Farmers Look Forward To Big Meet

HOLLAND INVITES FARMERS TO ALL-DAY GATHERING FRIDAY, DEC. 8

This news story can be considered as an invitation from the Holland Chamber of Commerce co-operating with the city officials and the Holland Merchants' association, extended to all agriculturalists of Ottawa and Allegan counties and beyond, to attend the big "Farmers' Meet" to be held at the Holland Armory next week, Friday, December 8.

This is the fourth annual institute and each has proved a tremendous success, and this one promises to go down in history as a banner farmers' meet.

The women as well as the men are invited, and an elaborate program has already been arranged as will be seen elsewhere in this issue, subject possibly to a few minor changes. The program starts promptly at 9 o'clock and there will be no interruption until noon, when a substantial spread will have been prepared for all present.

During the noon hour, the Holland High school band, under the direction of Mr. Heeter, will furnish a fine program of music and there will be other features.

Registration will take place at the Holland Armory, and all who register will receive a badge with Dutch emblems and will also receive a wooden shoe printed in colors, and furnished by Chief Liense, giving all who come from the rural districts parking privileges.

Messages of welcome have been issued by Mayor Nicodemus Bosch, in behalf of the city; Charles van Zyl in behalf of the Holland Merchants' association, and Arthur W. Wrieden in behalf of the Chamber of Commerce. There is no doubt as to the welcome conveyed in these respective messages.

William C. Vandenberg, general chairman, has been working diligently with the different committees and he states that Friday, December 8, will be a gala day for the farmers at the Holland Armory. He has been very careful in selecting the speakers in order that every phase of farming may be very well covered. Speakers will cover the subject of wheat, sugar beets, pickles, dairy, fruit, poultry and a number of other subjects. But what is more, the problems of the farmer of today will be thoroughly discussed and explained.

The discourses of the different speakers will not only be interesting but instructive as well. Interspersed, there will be musical numbers and possibly radio take-offs. The music will be of the best and the other features will be laudable to the extreme.

Late in the afternoon there is to be a moving picture from the Michigan conservation department, in charge of Maurice Kuite, Ottawa and Allegan county officer. Those interested in wild life, hunting, fishing, woods and rivers which mean so much to Michigan, will find this feature a rare treat.

The Farmers' Day program will open promptly at 9 o'clock when a bevy of Dutch girls dressed in colorful Dutch costumes, will pin wooden shoe badges on the lapels of the coats of the farmers who come. Wives and sweethearts will also be for forgotten.

A plate luncheon is to be served at noon with plenty of music and attractions. Following an intermission in which the merchants of Holland will hold open house, the session will be continued at the armory at 2 o'clock. Entertainment, which will be announced later, will be presented before the program begins and will intersperse the speeches.

Prizes will be given away both morning and afternoon. Coffee will be served in the afternoon before the meeting adjourns.

Committees in charge of Farmers' Day arrangements have been appointed. The following persons will serve:

Program and Entertainment—William M. Connelly, Ben A. Mulder, E. P. Stephan and C. P. Milham, county farm agent.

Finance, Prizes and Food—Mr. Stephan, John Van Tatenhove, C. Dornbos.

Armory and Dinner—Maj. Henry A. Geerts, Henry Venhuizen, Henry Vander Bie, Raymond Knothuisen.

HOLLAND THEATERS THANKSGIVING DAY

Manager Carley has provided a continuous program at the Holland theater for Thanksgiving Day beginning at 2:30 o'clock p. m. when El Brendel in "Olsen's Big Moment" will be filmed. It is one of these laughable productions that does not leave a dull moment. The feature picture will be augmented by news reels, cartoons and comedies and other feature pictures. It will be a real holiday program.

At the Colonial theater there will also be continuous performance starting at 2:30 when a double program will be given. Feature No. 1 will be Robert Armstrong in "Above the Clouds." Feature No. 2 stars Joan Blondin in "Havana Widows." At the Colonial the news reels and the other daily features will also be part of the program as usual.

Other highlights for the balance of the week will be found in the regular announcement elsewhere in this issue.

Mr. and Mrs. Perry Martin of 178 West Eighth street, observed their thirty-third wedding anniversary Tuesday.

Born to Mr. and Mrs. Peter Sloothack, 751 Michigan avenue, on November 18, a son, Robert Paul.

All schools will be closed after Wednesday until next Monday because of Thanksgiving week.

Dutch Figures and Tulips Now on Beer Labels

It appears now that Holland does not have a monopoly on the windmill, the Dutch figures in colorful garb and the tulip. The News has in its possession a beer label from a bottle of "extra fine" 3 point 2, picturing a windmill on the dikes and a balloon dressed Dutch couple clinking steins, a border of tulips in variegated colors surround the picture. It is "Wooden Shoe" beer made by The Star Beverage Co. of Minster, Ohio.

No, the editor hasn't tasted it but a Holland man who goes to Ohio occasionally was in the act of doing so when he saw the label and got so sore he pulled the picture on the bottle and left the contents? Here is positive proof that Holland had the "trade mark" first for there were no breweries when this city started its tulip festival. Who knows our restaurants may be dishing out "Wooden Shoe Beer" next May and after cleaning our streets with "Dutch Cleanser" the tired street sweeper can revive their spirits with the "tulip beverage"—not bad! Not bad!

THIEVES GET AWAY WITH LOOT VALUED AT \$1,500

ENTER KUIJPER JEWELRY SHOP AND LITERALLY CLEAN OUT STOCK

Thieves entered the Kuiper Jewelry shop at 445 Washington avenue some time Monday night and after ransacking the establishment escaped with jewelry, including rings, watches, etc., and haberdashery amounting to \$1,500, having cleaned out show cases and shelves, and also taking approximately \$50 in merchandise from the safe which was opened.

The thieves, however, overlooked \$10 in cash which was in the safe and also cases on display in the window in which several genuine diamonds were to be found. In their hurry to get away, they also left behind a small box into which they had put about \$500 worth of jewelry.

Officer Peter Bontekoe, who was assigned to the case, reported that the thieves had gained entrance through a rear window by boring two holes in the casing and sliding back the catch. No finger prints were left behind by the robbers who apparently were gloves.

On arriving at his place of business Tuesday morning Mr. Elmer Kuiper, proprietor of the jewelry store, found the back door wide open, the thieves no doubt leaving by that way, taking their loot away in a truck which also was the property of Mr. Kuiper.

Mr. Kuiper, who has been in business at the present location for approximately four years, intends to move within a few weeks to the Waverly building at 31 1-2 West Eighth street, and now being remodeled for that purpose.

THANKSGIVING SERVICES TO BE HELD AT ZEELAND

Thanksgiving church services will be conducted by Zeeland churches Thursday. All denominations will hold services. Several will feature special programs for the evening. The Christian Endeavor society of First Reformed church will stage a five-act missionary play.

KILLS DEER ON MOTHER'S BIRTHDAY

Word has been received at Grand Haven from Charles Dake, Jr., that he and his father, who left here Nov. 10 for a hunting trip in Goeghe county, northern Michigan, killed a buck on the first day of the season. They say their good luck was due to the fact that Nov. 15 was the birthday of his mother, Mrs. C. W. Dake. Charles and his father and the rest of the family will have venison for Thanksgiving.

"Judge" Linden Lindsay of Schenectady, N.Y., presided at a public hearing of erring Hope college freshmen Monday night when 10 of the worst offenders appeared in court to answer for violations of rules. Those found guilty were penalized. Officials of the court included: Clerk, Charles McLean; attorney, Carl Zickler; prosecuting attorney, Harold Ringenbom; assistant, Harold Ringenbom; and Arthur Anderson. Defendants were represented by council. Offenders and charges preferred were: Henry Kik, assuinity to the nth degree; Gordon Cook, ebullition of an intense emotional upheaval; Jay Priekema, nature in the raw; Clarence DeDee, the culmination of a vacuum within a sphere of bone; Cornie DeBoer, disrobing in public; Eunice Koster, homo sapiens mania; Nan Jagers, abolition of the fundamental principles of the immature; Eleanor MacVean, having chronic audacity for night life; Emily Evans, the eradication of the statutes as laid down by the Student council. Twelve of the most serious-minded seniors served as jurors. The court with the sentences imposed will mark the end of the probation period for freshmen and with the Thanksgiving recess the wearing of the green pots, tams, bows and ties will be discarded.

The Ladies Aid society of Fourteenth Street Christian Reformed church will meet today, Wednesday, at 2:30 o'clock, in the basement of the church.

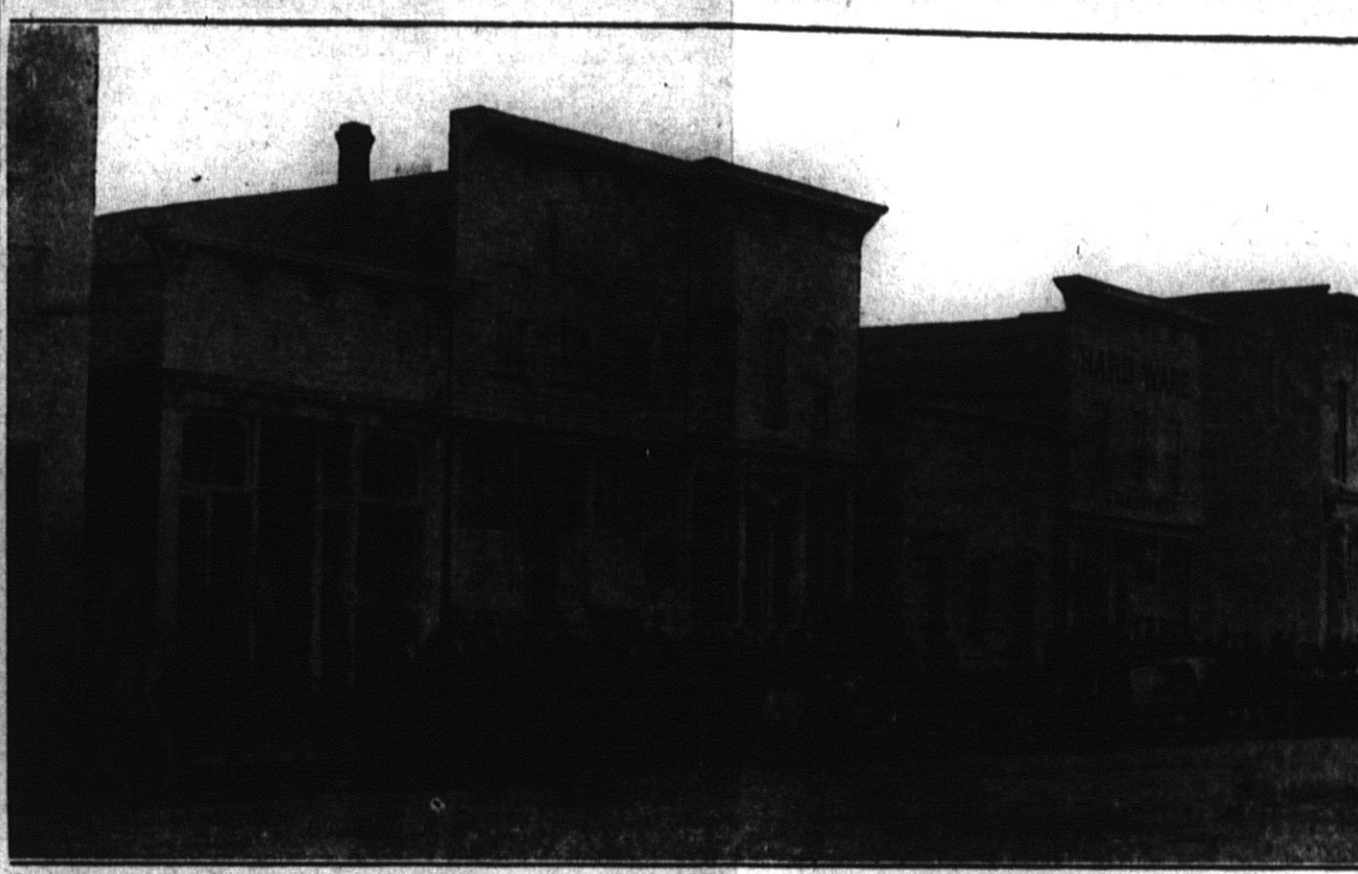

Herman Prins, 43 West Twentieth street, has applied for a permit to erect a frame garage at an estimated cost of \$168. A building permit was also applied for by Mrs. Chris Nibbelink of 174 West Twelfth street to re-roof part of her home at an estimated cost of \$54.

First "Market Day", Then Fairgrounds, Now Farmers Institute

The above picture is republished by request. It has been in the possession of the Holland City News for nearly fifty years and has been printed from time to time but it is especially appropriate now since Holland will have its big Farmers' Day at the Armory on Friday, December 8.

This picture represents an old-fashioned "Market Day" long before the automobile was here and the old hitching posts were necessary acquisitions in front of every place of business. "Runaway" horses were weekly occurrences.

Anyway at intervals during the summer the farmers of the countryside were invited to show their wares, horses, cattle, poultry and produce and Holland's downtown was a veritable fair. Soon the neighboring towns began competitive "Market Days" but these "Market Days" went in disrepute in Holland as well as elsewhere.

In Holland there were 13 saloons and one can imagine what happened between horse trades. Holland had a bunch of "young bloods" (the editor knew them well), who were aching for trouble and the farmer was their common enemy. They groomed for weeks, nursing for a coming "Market Day." Things got so bad that public opinion condemned any further "Market Days," and these were eventually abolished.

The hardest fighting farmers came from around Brethie Overiel, too, had a few and honors were not always even in favor of the "city bloods." Holland had but one marshal and he could not begin to cope with a half dozen fights going on at the same time.

The Holland City News advocated the abolition of "Market Day" and to substitute for it a county fair. After much agitation the fair grounds were built extending from

and including the present Kollen's park to the shoe factory on Sixteenth street. Later it was moved to the present location in order to provide factory sites along the lake.

Your editor believes that fairs are coming back. Not many coincide with this opinion. A combination fairgrounds, airport, athletic grounds, a horse race course, poultry exhibition, etc., we believe, would pay out on the right location and we have that location in mind just now, but that is for the future.

In the meantime with "Market Day" in the discards, the fairgrounds evolving into a graveyard, we must entertain the farmer some way. Therefore, the royal welcome they will receive Friday, December 8, at the armory. Hearty handshakes will take the place of the black eye of yesterday. No saloons to get "fire water" to cre-

ate false courage and bravado. Old amber brew will be served from the coffee bean, and there will be a clean wholesome fraternization of neighbors and friends.

Editors' Note—The above picture represents the site between P. S. Boter company to and including what was the Corner Hardware. From left to right was the Koningsburg boarding house with a basement saloon, Alderman Kuite's meat market, Peter Brown's saloon, Spritsma shoe store, the Holland City bank, one story building, now Holland City State bank, Boot & Kramer's grocery, the one-time Vander Ven's Hardware and the present Vander Ven building to which another store was added later. The Boot & Kramer building was replaced by a Waverly stone structure and has been occupied by the Holland City News for 42 years.

SERVICES IN ALL CHURCHES THURSDAY

Thanksgiving services will be held in all Holland churches on Thursday regardless of denomination. This also holds true of the churches in the rural districts and the neighboring cities.

Many of the churches will provide special music and other features. In the Reformed and Christian Reformed churches it has been the custom to make special collections for poor and other benevolent causes. In the good old days these amounts were large. But even in spite of this stressful period the money raised for these different causes have been very gratifying indeed. Undoubtedly it takes real sacrifice.

IMMANUEL CHURCH TO HOLD THANKSGIVING SERVICE

The Immanuel church will hold a special Thanksgiving service on Thursday morning at 10 o'clock in the Armory. The meeting will be in charge of the pastor, Rev. Lansing, and will be a meeting which can take part in a time of praising the Lord for His goodness and grace. Special musical numbers will also be rendered.

Gives Views On Money Question At Banquet

HOLLAND BUSINESS MEN DISCUSS LOCAL AND NATIONAL PROBLEMS

Approximately 150 merchants and manufacturers of Holland attended the Chamber of Commerce dinner in Warm Friend Tavern Friday evening.

William M. Connelly, industrial manager of the Chamber of Commerce, introduced the principal speaker of the evening in the person of John L. Lovett of Detroit, general manager of the Michigan Manufacturers' league, who discussed governmental problems.

Touching on three salient national points, Mr. Lovett pleaded for sound money to stabilize business conditions, recounted both benefits and drawbacks of the NRA program and discussed American recognition of Russia, which, he said, although fraught with possibilities of a request for a loan from that nation, would be a stimulus to international trade.

Mr. Lovett pointed out that business was slow because of money uncertainty and code uncertainty and will not become normal until the administration is decided—one way or another. He said that congress will insist on inflation and that there would be no stopping it after it once was started. The gold situation with us, which is not important from a domestic standpoint, must be continued as a measuring stick in international trade.

In speaking of the NRA, Mr. Lovett presented the advantages and disadvantages of this movement. He stated that Americans will not be forced or boycotted. He predicted that the NRA would eventually be substituted by voluntary action. Perhaps the NRA will teach them to pay attention to their interests in the government.

The speaker pointed out that the problem brought out by the NRA was whether we were going on with the republican form of government or whether we are going to be controlled by the government and told what we may or may not do.

Cannibalism Not Dead Yet Says Miss Breen

INTERESTING LETTER TELLS OF RECENT EXPERIENCES ON AFRICAN FIELD

Some very interesting news has arrived in Holland from Africa from the district where Miss Johanna Veenstra, the untiring exponent of missionary work among the blacks, died on Palm Sunday of this year.

In this district now carrying on are Miss Nellie Breen of Holland, Miss Jennie Steen of Lakewood, Michigan, and Miss Bertha Zagers of Muskegon, all well known here.

Miss Breen, after the death of Miss Veenstra, has been put in charge of that district, with headquarters at Lupwe, and her position takes her from one station to another through almost impenetrable bush, which also includes the fording of rivers and climbing of mountain trails, where beasts are much in evidence, both large and small. An incident is told where lions carried away three cows from Wukari, one of the principal towns in Miss Breen's district.

Another startling bit of news in one of Miss Breen's letters tells of men being under arrest in Wukari because of the killing of a woman whom they had intended to eat and use the "left-overs" for fertilizer.

News of this kind comes as a surprise from a town the size of Wukari, especially so since missionary work has been carried on there for the past thirteen years, and also since it is under British government supervision at all times, and officers are in close touch with every inhabited part of that area.

It is rather common for the Holland girls to hear the roar of the lion near their compounds, so from that standpoint, life in the heart of Africa is far from dull, with dangers lurking and a day filled with responsibilities as this relates to missionary work.

Excerpts from the letter of Miss Breen follow below:

Donga, October 14, 1933.

"Dear Friends: 'Have you all thought I had forgotten my promise of writing you a letter? It hardly seems as though I have already been in this country four months, but it is true. I can honestly say it has been a very busy and hard time, and my letters have woefully suffered. My stack to answer is so large that I got it out today, my boy said: 'Baturiya, when will you answer them all? Don't you think you had better get that blue paper out and make a whole lot at once?' Now I have my sermon all ready for tomorrow morning, so I intend to do a letter or two before bed-time."

"This may be old news to some of you, if you have heard any of my home letters, but will you please bear with it if it is? I had a lovely trip over here, with especially nice companions from England and Africa. I even had company during the train journey up to (Continued on Page 4)

Thanksgiving services at Sixth Reformed church will begin at 9:30 o'clock Thursday morning.

Members of the Adult Women's Bible class of Trinity Reformed church will meet in the church basement today, Wednesday, at 1:30 o'clock to attend in a body the funeral of Mrs. Gerrit Van Dyke, who died Sunday night.

News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

FIFTY YEARS AGO TODAY

Mr. A. H. Dutton has sold his fruit farm on the south side of Macatawa bay to Dr. D. M. Gee, local dentist. Note: Dr. Gee built a fine home there as homes go in those days. It was located on the site of the Paul Custer home and US-31 across from the Telling home. The old house was empty most of the time and until it was torn down was called a "ghost house." Later Dr. Gee built what was considered the finest home in Holland, calling it his "castle." It is the Walter C. Walsh home on East Ninth street and is still one of the finest old homes in Holland.

A little son was born to Mr. and Mrs. Hermanns Boone Tuesday. We will wager he will be a horseman, too.

Eagle Fire Engine Co. No. 1 gave an oyster supper at Lyceum hall Wednesday.

Eggs have been very scarce in this vicinity. Looking at the market reports of that same week we find eggs, 25c per doz; butter was but 19c; potatoes, 40c; wheat, \$1.00 and hay, \$8 per ton.

TWENTY-FIVE YEARS AGO TODAY

Arrived at the home of the new alderman of the Fourth ward, a canary bird, named Dick.

Born to Mr. and Mrs. William Vander Schel, 248 West Twelfth street, Saturday, a daughter.

Marriage licenses—Dick S. Boter, 25, Holland, and Mrs. Allena Butterworth, 18, Grand Rapids; David Ber Burg, 22, and Miss Reka De Goed, 19; Everet Westing, 25, and Miss Kammeraad, 22; and Mrs. Annie Kramer, 20; Fred Vande Wyck, 19, and Miss Minnie Van Maureid, 19, all of Holland.

Born to Mr. and Mrs. Edward Brouwer of Hamilton, a daughter.

John Boone of Holland was in Grand Haven with a string of saddle and driving horses. The Rev. Father H. P. Maus bought one of the driving horses. Father Maus is well known in Holland, having conducted mass in St. Francis church at different times.

Rev. John Vander Meulen was installed as pastor of the Second Reformed church at Grand Haven. Rev. John M. Vander Meulen of Hope church delivered the installation sermon. Note: Mr. Vander Meulen is now on the faculty of the Western Theological seminary.

FIFTEEN YEARS AGO TODAY

The Holland churches are to re-

September 30. The profit is against a net loss of \$1,035,499 in the first half of the previous fiscal year.

The Eagle auxiliary will hold their weekly card party tonight, Wednesday, at 8 o'clock in the Eagle hall.

A large plate glass window in the Vogelzang Hardware company's store at Washington Square was broken in the windstorm of Sunday morning.

WATCH YOUR STEP!

Within a few days signs will be placed along the curbs where tulips have been planted which will read as follows: "Tulip Lane—Please Watch Your Step." If Holland takes pride in its tulips it shouldn't trample or ride with automobiles over places where tulip bulbs have been placed in the ground.

There has been a great deal of this and in some places tulip bulbs have been exposed.

May we urge everyone to heed these signs? It will mean a continued connection of tulips over the entire lane while on the other hand destruction of the bulbs will allow unsightly gaps here and there when the blooms come out next May.

WILL HAVE ENOUGH BEFORE THANKSGIVING

The Holland City State bank has nearly enough depositors' waivers in and by tonight will have complied with the exacting plan asked for by the federal government and the state banking department. The next step will be taken immediately to place the institution in such shape that a 50 per cent cash payoff will be forthcoming by Christmas. Good news! If you haven't signed yet go to the bank at once and help "put it over" today.

STILL PLUGGING FOR HOLLAND SUGAR

Merrick Hanchett, head of the Federal Baking Company, staged a sizable parade Saturday afternoon and evening when he put the company's fleet of six Dutch Boy bread trucks in line, going through the downtown as well as the residential districts with the drivers tooting horns as they rolled along.

Their coming through created much attention, the trucks being embellished with numerous posters suggesting to the citizens of Holland and vicinity to buy Holland-made sugar, manufactured in our local mill and sold by Holland merchants.

The opening of the sugar factory with its hundreds of laborers and a diversified market for the farmers, has instilled much optimism and this gesture on the part of the Federal Baking Company cannot help but add to the enthusiasm that renewed industrial activity brings.

Baker Plans Will Be Moved to New Location in Dec.

(Allegan News)

That all machinery and equipment of the Baker Furniture plant in Allegan will be moved to Holland by the middle of December, is the estimate of officials of the plant and some time during the middle of next month, the plants, which have been the largest manufacturing institution in this city will be deserted.

Equipment that is essential in the new home of the factory at Holland, is being moved each day as weather permits, and unless drastic changes in weather conditions are brought about, it is expected that the Holland plant can begin production either the latter part of December or by the first of the new year.

Not all of the machinery is to be taken to Holland, officials state, as the plant there is practically equipped and only some of the more major parts of machinery here are to be moved.

Some of the officials of the plant, who have been making their homes in Allegan have gone to Holland where they now are established in new residences and more are to follow within the next few weeks.

In Holland the new home of the Baker Furniture factory will be under one roof, instead of scattered into various plants as it is in this city, one of the major reasons for the change of sites.

While some of the highly skilled employees are to be taken to Holland from Allegan, a proviso of the move was that Holland people be hired by the factory when production is started in that city and not many of the present employees of the factory are to go, it is reported.

Miss Luella Meys, who will become a bride on Thanksgiving Day, was honored at a miscellaneous shower Saturday afternoon at the home of her mother, Mrs. Charles Dykstra. Miss Johanna M. De Koster, Mrs. John Brink, Sr., and Mrs. John Brink, Jr., were joint hostesses at the shower. Games were played and prizes were awarded. The gifts were presented to Miss Meys by little Vera Ruth van Zyle, who was dressed as a bride, and Fritz Margaret Jonkman, who represented the bridegroom. Refreshments were served. Twenty guests were present.

Miss Henrietta Westerhof entertained with a miscellaneous shower Friday evening in honor of Miss Jessie Zuidema, a bride-to-be. Games were played and prizes were awarded to Miss Gertrude Lemmen and Miss Cornelia Bos. Refreshments were served by the hostess. Seventeen guests were present.

The Ladies Aid and Ladies' auxiliary of Ninth Street Christian Reformed church will not meet this week because of Thanksgiving Day.

Mr. and Mrs. Phillips Brooks and children have left for Portsmouth, Ohio, where they will spend several months with Mrs. Brook's parents.

Mrs. George Klingenburg underwent an operation at Holland hospital Saturday morning.

The annual congregational meeting of the Prospect Park Christian Reformed church will be held Monday evening, December 4, at 7:30 o'clock.

Miss Helene Van Karam and Miss Wilma Vande Bunte attended the Mischka Eiman concert in Grand Rapids Monday evening.

Make Further Efforts For Bee-Line Paving

HAMILTON AND HOLLAND FOLKS MEET TO GET ACTION

George Schutmaat of Hamilton, William M. Connelly, secretary of the Chamber of Commerce and your editor met in conference to follow up other meetings held having to do with the paving of M-40 between Holland and Allegan via Hamilton, better known as the "Bee" Line.

With the snows and rains of recent weeks, this main thoroughfare crossing Allegan county has been in wretched condition. As the Holland City News stated before, this is part of the main highway between Holland and the Indiana line. The concrete has been laid most of the way through the Paw-Paw district and the southern part of the state, but for some unexplainable reason the far end from Allegan through to the terminal, which is Holland was never finished. The road is impassable during bad weather, and compares favorably with an old corduroy road in good weather.

The meeting at the Chamber of Commerce office may bear fruit, for it is understood that after the new Hamilton bridge is built in the village on M-40 there is about \$45,000 allocated to Allegan county that has not yet been placed on any civic project.

William M. Connelly, after the meeting, wrote to R. M. Foley of the state highway department, where he explains what is given above. Continuing, he says:

"We are quite anxious to have grading begun on some sections of the road in order to provide winter work. Some of this road is sandy and grading could be carried on in rather extreme weather, to keep labor going. It has been rather a surprise that this is highly desirable as there is no work under way at the present time in that section of a very large county."

"M-40 is Holland's outlet to the southeast and the stretch from Allegan to Holland is the only unpaved portion between Holland and Battle Creek."

The Holland City News has from time to time called attention to this much needed road project, editorially and otherwise, and with a great demand for worthwhile projects to keep labor going, it has been rather a surprise that this crying need, necessary ten years ago, has been left out of the scheme of things.

This road would be necessary even if there was no welfare problem. Tremendous sums are spent on projects not nearly so necessary or absolutely unnecessary and it would seem that this one should be in class A in national recovery undertakings.

REV. MULDER SPEAKS AT CENTURY CLUB

Prof. Edward D. Dimment entertained the members of the Century club and guests at his home Monday evening. Daniel Ten Cate, vice president, presided at the meeting.

Rev. John R. Mulder of Western Theological seminary, gave a splendid address on "Pilgrim's Request." He stated that what America needed today was a renewal of the Christian ideal that were brought to this country by the Pilgrims, who first and always considered the Kingdom of God. We should have the type of personality that these Pilgrims had.

Music was furnished by the semi-quartet, which included Harry Zegerius, Cornelius Vander Neeld, Herbert Van Wyck and Henry Kolenbrander. They were accompanied by Gerard Gaillard. Refreshments were served by Mr. and Mrs. P. F. Boone, Mr. and Mrs. W. C. Walsh and Miss Catharine Mersen.

The next meeting will be held on December 18 at the home of Rev. and Mrs. S. C. Nettinga. Mrs. F. J. Voemans will read a play.

The Norwegian pulp freighter Flaks, which was freed from the beach at South Haven a week ago Sunday after having been around for five days during stormy weather, almost came to grief a second time yesterday, when she returned from Chicago after going into dry dock for inspection. When she ship arrived off South Haven in another storm Saturday, Capt. Peter Jamvold, instead of trying to enter the harbor at once, cruised off shore. The ship, however, gained force and high seas yesterday buried both piers. Capt. Jamvold attempted to anchor off shore but the anchor chain snapped and he had to run for shelter. The vessel's coal supply gave out and the firemen fed the boilers with cargo lumber. The ship made port last night. Earlier in the day the Flaks nearly grounded off Allegan state park, 15 miles north of here.

Henry Knoll, Jr., Mannes Knoll, John Knoll and Gerrit Knoll, all brothers, have returned from a deer hunting trip to Ontonagon on Forepine mountain, northern Michigan. Each shot and brought home a deer.

The Holland assembly of Rain-bow Girls will sponsor another dance Saturday evening beginning at 8:30 o'clock in the Masonic temple.

The consistorial union of the classis of Holland will meet next Monday, December 4, at 1:30 o'clock in Second Reformed church, Zeeland. Professor W. Saun of Hope college will speak. His subject will be "The Laymen and the Church."

Miss Helene Van Karam and Miss Wilma Vande Bunte attended the Mischka Eiman concert in Grand Rapids Monday evening.

Mr. Connelly
Makes It Clear

(Muskegon Chronicle)

"We will never initiate negotiations with any manufacturer in any Western Michigan town. If, however, we learn that they propose to move from their present location, we certainly are not going to let them get out of Western Michigan if we can prevent it."

That was the statement made by William M. Connelly, new managing director of the Holland Chamber of Commerce, in answer to a charge that Holland was coaxing industries from neighboring towns. Mr. Connelly also added that at the time he took his position in Holland he stated that he was interested in the development of Western Michigan, and especially the lake port cities, which have a common interest in increasing water-borne traffic.

"We would be giving the lie to that statement if we deliberately went out to rob Holland's neighbors," Mr. Connelly added.

Since Mr. Connelly assumed his duties at least two new industries have been brought to Holland. One of them came from a neighboring city. It was no secret that the industry in the neighboring city had decided to seek a new location. It made it known. It also was pretty well known that it preferred to move to Holland. Under all the circumstances, what should the Holland Chamber of Commerce have done? Should it have informed the officials of the company that Holland's doors were closed to them and that they would have to seek another location? If that had been done both cities would have lost the industry. That would have been the height of folly. As it is, the industry remains in Western Michigan, and what helps one Western Michigan town helps the others.

Some misunderstanding has been created in Grand Haven due to the fact the Grand Trunk car ferries moved their base to Muskegon from that city. The circumstances are the same as in the Holland case. The Grand Trunk made it known that owing to certain reasons it intended to move its car ferry operations from Grand Haven to Muskegon. This city did not seek the Grand Trunk ferries. Those who know the facts in Grand Haven do not contend it did. But after the Grand Trunk made it known it desired to change the base of its car ferry operations, what should Muskegon have done? Should it have said you cannot come to Muskegon if we can help it?

Naturally, Muskegon did not say that. No city would have been foolish enough to have done so. Being informed the Grand Trunk sought to change the location of its operations, Muskegon naturally acted and aided in removing obstacles so that the Grand Trunk could carry out its expressed desire to move. Outside of that Muskegon offered no inducements. The moving of the ferries was of the Grand Trunk's own initiative. No one will believe a great railroad system would move its car ferry base from one city to another unless it was convinced it was to its advantage. No one sympathized more with Grand Haven over the loss of the

Local merchants and manufacturers will put on their best "bib and tucker" and will

carry trays of food in first-class style. No doubt the usual paper hats and aprons will be displayed. Our city folks are going to give to our neighbors the very best we have to offer in the way of hospitality. Holland never falls down welcoming a stranger or a neighbor, and this will be no exception. Take this notice as an invitation to come. That is the thought of all, those back of this farmers' gathering.

CASH SURPLUS BRINGS
NEW PROBLEMS TO CITY

The city of Sumter, South Carolina, is in a financial quandary. It doesn't know what to do with its \$350,000 cash surplus already available for retiring a bonded indebtedness due in 1935. The money has been on hand for some time, but evidently the bondholders prefer the city's bonds to cash, so the city is faced with the problem of safely investing the funds instead of being able to pay off the bonds prematurely.

JAMESTOWN MAN FOUND
DEAD IN BED

John W. Huizenga, 76, was found dead in bed at his home here Saturday, death evidently having been due to heart disease. He is survived by four sons, Gerrit of Corinth and William, Jacob and Arden of Jamestown; four daughters, Mrs. Jennie Nederveld, Mrs. Winnie Van Oss, Mrs. Henrietta Lamers and Mrs. Ella DeKock of Jamestown, and by twenty-five grandchildren and two great-grandchildren. Funeral services were held at the home at 1 o'clock Tuesday and at 1:30 at Second Reformed church.

EXCHANGE CLUB HAS
MANY GUESTS AT MEETING

The Holland Exchange club had an unusually large attendance at its regular meeting last Wednesday, noon, and enjoyed an excellent dinner at the Tavern. Mr. Chester Van Tongeren joined as a new member. Secretary A. E. Lampen read for the second time the names of Mr. A. W. Toney, secretary of the Holland Furnace Co., Mr. Campbell of the Michigan Gas and Electric Co., and Mr. Earl Price, manager of J. C. Penney Co. store as prospective new members. These will be formally welcomed by the president at the next regular meeting.

The next meeting will be an evening meeting with a dinner at 6:10 on Wednesday, December 6, at the Tavern. The letter men of Hope college and Holland High school football teams will be the honored guests. The program committee has asked "Jock" Riemersma to secure if possible Mr. Franklin "Cappy" Cappon as the speaker. "Cappy" is very popular, both here and at the university and the club hopes he can come to Holland. Mr. Gene Heeter has come back into the club as the chorister.

The speaker for the day was secured by Clarence Jalving. He was Mr. Raymond Starr, an attorney from Grand Rapids and a charter member of the Grand Rapids Exchange club. He said, in speaking about present conditions, morally and in a business way, that it is not primarily things or circumstances which affect us but our reaction to these. The important matter is what we shall do about present conditions. Critical and severe, though they may be now, if we can fight them and meet them with courage and faith, we may yet be thankful at some future date for having gone through these trying experiences.

He said that he believed we shall have government regulation or interference in our social and political and business life for probably the next few generations. Let us give the government the fairest and most loyal support and then make the best of this situation whether we approve of it or not. The old law of supply and demand he believed, has passed out and in its place has come a government-regulated law. We shall undoubtedly have fewer extremes among our people as fewer millionaires and less very poor will exist. He pleaded for a spirit of faith and wholehearted loyalty to our government and a determination to make the best out of present conditions.

Never before has such an attempt been made by the government to improve farming conditions, and never has there been so great a necessity for farmers to know their business.

TO PREVENT
MOTHS

DON'T WAIT UNTIL WHITE SPOTS APPEAR on the surface of YOUR furniture. Use KEYSRAY at least once every 30 days to prevent formation of moth life underneath the cover. KEYSRAY is so efficient, because of its penetrating qualities, that you will welcome this staunch form of POSITIVE MOTH CONTROL.

KEYSPRAY reaches into every seam, crevice and corner killing both the larvae and eggs. No chance for moths or carpet beetles to conceal themselves from its penetrating fumes.

KEYSPRAY can also be used to protect Oriental and Domestic rugs, furs, blankets, woollens, etc. Thousands of pieces of articles subject to moth damage have been treated with KEYSRAY and we have yet to hear of the first failure.

Remember, MOTH DAMAGE EXCEEDS THAT OF FIRE—\$400,000,000 loss annually in the United States alone due to moth ravage, according to Ladies' Home Journal.

Drive a Little Save a Lot! Give us a Trial

Cannibalism Not Dead Yet Says Miss Breen

(Continued from Page One)

country. There were just six days up river in the barge that were alone, outside of the trip to England. The Lord was very good to me. The weather was also very favorable. It was just the time for heavy storms on the river and our missionaryaries were a bit wary of having me come alone up river at this time, but we never had a single storm.

"It was lovely to see Miss Stielstra and Miss Zagers again, but how empty it seemed to not find Johanna. No one shall ever know how hard those first few weeks were. I seemed as if everywhere I went and everything I saw, had some memory of our being together. The Forbes stayed with us two weeks after our arrival and then left for Mkar where the Dutch Mission is working, and we took over our work. It has been and still is hard to take over the work Johanna did. She was so very capable and experienced and I feel so incompetent and inexperienced, yet the Lord is wonderfully giving wisdom and helping in time of need. He never fails or forsakes us, does He? I truly marvel at His shows me what to do when problems arise, sometimes concerning what we should do, and also in discipline cases.

"Since coming out I have been on trek a good deal. Twice have I gone to Kwambai. One time there were several confessions of faith and one time they asked us to come for they were to have their thanksgiving harvest and also they wrote: "Mother, we have many questions we want to ask you about things that trouble us now as we are growing in Jesus." It was wonderful to have them come with these questions and realize how they truly are growing in their Christian experiences and want to follow in a deeper way. It also makes me realize how great is the responsibility the Lord has given us in leading these little ones of His. I cry with Johanna, "Oh, that the Lord would give us a minister of the Gospel, wholly consecrated and zealous for lost souls." Then I also went on a 24-mile trek by foot with Bertha to Fiky. It was a hard trip for it had rained all the previous day and night, making the foot path a regular creek in many places. We had to wade through creeks and rivers, the water coming pretty nearly to our knees at times. The carriers who had been sent were mere boys, so we did not burden them by having them carry us. We had such a fine time there. On Sunday morning we went with Filibius to another place about two miles out. It was very early, so we could get the people before they went to their farms, and the dew was on the grass, making it so pretty. There were high hills all about. After returning we had services with the Christians. The first two confessions of faith were made in the village—one a young man who had been at Lupwe school and the other man of middle age whom the Lord had severely tried. They seemed to realize how important and solemn it all was. In the afternoon the people brought their first fruit offerings. The next day we stayed to do medical work. I turned scribe and helped Bertha with the many patients who came.

"Since that I've spent a month alone at Wukari. The school had not as yet finished and the medical work was very heavy so the girls could not leave. To wait for them meant such a very late start for all had been delayed by circumstances, so I went by myself. It gave me an opportunity to get into a closer touch with the natives, for they thought I would be lonely, so often came by the hour to talk. I got to know the inside of things in a far more intimate way. Ilya, the evangelist, too, seemed to appreciate it for there are so few advanced Christians with whom he can have fellowship that he starves for and he is happy to come and talk over spiritual matters. At Wukari there are several lads who are being tried much for their faith. They are in the chief's compound and he wants them to work on Sunday and also tries to keep them from coming to the Mission school. They are staying firm as yet, in fact an added one is asking to make confession of faith. We were bothered with lions a good deal while I was there. One night I awoke three times hearing it roar, and I was about ready to get up and close all the doors. The next morning they told me he had come down our Mission House which is just outside the town. Ilya and I also cycled out to some villages about 11 miles from Wukari. I was a real curiosity for there is no white missionary there, and Miss Veenstra had never gone to these people. While on the way, I had the privilege of giving the story of Jesus to some people who had never heard of Him. It rained very hard just as I came near to the village, so I took shelter. The people motioned for me to enter, so I did. They could not speak Hausa, but a young man was lying on the floor. He was a road worker, but had taken ill and stopped with these people until he was well enough to go home. He understood Hausa so interpreted for me. It was wonderful how the Lord led me there. As I finished the rain stopped and I continued on with my cycle.

"Now all three of us are here at Donga. We had many services in the villages along the way. This is a work I thoroughly enjoy. I hardly think it will be so hard here, for Jennie can take the school while at Wukari I have services, school, helping the evangelist with his own schooling, and my own language work with a native man. I kept busy every minute it seemed. I do have more meetings to take care of here, and it does take me so long to get up a Hausa 'prek'. Also there are far more people coming in for palavers.

"Now I must close, hoping you are all in good health. Since it will be so near Christmas when this reaches you, let me wish you all a very blessed holiday season, with the presence of Him whose birth we celebrate very near you all. May the new year bring to you rich and manifold blessings. Sincerely, "NELLE B."

CENTRAL PARK

The entire enrollment of the Junior Endeavor society was present at a body at the rally held in Hope church Sunday afternoon. Special efforts had been put forth on the part of all to have this 100 per cent attendance and the youngsters were keenly disappointed to see the banner awarded to another society having less than 100 per cent present. Although members of the Junior Christian Endeavor council this society for some reason was declared ineligible to receive the award.

Lloyd Molengraaf and Lloyd Van Lente played a guitar and harmonica duet at the Senior Christian Endeavor meeting. Grace Teusink was the leader in charge and there was an attendance of over 40, the majority of whom took part in the meeting.

COMMUNICATION

An enthusiastic meeting was held at the Community clubhouse Monday evening and steps were taken to insure a unanimity of sentiment with regard to the new road to be built by the state highway department south of the city of Holland. A petition was exhibited signed a year ago in which it was clearly demonstrated that more than 90 per cent of the merchants and business men of Holland were in favor of rebuilding the old road with elimination of some bad curves. The proposed new road would take away all the valuable advertising secured for our resort section by routing traffic away from the beautiful scenic drives along the south shore of the lake. A new and wider road to our resorts would also be a most desirable thing to take care of the heavy traffic during the summer months. Furthermore in the winter the increasing number of suburban residents would be assured of an early clearing of the road which would not be the case if the highway US-31 were routed further to the east. As far as noise of trucks is concerned it was plainly shown to be a choice as to whether healthy sound sleeping individuals were to put up with this or the suffering and sick in our Holland hospital for the so-called First Avenue route is in reality down Michigan street past the hospital. A delegation will go to Lansing armed with a fresh petition showing that the great majority of Holland, Ottawa and Allegan county want the road located where it is now.

years, and that he could see very few instances in which we should be afraid of Russian competition. Arthur W. The idea, fostered by the credit bureau, involves a plan wherein, by the mutual consent of both creditor and debtor, a fraction of the latter's wages or salary will be

Man Found Dead On Beach Of Lake Michigan

BODY OF ALLEGAN COUNTY
CLERK DISCOVERED ON THE
BEACH AFTER DAY'S
ABSENCE

William J. Tisdale, former Allegan county clerk and widely known politically throughout western Michigan, was found dead on the Lake Michigan beach about a mile from his home at Douglas.

The body was found by W. J. Schreckengust, deputy sheriff, and Ross Phelps, boat liveryman, who were part of a large posse of coast guards, Sea Scouts and Boy Scouts who set out to look for Tisdale, who had been missing since Thursday morning.

Tisdale, for more than a year, had been living at his summer home at Douglas. His sister-in-law, Mrs. Henry, acted as housekeeper. Mrs. Henry told officials, Tisdale left in his motorboat, which was towing a scow and two row boats, intending to obtain a load of gravel with which to improve his yard. When he had not returned by 4 p. m. Friday Mrs. Henry sounded the alarm and the posse was organized.

The body was found face upward, the arms crossed over his chest. Tisdale, it was said, had been dead several hours. Tracks in the sand, which indicated the man had walked part of the way and later had crawled on his hands and knees, led to the motorboat which had been beached about a mile and a half down the shore. The motor was covered with an oil cloth, indicating, authorities said, that the occupant had intentionally disembarked and started walking home.

Sheriff Fred Miller and Justice Stephen L. Newham, Saugatuck, acting coroner, have been investigating the case. There were no apparent marks of violence on the body, only a few facial scratches obtained probably while he was crawling through the brush, authorities said.

Born and reared near Douglas, Tisdale had been supervisor of Saugatuck township until he was elected county clerk, in which latter capacity he served for 8 years. He was defeated in 1932 in the race for reelection. Since that time he had been living at Douglas.

Surviving are three children, Miss Caroline Tisdale, a teacher in Grand Rapids; William, Jr., an officer in the navy, last heard from in the Canal Zone, and White Tisdale of Madison, Wis., and his widow, Mrs. Eileen Tisdale of the Grand Rapids Press. A mother also survives.

Prior to his long service as county clerk Mr. Tisdale had been supervisor from Saugatuck township, president of the village of Douglas, clerk and treasurer of the township, school director, and county park commissioner. He also was president of the Saugatuck High School alumni association, past master of the Masonic lodge, past patron of the Eastern Star and past commander of the Allegan American Legion post.

He also held memberships in the Elks, M. W. A. and Odd Fellows. He was graduated from Saugatuck High school and Lake Forest academy. He also had been a member of the Allegan Civic Players.

In 1930 he was president of the Michigan County Clerks association.

Funeral services were held at 2 p. m. Sunday in Douglas Congregational church, with burial under Masonic auspices in Douglas cemetery.

SOUTH HAVEN HARBOR BUSY —ONCE NEARLY ABANDONED

On the verge of abandonment seven years ago, the South Haven harbor, Michigan, has acquired an enviable position among the smaller Great Lakes ports this summer with an incoming volume of 108,185 tons of freight, more than 25,000 tons over last year. Eighty ships, many from foreign lands, touched at South Haven, whose harbor has been improved during the last few years to accommodate much heavier traffic—The Christian Science Monitor of Boston.

Thanksgiving Proclamation

By the President of the United States of America

I, Franklin D. Roosevelt, President of the United States of America, do set aside and appoint Thursday, the thirtieth day of November, 1933, to be a day of thanksgiving for all our people. May we on that day in our churches and in our homes give humble thanks for the blessings bestowed upon us during the year past by Almighty God. May we recall courage of those who settled a wilderness, the vision of those who founded the nation, the steadfastness of those who in every succeeding generation have fought to keep pure the ideal of equality of opportunity and hold clear the goal of mutual help in time of prosperity as in time of adversity.

May we ask guidance in more surely learning the ancient truth that greed and selfishness and striving for undue riches can never bring lasting happiness or good to the individual or to his neighbors.

May we be grateful for the passing of dark days; for the new spirit of dependence on one another; for the closer unity of all parts of our wide land; for the greater friendship between employers and those who toil; for a clearer knowledge by all nations that we seek no conquests and ask only honorable engagements by all peoples to respect the lands and rights of their neighbors; for the brighter day to which we can win through by seeking the help of God in a more unselfish striving for the common bettering of mankind.

In witness whereof, I have hereunto set my hand and caused the Seal of the United States to be affixed.

(Signed)

Franklin D. Roosevelt.

FOOD SHIPPED HERE TO BE GIVEN TO NEEDY

Quantities of commodities are being shipped into this county for distribution among the welfare charges. Sunday 250 pounds of salt pork in pieces weighing from five to ten pounds each were given out through the city welfare agency. Several carloads of food have been received at Holland and the county trucks have been used to distribute it throughout the county. A carload of butter, one of canned fruits, cereals and flour were included in the last shipment, which will soon be distributed through the local agencies. It is divided throughout the county by the county administrator, Miss D. Veneklassen.

TROUT FISHING COMES TO AN END NOV. 30

NEW RICHMOND VISITED BY TURKEY THIEVES

Thieves took between 40 and 50 turkeys from the farm of Mr. and Mrs. Gordon Hoffman on Richmond road the other night and now these folks to the south of Holland will go turkeyless tomorrow. No "hair or hide" of the thieves and no feathers or gobbles of the birds after the thieves gobbled them. Undoubtedly the thieves backed a truck up to the roost and scooped in the "turks."

ISLAND IS OVER-RUN BY ARMY OF SKUNKS

Over 7,500 skunks have been killed on Prince Edward Island during the last year and a half. This wholesale slaughter took place after the animals had become so plentiful as to constitute a nuisance and the government had laid a bounty on their heads.

Only a few years ago skunks were highly prized for their fur in this Gulf of St. Lawrence region and a number of persons on the island were engaged in breeding them for their pelts. But with the slump in fur prices this business became unprofitable and the neglected breeding stock increased too rapidly for the animals' good.

LEGION NOTES

The regular meeting of the post will be held on Wednesday evening, December 13. The powers that be have arranged for a speaker and some musical numbers for a program. This night is for all ex-service men and you are urged to invite the veterans in your neighborhood to come up and have a good time.

We are assured of good programs for each meeting from now on. It appears that one or two good legionnaires have taken it upon themselves to arrange a program for the benefit and enjoyment of all the members. Remember—half the success of a meeting is the crowd that turns out.

With only partial information, the Red Cross drive is proving successful. The members of the force worked against obstacles in the way of weather and misinformed residents. A large number of the townpeople intended to pay their membership fee to the factory where they were employed. This

caused much delay in covering the territory.

DOWNTOWN WINDOW PAINTINGS FOR CHRISTMAS SEAL SALE

Downtown shoppers are having their attention called to the design on the tuberculosis Christmas seal in an unusual manner this season through paintings on windows at 20 West 8th St., donated by the Holland Furniture Company, and at 31 West 8th St., courtesy of Isaac Kow. A VanZylen of the Chamber of Commerce arranged for these displays.

Miss Lucille Allen, artist with the Michigan Tuberculosis Association, painted the windows with a scene which shows three jolly fellows racing home with the yule

log. A dog heads the procession, and the last of the three human forms is a boy blowing the triumphal note on a bugle. The double barred cross in red is included to indicate that the funds derived from the sale of seals with this design are used exclusively for anti-tuberculosis work.

The shopping districts of many Michigan towns are being made gay by the Christmas seal window paintings, which are done by ingeniously mixing a cleaning powder and paint. The seal does not go on sale until Thanksgiving day but the bugle call in picture and story is being sounded now.

ENUMERATORS CANNOT MAKE WORK PAY. QUIT

The census enumerators appointed by William Wilds, county clerk, to check the population of this county relative to securing data for the head tax to support the old age pension fund, are resigning rapidly from their appointments, as they find under the existing remuneration, given by the state, they are consuming more time than they can possibly make pay. The enumerators at the school of instruction protested to the state that the pay was inadequate. One enumerator reported that he had worked for three hours and made but 10 cents. Mr. Wilds has referred the matter to the state as he believes that the work cannot be accomplished due to the large number who refuse to carry on under the existing pay.

Saugatuck Will Close Schools Lacking Funds

HOPE AGAINST HOPE THAT
RELIEF MAY COME BY
NEW YEAR

The following, taken from the Saugatuck Commercial Record, is self-explanatory:

(Saugatuck Commercial Record)

The Saugatuck public schools will close on December 1 for an indefinite period, unless some aid is received from the state. The board of education does not feel that it is justified in continuing to place the school district further in debt. Delinquent taxes have not and are not coming in as expected, and this is the only source of revenue which the district has until such time as the new taxes begin to come in. The state will send out within the next few days some primary money but the portion due this district will only amount to about \$197. This amount will not go very far to pay bills, buy coal and light the building.

Unless the payment of the new and delinquent tax is much better than it has been, the only hope for the continuing of school in this district seems to be in the promise of the governor, that no school district would be allowed to close. The board of education has put it up to the state department of public instruction and the governor, as we are not able to continue without some help from them. It is the hope of the board that the state will do something so that the school may be opened about January 1.

Following is the report of the last meeting of the board of education, the financial statement and the correspondence that has been received from the department of public instruction:

Saugatuck, Mich.

Nov. 13, 1933.

The regular meeting of the board of education of school district No. 2, Saugatuck, was held at the Fruit Growers State bank. The following members were present: Mr. House, Mr. Newham, Mr. Parrish, Mr. Brady and Mr. Koning.

The motion was made by Mr. House and supported by Mr. Brady that the schools in this district be closed on the first day of December, if some aid could not be secured from the state. The secretary was instructed to inform the superintendent of public instruction of this action. The motion was carried.

No other business appearing the meeting adjourned.

Signed,

CHARLES W. PARRISH, Secretary.

The following is a brief statement of the financial condition of school district No. 2, Saugatuck: Nov. 14. Bills payable: Unpaid salaries for the year to date, 1933-34 \$ 669.39

Unpaid salaries for the year 1932-33 4,036.18

Notes given to bank 1,709.39

Unredeemed scrip 2,940.50

Total \$10,025.40

Nov. 14. Cash on hand \$ 9.26

At the present writing there is about ten tons of coal in the bunkers.

CAR TURNS OVER THREE TIMES NEAR VIADUCT

A Ford V-8 coupe turned over three times at the turn off of US-31 to the viaduct near Grand Haven when the driver, Frank Brock, Grand Rapids, failed to negotiate the turn and shot off onto the shoulder of the highway. The driver, and two companions, whose names were not reported, were not injured with the exception of bruises and shock, although the car was damaged considerably.

Brock was arrested for failing to have an operator's license and will be arraigned today before Justice Paul Behm. The car was reported by other motorists to be traveling at a high rate of speed and apparently the driver could not make the turn. The state police were called and took charge of the accident.

History of Ebenezer Is Continued

Henry H. Beeve, Historian of the Church, Gives 60 Years of History. Church Building Begun in 1866.

(By Henry H. Beeve)

On October 22 Rev. J. Meulendyke and family moved into their new home. The church building proper was completed on November 1, but dedication had to be postponed since the glass for the windows had not arrived as had been promised by an eastern concern. Therefore, it was on a severe winter day, December 27, 1883, when the dedication finally took place. The weather, however, did not keep the church from being filled to capacity. Not only was our own church well represented, but also the Holland churches. The Rev. N. M. Steffens preached the sermon from I Sam. 7:12. Others participating were the Rev. Dirk Broek from Holland, the Rev. Kremer of Zeeland and Rev. J. Broek of Beaverdam.

February 6, 1884, saw the debt settlement made and a mortgage of \$300 was given for both church and parsonage.

Among those baptized in the horse barn, an improvised church at the moment because of the fire, were: Ed Evers, John H. Naber, Gertrude Willamina Elferdink (now Mrs. Henry Kooyers), and Willie Van Den Belt.

Rev. J. Meulendyke was released as pastor on September 30, 1884, to take up his work at Fremont Center. Two months later at a congregational meeting a call was extended to the Rev. J. Van Der Meulen at a salary of \$600 a year, and the use of the church land. Rev. Van Der Meulen accepted the call and on January 5, 1885, our new pastor had his furniture moved by teams from Forest Grove. January 11 was the day chosen for his ordination.

All went well until the Dakota bug stung several of our congregation. Among those who left were our beloved elder, J. Vork. Others were Peter Bor, Gerrit Van Veen, and Otto, Arie and Johannes Schaap. They left on April 7, 1885, and this was a severe blow to Ebenezer.

In February, 1885, Rev. Van Der Meulen began preaching in the English language. These services were held in the evening.

At a consistory meeting held on October 24, 1885, Mr. Rokus Kanteners was present and asked for help from our congregation in order to build a church for the new First Reformed church edifice of Holland. He asked for stones with which to build the foundation. Ebenezer was very glad to do this as a token of appreciation and thanks for the help received from him and also the members of the First Reformed church during the rebuilding of our church. Mr. C. Schaap was appointed to go with Mr. Kanteners to the different members for stones. Stones were obtained in abundance for their basement. (Editor's Note—The stones in question can still be found up to the brick work to the first floor.) In March, 1886, Elder G. W. Wil-

terdink, a man of great power and leadership, died at the age of 81 years. His death was a great loss to Ebenezer.

In August, 1891, Rev. Van Der Meulen accepted the call as classical missionary. The next month a call was extended to the Rev. A. H. Strabbing, who declined it. In November a call was again extended, this time to the Rev. C. C. A. L. John. Less than 17 months later he left us to go to Kalamazoo.

In the spring of 1893 a call was extended to Mr. H. J. Peitenpol, a student at Western Theological seminary. He was ordained in July with the following ministers taking part: Rev. H. E. Dosker who preached the sermon; formula was read by Rev. Stegeman; charge to pastor by Rev. A. Vanden Berg, and charge to the congregation by Rev. J. Van Houten. During his stay with us a new consistory room was built. Rev. Peitenpol seemed to be a man of great persuasive powers as he made the rounds of the congregation and in a very short time received \$175 to pay for the building, \$50 of this amount coming from an old Civil war veteran by the name of Botson.

In June, 1895, Rev. Peitenpol left us for the West. The following month Rev. John Van Der Meulen accepted a call sent him and he served our congregation for the second time faithfully until ill health compelled him to resign in the latter part of 1901.

At a congregational meeting held May 12, 1902, Candidate Mr. G. Te Kolste was extended a promise of a call which he accepted. He was ordained as pastor on July 13. "He was a good man and full of the Holy Ghost and of faith." God took him to Himself according to His best judgment. He died in Holland at the home of Rev. James F. Zwemer, his father-in-law, Feb. 27, 1903. The funeral was held in Third Reformed church in Holland.

At our annual meeting January 11, 1904, Mr. James Wayer was extended a promise of a call. This young man had been teaching our young people since fall. They had learned to love and admire him as an instructor. Mr. Wayer accepted the call on the evening of June 29. Mr. Wayer did not come alone. He brought with him one of those talented Muskegon school teachers. He was ordained as our pastor on June 30.

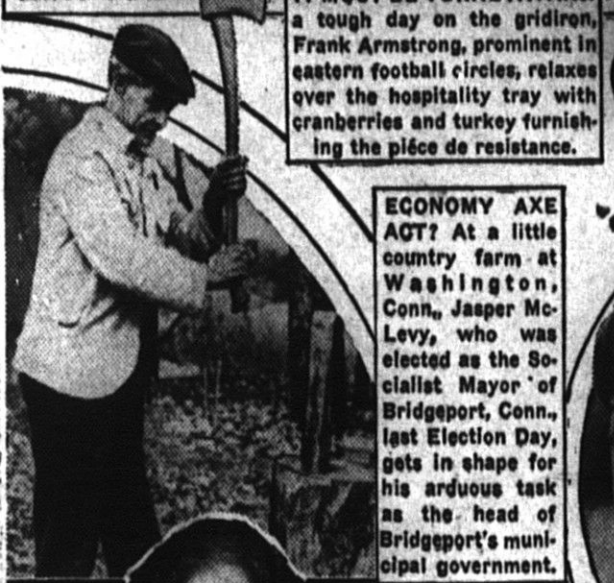

Three calls were sent out and three "thank you's" were received during our "Shepherdless condition." William Stegeman of Dakota, C. Kuiper of Graafschap and Rev. Strabbing of North Holland. All went fine until three spies from Grand Rapids came here to listen to a morning service. What a blessing it would have been if Rev. Wayer would have had a poor sermon that morning. Receiving a call from Bethany, Grand Rapids, Rev. Wayer left us.

Again our choice fell on the wrong man, Rev. P. Braak, who decided to stay where he was. As usual we turned to the school of prospects at Holland. Our lasso caught Mr. Ph. G. Meengs, who was ordained as our pastor June 8, 1908. During his stay the adult Bible class was organized. He proved to be a man in whom there was no guile, a man admired by all with a family above reproach. When he left for Iowa he was sad and in parting, tears were his expression of grief. In October, 1911, the family left for Prairie City. (To be continued.)

Clerk presented oath of office to Alderman Drinkwater as alderman of the Second ward in place of Peter Brieve, resigned.

Accepted and filed. Mayor Bosch welcomed Mr. Drinkwater as alderman of the Second ward, telling him and the council members that this is the third time that Mr. Drinkwater has served under him as mayor—first in 1912, again in 1918, and now in 1933.

Alderman Drinkwater thanked the council for his appointment and told them that he was always willing to serve his city to the best of his ability. Alderman Van Zoeren, chairman of the ways and means committee, reported that it would now be possible to relay sewers on W. 19th St. and Harrison avenue with labor financed by the Civil Works Administration. However, it might be necessary for the City of Holland to purchase some materials for these two jobs not to exceed \$2,500. Alderman Van Zoeren further recommended that the council approve of the purchase of the necessary pipe and materials as outlined.

Adopted.

November 21, 1933.
TO THE HONORABLE,
The Common Council of
the City of Holland:
Gentlemen:

I desire to again call to your attention a matter of utmost importance to the citizens of Holland and of the surrounding territory to the south. This important proposition is the new highway to Saugatuck and south via First avenue, which is again being given serious consideration.

You will recall that you as a council of our city at a special meeting held on the 23rd day of March, 1932, approved the plans and specifications of the state highway department, for the relocation of a portion of trunk line US-31, running south from the city of Holland about 4 1/2 miles through Fillmore township and connected up with the present so-called Saugatuck road. Mr. Willaman of the state highway department was present at that meeting representing the state. This approval had been sought by the state highway department as early as August 1, 1931. For some unknown reason these plans as approved by the council were tentatively changed by the state highway department. Suffice it to say, that some influences had been brought to bear to defeat the wishes of the vast majority of the people interested in this project, and an attempt made to cause the state department to abandon the new project.

On August 3, 1932, I gave you a message outlining the importance of maintaining the original plans for this new road as passed by you on March 23, 1932. A resolution to this effect, supporting this plan, was unanimously passed by your body.

I believe this council should again protest vigorously against any changes in the original plan, and endeavor by every legitimate means to cause the state to keep faith with the city of Holland on the original proposition.

Trunk line US-31 is a very congested highway. It is used by all motorists as the only through route, and is constantly used by citizens of Holland for pleasure drives along the lake to our resort section. Trucking along this route has become more and more extensive. The roadway is winding and with its many curves presents a dangerous road to motorists during heavy traffic. Eventually this road would have to be widened to accommodate the traffic, which would cause the loss of many beautiful and ornamental shade trees along the highway, and destroy the natural beauty of the road, seriously affecting the desirability of the many permanent residences along the shores of Black lake.

The proposed new route would save thousands of motorists considerable time and many accidents. It would take its course through a beautiful farming territory and add extensively to the interests of the citizens of Holland. If the greatest benefit to the greatest number of people is to be considered, then this new route must be obtained.

I should like to have this council again pass on resolution tonight as you did on the night of August 3, 1932, and to go on record in unmistakable terms as favoring the relocation of this portion of US-31, and to appoint the committee which was formerly working on this proposition, or another committee, as a permanent committee, to follow up the efforts already made, to secure the final adoption of the plan to relocate that portion of trunk line US-31 under discussion.

Respectfully submitted,
NICODEMUS BOSCH,
Mayor.

cepting the mayor's message and approving of the plans for the relocation as submitted by the state highway department some time ago.

The resolution further stated that this relocation would be for the best interests of the citizens of Holland and that the council should go on record reaffirming the action they took at a previous meeting, and requesting the state highway department to proceed with the building of this new road.

The resolution further provided that a committee be appointed to bend every effort towards securing such relocation, and as such committee the following were named: William M. Connelly, chairman; the mayor, city attorney, city engineer and Austin Harrington.

It further provided that the city clerk be instructed to send a copy

of the mayor's message together with a copy of the resolution endorsing this message, to Hon. William A. Constock, governor; F. D. Fitzgerald, secretary of state; Patrick O'Brien, attorney general; and Murray Van Wagoner, state highway commissioner.

Adopted. The mayor further suggested that it might be well for the members of the council to take upon themselves the securing of petitions from the citizens of Holland endorsing the stand of the council in favoring this relocation.

Adopted. On motion of Alderman Kleis, seconded by Prins, Aldermen Jonkman, De Cook and Drinkwater were designated as the members of such committee to look after the circulating of these petitions.

Adopted. OSCAR PETERSON, City Clerk.

DOGS WILL BE QUARANTINED IN NORTHERN OTTAWA FOR 90 DAYS

Facts have been established that during the past few months dogs infected with rabies have bitten stock and people. Because of this it has been necessary to establish a quarantine over dogs in an area including Grand Haven, Spring Haven, Spring Lake, Crookery and Robinson for a period of about 90 days. It is required that dogs be confined to their premises during this period. The quarantine requires that all stray dogs be taken charge of by the sheriff's department. The state veterinarian has been consulted as to making some special provisions for hunters. These provisions will be published within the next few days. This area will be placarded and all owners of dogs will need to abide by the rules of quarantine.

YOUNG PHEASANTS FOOL THE HUNTER

Immature cock pheasants are difficult to tell from hen pheasants which are protected from the hunter's gun but this didn't stop Fred Thomas, a Mt. Pleasant hunter, from knocking one over during the past hunting season. It took a game warden several minutes to decide on the sex of the bird and finally allowed Thomas to take the bird home as a cock. Thomas claims he did not shoot until the bird let out the typical cock cackle when it rose, which convinced him he was about to bag a young male.

WORLD'S LARGEST PEARL

The largest known pearl measures four and a half inches in circumference. This pearl, which is a part of the Beresford Hope collection in the Museum at South Kensington, London, weighs three ounces.

WHY WAIT FOR GEORGE TO SPEND IT

Legend tells us of a Chinese ruler who decreed that at a given moment each and every one of his subjects should yell at his loudest so that the man in the moon might hear.

The great day came—and silence. Not a sound was heard in all the land except the feeble cry of one old deaf man. Everyone else kept quiet so that he himself could hear the others.

Thus we see that one more ancient discovery may be credited to the resourceful Chinese—that of "letting George do it"—the most widely used of all their gifts to civilization.

Today too many of us are waiting for George to spend it. I am no prophet. I have no standing as an economist. And I am not a magician despite my claim that a thing can be made larger by taking away a part of it.

What do I mean? The best way to insure capital is to spend a part of it when prices are low.

The man who spends one dollar out of ten in making business better will find the nine worth more than the ten as values rise.

Mass achievement is ever a matter of individual and co-operative action. Napoleon got his army over the Alps a man at a time. We must rescale the peaks of prosperity the same way. The Now Is The Time To Buy Trail is our easiest path.

Each one who can must spend—and millions can spend if they but will.

While we are waiting for the release of frozen funds to start a buying wave, nineteen out of every twenty dollars in 16,655 banks are free to spend as we will. \$33,695,974,000 are on deposit. This is 25 per cent more money than we had in all of our banks when we went into the World War to help save those across the sea.

Now we refuse to save ourselves. Depression will linger if we wait to spend out of income instead of out of capital—and our capital may shrink while we wait.

Industry has signed with N. R. A. Some have signed until it hurts. The public should now sign with industry and spend some of its capital. The cow without pasture can give no milk. An industry without sales can pay no wages. Feed industry. Buy something. Build something. Let us not forget this—better an hour of work than a dollar for dole.

Capital is going to take care of the unemployed—either by buying what labor produces or by dole taxation. The choice is obvious. And when we spend, personal selfishness should take a holiday. The chisel should not replace the golden rule as a business tool. Those who use it will help prolong depression and in the end murder quality. Let's take a look at the Blue Eagle.

We see in its grasp the symbols of industry and action. The chisel is conspicuous by its absence. Let's remember this whenever we do business with our fellow men.

And further, neither capital nor labor should attempt in times like these to trench itself at the expense of the common good. And no chisel should lurk in any political coat-tail. Let us have public, as well as private, usefulness.

Ours is the richest country in all the world. It is rich in money. It is rich in market. It is rich in a necessity of replacement and repair built up by the highest standards of living the world has ever known. Let's infuse our confidence before we infuse our currency. Let's remember that God helps those who help themselves and that Mr. Roosevelt is not likely to do more. He can't throw the forward passes and catch them too. He expects each and every one of us to play ball with him.

Let's stop nursing depression. Let's begin to count our blessings. Business is better. It is like a man with a trunk half way up stairs. It is but taking a rest before starting for the top. Let's give it a boost.

Buy Something! Build Something!

This message is not addressed to those who cannot spend or to those who now are spending. It is addressed to the man who is jingling the slacker dollar in his pocket, little aware that it is growing less in purchasing power as prices rise.

The Evergreen Country

Michigan's advantages as a summer resort country are famous throughout most of the United States. Its forests, and lakes, and rivers annually draw tens of thousands of visitors from other states of the Union, who come to play in one of the most beautiful areas of the Nation. Under the intelligent guidance of the State Conservation Department, and other groups interested in Michigan welfare, each year the woody districts of the upper part of the State become more accessible and more inviting.

Not so much attention has been paid to Michigan's winter-time attractions. Tens of thousands of hunters invade the wild areas in the fall, but they are through in a few days, and after that most of the residents settle down to waiting for summer to come again. Many perhaps, are oblivious to the fact that the evergreen country in the snow season has a wild and tonic appeal which is being wasted. Exploiting winter sports such as skiing, skating, snowshoeing and tobogganning brought renown to Switzerland, and has proved extremely profitable in Canada and to resorts in the United States. Similar attractions could be developed in upper Michigan, but to date only a few communities seem to have glimpsed the opportunity.

Coach Breen Publishes Full Schedule of Games for Local Five

Coach Gerald Breen will face the task of building almost an entirely new basketball team this season. Ben Bos is the only veteran, or member of the first squad, returning this year. The first team will be made up of last year's reserve squad. Prospects for the year are fair but not exceptional, and it is expected that most of the conference schools will have good teams. The schedule is composed of 11 games, 5 at home and 6 abroad. Mr. Breen expects to get another game arranged to fill in the long open date. The schedule follows:

Dec. 8—Grand Rapids Ottawa Hills, there.
Dec. 29—Muskegon, there.
Jan. 5—Kalamazoo, there.
Jan. 12—Grand Haven, here.
Jan. 19—Muskegon Hts, there.
Jan. 26—Benton Harbor, there.
Feb. 2—Muskegon, here.
Feb. 9—Kalamazoo, here.
Feb. 16—Grand Haven, there.
Feb. 23—Muskegon Hts, here.
March 1—Benton Harbor, here.

Shavings! Shavings! Shavings! That's to be it! What? The answer is "The Senior Play." Hereby Miss Lucille Lindsey, speech instructor, announces the title and roles of the presentation by the class of 1933, a comedy that is named for its leading man Jed Shavings, and has a cast of eleven characters.

The hero, who is a sympathetic and lovable small-town individual, will be portrayed by a prominent senior, Mayo Hadden. The excellent cast supporting him will, unlike most preceding Senior Play casts, have only three feminine members. Ruth Armstrong, a young and attractive widow, will be portrayed by Adelaide Koelker, who carries the heaviest feminine role. The pretty village belle, Maude Hunniwell, will be played by Louise Schippa. The young daughter of the widow, Barbara (Bobbie) Armstrong, will be played by Irene Overbeck.

The male characters of the cast include the very handsome young Major, Leonard Grover, Herbert Harrington; Leander Babbitt, the 20-year-old post-war hero, Homer Lokker; Charlie Phillips, a young bank clerk and rival of Leander, Glen Loveland.

Three old men who furnish considerable humor and are excellent character parts are Phineas Babbitt, a thin, bristling, irritable man and father of Leander, to be played by Gordon Groenewoud; Captain Samuel Hunniwell, a very hearty person and Maude's father, Lloyd Van Lente; Gabe Bearse, the masculine town gossip, who spends his time running to the post office to tell the news to the "boys," John Stokes. Providing the humor is young Roscoe Holway, a glib and affable salesman in the person of Donald Elferdink.

The play will be presented four nights during the last week of March, under the direction of Miss Lindsey. She says: "I have high hopes of this being one of Holland High's finest Senior Plays, for it is a play with that homely sentiment and pathos which is loved by every one. 'Shavings' can be easily cast to fit the present Seniors."

If, when wandering around the halls some night after school, you should see a boy and a girl in fond embrace in Miss Mulder's or Miss De Meyer's rooms, don't take it to heart. It's only members of the cast for the council plays acting their lines.

"Hub" Harrington, in "Gadgets," has some fervent love scenes to act. You'd be surprised at what a "gold digger" Gene Beukema makes in "Gadgets." Marjorie Rosendahl is learning to chew gum in true typist style, and "Red" Elferdink is worrying about how to become "mentally agitated," as the directions demand. Dick Van Raalte runs for sheriff, and uses true politicians' tactics to secure votes.

In "The Neighbors" Edna Van Ark and John Stokes carry the lov-

er's parts. Sylvia Kronmeyer is learning the art of ironing, much to her mother's pleasure. Joyce Notier has developed a limp that would put an amateur to shame, and Marianne Bock's rivals Floyd Gibbons in fast talking.

Altogether, the plays are coming along finely, and the directors predict that the presentation will be a success.

The only advice to the unfortunate opponents of Holland's football team in future years is to watch out for "Al" De Weerd's feet. This little boy has a huge "understanding," meaning shoes that are reputed to be over size 12! Another one of the small boys, Mayo Hadden, is running him a close race with a size 11 shoe.

Ed Damson and George Good, past graduates of Holland High school, gave talks at the pep meeting held during the fifth hour Friday.

Mr. Heeter did not appreciate Ed Prins' solo on a horn which is used to produce the sound of a train, during the pep meeting Friday, the fifth hour.

Jack Eliot of Grand Haven did a great job in announcing the Grand Haven-Holland game, except for a few slips. Don Scheerhorn was announced as "Steerhorn" and Jack Ridenour was said to have been tackled by a Lily.

So great was the interest taken in the Grand Haven pep meeting last Friday that even a dog attended. Bob Arendshorst was seen carrying a little hound out of the back door during one of the speeches.

Homer Lokker has gone in for biology and astronomy. At least he said he studied birds and heavenly bodies during a period when he was unconscious at the Grand Haven game last Saturday. A surprise awaited the Holland people when they expected the Grand Haven football field to be filled with snow and ice. The field was clear and there was very little mud, making the plays much easier. Many graduates came to the pep meeting Friday. Our former mayor, Herman Van Ark; Russell Van Tatenhoof, Rudy Martinus, Donald Voorhoort, Arthur Van Looyen, good, Hadden Hanchett, Fred Japinga, Marian Te Roller, Evelyn Working, Angelyn Van Lente, Lois Geerds and many others were among the cheering students.

Since winter is coming, at the student council meeting, two committees in charge of each of the cloak rooms were appointed. Ila Harris and Ada Van Oss will act on the poster committee and Ruth Beekman and Vivian Paulus on the appearance committee for the girls' cloak room, while Elmer Faasen and Gilbert Rowan were selected for the poster committee with Clifford Harper and Peter Veltman on the appearance committee for the boys' cloak room.

A committee was also appointed to investigate some form of entertainment to raise money for the Athletic association. Homer Lokker was made chairman with Bob Arendshorst and Ester Hinkamp as assistants.

Homer Lokker, Clarence Vandewater and George Bonnette arranged the pep meeting for the Grand Haven game. Coach Hinga Ed Damson, former members of of Hope college, George Good and Holland High school, spoke and the high school band furnished music. Council's committee reported that posters for education week had been removed from the walls of the building and put away for future use.

It was decided to change the time of council meeting from Tuesday, second hour, to Monday, third hour.

Bob Arendshorst has been chosen as business manager and Ethel Redder as general manager of the council plays to be given on November 28. E. D. Hanson has been asked to help the business manager. The program will consist of two plays, and a pantomime for which the cast has already been picked. Committees for Education Week

Project Nets Neat Amount Toward Senior Fund for Yearbook

Since the Blue team won the magazine campaign, which was put on by the senior class, the losing Reds had to plan the senior party which was held November 4, at the Masonic temple.

"Johnny Gore's Family" was depicted as one feature. This skit was staged by Rosetta Wiergink, Louise Schippa, Esther Hinkamp, Joyce Notier, Josephine Boyce, Irene Overbeck, John Stokes, William Arendshorst, Herbert Harrington and Gordon Groenewoud. The skit by Mayo Hadden, Lloyd Molengraf, Dick Van Raalte, "Bud" Hertz, and "Red" Elferdink portrayed actors of fame, while guitar and mouth organ duets by Lloyd Molengraf and Lloyd Van Vante enlivened the program.

Dancing and games closed the evening's entertainment. The members of the faculty present were Ervin Hanson, Miss Lucille Lindsey, patrons of the class; Miss Evelyn Steketee, Miss Hazel De Meyer, Miss Hannah Parkyn, Gerald Breen and Leon Moody.

The total amount of money which the seniors took in is \$157.25. The students who have given much of their time, outside of school typing the lists of subscribers, were Louise Schippa, Ethel Redder, Gloria Meiste, Ruth Beekman, Florence Brower and Jean Helmink. The best magazine salesmen were Cornelia Lievense and Gordon Groenewoud.

The senior high honor roll for the first quarter lists 112 names of students whose marks were B's and above. This quarter marks the first time in the history of Holland High that so great a number

of boys have had an all-A record. Twelve of the fifteen all-A students were boys.

The all-A students are Charles Bertich, Peter Veltman, Fanny Ver Hult, Willard De Groot, Glenn Eliza, Dean Emmons, Bill Heeringa, Rosetta Wiergink, Mildred Roers, Josephine Boyce, John Helmink, Herbert Harrington, John Stokes, Ruth Van Anroy, Edna Van Ark, Bettie Chapman, Mildred Brower, Irma, Holland, Evelyn Kapenga, Angeline Vander Schaaf, Alice Victor, Ila Jane Kronmeyer, Bob Moody, Louise Foorbott, Eleanor Smith, Gertrude Visser, John Zonnebelt, Clara Corvaton, Glen Anderson, Arthur Haring and Bert Brandt.
