HEART SEIZURE CLAIMS LIFE OF CITY MERCHANT

Funeral Services Are
Held on Tuesday for
Milo De Vries

Was Active in Thirtieth
Business for Thirty-
Five Years

Milo De Vries, 56, prominent
Holland businessman, died on
Saturday at his home, 427
Central Ave., of a heart attack
which he suffered Wednesday
night while attending a concert
in the Woman's Literary club.

Mr. De Vries was engaged in
the furniture retail business for
many years and at the time of
his death was proprietor of the
Home Furniture Co. store, 23
West Eighth St.

When stricken Wednesday, Mr.
De Vries was driven to his home
by a son, Robert De Vries, Hol-
land high school senior. Another
son, Dr. Harold De Vries, and
another physician were summoned
to the home. His condition gradu-
ally grew worse until death
occurred this forenoon.

Private funeral services were
held from the home Tuesday at
2 p.m. followed by public rites at
2:30 p.m. from the Nibbelink-
Notter funeral chapel, with the
Rev. William Van't Hof, pastor of
the Third Reformed church, officiat-
ing. Burial was in Pilgrim Home
cemetery.

The pall bearers included Dick
Boter, Peter Van Ark, Frank M.
Lieveens, John Vaupell, John
Arendse and Henry Steketee.

Mr. De Vries was born in Sau-
gatuck Feb. 17, 1883, to Mr. and
Mrs. Harm De Vries. He came to
Holland when a youth.

He first entered the retail
furniture business about 35 years
ago, as a clerk with the James
A. Brouwer Furniture Co. and
was employed by E. P. Stephan,
secretary-manager of the Holland
Chamber of Commerce, who was
then manager of the store. Mr.
De Vries remained with the
Brouwer store approximately 13
years.

Then he formed a partnership
with William Lokker and the De
Vries and Lokker furniture store
was located where the Rose Cloak
store, 37 East Eighth St., is now
located. Upon the dissolution of
this partnership, Mr. De Vries
formed a partnership with C. W.
Dornbos in 1917 and their store
was located in the old Rink
Building, on the south side of
Eighth St., just west of College
Ave.

The De Vries and Dornbos
store was located in that build-
ing until about 1927 when it was
moved into the present location
at 40 East Eighth St. Mr. Dor-
nbos is still operating the store
under its original name.

Mr. De Vries withdrew from
the firm about four or five years
ago and organized the Home
Furniture Co. which was estab-
lished on the second and third
floors of the building in which it
is now located. Following re-
moval of the Kroger Grocery and
Baking Co. store from the first
floor about 18 months ago, he
established the store on the first
and second floors of the building.

The building where his store is
located was built originally for
the Van Ark Furniture Co. which
later became the Ter Beek and
Van Ark Furniture Co. Later the
store was purchased by Van Den
Berg Brothers Furniture Co. of
Grand Rapids. The building was
vacant for some time until Mr.
De Vries established his store
there.

Surviving are the widow, Mrs.
Mary De Vries; three sons, Dr.
Harold De Vries and Robert, both
of Holland, and Alvin L. De Vries
of Lenoire, N.C.; one daughter,
Mrs. Elmer Wissink of Holland;
one brother, Gerrit De Vries of
Holland; and two grandchildren,
Mary and Sally De Vries, both of
Holland.

In respect to Mr. De Vries three
local furniture stores, the James
A. Brouwer Co., De Vries and
Dornbos Co., and the Peter Maas
Furniture store, were closed Tues-
day from 2 to 3:30 p.m.

NETHERLANDS CALM, MISS POS STATES IN LETTER TO HOLLAND

An insight into conditions in
The Netherlands was revealed in
a letter from Miss Mary Pos,
prominent Dutch writer and lec-
turer, who paid Holland a visit
nearly two years ago. The letter
was received by Mrs. John Rob-
ert of 516 Central Ave., who
was hostess to Miss Pos when
she visited here.

Although the citizens of The
Netherlands realize the danger in
the present situation, all is calm,
and life goes on as usual, she
said. Miss Pos is now correspond-
ent for several large newspapers
and lectures frequently. She
asked to be remembered to her
many friends and acquaintances
in Holland, especially Mayor
Henry Geerlings and members of
the Chamber of Commerce.

Miss Pos stated that at the first
opportunity she plans to return
to America for another visit.

Mrs. Robert also was in re-
ceipt of an uncensored letter from
relatives in Germany which had
been mailed from a Netherlands
post office. While life continued
in a calm manner, they were con-
scious of much uneasiness and
propaganda, the letter stated.

INQUEST IS HELD IN CRASH DEATH OF PEDESTRIAN

Mishap at Corner Here Is
Termed Unavoidable by
Inquest Jury

Everett Bielefeld, 79, Hit
by Car at Pine Ave.
and Eleventh

Concurring with a six-man cor-
oner's jury, Dr. John K. Winter,
Ottawa county coroner, returned
a verdict Tuesday afternoon of
"accidental death" in connection
with the death of Everett D. Biele-
feld, 79, who succumbed Saturday
night in Holland hospital of in-
juries received earlier that night
when he was struck by a car by
John J. Lemmen, 22, 69 West
Ninth St., at 11th St. and Pine
Ave.

The jury returned a verdict that
Mr. Bielefeld met his death by an
"unavoidable accident" following
an inquest at 3 p.m. in police head-
quarters. Dr. Winter and Prosecu-
tor Parsons conducted the in-
quest.

Approximately 10 minutes were
required by the jury to reach its
decision after hearing several wit-
nesses. Members of the jury were
Bert Stegink, Carl Zickler, Bert
Gebben, Bernard De Pree, Thomas
Marsilje and Sam W. Miller.

Those who were questioned at
the inquest were Deputy Sheriff
William Van Etta, Police Officer
Ralph Woldring, Gordon Streur,
Mrs. O. S. Cross, Gladys Harrison,
Dorothy Kramer and Mr. Lemmen.
Officers Van Etta and Woldring
investigated the accident and took
various measurements at the scene.
Testimony of other witnesses re-
vealed that none had actually seen
the accident.

Lemmen told the coroner's jury
that the pedestrian was wearing
a dark gray hat, dark coat and
trousers and was approaching
from the intersection in the shadow
of the street light. He said he
did not see Mr. Bielefeld until his
car struck him.

Mr. Bielefeld, who made his
home for the past 13 years with
a son, Albert, 199 West 16th
St., died of a fractured skull on
the side of the forehead. Examination
of the body revealed he also
suffered a fractured right elbow,
fractured right collar bone, frac-
tured right leg and cuts and bruises.

The mishap occurred about 7:30
p.m. Saturday as Mr. Bielefeld
was crossing Pine Ave. from the
east, just north of 11th St. Mr.
Lemmen who had just left his
home was driving the car of Alyce
Vande Riet, route 5, Holland,
south along Pine Ave.

Lemmen reported to the coroner,
Deputy Van Etta and Officer
Woldring that he did not see the
pedestrian until the car struck
him. He told Dr. Winter he was
driving about "20 miles per hour
or less."

Rendered unconscious, Mr.
Bielefeld was placed in the car
by Mr. Lemmen and Gordon
Streur, 231 West 18th St., who
was driving his car in the opposite
direction on Pine Ave., and rushed
to Holland hospital. He suc-
cumbed about five minutes after
being admitted to the hospital.

Deputy Van Etta said he learned
that the accident victim had
been absent from his home
throughout Saturday, having spent
part of the day in Grand Rapids,
and was en route to his home
when struck.

The officer said the man was hit
by the center of the front of the
car. Investigation by officers at
the intersection disclosed skid
marks for 27 feet, beginning six
feet back of the intersection and
extending 15 feet beyond the south
line of the sidewalk lane.

Mr. Bielefeld's body was picked
up about six feet away from where
the car was brought to a stop by
Lemmen who was reported to have
been in a highly nervous condition
following the accident.

Deputy William Kruitohf as-
sisted in the investigation Sat-
urday night.

Mr. Bielefeld was a retired tan-
nery worker, having been employ-
ed in the tannery for 20 years
prior to his retirement. He was
born in Germany and came to this
country as a young man.

Survivors are the son, Albert
Bielefeld; three grandchildren;
and one brother, Gerrit Henry
Bielefeld, in Germany.

Funeral services were to be held
Tuesday at 3 p.m. from the son's
home, 199 West 16th St., and at
1:30 p.m. from Seventh Reformed
church, with the Rev. Paul Van
Eerden officiating. Burial was
in Pilgrim Home cemetery.

statistics regarding maternal
health, Dr. Alexander M. Camp-
bell, maternal health consultant
of the bureau of maternal and
child health of the Michigan de-
partment of health, told members
of the Ottawa County Medical
association Nov. 14 in the Warm
Friend tavern that Ottawa county
has the lowest maternal death
rate of any county in the United
States.

The maternal death rate for Ot-
tawa county is 1.9 for a 14-year

WELFARE HEAD IS STRICKEN AS SHE DRIVES CAR

Miss Veneklasen Dies in
Hospital After Stroke
on Maple Ave.

Administrator Had Served
Long in Health and
Relief Work

Miss Deborah H. Veneklasen,
prominently identified in welfare
work in Holland and Ottawa coun-
ty for the past several years,
died suddenly about 9:30 p.m.
Tuesday in Holland hospital from
a stroke of paralysis which she
suffered while driving her auto-
mobile along Maple Ave. between
Ninth and 10th Sts. She lived at
135 West 11th St.

Although she had been ailing
for the past two weeks after be-
ing stricken suddenly ill while
carrying out her work as county
administrator for the Ottawa
county Emergency Relief com-
mission, Miss Veneklasen was
thought to be recovering. She
spent Tuesday at her office in the
city hall and later in the after-
noon met with the executive com-
mittee of the Council of Social
Agencies. As secretary of the
council she was a member of the
committee.

Miss Veneklasen suffered the
stroke about 8:30 p.m. while driv-
ing her car north on Maple Ave.
Four youths, Robert Vos, 170 West
Ninth St., Julian Hilbrink, 106
West Ninth St., John Kalkman,
165 West Eighth St., and Eugene
Covey, 191 East Ninth St., in-
formed police that her automobile
began swerving from one side of
the avenue to the other as it crossed
10th St.

At Ninth St. and Maple Ave.,
the car jumped the curb and
after passing between a telephone
pole and a guy wire it came to a
halt in the yard of Garry De
Weerd, 214 Maple Ave., located
on the northwest corner of the in-
tersection.

She was not immediately iden-
tified. But when Police Officer
Ralph Woldring arrived in re-
sponse to the call he recognized
Miss Veneklasen upon opening the
door of her automobile. She was
seated on the driver's side and was
unconscious.

The Dykstra ambulance was
summoned and she was removed
to the hospital where she died
without regaining consciousness.
Her sudden death proved a severe
shock to the family as well as to
her close associates in the county
welfare office here.

As Miss Veneklasen's sudden
death left the county relief com-
mission without an active head,
members of the E. R. A. com-
mission, including Joseph Eaton
and Mayor Richard L. Cook, both of
Grand Haven, and George Hene-
veld, Park township supervisor,
met at 11 a.m. today in the relief
office.

A telephone call was made to
Lansing in which the county com-
mission obtained permission from
the state welfare commission to
appoint an acting administrator.
Miss Marjorie Matchinsky, who
has been serving as Miss Vene-
klasens assistant for some time
was appointed to the position to
serve up to and including Nov. 30.

Ottawa's Maternal Death Rate Lowest in Country

is 6.7 per 1,000 births. He praised
the physicians of Ottawa county
for their record.

He said statistics show that
more than 2,000,000 babies are
born annually in the United
States and that 20 per cent of
the mothers receive no pre-natal
care or adequate post-natal care.
A total of 14,000 mothers die an-
nually in childbirth and 15,000
babies are stillborn with an equal
number of babies dying during the
first year of life.

Dr. Campbell stated that about
50 per cent of these deaths could
be prevented by better obstetrics.
He warned the members against
instituting painless childbirth be-
cause too much sedation and nar-
cotics may have a disastrous effect
on the brain of the newborn baby
and even cause death.

Graduated Speed Zones Effective in Holland Soon

Forty-Five Miles an Hour
at Limits Is Decreased
as Maximum

Police Chief Ira A. Antles has
received information from D.
Grant Mickle, traffic and safety
engineer of the Michigan State
Highway Department, that effec-
tive Friday, Dec. 1, graduated
speed zones will be placed in ef-
fect on trunklines passing through
Holland.

Chief Antles said the highway
department will install the signs
which will designate the speeds
permitted in the various zones.

According to the state highway
department, the following speed
zones will be established on US-31,
M-21 and M-40:

US-31—north city limits to
Madison place, 45 miles per hour;
Madison place to Seventh St., 30
miles per hour; Seventh to 12th
Sts., 20 miles per hour; 12th to
28th Sts., 30 miles per hour; 28th
to 31st Sts., 35 miles per hour; 31st
St. to south city limits, 45 miles
per hour.

M-40—Fillmore township or
38th St. to southeast city limits,
45 miles per hour; city limits to
24th St., 35 miles per hour; 24th
to 19th Sts., 30 miles per hour.
M-21—Holland township from a
point 1,500 feet to the east city
limits, 45 miles per hour; east city
limits to Lincoln Ave., 30 miles
per hour and Lincoln Ave. to Riv-
er Ave., 20 miles per hour.

In passing through Holland, US-
31 travels River Ave. from the
north city limits to 19th St. where
it branches off onto Michigan Ave.
and follows this avenue to the south
city limits. M-40 follows along
State St. to 19th St. and M-21 ex-
tends along Eighth St. from the
east city limits to River Ave.

Common council at its meeting
June 21 adopted a report of its
city improvement committee and
approved a policy of full coopera-
tion with the highway department.
In this report, parallel parking
was reestablished on Eighth St.
and River Ave. although it would
have become mandatory under a
state law last Sept. 29. Council
also appealed to the highway de-
partment for the establishment of
proper speed zones on trunk lines
through the city and solicited the
department's suggestions and help
in relieving present conditions on
trunk lines in the downtown busi-
ness district as far as truck traf-
fic was concerned.

The civic improvements com-
mittee's report came as the result
of Fire Chief Cornelius Blom's
request for the rerouting of gaso-
line and oil transport trucks
through Holland.

In July 1938, the city asked the
state highway department to sur-
vey traffic conditions in Holland
with an idea of establishing prop-
er speed zones in Holland. R.

HOPE COLLEGE Y UNITS MEET

The YWCA and YMCA of Hope
college met in their respective
rooms Tuesday night for their
meetings. Miss Caroline Hawes of
the Holland public schools,
instructor in elementary educa-
tion at the college, spoke to the
young women on "Pointers in Per-
sonality Development," and the
Rev. Jacob Prins, youth leader of
Immanuel church of Grand Rap-
id, addressed the young men on
"A Challenge for Divine Task."

Miss Hawes began her speech
with the Latin origin of the word
"personality" and traced it
through its changes up to its pres-
ent meaning. At this point, she
told the girls to practice traits
which lead to a forceful person-
ality instead of only reading about
them or people that have them.

With reference to personality
in teaching, Miss Hawes said per-
sonality is a most helpful asset,
and that successful teachers are
those with the best personalities.
She admitted that efficient equip-
ment is necessary in a classroom,
but it is not as important as an
efficient personality, she pointed
out.

Rev. Prins based his challenge
on the idea that "if Christian men
are to establish a new world ac-
cording to the plan and purpose of
God, they must rely upon absolute
dependence on Christ and perform
the work in his spirit." He
advised the boys that worthwhile
men are needed for this job.

Morrell Weber led devotions and
Margaret Bilkert led group sing-
ing. Charles Stoppels led the men's
devotions.

Several students from accredited colleges are selected each year by an unprejudiced committee for their biographies to appear in this publication. These books are placed in the hands of hundreds of companies and others who annually recruit outstanding students for employment.

The purpose of Who's Who is to serve as an incentive for students to get the most out of their college careers; as a means of compensation to students for what they have already done; as a recommendation to the business world; and as a standard of measurement for students comparable to such agencies as Phi Beta Kappa and the Rhodes Scholarship award.

MORE SUGAR AT MOBILE
Mobile, Ala. — The port of Mobile recently handled a cargo of 7,000,000 pounds of sugar, largest ever brought to the Gulf Coast port. It came as result of Mobile's reinstatement as port of entry for sugar.

With inimitable artistry, playing the "Zamba Overture" by Herold and "The Flight of a Bumblebee" by Rimsky-Korsakov, Donald Kramer, maribist, and Gerard Hanchett, pianist, created the atmosphere needed for the appreciation of the lecture on "Life and Literature," given by Dr. Bennett Weaver of the University of Michigan, before the members of the Woman's Literary club on Tuesday afternoon.

"Real literature can be made only out of life," posited Dr. Weaver, in introducing his theme. "People who leave you and me out of books are writing only a psychopathic statistical record of themselves. A really great artist in literature takes us all in."

That reading must be a joy all the way through school and through life, the lecturer said he had learned from Ralph Waldo Emerson whom he called "the wisest man who ever lived in America." Giving this essayist's three rules for profitable reading, the speaker stressed the last, which teaches us to read "what we like." He also quoted Sinclair Lewis whom he read because the author was in love with the beauty of living, as saying that "the only authentic reason for reading is that it's fun!"

In his desire to couple literature with life, Dr. Weaver gave a lovely picture of the relation between Robert Browning and his wife, Elizabeth Barrett both great poets and both skilled in the art of living. This picture proved the definition of poetry to be ideal, namely, that "poetry is a record of the best and happiest moments of the happiest and best lives."

Four fields of life are most suited to interpretation in literature, said the speaker: humor, which is as necessary as humanity; sympathy, which brings one very close to the members of the human family; faith in life, which

makes one feel that the best things are eternal; and national affairs, which give a man in America "a much better chance to be a man."

"Will Rogers was the real thing," said his interpreter, as he read a part of the radio talk Rogers had made boosting gifts to charitable causes. The unforgettable poem, "To A Louse," written by Robert Burns, was quoted as a second example of homely philosophy. Current newspaper writers often turn out real literature, declared this critic as he read an article to exalt the beauty of human sympathy.

To prove that man is still battling for faith in life itself, Dr. Weaver read from "The Will To Believe," by William James, whom he termed the greatest teacher who ever stood in an American classroom. The speaker paid tribute, in this connection, to the enduring value of the literature of the Holy Bible, Confucius, Marcus Aurelius, and Epictetus, still have capacity for interesting the women of Holland, said this man who reads them because he likes to.

In conclusion, Dr. Weaver recently opened the pages of "The most neglected literature in America, the most tragic political document, but the one that holds the most power to serve a great nation," and read from Washington's Farewell Address, delivered on April 30, 1793. Commenting on contrasting phrases the lecturer succeeded in "lifting up into the souls" of his hearers, the great literature of sound American principles.

Mrs. J. J. Brower presided and expressed sympathy of the club to Mrs. Milo DeVries, whose husband died Saturday.

At the close of the address, an offering was received to make holiday joy for the inmates of the county infirmary at Eastmanville.

Grand Haven, Nov. 22—Charles S. Abbott, Ann Arbor attorney, who is attempting to obtain his release from the Ottawa county jail where he was confined Sept. 28 for contempt of federal court, has been removed to Municipal hospital for treatment of dysentery and heart trouble.

Abbott filed a petition Tuesday with Federal Judge Raymond at Grand Rapids, asking that his commitment to jail be dissolved. If it is denied, the attorney plans to appeal the case to a higher federal court and obtain his release from custody on an appeal bond.

Abbott was held in contempt of court in a case involving the Landowners association and the Grand Rapids Trust Co.

Destruction of the Golfmore hotel on Lake Michigan, 20 miles south of St. Joseph by fire Sunday night tends to revive attention of this 16-year-old legal fight. Late in September, the company gave quitclaim deeds to Albert Berger of Chicago after a federal court injunction restraining them from doing so was dissolved.

Meantime, Mr. Abbott petitioned in federal court for the eastern district of Michigan to reorganize the Landowners association under the bankruptcy act. This was denied but he appealed to the sixth circuit court of appeals at Cincinnati.

Judge Raymond had enjoined Abbott from any proceeding which might question title of the Grand Rapids Trust Co. to the property and holding the bankruptcy proceeding did this, he cited Mr. Abbott for contempt and fined him \$1,783.33 and being unable to pay the fine the attorney was committed to jail.

Mr. Abbott said he has turned down suggestions that he pay the fine which he is "well able to do" and purge himself by withdrawing the appeal in the bankruptcy proceeding "even if I have to stay here another 16 years."

**Only Four Other Michigan
Schools on List; Means
Much Here**

Hope college has been approved by the Association of American Universities, according to Dr. Wynand Wichers, president of the college.

The college was written on the approved list by the association in a recent meeting in Columbia, Mo., after members of the association examined a report by Dean E. B. Fred of the graduate school of the University of Wisconsin, who surveyed the local institution last May.

Approval by the association places Hope on a list in which only four other Michigan colleges are so recognized. University of Michigan and Michigan State, Albion and Kalamazoo colleges are also approved by the association.

Hope now has the approval of the highest accrediting agencies in the country. It was placed on the approved list of the North Central association in 1923.

Dr. Wichers quoted a statement made by the association: "While many things may be considered in inclusion on the approved list, the chief reason is evidence that the college is successful in a high degree in stimulating scholarly interest in its students and in preparing them for more advanced scholarly endeavor."

The association examined the records of Hope graduate students over the past 10 years. Students of the college now have unconditional entrance to universities of the country.

Approval also gives the college an opportunity to apply for approval by the American Association of University Women, Dr. Wichers said. Application is not considered unless the college is approved by the Association of American Universities. The college is taking immediate steps to make that application.

"The approval is one of the goals we have had in mind for Hope college, and we are glad it has been reached," Dr. Wichers said. "It is something in which we have been working over a long period of time, and it will mean much to the college and to the students."

RELIEF HEAD

(Continued from page one)

Miss Veneklasen was born April 3, 1891, in Hamilton to Mr. and Mrs. Albertus Veneklasen. Her father died about 24 years ago, but her aged mother is among the survivors.

She spent her childhood in Zeeland where her father operated a brickyard for several years. Miss Veneklasen's hobby was sports. She enjoyed playing golf during the summer and was active in local bowling circles during the winter.

She was graduated from the Hope college prep school and attended Holland business college. During the World war, she served as a member of the local draft board.

Later she entered Blodgett hospital at Grand Rapids for nurses training and received her R. N. degree. Several years ago, Miss Veneklasen went to Midland to accept a position as city health nurse and later became county health nurse, residing in Midland for about eight years.

She returned to Holland about 10 years ago and in December, 1932 was appointed relief investigator in the city welfare department under C. J. Dregman who was city welfare director.

On Aug. 29, 1933, she was appointed deputy county director under the emergency relief administration and had charge of relief in all county townships and Zeeland city. Miss Veneklasen became county administrator Nov. 6, 1933, and held that position until her death.

Under the new welfare setup which goes into effect Dec. 1, Miss Veneklasen was scheduled to give up her duties as county relief administrator. Following adoption of the dual system of handling relief over the integrated system by the county board of supervisors, she did not make application for the position of county director.

After the supervisors had appointed the new board of social welfare, James S. Van Volkenburgh of Zeeland was named new county director and will take office Dec. 1. At the present time, Mr. Van Volkenburgh is on a hunting trip in the upper peninsula and efforts were being made to locate him.

Miss Veneklasen had applied for a position as social security administrator and had recently been notified that she had passed the written civil service examination. She went to Grand Rapids last Friday to take an oral examination.

Miss Veneklasen held membership in Third Reformed church. She also was a member of the Woman's Literary club, American Nurses association and Eastern Star, No. 429. She was secretary of the Council of Social Agencies, having been reelected to that position at an election of officers Nov. 14.

She is survived by the mother, Mrs. Kate Veneklasen, who made her home with her daughter; one brother, Benjamin H. Veneklasen of Holland; three sisters, Mrs. Wilis Geerlings of Fremont, Mrs. Thomas Marsilie and Mrs. Roy Heasley, both of Holland.

Funeral services will be held Friday at 2:30 p.m. from the Nibbelink-Notter funeral chapel with the Rev. William Van't Hof, pastor of the Third Reformed church, officiating. Burial will be in Zeeland cemetery.

The body will lie in state Thursday from 3 to 5 and 7 to 9 p.m. at the Nibbelink-Notter funeral home.

HOLLAND CASES CONSIDERED AT COURT OPENING

Dates for Trial Are Set
as November Term in
G.H. Starts

Gaming, Theft and Liquor Charges Are Included in Hearings

Grand Haven, Nov. 22 (Special)—Trial of Archie Maynard, 30, of Lansing, charged with taking 11 pairs of boots valued at \$37.29 from a store in Holland on or about Oct. 1, 1939, has been set for Monday, Nov. 27, at 9 a.m. Maynard was not arraigned at the opening of court Monday but will be arraigned at the time of trial.

Arthur Kruthof, 25, of Holland, who is charged with larceny of tools belonging to Marinus De Jonge and valued at \$35 which were taken from the Vrieling and Plaggemars garage in Holland Sept. 23, will be tried in circuit court Tuesday, Nov. 28, at 9:30 a.m. Counsel for Kruthof stated, after the waiving of the reading of the information in court Monday, at which time a plea of not guilty was entered, that they would be willing that the testimony submitted at the examination be submitted at the trial and Kruthof would offer testimony in his defense.

The trial of Robert Anys, 19, of West Olive, on a bastardy charge, is scheduled for Nov. 28 at 1:30 p.m., without a jury.

A motion to quash the warrant and dismiss the case was made in the case of John A. Prawdzik, 41, Grand Rapids, manager of the Stewart Point club on Spring lake, by counsel for Prawdzik. The respondent is charged with violation of the gaming laws on Aug. 17 at the club when he had in the club a gambling device known as "galloping dominos," which device Sgt. Earl E. Seerist of the state police played.

Counsel stated he thought the reason for the arrest might have been that the sergeant, who inserted four nickels in the machine and received nothing, might have become peeved and therefore arrested Prawdzik. The court will rule on the motion later.

Due to illness of the principle witness in the case of Harvey Bissinger, 49, route 5, Muskegon, on a charge of negligent homicide, no date has been set for trial. Bissinger waived the reading of the information charging him with negligence in connection with the death of Leonard Kloeit of Grand Rapids in Chester Township Aug. 21 when the car driven by Bissinger was said to have struck a truck in which Kloeit was riding.

Norman Den Uyl, 18, Holland, entered a plea of guilty to the charge of entering on Oct. 19, 1939, the dwelling house of his uncle, Ben Speet, 136 West 27th St., Holland. Den Uyl told the court he had broken into his uncle's home on three different occasions, one time taking \$85, another time \$20 and another time \$10, taking a total of \$115. Den Uyl will be sentenced later.

Gilbert Zuverink, 20, and his wife, Alice Zuverink, 18, both of Zeeland, entered pleas of guilty when arraigned on a charge of entering without breaking, on Oct. 8, the Black River Lumber Co. They told the court they took two gallons of gas from the place, at about 6:30 p.m. They will be sentenced later.

John Tupper, 63, Holland, waived the reading of the information and a plea of not guilty was entered in his case charging him with selling liquor to a minor, Maynard Van Nui, 18, on Nov. 14. Date for trial will be set later.

A motion to dismiss the case of Clifford Graham, 33, Grand Haven, on a charge of unlawful use of an automobile without intent to steal when Graham on last Oct. 11 took the car of his brother-in-law, Chester Slater, and failed to return it for about five days, will be heard in circuit court Monday before Judge Miles. Graham waived the reading of the information upon his arraignment, and a plea of not guilty was entered.

Reuben Schilling, of Allendale township, failed to appear for arraignment on a charge of assault with a dangerous weapon, without intending to commit the crime of murder, which is alleged to have occurred Sept. 10, 1939, at Allendale township, on Helen Groeneveld. He has been notified to appear in court Monday at 9 a.m.

Andrew Riemersma, 32, of Zeeland did not appear in Court Monday afternoon for arraignment on a charge of bastardy. A settlement is expected to be effected in this case.

The case of William Vander Laan, 50, of Georgetown township, who is charged with violation of the gaming laws at the Hudsonville fair last Sept. 9 has been remanded back to Justice court of Raymond L. Smith of Holland, for examination, the date for which has not as yet been set.

Louis Wierda, 36, of Holland will face trial before the court Nov. 28th at 10 a.m. on a charge of driving while drunk, second offense. The alleged offense occurred in Holland Oct. 1. M PROFESSOR TALKS AT HOPE

Dr. Bennett Weaver, associate professor of English at the University of Michigan, spoke to the students of Hope college Tuesday morning on the subject, "The Function of Culture in Our Democracy."

"The primary function," he said, "is to save democracy." He pointed out that in these troubled times, American youths should be more conscious of their part in democracy, and that they could most effectively bring about their ends by a "knowledge of the external forces of order."

Religion and morality were his bases for culture, and without these, people cannot exist, he said. By generally quoting Washington and Jefferson, he showed that religion and morality had figured in the rise of our democracy, now one of the most cultured nations in the world. He commended such colleges as Hope for their continued insistence of these high ideals.

He introduced his speech by three points which, contrary to general belief, do not add up to culture. He said mere book learning means nothing except in the way "that the life of the book is transmuted into the life of the individual." Secondly, he impressed students with the fact that a specialist is not necessarily a cultured man, and that culture has no particular interest in details. He furthered his point with the statement that as a specialist in a certain field goes up the ladder, he must, in direct proportion, widen his base. Thirdly, he stated that a man of culture is not formal or a "snob."

Prof. James Warner of the department of English of Hope college, introduced the lecturer. Preceding the address, Henry Voigt and Bob Swart, accompanied by Jean Swart, played a trombone duet, "Sweet Reverie," by Fabre.

MR. BLUM'S GOLD MEDAL

The board of police and fire
commissioners did a gracious thing
at their recent meeting when they
presented Fire Chief Blom with a
gold medal in recognition of more
than half a century of service. The
comfort and safety of the people
of a town like Holland are far
more dependent on the services of
men like Mr. Blom than the average
citizen sometimes realizes. Such
things are more or less taken
for granted; usually only the
members of a board who come
into immediate contact with an
official appreciate to the full what
his work means. It is appropriate
that they have now officially ex-
pressed the appreciation of the
city as a whole.

If Mr. Blom hadn't done this
job for more than half of the
period of Holland's existence some-
one else would have done so. But
there are many ways of doing
such a job, and there is no assur-
ance that Holland would have had
the intelligent fire protection
which it has enjoyed under the
leadership of its present fire chief.
Mr. Blom has never been radical
or spectacular in his administra-
tion of the office. He has been con-
tent to grow with the fire protec-
tion needs of the city. In the days
when we had horse-drawn fire en-
gines, he took as great an interest
in the horses and their care as he
later took in the beautiful motorized
machines. He provided lead-
ership in changing over to gaso-
line at a time when the world was
being generally motorized, and
since that time he has worked in-
telligently to keep the equipment
as up-to-date that Holland would
get the benefit of the best pos-
sible insurance rates.

It has not been plain sailing all
the time. The city's fire chief has
sometimes been compelled to agi-
tate for years to get what he
thought the city needed; he had
to adapt himself constantly to
public opinion. But as the years
passed he generally succeeded in
getting for Holland what in the
retrospect was seen to have been
plainly needed by the community.
A fire chief with less common
sense might at times have lost his
patience; or a fire chief with a
lack of common sense in another
direction might have been content
to lag behind the needs of the city.
Mr. Blom has over a long period
of time provided leadership in
keeping Holland fire protection
needs adequately supplied, with-
out developing a friction that
would have been fatal to success.
Such service is not dramatic but
it is important. Hence the gold
medal is well deserved.

GOOD-WILL BOMBERS

Uncle Sam has bombing planes
too, and very good ones. And he
uses them as vehicles for courtesy
calls on the neighbors. So the
South Americans are coming to be
very neighborly, and very close.
A little jaunt like this to Rio
de Janeiro is very simple. You
just fly straight south through
Lima till you get to the Tropic
of Capricorn, then turn east, "roll-
ing down to Rio" from the Andes
by a route the old sailor song
never contemplated. And there
you are, with good-natured Brazili-
ans turning out in throngs to
welcome you, and government of-
ficials bestowing the freedom of
the city.

Our rating in Brazil is very high
now, and nearly all the neighbors
thereabouts like us better as they
get to know us. Even haughty Ar-
gentina is beginning to warm up
lately. Soon there may be air
tours for throngs of our private
citizens, following the routes that
have been pioneered by our army
and navy fliers. That should be
fine, for mutual acquaintance and
friendship.
But our private tourists will do
well to take their cues from the
official fliers, as far as personal
behavior is concerned. They should
be very courteous and gentle of
speech, and not talk much about
power and wealth and the Monroe
Doctrine.

Lima, Peru, is near the equator
yet it is not tropical, because it is
in the line of the cold Humboldt
current flowing up from the
Antarctic.

The Works of the Messiah
Matthew 8: 14-27

By Henry Geerlings

Jesus came into the world
to help men. He understood them
and their needs. He felt the chal-
lenge of their sad condition. He
responded according to his wis-
dom and power.

A great many people have diffi-
culty with the miracles of Jesus.
They seem to be a hindrance to
their faith rather than a help.
They are constantly trying to
eliminate them or at least to put
them in the background as far as
possible. It is possible that too
much can be made of the miracles,
that is to say, they may be lifted
into greater importance than
Jesus himself did. But there is no
reason for taking the miracles out
of the gospel.

Apparently they were incidental
in Jesus' program. He refused at
times to work them. He complained
that certain people would not
believe on him unless they saw a
miracle. Their faith was to be
aroused only by the extraordinary.
He did not want primarily to be
classified as a wonder-worker. He
did not seek primarily to ride in-
to men's souls on the back of a
miracle. There was feeling that as
soon as the wonder dealer of the
miracle was gone faith too would
be gone.

Of course Jesus himself was the
greatest miracle of all and he
wanted men to believe in him be-
cause of what he was in himself
and because of what he could be
to men as the savior of their souls
and the friend of their days. Pri-
marily his mission was to the in-
ner life. He sought to get into the
place where they lived, where they
thought, they loved or hated, they
aspired or despaired, they sinned
or shone, they chose or rejected.
His miracles therefore were never
ends in themselves. They did at-
tract attention. They did open soul
doors. They did stir thought and
start gratitude. But if men should
not have seen in Jesus more than
the work of miracles they would
have failed to see the real Jesus.
They would have come far short of
realizing his greatest power. To
forgive sins reveals greater power
than to be able to restore a with-
ered man. To forgive sins reveals
greater power than to heal dis-
eases of the body. To lend a man
a glorious spiritual vision is a
greater power than to give physi-
cal sight, great as this act may
be. To drive into a man's soul and
drive out lust and hatred and sel-
fishness and to bring in purity and
love and kindness and altruism—
that is power divine besides which
there is none greater.

Primarily Jesus was to be the
great spiritual emancipator. Sin
is slavery. It binds men with cruel
shackles. He is the great freedom
expert, the marvelous unbinder.
He not only freed men's souls, but
he gave them a new power and
showed them how to use their
freedom. It is one thing to be li-
berated from bondage, and it is
another to be able to use effec-
tively and wisely one's freedom.
Misused freedom brings a new
bondage.

The miracles of Christ are al-
ways in keeping with his merciful
and loving heart. They are
never cheap performances. They
were never done for the mere pur-
pose of starting wonder in the
souls of men. A helpful purpose
was always back of them. They
were the colors of the rainbow of
his mercy. They were the visible
streams that flowed from the vast
reservoir of his love. They were the
undeniable evidences that God de-
sires wholeness of humanity rather
than sickness. Miracles were as
much to be expected of him as
passion of soul and strength of
thought and beauty of language
on the part of a great orator. A
delicious apple has a remarkable
tang, but that is not all of the
apple. A rose has a wonderful
odor, but that is not all of the
flower. A baby has a most winning
smile, but that is not all of the
baby. The miracles of Jesus arrest
our reverent thought and they are
just what we might expect of him,
but they are not all or the chief
part of Jesus.

SUNDAY DINNER
SuggestionsBy CORA ANTHONY
Director of A&P Kitchen

FRESH pork is the outstanding mar-
ket value this week, whether you are
looking for loin chops, a roast or spare-
ribs. Poultry remains low in price,
though preholiday prices are slightly
higher. Beef costs about the same and
lamb a trifle more than last week. Butter
and egg prices are largely unchanged.
Fish is relatively scarce.

Fruits are plentiful and with few
exceptions they are inexpensive. Among
the best values are apples, bananas,
grapes, oranges, grapefruit and pears.
Cauliflower is still unusually low in
price but the peak of the season is past.
Broccoli, Brussels sprouts, celery and
spinach are reasonable.

American Woman Tells
of Her War Problems

(Bearing the date of Oct. 9, the
following letter was received by
The News from Mrs. Sarah
Williams Bosman of Amsterdam,
The Netherlands, who has been
writing to the City News of condi-
tions in The Netherlands during
the European war.)

We American women who live
in Holland are confronted with
many problems that have arisen
out of the present European con-
flict. Most of them concern our
preparations in the air raid de-
fense.

Bomb-proof cellars are few in
Holland, thus only a lucky few of
us have cellars to prepare against
a time of need. But sometime ago,
we began to put away a small
stock of food. We may even have
bottled water put away to tide
us over a temporary disruption of
the water supply.

We have bought rolls of black
paper to keep the light from seep-
ing through the spaces between
curtains and window frames. We
may have purchased some of the
new electric light bulbs which give
light where it is needed but let no
tell-tale ray into the night out-
side.

We may have acquired buckets
of sand useful in extinguishing
fires or, if we are rich enough,
even fire extinguishers. We go to
lectures on anti-air raid protection
measures. We join Red Cross
courses in nursing and bandage
making and have equipped our-
selves with first-aid kits.

Some of us, during the first days
of mobilization heard the munition
trucks go by without a let-
up. One of us, knowing that light-
ning had struck the houses on ei-
ther side some months before, sat
the night out while her children
slept, praying that the lightning
would not strike the munitions
trucks which passed her home.

We have been visited by Ameri-
cans of doubtful status who have
hard luck tales to tell and ask for
loans to assist them in returning
to the United States. We can get
no passport visas for admittance
to other countries unless we have
business or are embarking there.

Prices are rising with a rapidity
that is alarming. Each time retail
goods are restocked the prices
jump about 10 per cent. The stock-
ings I am accustomed to wearing
advanced 75 per cent from one
guilder and 65 cents to two guild-
ers and 90 cents without pausing.

Woolen goods are going to be
scarce. Blankets are not being
restocked and we only hope we
have enough to see us through the
war.

At first, it frightened me to see
the air raid shelters going up in
Amsterdam and the sand bags pil-
ed against the buildings but these
things do not disturb me greatly
any more. The easy unconcern
of the Dutch seems to have infected
me.

For the Hollanders are absolu-
tely sure that Holland will not
be drawn into the war. Perhaps their
sureness is born of the knowledge
that Holland has prepared to de-
fend her borders in a manner that
would discourage any attempt up-
on them.

Part of her land has been put
under water, enough to cover the
land but not enough for naviga-
tion. Several weeks ago the visit-
or in that section could see the
water creeping up and barbed wire
fences and other obstructions.

Our more recent attempt to see
this historic project was unsuccess-
ful. All roads leading to the
flooded lands are guarded and no
one may enter without a permit.

Those of us who have been
warned that we might have to ev-
acuate our homes should the in-
undation be carried further have
purchased heavy walking shoes,
warm clothing and packed knap-
sacks with food sufficient for 24
hours. Those of us who do not ex-
pect to be evacuated nevertheless
keep our suitcases packed should
it become necessary for us also to
leave quickly.

We have, all of us, had our an-
xious moments. No doubt we shall
have more. We hope the steps we
have taken will prove unnecessary
but we believe in being prepared.
Any way you look at it, we are
having some experiences because
we're over here.

ate of Holland high school and
the groom attended Grand Haven
high school and Northwestern uni-
versity.

SIXTY YEARS AGO
The blast furnace at Fruitport
has awarded the Roast and Com-
pany a contract for 1,000,000
bricks. Note: This brick company
and clay pit was located in the
slope where the Donnelly-Kelly
Glass Co. is.

On Thursday last two strangers
came to the livery stable of Mr.
J. H. Nibbelink, and hired a double
team, pretending to want to go to
Graftschap. Mr. Nibbelink's sus-
picions were aroused the same
evening but for reasons unknown
to us he did not move in the mat-
ter of investigation until Satur-
day, and on Monday morning
started out with Marshal Ed Vau-
pell to trace up the horse thieves,
the result of which was that they
found one horse, buggy, and the
two harnesses at Benton Harbor
on Tuesday. The parties, of course,
have fled the country, and the other
horse is either dead or has been
spirited away.

It is remarkable how often
lightning strikes in or around this
city now-a-days. On Thursday
morning last, at about 10 o'clock,
the residence of Mr. Verbeke, on
the corner of River and 13th St.,
was struck by lightning. It struck
the chimney on the southwest tip
and cracked it to the roof, when it
entered the roof inside and tore
down along one of the rafters,
shivering it to pieces, it evidently
ran down along one of the stud-
ding and left the building with-
out doing any more damage. The
damage will amount to about ten
to fifteen dollars, but was the
means of frightening the family
considerably. During the same
thunder-storm the second daugh-
ter of Mr. Albert Hoeksema, re-
siding about four miles east of the
city, was struck dead while stand-
ing in the barn door, although the
barn was not set afire. No marks
could be found on the body, but
the terrible bereavement can bet-
ter be imagined than described.
She was 19 years of age. During
the same thunder-storm the house
of Mr. Baks, situated on the north
side of Black Lake, was struck by
lightning also, without causing
fire. Part of the floor was torn up
within arm's length of the lady
of the house. Some of the children
were prostrated and stunned, but
came out of it all right.

Kronk's orchestra of Battle
Creek is furnishing music on the
steamer Macatawa and at Maca-
taw park and Shady Side. Shady
side is today Jensen Electric
park. The old building to the west
almost rotted away is the old pa-
vilion of yesterday.
Clarence E. Barber caught an
eel at Macatawa three feet and
two inches in length. Note: Many
years ago eel were planted in
Black Lake, but are not prolific.
Up to twenty years ago some eel
were caught, undoubtedly of this
first planting, but of late we have
heard of no eel catching.

John L. Sullivan defeated Jack
Kilrain near Richburg, Miss., in
75 rounds, the battle lasting two
hours and 50 minutes. The battle
was one of the hardest fought
in recent years. Note: John L.
Sullivan will be remembered as
the biggest and longest time
champion of all times. Age finally
told, and it took a young man
of the Jim Corbett type to defeat
him. Undoubtedly, of all the pug-
ilists who starred, John L. Sulli-
van is still the best remembered.
He endeavored to come back many
times, but made a "sorry mess" of
it. Although he made millions, he
spent it or gave it away, and finally
was poverty-stricken, and start-
ed a vaudeville act which kept
the wolf from the door. The writer
saw him at one of these shows
at Grand Rapids. He passed away
about eight years ago.

Taylor of Nunica, Prof. John H.

cess was for about three years,
when it was discontinued.

The Michigan state legislature
has started a war on English
sparrows. Three cents a piece is
offered for the heads of these
little chirpers. It is claimed that
they are becoming a general nu-
isance. Note: The sparrows are still
here and are a general nuisance.

The first new wheat was re-
ceived today at the Standard
Roller Mills, which was raised by
Otto Schaap of Fillmore township,
yielding 16 bushels per acre. The
market price for wheat at that
time was 85 cents per bushel.

The steamer Mabel Bradshaw
ran an excursion to Chicago for
Columbia Hose No. 2, first ward.
The price per round trip was \$2.

FORTY YEARS AGO
After an illness of many months
James Huntley, one of our leading
citizens, passed away at his coun-
try home south of the city. He was
born in England Oct. 10, 1845, and
came to America and Holland
with his wife at the age of 24. Dr.
J. W. Beardslee delivered the fun-
eral address. Note: He was a well
known contractor and builder hav-

ing erected the First State bank,
now the Peters Block, The Hol-
land City State bank "under the
clock." Graves hall and Winants
chapel. The country home men-
tioned would now be on Central
Ave. and the site of the Ben Van
Raalte home, son-in-law of the de-
ceased. George and Cecil Huntley
are sons, and Mrs. Fred Boone and
Mrs. Ben Van Raalte are daugh-
ters. His shop later became the
Colonial theater.

J. O. Doesburg and son, Harry,
have let the contract for a sub-
stantial brick block for their drug
store to replace the wooden struc-
ture on the same site.

Lokker and Rutgers and Du Mex
Bros. let contracts to build brick
additions 30 feet long to the back
part of their respective stores on

took place at the home of the
groom's parents, 62 East 15th St.
The couple later resided at 72
East 15th St.

A daughter was born to Mr.
and Mrs. Albert Bowman, 187
West Eighth.

Westenbrook won first prize of \$3
on the best decorated doll cab;
Jane Veneklaassen was second, win-
ning \$2; Norma Lee Meens won
third prize of \$1. In the boys' wa-
gon contest, "Bobby" Romeyn won
first place; "Bobby" Danhof, sec-
ond; and Allison Vanden Berg,
third place. Boys received the
same amounts as the girls.

ties, the letters alone show the
county of registration.

SECOND ELEVEN HONOR GIVEN TO ROBERT ROWAN

Gets Captaincy as Only Local Gridders Named in Conference

Holland Eleven Firmly in Cellar, Heights on Top in Conference

Final Standings	W	L	T	P	O
M. Heights	4	0	1	85	6
Muskegon	4	1	0	60	13
B. Harbor	3	1	1	62	27
Grd. Haven	1	3	1	26	85
Kalamazoo	1	4	0	39	27
Holland	0	4	1	8	70

Robert Rowan of Holland high won the position of captain on the Southwestern all-conference second team when the final chapter of the 1939 football season was written at a meeting of principals, coaching staffs and sports writers in the Warm Friend tavern Monday night.

This was the first time in the history of the conference that sports writers named the team. Also important in the meeting was the presentation of the conference championship trophy by President W. F. Heal of Kalamazoo to Coach Oscar Johnson of Muskegon Heights who team clinched their claim to first place by defeating Muskegon 7-0 last Saturday.

Although no Holland gridders besides Rowan placed on either of the first two teams, six of them were given honorable mention. They are Jack Yeomans, Raymond Serier, Wayne Purchase, Leonard Dick, Donald Switek and Tony Kempker.

Players for the first team are: Ends—Robert Homan, Muskegon Heights, and Dan Pjesky, Benton Harbor.

Tackles—Arthur Jones, Muskegon Heights and David Clayton, Muskegon.

Guards—Don Anderson, Muskegon, and Harry Ryznar, Muskegon Heights.

Center—Jack Marks, Kalamazoo.

Quarterback—Maurice Brash, Muskegon Heights.

Left halfback—George Dean, Muskegon.

Right halfback—Albert Anderson, (captain) Muskegon Heights.

Fullback—Dale Hendrix, Benton Harbor.

All the members of the teams are seniors with the exception of Clayton, Pjesky, and Hendrix.

The second team selection includes: Ends—Darwin Sickles, Benton Harbor, and Harold Gerber, Grand Haven.

Tackles—Edwin Weavers, Grand Haven and Dick Van Hoven, Benton Harbor.

Guards—Carl Ranney, Kalamazoo, and Melvin Brown, Benton Harbor.

Center—Ken McSorley, Muskegon Heights.

Quarterback—Dick Peckham, Benton Harbor.

Fullback—Jack Buchner, Benton Harbor.

Right halfback—Jerry Hornik, Muskegon Heights.

Left halfback—Robert Rowan, (captain) Holland.

Sickles is the only sophomore named in the two teams.

With the season over, Holland—firmly planted in the subterranean niche after Saturday's scoreless tie with Grand Haven—enviously eyed Muskegon Heights which captured conference honors from Muskegon Saturday in a 7 to 0 attack.

But Holland at least found solace in statistics which showed the Dutch had the edge over the county seaters in the traditional classic on Perry field in Grand Haven.

Bob Rowan, too, was up for praise. The swift halfback of HIS made the final game for both schools his best of the season. He led drives in the third quarter that twice got to the Grand Haven 10.

Both teams hurled the ball all over the lot, but only three of 33 passes connected. Holland tried 17 forward passes and a lateral. The last one, on the play that ended the fracas, was good for 25 yards.

On second down with a few seconds to go, Oosterbaan passed to Kuna. Kuna lateraled to Rowan. Rowan zigzagged to the Grand Haven 49.

Grand Haven on two completions in 16 pass attempts gained 11 yards.

Holland had the edge in first downs, 9 to 5; in scrimmage gains, 190 yards to 111; and in pass interceptions, 3 to 2.

Holland was penalized six times for 40 yards; Grand Haven, five times for 25 yards.

The Dutch threatened in the third quarter and a see-sawing final game kept a crowd of 2,500 on its feet.

A series of first downs in the third pushed the Dutch to the enemy 10, but they failed by feet to move on from there.

Ward Not Being Held as Police Probe Shooting

The United Press informed The Sentinel that Charles Ward, route 6, Holland, is not being held by Michigan state police but that a thorough investigation is being conducted into the shooting of Forrest Purpoe of Seney. Purpoe was reported to have been wounded in the leg by Ward while hunting near Grand Marais in Alger county.

Three Escape From Auto as Train Hits It

Grand Haven, Nov. 22—Three persons had a narrow escape from death or possible serious injuries Monday morning when the car in which they were riding was caught on the P. M. railway track at a curve on West Olive St. and was demolished by a freight train.

Dickinson Lauds Dances of Fennville's Youth Club

Offers Help in Reply to Letter That Outlined Activities

Fennville, Nov. 22 (Special) — Gov. Luren D. Dickinson may disapprove of some forms of dancing, but at least, according to the Youth's club here, he has high praise for what's going on in Fennville.

The club is in possession of a letter from the governor which it highly prizes.

In response to a letter telling him of the accomplishments of the club, Dickinson commended the club on its work of providing clean recreations for the young people and offered his assistance to further any such projects.

The club was organized more than a year ago with dances each Friday night in the school gymnasium for young people of the community and surrounding communities, and was sponsored by the Woman's club and Businessmen's association.

An age limit was set and a code of laws for moral conduct was given to all who wished to become members, and these have been strictly enforced. If any age were doubted the driver's license was produced as evidence.

The project has grown so strong that the need of outside sponsorship was no longer felt and a board of supervisors has been appointed. They include Kenneth Jackson, village mayor; Carson Neifert, school principal; Mrs. Donald Dickinson, Mrs. Marc Hutchinson and Irwin Hull, representing the village school, parents and young people. It has been largely through their efforts that the project has proved so successful and gained such popularity.

The project is strictly non-profit, only a nominal charge being made to defray expenses, some of which are incurred by entertainment at different times.

At the present time a series of waltz contests is being held, the first winning couples each week getting a chance for the finals which will be held Dec. 1 and the second couple getting free admission for ten weeks. The winning couple of the finals will be given a silver trophy.

The club has shown its appreciation of the free use of the gymnasium by the purchase of an electric scoreboard.

THE CHURCH INVITES YOU

Peacemaking

Peacemakers act as moral shock absorbers. The world is full of peace makers. We need peacemakers in industry, politics, diplomacy. We need peacemakers in family, community and social life. Peacemakers are the machinery of life. They overcome friction. They diminish strife. They promote goodwill.

If humanity is to escape self destruction in a world shaken today by new outbursts of suspicion and hatred, it will be through the reinforcement of the agencies that establish and strengthen attitudes of goodwill and cooperation among men and nations.

It is only when Christ has cleared out of society the hates and selfishness which are so predominant by the process of recreation through the new birth, that swords will be beaten into ploughshares. The hope for a warless world can only be realized through a redemptive program and that is the task and opportunity of the church.

Why not accept the invitation and go to church next Sunday?

BOOK WEEK IS LIVED IN CITY

Observance of national book week in the Holland library was ended Saturday following a children's hour at 9 a.m. with story telling in charge of Miss Marian Working and Mrs. Edith Walvoord.

Jackets of books of foreign countries with flags of the nations they represent, decorated one bulletin board while pictures of character dolls dressed in folk costumes of their countries are on another. Above a lighted globe of the world on the center of a round table was placed the following new books dealing with life of the other lands:

YACHT CLUB'S RECORD BRIGHT

No Debt on New Home and Cash Balance Listed by Organization

Prospects for a good year at Macatawa Bay yacht club next summer were bright today as the club was reported in "excellent" shape by Henry S. Maentz, retiring treasurer.

A cash balance of \$335.44, with the new clubhouse clear and free without mortgage, was reported as a nucleus for 1940. In addition, pledges of \$200 are still to be paid before Jan. 1.

It was pointed out that the club, whose present membership totals 150, may expect approximately 20 additional members before next summer. Twenty persons have applied for membership.

Included in the 150 paid-up members are 20 life members at a cost of \$500 each. There are four junior members.

The club during its first year spent \$21,738.78 on the new clubhouse on Macatawa bay and activities.

Winter meetings of the club have not been announced, although they will be scheduled. The club will open 1940 activity on Lake Macatawa before July 4.

Two clay tennis courts are foremost among improvements slated for the second year of the reorganized club. The courts are already under construction on club grounds, and will be complete for the year before the club is reopened. "Although improvements are under discussion, but no plans have been adopted."

TUCKER COLLECTING PHOTOS OF JUDGES

Allegan, Nov. 22 (Special) —An attempt is being made by Probate Judge Irving Tucker to obtain pictures of the 16 men who have served in that office in Allegan county. In his efforts to contact relatives of former judges of probate, particularly those who held office prior to the early 1900's, Tucker has stressed the fact that such a collection will be of historical value to the county, and will also add to the interest of the probate court room, which is now being redecorated and renovated.

Allegan county judges of probate in the order of their succession have been: Oka Town, 1835-37; Ebenezer Parkhurst, 1837-41; George Y. Warner, 1841-45; Elisha Ely, 1845-49; Dewitt C. Chapin, 1849-53; Elisha Ely, 1853-54; E. B. Bassett, 1854-57; William B. Williams, 1857-65; Dan J. Arnold, 1865-73; James B. Humphrey, 1873-81; John H. Padgham, 1881-85; David Stockdale, 1885-97; Frank H. Williams, 1897-1909; Lewis L. Thompson, 1909-17; J. Ford Stratton, 1917-25; Charles N. Thew, 1925-27; Augustus T. Tells Women Prison for Successful Prison Work

Grand Haven, Nov. 22—If there is to be an improvement in penology, trained and intelligent guards and permanence of personnel must be employed in the future, Garrett Heyns, former warden at Ionia reformatory told members of the Women's club recently.

Heyns said that "when prisons are taken out of politics and managed by men and women who have a real interest in recovering men for society; when parole and probation officers are paid sufficiently to devote their entire time to it, then we may hope to make some progress in reducing the number of crimes and in reducing the tremendous costs of our modern penal institutions."

He declared that length of sentences should be determined by a board in prison after a careful check on the prisoner. "The object of a sentence is to remove the offender from society and to rehabilitate him so that when he is released, he returns with changed ideas of conduct. One man may learn his lesson in a month, and another may never learn it."

Commander Murray came here from deep sea duty, having served as executive officer aboard the 330 foot cutter, Spencer, at Sordova, Alaska. The Spencer is a much larger boat than the 165-foot Escanaba.

A native of Cambridge, Mass., Murray was graduated from the Catholic University of America in 1922 and the coast guard academy in 1923. He was successively on duty on the cutter Manning at Norfolk, Va.; the Ohio river cutter, Kankakee; assigned to fit out destroyers for prohibition law enforcement; engineer officer on the destroyer Terry; executive officer on the cutter Gresham; instructor at the coast guard academy at New London, Conn., and executive on the cutter Sebago.

When the 330-foot cutter Campbell was commissioned, Murray was assigned engineer officer and served until assigned the patrol boat Icarus as executive under Lieut. Commander Raymond J. Mauerma, whom he succeeds in command of the Escanaba. The Spencer was his next assignment, in which Murray saw two years of rigorous service on the Alaskan station.

SCOUT CAMP TO RECEIVE TREES

Conservation Project Is Approved by Board of Local Area

The executive board of the Otawata-Allegan Council of Boy Scouts at a dinner meeting on Nov. 15 in the Red Brick room, approved the signing of an agreement with the soil conservation service for the planting of 35,000 trees at Camp McCarthy, the scout short-term camp, at Port Sheldon.

The board was informed the conservation service recommended the planting of 35,000 trees after a survey of the camp grounds. Under the agreement the council will furnish 10,500 trees and the service will provide 24,500.

Work of planting the trees will not get under way until spring but it will be done by Boy Scouts under supervision of soil conservation officials. This will enable scouts to gain credits for conservation merit badges.

George Pelgrim, chairman of the organization committee, reported that in the past year, five new troops and six new cub packs have been organized. He reported that new enrollment includes 332 scouts and 167 cubs.

He submitted the following report on scout advancement: Second class, 128; First class, 90; Star, 50; Life, 24; Eagle, 6; Eagle palm, 13; merit badges passed by first class scouts, 683; merit badges passed by second class scouts, 65.

A motion was passed whereby the finance committee was instructed to investigate the procedure to be taken in establishing an endowment committee for the council and to recommend a plan for securing endowments for extension scout work. It was pointed out that the endowments could cover the expenses of an assistant scout worker in the field since there are about 3,000 boys of scout age in the council but only a part of whom are engaged in scouting.

Dr. A. Leenhouts, chairman of the health and safety committee, reported that letters have been sent to all scoutmasters, enlisting their aid and that of the scouts in the safe bicycle riding campaign now being conducted. The next matter to be placed before the scouts consists of fire prevention in the home and in the "field."

HOFFMAN HITS MOVE TO SHIFT SHIP REGISTRY

Questions How Far U.S.
Will Go in Efforts
to Aid Allies

Says Transfer Holds as
Much Peril as Under
Former Plan

Now that the embargo on the sale of munitions of war to foreign countries has been lifted, how far will the United States go in efforts to aid Great Britain and France? This is the question to which Cong. Clare E. Hoffman of Allegan would like an answer.

He added: "The administration promised that we should remain neutral. Already it has been proposed to transfer to Panama registry American ships which we paid millions of dollars to aid in constructing and to the operating expenses of which the federal government has contributed as much as \$13,000,000 per year. These subsidies were given to American shipbuilders and shipowners and the operating expenses were paid on the distinct understanding that the vessels were to be held in readiness as an auxiliary to the United States navy, a part of it in fact."

"The repeal of the arms embargo was put through congress upon the distinct understanding and promise that munitions of war would not be shipped in American vessels; that our ships would stay out of war zones. Do you think it is fair and honest after the repeal has been accomplished to transfer the paper title of American ships to foreign registry and then with them, sailing under the name of a dummy corporation, to transport arms from our ports to the ports of the fighting nations?"

"If one of these ships owned in reality by Americans, but the paper title to which rests in a foreign corporation, is sunk or captured, will not the real owners, the American citizens, be demanding that we ask the nation which captured or sunk those ships to pay for them? And when that nation refuses, are we to go to war to collect for those ship-owners?"

"The subterfuge of transfer of registry, as is proposed, is as dangerous as permitting shipments under the American flag. This nation is pre-pledged under the Monroe doctrine to protect the western hemisphere; it is vitally concerned with the peaceful status of Panama and all other Central American countries, any one of which, if attacked, would rightfully expect immediate assistance from the United States."

Clerk presented communication from Great Lakes Harbors Association requesting the City of Holland to contribute \$100.00 toward a fund to be used for the purpose of fighting an attempt by Chicago and the State of Illinois to increase the diversion of water from the Great Lakes by more than three times the amount permitted by the Supreme Court.

Clerk presented communication from the Holland Junior Chamber of Commerce together with a report of a survey conducted showing the advisability of establishing a Municipal Court in the City of Holland in place of the present Justice Court system. The report recommends that the matter of submitting this proposition to the voters at the Primary Election in the spring of 1940 be given due consideration by the Council.

It was moved by Alderman Raymond, 2nd by Vandenberg,

That it be referred to the committee of three.

Alderman Prins, 2nd by Kalkman. Offered a substitute motion that the communication and report be filed. This brought up considerable discussion in regard to the merits of a Municipal Court. The City Attorney was requested to give his opinion and stated that since the Junior Chamber of Commerce had gone to all the trouble of getting facts and figures on the cost of our present Justice Court System, that it would hardly be fair to just file the report without giving this matter due consideration.

The Attorney further stated that more and more cities were abolishing the Justice courts in favor of a Municipal Court wherever they could afford to do it. The City Attorney further stated that in his opinion there was a real need for a Municipal Court in the City of Holland so there would be a more uniform system of fines for similar offenses.

After quite a lengthy discussion, Aldermen Prins and Kalkman withdrew their substitute motion and the original motion of Alderman Raymond, to refer the matter to a committee, prevailed.

Mayor appointed as such committee: Aldermen Raymond, Vandenberg and Ketel.

Clerk presented communication from Floyd E. Evans, Director of the State Board of Aeronautics, recommending the adoption of a resolution requesting our representatives in Congress to sponsor a Federal Aid program for developing and improving airports throughout the country.

City Attorney Lokker brought up the matter relative to the new Welfare setup that would go into effect on Dec. 1st, 1939.

He stated that the present integrated system will be superseded by a dual system on December 1st, and under this system it is necessary for each unit in the County to enter into an agreement with the County Social Welfare Board.

WHEREAS, the County of Ottawa has officially adopted the so-called dual system of relief, and

WHEREAS, it is necessary that the City of Holland, a unit therein, enter into an agreement with the Ottawa County Social Welfare Board in order to carry out the provision of Section 71, Act, Number 280, P. A. 1939.
