Death of Old Pioneer.

The death of Kornelia Schaap occurred last week Wednesday at his home in Zeeland. He was a member of one of the oldest pioneer families of this section. At the head of this pioneer family was Otto Schaap, a native of "De Tien Genneten," an island in the southern part of the Netherlands. He came here with his family in 1848, making the entire trip by water, and landing at what was then known as the "Indian Village," now the site of the H. J. Heinz factory.

The family consisted of Otto Schaap and wife, two sons, Jacob and Kornelia, and four daughters, Mrs. H. Doesburg, Mrs. J. Paulus and Miss Heiltje, who afterwards became Mrs. A. Plugger.

Mr. Schaap settled on five fourties of land which he purchased of the government, and which was located in section No. 2 of Fillmore township, the log cabin home being built near where is now located the Ebenezer church.

John Schaap, another son, preceded the family here by two years, afterwards moving further west, and a daughter, Mrs. P. Boot and family, joined the family here in 1855, and with them came G. Van Schelven and the late Prof. C. Doesburg.

Mrs. Otto Schaap died in 1855, and the subsequent winter Mr. Schaap went to the Netherlands on a visit and died there.

The deceased, Kornelis Schaap, improved the wilderness farm in Fillmore and remained there until 10 or 12 years ago when he moved to Zeeland where his wife died six years ago.

The surviving children are Peter R. Schaap, Orange City, Ia., Otto E. East Holland; Mrs. H. L. Schapers, Zeeland; Mrs. S. Bos, Holland; Aris S., New Groningen; Mrs. Jacob Van Vorst and J. C. Schaap, Zeeland.

The funeral was held Saturday morning at 9:30 from the home and 10 o'clock from the church. The funeral address was given by Rev. Dr. John Vander Meulen, of Wisconsin, a former pastor of the church at Ebenezer of which deceased was once a member.

There were 11 deaths in Holland during the month of October, the death rate being 13.6. There were two deaths in Grand Haven during the month, and the death rate there was lower than that of any other city in the state, being 4.3. The birth record in Holland for the month was 15, while 8 are credited to Grand Haven. The total number of deaths in Ottawa county during the month was 46, and the births 66.

At the foot ball game in Spring Lake on Thanksgiving Day Spring Lake girls showed themselves to be clever scrappers. One Spring Lake woman punched two young Muskegonites good and strong for insulting her. Then late in the afternoon four Spring Lake girls pounced upon two girls from Muskegon and in the melee the Muskegonites received black eyes. That's going some.

Henry Kenyon, who formerly lived in this city, but moved to Sunfield, Michigan some years ago, is on a visit to North Dakota, where his son Frank is now a prosperous farmer. Frank owns 160 acres of good land and has it well stocked, and thinks North Dakota is a fine country. Henry Kenyon is a prosperous farmer now living a short distance from Portland, runs a 720 acre farm. Besides taking care of all their crops, have sowed 120 acres of wheat, will winter 65 head young cattle, 400 sheep, 75 hogs and 11 horses. "Good for you Hank."

Mr. and Mrs. Frank Ressigue, who recently moved here from Manistee, are the parents of 11 children, among which are three sets of twins. A characteristic feature of the twins is that their names all begin with the letter O. Otis, Otto, Olive, Orin, Orin, the sixth having died in infancy. The oldest son is 24 years of age and the two youngest are twins of a month. The family live in a one and one-half story house on East Eighth street and the children sleep in the attic, which is reached by a ladder. The two oldest are married, while the remaining nine comprise the family circle.

The annual convention of the Young Peoples Mission League of the Classis of Holland held in Zeeland Tuesday was largely attended and was of a very interesting character, many important thoughts along mission lines being advanced. The devotional exercises were conducted by Rev. James Weyer of East Holland, and Rev. P. P. Cheff of Forest Grove, and among the subjects discussed were:

"What We Owe and How to Pay," Rev. John Wesseling of New Holland; "The Young People and Missions," Rev. Henry J. Veldman of Holland. Rev. Samuel F. Zwemer delivered an address on "Missionary Literature, How to Get It and How to Use It."

City Treasurer Richard Overweg began the collection of taxes in the council rooms Monday morning at 8:30, and he will be in his office until 7:30 p. m. every week day during December. The tax roll this year is \$116,167.01, or \$7,000 in excess of last year's roll, but the general roll is lower than it was last year. The numerous special assessment rolls, including the \$7,700 River street paving roll, are responsible for the big increase over last year in the total footings. The tax roll of the first district, as certified by Supervisor Van Duren to Treasurer Overweg for collection, is \$34,938.87, and the second district roll, submitted by Supervisor Ward, is \$81,228.14, making a total of \$116,167.01. In addition to the above sum the treasurer is required to collect over \$3,000 on special assessments that were reported too late to be placed on the rolls.

George Miller, who has spent several winters at the county jail and has served as a helper around the county institution, writes the "sheriff's family" that he has joined the United States Navy at Newport, R. I. The young man was first brought into the jail as a common hobo but he straightened up and showed himself to be a man in many ways. The sheriff's family took an interest in the boy and he appreciated their kindly interest in him. Another seemingly hopeless hobo, who was benefited by a little kindness was Charley McCarty, who was here last winter and helped around the jail. Charley quit drinking and has put in the whole season on board of the lake freighter Peter White. He writes to the sheriff's family every week and states that he is coming to see them when the boat lays up this fall.—Grand Haven Tribune.

The Slayton Lecture Bureau writes as follows regarding the Kellogg-Haines Singing Party which gives an entertainment at the Carnegie Hall this evening:

"In presenting the Kellogg-Haines Singing Party, the Slayton Bureau feels sure we are living up to our high standard from every view-point. We are presenting a decided novelty that has genuine musical merit. A mixed quartet of professional singers of exceptional merit and long experience, drilled by Mrs. Kellogg-Haines and coached by the best operatic teachers, must appeal to the best patrons of the Lyceum. We have long felt the need of just such a company, and have been waiting until we could present one worthy of the Slayton name. The company consists of five people, and will give varied concert programs, introducing each evening costumed scenes from the various English and comic operas. II Trovatore, Faust, Dainty Dolly Varden, Pinafore and The Mikado will be used. The music from these delightful operas ever pleases, for they are tuneful and soulful and touch the heart as well as please the ear. The personnel of the company is as follows: Miss Julia Bruer, Soprano; Miss Jeanette Fodde, Contralto; Paul C. Baltz, Tenor; William A. Goldberg, Bass; Mrs. Kellogg-Haines, Pianist and Musical Director.

Killed by Fall From Interurban Car.

Mrs. Julia Rich fell off an interurban car and was instantly killed at 7:30 last Monday evening near her home in Grandville.

The car stopped at the Pere Marquette crossing at Grandville, and when it started across the track Mrs. Rich, according to the report of passengers, arose from her seat and with both arms filled with parcels passed to the rear platform, apparently with the intention to alight. A signal was given the motorman to stop, and the next second Mrs. Rich fell from the platform, striking the back of her head on the frozen ground.

The car was stopped within 20 feet after the signal had been given, and when the car men went back to assist her they found the woman was dying. Concussion of the brain produced death almost immediately after the fall.

It is supposed that the fall of the car threw the woman to the ground as she had no means for supporting herself, her arms being full of packages. Dr. Wedgewood of Grandville was summoned, but she was dead before he arrived.

Coroner Le Roy was called to make an investigation of the cause of death. Mrs. Rich was a widow and 43 years old. She lived alone in her little home in Grandville and was highly respected by all her neighbors. Her only known relatives living are her son, Percy, 34 years old, who is with the regular army, stationed somewhere in the west, and a sister, Mrs. C. A. Jennings, of Grand Rapids.

Holland People Can Tell You Why It Is So.

Doan's Kidney Pills cure the cause of disease, and that is why the cures are always lasting. This remedy strengthens and tones up the kidneys, helping them to drive out of the body the liquid poisons that cause backache, headache and distressing kidney and urinary complaints. Holland people testify permanent cures.

Garret Kopenga, living five miles southeast of Holland, farmer, says: "I have been subject more or less all my life to attacks of kidney pains and backache. If I caught cold or strained myself from doing any unusually heavy work I was sure to be laid up for a time. The attacks came on at intervals and were very severe, so that it was almost impossible for me to bend over and if in a stooped position I could scarcely straighten up again. I tried a great many different remedies and wore plasters but could get nothing to remove the trouble until I saw Doan's Kidney Pills highly recommended and went to J. O. Doesburg's drug store in Holland and procured them. My back was hurting me severely at the time but it required only a few days treatment to relieve me and in a short time the aches and pains were entirely removed."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

Doan's Regulents cure constipation, tone the stomach, stimulate the liver, promote digestion and appetite and easy passages of the bowels. Ask your druggist for them. 25 cents a box.

Holland.

The new cheese factory in this village, built by Mr. Brower of Zeeland, is 20x50 feet. The front part is two stories high and the back one story, all of cement and roofed with tarred paper. The whole building was built in less than two weeks.

Andrew Vande Zande's two-year-old daughter climbed a chair at her home in east Manlius, reached a bottle of carbolic acid, drank a portion of the contents. She was taken suddenly ill and for a time it was thought she would die, but the prompt arrival of medical aid saved her.

The Perseverance of a Brave Grand Haven Crew.

The failure of the Holland life saving crew to get the poor unfortunates from the crib off Holland harbor, calls to mind several rescues made off Gr. Haven by some of the old crews. Never will the residents of the community forget the terrible day in the fall of 1883 when the schooner Clara Parker, went ashore in an awful gale, nine miles south of the harbor. Capt. John De Young of Gr. Haven was then in charge of the life saving station at that port and Andy Van Hoef and Paul F. Vanden Berg were also members. When the news of the wreck reached the station, the crew started immediately. The sea was so terrible that a boat could not live in it and a team was engaged to draw the beach apparatus over that nine miles to the scene of the wreck.

Upon their arrival the crew found the schooner heading in diagonally, nearly submerged and with the seas bursting over her. Six men clung to the mizzen rigging and three more were hanging to the fore rigging. There was nothing to do but attempt to get the shot line to them from the beach gun. The wind was blowing almost dead against the gun and on the first trial the line fell short. The task seemed hopeless and Surfman Vanden Berg was sent back over the nine miles to the station, get out the surf boat, hire men and a team to haul it around by road to the scene of the wreck. If the gun could not reach the poor fellows on the schooner the keeper decided to get them in the surf boat at any cost. While the boat was on the way to them, however, Captain De Young resolved to try again with the line, fearing that the sailors could not hold on until the surf boat arrived. He put in an extra charge of powder, sighted carefully and fired. The projectile took a true direction straight for the schooner, fairly boring its way into the gale, and the line arched over the mizzen mast, one of the sailors catching it over his arm as it fell.

It was hauled in until the hauser came aboard and made fast. Then the work of rescue began and one by one, the poor half dead sailors were drawn through the surf to safety on the beach. When the men in the mizzen rigging were safe, the line was skillfully shifted to the main mast and three more humans were snatched from the very clasp of death.

Shortly after, the team drawing the surf boat, accompanied by willing volunteers arrived on the run. But the good work had been done. Nine sailors were safe, whose lives might have been sacrificed to the storm had there been any hesitancy on the part of the keeper and his determined men. It was only their perseverance and determination that won the battle against the elements.

Nearly every man in that famous crew was well into manhood, nearly every one was a sailor or a fisherman or had been one and fully realized the danger and the necessity of sticking to their task until the end, even at the peril of their own lives.

Hardly had this almost exhausted band of life savers finished the grand work for the crew of the Clara Parker than word came for them to go to Saugatuck on a wreck call and they prepared to do so. The orders were switched, however, and the St. Joe crew went instead.

The official life saving reports for the seventies and eighties are full of just such deeds of bravery and perseverance as in the case of the wreck of the Clara Parker.

The Holland crew did commendable work at the wreck of the Argo two years ago and it is too bad that their record should be blotted, justly or unjustly, by the awful affair of Wednesday.

One old time mariner in speaking of the affair stated that in his opinion many of the present crews, while better drilled, were not as efficient in actual service as the older ones. This he explained by the fact that fewer of the crews are really sailors or fishermen who have become hardened to the fury of the sea by breeding and by their mode of life. This is no one's fault in particular, but merely a shift of conditions. The station of a few years ago was not under such

rigid discipline and men had plenty of time to wander about at will. But they always happened to be on hand when they were needed. There was no civil service and little red tape but good hearty, red blooded men responded to the appeals for help which came from the sea. There is no fault to be found with the present service, however, and it is seldom that any such unfortunate affair occurs as that of last week at Holland.

Captain John De Young and his crew, who did such service on that day in 1882 were superb men of the sea, master oarsmen and warriors of the deep with the mark of their profession upon them, the ruddy face, the massive frame, and the great chest, of the men of the open. Captain De Young is still a resident of Grand Haven and the men who went with him again and again into the very jaws of death, stand firm in their admiration of his steady, cool head and his daring.—Grand Haven Tribune.

Dr. J. E. Ennis

of Atlanta, Ga., Addresses the People of Holland on a Matter of Health.

"To Whom It May Concern: Of late there has been a good deal of discussion in regard to advertised medicines, their value and power to cure.

"I want to say to the people of Holland that I believe the most valuable cod liver oil preparation, the best body builder, health restorer and strength creator known to medicine to-day is Vinol.

"While Vinol does not contain the system-clogging oil of old-fashioned cod liver oil and emulsions, it actually does contain all the curative medicinal principles of the cod's liver in a highly concentrated form, with tonic iron added, and it is delicious to take.

"I advise Vinol in my practice, and find it has no equal for healing coughs, colds, bronchial troubles and sore lungs.

"I have used Vinol in many cases of indigestion, mal-assimilation, and for patients who were anaemic and run-down with splendid results. I have also found Vinol to be a boon to the aged.

"I believe Vinol to be well worthy of any honest physician's endorsement."

We sell Vinol to the people of Holland on an offer to refund money if it fails to benefit. Con De Free & Co. Druggists.

NOTE.—While we are sole agents for Vinol in Holland, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

BIG GIFT TO OLD EMPLOYEES.

Kenosha Manufacturer Presents Them With Third of Factory.

Kenosha, Wis., Nov. 26.—The Windsor Spring company, one of the big manufacturing concerns of Kenosha, passed under new management when B. F. Windsor, the sole owner of the stock of the company, and its president, summoned Charles McSwain, Frank P. Cresley and W. F. White, three of his leading superintendents, to his private office and told them that he had called them for a "meeting of the board of directors of the company."

In explanation he handed them the stockbook of the company, which showed that he had transferred to them one-third of the total stock of the company and that he expected them to take upon themselves the personal management of the plant with him.

Ex-Gov. Hunt of Idaho Dead.

Goldfield, Nev., Nov. 26.—Frank W. Hunt, who was governor of Idaho from 1898 to 1900, died here early Sunday, after a brief illness from grippe, brought on by exposure. Gov. Hunt was in the Philippines as lieutenant in the First Idaho volunteers and was decorated for bravery during the campaign. He leaves a widow and daughter.

A FABLE FROM NATURE.

A nightingale wooed, in a garden green,
The loveliest rose that ever was seen.
And he sang for her, with his wilding art
The tremulous plaint of a wistful heart.

"Dearest nightingale," said the little rose,
"Such a wonderful gift you songs disclose,
That I long for this world to share with me
The magical charm of your melody."

The nightingale thrilled with a joyous pride,
As he flew to the tree-tops far and wide—
And plaintive and tender and sweet he sang,
Till the whole green earth with his praises rang.

But the rose no echo nor tidings knew,
And paler and frailer each day she grew;
Yet, bravely she answered the jeering rain—
"Nay, hush! for my love will come back again."

When the first wild joy of his song was spent,
The nightingale back to the garden went.
"Dear rose, I have brought you my fable!" he said,
But no answer came—for the rose was dead.

—Charlotte Becker, in Puck.

So Sweet of Him.

"I believe she remarked," said Miss Richley, angrily, "that I might be a success as a vendor of catfish."

"Er—not exactly," replied Mr. Gallant. "She said your mouth was your fortune."

"Indeed?"

"Yes; and I told her I was surprised to hear that your fortune was so small."

ARMED MOB BURNS TOBACCO FACTORIES

MASKED MEN APPLY TORCH TO TWO BIG STEMMERIES AT PRINCETON, KY.

Flames Guarded Until All Hopes of Saving Structures is Passed—Opposition to Trust Believed to Be Cause of Work.

Princeton, Ky., Dec. 3.—Two big tobacco stemmeries were destroyed Saturday by fires set by a mob of 300 masked men. The mob held the town at bay until the flames were burning so furiously that they could not be extinguished.

One of the stemmeries was conducted by John Steger and the other by John C. Orr.

The Steger factory is controlled by the American Snuff company, Mr. Steger being the Princeton agent for that concern. Mr. Orr is the representative of the Imperial Tobacco company of New York.

There were about 150,000 pounds of tobacco in each warehouse and all of it was burned.

Capture of the Waterworks.

The mob took charge of the police station and the water works. Had the firemen responded to the alarm they would have been unable to obtain a supply of water.

The work of the mob is believed to be the result of the agitation by the tobacco raisers against the tobacco trust. The organization of farmers is known as the Dark Tobacco Growers' Protective association, but it is not known that any members of that organization was in the mob.

Several cottages in the vicinity of the factories were badly damaged, but nobody was hurt. The loss is estimated at about \$170,000.

Night Marshal Disarmed.

A mob of 300 men entered Princeton, seized the night town marshal and disarmed him. They then went to the factories and quickly applied the torch. Masked men stood on guard permitting nobody to approach until the buildings were enveloped in flames and could not be saved.

Louisville, Ky., Dec. 3.—Mott Ayres, state fire marshal, left for Princeton to investigate the alleged incendiarism of the two tobacco factories. He has the powers of a grand jury to summon witnesses and require them to testify under oath. It is not improbable that Gov. Beckham will be asked to call out the militia to protect property in those districts in view of past outrages.

TO PROBE CAR SHORTAGE.

Commerce Commission Will Inquire Into the Trouble.

Washington, Dec. 3.—The car shortage throughout the United States will be investigated by the interstate commerce commission. Commissioner Franklin K. Lane, who has been looking into the subject, said Sunday that the commission will take up the situation in the northwest first. Agents are now in that section investigating complaints against the wheat carrying roads. Farmers in many states have reported that the railroads are preferring other traffic, and that they are unable to get their grain to market in time to share in the high prices now being paid in Minneapolis and Chicago.

The commission has issued a circular asking the grain growers to submit specific information regarding the amount of freight offered for shipment, and the reasons given for not transporting the same.

Cronstad Mutineers Sentenced.

Cronstad, Dec. 3.—Six hundred and eighty-three sailors concerned in the mutiny here last summer have been sentenced by courtmartial to imprisonment, or service with the disciplinary battalions, for various periods. One thousand seven hundred and seven sailors were acquitted.

F. E. Hyde, Noted Lawyer, Dies.

Paris, Dec. 3.—Frank E. Hyde, formerly of Hartford, Conn., died here Sunday. Mr. Hyde was one of the most prominent American lawyers in Paris. He was a member of the firm of Hyde & Harper, and principal counsel in the Fair, Evans and Jill cases.

IDAHO MINE LEADERS LOSE SUPREME COURT DECIDES THEY MUST STAND TRIAL.

Refusal of Habeas Corpus in Cases of Moyer, Haywood and Pettibone Is Upheld.

Washington, Dec. 4.—The supreme court of the United States Monday decided the habeas corpus cases of Moyer, Haywood and Pettibone, the representatives of the Western Federation of Miners, who are now held in prison in Idaho on the charge of complicity in the murder of former Gov. Steunenberg, adversely to the men. The opinion was by Justice Harlan. The effect of the decision will be to continue to hold the men in confinement for trial in Idaho.

Of the men involved Charles H. Moyer is president, W. D. Haywood secretary-treasurer and George A. Pettibone a member of the Western Federation of Miners. They are now in prison in Canon county, Idaho, under a charge of murdering former Governor Steunenberg of that state, although it was not charged that they were present when the crime was committed. The cases came to this court on an appeal from a decision of the Idaho federal court refusing to grant writs of habeas corpus. The principal point of controversy was the method by which the Idaho authorities secured jurisdiction over the men. All of them are residents of Colorado, and it was alleged on behalf of Moyer and his associates that they were kidnapped in pursuance of conspiracy to which the Governor of Colorado and the Idaho authorities were parties and hence that jurisdiction was acquired by fraud.

Justice Harlan said that in the habeas corpus proceedings in the United States courts the method of extradition of the defendants was not material. The merits of the cases were not involved as that phase was not presented. The only question there involved was the right of the state court to proceed with the cases of which there could be no doubt.

Justice McKenna delivered a dissenting opinion, holding that Moyer, Haywood and Pettibone had a right to invoke the aid of the federal courts to correct improper methods used in securing their extradition. He said that kidnapping under the law is no more to be justified than when performed outside the law, where every effort of authority is used to prevent and punish it.

LAST CUBAN ELECTION VOID.

Magons Announces Plan and Moderates Predict New Revolt.

Havana, Dec. 3.—"By a decree to be issued soon under specific authority of the president of the United States, the seats of all members of the second series of the Cuban congress, elected in 1905, will be declared vacant." This was the announcement made by Gov. Magons Sunday to 25 senators and members of the house of representatives whom he had invited to attend a conference in the palace. After the conference, former Minister of the Treasury Font y Sterling, Senator Dolz and other moderates expressed strong dissatisfaction with the terms of the decree, which they declared was unfair, but they said they recognized the fatality of any protest. Gen. Ruls Rivera, ex-secretary of the interior, said Sunday night that the only means of establishing peaceful conditions consist in the election of an entirely new congress, whereas the proposed election, which would result in turning over the government to liberal control, would surely result in a new insurrection the moment the American troops were withdrawn from the island.

SHORT SESSION CONGRESS BEGINS

OPENING DAY IS GIVEN UP TO PRELIMINARIES IN BOTH HOUSES.

Brilliant Thrill in Galleries—Senate Receives the President's Appointments, but Waits for Message Before Confirming Them.

Washington, Dec. 4.—The fifty-ninth congress began its last session at noon Monday. It took the senate 15 minutes to arrange its preliminaries and the house an hour. The senate received from President Roosevelt a long list of appointments for its confirmation, and in an executive session of 19 minutes decided, as the nominations had been received before the body had been organized formally, to make no confirmations until the president's annual message had been received and the session fairly started.

Senators Penrose of Pennsylvania and Foraker of Ohio came forward with resolutions of inquiry regarding the discharge of the negro troops of the Twenty-fifth infantry. One was addressed to the president and the other to the secretary of war. After the ripple of surprise had passed and Vice President Fairbanks had suggested that it was unusual to transact any business until the president's message had been received, the resolutions "went over" by unanimous consent. Senator Dupont of Delaware took the oath of office.

Galleries Are Crowded.

The opening of the two houses was witnessed by an animated throng which filled the galleries to their capacity. Hundreds went away disappointed in not gaining admission to witness the session of either senate or house.

Not in years has a larger number of members-elect of the lower house of congress presented themselves at the speaker's desk to take the oath of office. Death has been unusually active among the membership during the closing days of the last session and the beginning of the present, and Chaplain Couden feelingly called the attention of the body to the work of the grim reaper during the months since adjournment.

Speaker Cannon appointed Representative James R. Mann, of Illinois, as a member of the board of regents of the Smithsonian institute, vice Robert R. Hitt, of Illinois, deceased.

Seven Cabinet Changes.

Seven cabinet changes and one appointment to the supreme court bench were sent to the senate by President Roosevelt, but they were not confirmed immediately in accordance with general customs concerning such important nominations. Heretofore, the committees have been polled on the floor of the senate in executive session on cabinet appointments and, out of courtesy to the president, immediately confirmed. The reason advanced for the change in the program is that no message of any character had been received from the president, and therefore it would not be proper to transact business.

List of Nominees.

The important nominations follow: Secretary of the Treasury—George B. Cortelyou. Attorney General—Charles J. Bonaparte. Postmaster General—George L. Von Meyer. Secretary of the Navy—Victor H. Metcalf. Secretary of the Interior—James R. Garfield. Secretary of Commerce and Labor—Oscar S. Strauss. Associate Justice of Supreme Court—William H. Moody. Civil Service Commissioner—John Avery McIlhenny, Louisiana. Interstate Commerce Commissioners—Edgar E. Clark, Iowa; James S. Harlan, Illinois; Judson C. Clements, Georgia. Officials of the United States Court for China—Judge, Leobius R. Wilder, Missouri; district attorney, Arthur Bassett, Missouri; marshal, Orville R. Leonard, Michigan; clerk, Frank E. Hinkley, California. Minister to Panama—Herbert G. Squiers, New York. Secretaries of Embassies—Spencer F. Eddy, Illinois, at Berlin; H. P. Dodge, Massachusetts, at Tokio. Second Secretaries of Embassies—George Post Wheelock, Washington, at Tokio; Paxton Hibben, Indiana, at Mexico. Third Secretary of Embassy—Baill Myles, Pennsylvania, at St. Petersburg. Something About Bonus Funds Holland Development.

Has Holland reached a point where it must stop developing? This question has often been asked of late since it became generally known that the bonus fund was about exhausted. It can safely be answered in the negative because recent events show that the city is ready for and capable of good natural growth. Nevertheless these bonuses help immensely and evidence of this help exists in abundance such as the piano factory, the shoe factory, the pickle factory, the glass factory and the other industrial enterprises that have been the direct results of aid extended through bonuses.

Now with the bonus fund in retirement what can we do? There is a chance to discover the answer to this question. Jacob Lokker and Capt. Austin Harrington have been trying to interest the business people in a project for the removal of a manufacturing plant from Grand Rapids here. This plant would be a great asset to the city as it supplies a need long felt.

Everyone recognizes the desirability of securing an industry such as is Herman Garvelink's boat and engine manufacturing plant. But can enough capital be interested to secure its removal here? Are there enough willing to take stock enough to form a stock company large enough to float the enterprise. It will take about \$10,000. Mr. Garvelink is willing to invest a snug sum, so is Mr. Lokker, so are a few others. Are there sufficient to make a go of it?

Here is a good chance for those who say we do not need a bonus fund to prove it. Let them come to the front and take stock.

Thanksgiving Offerings Larger Than Ever.

The custom of the churches of this city of contributing with unusual generosity at the Thanksgiving services was followed this year as formerly and the collections were larger than ever before. The churches gave as follows, the amounts being used for the poor, for missions and for educational purposes:

Third Reformed.....\$1,120
Ninth St. Christian Ref... 565 20
Central Ave. Christian Ref... 594.66
Fourteenth St. Chris. Ref... 362.26
First Reformed.....349.00
Fourth Reformed..... 31.00

Total.....\$2,979.45
It was announced at the services in the First Reformed church that of the money required to support a missionary to Arabia, work the church has undertaken, the sum of \$875 had been pledged.

With a neat sum of money, enclosed in an envelope, and contributed at the Third church Thursday was the following legend: "The savings for a little girl who has been in Heaven 18 years." The signature, "A mother," was appended to the note.

Hope church did not make a special collection for the reason of having recently raised \$700 to support a missionary in the foreign field.

A War Time Will.

The death of Reinder Meyer, an old resident of Jamestown, last month, has recently brought to light an interesting document in the shape of his last will and testament. The will was drawn October 15, 1861, when the deceased was a resident of Zeeland township. In it the deceased dwelt upon the uncertainties of life and particularly in his own case as he had enlisted in the United States army. Thus on the eve of his departure for the war of the Rebellion, he bequeathed all of his property and worldly goods to his beloved wife, Jenie Karsten, in event of his failure to return from battle. He named Hendrick W. Dain as the executor of the will. The document was drawn up by former state senator, Jacob Den Herder.

However, fate decreed that the soldier should not die in battle. He returned to his Michigan home to settle down in peace and his death came a short time ago without the turmoil of the strife as a closing scene.

The wife still survives but Hendrick W. Dain has passed beyond. The soldier's son, John Meyer, will therefore be the administrator. Mr. Den Herder, the only living witness to the document of the sixties, was one of the petitioners for admitting the will to probate.

Hope College News.

The junior class was very pleasantly entertained yesterday evening at the home of Miss Estelle Kollen, a member of the class. A delightful social time was spent by the entire class. This is the second time in the course of a year or so that the class was entertained by Miss Kollen.

A large number of students attended the address given by Dr. S. M. Zwemer of Arabia in Zeeland Tuesday evening.

The Sunday schools under the auspices of the Y. M. C. A., have for some time been preparing to give Christmas programs during the closing week of the present school term.

D. H. Muyskens, at present pursuing a course of Theology in Grand Rapids, called on friends and former classmates this week.

Next Wednesday the Evanston, Ill., basket ball team will play Hope in the Carnegie gymnasium. The visiting team is one of the strongest teams in the county, it being the champion team of the American Athletic Union. A good game is therefore expected. Hope's team will be lined up as follows: P. H. Plune, center; H. Oltmans and A. Veenker, guards; H. Vruwink and G. De Kruif, forwards.

Dr. S. M. Zwemer recently presented to the college library two books especially valuable to those who are interested in Foreign Mission work. The books are "The Mohammedan World of To-day," and "Methods of Mission Work Among Moslems," and contain missionary addresses given at the convention held at Cairo, Egypt last April.

Three Deaths.

MRS. O. PETERSON.

The death of Mrs. O. Peterson occurred last Monday morning at her home, 360 West Sixteenth street, after a long illness. Her age was 69 years, and she came here from Norway forty years ago. She is survived by a husband, two sons, Oscar and John, living here, and two daughters, Mrs. P. Pierson of Pentwater and Mrs. W. Marten of Kalkaska, and Mrs. Peter Khudson, of this city. The funeral was held Wednesday from the house, Rev. A. T. Luther officiating.

F. C. PIXLEY.

F. C. Pixley died Saturday night at his home in Ottawa Station, at the age of 70 years. His wife and six children survive: Mrs. Alma McNett of Porterville, California; L. J. Pixley, Temahawk Lake, Wis.; Mrs. Anna Raymond, Chicago; Mrs. Grace McCarrick and Guy Pixley of Grand Rapids; D. O. Pixley of Ottawa Station. The funeral services were held Wednesday morning at the Ottawa Station schoolhouse, Rev. Mr. Branch officiating. Mr. Pixley lived at Ottawa Station 50 years, coming there from Wheatfield, Mass.

MRS. H. TIBBE.

Mrs. H. Tibbe, a resident of Graafschap, died last Sunday evening at 6 o'clock at the home of Capt. Albert Beckman, Macatawa Park.

Mrs. Tibbe had been ill only since last Wednesday evening when she and her husband drove from Graafschap to the home of Capt. Beckman to spend the evening. She was taken seriously ill during the evening and could not accompany her husband home. Medical aid was summoned from Holland and the condition of the woman was so much improved that the doctor declared her to be out of danger.

She was 50 years old, and is survived by a husband and five daughters: Mrs. Barney Cook of this city, Mrs. Albert Gebben of Reeman, and the Misses Anna, Kate and Jennie, all living at home.

The funeral was held Wednesday afternoon from the home at Graafschap.

An opera glass makes it easy to see the delight of the one to whom it is given, in addition to making it easy to see the stage and all its surroundings at the next attraction. It is a pleasure giving gift that counts. W. R. Stevenson, the Optical Specialist, has a large stock of beautiful Opera Glasses in a great variety of sizes and ornamentation that will make a most desirable Christmas gift.

Notes of Sport.

The Invincible Cornell foot ball team was defeated Saturday by the North End Juniors by a score of 5 to 0. The line-up of the Juniors is as follows: J. Van Vulpen, center; H. Weckler, right guard; H. Scheerhorn, right tackle; L. Conkright, right end; L. Holly, left guard; H. Schuurman, left tackle; M. Hadden, left end; W. Gilmore, quarter back; R. Van Ry, right half; E. Van Ry, full back; E. Stephan, left half.

The official averages of the Three Eye League, just published, give Neal La batting percentage of .231, and a fielding percentage of .883. Ball played in 122 games, made 73 runs, 107 hits, and stole 38 bases. He is credited with 257 put-outs, 402 assists, and 87 errors. His record of stolen bases is higher than that of any other player in the league.

Grand Haven High school defeated Holland High Thanksgiving Day by a score of 6 to 0. The first half of the game was the better foot ball. Within five minutes from the opening of the game, Robinson, the fast Grand Haven tackle, scooped up the ball on a fumble near the center of the field and made a sensational run through the whole Holland team for the only score of the game. Morton kicked goal and the score was 6 to 0 for Grand Haven. Holland braced up and made the game very interesting. In this half both teams were frequently held for downs and forced to punt. Neither goal was again endangered during the first half although when time was called for intermission, Holland was gaining through the Grand Haven line. The second half was marked by slower work on the part of the Grand Havenites in reeling off their plays. When once directed the plays started rapidly enough for anyone. Morton attempted to drop kick for the goal but missed by a narrow margin. Holland worked the forward pass to advantage several times and the manner in which this play was executed by the visitors was a revelation. The game closed in Holland's territory. The two teams were evenly matched and furnished lively work. Nearly six hundred people saw the game and never was there such enthusiasm shown over a foot ball game in Grand Haven.

The Interurbans added another scalp to their string last Thursday night, when at the pavilion at Jenison they trimmed the Pulchers of Grand Rapids by a score of 11 to 9. It was anybody's game until the last inning when the Interurbans scored three runs and cinched the victory. Sidney Jarvis wrenched his left knee joint while playing second base but the injury is not serious enough to keep him out of the game.

George La Chaine's Body Recovered.

The body of George La Chaine, who was one of the four victims of the breakwater drowning tragedy, was found on the shore of Lake Michigan near Alpena Beach last Tuesday morning by Evert Vos, who lives near that place.

Coroner Dykstra was summoned and brought the remains to this city where Capt. Oliver Deto, brother-in-law of La Chance, identified the body. The features were still recognizable and positive identification was made possible through the letters "George La C." and the design of two fishes crossed tattooed on one of the arms.

The body was considerably mutilated and in a frozen condition, but was still fully clothed, excepting an overshoe which was missing from the right foot. The watch on the body had stopped at 4:45 and it is thought that at that time La Chance was washed off the breakwater.

Deceased is survived by a wife and two children, Roy, employed at the Holland Shoe Co., and Ethel, employed with Sears-Roebuck of Chicago.

The funeral services were held Wednesday afternoon at 2:30 o'clock at the house, Rev. Father Eickelmann of Byron Center officiating.

Lieutenant Ballinger, district inspector of life saving stations, has completed the taking of the testimony in the case growing out of the deplorable incidents at Holland Harbor when Tom Bennett, Alvin H. Nelson, Martin Wood and George La Chance lost their lives on the breakwater during the terrific storm of the night of November 21. The transcript of the testimony will be forwarded to S. I. Kimball, general superintendent of the U. S. L. S. S. at Washington, with the recommendations of the lieutenant attached.

The findings of the men in authority at Washington will not be made known for some time as very careful deliberation results before a decision is announced.

Sheriff Woodbury and Deputy Sheriff L. De Loof were at Jenison Park and Macatawa Park Tuesday to look up evidence relating to the disappearance of the \$900 that Martin Woodward had in his possession during the week previous to his death by drowning off the breakwater. The vest in which the money is supposed to have been kept could not be found, and it is the belief of the sheriff that Woodward hid it expecting in a short time to put it in one of the Holland banks. No evidence exists that the money was on Woodward's person when he was drowned. Those who were present when the body was brought ashore say that there was no vest on Woodward. The sheriff says that Dr. J. J. Mersen told him that the clothing of the drowned man was cut from his body and that during the cutting he saw that he did not wear a vest. To remove the suspicion that attaches to everyone who was near the body from the time it was first discovered until it was taken to Holland it is hoped that the money will be located.

The pipe stories to the effect that the snow upon which Eddie Bennett was washed ashore is breaking to pieces by the action of the surf beating upon the beach near the Alpena resort must be taken with a grain of allowance. As a matter of fact the snow is still on the beach from the storm and it is likely that Contractor Schorbach will let it remain there until spring.

Last year there was produced in all the sugar companies of the world, seven million, two hundred and thirty thousand tons of beet sugar, and only four million nine hundred thousand tons of cane sugar.

Last week there was afloat on its way from Europe to the New York and Philadelphia refiners fifty thousand tons or three hundred thousand barrels of beet sugar.

The "cane" and the "beet" are identical. No chemist can distinguish the one from the other.

Tooth Troubles.

Cause—Prevention—Cure

A Tooth Talk Worth Remembering.

The food left on and between the teeth, decomposing, form an acid. The acid cuts the enamel and roughens it. Once roughened, the food can hardly be cleaned from the tooth and decay sets in rapidly.

Sweets, sour, hot and cold now hurt the tooth until the nerve dies. Even now, with the nerve dead, the trouble is not over. Take a slight cold your tooth aches, jaw gets sore, face swells, puss forms and finally works to the surface and a "gum boil" results.

To prevent all this suffering consult us frequently—at least twice a year—consultation and advice is free.

Let us talk the matter over; a little filling may save you much pain and annoyance. Perhaps some teeth may require treatment. Whatever you need we will help you, giving you the best possible service—the least possible pain.

The most sensitive teeth are easily treated by our method. An exposed nerve (that which all people dread most) is dried up or killed, without pain, in twenty-four hours.

It seems too good to be true, but we are doing just what we claim. Our patients place great reliance in us and we warrant their confidence. We always give good honest work. In every department of our profession we keep up-to-date, studying every appliance that is made to help us do good work, studying all the latest methods for lessening pain and saving teeth. PREACHER HANGED FOR DOUBLE CRIME

REV. J. G. RAWLINS, OF GEORGIA, DIES ON GALLOWES FOR CARTER MURDERS.

HIRED NEGRO TO KILL NEIGHBOR'S CHILDREN

Sons and Colored Man Carried Out Plot—Minister Didn't See Killing—Tragedy Is Due to Line-Fence Feud.

Valdosta, Ga., Dec. 4.—J. G. Rawlins and Alf Moore, a negro, were hanged here Tuesday morning for the murder of Willie and Carrie Carter in July, 1905. Both stepped upon the scaffold without a tremor, they stood on the trap together and fell together. Rawlins, in his last statement, declared that he had told the truth and that his sons had no connection with the crime. Moore also declared that he had told the truth, again insisting that Milton Rawlins had fired the fatal shots. Mrs. Rawlins and her two daughters visited the husband and father during the morning. They remained in the jail but did not witness the execution.

Trouble Result of Dispute.

The crime for which Rawlins and Moore suffered the death penalty presented unusual features. Rawlins and W. L. Carter were neighbors 12 miles from here. Both were Baptist ministers. Several years ago a dispute arose as to the line between their respective farms. Litigation and bad blood resulted. Carter was wounded by a shot from ambush, and had Rawlins arrested on the charge of attempted murder. A few days later, on June 13, 1905, a night attack was made on the Carter home. Two of the children, Willie and Carrie Carter, were shot while just outside the house, and shots were fired without effect at Carter and his wife and another daughter. The wounded boy informed his parents that Milton and Jesse Rawlins had shot him. He died the next day. After shooting the children the attacking party attempted to set fire to the house, but were fired upon and driven off without further casualties.

A coroner's jury found the crime had been committed by Milton and Jesse Rawlins and A. Moore, a negro. The latter confessed, telling of a plot which had been planned by the elder Rawlins for the murder of the entire Carter family and the burning of their house.

J. G. Rawlins, the elder, took no immediate part in the crime, having gone to Valdosta to avert suspicion. The trial, which lasted two weeks, resulted in a verdict of death for the elder Rawlins, his sons, Milton and Jesse, and Alf Moore.

Life Sentence for Third Son.

A third son, Leonard Rawlins, was given a life sentence as an accomplice. Then began a fight for life. Every legal expedient has been resorted to, causing the day of execution to be postponed from time to time as each successive temporary advantage was gained by the defense.

The case went to a higher court, then to the supreme court of the United States, then to the state supreme court on an extraordinary motion, and then to the board of pardons. The verdict below has been sustained in each instance. Governor Terrell's refusal on Monday to interfere with the execution of the death sentence destroyed the men's last hope.

The cases of the two Rawlins boys, who are under sentence to be hanged Friday, will come before the board of pardons Thursday.

No New Trials for Banker.

Cincinnati, Dec. 4.—The United States circuit court of appeals in session here Tuesday affirmed the decision of the lower court in the case of Edward Flickinger vs. the United States of America. Flickinger was indicted and convicted of conspiring with Otto L. Hays, of Galion, O., president of a bank at that place, to wreck the bank. Judge Taylor of the lower court found both Hays and Flickinger guilty and sentenced them to seven and one-half years each in the penitentiary. Both asked for new trials, which were refused by the court below, but Flickinger took an appeal.

Osborn Succeeds Langley.

Washington, Dec. 4.—Prof. Henry Fairfield Osborn of New York city Tuesday was elected secretary of the Smithsonian Institution to succeed the late Prof. Samuel T. Langley. Prof. Osborn is the first vice president of the American Museum of Natural History of New York, and is regarded as one of the foremost scientists in America. He is also widely known as an eminent palaeontologist and educator throughout the world.

Town Placed on Sale.

Worcester, Mass., Dec. 4.—The entire town of Wilkinsville was on sale at auction Tuesday. At one time the town was one of the most important manufacturing places on the Blackstone river. Now every house, store, mill and water privilege is under the hammer. The place has been in a state of stagnation since 1897.

Jap Memorial to Grant Burns.

Yokohama, Dec. 4.—The town hall, a memorial of Gen. Grant's visit to this city, was totally destroyed by fire Tuesday. The cause of the fire is unknown.

SOME ONE HAD BLUNDERED.

Information and Postmark in No Way in Accord.

An editor said of the late Mrs. Craigie, or John Oliver Hobbes, as the brilliant American novelist was known:

"I had the honor of dining with Mrs. Craigie during the London season at her beautiful house in Lancaster Gate. She lived there in great luxury with her father, who is a millionaire chemist. Across the street dwells the earl of Meath, the marquis of Ailsa lives a few doors above, while next door is the mansion of the earl of Dunmore, a Scottish peer whose servants all wear the highlander costume, with the kilt, plaid and bare knees.

"Mrs. Craigie was a superb mimic. Mimicry, as she had mastered it, is one of the fine arts. I remember well, that night at dinner, how she mimicked a silly, empty-headed little lady whose husband, a lover of gaiety, was inclined to neglect his wife.

"Mrs. Craigie told us that this lady, while spending the winter in the country, said one day at the country post office:

"Dear me, what a silly mistake you post office people have made."

"How, madam?" asked the clerk.

"Why," she explained, with a titter, "here I have just gotten a letter from my husband, who is working hard in London, and the envelope is postmarked Monte Carlo."

GROWTH OF THE DICTIONARY.

Twenty Years of Work Before Book Is Completed.

What would the wise men of Nineveh, who, 700 years before Christ, wrote down the words of their language on small tablets of clay, think could they come to earth and see, after its completion, the master dictionary which is now under process of making in Philadelphia.

Those wise men of so many centuries ago were the infant beginners in the business of lexicography. One set of cuneiform tablets for the Assyrian king's library was all that they were required to furnish.

Not so easy is the job of dictionary making in these advanced times. The Philadelphia publisher above referred to has kept a large staff at work on his new dictionary for 14 years, expending \$400,000, and has just completed for printing the matter from "A" to two-thirds of "E." It is estimated that \$250,000 more will be required to complete the work, which will consume at least five years in accomplishment.

Hitting Back.

The suburban trolley was tied up and they had been walking toward home for an hour.

"John," she ventured after a long silence, "how far have we walked?"

"Dunno," growled John, as he felt his melting collar. "You didn't take a pedometer for a husband."

She said nothing. The next morning John was going fishing and instead of awakening at four he slept till seven.

"Great Scott!" he exclaimed, searching for his shoes. "Why didn't you arouse me earlier?"

"Arouse you?" she said, sweetly. "Why, my dear, because you didn't take an alarm clock for a wife!"—Chicago Daily News.

DAEW LINE ON TROUSERS.

Pious Mahometans Would Not Let Sons Wear European Garments.

Many of the chiefs in the protectorate of Gambia wish to have their sons educated in the new Mahometan school of that region; but there was a bar to their full enjoyment of the education they were likely to receive, says a writer in the *Tallor and Cutter*. The pious Mahometan fathers were afraid that the wearing of modern trousers was part of the school curriculum, and therefore they viewed the school with peculiar suspicion. The governor of Gambia reports that the parents have been assured that their children will not be converted into "trouser men," and the prospects of the school are now very bright.

It would be interesting to learn how this suspicion of the modern nether covering arose, and whether the dry goods merchants denied the natives their ordinary material. But it may be interesting to recall the fact that the British government forbade Highlanders to wear the kilt for some years after the battle of Culloden. However, the government were in a tight corner during their continental wars, and they were glad to raise several regiments of Highlanders, who renamed the kilt, and the trouser wearing edict died a natural death.

Nervous Worn-Out

If you are in this condition, your nerve force is weak—the power is giving out, the organs of your body have "slowed up," and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the heart is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter impurities from the blood, and the poisonous waste remains in the system to breed disease. Nerve energy must be restored. Dr. Miles' Nervine will do it, because it strengthens the nerves; it is a nerve medicine and tonic, that rebuilds the entire nervous system.

"Several years ago I was all broken down. I was nervous, worn-out, could not sleep, and was in constant pain. I doctored for months, and finally the doctor said he could do nothing for me. I began taking Dr. Miles' Nervine, and used altogether eight bottles, and I became strong and healthy, and now weigh 170 pounds."

PLEASED THE PANAMANS

SHONTS SAYS THE PRESIDENT TOOK THEM BY STORM.

Won the Hearts of Canal Workers—Caustic Comment on Poultney Bigelow's Criticism.

New York, Dec. 3.—"President Roosevelt took the Panamans by storm," said Theodore Shonts, chairman of the Panama Canal commission, who arrived on the Panama line steamer Colon Sunday from Colon. Mr. Shonts spoke enthusiastically of the recent visit of the chief executive and declared that work on the canal was progressing under satisfactory conditions. During his talk with the newspaper men, Mr. Shonts took occasion to deny that his daughter Theodora had become engaged to a titled foreigner.

Chairman Shonts said that he would proceed at once to Washington. He was accompanied on the same trip by Rear Admiral M. T. Endicott, also a member of the canal commission; Richard R. Rogers, general counsel of the commission; Maj. John T. Phillips, of the department of health of the canal zone, and Joseph Ripley, a special engineer employed on the canal.

Discussing the president's visit, Chairman Shonts said:

"President Roosevelt simply took the people of Panama by storm. The setting aside of all precedents by the president in his visit to Panama won the instant admiration and respect of the people of the Panama republic. Mr. Roosevelt was familiar with the work theoretically and saw and understood more during his short stay than the average man would in several months.

"The building of the canal is to President Roosevelt as the building of a future home would be to any other man. He looks on it as his own personal work, having been given carte blanche by congress.

"During the president's trip through the canal zone one of the leading citizens asked him what he thought of the criticism written by Poultney Bigelow. The president answered: 'Small people, like small flies, despoil large things and large enterprises.'

"In the president's speech at Colon the thing that won the hearts of the canal workers and of the people was his statement: 'The men who are now working on the canal and the citizens of Panama who are assisting them will go down to posterity like the veterans of the civil war. When this great work is completed the men who have been instrumental in its success will look backward and say:

"I was part of it; as do the veterans of civil war when they look with pride at the great united nation."

"This did more to endear the president and the United States in general to the people than anything else he could have said."

Mr. Shonts declared that the reports of labor troubles in the canal zone were absolutely untrue. He said: "The work on the canal was never in better condition. The men are contented and the work is going ahead very fast."

OTTO YOUNG IS DEAD.

One of Chicago's Leading Capitalists Passes Away.

Chicago, Dec. 1.—Otto Young, 62 years old, one of Chicago's leading capitalists and landowners, died at 1:30 o'clock Friday afternoon at his country home at Lake Geneva.

Not since the death of Marshall Field almost a year ago has there come such a shock to the Chicago business and financial world as this unexpected news caused. It now develops, however, that Mr. Young had suffered with tuberculosis of the lungs for five years. He was obliged to release his active hold on affairs five weeks ago, but it was not thought the attack would prove fatal. He was afflicted with diabetes also.

Mr. Young's fortune is estimated at \$17,000,000. His holdings of central business property in Chicago were exceeded only by those of Marshall Field and the Levi Z. Lott estates. Up to the time of his death he had been planning the erection of a \$10,000,000 hotel in Michigan avenue. The idea had become his hobby and he intended it to be the finest hotel in the world. It is believed he left some provision in his will for the carrying out of the project.

IN MEMORY OF JOHN HAY.

Philadelphia Jews Unveil Handsome Window in Temple.

Philadelphia, Dec. 3.—Lauded as a diplomat who tempered statecraft with the golden rule, the late John Hay was honored by the Jewish people of this city Sunday when a handsome memorial window to the dead secretary of state was unveiled at Keneseth Israel temple.

Attended by Secretary of State Elihu Root, Oscar Strauss, recently named by President Roosevelt as secretary of commerce and labor, and Andrew D. White, ex-minister to Russia and Germany, together with six members of the Hay family, the exercises were among the most striking ever held in a Jewish synagogue.

The consecration address was made by Dr. Joseph Krauskopf, rabbi of the temple. He was assisted in the exercises by Rabbis Berkowitz and Landman. Secretary Strauss made the introductory address and Mr. White delivered an historical eulogy of the dead statesman. Mr. Root made the chief address.

CALLS CONCERN A TRUST

COURT REFUSES TO HELP WALL PAPER COMPANY.

Holds Organization Is Illegal and Not Entitled to Aid in Securing Alleged Claim.

Cincinnati, Dec. 4.—The United States circuit court of appeals Tuesday declared the Continental Wall Paper company the most complete and ingeniously organized trust that has come to the knowledge of the court.

The Continental Wall Paper company brought suit before Judge Thompson of the district court to recover \$57,000 from Louis Voight & Sons of Cincinnati, for goods sold to them. Voight & Sons resisted on the ground that the Continental company was a trust and that it had virtually compelled them to buy all its goods of the trust and to allow the trust to fix prices at which goods must be sold. Judge Thompson found for Voight & Sons on the ground that the plaintiff was a trust.

The court of appeals, to which an appeal was taken, held that the proofs showed one of the most complete and exacting instances of a trust as defined in the statutes, that had come to the knowledge of the court. It held the trust to be an illegal organization and as such it was not entitled to the aid of the court in support of its claim against Voight & Sons, and the judgment of the district court was affirmed and the appeal was dismissed.

AFTER COLORADO CONCERNS.

E. E. Clark Opens Hearing in Denver—Railroad Men Summoned.

Denver, Dec. 4.—Interstate Commerce Commissioner E. E. Clark took evidence in Denver Tuesday in the investigation which he is conducting under the Tillman-Gillespie resolution to ascertain whether certain corporations of Colorado and Utah enjoy privileged rates from railroads and whether there are in existence in these two states combinations in restraint of trade based on systematic rate discrimination.

High officials of the Denver & Rio Grande railroad, the Colorado Fuel and Iron company and the American Smelting and Refining company were summoned to give testimony at the hearing in this city which will continue two days.

J. A. Reiter, auditor of the Colorado Fuel and Iron company, denied that the Colorado & Wyoming railroad was owned by the fuel and iron company. Commissioner Clark ordered that Mr. Reiter produce in court a list of stockholders of the company.

J. F. Welborn, vice president of the Colorado Fuel and Iron company, while denying the existence of a community of interests between that company and the Colorado & Wyoming railroad, acknowledged that over 95 per cent. of the freight on the railroad was handled for the Colorado Fuel and Iron company.

GEN. WEYLER MINISTER OF WAR.

King Alfonso Approves of a New Cabinet—Populace Turbulent.

Madrid, Dec. 4.—King Alfonso has approved of a new ministry under the premiership of the Marquis de Armiño, in which Gen. Weyler resumes his old post of minister of war.

The populace of Madrid is greatly excited over the cabinet crisis. Anticlerical manifestations continued throughout the night and the police were compelled to charge the crowds. Many persons were injured, among them the grand vicar of the bishop of Madrid, who was hit by a stone.

About 2,000 women of the aristocracy, headed by the duchess de Balen, have petitioned the king against the law of associations.

If the Armiño cabinet is able to satisfy parliament with the ministerial declaration, an attempt will be made to hurry through the ratification of the Algeciras convention and the budget and then prerogative the cortes. El Pais denounces the Catholic Camarilla as being the real author of the cabinet crisis.

Newspaper Men Meet.

St. Louis, Dec. 4.—The executive committee of the National Editorial association met here Tuesday in annual session. The two most important topics that will be discussed during the three days of convention will be the ruling of the interstate commerce commission forbidding railroads to issue transportation for advertising space and the proposal to increase the postal rate on newspapers from one cent to four cents a pound.

TRIBUTE PAID TO SAMUEL SPENCER

EMINENT MEN AT FUNERAL OF THE SOUTHERN RAILWAY PRESIDENT.

Statesmen, Financiers and Railroad Officials Crowd Church in Washington—Every Wheel on Road is Stopped.

Washington, Dec. 3.—All that is mortal of Samuel Spencer, late president of the Southern railway, whose tragic death on his own railroad on the morning of Thanksgiving day shocked the people of two hemispheres, was laid to rest Sunday afternoon in the receiving vault at the Oak Hill cemetery, there to await final disposition.

A notable tribute was paid to the memory of the distinguished railroad magnate by his associates, by statesmen and by men eminent in all the walks of public life. The funeral services, held in historic St. John's Protestant Episcopal church, were attended by railroad officials, financiers and public men from all parts of the country. Many of them were life-long associates. Hundreds of friends came from the south.

Long before the hour announced for the funeral, admission to the church had to be denied to all but the closest personal and official friends of Mr. Spencer. Hundreds of people stood outside the edifice. Shortly before 1:30 p. m. the officers and employees of the Southern railway, 319 in number, assembled at the general offices of the company, and proceeded in a body to the church. They were headed by the four general superintendents of the company, Messrs. Foraker, Loyall, Ritchie and Cozeman. Practically all of the officers of the company throughout the system of nearly 5,000 miles were in attendance. Joining their friends of the Southern railway in paying respect to President Spencer, were representatives of the Mobile & Ohio, Georgia Southern & Florida, the Cincinnati, New Orleans & Texas Pacific, the New Orleans & Northeastern, the Central of Georgia, the Atlantic Coast Line, Seaboard Air Line, the Chesapeake & Ohio, the Pennsylvania and the Norfolk & Western.

Among the distinguished people who attended the church services were Vice President Fairbanks, Justice White of the supreme court of the United States, Senator and Mrs. Foraker of Ohio, Senator Bacon of Georgia, Gov. Swanson and Senator Martin of Virginia, Senator Kean of New Jersey, Secretary of the Interior Hitchcock, Senator Wetmore of Rhode Island, and former Senator Henry G. Davis of West Virginia.

Just at 2 o'clock the strains of Chopin's beautiful funeral march pealed through the church from the organ. It was rendered by Prof. H. H. Freeman, the organist of St. John's. At the same instant throughout the system of railroads lately presided over by Mr. Spencer, every train came to a dead stop, every wheel ceased to turn, every employe put aside his work. For five minutes over thousands of miles of railway every employe paid silent respect to the dead president.

To the strains of the funeral march, the surplined choir of 40 male voices silently entered the church and ranged itself on each side of the altar. The choir was followed by the Right Rev. Henry Y. Saterlee, bishop of Washington; Rev. Dr. Roland Cotton Smith, rector of St. John's, and the assistant rector of the church.

Immediately afterward J. Pierpont Morgan of New York, a lifelong friend and business associate of President Spencer; Chas. Sterling, of New York, and First Vice President Andrews and Second Vice President Finley, of the Southern railway, entered the pew reserved for them. They were followed by the funeral party.

Following the body came the honorary pallbearers, all of them personal and official friends of Mr. Spencer. They were principally presidents or high officials of the railroads of America and it was noted that, either personally or by proxy, they represented quite one-third of the vast wealth of the United States. E. H. Harriman, a lifetime friend, was one of the last to arrive at the church.

At the conclusion of the ritualistic service, the remains were borne from the church during the singing of "Abide With Me." After the members of the family and the immediate funeral party had left, the clergy and choir retired to the strains of "Hallelujah" the dead march from Saul.

Peacemaker Kills a Man.

Linton, Ind., Dec. 3.—Charles Stewart died Sunday from the effects of a blow on the head with a mace delivered by Frank Launders, the keeper of a "blind tiger" saloon at Dugger, a small town several miles west of here. Stewart became involved in an argument with another man and the saloonkeeper, it is said, to quiet the combatants struck Stewart over the head with a mace.

Covington, Ky., Dec. 3.—George B. Nicholson, chief engineer of the Cincinnati Southern railway, died at his home here to-day.

It's a case of go out where you can and come back when you have to with the Graham & Morton steamers as the weather has been so erratic that regular trips have not been possible. Still the steamer Frontenac clears often enough to keep freight moving in good shape and the service is good considering the time of year.

Congressman Bishop has been appointed a sub-committee of one by the rivers and harbors committee to report as to the various harbors of Michigan. Holland hopes that he will not forget that we need a new north pier.

The great Canadian northwest in the vicinity of Winnipeg, Alberta and other points is certainly a land of milk and honey according to the reports of A. B. Bosman, who with Dr. H. Kremers, B. J. Albers and John Veneklassen recently returned from a prospecting trip. Some of them showed their faith in the future of the country visited by securing options on several pieces of land. The only drawback to the country is the irrigating system, and it is their opinion that the companies are too grasping. But it is expected that this difficulty will be remedied shortly. Mr. Bosman says it is a great place for a young man to grow up with the country, and cites as an example one young man who left Ypsilanti two years ago with \$50 capital and now returns rich to spend the winter in Detroit. Everything is on the double basis out there. A calf of two months there is equal to one of four here; wheat is twice as productive to the acre and so it goes all along the line, not of course according to Mr. Bosman, but according to the land promoters. Another trip will be taken in a couple of months and Mr. Bosman says it is a good chance for those who desire to verify these reports.

Pulls Her Out of the Lake and Marries Her—Saugatuck Romance.

Knocked into Lake Michigan by the boom of a sailing yacht, Miss Helen T. McCarthy was pulled out of the water by Dennis J. O'Brien of Chicago, and to make the romance good according to the rules exemplified in the Ladies' Home Journal and similar enticing publications, O'Brien has wedded the heroine of the wet romance. The wedding took place in Chicago last night, and to make the romance complete the crew of the yacht which figures in the story were there in force. Miss McCarthy is of Yorkville, Eng., the town which gave its name to a certain make of pudding. Not that there is any direct application in this fact. Mr. O'Brien is of Chicago. Both were visiting in Saugatuck. It was in the summer of 1902. When the boom of the yacht Sylph boosted the Yorkshire girl overboard, O'Brien threw off his coat and hat, sprang overboard, seized the young woman and kept her head above water until the yacht was thrown up into the wind, and two sailors leaped into the lake and kept O'Brien and Miss McCarthy afloat until they could be taken aboard.

Miss McCarthy returned to her home in England. Correspondence ensued, which was continued for four years. Then came a proposal of marriage. The girl consented, and sailed for America. The bridegroom-to-be met her in New York and they journeyed together to this city, where, after the trousseau had been prepared, the marriage was solemnized. Mr. O'Brien is a broker and a member of the Chicago board of trade.
