CITY AND VICINITY.

City treasurer Arie Van Toll has received \$17,534 as part of Grand Haven's share of the primary school money, recently awarded by the state.—G. H. Tribune.

The U. S. dredge General Gillespie has completed the harbor work at Holland for this fall and started for Frankfort Sunday afternoon, but finding the sea too heavy she stopped at Muskegon till Monday morning.

Register of Deeds elect A. J. Ward has rented Captain Lysaght's new residence on Fourth street. Mr. Ward takes possession of the new home about December first.—G. H. Tribune.

John Karsten and Henry Reidema do not find trapping in the Robinson marsh as good as in previous years. They have caught about 50 muskrats, a few mink and a few skunks. Dick De Weerd during the time he can spare after factory hours has trapped along the river banks and has already secured 95 muskrats and two mink.

After an absence of 16 years in which he has traveled extensively in the United States, Mexico, Canada, and the Klondyke, John Kow returned to this city last week. He was sixteen years of age when he left and his parents lived here then. Now they live in New Holland and the meeting between parents and son was very affecting. There was every indication that the returned wanderer had prospered in the world's goods. He stayed here until last Sunday night, when he returned to Courteney, S. D., where he has been living the past seven years.

At last Monday night's council meeting of Grand Haven four bids for the sewer bonds of \$60,000 were received, but none of them were considered to be high enough and all were rejected. The bids received were as follows: T. L. Fuller Co., Cleveland, \$61,951; Otis V. Hugh, Cleveland, \$61,861.15; Hayes & Sons, Cleveland, \$61,805; S. A. Kean, Chicago, \$61,238. Upon the rejection of all the bids the matter has been turned over to the finance committee and left entirely in the hands of that committee to settle it as best they could. The bids were not as high as the ones submitted in answer to the previous advertisement and none of the concerns bidding before submitted propositions at this time.

State Deputy Game Warden Charles K. Hoyt returned Saturday night after spending some time in the north woods on the lookout for violations of the game laws. Mr. Hoyt states that several deer were found that were being shipped out of the state and a large number of birds were illegally killed. One moose was found which had been killed and was being shipped out of the state. It is illegal to kill moose at any time, but no trace of the violators could be found. The moose was confiscated by the state as was much other illegally killed game and is now in cold storage at Mackinac. The weather has not been cold enough to keep game in the woods any length of time and the hunters are shipping them home as soon as possible.

The oldest and most noted book store in the city, formerly owned by the Martin Estate has sold its entire stock of books and is now a thing of the past. The entire stock of miscellaneous books, including Christmas books, children's books, Birthday cards, Christmas cards, etc., has become the property of Henry Van der Ploeg, who will add to his already complete stock. The Martin book store was established years ago by Mr. H. D. Post, and for many years has been the best known and leading book store in the city. Its stock has always been kept up to date and was kept in excellent condition. For high-class literature and fine gift-books it has made a name for itself. Added to the already large and complete stock of Mr. Van der Ploeg, this will make a collection of books off-red for sale, of which any city might be proud.

Four Die at the Mouth of Holland Harbor.

On The Breakwater.

Severe Storm Causes Death and Destruction in Its Wake.

The Dead:
Thomas Bennet.
Alvin H. Nelson.
Martin Woodward.
Geo. LaChaine.

The life saving crew went to the rescue at 8 o'clock this morning of the four men who were caught in the storm on the breakwater, but found only the dead bodies of Bennet, Nelson, and Woodward in the crib. LaChaine's body has not been recovered and there is no doubt but that he was the one swept off by the heavy sea at about dusk last evening. The crew has been working over the three men found, but to no avail. The dreadful story follows:

The terrible storm of yesterday raised havoc at Holland harbor: Four men, Tom Bennett of the firm of Bennett & Schnorbach, the Muskegon contractors, Alvin Nelson, son of Ex-sheriff Peter Nelson, of Muskegon, George LaChaine, of Holland, formerly of Montague, and Martin Woodward of Fennville, were yesterday afternoon imprisoned on the crib of the new breakwater being constructed 700 feet from the harbor entrance and Ed Bennett, formerly of Muskegon, now living in this city over R. Kanter's store on River street, was washed on a scow from the crib to a point a mile and a half north of the north pier where he was picked up alive after a thrilling combat with the waves.

The five men went out to the crib shortly after noon to spike down some of the decking. The wind was from the east and this offshore breeze of course did not kick up a sea. About two o'clock scuds came hurrying from the south foretelling a southerly blow and Foreman Bennett gave the word to start back to the harbor. But the elements were too fast for them and before they were ready to leave the crib the storm was upon them. It came with a suddenness that was appalling and battered the launch and the scow in an alarming manner. The scow was tilted to the crib and the launch with the men in it trailed astern. Before the lines could be cast loose the waves threw the bow of the launch upon the scow and in a short time the launch was pounded into uselessness. The men jumped from the launch to the scow but the transfer was accompanied by great peril. Tom Bennett fell into the waves twice in the attempt and was pulled out by the others. George LaChaine the first time threw him a rope and pulled him to where the others could help and the second time George was the first to grasp him by the arm and assist him aboard. The waves and current were so strong that Bennett's overcoat and one of his rubber boots were torn off.

After much difficulty Tom Bennett, Alvin Nelson, Martin Woodward and Mr. LaChaine got from the scow on to the crib work. Ed Bennett waited until he saw that the others were safely on the structure, and when his turn came to climb, it was too late, for before he could get hold of the timbers the line parted and the scow drifted away. His position was perilous indeed. Driven by the wind and pounded by the waves the scow travelled northward.

Said Bennett in describing the trip: "The old tub would stand first on one end and then on the other and I thought every minute it would be all day with me. The sea hit me awful hard and nearly pounded the strength out of me but I hung on for all I was worth, with one hand grasping the hoisting rope and the other a heavy chain. Two or three times I thought the scow would up end and that I would have to let go but I hung on until we were washed ashore about a mile and a half down the beach. Martin Witteveen and some others were there to help me off but I tell you I was nearly all in. It was the worst trip I ever took and I wouldn't go through it again for the whole government works."

Bennett came to his home in this city about 8:30 o'clock and by that time he had recovered his strength

Why do You Wear A Hat?

Easily answered, isn't it? It keeps your head warm. It protects you against colds. It is not only a necessity but a good investment. Did you ever stop to think the same way about a Chamois Vest?

A Chamois Vest

is like a suit of good underwear. It retains the natural heat of the body. If you retain the natural heat of the body you cannot take cold. It pays to keep warm. The teamster, the carpenter, the railroad man—in fact, every man whose work calls him out of doors, should wear a Chamois Vest. The woman who feels the cold easily, the convalescent who needs protection, should wear a Chamois Vest.

Every Magazine is full of Chamois Vests

at \$3.00. Perhaps they are worth the money—we don't know. But we offer the "Lakeside", made from the best selected chamois, lined with the finest grade of heavy flannel, knitted at the sides to insure a perfect fit, as good a vest as money and skill can make at

and did not appear to be much the worse for wear.

The men on the cribwork did not fare as well as he did. Two of them, apparently LaChaine and Woodward got under the decking on the stones below or on the timbers, and Bennett and Nelson clung to some of the piling and the timbers that topped the crib. Bennett kept waving his hat for help from shore, but his signal was not needed, for the life saving crew had been busy from the first minute that danger threatened. But a deplorable condition of affairs interfered with their work. On account of the repairs under way on the slide upon which the boats shoot into the water part of the slide was torn away and it was impossible to launch the lifeboat. The surfboat was anchored around the bend of the pier for emergencies and they had to go to the surfboat in small boats. This consumed much valuable time and when they finally were in the surfboat squared away for duty the storm had reached such fury that they could scarcely make headway against it. By the time they reached a point in the harbor opposite the lighthouse the onslaught of current, wind and choppy waves brought them to a dead stop. A line was thrown to willing hands on the pier and with this help the surfboat was rowed nearly to the end of the south pier. It was then up to the men in the surfboat to make the rest of the trip, but the elements were too much for them and after a desperate struggle they were slowly driven back into the harbor. So rapidly did the storm increase in fury that it was futile to again attempt to get to the crib in the surfboat and the life line was brought into requisition. Attempts were made to shoot the shottline over the crib but it was an utter failure. So fierce was the wind that before the shot went half the distance the bight of the line was thrown from

Zeeland.

The Wolverine Specialty Co. has started the erection of an addition to their plant 36 feet wide, 48 feet long, and two stories high. The addition will be joined to the west end of their present structure; the upper floor being designed for packing rooms, while the first floor will be used for the assembling of carload shipments and storage. The need of more room has long been felt, as, especially in the packing department, it was at a premium. The new addition will greatly facilitate the handling of goods, especially in car lots, in which quantities a large part of the output is sold.

Hamilton.

H. J. Fisher of Holland was in town last Thursday on business.

Mrs. Palmer, who lives with her daughter, Mrs. Fisher, in Holland, is very low and not expected to recover. The greater portion of her family reside in this place.

Night prowlers of a thievish character seem to be very active these days in this village. Mrs. Rose Siple has missed a buck-saw which hung in her woodshed, and now has put new locks on all her buildings. Other articles have been taken. Mrs. Siple says the locks will be left off long enough for intruders to bring back the stolen goods.

Our new cheese factory is well under way. It will adjoin Mr. Kolvoord's new cement grist-mill north of the Rabbit river bridge.

Owing to a misunderstanding with respect to a right-of-way between one residence of Abner Kelley and the meat market of J. E. Barkel in this village, on the Bee line road, Mr. Kelley put up a fence close to Mr. Barkel's market, entirely cutting off a side door, where Mr. Barkel used to unload his ice and meats. By the persistent efforts of Mr. Kelley in refusing to remove or take down the fence Barkel arrested Kelley.

Mrs. E. Tellman of Overisel, a sister of Mrs. G. Ensing of this place, was a visitor here last week.

Beaverdam.

S. Vander Meer, of Vriesland, has been operating a new Deering Husker in Beaverdam and vicinity. He worked on the farm of Andrew Schutt and took engine and husker from there to Folkert De Vries. The corn husker has all the latest improvements and is strictly up-to-date; it not only husks the corn but also seeds it, and with a blow-pipe throws it in any desired spot on the first or second floors of the barn. Mr. Vander Meer also runs a circular saw in connection with the husker.

About Coughs.

Some Reliable Local Advice.

"In conducting a large drug business we naturally meet a great many people at this season of the year who suffer from coughs, colds and bronchial troubles.

"As these troubles are easily controlled if the right means is taken to cure them, we want to say to the people of Holland that we guarantee our cod liver preparation, Vinol, will cure hanging on colds, stubborn coughs, bronchial and lung troubles quicker than any preparation we have ever sold.

"This is because Vinol contains no oil or grease to clog the system and upset the stomach, yet it does contain every one of the fifty odd medicinal curative elements actually taken from fresh cods' livers, with tonic iron added. Vinol is not a patent medicine; and you know what you are taking, so without reservation we recommend Vinol to cure coughs, colds, bronchial troubles, increase the appetite, build up the rundown, tired and debilitated, and create strength and renewed vitality for the aged.

"If Vinol fails to do what we say we will refund every dollar paid for it." Con De Pree & Co. Druggists.

NOTE.—While we are sole agents for Vinol in Holland, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

Saugatuck.

The class of '09, Saugatuck H. S. has elected the following officers: President, Harry Newham; Vice president, Joseph Heuer; Treasurer, Max Le Mont; Secretary, Russell Kitchen.

Until further notice the Saugatuck and Ganges Telephone Company centrals will be closed Sundays from 10:00 a. m. to 2:00 p. m.

The Saugatuck and Ganges Telephone Company have men at work putting the lines and phones in order for the winter.

S. D. Upham is making preparations for opening his bakery in the Stimson building. The old shed will be torn away from back of the building and a more substantial one put in its place in which the brick oven will be located which is large enough for all the business for some time to come and will be in charge of an experienced man. The front part of the store will be arranged for a sales room for bakery goods and confectionery besides having a lunch counter and an ice cream counter where ice cream and sundaes will be served in the summer season and perhaps soda.

The date of the Annual Saugatuck Fireman's dance is set for Dec. 25. It will be held in the Douglas hall.

John Slater has been quite sick at his home in Holland but is able to be out now. He has a position with the Heinz Co. waiting for him to take when he is able to work.

Douglas.

There will be a Thanksgiving dance at the Douglas Village Hall Thanksgiving night. Breyman's full orchestra of Holland will furnish the music and a good time is assured. Supper will be served by the Lady Maccabees in their hall. Bill \$1.00. Supper extra.

John Kramer, who has been operating Hampton Bros. feed mill for the past few weeks, has purchased the business and building for \$525. The mill is on a lot belonging to S. M. Hamlin which Mr. Kramer will also buy as well as the good will of the feed business Mr. Hamlin has been conducting.

Household Cares.

Tax the Women of Holland the Same as Elsewhere.

Hard to attend to household duties with a constantly aching back. A woman should not have a bad back. And she wouldn't if the kidneys were well. Doan's Kidney Pills make well kidneys. Here is a Holland woman who endorses this claim:

Mrs. M. Shonaker, 256 West 15th street says: "I suffered from constant heavy aching pains across the small of my back so that I could not rest easy at night in any position and during the day I felt tired and languid. The kidney secretions became badly affected, irregular, too frequent, scanty, and were attended by a good deal of pain besides depositing a heavy sediment. I suffered also from headaches and spells of dizziness so that I either had to sit down or hold on to something to keep from falling. I used a great many different remedies but without obtaining any benefit. Friends advised me to try Doan's Kidney Pills and I got a box at J. O. Doesburg's drug store and used them. They are the best remedy I ever tried, and I have no hesitation in recommending them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

"I have been somewhat costive, but Doan's Regulents gave just the results desired. They act mildly and regulate the bowels perfectly."—George B. Krause, 306 Walnut Ave., Altoona, Pa.

A specific for pain—Dr. Thomas' Electric Oil, strongest, cheapest, liniment ever devised. A household remedy in America for 25 years.

Made Happy for Life.

Great happiness came into the home of S. C. Blair, school superintendent, at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' Dance, which yielded to no treatment but grew steadily worse until as a last resort we tried Electric Bitters; and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by the Walsh Drug Co. Price 50c.

STUDENTS SHOOT POLICEMAN. University of Arkansas Boys in Riot at Fayetteville.

Fayetteville, Ark., Nov. 19.—Henry Rough, a policeman, was shot and seriously injured here Saturday night during a riot with students of the University of Arkansas. Three hundred college boys were parading the streets and giving their college yells because of an athletic victory over a rival college. When the officer asked the students to be less riotous they defied him and he arrested one of them.

The students then surrounded the officer and in the melee which followed he was shot in the back. Rough released the boy under arrest and fired several shots at the fleeing crowd, but none took effect.

SEIZE AND HOLD AUTO.

Glasgow, Scotland, Has Effective Penalty for Seizing.

If a child use his pocket knife to cut the bark off a tree, or carve his name on a mahogany table, the knife is taken away from him. This removes the temptation to mischief, deprives him of the object with which damage was done and punishes him by keeping from him that with which he could have much innocent amusement. Glasgow applies this method to automobilists who offend. The penalty is imposed upon the machine, and not the man. The automobile is seized and locked up for from ten days upward, according to the gravity or frequency of the offense. The owner is thus deprived of that which he was not using rationally, and the public is saved this risk of having a dangerous machine in the hands of a thoughtless person. If a man were caught lifting the dust off the road at the rate of 40 miles an hour in the spring and had his \$10,000 auto taken away from him and kept all through the long summer months, he would be likely to exercise greater care next season. It really looks as though the Glasgow bailiffs had discovered how to make the punishment fit the crime.

KEPT PLEDGE MADE TO WIFE.

Incidentally, Lawyer Also Got Stimulant He Wanted.

An Irish lawyer made a pledge to his wife that he would partake of no intoxicating liquor while engaged in the trial of a case. Soon after he was retained on an important trial in Dublin, and the court continued its deliberations until such a late hour that nearly every one connected with the case found it advisable to take some spirits to stimulate their energies. Although invited by his colleagues to have something, the lawyer remembered his promise to his wife and refused their repeated urgings. Finally, when he explained his plight to one of his legal friends, the latter said: "But you did not make a vow against eating liquor, did you?" When assured that the pledge applied only to drinking, the ingenious chum left the court room and soon returned with a plate of fresh hollis. The center of each roll had been scraped out and filled with good whisky.

Evils of Amateur Dieting.

Someone who has found facts on which to base the opinion thinks that the amateur dieting to which so many are given just now is productive of far more ill than it can cure. Dieting, no doubt, rationally and with due regard for the needs of the body, does in most cases improve the health. But for Smith to change his diet according to the formula Brown found beneficial without help or advice from a physician, is often a means of aggravating an already existing ill or of bringing on fresh ones. One man's diet may be another man's poison as is true a word, perhaps, as has been spoken, and accepting it as truth in this day of indiscriminate dieting may save many a good man from going from bad to worse in his attempts at self help.—Boston Transcript.

MOSES A PHYSICAL GIANT?

On Biblical Authority He Must Have Had Immense Strength.

Did you ever figure on the probable size and immense strength of Moses, basing your calculations on the dimensions of the tables of stone, as given by the Talmudic writers? In the Talmud (folio 35, column 8) it is said that the tables of stone upon which the commandments were written were six ells long, six ells broad and three ells thick. In the Bible, Exodus xxxii, 15, we are told that "Moses went down from the mount and the two tables of the testimony were in his hand."

"Hand," mind you, not hands, though it must be admitted that it would have taken a strong pair of hands to perform the task of carrying them, even on the level. Now, we will put the Talmudic and the biblical accounts together and apply the mathematical rule. The Hebrew ell or cubit was, at its least estimate, a measure of 18 inches, which would have made each of the tables a stone block nine feet long, nine feet wide and four and one-half feet thick. If common stone weighed as much as the square foot then as it does now the tables would tip the beam at about 28 tons! Was Moses one of the giants of those days or has someone made a mistake in calculations or in the statement of supposed facts?—Exchange.

FAIR EXCHANGE.

Right early in the morning—A morning fresh and clear, With dew upon the clover—A traitor gleam of witiness Beyond a trellis tall; 'Twas Daphne stealing blackberries Across my garden wall!

I slipped around the arbor And caught her, quite alone, Perched in audacious fashion Upon the gray old stone. Though stained were slender fingers And putting lips with red—'Twas Daphne blushed more deeply And hung her dainty head.

Then gravely I exacted The penalty incurred; A kiss for every berry. Witnesses: Bee and Bird.

O berries, berries, ripen. To tempt her, one and all, Each early morn to steal ye Across my garden wall!—Aldis Dunbar, in N. Y. Times.

TRUCE FOR NEGRO TROOPS ORDERED

FURTHER DISCHARGES OF COLORED TROOPS SUSPENDED BY SECRETARY TAFT.

War Department Deluged with Protests and Further Investigation May Be Made of the Shooting Incident at Brownsville, Tex.

Washington, Nov. 20.—Acting under orders of Secretary Taft, Maj. Gen. Ainsworth, the military secretary, has directed that further discharges of the men of the twenty-five negro companies of the Twenty-fifth Infantry, on account of the shooting at Brownsville, Tex., be suspended pending further orders. The action, it is stated, is in order to await the return of Secretary Taft to Washington and is pending further advice from President Roosevelt, who has been communicated with on the subject.

The war department has been deluged with protests against the order directing the discharge of the three companies. It is reported that a further investigation will be made and that certain officers may be called on for an explanation in connection with the movements of these men at the time the Brownsville incident occurred.

What Mr. Oliver Says.

"The three companies of the Twenty-fifth Infantry were ordered discharged because it is not safe to have them in the army. They cannot be trusted and for the protection of the public and the preservation of the discipline of the army their discharge is necessary," Acting Secretary Oliver of the war department, said Monday.

"The idea seems to prevail that the men were ordered discharged because they refused to tell on their companions and because they are black. Nothing could be further from the truth. These soldiers shot up a town. All of them refuse to tell anything about the disgraceful affair at Brownsville which resulted in murder. The companies are shielding murderers. There are men in the companies who are criminals of the worst sort. Every effort possible has been made by the war department to find the guilty men, but without avail. If these companies were permitted to remain in the service and were to shoot up another town and again endanger the lives of citizens the war department would be in an indefensible position. It is impossible to court-martial each of the men in these companies, for a charge cannot be preferred against every one of the members of the companies. The government has no means of punishing the crime committed except by discharging all the men."

More Protests Made.

New York, Nov. 20.—Resolutions disapproving the action of President Roosevelt in dismissing from the army without honor three companies of negro soldiers who were members of the Twenty-fifth Infantry, were adopted Monday by an organization known as "The Colored Baptist Ministers of Greater New York and Vicinity."

HOTEL BURNS; FIVE DIE.

The Windsor at Regina, Manitoba, Destroyed by Flames.

Regina, Man., Nov. 20.—The Hotel Windsor, largest in this city, was destroyed by fire Monday, and five people were burned to death. There were 65 guests in the hotel at the time of the fire. The dead: W. Musster, manager of Regina Milling company. L. Musster, assistant manager of the Regina Milling company. Donald Kalker, day porter. Robert Johnson, well borer. Harry Jones, a hotel employee. Several others were burned, some of them are expected to die. The cold weather hindered the work of the rescue. The loss is \$100,000.

SEVERE STORM DOWN SOUTH

GREAT DAMAGE TO PROPERTY IN SEVERAL STATES.

Violent Wind and Rain in Mississippi, Arkansas and Tennessee—Five Lives Known to Be Lost.

Memphis, Tenn., Nov. 19.—Telegraphic and telephonic communication received from points in Mississippi, Arkansas and Tennessee for a distance of several miles report that territory to have suffered Saturday and Sunday from one of the most destructive rain and wind storms experienced in years.

Only meager details are as yet obtainable, but five lives are known to have been lost and great damage was done to property and crops. Railroad traffic from this point is completely demoralized by numerous washouts and many trains have necessarily been annulled.

From the reports so far received the greatest damage occurred in the central and delta regions of Mississippi.

Telegraphic communication is completely prostrated.

The wind storm was preceded and followed by heavy rains causing serious washouts along the route of the Illinois Central railroad and badly damaging crops.

New Orleans, Nov. 19.—Much of the northern half of Mississippi was cut off from telegraphic communication with New Orleans Sunday, poles and wires having gone down in the storm.

Reports reached the Western Union Telegraph company here that the storm was of cyclonic intensity in the region of Winona and Grenada.

FOOLISH RUN ON BANK.

Depositors Take Funds from Chillicothe, O., Savings Institution.

Chillicothe, O., Nov. 20.—A careless remark made by some citizen unknown to the police started a run on the savings bank of this city Monday. It began at noon and continued all afternoon until late in the evening.

Men, women and children quit their employment and ran to the bank breathless. One depositor said he saw a statement of the closing of the doors of the bank published in one of the evening newspapers. It was discovered, however, that he saw the bank's semi-annual statement, which read balance on hand at close of business November 10, and he considered that the statement meant that the bank was to quit business.

HEARST WANTS NO OFFICE NOW.

Editor Asserts He Will Never Again Be a Candidate.

San Antonio, Tex., Nov. 19.—William R. Hearst, recently Democratic candidate for governor of New York, was here Saturday for a few minutes on his way to Monterey, where he has mining interests. He was accompanied by the members of his family. In discussing what his future course will be in reference to politics in New York he said: "I will never again be a candidate. I shall continue to reside in New York and advocate and support the principles of reform which I have always stood for, but these principles are now sufficiently understood by the general public for it to be no longer necessary for me to be a candidate."

Dr. A. S. Crapsey Suspended.

Buffalo, N. Y., Nov. 20.—Rev. Dr. Algernon S. Crapsey, of St. Andrew's Episcopal church, Rochester, is condemned to suspension from the church as a result of the decision of the ecclesiastical court of review, which was made public Monday. The court of reviews sustains the decision of the lower court, which was that Dr. Crapsey should be suspended for heretical teachings.

Brakeman Killed in Wreck.

Sioux City, Ia., Nov. 20.—One man was killed and two injured in a rear-end collision of freight train on the Chicago Milwaukee & St. Paul road near the western limits of the city Sunday. The dead man is Brakeman William Bates, of this city.

ROOSEVELT REFORMS PANAMA CANAL WORK

PRESIDENT PLACES WORK ON ISTHMIAN ZONE UNDER DIRECTION OF SHONTS.

Rumor of Changes in Waterway Commission—Chief Executive Sails for Porto Rico After Expressing Pleasure at Progress on Ditch.

Washington, Nov. 20.—An order signed on the isthmus of Panama by President Roosevelt making radical changes in the organization of affairs of government for the canal zone was made public Monday at the offices of the commission. The effect of the order is to place the canal work and the government of the zone under the direction of Chairman Shonts, aided by chiefs of bureaus who will report directly to the commission, thus eliminating the office of governor.

Supreme Rule For Shonts.

The order gives to Chairman Shonts supreme authority over all departments. It reorganizes the entire workings of the commission in accordance with the president's view of controlling the situation under his plan to press the excavation as rapidly as possible. The executive committee of three members, each the head of a department has been abolished, and in its stead seven departments are created, and the chief of each will report and receive instructions from the chairman of the commission. These departments will be under the direction of John F. Stevens, chief engineer; Richard R. Rodgers, general counsel; William C. Gorgas, chief sanitary officer; D. W. Ross, chief purchasing officer; E. S. Benson, general auditor; J. William, disbursing officer, and Jackson Smith, manager of labor and quarters. The president will take up the question of the appointment of a new commission upon his return to Washington. It is believed here that in addition to Mr. Shonts Messrs. Stevens, Rodgers and Gorgas will be commissioners. At present the acting commissioners are Messrs. Shonts, Stevens, Rear Admiral Endicott, B. Harrod, and Brigadier General Haines. There are two vacancies. It is said that Endicott, Harrod and Haines are slated to retire. Chief Engineer Stevens will be second in authority, and will act in Chairman Shonts' absence. The general counsel will exercise the authority heretofore invested in the governor of the zone.

President Leaves Panama.

Colon, Nov. 20.—The United States battleship Louisiana, with President Roosevelt and party on board, sailed from this port at ten o'clock Sunday night for Ponce, Porto Rico. The president was given a hearty farewell, and said that he had enjoyed his trip to the isthmus thoroughly.

At half-past eight o'clock President Roosevelt reached pier No. 11, where there was an enthusiastic gathering of at least 800 persons, principally canal employees at Cristobal and other points along the line. Here the president ascended the band stand and made a 30-minute speech. In giving his impressions of the work on the canal, he said he was pleased with what already had been done, and paid his respects to those who had adversely criticised the work.

"How about Poultney Bigelow?" came from among the auditors.

With much deliberation the president remarked that in every large work there was always some one to find something that was not done as it should have been; but the employees should on no account pay attention to such criticisms, as the critics would sink out of sight while the work the men were doing and had done would remain long after all criticism had been forgotten.

SUICIDE IN A HOTEL.

C. F. Kimball, of Topeka, Kills Himself in Louisville Hostelry.

Louisville, Ky., Nov. 20.—C. F. Kimball, who since November 15 has been a guest of the Selbach hotel, killed himself in his room Monday afternoon. The following note was found: "To the management: I guess there is enough money to pay my bill. Please wire my father, F. M. Kimball, 1016 Polk street, Topeka, Kan. "C. F. KIMBALL."

Other letters were addressed to Carl W. Kimball, 76 Park place, New York, and Mrs. C. F. Kimball, Topeka.

DEEP WATERWAY OFFICERS.

Convention Elects W. K. Cavanaugh of St. Louis President.

St. Louis, Nov. 19.—The lakes-to-gulf deep-waterway convention chose the following officers before adjourning: President, W. K. Cavanaugh, St. Louis; vice presidents, David R. Forgan, Chicago; M. J. Sanders, New Orleans; S. M. Neely, Memphis; J. L. Hebron, Mississippi; Green Quarles, Arkansas; secretary, W. F. Sanders, St. Louis; treasurer, George H. Monroe, Joliet, Ill.; sergeant-at-arms, Thomas M. Hunter, Chicago.

Iowa Battle Shell Dedicated.

Chattanooga, Tenn., Nov. 20.—Forty-three years ago from the day the battle of Lookout mountain was fought the State of Iowa Monday dedicated a monument on the scene of the hardest fighting, a large delegation from the state, headed by Gov. Cummins being present.

HARBOR BOARD NEVER RESTS.

While some of us are undergoing the political grind, and some of us are working in the factories, or pursuing business deals, or counting our hoarded money and crying for more, or marrying or giving in marriage, or minding our neighbor's business, there is one body of men who go on working ceaselessly, methodically, faithfully to promote the interests of the city. This body is the harbor committee. The men on it never let an opportunity pass to promote our march to a deeper waterway and we should pause in our maddening rush long enough to at least extend a word of appreciation. Through their efforts presumably insurmountable obstacles have been overcome one by one until now, with a large sum assured for pier extensions and a sum promised for necessary repairs, the harbor is facing the consummation of work that will place Holland among the leading marine cities of the state.

But even now the members of the board are not idle. They called upon Congressman William Alden Smith last week and made a showing for further consideration. And as usual the congressman paid heed—so we may look for further harbor progress in the future.

The Harbor Board never rests. And they never get a salary.

HEARST AND HIS PRETENSIONS.

Mere pretensions of political rectitude as a rule do not win political battles. The greatest pretender in American politics today is William Randolph Hearst. Claiming to war to the knife and the knife to the hilt against boodles and graft he gives the lie to his own pretensions by filing a statement that his campaign for the governorship of New York cost him \$236,270.20. This sum was spent after he was nominated. If all his expenditures were taken into account from the time he first started the fight until he was vanquished at the polls they would very likely exceed the half million dollar mark.

And still he prates of political honesty and dubs himself as the great purifier! How long will the people be misled by such fool pretensions of political decency? Enough of them were misled in the last campaign to nearly bring about the catastrophe of his election. Will it be thus if perchance he again forces his face on the political horizon? Undoubtedly it will not. But it depends upon the public conscience and if it is an awakened public conscience, we will come to the splendid appearing but perfidious reality of Hearstism.

Circuit Court.

John Schippers, who pleaded guilty to adultery was sentenced to Ionia prison for a period of not less than 9 months nor more than three years, with a recommendation from the court that the sentence be one year. John took his sentence calmly and seemed to feel himself rather lucky at getting a light sentence. He went back to jail in very good spirits.

Young Ernest Rose who was held for horse stealing did not fare as well. The judge gave him an indeterminate sentence of not less than 3 years nor more than 15 years at Ionia, with the recommendation for the 3-year sentence. Rose previous to his trouble, had borne a good reputation and he was badly broken up by the sentence. He comes of a good family and feels the disgrace keenly. Rose, it will be remembered, was working on the river at Jenison, when he stole a horse from a former employer, living nearby and sold it in Grand Rapids for \$80 to pay a note held against him by Studley & Jarvis of Grand Rapids.

H. C. Schmiedgen, charged with violation of the liquor law paid a fine and costs amounting to \$25.85. J. Heisterkamp for violation of the liquor law was fined \$50 and costs amounting to \$56.05 with an alternative of 60 days in jail. He went to jail.

Frank Madder, violation of the liquor law, was fined \$15 and \$7.35 costs, or thirty days in jail. He went to jail until he could raise the price.

After the defense had finished its testimony in the case of Mary Miller against Robert Dohm, Judge Padgham stopped the proceedings by directing the jury to render a verdict of no cause for action. This of course decided the case in favor of Robert Dohm, the defendant. Judge Padgham considered that from the testimony the cause of Harry Miller's death was merely speculative and would not be left to the consideration of the jury.

The case was brought by Mary Miller of Spring Lake, whose son Harry Miller was found dead in his broom factory one morning last spring. Robert Dohm who was then operating the Central House and bar in Spring Lake was the defendant.

Mrs. Miller alleged that her son died from the effects of liquor received at Dohm's bar the night before his death. The testimony showed that Harry had received one glass of gin there, complaining that he had pain in his chest. The expert witnesses testified that a glass of gin might or might not cause death. This evidence was considered as too speculative.

At Friday afternoon's session, several more sentences were disposed of. Arthur Meyers, charged with violation of the liquor law was fined \$15 and costs amounting to \$29.70. He paid up. Mr. Vander Bie paid a fine of \$50 and costs or \$55.35 for the same charge. E. Longtime also charged with the liquor law violation paid a fine of \$15 and costs amounting to \$29.50.

B. F. Millager, against whom the charge of larceny rested, has been discharged, the case against him being nolle prossed. The evidence

against Millager was insufficient to warrant a trial of the case. It will be remembered that Millager was arrested last summer at Jenison park in connection with the disappearance of some money that a woman dropped.

Hope College.

The happy events which occurred yesterday morning during "chapel time" will not soon be forgotten by any one who was privileged to be an eye witness to the occasion. As Dr. Kollen came into the chapel followed by Jhr. Mr. R. de Marees Van Swinderen, ambassador of the Netherlands to our country, and plenipotentiary extraordinary, and G. J. Birkhoff, vice Consul of the Netherlands, the entire student body and the many visitors arose and when the distinguished trio was ascending the steps of the rostrum, the chapel rang with the college yell for many a second. After the regular devotion exercises, the president, in words full of meaning, paid a tribute to Wilhelmina, the noble and great Queen of the Netherlands. Said he, she is not only a great woman, but more than that, a great queen. In speaking of the Netherlands, Dr. Kollen continued, the Netherlands have always been great, Holland has always been great within her bounds, she has also been great without her bounds. With a few more fitting remarks the speaker introduced Jhr. Mr. Van Swinderen to the assemblage. The ambassador arose and thanked Dr. Kollen for his words and tokens of welcome. The distinguished visitor then in the name of the Queen Wilhelmina thanked the president for his deep interest in, and loyal service to, those "wien Neerlands bloed door de adren vloeit," the most momentous moment came when Jhr. Mr. Van Swinderen said that he had a special message to Dr. Kollen from the Queen herself, which message he himself had been requested to con-

Jhr. de Marees Van Swinderen

vey to President Kollen. In the name of his Queen, Mr. Van Swinderen conferred upon Hope's beloved President the honor of Knight of the Great Cross of the Royal Order of Orange Nassau. This is the highest honor that the Queen can bestow. Indeed that such honors are not frequent attaches all the more significance to it. Dr. Kollen was so surprised that he was able to say but little. I can but say, said he, what the immortal Grant said, I thank you with all my heart. The conferring of this honor shows how deeply interested the noble Wilhelmina is in the welfare of those who were once her subjects, especially those who came to Michigan to live. She watches with keen interest the success of Hope's sons and daughters who are scattered far and wide. Dr. Otte, who is a personal friend of the Queen, and who took his college course at Hope, has charge of the hospital at Amoy, China, which was named after the noble Queen.

The impressive "ordeal" over, Dr. Kollen introduced G. J. Birkhoff, Vice Consul of the Netherlands, who in replying to the introduction said in part, this is an occasion I shall never forget. I have known Dr. Kollen for 30 years. I know what he has done for you, (addressing the students) and the institution. He has a heart for you. He is worthy, fully worthy of the honor just bestowed on him. It is some recognition of labors performed and that the honor comes from such a distance adds all the more weight.

During the addresses there was continued applause. The students, in fact all were highly pleased with the honors which had in such an unforeseen and unexpected way been bestowed upon Dr. Kollen.

Word has been received of the death of the mother of Martin Ruissard, a member of the Middle Class of the Seminary.

The Western Theological Seminary will next Sunday be represented as follows: J. B. Steketee, Holland, (1st); M. J. Duven, Harlem; G. J. Pennings, Gelderland; G. Bosch, Grand Haven, (1st); A. A. Wubena, Kalamazoo; J. J. Hollebrandt, Jamestown; J. G. Brouwer, Bethel, Grand Rapids; Prof. J. E. Kuizenga, Graafschap; Prof. J. W. Beardslee, Jr., Hope, Holland.

Found Witness in the Forest.

Sheriff Woodbury arrived home from Newberry, Upper Peninsula, with Detective Frank Kennedy, who was wanted as a witness in the Link case. The sheriff made good time and had no trouble finding the detective, who was in camp at his lodge about twelve miles from Newberry. Besides finding his man the sheriff also carried him the prosecuting attorney's telegram, which had been lying in the office at Newberry for several days, and which had never been delivered.

Mr. Kennedy claims that he knew nothing about the exact time when the Link case would come on for trial in Ottawa county. He said also that he had made arrangements at Newberry to have telegrams and letters delivered to him immediately but this arrangement had apparently failed for he had received no word.

The affair will make some costs in the matter which might have been avoided had not the arrangements for reaching Kennedy been faulty. If the explanation offered by Kennedy is satisfactory, the officers are inclined to place the blame on the delivery arrangement at Newberry.

While at the Kennedy camp Sheriff Woodbury drove four miles further on to another camp and found Drain Commissioner Fellows, who is needed here on November 23. Mr. Fellows had received the letter sent to him last week and if he can find no other way of handling the matter, will probably be home on time. The Ottawa official has not yet secured his deer.

City Entertains Most Distinguished Guest.

Holland this week entertained a guest that was most welcome, Jhr. R. de Marees Van Swinderen, envoy extraordinary and minister plenipotentiary from the Netherlands. The distinguished visitor came here Tuesday from Grand Rapids where he had been that city's guest, and on Tuesday evening he was given a public reception at the home of Dr. G. J. Kollen. The arrangements for the reception were made by Attorney A. Visscher, Postmaster G. Van Schelven, Prof. H. Boers, Prof. J. H. Kleidheksel, and Attorney George E. Kollen.

The envoy, accompanied by Geo. Birkhoff, Jr., consul general for the Netherlands, arrived at 5:30 from Grand Rapids and was escorted to the home of Prof. and Mrs. H. Boers, where an elaborate dinner was served to a few invited guests.

Shortly after 8 o'clock the residence of Dr. Kollen, on the campus of Hope college, was thrown open to the public and the strains of the Dutch air, "Wien Neerlandsch Bloed," by the Holland city band, brought Mr. Van Swinderen to the veranda.

The members of the band were called in turn to grasp the hand of the representative of Queen Wilhelmina. The public reception was carried out in simple but perfect taste and there were many who called to pay greetings to the representative of the mother country.

In the receiving line were Dr. Kollen and Miss Estelle M. Kollen, Mayor and Mrs. G. J. Van Putten, Mr. and Mrs. H. Uden Masman. Miss Kollen was assisted at the punch bowl by the Misses Lena Kollen, Vera Klein heksel, Grace Browning, Lois M. Bowman and Mae Van Drezer.

The rooms were tastefully decorated, the colors of the Netherlands occupying the place of honor upon the walls.

At noon yesterday Messrs. Van Swinderen and Birkhoff were guests at a stag dinner given in their honor at the home of Mr. and Mrs. G. J. Diekema. About thirty of the business and professional men of the city were present.

In the afternoon the party went to Zeeland and in the evening the visitors were guests at a dinner at the home of Attorney and Mrs. Geo. E. Kollen.

Notes of Sport.

The Allegan High school football team scored a second shutout over the Holland High school eleven Saturday afternoon by the score of 11 to 0. The game was full of sensational plays and although the locals contended against heavy odds, they put up a stubborn resistance. Two 25-minute halves were played. In the first half Allegan scored a safety by E. Sturgis and a touchdown by Biles. Bond kicked a field goal during the last minute of the game. Herman's effective tackles and the cross bucks of M. Sturgis were the leading features on the part of the visitors. For the locals Stroop made a brilliant 23-yard run and Olsen's work at tackling was phenomenal. Though outweighed and outexperienced by the visitors the showing of the locals was exceptionally good.

The second game of indoor baseball will be played at Jenison park pavilion next Friday evening between the Holland Interurbans and the Grand Rapids High school. The Interurbans have lost one of their twinning Pitcher Milliger, who will move to Chicago, but Ray Hale, the adroit Allegan baseball pitcher, will join the team.

Royal Baking Powder

ABSOLUTELY PURE

Healthful cream of tartar, derived solely from grapes, refined to absolute purity, is the active principle of every pound of Royal Baking Powder.

Hence it is that Royal Baking Powder renders the food remarkable both for its fine flavor and healthfulness.

No alum, no phosphate—which are the principal elements of the so-called cheap baking powders—and which are derived from bones, rock and sulphuric acid.

Mr. and Mrs. A. E. Stewart celebrated their wooden wedding anniversary Saturday evening at the home of Mrs. Theodore Shay, 239 West Ninth street, between the hours of 8 and 12. The evening was pleasantly spent by those present and some handsome gifts were received by them in the line of furniture. There were about thirty guests present, among them Mr. and Mrs. J. M. Moore of Detroit. The refreshments served were elaborate.

The Knights' Whist club played twenty-four deals at its regular meeting Monday night, and a peculiarity of the evening's play was the tie high scores both north and south and east and west. The score follows:

North and South	
Devries Kremers.....	147
Floyd-Karsten.....	147
De Pree-Vander Veen.....	143
East and West	
Van Raalte-Huntley.....	170
Westveer-Breyman.....	170
Burke-Kramer.....	159

Karsten and Floyd and Devries and Kremers, playing north and south, finished with a plus score of 13, and Breyman and Westveer and Huntley and Van Raalte, playing east and west, finished with a plus score of 33.

John S. Dykstra was in Grand Rapids last Thursday on business.

Mrs. T. Vander Ploeg visited her daughter, Mrs. James Cook, at Zeeland last week.

Dr. Henry Bos, of Fillmore, who recently purchased of A. B. Bosman a residence on corner of Thirteenth and River street, moved here last Friday where he will take up his practice.

Mr. and Mrs. Nick Prince entertained about 25 of their friends Thursday evening at their home, 152 East Eighth street. The evening was spent in playing pedro. Refreshments were served and a good time was enjoyed by all.

Allen; Vocal solo, "Weeping For ever," Handel, Mrs. A. J. Westveer; Drachensfels—The Story of Roland, Mrs. C. J. Dregman; The Story of Hildebrand, Mrs. Wm. Kremers; Reading, "The Devoted Women of Weinsburg," Mrs. Frank Pifer; Manners and customs were given in response to roll call.

Mr. and Mrs. George P. Hummer of Grand Rapids, formerly of this city, announce the marriage of their daughter Hilda, to Fred Pantlind, son of Mr. and Mrs. J. Boyd Pantlind. The wedding was quietly solemnized about two weeks ago, and the young couple have gone to California for the winter.

A family reunion was held Sunday at the home of C. Markham, East Eighth street, the occasion being his sixty first birthday. Those present from out of town were Mr. and Mrs. Chas. Osborn and family of Grand Rapids, Dr. and Mrs. F. J. Betts of Hastings, Earl R. Markham of Kalamazoo, Clarence Markham of Grand Rapids.

At the home of Mr. and Mrs. Gerrit Ter Vree last Monday evening the Young Men's Literary society of the First Reformed church was entertained and the following program carried out: Devotional, Andrew Steketee, Jr.; Political History of Rome from 100 to 150 A. D., John Luidens; Reading, selection from "Quo Vadis," by Wm. Westveer; discussion chapter 3 of the study book by members of the club; Budget, Henry Vander Ploeg. Musical numbers were provided during the evening by the members and a quartet composed of Tony Luidens, John Luidens, Dick Oosting and Wm. Westveer.

Century Club Tableaux.

Tableaux, predominated at the meeting of the Century club at the home of Mr. and Mrs. Geo. W. Browning last Monday evening and the entertainment provided called forth the warmest praise for the committee in charge which consisted of Mrs. J. P. Oggel, Mrs. W. J. Garrod and Dr. M. J. Cook. Besides the presentation of the tableaux a reading entitled "The Perfect Wife" was given by Mrs. George E. Kollen.

Principal among the scenes depicted were "Reveries of a Bachelor" in which Charles H. McBride impersonated the bachelor, and Miss Estelle Kollen was the bride. The former loves of the bachelor were the Misses Jennie Kanters, Kate Pfanstiel, Grace Browning, Myrtle Beach, Avis Yates, Mrs. W. H. Wing, Mrs. G. J. Diekema and Mrs. Fred Boone.

Other artistic scenes were Maud Muller, Mrs. Boone; a sister of mercy, Mrs. C. H. McBride; chrysanthemums, Mrs. J. M. Vander Meulen.

The two scenes representing the story of Naomi, her parting with Orpah and Ruth's entreaty, were presented with a fidelity to these noted Biblical characters that greatly impressed the audience. Mrs. Luscomb, Mrs. Wing and Mrs. R. H. Post represented Naomi, Orpah and Ruth, respectively, and Mrs. Browning read the bible story.

The "village choir" was the most amusing feature, and to all appearance they had stepped from the choirloft in a quaint country church into the frame made for them, neither was the shrill music lacking. Their old-fashioned attire made it difficult to recognize Mrs. C. E. Luscomb, Mrs. Albert Diekema, Prof. J. W. Beardslee and Chester Beach.

The closing feature was the goddess of liberty, and the audience, standing, sang America. Mrs. A. Leenhouts was the goddess.

BUY HOLLAND SUGAR

The local sugar factory pays out in cash in this locality from two hundred thousand to four hundred thousand dollars each year, and each year it pays four thousand dollars of our taxes.

If you think it an industry worth supporting always ask your grocer for home-made Holland sugar, and insist on having it. Grocers who ask for home trade ought surely to support home industries.

Holland sugar is the purest and the sweetest sugar made. The sugar of but two other factories in the United States proved equal to it under government test. It will make jelly. It will keep fruit. It will do anything that other good sugar will do. Buy Holland Sugar always.

Tooth Troubles.

Cause—Prevention—Cure

A Tooth Talk Worth Remembering.

The food left on and between the teeth, decomposing, form an acid. The acid cuts the enamel and roughens it. Once roughened, the food can hardly be cleaned from the tooth and decay sets in rapidly.

Sweets, sour, hot and cold now hurt the tooth until the nerve dies. Even now, with the nerve dead, the trouble is not over. Take a slight cold your tooth aches, jaw gets sore, face swells, puss forms and finally works to the surface and a "gum boil" results.

To prevent all this suffering consult us frequently—at least twice a year—consultation and advice is free.

Let us talk the matter over; a little filling may save you much pain and annoyance. Perhaps some teeth may require treatment. Whatever you need we will help you, giving you the best possible service—the least possible pain.

The most sensitive teeth are easily treated by our method. An exposed nerve (that which all people dread most) is dried up or killed, without pain, in twenty-four hours.

It seems too good to be true, but we are doing just what we claim. Our patients place great reliance in us and we warrant their confidence. We always give good honest work. In every department of our profession we keep up-to-date, studying every appliance that is made to help us do good work, studying all the latest methods for lessening pain and saving teeth. Such faith have we in our work that we make this standing offer:

CLOUDBURST FLOODS CITY OF LOUISVILLE

STREETS RESEMBLE MINIATURE
LAKES AND GOODS IN BASE-

ELECTRICAL STORM
ADDS TO DAMAGE

Remarkable Contrast in Temperatures
East and West of Mississippi River
—Heavy Loss by Floods in Tennessee.

Louisville, Ky., Nov. 20.—The persistent rainfall of the last three days culminated early Tuesday in an electrical storm and cloudburst that made the city tremble. Trees were struck by lightning, the telephone systems of the city were much disorganized, and telegraph facilities in all directions were impaired. Streets in many sections of the city resembled lakes and it was impossible for pedestrians to move about without wading knee deep in water. Basements were flooded and stocks in several retail establishments were damaged to an aggregate of about \$50,000. The rainfall in Louisville since Saturday has been six inches and at Memphis, Tenn., it has been ten and one-quarter inches. Nearly all trains from the south are arriving in Louisville from one to 16 hours late.

A Remarkable Contrast.
The formation of the present disturbance which has caused such widespread damage from floods over the Ohio valley, western Tennessee and Arkansas is such as to present a remarkable contrast in temperatures east and west of the Mississippi river. To the east of the river the temperatures ranged Tuesday morning from 50 to 72, while west it was mostly freezing or below; thermometers in Minnesota and Dakota registered from zero to ten below; in northern Texas the temperature was 22 and New Orleans reported 80 at 10:30 Tuesday morning. Snow is reported over the Mississippi valley, Kansas and Oklahoma, and sleet and rain over the Ohio valley, Arkansas and southward to the Gulf.

River Overflows.
Hopkinsville, Ky., Nov. 20.—A cloudburst here early Tuesday following heavy rains of two days sent Little River out of its banks and flooding a large portion of this city. The damage is estimated at from \$50,000 to \$100,000. Many stores on Main street had from one to three feet of water in them and the three-story brick building of James F. Garnett, on Main near Ninth, collapsed, two of the four stores in the building being wrecked. Losses were sustained by at least 20 business houses. The large union tabernacle was flooded three feet deep.

Heavy Flood Losses in Tennessee.
Memphis, Tenn., Nov. 20.—With the rain still falling, at times reaching a downpour, the situation in this section of the state becomes more and more serious. It is estimated that already the flood losses will approximate a quarter of a million of dollars in Shelby county. In Shelby county 14 county bridges and nine miles of levee have been destroyed, entailing loss estimated at \$100,000. Ten thousand new logs worth \$10,000 were swept from their moorings on Wolf river. Railroad traffic is practically suspended on several lines. The streets of Memphis suffered great damage by flood. A levee camp and outfit were destroyed with a loss of \$25,000.

Texas Trains Snowbound.
Fort Worth, Tex., Nov. 20.—Reports Tuesday tell of further crippling of railroad traffic in west Texas. Between Childress and Dalhart, Tex., three passenger trains are snowbound with no means of communication. West of Fort Worth wire communication can be had only as far as Baird, 300 miles distant. It is known that a severe sleet and snowstorm swept the section west of there Monday. Considerable losses of live stock are supposed and much damage will be done to a large amount of cotton yet un-picked.

Trains Stalled in Kansas.
Topeka, Kas., Nov. 20.—As a result of Monday night's snowstorm four overland trains on the Rock Island's El Paso division were stalled Tuesday in the cuts between Bucklin and Liberal, Kas. They were Nos. 44, 43, 29 and 30. No attempt was made Tuesday to run freight trains on that division. The Santa Fe reported their main line across Kansas open, but several trains on that road are snowbound on the Panhandle division, where the snow is from four to five feet deep in the cuts.

Oklahoma Storm Continues.
Oklahoma City, Okla., Nov. 20.—The storm of sleet and snow continued in this section Tuesday. All trains from the west were delayed and telephone and telegraph service was interrupted.

Republican Majority is 58.
Washington, Nov. 20.—The first official printed report on the membership of the house of representatives of the sixtieth congress has just been issued by the clerk of the house. The Republicans are shown to have a majority of 58. The Republican membership is 222 and the Democratic membership is 164. These figures take into account the election of Charles McGavin, Republican, over Stanley Kuns, Democrat, from the eighth Illinois district, recently reported by the official board of canvassers.

SOME ONE HAD BLUNDERED.

Information and Postmark in No Way in Accord.

An editor said of the late Mrs. Craigie, or John Oliver Hobbes, as the brilliant American novelist was known: "I had the honor of dining with Mrs. Craigie during the London season at her beautiful house in Lancaster Gate. She lived there in great luxury with her father, who is a millionaire chemist. Across the street dwells the earl of Meath, the marquis of Ailsa lives a few doors above, while next door is the mansion of the earl of Dunmore, a Scottish peer whose servants all wear the highlander costume, with the kilt, plaid and bare knees. "Mrs. Craigie was a superb mimic. Mimicry, as she had mastered it, is one of the fine arts. I remember well, that night at dinner, how she mimicked a silly, empty-headed little lady whose husband, a lover of gaiety, was inclined to neglect his wife. "Mrs. Craigie told us that this lady, while spending the winter in the country, said one day at the country post office: "Dear me, what a silly mistake you post office people have made. "How, madam?" asked the clerk. "Why," she explained, with a titter, "here I have just gotten a letter from my husband, who is working hard in London, and the envelope is post-marked Monte Carlo."

GROWTH OF THE DICTIONARY.

Twenty Years of Work Before Book Is Completed.

What would the wise men of Nineveh, who, 700 years before Christ, wrote down the words of their language on small tablets of clay, think could they come to earth and see, after its completion, the master dictionary which is now under process of making in Philadelphia. Those wise men of so many centuries ago were the infant beginners in the business of lexicography. One set of cuneiform tablets for the Assyrian king's library was all that they were required to furnish. Not so easy is the job of dictionary making in these advanced times. The Philadelphia publisher above referred to has kept a large staff at work on his new dictionary for 14 years, expending \$400,000, and has just completed for printing the matter from "A" to two-thirds of "E." It is estimated that \$250,000 more will be required to complete the work, which will consume at least five years in accomplishment.

Hitting Back.

The suburban trolley was tied up and they had been walking toward home for an hour. "John," she ventured after a long silence, "how far have we walked?" "Dunno," growled John, as he felt his melting collar. "You didn't take a pedometer for a husband." She said nothing. The next morning John was going fishing and instead of awakening at four he slept till seven. "Great Scott!" he exclaimed, searching for his shoes. "Why didn't you arouse me earlier?" "Arouse you?" she said, sweetly. "Why, my dear, because you didn't take an alarm clock for a wife."—Chicago Daily News.

TEACHING A GIRL TO RUN AN AUTO.

Secure a good, easy-going machine with an active and up-to-date sparker, and having placed the girl firmly by your side, where you can secure a strong hold in cases of emergency, proceed to a lonely, unfrequented road where you will be uninterrupted. If the girl display any signs of nervousness, do your best to soothe her. There are a number of ways to do this. Take her hand in yours and pat it gently. Speak to her in a low, soft tone. If absolutely necessary place her head upon your shoulder and count 100. If not effective, repeat in one minute.

Now she may take the wheel, advance the sparker and throw in the clutch. It will then be your turn to grow nervous. While the girl is clutching the machine you clutch the girl. It will then be time to rest. This should not take any longer than the rest of the afternoon.

By the time you have got so you can kiss the girl without getting nervous, she ought to be able to run the machine.—Tom Masson, in Delineator.

Side Lights on History.

"But," urged one of the tyrant's associates, "William Tell is a power in the land. Why not write to him and try to win him over to your support, instead of making an enemy of him?" Gessler broke into a discordant laugh. "Do you think," he said, "I am going to take trouble to compose an overture to William Tell?" So he left the job to Rossini, who, upon the whole, did the work a great deal better than he could have done it.—Chicago Tribune.

Jackdaw as Companion.

There is a tame jackdaw at Workingham, England, which has acquired so much intelligence as to accompany its master, a baker, on his delivery rounds. Occasionally it flies to a house or tree top, regaining with a long swoop the cart as the horse trots along the road. The bird and its master are on the best of terms, and a whistle from the latter brings the jackdaw back to the cart from a considerable distance, invariably with a caw of satisfaction.

STATE OF MICHIGAN—The Probate Court for the County of Ottawa.

At a session of said court, held at the Probate Office in the City of Grand Haven, in said county, on the 18th day of November, A. D. 1906.
Present: HON. EDWARD P. KIRBY, Judge of Probate.
In the matter of the Estates of John Schurr and Caroline E. Schurr, Decedents.
Elizabeth Koenigsberg having filed in said court her petitions praying that said court adjudicate and determine who were at the time of their death the legal heirs of said decedents and entitled to inherit the real estate of which said decedents died seized.
It is Ordered, That the 17th day of December, A. D. 1906, at ten o'clock in the forenoon, at said Probate office, be and is hereby appointed for hearing said petitions.
It is Further Ordered, That public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Holland City News, a newspaper printed and circulated in said county.

TO BREAK OFF BAD HABITS.

Druggist Explains Why Many Men Are Chewing Gum.

"Do I sell much chewing gum?" said a Denver druggist in response to an idle question from a man who was in the store waiting for a car. "Well, I should say I did. And, queer as it may seem, a great many of those who buy it are men. Why do they get it? Well, I'll tell you. They buy it to use in breaking themselves of habits. A man will think he's smoking too much and will want to quit. He'll drop tobacco and take up chewing gum. The gum gives his mouth something to do and through its use he finds it easier to keep away from cigars. Another man will quit drinking. He wants something to do with his mouth—in fact must have something. Therefore he takes to chewing gum. I have even known dope fiends to use gum in order to quit using the drugs. Gum is a great thing as a habit breaker. Why, some day I even expect to see men chew gum in order to quit gambling fighting with their wives, etc. Women chew lots of gum, but men use almost as much."—Denver Post.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at the Walsh Drug Co. Price 50 cents.

Epilepsy
Fits
St. Vitus Dance

Are nerve diseases, and unless checked, lead to destruction of both mind and body. The weak, shattered nerves must have something to strengthen and build them back to health. Dr. Miles' Restorative Nerve is a remarkable nerve tonic and stimulant. It strengthens the nerves, relieves the nervous strain, and influences refreshing body-building sleep and rest. Persistent use seldom fails to relieve these afflictions.

"I was taken with epileptic fits; had eleven in less than 13 hours. My father sent for our family physician, but he could do very little for me, and I grew worse every day, and at last I had three doctors with me, and I still got worse. My father heard of Dr. Miles' medicine and bought a bottle of Nerve and a box of Nerve and Liver Pills. I had taken only a few doses until I began to feel better. I took 13 bottles, and it cured me sound and well. It has been worth all the world to me. I recommend it wherever I go. You may use this as a life-long testimonial to the merits of your medicine, for I am enjoying the best of health, and feel that my life and health is due to this wonderful medicine." LEVY WILLIAMS

CUPID'S CAPTIVE
By LESLIE MOORE

My cousin Nell has a decidedly strong will. You would not think it from a casual observation, for she is fair and fluffy, and wears lots of laces and flummydiddles.

Now, though Nell has a strong will, my own is still stronger, and, in spite of the fact that she has refused my suit three times, I fully intend her to marry me in the end.

I thought the matter carefully over all one night, and the next day I went for an excursion by myself up the Hudson to the site of an attractive old ruin that originally represented an Old World castle.

I didn't stay very long, but I made a few important observations, and I suggested that I should take Nell for a boating excursion.

She raised all the usual objections, which my strong will quickly removed, and finally she consented.

She seated herself in the stern and opened her parasol.

I was glad when I saw the ruin in sight, and we landed near a cluster of trees.

After we had had our lunch we both felt happier, and our spirits rose.

"I like this," said Nell. "You were a darling to bring me, Jack."

The moment seemed propitious.

"Nell," I said, "will you marry me?"

Nell grabbed a handful of daisies and flung them at me.

"No, you silly fellow!" she said.

"Very well," I replied contentedly, "we will see."

"Well," replied Nell, deliberately, "if ever I do consent I'll keep my promise."

"I shall not forget that," I answered as I rose. "Let's go and have a look at those castelike ruins."

Nell, after some demur, gathered up her skirts and began to ascend the winding stair. I followed. At the top was a room with a small but heavy door, the bolts of which were on the outside. The windows were mere slits, through which a hand could scarcely pass.

Nell went up to one of them to look out.

I slipped back across the room and darted out through the door. The next moment it was shut, and the bolt in place. I heard Nell run across the room.

"Jack," she called out, "don't be so silly! Open the door."

"Nell," I said quietly, "will you marry me?"

"No I won't," she cried, and from her tone I knew that she was angry.

"Very well," I answered, "then the door stays shut."

"Jack, what are you doing?"

"Sitting on the stairs," I replied.

"How long are you going to stay there?"

"Till you agree to marry me," I answered.

"Then I guess you'll stay there till you're a fixture," she retorted; and I heard her move away from the door.

I calmly lighted a cigarette, and then waited. After awhile she came to the door again.

"Jack, do open the door."

"Will you promise to marry me?" I asked.

"Is it likely?" she answered. "What should I do with a husband with a temper like yours?"

"I should have an equally obstinate wife," I replied coolly; "that would balance matters."

"Jack, I hate you!" she cried.

"Nell, I love you!" I answered.

There was another pause.

"Jack, if you will open the door I'll give you an answer."

"You've given me that one four times," I replied.

"Perhaps it will be a different one this time."

"There must be no perhaps in the matter," I returned.

"When I get out of here I'll never speak to you again!" she cried.

An hour passed away, and then I heard Nell near the door once more.

"Jack, it must be getting late, and mamma doesn't know where I am."

"You are in safe-keeping," I answered.

I heard her stamp her foot.

"Jack, if I don't go home soon, what will people say?"

"The usual gossip," I replied calmly.

"I'll never forgive you!" she said, passionately.

"Will you marry me?" I asked again.

"No! no! no!" she cried, and once more I heard her retreat from the door.

Another hour passed, and, although the stairs were hard, I stuck manfully to my post.

"Jack," I heard Nell's voice once more, "doesn't it strike you that you are a mean coward?"

"On the contrary," I replied, "it strikes me that I am a man of heroic determination."

"But I am not a woman of heroic determination," she answered, and her voice broke with a little sob.

I sprang up and opened the door.

"Nell!" I cried, as I caught her in my arms, "I was a brute—an utter brute; but, darling, I do want you so very much."

"It was the very silliest way to try and get me," she answered, with her head on my shoulder; "for if I didn't love you, Jack, I really would never speak to you again."

Why Nell refused me four times is a problem which I have not yet solved.—N. Y. Weekly.

GANG OF FAKE PROMOTERS
ORGANIZED BAND UNCOVERED BY
FEDERAL OFFICIALS.

District Attorney at Milwaukee Secures Confession From Alleged Leader—Arrests to Follow.

Milwaukee, Wis., Nov. 20.—As a result of a signed confession now in the hands of United States District Attorney Butterfield, the existence of a thoroughly organized gang of fake promoters has been uncovered and arrests will be made within the next 24 hours in several of the cities of the country by federal officials.

The uncovering of this organization is regarded by the local federal officials as of the utmost importance in the fight which is continually being waged to keep the United States mails free from fraudulent uses. So important has the confession of the man in charge of the Milwaukee end of the organization been regarded that every effort was made to keep the existence of the confession secret until warrants could be procured and service had on the different defendants.

It was through the arrest and subsequent indictment by federal authorities of N. E. Cameron, of this city, that the developments outlined above were brought to light. Prior to his arrest Mr. Cameron was an ostensible dealer in stocks and bonds and acted as promoter for the corporation. It is claimed by officers that operations of Mr. Cameron have netted the organization fully \$50,000 with a probability that the sum may reach \$100,000.

Immediately following the signing of the confession, Cameron accompanied by officials of the United States district attorney's office went to the chambers of Judge Quarles, where the proceedings were held which set the defendant free from the indictment returned against him. He was immediately re-arrested on a minor charge and will be held on that pending the examination of the cases against his accomplices.

Immediately following these proceedings Postal Inspector Ralph Bird departed for Chicago to secure the warrants and arrest of the persons named in the confession.

Death to Two Follows Tom Cooper's Proud Remark to Companions.

New York, Nov. 20.—Daniel Barkalow, a Paterson (N. J.) cotton broker, who was one of the party broken in the automobile in which Tom Cooper, the bicyclist and automobilist, was killed in Central park Monday night, died Tuesday. Miss Helen Lambert, another member of the party, who also was seriously injured, is in a critical condition and is not expected to live. The fourth member of the party, a young woman who gave her name as Virginia Vernon, and said her home was in Jersey City, has a broken leg and is suffering from shock. It is believed she will recover.

A new story of the accident was told by Miss Lambert. She said that the collision was due to Cooper's suddenly turning out to avoid a collision with a cab in the roadway. He was compelled to swing far to the left, and had safely passed the cab when the headlights of a stalled automobile loomed up scarcely more than 100 feet away. Cooper could not check his speed, and an instant later crashed into the stalled car.

Miss Lambert says the automobile party was returning from a visit to a Harlem roadhouse. Just before they entered the car for the ride through the park, Cooper said to his friends: "Now I'll give you the fastest ride of your life." Five minutes later Cooper was dead, his companions were lying unconscious in the park, and the big machine in which they rode was a wreck.

Fight Promoter Arrested.
Grand Rapids, Mich., Nov. 20.—Frank Lynch of this city, who promoted the boxing match between Mike Ward and Harry Lewis in which Ward met his death here last Thursday night, was arrested Tuesday on a warrant charging him with making an agreement to promote a prizefight. He was arraigned before Police Judge Hess and pleaded not guilty. He was held under \$1,000 bonds to appear for examination on Dec. 3.

Prepare for the President.
San Juan, Porto Rico, Nov. 20.—Gov. Beekman Winthrop and several other prominent officials and citizens left San Juan for Ponce, where they will receive President Roosevelt when he lands there Wednesday. Extraordinary precautions are being taken to assure the safety of the president during his automobile trip across the island to this city, whence he will sail for Hampton roads Wednesday evening.

To Save Payne Cottage.
New York, Nov. 20.—Publicity given the proposal to raze the John Howard Payne "Home, Sweet Home" cottage at Easthampton, L. I., and build an Episcopal rectory on the site, has resulted in an effort to raise money to purchase the old homestead, which, it is said, should be converted into a museum or library. Several subscriptions to the fund have been received.

President May Beat Schedule.
Washington, Nov. 20.—The latest word received at the white house from President Roosevelt indicates that he will reach Washington on his return from Panama at least 24 hours and probably 30 hours earlier than the original itinerary of the isthmian trip contemplated.

STEAMER DIX GOES DOWN IN
PUGET SOUND AFTER COLLISION WITH JEANIE.

Many Passengers Leap into Water in Panic—Thirty-Nine Persons Saved—Disaster Occurs on a Smooth Sea.

Seattle, Wash., Nov. 20.—Forty-two passengers and members of the crew of the steamer Dix, Capt. P. Lermom, bound from Seattle to Port Blakeley, were drowned when that vessel sank two miles north of Alki Point, shortly after seven p. m. Sunday, after having collided with the steamship Jeanie, Capt. P. H. Mason, of the Alaska Coast company. Thirty-nine persons were saved.

Alice Simpson, aged 15, was the only one of the female passengers on the Dix saved.

The Dix is a total wreck. The Jeanie was not injured in the least, and no member of its crew was lost. The master of the Dix was saved. The collision occurred while the sound was almost as smooth as a millpond and after the boats had been steaming within sight of each other for a quarter of an hour.

Impact Is Slight.
The Jeanie was backing when it collided with the Dix, and the impact was very slight. The Dix was struck abaft of midships on the starboard side. It listed heavily to port for a brief period, righted itself, then sank stern first. There was hardly time to launch life rafts or boats before the vessel was almost entirely submerged.

Passengers jumped from the decks into the water; women screamed, and officers and men called orders that could hardly be heard above the din.

The passengers from the Dix who could swim made their way to the sides of the Jeanie and were dragged aboard. The Jeanie was not moved until after all who had reached it had been hauled aboard.

Then the Jeanie cruised about, picking up several who had managed to keep their heads above the surface of the water. It was after ten o'clock before the Jeanie left the scene of the catastrophe and steamed to the Virginia street dock, Seattle, with the 39 survivors.

Story of the Captain.
Capt. P. Lermom, master of the steamer Dix, told a graphic story of the collision after arriving at Seattle. He was shaking with the cold, his eyes still dilated with the horror of his experience.

"I don't know how it happened," he said, "Charles Dennison, mate of the boat, was at the wheel. We were running at the usual speed. I had seen the lights of a steamer on our starboard quarter some time before, but had paid no attention to it. I went below to collect the fares. The boat was crowded. There were 79 passengers and crew on board, and it was quite a task to get all the fares. I had been on the run for the last 13 years, and knew almost everybody aboard. When I was in the women's cabin I heard the bell signal to stop. In a moment I thought that something must be wrong and rushed forward to see what was up. Just as I got on deck on the starboard side I saw the bow of the vessel loom up. Almost instantly it struck us."

BOMB EXPLODES IN ST. PETER'S.
People are Panic Stricken but No One Is Hurt.

Rome, Nov. 19.—A bomb was exploded in St. Peter's Sunday. The edifice was crowded and an indescribable scene of confusion followed. There were no fatalities. The people fled in all directions and a number of women fainted. The church is so large, however, that there was ample room for the crowd to scatter and no one was injured. No trace of the perpetrator of the deed has been found.

Sunday was the anniversary of the dedication of the basilica to St. Peter, and a large number of the faithful attended the services. Cardinal Rampolla, formal papal secretary of state, was among those present.

The pope was engaged in his regular noon-hour devotions when the bomb went off. He heard a muffled sound which surprised but did not alarm him. Mons. Misclatelli, sub-prefect of the apostolic palaces, and Mons. Bisleti, major domo of the Vatican, at once hurriedly entered the pontiff's chamber. They were so pale that the pope immediately asked: "What has happened?"

"Don't be alarmed, holy father," was the answer. "A bomb has exploded in the basilica, but fortunately there are no deaths to deplore and no one has been wounded."

The pontiff asked anxiously if the church had been injured. Upon being reassured he fell on his knees, saying he must implore mercy for the misguided.

LUCILLE McLEOD ACQUITTED.
Held Not Guilty of Murdering William T. Niemann.

Chicago, Nov. 20.—Lucille McLeod Memhard was acquitted Monday of the murder of William T. Niemann in the Empire hotel.

The verdict was reached after long deliberation and was read in the presence of a crowd, many of whom had hung about the neighborhood of the trial all day.

Filed to Enjoin Parent and Its
Constituents.

St. Louis, Nov. 16.—The United States government Thursday made the initial move to dissolve the Standard Oil so-called monopoly by filing in the United States district court in St. Louis a petition in equity against the Standard Oil company of New Jersey and its 70 constituent corporations and partnerships, and seven defendants, including John D. Rockefeller and William Rockefeller, asking that the combination be declared unlawful and in the future enjoined from entering into any contract or combination in restraint of trade.

The suit is brought under the Sherman anti-trust act, which the Standard and its constituent companies and the seven individual defendants are charged with violating.

In a formal statement by Attorney General Moody he says that criminal prosecution is reserved for future consideration.

Frank B. Kellogg, of St. Paul, Minn., special assistant to Attorney General Moody, brought the petition to St. Louis. The document was filed with the clerk of the United States circuit court by the government's local representative, United States District Attorney D. P. Dyer and Special Counsel Kellogg.

When court convened at ten o'clock Attorneys Kellogg and Dyer held a closed conference for half an hour, at the end of which time Special Counsel Kellogg informed Attorney General Moody by long distance telephone that the petition was about to be filed and was instructed to proceed. Attorneys Kellogg and Dyer then went into the clerk's office, where the petition was formally sworn to and filed by Col. Dyer.

DEDICATE THE IOWA MEMORIAL.
Exercises at Monument in Vicksburg, National Military Park.

Vicksburg, Miss., Nov. 16.—The Iowa state memorial in the Vicksburg national military park was dedicated Thursday afternoon by Gov. Cummins of Iowa. The absence of a military pageant was a notable feature of the dedication programme, only two militia companies participating. A party of Iowa citizens, a band from that state, school children occupying symbolic floats, and officials of both Iowa and Mississippi, carried out the exercises. Those in attendance included J. W. Noble of St. Louis, formerly secretary of the interior, and Gen. J. W. Weaver and Gov. Vandam of Mississippi. The memorial is not yet completed, but was dedicated at this time along with monuments to Iowa soldiers in other parts of the south.

SHERICK DECISION REVERSED.
Indiana Supreme Court Finds Ex-Auditor's Sentence Illegal.

Indianapolis, Ind., Nov. 17.—The supreme court Friday reversed the decision of the lower court by which David E. Sherrick, former auditor of state, was sent to the penitentiary for an indeterminate sentence of from two to 14 years, charged with embezzlement of the state funds.

The decision of the court orders a new trial of the case. Sherrick has been in the penitentiary at Michigan City for several months. The court holds that Sherrick did not embezzle state money, as the money belonged to the insurance companies and not to the state.

FIGHTER IS DEAD OF INJURIES
Mike Ward Expires from Effects of Blow by Harry Lewis.

Grand Rapids, Mich., Nov. 17.—Harry Lewis, the Philadelphia prize fighter, whose battle Thursday night with Mike Ward, of Sarnia, Ont., resulted at an early hour Friday in Ward's death at a local hospital, is still under arrest, together with Referee D. C. Ryan, of Detroit, and Frank O'Brien, of Philadelphia, who acted as second for Lewis.

Prosecuting Attorney Brown said that warrants would be asked for charging Lewis with murder, and charging Ryan and O'Brien with aiding and abetting a prize fight.

House Out for Wisconsin Toga.
Madison, Wis., Nov. 20.—Secretary of State Walter L. Houser, in an interview Monday practically announcing his candidacy for the United States senate, said that he favored a national inheritance tax of 50 per cent on swollen fortunes like those of Rockefeller and Carnegie. "This," he said, "would make for redistribution of the money back to the people from whom it was taken."

Fire Alarm Cause Church Panic.
Calumet, Mich., Nov. 20.—A panic was caused at the Laurium M. E. church Sunday night by a false alarm of fire during exercises in commemoration of the fifth anniversary of the dedication of the building. Several persons were crushed. Friction of a belt attached to the electric motor on the pipe organ caused smoke and some yelled fire.

Pleads Guilty to Bribery Charge.
Milwaukee, Wis., Nov. 20.—Jacob Schutz, former supervisor of South Milwaukee, pleaded guilty Monday to bribery in connection with a contract for electrical work in the court house in 1899. He was fined \$300.

Death, resulting from a fall into a tub of boiling water, was the fate that befell the two-year-old child of Mr. and Mrs. Reimink, living near Filmore, last week. The child lived 30 hours after the accident, suffering terribly.

Muskegon and Ottawa counties are about even up in Republican pluralities. In this county Warner had a plurality of 1,972, whereas in Muskegon he had 1,988.

There is now 16 feet of water in Holland harbor inside the piers and 18 feet just outside the harbor entrance as a result of the good work done by the government sand sucker, General Gillespie. The Gillespie completed the work last week and went north. No more trouble is expected from the north side as the break near the shore line of the north pier has been piled and filled with stone.

Tri-weekly service went into effect on the G. & M. line last Monday. Steamers leave Holland on Monday, Wednesday and Friday nights at 9 o'clock, and Chicago on Tuesday, Thursday and Saturday nights at 8. The steamer City of Benton Harbor has gone into winter quarters at Benton Harbor leaving the Putnam and the Benton Harbor respectively to take care of the Holland and St. Joseph divisions.

There is such a thing as putting off too long the buying of Christmas presents. You may think it is too early now to begin, but it would not be a bad plan for you to cast about for suitable remembrances for your friends. Nothing is more suitable than an article of furniture. Furniture comes under the class that may be termed useful and ornamental. There is always room in every house for some new article. It never comes amiss. Therefore, you will do a wise thing if you go to J. A. Brouwer's furniture store on River street and examine the numerous things that will prove desirable for Christmas reminders of esteem and friendship.

Last Friday afternoon a sanguinary legal battle was waged in Justice Post's court. It was the case brought by Mrs. Bartje Harkema against John Looman to recover \$20 paid him on the contract to move the old house on West Eleventh street, which was torn down by order of the council before the moving of it was completed. Looman claimed he was entitled to the \$20 for the time he worked on the contract before the council chipped in. The jury, consisting of Frank Van Etta, M. Witvliet, E. B. Standart, George Steketee, C. W. Nienhuis and A. L. Burke, could not agree upon a verdict and was discharged by the court. Attorney Daniel Ten Cate appeared for Looman and Attorney M. A. Sooy for Mrs. Harkema.

Members of the Grand Haven commercial fishermen expect to attend the convention of fishermen at Milwaukee, December 11-14. This convention will be attended by all commercial fishermen of Lake Michigan and the four states of Wisconsin, Michigan, Illinois and Indiana will be represented. The idea of the convention will be to formulate better and more consistent laws for the fishermen of the lakes. Senator-elect Lugers and Representative Whelan have been invited to attend the meeting. The present fishing laws of this state are ridiculous in many respects.

Friday evening Rev. and Mrs. John J. Banninga arrived in this city and they are now at the home of Mrs. Banninga's mother, Mrs. William Damson, on West Eighth street. They have been in the mission field in Melur, South India, the last five years, and would have stayed their four years longer had not the state of Rev. Banninga's health made their return imperative. Should his health be improved they will return to the mission field. On their return Rev. and Mrs. Banninga visited in Naples and Rome and other points of interest in Europe.

Frank Harris of this city has sold his farm near Agnew to Mr. Goldbach of Lombard, Ill., who has moved there.

A convention was held in the Methodist church at Allegan last week to consider the possibilities of establishing in Allegan county the local option law. Petitions from sixteen townships were received, which were found to supply more signatures than necessary for the calling of the election. To carry into effect the will of these petitions it was voted to form a permanent organization, consisting of the following gentlemen as a central committee: President, yet to be chosen; secretary, Rev. G. A. Brown, Allegan; treasurer, Fred Stratton, Allegan; auxiliaries, C. B. Welch of Saugatuck, C. H. Thomas of Laketown, C. L. Goodrich of Ganges, E. C. Snider of Casso, Mr. Fairbanks of Filmore, Wm. H. Stone of Manlius, F. M. Robinson of Clyde, O. S. Almack of Lee, Derk Kortering of Overisel, L. J. Klinkers of Heath, W. H. Shirlev of Valley, M. C. Halght of Oshesire, Norman Bond of Salen, S. K. Tanner of Monterey, Alfred Whitacre of Allegan, M. Hicks of Trowbridge, D. Clack of Dorr, John Hoffmaster of Hopkins, R. C. Remede of Watson, Dr. M. Chase of Otsego, E. A. Corning of Leighton, Earl Schuyler of Wayland, Henry Noble of Martin, Harrison Lamo of Gumpalin.

The Michigan Central company, it is said, will next spring make test of a new scheme of operation of trains on the Allegan division—the line between this town and Homer. It is to move passenger trains or single cars by means of stationary engines using steam, gasoline, alcohol or electricity. The engine will be placed in a small compartment at front of the car, and it is said one of them of 144 horse power can move a train of cars one mile per minute if desired. This will provide for frequent train service, a car each way each hour, perhaps. A plan is to make available as summer resorts and picnic grounds several fine lakes and groves along the line. A little variation or extension of the line in the vicinity could provide some of the best of these. Allegan Gazette.

The steamer Frank Woods has been placed in winter quarters at Saugatuck. Last week this steamer was laid up here.

Hon. Luke Lugers had a plurality of 1,004 over Heap in the senatorial race. This is a good showing in the face of the money spent to elect Heap. Democrats are kicking and say that the money was not spent for Heap, but for another candidate.

The Loyal Temperance Legion met last Monday evening at the home of Mrs. Van Ark, corner Pine and Fourteenth streets.

John Kieft, who for the past nine years has conducted the rag and metal business for J. Boursma of Muskegon on East Eighth street, will close the business and go to Muskegon to work for his employer. The old building will be repaired by the owner and rented to other parties.

The local office of the American Express Co. at the store of H. W. Hardie has been closed until next spring when it will again be resumed. Irregularity of steamer service to Chicago was the cause of the discontinuance.

Orlando Pride, the Berlin farmer who was struck by a Muskegon interurban car last Thursday night near Walker, died last Saturday night at St. Mary's hospital in Grand Rapids. His wife was present at the bedside when the end came. His condition was considered critical from the first and his recovery doubtful.

Probate Judge Kirby has handed down a decision sustaining the will of Mrs. Anne Beukema, who lived in this city and left an estate of \$800. The beneficiaries in the will are Mr. and Mrs. Joseph Corl of Holland. The will was contested by Mrs. Batema, a half-sister of Mrs. Beukema. Diekema & Kollen represented the contestant and Attorney A. VanDuren was retained by those who fought to have the will sustained.

The income tax was determined in the estate of Cornelis Kruijthoff of Zeeland in the probate court today. The estate amounted to over \$30,000 and the tax amounted to \$297.08.

The damage suit, Argo vs. Campbell, tried before Justice Edgcomb of Saugatuck resulted in Argo receiving judgement for \$20 damages for an English setter dog which Campbell poisoned. Attorney Sooy of the law firm of Sooy & Heck of Zeeland was Argo's lawyer and Stone of Allegan defended Campbell.

Up to date there have been about 133 wreck reports submitted to the superintendent of the twelfth life saving district from the keepers of various stations around Lake Michigan. This district has been well up near the head of the list in the number of wrecks and assistance rendered by the crews for a great many years, which goes to show that Captain Morton's district is among the most important in the service. The crews go out of service at midnight of November 30.

The ministerial convention of the Grand Rapids district of the Methodist church closed a very successful session Tuesday evening, with a sermon by the Rev. J. R. Lathrop, D. D., pastor of the Division street church in Grand Rapids. It was decided to hold the next convention in the Second Street church in Grand Rapids. The officers elected were: President—The Rev. G. D. Chase, D. D., of Grand Rapids; Vice president, The Rev. L. E. Lenor, D. D., of Grand Rapids; Secretary—N. W. Duffy of Freeport; Dr. Chase has been the presiding officer for four years.

Under Sheriff Frank Salisbury arrived from Vriesland last Friday night with Marlie Faber, who is charged with stealing \$175 and a \$100 deposit check from the residence of Simon De Groot, who lives south of Vriesland. The money was taken some time ago but the case has been under investigation and no arrests were made until now. De Groot is a bachelor and lives alone at his farm. He claims that Faber, who lives a short distance away, met him on the road one day and told him that he had seen a hobo hanging around De Groot's place and he appeared to be counting money. Later on Faber told De Groot that he had seen the same hobo hanging around. De Groot notified the officers that the money was missing and they went to work to investigate. Yesterday the under sheriff went to Vriesland with a John Doe warrant and picked up Faber. The prisoner was taken before Justice Rosenraad at Zeeland and demanded an examination which was set for yesterday. The prisoner denies ever having told De Groot the hobo story and protests his innocence. Salisbury became suspicious when he heard the story and began looking up Faber. The prisoner was taken some time ago on the charge of stealing turkeys.

Terrible Storm.

Continued from First Page.

the south pier away beyond the north pier and the shot fell into the sea far short of the 700 feet.

The inability of the life saving crew to accomplish anything came from the sudden rise of the wind. Never in the history of lake storms did wind and waves rise so suddenly. The change from an offshore breeze with comparative calm to a roaring southern gale occurred in the space of moments and before human power could accomplish anything in the line of a rescue the chance to reach the imperiled men was gone.

And then came the most trying part—the realization that no aid could be extended. It was trying indeed to the lifesavers and to the friends on shore, all willing to face danger, to stand idly by while darkness fell and the truth came home to them that no power of theirs could avail. All they could do was cast futile looks seaward and hope for the abatement of the storm.

They could see the two men who were on the cribwork above clinging to the piling. Whether they were tied on or not they did not know. The men below the decking were not in sight. Just as darkness fell Albert Tanner saw one of the men arise and walk a little way. Then a wave dashed over him and the dashing wave and the darkness hid him from sight. That was the last sign of life seen on the crib before darkness fell.

Government Inspector Everett and four of the men employed on the piers, and Harry Van den Berg of the life saving crew patrolled the north beach last night looking for some who might be washed ashore but their patrol was fruitless. All night long the life savers watched but could do nothing. The storm was of the kind that blows down trees, telephone poles and houses and nothing could live on Lake Michigan near this port.

To the friends ashore the suspense was terrible. Contractor Suorbach was all broke up over the fate of his partner and his men but could figure out no way to help.

Alvin Nelson was married about three weeks ago and his young wife was at the light house where the Misses Regenmorter did all possible to comfort her. Her anguish was pitiful.

Mrs. LaChaine did not know of the peril of her husband until this morning. Friends called to tell her last night but she told them that George could not get home until the morning because the street cars were not running and they did not have the heart to tell her.

DOINGS OF THE STORM.

Some of the pranks of the storm: De Grondwet sign blew down after a service of 20 years.

The gable of the fifth ward school house blew down causing a panic among the children, but excepting a few minor injuries everything is all right.

The front of E. J. Harrington's building which shelters the city mission, blew off.

Nearly every billboard in the city has been put out of commission.

Telephone poles were blown down.

The street car line was out of commission and in some places is still out.

The steeple of the 14th street Christian Reformed church threatened to fall as it was rocked to and fro, but it still stands.

Edward Wolfert, son of Jacob Wolfert, living on Seventh street, had his left leg broken between the knee and ankle by the falling of a bill board on the site of the old opera house property.

The G. & M. steamer Frontenac reported in danger on Lake Michigan reached Chicago safely last evening at 11 o'clock after a terrific battle with the waves.

Mrs. F. O. Nye, formerly a resident of this city, died last Tuesday evening at her home in Grand Rapids. Her husband was chief train dispatcher of the C. & W. M. Ry. during their residence here. The funeral services will be held Friday at 9 a. m.
