**NOT ANXIOUS ABOUT
PIPE LINES YET**

Grand Haven Tribune — H. J. Wood representing gas and oil interests of Cisco, Tex., appeared at the City Council Monday night asking for a gas franchise from the Muskegon field to this city. Not much information concerning the company was given and the matter was turned over to Hugh Lillie for further investigation. The council has sanctioned one franchise, still to be approved by the people of Holland at a special election, the cost to be met by the company.

**SIX OTTAWA COUNTY
FOLKS BECOME AMERICANS**

Out of a class of 14, six were granted citizenship by C. A. Watne, naturalization officer from Detroit, at the Grand Haven Court House. They are: Peter Vilar from Hugo, Minn.; now of this city; Tys Dejong and Arrie Vander Wilk, Netherlands, now living at Holland; Gerrit Vanden Brand, Grand Haven, from Netherlands; Francisco Lamanna, Grand Haven, from Italy; and Nicholas Andrianopoulos, Grand Haven. The court also changed the last mentioned name to Nick John Andros.

August Schnase, Grand Haven, Route 3, Mrs. Alida De Jonge, Holland; Mrs. Florence Botten and Mike Cui of this city, have been dismissed. Four applicants were advised to continue study. There are 15 presenting their first petitions this afternoon to be interrogated by the examiner.

Thanks**MR. & MRS. A. C. KEPPEL
HONOR DAUGHTER'S MEMORY**

When the chapel windows are put in next spring there will also be included among them one that comes as a gift from Mr. and Mrs. A. C. Keppel of 85 East Tenth St., this city. The theme for the window will in all probability be "The Madonna." This is given in memory of Mrs. A. Cloetingh, daughter of Mr. and Mrs. Keppel, whose recent death was mourned by so many friends, both in this city and at State College, Pennsylvania, where Mr. Arthur Cloetingh is head of the dramatics department. Mr. Cloetingh is an alumnus of Hope College, and it is he who purchased the "Rose Window" for our chapel, working in conjunction with board officials.

The memorial window will occupy one of the spaces on the south side of the building, and will be executed by the same studio that planned the previous windows as seen by Hope students in miniature on the bulletin board not long ago. The advance sketch of the Keppel Memorial has not arrived to date. This gift to the chapel is especially fitting because of the memories so many students, faculty members, and townsfolk have of Mrs. Cloetingh, who always professed to gain her greatest joy when singing for a church service. Her widely sought after vocal ability was surpassed only by her warm personality, and thus the memorial to her memory will always hold the interest of those viewing the completed building.

**Saturday Big Day
for Frosh Girls**

Friday will mark a crisis in the college life of most of the new girls, for on that evening the various feminine societies will vote in their new members. On the same day the frosh girls will give to the Dean of Women lists containing the societies' names in the order in which they prefer them. Following their meetings the respective organizations will hand in to Mrs. Duffe a list of girls in the order of their preference. It will then be her task to correlate mechanically the various candidates with their proper societies.

The new girls have had an opportunity to become acquainted with each society through the entertainments given by the five organizations, and now it is time to choose future affiliations. Sorosis, Delphi, Sibylline, Dorian, or Aletheia — which shall it be? Not until Saturday will the answer be known.

**FIRST OIL LEASE CASE
STARTS IN LOCAL COURT**

Suits were filed in Ottawa County circuit court by Hugh Lillie of Grand Haven as the attorney for Earnest L. Plant and Inez L. Plant and Augusta Kirkby who ask that leases given to the Oklahoma Oil and Development Co. be cancelled. They base their claims on the fact that the company was not a corporation having the right to hold leases in Michigan; that it was not the rich company which it was represented to be and that promises were made which were not fulfilled. The leases were secured by Joseph Schneider and Nick Bolesma, representatives of the defendant. These are the first cases of the kind to come before the local courts, and are said to be the forerunner of many others for similar reasons.

**GEORGE SCHULLING SUC-
CEEDS THE LATE A. LARUIS**

George Schulling, one of Holland's leading Sunday School workers, has been elected a member of the state board of directors of the Michigan Council of Religious Education, succeeding the late Albert LaHuis of Zeeland, while with his wife was killed in an automobile accident in California.

Mr. Schulling has been president of the Ottawa County Sunday School association the past seven years and is again serving in that capacity this year.

**COMPLETE PLANS FOR
OLDER BOYS MEET**

Plans are maturing for the older boys conference from the western half of the state, which is to convene in Holland Nov. 30 to Dec. 2. It is expected about 800 boys will attend. The conference will represent Boy Scout, HiY and C. E. groups.

General meetings will be held in Third Reformed church, where open forums will be conducted by state leaders. The program will provide for a banquet to be held Dec. 1 in the Armory. E. A. Byrum of Detroit, conference secretary of the Michigan Y. M. C. A., was here this week conferring with local leaders, of which Dick Beter has been named general chairman.

Traffic violations for the week of November 11-17, were as follows, each person being arrested and fined \$10 for speeding; F. H. Waugh, Harold Vander Zwaag, Russell Vander Wall, S. H. Battista, Clarence Kemma, John Ver Beek, Harvey Maatman, and Hilbert Frans. George Nobel and Russell Wage-maker drew fines of five dollars each for speeding.

An appeal for an increase in contributions to the Reformed church board of domestic missions has been made by Rev. Seth Vander Werf, field secretary. The disbursements have been increasing year by year, but the income from various churches and their organization remain approximately the same.

**CHAIRMAN OF CHAMBER OF
COMMERCE BACKS RED CROSS**

"We could not better express our stand in this matter," Mr. Wichers said, "than by quoting a statement we received recently from William Butterworth, president of the chamber of commerce of the United States.

"The men engaged in carrying forward the business and industry of this nation are quick to respond, and respond generously, when human suffering calls for their assistance. They welcome the existence of an organization authorized by international treaty and congressional charter to act as their agency, and the agency of all the people, in providing relief in disaster and promoting their beneficial services to humanity. The nation's business men take particular pleasure in supporting the American National Red Cross because it has applied sound and efficient business technique and administrative methods without sacrifice or sympathy and understanding in the prevention and mitigation of human suffering.

"The chamber of commerce of the United States, as representative of the nation's business, has such confidence in the American Red Cross that it calls upon its member organizations to contribute to relief in disaster only upon Red Cross assurance that an appeal is necessary.

"We believe that individual membership in the American Red Cross is a sound investment, yielding the investor tremendous returns in personal satisfaction. The Red Cross is seeking to increase its membership to five million; the opportunity to join its ranks is presented by the Red Cross Chapters throughout the nation from November 11 to 29. It is good to be a link in this great chain of service reaching around the world."

Business Leader Says**

"We believe that individual membership in the American Red Cross is a sound investment yielding the investor tremendous returns in personal satisfaction," is the statement of William Butterworth, president of the Chamber of Commerce of the United States, in endorsing the twelfth annual roll call of the American Red Cross, Nov. 11-29. Mr. Butterworth's statement follows:

"The men engaged in carrying forward the business and industry of this nation are quick to respond, and respond generously, when human suffering calls for their assistance. **RED CROSS NURSES AID
IN HURRICANE DISASTER**

In addition to their year around work in the Public Health field, the Public Health nurses of the American Red Cross have answered a number of calls to combat epidemics, and in disaster work during the year just ending, the Red Cross states.

Their greatest task was in the relief following the West Indies hurricane when 20 nurses were despatched to Florida and 33 to Porto Rico, to assume charge of the health work there. Epidemic conditions were especially grave in both places, and inoculation of several hundred thousand persons had to be arranged in order to prevent spread of contagion. Nursing the injured, the sick, aged and young and caring for the newborn were heavy tasks in both areas.

The Red Cross nurses also were called upon for work in epidemics in communities, including the serious septic sore throat epidemic in New England and a typhoid epidemic in New York state.

More than 500 Red Cross Chapters throughout the nation operate nursing services which they support altogether or in part.

**Few Adult Fish
Create a Fish
Pond Full****POND WAS SET ASIDE FOR
SWIMMING POOL BUT PRO-
DUCE THOUSANDS OF
BLUE GILL AND
BASS**

A few days ago a fish expert, Henry Schull, well known in Holland officiated in behalf of the state at the draining of a pond that was intended for a swimming pool.

It is the history of the pond that makes this story unique. Twelve years ago Antone Susterka, a lover of all game and fish, flooded a little valley on his farm near Belleville not far from Grand Rapids. His idea was to make a little swimming pool out of it and garner some of the summer trade that is attracted to such a resort during the hot months.

He succeeded in doing this. Then the idea came to him that here was a fine place to raise some fish. In this pond he placed several pairs of adult bass and blue gills. Mind that was but 12 years ago.

When this pond was drained after years of efforts at sealing bad land, 2,388 adult large mouth weighing between two and four pounds were taken out while 1,888 adult blue gills were secured. This is one of the most remarkable contributions to fish conservation ever recorded in the state. But there was more than that. More than 100,000 bass and blue gill fingerlings were taken. These will be distributed to various lakes in that section of the state while the adults will be shipped to the various hatcheries for breeding purposes.

"Mr. Susterka is a real conservationist," said Mr. Schull. "He has contributed much to the state through this pond. He loves fish and game alike and is helping us now to clean out the pond preparatory to flooding it again for further use."

**HOLLAND CLOSING GOOD GRID
YEAR; LOSES MANY MEN**

Holland High School gridgers have closed the football season with the best record in recent years. Holland lost its only game to Muskegon Heights by a one-point margin and scored victories over Plainwell, Kalamazoo, Central, Ontonagon, Grand Haven and Grand Rapids. Creston and Benton Harbor and Grand Rapids South, the former 7 to 7 and the latter 6 to 6.

The close of the 1928 season will witness the passing of the majority of this year's squad. These will include Tanis, one of the best fullbacks in the state; Norlin and Zwemer, tackles; Japings and James Tyse, backfield stars; Damson and Korstanje, ends, and Donnelly, guard.

Coach Bud Hinga will be forced to build a new team around a few remaining veterans in 1929. Hinga has several reserve men who appear as promising material.

**PIONEER OF 94 PASSES, WAS
ACTIVE IN LUMBER DAYS**

Spring Lake's oldest citizen, John Jackson Moore, died at his home in Spring Lake at the age of 94 years. Death following many weeks confinement after he fell and fractured his hip. A pioneer, he came to Ottawa county when it was a wilderness. He was born in French Creek, N. Y., Aug. 23, 1834, and as a young man of 20 entered the Northwest Territory as the land of greatest enterprise and promise. He worked on the Grand River near Spring Lake in the saw mills when the virgin timber in north Ottawa was beginning to be cut.

For years he was chief engineer with the Haire and Folford Lumber Co. and later with the Outler & Savidge Lumber Co. on the river front. Of splendid stature, he was a notable mill man in this section for many years. His stories of log drives and rushes were fascinating to listen to.

After the lumber mills had passed, he busied himself with machinery and engaged in repair work. His garden was a delight. Sitting in the sunshine not far from the river which he loved and which was the center of his activity in other days, he gradually loosened his hold on active life, although his interest never lagged.

The Pere Marquette Railroad Co. is improving its crossing on East Main street, Pennville. The new work covers all of the branch and side track lines.

HOLLAND COMPLETES SECOND REARING POND

The second artificial rearing pond of the Holland Game and Fish Club has just been completed, giving Holland the best rearing plant in the state. The pond is 250 feet by 300 feet with a capacity of between 100 and 150 thousand blue gills.

The construction work done under state department plans, with Henry Schult of Grand Rapids as a constant conferee with the local committee composed of Peter Dulysa, chairman; Peter Lievense, William Duer and Joseph Rhea.

The concrete and carpentry work on the spillways was done by Frank Dyke. The new spillway is ten feet high and is of the latest construction, there being steel guideways for the splash boards.

The pond is circled by an auto drive and a space 150 feet long, facing the highway, has been left for a flower bed.

Mr. Dulysa estimates that the cost of the project will be approximately \$3,200, with a property investment of about \$8,000.

NIGHT SCHOOL SEEMS A POPULAR THING AT GRAND HAVEN

Marked interest is being shown in the Grand Haven night school sponsored by the Board of Education with 144 enrolled this week, one of the largest schools ever held. The present number is about 25 more than last year. The classes meet for a 10 week period of three lessons a week and if an 80 per cent attendance is maintained the nominal entrance fee is returned to the individual. The large increase this year is due to the introduction of classes which have struck a popular appeal, the women's gym class and an advanced English class conducted by Miss Julia Soule. The elementary classes are about as usual. Some of the larger classes are: mechanical drawing, 17; manual training, 17; typing, 20; Women's gym, 22; advanced English, 16.

GRAND RAPIDS FOOTBALL BOOSTERS IN CAR CRASH

Seven Grand Rapids girls who came to this city to attend the football game met with an accident on east 9th street near the Walter Walsh home. The car in which they were riding collided with the Leuw and Ter Haar Garage wrecker driven by W. Adams. E. P. Stephan was the first one to reach the scene of the accident and the injured girls were taken to his home where Dr. Otto Yande Velde cared for them.

Miss Adele Bauer sustained a deep cut on her forehead and bad bruises. Miss Madeline Dollison suffered from bad bruises on each knee and one elbow. The other girls sustained bruises and suffered from shock, but none of their injuries were believed to be serious on first examination. They were taken to the hospital where they were being treated by Dr. Otto Yande Velde.

Their Ford Sedan had the bumper and left wheel knocked off and the driving wheel torn loose. The wrecker was damaged on the front left wheel and fender. The Ford was going east and collided head-on with the wrecker which was going west. Neither car was going at a fast rate of speed.

EX-WIFE TESTIFIES AGAINST FORMER "HUBBY" KARDUX GUILTY

Dick Kardux of Holland was found guilty of a charge of malicious destruction of property. Carl Hoffman, a son of Clara Hoffman of Allegan was the attorney for Kardux and it was this young man's first case and the first one he has therefore tried in the Ottawa-Allegan circuit.

It was claimed by the people that Kardux elated the tires of an automobile belonging to Jack Robinson of Grand Rapids, which was parked at the rear of the apartment of the divorced wife of Mr. Kardux, located on River avenue.

Robinson explained to the jury that he had been invited to spend the night there after a day spent with Mrs. Kardux's brother, James Black, who was sharing the apartment with his sister.

Holland police testified to the car having been in the alley at the rear of the apartment, back of the Keefer restaurant. One found the tires in good condition and in 15 minutes the other discovered the tires had been slashed.

Mrs. Kardux the ex-wife, claimed she saw Kardux, who runs a car-washing stand in Holland, bending over the tires using a sharp instrument. The case seems to hang on the color of Kardux's shirt, one of the positive features of identification.

Prosecuting Attorney Clarence Lokker and assistant Jay Den Herder appeared for the people. The jury after due consideration pronounced Kardux guilty.

Born to Mr. and Mrs. Fred Dowd 133 East 8th street, a daughter, Muriel Joyce.

FILLMORE

Henry Boeve spends considerable of his time in Holland. The Fillmore man has become quite a landscape gardener. One of the large jobs he completed this summer was the high school grounds at Holland that was resodded with new curb grass laid.

Fillmore had the longest rain in years starting late Thursday night and continuing until early Sunday morning, practically without a stop. The weather has been more like spring than the time of the approach of a possibly strenuous winter. Thursday and Friday night could be called summer days with the thermometer hovering around the 70 degree mark. Not so bad for November 15th.

Fillmore Township schools boasts of many in the honor roll. Here are a few for October with more to follow next week: Fillmore District No. 1, Grammar Room: Simon Achterhor, Catherine Boeve, Dor-

Why Not Put the Half-Billion to Work?

Six thousand lives lost—a half-billion in property destroyed by fire every year! What a tragic, needless sacrifice!

Every owner pays a share of the annual half-billion loss—whether he has a fire or not. He pays it in insurance, taxes and depreciation.

Most of this loss occurs in structures of comparatively small size; common sense has forced fire-safe construction of new large buildings.

Sound financing will not always permit making a small structure completely fire-proof. But a small increase in cost will yield a large increase in fire-safety.

Competent architects say that a fire-safe first floor of reinforced concrete will increase the cost of the average dwelling about two per cent—and even less in larger structures. Statistics indicate that at least thirty per cent of residential fires start in basements. A first floor of reinforced concrete will effectually protect the upper structure against a basement fire.

Single dwellings, small apartment houses, stores, hotels, factories, warehouses, theatres, and churches can have the fire-hazard reduced to minor proportions by employing reinforced concrete for first floors, stair enclosures and other vital locations. The additional cost is surprisingly low—and the reduced fire-risk only one of the benefits.

Hope College News

Delphi's were entertained at dinner in the home of Ann and Marg Boter. Afterwards they attended the theater.

We were glad to see our fellow students from Japan and Arabia in their native costumes.

Last Friday afternoon, Nov. 16, a squadron of cars containing the Delphi society left for the home of Margaret Boter in Grand Rapids where a good time was enjoyed by all.

A program was given by new members and others after the dinner, which was served in true "Warm Friend" style, with plenty of quips and puns to sauce the whole affair and make a most enjoyable evening for all the "Dicks."

Mr. and Mrs. Violette also have a baby daughter, Mrs. Violette was formerly Amy Ruth Zwemer. She is the daughter of Dr. Samuel Zwemer and attended Hope College in 1922 and '23.

Netting will conclude the series with two lectures: "The History of the Reformed Church in the Netherlands" and "The History of the Reformed Church in America."

Dogs! and more Dogs! The password with some people! Dogs like kemels, but this Kemell certainly likes dogs; so does Al Smith, eh, Ruth? Even Voorhees Hall does its share of betting, and when Ruth lost on Al Smith, her table expected a treat, but none appeared. At last it came—"Oh! for the life of a dog," quoth they all, as they chawed on the delicious dog biscuits.
