Nurse Shortage May Close Part of Hospital

To avert a threatened shutdown of part of Holland hospital due to an acute shortage of nurses and nurse's aides, Supt. Rena Boven Friday appealed to any graduate nurses who might be able to serve full or part time and also sought nurses aides and laundry help.

"Unless we get them soon, we don't see how we can continue to give even the limited care now available," Miss Boven said.

She explained that a picture of the shortage is reflected in the fact that the normal staff of 22 nurses will soon be cut to eight full-time staff nurses. The reason for this shortage is that 10 nurses have left or are leaving within the next few weeks to join their husbands who recently returned from service. Two nurses were

married recently. Other local nurses are still serving the army and navy and will take well-deserved rests before returning to civilian nursing.

Mayor Elmer J. Schepers and Alex Van Zanten, chairman of the hospital board, also appealed to the public for cooperation. "It is absolutely necessary for us to see to it that our hospital receives all the help it needs immediately. The safety of your children and our community is actually hanging in the balance. Adequate hospital care must be provided to meet any contingency. We are calling every inactive graduate nurse and every trained nurse's aide to 'active duty' now," they said.

Miss Boven also said the situation is more acute now than at any time during the war. She added that Holland hospital was particularly fortunate in having the services of nine cadet nurses for three-month training periods during the past year. The three cadets, now in training at the hospital, will leave next month and no more cadets will be available, she said.

"The war years have been hard for everyone and that includes all hospital employees. They have worked hard and faithfully to accomplish the job that this hospital is here to do.

"We are grateful for the part-time work that many married nurses are loyally giving to the hospital and we realize that many times they have been called upon more often than they should. We also appreciate the time the Red Cross nurse's aides have given and are still giving. Some nurses and aides have given more than they physically could stand," Miss Boven said.

A recent national survey reveals that 23 per cent of the hospitals all over the country have been forced to limit their service to the public mainly by closing a certain number of beds.

The Roberts car was turned over by the impact and the driver was pinned in the wreckage for a short time. The Dwyer car, proceeding south on Pine was damaged on the front and the Roberts car, traveling west on 13th St., was damaged mostly on the right rear.

Claims Record In Getting Deer

Don Van Gelderen, 25, 220 West 14th St., today claimed a record of some kind for his speed in bringing down a buck about five minutes after daybreak and being back in Holland by 11 a.m.

Van Gelderen, who was released just 15 days ago from the army air forces, didn't have time to make a lot of elaborate plans for a deer hunting trip, so he decided to take a little trip by himself to White Cloud for one day of hunting.

Daybreak found him in hunting territory in Newaygo township and five minutes later he spotted a spikehorn which he shot. Then he loaded the 125-pound buck onto his car and returned to Holland.

White Cloud is about 70 miles north of Holland.

Dismiss Case Against Melvin Borgman, 20

Grand Haven, Nov. 15 (Special)—The case against Melvin Borgman, 20, route 2, Holland, on a charge of breaking and entering in the night time, was dismissed by Justice George V. Hoffer this morning on motion of Louis H. Osterhaus, assisting prosecuting attorney, after examination.

Roger Dale Van Dyke, 18, who lives in the Borgman home, had made a confession to officers of the sheriff's department and Mr. Osterhaus and Clarence A. Lokker, attorney for Borgman, Van Dyke told so many inconsistent stories that there was not sufficient evidence to show probable cause that Borgman was involved. The alleged offense involved breaking into the Jacob Essenburg clothing store of Oct. 27. Van Dyke is to appear in circuit court Monday morning.

Armistice Day Speaker Warns Against 3rd War

"If we assume the same attitude of 'the war is over' in this war as we did in the first World war, in 25 years we will fight another war and the commander of your American Legion will not be able to say your city was unscathed," Chaplain Lester C. Doerr of Grand Rapids told Legionnaires and guests at their annual Armistice day banquet Tuesday night in the Virginia park community building.

"A war in which America will be unharmed can never happen again. Our cities will be blasted off the face of the map just as the cities overseas, just as Manila was known as the 'pearl of the orient,'" Col. Doerr said.

To prevent a third holocaust, he said it was the American people's solemn obligation to the 200,000 dead and 800,000 wounded to continue to give, to continue to be interested in this country and its plan in the world in the years which lie ahead.

"So long as we have people who recognize only power, we will have to remain a strong nation. I don't know how this is to be done. We never have been prepared for war. We always won the wars, but we always paid and paid."

"The only way to permanent peace is to recognize the superiority of love between men over the power that earthly potentates may have. If we were only willing to give one-tenth of our wartime effort to maintaining peace, we might be able to stop war," the colonel said.

Douglas Church Scene Of Delke-Bieler Wedding

St. Peter's church, Douglas, was the scene of a double ring ceremony performed Saturday morning by Fr. Nugent in a nuptial high mass, uniting in marriage Miss Katherine Bieler, daughter of Mr. and Mrs. Ben Bieler of Douglas, and Anthony Delke, son of Mr. and Mrs. Frank Delke, Sr. of Chicago. The altar and sanctuary were decorated with red and white chrysanthemums. Approximately 100 relatives and friends attended.

Traditional wedding music and mass were played by Mrs. Curtis Moss, "Ave Marie" and other selections were sung by Miss Jean Goshorn.

The bride, given in marriage by her father, wore a gown of ivory slipper satin, styled with long sleeves and sweetheart neckline. Her fingertip veil fell from a tiara of satin and orange blossoms and she carried an arm bouquet of red roses.

Mrs. Ray Henneman, sister of the groom, as matron of honor, wore a gown of blue satin and carried a bouquet of white chrysanthemums. The bridesmaids, Misses Mary Bieler and Marcia Henneman, wore gowns of yellow satin and pale green satin, respectively. They carried white chrysanthemums. The flower girl, Sharon Delke, wore a rose satin gown and carried rose and white mums.

The groom was attended by Ray Henneman and Allan Ashley, Benny Bieler and Raymond Henneman, Jr. were the servers at the mass. Eugene Bieler and Edward Delke assisted as ushers.

After the ceremony, a wedding breakfast was served to 65 relatives and friends at the River Guild. A reception was held Saturday afternoon and evening.

The bride is a graduate of Saugatuck high school and has been employed in Douglas post office for three years. The groom was recently discharged from the army and will resume his position with a radio corporation in Chicago.

Following a short honeymoon, Mr. and Mrs. Delke will reside in Chicago.

He recalled his elation 27 years ago when the Armistice was announced in New York city. "Ten million people died before that armistice was signed and everyone believed in his heart that he was doing the right thing. The Allies died in that war which was a war to end all wars and to make the world safe for democracy. Then we all went back to our homes, back to our jobs and that was all there was to it. We forgot a lot of things and so we have Gold Star mothers and fathers here tonight," he said.

Ben G. Rutgers presided at the banquet which attracted about 250 members and guests. Chaplain Harry Kramer gave the invocation and Arthur C. Prigge led group singing accompanied by Mrs. Jack Knoll, Mrs. Henry Cook, auxiliary president, and Mrs. Edward Sooter, 5th district president, brought greetings. Mary Lou Van Dyke, accompanied by Miss Edna Dalman, sang several selections.

Comdr. Thaddeus P. Rhodes outlined the post's plans for purchasing the Holland Country club grounds and clubhouse as a veterans' memorial, community project and a home for the Legion post and announced that two local factories already have pledged \$3,000. A sum of \$25,000 is needed to purchase the Country club.

Gold Star mothers and fathers present were Dr. A. Leenhouts of Holland and Mrs. Ida Weerd of Grand Rapids of World War I, and Mr. and Mrs. George Michmershuizen, Mr. and Mrs. Thomas Smeenge, Mr. and Mrs. Edwin John, Mrs. Henry Israel, Mr. and Mrs. Ray Nicol, Mr. and Mrs. J. Van Andel and Mr. and Mrs. Earl Nivison. Mrs. J. Potts, Gold Star mother of both wars, could not be present.

Seek Relatives of Dutch Prisoners

Efforts were being made Saturday to locate Michigan relatives of two Dutch servicemen who have just arrived in San Francisco after being liberated as prisoners of war in Japan.

The two arrivals are Piet Kamp who has two uncles, Lambert and Wiggert Kamp in Michigan, presumably in western Michigan, and B. Plummers who has an uncle, J. Plummers, thought to reside in the Battle Creek area.

The two servicemen appealed for aid in locating their relatives at the western division office of the Netherlands Information bureau in San Francisco and the director there forwarded the information to the local bureau in Holland. The two men will remain in San Francisco for some time or until they hear from their relatives.

A similar case in which a Dutch serviceman sought to locate relatives was successfully disposed of through similar publicity some time ago. Willard C. Wichers, local director said. Any letters should be directed to Wichers at the Netherlands Information bureau in the city hall.

County War Loan Gains Momentum

The Victory war loan is gaining momentum in Ottawa county. D. J. De Pree of Zeeland, chairman of the Ottawa county war finance committee, said Wednesday.

The sale of E bonds in the county now totals \$132,050 against a quota of \$714,000. Sale of F and G bonds and other individual issues totals \$162,318.50 against a quota of \$721,000.

Although E bond sales especially are considerably behind schedule, intensive selling campaigns are under way in all parts of the county which undoubtedly will boost the sales considerably in the next 10 days, De Pree said.

Kroger Grocery and Baking Co. in continuing its policy of allocating subscriptions for bonds is assigning credit of \$1,000 to each store, making an approximate total for the county of \$3,000,000. A sum of \$3,000 is being allocated for the three stores in Ottawa county.

Col. Bremer Says GI's World's Best Patients

"No nurse ever had or ever will have better patients than the wounded GI's overseas," Lt. Col. Coral Bremer, chief nurse with the 17th general hospital in Naples, Italy, said Monday.

In making this statement, Col. Bremer said she spoke for herself and all the nurses in the service. She ventured the opinion that army nurses won't experience anywhere near the satisfaction in

even worse, the Americans on landing in Boston read conspicuous feature stories on the Italian war brides and their delight at the courtesies shown them aboard ship. The articles quoted them as saying they were delighted that they were given priority over American servicemen and women."

Col. Bremer said, "There are hundreds of ex-combat men and servicemen still waiting in Italy for shipment home. They are tired physically and have had enough of foreign lands and army life. I sincerely hope that my patients registered in Washington will be effective in getting them home before the Italian civilians."

Col. Bremer arrived in Boston and came to Holland late last week. Although she has been in Detroit since 1930, she considers Holland her home and makes her headquarters with her sister, Mrs. Russell Rutgers, 89 East 20th St. She is now home on 45-day temporary duty and has requested her discharge.

She entered Harper hospital in Detroit in 1929 for training which she completed in 1933. She served as head nurse in Harper's outpatient department for several years and then became superintendent of the McGregor Health foundation, a position she was holding when she joined the army nurse corps in February, 1942, as principal chief nurse of the 17th general hospital unit, starting recruitment of nurses immediately.

The Harper unit was activated in July, 1942, and trained at Camp McCoy, Wis., for a year. In July, 1943, the unit sailed for Casablanca, North Africa. Late in October, the unit went to Naples. The nurse was promoted to captain while at Camp McCoy and to major and lieutenant colonel while in Italy.

The 17th general hospital unit arrived in Naples just three weeks after the city was occupied by Allied troops. The unit was established in the newest of the Naples municipal hospitals on the outskirts of the city. These hospitals had been hastily abandoned by the Germans who left much valuable equipment such as x-ray machines and medical supplies. These supplies were readily utilized by the Americans.

The Americans showed great ingenuity in improvising as needs arose. When only one roll of rubber sheeting was issued for use in the hospital, the navy was contacted and request was made for damaged blimps used as barrage balloons over Naples harbor. Three blimps were obtained and the silver rubber was cleaned and made into pillow and mattress coverings. This material from the blimps proved more satisfactory than the regular issue. Col. Bremer said.

She gave great credit to the American engineers who generally are identified only with building bridges, etc. When the Germans abandoned the hospitals, they were canny enough to remove certain irreplaceable valves from the plumbing and heating systems, leaving large beautiful stoves in the diet kitchens useless and the sanitation system in a deplorable condition. The engineers corrected these faults and when it became evident that there was not enough room for the 1,500 beds, the engineers built additional hutments.

The hospital cared for 46,000 patients in the two years it was in operation. There were only 98 nurses and 500 corpsmen, 200 of whom were trained by the nurses in the United States, to care for the patients who often numbered 2,200 to 2,500. The ambulatory patients (convalescents who could get around) were of great help in aiding the limited staff and relieved nurses and corpsmen of many small tasks.

"There are no 'frills' in a military hospital and the wounded soldiers probably got along better because of this. They were anxious and willing to help themselves as soon as possible. The patients showed very deep feeling for each other and were always ready to help a buddy. The men would watch anxiously for familiar faces as casualties were brought in," Col. Bremer said.

She credited penicillin with saving many, many lives and said she was so thankful that the miraculous drug was discovered before this horrible war. To facilitate the administering of this drug to the 283 patients needing it at one time, a team of nurses was assigned to administer all penicillin injections, making three-hour rounds of the hospital continuously.

While on a five-day rest period in Rome in April, Col. Bremer attended an audience with Pope Pius who granted audiences with military personnel daily at 11:30 a.m. She also received the Italian Crown war merit medal from Prince Umberto for her work in Italy. In addition she wears the Bronze Star medal from the U. S. army for meritorious service.

The 17th general occupied a modern surgical building in Naples and an administration building which was an imposing structure built about 12 years ago to commemorate Mussolini's march on Rome. The buildings were beautiful, but impractical and not at all substantial, according to the nurse.

Naples was bombed often in 1943 and the unit hospital and buildings were hit. In March, 1945, taking the lives of 300,000, none of them American. All the hospitals were shattered in the bombing.

Forester Leads Tigers to 25-13 Win Over Holland

Big Jack Forester, towering over his Benton Harbor teammates and leading them around the field like a mother hen with 10 chicks, paced Benton Harbor High school to a 25-13 victory over Holland High in Riverview park Friday night.

"Jumping Jack," as state basketball writers have nicknamed him, gained 147 of Benton Harbor's 182 yards on the ground, his passes netted all of the 29 yards gained in the air, he scored 19 of the 25 points and could have undoubtedly scored all 25, for that matter. His booming punts averaged 82 yards.

He called the plays, did the punting, passing and running. "About the only thing he didn't do was sing a ballad."

Holland held the upper hand the first half, halting a Tiger drive after the opening kickoff, then driving 64 yards in an attempt to score only to be stopped on the one foot line. Forester booted 60 yards out of danger and the Dutchmen marched back 60 yards to score the touchdown they had missed on the previous drive.

With time running out in the second quarter Forester grew desperate and started passing. He clicked to Danny Danneffel for 15 yards and then one play later for 13 yards. The next time he tried it, the ball resting on Holland's 32, he was rushed by three Holland linemen. Not seeing a receiver he started out on his own. He ran from the south side of the field, to the north side of the field, picking up less than half the distance to the goal. He turned and headed back towards the south side, running at an angle and scoring in the southeast corner after a 122 yard touchdown run that the official records will say netted 32 yards. Several Dutch defenders got their hands on him but could not bring him down.

The half ended in favor of Holland 7-6, and it might easily have been 13-0 but for the masterful work of Forester. Holland led in first downs at the half 8-4 but the final first down count was 11-11. Forester continued to improve in the second half. With runs of 19 and 13 yards he slammed over from the 2 yard marker to give Benton Harbor a 12-7 lead soon after the halftime kickoff. At the start of the fourth quarter he racked up gains of 8, 9, 8 and 7 yards to put the ball on the 2 yard line. Quarterback Vern Zanders plunged over to the touchdown and Benton Harbor led 18-7.

Holland then scored on a sensational pass. Picking up a first down on line plays soon after receiving the kickoff, Holland's quarterback, Bill Hinga, tossed an aerial to Leo Vander Kuy, who wormed his way past three Tiger tacklers to a touchdown. The play started on Holland's 49 and Vander Kuy caught the ball on Benton Harbor's 30.

With time running out in the final quarter Holland took to passing. They were forced back to their 1 yard marker by a penalty and the fact that the Tiger line once broke through to smother Hinga before he could get rid of the ball. When Holland's fourth down pass failed from the one yard line Benton Harbor took over and in the next-to-the-last play of the game Forester smashed over for six points. He then dashed around end for the extra point and the contest was over. Benton Harbor 25, Holland 13.

Holland looked better than they have in their last two starts, but they didn't have the staying power of Benton Harbor nor could they match the running of Forester.

For the Dutch, halfback Joe Caravia turned in a nice game. Coming in on offense he romped for long gains around end. Bill Hinga was outstanding on offense. His quarterbacking was generally good, but many old-timers questioned his judgment on passing from Holland's one yard line with only two plays left in the game. Hinga gambled on victory or a two touchdown defeat and got the latter.

The Dutch line was aggressive but could not hold Forester, who was the difference last night.

The "breaks," that held the locals up in the Muskegon contest were evened up last night. A touchdown pass dropped by Vander Kuy in the end zone, an intercepted pass in the midst of a drive during another touchdown drive all contributed to Holland's loss.

IT PAYS TO BE A GOOD RURAL LINE NEIGHBOR

If you're considerate of others in the use of your telephone, they'll be more apt to be considerate of you. And today, when there are more telephones per line than before the war, it's especially important that everyone co-operates.

We intend to proceed with the job of adding more rural lines and more central office equipment just as fast as conditions permit. This will enable us to fill the orders of those who are waiting for telephones and reduce the number of telephones per line.

Meanwhile, here are three simple ways you can show friendly consideration of those who share your telephone line:

1. Keep all calls short.

2. Avoid interrupting when the line is in use.

3. Hang up your receiver carefully. One receiver off the hook can tie up a whole line.

Muskegon Editor Talks To Local DAR Chapter

The simple philosophy of the Christ, in which he advised His followers to "feed your enemies and give them to drink," was pointed out as the only way to save the destiny of the human race by Archie McCrea, editor of the Muskegon Chronicle, Thursday afternoon before members of Elizabeth Schuyler Hamilton chapter, Daughters of the American Revolution. The meeting was held in the home of Mrs. R. W. Everett, College Ave.

In his thought-provoking address, in which he asked, "Is there a future?" Mr. McCrea declared that "we must develop moral control over atomic power, or the human race is doomed." Solution of the problem is not by education, rather by a great faith in mankind that he has within himself the power to protect himself from evil forces and solve the problem of threatened destruction, he said.

Mrs. Milton L. Hinga, regent, was in charge of the meeting which opened with the customary salute to the flag. Miss Laura A. Boyd served as chaplain, using a Thanksgiving theme. A CHARGE THAT

MUST BE MET

On one and the same day
two service men from widely sepa-
rated areas made the charge
through the medium of the Sen-
tinel that the government is stall-
ing in getting soldiers home. The
charge was not that demobiliza-
tion is not proceeding fast enough
but that soldiers eligible for dis-
charge are prevented from going
home.

One of these statements was
contained in a "Public Opinion"
letter written from the Philip-
pines by Bob Borgman, Corps
Engineers: "Every day I talk to
men with 80, 90 and even 100
points who are trying to get in de-
pots to be shipped home. These
depots are filled with men wait-
ing for transportation while all
the time Liberty ships leave Man-
ila bay empty. The army's excuse
for this is that these ships aren't
equipped to carry troops, yet there
are men here now who have come
over on these same ships despite
the poor chow, lousy washing
facilities and crowded sleeping
conditions."

The other charge appeared in
Esther Van Wageningen Tufts' col-
umn, "Michigan in Washington."
She quotes a letter from a soldier
friend of hers in the Pacific war
theater who tells the story of men
with points as high as 95 cooling
their heels impatiently, unable to
get away. "Meanwhile," the let-
ter continues, "cargo ships are
going back empty from the Pacific
Official sources answered that
the ships were unfit for troop
transport and they didn't carry
food or water. The GI's reply
seemed to be fit enough during
the war and the men had lived
on 10 and one rations and
water out of gasoline drums be-
fore."

The charges made by these ser-
vice men just cannot go on being
ignored by the war department
or for that matter by the
government. Not because the men
who make them are influential;
rather because they are not in-
fluential; they are average sol-
diers; but soldiers who are uncon-
sciously speaking for millions of
their pals. Even the government
cannot ignore that voice of mil-
lions.

The service men are not going
to be satisfied with excuses that
make them out to be sissies who
cannot put up with one more
hardship. If the war department
has a good reason for delaying
the return of the GI's, well and
good; the GI's themselves are pa-
triotic enough, and sensible en-
ough, to take a real reason at its
face value. But sending back car-
go ships empty, refusing to load
them with home-hungry boys be-
cause those passengers could not
have first class accommodations is
a camouflage that these same
boys will not accept. Neither the
war department nor the govern-
ment has presented a valid ex-
cuse. The boys who have done the
fighting deserve more than trans-
parent alibis.

The Outreach of the Church

Acts 11: 19-30; 12: 24; 13: 4.

By Henry Goering

Every step of the way the

Christian church took in the be-

ginning it had to confront the

most stubborn opposition. That

was true from the day of Pen-
tecost forward. Judaism as a body

was dead set against this new

movement. Every sect within Jud-

eam declared itself to be opposed

to the body of beliefs held by

Jesus and promulgated by His dis-

ciples. The antagonism of these

various sects was not for the same

reason, but they viewed with each

other in the determined stand

they took against it.

That being the case we must all

the more admire the quality of

the faith and of the courage of

the poor and unlearned men who

espoused the cause of Jesus. They

went about their work like expe-

rienced conquerors. For that rea-

son we should be noting in this

lesson the expansion of the church

and its willingness to look upon

new fields of service with delight.

Nothing seemed to be too big for

it. It held a great hope in its

heart. Humanly speaking its

growth was the remarkable thing

about it.

The dissemination of the gos-
pel in the first place was due to

the terrific persecution that was

inaugurated by young Saul, a

Jew. He had stood by as Stephen

was being stoned to death, and

the sight of it gave him the im-

pression that he was the one cal-

led of God to destroy, root and

branch, this new faith which he

had set up as a rival to Judaism.

It is not to be supposed that Saul

was himself into this holocaust

of slaughter for the purpose of

gaining a name for himself. He

was very sincere in it. He be-

lieved with all his heart that he

was called of God to do it.

If he had seen the result of it

he might have been checked. The

outcome was the further expan-

sion of the field for the gospel.

His violent opposition to the

church caused many of the dis-

ciples to flee, most of them to

the north, into the country of Phoeni-

cia, the island of Cyprus, and the

city of Antioch in Syria. Most of

them believed, as the apostles did,

that they should limit their mes-

sage to the Jews and the converts

to Judaism. Nevertheless they

preached salvation in the name of

Jesus.

But some of those who were

scattered felt that they should

not limit the gospel to any one

group; and so they included the

Gentiles in the invitation. This

was a remarkable step forward.

It was a case of the laymen get-

ting ahead of the clergymen, of

the followers running around their

leaders. The singular thing was

that the hand of the Lord was

upon their preaching, for when

the Bible said that a great num-

ber believed and turned to the

Lord it means what it says.

We are not to suppose that the

church in Antioch was more than

a few years old, and yet it had

grown to be a strong and well-

established institution. It was

most fortunate in having in it

such men as Barnabas and Saul.

We know the names of a few of

the others, but nothing more. We

are given to understand from the

record that the Gentiles were

more willing to hear the Word

than were the Jews. It is believed

that the first three of the five

leaders mentioned were prophets,

men who were endowed with some

special spiritual illumination,

while the other two were teach-

ers.

It is not mentioned that this

meeting of the congregation was

a special one, though there is no

particular reason for believing

that it was not. It would be nat-

ural for the leaders, at any rate,

since the Lord had so abundantly

blessed their work in this far-

away and unpromising field, to

take themselves whether it was

not. He will that they should carry

the gospel to other regions. I

doubt if it was a sudden and un-

announced manifestation of the

Spirit's desire, rather was it a

growing conviction in the hearts

of these prophets and teachers,

brought about by the Spirit to be

sure, that they should enlarge

the field of their activity. From

this point the plans matured

rapidly, and the congregation

through its leaders laid hands in

blessing on the heads of Barnabas

and Saul, because they were best

qualified for the work.

The formal commissioning of

these two men was done by the

leaders of the church, but the

actual sending them forth was

done by the Holy Spirit. How His

will was made known we cannot

say, but that it was very clear to

the congregation goes without

saying. Neither those who went

or those who remained at home had

any doubt on the matter.

The first place the missionaries

stopped was Salamis, a prominent

city at the east end of the island

of Cyprus. Probably the chief rea-

son why they went there was be-

cause Cyprus was the home of

Baranabas. More than that it was

a place where there were syna-

gogues, and at the same time Gen-

tiles. While the Gentiles were not

to be excluded from the gospel,

nevertheless the method of the

missionaries was to go to the Jews

first, and they would be found in

the synagogues.

Decker Displays New Chevrolets

Gleaming new 1946 Chevrolets, sounding an appealing note in sleek new engineering progress, are on display at Decker Chevrolet, 221 River Ave.

The new models mark an outstanding step in Chevrolet's progress as top producer in the automotive industry, said Jack Decker, manager of the Decker Chevrolet. "More Chevrolets than any other motor car were sold in 10 of the 11 years of prewar automotive production. We are confident that the new postwar car will once again be a sales winner."

"One of the most striking new features, which give evidence of the inherent versatility of the new cars, is the completely new front-end treatment, redesigned to emphasize the low modish lines. The bumper, bumper guards, radiator grille, parking lamps, hood ornament and name emblem all present an appearance of new graceful ruggedness."

The first Chevrolet to come from factory production lines is the popular Stylemaster sport sedan, a four-door model which is being featured in the initial display by Decker Chevrolet Inc.

Among improvements in the new car are the superior sealing materials in power plant and chassis construction, the chrom-plated and stainless steel trim, headlights spaced wide apart for beauty and effective illumination. The body by Fisher features Unisteel construction.

The new 1946 Chevrolet provides a maximum of riding comfort. This is achieved by unitized knee-action, an assembly of front springs, shock absorbers, brakes and steering connections.

Holland Man Receives Thanks from Rotterdam

Claus Volkema, 203 West 19th St., who enclosed a note in clothing sent to the Netherlands last spring, has received an interesting reply in the form of a letter from W. A. Van Eijnhoven, chief of the sorting department at the Red Cross relief center in Rotterdam, where he stated he has worked for four months, with 50 men in his department alone.

Relief is being sent from all parts of the world and large amounts are on hand, he said, but it is almost impossible to help all who should be helped.

Thousands of families are living in cellars, chicken houses and pig pens, he wrote. They have nothing left in the line of furniture, clothing, shoes, and household needs, such as dishes, spoons, forks and pans. Only a few can eat at one time because of this lack, and at night they must cover themselves with sacks instead of blankets. Many have no protection against rain and cold. As late as 1943 the Germans tore down 2,600 homes in a part of Rotterdam he said.

Mr. Van Eijnhoven was a former railroad worker and made runs to France and Switzerland, and enclosed a picture of his six-months old son and himself. He expressed thanks to all givers of clothing and to the American Relief for Holland, Inc., stating that Americans cannot possibly realize the great suffering of the country.

first damage to the ship which was in many tight spots during the war, skirting mine fields and escaping hits during air raids. One time there were 36 air raids in a single night.

Both sailors received their boot training at Great Lakes. Van Dyke, 19, son of Mr. and Mrs. Frank Van Dyke, entered the service in June, 1943, and also trained at De Land, Fla., and Shoemaker, Cal. Many Local Men On Navy Craft in Japanese Area

Two local men, Robert Louis Stouting, seaman first class, 165 East 17th St., and Walter J. Baker, motor machinist's mate second class, 39 East Ninth St., played an important part in the final drive that helped bring Japan to her knees while serving with the 24th U. S. naval construction battalion on Okinawa. The 135th drew the assignment of constructing the principal naval operating base at Buckner bay near Yonabaru, scene of one of Okinawa's bloodiest battles. Before going to Okinawa, the Seabee unit spent more than eight months in the Marianas.

Ensign R. E. Peters, 345 Columbia Ave., and other crewmen on the assault transport USS Broadwater, were on their back to the front when the troops reached the beach. Before that time the ship had carried cargo of men and material to Hawaii, the Philippines, Palau, Marianas, Carolines and Dutch New Guinea. The crewmen had all become official "seabees," having crossed the equator July 2, 1945.

Seaman 1/C Mitchell J. Schrengard, Holland, has been aboard the LCS (L) 121 which logged 98,000 miles of sea travel by the time V-J day found her at Leyte undergoing repairs. The LCS (landing craft, support) served as a supply craft by day and a patrol boat by night. Daycraft remained in the Okinawa area from May 10 to July 10, mostly for picket duty and enemy suicide boat lookout. The craft is credited with shooting down two Jap planes.

Ensign Donald F. Van Farowe, 24 1/2 West 15th St., stationed with a unit under the mysterious name of NABU 13, was one of the first Americans to move through the Kanglez and Wangpoo rivers and land in Shanghai, China, after the end of hostilities. The trip was marked by foul weather including two typhoons and the exploding of a floating mine that rocked one of the LSTs.

Radaman 3/C Hazen L. Van Kampen, 25, 332 College Ave., served on the destroyer John Bole when she moved with a task force of more than 50 ships into Jinsen, Korea, in September to liberate the country from the Japanese. Thousands of American prisoners of war, many listed as missing, were assembled, identified and dispatched on their way home.

Seaman 2/C Raymond C. Kammerling, Holland, served aboard the battleship USS Indiana when she dropped anchor in Tokyo bay with the victorious 3rd fleet following the end of the war with Japan. The Indiana, one of the newest battleships, has a record that includes operations at New Guinea, Guadalcanal, Rennell island, New Georgia, Marcus island, Tarawa, Marshall islands, Truk, Saipan, Ponape, Marianas, Palau, Iwo Jima and Okinawa. She was one of the first battleships to bomb the Japanese homeland.

Chaplain George J. De Witt of Dover, N. J., a brother of Dr. H. Venhuizen, 50 East 21st St., now serving with the 610th medical clearing company near Regensburg, Germany, has been awarded the Bronze Star medal for meritorious service in connection with military operations June 1, 1944, to Feb. 28, 1945, while serving with the 39th evacuation hospital. The citation said his untiring efforts on behalf of the personal welfare of hospital personnel and patients contributed materially to the maintenance of a high state of morale. Before entering the service in August, 1942, he was pastor of the Memorial Presbyterian church in Dover.

Corp. Henry J. Scholten, route 2, Zeeland, received word recently that he is authorized to wear permanently the Presidential citation badge for participating with the 3rd battalion, 67th armored regiment, in piercing and breaking the German Siegfried line Oct. 4 to 6, 1944. John Sluka of Grand Haven has been promoted from second lieutenant to first lieutenant, according to a United Press dispatch from Washington.

Report 250 Buy Deer Licenses

Approximately 250 local hunters have purchased deer licenses in this city in preparation for the opening of the 1945 season today, a check of local stores selling licenses revealed Wednesday.

It was only a small portion of the 250,000 hunters in the state who were set to start out today in quest of deer.

The state conservation department, basing its views on the fact that 33 persons were killed and 163 wounded last year through hunting accidents, urged hunters to follow these rules:

Do not point guns at anyone whether they are loaded or not. Do not shoot until object is distinctly recognized as legal game. Make certain guns are unloaded before entering camp or car.

Hunters were pouring into the northern peninsula through the Straits of Mackinac yesterday and today. New records were being set in the number of hunters crossing the straits.

The highway department reported from Lansing that a new crossing record had been set up to noon Tuesday with 10,916 cars and 15,500 passengers transported in four days. The previous records, for five days, were 10,173 cars in 1941 and 14,784 passengers in 1944.

On the archery front, Kenneth L. Eustace of Grand Haven killed a deer in Allegan county with bow and arrow. It was a 70-pound buck.

Samuel W. Hill, a member of the confirmation class presented to the bishop last Sunday morning, will speak to the congregation of his experiences during the three years he was interned in a Japanese internment camp in the Philippine islands. He was born in Iloilo, Panay, P. I., and was a resident of Manila at the outbreak of the war. He is 16 years old, and is now attending Holland High school and residing with his uncle and aunt, Mr. and Mrs. John S. Mills, 165 East Eighth St.

Rev. William T. Reeves, Jr., rector of St. Paul's church, Muskegon, and director of the diocesan summer conference for youth, will show motion pictures of life at the summer conference during the past several years at Rockdale Inn, Holland, and Camp Wakarusa off Corey lake, Saint Joseph County.

It is expected that Rev. William W. Reed, formerly curate at St. Luke's church, Kalamazoo, and now rector of the Church of the Epiphany, South Haven, will be introduced and briefly address the congregation.

COMMON COUNCIL

Holland, Mich., November 7, 1945

The Common Council met in regular session and was called to order by the Mayor.

Present: Mayor Schepers, Aldermen Te Roller, Harrington, Steffens, Bontekoe, Slagh, De Pree, Mool, Streur, Damson, Slighter, Meengs, Dalman, City Engineer Zuidema, City Attorney Ten Cate, and the Clerk.

Devotions led by Rev. S. Vander Werf.

Minutes read and approved.

Petitions and Accounts Clerk presented several petitions from persons protesting recent action taken by the Common Council in permitting public dancing in the Warm Friend Tavern. Petitioners are opposed also to allowing public dancing in any other place where liquor is sold in the same building.

The Mayor reported for information of the Council and those present that dancing at the Warm Friend Tavern has been discontinued. It was then moved by Alderman Meengs, 2nd by Slagh, that this matter be referred back to the License Committee. There was some discussion on the matter and then a substitute motion was made by Alderman Mool, 2nd by Streur.

That the Council rescind its previous action.

Rev. Seth Vander Werf who was present stated that he was representing the Ministerial Association and that Rev. Stoppels and himself had been delegated by their Association to attend the Council meeting and present the view of the Association to the Council. He further stated, however, that Rev. Stoppels had another meeting and had not yet arrived. Rev. Vander Werf reported that the action taken by the Ministerial Association was in the interest of young peoples morals which they felt should be protected as much as possible.

Mr. C. J. De Koster also spoke stating that he was there as a delegate from the Mens Federation of Adult Bible Classes and that their organization is also interested in the welfare of the youth of the City and felt that dancing should not be permitted in the same building where liquor is dispensed.

Several of the Aldermen raised the questions as to whether or not they had acted in violation of the ordinances when they gave their consent to dancing in the dining room of the Warm Friend Tavern.

The City Attorney was requested to give his opinion on the interpretation of the ordinance for the benefit of the Council members. Mr. Ten Cate then read portions of the ordinance as written and he called attention to the fact that in all cases it stressed public dancing. Mr. Ten Cate also called attention to the fact that this was a real old ordinance and was compiled with other ordinances in 1922 and undoubtedly when it was written, its intent was to prevent dancing in saloons or any other rooms with an opening into a saloon. Mr. Ten Cate then went on to state that if matters of his kind are brought to court, the judge usually tries to determine what the intent of the ordinance was at the time it was passed and it was his opinion that inasmuch as this ordinance was passed in saloons it was the intent undoubtedly was, as previously stated, to prevent dancing in saloons or any other rooms adjoining.

Mr. Ten Cate stated that it was his opinion that the ordinance had not contemplated conditions such as exist at the Warm Friend Tavern where these dances were being held and he felt that the Council acted in good faith when they previously authorized dancing in this location. The Mayor then put the substitute motion of Alderman Mool, supported by Alderman Streur, that the Council rescind its previous action.

This resulted in a 6 to 6 tie, and the Mayor voted "NO" on the proposition and it was LOST.

The original motion of Alderman Meengs, supported by Slagh, that this matter be referred back to the License Committee was then presented and this motion CARRIED.

Clerk presented communication from a concern in South Holland, Netherlands, that is interested in presenting a line of "Delft Blue" dishes and pottery for sale during Holland's Centennial Celebration in 1947.

Referred to the Centennial Committee.

Clerk presented petition for street light on the corner of Maple Avenue and 27th Street.

Referred to the Public Lighting Committee.

Clerk presented letter from Ruby Calvert, Public Speaking Instructor at the Holland High School acknowledging Council's request for a short program to be given by senior students at a Council meeting.

The communication states that the students will come to the meeting on Wednesday, November 21st, and be there about 8 o'clock.

Accepted with thanks, and public invited to attend.

Clerk presented communication from Henry Oosting, local realtor, requesting a permit to construct a one-story commercial building to be occupied solely as a doctors office, by Dr. Chester J. Van Appledorn, at 36 East 9th Street.

Said location of property is more fully described as the East 44th foot of Lot 4, Block 41, City of Holland. The letter further states that Mr. and Mrs. Ed Rakes who own the home adjoining on the west have given their consent to the construction of such a building. The location involved is now zoned as a "B" Residential district.

Referred to the Board of Appeals.

Reports of Standing Committees Committee on Ways and Means presented the following Resolution in regard to a Pension Plan for employees of the City of Holland:

"WHEREAS, It is desired by

the Common Council, the governing body of the City of Holland, to make available to its employees a pension plan as provided by the Municipal Employee's Retirement Act established by Act Number 135 of the Public Acts of 1945.

RESOLVED, BE IT RESOLVED, that the Common Council, the governing body of the City of Holland, a municipality within the meaning of that term, as defined in Act Number 135 of the Public Acts of 1945, does hereby, on behalf of said municipality as permitted by Section 6 of said Act, elect to come under the provisions of said Act and select Plan "B" as provided in that act.

plan under which it chooses to operate; the effective date of its Resolution with respect to the making of deductions from the salary and wages of the employees of the municipality and the making of payments required by said Act on behalf of the said municipality shall be April 1, 1946, and that the City Clerk is hereby authorized and directed to make all wage and salary deductions on behalf of the employees of the municipality required by law and to pay the same to the Retirement Board established by the Municipal Employee's Retirement Act together with such amounts as the municipality is required to make on behalf of its employees under the provisions of that Act.

On motion of Alderman Steffens, 2nd by Alderman De Pree, said Resolution was unanimously carried by Ayes and Nays as follows:

Ayes: Aldermen Te Roller, Harrington, Steffens, Bontekoe, Slagh, De Pree, Mool, Streur, Damson, Slighter, Meengs, and Dalman-12.

Nays: None-0.

Committee on Ways and Means reported recommending that Corrie Kragt of the firm of Mahofee, Moore, De Long and Kragt, be authorized to proceed promptly to audit the books of the Cemetery as per his quoted price of \$150.00.

Adopted.

Claims and Accounts Committee reported having examined claims in the sum of \$15,358.24, and recommended payment thereof.

Adopted.

Street Committee reported having received bids on a new truck for the Street Department and recommended that a General Motors Corporation truck be purchased from A. De Visser Sons at a cost of \$4098.98.

Adopted.

Street Committee to whom had previously been referred petitions for the vacating of different alleys reported recommending that the following alleys be vacated:

1. That part of the alley between 16th and 17th Streets from Maple to Washington Avenues abutting on Lots 11 to 15 inclusive, and Lots 22 to 26 inclusive, Vanden Bosch's Sub. Div.

2. The alley between 20th and 21st Streets from Van Raalte Avenue and running east to a point approximately 110.7 feet west of Washington Avenue.

3. The alley between 20th and 21st Streets running the entire distance from Harrison to Cleveland Avenues.

Adopted and the hearings set for Wednesday, December 19, 1945.

Street Committee to whom had been referred together with the City Attorney and the City Engineer the petition from H. P. Zwemer and others requesting that a setback line of 16 feet on the north side of 8th Street between Columbia and Lincoln Avenues be established, reported that the City Attorney has prepared an opinion to the effect that under our City Charter the Council is without jurisdiction to establish such a setback line. In his opinion the City Attorney called attention to certain sections of our City Charter and ordinances which have been adopted which refer the matter of a setback line to the City Engineer, City Building Inspector and the Appeal Board, and it was his recommendation that this matter be referred back to these men for a recommendation to the Council. This group, if they see fit, may recommend such setback line. The Council may then by resolution set the building line as a matter of recommendation.

Alderman Bontekoe, Chairman of the Public Safety Commission, reported that the Police Department can now purchase a new Ford car at the ceiling price, and recommended that the Public Safety Commission be authorized to go ahead and make this purchase.

Adopted.

Alderman Meengs reported that the Automobile Club of Michigan would be glad to come into the City of Holland and make a traffic survey if they are requested by the Council to do so. Mr. Meengs stated that such services are made in the interest of public safety and it was his recommendation that the Council request this group to come in and make such survey without cost to the City.

Adopted.

Alderman Slagh reported that the drinking fountain on the second floor of the City Hall is out of commission and unable to be repaired and recommended that a new fountain be purchased and installed at a cost of approximately \$70.00.

Adopted.

Committee on Public Lighting reported having received a request from the Holland Township Board for the erection of a street light at the intersection of West 16th Street and Homestead Avenue. The Township Board is agreeable to paying 50% of the installation cost and 50% of the operating cost of such a light. Alderman Te Roller further stated that the majority of their Committee were in favor of going ahead with the installation of this light but that one member of the Committee did not concur in his report.

such a light in this particular location.

After a brief discussion, however, a motion by Alderman Te Roller, 2nd by Meengs, that the City install the light on a 50-50 basis was adopted.

Civic Improvement Committee reported for information of the Council that word has just been received from the Architects-Kingscott and Associates, to the effect that the plans and drawings for the new Municipal Recreation Building have been entirely completed. Alderman Mool who made the report stated that the Architects are interested in having a meeting with the Committee in the very near future to go over these completed plans for final adoption.

Civic Improvement Committee to whom was previously referred the matter of planting trees around the Sewage Disposal Plant reported progress.

The Park and Cemetery Contact Committee presented a letter from Dr. E. D. Dimment who had previously been requested to check over the City's bonds in the Perpetual Upkeep Fund, in which he reports on his investigations.

Dr. Dimment states in his letter that he felt the securities that the City has are the best that could be obtained under present conditions. Dr. Dimment did state, however, that it might be well to appoint additional members on the Sinking Fund Commission to have charge of future investments. Alderman Harrington stated that he felt the suggestions made by Dr. Dimment are good ones and that the Council should go ahead and appoint additional members on the Sinking Fund Commission. Mr. Harrington further stated that under our present Charter provisions this Commission is composed of the mayor, city clerk, city attorney and the chairman of the Ways and Means Committee together with 3 citizens to be appointed by the Council annually in the month of May. Mr. Harrington further stated that these additional members in the past have not been appointed and in the discussion that followed it was brought out that the reason they had not been appointed was that the City until just recently had had practically no funds to invest and there was no particular need for such a Sinking Fund Commission outside of the regular City offices provided for by the Charter.

Alderman Harrington now to appoint these additional 3 members and suggested Dr. Dimment, Mr. Meengs of the Holland State Bank, and Mr. Klassen of the Peoples State Bank.

The City Attorney stated that it might be well to defer final action on this recommendation until the next meeting so that the Council would have an opportunity to determine whether there is sufficient need at the present time for the appointment of these additional members. Mr. Ten Cate stated that just to appoint additional members and have nothing for them to do might not be wise and satisfactory.

The matter was tabled for 2 weeks.

On motion of Alderman Harrington, 2nd by Streur, the City Clerk was requested to address a letter to Dr. Dimment thanking him for the interest he has taken in this matter and for the time he has spent

Pfc. Vander Kuy Describes Scout Dinner in Manila

A description of a scout's luncheon in Manila Nov. 4 attended by 150 persons including 20 from the United States and 30 of the Netherlands East Indies army was given in a letter this week to the Boy scout office here from Pfc. Casey Vander Kuy, an Eagle scout with the Tenth church troop, who is now with a medical detachment in the Philippines.

The event which marked an anniversary for Filipino scouts featured several addresses and the closing remarks were made by a scout commissioner who spoke of what the scouts had done while the land was occupied by the Japs.

"Some of the incidents were quite a tale and the speaker himself did an awful lot of sabotage with the scouts in his area. He said all the things weren't exactly according to scout ethics but that was beside the point. The scouts are doing a wonderful job in putting their ethics back on their feet and they're expanding their program very much," Vander Kuy wrote.

He mentioned sitting next to a Dutchman who was a prisoner of war for three years and was now in Manila waiting transportation back to Java. The ex-prisoner had a brother in Kalamazoo.

"I told him all about Holland, Mich., and about our tulip festival and farms. He didn't know about it so I gave him all the details about scrubbing the streets and how the tulip farms were laid out like in the old country. He was very interested about the visit of Princess Juliana and hoped that his brother in Kalamazoo was in Holland at the time. I intend to visit his brother when I return home and tell him about our meeting."

Over 250 Turn Out for Annual Archers Jamboree

Allegan, Nov. 15 — Over 250 archers from eight states gathered at the annual archers jamboree here Saturday night, heartily endorsing a suggestion that a section be set aside in every deer-hunting state for the exclusive use of hunters with bow and arrow and named a "hero" and a "goat" for the current deer hunting season. The jamboree was jointly sponsored by the Junior Chamber of Commerce and the Allegan Archery club.

Although the season opened Oct. 1 for archers in the Allegan area and is not scheduled to close until Dec. 1, the archers gave top honors to Bob Roberts of Kalamazoo whose 10-point buck, dressing out to 172 pounds, is the largest deer killed to date this season.

Charles Gruber of Detroit was named the "goat" of the season. Gruber told a gathering he "had a shot at a deer only 15 feet away and I missed."

Club Speaker Asks for American Leadership

Branding the whole system of colonial imperialism as "shot to pieces" by two wars and outmoded, which tends to breed war, Dr. Syed Hossain, cultured Indian scholar, gave members of the Women's Literary club a timely lecture on "India and the Far East," Tuesday afternoon in the club house.

As a consequence of war and the resultant peace, the United States has emerged in a position of extreme importance and leadership in world affairs, especially in the Orient, and it is important for every citizen to understand and obtain insight into problems and conditions in the far east, he declared. America's moral leadership is sorely needed, he said, stressing the great force of public opinion in a democracy.

Dr. Hossain briefly traced the history of India, a country which has existed "since the dawn of history," with a civilization going back, unbroken, for five thousand years, once the "wealthiest nation of the world." He told of the crumbling of the central government, and civil war and impoverishment of the country which opened the way for the British, who emerged with a margin of superiority.

"Naturally India wants to be rid of the British. Foreign rule is never advantageous to the country concerned. The British are in India for what they can get out of it," he forcefully declared.

"The peace we want calls for

us to be honest, just, exploitation of nation by nation must cease," said the speaker. "All men today are hoping that we will emerge into the dawn of a new day with peace for all people."

In the absence from the city of Mrs. Randall Bosch, Mrs. John K. Winter, first vice-president, presided. A collection was taken for work of the philanthropy committee.

Earlier in the afternoon, at a meeting of the Public Affairs group, Mrs. Kenneth De Pree, former club president and member of the school board, gave an interesting and timely review of the booklet, "Planning for American Youth," an educational program for the youth of secondary school age prepared by the National Association of Secondary School Principals.

Suggesting that educational planning is a responsibility of the entire community, it was proposed that a commission of post war education, composed of school people and laymen, recommend improvements to meet the imperative needs of youth. These included establishment of grades 13 and 14, and compulsory education to age 18 or graduation from high school, whichever comes first.

Mrs. De Pree explained the purpose of American Education week and urged club members to visit the schools, especially Froebel, built in 1879, and East Junior High, built in 1887.

Holland Lineup Set For Contest With Buccaneers

Coach Paul Camburn of Holland High school today named the starting football lineup that will clash with a spirited Grand Haven outfit tomorrow night at 8 p.m. at Green Hill field in Grand Haven.

It's the same eleven that started against Benton Harbor last week with two exceptions: Leo Vander Kuy is starting at end in place of Gordon Barendse, and Neal Exo is starting at center in place of Bob Van Dyke.

Camburn hopes that Vander Kuy, an offensively-minded end, has improved on his defense during practice this week. Camburn is starting Exo at center because he is a senior and playing his last grid game for Holland High. Van Dyke will see considerable action.

The rest of the starting team is as follows: Warren Nyasom, end; Jerry Groeters and Stan McClure, tackles; Rudy Bilek and Poogey McCormick, guards; Bill Hinga, quarterback; Joe Caravia, left half; Kenny Kuipers, right half and Bob Harrington, full.

The Bucs will be going all out to win for two reasons.

No. 1—Coach Gus Cohrs, who has been coaching basketball and some football at the school for 22 years, is retiring from coaching duties.

No. 2—Their present coach, Claud Bosworth, will be coaching his last game because former coach Ed Graybiel, who entered the navy, is expected to resume grid duties next fall.

These two factors should give the Bucs all the inspiration they need in the annual Ottawa county clash which ranks at the top for rivalry.

The record of the two schools since 1931 shows that Grand Haven has won six times, Holland five and three have been ties.

Righteousness Needed For Security, Vets Told

Defining security as a state of freedom and safety for life Rev. Abraham Rynbrandt of Zeeland Monday night told about 175 Veterans of Foreign Wars members and guests at their annual Armistice day banquet in Christian High school, that the only foundation on which security can be built is the foundation of righteousness, one in which people will reclaim and recapture the great principles of dignity and sacredness of life.

"I'm not an alarmist, but we must not be complacent over the future. In the atomic bomb, a great power has been released which if not controlled may become a Frankenstein monster which might prove the undoing of our civilization."

"Isolationism is out. Whether man is black, brown, red, yellow, white, whatever continent he lives on, the difference between peoples today and in the past are, comparatively speaking, superficial. We have more in common than in difference and this difference does not mean superiority. There must be security for all or there will be security for none."

"Security does not rest in power. There is a danger because of our power, we may use it unjustly against the defeated foe. It is our duty to treat the foe with honor and justice. I believe God has called upon us to exact justice with a firm hand, but we must not treat the defeated foe unjustly. There is a line where justice ends and injustice begins, and our danger is that we may cross this line."

"Power must be used honorably, rightly, or the seeds of another war will soon be sprouting. War is not the cause of trouble. It is only a symptom of trouble. Even now, revenge, hatred and national

ambition are in the house of armistice to come out at the opportune moment. If we think power is the direction in which security lies, I think we are mistaken."

"If we want God to bless America, we'll have to do more than sing it; we'll have to live a life of righteousness," Rev. Rynbrandt concluded.

A feature of the program was the reading of her prize-winning VFW essay by Miss Gladys Blauwkamp of Zeeland whose essay won first prize in the state contest and sixth in the national contest. The subject was "What Americanism Means to Me."

We haven't forgotten this boy...have you?

He hasn't forgotten.

We haven't forgotten, either, soldier.

Not you—or the hundreds of thousands of other veterans who have sweated and bled and given their hands, legs, eyes, minds—yes, and their lives—while we sat at home, cheering.

ON OCTOBER 29TH, the last—and the most important—Bond drive yet made in this war began . . . the great Victory Loan.

Secretary of the Treasury Vinson has directed a message to every firm in this city—just as he did

to us—asking for co-operation in this—your chance to say thanks to the boys who won this war.

He is asking labor and management, working together, to contribute once more, as they have done so successfully in the past, to the achievement of E Bond goals.

The only way this can be accomplished is by accepting a definite quota—and then meeting it. Both the men and women on pay-rolls and the plants themselves should accept these quotas.

The great Victory Loan will help provide cash

for many purposes.

It will help raise the money to get our boys home. It will help raise the money to give them their mustering-out pay and veterans benefits—educational and all the rest.

It will help pay for war goods already used and take care of contract terminations.

Most important, it will do everything money can do to help patch up the broken bodies and lives of men like this.

For this is the loan with a heart. Of all loans

in this war, it is the most human. It pays for healing instead of killing—mercy instead of pain.

Can any businessman look a Victory Bond salesman in the eye and say the Victory Loan is less important than the others—or that he cannot pledge his firm to meet the quota which the Treasury asks him to accept?

We think not. And so we here sign our names in pledge that we accept our quota and will do everything in our power to meet it.

We know we can count on other Americans to do the same.
