A Dishonest Honest Man To Be Sentenced

JUDGE MILES WILL HAVE A TICKLISH PROBLEM MEETING OUT JUSTICE TO KOORYERS

Man Committed Dishonest Act To Pay Honest Obligations

About the most interesting case to come up in Ottawa County for some time was the one of William Kooryers of West Olive, who was recently convicted of grand larceny. The first place Kooryers has a fiery temper; is not mean at heart and we believe is an honest man. Recently a Mr. Van Alsburg of Coopersville who had purchased the farm supposedly owned by a bachelor brother sent him to father the crops—expecting a little difficulty—officers also came to help. The officers were stopped temporarily when Kooryers barred the way with a well loaded shot gun. It was not until deputies from the sheriff's department subdued Kooryers with fear gas that the officers of the law could get in their work. They took possession of the crops that Kooryers had taken from what he supposed to be his own farm, which he had carted away during the night time. Hence the charge of grand larceny.

However, there is another story back of all this. About 35 years ago Kooryers was heavily in debt. Some of it was occasioned because he was a "good fellow" and signed other people's obligations which he never paid by "other people". Creditors pressed Kooryers hard, in fact, he wasn't able to meet these obligations in time so, in order to prevent creditors from taking his farm, he decided the farm over to his brother, which under the law is not permitted, for it indicates intent to defraud and was dishonest on the face of it. But in reality Kooryers was honest for instead of defrauding his creditors he only wanted time to pay them, which he did in full, showing that his original intention was not to defraud but to get a respite on these pressing obligations, a large part not of his own making.

After the bills were paid Kooryers, carelessly or otherwise, did not ask to have the property conveyed to him or in some manner the matter thoughtlessly ran along. Kooryers remained on the farm, tilling it and harvesting the crops. But it seems that in the meantime his brother became hard pressed sold the farm to meet some obligations which he could do since legally he owned it. It appears that these were obligations handled thru several parties including a Coopersville bank in which Mr. Van Alsburg also played an important part. Anyway leaving on the farm or rather on the crops that the farm produced was made by those to whom the 40 acres was conveyed in order to satisfy obligations. It was while this was being done that trouble with William Kooryers began as far as the law is concerned. William Kooryers would not surrender his farm as he thought but which legally belonged to his brother Albert.

According to the story William Kooryers' state was clean. He had paid his debts and he felt that now again the farm was his and no one had a right to evict him. It is also stated that Kooryers had been ill-advised by some well meaning neighbors and the whole matter angered him to such an extent that the display of fireworks entered into the spectacular episode. It is a sad and sad story. Kooryers would have ever used the gun although he put up a brave front, feeling that he was monarch in his own homestead.

Kooryers, too, has a peculiar idea of the working of the law. He seems to be under the impression that moral rights takes preference over legal rights and any officer who, in this case, attempted to molest him or eject him, was a trespasser and he had a right to defend his home.

This is possibly the most intricate case to come up in Ottawa County Circuit Court for some time. There are so many angles and extending circumstances that Judge Fred T. Miles is taking his time in passing sentence. Today Kooryers is all penitent and his daughter, a fine young lady, has repeatedly made intercession in his behalf.

Without doubt Judge Miles, in passing sentence, will take into consideration many of these unusual irregularities, believing that the man perpetrated a dishonest act unknowingly in order that he might be honest in meeting his obligations. Anyway the jury convicting him recommended placing him on probation believing no doubt, that his brother's lesson learned. What Judge Miles will give him will be learned after sentence day.

To show how strangely these two brothers William and Albert Kooryers worked and held things in common is shown in the Michigan reports of cases decided by the supreme court of which the News have a copy. In the testimony it appears that the brothers were living peacefully together. William was married and Albert was a bachelor living with his brother's family at West Olive.

They never quarreled, about who owned the land. Questioned about a disagreement later—according to testimony in the supreme court brief, it appears difficult for Wm. Kooryers to admit that he had quarreled with his brother Albert many years after the transfer. When the attorney at the trial questioned Wm. Kooryers whether he had had trouble with his brother, he simply would not admit that he did and answered the question "I don't know. That is what they say."

When his brother Albert, according to his supreme court report, gave his testimony, he said they worked the farm including the land of both, "everything all together." He said that his brother William "bossed the whole thing," that he sold the crops, paid the taxes and that there were no books kept or division of the moneys received from the sale of the farm products.

The evidence shows that in 1927 the brother Albert desired to sell the forty acres in dispute and according to the court was perfectly in his right to do so and the claiming of this forty by the new owners then brought on the shot gun display from the first brother, William. Surely a tangled mass in which the wisdom of a Solomon might be brought into play.

Holland Banks Bring Cheer To Xmas Savers

AT LEAST \$177,500 TO BE DISTRIBUTED WITHIN WEEK

For a long time the three Holland banks, namely, the Peoples Reformed church, Isaac Cappon, State bank, the Holland City State bank, and the First State bank, have been making Christmas happy for a great many Holland folks, and this year is no exception. The checks will go out Saturday night to more than 3,000 depositors who have adopted the Christmas Savings plan to alleviate the strain on the pocketbook during the Yuletide season and during a period when the most money is needed for other purposes as well.

Any way within the week the three banks will disburse \$177,500 to those who have joined the different Christmas clubs and if ever such a disbursement is welcome, it is during the winter of 1930-31.

These Christmas Savings clubs have grown in popularity each year and the clubs at the different banks have already been opened for 1931. Several plans are suggested in the different announcements. One can start out very modestly and then again one can apply for a plan more pretentious.

The different plans cover a wide range and selection can be made from a dozen or more conforming with the person's ability to keep it up.

Many have already joined for 1931 feeling that a spot cash Christmas saves one the worries of starting the New Year under a heavy burden of debts, for after all it is easier to serve for months ahead than to pay for months afterwards. The 1931 clubs at the three local banks are now open.

Recital To Be Given On \$10,000 Organ

JOHN R. GROOT, WELL KNOWN TO RADIO FANS, WILL GIVE VARIETY PROGRAM

Quite recently the Ninth Street Christian Reformed Church installed a very high classed instrument in the form of a \$10,000 pipe organ. While recitals have been held before, the public is invited to listen to an extraordinary program to be given by Mr. John R. Groot, organist of the Eastern Avenue Christian Reformed Church, Grand Rapids, on Thursday evening, Dec. 11.

Mr. Groot comes highly recommended; however, Holland folks know his ability because of his excellent renditions in frequent broadcasts over the two Grand Rapids stations.

Besides the organ program there will be several vocal numbers by a male quartet in which a violin obligato will blend beautifully. There will also be a violin duet.

Mrs. Bertha M. Boot, well known reader of Holland, who never fails to please in her elocutionary art, has also kindly consented to take part in the program.

Among the numbers to be given by Mr. Groot are the following: Polonaise Militaire, Chopin. Gezu Bambino (The Infant Jesus). Poet and Peasant Overture. Nearer My God to Thee, Variations. Alpine Pastorale. Gloria from 12th Mass, Mozart. Largo, Handel.

50 YEARS AGO TODAY

The retiring elders of the Third Reformed church, Isaac Cappon, Kieft, and Schols, and the deacons, E. VanderVeen, H. VanderHaar and T. Van Dijk, were all re-elected Wednesday evening. Note—"De oude blijven" and all old citizens know what that means.

All the old sailors, Capt. Rike Schaddelee, Arie Koning, Gerrit Doesburg, included, are home for the winter. All sailed on sailing vessels. Some took their wives as cooks. Note—The only living sailors in Holland of 50 years ago that we can name are Chief Frank VanRy, Gerrit Doesburg, Frank Beckman, Peter Schoon, C. Vander Nagel and Al Bohus.

The First Reformed church re-elected the following elders: J. Kruidenier, Jan A. Peyster, Deacons re-elected: J. W. Bosman, A. Geerlings and H. Vaupell. It was resolved at the meeting that a monument be erected in memory of the late Rev. R. Pieters. Note—"The old ones remain" but it sounds better in Dutch. The church mentioned is now the Ninth Street Christian Reformed Church, the session being brought about on the question of Masonry.

Rev. Pieters was the father of Dr. Albertus Pieters of Holland. He was one of the most beloved pastors of those days and a power in the community. A. Geerlings mentioned was the father of Henry and Jake Geerlings, banker and mailman, respectively. J. W. Bosman was the father of John Bosman and A. B. Bosman and Teunis Keppel was the father of Bastian and Albert Keppel, all of this city.

Two of our young nimrods, namely James Purdy and J. Van Spyker, returned home with six deer from a hunting trip a short way north. Sleighing on Thanksgiving day was fine and all day young folks were out with their cutters and their "jingle bells."

Former Holland Ball Player Dies at Jackson

OF LATE YEARS WAS PRISON WARDEN. PLAYED IN BIG LEAGUE FOR TIME

Ed Hendricks, who since 1921 has held a warden's position at Michigan State Prison at Jackson, died at a hospital in that city last Friday, following a short illness. Besides his widow, he leaves two brothers, John Hendricks and Louis Hendricks, both of Zeeland, besides many other relatives and friends in that vicinity.

Ed Hendricks was born in Zeeland, the second son of the late Mr. and Mrs. Fred Hendricks.

He attended school there and at an early age developed a talent for baseball playing on the local teams and assisted in making up a crack Holland club that threatened to defeat all comers. This was the team in which Niel Ball showed his great talent that brought him to the attention of the National League. In 1910 Hendricks was discovered by John McGraw of the New York Giants, and he played with that team for two years. He refused to be transferred to Brooklyn and deserted major baseball circles, then signing up with Benton Harbor semi-professionals. Following this position he held berths at Toledo, Chicago and Pontiac, until he came to Jackson where in June, 1921, he took the position as a prison guard. He was named assistant deputy warden and athletic director which two positions he held at the time of his death.

His funeral was held Monday afternoon, at Jackson, the Rev. S. A. Griffith, pastor of the First Presbyterian Church officiating. Interment took place in Roseland Memorial Cemetery.

Mr. Hendricks leaves many friends besides his relatives to mourn his passing, especially his sons in baseball, that was especially the rage here twenty to twenty-five years ago.

FIRE THREATENS CAR OF ONIONS AT ZEELAND

The Zeeland fire department was called out Tuesday afternoon to extinguish a small blaze that had started in a railway freight car that was being loaded with onions by the De Bruyn Co. The car floor was bedded with a layer of straw to prevent the onions from freezing, and this caused the rapid spread of the flames.

The fire started from a gasoline stove that was being used to warm the room in the car. In pumping air into the pressure tank the attendant caused too much pressure, so that the liquid was forced thru the burner joint. This overflowed onto the straw and ignited, causing the blaze. The fire was quickly extinguished and the damage was slight.

The News pictures the life saving crew taking off all passengers from the steamer in Breches Buoy, including little Miss Juliette Canaan of Grand Rapids, who was only 10 years old. The life savers are also pictured in the "Bill" Woldering of Holland and Harry Vanden Berg, brother of Wm. C. and "Vandie" of Holland. Not a soul was lost.

Mrs. H. W. Dillinger died at the age of 62 years. Mr. A. Van Dord died at the age of 82 years.

Merchants To Aid In Yule Street Lighting

BOARD OF PUBLIC WORKS WILL STRING CURRENT LINES

Plans are being made to dress the downtown section of the city for the holidays. At a meeting of the Merchants' association it was decided to string festoons of colored lights in the business district. The merchants will co-operate by having "window night" the first evening of illumination.

The annual outdoor home lighting contest will add to the beauty of the city during the holidays. Principal J. J. Kienersma has been named chairman of the committee of judges to select the best displays. Other members are Harry Harrington, Andrew Klomparsen, Ald. William C. Vandenberg, and Frank Lieverse. The appointments were made by Secretary Gross of the C. of C.

The city has been divided into four sections and prizes will be offered in each division by merchants. As far as the merchants are concerned the Board of Public Works will string the current wires along River Avenue and Eighth street and the merchants can cut in on this live wire and decorate the fronts of their buildings as they see fit. It was unanimously decided by the merchants to accept the liberal offer of the Board of Public Works and all the merchants will have to pay for a small amount of current and the ornamental lights. Merchants will also vie with one another to see who can make the finest window display and without doubt thousands upon thousands of window shoppers will be seen downtown taking in the different window decorations.

Charles Gross, secretary of the Chamber of Commerce, spoke at length on show window displays, stating that these were silent salesmen of any well regulated establishment.

PAGELSEN IS RELEASED AFTER SERVING 2 MONTHS

Youth-Liquor Curbing Crime Is Discussed

FORMER MAYOR SPEAKS TO AMERICAN LEGION

Former Mayor E. P. Stephan was the guest speaker at a meeting of the Willard G. Leenhouts Post, No. 6, American Legion.

Balder the instructive talk by Mr. Stephan there was a short program and refreshments and also a report on the success of the Welfare drive just completed.

Mr. Stephan gave the boys an eye-opener when he dwelled on the crime wave now sweeping the nation, pointing out that there were a third of a million hardened criminals in this country today and that it cost the nation as a whole more than ten billion dollars to cope with this class of citizens. Mr. Stephan contended that such a staggering sum could not help but reflect adversely on our economic problems of today.

Relative to youth and liquor, Mr. Stephan says: "When a young man is arrested for the violation of the liquor law he is not necessarily a criminal but the law says he is and we send him to prison where he usually comes out worse than when he went in."

Mr. Stephan believes that a new system is necessary, that would diminish the cost of law enforcement at least 75 per cent. Mr. Stephan said further "It costs \$500 a year to keep an inmate in Iowa, 1800 of them means \$900,000 and this paid to make them, for the most part, worse."

"Under the probation system, the offender would be compelled to pay his own fine by working legitimate. His fine is paid as the offender earns it and he must account for himself, showing the probation officer how his money is earned."

"The American Legion, the residue of the World War is today the bulwark of the nation now as the G. A. R. was the bulwark of the country following the Civil War and it rests with you to help combat the criminal rule which is sweeping the United States."

Mr. Stephan quoted Judge Collingswood often in order to prove many of his contentions. Mr. Collingswood is considered one of the nation's most able jurists.

Geo. Pelgrim and family have moved from their old home, 172 W. 15th St., to 86 West 11th St. The home was formerly owned by the late Dr. G. J. Kollen, and later was occupied by Jim De Pree and family who are now in South Bend.

Men's Glee club of First Christian Reformed church, Grand Haven are tonight presenting a sacred concert at Lee Street Christian Reformed church, Grand Rapids.

Freedom of Lake Michigan Beaches Is Now Gone

SUPREME COURT GIVES OWNERS RIGHT TO TAKE LAND TO WATER'S EDGE

We in Holland who have had the freedom of Lake Michigan beaches from youth and no one questioned the right of anyone to walk along the shores of Big Lake or enjoy the surf where or when they wanted to, will be sadly disappointed when they read the decision of the Supreme Court just handed down,—that is if we understand the verdict correctly.

It seems that owners who bought land bordering the lake have a right to property up to the very water line and if they desire they can fence their property off to where the waves lap.

You can walk in the water with rubber boots but don't touch the land for then you are subject to trespass.

You can roll up your trousers and take off your socks and wade as long as you keep your feet wet. The supreme Court decision was handed down in overruling what were known as the Kavanaugh-Baird cases.

In emphatic language, the high bench upset its previous opinion in the famous Kavanaugh-Baird cases and made a new legal ruling that gives the upland owners complete ownership of the land they and their forefathers have bought and traded and improved for more than a century. The land, made by the siltation and accretion of the waters, had been claimed by the state and had been given to the state in the Kavanaugh cases to be held in trust for all of Michigan's citizens.

Under the new ruling the water, no matter where it may be, becomes the boundary. The shore owners may do as they please with their relict land, except to impede navigation. They may sell and convey title to the water. Scores of threatened damage suits, contemplated by persons who believed they bought land to the water's edge, to find later that the Kavanaugh decision gave them title only to the meandered line, presumably will be averted. The state, from now on, must buy or condemn if it wishes relict lands for park or other state purposes.

The eight justices divided three ways in the complicated litigation, but five of them concurred in the majority opinion which was written by Justice Louis H. Brand. Others who signed were Justices North, Clark, Butzel and Sharp. Justice North, with Justice Potter, signed another opinion, which concurred in the result but held the state should hold the relict land in trust with the upland owner having all other rights. Justices Wiess and MacDonald dissented from the majority ruling, declaring the state should retain its hold upon relict land.

"The dictum that riparian owners along the Great Lakes own only to the meander line is overruled," Justice Fead's opinion said. "Instead of aiding in the working out of the recreational aspirations of the state, it would seem the effect of the Kavanaugh doctrine would be destructive of the development of the lake shores. The state could make no use of the relict land. It loses nothing of practical value. Taxes will more than compensate for the loss of an empty title. The doctrine of justice must give way to the state's duty to no longer perpetuate an error and an injustice. There is no power to justify the taking of private property without compensation. The right of the state is subordinate to that of the riparian owner," the ruling said.

Justice Fead said the decision simply leaves the title where it always legally has been. The old meander line was surveyed merely as an arbitrary mark to designate area. It did not always follow the water line, but the riparian owner was entitled to frontage nevertheless. To hold that the upland owner had title only to the meander line would be the next thing to saying he had no riparian rights, the justice held. The state's ownership is solely in the lake bottom.

Gov. Green was frankly displeased with the ruling. He pointed out that he had hoped for an arrangement whereby the state conservation department could have treated each case individually. The governor conceded that it was unfair for the state to possess land in cases where the upland owner acquired his property in good faith, believing its boundary was the water's edge, but said those who had purchased land entirely relict also were entitled to protection.

Some real estate men hold that the shore line will never be closed to the public or to those living in the neighborhood since it would work harm to the sale of property.

Maple Avenue Men's Glee club of Holland are tonight presenting a program at Burton Heights Christian Reformed church, Grand Rapids. This program is under auspices of the Easter church.

Hope college lost its opening debate by an audience decision Friday evening to Detroit Law school. Harold Dewindt and Justin Vanderkolk represented Hope.

Walter S. Gifford, president of the American Telephone and Telegraph company has just predicted a quick upturn in business, to come soon, with advance to a period of prosperity better than ever before. The opinions of a man in such a position are entitled to great weight. He has sources of information such as are not possessed by people who serve one locality alone. He has thousands of observers all over the country, watching the currents of trade, and reporting the prospects to his office. If a man who has such vast burdens on his shoulders is optimistic, those who carry small responsibilities should surely be hopeful, and should take advantage of the present as a favorable chance to expand their own business.

STORE BUSINESS INCREASES

The federal reserve board reports increased sales by department stores during October. This is a sure sign of an increase in the consumption of goods. What the department stores report is probably true of all retail trade in most sections. The experts have been saying for weeks that the American people are consuming more than they are producing, and buying more than they are making. With this condition existing, it should be only a few weeks before stores all over the country find themselves short on various lines, and calling for the delivery of goods in a hurry.

**Machines, Money, Men
Strange Russia
Science and Superstition
Good Times Ahead**

Congressmen will introduce presently bills for road building, requiring \$350,000,000 in 1931. If the states should pay an equal amount, it would mean spending more than \$700,000,000.

No wise expenditure could be made or better way found to put money into circulation.

The number employed, unfortunately, would be small, since modern roadmaking is done by machinery, spreading out the path of cement as buckwheat batter is spread on a hot griddle.

We have the money, the men and the machines, and they ought to be kept moving.

Russia's government may fail and czars come back, with grand dukes to take from peasants the land they think they now own.

But some things that the Russians are doing, whether they fail or succeed, should stir up useful thought in other countries that think themselves superior, including this country.

For instance, Mr. H. R. Knickerbocker, investigating Russian affairs for Cyrus H. K. Curtis, describes "the largest farm in the world," owned and run by the Russian government. It covers 642,000 acres, more than 1,000 square miles.

Twenty-eight hundred permanent laborers are employed at 100 rubles (\$20) a month. The government has invested \$14,000,000 in the farm; 300,000 acres were sown this year in wheat and rye.

That is really applying methods of big industry to farming, about which we talk much and do little.

On the 300th anniversary of Johannes Kepler's death, Einstein tells the Prussian Academy of Science what wonders Kepler performed, overcoming poverty, worry and making clear to human beings the laws of geometry and time.

Much progress in human intelligence has been made since Kepler's day. To hold the emperor's favor, Kepler had to tell the imperial fortune and pretend to predict the future by astrology, which he knew to be nonsense.

And even the great Tycho Brahe, who mapped the heavens without a telescope and took Kepler for his assistant when Kepler was twenty-nine, had his superstitions. He kept with him an idiot, that crouched at his feet at table, eating scraps thrown to him.

And when the idiot uttered meaningless sounds, Tycho Brahe called all his other guests to be silent, believing that the idiot's talk was inspired.

There is a good deal of scientific talk, so-called, today that might well have been uttered by Tycho Brahe's idiot. Some of it "refers to time that began at a certain point in the past" and some of it "drives about space that curves on itself, and is, therefore, not infinite."

Walter Sherman Gifford, head of the gigantic American Telephone & Telegraph company, expects good times to drive out bad times, soon. His opinion is important, for the telephone company, reaching everywhere and everybody, is well informed.

Mr. Gifford thinks we are going to see such prosperity as never was, and we may enjoy a sort of Utopia, with the spirit of service and good will governing big business.

It's a lovely picture, but let us hope better times will come without waiting for the Utopia. That will not come until human nature shall have changed, say in ten thousand years, probably longer.

Germany lost the war, but is not losing time in this peace.

Using foreign capital, partly American, and 27,000 workmen, Germans will build 500,000 tons of new commercial ships. Modern shipbuilding men, no longer kill women, that create the men. It does not kill old men, and scientists are usually beyond the military age.

Germany has her scientists, to create a new industrial Germany; her women, to create the new generation; and is better off, on the whole, than some of those that "won the war."

Professor Flugel of the London university says, "The world is approaching nudism."

He believes that men are getting tired of wearing clothes, will soon abandon them and women will lead the way.

In this country they have led the way, part way.

"As a scientist," Professor Flugel predicts that women will force the human race to go back to absolute nakedness. But it can't "go back" to anything of the kind.

If the race had ever been absolutely naked it would not have survived.

It used to be covered with hair, generally red, in the north, and very thick, reaching from the forehead to the toes. That got wet and couldn't be taken off to dry. Intelligence suggested clothing instead, and hair gradually disappeared as clothes were worn. The more hair, the less civilized.

Lamp's Long Sea Trip

A curious-looking object was seen bobbing up and down on the waves at a north Wales coast resort. When landed it was found to be a solid brown mass with a thick salt-like coating. This was removed, and disclosed an Osean lamp bearing the identical mark of a place one and a half miles across the water.

The lamp was placed in circuit and lit up in the ordinary way, although it must have been tossed about on the sea for a long while.

HIT BLACK FOX AND EARNS \$200

Two hundred dollars worth of black fox fur was the luck of Alpheus Thomas, of Ironwood, when his automobile hit the animal as it tried to dodge out of the way of the flying wheels. The impact in no way harmed the pelt.

COWS ARE VERY MUCH LIKE AUTOMOBILES, COLLEGE EXPERTS SAY

All automobiles do not give the same mileage per gallon of gas, and the dairy department at Michigan State College says that all dairy cows do not give the same number of gallons of milk per 100 pounds of feed so the department advises that the trips to the dairy barn filling station be governed by the individual cow's contribution to the milk pail.

Three pounds of "high testing" milk or four pounds of low testing milk should be paid by the cow for every pound of grain, the dairy husbandry men state, and they also point out that it is poor economy to try to make a good cow pay a greater "price" which can be paid only at the expense of impairing the animal's physical condition.

Dairy men who have good legume hay for roughage should feed a grain mixture which contains approximately 12 per cent of digestible protein. A good grain mixture can be made up from 300 pounds ground oats, 200 pounds ground barley, 200 pounds crushed wheat, and 100 pounds cottonseed meal.

Where it is necessary to feed timothy, will grasses, bean pods, or corn stover for roughage the dairy department recommends a grain mixture containing 1 per cent digestible protein. This can be obtained from a mixture of 20 pounds ground oats, 200 pounds ground wheat, 200 pounds cottonseed meal, and 100 pounds linseed meal or 100 pounds of 32 per cent dairy feed.

HUNTERS RUN ACROSS A HALF SHOT MOOSE

A cow moose, almost dead from a rifle bullet through its neck, was found by deer hunters near Sault Ste. Marie. The men notified conservation officers, who sent the meat to the Newberry State Hospital. It is believed that the moose was killed by a deer hunter who feared bringing the carcass out of the woods.

ALDER LICE WARN OF HEAVY SNOWS?

Oldtime weather prophets, basing their forecasts on the location of white "brush lice" on the tag alders this year, say Michigan will have deep snows this winter.

These insects, a type of plant louse, form thick cottony masses completely covering in places the trunks and branches of the tag alders. Weather oracles maintain that when the brush lice are clustered high on the alders deep snow will follow. Preceding a winter of little snow the lice are found low on the brush, close to the ground, according to the weather legend.

The tag alders are well covered with white masses of the brush lice this fall and the insects are clustered high in the bushes.

Pilot Joe Doerflinger and Copilot Sam Carson, flying the Kolher aviation schedule from Milwaukee to Grand Rapids, encountered a storm as they approached the east shore of Lake Michigan, and landed their amphibian plane, carrying three passengers, on MS9, one-half mile south of Fennville. The passengers were sent to Grand Rapids by train and the pilots continued their flight to the Grand Rapids airport later.

When Doerflinger encountered the storm he took a southern course in an attempt to go around it. The storm continued in his path and to avoid hazards that might be encountered if he attempted to fly through it, he picked out an emergency landing field and brought his plane down safely. This plane in crossing Lake Michigan often flies low over Holland.

William Connelly spoke before the Community Club of Coopersville last night, where about 50 gathered. Enthusiasm there is strong, said Mr. Connelly to continue a cement road from Coopersville north to Ravenna. They are also keenly interested in maintaining US-16 as the main highway between Muskegon and Grand Rapids.

Daniel F. Pagelsen returned to his home in this city on Thanksgiving Day on a parole issued by Gov. Fred W. Green. — Grand Haven Tribune.

DRUNKEN DRIVER PAYS

William Champayne of Muskegon pleaded not guilty Monday to a charge of operating a car while intoxicated. When his bail money arrived in the afternoon he changed his plea to guilty and paid a fine and costs of \$104.85. His driver's license was revoked. He appeared for trial at Grand Haven.

ALLEGAN BANKS SEND MORE THAN \$47,000

Checks exceeding \$47,000 are being mailed this week by the two Allegan banks to members of their Christmas saving clubs. The First State bank will distribute \$18,000 and the Allegan State bank is sending out \$29,138.43.

The Ottawa county road commission has made ample preparations to check the blockade of highways by snowdrifts. Sixteen miles of snow fence already have been placed in open sections and another mile will be supplied by the state.

Snow equipment, including plows and tractors are ready for use. Heavy snowfall this week has temporarily interfered with all road work. Many road projects had been started with a view of aiding the unemployed. Snowdrifts are blocking some of the crossroads. The main highways, however, have not caused much trouble to traffic.

Carl Bowen, county engineer, said today special care was being made to scrape the snow from the edges of the concrete to permit motorists to see the shoulders. Herein lies great danger now as they are not frozen sufficiently for cars to run off with safety.

Mrs. Palmer Fox of Holland was one of the guests at a dinner given by Mr. and Mrs. Paul Wendt of Allegan. There were 20 guests present.

IDEAL GIFT FOR THE BOY

What glorious adventures boys between the ages of ten and twenty have reading THE AMERICAN BOY — YOUTH'S COMPANION!

As if by magic, this well-known magazine carries boys to distant parts of the world, introduces them to strange people, lets them experience queer costumes and revel in the adventures of foreign lands.

In a single issue, a boy will battle the frozen Northland with sled and dog team, cross Indian-haunted plains in a prairie schooner, zoom over war-torn lands in an army plane or on dangerous routes with a U. S. mail pilot, hunt wild animals in Africa, stop the swaying back of an elephant, go cruising in a battleship, fight Arab raiders with the Foreign Legion and participate in many other thrilling experiences that come to readers of THE AMERICAN BOY — YOUTH'S COMPANION.

It is such experiences as these that sharpen a boy's wits, kindle his imagination, strengthen his character, develop his understanding of the world in which he lives and of the people that inhabit it. Here, indeed, is the ideal gift for that boy in whom you are interested—that son, nephew, cousin, neighbor, or perhaps, the son of a business associate. An attractive gift card bearing your name will be sent to the boy if you request it with your order. OTTAWA ROAD GROUP LOSES \$220 VERDICT

The Ottawa county road commission was defendant Monday in a damage suit brought by Elman & DeWitt, Grand Haven automobile dealers, to recover \$275 damages.

It is alleged that Henry Holsteges was driving a car for the plaintiffs June 26, 1930, on the Borello road toward Grand Rapids, intending to turn into a farmyard, he signaled with his left hand and made the turn. One of the county trucks driven by Barney Jenks was following and ran into the rear of the plaintiff's car, doing considerable damage.

The jury returned a verdict in favor of the plaintiffs for \$220.30 after being out 30 minutes.

This being the last jury case on the calendar in Ottawa county court, the jury was dismissed.

Concerning Public Service

Genuine Gas Coke is Coal with its Face Washed

Q Homes that are heated with gas coke are clean inside and out. There are no smoke screens to soil the neighbor's laundry. Chimneys do no fill up with soot and interior decorations do not require frequent replacement.

Q This is because all the ingredients of coal that do not contain clean heat are first extracted at the gas plant, leaving only clean, light coke, easy to handle and control, burning with very little ash. This gas plant is a huge laundry where your best domestic fuel is cleansed and purified.

Q The portion of the coal which remains at the laundry contains many valuable products which are saved. A bin full of coke is merely coal with its face washed.

COMPARES TEAM WITH HOLLAND CHR. HIGH

Zeeland Record—Zeeland basketball fans will have their first glimpse of this year's high school team this Friday night when they go into action against the Alumni in the season's opener. The game should prove very interesting, as most of the members of last year's district runners-up will be playing for the grad team.

A new type of defense will be seen by the spectators, as a zone defense will be used by the team this year. Two years ago the reserve team featured with a zone defense and this team won a schedule of 16 games, the feature games being with the Holland Christian seconds who were defeated by more than twenty points in each game.

NOORDELOOS

Martin Bystra is improving at Holland hospital after his recent operation.

Scarlet fever has struck Noordeeloos. The homes of Mrs. and Mrs. John Kuysers and Mr. and Mrs. J. Kimme are in quarantine because members of the family are down with it.

Mr. and Mrs. Gilbert Vogel entertained Mr. and Mrs. Arie Vogel over the week-end.

The Sunday School and Choral society at Noordeeloos are making preparations for a Christmas program.

Pupils of the school are now engaged in selling Christmas seals—a very worthwhile cause.

The honor roll in Noordeeloos school were the following: June E. Pyle, Elmer Pyle, Jerene Kuysers, and Robert Poppa.

The percentage at school attendance in our schools was 98.8. Surely a fine average. Nine pupils were neither absent nor tardy during the entire year and 12 pupils received the three month "award card."

It is feared that this month will not look so flattering because of illness. Several pupils were kept out of school being indisposed. Among them are Leon, Stanley and Jerene Kuysers, three in one family who are quarantined and Peter Kimme for the same reason, and Lillian Bishop. It is doubtful if these pupils will return before the holidays.

ZEELAND

City Superintendent Gerrit Rooks is using Old Man Winter to relieve some of the hardships in Zeeland rather than to cause more. He has placed many of the city's unemployed at work cleaning the streets.

Both of the VanHovens were born in this country. They were married at the home of Mrs. VanHoven's parents, one mile west of the city. Mrs. VanHoven has been a faithful member of the local church societies. Both are members of the Colonial church. Mr. Van Hoven has been identified with a farm machinery business for the past 30 years. As a farmer he acquainted himself with these articles at home. In due course he became affiliated with the firm known throughout western Michigan as Vereke & Van Hoven, dealing in farm machinery.

Eight children were born to Mr. and Mrs. VanHoven all of whom aided in the celebration. They are: Abram VanHoven, Mrs. James Timmer, Mrs. Ben Nysen and Mrs. John Bergsma of Grand Rapids, and Henry, Gilbert, Leonard and Miss Alice VanHoven of Zeeland. There are 15 grandchildren. Mr. John Winters and Miss Cora Winters, lifelong residents of Vriesland, have moved to Grand

Rapids where they will spend the winter months with their sister, Mrs. J. J. Jeffers, 444 Jefferson avenue.

SUPREME COURT DEMANDS NEW TRIAL IN AUTO ACCIDENT SUIT

The Supreme Court has handed down a decision that a new trial be given in an auto accident suit brought by H. Bowmaster, administrator for the estate of Arthur R. Bowmaster of Central Park, who was killed two years ago on the Zeeland-Holland road at the curve at the fish ponds.

The car of City Assessor Peter Van Ark collided with the truck driven by Bowmaster, during a snow storm. The impact of the truck struck him to the ground. John H. Suit was then brought by the administrator of the estate of the dead man for \$50,000 against Peter Van Ark of Holland, the DePree Co. of Zeeland and John DePree, the driver. In both cases in circuit court with Judge Brown presiding, a verdict was brought in of "no cause for action."

COACH HINGA HAS MOST DISCOURAGING MATERIAL IN EIGHT YEARS; TWO VETS BACK

Coach Bud Hinga issued his first basketball call Monday and found the poorest group of prospects in his eight years of coaching here. Last season the locals won 11 out of 15 games but eight of the first squad have been graduated and the remaining two are eligible only until February.

Added to all his woes, Hinga faced the toughest schedule in the history of the school and the first season in the Southwestern conference.

The two returning lettermen are Theodore VanZanten, forward and last year's captain, and Arnie Van Zanten, lankey substitute. Both of these men will become ineligible at the close of the present semester. The other prospects were members of the second team last year, but even the stars of that organization are gone.

Hinga has chosen a squad of eight men with which to work prior to the opening game with Ottawa Hills a week from Friday. Besides the lettermen, Gordon Oonk, TeKolter, Klomprens, Tyasse and Huesing will be chosen. Other men will be selected from the second team candidates next week.

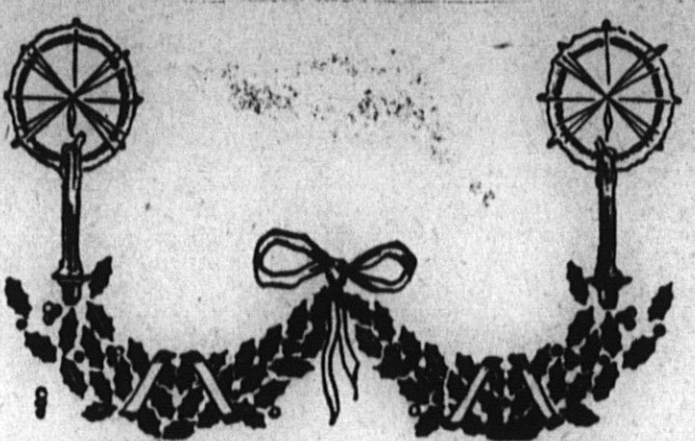

Holland has had some enviable records under Coach Hinga, but from present indications this season will take away some of the glory from the local's record.

Old Drum Corps Marches In On Scout Banquet

CHESTER BEACH RETIRES AS PRESIDENT—WILLIAM HATTON CHOSEN TO FILL HIS PLACE

Norg, Chief of the Scouts, Is Given Full Meed of Praise

Tuesday night was a gala night for scoutdom when a banquet was held for the Ottawa-Allegan Area Council in the M. E. church parlors. There was a speaking and a singing program and there were at least a hundred men of prominence scout masters, Eagle Scouts and guests present.

One of the big surprises of the evening was when the banquet began and the old Holland drum corps marched into the banquet hall, playing the old Civil War tune, "Dutch Soldier," followed by "The Girl I Left Behind Me," "Bally Around the Flag," and kindred stirring martial airs. It surely was a great surprise judging from the looks of the faces of the feasters.

The principal speaker of the evening was our own Neil VanderMeulen. Mr. VanderMeulen was pleasantly introduced by William Arendshorst, the toastmaster, who said that Holland was always known for its speakers and that in Neil VanderMeulen the city had an unusual orator, born of a family of orators.

Mr. VanderMeulen recognized the compliment and said that while he would not verse in Scout work, he would endeavor to set forth the fundamental benefits in this great undertaking. Mr. VanderMeulen said in part as follows: "We are inculcating Scout life as a matter of preparation. To be prepared for what? To be prepared for life's difficulties, life's problems; to attain life's successes. We prepare our youth for leadership. We groom them to be high minded men. We all have our regrets, we older folks, that we did not start out with the right preparation. We sometimes feel that with better preparation we could have tackled the problems of this life with more ease and with more confidence.

"The question is, does scouting prepare our youth for life? In the work that Scouts do we see many unusual things. They take up handicraft, outdoor cooking, mat making, leather art, life saving and kindred things having to do with the great outdoors. We sometimes wonder what bearing that will have on the life of the boy—what help will it be in the future to him?

"Life today is different than it was yesterday. The problems of the pioneer and the Scout of today are not the same. The pioneer had to blaze the trail and like Daniel Boone, the pioneer depended on his body strength. Today pioneering is over and inventive genius has given every youth of this nation six horsepower to work with, equivalent to one hundred slaves. I predict the day will come when through this power, there will be a four-day week for work for the youth, an eight hour week for the middle-aged and continued leisure for the aged and that through inventive genius there will be plenty for everyone. It will give folks time for study and for development in mind and body.

"We have often heard it said that our method of living is a failure and that our spiritual development is at zero. I do not entirely agree with this. We have often heard it said that our pioneer virtues during the beautiful life of yesteryear have been dissipated. Changed conditions always bring a change in the complex of things and that naturally would take place after pioneer days are over.

"We must begin our development of character in the youth of today. Impressions left early in life remain with the boy. They are in what you call the individual age. He is not socially inclined. He is thinking in terms of individuality and individual adventure brings the boy close to nature, there is no better study than nature study.

(Copyright, W. N. G.)

Nature is our best teacher and nature is a divine study, giving youth an insight that books cannot possibly give. The same thing that has built manhood in the past is building character today. When manhood and character disappear then nations are destroyed or deteriorate. That has been evident in Greece, in Rome, yes, even in Jerusalem, where not one stone of the beautiful temple is left intact to tell of its glories.

"Our one prayer is that these boys whom we call Scouts, will never lose that cleanliness of character, that wholesomeness inculcated because of their connection with an organization of this kind.

"May this work continue and broaden out so that its influence may be thoroughly felt throughout the globe."

Chester Beach, who has been the able head of the Ottawa-Allegan Council for the past three years, gave a resume of the work that had been done and gave figures showing the tremendous growth of the Boy Scout organization in Ottawa and Allegan counties, as well as throughout the entire nation. He stated that today four million young men in the U. S. have subscribed to the Scout law, "doing a good turn daily." He spoke of the key men in Scout work and their assistance, all being men of high character and doing this work for the love of the boy and ultimately the building up of a high-minded, worthwhile manhood in a community, in a state, in a nation.

Because of the absence of George Cabell, George Danson of Holland presented the Eagle badges to two Grand Haven boys and two from Holland. The Eagle trophy is the highest to be given in Scout work and the young men so honored were William Arendshorst, Jr., and La Verne Scheerhorn, both of Troop 6, First Reformed church. The two from Grand Haven were George Witherell and Marvin Huizenga. The former are under the leadership of Scoutmaster William J. Meengs and the latter under the leadership of Scoutmaster W. Preston Bilz.

The nominating committee sprung a surprise when they placed a nomination, William Hatton, former mayor of Grand Haven and head of the Ottawa-Eagle Tannery, as president of the Ottawa-Allegan Council in place of Chester L. Beach of Holland, who has served so faithfully and well during the time that the scout council was organized, covering a period of five years. Mr. Beach complimented the council on their choice, stating that Mr. Hatton would make an able head sponsoring a most worthy cause.

Mr. Hatton responded briefly, stating that he was a very busy man, but in spite of his business, he would not think of turning down a position in an organization that benefitted the youth. He said that he was naturally proud to know that so many young men from his own city had been signally honored. He complimented the other young men from both Ottawa and Allegan counties and said that all must have taken Scout work seriously and must have lived up to its tenets in order to make such a showing.

Mr. Hatton stated that Scout work developed young men bodily, intellectually and spiritually and that was a trinity hard to surpass. He quoted from President Hoover's recent speech on Child Welfare in which the President conveyed the thought that the welfare of childhood was the cornerstone upon which this nation must build.

Professor Egbert Winter, of Hope College was in charge of the awarding of prizes, badges and trophies. Besides giving badges to Eagle Scouts, camp awards were given to William H. Vandewater, formerly of Holland, now of Zeeland. Also to Dr. A. C. Glenning. Training awards at Camp McLean and Camp McCarthy were given to Edwin C. Roberts, William H. Vandewater and Dr. Glenning.

Towards the close there was a short skit, in which two Boy Scouts, L. Scherhorn and William Arendshorst, Jr., came before Judge Robinson in which one boy, who hadn't had the chance in life, had done wrong. The other, a Boy Scout, pleaded for the one, stating that he hadn't had a chance in life because his father was a drunkard. The ci-

According to a report from the conservation department the following violations took place in Ottawa and Allegan counties:

HOLLAND RESIDENTS DONATE OLD CLOTHES

The American Legion drive for clothing brought a generous response from Holland citizens. The collection included 200 overcoats, 150 suits of clothing, 300 pairs of shoes, rubbers, galoshes, underwear, sweaters, hats, caps and bedding. Large quantities of rags, old papers and other junk were collected. Proceeds of the sale will be donated to the welfare board.

HARRY J. CLARK DIES AT HOME IN HOLLAND

Harry J. Clark, 23 years, died Monday morning at the home of his parents, Mr. and Mrs. A. R. Clark, 669 Michigan avenue, after an illness of six weeks.

Clark was a graduate of Hope College and has been principal of Eleven, Michigan, high school for the last two years. He was active in church affairs at Trinity, and also served as treasurer of the Christian Endeavor Union of Holland.

Surviving are the parents, Mr. and Mrs. A. R. Clark; two brothers, Dr. Nelson Clark of Highland Park, and Raymond of Holland, and two sisters, Misses Marie and Alice Clark of Holland.

Funeral services were held Wednesday afternoon in Trinity Reformed church. Rev. C. P. Dame of Muskegon and Rev. J. VanPeuren of Zeeland, former pastors of the church officiated.

max came when Judge Robinson tempered justice with mercy and the two pals left the court room arm in arm, the one resolving to do better and the other resolving to do still more good turns.

Another unexpected skit came when "Cubby" Drew dragged in a disheveled hungry man, whom Drew claimed had been stealing the refreshments. Again Tom Robinson acted as Judge and jury and pointed out that the Scouts were also a benevolent organization, which means that no one must go hungry and he told the offender that in the future he should "ask and it shall be given" and not steal. Tommy Powers, who played the part of the "vag", made a hit when he brought into play his Irish dialect in defending his case.

Among others who took part in the program were Gary DeHaan, who always pleases at the piano, and Jack Bos, baritone soloist. The Holland Martial band was called on for several numbers during the evening. Our old faithful director John Vanderstuij led in the community singing.

The wonderful work of Scout Executive Peter Norg was extolled by the different speakers. His efforts are recognized not only by the scout officials but by the citizens of Holland as well and his guardianship over the boys of this and other communities is fully appreciated.

Turkey Prices At 1890 Level Farmers Kick

MANY MICHIGAN PRODUCERS QUIT AS FLOCKS SELL AT CHICKEN QUOTATIONS

Michigan farmers are rapidly going out of the turkey business, according to Western Mich. dealers, who report that many producers, discouraged by present low prices, are selling off their flocks.

The choicest birds were delivered to the Thanksgiving trade and the thin and unconditioned turkeys have been placed in the fattening pens for marketing at Christmas and New Year's. These birds are under contract for delivery during the third week in December.

Two years of low prices in succession have served to drive farmers out of the turkey business. Producers reported last week, as they made their Thanksgiving deliveries, that they cannot produce turkeys to sell at chicken prices. The cost of production was said to be much greater. It is far more difficult, they explained, to raise turkeys than any other kind of poultry. Unless given special care, the mortality rate becomes excessive and the labor incidental to this care runs the cost per pound well above that of chickens.

Producers said they broke just about even last year when they sold their young birds at 25 cents a pound, live weight, but a further break in the market this season has served to put turkey production in the red. Western Michigan produce dealers purchased their Thanksgiving requirements at 16 to 20 cents a pound, mostly around 18 cents. Best quality roasting chickens sold on a par with turkeys.

Farmers are bewildered to know why the turkey market should be so demoralized. Production is no greater than a year ago. Cold storage holdings of dressed turkeys are reported by the Government to be less than a year ago and below the five-year average.

There is a suspicion on the part of many producers that the produce trade has discounted the consumptive demand beyond reason and this has been largely responsible for turkey prices sinking to the lowest level since 1890. Produce dealers look for prices to rebound, perhaps in 1931, and at every opportunity are advising Michigan farmers to stay in the business.

CHRISTIAN REFORMED PAPER IS OPPOSED TO CHURCH COUNCIL

Christian Reformed churches are urged to protest against the proposed plan for a Grand Rapids Council of Churches, which is to come before the Grand Rapids Ministerial association tomorrow, in an editorial published in this week's issue of The Banner, official organ of the Christian Reformed church.

The editorial opposes the idea because such a council would include both liberal and orthodox churches and because the proposed plan calls for appointment of unofficial spokesmen from each denomination to be named by the ministerial conference. Special stress is laid on the fact that the council would express its opinion on civic and social as well as moral and spiritual matters. This, says the editorial, is not the orthodox conception of the church.

Rev. H. J. Kuiper of Neland Avenue Christian Reformed church is editor of The Banner.

Mr. and Mrs. Walter Van Vulpel and children of Allegan were hosts to their parents, Mr. and Mrs. Paul Van Vulpel of Holland.

SAUGATUCK, DOUGLAS AND VICINITY

Last evening Saugatuck Lodge No. 328, F. & A. M., presented a concert by the Western State Teachers' College Choir. Harper C. Maybee, director, at one time an instructor in Holland High. In this group there were fifty people and the program consisted of selections by the choir, women's glee club and men's glee club, vocal and instrumental solos, trios and quartets. This concert was given in the high school auditorium. The quality of this entertainment brought out a large attendance, and the offering was well worth their coming.

Mr. Fremont Conner, of Ganges, has been confined to his bed with a fractured hip the past week. He was thrown from a wagon last Wednesday by a passing car which crashed into the wagon, killing a horse belonging to Wm. Lamb of Saugatuck, which also went into the ditch, damaging the car badly. The lady occupant was bruised and cut considerably. It is reported the car was going fast and had no lights.

Word has been received from the Kirby family of Douglas that they arrived safely in California after a nine and one-half days' trip in which there was no tire or other car trouble encountered. It was a delightful passage over the southern route.

Dr. H. E. Kreager of Saugatuck, has been commissioned by Governor Fred W. Green to represent Michigan as a delegate to the National Rivers and Harbors Congress, which meets Dec. 9th and 10th in Washington, D. C. From Holland Mayor Ernest Brooks and City Attorney Charles H. McBride are going. It is expected that the groups from South Haven, Saugatuck, Holland, Grand Haven and Muskegon will go together.

Mesdames Whipple and Pride gave a delightful bridge party at Saugatuck followed by a delicious luncheon. Autumn leaves and baskets of bronze and yellow blooms were outstanding features in table decorations. Mrs. R. E. Madden won consolation prize; Mrs. Comey came second and Mrs. S. Newham carried off the capital prize. Rather unique and unusual was the fact that the hostesses are sisters and besides among the guests there were four other groups in the party of two sisters each.

Mr. and Mrs. Charles Sproul of Saugatuck have been attending the international livestock exposition in Chicago as the guests of Orville T. Henkle, general manager of the Union Stock Yards & Transit Co., of Chicago.

Dr. Herman E. Kreager of Saugatuck has been commissioned by Gov. Green to represent Michigan as a delegate to the national rivers and harbors congress Dec. 9 and 10 in Washington.

Fire late Friday caused damage estimated at \$1,500 in the Fennville Woman's clubhouse. The blaze originated in the attic of the structure and spread down the stairway and through the building. Origin was not determined. Most of the books in the library, the piano and other furniture was carried to safety, but many of the books were damaged by fire and water.

Evangelistic services at the M. E. church at Saugatuck, under the leadership of Rev. J. C. Willits of Holland, will continue through this week.

Fire, supposed to have been caused by a cigarette stub dropped in the car by a man to whom they had given a ride destroyed the car and garage of Mrs. Sam Burnips, south of Douglas. Mrs. Burnips heard the horn blowing and looking toward the garage saw the flames.

Mr. and Mrs. Lawrence Lamb and children of Jackson, and Mr. and Mrs. Leonard Lamb and little daughter of Saugatuck, were Thanksgiving guests of Mr. and Mrs. W. H. Lamb, Ganges.

Miss Esther Dalrymple of Pullman was able to return to her home Saturday from the Holland hospital where she has been for the past two weeks.

Mr. and Mrs. E. P. Burgh and son Richard, and Vivian and Harry Nye of Ann Arbor were guests on Thanksgiving at the home of Mr. and Mrs. Albert Nye at Ganges.

Dr. Lee M. Hutchins, son of H. H. Hutchins of Ganges, writes that he expects to return this week from abroad. Dr. Hutchins was sent last August to a world congress of plant pathologists in London, and he has visited packing plants, and orchards, and has done research work in experiments stations in Italy, France, Germany and Holland. He was an honored speaker at several places. Mr. Henry Hutchins will spend the winter in Washington with his children. Dr. Hutchins is connected with the plant department of the department of agriculture.

Mr. and Mrs. Otto P. Kramer of Holland, Mrs. Benson, Mrs. Fend and two children of Saugatuck, were Sunday dinner guests in the E. L. Springer home.—Fennville Herald.

The Home club of Ganges will meet with Mrs. Orin Ensfield in Holland today, Friday. There will be a luncheon at noon.

Christmas savings checks totaling about \$9,000, will be distributed by the Old State Saving Bank of Fennville, sometime next week. This exceeds last year's Christmas savings total by \$2,000, bank officials state.

As has been the custom in the past, the Fennville Methodist church has sent a Thanksgiving package to Rev. and Mrs. Charles Nease, who now live in Grand Rapids, and who served this church three years from 1922 to 1925. Mr. Nease is now retired.

Lee H. Hutchins, prominent Grand Rapids business man and former president of the Michigan Druggists' association, will be the speaker at a meeting and banquet of the Fennville Commercial club. It is planned to have the banquet at the Hotel Stevens, Dec. 5, and a large attendance is hoped for. Mr. Hutchins it is believed, will bring a message of optimism that will be inspiring and interesting to all.

THERE ARE 10 MISTAKES IN THIS PICTURE

How good are you at finding mistakes? The artist has intentionally
made several obvious ones in drawing the above picture. Some of them
are easily discovered, others may be hard. See how long it will take
YOU to find them.

In the want ad column we explain the mistakes. Then you can see
how near 100 you bat, but study the picture well before looking at the
solution.

OVERISEL

Overisel pupils are punctual students; here are the non-tardy or absent ones during the past month: Evelyn Fokkert, Viola Fokkert, Cynthia Schipper, Floyd Fokkert, Jay Fokkert, Mamie Plasman, Lorraine Pomp, Jay Schipper, Donnie Wolters, Eleanor Fokkert, Mildred Fokkert, Hazel Lampen, Evelyn Veldhuis, Juella Wolters, Gladys Eskes, Wallace Fokkert, Albert Kraker and Earl Nienhuis.

No wonder many of them are good spellers being on the job constantly. The following had 100 per cent—Florence VanderRiet, Harvey Schipper, Lorraine Pomp, Lois Voorhorst. Those who had 90 or over are Evelyn Fokkert, Viola Fokkert, Cynthia Schipper, Mythele Voodhorst, Alice VanderRiet, Earl Nienhuis, Albert Kraker, Jay Fokkert, Mamie Plasman, Floyd Fokkert, Juella Wolters, Evelyn Veldhuis, Mildred Fokkert and Eleanor Fokkert.

Frank Voorhorst and Miss Janet Dannenberg, daughter of Mr. and Mrs. Toon Dannenberg, came to the Reformed Church parsonage last Thursday evening at 7:30 and were quietly married, Rev. Wm. Pyle performing the ceremony. Mr. and Mrs. Justin Dannenberg acted as bride and groom.

A large number of our C. E. members enjoyed the annual program and social that was given in the Third Reformed Church at Holland on Monday evening. Mr. Howard Scholten, president, was in charge of the program which began by singing, Scripture reading and prayer, followed by an address on "Purposes" by George Schuiling. Selections were given by our male quartet, a piano solo by a member of the Ebenezer society, guitar and mouthorgan selections by Howard Kronemeyer of Hamilton, vocal solo by Miss Josephine Kuite of Hamilton and selections on the musical saw by Jerrold Kleinheksel of Overisel.

Election of officers resulted as follows: Rev. B. J. Danhof, president; John Klomp, vice-president; Nick Hunderman, treasurer, and Mrs. Henry Telgenhof, secretary. Mission School at Winnebago, Neb.,
the packing was done at their meet-
ing held Tuesday of this week. Miss
Anna Elenbaas, daughter of Mr.
Peter Elenbaas of Zeeland, has been
a worker at this school for several
years. She is intensely interested
in the Indian children and is thank-
ful for the spirit of cooperation and
helpfulness to children so much in
need of help. She suggested the
following articles as possibly the
most suitable gifts: toys, kettle
holders, boys' shirts in sizes from
5 to 18 years, 3 or 3 and 1-2 yards
print dress goods for girls, or
ready-made dresses. This society
has largely followed her sugges-
tion.

C. E. THOUGHTS

By THEODORE SCHAAAP

OUR GIFTS

We cannot come, O Christ, to thee, As Magi came in days of old, With frankincense and costly myrrh, Or precious gifts of purest gold.

Our sinful selves is all we bring Thy blessed name to glorify; For heavenly spheres with anthems ring When Mortals on thy grace rely.

We only pray that we may give The love we owe beyond degree, To comrades in the daily strife, And giving, give as unto Thee.

Holland Folks Abroad

Mr. and Mrs. Charles Kirchen are spending several weeks in Arizona—Mr. and Mrs. E. V. Hartman spent several days in Detroit and Royal Oak—Henry Winter and two sons spent the week-end in Chicago visiting relatives—Harry Friesema spent the Thanksgiving holidays at his home in Detroit—Mr. and Mrs. C. Fors spent the week-end in Lansing—Mr. and Mrs. Bert Scholten and children, Bernice and Paul have returned from a two weeks' trip to Alton, Ia.—Miss Gertrude Baker and Miss Alice Ryzena spent the week-end in Chicago—Mr. and Mrs. D. L. DeVries spent the Thanksgiving holidays at Berwyn, Illinois.

HAMILTON

Despite predictions of the weather experts, winter is here and it appears as if its one purpose was to remove all doubt from our minds for the unwelcome visitor came with a mighty leap landing on all fours and acting very much as if it means to stay. Snow plows however, opened the main roads, while the folks on the side roads were compelled to hop bobs. The Hamilton mailcarriers are now making the rounds in their snowmobiles. The worst part of this surprise was that spoiled the holiday plans for most of us.

Howard and Ernest Kronemeyer, Mrs. J. Nieboer and Mrs. J. A. Roggen motored to Ottawa last week Tuesday evening to take part in a program at the school taught by Miss Bolks.

George Reimink, Albert Kaper, Alfred Kaper and Cornie Kemker were in Chicago on business last week.

George Ihrman and family left last week Tuesday for Missouri where they intend to make their future home. George Tellman transported the furniture and made a record trip for speed, arriving at the new home five hours ahead of the Ihrman family. We are sorry to lose these friends, but wish them success in the south.

Henry Schumaat and family visited Mr. and Mrs. Ted Kuick in Grand Rapids Thanksgiving day. Mr. and Mrs. Harold Michmer-shuizen visited at the home of their parents, Mr. and Mrs. George Rankens, Sunday afternoon.

Mr. and Mrs. Frank Gibbons and son Junior were supper guests of Mr. and Mrs. Lee Slotman Saturday evening.

Gradus Hinnen, living west of the village, passed away last week Tuesday evening after a brief illness as the result of a stroke. Funeral services were held last week Friday at 1:30 at the home and at 2 o'clock at the American Reformed church. Rev. J. A. Roggen officiated. Interment took place at the local cemetery. Rev. and Mrs. A. H. Strabbing of Holland spent Thanksgiving day with their children, Mr. and Mrs. H. D. Strabbing.

Our milkman, Ben Kooiker, looks a good deal like old Santa Claus as he plows through the drifts to deliver the milk, but it ought not be our part to treat him as Santa Claus. Ben has a hard time before him. Let us remember those little bottles and bills of Ben this winter.

The new Chevrolet is on display at the Co-Op garage and it is highly praised by those who know cars. No wonder it looks a good deal like the Oldsmobile.

The Hamilton hunters have returned from their invasion of the North. Jake Eding and Harry Lammen returned home last week on Tuesday and they have been going through town treating their friends ever since their return. The other party consisting of Garret Tucker, Garrit Lugten, Harold Lugten, Duff Dangremond and Fred Wentzel were less fortunate, being compelled to be satisfied with two deer. A very pleasant trip was enjoyed, however.

Grada Tanis returned to school after several weeks of absence on account of an injured ankle.

Lewis Johnson, driver of the Farm Bureau coal truck had a narrow escape last Saturday morning, when the truck was caught by a freight car which was being switched to the mill for loading, and was crushed against the building. Johnson was taken out of the wreckage and rushed to the Holland hospital where the examination showed that Johnson had escaped with a bruised foot. The truck is a complete wreck and even the cab, in which Johnson was riding was smashed almost beyond recognition.

The Woman's Study Club met at

the home of Mrs. John Illy's on Wednesday evening. The evening's topic was Greece-Albania. Papers were read by Myrtle VanDerKolk and Mrs. G. Bussies. Charlotte

Strabbing sang several songs. The King's Daughters' society of the First Church met with the Kaper girls on Friday evening. The following officers were chosen: President, Antoinette Kuite; vice-

president, Ella Roggen; secretary, Josephine Kaper and treasurer, Mabel Lugten. Since these young ladies are most all school girls, they find it quite a task to get the necessary mission collections so they

have hit upon a very novel idea. Instead of the usual sale or program, they are planning to solicit aid by sending from house to house a surprise basket. This basket contains several packages. Each per-

son who receives the basket is to take a parcel, deposit a donation in cash in the accompanying bank and also place another parcel in the basket. Watch for the basket. Proceeds are for missions.

Sisters Fight, One Is Awarded Jury Verdict

GRAND RAPIDS WOMAN
CLAIMS SISTER HIT HER
WITH CLUB

A judgment of \$500 was given to the plaintiff, Mrs. Etta M. Johnson of Grand Rapids, against the defendants, Julia Cook and Charles M. Cook in a verdict following two days trial in the Ottawa County circuit court of Grand Haven.

The case was an unusual one in that the principals were sisters, who got into a serious quarrel over a bushel of cherries which they both claimed as coming from the farm of the parents, which testimony showed had been sold to Mr. and Mrs. Cook's son, Mrs. Johnson claimed she had had no notice of the transaction and was entitled to pick the cherries.

Mrs. Johnson testified that she had gone with several other women and a real estate man to the farm, which lies in Tallmadge township to see if she could not assist the executor in disposing of the property. While there, Mrs. Cook and her son arrived. Mrs. Cook and Mrs. Johnson came to blows over the bushel of cherries which they both claimed and the plaintiff charged her sister picked up a club and hit her so she fell and injured her knee, the effects of which she has never recovered.

The jury were not quite clear in their verdict and a poll of the jury-men was asked for by the defendant's attorney, Diekema, Cross & Tencate.

Avertin, a new kind of anesthetic, has proved successful in the practice of Dr. W. H. Wilmer of the Johns Hopkins hospital. Tribromethane is the chemical name for it.

This new anesthetic is as safe as ether and has many advantages over it. Ether is inhaled, while Avertin is injected. The patient quickly falls asleep and awakens many hours after the operation.

Vomiting is frequent after one awakens from avertin anesthetic, but there is less bleeding, pulse and breathing rate are slightly changed, and the blood pressure is lowered. Avertin cannot be used when the patient is weak or aged or when certain diseases are present, said Dr. Wilmer.

FIRED A SIGNAL AND SHOT HIMSELF

All sorts of accidents result from stupidities of hunters. Last week one of them wished to signal that he had shot a deer. He fired with his revolver and shot himself in the leg. Another in Allegan county tried to clear away some brush with the barrel of his rifle and shot his companion fatally in the head. The brush discharged the rifle. No one who has sense enough to be trusted with a gun will do such a foolish act, nor draw his gun through a fence nor climb a fence with a loaded gun in his hands.

ATTENTION FARMERS AND THOSE WITHOUT GAS CONNECTIONS

We have taken in, through trade for gas stoves, a number of very excellent oil and gasoline stoves. Just the convenient and economical thing in places where gas connection is not available. We have about 25 of these stoves. They are all reconditioned, have been gone over thoroughly and will give excellent service for years to come.

We are selling these stoves from \$5.00 to \$30.00. There is a tremendous bargain in any buy you may make in this lot. We simply have to move them to make room in our warehouse for new stock. If you have use for a stove of that kind you will never get a better bargain.

"Pine Roost" On Holland-Haven Road Is Set

CLARK RICE CONFESSES THAT
HE BURNED REFRESHMENT
STAND TO SPITE HIS
SECOND WIFE

With his head in his hands and between sobs, Clark Rice, 59 years old, confessed to setting fire to his gas, oil and refreshment stand, known as "Pine Roost," on US-81, near Agnew, which was burned to the ground on Friday night.

Clark told the officers because he had quarreled with his second wife, with whom he had lived with ten years; she had left him. They owned the property jointly and could come to no agreement as to settlement and in desperation he had set fire to the stand.

His marital troubles were responsible, for his peculiar conduct, of which they had notified the police previously. After the fire an investigation was made and Clark was held. He admitted walking from Grand Rapids to the property, saturating the stand with gasoline, and touching it off with a match. He immediately started back to Grand Rapids. Suspicions of the officers were aroused when they smelled gas, although the wind protected the gas tanks and they were left intact. Also the fact a car was moved to one side outside of the danger zone.

The insurance on the building was \$750, which Rice declares was not the motive, but discouragement in coming to a settlement with his wife and a bit of spite work to wipe out what there was left between them.

Rice was arraigned before Justice C. E. Burr in Grand Haven on a charge of arson and bound over to circuit court, where it is expected he will plead guilty this term. He is held at the county jail.

Born to Mr. and Mrs. Andrew Slager, Holland Route 5, a son, November 30; to Mr. and Mrs. Peter Sinke, 48 East Sixth street, a son, Warren J., on November 25.

Born to Mr. and Mrs. Sam Liederman of Chicago, a daughter, on November 4, Mrs. Liederman is the daughter of Mr. and Mrs. William Halley of this city.

Lesson for December 7

STEPHEN, AN EARLY INTERPRETER OF CHRISTIANITY.

LESSON TEXT—Acts 6:1-7:60.
GOLDEN TEXT—And the saying pleased the whole multitude; and they chose Stephen, a man full of faith and of the Holy Ghost, and Philip, and Prochorus, and Nicanor, and Timon, and Parmenas, and Nicolas, a proselyte of Antioch.
PRIMARY TOPIC—Stephen, Jesus' Helper and Friend.
JUNIOR TOPIC—Standing Up for Jesus.
INTERMEDIATE AND SENIOR TOPIC—Standing Up for Christ.
YOUNG PEOPLE AND ADULT TOPIC—Stephen's Contribution to Christianity.

I. Stephen Chosen as Deacon (Acts 6:1-8).
The early church was threatened with disruption over suspected partiality in the distribution of alms. As soon as the church had relief from external troubles, difficulties arose from within. A congregational meeting was called, the case placed before the church with instructions to select seven men of good reputation, and Spirit-filled, to administer the temporalities of the church, thus giving the apostles the necessary time for prayer and the ministry of God's word. Among the seven deacons chosen, Stephen occupied first place. The essential qualifications for the deacon's office are:

1. Integrity. They were instructed to look for men of good report, of unquestioned integrity.
2. Sagacity. They were to look for men full of wisdom, men of common sense and good judgment.
3. Spirituality. They were to be men full of the Holy Ghost.

II. Stephen Before the Council (Acts 6:9-15).

1. Disputing with Stephen (vv. 9, 10). Certain foreign speaking Jews took the lead in this controversy. Perhaps the fact that Stephen was a Grecian Jew provoked them to this action. He was more than a match for them while the debate was carried along the lines of reason and Scripture. Beaten along these lines, they had him arrested and brought before the Council.

2. Charged with blasphemy (vv. 11-14). They trumped up this charge against him and endeavored to support it by secretly finding and inducing men to perjure themselves in their testimony. Stephen showed in his preaching that God's purpose was progressive and that the policy instituted by Moses would be superseded by the new faith, since it was but the culmination of what Moses began. Christianity did not destroy Judaism but caused it to blossom forth into the glory of the new order.

3. Stephen's face transfigured (v. 15). He was so completely filled with Christ that as he saw the angry mob and realized how soon he would be violently dealt with and thus pass into the presence of the Lord, his face shone as the face of an angel.

III. Stephen's Defense (Acts 7:1-53).

In refuting their charge he showed by the history of God's dealing with the Jews that they had always resisted him. Therefore, their present attitude was because they were unwilling to move forward with the divine purpose. According to Doctor Stiller four points emerge in this defense:

1. God's dealing with the Jews showed progress. It was not reached by a single leap, but by gradual stages.
2. The temple was not the only place of God's appearing at different times and in different places.
3. Israel invariably opposed God in his effort to lead them on.
4. He showed his loyalty to Moses by constantly referring to him.
5. His words cut them to the heart so they gnashed upon him with their teeth.
6. Looking steadfastly into heaven (v. 55). Instead of looking about upon the fury of his murderers he looked up to heaven.
7. He saw the glory of God (v. 55). A vision of God's glory is only possible to those who are loyal unto death.
8. He saw Jesus standing on the right hand of God (vv. 55, 56), showing that he was actively interested in the suffering of his faithful witness.
9. They cast him out of the city and stoned him (vv. 58, 60).
10. His prayer (v. 60). He knelt down and cried with a loud voice, "Lord, lay not this sin to their charge." How like the prayer of Jesus on the cross.
11. He fell asleep (v. 60). The Christian's death is only a sleep. This sublime scene must have vitally affected Saul who was consenting unto his death.

Women who bake are never doubtful about the results from using I-H flour. This brand is tested at the mill for bread-making qualities every hour. It is uniformly successful and pure.

Resolution by Mr. Heneveld
Whereas, the present management of Tunnel Park, located on Lake Michigan, has been able, efficient and for the public benefit in its main features, and this board is desirous of maintaining the same; and whereas, it is the sense of the Board of Supervisors that the management has merited public gratitude and approval, and it is not the purpose of this Board to criticize or to detract from such approval.

Whereas, it is the judgment of this Board that the general public should be permitted the use of the bath house, located at Tunnel Park, free of charge for the purpose of changing clothes;

Be it therefore resolved, that in any lease or grant of concessions hereafter entered into, relative to the facilities and privileges of said Tunnel Park, it shall be stipulated and provided that no charge shall be made to any person, and no admission charged for the use of the bath house located at Tunnel Park, for the purpose of changing clothes.

Be it further resolved, that except as above provided, any lease or grant of concessions at said Tunnel Park may contain provisions for charge for service, for bathing suits, storage or lockers, not to exceed the charges for similar service or commodities in the Michigan State Parks.

Opinion of the Prosecuting Attorney.
Grand Haven, Michigan, October 16, 1930

William W. Wilds, Clerk of the Board of Supervisors,
Grand Haven, Michigan.
Dear Sir:—

I have been requested to give an opinion on the question of whether the County Road Commission is entitled to the services of the Prosecuting Attorney or whether they are to employ their own attorney.

My opinion is that it is optional with the Road Commission to use the services of the Prosecuting Attorney or to employ any other attorney of their own choosing. Under Act 107 of the Public Acts of 1919, the County Road Commission is expressly authorized to retain an attorney of their own choosing.

As far as I know, some counties require the Prosecutor to do all the legal work for the Road Commission, and others that the Commission employ their own counsel.

I have also been requested to advise whether or not a member of the Board of Supervisors can be a candidate for the office of Road Commissioner. It is my opinion that inasmuch as the duties of the two offices are incompatible that the same person could not hold both offices. I am further of the opinion that inasmuch as a member of the Board of Supervisors is appointed by the Board of Supervisors that no member of the Board could sit as a supervisor and elect a member of the Board of Supervisors, and I am, therefore, of the opinion that it would be necessary for the member of the Board of Supervisors to resign as supervisor before he could become eligible for the office of a member of the Road Commission.

Yours very truly,
CLARENCE A. LOKKER,
Prosecuting Attorney

Mr. Cline moved that the opinion be received and placed on file and made part of the records which motion prevailed.

Mr. Connelly on the Road Commission submitted a report on the matter of legal services for Board of County Road Commissioners and a report of the distribution of weight and gas tax.

Matter of Legal Services for Board of County Road Commissioners.
The matter of legal services required by a Board of County Road Commissioners administering funds amounting to, in some years, as much as one million dollars is beyond anything contemplated as a part of the duties of the County Prosecutor. This county road system was instituted many years after the Constitution created the office of Prosecuting Attorney. In many counties where the Board of County Road Commissioners has had adequate assistance the road work is handled by that Department. An outline of these services is as follows:

First: Preparation of all legal steps in Court Act projects, culminating in a brief filed for each bond issue. This work is very exacting and purely work for a competent Attorney.

Second: We employ direct small office force and rather than hire additional help, we have the attorney prepare a bond for each bond issue.

Third: All right of way matters are passed on by our Attorney which includes examination of land titles, and condemnation proceedings.

Fourth: His services are utilized from time to time in matters before the Board of County Road Commissioners, railroad crossing and grade separation cases.

Fifth: He is required to attend all regular and special meetings and hearings.

Sixth: Almost daily consultations are made in the Michigan State Parks. This work is very exacting and purely work for a competent Attorney.

Seventh: We employ direct small office force and rather than hire additional help, we have the attorney prepare a bond for each bond issue.

For these services we pay \$1200.00 per year. If we were to hire the work done on a per diem basis at the usual rate it would cost many times that amount. It is our judgment that we are saving money for the County by our present policy both in fees and in the employment of our own legal entanglement.

The Attorney General has ruled that it is the duty of the County Road Board to employ an Attorney.
