Hope College Lecture Course opens tonight. Tickets at Hardie's or at the door.

Two young men, Ray and Lee Cummings, will within a few days open a new billiard parlor at 202 Central Avenue. The building was formerly occupied by Nick Hofsteen. It will be an up to date billiard room with all the modern fixtures.

Mr. and Mrs. K. De Maat received a letter from their daughter, Mrs. W. A. Powers, who went to Fort Morgan, Colorado, for her health, in which she states that she is much improved. Mrs. Powers left Holland four weeks ago and has already gained four pounds.

Dr. C. N. Nys was in Holland last week Friday, where he purchased a fine Kentucky bred saddle horse for Probate Judge E. P. Kirby, of Grand Haven. The doctor is a good judge of horse flesh, and Judge Kirby commissioned him to make the deal.—Coopersville Observer.

The first number of Hope College Lecture Course will be given this evening. The attraction tonight is the Victor's Venetian Band. A few seats are left and those desiring a season ticket can obtain them at Hardie's. Tickets for a single performance can be obtained at the door. The entertainment this evening begins promptly at eight o'clock in Carnegie Hall.

Among the local Sunday school workers who are attending the State Sunday school convention at Detroit this week are Rev. H. J. Veldman, George Huizinga, Henry Van der Ploeg, A. H. Meyer, B. Steketee, Jacob Lokker, Mrs. E. J. Blekkink, Mr. and Mrs. John Vandersluis, Mrs. H. Van Ark, Miss Maggie Beekman and Henry Geerlings. The convention opened yesterday morning and closes tomorrow night.

The bounty on English sparrows will go into effect next month and the city clerk will be authorized to receive dead sparrows and pay two cents a head bounty on them. The sparrow bounty law has stirred up some severe comment at various times and the feeling against the licensed destruction of the birds is growing steadily. It may be that in a few years public sentiment may force a repeal of the law.

Rev. D. R. Drukker, pastor of the Fourteenth street Christian Reformed church, has received a call from the Christian Reformed church at Midland Park, N. J. Mr. Drukker is one of the best known pastors in this city. He was a member of the board that organized the Anti-Tuberculosis club and is a member of the relief committee for the Michigan fire sufferers. Mr. Drukker organized the Fourteenth street congregation and has been pastor of the church for more than six years. The church that extended the call to Mr. Drukker is near the place where his aged parents live, and it is for this reason that his congregation here fear that he may accept it.

Moto Ohgimi, the Japanese minister who accompanied the Japanese student "Mac" to Hope College, is making a campaign here to obtain funds for the support of the school for the blind that he organized in Tokio four years ago. The Oriental countries are more subject to the disease of blindness than the Western countries, and the various schools for the blind is an attempt made chiefly by the Christian missionaries to alleviate the suffering, through education. Mr. Ohgimi's school started with two students, and since the number has been increased to twelve. The Japanese missionary wishes to extend the work by getting a larger teaching force and new buildings.

The Sixth grade declamatory contest held in the High school assembly room Friday evening was won by Edward Haan. His subject was "Paul Revere's Ride." John Paxt who delivered "The Vicar of Morengo" was given second place. Other contestants were Arthur Smith who recited "Miles Standish's encounter with the Indians," Wilson Diekema who gave "The Sword of Washington and the Staff of Franklin," and Franklin Van Ry whose subject was "The Ship of State." This contest was the first of a series of declamatory contests which are being held in the grades leading up to the annual High School oratorical contest, Friday, November 20, there will be a similar contest for the pupils of the seventh grade.

Victor's Venetian Band at Carnegie Hall tonight.

The Hon. Thomas R. Marshall, Democratic governor-elect of Indiana, is a nephew of M. S. Marshall of this city.

The local Life Saving Station will close November 30 and the crew will leave for their homes for the winter. All but two surfmen live in other cities.

John Nies, pension attorney, has just received notice that his efforts to secure a pension for Mrs. Catherine Brouwer, widow of Arend Brouwer has borne fruit. This old soldier's widow will receive \$12.

Contractor Tibbe is at work on the new steel storm signal which "weather man" Cox of Chicago was instrumental in securing for the Holland station. The tower will be completed next week and will be 50 feet high with a 25-foot flag staff.

Will Plasman left last week for California where he expects to spend the winter. He will visit a brother and also look up western industries with the view of settling there. Should he decide to remain he will send for his family in the spring.

Jacob De Haan, a boy employed at the Bush & Lane piano factory was caught by the hand when a pile of piano backs collapsed against the wall at the factory Thursday. The hand was badly crushed but no bones broken. Dr. Mersen attended him. De Haan was removed to his home.

"Politics make strange bed fellows." Sunday morning's sermon at the M. E. church was in opposition to Governor Warner's candidacy, on the ground that he was in sympathy with the whiskey element. At the same time our leading republican saloonists were displaying Hemans' picture in their windows and had Warner's picture upside down. With the churches and saloons locking arms in opposition to a candidate it is a wonder that he got enough votes to know he was running.—Fennville Herald.

Grand Haven gave J. C. Lehman of this city, candidate for representative in the state legislature from the first district of Ottawa on the Prohibition ticket, a fine complimentary vote. In this city he polled a vote of 237, running far ahead of his ticket. The vote was for Lehman and not for the party he represented as is clearly shown by a comparison with the vote cast for the other candidates on the same ticket, in Grand Haven. He made a good canvass in this city and on election day he was out bright and early. Had any chance elected him, he would have made a good man in Lansing because he is not a man of one idea. At any rate there were many in Grand Haven who were glad to show their respects for him by giving him a vote.—Grand Haven Tribune.

The bills, incident to the cost of the recent election have already been ordered paid by the city council. Under the city charter members of the boards of registration are entitled to \$2 a day for not more than two days, and as the two aldermen of each ward serve, the ward goes down for \$12 for this. Three inspectors of election are allowed \$6 a piece with two clerks receiving the same amount. These officers bring the expense of \$30, and with two gate keepers at \$2 each, the total fixed expense per ward is \$46. Added to this cost is the rent which amounted to \$40 for the whole city and setting up of booths which cost \$10. About \$300 will cover the whole expense, each ward averaging \$60.

The annual apportionment of the primary school funds was made by the department of public instruction Tuesday. The apportionment is at the rate of \$1.78 per capita, and will require \$1,321,575.24. Of this large sum, distributed among the counties according to the number of children between the ages of five and twenty, Ottawa county receives \$24,348.84, there being in the county 13,678 children of school going age. The largest sum any single county received is Wayne. It gets \$204,310.18, there being 114,781 children in the county. The other large amounts were drawn by Kent, \$70,527.16, Houghton \$43,850.34, and Bay \$40,628.50. The smallest amount received by any single county is \$1,295.84, the amount that Oscoda county received.

M. C. Van Doorn and Nick Hofsteen, who were hunting ducks in the "big bayou" of Black lake Friday, shot twenty ducks in the morning's hunt.

Benjamin Wijnveen of the Junior class of Hope College left for his home at Cedar Grove, Wisconsin. He was compelled by ill health to take a rest. Last year also Mr. Wijnveen was compelled to stop his college work for a while on account of his health.

Rev. John Vander Meulen of High Falls, N. Y., arrived in Grand Haven this week, having been called to the pastorate of the Second Reformed church. His installation will take place this evening. He is a cousin of Rev. J. M. Vander Meulen of this city.

Fred Wise, son of Mr. and Mrs. J. H. Wise of this city, and Miss Mae Little were married Wednesday evening at the home of the bride's uncle, William Prentice in Dayton, O., by Rev. W. H. Hale. The young couple have returned to this city where Mrs. Wise will remain for a couple of months before joining her husband at Lansing where he is employed as a surveyor.

Some 200 men attended the men's meeting held in the Third Reformed church Sunday afternoon. The leader was William Brusse. Within the last few weeks the meetings have picked up wonderfully in interest and attendance and bid fair to be even more successful than the meetings held last winter.

Rev. Cornelius Van Oosterbrugge of Lisha's Kill, near Schenectady, N. Y., was the guest of Prof. and Mrs. H. Boer over Sunday. Sunday evening he preached in the Third Reformed church. Mr. Van Oosterbrugge, who graduated from Hope College in 1876, was called west by the death of his parents at South Holland, Ill., who passed away four days apart, the father aged 92 and the mother aged 91.

At the council meeting last Wednesday evening Joseph B. Haddon was elected by the council to fill the vacancy caused by the death of Alderman Koning. His appointment is to last until the spring election. The owners of the Ottawa County Times building were notified to provide the building with suitable fire escapes. The petition of Lee Cummings for a pool license was referred to the committee on licenses with power to act.

Miss Lillian Winter, who has had charge of the local office of the Postal Telegraph Cable company has been promoted to the position of manager of the company's offices at Goshen, Ind. Miss Winter has been only temporarily in charge of the Holland office, relieving Mrs. Comstock who recently returned from a two months' vacation. In her new position Miss Winter will be in direct touch with New York and Chicago. She left for Goshen Friday morning. Miss Winter gave good satisfaction to the company's patrons in this city and her many friends here are proud of her success.

Sheriff A. L. Whitbeck of Allegan went to Grand Rapids Monday and brought back Geo. T. Parker of Allegan. Parker was arrested Sunday afternoon in a West Bridge street drug store where he was endeavoring to dispose of a certificate of deposit in favor of himself for \$675. He was intoxicated at the time. Parker was taken care of by the Grand Rapids officers and Whitebeck was notified. He was arraigned before Justice Cook that evening on the charge of being an habitual drunkard, third offense. He waived examination and was bound over to circuit court. Application was made in probate court last week to have Parker adjudged a spendthrift and his hearing set for Nov. 16. Parker recently sold the family home in this city, which he has but recently inherited, for \$3,800 and was paid \$1,000 down. The money was placed in a bank and since then he has drawn out and spent all but the certificate of deposit for \$675. This is going a pretty fast pace and it will be a good thing for him to have a guardian appointed to look after his interests.

Miss Jennie Roest left last week for Middleville, Ohio where she has accepted a position in the public schools.

Mrs. Allen Burk is in Syracuse, N. Y., where she was called on account of the sudden death of her aged mother, Mrs. Nicholas Riley of that city. While Mrs. Burk knew that her mother was not in the best of health she had not anticipated in the least her immediate death which came as a great shock.

Cummings & Schoftenaar is the name of a new firm which will start an electric shoe repairing shop in Mouw's music store, 13 East Eighth street. This is one of the first machines installed in this part of the state outside of the shoe factories. Mr. Schaftenaar has been in the employ of the Holland Shoe factory for some time and has operated this machine. It does rapid and neat work.

Andrew J. Ward's laughable stories will entertain the people in the register of deeds' office for another term. Not that Mr. Ward is alone a good story teller but he is a mighty good officer as well. Grand Haven cannot claim him as a real dyed-in-the-wool resident. He came here from Holland and Holland still has a claim on his affections—Grand Haven Tribune.

The winners in the 51 spelling contest held in High school hall Thursday afternoon are: first, Winifred Zwemer of room 3, Maple Grove; second, Ida Grote of room 8, Van Raalte Avenue and third Elsie Gowdy of room 3, Maple Grove. There were 28 contestants representing the seven 5 sections of the local schools and the words were given out by Supt. Bishop. The contest was both oral and written and occupied one hour and a half.

While hunting ducks at Little Sturgeon on Friday last Louis J. Nebel killed a couple of pelicans. The birds were of unusual size, measuring 7 ft. 4 inches from tip to tip of wings. One of them had in its pouch a 2½ pound pickerel. It is the general opinion that these birds escaped from some park and wandered up this way, as they are too far away from their native home to have immigrated to these parts alone. The specimens are being mounted by a local taxidermist—B. Mullen—and will be kept as a curiosity by Mr. Nebel.—Sturges Bay Advocate.

Muskegon Chapter, Daughters of the American Revolution, will hold a two-day exhibit of colonial relics and old time treasures contributed from residents of Muskegon city and county. November 23 and 24 have been selected as the days for the exhibit. The daughters are asking any persons having these relics in their possession to instruct them to care of the chapter for the occasion. Revolutionary relics, Colonial relics, old samplers, quilts, old dishes, brasses and pewters, will be included in the display. Each article is to be accompanied by the name of its owner and explanatory what makes it interesting.

Miss Cora Easter, Una Lundberg and Ruth Baukham are the youngest children attending Mrs. Bakers school.

Mr. Langer's family who have been living the past season on the Bell farm which they purchased of Mr. Brady, have moved back to Chicago for the winter. The night before their departure they had a Hnsking Bee which was enjoyed by all their neighbors and friends.

Born to Mr. and Mrs. Easter—a fine baby girl Sept. 20.

H. Tasker caught a 14 lb fish in the Kalamazoo river at Saugatuck.

The W. M. Church is receiving a new coat of paint.

A Boy's club has been organized which will meet every other week at Dr. Methovens home. Our community has been greatly benefited in many ways since these good people came here and every father and mother wish the Boys' club a success.

Harold Huey left for Texas where he will spend the winter.

MAKE IT YOURSELF

There is so much Rheumatism here in our neighborhood now that the following advice will be highly appreciated by those who suffer:

Get from any good pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces of Compound Syrup Sarsaparilla. Shake these well in a bottle and take in teaspoonful doses after each meal and at bedtime; also drink plenty of good water.

It is claimed that there are few victims of this dread and torturous disease who will fail to find ready relief in this simple home-made mixture and in most cases a permanent cure is the result.

This simple recipe is said to cleanse and strengthen the eliminative tissues of the kidneys so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only Rheumatism, but numerous other disease. Every man or woman who feels that their kidneys are not healthy and active, or who suffer from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after while.

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.

"Dr Thomas' Eclectric Oil is the best remedy for that often fatal disease—croup. Has been used with success in our family for eight years."—Mrs. L. Whiteacre, Buffalo, N. Y.

Now is the Time.

The fall work of the park commission is about completed. Shrubs and bulbs are all planted and the fallen leaves have been raked and carted away.

Landscape gardening and park work is a fascinating study for the amateur as well as the professional and Nellie Blanchan's new work on American gardens, just issued, is having a remarkable sale.

In park gardening color is an important factor in drawing the crowds and redeeming their taste for the beautiful, according to a prominent American landscape gardener. That people do not care very much for shrubbery is a proven fact. It requires an advanced taste to enjoy shrubbery and trees. Workingmen and their families and children who have had no opportunity to learn to discriminate, appreciate the bright colored flowers and care little for the beauties of vast stretches of green lawn. Big clumps of golden glow, geraniums, cannas, poppies, tulips, daffodils, blue larkspur, roses, or salvia never fail to attract and a wild flower bed is a source of delight to the children.

An old-fashioned sun dial is almost a necessity to a park and a few bits of garden statuary, well chosen and placed are an added attraction. Then a stream where the birds can revel, such as we have in Centennial park, and a pond in which the children can watch the reflections of sky, flowers and grass should not be overlooked.

At-home gardening for the amateur is a never ending source of pleasure and profit and its possibilities are in some ways greater than those of the landscape garden. One can have as much or as little as one cares for. Some people raise perennials only, others go in for annuals and raise new varieties each year having no special favorite among the blossoms. A new way of planting bulbs has been tried by several amateurs this year and is especially successful for daffodils and crocus, altho tulips may be treated in the same way. Plant the bulbs at random on the lawn. Take a sharp stick, make a hole, drop in the bulb and put back the sod. Forget-me-not are charming in the grass and with a little trouble anyone may have a lily pond in their own yard. Sink a half barrel in the ground, put in a little rich soil, fill with water and plant your bulbs. Keep a few gold fish in the lily pond if you like. They will eat the insects.

Plan next year's garden now and if you like have a winter garden of narcissus, tulips, hyacinths and daffodils in the house. The bulbs should be kept in a cool dark place for eight or ten weeks and if started now will bloom in February. A bowl of Narcissus bulbs either budded or in full bloom is an ideal Christmas gift. Raise some sort of a plant if it is only one, care for it, watch it, bring it into bloom. Get the nature fever—you'll never regret it.

A local lover of plants and flowers fostered some lilac branches in his home last winter, just broke off some branches, put them in a tub of water and astonished his friends with white lilacs in January.

Permanent Republican Club

At a meeting held last evening plans were made for a permanent organization of the present Diekema Club. All the large cities have clubs of this kind and they do a great deal toward enlivening the social-political life of such cities. A permanent organization of this kind is more effective during the campaigns in getting the best talent than a temporary club. Besides this, a club of this kind can continually keep up a campaign of education that will prove effective in making people take an interest in politics at other times than merely when a political campaign is on. Every-day issues are not as spectacular as the election issues that are often over emphasized for party reasons, but they have a claim upon the attention of the citizen. Only in this way can the best possible representative government be assured. And permanent political organizations like the one formed last evening, be they Republican or Democratic, can do much to arouse the citizen's interest in the questions of the day.

The proposed formation of a military drum corps is a commendable feature of the new club. The club is organized to a great extent for social purposes, at least the real work of the club will be carried on chiefly by means of social functions, and a real live drum corps will be a great source of entertainment. People who do not enjoy even band music usually can be stirred by the shrill note of the fife and the beat of the drum that made glad the heart of the soldier as he marched to battle. The success of the small "pick-up" drum corps of which the old soldier, Dar Huff was the fife, that stirred things up at the Diekema rally the night before election, is an indication of the popularity a drum corps with a larger number of fifers and drummers could attain. Holland had such a drum corps once and there is no reason why it should not have one again that will be the envy of other cities.

Is It a Daydream?

A prominent politician from a neighboring city, who formerly called Holland his home, remarked the other day while on a visit here that he expected to see Holland grow into a large city within the next twenty-five years. We take it that by the term "large city" he meant one that has reached the 100,000 mark. The population of Holland at the present time is a little more than 11,000. If the city is to come up to this gentleman's expectations it will have to gain an even 89,000 within the next 25 years; in other words, it will have to grow to eight times its present size. If the proposed increase in population is divided by the number of years, it will be shown to mean an annual increase of population of 3,560. But that is not the way a city's population grows. Even if during the next twelve years the population would be increased by only one fourth of the 89,000, there is no reason why the thirteen years following should not make up for it, since population increases usually in direct proportion to the size of the city.

These figures may seem like day dreams now and it may seem futile and a waste of time to figure it out. But a city, like an individual, usually gets what it sets out in earnest to get. And it lies largely with Holland itself whether the expectation of the gentleman we quoted will be fulfilled. If the right spirit is manifested these day-dreams will become realities. Grand Rapids was a small city not so very long ago. It is a large city now and is in the race to become the largest city in Michigan.

Holland would do well to follow her example in some respects. There should be less petty factionism in this fair city of ours, less of the spirit of each looking out for himself or his own class and the devil taking the hindmost. Get into the habit of being public spirited. The man who really boosts his city is not the man who advises others to boost it and straightway dodges the tax collector, but he is a living

boost who daily works for the best interests of all. It is such a civic spirit that will attract the forth coming 89,000.

Even Missouri has turned in and "shown" Taft!

But then Warner is in the habit of getting such tantalizing majorities.

Al Toppen and George P. have done with politics.—We might add, "Until next election."

The art of oratory may not be declining, but it would never be called in, for example to build a Panama Canal.

Mayor Brusse thinks the end of the Democratic party is in sight. But what do Dr. Kremers and Dr. Godfrey think about it?

Joe Hadden is now a city father.—Good for Joe.—However having never been a father before he certainly must feel elated.

The only disputed election bet seems to be between J. B. and Ed., who shall pay for the oysters stews. More food for conversation at the coffee club.

Tennessee's 100 "night riders," on trial for murder, are "contesting the right to arrest them." To avoid a technicality, it may be necessary to lynch them.

Judge Kirby of Grand Haven has bought himself a saddle horse. From the returns on his election we should judge he is going fast enough.

In Blendon township the inspectors of election worked all night and until seven in the morning to count the ballots. Blendon should install voting machines.

WHAT YOU SAW IN THIS PAPER

35 Years ago To-day.

We have the gratifying intelligence that General Humphries, chief of U. S. Engineers, has recommended to the Secretary of War that Congress make the following appropriations for Michigan harbors: For the improvement of Frankford harbor, Michigan, \$36,000; Manistee harbor, \$50,000; Ludington harbor, \$51,440; White River harbor, \$48,000; Muskegon harbor, \$56,000; Grand Haven harbor \$100,000; Black Lake harbor, \$50,000; Saugatuck harbor, \$25,000; South Haven harbor, \$50,000; St Joseph Harbor, \$2,000 Cheboygan harbor, \$50,000.

Pluggers mills are running on full time, flour selling as fast as can be made.

At Anderson's ship yards, lively times may be expected this winter, several vessels are to be rebuilt there.

WHAT YOU SAW 30 YEARS AGO

It is getting to be an interesting feature in the history of the family of P. Pfanstiehl, that he was presented with his ninth daughter in succession—on Thursday night last, eight of whom are alive.

A skunk got into the basement of Grace church, at Gananoque, Ont., one evening last week while a prayer meeting was in progress and the congregation was dismissed without waiting for the benediction.

A few weeks ago somebody who was supposed to get himself ready to start a butcher-shop had the audacity to steal pretty near all the ordinary butchering utensils out of the meat market of Mr. P. A. Kleis and also out of the one belonging to Messrs Butkau & Van Zoeren. Our butchers have no clew to the thief and take it very good natured, and since the thief had the cool audacity to bring back one of the axes taken from Butkau's shop, in the same manner as it was taken, it begins to look as if butchering was not as pleasant a pastime to the thief as he had anticipated.

Quite a sensation was created here on Wednesday morning by the report that a burglary had been committed the previous night. Somebody that was evidently posted about the store of Werkman & Son on River street effected an entrance through the outside cellar way by cutting a hole through the panel of the cellar door near the lock, and the key sticking in the lock, they turned it and entered the basement that way, and the hole which was cut

through the door was so small that it admits the passage of a very small man's hand, or that of a boy, only. They went from the basement through a trap door into the store, and took quite a lot of ready made clothing, brown sheeting, cotton flannel, a few balmors, a great many silk neckties, some jewelry, all the sewing machine needles, and some more articles which are not yet enumerated—estimated at a value of \$200. The only trace they have of the thief is that one of the tracks agrees with that found after the theft of the pair of boots taken from the store of Bolhuis & Verplanke, a few weeks ago. The same night the Union school building was broken into and damaged to a considerable extent by overturning seats, defacing furniture and books, etc. It is about time to club together and have a regular nightwatch for the city to patrol the city every night for the round year.

WHAT YOU SAW 25 YEARS AGO

Last Saturday afternoon a little girl baby put in an appearance at the home of Mr. Gerrit S. Doesburg, an employee of the News office.

A subscription paper was circulated in the city this week for the purpose of building the tower of the new City Hall thirty feet higher, and for the purpose of making a place for a town clock. One hundred dollars was raised and the contractor agreed to perform the work for that amount. At a special meeting of the Common Council the request was tabled and their it still lies.

Born:—To Mr. and Mrs. Peter Schoon on last Monday morning—a boy.

The schooner R. Kanter came into this port last Monday and went into winter quarters. The schooner has had a very prosperous season this year and her owners are all well satisfied.

Last Saturday Charlie Odell and Cornelius Blom shot a very fine deer in the "Big Swamp" a few miles north of this city. The deer weighed 202 pounds dressed.

The little Dutch city of Holland has a telephone exchange and communication with the outside world, but Allegan, a larger place, has only a few telephones around town.—*Journal and Tribune*. This is rather "skim-milk jealousy" on the part of that paper, as our "Dutch city" can boast of some two hundred more population than Allegan.

As we announced in our last issue the telephone exchange of this city was in running order by last Saturday night. During the past week considerable use has been made of the instrument and a few facts have been elicited which tend to show they are useful and as convenient for our city as for any other city in the state. There are at present twelve phones in our town as follows: Holland City News, Dr. R. B. Best, W. H. Beach, B. Van Raalte, Standard Roller Mills, Chicago and West Michigan R'y Freight Depot, J. R. Kleyn's Planing Mill, J. C. Post, Kremers & Bangs Drug Store, Dr. Kremers' residence, P. H. McBride and the Cappon & Bertsch Leather Company's tannery, each being supplied with one instrument. It is expected that three more will be put in during the coming week for as many subscribers. We expect to see twenty "phones" connected with the exchange by January 1, 1884.

WHAT YOU SAW 15 YEARS AGO

Satisfactory progress is being made with the new country court house. The roof is being slated and the weather permitting, the tower will be completed before the end of the month. The steps to the main entrance have been built and the lathing inside is finished.

Holland can now boast of a town clock. After much vexatious delay jeweler Raven has finally succeeded in planting his machine in the tower of the new bank block, where both day and night it is accessible to the eye. The dials are four feet nine inches; the cost complete is \$500; the firm that furnished it is The Seth Thomas Clock Co., of New York; and the public spirited citizens to whom we are indebted for this elegant gift are: D. WHAT YOU SAW 10 YEARS AGO

Jac. Van Putten last week sold a tract of 500 acres of meadow land, on the Kalamazoo river, near Allegan, to Albert Oatman.

The trolley cars ceased running for the season on Sunday evening. They will resume early next spring. Work on the car barn at the power house is being rushed and will be completed next week, the weather permitting.

Peter Van Regenmorter, oldest son of the lighthouse keeper, reached home on Monday evening from Washington, D. C., where he had received his discharge as a member of the 14th U. S. Infy. Peter has served in all seven years in the regular army; during a part of last summer he was stationed in Alaska. He will remain at home a few months and then expects to go West.

Gov. Pingree received 81 majority in Holland for governor.

Marine

The schooner Lizzie A. Law one of the consorts of the steamer Edward Hines of Chicago which dropped two tons Monday night by the breaking of a line during a heavy northeaster, is a total wreck on the east shore of Keweenaw Peninsula about ten miles from Portage entry. The consort Selvin Marvin which also went adrift was, scuttled but it is believed she can be saved. The crew of the Law passed a terrible night Monday, the seas running high over the coal laden vessel. A sailor ventured ashore in a yawl boat and the boat being capsized, he reached the rocks by swimming. He drew with him a line by which the crew all escaped. A woman on board had to dress in sailors' clothing, and she, too, was pulled to safety over the line. So thick was the smoke on the lake that the crew were unable to locate themselves and remained where they landed until the steamer Hines arrived. There is hardly anything left of the Law.

Notes of Sport

FOOT BALL

Hope college won a close and hard fought contest from the scrappy Ferris Institute team on the campus Saturday. The score 4 to 0 shows the relative strength of the teams.

The college played open foot ball while the institute resorted to the punting game. This style of play made the contest a spectacular one and the crowd of shivering students and townspeople who stood in the rain and watched got their money's worth.

The only thing that occurred to mar the game was the injury of Damson. It came at the end of a twelve yard smash. Damson was carrying the ball and when he was tackled someone stepped on his ankle, twisting it and tearing the ligaments. He will be compelled to use crutches for several weeks.

Hope's score came on a drop kick by Captain Veenker from the thirty five yard line. His successful try at goal came after seven other attempts had resulted in failure. At one time Ferris stopped a touchdown by holding the Hope team on the 1 yard line. The Ferris line although lighter than Hope's played lower and thus more than made up for what they lacked in weight. Time after time the Ferris linemen broke through and blocked Hope's complicated plays. Rotschafer, H. Vruink, J. Vruink and Capt. Veenker starred throughout the game. Dalenberg showed excellent form in the first half and Damson was working for consistent gains until his injury.

This is Hope's last game. The team is now so far behind in expense money that it is doubtful if the revenue received during the coming basket ball season will make up the difference.

Hope's Junior team went to Zealand Saturday afternoon and gave the Zealand team a drubbing. The score was 19 to 5.

INDOOR BASE BALL

An indoor base ball league is the latest thing in the sport line that is taking the interest of the Holland athletes. The merchants of the south side of Eighth street have challenged the merchants of the north side. The winners in this game will play the merchants of River street. The time for the opening game has not yet been announced.

The Interurbans are keeping up their practices with good attendance. From the material that is out for work it will be easy to pick a winning team.

BASKET BALL

The Holland Lyceums took revenge from Grand Haven for the severe defeat administered by their high school to the local high school foot ball team this fall by defeating the Grand Haven Battalions at basket ball Monday night. The victory was a decisive one, two field goals, and seven fouls netted the soldiers eleven points, while the Hollanders rolled up a total of forty five. At the end of the first half Grand Haven had 10 of their 11 points and Holland had 25. In the last half while Holland was making 20 points Grand Haven made but 1. Superior team work and Rotschafer's eye are largely responsible for the defeat of Grand Haven. Rotschafer was the individual star, getting eleven field goals and throwing nine goals from the foul line. Knutson threw five baskets and Te Roller, two. The Grand Havenites were inclined to be tough, but this did not stop the Lyceum scoring machine although it did tend to keep the ball on the floor too much of the time. The attendance at the game was all that the management could desire at the opening game. If the local team continues to put up the same article of basket ball that it did Monday night, it will not be a great while before the rink managers will be at a loss to find seats enough to go around. This was the first contest of the kind in which a Holland Independent team has participated and the local fans are proud of its initial performance.

Deer Season Opens

The deer season opened Tuesday and many from this locality have shouldered their guns to begin the slaughter in the north woods.

Hunters should remember: It is unlawful to kill without having procured a license.

It is unlawful for any person to kill more than two deer.

It is unlawful to kill a red coat or fawn in spotted coat.

It is unlawful to pursue, kill or capture any deer while it is in water.

It is unlawful to use dogs in hunting.

It is unlawful to use artificial lights.

More territory is available this season. Under the game laws the season of 1908 now finds it lawful to kill on Grand Island, and in Lapeer, Huron, Sanilac, Tuscola, Macomb, Allegan, Ottawa, St. Clair, Lake Osceola, Clare, Mason, Manistee, Wexford, Missaukee, Newaygo, Mecosta, Isabella, Grand Traverse and Gladwin counties, in addition to the more frequented places up north, where the hunters have held forth for years.

Well Known Here

Friends in the city have received announcements of the marriage of Miss Carrie Tuurling and John Lemons, both of Grant, Colorado, Saturday, November 7 at high noon in the Webster, Col., church, Rev. W. Zumberlich officiating. The bride was attended by Miss Anna Fouch of Playfair, Col., while Robert Lamping, brother of the groom, was best man. A wedding breakfast was served at the home of the groom's parents, Mr. and Mrs. John Lamping, at Grant. In the evening a reception was held at the home of Mrs. White at Webster. Mr. and Mrs. Lemons who are both well known here will make their future home in Grant.

Woman's Literary Club

Heraldry and knighthood was the key note of the regular Tuesday afternoon session of the Woman's Literary Club Tuesday. Responses to Roll call were on heraldry and a few members passed photographs of family crests, many hundreds of years old, and explained their interesting features.

A comprehensive sketch of King Arthur in song and story was prepared by Mrs. G. W. Browning and read by Mrs. J. C. Post.

Tennyson's "Lancelot and Elaine" from "The Idylls of the King" was read by Mrs. George Kollen in a way to hold the close attention of her hearers.

Moskowski's book of Spanish Dances, four in number were played by Miss Kittle Doesburg and Mrs. A. C. Keppel.

Mrs. H. P. Burkholder presented an interesting paper on Norman Architecture which she illustrated with several photographs.

Mrs. Kollen announced the public entertainment planned by the club for early December and asked the hearty co-operation of the club in making it a success.

Women To Compile Books

Muskegon, Mich., Nov. 11.—Two women have been secured by Rev. John B. Brink of this city, president of the Christian Schoolbook association, to compile the books which are to be used by the Christian Reformed schools throughout the country. The

women engaged are Miss Henrietta Jansen, a teacher in the East Street School for Christian instruction at Grand Rapids, and Mrs. J. J. Beld of Lamoine. The women are sisters of the noted Dr. Jansen, one of the foremost Christian Reformers of the nation.

When completed, the work of the two will be passed upon by a committee of 10, appointed by the association, including professors and men of learning. The association will incorporate at a meeting to be held in Grand Rapids, December 2.

Four In Three Weeks

Four times within three weeks has the grim reaper visited the ranks of the local survivors of the great war of the rebellion. On October 16, A. C. Van Raalte post G. A. R. was called upon to mourn the death of Capt. M. DeBoe, one of the best known of the local veterans. Less than a week later another of their number, Alonzo H. Brayman was called home and on October 31, Otto J. Doesburg, who left Holland in the early sixties with the Eighth Michigan Infantry was laid to rest beside the comrades of his youth.

Last Thursday occurred the death of Jacob J. Van Dyke, also of the good old Eighth Michigan, at his home on the north side of the bay. Mr. Van Dyke had been in poor health for more than a year but his death was hastened by a bad fall last Sunday.

In the summer of 1861 Jacob J. Van Dyke enlisted in Co. D., Eighth Michigan Infantry, with Dr. A. Van der Veen, S. Wakker, Henry Farma and others of this locality. His company was assigned to the Ninth army corps under Gen Burnside and was a part of the army of the Potomac seeing active service under McClellan and Grant and at the siege of Vicksburg. Mr. Van Dyke's service covered a period of six years. Two brothers, John and Henry are also veterans of the Civil war, the former joining his brother in the Eighth infantry, and the latter being a member of the Eighth Cavalry.

Returning from the war Jacob Van Dyke settled down into the quiet unobtrusive life which he has led for so many years, universally respected. His home on the north side has long been pointed out as one of the best kept and most attractive homes in the community.

Mr. Van Dyke was born in this city 73 years ago. He never married. Three brothers, John, and Teunis of this city and Henry of Grand Rapids, also a sister, Miss Elizabeth Van Dyke of this city survive him.

Funeral services will be held Monday afternoon at one o'clock from his late home on the Evanston road and at two o'clock from the Third Reformed church, Rev. E. J. Blekkink, officiating. Interment will be in the Van Dyke family lot in Pilgrim Home cemetery.

MAKES ASTONISHING CURES

Mi-o-na Tablets Cure Dyspepsia by Promptly Removing the Cause, or Money Back

Dyspepsia cannot be cured by taking a digester, such as pepsin, because pepsin simply digests your food artificially, and not all the food either, for it has no effect at all on starchy food, such as potatoes, rice, oatmeal, bread, etc.

There is just one way to cure dyspepsia and stomach disorders, trivial or serious, and that is to tone up or put energy into the stomach walls, so that they will be able to properly mix or churn the food.

Mi-o-na Tablets cure stomach troubles by putting strength and energy into the stomach. They quickly arouse the stomach from its inaction, and in a short time it is able to do its work properly.

Mi-o-na is successfully used in vomiting of pregnancy, in car and sea sickness.

And bear in mind that when the stomach is in good condition, constipation disappears, also nervousness, drowsiness, night sweats, heartburn, etc.

Walsh, the druggist, sells Mi-o-na tablets at 50 cents a large box, under a rigid guarantee to do all that is claimed for them, or money back.

A healthy man is a king in his own right; an unhealthy man is an unhappy slave. Burdock Blood Bitters build up sound health—keep you well.

A Sure-enough Knocker

J. C. Goodwin, of Beldsville, N. C., says: "Bucklen's Arnica Salve is a sure-enough knocker for ulcers. A bad one came on my leg last summer, but that wonderful salve knocked it out in a few rounds. Not even a scar remained." Guaranteed for piles, sores, burns etc, 25c. at Walsh Drug Co.'s drug store.

"A Sure Cure for the Blues."

The Hope College Anchor Association has discovered it and will tell you all about it Monday evening, Nov. 23. It will come in the form of a program that the students have gotten up—a sort of a stunt night and literary night combined. Once before such a program was given. That was two years ago and was a "whopper" of a success.

The titles of some of the attractions look so good that few will fail to attend the entertainment. "Figures in Wax" by the college girls, comes first. It is one of the stunts that the college girls have made a hit with, and it might be said by way of explanation that the figures are real and the wax only metaphorical. The excitement that a base

ball game in pantomime will create will be allayed by "Politics in Coon Town." And the hit of the evening will be the first appearance of the college orchestra. The college quartet will also be present with the latest hits.

"A Sure Cure for the Blues" is a benefit entertainment—for the benefit of your blues and for the benefit of the college paper. The Anchor cannot entirely pay expenses with its limited subscriptions and its advertising, and these entertainments are designed to make up the deficiency. You get more than your money's worth and you help a good cause along by buying a ticket. Tickets at Hardie's 25 cents.

WHY SUFFER?

Breathe Hyomei and Kill the Loathsome Catarrh Germs.

Just as long as you have catarrh your nose will itch, your breath will be foul, you will hawk and spit, and you will do other disgusting things because you can't help yourself. The germs of catarrh have got you in their power; they are continually and persistently digging into and irritating the mucous membrane of your nose and throat. They are now making your life miserable; in time they will sap your entire system its energy, its strength, its vigor and vitality.

But their is one remedy that will kill the germ and cure catarrh, and that is Hyomei, the Australian dry air treatment.

Walsh the druggist, will guarantee Hyomei to cure catarrh, or money back. Don't delay this pleasant antiseptic treatment. Breathe in Hyomei and kill the germs.

Walsh will sell you a complete Hyomei outfit, including inhaler, for only \$1.00. It is also guaranteed to cure bronchitis, asthma, coughs, colds, hay fever and croup.

They Take The Kinks Out

"I have used Dr. King's New Life Pills for many years, with increasing satisfaction. They take the kinks out of stomach, liver and bowels, without fuss or friction," says N. H. Brown, of Pittsfield, Vt. Guaranteed satisfactory at Walsh Drug Co.'s drug store, 25c.

GOLDEN NUGGETS FOR SLOW PEOPLE

BOYS WILL BE BOYS.

You bet boys make an awful noise
And slam the kitchen door
And let the flies come in the house
And track mud on the floor.

They play horse 'mong the flowerpots
And take toads 'long to bed
And twist themselves all into knots
And stand round on their head.

They take a drop into the well
And climb to the house-top;
They "jing-a-ling" the front doorbell
And let the baby drop.

They play circus and skin the cat
And crack the window panes;
"Toot, toot!" across the best carpet
They run their express trains.

They tear their pants and stub their toes
And cut their shoes and rip their hose;
They hook the cakes and smear the jam.
"There, hear the doors—slam, slam, slam!"

But, mother, keep your slipper on.
Keep sweet, dad, amid the noise.
'Tis of such stuff great men are made,
For "boys will be boys."

KURIOS FROM KORRESPONDENTS

Q. I sold a gentleman fifty White Wyandotte eggs, and he wrote me that he got but three chicks from the lot and the rest were rotten. I went down to his place and found his hens set right in with the layers, and the broods were disturbed all day. Hatched lots of chicks from the same eggs. He claims the eggs were rotten and therefore infertile. I claim the opposite. Now, we wish you to settle the dispute and will abide by your decision.

A. All authorities agree that infertiles do not get rotten.

Q. Which variety of fruit do you consider best for the poultry yard, and when should it be planted?

A. The plum is best. The plums are generally picked before fall, and the hens destroy the curculios. In Pennsylvania we plant in fall.

Q. I set fifty goose eggs in my incubator, and at the end of two weeks they smelled so loud I had to throw them out. Was it the incubator or the eggs?

A. The eggs were ancient.

Q. I read a great deal about trap nests. I would like to use them, as I desire to cull out the drones and breed from the best layers. Do they open and release the hen when she is through laying?

A. No. You untrap your hens about every forty minutes if your flock is good sized.

Q. I am desirous of entering birds at country fairs. What are the conditions?

A. You pay the entry fee and do no knocking if you get left.

Q. An oval shaped bug, brown in color and with head underneath, is in my pigeon loft. No one around here ever had it before. What is it, and what exterminates it?

A. Tick. Scrape and scrub the loft and spray with benzine. Examine pigeons and touch ticks with benzine. If you pull the tick off, the head sticks and pigeon often dies.

Q. I am way out in Oklahoma and am starting in the turkey business and would like to know which is the most popular, healthy and heavy. We've lots of grasshoppers and prairie, and the latestraining's out.

A. The Mammoth Bronze leads. Congratulations on your star joining the galaxy. If we get the chance we'll steer our airship your way and help you carve a forty pounder.

FEATHERS AND EGGSHELLS.

Many poultrymen who run their incubators in damp cellars last season did not repeat the experiment this year. After a few seasons in such a damp atmosphere a new machine must be purchased.

Among professional men ministers and physicians are especially interested in thoroughbred poultry. The lawyers prefer to pluck fat geese.

The Coshocton (O.) Age reports a hen that was covered up in a haymow for 244 days and lived. When covered last August she weighed six pounds, and when uncovered in April she weighed just three-fourths of a pound. As to its truth we have nothing to say, but a lot of such hens would make lazy poultrymen gay.

About the best mothers are the games. A cat that saunters round for a meal of chick meat often retreats minus an eye, and dogs, hawks and polecats have been whipped to retreat by a sharp spurred Pit Game. If men would stand up for principle, as do game roosters for theirs, the millennium would move up a notch.

The extremely hot, dry weather in the east will run up the price of oats, corn and buckwheat, so that a drop in wheat will be of little advantage to eastern poultrymen. Two bad grain seasons make some retreat and others retrench.

The attempts to revive interest in the big Shanghais should meet with success. These birds were first bred in America, and in 1852 nine were sent as a gift to good Queen Victoria, who was very proud of her American roosters that could eat off a "barl."

The best way to kill a fowl is to hang it up by the legs and with a sharp knife sever the artery in the roof of the mouth. The feathers aren't soiled, the body not bruised, and you do not swear at that "awful dull hatchet."

Hawaii imports from the United States about \$40,000 worth of poultry and eggs annually. The main reasons for this are the mongoose, which is so destructive; prevalence of disease and high priced feed. Rice is the only cereal produced at \$4 per hundred, and imported wheat, oats, corn, barley and buckwheat average \$2.25 per hundred.

78 ACRES ... 5 miles from this city, within 1/4 mile from church and school. Good large buildings, and all necessary out buildings. All improved rich clay loam soil. Running water in pasture. One of the very best farms ever offered for sale. Price.....\$5,000

100 ACRES ... 7 miles southeast of Holland, in Overisel township. All improved except 5 acres wood lot. Excellent buildings, good orchard, fine water, good neighborhood. Good mixed soil, nearly level, just the kind of land every farmer likes. Mortgage at low rate interest will be taken by owner. Price.....\$6,000

65 ACRES ... 5 miles south of this city, with good buildings and water, and a beautiful orchard. All improved good clay and sandy loam soil. You could wish for no better farm. Owner will take mortgage back for \$4,000 at 5 per cent interest, and take some city property in exchange. Price.....\$5,500

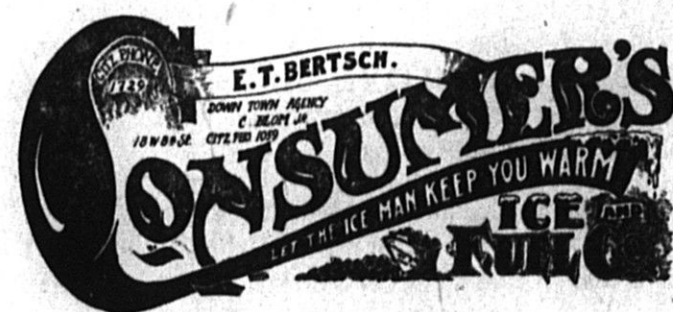

The above is only to give you somewhat an idea of what we have, although we have many others just as good.

We do not hesitate to say that we have sold more GOOD land, than any other agency in the city, and our buyers are SATISFIED.

How Forest Fires Start

What starts these forest fires? This question has been asked over and over again this summer by readers in regard to the fires which have been raging in all parts of the country.

Campers and locomotives, is the usual answer. Many of the other things which start blazes in the forest are forgotten. It is true that perhaps one half to three-fourth of the forest fires do begin as a result of the carelessness of some camper, or from sparks flying from locomotives but there are a number of things which set the woods a fire.

A complete report of forest fires on the private forests of the country and their causes is not kept by any one. Uncle Sam, however, is most careful to account for the damage done by the blazes on his timberland under forest administration, aggregating about 168,000,000 acres, and each year the total area burned over, the timberland burned over, the amount of timber destroyed and its value, the cost of fighting fires and the causes of fires are carefully checked up. These reports are made at the end of the calendar year, and the announcement of this year's losses will therefore not be known for more than two months.

Last year's figures, however, give a good idea of the things which cause fires. Of the 1,355 fires discovered on the National Forests last year, all of which were checked by the rangers before they had burned over fourteen hundredths of one per cent of the National Forest area, campers caused 346, while railroads followed next with 273; lightning came next, with 176; donkey engines used in lumbering operations fourth, with 65; careless brush burning by homesteaders clearing land, 34; fires caused by incendiaries and those set by herders and hunters, 30. For more than 400 of the fires the cause is not known. This is not strange when it is remembered that a fire may smolder for days, if the air is too thick to permit the smoke to be seen at a distance before it breaks out when fanned by a wind so as to reveal its presence to the watchful forest officer.

While campers caused more fires than locomotives last year, there are many seasons when the railroads hold undisputed claim to first place. Forest fires started by both are mostly unnecessary. If campers

would exercise care in starting camp fires and be sure that they are extinguished before they are left, and if the railroad companies would use the most modern and efficient spark arrester, it is reasonable to think that the annual forest fire loss could be reduced more than one half. Lightning ranks third among the causes of fires, and of course, man has no greater responsibility in this than to put the fire out as soon as possible after discovery. Careless brush burning by homesteaders and clearing lands is said to be the cause of many of the fires which have started this year, particularly those which have swept over the Lake States.

The ranger force on many of the National Forests has been kept busy fighting fire which, if left to run unchecked, would have done incalculable damage. By quickening communication between important points through the construction of telephone lines and building roads and trails, the National Forests have been made more accessible during the past two years and fire fighting has been greatly facilitated.

A Paying Investment

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies, but the cough continued until I bought a 50c. bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies." DON'T LOSE YOUR HAIR

Parisian Sage Stops Falling Hair in Two Weeks, or Walsh Drug Co., will Refund Your Money.

Look at your comb. Hair coming out pretty fast, isn't it?

Getting so thin or top that you are commencing to feel rather fidgity.

Perhaps you are even beginning to worry?

Don't worry; don't despair; don't lie awake nights; don't wait a day, but go to the drug store of Walsh Drug Co., and get a large bottle of Parisian Sage. It will only cost you but 50 cents, and before you will have used it a week you will say it is worth \$10.

The people in Holland and vicinity, and especially the readers of the Holland City News ought to know that Walsh Drug Co. guarantees Parisian Sage to stop falling hair, to cure dandruff, to stop itching scalp.

As a hair dressing, and especially for ladies of refinement, it has no equal anywhere. It has a most light yet delicate odor, which most hair tonics have not.

It will, in one week's time, change harsh, unattractive hair into lustrous and luxuriant hair. The women who use Parisian Sage never fail to add wonderfully to their attractiveness.

"I have used and seen used, several hair tonics and so-called renewers, but never had any come to my notice that can ever compare with Parisian Sage. It leaves the hair clean, fluffy and silky, and does not leave one particle of stickiness."—Mrs. Ida Wilcox, hair-dresser, Coldwater, Mich.

A PROCLAMATION

Whereas, the people of our city have been led to purchase so-called remedies from which they have received no benefit whatever, and having thus wasted so much hard-earned money, it has come to pass that they know not what to believe.

Inasmuch as this unsatisfactory state of affairs exists, **KNOW, THEREFORE, ALL PERSONS** who are in need of such a medicine that we will supply them with **VINOL** on a **POSITIVE GUARANTEE** that if it does not succeed in benefiting them we will refund the entire amount of money paid us for it.

There is no one medicine that will cure everything, but there are some we know to be honest, reliable, and of great curative value. Such is **VINOL**; it is not a secret medicine,—just peptonate of iron, wine, and all the curative extractives of cod liver oil, combined. We are familiar with every particle of it, and **KNOW** that it should benefit every one who uses it.

Could any offer be more fair than this? You are ill; we offer you medicine which we believe will help you, and if it does not we will return your money. Is there anyone foolish enough not to accept this offer? You owe it to your family, to your friends, and yourself to try this medicine which we give you our pledge is a genuine cod liver and iron preparation of great merit.

We unhesitatingly recommend Vinol as a Body Builder and Strength Creator for Feeble Old People, Delicate Children, Frail Women, All Run Down Persons, and Those Needing a Good Tonic after the Grippe or any Severe Illness, and for Chronic Coughs, Colds and Bronchitis.

Do you think we could afford to lend our name to its praises, as we have been doing in the newspapers, if we did not know **VINOL** to be an honest and unusually valuable remedy for the ills for which it is prescribed? We certainly could not; we therefore ask you, our neighbors, friends and acquaintances to accept our assurances that this is a genuine offer, and that any and all persons who need a medicine of this character should feel a sense of security in accepting it.

You will absolutely be under no obligation to us whatever, if after you have tried one bottle of **VINOL**, and have not received any benefit, you have only to tell us so, and we will return the entire amount of money you paid us for it.

VINOL is an old and valuable remedy improved by modern science—tastes good and agrees with every one.

Call and get a bottle to-day. You won't be sorry.

Pearl Congdon Discharged

Unable to find sufficient evidence against Pearl Congdon, who has been held on suspicion in connection with the burning of the ferryboat Holiday, last September, at Macatawa, Prosecuting Attorney C. C. Coburn moved that the case be nolle prossed when it was called in the Circuit court at Grand Haven Monday. Judge Padgham immediately ordered the discharge of Congdon and the release of his bondsmen.

Congdon was the engineer on the Holiday, which alternated with the Holiday on the ferry service between Macatawa Park and the other resorts on the bay, and as he was the first to discover the fire at an early hour in the morning, suspicion was turned his way. His preparations for a trip South immediately after led to his arrest in order to detain him in Michigan. No evidence was found which in any way connected him with the fire which was so obviously of incendiary origin that the officers of the Macatawa Park association, which owned the boat, offered a reward of \$500 for the arrest and conviction of the guilty parties.

Another case of interest in Holland was that of John Vos, a young man charged with burglary in entering a Pere Marquette freight car. The local man was represented by Attorney Charles McBride, who also had charge of the Congdon case, and on the withdrawal of the burglary charge against Vos, he pleaded guilty to simple larceny and was released on suspended sentence. Judge Padgham's intention is to keep Vos on good behavior, and he will be required to report each month to the Circuit court.

The case of Edward Nolan, the former steward of the steamer Puritan, who is charged with the theft of numerous articles of the linen and china equipment under his charge on the big boat, was put over the term. M. A. Sooy, represented Nolan. Owing to the number of cases which were put over the term, the criminal calendar will be a short one, and the trial of those pleading not guilty was taken up today.

The cases of John Link, charged with assault with intent to murder and of George Burmeister, charged with a violation of the liquor laws, will be the first taken up, both waiving the reading of the information.

Medical Institute Meets

The Ottawa County Medical society held its first meeting for the season 1908-1909 Tuesday afternoon in the council rooms. There was a large attendance of the local membership and several members from Grand Haven, Coopersville, Zeeland, Saugatuck, Drenthe and Ganges were also present.

The meeting was called to order promptly at 1:15 and the following papers were presented and discussed: "What Can the Society Do for the Improvements of the Country Doctor?" A. J. Brouwer, M.D., Drenthe; "The value of Physics Applied to the Practice of Medicine," A. T. Godfrey, M.D., Holland; "A Consideration of Climate in Tuberculosis," H. J. Poppen, M.D., Holland; "Criminal Abortion from the Coroner's Standpoint," D. G. Cook, M.D., Holland. All the papers were full of interest and showed careful preparation.

This year the society will hold its meetings monthly instead of quarterly and the year's program as issued by the program committee, composed of Drs. A. Leenhouts, T. G. Huizenga, G. H. Thomas and E. D. Kremers is full of interest to the physician.

On Tuesday evening, December 15 the society will hold a banquet at Hotel Holland.

Besides papers prepared by members the society will be addressed during the year by Dr. R. R. Smith of Grand Rapids, and Profs. A. W. Hewlett and Reuben Peterson of the University Medical school.

Another Victim

The deadly corn husker claimed its first victim of the season in this county Tuesday when Lewis Volling, a farmer living near Boreculo, lost the greater portion of his right arm in one of the machines while assisting a neighbor in shredding his fall crop. Volling was feeding the machine when his hand was caught in the snapping rolls and drawn into the knives, lacerating it so terribly that it was found necessary to amputate it above the elbow.

Volling, who is the only support of an aged mother, had gone over to the farm of Gerrit Zeuwerink to assist in the harvest work. His arm was drawn into the shredder before the machine could be stopped and the arm was almost cut to pieces. Suffering awful agony, he was removed to his home, where Drs. T. G. Huizenga and H. A. Rytterink of Zeeland performed the amputation. Unless unforeseen complications set in the young man will recover.

Holland Has To Bow to the Inevitable—Scores of Citizens (Prove It.)

After reading the public statement of this representative citizen of Holland given below, you must come to this conclusion: A remedy which cured years ago, which has kept the kidneys in good health since, can be relied upon to perform the same work in other cases. Read this:

Mrs. F. Andree, living at 234 W. Thirteenth St., Holland Mich., says: "I used Doan's Kidney Pills with wonderful benefit. I suffered a great deal from a disordered condition of my kidneys accompanied by dull pains through my back and loins. Finally I procured a box of Doan's Kidney Pills at Doesburg's drug store and after using them a short while was cured of my troubles." (From statement given April 26, 1900.)

CURED TO STAY CURED.

On December 12, 1906, Mrs. Andree was interviewed and confirmed the above statement in the following words: "I have been absolutely free from kidney trouble since Doan's Kidney Pills cured me over six years ago and I heartily recommend them to anyone suffering from similar complaints."

The New McKinley Club

At a meeting held last evening in the Diekema Club rooms the Diekema Club was made a permanent organization and the name changed to the McKinley Club of Ottawa County. After the organization had been made Walter Lane, Con DePree, and J. B. Mulder escorted Mr. Diekema from his home to address the new club. The congressman made some informal remarks in which he complimented the club on the spirit of progress the new organization manifested. A smoker was then held in honor of Mr. Diekema and Representative. Elect Van Raalte.

The McKinley club will meet the first Monday evening of each month except June, July and August. The officers of the Diekema Club will remain in office until the first regular meeting of the new club, when election will be held by the primary system from 2 to 8 o'clock p. m.

The annual banquet of the club will be held on McKinley's birthday January 29. Committees were appointed to organize a marching club, a drum corps and to select rooms as permanent quarters.

A hundred and thirty nine members were enrolled last night. Opportunity to enroll as charter members will be given until the next monthly meeting of the club. The membership fee is \$1.00. To the Diekema Club.

Seminary Notes

One of the most delightful and profitable evenings the members of the Adelpic Y. M. C. A. spent this year was afforded them at the home of Rev. and Mrs. F. D. White at Saugatuck last Tuesday. And not only the students of the Seminary, but the professors with their wives and a few others specially interested in the seminary were present. The entire party, consisting of 30 members boarded the 5:40 p. m. car and soon after the destination was reached, were invited to a supper that indicated that the host and hostess had spared neither expense nor trouble to make it count. The party did full justice to it.

A literary program followed supper. One of the guests, Dr. Brown, one of Saugatuck's successful physicians, read a most interesting and practical paper, showing the way in which the minister would increase his efficiency by enlarging the scope of his work relating to the physical conditions of his constituency. Then Rev. Mr. White read a paper on the subject, "The Christian's Attitude toward the Weaker Brother," which was full of helpful suggestions and was intensely practical throughout. Both papers showed that considerable work had been put into their preparation and gave their readers credit. Naturally, the good things thus enjoyed invited several responses which were given by the different instructors.

It certainly is worth while to notice that a meeting at which three different denominations were represented was spent in such a happy and congenial way as this one was, and the evening hours sped all too soon compelling the party to take the last car home. The kindness of Rev. and Mrs. White and the good will of all who had a part in making the festivities a success will be remembered for a long time by the guests.

The Seminary will next Sunday be represented as given, C. Muller, 8th Grand Rapids; W. P. Van der Laan, Grandville, (evening); M. Vander Meer, 1st Holland, (afternoon).—One of the Guests.

Three extra same size or one extra enlarged for framing with each order over \$300 at Lacey's gallery until Dec. 10th.

The fire department was called out shortly before six o'clock last night by the burning out of the chimney of Wm. Thornton on 10th street. Only slight damage was done.

The Fischer farm "Kirchheim," on Black Lake has received a very fine rooster and two hens from John Milsford of Carlisle, England, who is a great bird fancier. These birds have taken first prize in the London poultry show and were a gift to "Kirchheim" by Mr. Wilson of Chicago, who is a nephew of Mr. Milsford. They are of the Buff Orpington's species.

Itch! Itch! Itch!—Scratch! Scratch! Scratch! The more you scratch the worse the itch. Try Doan's Ointment. It cures piles, eczema, any skin itching. All druggists sell it.

Accidents will happen, but the best-regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heals the hurts.

Scott's Emulsion

of Cod Liver Oil is the means of life and enjoyment of life to thousands: men, women and children.

When appetite fails, it restores it. When food is a burden, it lifts the burden.

When you lose flesh, it brings the plumpness of health.

When work is hard and duty is heavy, it makes life bright.

It is the thin edge of the wedge; the thick end is food. But what is the use of food when you hate it and can't digest it?

Scott's Emulsion of Cod Liver Oil is the food that makes you forget your stomach.

Two young college men were industriously spending their summer vacation in the testing room of a large electric manufacturing works, where they were able to supplement their studies at the technical school by practical application and experience. The July afternoons were long, and the work at times very slack, so in one of these intervals of half-idleness the young men determined to turn to and give the laboratory in which they worked a thorough cleaning. It was at this juncture that the janitor happened along—an old retainer whose years of usefulness had long since passed, but who still made a feeble, shiftless pretense of keeping busy, and was indulgently carried along on the payroll of the company. Catching sight of the young men industriously scouring the grimy windows—work which the old fellow himself systematically avoided doing whenever he could—he stopped to watch them approvingly.

"That's right, boys," he exclaimed, nodding his head encouragingly. "That's the way I got my start."—Harper's Weekly.

Lecture from Br'er Williams. "You all time prayin' fer de patience er Job," said Brother Williams to a member of his flock, "but, 'cordin' ter de views I takes er him, dey wuzn't much patience in dat man! De fact is, he wuz growlin' 'fum mawnin' 'tweel night—'tweel his wife, who wuz waitin' ter be a widder, riz up and tol' him ter go 'long an' die! Dat's de very scripeter er it. But ol' Job uz too wise fer dat, an' wouldn't 'commodate her dat much. Anyhow, he didn't have money 'nuff ter gi' her a mo'nin' dress. But who kin blame him fer growlin', w'en he done los' all what he had, an' nuttin' in sight but trouble? Under dem circumstances, ez pious ez what I be, I reckon I'd 'a' raise Cain myself!"—Atlanta Constitution.

Rewards of Authorship. An addition to the list of phraseological coincidences was made by a speaker at the religious congress in the Oxford schools. For a competent student of any great subject there was, said Prof. Rhys David, no better way of clarifying and increasing knowledge than writing a book about it. Something like the same sentiment was expressed a little more cynically by the late Bishop Creighton at a Dictionary of National Biography dinner. "Whenever," he declared, "I have found myself especially ignorant of any subject I have always tried to get a commission for an article on it, and in this way I have picked up a good deal of useful information."

How Little It Costs

You can carry five people fifty miles in a Rambler for what it would cost you alone to go fifty miles by train. You can cover ten times the ground you could with a horse—and do it far more comfortably. You can get more genuine enjoyment and give more lasting pleasure to your friends and family with an automobile than you could with anything else at the same expense.

Rambler Automobiles

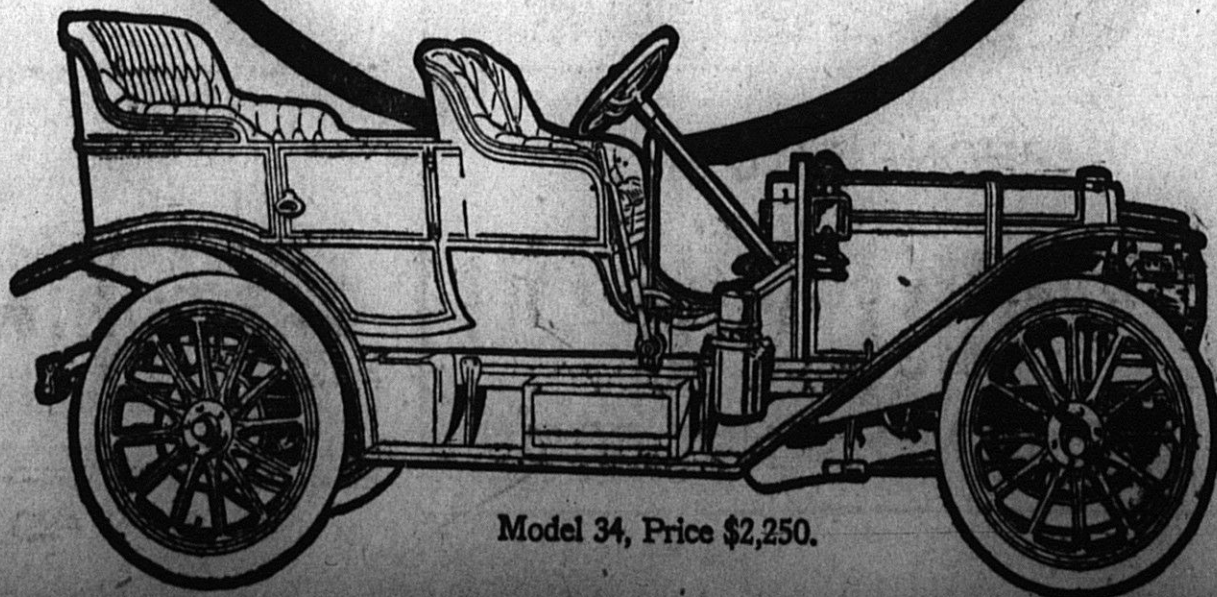

are built for lasting service, and require no expert mechanic to keep them in order. For \$1,400 to \$2,250 you can get a Rambler that will do everything any automobile will do.

We can show you where Rambler owners have driven a thousand miles a week without one cent for repairs.

We can prove to you in half an hour that the Rambler costs so little to operate that any business man can afford to have one.

We can show you how you can use the car in your business advantageously. Will you give us the opportunity?
