CITY AND VICINITY.

John Rooks has bought two lots in the Diekema homestead addition.

Attorney G. W. Kooyers has sold a house and lot on West Seventeenth street to H. Lubbers.

The Holland Merchants' association will meet Monday night. It is expected some important questions will be brought before this meeting.

The Royal Neighbors of America have issued invitations for the first hop to be given this evening Nov. 21. Damson's orchestra will furnish the music.

Mrs. C. H. Judd, formerly Miss Bell Takken of Holland Missionary to Shanghai, China is expected home about Christmas time. She will remain in this country about two years.

L. Emmet Sherrerd is having installed in his home in Grand Rapids a large two manual pipe organ of eighteen stops. This is the only two manual organ that has been placed in any residence outside of Detroit.

Jacob Wabeke has sold 120 acres of land at West Olive to Govert Van Wylen of this city. He has taken two houses in exchange, one on College avenue and another on Fairbanks avenue. Mr. Van Wylen will take possession about March 1.

The common council of Grand Haven voted to appropriate \$500 for a new town clock to be placed in the tower of the First Reformed church. M. Johnson has set his heart upon securing a clock for the new church to replace the one which was destroyed by fire last summer. It is now planned to put in a fine clock with an illuminated dial and the town clock is practically a certainty.

Deputy Sheriff Doornbos has served writs of attachment on the stock of Shaness & Nemerowsky Bros., who have been conducting clothing stores in this city and Zeeland for the past year. An invoice is being taken on the Zeeland stock which is by far the larger of the two, but it is not expected that the amounts will equal the liabilities, which are figured at about \$2,000. The Nemerowsky brothers claim Shaness left them in the lurch.

A suit was tried Friday before Justice Spencer in Coopersville, which lasted nearly all day. The case was that of the International Harvester Machine Company vs Lillibridge Regnal of that place. Judgement was given the plaintiff for the amount and costs of the case, about \$100. Attorney Daniel Ten Cate appeared for the plaintiff, and Attorney Osterhouse of Grand Haven represented Regnal. Ben Van Ralte Jr., of this city was among the witnesses.

Ignoring the plea of his father that he quit the lakes, Andrew Blackman, aged 18, of Grand Haven a sailor on the schooner Bell, of Benton Harbor, captained by Dan D. Ludwig, was drowned in the harbor this afternoon. He was in a yawl sculling when he slipped, falling into the water. Blackman was near the pier and he managed to maintain his hold on the timbers for a short time. His cries were heard by fishermen across the river, but when they arrived he had disappeared.

A consignment of books was received at the Ryerson Public library Friday from a book firm in Holland. Four of the books are rare and said to be the first ever published of their kind. They are by Hare Geschunden and give examples of ornamentation of stuffs by the Japanese. The books are highly illustrated and of great value both to artists and students. Five books on the various arts of the Orient were also received, reproductions being taken from the Indian museum at Calcutta. They give examples in wood carving, bead work, jewelry and dishes. There are also many fine photographs of Oriental trays, teapots and mirrors, done in metal by the East Indians and other Oriental nations. The books will be placed in the Reference room in a few days.

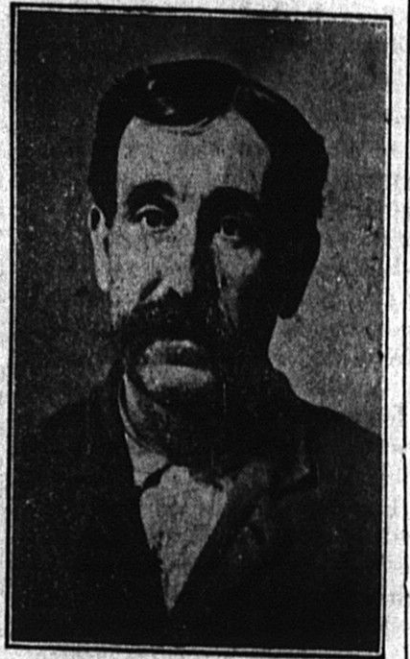

Winding up of Shimmel Case

"Whispering Bill" Shimmel, convicted by jury of the murder of Martin Gold in the Dennison postmaster, a year ago last April, is free.

In an action unique in the criminal annals of Michigan Judge Padgham set aside the verdict of guilty of murder in the first degree Thursday, and scored the jury severely for bringing in such a verdict on such evidence. He then admitted Shimmel to bail in the sum of \$500 and for former Sheriff William Smith of Muskegon county, for whom Shimmel worked at Slocum's Grove, went on his bond.

In his talk to the jury Judge Padgham said:

"I have practiced law for nearly 37 years as an attorney and upon the bench. I never saw a murder case disposed of on so slim a state of facts and

Bill Schimmel

never expect to again. It seems to me, gentlemen of the jury, that you did not discuss this matter; that you did not discriminate between testimony given by fair, truthful, reputable witnesses and that of barroom loafers and self-confessed criminals. It seems to me you did not discriminate at all.

"I might say to you that in my judgment there was not one incriminating fact against this man. I attempt to describe to you what circumstantial evidence is, but I see you have mis-carried upon that subject. You do not seem to understand what was necessary to connect a man with a murder and it does not seem to me you got down to the weighing of the testimony in any reasonable, logical way.

"Your verdict was entirely against the great weight of evidence in this case."

The jury were: William Van Koeveing, Zeeland; Rookus Cook, Holland; Thomas Marsilje, Holland; John Van der Belt, Zeeland; Clarence Hague, Georgetown; Clyde Watson, Robinson; William De Knijper, Holland; Lyman Wilson, Blendon; Johannes Pyl, Holland; Jacob Kibina, Grand Haven; Peter Paerman, Holland; and Louis Nelson, Grand Haven.

Prosecuting Attorney Coburn when interviewed had only this to say: "This

William Thomas, F. E. Dulyea and Charles Harmon bagged 24 quail and one partridge Thursday.

Mrs. Benjamin Van Putten has purchased the homestead of George DeWeerd on West Fifteenth street.

Luke Spriets, jr., and Henry Wilson passed the examination before the pharmacy board of Grand Rapids Tuesday.

Basil Barker, formerly employed at the Pere Marquette freight house has moved to Allegan with his family, where he has secured a position.

A men's club has been organized by members of Grace church and is free to persons from other churches who are willing to join. The club has already 24 members and more are expected to join. The club will meet on every second Monday of each month and a program will be given at each meeting. Officers were elected as follows: President, O. P. Kramer; vice president, F. W. Had den; secretary, Dr. F. M. Gillespie; treasurer, Percy Ray.

The Pere Marquette railway officials passed through Holland Tuesday Morning on their annual inspection tour over the Chicago division aboard an auto car, capable of making 40 miles an hour. The car was run on orders the same as a regular train. The officials included Chief Engineer J. Tuttle of Detroit, Division Engineer W. J. Long of Grand Rapids, Division Road Master J. P. Reynolds of Benton Harbor and Bridge Superintendent Adam McNabb of this city.

case has had two trials and of 24 jurymen only three have decided that this man is innocent."

The first trial resulted in a disagreement.

Shimmel's attorneys were W. J. Turner of Muskegon and Marten Sooy of Zeeland.

L. L. Parks of Grand Rapids defended Shimmel on the first trial, but refused to conduct the defense in the second trial unless a change of venue could be asked for.

To say that the Sheriff's force, the prosecutor and the twelve jurors are disgusted with the decision of the judge in the Shimmel case is putting it mild. The jurors claim that if the judge was so positive that evidence enough to convict was lacking he should have taken the case out of the hands of the jury when he was asked to do so by the defense instead of placing them in such an embarrassing position. There is talk that the prosecutor will reopen the case, and that he will ask for a change of venue. The prosecutor states that out of twenty-four jurors twenty-one were for conviction and three against it, which goes to show that there is no more to the case than vague newspaper reports.

The Muskegon Chronicle had an interview with Bill Shimmel in Muskegon after he was set free. Speaking of the famous ex-prisoner the Chronicle says:

"A trifle paler than when he went handcuffed from Muskegon last April, but otherwise showing little ill effects from the strain under which he has been laboring. Shimmel talked freely of his imprisonment and of his good fortune in being snatched from the yawning doors of state's prison by the intervening hand of Judge Padgham. Shimmel took the train for Ravenna, enroute for Slocum, where he will enter the employ of Miles D. Bunker, who is engaged in the charcoal burning business and has been a steadfast friend of Shimmel during the entire time he has been in jail.

"In the course of a rambling conversation, Shimmel's mind continually reverted to the time of his arrest, the events of that day seemingly having made a more vivid impression on his mind than his two trials. Shimmel apparently feels no bitterness toward anyone except Sheriff Woodbury and his deputies. Toward them he expressed no kindly feeling, although in a remarkably quiet and restrained manner. Sheriff Woodbury and his deputies put me through a hundred sweating processes while I was in jail," he declared. "He abused me because he could not make me take back the story I told. They handcuffed me the day they arrested me, although I made no effort to escape them, and told them I was perfectly willing to go along and stand trial." Being handcuffed on the day of his arrest seemed to worry Bill more than all his trials. With his attorneys, Shimmel is confident that he will never be tried again."

Among those who attended the Michigan-Pennsylvania game at Ann Arbor are Attorney Hoyt G. Post and Willis Diekema.

Frederick Fitt has rented the Werkman sisters' house on West Eleventh street and will move in a few days.

William Jennings Bryan, who has been booked for a number on the Hope college lecture course, has altered his plans for coming to Holland and will not appear until some time during January.

A number of Grand Haven young men are seriously considering taking the examination for West point cadetship. Congressman Diekema has arranged for a competitive examination which will be held in Grand Rapids November 23.—Grand Haven Tribune.

John Roest, who has been clerk in the Traverse City postoffice for several years, has been transferred to the railway mail service at Ogden, Utah, and will enter upon his new position in a few days. Mr. Roest is a former Holland resident and is spending a short vacation with his mother.

The Y. M. C. A. of the Western Theological seminary is planning to hold a missionary institute in the city on December 12 and 13. The program will include addresses by several prominent and well known speakers. A committee on arrangements has been appointed and the hall will be selected at a subsequent conference.

Borculo.

Born to Mr. and Mrs. Gerri Gibbon a twelve pound baby girl.

Mrs. G. Martine is dangerously ill with appendicitis.

In the death of Mrs. Jacob Klunderman, who died Nov. 9 at the age of 83 years, we lose one of the oldest pioneers of this vicinity.

She was born on Dec. 15, 1824, at Delfheim, province of Overisel, Netherlands. In 1858 she became Mrs. Klunderman. The pair came to America in 1867. They first resided at Zeeland, Mich., for two years, and then came to their present home.

This place was called "Klunderstad" in their honor. But in 1882, when the first postoffice was established, it was changed to Borculo. She, with her husband, had a full share of the hardships incident to pioneer life, among the fire of '71, and she used to relate how she had many a time carried a 50 pound sack of flour from Zeeland, which is a distance of five miles. But though encompassed by all these hardships, she led a refined Christian life and died in a contented and happy old age.

New Holland.

K. Weener is busy shipping rye. N. J. Essenberg, who had his leg amputated at the hospital in Ann Arbor, is home visiting his parents.

Farmers are busy drawing beets.

Saugatuck.

Work has been discontinued on the new harbor as it is now too cold for men to work in the water. Most of the revetments on the north side of the channel are finished and the north end of the south pier but there is a space in the center along the south side of the channel that has not been started. The land end of the south pier which was heaved up last winter has been repaired.

S. D. Upham is preparing to haul the steamer Apollo out and do some extensive repair work on her this winter but just what will be done has not been decided upon.

A meeting of the Twentieth Century Literary club was held at the home of Mr. and Mrs. John Konning on Tuesday evening. The program was selected with a view of giving the beauties of Lowell's work in his various styles. Mr. Manning continued his reminiscences of Lowell and other prominent men.

Mrs. R. E. Reed is going to take a course in the Holland Business college this winter. She will take her daughter Natalie with her each day to attend a kindergarten.

Capt. Wilson got his head between the dock at Pier Cove and the side of his boat Monday but we are glad to report that he was not seriously hurt. Although his ear is badly bruised he is not laid up.

L. E. Veits was called to Chicago to testify in a lawsuit for the G. & M. Transportation Co., which company is sued for \$80 for property which is claimed was lost by its negligence.

At a meeting of the Saugatuck Cornet Band held Thursday evening all members were assigned to their places. Nine have already joined but there will probably be 14. We believe there is enough talent among the members of this organization to make Saugatuck people feel proud that it bears the name of this town.

Sam Shaver has had charge of the dock work along A. S. Comstock's property and has been doing a good job. Piles were driven there some time ago and the dredge overcast considerable earth till now the water is quite deep.

Final Report of the Holland Bonus Trustees.

To the People of the City of Holland: During the month of February, A. D. 1901, there was turned over to a committee of seven, called the Holland Bonus Trustees, and consisting of Isaac Cappon, G. J. Diekema, J. C. Post, G. W. Mokma, Jacob G. Van Putten, C. Ver Schure and Henry Kremers, the sum of Fifty Thousand dollars, for the purpose of encouraging the business of manufacturing in the city of Holland and inducing additional factories to locate in the city, and the undersigned, constituting the present trustees, having completed the work entrusted to them, desire to make this as their final report.

Trustees.

The following changes have from time to time been made in the trustees, viz.: Wm. H. Beach was appointed in the place of Isaac Cappon, deceased; C. J. DeRoo was appointed in the place of J. C. Post, deceased, and Arend Visscher was appointed in the place of C. J. DeRoo, resigned.

New Factories.

The following entirely new manufacturing institutions were secured as a result of the efforts of the trustees, the amounts paid to each appearing in the detailed schedule hereto attached and made a part of this report, viz.:

Western Tool Works, Holland Shoe Company, Poole Brothers, Kinsella Glass Works, Bush & Lane Piano Company, Chas. P. Limbert Company, Holland Furnace Company.

Local Factories Enlarged.

Besides the new factories secured, substantial improvements and enlargements were made to the following local factories, as a result either of bonuses paid or temporary loans made, which loans were subsequently repaid with interest to the trustees:

The Holland Furniture Company, C. L. King & Company, Bay View Furniture Company, Duss Machine Works.

Holland Improvement Company.

When but \$7,442.68 was left in the hands of the trustees, an opportunity came to secure the Bush & Lane Piano Company factory; the matter was presented to a number of our patriotic citizens, and as a result thereof the Holland Improvement Company was organized, a large tract of land was purchased, platted and sold, and thus the necessary additional funds were raised to secure for Holland this new institution. The wide-awake spirit of enterprise on the part of our citizens, which led them to respond so quickly and so generously to this call, thereby enabling the trustees to close a contract with this concern, and to add so substantial a manufacturing plant to our local industries, should ever be gratefully remembered, and the unselfish and untiring services of those who sold the lots should not be forgotten.

Results.

The beneficial results which have come to Holland as a result of the expenditure of this Bonus Fund are so many and so varied that no one can either fully enumerate them or estimate their full importance.

We beg leave, however, to call special attention to the following:

(a) Pay Roll.—The annual pay roll of the new factories secured, already amounts to about \$219,000.00, and the annual payroll of these new factories together with the local factories which received aid, amounts to about \$390,000.00. (This statement only includes the saw mill pay roll of C. L. King & Company.)

(b) Taxes.—The city taxes which will be received this year from the new institutions, figured at a ratio of 1.60 per cent on their assessed valuations, will amount to over \$3,600.00, and the amount that will be received from the local factories which received aid, figured on the same basis, will amount to \$4,048.00. If we add to this the taxes paid by the owners of new houses built to accommodate the employees of these factories, and the new business blocks made possible by the increased population, a large surplus over and above the interest paid on the bonds can annually be credited upon the principal, which will in a very short time pay the whole amount of the original investment. The trustees have also turned over to the city treasurer the sum of \$3,460.57 for interest collected by them on the unemployed funds in their hands.

(c) Additional Help Employed.—The number of persons employed in the new factories secured, amounts to about 700, and the additional help employed by the local factories that received aid, amounts to about 180, thus adding a total number of 880 to the factory employees of our city.

(d) New Houses and Business Blocks.—The opening of these new factories and the enlarging of the old ones soon brought about a house famine in our city, and although hundreds of new houses have been built, it has been impossible to keep up with the demand, and some new families that moved into our city found it im-

possible to secure accommodations and were compelled to move back. Many new business blocks have also been constructed to provide for the enlarged trade of our merchants.

(e) Real Estate.—The sale of remarkable degree, and all real estate building lots has been stimulated to a great extent, both in the business and residence portions of the city, has greatly advanced in price and value.

It is a gratifying fact to record that the new factories secured are all doing a good business, and are already numbered among the strong and substantial institutions of our city. The trustees have exercised great care and have taken every precaution to secure only such enterprises, and have turned down all offers made by institutions that were financially weak and wanted bonuses to replenish their depleted treasuries. In this respect we have been much more fortunate than many of our sister cities.

What of the Future?

While the work of the trustees has come to an end the Holland Improvement Company remains, and will undoubtedly continue to work for the continued growth and prosperity of the city. Our location is unexcelled. Our harbor is now one of the best on the great lakes, and the Graham and Morton Transportation Company

is meeting every expectation. The Interurban Railroad, in addition to its passenger business, is hauling large quantities of freight, and has practically given us the advantage of another steam railroad. Our banks are strong and progressive, our labor, both in efficiency and in character, cannot be excelled; our people are peaceable, sober, intelligent and law abiding, and have developed an intense local patriotism. We have become a manufacturing as well as trading and educational center. Our city government is free from taint or graft, and the future of our fair city seems exceedingly bright. We must, however, keep our hands to the plow and be ready to seize every opportunity that will promote the interests of a greater Holland. Eternal vigilance is not only the price of liberty, but the price of a city's growth and prosperity as well.

An itemized statement of money received and paid out by the trustees is appended hereto.

Dated Holland, October, 1907.

THE VICTIM OF DRINK

Needs Orrine Treatment.

Drink first destroys ambition; breaks up ties of friendship; it kills and buries love and eventually destroys the family life.

Some of the best men in the world have been victims of Drink and if there is not some member in your family that is not afflicted with disease, you are indeed fortunate.

Drink cunningly destroys the will power, and while the drunkard wants to do what you tell him, he wants a thousand times more the drink that he craves. Medical treatment is necessary to destroy the craving, and this Orrine will do it.

It destroys the desire for liquor so that the drink will not be missed also cures the deranged digestion, weakened nerves and other ill effects of excessive drinking, restoring the patient to perfect health.

The remedy is absolutely harmless, is thoroughly scientific and is so uniformly successful that it is sold with a registered guarantee entitling you to a refund of your

money if Orrine fails to effect a cure. Treatise on "How to Cure Drunkenness," free on request, in plain sealed wrapper. The Orrine Co., Washington, D. C.

Orrine is in two forms, No. 1 which can be given secretly without the patients' knowledge; No. 2 in pill form for those who wish to be cured. The price of either is \$1, mailed on receipt of price in plain sealed package, and both are sold under the guarantee.

Orrine is for sale by Model Drug Store, Holland, Mich.

SHOWS HOW WALSH JUGGLED A MILLION

EXAMINER MOXEY TRACES MONEY FROM BANK TO POCKET OF PRESIDENT.

IDENTIFIES FIGURES IN COMPANY BOOKS

Maze of Figures Presented—Large Sums Are Taken First to Accused Man's Private Accounts and Then to Railways and Newspaper.

Chicago, Nov. 20.—National Bank Examiner E. P. Moxey resumed the witness stand Tuesday in the trial of John R. Walsh for the alleged misapplication of the funds of the defunct Chicago National bank, of which he was president. A maze of figures out of which the government intends to weave, if it can, a story of the diversion of funds of the bank to the Walsh companies, was presented to the jury. Transaction after transaction in the discounting of "memorandum notes" and sales of bonds of the Illinois Southern and the Southern Indiana railways was taken up by the prosecution. Bank Examiner Moxey identified entries in the books of the bank and the companies which the government claims show the nature of these transactions. As one, however, he was not allowed to testify to any connection which might exist between the entries.

Mr. Moxey identified an entry of \$70,000 credited to the account of J. R. Walsh on May 3, 1904. He also identified further entries to the accounts of the Southern Indiana and the Illinois Southern railways made on the same date.

During his testimony Assistant District Attorney Dobyns and Attorney John S. Miller for Walsh had words. Mr. Miller made a suggestion to Mr. Dobyns and the assistant district attorney remarked that he cared for none.

Shows Juggling of Funds.

Before Mr. Moxey were scores of books, including those of the Chicago National bank, the Illinois Southern Railway company, the Southern Indiana Railway company and the Chicago Chronicle company. With these books before him Mr. Moxey identified various entries which were records of memorandum note loans, bond sales, deposits in the personal account of John R. Walsh, checking out of money from the various Walsh companies and the receipt of funds from Mr. Walsh by the companies.

The witness traced \$1,002,000 out of the coffers of the bank and an almost equal amount was traced into the exchequer of Walsh enterprises.

Entries of Money Shown.

The transactions which were shown by the entries testified to, but which the prosecution was not allowed to show any connection between, were as follows:

On February 1, 1904, Chicago National bank loaned on note of M. W. Wells \$92,000. Collateral, \$100,000 Illinois Southern four per cent. bonds. Proceeds credited to John R. Walsh, \$90,763.11.

On February 1—the same day—Walsh paid out of his bank three checks, one for \$25,000 and one for \$35,000 to the Southern Indiana, one for \$25,000 to the Illinois Southern.

The accounts of the railways showed that the money was received and spent.

On February 27, 1904, E. A. Burrill, \$92,000; G. W. Clarkson, \$92,000; C. C. Collins, \$92,000; A. N. West, \$92,000; F. L. Lewis, \$92,000; G. S. Lillie, \$92,000; G. P. Paradis, \$92,000. Collateral, \$700,000 Illinois Southern four per cent. bonds.

Six of the notes were paid, \$39,468.88, the same amount as the sum, representing the discount and accrued interest, was paid to John R. Walsh's personal account. On that same day Walsh paid over \$35,000 to the Southern Indiana.

On March 30, 1904, was paid R. J. Goddard on note \$92,000. Collateral, \$100,000 Illinois Southern four per cent. bonds. Proceeds went to John R. Walsh. Amount, \$89,356.

On the same date the books showed Walsh paid \$10,000 to the Chicago Chronicle and \$25,000 each to the Illinois Southern and Southern Indiana.

Purchase of Railway Bonds.

On April 15, 1904, the Chicago National bank purchased \$50,000 Southern Indiana four per cent. bonds at 95 per cent. and accrued interest. The same sum as the proceeds, \$47,911.11 was credited to Walsh's personal account. On the same day his accounts with the banks and companies showed that he paid out \$20,000 to the Chronicle and \$30,000 to the Southern Indiana.

On April 25, 1904, the Chicago National bank bought \$32,000 Southern Indiana four per cent. bonds at 95 per cent. and accrued interest from C. T. Weinland, treasurer of Walsh's railways.

On the same day a bond department credit check for \$30,698.67, representing the same sum as the proceeds of the sale, was credited to Walsh and he paid out to the Illinois Southern \$25,000.

May 3, 1904, the bank loaned to L. R. Moran \$92,000. Collateral, \$100,000 Illinois Southern four per cent. bonds. The same sum as the proceeds credited to John R. Walsh, \$91,703.56.

On the same day Walsh paid over to the Southern Indiana \$70,000; to the Illinois Southern \$20,000.

GIRL WOULD MURDER CZAR

SHE WEAKENS AT THRESHOLD AND TAKES POISON.

Eighteen-Year-Old Woman Chosen by Terrorists to Assassinate Russian Ruler.

St. Petersburg, Nov. 29.—An attempt to assassinate Emperor Nicholas was made Tuesday, but it failed because the woman selected by the terrorists to accomplish the fatal mission lost her courage and drank poison almost on the threshold of the emperor's palace. She was found dying, but was able and willing to confess her plans. She told the secret service officers that a plot existed against the emperor's life and that she had been chosen to execute it.

The woman is only 18 years old. She is well dressed and rather handsome. Her identity is a mystery. Although she frankly admitted her purpose and revealed the existence of the plot, she steadfastly refused to say who she was or whence she came.

Acting on information she gave about the plot the secret police are planning important captures, it is said. Many cipher dispatches are being sent to Moscow and other cities by the palace authorities.

Found with Dagger and Pistol.

The attempt on the emperor's life was made at Tsarskoe Selo, 16 miles from this capital. The young woman who was to inflict the fatal wound, in accordance with the plot of the terrorists, was found helpless at the railway station at Tsarskoe Selo.

At first it was thought that she had been injured. When questioned, however, she said that she had swallowed poison rather than kill the emperor. She had wanted to slay him, but at the last moment her courage failed and she could not commit the deed.

In the woman's possession were found a dagger and a machine pistol.

The girl was hurried to a hospital and secret police agents there questioned her while physicians tried to save her life. She presents the appearance of belonging to Russia's best society, if not to the nobility itself.

Dropped Bomb in River.

The woman, who belonged to the Social Revolutionary party, said she was given a bomb by the terrorist organization but dropped it from a bridge into the River Neva, before poisoning herself.

Second Attempt Within a Week.

This attempt at murder is the second within about a week. It is construed to indicate that the terrorists are determined to take the emperor's life.

Emperor Nicholas left Peterhof for Tsarskoe Selo November 9, intending to pass the winter there. What was believed to have been a carefully laid plot to assassinate him then was frustrated by the vigilance of the railway guards while the imperial party was on the way to Tsarskoe Selo.

Early in the morning of November 9 a guard discovered six men trying to cut the wire of a semaphore signal at Ligovo station, at the junction of the railroads to Peterhof and Tsarskoe Selo. The guard attempted to arrest the men, but was fired on and wounded and the supposed terrorists escaped.

METHODISTS TO PAY A \$50 FINE.

Comment on Arrest of Wesley Jones for Talking to Niggers.

Portland, Ore., Nov. 20.—No little comment and some indignant comment was the result of the session of the general committee on home missions and church extension of the Methodist-Episcopal church at the statement by Bishop Earl Cranston that Wesley Jones of New Orleans, editor of the Southwestern Christian Advocate, was arrested at Birmingham, Ala., while en route to Portland and fined \$50 for talking to a nigger. The bishop asked that a contribution be taken to reimburse Mr. Jones for his fine.

Bishop John W. Hamilton of San Francisco declared that the state of Alabama ought to refund the money, but this proposition was declared out of the question by Bishop Luther B. Wilson, who was presiding. The collection was taken and will be forwarded to Mr. Jones, who has already left the city.

FLIRTS WITH DEATH HIGH IN AIR.

Demented Girl Promenades Narrow Ledge While Crows Watch.

New York, Nov. 20.—Elizabeth Couden, a young housemaid in an uptown apartment house, frightened the tenants and a great crowd which assembled by appearing on the roof and then dropping to a narrow ledge ten feet below, on which she promenaded for nearly half an hour.

Policemen and firemen were called and one of the firemen stealthily grabbed the girl as she passed an open window. It was only after a hard struggle, in which several firemen and policemen participated, that the girl was rescued from her perilous position. It was found that she was demented and she was sent to Bellevue hospital.

Stops Lynching in Nebraska.

Beatrice, Neb., Nov. 20.—A mob gathered at the jail at night and demanded that Robert Shumway, on trial for the murder last summer of Mrs. Sarah Martin, be turned over to it. The sheriff told the men Shumway was not in the jail and induced them to disperse. Later Gov. Sheldon authorized the sheriff to call on the local militia company for assistance if he found such action necessary.

Watch the Con-Con.

The work of the constitutional convention should attract the attention of every citizen in the state to that body and compel his earnest consideration during the entire session. Every proposal introduced affects the fundamental institutions of the state, every debate has a direct relation to every day life and the standing of every man before the law.

While very much that comes forward in the legislature, especially during the first weeks, is of limited application and of local interest, there is nothing here that is limited or local.

Already it is proposed to accord to cities and villages the sovereign power of forming their own charters and of deciding for themselves questions of municipal ownership, of the formation of all departments of government. It is proposed to allow the public service corporations to carry the burden of all state taxes, and to oblige counties and school districts to support their local schools.

This is practically a reversal of the present system. It is proposed to abolish a large number of state boards of long standing by organizing the principal state officers into an executive council. It is proposed to adopt the Swiss initiative-referendum system of legislation, not only in state affairs, but in all local matters. It is proposed to allow a percentage of the citizens to initiate and bring to a vote suggestions for amendments to the constitution. It is proposed to change the court system of the state in many ways, by county courts, by making the circuit courts the final court of appeals in small damage cases, by allowing majority-jury verdicts in civil cases.

Any one of these changes means a revolution in its own field, from the greatest to the smallest. They are all seriously urged, some will finally come to the voter for approval. Let every citizen watch the convention, not in criticism and caviling, but in wise and sober patriotism. Then he will be able to vote intelligently, to approve finally or to disapprove and veto the revised constitution.

Confidence.

Although democratic papers would naturally be prone to criticize the Republican administration for the tight money conditions they are so far from blame that the reliable democratic organs do not censure but applaud Roosevelt as is seen by this editorial from the Grand Rapids News. We think the News strikes the nail on the head.

President Roosevelt struck the keynote when he stated in his letter to Secretary Cortelyou: "What is most needed just at present is that our citizens should realize how fundamentally sound business conditions in this country are, and how absurd it is to permit themselves to get into a panic and create a stringency by hoarding their savings instead of trusting perfectly sound banks." That's about all there is to the fuss now being made by citizens generally, as well as by bankers, to the recent alleged scarcity of currency. In 1892 the circulation per capita was \$23.23. Today it is \$33.23. Then the government had on hand \$161,000,000 in gold. Now it has \$904,000,000 in gold. On top of this nearly \$75,900,000 in gold has been received or is enroute to this country from abroad, the treasury is going to issue \$170,000,000 of Panama bonds and still there is a cry of tight money.

Any thinking person, unless he be absolutely selfish, can see for himself there is no real cause to refrain from going along as heretofore. This is especially true, now that the water, or a great deal of it, has been drained from some of what have been called standard stocks and those New York frenzied financiers have been taught their lesson.

This is the time to remember that the prosperous country is where the rich are spendthrifts and the poor are thrifty.

Evidently Mr. Bryan hopes that this time will be three times and in

The loaves of the bakers are not as sensitive to a decline in the price of wheat as to an advance.

A country that raises crops worth \$7,000,000,000 a year can draw on the rest of the world for considerable gold when needed.

Perhaps a few months hence the bank customers will be saying, "Can't you give us a check instead of all this coin?"

The old-fashioned Democrat in Col. Watterson's state expresses the maximum of bewildered astonishment in six words: "Kentucky has gone dry and Republican!"

There is talk of improving the White House during the coming year. Putting Roosevelt out and Bryan in would not be an improvement.

According to a census bulletin the population of the United States in 1906 including insular possessions was 93,182,240. The prospect of passing 100,000,000 by 1910 is good.

The gold mined in the United States last year was valued at \$94,373,800. Considering all the sources of supply the currency question ought to be worked out satisfactorily without much delay.

The old theory that there must be some good in every man is undoubtedly true. It would be a very mean burglar that would break into a bank in times like the present unless he really has money in the institution.

The national banks are increasing their circulation at the rate of \$1,250,000 a day, and gold is pouring in by the ocean greyhounds. If the hoarders will quit, the supply of currency will soon be ample. Keep the money circulating. The channels of trade are the places for it.

In casting his vote at Oyster Bay the president was in the booth four minutes. This is not much time to give the country once a year, but there are many who have ten seconds for the duty, and many also who neglect it altogether, though they expatiate for hours on the defects of government.

Holland has plenty of waterways and has become rich enough by its commerce to reclaim large tracts of land from the sea, carrying on, it has been said, "a career of conquest armed with a pump, and prepared to hold its outposts by the windmill." The Dutch canals are land builders as well as cheap transportation equalizers.

John Pieters and Christian Science.

Christian science has taken quite a boom of late in this vicinity, advocates of this cult reporting some remarkable reliefs from suffering, not only to human beings but to dumb brutes as well. J. P. Mohler has a valuable black mare which was recently taken seriously ill. Dr. Pear from Saugatuck was unable to give it relief and Dr. Conkey, head of the Grand Rapids Veterinary college, came here with a lot of students, but their visit was of no avail. Mr. Mohler thereupon summoned Miss Agnes Chalmer, a Christian science practitioner of Grand Rapids. A short treatment by that lady gave the animal quick relief and Mr. Mohler is once more driving his faithful mare. The story of this remarkable cure reached a neighbor, John A. Pieters, who had a horse that was lame. He had been unable to get any help for the horse and was also unable to secure the services of the healer. Going to bed one night a short time later, he had a realistic "night horse," in which he dreamed that he had applied the usual Christian science methods of healing—prayer and conversation with the animal—and in the morning his horse was free from all lameness. John claims that his dream cost less than a \$2 fee and expenses from Grand Rapids to Fennville and return, so he thinks he has discovered something which has Christian science beaten, but we hardly expect to see him give up his clothing business to exploit his discovery. The above mentioned cases seem rather strange to an outsider, but they are told in good faith by the parties. Surely any means that will give relief to dumb animal or a human being are worthy of investigation.—Fennville Herald.

WHAT YOU SAW IN THIS PAPER 35 Years ago To-day.

Mr. John Heald left with his family for Texas last Tuesday evening.

A clothing store has removed his book-binding establishment to the building next to Mijer & Dijkhuis' furniture store on River street.

A Dance—Cards of invitation are out for a social dance at Lawrence hall, Wednesday evening next. A good time may be expected. Refreshments will be served by L. T. Kanters & Co. and will of course be gotten up in first class style. We have not yet received either an invitation or a complimentary ticket.

We have a college: an institution where the young men are privileged to study the sciences and graduate with honors, but where young ladies are never admitted, but the question has arisen: how shall we educate the girls? A young ladies' seminary is essential and such a project has received the sanction of the council of Hope college, and we learn that arrangements are nearly perfected whereby a school for young ladies is to be opened in this city about the first of December. We are impressively informed, however, and made to understand that the school for young ladies is to be separated from the college, in separate buildings, with a curriculum of study specially adapted for ladies. The idea of the sexes being educated in classes and studies together can not be entertained at Hope college. Such a system may answer for a Cornell or Michigan University, but it is too far in advance of the ideas entertained in this latitude. Gentlemen, reforms never go backward, and if you plant your system of education upon the old platform of separating the sexes you will soon have to reorganize or fail. From those colleges where females have been admitted we hear the evidence favoring its continuance, and the advocates of females' rights are urging such a system upon all colleges, and we hope the day is not far distant when every college in our land will throw wide open its doors to all who seek admittance. The Seminary as organized will be under the control of Hope college with Rev. W. B. Gilmore as principal and Mrs. O. Van O'Linda as assistant.

WHAT YOU SAW 30 YEARS AGO
The schooner A. Plagger arrived here on Tuesday last and was laid up.
Thanksgiving services will be held at Grace church on Thursday evening, Nov. 29, by Rev. J. Rice Taylor.
The Grand Rapids fire department has adopted the telephone, and the chief now thinks he could not keep house without it.
The schooner Forr Brothers attempted to run into this port on Sunday for shelter, being loaded with shingles from the north for Michigan City. A bar had formed outside during the recent tempestuous weather, as it seems to have done along the whole east shore, of which Captain Thompson was not aware, and she pounded very heavily, carrying away her main gaff, tearing her mainsail bad, and splitting her foresail.

Among the losers by the recent severe weather on Lake Michigan we find that G. Vijn of Zeeland is a heavy loser. He shipped a cargo of white ash lumber on the scow D. G. Williams, which struck the breakwater at Chicago and was beached, and the lumber was strewn in all directions on the beach. By great personal effort he was successful in getting together about 60,000 feet of 125,000, of which the cargo consisted. Mr. Vijn's loss is about \$2,000, without any insurance to cover it. This was a sad blow to wind up a season's work with, and we sincerely hope that Mr. Vijn may escape such calamities hereafter.

On Thursday evening last Mr. J. G. G. Laepple was married to Miss Henriette R. Slenk, at the residence of the bride's parents. Rev. R. Pieters officiated.
On Wednesday last the Third National bank of Chicago succumbed to the tremendous sudden pressure brought to bear upon it, and had to suspend. We hear that this suspension effects Mr. Kenyon's business considerably.

At the session of the common council held on Wednesday evening last the following transactions are deemed of sufficient importance to extract from the minutes of the proceedings: The committee on fire department reported a new method of giving the alarm for fire, consisting of a number of successive rapid strokes for a first general alarm, on the bell, then stop a few moments, and then strike as many strokes as the number of the ward may be where a fire is raging, repeating the numbered strokes several times. This has been adopted and if carried out strictly, will be a step ahead. Editor's note—The bell was in a building located on the north west

corner of Centennial park, the place where Eagle Hose company, No. 1 kept its paraphernalia.

The sporting fraternity of this city was considerably agitated the fore part of this week, over the fact that two hunters had killed a fine deer a few miles north of this city. The venison was very nice, at least that is what we are told.

Last Friday night the Democrats of this city indulged in a public demonstration of their joy over the result of the late election. Speeches were made by Messrs. M. Howard, K. Schadalee and J. F. Alcott. Gee's musical class furnished the music for the occasion, and rendered some very fine selections.

Since our last issue we have been besieged by inquiries as to the meaning of the P. D. Q. Social club that was recently organized in this city. One lady says, "it surely must mean Philosophers, Divines and Queer people." One of our professional men says it is "Physicians, Dominies and Quacks," while one of our prominent business men concludes that it meant Pay Down Quick; hunters claim that it means Patridges, Ducks and Quail, but any one who had heard the actor J. W. Florence in the "Mighty Dollar" would say that it was Pretty Darn Quick. We don't know what it means and we don't care. So kind readers please inquire of some one else when you desire to know its meaning.

Several of the Spring Lake mills have shut down for the winter and others will soon follow.

G. J. VanHess, station agent at Allegan, was in the city last Saturday. Like all Allegan people he never travels without a sample of petroleum from the new well, and consequently scented up the News office for an hour or two with his little pail and its contents.

It looks as though Holland City was to have a foundry again. This week W. J. Scott purchased the vacant lot on River street opposite the Werkman Agricultural Works, and will immediately commence the erection of a brick building 26 x 40, feet and will engage in making all kinds of light castings. The power will be supplied by a cable from the Agricultural Works. As Mr. Scott has had years of experience in the foundry business we have no doubt but what he will do a thriving trade.

The editor of the News took a brief vacation recently with Ex Alderman Breyman and Chief of the Fire Department A. Huntley, in a short shooting—or attempting to shoot—ducks. The headquarters of the party was at Macatawa park and it is needless to say that a good time was enjoyed. Among the embarrassing incidents that occurred was one when we asked for a button hook and was tendered two cork screws. Of course we had no use for articles and consequently returned them with our regrets. Breyman and Huntley got all the ducks and we got—awfully tired.

An English statistician says that as a rule houses are worth eighteen times the rental. Furniture, according to the insurance agents, is worth on an average half the value of the house.

It seems quite likely that the first beet sugar factory in Michigan will be established at Fife Lake, Grand Traverse county, in the spring and contracts made with the farmers which will make the growing of the sugar beet an important industry in the Grand Traverse region. Negotiations have been started with Chicago capitalists, looking to the equipment of a plant. The great drawback in establishing beet sugar factories is their enormous cost. It is said to take at the least calculation \$150,000 to erect such a plant. Wheat 69 cents.

The present season, since the latter part of October, will go on record as one of the most disastrous both in the loss of life and property on the lakes in many years. In the number of lives lost, however, it has been surpassed in former years by the great disasters of the steamer Atlantic on Lake Erie, the Lady Elgin and Alpena on Lake Michigan and the Pewabic on Lake Huron, but in the amount of property destroyed it has probably never been equaled. Thus far only one wreck-age has been reported off Holland harbor, that of the steamer Lottie Cooper, a lumber vessel carrying about 250 thousand. She was dismasted on the west shore off Milwaukee in Thursday night's gale and drifted across the lake and came to anchor here Saturday about three miles north of the harbor. The life saving crew were four hours getting to her, as the sea was so high and had a very rough experience. Their boat was water logged four times, but they succeeded in taking off the captain who telegraphed to Milwaukee for assistance. The tug Welcome was sent out Wednesday and towed the disabled vessel to Grand Haven, where she will remain until the weather moderates, when she will be towed to Sheboygan.

Saturday afternoon the Grandwet-News printing house was for a brief while the scene of intense anxiety. The large press in the basement was running off the Grandwet edition, when a loud distressing alarm was heard throughout the entire building. The engine was stopped and everybody repaired to the rear room in the basement from whence the voice emanated, where they found Freddie DeGroot, an apprentice of the office, aged 13 years, suspended from the shaft. It appears he was playfully handling a thin rope, one end of which was twisted around his left hand, when the other end caught on the shaft, hoisting him off his feet. Fortunately, when the rope became taut and the arm reached the shaft the latter slipped and revolved within the coil. Upon being disentangled it was found that two fingers were broken, which Dr. O. E. Yates, to whose office he was carried, is yet endeavoring to save for him.

Women's Literary Club.

Prince Mitternich and Frederick William III were among the chief topics of discussion at the women's literary club Wednesday afternoon.

The program opened with a piano solo by Miss Belle Steffens who played "Consolation" by Mendelssohn, after which Miss Strange, of Grand Rapids, read a paper on Frederick William III, who ascended the throne of Prussia in 1797, reigning forty-three years. He was well beloved by his people for his kindness and for the purity of his domestic relations but he lacked the force of character necessary to meet the difficulties of his position. His queen was the beautiful and wise Louise of Mecklenberg-Strelitz. He died in 1840, leaving the throne to his son Frederick William IV.

The life and mission of Prince von Metternich, the Austrian nobleman, diplomatist, and statesman, who was the only man whom Napoleon ever both feared and respected, was the subject of a most interesting paper by Mrs. R. N. DeMerell. Prince von Metternich was the ablest diplomatist in Europe, conservative in his views and ruling with an iron hand. As minister of foreign affairs of Austria from 1815 to 1848, his policy was to uphold the established authority of monarchy and to bitterly oppose any measure that made for the welfare and liberty of the people. A well known writer says of him: "He was renowned rather than great, venerated more for his age than his power, admired but not lamented." He was three married his first wife being a grand-daughter of the celebrated and eccentric minister, von Kaunitz. A son, Richard, became ambassador to France during the reign of Napoleon III.

"The Iron City of Essen," was described by Miss Grace Tennent. Essen is the only city in the world which is the most universally known of the industrial cities of Prussia and is the home of the Krupp gun industry. It is a very old city and was the home of some famous Benedictine nuns about the year 900 A. D.

A budget of current events prepared by Mrs. L. M. Thurber closed the program.

Dr. Kollen Returns.

President G. J. Kollen of Hope college has returned from a month's trip to New York city and other eastern points, and expressed himself greatly pleased over the bright future in store for his alma mater.

"Wherever I go," declared Dr. Kollen, "I have been kindly received and the eastern people fully appreciate the good work Hope college is doing in the west. It is refreshing to note the enthusiasm with which support is lent to Hope by all with whom I come in contact. With such support there is absolutely not the slightest reason for seeing anything but a bright future."

In talking about the presidential and financial situation and the opinion east he said, "In the east all the talk is of Roosevelt. To be sure, he said he would not accept another term, but I should not be surprised if public sentiment would demand it. Admitting that we have learned to believe he means just what he says, and he has said he would not take another term, should not the people have something to say as to whether or not he will take the presidency again?"

"Yet there is strong opposition to him in the east. I know of several persons of wealth and influence who told me that were Roosevelt to be nominated again they would take off their coats and work against him. But I am inclined to believe their efforts would be futile, as they were three years ago, for Mr. Roosevelt certainly has the confidence of the people."

"In the east those who oppose him blame him for the recent financial flurry. They are loudly claiming that he is responsible for the difficulty. Perhaps Mr. Roosevelt does talk too much sometimes, but to blame him for the financial matter is all foolishness. That was merely the result of the Wall street war and the efforts of some of the financiers to make way with some others. They succeeded at the expense of the people, but Mr. Roosevelt had nothing more to do with it than I had."

"I must say from my observations in the east it looks very much indeed as if Theodore Roosevelt will again be the candidate of his party, and if he is, I shall expect to see him re-elected."

An itemized report of the Holland Bonus committee will be found on the second page of this issue.

ISSUE OF PANAMA BONDS ANNOUNCED

SECRETARY OF THE TREASURY
CORTEYOU ASKS BIDS
FOR \$50,000,000.

Relief for the Country—Treasury Also Will Put Out \$100,000,000 in Certificates of Indebtedness to Run One Year.

Washington, Nov. 18.—Secretary Corteyou Sunday night made the important announcement that as a means of affording relief to the financial situation, the treasury would issue \$50,000,000 of Panama bonds, and \$100,000,000 certificates of indebtedness, or so much thereof as may be necessary. The certificates will run for one year and will bear three per cent interest.

The secretary's action in coming to the relief of the financial situation meets with President Roosevelt's hearty approval, and the plan is the outcome of several White House conferences which have been held within the past few days when the financial situation was under consideration.

Will Afford Quick Relief.

Secretary Corteyou says that the Panama bonds will afford most substantial relief, as the law provides that they may be used as a basis for additional national bank circulation. He also states that the proceeds from the sale of certificates can be made directly available at points where the need is most urgent, and especially for the movement of crops, which, he says, "if properly accelerated, will give the greatest relief and result in the most immediate financial returns." The secretary calls attention to the attractiveness of the bonds and certificates as absolutely safe investments.

Secretary Corteyou adds that these relief measures will enable him to meet public expenditures without withdrawing from that purpose any appreciable amount of the public moneys now deposited in national banks throughout the country. Two treasury circulars, one inviting proposals for the issue of bonds, and the other asking for the certificates, will be sent out under date of November 18.

President Roosevelt's Letter.

In his letter to Secretary Corteyou, approving the treasury plans, President Roosevelt states that he has been assured that the leaders in congress have under consideration a currency measure "which will meet in permanent fashion the needs of the situation, and which I believe will be passed at an early date after congress convenes two weeks hence."

The president also calls attention to what is needed most at this time is that the people should "realize how fundamentally sound business conditions in this country are, and how absurd it is to permit themselves to get into a panic and create a stringency by hoarding their savings instead of trusting perfectly sound banks."

More European Gold Arrives.

New York, Nov. 18.—The gold supply here was increased by more than \$11,500,000 by further importations reaching here Sunday.

The steamer Kaiser Wilhelm II., of the North German Lloyd line, which arrived from Bremen, Southampton and Cherbourg, brought \$8,000,000 in eagles and double eagles, while the Cunard liner Caronia, from Liverpool and Queenstown, brought specie to the amount of \$3,630,000.

President is Congratulated.

Washington, Nov. 19.—President Roosevelt was commended and congratulated throughout Monday on the wisdom and success of the financial relief measures launched by the administration. Many telegrams from all parts of the country, including New York, Chicago and other large cities, have been arriving at the White House and after being read by the president have been referred to Secretary Corteyou at the treasury department.

The president was informed from Buffalo that his letter expressing confidence in the fiscal soundness of the country had been printed in several languages there and distributed among depositors who were making a run on a bank, with the effect of checking the run.

Wall Street is Gratiified.

New York, Nov. 19.—Gratification was the prevailing tone in banking circles Monday over the government plan of relief to the market by the issues of Panama bonds and one year treasury certificates. The general opinion in banking circles was that both measures would tend to draw idle money from private hoards and thereby to break the premium on currency and restore normal conditions in the money market.

Inspecting the Mississippi.

St. Louis, Nov. 19.—The members of the Mississippi river commission started Monday on their semi-annual inspection tour, the expectation being the party would go as far south as New Orleans. The trip will be made on the government steamer Mississippi. One result of the trip will be a report to the war department on the feasibility of a 14-foot channel from St. Louis to the gulf.

Young Civil Engineer is a Suicide.

Topeka, Kan., Nov. 18.—Louis H. Krehl, a young man apparently about 24 years of age and a civil engineer on the Rock Island railroad, shot himself in the head Friday. Letters were found on his body from his father, a wholesale leather dealer at Girard, O. No cause for the suicide is known.

THE NEWS IN BRIEF.

Four sharp earthquake shocks alarmed Manila, but did no damage.

The Marconi wireless station at Siasconset, Mass., was destroyed by fire.

Dr. Moncure D. Conway, the distinguished American author, died in Paris, aged 75.

J., and former Justice of the Supreme Court Alfred Steckler, his wife and Mrs. Eckstein were seriously injured when a West Shore train caught the automobile in which five persons were riding and wrecked it.

CALLS OKLAHOMA LEGISLATURE.

Gov. Haskell Summons It to Meet on December 2.

Guthrie, Okla., Nov. 18.—Gov. Charles N. Haskell has issued a call for the legislature of the new state to meet on December 2. The place where the session will be called is left open.

This gives reasons for fear here that the legislature might be called to meet at some other place than Guthrie if the city does not offer a place for the legislature to meet at a figure to suit the governor and the legislators.

Shawnee has offered quarters for the state officers and a place for the legislature to meet free of charge.

The Oklahoma legislature is composed of 109 representatives and 44 senators. The Republicans have only 17 members of the house and five members of the senate. Gov. Haskell does not outline any proposed legislation in the call.

"Uncle Remus" Dines at White House.

Washington, Nov. 19.—Joel Chandler Harris, editor of the Uncle Remus Magazine of Atlanta, by special invitation, dined with President Roosevelt at the White House Monday night. Mr. Harris received a request from the president to come to Washington for a talk on literary matters.

May Wipe Rheumatism Out in United States.

When an eminent authority announced in the Scranton, (Pa.) Times that he had found a new way to treat that dread American disease, Rheumatism, with just common, every-day drugs found in any drug store, the physicians were slow indeed to attach much importance to his claims. This was only a few months ago. Today nearly every newspaper in the country, even the metropolitan dailies, is announcing it and the pleasant results achieved. It is so simple that any one can prepare it at home at small cost. It is made up as follows. Get from any good prescription pharmacy Fluid Extract Dandelion, one half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking in a bottle and take in teaspoonful doses after each meal and at bedtime. These are all simple ingredients, making an absolutely harmless home remedy at little cost.

Rheumatism, as every one knows is a symptom of deranged kidneys. It is a condition produced by the failure of the kidneys to properly filter or strain from the blood the uric acid and other matter which, if not eradicated, either in the urine or through the skin pores, remains in the blood, decomposes and forms about the joints and muscles, causing the untold suffering and deformity of rheumatism.

This prescription is said to be a splendid healing, cleansing and invigorating tonic to the kidneys, and gives almost immediate relief in all forms of bladder and urinary troubles and backache. He also warns people in a leading New York paper against the discriminate use of many patent medicines.

It's Your Kidneys

Dont Mistake the Cause of Your Troubles. A Holland Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorder. That is just where the danger lies. You must cure these troubles or they may lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Holland people testify to permanent cures.

Arial Schaap, farmer, living on Rural Free Delivery No. 10, four miles east of Holland, Mich., says: I can positively state that Doan's Kidney Pills will act just as represented. My wife suffered a great deal from kidney trouble and backache. She had sharp twinges across the region of the kidneys and small of the back. She finally procured a box of Doan's Kidney Pills at Doesburg's drug store and after using them only a short time, felt great relief. We have had Doan's Kidney Pills in the house for many years and as a kidney remedy it is unrivaled. I heartily endorse Doan's Kidney Pills and recommend them at every opportunity." For Sale by all Dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York. Sole Agents for the United States.

Remember the name Doan's and take no other.

A Significant Prayer.

"May the Lord help you make Bucklen's Arnica Salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. It quickly took the pain out of a fellow for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c. at Walsh Drug Co's., drug store.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clarke of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quite before the first bottle was used, and two more bottles made a complete cure." OKLAHOMA'S OUTGOING GOVERNOR REFUSES TO TAKE PART IN CEREMONY.

Result of Campaign—Still Resents Personal Attack Made by Successor—President Signs Proclamation with Eagle Quill.

Guthrie, Okla., Nov. 16.—Frank Frantz, governor of Oklahoma territory, would not participate in the ceremonies that were conducted Saturday incident to the inauguration of Gov.-elect Charles N. Haskell and the Democratic state ticket.

His attitude became known when the executive committee in charge of the affair invited him to appear in the first carriage in the parade at the side of his successor. He refused emphatically. Urged to take some part in a feature of the inauguration, he insisted that he did not wish to be connected in any manner with the ceremonies.

Result of Campaign Charges. The governor's attitude is the result of charges made during the recent campaign for state officers by Haskell. The territorial executive took particular exception to a speech delivered at Shawnee, in which the Democratic gubernatorial candidate made a personal attack on his rival. The strained situation is all the more noticeable because it is unprecedented. Discussing the matter, Gov. Frantz said: "I am not inclined to talk for publication. I simply do not want to take any part whatever in the inauguration. I want to be counted out of it."

None of the other outgoing territorial officers was invited to take part in the change from a territorial government to a state, by the committee on arrangements.

President Uses Eagle Quill. Washington, Nov. 16.—With an eagle quill pen President Roosevelt at ten o'clock Saturday will sign the proclamation that will make Indian Territory and Oklahoma a state of the Union. No ceremony will attend the signing, the effect of which will put in motion the machinery at the state government at Guthrie, Okla., which, owing to the difference in time, will turn its first wheel at nine o'clock. The pen will be turned over to Gov. Frantz, who will deliver it to the historical society of the new state.

ORDERS SEVEN SUBMARINES.

Secretary of Navy Contracts for Vessels of Octopus Type.

Washington, Nov. 18.—Secretary Metcalf signed contracts Saturday afternoon aggregating in amount \$2,270,000 with the Electric Boat company of New York for the construction of seven submarine torpedo boats, several of the same size and type as the Octopus, and others of the same type but larger.

O'Leary City, Alaska, Burned Down. Fairbanks, Alaska, Nov. 18.—The business district of O'Leary City was destroyed by fire Friday night. The only buildings standing now in the town are the Grand hotel, the Arctic Brotherhood hall, and E. H. Miller & Co.'s and Skookum Johnson's buildings. The heaviest losers are the Parsons Mercantile company and Willis & Welch. Total loss is \$250,000.

Receiver for Vehicle Company. Freeport, Ill., Nov. 18.—A receiver was appointed Saturday for the Robinson Manufacturing company, maker of vehicles. Assets are said to be \$125,000; liabilities \$146,000, of which \$80,000 is in notes to the Robinson-Miller company, of Minneapolis, and to the Consolidated Implement company, of Kansas City, both insolvent.

SWITCHMEN ARE ENJOINED

THREATENED STRIKE AT BUFFALO CHECKED BY COURT.

Mercantile Bodies and Shippers Feared Results if One Trunk Line Were Tied Up Now.

Buffalo, N. Y., Nov. 19.—Judge Hazel Monday afternoon in the United States circuit court granted a temporary injunction, upon behalf of the Delaware, Lackawanna & Western Railroad company, restraining the Switchmen's Union of North America, Buffalo lodge No. 4, and its officers from breaking an agreement alleged to exist between the company and the switchmen's union.

This agreement provides for the scale of wages to be paid the switchmen, and the petition for the order states that a strike is threatened which will place this contract in jeopardy.

The injunction is returnable November 23. At the office of the attorneys of the company it was stated that the action was taken at the urgent request of mercantile bodies and large individual shippers, who feared the results that might ensue from the tying up of even one trunk line at this time, when every car was being utilized in transporting the crops of the country to the coast.

Notwithstanding the present condition of affairs, it was said the switchmen's union is demanding an increased rate of pay and "threatens that if the same is not immediately granted a general strike will be called, in violation of the agreement fixing schedule now current and which does not expire until 30 days after notice given after January 1, 1908."

CALABRIA IS SHAKEN AGAIN.

Two Earthquake Shocks Drive People from Italian Towns.

Reggio di Calabria, Italy, Nov. 19.—The province of Reggio di Calabria was visited by two severe earthquakes Monday afternoon. They were especially severe at Branchaleon, Feruzano and Bianco, and a number of houses were shattered or damaged. The people, who had returned to their homes after the earthquake of October 27, again became panic stricken and fled to the country. Some of them are camped in the open air, while others have taken refuge in subterranean grottoes. The gravity of the situation is increased by the inclemency of the weather.

FLURRY IS CAUSE OF SUICIDE.

Worry Over Situation Leads Manufacturer to Kill Self.

Rockford, Ill., Nov. 19.—Worry over the financial situation caused Oscar Nelson, a wealthy business man, to commit suicide by inhaling illuminating gas at his home here Monday. He formerly was a prominent furniture manufacturer and alderman at Duluth, Minn., where he lived for 20 years.

Kills Two Chicken Thieves.

New York, Nov. 18.—Lyman J. King, proprietor of a poultry farm in the Bronx, has been missing chickens recently, and when an automatic alarm awoke him early Sunday he seized a revolver and, hurrying outdoors, fired at two forms outlined in the moonlight. Bruno Puella, 22 years old, of Yonkers, fell dead with a bullet in the head. Parlo Lagentia, about the same age, received a bullet in the side, another in the leg and, as he fled, a third in the back, which killed him. King surrendered to the police.

Indiana Man Murdered.

Greenfield, Ind., Nov. 19.—James LaPollette was murdered here Sunday night. About seven o'clock he left his home to look for his little son and returned in a few minutes with a bullet hole in his breast. Francis M. Duncan was arrested for the deed Monday and confessed.

WARNER IS FOUND GUILTY OF MURDER

"SECOND DEGREE" VERDICT FOR MISS NORLING'S SLAYER IN NEW YORK.

Wished It Were First—J. W. Reeve, Who Caused Three Deaths by Firing Carload of Dynamite in Colorado, Also Convicted.

New York, Nov. 19.—Frank H. Warner was convicted Monday night of murder in the second degree for the killing of Esther C. Norling on July 23 last.

"I'm sorry they didn't make it first degree," was Warner's only comment when the verdict was returned.

Warner, who had known Miss Norling for some years, went to the store in which she was employed in Forty-second street and shot her without warning.

Also Killed an Old Friend.

He escaped into a large office building and before he was followed got out through a window. He then went to a hat store owned by John C. Wilson, a life-long friend, and shot him. Wilson died soon after. Warner was captured by a truckman armed with a cotton hook, as he was leaving Wilson's store.

Patrolman Thomas Walsh was dismissed from the police force on charges of cowardice for not following Warner into the office building after he shot Miss Norling.

Warner's defense was insanity. He has not been tried on the indictment charging the killing of Wilson.

Reeve Convicted at Boulder.

Boulder, Col., Nov. 19.—Murder in the second degree with a recommendation for the minimum sentence of ten years' imprisonment was the verdict returned Monday by the jury in the case of J. W. Reeve, a railroad brakeman, who confessed that he and another railroad man set the fire on the Colorado & Southern railway yards here on the night of August 10 last which caused the explosion of a carload of dynamite, killing three men and destroying several hundred thousand dollars' worth of property.

It was urged on behalf of Reeve, who is a member of a well-known New Jersey family, that he was intoxicated at the time he created the crime and did not know there was any dynamite in the railroad cars. The motive for starting the fire was sympathy with the Colorado & Southern switchmen, who were on strike.

TAFT REACHES VLADIVOSTOK.

Decides to Hurry Home without Calling on Emperor William.

Vladivostok, Nov. 18.—Secretary Taft arrived here at noon Sunday on board the converted cruiser Rainbow. Gen. Peluga, the commandant of this port, and other naval, military and civil officials called upon Mr. Taft Sunday afternoon. It is probable that from St. Petersburg Mr. Taft will journey direct to Hamburg and sail for New York on December 7 on board the steamer President Grant.

Berlin, Nov. 18.—Secretary Taft has definitely and finally decided not to visit Emperor William. He sent a telegram to Charlemagne Tower, the American ambassador to Germany, two days ago, expressing his regret that he would not be able to see the emperor in England. To this Mr. Tower replied by a message in which he pointed out certain considerations which might lead Secretary Taft to change his plans. A second telegram has now been received from the secretary in which he reaffirms that he is obliged to proceed directly to America and requests Mr. Tower to transmit to his majesty his very deep regret.

PEORIA HAS \$200,000 FIRE.

Several Big Buildings Are Destroyed by the Flames.

Peoria, Ill., Nov. 19.—Fire which started Tuesday morning early threatened the destruction of half a dozen buildings on South Washington street. The fire originated in the building occupied by the Kircher Carriage & Wagon company and Brownlee building and spread to the Wheelock Wholesale Crockery company. At two o'clock the fire had got beyond the control of the firemen. The walls of the Leuthner building had fallen and the firemen were driven from fighting the blaze at close quarters. Explosions of alcohol and whiskey in the Lehman wholesale liquor store occurred. The loss is \$200,000.

FATAL COLLISION IN A FOG.

Engineer Killed and Four Trainmen Injured in Ohio.

Stenbenville, O., Nov. 19.—In a head-on collision between a freight train and an engine running light on the Wheeling & Lake Erie railroad, just south of this city Monday night, Engineer Martin Gilday was instantly killed, two trainmen perhaps fatally injured and two others seriously hurt. Both engines were wrecked and several cars splintered.

Woman Burglar Is Sentenced.

One Year Ago Today.

Today it is one year ago that the four unfortunate men, Thomas Ben net, Alvin H. Nelson, Martin Woodward and George La Chaine, were trapped on the breakwater at the harbor's mouth and drowned, and it seems a coincident that on the same day a year later a storm almost as severe should be raging. The waves on old Michigan are an awe-inspiring sight today.

LOCAL.

Peter Remers has applied for a drain layers' license of the council.

Z. Roetman, student in the seminary, has been called home by the death of his father in Iowa.

Charles Harmon and F. E. Dulyea bagged 15 quail early Monday morning.

Neil Stroop attended the Michigan-Pennsylvania game at Ann Arbor Saturday.

The St. Agnes guild will give an oyster supper next Tuesday, Nov. 26.

L. W. Crow of Grand Haven has two lots in the Diekema Homestead Addition.

A. Brayman enjoyed his hunting trip to Cheehanning this week on his annual deer hunt, returning with two deer.

Jacob Flieman shot one deer and Mr. Brower of Zeeland has two deer at Mt. Pleasant while on a hunting expedition.

On account of the storm, the Interrurban was unable to run the cars on its regular schedule last night and as a result, the people from this city who attended the wedding of Miss Kate Neerken to Mr. Henry Stokette at Zeeland were compelled to drive to that city.

The West Michigan State Fair association has closed negotiations for the purchase from the M. D. Plumb estate of 22 acres of land adjoining Comstock park on the river. This acquisition will permit of the fair's expansion, additional ground being needed for new buildings.

Henry VanderWerp has resigned his position as agent for the United States Express company at Benton Harbor and has purchased Henry Stierenberg's interest in the plumbing firm of Pfanstiel and company. Mr. VanderWerp's household goods have arrived and his family will make their home here.

The scriptural oratorio, "The Eternal City," will be given at the Third Reformed church Thursday evening, December 5. The cantata will be under the direction of the chorister, John Vander Sluis, and the chorus will consist of 65 voices. The music of the cantata is expected to be exceptionally fine.

Chief of Police Kamferbeek and Fire Chief Al Koster have inspected the Vaudeville and Idea theaters. They found the former perfectly safe, and the latter was ordered to make some minor changes. The door which has the piano in front of it was ordered to be put in the clear to provide another exit. A red light was also ordered back of the curtain.

The new pipe organ at the Congregational church of Belding was dedicated Sunday. An audience that filled every seat in the church both morning and evening was present. Dr. Lancaster of Olivet college and Congressman G. J. Diekema were present and made addresses. Miss Elizabeth Bintliff of Olivet presided at the great organ and a chorus of 46 voices sang an anthem and hymns.

Contrary to reports that checks would be used, the St. Louis Sugar company paid \$70,000 in gold Saturday to employees and farmers who furnished their sugar beets. The company went to considerable expense to obtain the gold and its action has restored confidence in the vicinity, which was considerably disturbed by the erroneous report. Several of our Holland business men are stock holders in the concern.

John W. Douma who is teaching school at the Beechwood school was arrested Tuesday on the charge of assault and battery. He was arraigned before Justice Van Durn and pleaded not guilty. It is claimed he had made a practice of punishing his pupils with the edge of a ruler and in this case he punished a little girl by the name of Bertha Van Lente which resulted in a deep gash. Mr. Douma will first confer with the school board before the case will come to a settlement. H. R. Brink went his surety to the amount of \$100. The trial will come off Monday.

Architect James Price is preparing plans for a new school house to be built at Coopersville. The building will be of brick with Bedford stone trimmings and will have seven rooms. The school will cost \$15,000. Mr. Price was chosen from among eighteen architects.

Only three of the original rural carriers remain in the service, they are on the following routes: A. Rosbach, No. 4; Albert Kleis, No. 5 and Dick Oosting, No. 2. Rural service was started in Holland five years ago today. Routes 1, 2, 3, 4, 5, and 6, were started at that time, and more were soon added, until it reached the number of 12 at the present time. The original three carriers each received a star as a reward for faithful service.

Stephen Unger of Grand Rapids, a freight brakeman on the Pere Marquette was instantly killed yesterday morning. He was walking along the top of his train and in an attempt to step from one car to another he slipped and fell between the cars. The wheels of the cars following passed over his body, crushing him to such a degree that death was instantaneous. The remains were cared for by an undertaker here and then were forwarded to Grand Rapids.

A Japanese wedding in pantomime will be given by the Ladies' Guild of Grace church on Nov. 19. The program will be rendered by fifteen children in Japanese costume, the characters of which will consist of the bride, groom, the bride's parents and the groom's parents, who will be attended by six little bridesmaids. In addition to this, songs will also be rendered. Mrs. Stella Clarke is drilling the children for the event. Program will be announced later.

Guy C. Clark, linotype operator of the Sentinel received word this morning of the sudden death in Howard City of his father. The senior Mr. Clark has been ill for some time but was not considered in a dangerous condition. He was stricken with apoplexy and died almost instantly. Mr. and Mrs. Guy C. Clark and Ray left yesterday for Howard City to attend the funeral. Owing to the sudden death of the father of Guy and Roy Clark linotype operators at the Sentinel the paper is handicapped considerably as the boys were called home so sudden that substitutes were impossible to be procured immediately.

J. H. Vortman of the Grand Rapids seminary, conducted services in the new building of the Sixteenth street Christian Reformed church. This is the first service held in the new church edifice.

The Rev. S. C. Nettinga of Spring Lake conducted the services in the Fourth Reformed church Sunday.

Hope College News.

Anthony Verhulst

The Adelpic Society of the Seminary met Tuesday evening at the home of Dr. Steffens. A paper entitled "Melancthon" was read by Andrew Stegenga. Cor. Muller led the prayer meeting.

Doctor Kollen returned from the East Friday. He conducted chapel services Monday and in his address intimated that success had followed his efforts. Copies of a treatise entitled, "The Price of Winning Souls," the gift of a friend in New York were distributed in the College department.

Basket ball enthusiasts in the Seminary have organized a team, the line up of which is as follows: Center, Pennings; Forwards, Vander Laan and Muyskens; Guards, Ben Rotschafer and Geo. Hankamp. Manager Vander Laan has challenged Jno. Calvin, Jr., College of Grand Rapids, but no game has as yet been arranged.

Despite the fact that Coach Moran predicted a one sided game with

a snow-under for Hope, the College team defeated Grand Rapids Central High by the score of 5 to 0. The points were made in the last three minutes of the first half when Dalenberg made the only touchdown of the game after a brilliant run of 70 yards. In the second half neither side scored, although Grand Rapids approached within 3 feet of Hope's goal. Here Hope held their line and Oltman's gained the ball on a fumble and carried it back into the field. Oltman's and Veenker did excellent work on defense. Gebhard excelled in punting. On the whole, the work of the team was very good, and Coach Helmers expressed himself as well satisfied. This was the last game of the season. Wednesday, at a meeting of this year's team, August Veenker was chosen captain for the '08 team.

They Y. M. C. A. sent a communication to the National Y. M. C. A. Convention to be held at Washington, D. C., in which the sentiment of the Seminary Y. M. C. A. is expected to be in favor of the Evangelical Test. Mr. Walvoort of the college leaves today morning to attend the convention.

Grand Opening.

Last Tuesday marked the formal opening of the Van Ark Furniture Co.'s fine new store and as the weather was ideal, thousands of people came to visit it on that date. It was indeed a grand opening for it marked a new era in the progressive spirit of Holland. It has given the city one of the largest and best equipped house furnishing stores in Western Michigan with a complete line of furniture, carpets, crockery, stoves, etc.

The firm name will remain the same and the stockholders are C. VanArk, Frank VanArk, E. J. Pruim and Bert Pruim. The new building is 45 x 107 feet, and has a total floor space 20,000 square feet. Bedford stone and heavy plate glass made a most attractive front. The building is heated by steam, and an electric passenger elevator is to be installed.

As an additional feature a handsome rocker will be given, on Saturday, to the person guessing nearest number of persons who have visited the new store during the opening day. A cooking exhibit will be held today and will last for the balance of the week and on this occasion coffee and cookies will be served.

Delightful music was rendered during both the opening days by local talent.

Thanksgiving Donations.

The Central Committee of distribution of Thanksgiving donations to the worthy poor, which for twelve years has had charge of this work, again desires the public to know that it is ready to receive the usual free gifts for preparing a happy Thanksgiving for Holland's less favored citizens.

Though the times are prosperous and work has been plentiful, there are many who, on account of misfortune, sickness or old age, are not able to provide for themselves or their families as well as might be. To such the Committee sends baskets of eatables and useful articles to make them forget their troubles for a least a day and to feel thankful towards God and man. Let all donate freely and with grateful hearts for the privilege of helping someone to a cup of happiness.

The committee, Messrs. H. Geerlings, James Westveer, H. Van der Ploeg and Mrs. Gilmore, will be at a location to be announced later all day Tuesday and Wednesday to take charge of this distribution. No donations can be received after one o'clock Wednesday noon, as there will be no time to properly assort the baskets or arrange the articles of clothing.

Articles like the following will be welcome:— Money—We can use a lot of it. Clothing—All sorts in good repair. Canned goods—Fruits, fish, meats and dainties. Groceries—All kinds are welcome, but especially necessities. Meats—Everything in this line.

Vegetables—Potatoes, carrots, etc. Flour—Last but not least. Bring it in 25 or 50 pound sacks. Of course we will accept it by the barrel. Last year the committee filled over eighty baskets besides distributing a couple of tons of flour and a lot of clothing. Remember, "It is more blessed to give than to receive."

DELIGHTFUL EVENING IS SPENT AT THE HOME OF MR. AND MRS. J. J. CAPPON.

Mr. and Mrs. J. J. Cappon entertained the Century club Tuesday eve at their beautiful home on Maple street. The program was in charge of the Messrs. F. C. Hall, W. C. Walsh, A. Diekema, H. W. Hardie and P. F. Boone, and the music committee, Prof. J. B. Nykerk, Mrs. W. J. Garrod and Mrs. E. D. Kremers.

President Dregman presented the entertainer of the evening, Mrs. A. P. Shriver of Grand Rapids, who read

portions of George Elliot's play, "Arm-gart."

Arm-gart possesses a beautiful voice and lives only for her art and for the glory it brings her. At last through a severe illness she loses her voice and then only is she brought to a realization of the selfishness of her life. She retires to a small town where she teaches singing and cares tenderly for the little crippled cousin who has served her so faithfully.

Mrs. Shriver's readings are forceful, and at times very dramatic. Her encores were "Grandmother Brown" and "Samba's Prayer."

Mrs. Shriver was assisted by the Misses Hobson of Grand Rapids.

Miss Alma Hobson played "The Butterfly" by Grieg, and "Salut d'Armour" by Elgar. Miss Margaret Hobson sang "Three Maidens," "In Winter I Get Up at Night," and "The Seed Song."

Miss Hobson possesses a mezzo voice of much promise.

Mrs. J. E. Telling's beautiful soprano voice was heard in two delightful solos, "The Woodpecker," and "Celeste."

The refreshment committee, composed of Mrs. DeMerell, Mrs. Hardie, Mrs. Standart and Miss Poole, served appetizing refreshments.

Zeeland.

The marriage of Miss Lena Koppel of this city and the Rev. M. Duven of Grand Nieu, S. Dak., is being solemnized this afternoon at the home of the bride's parents on Central avenue. Rev. Wm. Moerdyke will perform the ceremony in the presence of a large number of relatives and friends. A large reception will be given this evening. The newly wedded couple will leave the first part of the week for a visit to friends and relatives in Wisconsin and Iowa before going to Grand View, where Rev. Duven will take charge of a church in December, the call to which he recently accepted. Corsica, S. Dak., is also included in the pastorate.

Real Estate Transfers.

Catherine Van Putten has sold a three acre home on Central avenue.

George VanderVeen has sold his residence on Maple street.

Wm. Vander Veen has sold his house on 14th street.

A. Westerhof sold a lot in the Westerhof sub division.

The above deals were made through Isaac Kouw's agency.
