Ottawa county will receive \$37,200 in primary school money by the semi-annual apportionment. The rate is \$2.70 per capita, which with the 60 cents per capita allowed in May makes a total of \$3.30 for each child of school age.

Robert A. Miller has begun suit for divorce from Mrs. Ada Smith Miller. He alleges that she refuses to live with him, constantly demands that he support her two grown up sons and has been guilty of extreme cruelty. They were married in Holland, Mich., March 12, 1901.—Muskegon Chronicle.

According to a prediction made by Prof. H. Allen, the famous Plainwell astrologer, William R. Hearst will win out in his fight for the mayoralty of New York and a recount will show that Hearst was elected by a comfortable majority over McClellan. Allen also predicts that Roosevelt will be flaminated by both Republican and Democrat parties in 1908 and will be elected, but four years later Bryan will again run for the presidency and will be elected.

James De Pree of this city, one of the best known college players of this state and first baseman for the U. of M. base ball club, who has been coaching the football team of the University of Tennessee, has been asked to remain there the rest of this year and to coach the baseball and track teams of that institution. It is doubtful, however, if Jim will accept, as he is taking a course of civil engineering at the U. of M. and dislikes to abandon his work there entirely. He can keep up with the work if he returns to Ann Arbor as soon as the football season is over but if he lingers for baseball he cannot.

The board of education at its regular meeting held Monday evening decided to take steps to secure a county normal school class. The state pays \$1000 towards the salaries of the two teachers required, thus making the cost to the district slight. On account of the crowded condition of the schools it is not likely that the class will be started until after the erection of the new ward school building, which will probably be built next year. The committee on buildings and grounds submitted its report to the board recommending that more room be provided for another year. The matter was referred to the committee and superintendent for definite recommendation at the next meeting. Superintendent Bishop in his report recommended the enforcement of the compulsory school law.

All the vessels in the port of Grand Haven saluted the new steamer Grand when she arrived there Friday afternoon on her first trip from Grand Rapids. The work of the steamer during her trip on the Grand River was reported as entirely satisfactory. She is said to have made a speed of ten miles an hour in deep water on Spring lake. Hundreds of Grand Haven people visited the steamer and made admiring comment. The Grand is commanded by Captain Chute with Captain Langworth as pilot and Chief Engineer Andrews in charge of the engineer's department. She is 135 feet long with 32 foot beam and when loaded she will draw about 34 inches. She has two 225 horse power engines, which operate the large stern paddle wheel. The boat is electric lighted and steam heated throughout. She will carry 200 passengers and has an excursion permit for 700. The Grand has sleeping quarters for her crew only as it is not intended to run the river at night.

Born to Mr. and Mrs. Peter Prins, Thursday, November 9—a son.

The Third Reformed church at Grand Rapids has extended a call to Rev. Martin Flipse of Passaic, N. J. Rev. A. W. DeJonge, formerly of this city, was until recently pastor of that church.

F. Overkamp, editor of De Grondwet, will soon leave for Paterson, N. J., where he will become associated with the publishers of a Dutch paper "Het Oosten." Mr. Overkamp will become part owner of the publication.

George Staring, who has been keeper of the Allegan county farm ten years, has decided to resign and leave the place April 1, next year, and go upon his own farm Mr. Staring was at the farm three years before becoming keeper.

Born to Rev. and Mrs. A. B. Van Zante of Fairview, Ill., on Nov. 4th a baby girl. Mrs. Van Zante was formerly Miss Carlotta Bell of this city. Mr. Van Zante is an alumnus of Hope College and the Western Theological Seminary.

Rev. Frank DuMoulin, rector of St. Peter's church, Chicago, will preach in Grace Episcopal church this evening. Those who heard Rev. DuMoulin on his previous appearance were greatly pleased and a large audience will doubtless greet him this evening.

Rev. S. VanderWerf, for the last three years pastor of the First Reformed church, has announced his acceptance of the call to the First Reformed church at Pella, Iowa. Mr. VanderWerf came here in April, 1902, from Gibbstown, Wis., and during his pastorate a debt of \$1,000 has been paid on the church.

The new annex to the Third Reformed church was dedicated last evening, Dr. G. H. Dubbink, who for many years was pastor, preaching the sermon. After the sermon a dedicatory program was rendered in the annex. The new addition includes a large lecture room, a library, a kitchen and a toilet room. The lecture room has a seating capacity of 250. The annex costs about \$3000.

Included in the program at Tuesday's meeting of the Womans Literary club were the following papers: "Abelard and Heloise," Mrs. J. C. Post; "The 'Iliad' of France," described by Mrs. C. M. McLean; "Rutheuf, the Vagabond Poet," Mrs. Frank Pifer; "The Troubadours and Trouveres," Mrs. W. J. Olive; "Marie de France"—reading from "Roman du Renart," Mrs. J. E. Murray. Early French sonnets were given in response to roll call.

At the college chapel exercises Monday morning Dr. G. J. Kollen, the president, announced that Ralph Voorhees of New York is the donor of the \$100,000 endowment recently given to the college. Mr. Voorhees is an old friend of Hope college, he having given \$50,000 several years ago for the endowment of a Greek and Latin chair. The endowment of \$100,000 was made several months ago, but the name of the donor was not announced until Monday. It is expected the dormitory will be ready for occupancy next spring. Dr. Kollen says that as the years go by the friendship for Hope increases more and more in the east and that this friendship was especially noticeable during the visit from which he returned last week.

John Dunbar of Ganges was a Herald caller Wednesday. This young man has just received \$12,000 as a bequest from an uncle, who died in London about eighteen months ago. This uncle was exceedingly wealthy, having made his money as the owner of the Bethesda spring at Waukesha, Wisconsin. Young Dunbar has worked as a farm hand for A. W. Dressel of Ganges for the past two years and it was while he was plowing in the field, about eight weeks ago, that he received word of his good fortune. Since securing his money he has worked at the farm, husking corn, and says he intends to settle down in Ganges and take care of his money. Dunbar is an eccentric man, much given to reading and with a flowery manner of quoting what he reads. He says he has been receiving the "hand of fellowship" from a good many since his good fortune, but his old friends are sufficient. We trust this money will prove of much benefit to him.—Fennville Herald.

Hendrich Farma has been granted a decree of divorce from Klara Farma by Judge Padgham. Farma is an old man and he alleged in his bill that the defendant had married him for his property. Then after she had secured it she refused to live with him. The parties are from Holland.

The musical department of Hope college may well feel proud of the faculty concert given last Thursday night. It was the best musical entertainment ever given under the auspices of the college and bears out the oft-repeated assertion that Hope as a musical center is not surpassed by any of the so-called "small" colleges of the country.

Frank Wurzburg of Grand Rapids one of the best known band leaders in the state has been engaged to instruct the Citizens band this winter. The rooms of Columbia Hose Co. No. 2 are too small to accommodate the band and the boys have leased the third floor of the Walsh block over the Van Ark furniture store.

The lots in the real estate tract on Sheldon street platted and owned by Juistema Brothers and John J. Rutgers of this city are going like hot cakes and it looks as though that part of town was going to be the cream of residence locations of the town. R. G. Macfie of Neelyville, Mo. has purchased six fine lots on the east border of the tract.—Grand Haven Tribune.

When the Holland Independents play football at Grand Haven next Saturday it is not probable that they will be hampered by the crowd pressing on the gridiron as Manager Boyden of the Grand Haven Independents has purchased a dozen iron pikes, which will be used in fencing off the gridiron, on Davis Field, and no one but the players and officials of the game will be allowed in the field.

It looks as if the stretch of land between Hudsonville and Vriesland is to supplant Kalamazoo as a great celery center. Kalamazoo is to lose its title of "Celery City," known for years as the center of the greatest celery growing belt in the world. The distinction is gradually being lost and within the next few years but few acres of the rich muck land will be planted. This year's acreage of celery was less than half that of five years ago. Wide stretches of muck land once planted in celery are now covered with buildings and the property values have increased to such an extent that growers are seeking newer territory. In Hudsonville and Vriesland the celery industry is comparatively in its infancy. Chicago and Pittsburg commission men claim this celery is of an exceptionally fine grade and no difficulty is experienced in disposing of the crop. A little village of some 20 houses, has been built just west of Hudsonville and is inhabited only by celery raisers. Over 200 acres of celery is in cultivation this year. The soil is a heavy, rich black muck, especially adapted to celery. Land while a few years ago was considered worthless is now selling for from \$100 to \$200 an acre.

Two of the Holland boys came here about four weeks ago, Bert Nickerbacker and Irvine Crofoot. Irvine cut his foot and stayed here a couple of weeks until it got well. They both got a job about one and one-half miles from here at \$30 per month in the woods. Bert was cutting maple logs and had the misfortune to have his leg broken about one week ago. It was broken above his ankle. The lumber jacks of the camp raised \$45 and took him to the hospital to Petoskey, where he will stay three or four weeks.

Mr. Nelson, of the firm of Burke Smith and Nelson, who is putting in the pier of the new harbor, says that he expects to have the work completed in about two weeks. The south pier has stood firm from the time it was put in although the stone which was used in its construction has already sunk three or four feet below the water while it was that much above it when put in. This, Mr. Nelson says, is due to the fact that there is quick sand on the bottom of the lake there.

The break in the north pier has taken a great deal of time to fix. It was supposed at first that it was the storms that damaged it but as the storm of Oct. 19 which injured every other pier along this shore of the lake did not seem to have any effect on it, it was thought that the eruptions which Mr. Nelson claims took place twice to his knowledge is accountable for the damage.

Where the break was made the earth is soft and there is a great deal of quick sand. The contractors have put in 150 more cords of stone than the contract calls for and the government will probably put in 600 cords on both sides of the pier to hold it firm. According to the contract the contractors will have to finish the entire work and have it in good condition before it is accepted by the government, so probably they will have to stand all the loss due to the break. The dredge is now at work on the east end of the cut "cleaning up" the channel and will probably not finish the cut this fall.—Saugatuck Commercial Record.

Beavertown

Rev. S. Volbeda, pastor of the Christian Reformed church of Beavertown, has accepted the call from the Alpine Ave. Christian Reformed church of Grand Rapids and will preach his farewell sermon to his present congregation on November 26th.

Around Ottawa County

The assault and battery case against Arthur Ginter of Spring Lake, which was to have been heard in Justice Hutton's court at Grand Haven last Thursday was continued by request of the prosecuting attorney to November 25. Ginter was arrested by Daniel Finn, also of Spring Lake, who claims that he was assaulted by the defendant. Ginter is now out on bail.

Colon C. Lillie has recently completed on his farm near Coopersville one of the finest barns in Western Michigan. It will accommodate over fifty head of cattle, and each cow has a separate stall and manger, supplied at all times with water from galvanized covered troughs, which extend the length of the mangers. In constructing this dairy barn, the subject of ventilation was not lost sight of for Mr. Lillie believes that the comfort and health of stock is one of much importance. The King system of ventilation is used, which takes in the fresh air from the outside thru small shafts every fifteen feet, the dead air passing thru one large shaft which extends thru the roof. There are also convenient calf pens on either side, and there is not a dark corner in the whole stable. Everything is kept clean and tidy, thus assuring the best milk producer. The milk room is conveniently located at one side, is well ventilated and calculated to be frost proof in winter, and cool in summer. Any farmer interested in dairying, or contemplating putting up a new barn would feel amply repaid to inspect Mr. Lillie's dairy barn. It must be seen to be appreciated.—Coopersville Observer.

Emma Cooper has begun suit against Fitch Cooper for divorce on the grounds of extreme cruelty. The couple were married in 1888 and live in Cockerly. The complainant in her bill recites a long list of grievances of which she alleges the defendant was guilty and asks for an absolute divorce from the court.

Charles Boyden will undoubtedly have one of the fastest auto boats to be found anywhere on Michigan waters the coming season. He has let the contract to William Barrett, the Spring Lake boat builder, for the new craft, which will be 34 feet in length, four feet beam, drawing eleven inches of water. The motive power will be furnished by a sixty horse power automobile engine, which is now being especially built for it by the Continental Motor Co. The engine is to be a beautiful type, and will be of aluminum and bronze. Despite its horse power it will weigh but 720 pounds. The new craft will be equipped with a 36 inch wheel. Of course the speed of the boat will not be definitely known until the craft is given its initial try out, but it is certain to do 22 miles an hour or better and it would not be surprising if it would plow along at over 30 miles in spurts.

The saloon of Vander Mier and Dohm at Conklin was burglarized Saturday and about \$25 in money with a small amount of liquor was taken. The officers believe that the crime was committed by hoboes. The entrance was made by forcing the lock on the back door of the place. The railway was directly in the rear of the burglarized building and the officers believe that the thieves got away with their booty by catching a passing train. No trace of them has been found.

Johnston Brothers of Ferrysburg will build another big steel tug for Frank Perry of Sault Ste Marie, Mich., which will be almost a duplicate of the tug Frank Perry, which was built at the Ferrysburg yards during the past year. The new tug will be 142 feet long, 25 feet beam and 13 ft. 4 inches in molded draft. She will be fitted with powerful machinery and excellent steam capacity and will be equipped with the Duke steerer, steam windlass and steam capstan.

The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored LION COFFEE, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

HOW TO MAKE GOOD COFFEE

Use LION COFFEE, because to get best results you must use the best coffee. Grind your LION COFFEE rather fine. Use 1/2 tablespoonful to each cup, and one extra for the pot. First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a settler), then follow one of the following rules:

1st. WITH BOILING WATER. Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve promptly.

2d. WITH COLD WATER. Add your cold water to the paste and bring it to a boil. Then set aside, and a little cold water, and in five minutes it's ready to serve.

3. Don't boil it too long. Don't let it stand more than ten minutes before serving.

DON'TS (Don't use water that has been boiled before.)

TWO WAYS TO SETTLE COFFEE.

1st. With Eggs. Use part of the white of an egg, mixing it with the ground LION COFFEE before boiling.

2d. With Cold Water instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine LION COFFEE, prepare it according to this recipe and you will only use LION COFFEE in future. (Sold only in 1 lb. sealed packages.) (Lion-head on every package.) (Save these Lion-heads for valuable premiums.)

BISHOP MERRILL CALLED BY DEATH

WELL-KNOWN METHODIST PRE-
LATE EXPIRES SUDDENLY
AT KEYPORT, N. J.

Preached in Brooklyn Sunday Morn-
ing—Attacked by Heart Paralysis
at Night and Expired—His Long
Career.

Chicago, Nov. 14.—Stephen M. Mer-
rill, for years bishop of the Rock River
district of the Methodist Episcopal
church, died at 11 o'clock Sunday night
at Keyport, N. J. News of his demise
was sent to Chicago through the Meth-
odist Book Concern in New York.
Paralysis of the heart caused death,
which was sudden. Bishop Merrill
had been attending the sessions of
the general committee of missionary
societies of the Methodist Episcopal
church, meeting in Brooklyn. Sunday
morning he preached in the Fleet
street Methodist Episcopal church of
Brooklyn, and in the afternoon went
to Keyport to conduct evening serv-
ices there. His illness came on sud-
denly during the evening. Physicians
who were hurriedly summoned were
unable to stay the course of the para-
lysis.

Sketch of His Career.
Bishop Merrill was 80 years of age
and a native of Greenfield, O., where
he was a shoemaker prior to his con-
version and the beginning of his min-
istry. He was licensed to preach early
in 1845. In 1846 he was admitted to

BISHOP STEPHEN M. MERRILL

the Ohio conference, and two years
later he married Anna Bellmire, of his
home town. He was elected editor of
the Western Christian Advocate in
1866 and in 1872 was elected bishop.
Since then he has visited many of
the foreign missions in Europe and
Asia, and traveled extensively
throughout the United States and Mex-
ico. His work in the church literary
world won for him the title of master
of arts from the Indiana Asbury uni-
versity. Bishop Merrill traveled a cir-
cuit which required two weeks to
cover. His first years were spent in
saddle-bagging it among mission
churches as an itinerant. He became a
presiding elder and was assigned to
work in Kentucky—assigned there at
a time when it was ticklish business
for a northerner to do active work
against slavery. Dr. Merrill had no
idea of fear at that age, and all during
the war he distributed his literature
and lifted up his voice for freedom, de-
spite the threats and the looks which
many times seemed murderous.
Bishop Merrill was probably known in
a larger circle of Methodists than any
of the bishops. The bishop's book on
ecclesiastical law is the accepted au-
thority in the church. He was a man
of the old-fashioned school and dressed
plainly. At the general conference in
May, 1904, he was retired from age
and has not been actively at work
since that time, although occasionally
taking part in church meetings.

Thieving Clerk Sentenced.
New York, Nov. 14.—Harry A. Leon-
ard, the young Wall street clerk who
stole \$359,000 worth of securities from
the City national bank recently, was
Monday sentenced to 13 or 14 months
imprisonment in Elmira reformatory.
He pleaded guilty and Judge McMahon
in giving sentence said he believed the
boy's story that he took the securities
as an object lesson to Wall street of
the ease with which such thefts might
be made. All the stolen securities
were recovered.

Death of an Aged Educator.
Ripon, Wis., Nov. 14.—Mrs. Clarisse
Tucker, Tracy, A. M., professor emer-
itus of Ripon college and one of the
pioneer educators of Wisconsin, died
at her home in this city Monday, aged
87 years. She was known as the
mother of Ripon college, and had been
connected with the college for more
than 45 years. Until three years ago,
when she was made professor emeritus,
she was an active member of the fac-
ulty.

Is a Total Wreck.

North Point 11 days ago, has been
abandoned and is a total wreck. The
vessel is valued at \$75,000, while her
cargo of soft coal totals about \$10,000
more, and the pumps and wrecking ap-
paratus aboard her, which had to be
abandoned, also will add several thou-
sand dollars to the total loss.

m. to five a. m. on week days and from
11 p. m. Saturday night until five
o'clock Monday morning was rigidly
enforced in Indianapolis Sunday.

ROYAL GREETING TO PRINCE LOUIS

BRITISH ADMIRAL AND HIS
FLEET RECEIVE ADDED
HONORS IN NEW YORK.

Big American Squadron Takes Part—
Royal Visitor Dedicates New York
Would Be at Mercy of a Big Naval
Fleet in Case of War.

New York, Nov. 10.—Led by the flag-
ship Drake, with Rear Admiral Prince
Louis of Battenberg on the after-
bridge, the British squadron of six ar-
mored cruisers arrived in North river
early Thursday and came to anchor at
intervals of about 400 yards with the
column headed up stream. This
brought the flagship Drake and the
Maine, Admiral Evans' flagship, within
several hundred yards of each other
on Seventy-ninth street. The combined
squadrons formed a column that
stretched from Forty-second to One
Hundred and thirty-fifth street. Lined
up to welcome the visitors were 12
men-of-war of the North Atlantic fleet,
the flower of the American navy.
Rigged out in full dress in honor of
King Edward's birthday the spitefully
white American ships never looked
handsomer. From stem to stern in
rainbow fashion was strung a line
of flags of all colors. Flying at the
fore of each man-of-war was the Stars
and Stripes and at the main the Union
Jack. The British ships were also
dressed, flying the British flag at the
fore and the American flag at the
main.

The first salute fired by the Drake
from her anchorage in North river was
13 guns as Rear Admiral Evans, com-
mander-in-chief of the North Atlantic
fleet, went over the side after paying a
special call on Prince Louis to congrat-
ulate him on the occasion of the sov-
ereign's sixty-fourth birthday. Before
the last gun of the return salute had
been fired the mighty column of men-
of-war was shrouded in smoke. After
lunch many visitors visited the ships,
Admiral Evans having ordered that
every possible facility be afforded for
this purpose. Admiral Prince Louis
spent the morning making calls on the
mayor and Rear Admiral Coghlan,
commandant of the New York navy
yard. These calls were returned in
the afternoon.

Talks to Reporters.
New York, Nov. 11.—Perhaps the
most interesting incident of the sec-
ond day of Rear Admiral Prince Louis
of Battenberg's visit to New York was
his informal reception of a delegation
of New York reporters in his cabin
Friday night. For the second time
his highness talked to them with the
utmost frankness, answered some of
their searching questions and foiled
others. Evidently thinking to ask the
prince a question which would evoke
an answer out of the ordinary one of
the reporters made bold to ask: "What
does your highness think of the con-
ditions in Russia?" For a moment
there was a pause, and then the prince
replied:

"I am a brother-in-law of Emperor
Nicholas and I am also a rear admiral
in the British navy. You are there-
fore getting on thin ice. In fact on no
ice at all, and I think I shall not at-
tempt to skate."

New York's Peril.
"Well, then, what does your high-
ness think of New York?" said the
reporter. "What has impressed you
most?"

"The effect of a war upon New
York," began the prince, slowly, "is
what has impressed me most. In less
time than it takes my cook to fry an
omelet the combined fleets in the river
here could reduce New York to atoms.
New York needs peace. War would
prove most disastrous to this city."

Prince Is Annoyed.
New York, Nov. 13.—To the keen
amusement of Prince Louis his remarks
several days ago about the disastrous
effect upon the tall buildings in New
York of the combined fleets of 18 war-
ships anchored in the North river have
been misinterpreted as a criticism of
New York's defenses. In reply to the
direct question "Do you think the
combined fleet of vessels from their
anchorage in the North river could
destroy the tall buildings in New
York?" the prince said he certainly did
think such a result would follow a
bombardment directed from the an-
chorage. Naval officers of both squad-
rons regret that the remark should
have been misinterpreted or incorrect-
ly reported.

"It is like asking if you touched a
match to a hay stack would it burn?"
said the prince Sunday. "As a matter
of fact, there is no reason why any
naval force should seek to destroy
buildings which could easily be recon-
structed. I desire that this matter be
put correctly, for an impression has
been made which I had not the slight-
est notion of conveying."

Placed Under Arrest.
Annapolis, Md., Nov. 13.—Midship-
man Minor Meriwether, Jr., was placed
under arrest Sunday to await his trial
by court-martial for engaging in a
fistic combat with Midshipman James
R. Branch, Jr., who died of his in-
juries. The arrest of young Meri-
wether followed shortly after the re-
ception of the order from the navy de-
partment.

Courthouse Dedicated.
Lincoln, Ill., Nov. 10.—The new Lo-
gan county courthouse, completed af-
ter three years' work, was dedicated
Thursday with ceremonies attended by
several hundred persons. The struc-
ture cost \$200,000.

People Do Not Take The Czar Seriously

One of the greatest stumbling blocks in the way of a satisfactory solution of the blood-spilling question that is agitating Russia is the tendency of the people to refuse to take seriously the protestations of the Czar when he promises to make demanded changes in the system of government.

They might regard the matter in a different light if the autocrat of all Russia would now and then make of his own free will changes for the better. But this he does not do. Every promise for improved conditions has been wrung from him by force of arms, by the sabre point and by an exhibition of innocent blood-letting resultant from this violence. And these promises he has kept just as long as he had to. No longer.

If he would forget force, abuse and assassination long enough to evolve just one reform of his own accord and submit this reform to the people, they would stop, look and listen. But as long as all must be wrung from him they will not look upon anything in the right spirit, will not manifest the right temper.

It is up to the Czar to achieve. He has failed to do so by war, by slaughter, now let him try fair dealing, honorable treatment, such as exists between honest men. The results will be better.

Circuit Court

After being out less than an hour the jury in the burglary case of Anthony VanderBie of Holland, returned with a verdict of not guilty. The defendant's attorneys were W. I. Lillie of Grand Haven and Leonard Y. DeVries of Holland.

VanderBie was charged with breaking into the house of Mrs. De Ryke, an old lady at Holland and stealing a large amount of money, which was hidden in the cellar stairway. He was brought to trial at the last term of court and the jury disagreed. In the meantime VanderBie has shown his confidence in his case by getting married and his wife was in court with him last week.

Three ballots were required to decide the matter and the first was seven for acquittal, three for conviction with two blanks. The second stood ten for acquittal and two for conviction and the next ballot brought the entire twelve to an acquittal vote. VanderBie and his wife received the verdict with joy and they thanked his attorneys and the jurors.

The following jurors acquitted VanderBie: Henry Bolt, Jr., Grand Haven; Jacob DeWitt, Spring Lake; Egbert Edwards, Crocker; Emil Hansen, Grand Haven; Roy B. Knowlton, Allendale; John Merrick, Chester; Lewis Ooler, Georgetown; Charley A. Raak, Olive; Henry Saul, Grand Haven township; Andrew Tigelar, James-town; Martin VanDyke, Holland township; Samuel M. Sylvester, Grand Haven.

At Friday's session of the court, Anselm Fox and Lena Heisterkamp appeared for sentence for violation of the liquor law. Mr. Fox was fined \$30.60 and Mrs. Heisterkamp was fined \$28.70. Both cashed in to the county clerk.

A jury was secured in the Mahon case at about 11.30 Friday and it required three men outside of the regular panel to fill up the jury box. The case was begun by the prosecution and Friday afternoon the court decided that there was no intent of robbery in the case.

Mahon pleaded guilty to the charge of simple assault and the court sentenced him immediately. Because Mahon had been in jail for nearly a month awaiting trial, the court committed him to jail to serve five days more. His was a very sudden ending to what promised to be a hard case and the defendant was highly pleased at the easy termination of the matter.

At Friday's session John Boyink was fined \$18.10 for violation of the liquor law. Mr. Boyink pleaded guilty at the Monday's session of the court.

John Timmer charged with larceny and Thomas Boss charged with resisting an officer were sentenced by Judge Padgham in circuit court last Friday afternoon.

Timmer was sentenced to pay a fine of \$25 or remain in prison one year. He paid the fine. Boss, who was arrested for interfering with Officer Dornbos of this city while that officer was engaged in doing his duty took his choice between four months in jail and \$25 fine and he paid the fine.

Claus Molenkamp, Edward Relstab and Fred Vanderwagon, the

Ferrysburg youths, who pleaded guilty in Justice Hutton's court of Grand Haven some time ago to assault and battery upon August Hartel appeared in circuit court Saturday afternoon. Justice Hutton fined them \$50 and costs and the young men appealed to circuit court. Judge Padgham held that Fred Vanderwagon, by his own statement was the only one guilty of the assault and he stated that the fine in justice court was entirely unreasonable. The fine the court imposed upon him was \$5 and the other two prisoners were discharged immediately.

Premium List For Poultry Show And Corn Exhibit

The premium list of the sixth annual exhibition of the Holland Poultry & Pet Stock association and Corn Exhibit which will be held in this city December 13, 14, 15 & 16 shows wonderful enterprise on the part of the association and is an eloquent argument that the show will be a huge success. The three grand silver cup specials are an indication of the liberality of the prizes.

The H. P. and P. S. association offer for the highest scoring breeding pen and variety, except bantams, turkeys, geese and ducks, one silver cup, value \$25.00.

The Partridge Wyandotte club of Holland offers for the highest scoring breeding pen of Partridge Wyandottes, one silver cup, value \$10.

The Silver Penciled Wyandotte club of Holland offers for the highest scoring breeding pen of Silver Penciled Wyandottes, one silver cup, value \$10.00.

Then there are the cash prizes. They are liberal and will prove an attraction to many a fancier.

The corn exhibit promises to be a hummer. The cash prizes alone amount to \$25, the highest being \$2.50 and the lowest \$1.00. This ought to be an incentive for the farmer boys to bring ten ears of corn and help make the exhibit a success.

The greeting in the premium list follows:

"The Holland Poultry and Pet Stock Association and Corn Exhibit herewith presents their sixth annual premium list of their combined exhibition to be held in Holland, Mich., December 13th to 16th inclusive. The high standard of our previous shows is a positive proof that the 1905 exhibition will be the banner show in Michigan.

In connection with our Poultry Show we have added a new feature, "The Corn Exhibit," and we consider ourselves fortunate in being able to have Prof. J. A. Jeffrey of the Michigan Agricultural College act as judge in this department.

We invite every one to take a part in both exhibitions and strive to gain one or more of the valuable special premiums.

To the wide-awake advertisers and donors of the special premiums is largely due the success of our sixth annual premium list. We wish to thank them and all those who have so willingly assisted us in the preparation of the catalogue.

Hoping to see you at our Poultry Show and Corn Exhibit, we remain very truly yours, H. P. & P. S. Association and Corn Exhibit. L. S. Sprietsma, secretary."

Coroners Jury Scouts Suicide Theory In Spagnolo Case

Antonia Martini, George (Joseph) Spagnolo, and Mrs. Peter Spagnolo, will have to return to this city for preliminary examination before Justice Van Duren Monday afternoon, November 27. They were here last Monday but there was not sufficient time after the coroners inquest to take up the examination and as Prosecuting Attorney Pagelson will be busy in circuit court for a couple of weeks the hearing had to be adjourned until the 27th.

The coroners jury consisting of A. Van Duren, E. P. Stephan, H. Van Tongeren, C. Nibelink and Peter Boot brought in a verdict that Peter Spagnolo met death by shots from a revolver on the evening of November 5 by a person unknown to the jury, and "that it is to this jury known that it was one of three persons, viz: Antonia Martini, George (Joseph) Spagnolo or Maria Vetere, and that the person is known to said three persons named and by them concealed."

Charles H. McBride was excused from jury service on his own request on account of being retained to defend the three who are under charge of murder.

Few new points were brought out at the inquest. Drs. J. J. Mersen and D. G. Cook who made the first post mortem examination and who were the first physicians to appear at the scene of the tragedy advanced the opinion that it would be impossible for any person to inflict upon his body wounds such as were found on the body of the murdered man.

They further stated that if the bullet wounds had been self inflicted that it would have been necessary that the revolver be held close to the

clothing. There were no powder marks on the clothing, hence it is not at all probable or scarcely possible that the wounds were self-inflicted. Drs. Cook and Mersen also claim that the bullet which first entered the body entered the right side and came out the left side, having pierced the heart. This would have caused instantaneous death.

Dr. Mersen testified that it would be a physical impossibility for Spagnolo to have inflicted both wounds in his back with the same hand. Dr. Mersen pointed out the bullet holes in Spagnolo's clothing as corroborative evidence and also showed the absence of powder burns on the coat where the bullets entered the back. Both doctors testified to the position in which Spagnolo's body lay when they first saw it, which testimony agrees perfectly with that previously given by Officer Dornbos, who was the first person to enter the room after the shooting. They all testify that the man lay on his face with his head toward the door, his right hand holding a partly smoked cigar and his right arm doubled up under his chin. The revolver lay between the right shoulder and the wall and to all appearances was placed there. The man's cap lay in a pool of blood on the floor.

E. J. O'Leary testified that he heard three shots about 9:20 o'clock the evening of the tragedy, the first being fired a few seconds before the other two, which followed each other in rapid succession.

He immediately walked to a window, where he could look into Spagnolo's house. He saw the form of a woman sitting in the room back of the store. A few seconds later he saw Martini, or the tall man, as Mr. O'Leary expressed it, enter the room in which the woman was sitting, he having come from the rear of the house. O'Leary claims that Martini was partially undressed and acted excited, passing back and forth several times from the rear rooms to where the woman was sitting. He also testified that he saw Joe Spagnolo, brother of the dead man, come into the room where the woman was shortly after Martini entered.

The witness further stated that Martini took a lamp and went into another back room. Mr. O'Leary also stated that he saw Mrs. Marie Spagnolo hanging over a fence in the rear of the store, crying bitterly about 4 o'clock that same afternoon, which evidence tallies closely with that previously given that the woman was severely beaten by her husband that afternoon.

Officer C. J. Dornbos was called to testify next. He was the first officer to reach the scene after the shooting. He related in detail the finding of the body and the revolver. Dornbos stated that the revolver was not found until after he had asked Martini where it was, and the latter pointed to the dead man.

He did not look for the gun further until he had notified other officers, when the weapon was found under the dead man's shoulder. He further testified that Joe Spagnolo told him that Martini went to bed at 8:30 and that he himself was fast getting ready to retire in the same bed when he heard the shots. Dornbos, with others, carefully examined the bed and found the clothing undisturbed except that the quilts were turned down at one corner.

City Marshal Dykhuis was the next witness, and he corroborated the testimony of Officer Dornbos, except that he claimed that Joe Spagnolo had told him that he and Martini had been in bed some 10 minutes when the shots were fired. Dykhuis further stated that he heard Mrs. Spagnolo say that she was in the back yard when the shooting took place, although Spagnolo and Martini claim the woman was locking the door when the shots were fired.

Sorenz Collini, a hotel employee of Grand Haven, appeared as interpreter for the people and was called to testify as to what evidence he had obtained from the three Italian prisoners with whom he had been placed in the county jail for several hours Saturday night in order to obtain an interview with the three suspected murderers.

Collini has lived with Italians for several years, and although an Austrian by birth, speaks the Italian language well.

Joseph Spagnolo was given to talking the most with him and said that he, with Martini and Mrs. Spagnolo were sitting around the stove until 8:20 that night when Martini left for another room saying he was going to bed.

Joseph claims he started for bed at 10 o'clock intending to sleep with Martini. He claimed also that the room was so dark that he could not see whether Martini was in bed and that he turned down the covers himself and was sitting on the edge of the bed taking off his shoes when he heard the shots.

Collini was unable to secure any evidence from Martini, who refused to talk. No valuable evidence was secured from Mrs. Spagnolo either.

Remember, November 20, at Hotel Holland.

The three arrested Italians were
at the inquest, but did not testify, as
Attorney McBride refused to have
them sworn as witnesses while under
arrest.

Commenting upon the case the
Grand Haven Tribune says:

"The murder case will prove to be
one of the most baffling and most
difficult to solve of any which has
come to the notice of the officers in
Ottawa county for years. Which one
of the three did the shooting and
what was the motive? is the ques-
tion. Was it the secret love of Mar-
tini for the pretty Mrs. Spagnolo,
which fired a hot blooded Latin
heart to an unreasonable passion?
Was it a family quarrel caused by
the cruelty of the dead man toward
his young wife which caused a re-
vengeful shot to end the unfortunate
man's career? Was it a fatal shot
fired in self-defence while the crazed
Spagnolo was assaulting his wife?
All of these questions are coming up
in a vain effort to throw some light
upon the mystery.

"There is little doubt in the minds
of the officers but that murder was
committed and by one of the three.
But all cannot be punished for murder
and it is difficult to find the
guilty one.

"As to Joseph Spagnolo, the dead
man's brother, who sobs away much
of the time at the jail, people are in-
clined to leave him out of the impli-
cation. He has always held the great-
est respect for his brother, Peter
and he was torn by sorrow the night
of the murder. It is true that he says
that Tony Martini was in bed when
the shots were fired, but it is a ques-
tion whether he knew anything
about it.

"The bed in which the two men
slept is a very wide one and the
room was dark. Tony had gone into
the bed room before Joe and that is
the only reason why Joe supposed
him to be there. The younger Italian
supposing Tony to be already asleep
began undressing and was engaged
in going to bed when the murder
took place. The holders of this
theory believe that Tony was not in
the room at all but had gone out a
rear door into Pietro's apartments
That is just theory but it credits
Joseph with telling the truth.

"As to the woman, she is not con-
sidered greatly in the theory and

perhaps beyond a knowledge of the
particulars of the affair, she is not
guilty of the crime.

"However they are prisoners at
the jail now and very down hearted
ones at that. The woman's little girl
is her only comfort and the child is
kept at the jail constantly. She plays
with the sheriff's children and will
soon speak English as fluently as
the other little ones."

A Talk With the Man

Who Honestly Wishes to Sell His House at an Honest Price.

Eight Reasons why He Should List it with the R. H. Post Agency for the season of 1906.

FIRST—Because he advertises more extensively than all other Holland agents combined, and will agree to advertise all property placed in his hands.

SECOND—Because he sells entirely on commission, giving all property an equal chance, and an equally energetic effort.

THIRD—Because located in the center of the downtown business district all new-comers inquiring about real estate go directly to him.

FOURTH—Because his sales during the past season were over \$50,000.00, including more than 35 houses, every one bona fide sales, made and carried out entirely through his efforts.

FIFTH—Because he will gladly furnish a list of those who have sold or purchased houses through his agency during the past year—every one satisfied.

SIXTH—Because he attends to every detail of the business for you, places loans, make out deeds and mortgages, examines abstracts, takes the whole responsibility from you.

SEVENTH—Because early in 1906 he will issue a booklet advertising Holland and Holland property, and will gladly include your house, without charge.

EIGHTH—Because his motto is

No sale—No charge.

The President's Advisers Are Entreating Him to Ignore the Tariff Revision Question in His Forthcoming Message.—Washington Dispatch.

POLAND AROUSED BY CZAR'S ACTION

EMPEROR REFUSES TO GRANT
AUTONOMY—MARTIAL LAW
IS DECLARED.

The People in a Wild Rage and a Revolt Is Apparently Near—Action Increases Hatred of the Emperor.

St. Petersburg, Nov. 13.—The declaration of martial law throughout Poland is evidence of the determination of the government to try to nip in the bud the movement to regain the autonomy which the kingdom of Poland possessed under the constitution which was suppressed after the revolution of 1863.

No Autonomy for Poland.

St. Petersburg, Nov. 13.—Poland is not to be permitted to become a second Finland. The Russian government in a strongly worded communication published this morning serves notice on the Polish nationalists that, for good or ill, the ancient kingdom of Poland has now become an integral part of the Russian empire, and that while the government intends to fully observe the national rights of Poland, any attempt to wrest Polish autonomy from the emperor would be considered an act of revolt and would lead the Poles into the sorrowful paths trod by them in 1831 and 1863. The Russian authorities recognize the gravity of the movement in which two antagonistic parties, the nationalists and the socialists, under the leadership of such Poles as Henrik Sienkiewicz, the novelist, have joined forces, and they declare that none of the benefits of the emancipation manifesto can be conferred on a "country in revolt."

People Filled with Rage.

Warsaw, Nov. 14.—Wild rage fills the hearts of the people of Russian Poland as a result of the czar's brutal dashing of all their hopes for autonomy. Although the great movement throughout Poland in favor of self-rule has been accompanied by little or no disorder, and with none of the frightful scenes of horror and bloodshed that have marked the risings in other parts of the empire, the emperor has now responded to the peaceful appeal of the Poles with a ukase not only denying them their boon, but refusing them all participation in the constitutional government granted the rest of the country, and, adding insult to injury, has declared martial law in their province.

The first announcement of this action by the czar amazed and stunned the people, but as they have had time to grasp its full significance a savage, unreasoning anger has spread like wildfire through the populace, and rebellion is now in the hearts and on the lips of all. Everywhere fierce denunciation of the czar is heard, and bitter hatred for the autocracy is openly expressed.

Already leaders in the fight for autonomy have given up all hopes of a peaceful solution of the problem, and are now engaged in spreading the propaganda of open revolt. Inflamed with passion over the monstrous injustice that has been visited upon them by the short-sighted ruler, they are laying plans to begin a bloody struggle for absolute liberty, that, coming at this critical time, seems likely to end in the disruption of the Russian empire and the reestablishment of the ancient Polish kingdom.

Many Cottages Destroyed.
Indianapolis, Ind., Nov. 13.—One hundred and ten cottages with their contents were destroyed by a fire which swept Acton Park, 14 miles southeast of this city, Sunday afternoon. The loss is estimated at \$50,000.

Many Killed.
Johannesburg, Transvaal Colony, Nov. 14.—A vertical shaft in the Driefontein mine collapsed Monday. One white man and 67 natives were killed.

TIED ON RAILS TODIE.

Verdict of Coroner in the Kenyon College Tragedy—Direct Blame Not Fixed.

Mount Vernon, O., Nov. 13.—Stuart L. Pierson, the Kenyon college student who was killed by a train on the night of October 28, while being initiated into the Delta Kappa Epsilon fraternity, was declared Saturday by Coroner Scarborough either to have been tied to the track or bound in such a manner that he could not free himself from his perilous position, and while lying helpless to have been run over by the engine.

The coroner says in his findings that because the body was taken out of the county before he could see it, the bridge where the death occurred scrubbed and washed, and all evidence otherwise destroyed, he was compelled to rely upon the testimony of witnesses, and under the peculiar circumstances of the case it is impossible for him to determine the names of the persons responsible for Pierson's death. He accordingly submits his findings for action by the prosecuting attorney, who will lay the case before the Knox county grand jury.

LAW IS UPHELD.

Supreme Court Decides Money Lost at Gambling Must Be Returned.

Washington, Nov. 14.—The Ohio anti-gambling statute was upheld in an opinion handed down in the supreme court of the United States Monday by Justice Peckham, in the case of William Marvin vs. Belle Trout. The case involved the constitutionality of section 4273 of the Revised Statutes of Ohio authorizing any person who loses money at gambling to bring suit for its recovery. Mrs. Trout is the wife of Frank Trout, and Marvin the owner of the building in Findlay, O., in which Frank Trout is alleged to have lost \$5,082 on one occasion, and \$1,794 on another. Mrs. Trout sued under the state law to recover, and was given a judgment by the trial court. That judgment was sustained by the state supreme court, and the opinion confirmed the decision of both of these courts.

Six Years for Cunliffe.

Pittsburg, Pa., Nov. 13.—Edward G. Cunliffe, the express company's clerk who on October 9 stole \$101,000 from the Adams Express company's agency in this city, has been sentenced by Judge James R. MacFarlane in the criminal court to two terms of three years each in the Western penitentiary and two fines of \$100 each and all costs of the prosecution on two charges of larceny, making a total term of six years' imprisonment. Six thousand dollars of the stolen money are still unaccounted for.

Prosecution Barred.

Washington, Nov. 13.—President Roosevelt has decided to take no action against Judge Francis E. Baker of the Seventh United States circuit in Indiana, charged by the civil service commission with soliciting campaign subscriptions from federal employees. Attorney General Moody reported that the alleged offense occurred in the summer of 1902, and that the statute of limitations barred any prosecution.

Dan Patch Makes Fast Mile.

Memphis, Tenn., Nov. 13.—Dan Patch, the pacing champion, in an exhibition mile Saturday on the track of the Memphis Trotting association, lowered the world's pacing record without a wind shield by 1 1/4 seconds, covering the mile in 1:58 flat. The former record of 1:59 1/4 was held by Star Pointer, made several years ago at Readville track.

Pioneer Banker Dead.

Oskaloosa, Ia., Nov. 14.—Hon. William T. Smith, Oskaloosa's first mayor and first banker, died Monday morning. He came to Oskaloosa in 1837 and engaged in the practice of law. He was president of the Iowa Central railroad for two years and engaged in many other business enterprises.

GOVERNMENT BEGINS SUIT Milwaukee Refrigerator Company and Railroads Attacked as Viola- tors of Elkins Law.

Milwaukee, Nov. 14.—United States District Attorney H. K. Butterfield and Assistant Counsel Charles Quarles Monday filed a complaint in the United States circuit court against the Milwaukee Refrigerator Transit company, the Pere Marquette, the Missouri, Kansas & Texas, the Rock Island, the St. Louis & San Francisco, the Wisconsin Central, the Alton and the Erie Railroad companies, and the Papst Brewing company, charging them with violating the Elkins law prohibiting rebates, discriminations and concessions.

The complaint recites that the Refrigerator Transit company was organized to acquire and operate refrigerator cars for the carriage of freight on the lines operated by the defendant railroad companies named herein, and of other railroad companies throughout the United States. The intent of the company, it is urged, was to exact, solicit and receive from the railroad companies "by way of rebates, concessions and discriminations, a large proportion of the moneys received by the said defendant railroad companies for the transportation of freight," and "to evade and violate the acts of congress hereinafter specified."

NEW YORK LIFE WILL FIGHT.

To Defend Right to Do Business in Missouri—Action in the Courts.

St. Louis, Nov. 10.—The New York Life Insurance company, through its attorneys, F. N. Judson and former Attorney General Crow, late Thursday afternoon applied to United States Circuit Judge Adams for an injunction to restrain State Insurance Superintendent Vandiver from enforcing his order prohibiting the company from carrying on further business in Missouri. The application was favorably passed upon by Judge Adams, who issued a restraining order directing William D. Vandiver, state superintendent of insurance, to appear before the federal court in Jefferson City November 20, and ordering that, pending the hearing, the superintendent's order be not enforced.

FREE SUIT CASE PRISONER.

Sweetheart of Chorus Girl, Victim of Mysterious Murder, Is Given Liberty in Boston.

Boston, Nov. 14.—Morris Nathan, who was arrested two weeks ago in Pittsburg in connection with the death in this city of Susanna Geary, the Cambridge chorus girl, was given his freedom in the municipal court Monday. The reason for this action was that the grand jury, which has considered all the cases growing out of the Geary girl's death and which indicted four persons, failed to find any indictment against him.

THREE NEGROES LYNCHED.

Mob Raids Jail at Henderson, Tex., and Hangs Alleged Murderers of a Farmer.

Henderson, Tex., Nov. 13.—Just after midnight Saturday a mob of 200 men broke into the jail here and overpowering the officers, took out John Keece, Robert Askew and one other negro. They were hanged in the public square. The negroes were arrested, with two others, a few days ago for the murder of a farmer about ten miles from this place. The other negroes were not molested, members of the mob claiming they were only accomplices and not principals.

Herrick the Only Loser.

Columbus, O., Nov. 13.—Latest developments have cleared up the post election situation in Ohio considerably. Practically complete returns on the entire state ticket show all the republican candidates except for governor have been elected by substantial pluralities. The figures given out by Chairman Dick show a range from 27,000 plurality on lieutenant governor to 39,000 on state treasurer.

Cotton Destroyed by Fire.

Athens, Ga., Nov. 13.—Athens was visited by a disastrous fire Sunday morning, which wiped out a large cotton warehouse belonging to Deadwiler & Co., and more than 1,500 bales of cotton stored therein, together with \$20,000 worth of flax belonging to the Aberdeen linen mills of this city. The cause of the fire is unknown. The loss will aggregate \$80,000, covered by insurance.

The date of the conference has been tentatively fixed for May next.

Illinois Town Fire-Swept.

FROM GIRLHOOD TO WOMANHOOD

Mothers Should Watch the Development of Their Daughters—
Interesting Experiences of Misses Borman and Mills.

Every mother possesses information which is of vital interest to her young daughter.

Too often this is never imparted or is withheld until serious harm has resulted to the growing girl through her ignorance of nature's mysterious and wonderful laws and penalties.

Girls' over-sensitiveness and modesty often puzzle their mothers and baffle physicians, as they so often withhold their confidence from their mothers and conceal the symptoms which ought to be told to their physician at this critical period.

When a girl's thoughts become sluggish, with headache, dizziness or a disposition to sleep, pains in back or lower limbs, eyes dim, desire for solitude; when she is a mystery to herself and friends, her mother should come to her aid, and remember that Lydia E. Pinkham's Vegetable Compound will at this time prepare the system for the coming change, and start the menstrual period in a young girl's life without pain or irregularities.

Hundreds of letters from young girls and from mothers, expressing their gratitude for what Lydia E. Pinkham's Vegetable Compound has accomplished for them, have been received by the Lydia E. Pinkham Medicine Co., at Lynn, Mass.

Miss Mills has written the two following letters to Mrs. Pinkham, which will be read with interest:

Dear Mrs. Pinkham:— (First Letter.)
"I am but fifteen years of age, am depressed, have dizzy spells, chills, headache and back-

ache, and as I have heard that you can give helpful advice to girls in my condition, I am writing you."—Myrtle Mills, Oquawka, Ill.

Dear Mrs. Pinkham:— (Second Letter.)
"It is with the feeling of utmost gratitude that I write to you to tell you what your valuable medicine has done for me. When I wrote you in regard to my condition I had consulted several doctors, but they failed to understand my case and I did not receive any benefit from their treatments. I followed your advice, and took Lydia E. Pinkham's Vegetable Compound and am now healthy and well, and all the distressing symptoms which I had at that time have disappeared."—Matilda Borman, Farmington, Iowa.

Miss Matilda Borman writes Mrs. Pinkham as follows:
Dear Mrs. Pinkham:—
"Before taking Lydia E. Pinkham's Vegetable Compound my months were irregular and painful, and I always had such dreadful headaches. But since taking the Compound my headaches have entirely left me, my months are regular, and I am getting strong and well. I am telling all my girl friends what Lydia E. Pinkham's Vegetable Compound has done for me."—Matilda Borman, Farmington, Iowa.

If you know of any young girl who is sick and needs motherly advice, ask her to address Mrs. Pinkham at Lynn, Mass., and tell her every detail of her symptoms, and to keep nothing back. She will receive advice absolutely free, from a source that has no rival in the experience of woman's ills, and it will, if followed, put her on the right road to a strong, healthy and happy womanhood.

Lydia E. Pinkham's Vegetable Compound holds the record for the greatest number of cures of female ills of any medicine that the world has ever known. Why don't you try it?

HYDE TELLS USE OF MYSTERIOUS LOAN

ITEM OF \$685,000 SET ASIDE TO BUY OFF SUITS AND PURCHASE STOCK.

POLITICAL GIFTS ALSO CAME FROM THIS FUND

Former Vice President of Equitable Informs Committee of How He Paid \$212,000 from Own Pocket to Restore Money to Society.

New York, Nov. 14.—James M. Hyde, formerly vice president of the Equitable Life Assurance society, testifying before the insurance investigation committee Tuesday, said that the objects of the mysterious \$685,000 loan by the Mercantile Trust company to the Equitable Life Assurance society were to buy off inconvenient suits, to buy up stock of the Equitable as it came into the market, and to make political contributions. Mr. Hyde said the only political contribution of which he knew was that of \$25,000 to Cornelius N. Bliss, treasurer of the republican national committee, in the last presidential campaign. This contribution was solicited by H. C. Frick, said Mr. Hyde. Last summer when the banking department called for the repayment of the \$685,000 and the Equitable Life repudiated it, Mr. Hyde said Mr. Alexander and Mr. Jordan raised as much as they could and then he, Hyde, made up the balance, \$212,000. He said he thought he was generous in this, as he had not received any benefit from the loan.

Stock Sold to Ryan.

Mr. Hyde said the Equitable stock which was bought with part of the loan secured by Alexander and Jordan was sold to Thomas F. Ryan for \$212,500 and the proceeds were turned toward the liquidation of the loan. In reply to Mr. Hughes the witness said he had never consulted with Mr. Jordan in legislative matters. Up to a short time ago he owned a place in Suffolk county which he since has sold, but he could not account for Mr. Jordan's instructions to Mr. Field, the "legislative generalissimo," as Mr. Hughes referred to him, with reference to a bill affecting Suffolk county. He said that while he was interested in water rights for fishing purposes, he was not a fisherman and none of the bills mentioned in Mr. Field's instructions were of personal interest to him in any way. Mr. Hyde knew nothing of a large part of the \$685,000 loan going to the Equitable Life to pay for cash items drawn by Mr. Jordan. He knew nothing of the whereabouts of Mr. Jordan, and added: "Not even the enterprising American newspaper knows where he is."

Mr. Hyde was the most conspicuous figure of the session of the committee. He testified that he was 29 years old and became second vice president of the Equitable one month after graduating from Harvard. He had always been brought up to believe his life work was to be the legitimate successor of his father, the founder of the Equitable. He had traveled and studied with that object in view. His father had instilled in him his views on life insurance. He was a director of the company two years before he graduated. From his earliest youth he had lived in a life insurance atmosphere and had expected to make it his life work.

First Salary Is \$30,000.

During his father's illness James W. Alexander turned over to him little by little matters of detail. He did not receive a salary upon his first connection with the company. He was offered a salary, but declined. The president and various members of the executive committee then suggested that as he had qualified himself by two years' work he should have a salary and President Alexander in 1900 fixed it at \$30,000. Mr. Alexander asked if this was agreeable to him (Hyde). In 1902 Gen. Louis Fitzgerald resigned as chairman of the finance committee and Mr. Hyde was appointed to the chairmanship. For the added responsibilities falling on Mr. Hyde his salary was advanced to \$75,000. His duties constantly increased in the various departments and in 1903 his salary was made \$100,000, at which it remained until his resignation last spring. The witness never spoke to any of the officers or members of the executive committee or in any way suggested an increase in his salary.

Not Familiar with Squire Account.

Mr. Hyde knew only by hearsay of the George H. Squire trustee account. The syndicate to float the \$50,000,000 International Mercantile Marine company was the syndicate in which Mr. Alexander asked Mr. Hyde to give G. H. Squire, trustee, a participation from the share of "J. H. Hyde and associates." His attention as vice president of the Equitable Trust company was never called to the Squire account. He did not know of what Mr. Squire was trustee and never inquired why Mr. Alexander wanted him to give George H. Squire, trustee, participation. Mr. Hyde said he received a salary of \$5,000 when he became vice president of the Equitable Trust company and in 1903 this was advanced to \$12,000.

Robert Kleyn died Wednesday morning at his home on West First street at the age of 58 years. He had been a sufferer from heart trouble for a number of years and later became afflicted with dropsy. His death occurred very suddenly about 4 o'clock in the morning. Mr. Kleyn was born in the Netherlands but came to this country at an early age and settled in this city. He followed many trades but devoted most of his early years to the securing of contracts for delivery of freight to different points for a commission. Mr. Kleyn was unmarried. The funeral services will be held Friday afternoon from the house at 2 o'clock, Revs. Merrill and Haan officiating.

Capt. Christie Fowler, well known in this city, is being featured by the state papers this week on account of his great height. Christie formerly lived in Montague and for a time was mate on the Soo City when it plied between here and Chicago. He was six feet seven inches in those days, but the papers say that at present he is six feet nine inches and weighs from 200 to 230 pounds. Christie is now captain of the steamer Chequamegon which runs between St. Ignace and The Snows. When he took command of the Chequamegon, two years ago, the pilot house was too low for him. It was tiresome for him to stand hours at a time in a crouching position, so the owners raised the ceiling and he now moves about the house with ease. When walking between decks, where an ordinary sized man may pass with much room to spare, the captain is compelled to stoop so low that he can almost reach the floor with his hands.

Governor Warner called attention in a public address, not long ago, to the way Michigan is left in the rear by her sister state of Wisconsin in the cheese industry. According to the United States census figures our neighbor over the lake beats us nearly five to one, producing 1,635,000 pounds, to our 331,000. New York reports 2,624,000, and California 429,000. Ohio 1,167,000, and Pennsylvania 857,000. All of those states have more acres in farms than we have; but what shall we say when Maine, Vermont, Maryland and Oregon outrank us as cheese producers, so that we have to take tenth place? Michigan ranks seventh in milk, and fifth in butter. Only Ohio, New York, Pennsylvania and Iowa make more butter, ranking in that order, and Wisconsin moves down to tenth place while holding fourth in milk. That accounts for the cheese. Our state ranked sixth in apples, when the census was taken, but it is doubtful if it would now. In wool, Ohio alone among the states east of the Mississippi River outranks us.

One of the nerviest schooner captains on Lake Michigan is Capt. Henry Schippers of the little schooner D. A. Wells of Grand Haven. Last Friday night the doughty old skipper came to his own again. With a 45 mile an hour gale blowing, the little Wells was sighted off Ludington, signaling for a tug. None would venture out in the storm and the vessel was in imminent danger of blowing on the beach, when the captain decided to risk everything and put into port under his own sail. By the most excellent seamanship the schooner was headed into the narrow entrance between the two piers and sailed into the harbor without a scratch. Old sailors who saw Capt. Schippers perform the feat said it was little short of a miracle. The Ludington life savers were ready to put out to the endangered boat at any moment. The Wells formerly hailed from this port, and was sailed by Capt. Harry Raffenaud.

Ex-sheriff Ed. Vaupell was in the city Monday morning and his visit recalls one of the stirring incidents connected with his tenure of the sheriff's office. Mr. Vaupell was a splendid officer and a nifty one. One of the worst crooks he handled during his four years in charge of the county jail, and one of the most desperate men, who ever occupied a cell in the Ottawa county prison, was Norman Sweeney. Sweeney was the leader of a desperate gang of horse thieves which operated in northern Indiana and southern Michigan. Their rendezvous was the Kankakee swamp country and they were defiant of all laws. Sweeney one summer's night stole a valuable team belonging to the Jenisons of Georgetown. He was traced in his flight to Indiana, captured and brought to jail. He was recognized by city detectives as one of the most successful crooks in America. Sweeney was wealthy in fact—rich as the result of his long continued operations. He lived a Jekyll and Hyde life. In southern Chicago he was a successful real estate agent while among the gangs of northern Indiana thieves he was the recognized leader. The case against him here was a certainty and Sweeney knew it. He managed to get an iron bar in the jail and secreting himself behind the door, laid in wait for the sheriff with the intention of braining him and regaining his freedom. Mr. Vaupell got on to his murderous intention just as he was about to carry it out and the whipping Sweeney got was no joke. Sweeney eventually pleaded guilty and went to Jackson. He took to eating soap, which gave him all the appearance of being on the last legs with consumption and was pardoned. Six months later some of his powerful friends, of whom he had many, sent the report broadcast that he had died down in West Virginia. But several years after Sweeney was seen in Grand Haven and Coopersville and was recognized by an officer who took part in the memorable chase which resulted in his capture. Ed. Vaupell went back to Holland after his term of office and has prospered in business there. He has a host of Grand Haven friends who always are pleased to shake his hand when he visits the city and talk over old times.—G. H. Tribune.

Josephine Oom lies dead at the home of her father, east of Grand Rapids on the Bridge street road, shot through the head. Her sister Jennie has the second finger on her right hand shattered by a bullet.

This ghastly work is the result of a meeting with an unknown highwayman at 7 o'clock last night, as the girls were on their way home, accompanied by their brother, John Oom.

The dead girl worked for George A. Horner, public accountant, with an office in the Houseman building, Grand Rapids. She was a stenographer. Her sister had a position as saleswoman at the Boston Store.

Their father was in the habit of meeting them at East street, near the end of the Bridge street car line, with a buggy every night and taking them home. Occasionally their brother John drove the buggy which met them. He was driving last night.

As they neared the bridge over Coldbrook a man stepped out of the gloom and advanced toward the horse's head.

"Throw up your hands!" rang out his command.

It was followed almost instantly by the report of a revolver. The horse shied to one side and started on a run up the road.

Another shot followed the first so quickly that there was hardly an interval between them. John Oom laid the whip on the horse's back and the buggy sped toward home.

"He's shot me, John," screamed Jennie. "Did he hit you, Josie?" There was no answer. One of the

bullets from the fellow's revolver had entered the corner of the girl's right eye and penetrated the brain, probably causing instant death.

The frightened horse made good time, and the home of the young people, less than a quarter of a mile from where the shooting occurred, was soon reached.

There it was discovered that Josephine was dead, the bullet evidently killing her instantly, and that the second finger of Jennie's right hand was shattered.

No clue to the murderer has been obtained, but the whole force of Grand Rapids detectives are working on the case.
