## Christian Schools Observe American Education Week

Observance of American Education Week was continuing at the Holland Christian schools this week, with a full slate of activities listed for the remaining days.

Parents of children in the kindergarten through sixth had an opportunity to visit teachers and tour the various schools on Tuesday night. Teachers were in their classrooms for discussions with the parents. On Thursday night, both the high school and junior high will hold open house for the parents.

The program will be varied for the parents of the grades 7-12. Following devotions in the gym at 7:30 p.m., the parents will adjourn to various discussion groups. Two groups are planned for the junior high, while four sectionals are listed for the high school. Discussions will center around subjects that are common to both teachers and parents of children at that grade level. Teachers will be assigned to the various meetings to aid in the discussion.

In addition to the evening program for the parents, the high school has also been observing Education Week each day in its daily chapel exercises. On each of the five days, parents will have charge of the devotions, speaking briefly on some phase of education. John Breuker spoke on Monday, Mrs. John Bouwman on Tuesday and Martin Keuning on Wednesday. Prof. Henry Ten Hoer will have charge on Thursday and John Van Dyke on Friday.

Committee on arrangements for the high school observance are Robert Strabbing, chairman; Mrs. G. Kleis; Miss E. Kooima; Marvin Poppema, Howard Schipper and John Verstrate.

Bond of \$500 was continued and he will be arraigned in Circuit Court Dec. 3 at 10:30 a.m. The alleged offense was on or about June 24, 1957, in Spring Lake township when he received a check of \$800 from Lewis E. ## Health and Welfare Are Surveyed

An extensive survey conducted by the Michigan Welfare League of Lansing on health, welfare and recreational services in Holland was reviewed by Frederick J. Lenhard, director of the Michigan Welfare League, at the annual meeting of the Council of Social Agencies Monday in the Warm Friend Tavern.

The survey was sponsored jointly by the Council of Social Agencies, the Community Chest and the Single Solicitation Plan of Holland. Information came largely in three questionnaires to welfare, veterans, fraternal and civic organizations.

Some conclusions follow:  
1. Basic support and relief services are apparently ample for the community.

2. Veterans—as a segment of the community—are well served locally.

3. Children's services are at both extremes—the mental health and character building programs function well. However, local case-work or placement services are unavailable except through the Probate Court including the juvenile division in Grand Haven.

4. Health services, public and private, exist on the basic accepted level.

5. Judicial and law enforcement units are required, due to the absence of other facilities, to provide their own treatment and counseling programs. These are, perforce, limited and officials would welcome supportive assistance.

6. Casework facilities are extremely limited. In varying degrees they are available only to specific groups within the population such as clients of the Child Guidance Clinic, recipients of public welfare or persons whose problems take them to court.

7. Community consciousness of the growing need of children and youth indicates that careful planning is necessary to channel this interest into a constructive, integrated and unduplicated pattern of service.

8. Social planning, routinely demonstrated in individual organizations, needs correlation and breadth.

9. A general awareness that movement is necessary now indicates that far-thinking individuals are willing to devote time and effort to promote growth of a program in health and welfare.

The following recommendations were made in part with the intent of pointing up an orderly approach to meeting the expressed wishes of organizations and agencies that responded to the questionnaire:

1. That committees be appointed within the framework of the Council of Social Agencies to explore each of the subsequent recommendations.

2. That the Kiwanis and Optimist Clubs be asked to assume leadership in working out community plans for the extension of teenage recreational programs.

3. That consideration of a Boys' club and a Big Brothers organization be deferred.

4. That the community seek direct consultation in reference to the development of a joint family and children's agency, such agency to supply not only professional casework counseling to adults and children but also private placement for children.

5. That the subject of juvenile detention facilities for delinquents and emergency shelter care for neglected children be thoroughly examined especially as to quantitative need.

Bernard P. Donnelly, president of the board, presided and briefly explained the functions of the Council of Social Agencies, the Community Chest and the Single Solicitation Plan. The report pointed out that the latter SSP is undeniably an asset to Holland for it provides a collection mechanism which reduces administrative problems. Voluntary industrial participation involved in SSP strengthens the basic support for existent social services.

Bernice Bishop and Kenneth Bosman were new members named to the board and Rex Chapman and Mrs. W. C. Kools were re-elected.

## Taverns Will Be Closed For Special Election

## 2 More School Boards Okay Consolidation

Two more school districts in the area under consideration for annexation to Holland city have drafted resolutions favoring consolidation with the Holland school district.

The board of Van Raalte School (Ottawa county district No. 42) located east of Holland adopted a resolution to this effect Monday night and then discussed the matter at a PTA meeting Tuesday with parents of the area. The board expressed some concern over the few farms in the district which lie outside the annexed area.

Van Raalte board members are James Slager, president; Ben Van Slooten, Jr., secretary; Earl D. Schipper, treasurer; James Kapenga and J. Richard Van Eyck, trustees.

The other resolution came from the Waukazoo School board of education recommending consolidation with the Holland school district which must be preceded by annexation. The complete text of this resolution appears on page 13.

Members of the Waukazoo board are Harvey De Vries, W. Robert Fitzgerald, Alvin Klompans, Ray Mulder and Harold Ramsey.

To date, boards of 11 of the 12 school districts in the annexation area have adopted resolutions on the forthcoming annexation election Nov. 19. Some have come out strongly for both annexation and consolidation; others endorsed school consolidation and the methods to bring it about, while still others have okayed consolidation only.

## Allegan Group Re-elects Nanna

ALLEGAN (Special) — George Nanna was re-elected president of the Allegan Improvement Association for a second, one-year term at the new board of director's re-organizational meeting Tuesday morning.

The board also re-elected Richard Huff to the post of secretary and voted to combine secretary and treasurer's duties this year.

J. Richard Mahar was nominated for vice-president, but asked the board to withdraw his name and it was decided to postpone action on the vice-presidential election to another meeting.

Following the election, Nanna appointed Wallace Van Vliet and Joe Armstrong to serve as co-chairman of the membership drive. Nanna pointed out that under the organization's new, more equitable dues structure the membership committee should not be satisfied with less than 100 members for 1958.

Nanna said his 1958 committee assignments would be spread out among the general membership and that board members, who had previously headed up the various standing committees, would be called upon to function "almost exclusively as an industrial development committee."

## Industries Endorse Annexation

A group of industrialists in Holland township today endorsed the annexation plan for Holland which will be voted on Nov. 19 by residents of Holland city and the four townships, Holland, Park, Fillmore and Laketown.

The endorsement which appears in an ad on page five in today's Sentinel was signed by 15 persons responsible for managing industries in the area. It reflected the personal opinions of the group in stating publicly that they regard the proposed annexation measure and its subsequent school consolidation to be in the best interest of the community's economic welfare.

Signing the statement were Carl T. Ashby, Conrad, Inc.; E. J. Atman, Holland Metal Craft Co.; Russell Fredricks, Chris-Craft; Henry A. Geerds, Holland Hitch; Carl C. Hansen, Hansen Machine Co.; George D. Heeringa, Hart and Cooley; Ab Martin, General Electric; Henry E. Morse, H. E. Morse Co.; Jay H. Petter, Holland Casting Co.; Benjamin Poll, Holland Transplanter; Michael Potter, Roamer Steel Boats; Henry R. Smith, Smith Agricultural Chemical; C. R. Trueblood, Holland Color and Chemical; Donald J. Vink, Parke Davis; H. T. Windolph, Holland Die Casting Co.

The industrial endorsement came as the result of a meeting of industrialists Nov. 4 in Federal School arranged by Jack Plewes, a member of the annexation steering committee and president of the Chamber of Commerce, Ray Kootstra, representing Federal school, introduced panel members who explained the various phases of the annexation program. School Supt. Walter W. Scott explained the school problem, James E. Townsend the legal aspects and John Fonger the tax situation.

Most important issue for discussion was the impact of annexation on the tax structure, and industrialists agreed that a well organized long range program was the best for tax stability.

The group also agreed that the maximum in educational standards should be provided for the youth of the community, plus the all-important healthy economy to provide job opportunities for the young people who complete their education.

The group took note of the friendly and cordial relations with the people and officials of township and school districts through the years, but pointed out that it is only as the community as a whole moves forward on a sound basis of united strength that employees can plan for expansion and for the creation of new job opportunities.

Their final conclusion reads: "It is our carefully considered opinion that annexation is the most practical way of attaining our community goals, and that it is our safest assurance of taxes not becoming excessive."

## 2 More School Boards Okay Consolidation

Boards of Education of two more school districts in the annexed area have drafted statements relative to the forthcoming annexation election on Nov. 19.

Members of the Waverly school board voted Tuesday night to go along with the school consolidation program presented by the city of Holland. After intensive study of reports by the 24-member school study committee, the Waverly board endorsed the consolidation program in view of the fact that no other workable solution has been presented.

Waverly board members are William Fockler, Leonard Fought, Louis Van Dyke, John Bronkema and Gordon Dams.

The Apple Avenue school board and its PTA committee endorsed the annexation-consolidation plan, following an information meeting Tuesday night in the school. Appearing at the meeting were Walter Vander Haar, Henry Kleinhekel and Clarence Jany.

It was pointed out that the Apple Ave. district is the smallest district among the 12 considering consolidation with the Holland school district. The district is in the second phase of completing a \$160,000 building program begun four years ago. Vander Haar pointed out that 75 percent of the tax load for this project is assumed by industry within the district.

Russell V. Huyser said during the open period that he was for a united community. "Amalgamation in industry has given us Ford, Chrysler and General Motors; the 13 colonies united gave us 48 states; and the allies in the last two wars gave us victory!" he said.

The meeting was adjourned for coffee period, but discussion continued informally. The board and PTA committee held its own meeting. Members of the board are Otto Schaap, president, Harold Ott, Herbert Vander Ploeg, August Staasen and Simon Dykstra.

## Board Okays Contract For Branch

GRAND HAVEN (Special) — The Ottawa County Board of Supervisors at a special meeting Tuesday afternoon, awarded a contract to Post and Kleinjans of Zeeland for the new county branch office to be built in Holland township north of Holland at a cost of \$88,539.

The contract includes a black-top parking lot, outside grading, and removal of some trees. The board approved a 30-foot flag pole not to exceed \$400, and a shallow well water supply at \$400. The price does not include landscaping.

Subcontracts have been let to Van Doorn for electrical work, to Bert Reimink for plumbing and heating and to Mooi Roofing Co. for roofing. Date for completion is June 1, 1958.

The board also approved a contract between the county and Architects Vander Meiden and Koteles of Grand Haven calling for 4½ percent of the cost of the building. No date was announced for breaking ground.

In other business, County Engineer Hank Stafeth reviewed developments for establishing a county park department, and asked for a vote of confidence on establishing such a division even though a tight budget next year would leave little funds for proper development. He reviewed the offer of a Georgetown township resident of 26 acres of land for a county park. Stafeth and Roy Lowing contracted the anonymous donor Tuesday morning and learned that the benefactor placed no strings on the offer as to time limit.

Lowling introduced a motion that the board support the commission in setting up a park division and to support in every way possible the work in its 1958 budget.

City Attorney James E. Townsend of Holland commended Stafeth for his approach and said it would not be many years before such a land would not be available for park purposes. Larry Wade of Holland also felt the county should approach the park situation in a businesslike way.

On motion of John Stap, Grand Haven city assessor, the board voted to appropriate \$1,412.50 toward new double-armed lights to be installed on Washington St. The city of Grand Haven agreed to extend the new system an extra block in front of the court house. Total cost for the extra block is \$5,650.25 with the Board of Public Works assuming half and the remainder split between city and county.

The board also granted an option to the city of Holland to purchase the so-called Ferris home at 57 West 12th St. in Holland, now owned by the county, at a price not to exceed the net amount of the county's investment in the property, plus expenses to date, less revenue to date.

The board voted to pay the probate judge's share of Social Security, the same as other employees in the building. At the last session the board granted the judge's request to come under Social Security, retroactive to Jan. 1, 1955, with the judge paying the employee's share.

Chris Fendt questioned whether board members should come under Social Security, a subject previously introduced by John Hassold of Chester township. No action was taken.

The board adjourned subject to call of the chair.

## Walter Veurink Dies Following Illness

Walter Veurink, 85, of 980 Columbia Ave., died Monday evening at Holland Hospital after a few weeks illness. His wife, Nellie, died in Oct. 1955. Funeral services will be held today at 2 p.m. at Holland Heights Christian Reformed Church with the Rev. Donald Negew, officiating, along with the Rev. John Beebe. Relatives are to meet in the church basement at 1:45. Burial will be in Pilgrim Home Cemetery.

## Firemen Fight Blaze In Oily Metal Filings

Firemen from Holland city stations Nos. 1 and 2 fought a stubborn smoldering blaze in a mound of metal filings at the Padnos Iron Co. for several hours Tuesday.

Fire Chief Dick Brandt said the filings were saturated with oil and usually smoldering, but this morning burst into flame. Firemen from No. 1 station arrived at 8:45 a.m. and were joined shortly by men from the second station.

## 4 School Boards Draft Policies

Four more school boards in outlying areas today made public statements concerning the forthcoming annexation election Nov. 19.

The strongest statement came from the Federal school board which voted unanimously Monday to favor political annexation as a first step in an orderly procedure to solving the school problems.

The Lakeview school board recommended that voters of the district vote in favor of annexation on Nov. 19, so that the district can continue to send students to Holland city schools. The board recognized that in order to do so, the district must annex to the city of Holland and consolidate with the Holland school district.

Statements from the Beechwood and Pine Creek boards carefully avoided any mention of annexation, but recognized that no desirable alternatives have been found to solve the school problem. These boards had met jointly Monday night and then separated to draft their own statements.

The brief Beechwood statement reads: "We the Beechwood Board of Education have completed an intensive study of alternatives to the school consolidation proposal of the 24-member school study committee. We find that there is no desirable alternate solution to our problem of constantly increasing school enrollments and the necessity to adequately finance a reasonable school program."

Beechwood members are Harvey De Vree, president; Walter Scheibach, secretary; Donald Prins, Fred Bocks and Darwin Van Oosterhout.

The Pine Creek statement was much like the Beechwood statement, adding that any other plan would be too expensive and offer too short range a plan to solve the educational problems for the Pine Creek district. The board felt that the plan as proposed still leaves many unanswered questions.

Pine Creek members are Al Stansby, president; Andrew Gultnecht, secretary; Stanley Steketee, Al Nienhuis and Nick Dekker.

The Federal board carefully reviewed all facts available to date and examined them in the light of greatest benefit for the greatest number on a long range basis. It was felt no facts have been presented to warrant a negative approach, either on educational or economic grounds.

"Educational standards such as are being enjoyed by the children of the district both at present and in the future can best be retained by uniting forces with the Holland school system. Available facts show that a system if developed later by outlying areas will be extremely costly both in time and financially. The board also feels that much can be gained by having one unified, thoroughly organized central government, although its decision was reached from an educational standpoint and is hereby recommended to the voting public on that basis principally," the statement read.

Federal members are Ray Kootstra, president; Carroll Norlin, secretary; Herman Kragt, treasurer, and Andrew Vinstra and Jack Nieboer, trustees.

The Lakeview statement outlined the long established policy of the district to provide its own instruction on an elementary level and to send its students on a tuition basis to Holland city schools for secondary instruction. This system worked out favorably until the high school was more than filled to capacity.

In seeking solutions, the Lakeview board investigated possibilities of building and operating secondary facilities for its own district, but found this was obviously unworkable because of excessive expense and low enrollment of the district. Next, the board studied uniting with other school districts having the same problem, but no definite plan was presented on costs, enrollments, locations, transportation, curriculum, etc., and there was no assurance that other districts will unite to formulate some feasible plan.

This led back to sending the students to Holland High School, but in doing so the board recognized that the district must annex first to the city of Holland politically and then consolidate with the school district.

Lakeview board members are Donald Williams, president; Hetzer Hartsock, secretary, and Gerrit Vanden Bos, treasurer.

### Ottawa County Farm News

By Richard Machiele, County Agricultural Agent

Do you have boxelder bugs? If you have boxelder trees, especially the seedbearing females, the chances are that you have boxelder bugs. The villain is a black and red bug about half an inch long. He is long and narrow with red veins in his wings. The young boxelder bugs are all red.

They are annoying around buildings most of the year, in the fall they may cluster on the warm side of buildings. They will come inside and stain curtains, walls or clothing, too.

Boxelder bugs can be controlled in the fall by spraying on chlor-dane emulsion at 72 per cent strength at the rate of one teaspoon per gallon of water. Dieldrin also works with 15 per cent emulsion at the rate 3 teaspoons per gallon of water.

A good market for pulp wood exists in Michigan at present and it promises to get even better as new mills become active. This good market can help all forest owners by giving them a profitable outlet for thinnings and products of improvement cuttings, as well as harvest cuts.

A folder that tells about these markets and offers tips on kinds of wood being put for pulpwood use, what lengths add diameters of wood are desired and lists other specifications is now available from the Ottawa County Extension office.

The folder was written by Les Bell, extension specialist in Forestry at Michigan State University. It is called "Marketing Michigan Pulpwood" and is free for the asking. Ask for folder F-251.

The Christmas tree law provides that when Christmas trees and boughs are sold by persons who are not the owners of the land upon which the same are grown, the seller shall execute and deliver to the purchaser a bill of sale giving the names and addresses of the seller and purchaser and number and kinds of trees and boughs sold and delivered.

Truckers are often reluctant to accept a bill of sale other than in the form provided by the department of agriculture for the use of landowners who are selling trees from their own lands. We have therefore a bill of sale form for use when trees are sold by dealers and brokers. Write or contact the Extension Service offices in either Grand Haven or Zeeland for your supply.

A four-year-old Holstein cow, BDI Algado Olive 3,597,145, in USDA's herd at Beltsville, Md., recently set a new breed butterfat production record under advanced registry. She produced 1,178 pounds of butterfat in 365 days, milked twice daily under rigid test conditions. The previous record was 1,051 pounds.

In making the new butterfat record, Olive produced 23,381 pounds of milk (not a record, itself) which averaged 4.9 percent in butterfat.

Knollwood Alcatraz Chieftain 847, 579, owned by New York Artificial Breeders cooperative is Olive's sire. BDI Galax Oread 2,756,566 of the Beltsville herd is her dam.

Olive's record emphasized the high productivity of the Beltsville herd as a whole. It attained through 35 years of proved-sire breeding the rank of top honor Holstein herd in the nation in 1955 and third last year. Since the herd was closed against introduction of outside cows and feeding and management were standardized in 1922 national stock has been the only source of improvement. Average production rose steadily. The tradition is carried forward in two of Olive's daughters. One produced 14,248 pounds of milk and 629 pounds of butterfat in her first year milked. The other is pushing that record in her first lactation, now underway.

But primarily it is a useful manual for farmers and gardeners and for the professional advisers who work with them.

## Make Room Larger

Mirrors make rooms seem larger, and that is why many new homes feature fully-mirrored walls. Mirrors are commonly used over the fireplace. They "open up" a room. If they reflect an outdoor scene, they create the illusion of another picture window.

## None Injured in Car And Truck Smashup

Larry Lubbers, 15, of 142 Barnaby Rd., Hudsonville, was issued a ticket by Ottawa County deputies for driving without an operator's license following a car and truck collision at the intersection of Barry St. and 64th Ave., north of Zeeland, Friday at 3:40 p.m.

Harry Krans, 74, of route 1, Hudsonville, was uninjured when the impact turned his truck over in the ditch. Deputies said Lubber's 1952 model and Krans' 1949 model truck were both damaged in excess of their value. The drivers told deputies they saw each other too late to avoid a collision at the unmarked intersection.

## Parking on Sidewalk

Holland Police Chief Jacob Van Hoff Friday asked persons attending the Holland High football game tonight at Riverview Park not to park their cars on the sidewalk on Sixth St. between Columbia and College Aves. Parking in this manner forces other football fans to walk either on lawns or in the roads, Chief Van Hoff said.

## Large Boats Now Navigate Easily in Holland Harbor

Large boats entering Holland Harbor now are able to navigate easily in the east end of Lake Macatawa where extensive improvements have been completed. Dredges of the U. S. Corps of Engineers moved in last May to dredge the 21-foot channel and to extend the turning basin 750 feet to the east to accommodate dockage facilities for the James De Young light plant. Previously the Board of Public Works arranged for its own dredging.

The program was the result of years of planning on the part of the Board of Public Works working through U.S. Rep., Gerald R. Ford in Washington. The program called for the Board of Public Works to pay one-quarter of the expense which was considerably lower than was first anticipated. BPW Supt. Guy E. Bell estimates cost at a little over \$120,000. Since the BPW advanced \$60,000 for the work, there will be a considerable rebate.

Randall C. Bosch, BPW president, was high in his praise for the work done by Rep. Ford and for the cooperation of City Council during the long period of negotiations.

"If it weren't for Jerry Ford who kept plugging away in Washington and arranging special conferences for us, we'd never have got this thing done," Bosch said. "We started 12 years ago when the board sent representatives to Milwaukee to consult the Corps of Engineers. In 1954, Ford arranged for the board to be represented at a hearing before the river and harbors committee. Not long afterwards, we got an okay," Bosch said.

It was at the Washington hearings early in March of 1954 that Bosch and Henry Maentz witnessed the "shooting spree" in the House of Representatives when some Puerto Ricans brandished guns and began firing.

The current improvements are Part B of harbor improvements. Part A involves straightening of the channel walls at the harbor entrance. No schedule on these improvements has been released.

Bosch said City Council was most cooperative in many ways during the long planning period. He said Council on several occasions called special meetings to okay certain phases of the program on tight deadlines.

## 'Decorate Simply For Christmas' Garden Club Told

Simplicity should be the keynote for Christmas, Mrs. James R. Otto told her Holland Garden Club audience Thursday afternoon in the lecture "Joy to the Home." Mrs. Otto demonstrated the decorations of three homes, early American, contemporary and modern, from the front door to the back door.

Important in developing an idea was to first pick out a theme, she said. If trees are to be the theme, work it out throughout the house. If it is stars or angels or Santa Claus, develop the idea in all the rooms.

For her early American idea, Mrs. Otto showed a simple door swag made from a sieve with a swag of greens. An especially effective idea was her tree of Ohio buckeyes in a deep brown shade. If a tree is to be the point of interest, tone down the rest of the decorations she said. Many tricks in arrangements were demonstrated by the lecturer. She told about clear enamel spray, unusual containers and accessories that could be easily obtained by the arranger.

Mrs. Carl Cook, Garden Club president, made several announcements at the meeting held at Grace Church parish hall. Mrs. Nelson Clark assisted Mrs. Otto. During the brief business meeting it was decided to have each member take three of the Garden Club booklets "Planting for Permanence" for resale.

Speaker for the afternoon was Miss Jean Walvoord, missionary nurse to the Amoy speaking Chinese in Formosa. She described Formosa as a land of great beauty but said that man is the discordant note. She emphasized the great need for missionaries and said that at the present time there is a swing back to idolatry and many Chinese make pilgrimages to the temples and burn incense.

Mrs. W. Vander Haar closed the meeting with prayer.

Hostesses were Mrs. A. Dogger, M. Lievense, H. Mollema, and A. Nienhuis.

## KEEPING AMERICA STRONG

Former Secretary of the Treasury, George M. Humphrey, had some wholesome things to say the other day about national security. The statement was sparked by the Sputnik controversy, but it applies in many other ways.

"Military strength," said Humphrey, "requires the maintenance of economic strength."

There you have a great and complex truth enclosed in the nutshell of eight words. Instead of losing their heads in their concern about the dramatic launching by Russia of earth satellites, the American people might well remember, with Humphrey, that losing that particular battle is far less important than losing the war that is now being fought by the free world and the slave world.

If the American people lose their heads, the Humphrey statement suggests, if they spend themselves into bankruptcy to save their pride in this battle, Russia will already have won the war. It is up to America, and the whole free world, to maintain its economic potential. It is far more important to win the war of the future than a battle of the present satellites.

Americans who know their Civil War history are in position to use that conflict as a pattern. Early in the Civil War the South won a smashing victory at Bull Run. Panic-stricken, many political "generals" in the North were urging the people of the free states to rush blindly and without preparation against the foe and thus wipe out the disgrace.

Level heads in the government understood that eventual victory depended on the economic potential of the two sides. Like Humphrey, they believed that while battles may be lost, it is economic strength that wins a war. It took four years to develop and maintain the North's economic superiority, but that superiority finally won the war. In the end Lee's army was beaten by Grant because Lee's soldiers were starving.

It will do no good, today, to spend America into bankruptcy for the purpose of proving that our scientific knowhow is as good as that of the Russians. Humphrey is right. By all means make and keep America strong—but its military strength is based directly on economic strength. This Armistice or Veterans Day is a good time to call such facts to the attention of everyone.

## Armstrong Quits Pros

Bob Armstrong has decided to quit the rigors of professional basketball and is on the lookout for an industrial sales or wholesale sales position.

Armstrong, in Holland at the present time, made the decision while completing his tour with the Harlem Globetrotter organization throughout Central and South America.

He has had several interviews with Grand Rapids firms and hopes to latch on to one of the sales training programs with one of the companies in the near future.

As for basketball, Armstrong hopes to play some independent basketball, if the job permits, and eventually would like to do some officiating of high school and college games.

The 6'8" former Holland High and Michigan State star played against the Trotters as part of a touring group following graduation from MSU. The tour consisted of stops throughout the United States and a trip through Europe.

He made the Philadelphia Warriors of the National Basketball Association last winter but was farmed out when he received a back injury. Armstrong finished the season with the Globetrotters and re-joined them for the recently completed tour.

Since Armstrong was not under contract for this season he could sever relations with Abe Saperstein, Trotters' boss, at any time.

Political mudslinging began in ancient Rome. All candidates for office wore the white toga. If they were unpopular, people threw mud at them until their white raiment became the toga defiled by mud.

The Resurrection and Our Faith  
1 Corinthians 15:3-8, 42-52  
by C. P. Dame

(Based on copyrighted outlines produced by the Division of Christian Education, National Council of the Churches of Christ in the U.S.A. and used by permission.)

Many Christian people do not hear much about the life hereafter. Most of the teaching and preaching of our times center about Christian ethics. This is helpful but not enough. This life is a school in which we are trained for eternal life.

I. The death and resurrection of Christ are historical events. Paul tells us that he preached in Corinth what he had received—the revelation that had come to him from Christ. In Corinth, Paul had preached the truth that Christ had died for our sins—not only that he died, but that he died for our sins.

The purpose of the dying of Christ was for the removal of man's sin. The death of Christ was the fulfillment of the Old Testament prophecies. The burial of Jesus proved the reality of his death. Paul also preached that Christ "rose again the third day according to the Scriptures." The resurrection was a miracle. It was a bodily resurrection. The New Testament knows of no other. The heart of the preaching of the early church was the death and resurrection of Christ.

After his resurrection Jesus appeared to Cephas, that is Peter, and to the Twelve and at one occasion to "above five hundred brethren at once." At the time when Paul wrote this epistle the majority of these disciples were still alive although the resurrection had taken place twenty-five years before. And this proves that most of the disciples of Jesus were young. Jesus also appeared to James and he was seen of the apostles and last of all of Paul himself.

II. Christians too shall rise again. The question—what will the resurrection body be like—is in place. We will have a body like that which Jesus had after his resurrection. It will be a glorified, spiritual body fitted for the new surroundings which God has prepared for his children. Our present bodies fit us for life in this world. In the new world we shall have an organism by which our eternal spirits shall express themselves in a way that will be in harmony with the world to be.

III. The spiritual life is important. Jesus is called the second Adam. The first Adam is the progenitor of the natural, Jesus, the second Adam is the progenitor of the spiritual. The first Adam was tempted and fell, the second Adam was tempted and overcame. The first Adam brought ruin upon mankind, the second delivered from sin. The first Adam disobeyed, the second Adam obeyed, the first did his own will, the second the will of his heavenly Father.

In Adam we died, in Christ we live, for Christ died and rose again. The new life becomes a man's possession through regeneration. Flesh and blood cannot inherit the kingdom of God and therefore it is necessary in order to enter heaven to be born again. People who have been regenerated already have the new life. This new life is partially revealed in the conduct of Christian people. As Christian people grow in the things of the spirit the image of Christ becomes more apparent in their lives.

Christ will come again to judge. At that time all believers will be changed—those who have died and those who will be living at that time. This change will take place in the twinkling of an eye. Great things are awaiting those who believe in Christ and are now enjoying the new life which is prophetic of a greater life.

## Spring Lake To Build New Junior High

GRAND HAVEN (Special)—By a vote of 654 to 543, Spring Lake voters Tuesday approved a \$1,350,000 bond issue for a new Junior High School and an addition to Jeffers School. A total of 1,214 votes were cast including 17 void ballots.

School leaders said today work on the new buildings will probably start in early spring.

Plans call for a junior high school with 16 classrooms to be located between Hammond and Prospect Sts. southwest of Holmes Elementary School to be built at a cost of \$965,700. The addition to Jeffers School will cost an estimated \$209,800. This involves purchase of land. The present Jeffers school is a modern three-room building and plans call for adding four classrooms.

Representatives from six Explorer units reported about one-half hour after the initial call was made. Posts represented were Troop 42, Lakeview PTA; Troop 2010, First Methodist Church; Post 2006, First Reformed Church; Post 2030, Harrington School PTA; Post 2007, Third Reformed Church and Post 2044, Maplewood PTA.

The meeting was under the leadership of Miner Meindersma and Ben Mulder, explorer committee members. Other leaders are Don Casauve, Nick Vukin, C. Vander Yacht, Roger Northuis, Bob Oosterbaan and Jack Bergsma.

A film was shown on first aid and refreshments were served.

## Hudsonville Now Fourth Class City

Incorporated Tuesday Night With Charter, New Mayor Taking Over

At 7:55 p.m. Tuesday, Hudsonville village President Raymond Vander Laan handed over the village treasurer's ledger to Mayor-Elect Dick Schreur, the village council adjourned, and Hudsonville became a city.

Hudsonville immediately doubled in size as it did so, from an area of one square mile to two square miles.

The action originated about a year ago, when incorporation into a fourth-class city was first proposed. Following a series of discussions and meetings, the Ottawa County Board of Supervisors last April approved a special election to consider the move.

The incorporation was approved, 356 to 307 in the election on June 18, in which three out of four of eligible voters cast their ballots. Nine charter commissioners were appointed to draw up a charter for the "new" city, a charter which former Village Clerk and present City Clerk Henry Van Noord says is much like the former village charter.

Hudsonville overwhelmingly approved the new charter, 332 to 60, in the election held Nov. 5.

With the exception of new mayor Dick Schreur, who left immediately after the meeting on a two-week deer-hunting trip, all the former village officials were retained as city officials in their former capacity. Benjamin Haan was appointed mayor pro tem.

The officers are Harold Peuler, city manager; Henry Van Noord, city clerk; Jake DeWeerd, treasurer; Don Stratton, police chief; James Nopper, attorney; Chris Verstra, assessor; Jack Eden, Civil Defense director; and Irma Boer, office clerk.

The city is divided into three wards by the new charter, with two commissioners representing each ward. Dick Haan and Benjamin Haan were retained as commissioners, with Ray Feenstra, Jake Dyk, Jerome C. Grysen and Henry G. Sportel the new commissioners.

Cash assets of \$35,658.45 were turned over to the new city, and there were no debts—the city starts out with a clean slate.

Hudsonville was founded in 1871 and named for Homer Hudson, one of the first settlers. It became a village in 1927.

## New Officer

GRAND HAVEN (Special)—Donald Lee Tague, 23, of 105 East 21st St., started his duties as a Grand Haven police officer Tuesday. He formerly was employed by Sligh-Lowry in Zeeland and had served as a part-time officer on the Holland force. He is married and has four children. This brings the personnel of Grand Haven department to 15 including Chief Richard Klempel.

## Annexation Discussion Highlights WLC Meeting

A general discussion of annexation issues provided the program of the Woman's Literary Club Tuesday afternoon under the subject of "Expansion and Progress."

Billed as a civic leaders participation program, the meeting arranged by Mrs. John K. Winter featured a panel consisting of Vern Schipper, coordinator for the annexation steering committee; Walter W. Scott, superintendent of schools; Clarence Jalving, chairman of the steering committee, and Atty. Vernon D. Ten Cate.

In introducing the panel, Schipper said annexation is the most important question to face Holland in its more than 100 years of existence, and he said working with people who have the welfare of the community at heart is a great thrill for a school teacher such as himself. "At first we were afraid annexation would become a dull and tiresome subject, but instead some subject, but instead it gets more exciting every day," he said.

Supt. Scott said the annexation program stems from school problems brought on by the increasing numbers of boys and girls. Holland High School is so crowded that 80 classes a day are being held outside the building. "We are following the annexation—consolidation program because studies revealed that Holland city cannot be expected to pay for a new high school when more than 50 per cent of the students come from outside the city."

Scott traced the work through the years in which the local school board has worked closely with the boards of sending districts, particularly in the area school study under MSU supervision, and outlined recommendations of the last 24-member school committee which call for two new junior high schools to be built immediately, new high school facilities and 20 new elementary classrooms. Above all, he emphasized the need of keeping Holland a fine integrated community.

Speaking on "Community Solidarity," Clarence Jalving said there is a great interest in annexation issues and if the Hope College team were to conduct its poll today instead of a month ago he felt there would be no families unaware of annexation. He deplored the mistrust of the city which has been injected into the picture by the opposition. "We're all a part of Holland and everybody can be proud of the city. Now we have an opportunity to get together as a community under one political roof following the program of a two-way street. The city will have elbow room and the outside area will utilize the municipal services which Holland can so ably give. If you vote No in the Nov. 19 election you are throwing a roadblock into the community economically, politically and educationally."

Atty. Ten Cate emphasized the legal aspects in the program, pointing out the complications caused by four townships, two counties and one city. He said if annexation passes, a sound tax base will be provided for the school district. After political annexation comes school consolidation and then an election to raise funds for new buildings. He explained some of the legal technicalities in the election—some complications that did not make him particularly happy. "But that's the state law, and we have no choice," he said.

Coffee was served after the meeting, arranged by Mrs. Carroll Norlin and Mrs. William Plum, general division chairmen.

Mississippi was the first state in the Union to set up a state-supported college for women. The institution was founded in 1884.

The legal technicalities in the election—some complications that did not make him particularly happy. "But that's the state law, and we have no choice," he said.

## Court Gives Probation

GRAND HAVEN (Special) 8 Aubrey W. Ernst, Jr., 18, Jeffrey Winslow Wilson, 18, and James Seaver, Jr., 18, all of Grand Haven, were put on probation for two years by Circuit Court today after pleading guilty Oct. 14 to nighttime breaking and entering.

They must observe an 11:30 p.m. curfew, make restitution for damage to the premises and for beer stolen from Elks Temple. Each must pay \$100 costs on a monthly basis. The Ernst offense occurred on or about June 14 and the other two Sept. 21.

Theodore Kirkwood, Jr., 29, of 8½ River Ave., Holland, who pleaded guilty Oct. 14 to a rape charge, was put on probation for three years. He must pay \$100 costs and refrain from drinking. He also was sentenced to serve 60 days in the county jail but in view of the fact he already has spent 60 days there awaiting disposition, he is eligible for release. Kirkwood was one of five men involved in a case Sept. 23 in Holland involving a 14-year-old girl.

Mrs. Pauline Clafin, 32, Spring Lake, who pleaded guilty Oct. 14 to larceny of a diamond and wedding rings while baby sitting, was put on probation for 18 months. She must pay \$50 costs on a monthly basis and make restitution to repair the articles stolen.

Reba Gogerty, 35, of 305 West 11th St., who pleaded guilty to fraud Oct. 14, was put on probation five years and must make restitution at the rate of \$20 a month. She allegedly obtained \$2,402 from the Ottawa County Bureau of Social Aid for support of her children while gainfully employed earning \$5,779.04 during an 18-month period.

Walter King, 23, Robinson township, who pleaded guilty Oct. 14 to a non-support charge, was put on probation for three years and ordered to support his family. He also must pay \$5 a month oversight fees.

Matthew J. ## Opposition Group Meets In Overisel

Director of Townships Association Questions Annexation Program

About 175 persons gathered in the Overisel hall Tuesday night for an annexation opposition meeting, sponsored by the committee organized to oppose annexation to Holland. John H. Scholten, Lake-town township supervisor, presided.

Joseph A. Parisi, Jr., of Kalamazoo, executive director of the Michigan Townships Association, told the group to study the issues intelligently and then vote intelligently on Nov. 19.

Parisi said many annexation election campaigns are conducted on the basis of personalities, prejudices, emotions and sometimes hysteria—all of them not conducive to a good election.

On anything as serious as annexation which involves structural changes of government, four major factors must be thoroughly studied, Parisi said. He listed them as follows:

1. Government—what type of government does the city have, is it thoroughly representative, how often are members of the governing body elected, how long must residents of the proposed annexed area wait before they may qualify for election, is the governing body stable or has it an unusual turnover record, and finally, to what degree of regulation must you be subjected to and what must appeal rights do you have?

2. Finance—Does the city charter include a debt limit or a limit on tax rates, what is the debt service record of the city, what percentage of the annual budget comes from local taxpayers of the city, and has the tax rate been stable or inclined to rise, and what about the future?

3. Annexation itself—are the boundaries logical or does the plan to annex almost 13 times the area of the present city seem out of proportion with what the city can now do or provide by way of services: how about jurisdiction over highways divided down the centerline by boundaries; can the city logically and within a reasonable time extend water, sanitary and storm sewers; is there enough industrial value in the area proposed to be annexed to help the people in the new city carry the tax load?

4. Policy statements—what promises, if any, have been made and by whom; have there been any official statement of policy issued by city officials; if a policy statement was made does it reflect the official action of the whole governing body of the city or just one or more officials acting as individuals?

Finally Parisi told his audience that with such an ambitious program of annexation, residents of both the area proposed to be annexed and the city of Holland have a right to ask three very important questions, the answers to which must come in an honest, courageous, forthright manner, without speculation, without assumption and without theory or sheer guesswork either by officials or leaders of annexation who have an interest in the outcome of the election. These questions are: what do I get, when do I get it, and how much is it going to cost me?

A lively question period followed Parisi's talk. The meeting adjourned at 10 p.m.

The parked cars belonged to Larry Prins, 563 Howard Ave., and Bill Kraai, 337 West 16th St. Windemuller's 1954 model at \$300, the damage to Prins' 1950 model at \$200, and the damage to Kraai's 1951 model at \$300.

Believed to Be Oldest Member Of Auxiliary

Mrs. Anna Barkema, former Holland resident, who to her many friends here is known as Grandma Barkema, will celebrate her 100th birthday on Feb. 25, 1958.

Mrs. Barkema who is now making her home with her daughter, Miss Martha Barkema in Waco, Tex., where she is known as Mama Barkie, is believed to be the oldest member in the American Legion Auxiliary in Michigan and perhaps in the United States, according to the local organization.

Mrs. Barkema, a charter member of the Legion Auxiliary, is scarcely five feet tall. She is the mother of 10 children, five of whom are living. She came to the United States from The Netherlands in 1886 and during World War I she and her mother knitted sweaters, socks and washcloths for the Red Cross.

Her son, Cornelius, a World War I private was trained at Camp Custer in Battle Creek and later

Grandma Barkema died in France of bronchial pneumonia at the age of 21.

Ten years ago Mrs. Barkema, an avid motorist, and her daughter drove from Waco Tex. to Arlington National Cemetery in Washington D. C. to place a wreath on her son's grave on Christmas Eve. Thus Mrs. Barkema's greatest wish was fulfilled. Grandma Barkema had four grandsons in World War II.

Her youngest daughter, Mrs. Henry B. Weller of Holland is also a member of the Holland American Legion Auxiliary.

## Annexation Meeting Held At Federal

Despite unfavorable weather, a fairly large crowd gathered in Federal School Friday night to discuss the pros and cons of Holland's annexation program which will be voted on Nov. 19.

Walter Vander Haar, Henry Kleinheksel and Ray Kootstra representing the annexation steering committee and Harvey Scholten, Grand Haven attorney retained by the opposition, represented the opposition.

Annexation facts and the general program were reviewed and many pertinent questions were asked, particularly on what the district should do in case annexation fails and the ninth graders will not be admitted to Holland High School next fall.

Vander Haar expressed the opinion that in case annexation fails that sections which favor the total program would immediately petition the city for another election.

John H. Van Dyke, who was in the audience, said he was representing Hart and Cooley Manufacturing Co., the largest taxpayer in Holland township, and he said the firm was in favor of annexation, feeling it would be of real benefit to the community.

Some persons who have been attending several annexation meetings felt that the presentation of the opposition was not quite so forceful as on some previous occasions. Scholten was challenged on the splitting of school districts. He had said that if more than 10 percent of the assessed valuation is in the portion to be detached, but annexation proponents said this could be accomplished by a vote of the people and Scholten conceded.

Statements weeks ago brought out that the line was carefully drawn so that less than 10 percent of the assessed valuation would be outside the annexed area. Scholten also admitted he was in error on the subject of requiring 50 percent of the signatures inside Holland city to get the consolidation issue on the ballot and that 5 percent was all that was necessary in the city.

## Bolks Scores Holland TD On Long Run

After squeezing out two one-point decisions, the Holland High football team was forced to take a single-point setback Friday night as Benton Harbor defeated the Dutch, 7-6 in the home finale at Riverview Park in a blustery gale, snow flurries and 30-degree temperatures before 1,500 fans.

Bob Bolks, Holland left halfback.

Bob Bolks

... longest of season

slanted off right tackle midway in the first period and ran 84 yards for Holland's lone touchdown.

It was the longest run of the season by a Holland back and it appeared that the Dutch were on their way. Bolks, battling the wind, left his last would-be tackler on the Benton Harbor 46 and was alone the rest of the way.

With the ball on the Holland 16, Bolks sailed through the tackle with 8:30 left in the first period and the second time the Dutch had had the ball in the quarter.

Ron Kuylers attempted the kick against the wind and was unsuccessful as the ball wobbled off to the side.

Later in the first quarter, Benton Harbor took a kick on the Holland 38 and began its scoring drive. A 10-yard pass from quarterback Wayne Coleman to end Mickey Yarbrough gave the Tigers the initial first down of the game on the Holland 24.

Five running plays and a five yard pass to end 6' 6" Chester Walker put the ball on the Dutch five. Here with 1:25 gone in the second quarter, Walker broke across into the middle of the Holland secondary and picked off a Coleman pass and stepped into the end zone.

Joe Rogers ran off tackle for the extra point which proved the game.

Holland had two other scoring opportunities in the game but couldn't capitalize. Tackle Jan Nienhuis recovered a Tiger fumble on the Benton Harbor 20 late in the second quarter but the Dutch failed to gain in four plays.

Tackle Laverne Bronkema blocked a Benton Harbor kick and recovered the ball on the Tiger 25 early in the third period and the Dutch drove quickly to the Harbor-10. But here they were bogged down and were hurt by a five-yard offside penalty.

Benton Harbor's touchdown was the first scored by the Tigers since the season's opener. They managed to get a safety to beat Kalamazoo Central and now have a 3-4 record.

Holland's defensive play sparked at various points in the contest but costly mistakes at key spots, such as penalties or missed assignments hurt the Dutch.

Although the first touchdown served to "warm up" the Dutch, they still didn't appear mentally alert all of the time.

Vern Teske and Jack Scully stood out on defense for Holland while Bronkema, Nienhuis, end Dale De Ridder and center Tom Buis also looked good frequently. Walker, an all-state basketball player who set a Civic Center prep record of 40 points here last winter, played his best game of the season according to Ron Apple-dorn, former Holland High and Hope grid star, and now Benton Harbor backfield coach.

Holland will conclude the season next Friday night at Niles. The Dutch have a 2-6 record. Niles lost to Dowagiac, 19-0 Friday.

## Health Center Drive Begins

ALLEGAN (Special) — The general drive for the Allegan Health Center's \$440,000 fund-raising campaign got underway at a kick-off dinner for volunteer workers Tuesday at 6:30 p.m. in Blessed Sacrament School.

Plans for the dinner were announced by Leland Buck, Hopkins, a member of the campaign's executive committee.

Buck said the drive will include the entire area served by the Health Center, as defined by the Michigan Hospital Survey and Construction department. This office's recent survey made it possible for the hospital to obtain a Hill-Burton Act grant of \$360,000, providing the community is able to raise \$440,000 toward the proposed \$800,000 development plan.

Proposed plans call for addition of a wing which would increase hospital capacity from 44 to 80 beds and, according to Buck, would provide adequate facilities for the area for "from 15 to 20 years."

Buck said volunteer workers still are urgently needed to insure a complete canvass of the area served by the hospital.

## School Board Discusses Annexation

"Annexation is the most timely subject for discussion in the area these days," Supt. Walter W. Scott told the Board of Education at its monthly meeting Monday night in the E.E. Fell Junior High School.

Scott made this comment as he presented his monthly administrative report which had largely to do with the annexation proposal which will be voted upon Nov. 19 in Holland city and in the four surrounding townships.

Scott said the impact of the school issue in the annexation program is largely responsible for a good share of the attention the subject is receiving. He said long-time residents have said annexation is the hottest issue they can recall having hit the community, a subject which commands more talk and study than any political election.

A general discussion of the board revealed that more and more the people in the community are becoming aware of the board's stand which was adopted as early as Dec. 27, 1956. Roughly, this resolution calls for the 12 outlying districts to become annexed politically to the city and consolidated with the Holland city school district by March 1, 1958, or their students not already enrolled in the Holland schools will not be accepted in September, 1958.

Whether or not the annexation election carries Nov. 19, the Board of Education will be faced with serious problems. If the election does not carry, it is expected there will be pressure on the board to change its policies.

It was pointed out that the board adopted this program after months and months of study involving several citizens study groups upon whose judgment the final program was drafted. Up to two weeks ago, it appeared that many persons felt other alternatives might be considered, but the board passed a resolution Oct. 28 reaffirming the original program.

It was pointed out that boards of education of Harrington, Montello Park and Maplewood Schools have endorsed the school consolidation program and the methods advanced to bring it about, and other boards are considering similar action.

Some time was spent on the question of why annexation should come before school consolidation, and the board pointed out again that the people of Holland scarcely could be expected to build a high school when fully 60 percent of the students come from outside the school district; nor could a consolidation program be effected easily when the city of Holland, four townships and two counties involve seven different taxing methods. Above all, the great value of keeping Holland a united community and providing the best education possible for all children as well as providing needed services to several sections was given considerable emphasis.

The school board recognized the efforts of many citizens working wholeheartedly for annexation and the welfare of the entire community, and to the 125 block and area workers who are meeting tonight for the home canvass.

The general program for the remainder of the campaign was outlined, listing the last radio forum tonight, the continuation of the Sentinel question box throughout the week, and a few other promotions.

In other business, Carl C. Andreasen reported on action taken by the finance committee in investing unused funds in short term loans. From the general operation account, \$100,000 will be invested in U. S. Treasury Bills to mature as of April 15, 1958, to yield about 3.65 percent interest, and \$50,000 in U. S. Treasury Bills to mature Jan. 30, 1958, yielding approximately 3.60 percent. From the debt retirement fund, the board will invest \$85,000 in U. S. Treasury Bills to mature as of Aug. 1, 1961, 4 percent coupon to yield about 3.85 percent with an option to be called on Aug. 1, 1959, if notified 90 days previous; and \$80,000 in U. S. Treasury Bills to mature as of Aug. 1, 1958, with an interest rate of about 3.61 percent.

The buildings and grounds committee reported accepting a bid of \$125 from John Timmer to remove a house at 190 East Ninth St. Administrative Assistant Edward Donivan presented the school enrollment estimate report for 1957-58, listing the increasing birth rate the public school enrollment of sending districts, graphs of city and vicinity school population, estimated enrollment based on actual trends, the 1957-58 bus schedule, and enrollment of 12 districts proposed for annexation.

All members were present for the meeting. President A. J. Cook presided and Bernard Arendshorst gave the invocation. The meeting lasted 2½ hours.

Jack Barnes . . . right at home in backfield

## Fennville's Jack Barnes Proved Versatile Gridder

FENNVILLE (Special) — Fennville had a football player this year that was one of those guys that loved the game so much it didn't make any difference where he played just so long as he played. Jack Barnes is his name and last year he was an all-conference tackle and this year he stands a good chance of making all-conference fullback and could well receive some state mention.

As a tackle he turned in an outstanding performance in every game and got honorable mention all-state. But coach Sam Morehead needed him in the backfield this year to spearhead the Fennville attack and Barnes took up the assignment without a fret.

And he has really made quite a fullback. Only 5'9" and 170 pounds, he carried the ball 89 times in Fennville's seven games and picked up 639 yards for an average of 7.2 yards per carry.

He scored 11 touchdowns, two from inside the five; three from between the five and ten; one from between the 20 and 30; three from between the 35 and 40; one

from 62 yards out and one on a 30-yard intercepted pass.

Against Hopkins, he carried 12 times for 53 yards and picked up 109 yards in 14 tries against Martin. He made 79 in 12 attempts with Bloomingdale and 104 in 12 against Lawton.

His peak was 125 yards in nine carries against Saugatuck while he had 15 attempts for 57 yards with New Buffalo and 15 for 112 with Lawrence.

Barnes averaged 52 yards on his kickoffs and was a top defensive line backer. When he didn't have the ball, he was one of the best blockers on the team.

Morehead said Barnes could learn to play anywhere and his record as a fullback proved it. "He was a boy who got the job done," Morehead said. He was team co-captain with Eric Phelps.

Barnes, one of the four seniors on the Fennville team, was on the team four years, three as a first stringer. Seventeen years old, Barnes hopes to attend Michigan State University.

report was read. The girls worked on their scrap books which are going to the Hospital at Christmas time for the children there. Refreshments were served by Mrs. Shasaguy.

The Nov. 7 meeting was held at Karen Hulstead's home. The meeting was opened by reading a story and prayer. Several things were talked about. The girls worked on their scrap books. Lunch was served by Mrs. Hulstead and Mrs. Bakker.

The 4th grade Van Raalte Blue Birds held their meeting at Judy Schripsema house. We made our charts for the candy sale. Marcia Mulder treated with candy bars. Peggy DeWitt, scribe.

## Dutch Score Four Times In 1st Period

Hope College's football team finished in a tie for second place in the MIAA, the highest spot the Dutch have achieved since 1953, with a 47-7 clobbering of Albion Saturday afternoon at Riverview Park and settled down today to the task of defeating Beloit to give them their best season in five years.

The Wisconsin school will invade Riverview Park Saturday in the season's finale for the Dutch. A win over Beloit will give Hope a 7-2 season's record.

Hope won the MIAA crown in 1953 but did not finish higher than third since. That year they compiled a 7-2 overall record.

The win over Albion was one of the sweetest achieved by Hope Coach Russ De Vette. Not only because of the second place finish, but because of the way his team forgot the elements of a snow-storm and 20-degree temperatures and went out and got the job done.

Determined to knock off the Britons and continue a streak that now numbers five straight wins over Albion, the Dutch went to work right off the bat and scored four touchdowns in the first quarter.

This onslaught, one of the biggest point barrages made in a single quarter in Hope's history, was achieved with a well-executed running attack and powerful defensive line.

Finding vulnerable spots in the Albion tackles and through the center, the Dutch quickly capitalized. Halfback Jerry Hendrickson ripped through tackle for 35 yards with the game four minutes old and on the next play tore from the Albion five.

End Curt Menning recovered a Bob Gamble fumble on the Albion 20, two plays after the kickoff and two plays later Ty Rupp went tearing through center for 11 yards and the second touchdown with 5:44 gone.

The third touchdown of the quarter was set up on a 34-yard run by quarterback Mert Vanderlind who received key blocks from fullback Ron Bekius and end Paul Weigerink. Vanderlind's run carried to the Briton 10 and three plays later Rupp crashed over center from the five with three minutes remaining.

Bill Huijbregtse, who converted after the first three Hope touchdowns, recovered an Albion fumble on the Briton 31 two plays after the kickoff and on the first play Bekius raced for the touchdown. Huijbregtse again converted.

The Hope defensive unit, led by Don Paarberg, Larry Ter Molen and Huijbregtse, held the Britons to 12 yards in the first quarter and they failed to penetrate past their own 31 yard line.

The scoring pace slowed down the rest of the game but Hope continued to hold the upper hand, scoring once each in the three remaining periods.

Hendrickson intercepted a Gamble pass on the Briton 36. Rupp ripped for 19 yards on the first play and after Bekius moved to the five with a 14 yard gain, scored on a five yard center smash for his third touchdown with four minutes gone. Huijbregtse's kick against the wind was not good and the half ended 34-0.

With 6:54 left in the third period, Hendrickson scored his second touchdown with a 15-yard run around end to culminate a 55-yard eight play drive. Jim Hoeksema, freshman halfback, who aided in the drive with 20 yards in two carries, ran the extra point.

Albion scored its lone touchdown in the third quarter on a 62-yard six-play drive climaxed with a 12-yard pass play from Gamble to end Tom Taylor with 3:54 left.

Hope scored its final touchdown with three minutes gone in the fourth quarter. Center Gene Van Dongen intercepted a pass on the Hope 20, latered to Hendrickson who moved down the sidelines to the Albion 28 before being stopped. Four plays later, Hendrickson, about to be tackled, latered to Vanderlind, coming around the end, and the speedy senior went 10 yards for the score. Bekius' kick was not good.

Albion's passing game, definitely handicapped by the snow, did move them to the Hope end zone in the fourth quarter but a fumble and a Hope recovery gave the Dutch a touchback. The Britons also got to the Dutch nine in the third quarter but were stymied. Hope's third unit played about half the fourth quarter.

All of the Hope defensive team turned in superb performances. Dick Nash, the MIAA's leading ground gainer was held to 42 yards in 11 carries and Don Vangilder, the second top rusher, made 59 in 13 attempts.

Hendrickson led the Dutch with 91 yards in 10 carries, while Vanderlind made 68 on five tries and Hoeksema picked up the same amount in 13 runs. Rupp had 55 in nine attempts and Bekius, 59, in five.

Hope made all of its 354 yards rushing, while the Britons picked up 103 on the ground and 133 in the air.

## Maroons List Cage Schedule

An 18-game basketball schedule for Holland Christian's Maroons was announced Monday by Athletic Director Raymond Holwerda. As usual there will be nine home games with all contests being played in the Civic Center.

Holwerda reported that the schedule is the same as last season as far as opponents are concerned with one exception. Niles, which has appeared on the Dutch schedule for the last five or six years, will not be played this season. To fill in, the locals will have a home and home arrangement with Portage High School.

In the last years, only one game has been played with Portage per season. There will be several noticeable changes in playing dates, however. For the first time in many years, the Dutch will not be playing Grand Rapids Christian in a Christmas holiday homecoming game at the Grand Rapids Civic.

Instead this game will be played on Jan. 3 in Grand Rapids' modern gymnasium finished this fall. The Dutch will be busy during the holidays, however meeting Western University High at Kalamazoo on Dec. 27 and Muskegon Christian on New Years Day in Muskegon. This game will be played on Muskegon Christian's spacious new gym just completed.

An interesting sidelight on Christian's schedule is that the Dutch will be playing in five new gymnasiums on the road, completed for the first time this season. In addition to the two new Christian High School gyms will be Zeeland, Dowagiac and Allegan.

The Dutch are home for the first two games opening with University High on Nov. 29, following with St. Joseph on Dec. 6. The remainder of the schedule includes, Dec. 13 — Portage, away; Dec. 17 — Zeeland, home; Dec. 20 — Allegan, away; Dec. 27 — University High, away; Jan. 1 — Muskegon Christian, away; Jan. 3 — Grand Rapids Christian, away; Jan. 9 — Muskegon Catholic, home; Jan. 17 — Muskegon Christian, home; Jan. 24 — Dowagiac, away; Jan. 31 — Grand Rapids Creston, home; Feb. 7 — Portage, home; Feb. 11 — Allegan, home; Feb. 14 — Grand Rapids Christian, home; Feb. 18 — Zeeland, away; Feb. 25 — Muskegon Catholic, away; Feb. 28 — St. Joseph, away.

## Hudsonville Edges Rogers

HUDSONVILLE (Special) — A safety early in the fourth quarter gave Hudsonville a 9-7 victory over Grand Rapids Rogers here Friday night in a non-league game. Halfback Tom Schmidt, who had earlier scored the Rogers touchdown, was trapped in his own end zone by the entire Hudsonville line with about three minutes gone in the final period.

Schmidt's touchdown had given the Grand Rapids team a 7-0 halftime lead. After a fumble was recovered on the Eagle 30, Rogers drove to the 10 where Schmidt carried around end for the score. Al Elenbart converted.

Ron Vander Molen climaxed a 45-yard Hudsonville drive in the third quarter with a two-yard quarterback sneak for the Eagle score. Gerry Vrugink ran the extra point to tie the score.

Hudsonville threatened again in the third period and moved to the Rogers four where they were stymied.

Rogers has a 5-2 record and Hudsonville a 4-3 mark. The two teams will be members of the Kent-Ottawa League next season.

## Holland Band Travels to Space

Holland High's band took its "trip into space" Friday night at halftime complete with Sputnik III.

The band "launched" Sputnik Roman candles and appropriate music. The drum majorettes were attired as robots.

Prior to the game the band formed the letters VOTE and a 5 appeal was made to fans to vote in the Nov. 19 annexation election.

The winter gale played havoc with the band and most of the members finished the show hatless as cheerleaders and fans scurried to recover the headpieces.

**FINISH UNSCORED ON**—Here is the Holland high freshmen football team which won four games and rang up 93 points while keeping its goal uncrossed. Ed Damson, Ted Boeve and Tom Carey coached the group. Seated from left to right bottom row: Chuck Ragains, Tom Connolly, Chuck Menning, Jim Rozema, Paul Hindert, Jim Heeringa, Ned Gonzales, Ed Duffy and Bill Van Bruggen. Second row: Rog De Pree, Russell Kleinhessel, Chuck Shuck, Tom Williams, Garry Klaasen, Bob Klaver, Rog Buurma, Ben Farabee, Jim De Vries, Bob Hoezee and Burton Brink. Third row: Lee Overbeek, manager, Jim Winter manager.

## Unbeaten Holland Freshmen Gridders Showed Size and Speed

Holland High's football fortunes should take an upward look in the next couple of years if the performance of this year's freshman football team is an indication.

The Dutch frosh won four games easily this year, took a fifth on a forfeit and didn't have the opposition get inside Holland's 20 yard line. They rang up 93 points and did not have their goal crossed.

The ninth grade opened with a forfeit win over Benton Harbor and then defeated Godwin, 21-0. This was followed by a 47-0 victory over Benton Harbor and 6-0, 19-0 wins over Grand Haven.

Coaches Ed Damson, Tom Carey and Ted Boeve were able to use most of the 50-man squad in every game. It was against a fifth string unit that Benton Harbor penetrated inside the Dutch 20.

"This is one of the most coachable teams I've had in a long time," Damson said. "They had a lot of drive, were serious all the time and really produced."

Damson said the team was rangy and had good size and blocked and tackled hard. "They were well rounded with good runners, passers line plungers and pass receivers," he said.

"Also the spirit on the bench was very good and we had no trouble with any of the boys not thinking football all the time," Damson said.

Singling out some of the players, the coaching staff was high on the steady play of Ben Farabee at end. They also felt Ed Jim De Vries and Chuck Klomprens showed possibilities along with end Michael Castaneda.

Bob Klaver and Garry Klaasen were "rough and rugged" all the time at tackle while Gary Vander Molen was the best guard and the other starting guard Chuck Shuck played a "steady" game.

The weak spot on the team was center where Bruce Masselin and Chuck Menning were described as "showing improvement."

Rog Buurma received high praises from the staff for his quarterbacking. A 6-foot youngster, Buurma is a triple-threat being able to run, pass and kick. He threw passes like a baseball, either a bullet or a rainbow and called a good sequence of plays, Damson said.

Tom Williams, left halfback, was the team's hardest runner and Bob Elenbaas, right halfback, the scout back. Russ Kleinhessel, the fastest man on the team, was the fullback.

Weighing 175 and standing 6' 1", Kleinhessel improved rapidly throughout the season an alternate with Gary Smith. Smith showed promise as a hard runner and as a defensive guard.

Jim Borowski, another quarterback, was called a "rangy corner with promise" and Bob Hoezee surprised with his hard, low running.

"All of the boys turned in fine performances this year," Damson said, "and it was my best team in five years."

The Rev. Arthur Ferryman, missionary and a pilot out of Indianapolis, Ind., was the guest speaker at the missionary service in Burnips Pilgrim Holiness church Friday. He has been a missionary to the British Guiana in South America for three years. Last summer he and the Rev. C. F. Berg who is a full time missionary to British Guiana were lost for 12 days in South America.

Burnips Elementary school held its annual Halloween party on Oct. 31. The school began the annual hot lunch program and teachers Monday.

School for children of the primary room was dismissed from Oct. 21 through Oct. 25 due to the illness of their teacher, Miss Boes of Saugatuck.

Mr. and Mrs. Lloyd George and three children of Crystal were guests last Sunday at the home of their parents, Mr. and Mrs. Roy Raab of Burnips.

Several from Burnips were in Grand Rapids Wednesday to see the Victor Borgia program at the Civic auditorium.

School was closed on the afternoons of Oct. 28 and 29 and also all day on Oct. 30, 31 and Nov. 1 because of the illness of many of the students.

The Women's Society for Christian Science of the Burnips Methodist church met at the home of Mrs. Esther Howard for a potluck dinner.

Mrs. Augusta Ebmeyer of Burnips is in Grand Rapids where she is caring for her sister who is seriously ill.

Members of the Society for Christian Service of the Burnips church were guests of the Shelbyville Methodist church group for a meeting which featured a talk by Miss Sylvia Aldrich, missionary home on furlough.

## Zeeland Plans 'Open House'

A complete "open house" of Zeeland's new junior high school will be held the latter part of November, probably Nov. 26, it was decided Tuesday at the meeting of the Board of Education.

The installation of chalkboards and bleachers are slated for later this month. Commemorative brochures, containing pictures and a story of the Zeeland school, will be distributed at the open house.

An informal look at the new school will probably be taken by several parents when they visit Zeeland schools next Tuesday night as part of the American Education Week to meet with teachers.

The board approved wage adjustments for non-teaching personnel. In the case of bus drivers, it was moved to keep the wage the same per trip plus a possible bonus at the end of the school year as before but also depending upon the percentage of trips made.

The name of the late Henry A. Geerlings will appear along with present school board members on a bronze tablet to be placed in front of the new building.

The board also approved the moving of fluorescent lights in the old junior high building to the halls in the present high school building. Bids will be asked soon to remove the old junior high building.

COMSTOCK PARK (Special) — Comstock Park spotted Zeeland a one-touchdown lead in the first quarter and then came back to score three times to defeat the Chix, 19-7 and take second place in the Keweenaw League football race here Friday night.

The loss dropped Zeeland into a fourth place tie with Coopersville in the league. Each team had a 2-3 Keweenaw mark.

The teams were hampered by the below freezing temperatures, snow flurries and wind. Only three passes were thrown in the game, all by Comstock Park and one hit for a touchdown.

Zeeland opened the game by driving 75 yards in 17 plays to score. Lavern Slagh plunged over from the one for the touchdown after leading the running attack with Dave Den Ouden. Slagh also plunged for the extra point.

After blocking a Zeeland kick, Comstock Park took over on the Chix 40 early in the second quarter and moved quickly to the seven where halfback Rod Denhart hit off guard for the touchdown. Denhart ran off tackle for the extra point.

Later in the second quarter, Comstock Park took over on its own 40 when Zeeland gave up the ball on downs and marched 60 yards to score. A 30-yard run by quarterback Dick Howlett and a 15-yard run by Denhart sparked the drive. Jim Mc Kellar went over from the one and Howlett's plunge for extra point was short.

The final touchdown came on a 16-yard pass in the third quarter from Howlett to Denhart and culminated a 75-yard drive. Larry Humphrey missed the extra point.

The game was the season's finale for both schools. Zeeland ended with a 4-4 record.

## Montello Board Okays Annexation

The Montello Park school board has unanimously endorsed the program of consolidation with Holland city schools, and under the present plan of political annexation coming as the first step toward such consolidation, the board urges all electors interested in providing the best educational facilities for the future citizens of the community to vote Yes on Nov. 19.

The action was taken at a board meeting earlier this week in which the future of the school district was discussed. Reports and information of all types were reviewed and it was unanimously acknowledged that the program of consolidation with the Holland city schools offers the best future for children of the district. "The high caliber and well rounded curriculum that this consolidation would afford provides the type of secondary education these children deserve," the board said.

It was felt that any alternate program would necessarily mean that the students who will be entering high school the next few years will receive a less effective program until the teaching and the facilities can be brought up to the present high standard of Holland High School.

Members of the school board are Bernard Shasaguy, Andrew Kammeraad, Harold De Pree, Fred Coleman and Virgil White.

Action of the Montello school board is similar to that taken earlier this week by the Harrington school board which endorsed the annexation and school consolidation programs. This board felt this was the only logical and practical solution to the school problem in view of the fact that people against annexation have not come forth with a realistic solution to the school problem, and the board felt it is not logical to assume that Harrington district and others could unite independent of Holland city with such a barrier as Lake Macatawa dividing the various districts.

Last month, Maplewood school board was the first to endorse publicly the school consolidation program and the methods to bring it about.

## Room Mothers, Faculty Meet

The Thomas Jefferson school PTA Room Mothers and Faculty held an organization tea Thursday afternoon in the school auditorium. PTA vice-president, Mrs. Peter De Jonge and social co-chairmen, Mrs. Don Sundin and Mrs. Joe Israels were in charge of arrangements. Mrs. Raymond Klomparsen and Miss Margaret Van Vyven poured from a table decorated with a fall centerpiece, with lighted candles.

Principal Carroll William Norlin presided and spoke on the subject, "What Do Parents Want To Know About Their Child's School?" Mr. Norlin pointed out three areas which are of general concern to parents. He explained that concern about the 3 R's make parents apprehensive that their child might be moved along throughout the grades without an adequate foundation in the fundamental skills. "Parents favor retention in a grade when their child is not ready to go on," he said.

"The problem of discipline is the second big concern to parents. They want the school to develop good citizenship traits. Respect for authority, law and order, parents, and teachers must be developed at a young age through close home and school co-operation," the speaker explained.

Mr. Norlin continued: "Report cards and methods of marking children's progress is the third major concern of parents today. Parents want a simple report card and overwhelmingly favor the A, B, C, D, E marking system. Parent conferences and frequent progress reports in letter form from the teachers are desired."

"Parents in Holland are well informed on what goes on in the public schools," the speaker summarized.

Workshop meetings are being planned with parents in each of the early elementary, later elementary, and seventh grade sections of Thomas Jefferson school. Consultants will be called in, demonstrations given, and panel discussions held.

Election of officers was held. Those elected are: President, Mrs. Anthony Bouwman; vice president, Mrs. Arthur Wyman and secretary, Mrs. Chester Kuiper. Committee assignments for each PTA meeting was announced. Officers with the PTA Social Co-Chairmen were appointed to screen several fund raising projects for presentation to the group for adoption and appropriate action.

## 78 Seek Absent Voter Ballots

City Clerk Clarence Grevenoged said Friday he has received 78 applications for absent voter ballots in Holland city for the special annexation election Nov. 19. He figured this response was not particularly good in view of some 500 ballots issued during the 1956 Presidential election and urged persons who are ill or who will not be in the city Nov. 19 to apply soon for their ballots. Deadline is 2 p.m. Saturday, Nov. 16. Township residents may receive absent voter ballots from their township clerks.

## Zeeland

Final details were completed this week for Zeeland's first medical forum which will be held at 8 p.m. next Wednesday evening, Nov. 13, in the Lincoln elementary school auditorium. Preparations for the forum are under the direction of a committee from one of Zeeland Community Hospital's 17 guilds, headed by Mrs. David Plasman. Other members of the committee are Mrs. Jay Van Ommen, Mrs. Robert Loetz, and Mrs. Robert Den Herder.

The community's first medical forum will deal entirely with questions on the heart. The heart topic was chosen because heart disease is America's No. 1 cause of death and public interest in dealing with the disease is believed to be high. Questions from the public will be answered by a panel of three physicians. But only questions which have been submitted in writing in advance will be considered. To save time and accomplish the most good, no questions will be accepted from the floor on the night of the forum. Questions may be submitted by filling in a form published in the Zeeland Record. Or persons wishing to submit questions may, if they have no coupon form, write their questions on any sheet of paper and mail or bring in to the office of The Record.

Heading the three-man panel will be a distinguished native son of Zeeland, Dr. Ray Van Ommen, who is on the senior staff of the Cleveland clinic in the department of internal medicine and cardiology, specializing in heart disorders. The other members of the panel will be two prominent local physicians, Dr. John H. Yff of Zeeland and Dr. G. J. Kemme of Drenthe. Dr. Yff is formerly from Chicago and is a graduate of Wayne University medical school in Detroit. He interned and had a residency at Butterworth Hospital in Grand Rapids before practicing in Zeeland. Dr. Kemme is a graduate of the school of medicine of the University of Michigan and has enjoyed a successful practice for many years in the Zeeland area.

The Zeeland Public Schools are again cooperating during American Education Week, Nov. 11 to 16. This year they have planned to have "open house" on Tuesday evening, Nov. 12. Parents and friends will be privileged to tour both the old and the new Junior High buildings. Teachers will be in their rooms at 7:30 p.m. available to any parent who may wish to see them. Coffee will be served from 8:15 to 9:15 in the new Junior High Home Economics room. Mrs. G. J. Van Hoven of Cherry Ct. attended the Music Teachers Convention held in Grand Rapids, Nov. 4 and 5 at the Pantlind Hotel. She also attended the Music Teachers Forum held at St. Cecilia, with luncheon at the City Club.

Mr. and Mrs. George Ten Elshof returned to their home in Huntsville, Ala., after spending several days with their parents, Mr. and Mrs. Harry Redder, 134 Woodlawn. An opportunity to apply the helpful hints on "The Art of Listening" as suggested by Dr. Richard J. Coelho at the last regular meeting, will present itself on Tuesday, Nov. 12, when members and guests of the Zeeland Literary Club will be privileged to hear Mrs. Daniel Lipke of Grand Rapids. Mrs. Lipke returns again this year to review "The Miracle of the Mountains" by Harris Kane. Mrs. Lipke is well known for her interesting reviews, and has served as past president of the Women's City Club.

Edna Hollander, a junior in the music department at Hope College will play a piano solo. Miss Hollander is very active in youth work, having been on the staff of Camp Geneva for the past two summers. The meeting will be presided over by Mrs. Stanley De Pree, president. The services of a nursery will be again offered, under the supervision of Mrs. Mrs. Sybrandt Schipper.

Announcement was made Monday of the appointment of Corey

Van Koeveering as editor of the Zeeland Record to succeed his brother George who resigned from the position to become Director of Public Relations of the Michigan Railroads Association with headquarters in Lansing. This makes the fourth Van Koeveering to assume the editorship of The Record since its inception in 1893. The late William Van Koeveering having been the first editor until his death in 1913, followed by Adrian Van Koeveering until his retirement in 1946. George Van Koeveering then assumed the responsibility until his resignation effective the first of November. Corey had been associated with his father, Adrian, for 35 years in The Record, becoming a full partner in 1937. This partnership arrangement continued for seven years until the retirement of the senior member in 1946 when George became a member of the firm and assumed the editorship and Corey continued as advertising manager and general manager of the company's operations.

Announcement was also made of the appointment of Bruce A. Glass as the assistant editor. He is the son of Mr. and Mrs. Andrew Glass of route 3, Zeeland. Glass is a graduate of the Zeeland High school, class of 1948. Following his graduation he spent three years in the armed forces, serving 11 months in Korea. In 1955 he left for Mexico to continue his studies at Mexico City College where he majored in Journalism and Letters in both English and Spanish. He spent the last two summers as an employee of The Record, receiving practical experience in line with his specialized training.

The Rev. and Mrs. Edward H. Tanis returned from their 90-day tour of the world last Thursday. They left from Grand Rapids air terminal on July 9, flying to Chicago and San Francisco, and then by Japanese Air Lines to Tokyo, arriving there in about 30 hours flying time. Marilyn Tanis had previously flown from Bahrain to Tokyo so the family had a reunion with their children, the Rev. and Mrs. Paul Tanis, Miss Marilyn Tanis, and grandchildren Cheryl and Shirley. After staying in Japan for a month, together with Marilyn, they visited mission fields in Hong Kong, Manila and Singapore.

From there they went to Delhi India where they visited all the Reformed Church mission fields and then they went to Colombo, Ceylon and visited some of the Christian Reformed missions under the leadership of the Rev. Richard De Ridder. Mrs. De Ridder is a daughter of Mr. and Mrs. E. Jaarda of Zeeland. The next flight was to Bahrain by way of Bombay and Karachi, Pakistan. They saw missions in action in Bahrain, Kuwait, Basrah and Amarah.

In Baghdad they visited with the Makkens and then spent about a week in Jordan, visiting places of Biblical interest in and around Jerusalem, where they saw barbed wire boundaries of no-man's land run through part of Jerusalem. In Cairo they were entertained by Mr. and Mrs. Willard De Pree of Zeeland. Mr. De Pree is on the staff of the American embassy. At Giza they saw the pyramids and Sphinx, rode camels, and toured other places of interest.

Athens was the next stop with thrill of standing on Mars Hill and seeing the ruins of the Pantheon, much of which is still standing. A tour of Rome brought them to the Vatican City, St. Peter's, and the catacombs. They visited places of interest in Zurich, Stuttgart, Amsterdam, Paris and London.

A 15-hour non-stop flight brought them back from London to New York, three more hours to Detroit, another hour to Grand Rapids and then home again.
