CLUB'S ANNUAL CAMPAIGN WILL BE HELD DEC. 20

Hanson Is Chairman for
Sale of Sentinel's Child
Health Edition

Assistants Are Appointed
for One-Day Drive to
Refill Coffers

Goodfellows of the Holland Exchange club will sell the Goodfellows edition of The Sentinel Saturday, Dec. 20, to raise funds for the continuation of their child health program.

Chairman of the seventh annual newspaper drive is Ervin D. Hanson. Assisting him on the campaign committee are Ben Staal, Richard Martin, Rex Chapman, A. E. Van Lente, Louis Steketee, Gilbert V. Walker and Ray N. Smith.

Also aiding in arrangements are the three members of the Goodfellows foundation, William Brouwer, Peter Notter and the Rev. Paul E. Hinkamp.

The foundation in September had a balance of \$18.25 after paying for 53 tonsilectomies and other care for needy persons, according to Rev. Hinkamp, foundation secretary. Since that time the second \$500 has been received from the community chest and the health program is continuing. Several tonsilectomies are now pending and a complete report cannot be made until the end of the year.

However, the report submitted by Rev. Hinkamp to the Exchange club Sept. 5 showed:

Receipts: Balance on hand, Jan. 1, 1941, \$32.24; newspaper drive Dec. 14, \$768.50; Community chest, last June 21, \$500; total, \$1,300.74.

Expenditures: 53 tonsilectomies at \$20 each (\$1,060) less \$20 repayment, \$1,040; 50 hospital fees at \$3 each (no fee for three cases), \$150; three special surgical and medical aid cases, \$32.50; milk supply assistance for five families, \$59.99; total, \$1,282.49.

Contrary to expectations, the foundation failed to realize a profit from the Rubinfeld concert last Oct. 2. A heavy rain that night reduced the crowd to the extent that a slight deficit—made up by Exchange club members—resulted. It had been intended that any profit would go to the child health program.

Memorial services for the late Nellie Churchford, founder of the City Mission, will be observed Sunday at three services in the mission. Gilbert Van Wyne will be the song leader and soloist at the 1:30 p.m. service. Music will be furnished by Lillian and Mae Rose Essenburg and a message will be given by Mrs. Edith Walvoord.

Since 1935 George Trotter has been the superintendent. The mission was housed in a building at 51-53 East Eighth St. for two years and on March 5, 1939, moved into its new home at 74 East Eighth St. which was dedicated April 16 of that year.

TWO HURT IN CAR CRASHES

Two persons were injured and one motorist was given a traffic violations summons by local police in four accidents which occurred in Holland Wednesday.

Gustavus Maatman, 60, 272 East 16th St., is confined in Holland hospital due to fractures of two ribs on his left side which he suffered about 5:50 p.m. Wednesday in an accident at the intersection of 32nd and State Sts. and Lincoln Ave.

Police were informed that Maatman was driving north on Lincoln Ave. Driver of the other car was Aaron C. Walters, route 4, Allegan, police said.

B. Gualtney, West 16th St., was listed as a witness. Eugene Lundgren, 18, 57 West 12th St., was given a traffic summons by police for failing to have his car under control after it had crashed into the car of Mitchell Schregardus, 45, 252 Maple Ave., while it was parked about 50 feet north of the north driveway at Holland hospital on Michigan Ave., about 6:50 p.m. Wednesday.

Police reported Lundgren also suffered a black eye and minor cuts. He told police that while driving southwest on Michigan Ave. he lit a cigarette and he failed to see the other car until too late to avoid a collision. The force of the impact shoved the Schregardus automobile onto the tree pit.

A truck, containing a ton of coal and driven by John De Boer, 47, 113 West 18th St., and a car driven by Dean Mokma, 34, 74 East 18th St., were involved in an accident at 14th St. and Pine Ave. Wednesday forenoon.

De Boer was driving south on Pine Ave. and Mokma was westbound on 14th St. De Boer claimed he was blinded by the sun.

DEFENSE DRIVE IS SCHEDULED

Waste Paper and Metal to
Be Collected by 4-H
Clubs, Scouts

Grand Haven, Nov. 27 — The county defense committee of which Simon Borr of Holland is chairman met here Wednesday afternoon and arranged to conduct a waste paper and metal collection drive in Ottawa county for the duration of the emergency.

The committee made arrangements with M. P. Russell, scout executive for the Ottawa-Allegan Boy Scout council, for the scouts to conduct the drives in the cities. Through L. R. Arnold, county agricultural agent, the committee arranged for 4-H clubs to conduct the drives in the rural areas.

These groups will sell the waste paper and metal they gather and the proceeds will go to the organization collecting the defense materials.

The committee also decided to call a meeting early in December of all governing officials of small communities, mayors, police and fire chiefs, Red Cross officials and representatives of veterans organizations to discuss county defense measures.

Committee members present Wednesday were Chairman Borr and S. H. Houtman of Holland and John Vyn and Louis Anderson of Grand Haven. Also present were Mrs. Levings of Spring Lake, representing British relief aid in this county, and Mr. Russell.

TRACTOR KILLS ALLEGAN MAN

Allegan, Nov. 27—Funeral services for Asher M. Rice, 41, route 4, Allegan, who was crushed to death Wednesday afternoon when a heavy tractor turned over and crushed him, will be held Saturday at 2:30 p.m. from the Nyberg funeral home.

Officials investigating the accident said Rice was towing a log with the machine. As he was dragging the log up a hill, one end of it plopped into the soft ground, catching on a tree root. The resulting leverage pulled the machine over backward, it was believed.

Rice is survived by his widow, Hester; his father, Andrew Rice of North Hampton, Pa., two sisters, Mrs. Wayne Rhinert and Mrs. Earl Backman, also of North Hampton, and two brothers, Jacob of North Hampton and Roy of Jersey City, N.J.

HOLLAND ALUMINUM IS FINALLY SENT TO REDUCTION CONCERN

At last, Holland's 3,200 pounds of scrap aluminum which was gathered in July by Boy scouts and Camp Fire girls in a city-wide campaign will be used in the national defense program.

Ever since the aluminum was gathered it has been stored at the city warehouse until instructions were received as to its disposal. About a month ago, various western Michigan cities received orders to ship their aluminum to Grand Rapids from where it was sent to a smelter.

Although there are reports that Holland received similar orders, the one who is supposed to have received the orders denied any such orders were received.

Simon Borr, chairman of the county defense committee, then went to work on the project and today received orders from the state procurement office of the U. S. treasury department to send the aluminum to the U. S. Reduction Co. at East Chicago.

Mr. Borr made immediate arrangements with Holland Motor Express, Inc., to take the aluminum to East Chicago by truck this afternoon.

LOCAL GROUP IS FORMED TO AID NAVY CAMPAIGN

Co-Chairmen Are Selected
to Direct Drive Here
for Recruits

Committee Is Organized to
Help Boost Manpower
of U.S. Fleet

At a luncheon meeting of the newly-organized navy advisors committee for Holland in the Warm Friend tavern Wednesday noon, O. W. Lowry and W. A. Butler were named co-chairmen of the committee which is directing the local program to secure enlistments in the navy and naval reserve to man the country's rapidly expanding fleet.

Members of the local committee, in addition to the co-chairmen, are Phillips Brooks, Henry Maentz, H. S. Covell, Stuart Boyd, the Rev. Marion de Velder, Alfred C. Joldersma, William Wismeier, Phil Van Hartesveldt, Melvin Van Tatenhove, Willis Diekmann, Carl Andersen and Warren Merriam.

Robert Bennett and Hugh MacMillan, co-chairmen of the Grand Rapids naval advisors, addressed the meeting. Mr. Bennett told of the immediate need for the right type of men to man the ships that are coming off the ways in ever increasing numbers.

"The navy depends entirely on voluntary enlistment to maintain its high traditions and its mental, moral and physical standard. In October, enlistments in the navy fell to nearly one-half those in September due, perhaps, to several incidents which occurred on the high seas. The navy department estimates it will need from 16,000 to 20,000 recruits per month for the next eight months."

"In order to assist the navy in securing these men, it is enlisting civilian aid by appointing civilians as navy advisors in various communities. This program, just begun in Grand Rapids, has already increased enlistments over 400 per cent in the last two weeks."

FILE PROTEST OVER PARK FEE

Resolutions, "vigorously" protesting to the proposed 25-cent parking fee at the Grand Haven and Holland State parks, have been mailed by City Clerk Oscar Peterson to Governor Van Wageningen, Wayne State secretary of the state conservation commission, and L. M. Jones, chief of the parks division of the conservation department.

Approved by common council last Wednesday, the resolutions were prepared by City Attorney Clarence A. Lokker. The resolution sets out that "it is felt that the imposition of such a fee would be inconsistent with the very purpose for which these public parks were established, giving the general public the benefit of recreational spots on the shores of Lake Michigan and that it would likewise seriously injure the publicized resort program so firmly established in the state of Michigan and work a distinct hardship on those who have no other access to the piers to exercise their fishing rights, and."

"Whereas, the city of Holland, in cooperating with the state program, made a substantial contribution to the establishment of the Holland State park and the viewpoint of its citizens, therefore, is entitled to reasonable consideration."

White was arrested Monday afternoon by local police. The charge involved two minor boys, one nine years old and the other 14 years old.

Grand Haven, Nov. 27 (Special)—Judgment in the amount of \$1,250, plus costs of \$49.60, was decreed by Judge Fred T. Testimony brought out the facts that Veldheer was double parked and opened the door in front of the plaintiff.

Heeringa alleged he suffered severe injuries and spent a large sum for hospital and doctor bills. Three witnesses testified for the plaintiff and four for the defense. Plaintiff sought \$5,000 damages.

Police Chief Jacob Van Hoff is in receipt of a letter from George E. Aitken of Sisters, Ore., who is endeavoring to locate relatives of the late Ed Potter who died in Sisters a few months ago, leaving an estate worth about \$1,000.

Appointed administrator of the estate, Mr. Aitken said he has learned that Mr. Potter had two sisters who were residents in or near Holland, both married and with children. It was believed, he added, that both sisters died.

According to the letter, Potter and his two sisters came to this country many years ago from The Netherlands. The sisters are believed to have been residents of Holland from the time of arrival in this country until their death.

Mr. and Mrs. Ver Woert were married in The Netherlands Feb. 6, 1882, and would have celebrated their 60th wedding anniversary next February.

CHARGE MAN WITH RECKLESS DRIVING

Given a traffic violation summons Wednesday night by local police, Ralph Meeuwse, 25, 30 East Sixth St., faces arraignment before Municipal Judge Raymond L. Smith on a charge of reckless driving.

Police charge that Meeuwse made a wide left turn at Eighth St. and College Ave. with his automobile, continued north to Sixth St., west to Central Ave., south to Seventh St., east to College Ave. and south to 21st or 22nd St. where he was overtaken by the officers.

They charged him with driving with the car lights off at between 60 and 65 miles per hour. Meeuwse at first told police his car lights were shorted but later admitted he had turned them off.

Police ordered the driver to have his car fixed after learning that the brakes were defective, the steering gear "a little out of order" and the speedometer broken. He was told to take the car to police headquarters to have the repairs checked.

Regarding a .32 calibre rifle found in his car, Meeuwse told police he had met a Grand Rapids man here and that the man had purchased the gun for him from a local hardware store.

THREE INJURED IN AUTO CRASH

Four Cars Are Involved in
Mishap on Bridge East
of Holland

Three persons were injured about 4:40 a.m. Sunday in an accident on the Black river bridge of M-21, three miles east of Holland, in which four automobiles were involved.

The injured were Paul Rue, 40, Grand Rapids, cut on leg and hip; Mrs. Genevieve Rue, 38, his wife, gash on head; and Leo Hardy, 281 Columbia Ave., abrasions on left elbow, chin and nose and laceration on right eye.

Mr. and Mrs. Rue are still confined in Holland hospital while Hardy was discharged after receiving treatment.

Automobiles involved in the accident were driven by Rue, Everett De Weerd, 27, 332 Maple Ave., and Gerrit Lemmen, 158 East 16th St. Hardy was riding in the De Weerd car along with John Otting, East Fifth St.

Rue was driving east on M-21 while De Weerd and Lemmen were travelling west on M-21 toward Holland. Lemmen's car was towing another vehicle.

According to the deputy sheriff, Rue's car angled to the left side of the road, first striking the car of Lemmen was driving and then sideswiping the car which was being towed. Then Rue's vehicle crashed almost head-on with the De Weerd car, some 30 or 40 feet behind the preceding two cars.

The officer said Lemmen and De Weerd drove as far to the right as they could to avoid a collision. The injured persons were taken to the hospital by Leonard Reus of Jamestown. Walter Coster, East 15th St., who was driving another caravan of two cars behind those involved in the wreck, was listed as a witness.

LACK OF FUND MAY KEEP BAND OF HHS FROM STATE MEET

Eugene F. Heeter, director of instrumental music in Holland public schools, has been notified that the Holland High School Concert band has been chosen by the Michigan Band and Orchestra association to assist in a band clinic at Ann Arbor in January. The honor is a coveted one and may be considered a compliment to the band, Mr. Heeter said.

Sponsored by the state association and William D. Revelli of the University of Michigan band, the clinic attracts band masters from all parts of the state. The University band plays a quantity of class A and B music, and class C and D selections are played by the chosen class A band in order that the required numbers for the state contests may be chosen by the bandmasters. It is an excellent training in sight reading and playing under different conductors, Mr. Heeter indicated.

Doubt was expressed, however, that the band will be able to accept the appointment. The association allows \$90 towards expenses, but because of the distance to Ann Arbor and the fact that the group would have to remain overnight in that city, it was estimated that total expenses would amount to \$300. There is no provision in the local school budget for such an expense, it was said.

AGREEMENT TO PROVIDE WATER APPROVED HERE

Extension of City Main to
Montello Park Has
Council Okay

Five of Six Plaintiffs of
Montello Park Reveal
Their Complaint

Common council Wednesday Nov. 19, authorized Mayor Henry Geerlings and City Clerk Oscar Peterson to execute an agreement with Holland township in which the city through its board of public works agrees to furnish water to a group of Montello park residents.

However, the agreement did not receive approval until aldermen had discussed whether such action would be setting a precedent on the part of the city in making its utilities available to those of the suburban districts of Holland. Ald. Bruce Raymond said council's minutes should show that this is not a precedent.

In explaining the agreement, City Attorney Clarence A. Lokker pointed out that the subterranean water supply of these six property owners had become polluted and was unfit for domestic use or for cooling purposes "in pasteurizing milk by a dairyman of that vicinity."

Grand Haven, Nov. 27 (Special)—Charging the defendant company with having polluted their water supply, five of six plaintiffs filed declarations in connection with the damage suits recently started in court by summons against the Globe Oil and Refining Co. of Lamont, Ill., which maintains a marine storage base in Montello park near Holland.

Plaintiffs represented in the declarations are John Moeller and wife, Mrs. Evelyn Moeller; Martin Vliem, Herman Kiekintveld and wife, Mrs. Helen Kiekintveld; Simon Dogger and wife, Mrs. Ruth Dogger and Roy E. Young and wife, Mrs. Helen Young. As yet no declaration has been filed by Willis Mulder and wife, Mrs. Ruth Mulder. Each of the plaintiffs, except Mr. and Mrs. Mulder, is asking damages of \$5,000.

The plaintiffs allege that embankments about the storage tanks are treated periodically with some kind of chemical, containing oil, gasoline or other chemical substance and that the cinders and gravel which cover the ground about the tanks also is treated similarly. Further allegations are that the defendant company periodically drains off large quantities of water which accumulate at the bottom of the tanks and that the water contains quantities of gasoline which is drained off into the ground within the embankments; that gasoline is spilled during the loading or unloading from the tanks; that the plaintiffs are informed and believe there is a leakage of gasoline either from the tanks or equipment or through the use of tanks and equipment; that the plaintiff's water supply from driven wells, has been unusable for the past 18 months for drinking or for other purposes due to the strong odor of gasoline, causing them to carry in their water supply from outside sources.

They also allege they have experimented by digging other wells with the same results and that they have had the water analyzed by competent chemists who found the water contained a quantity of gasoline and oil.

Teachers are at present equipped to meet the situation and conduct morning inspection to check upon illness in children.

Child Guidance Clinics are held in Holland and Grand Haven, and provide special examinations for children who present any behavior problems.

There is a clinic at present for Miss Alice Evans who is with the Children's Fund of Michigan, to conduct an extension course for the teachers of Ottawa County in the field of child guidance.

A great deal of health educational work is being conducted at present. Miss Ruth J. Rogers, from the Bureau of Public Health, is conducting a series of classes in the city schools on Dental Health. Mothers are invited to these classes as well as teachers. Last fall the rural schools were covered.

The Children's Fund Dental Clinic is at present conducted by Dr. Winterhoff. This clinic, which is held in the Holland High School, has been a great success. The children of the county are transported to these clinics, and the dental health of the children is being maintained. The clinic is in continuous contact with the work.

A great deal of the work done by the Children's Fund has been carrying on in other parts of the State has been continued. The dental service has been continued in Ottawa County and Grand Haven, and there is no indication at present that the work will be discontinued.

The function of a public health department is the practice of preventive medicine. The objectives in the sanitation program are to prevent the spread of disease, to protect the public health, and to prevent the spread of disease. An effective sanitation program is of necessity a program of education more than of enforcement of any laws. This department resorts to law enforcement only in extreme cases where conditions are dangerous to the public health and we cannot get the cooperation of the individuals responsible in any other manner.

During the year, the health department has assisted in two community sanitation projects of more than ordinary value. Assistance is being given to the Holland Township board in the preparation of a township zoning ordinance. This work will be completed in time for the question to be voted on by the people of Holland Township at the spring election.

Plans and specifications have been prepared for the residents of the Macarata Park area which will remove the health hazard to the public health by the pollution of bathing areas by raw sewage.

Two new sewage disposal plants have been completed and are now in operation. The Municipal Sewage Disposal Plant for the City of Zeeland was completed and put into operation on June 1, 1941. The Zeeland Sewage Disposal Plant is being given the Holland Township as well as local officials. It is present at the official opening. This plant is an activated sludge plant and includes all the latest features of modern design for this type of plant. Since this plant has been in operation it has operated very satisfactorily and will probably eliminate the nuisance which has arisen from the disposal of sewage formerly caused by the old plant.

The other plant is a treatment plant installed by the Holland Township at Zeeland for the treatment of their own industrial wastes. This plant is operated entirely separately from the Zeeland Municipal Plant. The Holland Township's plant is of particular interest because of the principle of operation. It is a radical change from the method of operation reported in most sewage disposal plants. So far, the plant has been operating very satisfactorily and it is expected that it will continue to operate satisfactorily. Officials are also present at the time this plant was formally opened. They are watching the operation methods very closely.

Mr. Heneveld moved that the report be referred to the Health Committee which motion prevailed.

Communication from Simon Borst, Holland, Mich., October 15, 1941. Board of Supervisors of Ottawa County, Grand Haven, Michigan.

Gentlemen:

You, no doubt, are aware of the fact that the writer has been appointed Chairman of the Ottawa County Social Welfare Board, and it appears that each county council has to finance its own program.

It has been suggested by the State Council of Defense that we appeal to the Board of Supervisors. In some of the other counties they have responded very nicely.

The expenses connected with this organization for stamps, telephone calls, and necessary trips by the chairman and the secretary. To date the writer has already expended Three Dollars and Twenty Cents (\$3.20) for telephone calls and stamps. This is a very small sum, but it is a general idea of what costs there are.

I would highly recommend that a fund of One Hundred Fifty Dollars (\$150.00) be made for this program.

Hoping that we may receive your fine cooperation in this matter, I remain very truly yours,

SIMON BORST, Chairman of Ottawa County Council of Defense

Mr. Hendrych moved that the communication be referred to the Finance and Budget Committee which motion prevailed.

Telegram from Board of Hudsonville Fair Board, Hudsonville, Mich.

Ottawa County Board of Supervisors, Grand Haven, Mich.

Due to serious handicap for one of men this afternoon we are not able to attend your Board. We would like to ask for the same amount as has been given away at the Hudsonville fair.

Hudsonville Fair Board, Wm. Vanderkolk, Chairman.

Mr. Heneveld moved that the request be referred to the Finance and Budget Committee which motion prevailed.

Mr. Geerlings moved that we appropriate \$1,000.00 for the West Ottawa Soil Conservation District which motion prevailed as shown by the following vote: Yeas—Messrs. Zylstra, Vollink, Hassold, Heckel, Stegenga, Heneveld, Hendrych, Helder, Smallegan, Stengena, Ter Avest, Garbrecht, Szopinski, Bottema, Slaughter, Martin, Mohr, Van Wessem, Soule, Rosbach, Osterhouse, Geerlings, Van Ark, Postma, Van Tongeren, Lokker, Frankena and Cook. Nays: None.

Mr. Hunter Hering reported that the prospects were good for the erection of a fire tower in Ottawa County by the State Conservation Commission, and requested that the board go on record in favor of the project.

Mr. Mohr moved that the matter be referred to the Conservation Committee which motion prevailed.

Mr. Heckel moved that the board adjourn to Thursday, October 16, 1941, at 10:00 a. m., which motion prevailed.

DICK E. SMALLEGAN, Chairman.

Communication from Ottawa County Social Welfare Board.

Holland, Michigan, October 18, 1941

To the Honorable Board of Supervisors of Ottawa County, Michigan:

Gentlemen:

The Welfare law under which we operate provides that the County Social Welfare Board, subject to the approval of the Board of Supervisors, shall select the personnel and establish the qualifications and compensation of all of the employees and assistants necessary to carry out the provisions of the welfare act pertaining to the forms of relief not financed jointly by state and Federal funds.

We have considered the matter of personnel and compensation and have selected the personnel and established the compensation of the employees of this department for the fiscal year 1941 as follows:

Director, J. S. Van Volkenburg \$2,400.00
Accountant J. D. Vrijns \$1,200.00
Case Supervisor Neela De Groot \$1,200.00
Intake & filing clerk June Dorn \$1,000.00
Order & Bill clerk Jane Verburg \$600.00
Budget clerk & Investigator, part time Mrs. Grace Scholte \$100.00
Keeper of the Infirmary Louis H. \$1,000.00
Matron of the Infirmary Mrs. Scholte \$1,000.00
County Farm Foreman Mr. Scholte \$400.00
Kitchen Worker, Infirmary—Adrianna Modderman \$400.00
Kitchen Worker, Infirmary—Doris Modderman \$400.00
In arriving at this schedule we have considered the duties and responsibilities, the minimum salary paid to employees in the same position, and the experience and ability of each of the employees in the several county departments including this department. It is our belief that the policy of "like pay for like service" should prevail in all of the County departments.

We have also taken into consideration the fact that living costs have increased materially during the past year, and in this connection we call your attention to the fact that the Grand Rapids Press attached herewith, which refers to recent action taken by the Kent County Supervisors. The minimum salary paid to employees of the Social Aid Bureau in this county is \$1,000.00 per year. Some of these employees have had no or no experience in the same position and coming directly out of high school. All of our staff have had several years experience in the positions which they fill.

We have also taken into consideration the prevailing wages in private industry where this same class of workers are employed. However, realizing that in private industry the workers are not employed by the county, we have not given a great deal of weight to this factor.

For the best interest of the County we feel that we should continue the work with experienced employees, as it requires quite some time to train workers for this kind of work.

We ask that you give this matter careful consideration, as we have done, and that you approve the salary schedule as submitted.

Yours truly,
GERIT ZAAGMAN, Chairman.
SIMON KLEIN, Vice Chairman.
J. S. VAN VOLKENBURG, Secretary.
Ottawa County Department of Social Welfare.

Mr. Van Ark moved that the communication be referred to the Finance and Budget Committee which motion prevailed.

Mr. Van Ark moved that all indigent hospital cases be paid for in full by the county and that 50 per cent of the cost be charged back to the various cities and townships.

Yours truly,
DICK E. SMALLEGAN, Chairman.

WILLIAM WILDS, Clerk.

CITY MISSION SERVES THANKSGIVING DINNER

Although disappointed in not getting deer from the conservation department, 200 boys, girls, men and women enjoyed a fine Thanksgiving dinner in the City Mission at 6 p.m. Thursday consisting of veal and pork, mashed potatoes, gravy, green beans, celery, pickles, pie, rolls, coffee and milk. Groceries and meat were distributed to families found to be in need.

Supt. George Trotter of the mission said today that if anybody here went hungry on Thanksgiving day it was because the "mission couldn't find them or they couldn't find the mission." Those not able to attend the dinner on Thanksgiving day were to receive baskets today.

Preceding the dinner a Thanksgiving service was held at 5 p.m. with the Tebo family in charge. The music was in keeping with the holiday and Mrs. Tebo spoke on "Harvest and Home." Supt. Trotter told of writing ten Thanksgiving letters to boys in army camps and Mrs. Tebo dedicated an instrumental trio selection to all boys in the U.S. service.

More Local Hunters Report Shooting Deer

Additional Holland hunters have returned home from hunting trips in northern Michigan with deer. Frank M. Lievease, route 1, Holland, shot and killed a 160-pound buck Tuesday, Nov. 18, while hunting near his hunting camp in Missaukee county. Mr. Lievease also took motion pictures of some does and a buck feeding in the woods.

City Clerk Oscar Peterson returned on Nov. 19 from a hunting trip near Traverse city with a buck which weighed slightly more than 100 pounds.

Sam Althuis, 322 River Ave., and Len Arnold of the North side returned Thursday from hunting between Matchwood and Marenico. Althuis shot a 10-point buck weighing 217 pounds and Arnold bagged an eight-point buck weighing 132 pounds.

Dave and Cal Nordhoff, 257 West 11th St., returned Thursday night with two deer. Cal's catch weighed 175 pounds and Dave's 150 pounds. They hunted in Lake county.

Grissen-Velzen Vows Are Spoken in Grand Rapids

Calvin Seminary chapel, Grand Rapids, was the scene of a wedding Wednesday night, Nov. 19, when Miss Lillian Velzen, daughter of Mr. and Mrs. Henry Velzen of Lynch St., Grand Rapids, was given in marriage by her father to Raymond Grissen, son of Mr. and Mrs. Henry Grissen of Holland.

The wedding took place at 8 o'clock before a lighted arch of white lilies with candelabra and baskets of fall flowers on either side. Single tapers burned in the windows of the chapel.

The bride chose a princess style gown of white brocaded taffeta with a long train and a fingertip veil of tulle and lace held in place by a cluster of gardenias. She carried a white satin covered Bible with a small cluster of white flowers and long streamers.

Music before the ceremony was furnished by Miss Alice Schippers at the piano and the traditional wedding marches were played by Master Frank Velzen, brother of the bride. William Burgering sang "Bless This House," "Because" and "The Lord's Prayer."

Large Crowd Present at Joint C.E. Meet

Elder-Elect C. De Waard of Sixth Reformed church gave an inspiring address on "The Relationship of the Young People and the Consistory" at a joint meeting of the Young People's and Senior-Intermediate Christian Endeavor societies Sunday evening in Sixth church. He based his talk on his own experiences and impressions.

Mr. De Waard defined the consistory as the ruling body of the church elected by the people to carry on the work of the church in a decent and proper manner. He pointed out that churches do not save souls, that they are just avenues to Christ and that the saving of souls is the work of the Holy Spirit. He said the first responsibility of the consistory is to

be true to God, and secondly to the people, pointing out that the example a consistory member sets forth is most important.

The speaker stated that often the consistory expects too much of the young people, that the ruling body does not take into consideration the degree of Christianity and faith, that joining church is only the beginning and Christianity and faith increase with years of Christian living.

Quoting President Robert M. Hutchins of Chicago university that the fundamental purpose of college is to teach people to think, Mr. De Waard said it makes all the "difference in the world what our attitude is to the church and to God." He said the main purpose of the church is to preach the gospel and immortality. He pointed out that the church is only as good as the individual members and that the properly conducted church should offer to the young people a chance to express spiritual youth from day to day and week to week. He emphasized, "The church cannot give you anything unless you come with an open heart."

George Stegenga presided at the meeting and Herbert Wybenga led the singing. Vern Kraai read scripture. About 60 were present. At Fourth church, Russell Koeleman led on the topic, "The Christian is Grateful." Lloyd De Roos led the song service. About 20 were present.

Ether Vanden Belt was the leader at a meeting of the Ebenezer society and led a discussion on the Thanksgiving topic. Two visitors from Fourth church were present as representatives of the flying squadron.

Fire Chief Cornelius Blom, Jr., has estimated that fire last Wednesday at 6:15 p.m. caused between \$500 and \$600 damage to the home of John Kolean, 67 West First St.

SUNDAY DINNER Suggestions

AMERICAN mothers recently received a challenge—one that can easily be met and defeated. Army medical records show that their boys hadn't been well-fed prior to going into service. This doesn't mean that they hadn't eaten well. Instead, it means they hadn't eaten wisely.

During the course of a week, the report shows, the average American should consume six quarts of milk; 1½ pounds potatoes; 1 ounce dried peas or beans; 5 pounds of food rich in vitamin C, such as oranges and tomatoes; 3 pounds of leafy green vegetables; 6 pounds of other fruits and vegetables; 9 eggs, 3 pounds lean meat, poultry or fish; 1 pound, 12 ounces flour and cereals; 1 pound, 2 ounces of fats, and 1 pound, 2 ounces of sugar. Plenty of substitutions are suggested—cheese for milk, and variations of "green leafy vegetables," including green beans, carrots, cabbage and kale. By watching the food specials during the week, and buying foods that are inexpensive, the housewife can keep this list within a small budget. The result will be a family well fed.

Based on special buys in the market this week, Marion Rouse Budd, of the Kitchen, has prepared the following menus at different price levels, paying particular attention to the "musts" suggested by U. S. nutritionists:

Low Cost Dinner
Braised Lamb Breast
Scalloped Potatoes and Cabbage

Cranberry and Tapioca Pudding

Medium Cost Dinner

Stage Will Be Erected on Lawn for Pageant in December

The Netherlands museum will revive one of the oldest and best Dutch legends on Friday night, Dec. 5, when the coming of St. Nicholas, the Dutch Santa Claus, will be reenacted in a brief outdoor pageant from a stage erected on the museum lawn.

In making the announcement Willard C. Wiebers, museum director, pointed out the program was planned as a museum service to the school children of the city and surrounding community and connection with their study of the celebration of Christmas throughout the world. It is also fulfilling a museum policy of keeping alive for this Dutch community the best in literature, music, and educational achievements of the Netherlands which were brought to America by Dutch immigrants and greatly influenced American cultural advancement.

The St. Nicholas story will serve to emphasize the present plight of The Netherlands under enemy occupation where the customary observance of St. Nicholas day and Christmas day cannot be celebrated as usual.

In The Netherlands, Dec. 6, St. Nicholas day, is the time for a gift exchange while Christmas day is solemnly observed with religious services to commemorate the anniversary of Christ's birth. On the eve, St. Nicholas accompanied by his colored servant visits all Dutch homes to inquire from the children whether they have been good or bad during the year just past. The children in their wooden shoes for St. Nicholas' white horse and retire awake in the morning and find shoes crammed with sweets and toys.

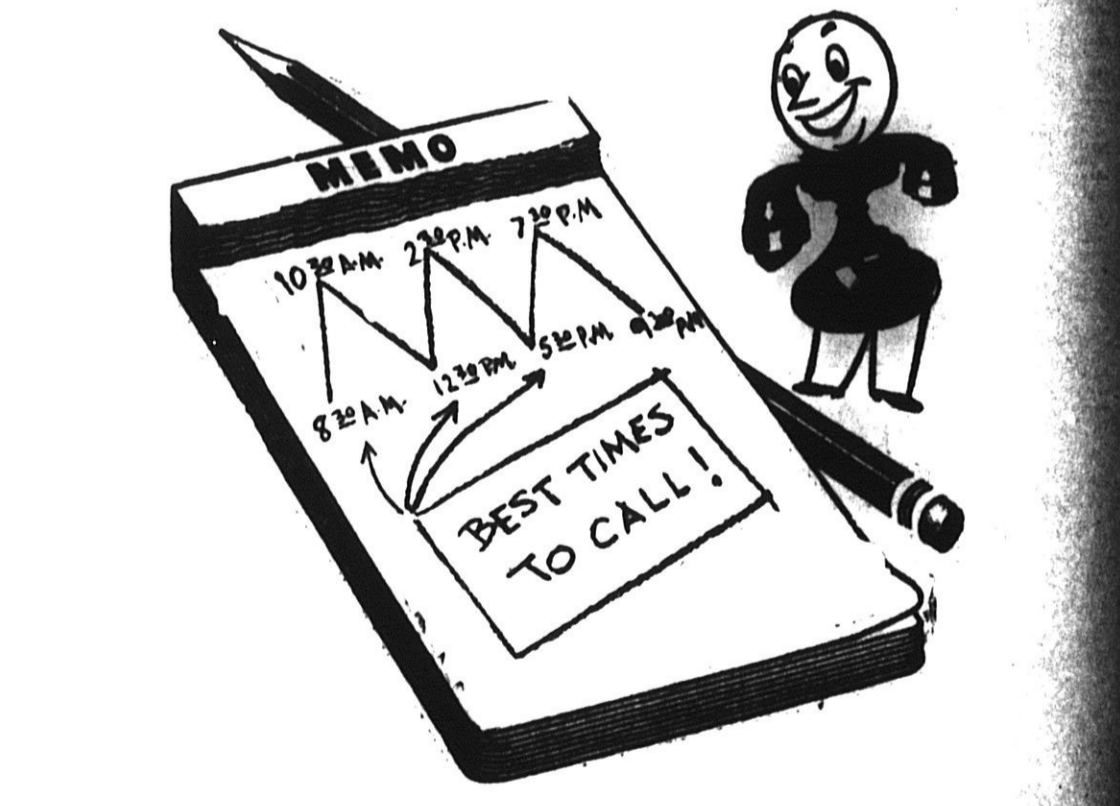

Last year the museum prepared four pictorial illuminated windows to illustrate the legend and the story was read and told to the children in the schools. This proved so popular that the pageant was planned for this year.

Responsibility for staging the event is shared by two committees of the Women's Literary club, the museum committee, and chairmanship of Mrs. J. J. Brouwer and the drama group that headed by Mrs. William Winter Jr., under whose direction the event will be staged. Miss Carolyn Hawes, elementary school supervisor for the Holland schools, and Miss Frederica De Jong, principal of the Christian grade schools are correlating the program throughout the grades to prepare for participation and enjoyment of the school children. Miss Margaret Van Vynen, elementary school music supervisor, is teaching the children appropriate music for the event.

In The Netherlands, St. Nicholas eve is an occasion for merchants and storekeepers to hold a sale in a special way and it is probable that Holland Merchants through the retail merchants division, John Van Tatenhove, president, may mark the celebration with special activity.

Communications from Boards and City Officers

The claims approved by the following boards were certified to the Council for payment: Hospital board, \$1,677.50; Park and Cemetery board, \$1,343.52; Library board, \$294.39; Police and Fire board, \$13,897.32; Board of Public Works, \$16,335.67.

Allowed. (Said claims on file in clerk's office for public inspection.)

Board of Public Works reported the collection of \$32,683.85; city treasurer, \$6,197.65.

Allowed. Clerk presented, on behalf of the Holland Furnace Co., an application to withhold from sale lots 10 and 11 and South 100 feet of lot 14, block H, Bosman's Add. The above specified property was deeded to the state of Michigan on May 6, 1941. The property owner desires to pay up all the back taxes and redeem the property at once. In order to do this, it is necessary to request the State Land Office board to withhold the property from sale.

Approved. Clerk presented communication from the Board of Public Works together with an agreement between the city of Holland and Holland township whereby the city agrees to lay water mains in special assessment district in Montello park and the cost of laying water mains to be paid for by Holland township. In this connection, some of the aldermen raised the question in regard to the advisability of having the city go outside its limits to furnish water. It was brought out that during certain dry periods in the summer, it is difficult for the city to get enough water to supply its own citizens and questioned whether it would be good judgment to take on any more customers.

In this connection, the city attorney explained that the board does not desire to set any precedent by furnishing water to this particular district. The city attorney stated that the reason the board is agreeable to going outside in this particular case is to relieve some 6 to 8 homes which are now having difficulty securing pure water. The city attorney further stated that it appears that oil has saturated the ground to such an extent that the water supply has been polluted and the only reason that the board is agreeing to furnish these particular homes with water is to help these few neighbors out of a serious situation.

City Attorney further stated that this would in no way be setting a precedent for future requests that might come to the board.

After quite some further discussion, it was moved by Ald. Kleis, seconded by Ketel. That the council approve of entering into such an agreement with Holland township in this particular instance only.

Council adjourned. Oscar Peterson, City Clerk.

Common Council

Holland, Mich., Nov. 19, 1941. The Common Council met in regular session and was called to order by the mayor. The meeting was held at 5 p.m. instead of 7:30 p.m. on account of the following day being Thanksgiving day.

Petitions and Accounts

Referred to Ordinance committee.

Clerk presented petition from property owners interested in requesting the closing of the alley between 19th and 20th Sts. east from Van Raalte Ave. to approximately the middle of the block.

Referred to the Street committee.

Clerk-presented communication from the Netherlands Pioneer and Historical Foundation calling attention to a program that they are to put on to celebrate St. Nicholas day on Dec. 5th, and in this connection they request that the Council ask the cooperation of the police department to close off 12th

St. from River to College Ave. and Central Ave from 10th to 12th Sts. during this celebration which will be held at the museum building grounds during the early evening of that day. In this connection, an invitation is also extended to the Council and other city officials to attend this celebration.

Request was approved.

Clerk presented communication from State Representative Nelson A. Miles calling attention to a proposed plan that has been presented by the director of the parks division in which he is proposing a fee system to be charged all patrons who enter the Grand Haven State park and the Holland State park. This fee which it is proposed to charge is 25 cents per car. Mr. Miles brought out in his communication that if such a charge were made there would be a revenue from these two parks of between \$400,000 and \$500,000 per year based on the attendance during the past season.

The communication further stated that this money would be used to improve not only these two parks but other state parks throughout the state of Michigan that are of less importance. Communication further stated that in his opinion the state legislature is not in favor of making a charge, but

Common council, opposing the proposal of the state conservation commission to charge a 25-cent auto parking fee at Holland and Grand Haven state parks, authorized City Attorney Clarence A. Lokker Wednesday, Nov. 19, to draw up a resolution of protest.

Copies of the resolution, as requested in a communication from State Rep. Nelson A. Miles of Holland, will be forwarded to Governor Van Wagoner, the state conservation commission and the director of the state parks division on motion by Ald. Bruce Raymond, supported by Ald. Bertal H. Slaght.

Ald. Albert P. Kleis reminded aldermen that the city appropriated \$10,000 for the development of the state park on Lake Michigan and suggested this be brought to the commission's attention.

In other business, council authorized the closing of 12th St. between River and College Aves. and Central Ave. from Graves place to 13th St. in connection with the St. Nicholas pageant which the Netherlands museum staff will present Friday night, Dec. 5, from a stage on the museum lawn. Willard C. Wichers, museum director who invited aldermen to attend the event, requested the closing.

A recommendation of Kleis, chairman of the public lighting committee, that a street light be installed at 22nd St. and Pine Ave., was approved.

Ald. Henry Ketel, chairman of the civic improvements committee, reported that conditions caused by smoke at the gas plant of the Michigan Gas and Electric Co., had not been bettered but that it is still receiving consideration.

A petition, signed by seven property owners, who requested that the alley between 19th and 20th Sts., directly east of Van Raalte school, be vacated was referred to the street committee.

A communication from Nellie LaDick, chairman of the safety committee of the Woman's Literary club, in which the committee gave endorsement to the proposed bicycle ordinance recently submitted by Police Chief Jacob Van Hoff to the police and fire board, was referred to the ordinance committee.

Council approved the request of the Holland Furnace Co. that application be made with the state land office board to withhold sale of lots 10 and 11 and south 100 feet of lot 14, block H. Bosman's addition. The company revealed that the property owner desires to pay up all back taxes and redeem the property at once as it was decided to the state May 6, 1941.

Grand Rapids Nov. 27 — An airplane accident which occurred Saturday afternoon on Delaney road in Tallmadge township, Ottawa county, one half mile south of M-50, resulted in the death of Gustave Kovach, 30, Grandville oil field worker who was to have entered the royal Canadian air force next week.

Kovach, formerly of Mt. Pleasant, held a student pilot's permit and the plane he was operating at the time of his death was rebuilt by himself, according to his employer, George Kernode, of the Kernode Oil Co.

He was dead upon admission to Butterworth hospital, where he was taken in Greenhoe's ambulance after he had been removed from the plane which had fallen on the farm property of Leo Bassett.

The engine of the plane, which was an Aeronca C-3, was demolished, the left wing was badly crumpled and the landing gear had been sheared off.

Three witnesses, Emmet Bassett and Bob and Chester Bergman, reported the plane was banking left when the motor sputtered, came to life again and then the plane went into a spin from a height which they estimated to be about 300 feet. The Bergmans are neighbors of the Bassetts, and all three were on the Bassett farm when the accident happened.

T. D. Thompson, who lived near the scene of the crash and was a close acquaintance of Kovach, was the first to arrive at the plane and with the aid of a passing motorist pulled Kovach from the plane.

Kovach had soiled under the instruction of Carl Susemihl, former instructor at the airport, who is now an instructor at a primary training field in Florida for the U. S. army aviation cadet program.

Kovach had lived in Grandville about a year and a half, and had come here from Mt. Pleasant.

His body was to be taken to the Crandall funeral chapel in St. Louis, Mich.

The double ring ceremony was read at 8 p.m. by the Rev. H. J. Schripsema of Pine Creek before a beautiful setting of palms, ferns and candelabra. The bridal procession entered to the strains of the Lohengrin wedding march which was played by Hazel Timmer.

He was one of the 83 individuals who were indicted by a federal grand jury.

(According to the New York Times, Maxwell S. McKnight, assistant U. S. attorney, in charge of the case, recommended a suspended sentence and probation for 32 of the defendants because they were "minor distributors." Knapp contended he had purchased some lottery tickets but had not sold them.)
