Burglars have caused a reign of terror at Niles. Congressman Edward L. Hamilton, who will be remembered as the orator who made such a good impression here during the campaign, made known the fact that he would be pleased to receive any house-breakers and loaded his double-barreled shotgun in order to be ready for them. They did not disappoint the congressman. He heard them trying to effect an entrance and fired. He did not kill any of the men, but it is certain that he winged at least one of them, as blood was found on the front walk.

The new congressional apportionment of the state under the census of 1900 will be a matter of great importance. The present ratio of representation is 171,000. The proposed ratio will be 200,000 or thereabouts. According to the late census our district has a population of 203,710. But it is very likely that the change in representation will change every district. What's the matter with forming a lake shore district composed of the counties of Berrien, Van Buren, Allegan, Ottawa and Muskegon? They have a population of about 200,000 and would make an ideal district. Their interests are all the same. Every one has its ports and in population they are so nearly equal that no one county would have an advantage. As it is now, Kent controls this district and the interests of our county and of Ionia and Kent are far separated. Let's have a lake shore district.—Grand Haven Tribune.

## JAS. A. BROUWER,

212-214 River Street,

Holland.

Capt. James Sanford and Denny and Dan McMillan, owners of the steamers Matthew Wilson and John Otis, have made big money in the lumber traffic this summer. The Otis was chartered for \$8,000 with all expenses paid, and the Wilson \$6,500. These gentlemen recently purchased the condemned steamer Cleveland for \$1,500. This boat has machinery in her valued at \$6,000. Capt. Sanford intends to buy a new hull and put the machinery of the Cleveland into it, making a good steamer. The Cleveland will then be converted into a tow barge. The boat will be towed up from Chicago to Sturgeon Bay and the changes and repairs will be made by Reibolt & Wolter, Sturgeon Bay. This will give Capt. Sanford and his partners a fleet of four boats.

A ball is to be given in honor of the life savers of Ludington in that city December 6.

Superintendent Mercereau of the Pere Marquette company is authority for the statement that the boats of his line will be equipped with carrier pigeons. For years these boats have struggled with the obstacles and dangers incident to winter navigation, and in spite of rather than because of existing conditions their movements have been attended with success beyond expectation. But the element of danger is still far from being eliminated. The new service to be inaugurated by the Pere Marquette company is intended primarily for use during the winter months, but of course in its commercial features it will continued throughout the year. By means of these birds, which in all cases will fly to the pigeon home to be established at Ludington masters of ice-imprisoned vessels may communicate with those ashore and the latter may be apprised of their condition and needs. Steamers are often held in an ice pack for hours, days and even weeks, and those on board may suffer great hardships and privation. The proposed service will also be highly useful in case of accidents. When too late Mr. Mercereau discovered that it would be impossible to inaugurate the pigeon service this year, because the birds must be bred for the particular service for which they are intended. Accordingly the company will breed a number of carriers early in the spring and by another winter they will be old enough for use. It is thought that inasmuch as only comparatively short distances are to be covered, the birds will be found able to endure the severe winters. They are expected to make as high as forty or fifty miles an hour under favorable conditions, although it is doubtful whether they will be able to make this headway directly against some of the high winds prevalent in this lake region.

The Sugar Beet Industry.

Now for a vast development of the beet sugar industry in the United States!

Already 33 beet sugar factories are in successful operation in the United States. This fall they are cutting up a hundred thousand tons of beets daily and are paying the farmers half a million dollars a day for this new crop. And wherever the farmers are practicing the culture of sugar beets with industry and intelligence, it is proving a remarkably profitable crop. Indeed, the beet sugar industry promises to be the greatest addition of the twentieth century to American Agriculture.

Yet in spite of this it is a fact that farmers are slow to realize the possibilities of the industry. So true is this that several of the factories already established have difficulty in securing all the beets they need. This is not surprising for the sugar beet requires intensive culture, and farmers are proverbially slow to change from old methods and old crops to new ones. This is the weakness in the sugar beet industry at the present time, and it is the only weakness in the whole proposition. Given an ample supply of beets of good quality, the investment in a sugar factory is bound to be profitable to all concerned, provided, of course, that the enterprise is properly managed. And at four to six dollars per ton there is no staple crop that can compare in profit to the farmer with the sugar beet.

What is now needed, therefore, is a grand campaign of education among farmers to convince them of the above facts, and to enable them to enjoy the new source of profit afforded by this industry. Its development is now "up against" the farmer. Several thousand progressive farmers have learned by experience that all we have said in behalf of the beet sugar industry has been understated. They have demonstrated what a good thing it is for them, and their experience can now be drawn upon for the grand campaign in behalf of the sugar beet that should be conducted by every farmer.

club, agricultural organization, farmers' institute and agricultural college where soil and climate favor the industry. If these agencies will co-operate earnestly and heartily, a dozen or twenty new beet sugar factories should be established this winter in time to afford a new home market next fall for thousands of acres of it is new crop.

Orange Judd Farmer is proud to be the recognized father of the industry in its present stage. But we shall not let up on this job until every dollar of that one hundred millions goes into the pockets of our American farmers. They are the men that we are working for, first, last, and all the time. And they know it too.—Orange Judd Farmer.

OUR NEIGHBORS.

On account of the closing of the postoffice, Thanksgiving Day it was impossible to get some of the correspondence in time for publication this week. It will appear in the next issue. (Ed.)

The people of Whitehall are alarmed over the recent acquiring of the idle tannery plant at Grand Haven by the Eagle Tanning company of Chicago, owners of the Whitehall tannery, for it is rumored that the two tanneries are to be consolidated at Grand Haven, and thus rob Whitehall of its largest industry. The Whitehall tannery has been in operation for 30 years and has employed as high as 150 men, and should the company see fit to move to Grand Haven the future prospects of Whitehall will be very uncertain.

Mr. and Mrs. W. Phillips of Grand Haven left this afternoon for Circleville, Ohio, to spend the coming winter with their son and his family, Prof. E. W. Phillips.

GAIN FLESH  
An Absolute Necessity  
in Many Cases.

A DECREASE IN WEIGHT  
FREQUENTLY INDICATES  
A DECLINE.

Our Modern Rebuilder, Vinol,  
Will Help You Do It.

THE WAY IT ACTS ON A DEPLETED CONSTITUTION IS  
SIMPLY MARVELOUS.

Are you getting thin? If you are you had better watch yourself. Take Vinol. It will build you up quickly and surely.

A healthy man does not vary much from year to year in his weight. This is as it should be. Vinol enables the organs of the body to renew flesh, muscle tissue, bone structure, and attends to purifying the great vital current of the human system, the blood.

Vinol contains the active curative properties of Cod-Liver Oil in a highly concentrated state, and is the most wonderful tonic that we have ever had anything to do with.

Vinol acts upon the stomach in a beneficial way, enabling it to obtain for itself the necessary ingredients from the food that is taken into it to build up the pure healthy body and increase the weight.

Mr. H. M. Stufell, who is a well-known passenger trainman on the Boston and Maine Railroad, suffered, as many railroad men do, with kidney and other troubles. He writes as follows:

"My kidneys troubled me a great deal, my bowels were very irregular, I had great distress in my stomach, suffered with bilious headaches, had no appetite, could not sleep nights, and was losing flesh rapidly. I began to take Vinol. I am now on my third bottle, and it is doing wonders for me. My kidneys are better, my bowels are again regular, my stomach no longer troubles me, and no more headaches, and as for appetite, don't speak of it; I sleep like a top and have gained thirteen pounds. You can count on me always to recommend Vinol as the king of medicines."

With many such testimonials as the above coming before us, it is not strange that we endorse Vinol as strongly as we do. We unhesitatingly agree to return to any one who has taken Vinol and is not satisfied that it has accomplished all that we claim for it every cent that they have paid us for this remedy.

## TO INSURE PURE BLOOD

Keep the Kidneys and Liver Healthy, Active and Vigorous by Using

### DR. A. W. CHASE'S KIDNEY-LIVER PILLS.

Nature makes an extra effort in the spring to rid the blood of its impurities, and the filters of the blood—the kidneys and liver—are called upon to perform an enormous amount of labor.

As a result, they become tired and exhausted, and there are backaches, side-aches, headaches, and pains in the shoulders and limbs. Digestion is deranged, and the languid, exhausted feelings of spring cause misery to the body.

There is only one means of making the blood pure, and that is through the kidneys and liver—the filters of the blood. By acting directly on these delicate organs, Dr. Chase's Kidney-Liver Pills purify the blood as no other preparation was ever known to do.

Mr. Wm. L. Maurey, Scottsville, N. Y., writes: "Liver complaint and impure blood were the bane of my life for years. My face was covered with pimples and blotches, and I could get nothing to help me until I tried Dr. A. W. Chase's Kidney-Liver Pills. My skin is now clear, and I consider these pills invaluable as a remedy for constipation, liver complaint and impure blood. As a kidney medicine they are par excellence, and I shall recommend them to my friends."

## NAVY'S SPLENDID RECORD

Secretary Long Makes Annual Report on Operations of His Department.

### CHINESE CAMPAIGN GIVEN FIRST PLACE.

High Praise for American Seamen and Marines—Increase in Personnel of Navy and Additional Ships Asked of Congress—National Naval Reserve Is Suggested.

Washington, Nov. 27.—The annual report of Secretary of the Navy Long contains many interesting comments on the work of our sailors and marines during the past year, and many important recommendations for changes in the naval service.

The work of the navy in Chinese waters, and the part played by our sailors and marines in the stirring scenes attending the Boxer uprising in that country, is given first place in the report. It is pointed out that because of precautionary measures taken by the department before the beginning of the trouble in Peking this government had an adequate naval force at the nearest seaport town from which assistance could be offered when the trouble came, and that before the closing of communication between the Chinese coast and Peking a force of marines, consisting of 56 officers and men, had been sent to Peking to serve as a garrison guard. Of the part which this guard took in the stirring scenes which followed Secretary Long says:

**Dramatic Incidents.**

"The annals of history present few examples of more dramatic interest than the story of the beleaguered legations in Peking, from June 20, 1900, the date on which the German minister was killed and the siege began, until August 14, when the allied forces entered the Chinese capital. Official and unofficial reports, and particularly the dispatches of our minister, show that the American marines bore their full share in the burdens of defense during this memorable siege. The United States legation was situated just inside of and near to the wall of the Tartar city. When the legations were assaulted, the American detachment immediately occupied a position of great importance, established an improvised sandbag fort there, which enabled them to defend the section of wall immediately commanding the legations, and, although repeatedly attacked by overwhelming numbers, and on two occasions driven for a few minutes from the wall, they were never permanently dislodged, but held this vital position until relief came."

**Praise for American Seamen.**

He also praises highly the force of American seamen and marines which, under Capt. McCalla, participated in the attempt led by Admiral Seymour, of the English navy, to relieve the legations at Peking. That the heroism of these men was appreciated abroad as well as at home is proven by the following extract from a letter of Admiral Seymour to the American naval officer at Taku, which is made a part of the secretary's report:

"I cannot conclude my letter without expressing to you, in the highest admiration I have for Capt. B. H. McCalla, who accompanied us in command of your officers and men. Their post was usually in the advanced guard, where their zeal and go was praised by all. I regret to state that Capt. McCalla was wounded in three places, but considering the gallant way in which he exposed himself I am only equally surprised and thankful that he is alive."

**Important Recommendations.**

Of the recommendations probably the most important are those relating to an increase in the personnel of the navy and for additional ships. Of the former, after referring to the steady increase in the demand for officers for sea duty, the secretary says:

"This need will be still greater when vessels authorized or building are completed and ready for commission. The report of the bureau of navigation represents that it would be impossible at the present time to man our available fleet were an emergency to occur demanding such action. Attention is earnestly invited to the detailed suggestions of this report and to the statement that with the completion of vessels now under construction an immediate increase will be needed in the enlisted force of not less than 5,000 men."

**New Ships Needed.**

Of the increase in ships the general board, of which Admiral Dewey is president, could not agree, but from their various recommendations Secretary Long selects the following as especially needed:

"Two battleships and two armored cruisers, all of the maximum displacement specified; that at least six light-draft gunboats and some small craft for river service are especially desirable in connection with our insular service, and that the colliers, training ships, transport and repair ship are the necessary accompaniment of the general recent increase of the navy, both in its fighting force and in the enlarged range of its operations."

**Other Suggestions.**

Other recommendations are for such legislation as will give to naval officers serving on shore duty on their island possessions the same increase in pay as is granted officers of the army; a decrease in the term of enlistment in the marine corps from five to four years, and the consolidation of the navy departments of construction and repair and steam engineering and equipment.

The report closes with the following tribute to the officers and men of the navy:

"There is no finer type of the public servant trained to high sense of his official obligations, and no hand in which the honor of his country and the rights of its citizens are safer, than are to be found in the navy of the United States."

**Number of Post Offices.**

Washington, Nov. 26.—The annual report of the fourth assistant postmaster general says that on June 30 last there were 75,688 post offices in the United States, 193 being first class, 652 second class, 3,187 third class and 71,456 fourth class.

**Killed by Live Wire.**

Akron, O., Nov. 27.—Frank Werner and Louis Rohr were killed by a broken telephone wire charged with electricity. It had fallen across a trolley wire. The men stooped to pick it up and both were instantly killed.

**Value of Minerals.**

Washington, Nov. 26.—The total value of all the minerals produced in the United States during the last calendar year amounted to \$376,608,946, an increase of \$278,188,226 over 1899.

**Seven Drowned.**

Sandusky, O., Nov. 28.—A steamer just arrived here brings news of the loss of the schooner Maumee Valley, with a crew of seven, near Point Pelee, in Lake Erie.

## Holland City News.

FRIDAY, Nov. 30, 1900.

N. J. WHELAN, Editor.

### New Steamer Next Summer.

A new steamer will be placed on the Holland & Chicago boat line next summer. The contract for constructing it has been let to the Craig Shipbuilding company of Toledo, Ohio. Most of the material has been purchased and the work of construction is in progress.

The boat will be ready for next summer's business and running with the Soo City will make the Holland & Chicago line one of the best on this shore. The hull of the new steamer will be built of iron from keel to saloon deck. The plans show that it will be built on graceful lines and that it will be able to weather the roughest seas. The cabin will be built according to the latest design with a view of adding to the comfort of passengers. A smoking room and fifteen state rooms will be placed on the hurricane deck next to the pilot house and captain's quarters. On the cabin deck a large dining room will be placed in the forward part and back of this a row of staterooms will be placed on each side of the cabin.

The steamer will be 240 feet over all and 40 feet beam. Sleeping accommodations will be furnished for 200 passengers. It will be equipped with triple expansion engines, 21, 34, 58, with a 40 foot stroke and four marine water tube boilers capable of carrying a pressure of 200 pounds. A speed of 18 miles an hour is guaranteed and it is expected that a 30 mile limit will be reached.

With the new steamer and the Soo City in commission the H. & C. line will be in a position to furnish first-class accommodations to passengers and to compete with the strongest lines running into Chicago from the west shore of Michigan.

### J. G. Van Putten Presented 'With A Diamond.'

Wednesday was the happiest day in the history of the Holland Furniture Company. The employees hearts were made glad by the action of employers and the heart of the manager of the company, J. G. Van Putten, was made glad by the action of the employees.

The board of directors of the company, through Mr. Van Putten, arranged to give a Thanksgiving turkey to each of the 143 employees. The turkeys were arranged in the shipping room for distribution by Charles Doesburg of that department and when the whistle blew at 5 o'clock the men gathered in the room to receive their turkeys.

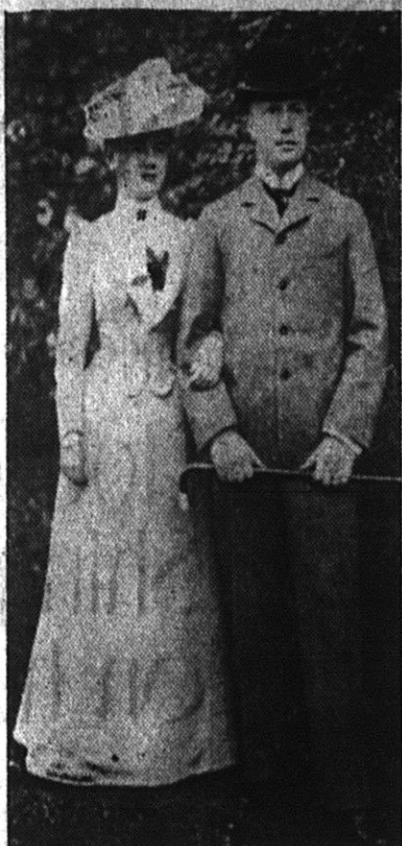

Mr. Van Putten came down from the office to aid in the distribution. He intended to say a few words to the men expressing his appreciation of their services, but his plans were frustrated. In response to cries for a speech he arose to say a few words, but Henry Brusse, foreman of the finishing department, interrupted him and said that he had a few words to say. Mr. Van Putten drew back in amazement at this interruption. He was still more amazed and confused when in behalf of the employees Mr. Brusse presented him with a handsome diamond ring.

Mr. Brusse said in part: "We were elated this afternoon to learn that arrangements were being made to present us with Thanksgiving gifts and we assure you that the action of the company is greatly appreciated by all. It is impossible to enumerate the manifold and thoughtful acts and deeds that we have to feel thankful for, but more than anything else we feel thankful for the good fellowship that exists between us all. No man has done more to promote this good fellowship than our manager, J. G. Van Putten, and in appreciation of all this and as a token of esteem and regard we present you with this diamond ring."

The presentation was a complete surprise to Mr. Van Putten and for a time he was nonplussed. He said that he intended to say a few words to them but that the event that had just happened drove all thoughts of a speech from his mind. He wished to say, however, that he was delighted with the pleasant surprise accorded him and that he greatly appreciated the confidence and respect shown him by those who were kind enough to present him with that token of regard. He thanked the men for their kindness and said that it was owing to their co-operation that the factory was successful, and that great credit was due them. His remarks were received with cheers.

The mutual gifts of employers and employees and their actions during the presentation are eloquent reminders of the good feeling and good fellowship existing in the Holland furniture factory and Wednesday will be remembered as one of the red letter days of that institution.

The Grand Rapids, Grand Haven & Muskegon Railway company has filed with the secretary of state a notice of an increase of its capital stock to the sum of \$1,300,000.

The above is the latest photograph of Queen Wilhelmina and Duke Hendrick of Mecklenburg-Schwerin, her intended husband. It was obtained through the courtesy of Charles M. Humphrey, who was kind and thoughtful enough to send it to the News from Amsterdam.

### Letter From Amsterdam.

The following is the letter from Amsterdam sent with the above portrait of Queen Wilhelmina and Prince Hendrick to the HOLLAND CITY NEWS. It was written by Attorney Charles M. Humphrey, of Ironwood, Mich., who with his wife is making a tour of Europe. Mr. and Mrs. Humphrey were married a few months ago and are spending their honeymoon abroad. Mr. Humphrey was formerly the president of the Holland & Lake Michigan electric street railway company and at present is a heavy stockholder in the line.

"AMSTERDAM, Nov. 12, 1900.

My Dear Nick:—Here is a little picture for you to hang in your "print-shop"—the latest photo of Queen Wilhelmina and Prince Hendrick. Crowds are constantly seen in front of the art stores and photograph galleries looking at new pictures of the Queen and the Prince.

Amsterdam is a beautiful city of 500,000 people and this day which I have spent in it has been the most interesting day I have spent in Europe and I have seen the principal cities of Italy, France, Germany, Austria and Switzerland.

This morning, as I entered the "Throne Room" in the palace my thoughts turned to Holland, Michigan, U. S. of A. for I saw in gilded letters on the walls, "Zeeland" "Friesland" "Overijssel" "Drenthe" or "Zeeland" first caught my eye and it seemed as though something was lacking. It would have looked more natural to me had it read "five miles to Zeeland."

This afternoon I took the steam train and went to the quaint old town of Middelburg a fishing town of 3000 people on the Zuyder Zee. Inspected the famous dikes and had a fine old Dutch lunch with genuine Edam cheese, Anchovies, pancakes, etc. On returning to the city we stopped at Broek, a little dairy village of 1700 people said to be the cleanest in the world, and spent some time in a model farm house owned by a wealthy resident of Amsterdam. On entering the front door we were ushered into two front rooms, furnished nicely, pleasant and good enough for anyone to inhabit. And after telling you this, you can imagine my surprise, when the hall door was opened into the back parlor which contained 36 cows, and overhead hay enough to feed them for six months. The good old Dutch lady was much pleased when she found we were from America, and with great delight showed us The Cosmopolitan for March 1897 which contained her picture.

Am perfectly charmed with this old Dutch country, and should like to have time to give you an idea of the beauty it contains, but am trying to see so much in such a short space of time that I cannot do it.

We leave here tomorrow for The Hague, from there we go to Antwerp, Brussels, Paris, London and Liverpool sailing from the latter place Dec. 1st for home. We expect to be in Holland Mich., about Dec. 10.

Yours Very Truly,  
CHARLES M. HUMPHREY.

### Ottawa Furniture Company Banquet.

One of the evidences of the growing spirit of fellowship between labor and capital was the banquet given by the Ottawa Furniture Company to their employees Wednesday evening. It was truly a Thanksgiving affair from first to last.

A large room in the warehouse was beautifully decorated with bunting and flowers, while above the rostrum hung a large painting of James Huntley, the founder and first president of the company.

Covers for 400 guests were laid by Caterer Van Drezer. All of the 150 employees of the Ottawa with their wives or sweethearts were the guests of the company. Children too, were plentiful, even the babies enjoying the affair.

Promptly at 7:30 supper was served, while Breyman's orchestra dispensed sweet music. The scene was an animated one as the corps of thirty waiters consisting of the owners and friends of the management hurried hither and thither serving the sumptuous supper.

At the close of this part of the affair, an excellent program was rendered. The College Glee Club favored

the audience with several songs sung in the inimitable style of a College Glee Club. The manager of the company, George W. Browning, then introduced President Arend Visser, who made a short and interesting speech. His theme was "Breaking down the fences between the employer and the employee."

He spoke of the growing interest taken by a business enterprise in the men it employs, and the consequential interest taken in the work of the factory by them. He referred especially to the efficient work done by the employees of the Ottawa and the company's appreciation of their efforts.

Mr. W. H. Cooper then delivered several interesting recitations of a humorous character. He was enthusiastically received by the audience and responded to several encores. One of his selections "The Hair Cut" was written by Mr. Cooper and is one of the best of his recitations. Miss Ballymore favored the audience with a very pretty vocal selection "Tit for Tat." In response to an encore she sang "She Stood to Conquer." Mr. Fred Browning rendered in a very artistic manner vocal solos "Down on the Ohio" and "The Vesper Bells."

The program concluded with an address by Dr. Beardslee on the "Dignity of labor." He said "We all are laborers, in one sphere or another. I was brought up as a carpenter and tho I have not practiced my trade for several years, I could do a good days work even now. All labor is honorable, especially so when well performed and of the character the Ottawa has always received from its men. I hope that the good feeling existing between employer and employees in the Ottawa will always exist—a source of pleasure and profit to all concerned."

Those who assisted in making the evening a success were Messrs. Cooper, Wayer, Strasse, Van Person, Boeve, Beardslee, Bannister, H. H. and H. G. Post, Browning, De Bruyn, Oswald and Maynard Visser, Hyink, Beach, Mr. and Mrs. Browning, Wisp, Luscomb, Beardslee, Vischer, and Boone and Miss Annie Huntley.

At the conclusion of the entertainment a social time was enjoyed by the guests. The affair was in all respects a great success and thoroughly

enjoyed by every person present. It was an indication of the spirit of good feeling and fellowship that prevails between the management and employees of the factory, who one and all alike are deeply interested in the welfare and prosperity of the Ottawa.

### EXTEND THANKS.

The Employees of the Ottawa Furniture Company wish to extend to the General Manager and Board of Directors their sincere thanks for the magnificent manner in which they and their families were entertained at the Banquet given by said Board of Directors Nov. 28th.

We believe that a better acquaintance and closer friendship between employer and employees tend to more complete harmony, (if that were possible), a better understanding, and better results.

Most Respectfully,  
EMPLOYEES OF THE  
OTTAWA FURNITURE CO.

### Old Tyme Social.

The Old Tyme Social given by the "Hope Kirk" Aid Society Tuesday evening, at the residence of Mrs. King, Eleventh street, was one of the most delightful affairs of the season.

An ancient aspect prevailed during the evening. The Ladies of the society were dressed in Old Tyme costumes. Especially prominent were Lady Washington, Priscilla, several school teachers of the time of Miles Standish, a gypsy, and a few dutch maidens from the banks of the Hudson. An excellent program was rendered as follows:

Piano Duet—Spanish Dances, Moskowski  
Mrs. Mills and Miss Deesburg  
Reading—The New Organ Carleton  
Mrs. Browning.  
Solo—Ben Bolt, Mrs. Pardee.  
Reading—Selection, Miles Standish.  
Prof. J. T. Bergen.  
Solo—The Sword of Bunker Hill, A. C. V. R. Gilmore.  
Reading—Minuet, Miss Avis Yates.  
Solo—Sing Smiles Slumber Goudard  
Miss Grace Yates.

Reading—Old Homestead, Miss J. C. Van Baale.  
Every number was well rendered. Especially pleasing were the solos of Mrs. Pardee and Miss Grace Yates. Notwithstanding the difficulty of Mrs. Pardee's selection she produced a very good effect. Miss Yates was successful in her selection and as usual, won the admiration of all. When her clear musical voice rang through the rooms every ear was intent.

After the program refreshments were served.

In consideration of "ye silver offering for ye Hope Kirk" the Ladies received a snug sum.

### Death of Mrs. B. J. De Vries.

Mrs. B. J. De Vries, wife of Dr. De Vries, died Sunday noon at the family home, 116 East Twelfth street, after an illness of long duration. Deceased had been a sufferer for many months from a complication of diseases and her death, though expected, was rather sudden.

### Another Case of "Didn't Know it was Loaded."

Just because he didn't know that a 32-calibre revolver was loaded, George otherwise known as "Brad" Loveland, accidentally shot Mrs. Jake Van Ry at her home on Twenty-seventh street yesterday evening.

Jake Van Ry, her husband, invited two friends, Mr. Loveland and Miss Jennie Bolhuis to take supper with them Thanksgiving evening. He was at the Holland Sugar factory working. Miss Bolhuis and Mr. Loveland arrived at the house in the afternoon.

Shortly before supper Mrs. Van Ry and her guests were in the parlor and a conversation was started about revolvers. Mrs. Van Ry showed them a revolver that they kept in the house and snapped it twice to show that it "was not loaded." She handed it to Mr. Loveland, who, while toying with it in the belief that it was not loaded, pulled the trigger. A report followed and Mrs. Van Ry, who was sitting in front of him was shot in the face. The bullet entered her cheek right below her eye and passing through reached a point above her ear where it was found imbedded against the scalp by Dr. Yates, who was summoned and removed the bullet.

Upon investigation it was found that in all there were two cartridges in the revolver, and because 4 chambers were empty it did not shoot when the trigger was pulled by Mrs. Van Ry.

Before Dr. Yates was summoned it was thought by those present that Mrs. Van Ry was fatally wounded, and not wishing to implicate her friends she signed a statement prepared by Miss Bolhuis exonerating them from all blame in the matter and declaring the shooting was accidental.

When the news of the accident first became known it was rumored around town that Mr. Van Ry had shot his wife. Deputy sheriff Ford, marshal Dykhuis and constable Roos gathered at the house and found that the accident happened substantially as stated above.

Jake Van Ry is well known to marline men. He is a sailor and before he obtained employment in the city sailed on many schooners clearing from this port.

Dr. Yates reports that Mrs. Van Ry is resting comfortably this morning and that she will speedily recover if no complications set in. He says that the bullet took an outward course following the bone. If it had taken an inward course death would have resulted beyond a doubt.

Sheriff-elect H. J. Dykhuis "Starred."

Sheriff-elect Henry J. Dykhuis was pleasantly surprised by a party of friends at his home on Ninth street last evening. They gathered there about 8 o'clock and Simon Roos was appointed to go and get the marshal. He did so and when he arrived at the house with Mr. Dykhuis, that gentleman was astonished to find that the rooms were brilliantly illuminated and decorated with national colors and that a large number of his friends were present to welcome him. Without waiting for a decision of the court Mr. Dykhuis told them that the house belonged to them for the time being and he would be pleased to have them enjoy themselves to the limit.

The guests were first entertained by several phonograph selections and music on the violin and organ by Arthur Drinkwater and Frank Swift. Then Arthur Van Duren in a few fitting remarks introduced N. J. Whelan, who, he said, would deliver a speech on the questions of the day. But instead of doing so, Mr. Whelan took occasion, in behalf of the guests, to present Mr. Dykhuis with a silver sheriff star. The marshal was nearly overcome with surprise and emotion, but quickly rallied, and heartily and sincerely thanked his friends for the great honor conferred upon him.

Refreshments were then served by the Misses Jennie Gertman, Phila Ederly, Maggie Dykhuis, Jennie De Boer of this city, and Miss Gertie Van Zanten of Grand Haven. Then a program of songs and music was rendered by Martin Dykema, Frank Swift, Art Drinkwater, J. B. Mulder, John and Hans Dykhuis, Will Scott, Al Keppel and Jim Bos. One of the features of the evening was the singing of the "Coon quartet of Georgia," consisting of the Misses Phila Ederly, Georgia Welch and George Giles. At the close of the evening festivities all joined in singing "America."

The party was a grand success and the star presented to Mr. Dykhuis is a testimonial to his worth as a citizen and an officer and will always remind him of the esteem and respect in which he is held by the people of Holland.

CAPT. COLBY M. CHESTER.  
(Commanding the Kentucky, which has just arrived at Smyrna.)

tucky's visit conveyed no menace, and that it had no bearing upon the diplomatic relations between the Turkish government and the United States. He asserted with the greatest positiveness that the sultan cherishes the kindest feelings toward President McKinley, and that the relations were most amicable.

Inquiry at the state and navy departments Wednesday as to the Kentucky's mission elicited the simple statement that the visit of the battleship to Smyrna had no hostile significance.

Meanwhile it is understood that the negotiations between Mr. Griscom, our charge at Constantinople, and the porte, for the settlement of the missionary claims and the question as to Dr. Norton's exequatur as consul at Harpoot are progressing with indications that a compromise will be arranged.

Turkish Officials Indignant.

New York, Nov. 28.—Cable advices say that the Vienna Tageblatt publishes a dispatch from Constantinople to the effect that the Turkish council of ministers have held a conference to determine whether or not the sending of the United States battleship Kentucky to Smyrna should be regarded as an act of hostility. According to the Tageblatt's dispatch, the home minister urged the severance of diplomatic relations with the United States, and even went so far as to threaten war unless the Kentucky should be withdrawn from Turkish waters. The ministers express the belief that the European powers will not permit the United States to attack Turkey, and that that country, therefore, would be safe in taking a defiant attitude.

Corn Takes Big Drop.

Chicago, Nov. 28.—A panic struck the corn pit bulls Wednesday shortly after noon and November delivery sunk to 41 cents. Phillips, the bull leader, did not appear disconcerted, and it was said he was protected by December deliveries. The market for November corn was dull and quiet during the first hours of the session. The Taylors continually offered to sell for 50 cents, the quotation going down to 47 after touching 50 briefly, and then lingering at 49 awhile, after which came the drop to 41 cents. The inspection department continues to be in demand, but the elevator men declared that the corn offered by them as No. 2 would be found of that grade.

Baron to Wed Kentucky Girl.

London, Nov. 28.—Baron Speck von Sternberg, the former first secretary of the German embassy at Washington, recently promoted to consul for Germany at Calcutta, has written to the United States ambassador here, Joseph H. Choate, asking him to procure a special license for his marriage to Miss Lillian May Langham, a niece of Arthur Langham, of Louisville, Ky., to whom he will be married as soon as he arrives in this city.

Panacea to Be Honored.

London, Nov. 28.—Truth, which has always shown itself particularly well informed as to diplomatic affairs, says it is probable Queen Victoria will offer a viscounty or an earldom to Lord Panacea, the British ambassador at Washington, on his retirement from the diplomatic service, in recognition of his successful embassy, adding, "all the more as this mark of royal favor will be much appreciated in the United States."

Convicted of Murder.

Huntington, W. Va., Nov. 28.—George Politz was found guilty of murder in the second degree. The jury recommended him to the mercy of the court.

## KRUGER IN FRANCE.

Welcomed to Paris by the Mayor and President Loubet—Petitions the Powers for Arbitration.

Dijon, France, Nov. 24.—Mr. Kruger has become, for a moment at least, the popular idol of the French. His triumphant progress northward through the country from Marseilles to Dijon has placed this beyond doubt. He met with a tremendous reception in each town along the route, culminating in scenes of frenzied enthusiasm here calculated to turn the head of any man.

Paris, Nov. 26.—Mr. Kruger arrived in Paris at 10:40 Saturday morning and was given a magnificent reception. The boulevards were crammed with vast crowds. President Loubet joined in the welcome.

Paris, Nov. 27.—Kruger and his cabinet drew up the draft of a preliminary proposition, which was not enthusiastically received by Delcasse. Passive mediation all he is likely to get.

London Nov. 28.—The Vienna correspondent of the Daily Chronicle says he hears that President Kruger has petitioned the powers for arbitration, under The Hague convention, that two powers acceded to his request, but that all the others rejected the petition.

## NEWS FROM MANILA.

American Troops Capture a Filipino Fortress That Was Thought to Be Impregnable.

Hong-Kong, Nov. 24.—Consul Wildman has information that the Filipino junta at a meeting held November 15 decided to brave the chances of deportation rather than quit Hong-Kong. Recent correspondence between the junta and the insurrectionists proves that Aguinaldo is still alive, but he is said to be suffering from a gunshot wound in his stomach.

Manila, Nov. 26.—The fortress of the insurgent chief Geronimo at Pinaran, which the Filipinos boasted was impregnable, was taken and destroyed by American troops. Three Americans were slain in a battle in the island of Panay. Their comrades killed 103 insurgents.

Manila, Nov. 28.—A detachment of the Third United States infantry was ambushed Sunday near Malolos. The Ladrone fired a volley at the Americans, killing two privates of company F and wounding three. The insurgents escaped into a swamp.

## TREASURY OFFICIAL DEAD.

Commissioner Wilson of Internal Revenue Department Passes Away at Washington.

Washington, Nov. 28.—George W. Wilson, commissioner of internal revenue, died Tuesday forenoon in his apartments at the Riggs house, of Bright's disease, complicated with asthma. He had been dangerously ill for several days past. There were with him at the time of his death Mrs. Wilson, his daughter, Mrs. Parson, and several of his associates of the treasury department.

George Washington Wilson was 57 years of age and a native of Ohio. He entered the union army when 15 years old as a private in the Fifty-fourth Ohio volunteer infantry, and served throughout the war, coming out a first lieutenant. In 1866 he took up the practice of law and in 1869 entered the internal revenue service. He served in various capacities, rising from one important position to another, until he became the head of the bureau. Commissioner Wilson was regarded as the most thoroughly informed man on internal revenue subjects who ever entered the government service, and was consulted on all measures affecting the revenues that have been before congress for many years.

## ASSASSINATED.

Dr. H. A. Hamilton Shot Dead in Town of Marysville, Ia., While Passing a Grove.

Marysville, Ia., Nov. 27.—Dr. H. A. Hamilton, a prominent physician of this place, was shot dead Monday by an assassin. Alfred Ahn, who had accused the doctor of causing the separation of Ahn and his wife, is under arrest on the charge of firing the fatal shot. No one saw the shot fired and the physician died without making any statement. Dr. Hamilton left his residence shortly after breakfast to go to his barn, which is situated in the line of trees when a shot disturbed the silence. A moment later Dr. Hamilton staggered back toward his house and up to the door, where he fell dead.

## TERMS NOT LIKED.

It Is Said the Washington Cabinet Is Opposed to the New Treaty Fixed for China.

Washington, Nov. 27.—Minister Conger has advised the state department of the agreement under a preliminary treaty made between the ministers at Peking, with a view to settling the Chinese question, and a copy of it has been transmitted to the home governments for action.

Some of the proposals contained in the treaty will not meet with the approval of this government. The president is in favor of punishing the Chinese who may be designated by the representatives at Peking as guilty of inciting the Boxers, but the United States will not agree to a wholesale slaughter. Neither will it agree to the exaction of an indemnity from China which that government cannot pay. The terms agreed to at Peking include:

1. Execution by the Chinese government of 11 Chinese princes and officials already designated.
2. Indemnity, which shall include satisfaction of claims arising out of the murder of missionaries and damages done to their property and damage done to property of other foreigners.
3. Reimbursement of foreign governments for the expenses incurred in dispatching military expeditions to China and maintaining them there, and compensation for native Christians employed by foreigners.
4. Abolition of the tsung-li-yamen as at present constituted, and the appointment of a foreign minister who shall conduct business with the foreign representatives.
5. Access by the foreign ministers to the emperor's presence as permitted in foreign courts.
6. Razing of the Taku forts and other forts on the coast of China and the prohibition of the importation of munitions of war.
7. Establishment of permanent legation guards and permanent guards from Peking to Taku.
8. Erection of a monument to Baron von Ketteler on the site of the murder and the denunciation of a prince to Berlin to formally apologize for the outrage.
9. Suppression of wars by imperial proclamation, removal and punishment in future of all officials failing to protect foreigners and suspension of provincial examination for five years.

Washington, Nov. 28.—Instructions went forward to Minister Conger yesterday directing him not to assent to the agreement adopted by the ministers of the powers at Peking until its terms had been greatly modified.

## HAVOC BY FLOOD.

High Water in Pennsylvania Rivers Causes Loss of Life and Great Damage to Property.

Pittsburgh, Pa., Nov. 28.—After three days of incessant rain, a flood unprecedented for this season of the year and quite unexpected in its fury swept down the Monongahela and Allegheny rivers Monday night. In their mad rush the waters ruined hundreds of thousands of dollars' worth of property, caused the loss of at least three lives, temporarily threw out of employment thousands of workmen by the forced suspension of the many industrial establishments lining the banks of both streams and rendered hundreds of families homeless.

The fatalities are: Frederick Koppman, aged 66 years, tripped and fell, breaking his neck, while removing goods from his home. Joseph Davis. Joseph Flocker, mill worker, drowned by the capsizing of a skiff in the Allegheny.

## A NARROW ESCAPE.

British Troops Under Gen. French Pursued by Boers and Get Away by a Close Margin.

London, Nov. 24.—The Star, commenting on the report that Gen. Botha, with his commando, is close to De Wetsdorp, regards the news as most disquieting and says: "We have heard many strange stories impossible to verify, but one thing we know, that French was pursued all the way from Middleburg to Standerton, and got through the terrible neck of the mountains only by the skin of his teeth."

Proceeding, the Star suggests that Gen. Botha pursued the British, marched south, and joined hands with Gen. De Wet, and that thus Bloemfontein is endangered and the Orange Free State will have to be reconquered before the subduing of the Transvaal can be commenced.

## Indiana's Vote for President.

Indianapolis, Ind., Nov. 27.—The marshals of the various districts of Indiana reported to the secretary of state Monday the official vote cast at the recent election for presidential electors. The first elector on each ticket had the following vote: Zollers (dem.), 309,584; Hanna (rep.), 336,063; Clark (pro.), 13,718; Strumple (socialist dem.), 2,374; Walker (pop.), 1,438; Colbert (socialist labor), 663; Bayliss (union reform), 254. Durbin (rep.), for governor, falls behind the republican electors 1,316 votes.

## PLUNGES INTO RIVER.

Express Train Wrecked by Washout in Pennsylvania—Express Messenger Is Drowned.

Beaver, Pa., Nov. 28.—The Cleveland night express, leaving Pittsburgh at midnight on the Cleveland & Pittsburgh road, ran into a washout half a mile west of Beaver, Pa., at one o'clock a. m., and the locomotive, mail, baggage and express cars jumped from the tracks and plunged into the Ohio river. The three day coaches and Pullman sleeper stayed on land, although derailed, and the 41 passengers escaped with slight bruises. M. S. Casey, of Cleveland, the express messenger, was unable to escape and was drowned in his car, which is below the surface of the river. Four trainmen were injured. Their names are:

Albert Coughenour, of Cleveland, engineer; one foot cut off. Frank Connell, conductor, bruised and scratched, but not serious. John Taylor, Allegheny, Pa., Pullman porter; slightly cut and bruised. Baggage-master Allen, slightly hurt.

The passengers were taken back to Beaver, and at four o'clock were transferred to another train for Cleveland. Wrecking trains were sent from the Allegheny depot as soon as the news of the accident was received. The clearing of the tracks did not take many hours, but it may be several days until the flood recedes before the submerged cars are recovered. A large quantity of business mail was in the mail car and considerable valuable matter in the express car.

The total loss will amount to a large sum.

## LOOT ILLINOIS BANK.

Four Masked Desperadoes Blow Open Vault of Farmers' Bank at Emden.

Lincoln, Ill., Nov. 28.—The Farmers' bank of Emden was blown open and robbed Wednesday morning by four masked desperadoes. A citizen named Alberts awakened by the first explosion hastened to the bank and was bound and gagged and held a prisoner in the bank while the work was being completed. To open the inner doors of the vault two more blasts were made, Alberts being left in the bank during the explosions, the robbers stepping outside. After securing between \$3,000 and \$4,000 the robbers escaped to Delevan on a handcar. There they were met by a night policeman named Sanford who tried to arrest them. Instantly one of the robbers shot Sanford through the body. He is fatally injured. At Delevan Junction the men boarded the north-bound "Hummer" on the Alton and between there and Bloomington all traces of them were lost. The engineer of the train reports that while going 50 miles an hour one of the men jumped at a point near Minier.

In blowing open the safe the vault of masonry was completely demolished and the bank building wrecked to a considerable extent. All the surrounding towns have been notified and a search is being made for the robbers.

Rubbing the back won't cure backache.

A liniment may relieve but can't cure.

Backache comes from the inside, from the kidneys.

Doan's Kidney Pills get inside.

They cure sick kidneys.

Here is Holland proof that this is so:

John Pilon, farmer near Ebenezer, says: "I had more or less trouble for years from my kidneys and whenever I worked hard or caught a cold it always affected me and caused a heavy aching pain through the small of my back. It was very painful to stoop or lift anything and at times the aching was so persistent I could scarcely get about to do my work. I used different medicines and wore plasters but they did me no good. As I had seen Doan's Kidney Pills highly recommended for such troubles, I went to J. O. Doesburg's drug store in Holland and got a box. I used them but a short time when I felt better and continuing the treatment I was soon cured."

## SENATOR DAVIS IS DEAD. SPEAKS OF THE ELECTION.

Minnesota Statesman Passes Away at His Home in St. Paul After Severe Illness.

SUFFERED GREATLY FOR TWO MONTHS.

The Sad Event, While Not Unexpected, Causes Universal Sorrow—Served His Country in War and Peace—Was Serving His Third Term in the United States Senate.

St. Paul, Minn., Nov. 28.—United States Senator Cushman Kellogg Davis, chairman of the committee on foreign relations of the senate, died at his home in this city Tuesday evening at nine o'clock, after an illness of two months. He has suffered greatly during his sickness, and gradually sank away, being unconscious for several hours before death, and so far as could be known suffering no pain. Grouped about the death bed were Senator Davis' immediate family, his devoted wife, his aged father, Maj. H. N. Davis; his two sisters, Mrs. Morford and Mrs. Bartlett Tripp. His law partner, C. A. Severance, and wife were also present, as well as the doctors and nurses. The family have been prepared for the end since the first sinking spell, which occurred last Friday night, and all have been where they could be summoned at a moment's notice. The senator had been in a comatose state during the day, and death came almost imperceptibly, and the closing scene of the distinguished statesman's life was marked with but little incident. His last conscious utterance was the expression of a wish to live; not for the sake of life itself, but because he believed his country needed him. His words were: "Oh, that I might live five years more for my country's sake."

CUSHMAN K. DAVIS.

His Life and Service.  
Cushman Kellogg Davis was born in Henderson, Jefferson county, N. Y., June 16, 1838. In that year his parents moved to Waukesha, Wis., where his father farmed until 1860. After attending the common schools young Davis spent three years in Carroll college at Waukesha, preparing himself for the University of Michigan, from which he graduated in 1867. During his boyhood he held for some time a position as telegraph operator in what is now a suburb of Milwaukee. After his graduation he entered the law office of Alex. W. Randall, afterwards war governor of Wisconsin. In 1869 Mr. Davis began the practice of law and also took an active part in the campaign resulting in the election of Lincoln. Two years later, war having come, he closed his law office to enlist in the volunteer army. He served for two years in the army of the Tennessee, Kentucky, Tennessee, Arkansas and Mississippi, part of the time on staff duty. When in 1864 broken health compelled his retirement he was first lieutenant of company B, Twenty-eighth Wisconsin volunteer infantry. Going to St. Paul, he formed a law partnership with his army chief, Gen. W. A. Gorman, ex-governor of Minnesota territory. In 1868 he was elected to the state legislature and two years later was appointed United States district attorney, serving five years in that position.

Elected Governor.  
In 1873 Mr. Davis was elected governor of Minnesota, but declined a renomination and resumed the practice of law. In 1884 he headed the Blaine delegation to Chicago, where he made one of the nominating speeches for that candidate.  
Goes to the Senate.  
During 1886 many of the state newspapers advocated his election as United States senator, and when the legislature of 1887 met Senator McKimman withdrew as a candidate for reelection and Mr. Davis received every vote. Senator Davis' first chairmanship in the senate was of the committee on pensions, which he held throughout his first term. In 1893 he was reelected and became chairman of the committee on foreign affairs.  
In 1895-96 many friends of the senator pressed his name for the presidential nomination, but before the state convention to name delegates met he withdrew and McKinley delegates were sent from Minnesota. During the past four years Senator Davis' position as chairman of the foreign relations committee of the senate and later as one of the Paris peace commissioners have kept him prominently before the public of all nations. He was reelected without opposition in 1899 for his third term.

President McKinley Makes an Address at Banquet of Union League in Philadelphia.

FIRST PUBLIC SPEECH SINCE REELECTION

Was Given an Enthusiastic Reception—Says Result at the Polls Has No Personal Phase to Him—Also Says That the Republic Is Not in Danger of Imperialism.

Philadelphia, Nov. 26.—President McKinley, as the guest of honor at the founders' day banquet of the Union League Saturday night, made his first speech in public since his reelection. His reception by the members and guests of this city's oldest and most influential republican organization was enthusiastic. Vice President-elect Roosevelt and Senators Lodge and Wolcott were also guests at the banquet, and all three responded to toasts. Mr. McKinley's cabinet, with the exception of Secretary Root, was present.

The President's Speech.  
When the president arose to speak he was greeted with long-continued applause. When quiet had been restored he spoke in part as follows:

"We are always in danger of exaggeration on an occasion of exultation over a political victory, and while the result is mainly due to the efforts of our splendid party, there is sometimes a tendency to give too little credit to other forces, which, silent though they may have been, were none the less potent.

## Generous Acknowledgment.

"We must not withhold generous acknowledgment from that great body of our citizens, who, belonging to another party, powerfully assisted in the achievement of the result which you celebrate to-night; nor from that other large body, former members of our own party, who, with honesty of purpose, separated from us a few years ago on financial issues, have now returned and are home again to stay.

## A Mighty Factor.

"Nor is any accounting for the victory either just or accurate which leaves out of the calculation the almost unbroken column of labor engaged in mechanics and agriculture, which rejected the false doctrine of class distinction as having no place in this republic, and which rebuked those teachings which would destroy the faith of American manhood in American character and American institutions. The business men in every part of the country, typified by this great organization, were a mighty factor in the recent contest. And may we not also ascribe much to the influence of the home, with its affluence? In any previous election, was it greater, or in any did the counsels of the fireside determine more largely the vote of the electors?"

## Serious Business.

"Nothing in government can be more impressive than a national election, where the people delegate their power and invest their constitutional agents with authority to execute their behests. The very character of the transaction clothes it with solemnity. It is serious business. Its issues are always momentous. What a lesson in self-government it teaches! Six million voters on the same day, throughout every section of the United States, depositing their mandate and recording their will. Done by the people in their own communities, and in the very precincts of the home, under the supervision of their fellow-citizens and chosen officials, and, to insure its freedom and independence, the ballot a secret one. God forbid that any citizen selected for that sacred trust should ever attempt to divert the will of the sovereign people or tamper with the sanctity of their ballots.

## Value of Victory.

"Some disappointments follow all elections; but all men rejoice when an election is so decisive as to admit of neither dispute nor contest. The value of a national victory can only be rightly measured and appreciated by what it averts as well as by what it accomplishes. It is fortunate for the party in power if it understands the true meaning of the result. Those charged by the people with administration and legislation are required to interpret as well as to execute the public will, and its rightful interpretation is essential to its faithful execution.

## No Personal Phase.

"We cannot overestimate the great importance and the far-reaching consequences of the electoral contest which ended on the 6th of November. It has to me no personal phase. It is not the triumph of an individual, nor altogether of a party, but an emphatic declaration by the people of what they believe and would have maintained in government. A great variety of subjects was presented and discussed in the progress of the campaign. We may differ as to the extent of the influence of the several issues involved, but we are all agreed as to certain things which it settled.

## What It Indorses.

"It records the unquestioned indorsement of the gold standard, industrial independence, broader markets, commercial expansion, reciprocal trade, the open door in China, the inviolability of public faith, the independence and authority of the judiciary, and peace and beneficent government under American sovereignty in the Philippines. American credit remains unimpaired, the honor of American arms unsullied and the obligations of a righteous war and treaty of peace unrepudiated.

## Tremendous Responsibilities.

"The republican party has placed upon it tremendous responsibilities. No party could ask for a higher expression of confidence. It is a great thing to have this confidence; it will be a greater thing to deserve and hold it. To this party are committed new and grave problems. They are too exalted for partisanship. The task of settlement is for the whole American people. Who will say they are unequal to it?"

## No Danger from Empire.

"Liberty has not lost, but gained in strength. The structure of the fathers stands secure upon the foundations on which they raised it, and is to-day, as it has been in the years past, and as it will be in the years to come, the 'government of the people, by the people and for the people.' 'Be not disturbed; there is no danger from empire; there is no fear for the republic.'"

**Creeping Consumption**

Do not think for a single moment that consumption will ever strike you a sudden blow. It does not come that way. It creeps its way along.

First, you think it is a little cold; nothing but a little hacking cough; then a little loss in weight; then a harder cough; then the fever and the night sweats.

The suddenness comes when you have a hemorrhage. Better stop the disease while it is yet creeping. You can do it with

**Ayer's Cherry Pectoral**

You first notice that you cough less. The pressure on the chest is lifted. That feeling of suffocation is removed. A cure is hastened by placing one of

**High School Notes.**

High school 6! College 0! That's the way things looked when time was called at the end of the first half of the game between these teams Saturday.

The college men evidently believe in the maxim, "Think twice before you act," for in many cases they would stand while the H. S. boys were working some fine play, as if questioning themselves as to whether or not they should get in the way of it, and finally when they had decided, they were just in time to line up again to the tune of, "High School's ball. First down. Two yards to gain." In this part of the game Olsen (H. School) made a splendid dash gaining 17 yards and Pfantstiel secured a touchdown from the 50 yard line and then kicked goal. During the second half the students tried their best to wake up a little, but their was a "Hope" less case. The rim of the H. S. boys ran everything its own way, and Lindsay crossed the line for another touchdown. The goal was not kicked and as time was soon called the score stayed 11-0. This shows what High School material can do when the referee is on the square and it leaves no doubt in the minds of foot ball enthusiasts as to which of these two teams is superior.

**Hon. Henry Watterson.**

Henry Watterson will appear at Winants Chapel on Dec. 13. This is the third number on the College Lecture Course.

Mr. Watterson is at once a great orator, a great citizen of the Republic and a man who is exerting a mighty influence upon his generation. He will deliver his famous lecture on Abraham Lincoln.

Mr. Watterson was personally acquainted with Lincoln. In the civil war he was an officer in the army of the greys, and who can afford to miss the opportunity of hearing a once rebel soldier lay upon the altar of American manhood a tribute of chivalric patriotism as embodied in Abraham Lincoln?

A gifted son of Kentucky, Mr. Watterson stands upon the simplicity and grandeur of his citizenship and pays his tribute to the greatest citizen, the greatest man that ever breathed, a benediction on mankind. His lecture on Lincoln is a quiet, scholarly, analytic and anecdotal presentation of a theme that furnishes a wealth of material for the philosopher, sage and orator.

He speaks in a simple, conversational manner, wholly unostentatious, quick and simple. He speaks as one, who from a perfect understanding, from a wealth of knowledge and insight, lovingly interprets the genius, the glory and immortal splendor of character and achievement of a heroic soul.

He presents a new picture of the martyr. When he comes to the glowing peroration, where his lecture reaches the height of true eloquence, he stands on tip-toe, his graceful frame quivers, his voice becomes emotional and grand, his attitude rugged and dramatic, his very soul speak in words sublime and beautiful, but, after all, nothing can be said that will convey an adequate conception of the significance of the lecture. One must see the man.

Reserved seat tickets will be placed on sale at Hardie's Tuesday morning Dec. 4. Tickets 50 and 75 cents.

**Hope College News.**

The latest excitements are the Basket Ball contests between the College and Seminary. Although the College Olympics are good players yet when fate conspires against them they sometimes loose a game.

The game of Friday was won by the Olympics by a score of 20 to 3. But the game of Monday was lost to them by a score of 23 to 12. The game was lost through the general confusion among the Olympics. They say they will do better next time.

The topic for prayer meeting of Tuesday evening was "Thanks giving for blessings received."

Dr. Kollen has been to Chicago a few days the fore part of the week but succeeded in returning before the Thanksgiving recess.

Thanksgiving evening Mrs. H. Vander Ploeg kindly entertained a number of the students who had found it impossible to go home during the thanksgiving recess. Also a few young ladies from the city were invited in order to assist in entertaining. The evening was pleasantly spent. Several prizes were given, but the boys didn't win any. Refreshments were served.

**Western Social Conference.**

The W. S. C. will meet in regular session in "Grace Reformed Church," Grand Rapids, Mich., on Tuesday, Dec. 11, 1900. The meeting will begin at about 10 o'clock a. m.

The following topics will be considered:

1. The "Great Awakening" under Edwards, Nettleton, and Finney, by Rev. J. Van de Erve.
2. Christian Liberty: Thoughts based on II Cor. 3:17, by Rev. R. Bloemendal.

Let all members make an effort to attend this last meeting of the year, with one of the youngest of our Reformed churches.

Those hoping to attend will please, notify the Rev. J. Van De Erve.

The Furniture City Trombone Quartette which will take part in the concert at the Lyceum opera house, December 6th is one of the best quartettes of the kind in the country. Each member is an artist and their wonderful quartette have gained for them a reputation throughout the entire country, equalled by none. To those who have never heard four trombones playing at one time, it will be a revelation in music and the fact that the members of this quartette are the very best in their respective lines, enhances the interest regarding these musicians. At the concert given in Grand Rapids on November 18th, by the Furniture City Band, the "Trombone Quartette" was recalled again and again. Every paper of that city spoke in the highest terms of their work.

"What Happened to Jones" is the attraction at the Lyceum Opera house Saturday night, December 1. It is a catchy title and one calculated to arouse curiosity. The lines are said to be unusually bright and witty and the humor flows in a steady stream during the entire progress of the play. The important members of the company are John Allison, Joseph McKeever, H. G. Hockey, H. W. Montgomery, Will H. Vedder, Charles Green, L. P. Reinhardt, Marie Haynes, Florence Marlon, Olive Murrah, Dorothy Armstrong, Bertha Livingstone and Maud Allison.

The details of the plans for the new hotel at Ottawa Beach says chief clerk Louis M. Fuller of the passenger department of the Pere Marquette in an interview in the Grand Rapids Herald, are no further along than when they were, first announced last fall, but I guess there is little doubt but that the new hotel will be a handsome and capacious structure. The intention is, I believe to build for future business. As far as competition with the interurban to Holland is concerned, we do not feel particularly anxious. We feel that the interurban, instead of decreasing business, in the total will largely increase it by inducing people to travel who do not do so now. Of course the interurban will cut into our business in the park side of the Maacatawa bay resorts, but we intend to put on the fastest trains and give the finest possible service, and we do not anticipate any very great damage to our summer business.
