## CITY AND VICINITY.

Born to Mr. and Mrs. Chris Hanson, Tuesday—a son.

The annual meeting of the State Association of Farmers' clubs will be held in Lansing December 10 and 11.

The Young Ladies Aid society of Hope church will hold a bazaar Tuesday, December 10, in the church parlors.

Drs. Baker & Betts have been appointed surgeons for the West Michigan Furniture factory in place of the late Dr. O. E. Yates.

Muskegon Chronicle: Holland claims the football championship of Western Michigan. Muskegon isn't saying a word on the subject.

Fred Berg and Wm. Strahsburg, two prominent township farmers, are organizing a mutual fire insurance company among the farmers of Robinson and Grand Haven townships.

Governor Blise has appointed ex-mayor G. W. Mokma of this city and attorney W. I. Lillie of Grand Haven as members of the auxiliary committee for Michigan of the McKinley Memorial association.

G. Blom, the drayman, will leave for a visit to the Netherlands in a few days. He has not seen his old home for a number of years and is looking forward to the trip with pleasant anticipation.

A regular meeting of the Womens Foreign Missionary Society of the M. E. church will be held Tuesday afternoon, Dec. 3 at 2:30 p. m. at the home of Mrs. J. Nixon, 130 East Fourteenth street. A cordial invitation is extended to all interested in missionary work.

At the Ninth street church last Monday evening the annual meeting was held and the following were re-elected elders: Messrs. J. Van Apple-dorn, L. Beuwkes, J. W. Bosman, G. DeWitt and A. Roos. I. Marsilje was also elected elder, making six in all. The deacons will be elected next Monday night.

Last year's marriage license record was caught up with Tuesday. There is always a boom in the marriage market just before a holiday, and Tuesday was no exception, licenses being issued to Frank Van Ark and Hendrika J. Mulder of Holland; Henry Sternburg of Holland and Maggie Roelofs of Drenthe; John De Weerd of Holland town and Carrie Howe of Montague, Peter H. Kemme and Johanna Langels of Borculo, Carl Zimmerman and Edith Austin of Chester; Thomas Sheehan of Olive and Bertha Schnay of Agnew.

Eleven sugar companies of Michigan and Ohio were represented at the conference of beet sugar manufacturers in Bay City Tuesday. The most important matter considered was the proposition to organize all the companies of the states into an association for self protection. A committee was appointed to draft a constitution and by-laws for an association of the nature discussed and to submit the same to the Michigan companies. The meeting discussed the question of legislation and the threatened movement by the sugar companies for the abolition of the tariff on sugar. Each Michigan company will send representatives to the convention of the American Beet Sugar Manufacturer's association in Washington, D. C., December 10.

After weeks of suffering Mrs. E. F. Souter died at her home 74 West Eleventh street Monday afternoon. Mrs. Souter was born in Canada 52 years ago and has lived in Holland and vicinity for 36 years. Previous to coming to Holland she lived on the lakeshore. Besides her husband, who is traveling representative for the Walsh DeRoo Milling company, Mrs. Souter is survived by seven children: Mrs. M. Ogden and Mrs. Alphonso Ogden of Middleville, Mrs. George Lyons of Moline, Mrs. P. Oosting, Mrs. David Blom, Miss Mary Souter and E. W. Souter of this city. The funeral services were held Wednesday afternoon at Hope church. Mrs. Souter was a highly esteemed member of the Methodist church and Rev. Adam Clarke, pastor of the M. E. church officiated.

## The Finest Cake

Is made with Royal Baking Powder. Always light, sweet, pure & wholesome.

Rev. H. Karsten conducted services in the Reformed church at Overisel Sunday.

At the present time there are 37 Hollanders in the Holland Home, at Grand Rapids. The oldest inmate is 94 years and the youngest is 62.

The Central avenue Christian Reformed church Sunday school took up a collection last Sunday amounting to \$48 to send to the needy Boer children in South Africa.

The Womens' Missionary society of Hope church will meet at 8 o'clock on the afternoon of December 4th at the home of Mrs. George W. Browning on West 13th street. All ladies of the church and congregation are invited to attend.

On account of the rush of orders new men are added every day to the force employed by the Wolverine Boat company. This week two new boats were shipped south, one to Port Orange, Florida, and the other to Tampico. The Tampico boat is 38 feet long and is equipped with a 12-horse power Wolverine motor. It will be used in the passenger business and will carry forty people.

Louder Wessels, the Boer speaker, has returned to Chicago and denies the published reports to the effect that he was supposed to have eloped with Mrs. Mable Boissy, who formerly acted as his amanuensis. He states that during his absence he has been at Battle Creek Mich. Mr. Wessels will continue to speak in behalf of his countrymen and to collect funds. Mrs. Boissy is said to be living with friends in North Ashland avenue.—Chicago Record Herald.

It doesn't take the G. R. H. & L. M. Rapid Railway company long to do business. The amended railway franchise granting the right to construct the West Eighth street extension was passed Monday night, and early Tuesday morning laborers gathered on River street like bees around a hive and began breaking ground for the new track. Superintendent Campbell of the Detroit Construction company is anxious to get the work done before the ground is frozen too hard. This weather interferes somewhat with the progress but the work goes merrily on.

Early in December Captain Mayo will make the trip from Chicago to Muskegon, 119 miles, in the queerly shaped Mays life boat, under her own power, in order to show the seaworthiness of the invention in December gales. He will be accompanied by Captain John Martin, master of the passenger steamer America, who will be navigating officer; David Wilson, J. Abbot and Captain Johnson, the high diver. The small craft will be rigged with two masts and a jibboom, all carrying small sails and will be steered by an oar at the stern. Fins will be fastened to the bottom of the hull to keep her from being blown off her course. The run is expected to be made in twenty-four hours.

The death of Mrs. G. DeWitt occurred Tuesday afternoon at her home 29 East Thirteenth street at the age of 69 years. Death was caused by apoplexy and came in the nature of a surprise after a four days illness. Mrs. DeWitt was born in the Netherlands and came to this country in 1856 locating in Grand Haven. Shortly after her arrival in this country she was married to Aaron Smith and settled in New Holland and later in Holland where Mr. Smith died ten years ago. Seven years ago she was married to G. DeWitt who survives her. Mrs. DeWitt leaves the following children: Mrs. Peter Siersma, Tim Smith, Mrs. Henry Luidgens and Aaron Smith of this city, Mrs. E. Hesselink, living south of this city. The funeral services will be held this afternoon at the Ninth Street Christian Reformed church, Rev. K. Van Goor and Dr. J. W. Beardslee officiating.

Born to Mr. and Mrs. Earnest Wright, of Macatawa, Saturday—a daughter.

Marinus K. Van den Bosch, of Grand Haven, aged 52, and Katie Douma, of Holland, aged 24, were licensed to wed last Tuesday evening.

The South Ottawa & West Allegan Fair Association will hold its regular meeting next Tuesday afternoon at 1:30 at De Grandwet hall.

George Schurman, of this city, who has been working for Marshal Field at Chicago the last half year has taken a position with DuMez Bros.

Van Tongeren & Van den Berg's bowling alley under Vaupell's harness shop was opened for the season Wednesday evening.

Dr. L. A. M. Riemens has received from Cincinnati three boxes of goods for the Boer prisoners in the Bermuda islands, and one box from Grand Haven.

J. B. Van Oort has been awarded the contract for the plumbing of the Block & Van der Werp buildings on the corner of Eighth street and College Avenue.

Elbert Lynn, of Lamont will be the cashier of the new state bank at Grand Haven and Bernath Sherwood, of Allegan, will be teller and book keeper.

The hearing of Deputy Game Warden Brewster et al. concerning the fish nets seized off St. Joseph last week, took place before Justice Fagelson Wednesday and an order was issued condemning the nets.

One-day Farmers' Institutes will be held in Jamestown, December 2, Conklin December 4, Coopersville, December 5 and Nunda December 6. The state speaker will be A. M. Welch of Iowa, who owns one of the largest dairy farms in Michigan, and is an extensive sheep raiser. Local speakers will also be present. Every farmer ought to make a special effort to attend.

The death of Mrs. Johannes De Spelder occurred last Monday afternoon at her home 10 West Fourth street. Mrs. DeSpelder was 85 years of age and came to this city from the Netherlands in 1847. She is survived by three sons, Rev. J. DeSpelder, of Grand Rapids, Dr. E. DeSpelder, of Drenthe, and Peter DeSpelder of this city. The funeral was held from the house Wednesday afternoon.

The G. R. H. & L. M. Rapid Railway company has purchased a large rotary snow plow. M. J. Kinch, superintendent, made the purchase in Kingston, N. Y. this week. The plow is as large as an electric car and can be operated backward as well as forward. It is equipped with power sufficient to force it through the heaviest drifts and the company anticipates no trouble from snow blockades. The plow was shipped from Kingston today.

A recent issue of the Detroit Journal contained the following regarding Raymond Coats who was sentenced to life imprisonment in Jackson for the murder of Enos Lawrence of this city. "When Coats first came to Jackson prison he was an unprincipled illiterate, but since his release from solitary confinement he has shown a great aptitude for study and without much effort acquired a proficiency in music. A few days ago The Journal published a story from Jackson stating that a prisoner doing a life sentence had written the words and music for a spiritual hymn or sacred song and that a Detroit publisher had been asked to put it before the public. It is now learned that the author is Coats and the authorities of the prison say that the young man, who committed his horrible crime with no more compunction than some men would kill a rabbit is now a first class musician. The prisoners of the institution recently clubbed together and purchased Coats a violin and the music of the hymn was heard for the first time within the prison walls."

Francisco Gamba, president of the Cuban commission sent to the United States by the merchants and the business men to secure better trade relations, says 90 per cent. of the Cuban property holders favor annexation.

### ABOUT THE BULGARIANS.

Are Not All Savages, as Many People in This Country Would Imagine.

The Bulgarians are the equals in modern civilization of any nation of eastern Europe. They are not savages, as some of the most excited of our people seem to imagine. They are a Christian folk whose good will toward Americans in general and American missionaries in particular has been too often displayed to leave room for any doubt of its existence, says the Boston Transcript. Although the Greek church is the national religion of Bulgaria, many Bulgarian public men are graduates of or have been students at Robert college, in Constantinople, an institution affiliated with our missionary enterprises. Indeed, Bulgaria's political and social development has been in no small degree stimulated by the culture spread by our missionary efforts. There is not the slightest ground for the many slurs and sneers at Bulgaria which have appeared in the American press since Miss Stone was taken captive. It may be added that the Bulgarians have what many persons well deem the national virtue of hating the Turks intensely.

### WHEN A LOCOMOTIVE BLOWS UP

An Old Railroad Man's Account of a Catastrophe That He Witnessed.

"I am one of the very few persons who ever saw a locomotive blow up," remarked an old railroad man to a reporter of the Baltimore Sun the other day. "Generally the men who witness the explosion of a steam engine are so dead when the smoke has cleared away that they are never able to give an account of the disaster."

"Like many other accidents, the one I saw was the result of carelessness—low water in the boiler, for the engine had just come from the shops and was in complete repair. It was on a railroad in West Virginia a number of years ago. I was on a locomotive some distance behind the one which exploded, and was looking ahead out of the cab window, so that the ill-fated engine was immediately before my eyes. Suddenly I saw the machine rise in the air; it seemed to me about as high as the telegraph poles beside the track, which, as you doubtless know, are not so high as telegraph poles in the city. Then came a cloud of dense black smoke and dust, which hid the engine from view, and almost simultaneously I heard the roar of the explosion."

"Both the engineer and the fireman were killed, and the locomotive was fit for nothing much but the scrap heap when it fell to the ground. The crown sheet over the firebox had blown out."

"The strange thing about the explosion was that no white steam was seen. You know that perfectly dry steam is invisible, being like the air, and before it had time to condense it was probably smothered by the cloud of smoke and dust raised by the bursting of the boiler."

### PAY OF WRITERS AND ARTISTS

Newspaper Illustrators Receive Much More Money for Their Work Than Authors.

"The difference in the rate of remuneration of the average writer and the average illustrator does not seem to be quite fair," an average writer said, according to the Philadelphia Record. "There is in town this week a young fellow from New York drawing comics for the Sunday supplements. He makes in a morning \$50; the other morning he made \$65 in two hours, and he is paid cash for all he does. Then I know a newspaper illustrator who gets \$50 a week, working in the afternoon and evening. In the morning he does outside stunts in his studio, and last month he got \$400 from a New York weekly, \$75 from one magazine and \$80 from another. Now take the writers."

"Here is So-and-So, who spent two years on a novel. It was published, and his returns thus far have been \$17.50. Blank, another acquaintance of mine, does short stories, and good ones, but he only gets two cents a word for them. Thus a story will average him \$60, and it will take him a month to write it. But the illustrator of that story will get from \$75 to \$100 for his pictures, which he will turn out in two days. The thing doesn't seem fair, does it?"

"I suffered for months from sore throat. Electric Oil cured me in twenty-four hours." M. S. Gist, Hawesville, Ky.

From Coopersville, Mich., comes word of a wonderful discovery of a pleasant tasting liquid that when used before retiring by any one troubled with a bad cough always ensures a good night's rest. "It will soon cure the cough too," writes Mrs. S. Himeburger, "for three generations our family have used Dr. King's New Discovery for Consumption and never found it equal for Coughs and Colds." It's an unrivaled life-saver when used for desperate lung diseases. Guaranteed bottles 50 cents and \$1.00 at Heber Walsh. Trial bottles free.

"Cure the cough and save the life." Dr. Wood's Norway Pine Syrup cures coughs and colds, down to the very verge of consumption.

Brings attractiveness to listless, unlovable girls, making them handsome, marriageable women. That's what Rocky Mountain Tea will do. Haan Bros. 35c.

### Tattoo Marks.

Tattoo-marks on the human body are deep-seated, as has been proved by an investigation at Mount Washington hospital, Baltimore. An individual who died there, shortly before his death willed his body to the surgeons in the hospital for the benefit of science. One of the surgeons, curious to learn the depth of tattooing, experimented on the arm and found that the design of what on the surface of the arm was a coat of arms was marked through the flesh as far as the bone. There was also discovered the trace of the figure on the bone, but it did not penetrate the bony structure.

Ten thousand demons gnawing away at one's vitals could not be more worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

**Spreads Like Wildfire**  
When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years." You know why? Most diseases begin in disorders of the stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Put a new life and vigor into any weak, sickly, rundown man or woman. Price 50 cents. Sold by Heber Walsh, druggist.

**Baxter's Mandrake Bitters Tablets are Easy To Take. Sure In Effect.**

## HOME AND CHILL

Does your horse "feed oats"? What a difference between the grain-fed and the grass-fed horse! The first strong and full of ginger, the second flabby, weak and tired out before he begins. The feeding makes the difference.

Children are not alike either. One is rosy, bright-eyed, full of life and laughter, another pale, weak and dull. The feeding again is responsible.

Sickly children need special feeding. They don't "feed the oats". Scott's Emulsion adds just the right richness to the diet. It is like grain to the horse. The child gets new appetite and strong digestion.

Scott's Emulsion is more than food. It is a strong medicine. It rouses up dull children, puts new flesh on thin ones and red blood into pale ones. It makes children grow. Scott's Emulsion makes ordinary food do its duty.

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle.

### MORE FIGHTING IN COLON.

Captain Perry of Iowa So Informs Secretary Long—New Trouble for the Republic.

Washington, Nov. 27.—Secretary Long Wednesday received the following cablegram from Capt. Perry, of the Iowa:

"Panama, Nov. 27.—Secretary Navy, Washington: Stubborn fighting between contending forces yesterday near San Pablo. Delayed trains, requiring prudence and patience. There probably will be fighting to-day near Gatun. I have secured assurances that firing shall cease while trains are passing. Forty wounded Colombians brought in trains last night. All cared for by Dr. Kindelberger. (Signed) 'PERRY.'"

Washington, Nov. 27.—A cablegram received at the state department Wednesday from United States Consul General Gudge at Panama says:

"There was a good deal of fighting yesterday along the line in which the government forces were generally successful. Trains delayed."

New York, Nov. 27.—According to the Bogota, Colombia, correspondent of the Herald the Colombian government has issued a decree declaring that diplomatic relations with Venezuela have ceased, and that the Colombian legation in Caracas has been withdrawn. Senor Concha, minister of war, says that the government has 80,000 men armed for action.

New York, Nov. 27.—The port of Spain, Trinidad, correspondent of the Herald cables as follows: "Advices from Venezuela say that two battalions in Caracas, which mutinied against President Castro, are reported to have been subdued."

## STILL SEARCHING RUINS.

Twenty-Nine Dead Bodies Thus Far Taken from Site of Detroit Explosion.

### MORE THOUGHT TO BE IN THE RUINS.

All the Injured Are Reported on Road to Recovery with One Exception—Boilers to Be Inspected by Officials—Subscriptions for Victims Pouring In.

Detroit, Nov. 27.—At noon Wednesday the men who are searching the ruins of the Penberthy Injector company's plant, which was wrecked Tuesday by an explosion, still had before them a pile of debris about 60 by 40 feet, which had not been hauled over and inspected. It is expected that in this heap of wreckage some of the 11 employees not accounted for at noon will be located. Already the corrected death list numbers 27.

#### Corrected List of Dead.

Following are the names: Louis A. Henning, aged 38, married; Patrick Malloy, married; Charles Marvin, aged 24; Jacob Koebel, Charles A. Lydy, aged 24; A. E. Miller, aged 20; A. E. Hoffman, aged 28; Ed. Burth, aged 17; Eugene Bertram, aged 14; Stephen Kriess, aged 20; Barney Miotke, George Schoener, Christopher Waldman, Robert Creer, Joseph B. Coffey, aged 17; John Frey, George Downes, Adolph Knapp, Joseph Kosack, Walter Ide, Richard Bryan, John Schable, Douglas Dickson, boy; William Eggers, boy; Peter Doll, Ignatius Brock, body which has been partially identified as Thomas J. Mullane.

Of the dead, 21 were dug out of the ruins, burned and blackened corpses, and the other six died in the hospitals from their injuries. All the injured were reported on the road to recovery Wednesday excepting John Klinowicz, a molder's helper, who is suffering from a fractured skull at Harper hospital. Engineer Riley's recovery is now considered to be certain.

#### Boilers to Be Inspected.

By the order of Prosecuting Attorney Hunt the police have taken charge of the boilers at the wreck and will permit no one to handle them until an inspection of them is made by the authorities. It is likely that Prof. Cooley, of the University of Michigan, will be called upon to conduct the examination of the boilers. Many theories are advanced as to the cause of the explosion. It is the most commonly accepted one that some latent physical defect in the boiler was the cause. The Evening News quotes a "competent engineer" Wednesday afternoon as saying that he is convinced after examining the boiler as it lay in the ruins that it was burned above the water line, right under one of the flanges, and thereby so weakened that a sudden throwing off of the power in one of the departments was likely to develop sufficient pressure in two or three minutes to cause a seam to break.

Already over \$600 has been raised for the families of the victims and subscriptions are rapidly coming in.

The Penberthy Injector company carried \$86,000 insurance, and President Johnson said Wednesday that this would cover the company's loss.

#### Two More Bodies Found.

At 1:25 Wednesday afternoon another body was recovered from the ruins, making the total killed 28.

Another body has just been taken from the ruins, making the total dead 29. The body taken out at 1:30 has been identified as Frank Thomas, the substitute fireman who went to work Tuesday.

#### No Date Set for Inquest.

No date has been set for an inquest over the victims of the explosion, and Coroner Hoffman said that he would not attempt to hold one until a number of the injured now in the hospitals have recovered sufficiently to be present and testify.

#### Is Found Guilty.

Albany, N. Y., Nov. 27.—Police Captain Thomas J. Diamond, of New York, who was put on trial here on a charge of venue from New York county, was Wednesday found guilty on the charge of neglect of duty in having failed to suppress disorderly houses in his precinct. He was sentenced to pay a fine of \$1,000 or to be imprisoned for one year in the Albany county penitentiary. The fine was paid.

#### Speculation Causes Assignment.

Victoria, B. C., Nov. 27.—Thomas Earle, member of the Dominion house of commons and one of Victoria's leading wholesale grocers, has made an assignment for the benefit of his creditors. He announces that his regular mercantile business was not able to bear the burdens of outside speculations.

#### Found Dead in a Tree Top.

Livermore, Ala., Nov. 27.—W. J. Vann, a white man, 50 years old, and married, was found dead in a treetop by possum hunters Tuesday night. He bought morphine and strychnine the day before, saying he had family troubles and was going away so that no one would ever hear from him.

#### Ferryboat Burned.

Memphis, Tenn., Nov. 27.—The ferryboat Hugo, plying between Memphis and West Memphis, Ark., burned at her moorings in front of the city early Wednesday morning. No lives were lost. The boat was valued at about \$10,000.

#### Elected First Vice President.

Berlin, Nov. 27.—The reichstag Wednesday elected Count von Stolberg-Wernigerode to be first vice president of the house, succeeding Dr. von Frege-Weltzien, who has resigned.

## OUR LIFE SAVERS.

Annual Report of the Superintendent Shows the Splendid Work Accomplished.

Washington, Nov. 27.—The annual report of the general superintendent of the life saving service for the year 1901 shows the smallest loss of life from documented vessels suffering disaster since the general extension of the service, and also with respect to vessels of all classes, including the undocumented, with the exception of the years 1880, 1882, 1885 and 1888. The average number of lives lost annually during the entire period (23 years) was 37, one life having been lost in every 13 casualties, while the number lost during the past year was 17, or one in every 43 casualties. The number of casualties to documented vessels was 377. There were on board these vessels 2,848 persons. The estimated value of the vessels involved in disaster was \$5,263,420 and of their cargoes \$2,090,580. Of this amount \$6,403,035 was saved and \$948,965 lost. The number of vessels totally lost was 43. In addition to the foregoing there were during the year 393 casualties to small craft (undocumented), on board of which were 927 persons, of whom ten were lost. The crews saved or assisted to save 422 vessels, valued with their cargoes at \$3,139,010, and rendered assistance of minor importance to 548 other vessels in distress, besides warning from danger 231 vessels. The cost of the maintenance of the service was \$1,640,013.74.

### CLIMB A PRECIPICE.

American Troops Capture an Insurgent Fort and Rout the Rebels, Who Lose Heavily.

Manila, Nov. 25.—Capt. Edward P. Lawton's company of the Nineteenth infantry has attacked and captured an insurgent fort on Bohol island, south of Cebu, in the Vizayan group. This fort was surrounded on all sides by a precipice, and the only entrance to the higher ground was guarded by a stockade with a line of intrenchments behind it. Capt. Lawton sent Sergt. McMahon and 20 men to climb the precipice and attack the fort in the rear. Sergt. McMahon's party accomplished their task after three hours' climbing through the thick undergrowth of brush and vines that covered the almost perpendicular cliff. They took the enemy by surprise and drove them from the fort. As the insurgents escaped they had to pass the remainder of Capt. Lawton's company at a distance of 150 yards. Here the enemy suffered terrible losses.

Manila, Nov. 26.—Second Lieut. Louis J. Van Schick, of the Fourth infantry, while scouting with a few men of that regiment, met 150 insurgents who had attacked and sacked the hamlet of Siaraca, near Cavite, and routed them, the lieutenant killing three of the enemy.

Manila, Nov. 27.—The English secretary of Sixto Lopez, the Filipino agitator, has been ordered to leave the Philippines for refusal to take the oath required of subjects.

### POSTAL REVENUES.

They Were \$111,631,193 the Past Year, Being \$3,923,727 Less Than the Expenditures.

Washington, Nov. 26.—Third Assistant Postmaster General Edwin C. Madden in his annual report recommends the consolidation of third and fourth-class mail matter, an increase of the limit of indemnity for the loss of registered matter from \$10 to \$100, and that postal employees be made liable for the value of registered matter lost through their carelessness.

The total postal revenues for the year from all sources were \$111,631,193, being \$3,923,727 less than the expenditures. This is exclusive of the cost of transporting the mails over the subsidized railroads that have not yet settled their bonded accounts with the government.

Mr. Madden says it is but a question of time if the rate of increase of second-class matter continues before it will consume most, if not all, of the revenue derived from other classes of mail matter.

#### Family Tragedy.

Marietta, O., Nov. 26.—On Sunday evening at Unionville, Morgan county, Robert Wilking and wife had a family quarrel. Mrs. Wilking, taking her baby, hurried to her father's, Jacob Stokes, a short distance away. The husband followed. Stokes and his wife were on the veranda. Robert Wilking, on arriving, shot and mortally wounded Mr. and Mrs. Stokes. A son of Mr. Stokes then appeared and shot Wilking in the neck, severing the head from his body. No arrest.

#### Suit Begun for Big Estate.

West Superior, Wis., Nov. 27.—John E. Connor, a blacksmith, has begun suit in the Canadian courts against the Canadian government to recover an estate valued at over \$3,000,000. The estate comprising the site of the town of Guelph in Ontario, a city of over 16,000 people.

#### Will Leave Hammond.

Chicago, Nov. 27.—The packing plant of the G. H. Hammond company is to be removed from Hammond, Ind., to the Union stock yards, where \$1,500,000 to \$2,000,000 will be expended for buildings.

Fitzsimmons Will Fight Jeffries. Portland, Ore., Nov. 27.—Jim Jeffries' manager, Billy Delaney, is jubilant over the fact that Fitzsimmons has expressed himself willing to meet Jeffries in February.

#### The McKinley Estate.

Canton, O., Nov. 27.—Appraisers of the estate of President McKinley fixed its value at \$290,000 and divided upon \$8,000 as the annual allowance for the widow.

## THE WORK OF THE ARMY.

Summary of the Annual Report of Secretary of War Root Gives Interesting Facts.

### IMPORTANT SUGGESTIONS ARE MADE.

Says Effect of the Canteen Law Cannot Yet Be Determined—Strength of Fighting Force Is 84,513—Plan for a Well-Trained Militia—Urges Treaty with Cuba.

Washington, Nov. 27.—In the first half of his report Ellihu Root, secretary of war, reviews at length the work of the army during the last year, and gives particular attention to conditions in Cuba. He holds that the island rapidly is making ready for home rule.

Among the important recommendations by the secretary is for an officers' school in which young men in civil life can be trained in military duties, fitting them for service in a volunteer force in case of need.

#### Anti-Canteen Law.

Regarding the anti-canteen law the report says: "When the orders were issued for the enforcement of this section of the law the commanding officers of the various posts and military organizations were directed to report upon its effects. Reports received indicate that the effect of the law is unfortunate. I think, however, that a sufficient time has not elapsed to give the law a fair trial, and the observation of its working will be continued during the ensuing year."

#### Strength of the Army.

The full strength of the army in every branch is 84,513 officers and men, of whom 43,219 are in the Philippines, 4,914 in Cuba and 1,541 in Porto Rico. Operations in the Philippines have degenerated into sporadic brigandage. For the year ending June 30 the Filipinos lost 3,854 killed, 1,108 wounded, 6,572 captured and 23,066 surrendered, with a total of 15,693 rifles and nearly 30,000 rounds of ammunition. The American loss was 246 killed, 490 wounded, 118 captured and 20 missing. Congress is asked to make special recognition of the services of Maj. Gens. Merritt, Brooke and Otis.

#### Well-Trained Militia.

A well-trained militia organization, ready to take its place as a part of the fighting force of the nation in any emergency, is held a necessity. On this point the secretary says: "The militia law to-day is practically obsolete. It is desirable that congress should exercise the power conferred upon it by the constitution to provide for organizing, arming and disciplining the militia. The organization and armament should be made the same as for the regular and volunteer forces. The relations of the national guard organizations to the national forces and the obligations and duties of those organizations in time of war should be clearly defined."

The secretary proposes in time of peace to prepare for war. He recommends that national guard officers and other civilians be invited to present themselves for examination. Those who are found worthy of commissions shall be listed, and in the event of war shall be subject to call to serve as officers of volunteers.

#### Good Progress in Philippines.

Progress in the Philippines is discussed at length, the secretary saying that the only opposition to the army now is a sort of guerrilla warfare closely approaching brigandage. It is stated that there are now 502 military stations in the islands, covering every important town and strategic point.

#### Urges Treaty with Cuba.

In discussing Cuba Secretary Root says that the constitution, although not wholly satisfactory to him, has been created by the military government "as an acceptable basis for the formation of the new government to which the control of the island is to be transferred, and such a transfer may be anticipated before the close of the approaching session of congress." He then urges a treaty of reciprocity with free Cuba. The Cubans having accepted all the conditions imposed by the United States, should be treated as friends and not as enemies, and the secretary holds that commercial reciprocity will be money in pocket for Uncle Sam.

### FIND THE BODIES.

Rescuers Discover the Remains of the Officials Who Were Lost in West Virginia Mine.

Bluefield, W. Va., Nov. 25.—The dead bodies of the lost party of eight well-known mining men who entered West mine of the Pocahontas Collieries company on Friday morning have been found by rescuers. The names of the victims are: A. S. Hurst, chief inspector; Bob Odham, sub-inspector; Frazier G. Bell, mining engineer; Superintendent of Mines Walter J. Malley; Joseph Cardwell, superintendent of the Shamokin Coal and Coke company; R. E. St. Clair, second assistant inspector; State Mine Inspector Price and Maurice St. Clair, subinspectors.

#### Vote of New Jersey.

Trenton, N. J., Nov. 27.—The state board of canvassers appointed by the governor met Tuesday afternoon and canvassed the vote cast at the recent election for governor. It was found that Franklin Murphy (rep.) received 183,814 votes; James H. Seymour (dem.), 166,681.

#### Navigation Closed.

La Crosse, Wis., Nov. 25.—Navigation on the Mississippi river is now officially closed, and the government is no longer responsible for accidents growing out of the fact that the lights along the river are not burning.

#### Is Given Warning.

London, Nov. 25.—Col. Arthur Lynch, the newly elected member of parliament for Galway, has been informed that if he comes to England he will be tried forthwith for treason.

#### Marines Land.

Panama, Nov. 26.—United States marines from the battleship Iowa landed here, took possession of the Isthmian railroad, and, with an armored train, cleared the line.

#### Sisters Cremated.

Pittsburg, Pa., Nov. 26.—Four sisters named Miller were burned to death here in a blaze caused by an attempt to start a fire with kerosene.

#### Robbed of Enormous Sum.

Liverpool, Nov. 26.—The Bank of Liverpool has been robbed of £170,000 by a trusted bookkeeper, who is said to be on his way to America.

## Holland City News.

FRIDAY, Nov. 29, 1901.

N. J. WHELAN, Editor.

### Happy Thanksgiving Day.

The great national day of thanks-giving was observed in Holland in a most befitting manner yesterday. In the forenoon services were held in all of the churches and prayers of praise and thanksgiving were said. In nearly all of the churches collections were taken for the poor or for missionary objects and unusually large sums were realized, as the Holland churches always make this day the occasion for generous contributions to worthy causes.

In the Central Avenue Christian Reformed church \$317.26 was collected of which \$264.85 goes to the poor and \$52.41 to the church. In the Third Reformed church \$161.68 was collected, and this amount will be devoted largely to missionary work. In Hope church the collection \$84; in the First Reformed church, \$79.69; and in the Ninth street Christian Reformed church \$317.75.

Another active agency in making the day a success was the Y. W. C. A. and the Y. M. C. A. A committee consisting of Henry Geerlings, Mrs. C. V. B. Gilmore and Henry Van der Ploeg of these organizations did excellent work taking care of contributions and distributing to needy families. 45 baskets, each containing a sack of flour and some chickens were sent to as many families. \$40 in cash was also distributed as well as a large amount of clothing, boots and shoes.

### Vetoed, Amended and Passed.

The street railway franchise as amended by the common council last week had a very rocky road to travel before it finally became a law. Mayor Brusse had until last Saturday to sign it and such a bedlam broke loose about his ears during the interval allowed him for consideration that he could not be blamed if he wished that the whole system was relegated to the Sandwich Islands. Every business man in Holland apparently had a different opinion of the merits of the ordinance.

The opposition to it finally crystallized into a petition praying that Mayor Brusse should exercise his veto power and kill the ordinance "while it was a burning." Mayor Brusse thought that it would be a good plan to arrange for further consideration and Saturday afternoon filed his veto as follows:

"To the Honorable Common Council of the City of Holland: Gentlemen: Pursuant to Sec. 3, title 8, of the city charter, I herewith return ordinance 205 relative to electric railway franchise without approval, for the reason that I consider the right to haul freight through Eighth street during the day time to be detrimental to the interests of the city,

"Respectfully submitted,  
WM. BRUSSE."

He did this with the understanding that a special council meeting should be called Monday night and the objectional features of the ordinance should be removed. The principal objections were based on the clause permitting freight cars loaded with sugar beets to be run through the streets during the day time. This objection was removed Monday night.

The council cut out the provision under which the railway company was permitted to carry sugar beets in freight cars during the day and also shortened the freight hauling privileges at night fixing the hours from 8 in the evening to 7 in the morning, during which time the company can carry freight in regulation freight cars without any restrictions as to quantity.

The company, however, can carry parcel freight in combination baggage and express cars, at any time of the day. The only change made in the franchise was the elimination of the clause permitting sugar beet traffic in the day time.

The ordinance as amended Monday night was passed inside of ten minutes and Mayor Brusse attached his signature.

Among other things the ordinance as amended provides that the street railway company shall pay one-third of the expense of paving when such improvement is made and makes it obligatory on the part of the railway company to build its second track through the city before the street is paved, the old franchise making no restrictions in this regard, and the company could tear up the paving at any time and build its second track; it requires the railway company to build crosswalks of the same material and at the same time such walks are built by the city and it permits local factories to get their goods out of Holland over a competing railway line.

### Are You Going to the Poultry Show?

Are you going to the poultry show? After learning of the extensive plans of the officials to make the show a success you will have but one answer to that query.—"Yes."

The show will be held December 17, 18, 19 and 20 and already in reply to the catalogues sent out by Secretary St. Clair applications for exhibition space are pouring in from all parts of the state. The greatest bird fanciers in Michigan will be here with their best fowls and will run the local fanciers a close race for prizes.

The birds will be scored by Sharp Butterfield, of Canada, the greatest judge of poultry in the world.

Prizes to the value of \$250 will be given by the association. The sweep-stake prizes include a silver cup worth \$25 awarded by the Holland Poultry and Pet Stock association and four \$5 gold pieces, one of which is given by J. C. Post and another by J. Shippers.

### ADDITIONAL LOCAL.

The life saving station will close tomorrow night at 12 o'clock.

The Holland Furniture factory and DeGrandwet printing company gave each of their employees a turkey for Thanksgiving Day.

A new hotel will be built at Saugatuck next spring on the site of Pokagon Inn which was destroyed by fire this fall.

Be sure and get some of those handkerchiefs for holiday gifts at John Van der Sluis, special sale next week. A big assortment to select from.

Thomas Sheehan, the well known lake shore farmer and Miss Bertha Schnay, of Agnew, were united in marriage Wednesday at Grand Haven by Rev. Father Maus.

At the annual meeting of the congregation of the Central Avenue Christian Reformed church B. Bloemendaal and G. W. Mokma were re-elected elders and James Kole, A. Van Putten and C. Woldering were re-elected deacons. A. Wiebalda was also elected elder, and H. Hoveman deacon.

The members of Holland Camp M. W. A. will be the guests of Star Camp M. W. A. of Grand Rapids, Saturday evening, November 30th. They will go to Grand Rapids on a special car leaving the corner near the tower clock at 8:15 p. m. Fare for the round trip 65 cents. Tickets may be purchased at H. Van Tongeren's store or at A. J. Oxner, clerk of the camp.

The Toronto Shoe company which was offered a bonus of \$5000 to locate its factory in this city will be unable to meet the requirements of the trustees of the bonus fund. Although the factory is completed it will be impossible for the company to operate it and the entire \$5000 has been returned to the trustees. The building is one of the best sites in the southwestern part of the city and it is not likely to remain idle long as a company better equipped financially than the Toronto firm is trying to get possession of it.

The regular meeting of the Sunday school of the Third Reformed church was held Monday evening at the home of Rev. and Mrs. G. H. Dubbink. The financial report of the secretary revealed a very satisfactory condition of affairs. The plans for a Christmas entertainment were discussed and a fine program will be carried out. Following were the officers elected: Superintendent, Arend Vlescher; vice president, Nick Prakken; secretary, John Winter; treasurer, P. Gunst; librarian, Herman Van Ark; chorister, John Van der Sluis; organist, Miss Minnie Spruijsma. After the regular business of the meeting was transacted a social time was enjoyed and dainty refreshments were served by Mrs. Dubbink.

The steamer Puritan has been laid up in the canal basin near Benton Harbor and will spend the winter there. The Soo City will continue on the Chicago-St. Joe route until ice forms in the lake. For the present, she will continue her daily trips. President Graham announces that the steamers will go into commission in the spring in the following order: Soo City, City of Chicago, Puritan, City of Milwaukee. The City of Chicago will go out ahead of the City of Milwaukee in the spring and will be laid up first in the fall. This arrangement is made so that the crews will have an equal share of work during the season. As fast as the steamers are laid up, they are overhauled and placed in readiness for the next season. The work on the City of Chicago is complete and she is in shape to sail on a few hours notice. Mr. Graham will leave on an extended trip to the City of Mexico as soon as navigation is completely closed. He will be away the larger part of the winter and will visit southern California, returning home via New Orleans and Florida. He attempted the trip last year and had proceeded only part way when the City of Louisville burned and he was obliged to return.

## AFFAIRS OF THE INTERIOR.

### Secretary Hitchcock Makes Some Interesting Statements in His Annual Report.

#### BRIEF SYNOPSIS OF THE DOCUMENT.

#### Several Recommendations with Reference to the Indian Tribes—Dangers to Our Forests Are Strongly Pointed Out—Arid Lands and Land-Grant Railroads.

Washington, Nov. 25.—The annual report of Secretary Hitchcock, of the interior department, has been made public. It indorses the conclusions submitted by Commissioner of Indian Affairs Jones regarding the present Indian educational system. The secretary says: "The management of the Indian service in the field and in the schools, while satisfactory under existing conditions, is not deemed to be the best for the welfare of the Indians, and different methods will hereafter be adopted. This policy contemplates requiring the working by Indian allottees able to do so of a fair portion of lands allotted them and the contributing by their industry to their own support of all not entirely disabled by actual disability, physical or otherwise; the discontinuance of the issue of rations to those able to support themselves, and the extension to the latter of every possible aid for their well-being and encouragement; the inauguration of industrial training in all schools where not now established, so that such Indians of both sexes may be taught the trades or industries adapted to their circumstances."

**Income Decreased.**  
The income of the various Indian tribes from all sources during the year aggregated \$5,338,880, a falling off of \$300,562, mostly due to the expiration of treaty obligations.

In the future full leasing privileges will be confined to those whose disability or inability actually disqualifies them from working any part of their allotments and in a lesser degree to those whose disability prevents their working more than a small part of their allotments, those conditions to be clearly shown; all other allottees to be required to work at least 40 acres of their allotment.

#### Danger to the Forests.

The report says that the act of June 3, 1897, known as the timber and stone act, if not repealed or radically amended will result ultimately in the complete destruction of the timber on the unappropriated and unreserved public lands. The time has arrived, according to the secretary, when reservoirs must be built and managed as a part of a national system of forest and water conservation. They cannot be successful if maintained, however, without a thorough system of forest protection. The introduction of practical forestry on the forest reserves has now begun. The general policy as announced in an outline memorandum to the commissioner of the land office is that additional forest reserves, with boundaries drawn to liberate the smallest amount of scrip, should be created during this winter; the good will of residents in or near the reserves should be gained, forest fires guarded against and the resources of the reserves should be made available for the conservative use of the people. Systematic investigation designed to make them accessible and useful should be undertaken and each forest reserve and part thereof should be dealt with on its own merits.

#### The Arid Lands.

On the question of reclamation of the arid region the secretary says: "The investigations which have been carried on demonstrate that there is no one question now before the people of the United States of greater importance than the conservation of the water supply and the reclamation of the arid lands of the west and their settlement by men who will actually build homes and create communities." It is recommended that construction at once be begun as follows: The San Carlos storage reservoir in Arizona, reclaiming 100,000 acres or more of public land, at an estimated cost of \$1,040,000; reservoirs in the Sierra Nevada in California for reclaiming desert lands in Nevada; the diversion of St. Mary river into the headwaters of Milk river in Montana. An appropriation of \$300,000 is asked to carry on the hydrographic work of the geological survey.

#### Land Grant Railroads.

The secretary says the net earnings of the bond-aided and land-grant railroads amount to over \$13,000,000 and the increase in gross earnings to \$7,000,000. The increase in expenses for the year was over \$24,000,000. The debt of the Central Pacific road to the United States now stands at \$38,112,715.

#### WILL BECOME A PARK.

#### United States Government Purchases the San Juan Battlefield, Hill and Blockhouse.

Santiago de Cuba, Nov. 25.—During his recent visit here Gen. Wood bought for the government the principal portion of the San Juan battlefield, including San Juan Hill, the site of the blockhouse and Bloody Bend. The tract comprises 200 acres and cost \$15,000. It will be considered a United States reservation, and the government intends to lay out a beautiful park on the old battlefield.

#### Enormous Expenditures.

Philadelphia, Nov. 23.—The expenditures to be made by the Pennsylvania Railroad company in 1902 for rolling stock will aggregate \$25,000,000, a sum unprecedented in railroad history. Of this amount about \$19,000,000 will be expended for cars and the other \$6,000,000 for locomotives.

#### Indian Affairs.

Washington, Nov. 23.—Commissioner of Indian Affairs Jones, in his annual report, suggests the discontinuance of rations and money to the red men, giving them instead education and throwing them upon their own resources.

#### Revenue Receipts.

Washington, Nov. 26.—In October the internal revenue receipts from all sources amounted to \$24,599,907, a decrease as compared with October, 1900, of \$3,104,072.

#### Van Sant Will Act.

Minneapolis, Minn., Nov. 25.—Gov. Van Sant has decided to call an extra session of the legislature to take up the fight on the Great Northern railway alliance.

#### Battleship to Be Launched.

Washington, Nov. 27.—The battleship Missouri will be launched at Newport News Saturday, December 28 next.

## PAYS ITS OWN WAY.

### The Free Delivery System Is Now Self-Sustaining, Says the First Assistant Postmaster General.

Washington, Nov. 27.—First Assistant Postmaster General W. M. Johnson in his annual report says the yearly increase in the postal revenues has resulted in the free delivery service becoming self-sustaining. Of the gross postal revenues of the United States for the past fiscal year \$7,236,394 came from 666 free delivery cities. The remaining 3,600 presidential post offices yielded \$16,063,252, while the 72,479 fourth-class post offices produced \$18,913,613. Mr. Johnson says the fact that the postal service in the largest cities is practically perfect is the explanation of why the annual percentage of increase in the revenues of the free delivery post offices should be three times greater than in the smaller cities and five times as large as that of the fourth-class offices. As rural free delivery reaches out into the country, giving equal facilities without regard to locality, he says it increases the revenues at a rate at least equal to that maintained in the free delivery cities, where during the past five years it has averaged eight per cent.

At the end of the present fiscal year 8,600 rural routes will be in successful operation, 6,000 being in effect by December 2. The latter figure represents just 50 per cent. of the applications for such service filed since its inauguration five years ago. The inflexible policy is announced hereafter of avoiding maintenance of unnecessary post offices and superfluous star routes contemporaneously with rural free delivery routes. On July 1 last the force of 4,301 rural carriers was serving 2,840,944 people at a fraction over 75 cents per capita, and on December 2 next 4,000,000 of the rural population will be enjoying free delivery. Every establishment of a route, the report says, is followed promptly by a steady increase in the volume of mail both delivered and collected.

The average daily sales of money orders in the United States, fees included, are \$973,514. The aggregate amount of money orders issued was \$294,618,681, an increase of \$39,000,000 for the year.

In the five years just passed the number of presidential post offices has increased 23 per cent.; salaries of these postmasters increased 15 per cent.; allowances for clerks in the first and second-class offices, 13 per cent.; the number of free delivery offices, 36 per cent.; the number of carriers, 25 per cent.; the cost of the free delivery service, 24 per cent.; the increase of gross receipts at free delivery offices, 41 per cent., and money order business, 56 per cent.

#### TWENTY-SEVEN DEAD.

#### Nearly Thirty Others Are Injured in a Boiler Explosion in a Big Plant in Detroit.

Detroit, Mich., Nov. 27.—The greatest calamity that has ever visited Detroit occurred at 9:30 yesterday morning, when the explosion of a boiler in the plant of the Penberthy Injector company sent 27 men to their death and seriously maimed and burned 24 others, who are being cared for at the hospitals.

The plant of the company occupied half a square at the corner of Abbott street and Brooklyn avenue, and consisted of two large brick buildings, separated by a 16-foot alley. The explosion occurred in the rear building, and tore the whole structure into pieces, with a report that sounded all over the city like the discharge of a heavy piece of armament.

The property loss is \$180,000. The cause of the explosion is a mystery. The boilers were inspected only a few days ago and were found to be in perfect condition; indeed, the firm was noted for its efficient engineering force.

#### SWEPT OVERBOARD.

#### Woman Snatched from Her Husband's Side While on Deck During Heavy Sea.

Philadelphia, Nov. 27.—Capt. Hill, of the steamship Belgenland, which reached her dock Tuesday from Liverpool, reports that when the steamship was abreast Nantucket light Sunday Mrs. H. McNeal, wife of Dr. McNeal, of Ann Arbor, Mich., was washed overboard and drowned. There was a heavy sea running at the time of the accident. Dr. McNeal, who was on deck, watching the storm, went to his stateroom and called his wife to come on deck and view a passing steamship. The couple had been standing together for only a few minutes when an immense wave swept over the Belgenland carrying the unfortunate woman overboard. Her body was not seen after it had been carried away by the wave.

#### Rathbun Indicted.

Jeffersonville, Ind., Nov. 23.—The special grand jury selected to investigate the Rathbun insurance conspiracy and murder case Friday afternoon returned an indictment against Newell C. Rathbun, charging him with murder in the first degree. The body of Rathbun's alleged victim, supposed to be that of Charles Goodman, arrived from Little Rock Friday afternoon and was taken in charge by Coroner Coats.

#### Killed by the Trolley.

Springfield, Ill., Nov. 23.—Capt. Antoine Neustadt, of Collinsville, aged 78, one of the oldest attorneys in southern Illinois and for years a law partner of former Congressman F. W. L. Hadley, of Collinsville, was run down and almost instantly killed by an electric car of the Collinsville, Caseyville & St. Louis electric railroad at Edgmont Friday afternoon.

#### Nebraska's Vote.

Lincoln, Neb., Nov. 26.—The official count for Nebraska of the November election shows that Sedgwick, republican for supreme judge, has a plurality over Hollenbeck, fusion, of 12,659, and a majority over all of 6,751. For regents of the university Ernst and Calkins, republicans, have an average plurality of 15,171. The total vote in the state was 201,192.

#### Venerable Lovers Wed.

Quincy, Ill., Nov. 26.—Rev. Dudley B. Eells, retired pastor of the Christian church at Newton, was married to Mrs. Sarah J. Tilton, of Payson. The groom is 75 years old and the bride 67.

London, Nov. 26.—According to a dispatch to the Standard from Odessa 130 persons perished in the recent earthquakes at Erzeroum.

## REPORT ON AGRICULTURE.

### Secretary Wilson Gives an Interesting Account of the Work in His Department.

#### MOST SUCCESSFUL YEAR IN HISTORY.

#### The Farm Furnished Sixty-Five Per Cent. of the Exports in the Past Twelve Months — Plant Industry, Bureau of Forestry and Experiment Stations Reviewed Briefly.

Washington, Nov. 26.—The fifth annual report of the secretary of agriculture, Hon. James Wilson, is considerably larger than in former years, reflecting thereby the great growth and development which has attended this department during his administration.

He announces an important extension of the forecast field of the weather bureau, which now includes reports from certain points in the British Isles and on the continent of Europe, from the Azores, Nassau, Bermuda and Turks Island. The Atlantic forecasts based upon these reports now form part of the regular night forecasts issued in Washington. Three new forecast districts have been established—in Boston, New Orleans and Denmark. An extension of the forecast to farmers through the rural delivery is contemplated. Substantial improvements are reported in the department's system of wireless telegraphy.

#### Animal Industry.

A large portion of the report covers the subject of animal industry. The grand total of animals and animal products exported during the year exceeded \$50,000,000 in value. This vast foreign market is only preserved to our producers by the indefatigable efforts of the department and the rigid inspection exercised through the bureau of animal industry. This bureau inspected for export 385,000 cattle, 228,000 sheep and 48,000 horses and mules, and nearly 1,000 vessels carrying live stock. Imported animals were also inspected to the number of 342,000, and, where necessary, quarantined. The secretary suggests that with the enormous interests our stock-raisers have at stake, and inspection or quarantine affording after all a relative, not an absolute, guarantee of protection, it might be well for this country to follow the example of Great Britain and exclude live stock from other countries entirely.

#### Plant Industry.

The organization of the bureau of plant industry is reported. It has brought together in one group investigations in plant physiology and pathology, botany, grasses and forage plants, pomology and the experimental gardens and grounds, including the experiment farm at Arlington and the introduction of foreign seeds and plants. In regard to the congressional seed distribution, the secretary states that he has endeavored to meet the wishes of congress in every way possible and to secure seeds of as high a character as can be obtained under the conditions under which the work is done.

#### Work of the Bureau of Forestry.

Another of the newly organized bureaus is that of forestry. The secretary reports that this bureau is co-operating with the federal government, with several states and many private owners in handling their forest lands. Altogether, assistance has been asked for a total area of 52,000,000 acres, of which 4,000,000 are held by private owners. The work of forest management is reviewed in some detail. During the year nearly 800,000 acres under private owners were examined by representatives of the bureau, and four detailed working plans, covering 228,000 acres, were prepared.

#### The Office of Experiment Stations.

The secretary reports as the result of a broad inquiry made through the office of experiment stations that by far the largest part of the work of the stations has direct relation to the important agricultural interests of the communities in which they are located. The work of the stations is becoming better understood by the farmers, and a broader, deeper foundation of scientific inquiry is being laid each year.

#### Aid to Farmers' Institutes.

He reviews very fully the great development in the work of farmers' institutes. In 1899 over 2,000 farmers' institutes were held in this country, attended by over half a million farmers. These were held in 43 states and territories.

The report concludes with a review of the development of agriculture and commerce during the past 20 years, and of the contributions by the department of agriculture to the progress of events and the building up of domestic and foreign trade. The secretary says that coincident with this growth numerous institutions have grown up in this country and abroad, devoted to the application of science to the service of agriculture, thus creating a great demand, at good salaries, for the right sort of men. Each nation is seeking to extend its productions, and is depending more and more upon the aid of science.

#### Heavy Football Receipts.

New Haven, Conn., Nov. 27.—Yale's receipts for the football season, it is estimated, are likely to prove the largest ever taken in. From the games with Harvard and Princeton about \$50,000 was realized. Receipts from the minor games will bring the total up to about \$70,000.

#### The Nation Divorce Suit.

Medicine Lodge, Kan., Nov. 26.—The divorce suit brought by David Nation against his wife, Carrie Nation, the saloon smasher, was begun here Monday. Mr. Nation claims his wife took away his featherbed, drew \$900 from the bank and refused to live with him.

#### Storm Damage Over \$1,000,000.

New York, Nov. 26.—Ruin marks the path of the storm which ravaged portions of the Atlantic coast. Nearly every building in Long Branch suffered, and the total damage will exceed \$1,000,000. Five men were drowned from a barge.

#### In Danger of Starvation.

Washington, Nov. 26.—John Goodnow, consul general at Shanghai, reports to the state department that there are over 600,000 of people in the Yangtze valley who will starve this winter unless they get help from outside.

#### Wife Murderer Sentenced.

Sloux City, Ia., Nov. 26.—Ben McKnight, convicted of murdering his wife by beating her to death, has been denied a new trial and sentenced to 25 years in prison.

#### Raised Price of Coal.

Chicago, Nov. 27.—Mine operators of Ohio, West Virginia and Pennsylvania met at the Auditorium and agreed to increase the price of soft coal 25 cents a ton.

## WEAKNESS

### OF MEN AND WOMEN

Could we read the hearts of every man and woman, what a host of sorrows and despair would be disclosed. Indigestions and Blood Diseases have caused more physical and mental wrecks than all other causes combined. They strike at the foundation of manhood; they sap the vital forces; they undermine the system, and not only do they often disrupt the family circle, but they may even extend their poisonous fangs into the next generation. If you have been a victim of early sexual habits, remember the seed is sown, and sooner or later you will reap a harvest. If your blood has been diseased from any cause do not risk a return later on. Our New Method of Cure will positively cure you and you need never fear any return of the disease. We will give you a guarantee bond to that effect. We would warn you sincerely against the promiscuous use of medicine which either cures blood poison but simply suppresses the symptoms.

#### WE CURE OR NO PAY.

Don't Let your Life be Drained Away, while weakness is eating at you as it eats the body. There is no room in this world for mental, physical or sexual dwarfs. Our New Method of Treatment will Stop All Unnatural Losses, Purify the Blood, Strengthen the Nerves, Restore Vitality, and make a man of you. If you are in trouble, call and consult us. Consultation is Free. We treat and cure Drains, Blood Diseases, Varicose, Stricture, Unnatural Discharges, Gleet, Kidney and Bladder Diseases. No cutting or operations. No detention from business. Everything confidential. Consultation Free. Books Free. Question Blank Free for Home Treatment.

#### DROPS DEAD.

#### Former Governor Waite of Colorado Dies Suddenly at His Home at Aspen.

Aspen, Col., Nov. 27.—Former Gov. Davis H. Waite, of Colorado, fell dead here at nine o'clock Wednesday morning while peeling apples. He had been in good health up to the moment of his death. It is believed that the cause of death was heart trouble.

[Davis Hanson Waite was born at Jamestown, N. Y., April 9, 1825. During the early part of his life he was engaged in mercantile pursuits at Russell, Wis., and Fond du Lac and Princeton, Wis. He was a member of the Wisconsin legislature in 1875. He taught school for a time and then published a newspaper at Jamestown, N. Y. In 1876 he removed to Larned, Kan., where he was elected to the legislature. He came to Colorado in 1879, practicing law at Leadville and Aspen. He was a republican in politics.]

EX-GOVERNOR D. H. WAITE OF COLORADO.

In 1892, when he was a delegate to the populist convention at Omaha. He was nominated for governor of Colorado in that year by the people's party and was elected. His administration during 1893 and 1894 was tempestuous and eventful. Twice he called out the state militia, the first time to maintain order in Cripple Creek during the miners' strike, and the second time to seat his appointees on the Denver fire and police board, whose authority had been disputed by the old board and who had been forcibly excluded from the city hall. Gov. Waite was a candidate for reelection in 1894, but was defeated by Charles A. McIntire, republican.]

#### DIVORCE IS GRANTED.

#### Carrie Nation, the "Joint Smasher," and Her Husband Are Legally Separated.

Medicine Lodge, Kan., Nov. 27.—David Nation has been granted a divorce from his wife, Mrs. Carrie Nation, "the joint smasher." The court exonerated Mrs. Nation from the charge of cruelty to her husband, and divided the property. The Medicine Lodge home will go to Mr. Nation, and outlying property to his wife.

In reply to questions of the court, Mrs. Nation said that one reason she fought the proceedings was that she wished to continue to share the pension money drawn by her husband. Mr. Nation in support of his petition for divorce cited a letter from his wife in which she had denounced him as a "hell-bound hypocrite." He charged that she did not attend to his wants.

Judge Gillett granted the divorce on the ground of gross neglect of duty. When Mrs. Nation first started out on her career of joint smashing a year ago, Mr. Nation seemed to be in sympathy with her raids. But when she spent all of her time away from home crusading or serving sentences in jail for destroying property, he went to the home of his daughter in Indiana and lived. He was Mrs. Nation's second husband and was nearly 70 years old. The couple had lived together for many years.

#### Suspected Bandit Arrested.

St. Paul, Minn., Nov. 27.—A special to the Dispatch from Neilhart, Mont., says: A man was arrested here Wednesday who is suspected of being one of the principals in the Great Northern train robbery of July 3. He was at first supposed to be "Hanks," who was arrested by the authorities in connection with the robbery, but gave his name as Robert Collins. Afterwards he was recognized as an old-timer in this vicinity who has not been seen since last May. Although not Hanks, he is believed to be one of the bandits.

**MANY MORE LIKE IT IN HOLLAND**  
The following case is but one of many similar occurring daily in Holland. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such conclusive evidence. Mrs. Garret Kopenga, living five miles southeast of Holland, farmer, says: "I have been subject more or less all my life to attacks of kidney pains and backache. If I caught cold or strained myself from doing any unusually heavy work I was sure to be laid up for a time. The attacks came on at intervals and were very severe, so that it was almost impossible for me to bend over and if in a stooped position I could scarcely straighten again. I tried a great many different remedies and wore plasters but could get nothing to remove the trouble until I saw Doan's Kidney Pills highly recommended and went to J. O. Doesburg's drug store in Holland and procured them. My back was hurting me severely at the time but it was only a few days treatment to relieve me and in a short time the aches and pains were entirely removed."

**WILD ILLINOIS REGION.**  
**Remarkable Tract of Land in Tazewell County That Resembles an African Jungle.**

An African jungle transplanted to central Illinois would be the best description that could be given to a remarkable tract of land in Tazewell county, lying along the Hackinaw river, near the village of Lilly. This tract, in local parlance, is known as "the Lost Forty." It is without doubt the wildest piece of land in all Illinois, and consists of a continuous series of abrupt and deep ravines, says the Illinois State Journal.  
Not a foot of the tract could be cultivated. The ridges are full of fox dens, wolves are occasionally found, and turkey buzzards hover over it in large flocks. Even people familiar with the territory have been lost in the dense forest. Except for a few giant oaks, the wood has no commercial value.  
The tract is known as "the Lost Forty" because no one knows who owns it. For years it has been used for trading purposes, and many unwary persons from a distance have advanced money upon it and taken mortgages in various sums, only to receive a questionable title to a worthless piece of land. On the Tazewell county tax books the 40 appears with "Owner unknown." The land is watered by innumerable springs and the Mackinaw river, which winds its way through it.

**THE BRONX ROCKING STONE.**  
**Many Tons in Weight Yet Can Be Easily Moved by One Strong Hand.**

The rocking stone which stands on the flat surface of an out-cropping of rock on a little eminence in Bronx park does not attract so much attention as the animals there do, by any means; but there are, nevertheless, always interested people walking around it, and trying to see if they can move it, says the New York Sun.  
This great fragment of rock, which weighs perhaps eight or ten tons, or more, has in its general outlines a form in some rough semblance to an egg. It lies on its side, and so nicely balanced is it that one man of fair strength can readily move it; and almost any two persons can start it into the rocking movement of which, through a small radius, it is susceptible.  
A woman comes up and lays her gloved hands upon it and presses gently; it doesn't budge.  
"Why, it doesn't move," she says.  
But two or three women together can set the great stone rocking easily.  
And no matter who it may be that sets the rocking stone in motion, he is pretty sure to find in setting it rocking a sort of fascination.

**BUY WATCHES AS TRINKETS.**  
**Women Do Not Wear Them as Time-keepers, Says a Jeweler.**

"No, I don't believe that there are many women who buy a gold watch to keep time," declared an Eighth street jeweler the other day, according to the Philadelphia Record. "The best proof of my assertion is in the fact that while we sell quite a number of watches to women we have very few women's watches in our repairing department. Men, on the other hand, come in every day to have their watches repaired, and they keep our repairing department busy the whole day long. Some of them are mighty particular, too, to have their watches timed almost to the second.  
"Women, as a rule, buy a gold watch as a trinket. They pin it on the breast like a medal. Some wear it at the waist with a quantity of other trinkets. You have no doubt seen many such women on Chestnut street. It is only the professional woman whose business requires her to have strict time who buys a time-piece for the purpose for which it was made. A trained nurse is an instance. And as a rule the professional woman buys a silver watch. But women will be women, you know!"

**ILLINOIS PUMPKINS.**  
**Treated by a Process That Renders Them Superior to the Canned Article.**

A new use has been found for the pumpkin, which promises to be an innovation in southern Illinois. An apple evaporator at Noble is being used for the drying of pumpkins, and the product finds ready sale on the market, says a Flora (Ill.) correspondent of the St. Louis Republic.  
The pumpkins are cut into long strips, and dried very much in the same manner as apples. These evaporated strips are then pressed into cakes, which are ready for the market. This dried pumpkin has been tested by bakeries and hotels in the cities, and is pronounced superior to the canned article. It is claimed that 90 per cent. of the pumpkin can be evaporated.  
In this section of Illinois the pumpkin grows to an enormous size. A specimen weighing 70 pounds was on exhibition in this city a few days ago.  
The growers are receiving three dollars per ton for the fruit, and many farmers have grown a ton to the acre in their corn fields this season, despite the unprecedented drought.

**Hallowed Goal Line Un-Still crossed.** Holland 47. Grand Haven 0.

Grand Haven changed its mind. It intended to send a team here to cross Holland's "hallowed goal line" according to the press of that city. The team came here all right but after a spirited contest lasting about an hour the visitors arrived at the conclusion that it would be impossible to nullify the goal line without reinforcements. Word to this effect was sent to Grand Haven; but no special train could be secured and the boys were notified to wait until next year. They are waiting.

"WE DID NOT CROSS THAT HALLOWED GOAL LINE."

The "discussion" started about 2:30 in the afternoon with the words, "Grand Haven ready?" "Holland ready?" There were the only words of note spoken, the rest being fused into a prolonged yell of triumph issued to the air of "there will be a hot time in the old town tonight," Holland did the yelling.

Grand Haven was game. The boys knew how to play but they could not withstand the fierce rushes of the Holland stars, who tore through their line as if it were made of paper. The work of the Holland boys yesterday stamps them as the fastest independent team in Michigan. Grand Haven sent a strong eleven here, much stronger than the one sent to Grand Rapids but it was defeated by the

### Goal Line still Untouched.

The goal line of the Holland foot ball team is still untouched. A picked team from Grand Rapids calling itself the Y. M. C. A., although Sec. Brown says there was not a Y. M. C. A. man in the bunch, came here Saturday with the avowed intention of annihilating the local eleven.

The visitors were heavy and strong but they could do nothing with the Holland boys. They were moved around the gridiron like so many wooden men and did not come within hailing distance of Holland's goal line. Holland spent part of the time playing straight foot ball for points and the rest of the time in making sensational plays just so the visitors would realize that they were having a good time.

Among the sensational plays was a run of 90 yards or more by Jim De Free and some graceful vaultings over Grand Rapids goal line by Damson, Hysenious, Schuoten and De Kline. When Holland made 38 points "time up" was called.

It might have been worse. The boys feel jubilant over the way Terrien of Grand Rapids "got his needles" at the hands of McKay, for purposely fouling Mr. Kay at every rush, in the game with the Reds. He headed the words "Go way back and sit down."

### Sporting News.

The Grand Rapids High School and the Allegan High school played a tie game at Grand Rapids last Saturday. Score 6 to 6.

Terry McGovern, the Brooklyn Terror, is no longer "It." He was knocked into the land of dreams yesterday by Young Corbett of Denver. Terry got sleepy after two rounds were fought.

Grand Rapids High School defeated the Detroit High school yesterday at Grand Rapids by a score of 17 to 0.

### The Foot Ball Girl.

"The strife is fierce on gridiron field,  
Where the lines of battle away,  
An strength and spirit alike are steeled,  
For strenuous, lusty play.  
The banner of Fame streams forth as prize,  
It's beckoning folds unfurl;  
But mightier far is the flag that flies  
In the hand of the Foot Ball Girl.

And many a striding chant full oft  
The words of his college cheer,  
And many a rival shouts aloft  
His colors of meaning dear,  
But straining phalanx or quivering rows,  
Ahi where is the blind dull churl,  
Whose heart swells not at the hue that glows  
On the cheek of the Foot Ball Girl.

Renown will come to a favored few,  
The emulous crowd among;  
Their praise be spread by a generous crew,  
In deafening chorus sung.  
But Oh! most fortunate he of all,  
Who after the furious swirl,  
May hear his name as a token fall,  
From the lips of the Foot Ball Girl."
