he is free to go almost anywhere. Moreover, it is said that this escort is perhaps necessary to protect Aguinaldo from assault, as he has been threatened by the secret societies.

**CHOKED TO DEATH.**

**Two Women Murdered at Evansville, Ind., Within a Few Hours, in an Identical Manner.**

Evansville, Ind., Nov. 13.—Two women strangled to death in one day is the record made here Tuesday, and the entire police department of the city is at work on the mysteries. The more they investigate the deeper the mysteries seem. One man arrested, charged with the second murder, was released, as there was no evidence against him. The body of Mrs. Georgia Bailey was found at the edge of the city in First avenue at an early hour Tuesday morning. Death by strangulation is the verdict of the coroner, and the police are working on this theory.

The strange fact that both women accepted invitations to go buggy riding with a "friend," that both met similar deaths and that the "friend" in each case managed to conceal his identity leads to the belief that one man may have committed both crimes.

**Found in Serbia.**

Belgrade, Servia, Nov. 13.—The Skupschtina Wednesday, after a statement from the premier, unanimously adopted a resolution charging the late Georgevitch cabinet with embezzlement of secret service funds, and appointing a committee to determine the best means for recovering the money from the former ministers. One item mentioned is 128,160 francs.

**Massachusetts Legislature Meets.**

Boston, Nov. 13.—The legislature reconvened in an extra session Wednesday to legalize the revision, by a special committee, of such of the public statutes as have been passed by the different legislatures of the past 20 years, and in which it has been found necessary to make important corrections. There are 236 different measures thus corrected.

**May Make Good the Shortage.**

Port Huron, Mich., Nov. 13.—It is now believed that Charles D. Thompson, the defaulting supreme finance keeper of the supreme tent, Knights of the Macabees, will effect a settlement of his \$60,000 shortage. He already has \$30,000 in sight, it is said. The money will not be turned over, however, until promise is given that there will be no prosecution.

**Miraculous Escape of Passengers.**

Worcester, Mass., Nov. 13.—The fast express from Albany while running at a speed of 30 miles an hour crashed into two west-bound freight trains on the Boston & Albany division of the New York Central railroad, on the Charlton grade, at night. More than 150 lives were endangered, but no one was seriously injured.

**Granted Divorce.**

London, Nov. 13.—C. E. Sismey, a lawyer, has been granted a divorce from his wife, an American, formerly Miss Catherine Woodhill, on statutory grounds. The couple were married in San Francisco during the year 1890. Mrs. Sismey is now believed to be in San Francisco, with her parents.

**Doctor Shoots Drug Clerk.**

Paul's Valley, I. T., Nov. 13.—At McGee, 20 miles east of here, Dr. Tyree, a physician of that place, shot and fatally wounded Thomas Moag, a drug clerk, in a quarrel over a prescription. Moag, in turn, shot Tyree, causing a slight wound.

### Muskegon Goes Down the T-boggen. Score—Holland 33. Muskegon 0.

Ten to 0 at the end of the first half, 33 to 0 at the end of the game, and all in favor of Holland. That is the story that the boys from Muskegon had to relate when they returned home last Saturday night. They put up a plucky fight against the local foot ball warriors but were out rushed, out backed, out tackled, out punted, out generated and outclassed; and were glad when time was up in the last half.

Only once did the blue feeling take possession of the Holland fans and that was in the first half. The locals had the ball, and on the third down still had four yards to gain. The goal posts were over 35 yards away. The boys did not wish to lose the ball without a struggle and Jim DeFree stepped back for a drop kick. The Holland line held like a stone-wall against the Muskegons, the ball was snapped back, Jim gave it a mighty lift and it sailed over the bar and between the goal posts. It was a full minute before the fans recovered their breath and when they did they shouted long and lustily in acknowledgment of the greatest drop kick made on a western football field this year. Before the Muskegons recovered from their surprise Schouten was forced over the line for a touch down. Davidson failed at goal. Score first half—10 to 0.

The second half was like the first only a little more so in the matter of touchdowns. Holland simply waded through the opposing lineup like small boys through a cat tail swamp and added 23 more to their side of the sheet before the game ended.

The feature of the second half was the pedestrian feats of Hesselius. Instead of plunging through the line when he had the ball he threw back his head, squared his shoulders and tripped through the line for ten yard gains like a school girl dancing the Virginia reel. The defensive work of Bradford, DeKlene, and Borgman was of the finest, and the ground gaining tactics of Damsen were a sight to behold.

Holland after four years of patient effort did "drive away de hoodoo." The Muskegon boys beamed less than any eleven that has been here this year. May they come again and may the result be as it was Saturday.

### Sporting News

The Holland High school team is very anxious for a game with the Grand Rapids High school team. They think over there that they have a team that can beat the Grand Rapids boys, and in a telephonic communication to The Herald Saturday night the manager of the Holland team stated that if a game could not be arranged before Thanksgiving that they would be more than glad to have a post season try-out. The Holland team has some stars of not a little magnitude, according to the reports sent out from the town. Depree is said to be a plunging and dodging back; and when his team has gotten near an opponent's goal on a number of occasions this season he has dropped a goal from the field. Damsen is also touted as a star, and there are Dykema, Schouten and several others who seem to have football ability above the average.—G. R. Herald.

The Grand Rapids high school team went through the Grand Haven team last Saturday at Lake park as if the visitor's line men and backs were made of tissue paper, and when they quit ripping big holes in the line, tearing around the end and executing the double pass and other trick plays that made the Grand Haven youths dizzy, the score stood 77 to 0 in favor of Grand Rapids.

The Rifles football team of Muskegon succeeded Saturday in wresting a victory from the Whitehall team after a close and hard fought game. Heretofore the Whitehall team has been invincible on their home grounds and had not been beaten this season. The score when time was called stood: Muskegon Rifles, 6; Whitehall 5.

The Michigan State University foot ball eleven, of Ann Arbor, played and won seven games this year. All these have been played on Regents Field, except the Indian game, which was played at Detroit.

Games played, with scores:  
Sept. 28, Albion College, 50—0.  
Oct. 5, Case School, 57—0.  
Oct. 13, Indiana University, 33—0.  
Oct. 19, Northwestern University, 29—0.  
Oct. 26, Buffalo University, 128—0.  
Nov. 2, Carlisle Indians, 22—0, at Detroit.  
Nov. 9, Ohio State University, at Columbus, O., 21—0.  
Games to be played:  
Nov. 16, Chicago University, at Ann Arbor.  
Nov. 26, Beloit College, at Ann Arbor.  
Nov. 28, Iowa University at Chicago.

"If Grand Haven hopes to get a game with Holland the boys will have to put in a week or two of practice," says the Grand Haven Tribune.

The Holland boys will take a rest tomorrow. None of the teams in the immediate vicinity are thirsting for their gore and no arrangements were made for a game. They would like to get a try out with the Grand Rapids High school eleven but the Valley City boys are adepts at sidestepping a match. Muskegon would like to play Holland Thanksgiving Day and if no team can be induced to come here the boys will go to Muskegon.

### An Appeal To The West

Rev. Cornelius M. Steffens, formerly a resident of this city but now pastor of one of the large eastern churches, is in the city on business connected with the Christian Intelligencer, the official organ of the Reformed church in America. Rev. Steffens is making a trip throughout the west wherever the Reformed church has obtained a foothold for the purpose of introducing the paper. In an article headed "An Appeal to the West" the Intelligencer explains the object of Rev. S. Steffens' trip as follows:

"The Intelligencer is happy to announce that it has secured the services of the Rev. Cornelius M. Steffens as its representative to make a tour of our western churches to introduce the paper and secure for it a larger constituency....Through reading the same church paper west and east will grow together than apart. The managers of the papers have sought to find a suitable representative, who would do for the paper what the secretaries do for the Boards, and think he has been found in Mr. Steffens. We bespeak for him the co-operation of pastors and people, and trust that as he visits the churches he may have a sympathetic hearing which will yield fruit to the advantage of the denomination as well as of the paper."

Rev. Steffens will appear before the several church societies in this city to promote the work as explained above. He has been in Grand Rapids and has met with great success. In a communication to the Intelligencer he says:

"In all these churches your representative found friends of the Intelligencer; yea, enthusiastic supporters. The value of a denominational paper is appreciated; a deeply seated conviction. There is no wish for a 'Mason and Dixon Line' in the West. Hence the absolute necessity to introduce the Intelligencer into every home of the Particular Synod of Chicago and throughout the entire denomination. Such a weekly is not ideal. Perfection can only be realized in a perfect church. Nor can such a paper perform the functions of a village weekly. Inconsequential news, interesting to the local church, may be in the nature of gossip, while historical information published in the Intelligencer is essential for denominational extension and instruction."

### After the Saloon Keepers Who Sell to Minors

Charlie Dykema, bartender for John Van Toll, of Grand Haven, was sentenced by Judge Padgham to thirty days in jail and to pay a fine of \$100 and costs, for selling liquor to a minor. The judge warned Dykema that if the fine was not paid at the end of thirty days, he would have to remain in jail four months longer.

In the Clara E. Morely perjury case, the court has appointed George A. Farr to defend the girl. Frank Cook, the Muskegon attorney was Miss Morely's attorney, but the court took advantage of a statute providing that an attorney under indictment or held on a criminal charge cannot defend a minor. Mr. Cook is held to court on a charge of subornation of perjury in this case. Mr. Farr asked that the court fix bail in the girl's case, she before being held without bail, and Judge Padgham fixed said bail at \$2,000.

The case of Eliphalet G. Edwards vs the township of Talmadge is now on trial before a jury. A large number of witnesses will testify and the case will be a hard fought one. The plaintiff is a practicing physician in the city of Grand Rapids, and he brings this cause into court in order to collect damages for injuries received on the 9th day of July 1901, by reason of defective highway in said township of Talmadge, on what is called West Leonard street, going towards Grand Rapids. Chas. Smedley and John W. Powers, both of Grand Rapids, are attorneys for the plaintiff Hon. George A. Farr, is the attorney for the defendant township. Twenty thousand dollars damages is claimed.

### Death of John Marsilje

The death of John Marsilje occurred last Tuesday morning of typhoid fever. His health had not been good the past year and his system, weakened by the long siege of sickness, was unable to rally from the attack of the fever that caused his death. Mrs. Marsilje was born in the province of Zeeland in the Netherlands, 52 years ago and came to this country 29 years ago. He first located in Rochester N. Y. and after a nine years' stay in that city moved to Graafschap where he lived for 5 years and then came to Holland. He was sexton of the Pilgrim Home cemetery for 18 years and served the same length of time as janitor of the First Reformed church. He leaves two children, Peter Marsilje and Mrs. W. Van Vuren.

The funeral was held yesterday afternoon from the house 248 East Fourteenth street.
